TWO CENTS

TROUSANDS OF WELL-QUOTED U.S. SOFT COAL MINES Re-establishment Committee Recommends Expenditure of \$50,000,000

ALL IS NOW READY AT QUEEN'S PARK FOR THE PREMIER

Ontario Premier Will Carry On Until the Farmers Are Ready.

When The World saw Sir William Hearst in his office at 5.30 last night the Ontario premier would not say whether or not his resignation was in the hands of the lieutenant-governor. He would only remark that any steps he took in that direction would be officially made public in due course.

A meeting of the cabinet was held after the conference. Between the premier and the lieutenant-governor, and the members subsequently joined the Conservatives in caucus, an event which monopolized interest in parliament buildings yesterday.

Premier-Elect Back Monday. Meanwhile the premier-elect is at his home near Barrie and is not expected to return to Toronto until Monday when his full cabinet slate will most likely be ready and he will be in a position to supersede Sir William Hearst at any time.

Everything is now in readiness at Queen's park for the change of government to take place. The work of the cabinet has been a clean docket, and they are now only dealing with matters which arise from day to day.

The new legislature is not expected to meet until about the middle of January next. The farmers' administration will necessarily require at least two-months to familiarize themselves with their new surroundings, to size up the situation generally and prepare any legislation they may desire to place before the house.

An interesting session. The session should be most interesting, a notable feature to look forward to being the first division which will give an indication as to how the various parties will line up.

Exports of hides. Ottawa, Oct. 31.—According to a return tabled in parliament today at the request of A. R. McMaster, hides to the value of \$2,412,787 have been exported from Canada since the placing of the embargo on the export of hides, while leather to the value of \$3,833,601 has been sent out of the Dominion. The return shows that export still takes place under license, and that no application for license has yet been refused.

Poisoned by gas. Jack Stutman, aged 23 years, a sign painter, was found dead in bed last night at 15 Wood street. A defective gas jet was discovered on a gas stove and death is said by the police to have been caused by asphyxiation. Stutman was found by Maude Omond. The body was removed to the morgue.

VICTORY LOAN SUMMARY To Midnight, Friday.

Totals of applications officially reported to W. S. Hodgins, chairman, Dominion Business Committee, are as follows:

CONSERVATIVES DECIDE TO HOLD CONVENTION AFTER HOUSE SESSION

Successful and defeated Conservative candidates at the last Ontario provincial elections met in conference in the reception room at the parliament buildings yesterday afternoon. Sir William Hearst and the members of the cabinet who had of course, qualified to be present, mingled with the mixed victorious and vanquished throng.

The outstanding business done was the decision to hold a Conservative convention after the first session of the legislature and the appointment of Hon. G. Howard Ferguson as temporary leader of the Conservative opposition.

Mr. Hearst Thru With Politics. The meeting also drew from Sir William Hearst the declaration that he was thru with political life, despite the fact that two fairly safe Conservative seats had been practically placed at his disposal.

It was also notable throughout the entire meeting that a very sympathetic attitude would be taken by the Conservative members in the legislature towards the farmers' and labor administration and an apparent desire not to throw any unnecessary obstacles in the way of the new premier and his colleagues.

The utmost secrecy was observed at yesterday afternoon's meetings. The entrance was rigidly tied, and none but the invited guests were admitted.

From Wrecked Battlefield. There was a large attendance and the "has beans" far outnumbered the Conservative members who will be privileged to lead the opposition in the new legislature.

Poisoned by gas. Jack Stutman, aged 23 years, a sign painter, was found dead in bed last night at 15 Wood street. A defective gas jet was discovered on a gas stove and death is said by the police to have been caused by asphyxiation.

FIELDING MOVES FOR A COMMISSION ON G. T. PURCHASE

Opposition Delays Third Reading of the Bill Until Monday.

Canadian Press Despatch. Ottawa, Oct. 31.—An amendment by Hon. W. S. Fielding to the third reading of the Grand Trunk bill summarizing the opposition objections to the measure and calling for an inquiry into the whole matter by a commission was a stumbling block in the way of a formal third reading of the bill in the commons today.

Mr. Fielding and other opposition members again asserted that the wisest men in the country were divided on the question and that the government was not justified in putting the bill thru the house without investigation.

Mr. Fielding introduced an amendment which was to the effect that the bill be not now read a third time. The amendment recommended that a commission be appointed to investigate the whole matter affected by the bill and bring a report before the house as quickly as possible.

Mr. Fielding introduced an amendment which was to the effect that the bill be not now read a third time. The amendment recommended that a commission be appointed to investigate the whole matter affected by the bill and bring a report before the house as quickly as possible.

U.S. FEDERAL COURTS FORBID COAL STRIKE MINERS INDIGNANT

Compers Protests Against Government's Action—Maximum Prices of Coal Fixed—Railway Brotherhoods Offer Intervention—Troops Arriving in Mining District.

Washington, Oct. 31.—The big news in the coal strike situation today was the federal court's order forbidding the walkout. It was followed by a long line of developments and opened the door to wide possibilities.

The principal leaders in the miners' union met the court's action with denunciation as a "violation of constitutional rights"; declarations that it came too late to reach their men with a countermarching order, and with predictions that it would be disregarded anyway.

During the night mixed reports were coming in from the mining states of men who decided to remain at work, and others who went on strike despite the court's restraining order.

President Gompers of the American Federation of Labor, with Vice-President Wolf and Secretary Morrison, protested as a delegation to Attorney-General Palmer against the government's action in suing out the injunction and predicted that it would "only result in creating new and more disturbing issues, which may not be confined to the miners."

Heads of the great railway brotherhoods also conferred with the attorney-general, but disapproved of the injunction and predicted that it would "only result in creating new and more disturbing issues, which may not be confined to the miners."

Attorney-General Palmer emphasized to the labor leaders that the government's injunction was in no wise an infringement of the working man's right to strike, but that it was a lawful process against a conspiracy to the country.

Heads of the great railway brotherhoods also conferred with the attorney-general, but disapproved of the injunction and predicted that it would "only result in creating new and more disturbing issues, which may not be confined to the miners."

UNCLE OF THE CZAR LOCATED AT LAST

Grand Duke Nicholas, Reported Dead, Captured, and Residing Everywhere, is in Italy.

Genoa, Oct. 31.—King Victor Emmanuel, Queen Helena and the royal children arrived today on their yacht Yela and proceeded by train to Saint Margherita to visit Grand Duke Nicholas Nicolaievitch, former commander-in-chief of the Russian army, and his brother Grand Duke Peter and their wives.

