THE BIBLE NOT A BOOK OF SCIENCE

Written So That He Who Runs May Read—Dr. Orr's Address on the Early Chapters of Genesis.

Dr. Orr of Glasgow spent an hour and a half last night in Convocation Hall in discussing "The Early Narratives of Genesis." He had a large and attentive audience, and he adhered to the moderate views that have distinguished his previous addresses.

Justice MacLaren, who introduced him, repeated the statement that the arrangements for bringing here one who he thought might fairly be described as the foremost English scholar in the Biblical world to-day on the subject on which he was to address.

Dr. Elmore Harris announced that Dr. Orr would return from New York on April 25 and preach the annual sermon of the Upper Canada Tract Society in Cooke's Church in the morning, and also preach in Jarvis-street Baptist Church in the evening.

Dr. Orr himself several times declared his freedom from any connection with the matter.

"I have nothing to do with your local controversies," he remarked near the beginning of his address.

The Bible and Science.
On the general position his attitude may be gathered by his comparison of the Bible form of the creation and other early narratives with those of archaeological research.

Latin and Greek, he said, resembled each other, not one was derived from the other, but because they were derived from a common source. In the same way these early stories he thought were derived from a still earlier original and in the Bible they had the better version.

With respect to the scientific position, that there is a great deal of physical science he thought it would be granted by any sensible interpreter of scripture. The Bible took the world as it was spread before the eyes of everyday men. It did not look through the microscope and telescope eyes of the twentieth century. It might be said that it is a merely way of getting out of a difficulty. But this was not so. Calvin was very orthodox and they could rely upon him. He had had occasion to read a good deal of Calvin in connection with the four hundredth anniversary of his