The visit with the Russian grand duke appears to clear up the mystery of the whereabouts of Grand Duke Nicholas Nicolaievitch, former commander-in-chief of the Russian army, and his brother Grand Duke Peter and their wives.

RUMOR WHISPERS GORDON WALDRON

Opinion Rife That He Will Be Appointed New Attorney-General.

While E. C. Drury, premier-designate of Ontario, was relaxing yesterday at his home and holding old-fashioned Halloween rejoicings with his neighbors from near and far points in Simcoe county, the cabinet-makers at large were still busy in Toronto. Especially ardent members of the legal profession concerned for the professional and personal character of the next attorney-general of the province.

Opinion continues to centre upon Gordon Waldron, who is of the U.F.O., and for whom a seat could be found with the strongest assurance that it could be carried. There will be risk in going outside the party, both in respect to finding a seat for a stranger and finding a man whose standing will give assurance to the general public of a new era of honesty, impartiality and efficiency in an office that has fallen from its better traditions.

Mr. Waldron is 55 years of age, a son of the soil like the rest of the U.F.O.; has been a member of the senate of Toronto University; has represented the public in more than one cause celebre like the war-time bank investigation; has a character for courage and integrity; and is a strong man on the floor of the house.

CANADIAN EMPLOYERS OPPOSE 8-HOUR DAY

Country Will Have to Face Heavy Competition Unless It Applies to U. S.

Washington, Oct. 31.—Proceedings of the international labor conference this afternoon were formal. While prolonged owing to the necessity of many translations, they consisted merely in the election of officers and the choice of a selection committee, which will choose the various committees necessary.

The Canadian employers' group was practically determined what its attitude will be when the eight-hour day comes before the conference. The group was in caucus during the day. The view generally expressed at the caucus was that a general statutory enactment of the eight-hour day in Canada at the present time should be strongly opposed.

The probability of heavy competition from the United States, if the eight-hour day is adopted in Canada, was particularly emphasized. Statistics submitted went to show that less than 15 per cent of America workmen are engaged in manufacturing now working under 50 hours a week, and it was claimed, if the eight-hour day were not also applied generally in the United States Canadian industry would be subjected to unfair competition.

The principal officers selected by the conference are: Chairman, W. B. Wilson, United States secretary of labor; vice-chairman, government delegates; nominee, Right Hon. G. N. Baines, Great Britain; employers' nominee, Jules Carlier, Belgium; workers' nominee, Leon Jouxhaux, France.

Senator Robertson was chosen to represent Canada on the committee of selection. The American federation of labor has nominated Samuel Gompers, president of the federation, as American workers' delegate at the conference.

The machinery of the railroad administration, thru which the acts of the fuel administration will be carried out, was put ready for action.

PACKERS DECIDE TO OBEY LAW

The order has not been withdrawn and it stands operative for November 1. Law is law and we shall abide by the order. That's all there is to it.

The above was the reply given by the Hon. J. P. Cox of the William Davies Company, last night to The World when asked what course of action his company intended to take concerning the board of commerce order directing the packers to sell their products at prices that prevailed on March 10 last.

The order becomes effective this morning and in tabulating forms is given the September price and the charges that will be operative today—the price paid on March 10 last.

The packers' union is in a state of confusion. The board of commerce order directing the packers to sell their products at prices that prevailed on March 10 last.

EXCAVATIONS SHOW SITE VISITED BY ST. PETER

Pisa, Italy, Oct. 31.—King Victor Emmanuel, at the invitation of Cardinal Vatti, archbishop of Pisa, yesterday visited the ancient Basilica of St. Peter, near here, where excavations are being made which seem to prove that the site was actually visited by St. Peter, in whose memory the original church was erected.

The present basilica was built on the ruins of the early church, built in the fourth century. Tradition says that the church was founded by St. Peter on his way to Rome, the church being near the seashore.

In looking for reasons for the defeat of the party not a few of the delegates laid everything at the door of protection, or lack of support on the part of the temperance people, while others were more philosophic and thought the electors largely took the general view that "it was time for a change."

The delegates had a good heart to heart talk over the prospects of the party, and the prevailing opinion seemed to be that the Conservatives will come back to power in the by no means dim and distant future. They were cheerily optimistic towards the close of the love feast and victors and vanquished separated about 5.30 in the suit and certain hope of a joyful reunion. Time will tell.

The Man for Attorney-General

Why not Gordon Waldron as attorney-general in the new U.F.O. government that Mr. Drury is likely to be called on to form?

He is of the U.F.O. and been on its platform for years. He is of the farm and of farmers; knows all about the life, trials, needs, business experiences of the farmer and his family in Ontario.

He is also a lawyer of ability; as solicitor, as counsel, as an active barrister in the courts of the country. He is well-read in his subject has lots of energy and can make a forceful argument and can command the closest attention of the bench.

Mr. Waldron is a man of good parts and education, a graduate of our university and one of the best platform talkers the farmers ever had in this country.

He could intelligently and worthily fill a seat on the bench of any court in Canada.

And he has it to his credit that he has often fought on the losing side in politics, in the courts, on the platform. And that's what helps to make public men.

He knows the municipal law of Ontario, our corporation law, the weakness of our laws in regard to combines. He has proved himself a capable draughtsman of several new laws and amendments.

And if he has not a seat in the legislature it is not that he has not made the attempt when the encouragement was of necessity meagre and support far apart. There are U.F.O. members who will make way for him.

Therefore in every sense he is the most outstanding man in the U.F.O. organization for the position of attorney-general of Ontario. Mr. Drury will learn of his strength and capacity when he runs up against those who may oppose his selection as attorney-general.

The World does not say that Mr. Waldron will be a member in the new cabinet, but if he is not Mr. Drury may have some explaining to make to his friends. But The World believes that Mr. Waldron is the most available man in his party for the position, and will, if offered it, fill it most creditably. He is big in physique and as wide as the law, and that's the kind of lawyer-in-chief that Ontario has most need of these days. It will be the happiest job in the cabinet.

**OPERATIC SINGERS
AT MASSEY HALL**

Mmes. Alda and Lazzari
Co-operate With Messrs.
Kingston and Chalmers.

Massey Hall last night held a very fair-sized audience when a fine program was given by a quartet of operatic singers, all of whom sustained the character for excellent work which is the hall-mark of the artists brought to Toronto under the management of L. E. Suckling.

In the opening number, "Sextet from Lucia," Donizetti, arranged as a quartet, Mmes. Alda and Lazzari, who have been heard in harmonious conjunction on several occasions, had new support in Messrs. Kingston and Chalmers. The combination proved very successful, the four voices showing good balance and technique, a great clear solo note from the soprano being a distinct touch of color. Mme. Lazzari, whose voice continues to gain in high range, sang "L'et Signore," from "Ugonotti," Meyerbeer, her rich tones and sympathetic interpretation gaining her three recalls. "The Gilda Marina," from "La Boheme," Puccini, was the first offering of Morgan J. Kingston, whose robust tenor, which is capable of being softened to a great tenderness, as was displayed in the ending of the number---was heard to fine advantage. In response to repeated calls, he sang an English ballad with much feeling. Later he was heard in the duet from "La Boheme," with Mme. Alda.

In her first solo number, the "Bird Song" from "Pagliacci," Mme. Alda did more collaborative work than is usually on her program, her brilliant high notes and finished runs giving her place amongst the foremost artists of the day.

It may have been that Mr. Thomas Chalmers appeared before the audience as an old friend that made him at once a prime favorite, and to this his smooth, mellow voice and good enunciation added no small degree of popularity. The aria "Prolog," from "Pagliacci," gave scope for an exhibition of a voice that vied in virility out a suspicion of roughness, and his little gem which told of "eyes of blue that looked thru," was sung with a Celtic touch most winning. Duets, a trio and the quartet, "Belle Figlia dell' Amor," from "Rigoletto," completed the interesting program in which one of the outstanding features was the exquisite accompaniment of Miss Erin Ballard, who played without notes and with the finest sympathy and technique.

As Influenza
is an exaggerated form of Grip, LAXATIVE BROMO QUININE Tablets should be taken in larger doses than is prescribed for ordinary Grip. A good time to wait until you are sick, but PREVENT IT by taking LAXATIVE BROMO QUININE Tablets in time.

MASSEY-HARRIS HALLOWE'EN PARTY.

About 600 employees of the Massey-Harris Company enjoyed a Halloween party in the company's big new cafeteria on King street last night. The Massey-Harris orchestra played excellent dance music which was greatly appreciated by the large throng of dancers, while cards were played at forty tables laid out in the southern hall of the building. The evening was very attractively decorated and presented a merry scene. An excellent supper was provided by the staff of the cafeteria, and the party broke up in high spirits at midnight. The success of the entertainment was such that it is hoped a series of similar dances may be held during the forthcoming winter.

Waterloo.—The Waterloo Labor Club have practically decided to place candidates in the field for the municipal elections.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated, if your head is aching; if what you eat sours and forms acid in stomach, or you are bilious, constipated, nervous, sallow, can't get feeling right, right, begin inside bathing. Drink before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels, and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before eating more food.

To feel like young folks feel, like you felt before your blood and muscles became loaded with body impurities, get from your inside a quarter pound of limestone phosphate, which is inexpensive and almost tasteless.

Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast.

EARLSCOURT

HAPPY DAY FOR CHILDREN

Earlscourt celebrated Halloween last night in real good style, about 700 boys and girls parading the streets and calling at the various stores, requesting articles and goods with which to enjoy themselves. To keep the youngsters in order, policemen were detailed off, and they marched with the children along St. Clair avenue.

FURRIERS' STORE ENTERED

Thieves broke into the store of Dalton, the furrier, on West St. Clair avenue, yesterday, and carried away silks, furs, seal coats, etc., to the value of \$300. The burglars entered from the rear of the store by breaking a window. The police have not yet made an arrest.

POULTRY MEN EXHIBIT

A large number of Earlscourt, Oakwood and Fairbank poultry men exhibited at the twelfth annual East York Poultry Show, which was opened at the Aberdeen Skating Rink last night. A large number of prizes were offered, and the entries number over 1500. Silver cups are again the special feature in competitions.

LOAN RESULTS EXCELLENT

Local Victory Loan canvassers report excellent results in the Earlscourt district. In fact, the totals up to the present reach a higher figure than the last issue, the business men subscribing liberally.

DANFORTH

The Toronto East District Methodist Conference met at Broadview Methodist Church yesterday to receive reports and discuss ways and means in connection with the forthcoming inter-church movement. Rev. Dr. J. A. Long, chairman, presided. The various reports submitted were of a very encouraging character, and the meeting was well attended.

NO MASQUERADE AT FRANKLAND SCHOOL

Altho full of enthusiasm for the success of the Victory Bond campaign, the principal and teachers of Frankland School, Logan avenue, decided not to take part in the children's masquerade yesterday afternoon. The principal reason given was the lateness of the hour, when the children would return to their homes after the parade, and the want of lights for the playground. "It would be too risky to release 1500 little children after dark

and send them unprotected to their homes," said a member of the teaching staff to The World.

The committee of 105 in connection with the inter-church movement of Danforth Methodist Church were the guests of Aid. W. W. Hiltz and Mrs. Hiltz at a banquet in the Sunday school building last evening. Rev. J. Coultter, pastor, presided. The membership, which consists of seven committees of 15 members each, were appointed to cover the seven bases of church work. Aid. W. W. Hiltz, superintendent of Sunday schools, spoke briefly on the work of this branch of church activity, and the urgent necessity of increased membership. Other speakers were Rev. J. J. Coultter, Rev. R. J. D. Simpson, John Brick, C. H. C. Fortner, R. W. Anglin and others. The gathering was of a most enthusiastic character, and optimism prevailed as to the ultimate success of their efforts in the campaign.

EAST TORONTO

One of the prettiest displays among the school children in the Victory Loan masquerade in the east end was that of the Park school group, who paraded from the school grounds along Sackville, East Gerrard, Sunnyside street and Southview avenue in masquerade costumes, headed by a decorated float with living representations of the Victory Loan poster, "Be yours to hold it high." The characters were represented by Ida Cook, Fred Flint and Louis Mendelssohn. Over 1000 children took part in the parade under the supervision of Samuel Richardson, principal, and teaching staff.

CELEBRATE HALLOWE'EN.

The time-honored custom of celebrating Halloween was observed by the juveniles in the east end with great enthusiasm yesterday. Following the school masquerade the children paraded for several hours along Danforth, Broadview, East Gerrard and other main thoroughfares decked out in all varieties of costumes and singing patriotic and popular songs. Groceries, confectioners and business houses were repeatedly visited and requested to "shell out," which was submitted to with cheerful good humor. Halloween parades were held in many of the homes of the people and social gatherings at various public halls.

TODMORDEN

MOTOR BUSES A BOON.

Since the inauguration of the daily motor bus service between Todmorden and Danforth along the Don Mills road, a boon has been conferred upon the residents of the district, who had for many years to walk the long distance from their homes to the T. S. R. cars at Broadview and Danforth avenues.

Clubs Decide Not to Admit Women to See Prince of Wales

Numerous queries have been made as to whether ladies will be admitted to the joint meeting of the Canadian and Empire Clubs in honor of the Prince of Wales, to be held in Massey Hall on Nov. 4, at 1 p.m. As it was originally arranged that the meeting would be for members only, and as the number of members desiring to attend the meeting is more than sufficient to tax the accommodation of the hall, it has been regrettably decided by the club executives that ladies cannot be admitted.

SHALL G.W.V.A. ENTER POLITICS?

In view of the fact that a number of resolutions have been received from local branches of the G. W. V. A. demanding that the constitution be amended to allow the association to enter politics, the executive of the district command decided last night to meet the provincial executive on Monday to take up the matter. When the executives of the two commands meet, the advisability of allowing men who did not leave Canada to become members of the association, will also be taken up and, while it is not yet known what the result will be, it is thought that this plan will be adopted by the association and an "open door system" put into operation.

GOT OFF LIGHTLY

William Hyland, a returned soldier, appeared in the police court yesterday, charged with shopbreaking. His officer at the front testified in his favor, and said that Hyland had once been recommended for decoration. Col. Denison took the circumstances into consideration and imposed the comparatively light sentence of three months at the Jail Farm.

SUE YORK RADIAL

Mrs. Annie Vaughan and her daughter, Dorice, a stenographer, are suing the Toronto & York Radial Railway for \$2500 damages each for injuries received when the Metropolitan car in which they were riding crashed into another car at Farnham avenue on Dec. 1, 1918. Justice Maaten is hearing the case with a jury in the assizes. The case is proceeding.

NOTHING TO EQUAL BABY'S OWN TABLETS

Mrs. Alfred Naud, Natsagan River, Que., writes: "I do not think there is any other medicine to equal Baby's Own Tablets for little ones. I have used them for my baby and would use nothing else." What Mrs. Naud says, thousands of other mothers say. They have found by trial that the tablets always do just what is claimed for them. The tablets are a mild but thorough laxative, which regulate the bowels and sweeten the stomach, and thus banish indigestion, constipation, colic, colds, etc. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Company, Brockville, Ont.

ONTARIO STILL AHEAD OF TOTAL

Fifth Day Sees Province Twelve Million Ahead of Last Year.

Friday \$12,109,850
Total to date \$78,850,950
Last Year \$67,571,800

The close of the fifth day finds Ontario still well ahead of the total for the province at this time last year. From units we received to date \$79,850,950. This is \$12,279,150 more than at the same period in 1918, when the total was \$67,571,800.

The proportion of the \$226,000,000 objective for the province required tonight is \$82,850,950, which is 27.77 per cent. As compared with this, we have actually raised 35.44 per cent.

The first unit of the entire province to pass its combined objective is Timiskaming. L. E. Butler and W. W. Stratton, which has reported \$2,349,650, which is 117.43 per cent of its objective. Almost a dead heat with Timiskaming is Northumberland, under B. A. Tote and A. L. Fleming, which reports \$6,307,850, against its objective of \$6,300,000.

Of the day's total canvassing teams have produced \$6,412,850 bringing the percentage of their official objective at the end of the fifth day up to 19.97. To keep up with their objectives, their percentage should have been 27.77.

Passed Million Mark.
The following counties have already passed the million mark: Lambton, Welland, Ontario, Timiskaming, Essex, North, Brant, Waterloo North. Among the outstanding returns today were: Welland, with \$614,750; Essex North, with \$452,000; Northumberland, with \$257,000; Perth, with \$20,350; and North York with \$197,750.

The Niagara division under Divisional Organizer J. L. Grababa headed the list last night, having reached 26.39 per cent of their team members' objective. A close second was Erie—St. Clair division, under Divisional Organizer J. C. Hope, with 25.21 per cent.

The highest unit last night is Parry Sound under Organizers Leslie G. Mills and A. G. A. Spence, with 40.11 per cent of their team members' objective already attained. Running closely were York West, under Organizers S. G. Bartlett and A. J. Mockford, which reached 39.85 per cent, and Haldimand, under Organizers R. Harcourt and G. A. Somerville, with 36.32 per cent.

The first three divisions in the Ontario Victory Loan campaign closed on October 30 in the same order as on October 29. The four leaders are: Niagara, Erie and St. Clair, Central and Georgian Bay.

Honor Flags Won.

Reported Oct.	Count
Port Dalhousie	27
Pakeley	28
Goulais Bay	28
Milverton	29
Timagami	29
Sudbury and Mah.	29
High Falls	31
Big Eddy	31
Creighton	31
Mom	31
Bloomfield	31
Cardwell Township	31
Renfrew County	31

The organization of citizens of the Lake Huron division in Ontario are jubilant. They have won the special subscriptions honor pennant. They captured it in the final day of the campaign. A celebration was held yesterday when the pennant, a handsome memento of the division's achievement, was presented.

Relatively larger returns from rural districts characterize last night's reports to Ontario Victory Loan headquarters. Eighteen of the nineteen cities sent in results, which showed 16,268 subscribers, as compared with \$18,331 from the rest of the province.

With regard to total amounts subscribed, however, the cities are still well ahead of the towns and smaller communities, the eighteen cities showing an aggregate total of \$37,644,900, as compared with \$18,224,400 for the rest of the province.

An interesting phase of the campaign in cities has been the close race between London and Hamilton. With respect to amounts subscribed Hamilton leads with \$5,340,500, as against London's \$4,282,000.

West York Still Leads.
With four days' campaign completed for the Victory Loan in Ontario West York has attained 31.8 per cent of its objective, which means that this division is 11.86 per cent above par. With this record West York leads.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt, which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful, effervescent, lithia-water drink, which everyone should take now and then to keep their kidneys clean. Jad Salts is also, try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

TO MAKE MANY NEW FRIENDS

15 to 31 King Street East Phone Adelaide 5100 Store Hours—8.30 to 5.30

Children--Bring Your Friends Here Saturday

Mr. MAN— Did You Ever Really Have ENOUGH Shirts?

Now, really, DID you? Doesn't it seem as though your pet stripes were always in the laundry when you want them? Oh, we've been there, too. We carry a vivid mental picture of a man (we won't say who) jerking out the contents of his chiffonette drawers while he calls in none-too-amiable tones—“MIN-NA, what have you done with my clean shirt?”

So that's just why we want to suggest that you visit our Clearing Sale of

300 Men's High-grade Negligee Shirts at \$2.39

The same high quality shirts we sell regularly at \$3.00 and \$2.50. Soft double cuffs; well tailored. A splendid variety of good-looking stripes to choose from. You wouldn't get them at this price if the size range was not broken in many lines. I'll pay you to purchase a half-dozen.

Just Arrived— A Beautiful Grey Suede Lady's Glove

We have to-day received a lady's glove from France of which we are justly proud—perhaps it's because it's our very own—made to our special order to suit our special clientele. Anyway, we think it's about perfect. It comes in two shades of grey only, is well cut, well made, and is full pique sewn. Has two domes and last—but quite the most important—a fancy stitched back of three strands of black and two of self grey. Made from selected skins of finest quality, in sizes of 5½ to 7½. Price, per pair \$3.50

Furs of Distinction
The Murray-Kay Standard of Quality is nowhere better upheld than in the Fur Department.

"Cuddle Down" Sets For Wee Folk

Don't they have just the snuggest sound? But wait until you see them. Each set consists of a cosy Dressing Gown with wee slippers to match of the same material. The nightly romp before the Sandman arrives need not result in frozen feet, nor the interval before bath and breakfast either.

Made of the softest blanket cloth, bound with satin ribbon, with pocket, square collar and silk girdle cord. The colors are soft Pink, Grey, Old Rose and Tan, with animal or Indian figure designs. Sizes 2, 4 and 6 years. Price \$4.95

Wool Elderdown Gowns for Bigger Boys and Girls are charming and very warm little garments, satin-trimmed, with square collar, cord and pockets. Colors are plain shades of Rose, Copen., and Pink. Sizes 8, 10 and 12 years. Priced at \$7.95

Youthful Styles in Misses' Coats

Beautiful Coats, specially selected to suit particular Miss Toronto (for no one CAN be more finicky than Miss 16 to 20 years). Smartest of materials, such as Velours, Silvertones, and Camel's Hair, in Henna, French Blue, Navy, Black, Brown and Grey. Some are full-lined, others are lined to the waist. Loose and belted backs, convertible and shawl collars are style features. Acceptably priced

\$35 and \$45

Misses' Shop—Second Floor.

Worth-while Shower Gifts For November Brides

Had you thought of French hand-embroidered Lingerie for that Bride-to-be? There are some very lovely things among a new shipment just received here of individual pieces and samples of hand-embroidered lingerie which will tax your purse much less than if bought at regular prices. Among them are:

Envelope Chemises effectively embroidered in eyelet design and priced quite low at **\$3.50**

A Second Style with straight top and straps over the shoulders is **\$4.50**

Nightgowns are in many delectable designs—one in fetching pattern with prettily scalloped edges is **\$7.50**

A Second very lovely one has hermitic edges with square neck. It is **\$8.50**

Corset Covers—One with very dainty embroidered designs is **\$2.50**

Another dainty model, in more elaborate style, is priced at **\$3.00**

Individual Coats for Girls

A—Little Miss 6 Years is wearing a coat of Copenhagen broadcloth, smartly tucked, and lined with figured silk poplin, softly padded. The collar is of brown fur **\$27.50**

B—Her quite grown-up sister of 12 years is coated in Rose Blanket Cloth, gathered over the hips, and lined with flowered grey sateen. The collar is of grey plush **\$25.00**

C—The pretty 10-year-old maiden is attired in Elk Brown Blanket Cloth, lined with Dresden flowered sateen. Collar and cuffs of darker brown plush **\$27.50**

A few smart velvet-trimmed Winter Coats for school wear greatly reduced.

SOLDIERS' REPORT ADDS \$20,000,000

(Continued From Page 1.)
ity, professional or technical education was interrupted by age. Suggestions Not Feasible. The report states that the problems raised by these suggestions are such as to demand the fullest consideration by parliament before any decision is reached, and expresses the opinion that the very large expenditure involved in carrying out all these proposals would be such as to render their approval by parliament prohibitive. The report states that if vocational training were thrown open as suggested, the expenditure would probably run from twenty to thirty million dollars. It continues: "For university students alone esti-

MAIL AND EMPIRE MANAGER

J. S. Douglas, who for some years past has been business manager of The Mail and Empire, has been appointed general manager, in succession to his father, the late W. J. Douglas.

mates were submitted of a cost for loans and grants of over \$7,000,000. Say Men Would Resent. "Regarding these proposals generally, your committee cannot see its way clear to recommend any form of financial assistance for any particular class or group of ex-members of the forces who were not disabled. Your committee are convinced that the great majority of the men themselves would be the first to reject such distinction. The one exception made in favor of placing soldiers on the land stands by itself in that the assistance given is regarded as being primarily in the national interest, as a settlement scheme. Your committee, therefore, hold the view that if further financial assistance in any form is to be provided for men who were not disabled, it should be open to all, regardless of age, occupation or class, provided such assistance is to be used for any re-establishment purpose."

Against Gratuities. In reference to the general question of making further provision for cash grants, gratuities or other financial assistance to ex-members of the C. E. F., the committee in its report states that it desires there should be no misunderstanding as to its views, which are set out as follows: "Your committee having fully discussed and considered the financial position of Canada, including the further large sums of money that must be borrowed to carry out the work to which the country is committed cannot see its way clear to recommend to parliament any proposal that would provide for a further general distribution of grants or gratuities either in cash or credits."

The following is the statement contained in the report with respect to the unemployment situation which may prevail in Canada throughout the coming winter: "Through the course of the enquiry many representations were made to your committee to the effect that there was a serious unemployment situation among returned soldiers throughout Canada during the approaching winter. As it is unavoidable that the responsibility for making such provision as is deemed necessary to meet the emergency, with this object in view, your committee would recommend that steps be taken to provide assistance for all necessitous cases."

Healthy, Happy Boys and Girls

Is your child healthy? Is he or she up to standard weight, of good color, with plenty of rich, red blood to nourish the growing tissues?

For children who are thin, pale, anaemic, under weight, nervous, restless, sleepless, Dr. Chase's Nerve Food is of the greatest benefit imaginable.

Being mild and gentle in action, and yet wonderfully potent as a restorative, it soon makes the blood rich and builds up the feeble nerves.

McClary's Sunshine

A FURNACE easy to manage; a furnace that is economical of fuel; a furnace that will heat your home comfortably.

This is the proposition we offer in the Sunshine. McClary's heating experts will plan a heating system for you without charge—a heating system that they guarantee will heat your home comfortably.

If you want to be sure of COMFORT; if you want a durable, honestly built furnace, well installed, put the problem up to us.

Ask about the LITTLE DRAFT-MAN that turns on the drafts and regulates them automatically.

TWO WHISKEY STILLS RAIDED

Two private houses were entered last night by the police, and two stills in which "moonshine" whiskey was being manufactured seized. Inspector Bond entered 218 Victoria street, and, seizing a complete still, took into custody George Fitton on a charge of selling liquor. A large barrel of mash was seized, as were a number of bottles of the home-made whiskey. Several boilers, a worm and the mash were taken to the station.

The Toronto World

FOUNDED 1827. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

SATURDAY MORNING, NOV. 1

Will They Follow the Liberal Example?

What Controller Robbins described as only "a small gathering" of the Conservative party was held in the city yesterday.

The World has been giving the Ontario Conservatives good advice for a considerable time past, and the party now knows whether it would have been wise to follow it or not.

The House today debated the bill to acquire the Grand Trunk and a vote will probably be reached by noon today.

When the Railway Board was established under Justice Mabee the people of Canada had visions of a new era of justice and popular consideration.

Nothing has there been more disappointing with the Railway Board than on telephone matters. Every opportunity to make the telephone service a more effective element in our national life, seemed to be committably put aside.

The report of the special committee consider soldiers' civil re-establishment was laid on the table of the house tonight by Hon. J. A. Cakler.

It was taken for granted that the report will furnish the theme for a general debate in the house next week.

Francis Gierison leaves Toronto. Mr. Francis Gierison and his secretary, Mr. William Tomner, have left Toronto, where they have been spending the summer.

lottery loan applied to them. As a matter of fact the premium bond has little or nothing in common with a lottery.

The real evil of a lottery is that all who buy tickets except the prize-winners, lose their money. In the case of the premium bond no one loses any money.

What, then, is the attraction to small savers to put their savings into a perfectly safe national security instead of into speculative stocks?

The attraction is in the premiums, which are allotted by ballot to those whose bonds are repaid to them, usually three or four times a year.

The premiums cost no more than the present method of raising money at high rates of interest. Instead of paying 5-12 per cent, as for the present Victory Loan, the premium bonds are issued at one, or two or perhaps two and a half per cent, and the money that would be paid out for the higher rate of interest is lumped together and divided among the premium and capital prizes.

THE DAY AT OTTAWA BY TOM KING. Ottawa, Oct. 31.—The house today debated the third reading of the government bill to acquire the Grand Trunk and a vote will probably be reached by noon today.

When the Railway Board was established under Justice Mabee the people of Canada had visions of a new era of justice and popular consideration.

The report of the special committee consider soldiers' civil re-establishment was laid on the table of the house tonight by Hon. J. A. Cakler.

It was taken for granted that the report will furnish the theme for a general debate in the house next week.

THE WEATHER

Observatory, Toronto, Oct. 31—(8 p.m.) A shallow area of low pressure now covers the Great Lakes and St. Lawrence valley, while to the west the barometer is relatively high. The weather today has been showery in northern Ontario, Quebec and western portions of the Maritime Provinces. Elsewhere fair. A marked rise in temperature has occurred in southern Ontario.

Lower Lakes and Georgian Bay—Fresh west and northwest winds; some showers, but partly fair; becoming cooler again.

Ottawa Valley and Upper St. Lawrence—Milder, with occasional showers; cooler again on Sunday.

Lower St. Lawrence, Gulf and North Shore and Maritimes—Fresh winds, shifting to westerly; showery.

TRADES COUNCIL'S STRONG PROTEST

Requests Influence of Trades Congress to Abolish Pernicious Commissions.

Toronto Trades Council last night unanimously passed a resolution requesting the Electrical Workers' Union to refuse to take further part in the commission headed by Judge Barron investigating the electrical workers' strike of September 3, requesting the Dominion Trades Congress to use its efforts to stop the investigation altogether, and to demand the immediate dissolution of the present commission.

This resolution was preceded by much discussion, the trend of which was a sentiment strongly protesting against the encroachments suggested in the questions asked by counsel for the Toronto Railway Company. The whole discussion rested upon the privileges of the employers generally to investigate into the finances and workings of unions, such privileges have to be amended in proposed amendments to the present Lemieux act. A strong political touch was also brought into the discussion by many, who pointed out that the Ontario elections had influenced Labor thought tremendously through the Dominion, and that, as a result, the Dominion parliament would either have to amend legislation favorably for the worker or risk defeat at the hands of the electorate.

Making it a Precedent. James T. Gunn, business agent for the Electrical Workers' Union, stated that an endeavor was being made to make the present investigation a precedent for all disputes under the Lemieux act, and that this was a body blow to the rights of trades unionism. A resolution of protest was considered, but not moved. John MacDonald, recent candidate for Southwest Toronto, moving and James McArthur Connor seconding the resolution passed at the close of the session. Street railway delegates, without dissent, opposed this resolution, strongly urging that a protest be sent to the Dominion Trades Congress.

Many delegates, in reply, agreed with John MacDonald that such action would be futile, and that while Labor was faintly protesting, clever counsel for the railway company would quickly look thru the books of the Electrical Workers' Union, and the government at Ottawa, seconding such action, would amend the Lemieux act so that corporation counsel for all manner of corporations would be enabled to follow suit, thus disclosing to these corporations means whereby they could kill trades unionism.

In answer to various questions put to him, James T. Gunn stated that the union had decided upon certain lines of action and that he would carry out a dirty cur to refuse to receive of their demands. "Once they decided to strike, I was heart and soul with them. There were men among them with families who were receiving as low as \$11 a week."

POLICE HOLD DRIVER. Truck Meets Truck With Disastrous Results for John Webb.

John Webb, 342 Waverley road, suffered two spinal injuries requiring seventeen stitches to close the wounds at noon yesterday, when he was hurled from a motor truck in a collision at the corner of Ulster street and Brunswick avenue. Webb, a driver for Brown Brothers, 592 West Queen Street, was driving east on Ulster street when a truck traveling south on Brunswick at a high rate of speed struck the side of the car driven by Webb and hurled it up on the sidewalk of the southeast corner of the street. Webb was thrown thru the windshield of his car and rendered unconscious. He was rushed to the Western Hospital where his condition is regarded as fairly good. Robert McLeich, 918 Palmerston avenue, was arrested and taken to Markham street station and charged with criminal negligence.

The car driven by McLeich is owned by the Carmichael Waterproof Company. Webb's truck was badly damaged. McLeich was released in the afternoon on bail.

Harper, customs broker, 3 West Wellington street, corner B.Y. Adelaide 4638.

WORLD'S DAILY BRAIN TESTS. By Sam Loyd. Seven Minutes to Answer This. No. 27.

The accompanying design shows how a familiar Egyptian symbol may be drawn in a continuous line of fourteen strokes, counting the circle as one, altho between A and Z, the starting and ending points, it is necessary to pass twice over that little space. There is a yet more interesting problem connected with the design, which consists in discovering just how many triangles of varied sizes, that is, the total number of triangles, to be found within the circle.

Answer to No. 26. TREE plus LOAD minus REEL leaves POAD. (Copyright, 1919, by Sam Loyd.)

25 HORSES

AUCTION SALES TUESDAY, NOV. 4th, 150 HORSES FRIDAY, NOV. 7th, 100 HORSES

Our consignees for next week's sales will be of a varied character—Heavy Draught, Light Horse, Special Matched Pairs, Extra Good Wagon Horses, etc.

20 CONTRACTOR'S HORSES

On Tuesday we will sell for a Contractor from Galt, Ont., the above lot. These horses are all from two to nine years old, and out of hard work. This is an exceptional opportunity, as the owner has no further use for them, his contract being finished, and they MUST BE SOLD.

15 CITY DELIVERY HORSES

These horses are consigned by a large firm in the city, and must be sold. They are right in condition, and will be at your own price, and every horse must find a buyer. On Tuesday we will sell a PAIR OF DARK, STEEL GREY HORSES, a show pair, with 3,000 miles, with clean bone. This is an extra good pair and should be seen.

Large numbers of horses are being sold at our auctions every week, and anyone having horses for sale should buy one at these auctions.

FEATURE TO RAPID DAY CLOSING DAY AT LAUREL

Joe. P. Murphy, in the Third, is the Long Shot to Land.

WHOLESALE FRUITS AND VEGETABLES

Shipping Day—Today, Nov. 1, sees the opening of the 1914 season at the fruit market, as the wholesalers are moving into winter quarters. Here's hoping that 1914 will be as prosperous.

Higher Prices—Owing to the very heavy frost in the northwest and British Columbia, where over a million bushels of potatoes are reported to have been frozen in the ground; also large quantities of boxed apples and onions to have been frost-bitten, the market is decidedly firm, with an advancing tendency; so we may look for higher prices on these products.

Domestic Fruits, with the exception of apples, are coming in in very limited quantities, and are now having to depend on the stable lines, such as apples, oranges, lemons, grapefruit and imported grapes.

McWilliam & Everist, Limited, had a car of extra fancy Emperor grapes in lugs, selling at \$4.50 to \$5; a car of oranges selling at \$5.50 to \$7.25 per case; a car of Jonathan apples at \$3.50 per box; five cars of No. 1 to No. 5 to \$2.50 per box; tomatoes at 60c to 65c per 11-qt. basket; Kaffer pears at 20c per 6-qt. and 50c per 11-qt.; Andou pears at \$1 per dozen; cauliflower at \$2.75 to \$3 per box; choice celery at 75c to \$1 per doz.; peppers at 75c to \$1 per 11-qt.; hot-house cucumbers at \$1.50 per 11-qt.; apples at 60c to 65c per 11-qt.; carrots at \$1.25 to \$1.50 per box.

A. McKinnon had two cars of potatoes selling at \$1.50 to \$1.75; white onions at \$5.25 per 100 lbs.; yellow at \$5 per 100 lbs.; cabbage at \$1 per dozen; carrots and beets at \$1 per bag; turnips at \$1 and parsnips at \$1.50 per bag; apples at \$5.50 to \$6.50 per box; McIntosh Red at \$2.25 per box.

D. Spence had a car of potatoes selling at \$1.50 per bag; onions at \$5 per 100 lbs.; turnips at \$1 to \$1.25 per bag; beets at \$1.25 per bag; apples at \$5.50 to \$6 per box; Jonathan apples at \$2.25 per box; grapefruit at \$5 to \$5.25 per case.

The Ontario Produce Co. had three cars of potatoes selling at \$1.50 to \$1.75 per bag; California onions at \$5 to \$5.50 per 100 lbs.; B. C. onions at \$4.25 to \$4.75 per 100 lbs.; Spanish onions at \$1.50 per 100 lbs.; carrots and beets at \$1 per bag; extra large cabbages at \$1.25 per dozen.

Peters Duncan, Limited, had a car of potatoes selling at \$1.50 to \$2 per bag; a car of cabbage at \$2 per bag; a car of turnips at 85c per bag; a car of Emperor grapes (packed in saw-dust) at \$5 per bag and \$5 per keg; apples at \$1 to \$1.25 per 11-qt.; pears at 50c to 65c per 11-qt.; Boston head lettuce at \$3 per box (2 doz.).

W. J. McCart Co., Limited, had a car of oranges selling at \$6 to \$7.50 per case; Tokay grapes at \$2 to \$2.50 per case; pears at \$5.50 per box; 40c to 50c per 6-qt. and 40c to 60c per 11-qt.; apples at \$5.50 to \$6 per box; McIntosh Red at \$2.25 per box.

Whites & Co., Limited, had a car of celery, selling at \$5 per case; a car of oranges at \$6 to \$7.25; Boston head lettuce at \$2.50 to \$3 per case; beans at \$4 per hamper; mushrooms at \$3.50 per 11-qt. basket; sweet peppers at \$1 per case; hot peppers at 40c to 50c per 11-qt.; parsley at 20c per 11-qt.; tomatoes at 60c to 75c per 11-qt.; hot-house No. 1 at 20c and No. 2 at 15c per lb.; chestnuts at 20c per lb.; hickory nuts at 10c per lb.; hot-house cucumbers at \$2 per dozen.

Joe Bamford & Sons had a car of Red Riding Hood sun-kist oranges, selling at \$5.50 to \$6 per case; a car of potatoes at \$1.50 per bag; a car of turnips at \$1.50 per bag; a car of onions at \$5 per 100 lbs.; lettuce at \$1 to \$1.50 per case; celery at \$2 to \$2.50 per case; pears at 50c per 11-qt.; tomatoes at 50c to 75c per 11-qt.

The Union Fruit & Produce, Limited, had a car of potatoes, selling at \$1.50 per bag; domestic pack Greensteads at \$4.25 to \$4.50 per box; McIntosh Red at \$2.25 per box; French endive at 40c per lb.

Manser-Webb had tomatoes at 35c to 40c per six-quart, and 40c to 65c per 11-qt.; quinces at 60c per six-quart; apples at 40c to 50c per six-quart; lemons at \$3.25 to \$3.75 per case; grapefruit at \$4.50 to \$5 per case; Emperor grapes at \$5 per case; hot-house cucumbers at \$2 per dozen; hot-house tomatoes at 20c to 25c per lb.; Spanish onions at \$1.50 per 100 lbs.; grapefruit at \$5.50 per case; lemons at \$3.25 per case; McIntosh Red at \$2.25 per box; honey dew melons at \$3.25 per box.

Dawson-Elliott had a car of Quebec, white stock, potatoes, selling at \$1.90 per bag; King apples at \$6 per box; Stenhouse at \$5.50 to \$6 per box; Emperor dates at \$5.50 per case; apples at 40c to 50c per 11-qt.; pears at 30c to 60c per 11-qt.; celery at 25c to 40c per dozen.

H. J. Ash had a car of Ontario apples, selling at \$4 to \$7 per box; a car of fancy quality Emperor grapes at \$5 per case; quinces at 60c per six-quart; pears at 25c per six-quart, and 40c per 11-qt.; tomatoes at 25c to 30c per six-quart; Ford dates at 25c per lb.; Dredemarys at \$7 per case; oranges at \$7 to \$7.50 per case; grapefruit at \$5 per case; Spanish McIntosh Red, \$1.50 to \$1.75 per box.

OAKOAL PROPOSITION BEFORE CITY COUNCIL

Will Save the City Money—Will Pay the City Money, and Provide Citizens With High-Grade Fuel Supply.

In view of the misleading statements which appeared in one of the city papers on Tuesday evening, to the effect that our application to the Board of Control for the western incinerator property had been thrown out—and in view of the fact that this Company feels that the Board of Control, the Assessment Commissioner and the Street Commissioner and the City Council will appreciate that this publicity is necessary to correct this erroneous impression—and that in doing so we are providing the above-mentioned municipal bodies and departmental officials with additional information respecting our proposition, we present to the public the full import of our proposal to the city, with the further feeling that the representatives of the people will accredit us with an honest effort to make decision more promptly and with more assurance of the value of our method, process and product—and its value to the citizen in meeting a crisis in a fuel supply—at an economic price—while saving the city and citizens a handsome sum in operating our plant. To decide for or against our proposition without this publicity would be asking the Council to do an unfair thing—unfair to themselves—to the Company—and to the citizens—therefore we will first present our proposition—embodied in the following letter addressed to the Mayor and Board of Control:

"This Company, having now sold practically all of its stock, desires to acquire from the city the incinerator property situated on Strachan Avenue, known as the Cattle Market site. We desire to convert the garbage now being delivered to and destroyed in that incinerator into the highly efficient fuel product that OAKOAL has proven to be.

"We would instal in the building complete automatic machinery to take care of all collections delivered to that incinerator, in a sanitary and scientific manner, and would, if agreeable to your Council, take over the staff now engaged therein, at the wages now paid. We are further willing to enter into an agreement that all by-products salvaged therein shall be turned over to the city, and, furthermore, to pay to the city 10 per cent. of the profits from the operation of this plant, or a nominal rental, for a period of ten years.

"The value of OAKOAL as a fuel product has been tested by the Dominion Government Fuel Testing Station, by Universities, Scientific Engineers, and hundreds of people in the City of Toronto, and we have no hesitation in stating that in burning, heating and economic value it is equal to any fuel that has yet been mined or manufactured, and in view of the fact that we propose

to put this on the market at a price of approximately \$8.50 or \$9.00 per ton, as compared with the present price of coal, the citizens will profit very largely by entering into a contract with this Company.

"Yours very truly, "ONTARIO OAKOAL CO., LIMITED."

To which City Clerk Littlejohn replied as follows: "Toronto, October 29th, 1914.

"I beg to forward herewith an extract from the minutes of the meeting of the Board of Control, held on October 28th, as follows: "The City Clerk forwarded a communication from the Ontario Oakoal Company, in which the Company state a desire to acquire from the city the incinerator property situated on Strachan Avenue, known as the Cattle Market site, under conditions therein specified.

"Ordered: That the foregoing proposition be referred to the Assessment Commissioner and the Street Commissioner for consideration and a report that recommendation in relation thereto; also that the said officials confer with the Industrial Commissioner of the city before making their report."

Both the Council and the citizens will appreciate that the city is asked to accept neither risk nor responsibility—no expense is involved on the part of either. The Company agrees to take over the property on a rental basis, or on a share of profits basis.

The Company agrees to take over the staff now engaged in the incinerator.

The Company agrees to turn over all the by-products salvaged at this plant to the city.

The Company agrees to instal automatic machinery to conserve what the incinerator destroys, and to convert the garbage and other combustible wastes into OAKOAL by mixing to the garbage, under a scientific and sanitary process, a proportion of Anthracite culm and asphaltum oils.

The Company agrees that the plant shall not constitute a nuisance—that it shall be as sanitary as it is possible to make it—certainly more so than the incinerator—and it further agrees to place its product on the market at a price below the present retail price of coal—approximately four dollars per ton less.

The quality of our product is beyond dispute. It has proven by scientific tests to be as efficient as coal, while being more lasting and economical, free from clinkers and soot.

STANDARD RELIANCE PROBE COMMENCES

Ex-President Admits Directors Shared \$30,000 Without Shareholders' Knowledge.

Official investigation into the affairs of the Standard Reliance Mortgage Corporation opened at Osborne Hall yesterday, before Official Referee J. A. C. Cameron. The first witness to be called was Whitford Vandusen of Toronto, former president and director of the Sun and Hastings Loan Company, which company was absorbed by the Reliance. Witness, who was examined by G. H. Kilmer, K.C., for the liquidator, was asked by counsel to give an explanation of the \$30,000 payment to the directors of his company as a part of the agreement, without the knowledge of the shareholders. He was also called upon to explain a further payment of \$4000 to him personally from W. S. Dinnick, which was also done without the knowledge of the other shareholders or directors. Witness admitted that he knew of the deal and tried to get the best price possible, which was part of the share of one company in the other. He had about six or seven thousand dollars' worth of stock and had received the same amount of Standard stock at par value. Asked if the par value was all he had received, witness said he had also received \$4200, which was part of the \$30,000 paid to the Hastings to give up their position. The \$4200 was his share for his own personal use. The \$30,000, said witness, was equally divided between the directors, irrespective of the amount of shares they held. The agreement between the companies was read at a shareholders' meeting, although witness believed that no mention had been made of the \$30,000 paid to the directors. This, witness said, had been in, said Mr. Vandusen, and the failure to put it in was called an oversight by the witness. Later, witness could not remember any mention of the \$30,000 transaction being made to the shareholders at all. Witness was then quizzed by Mr. Kilmer as to why the \$30,000 was not mentioned in the amalgamation report to the government. The leaving of it out of the transaction was the fault of the solicitor, again said witness. Witness then told of the extra \$4000 he received from Mr. Dinnick, which, he said, was for giving up his position as director of the Hastings. He did not think that the other members of the board of directors had any knowledge of his receiving the \$4000 and he did not remember telling them. Another check for \$1000 was produced, which was explained by witness as offsetting an order on W. S. Dinnick for mining stock. He got the mining stock later on. In answer to a question, witness said he remembered the directors signing an agreement to accept the \$30,000. It was equally divided be-
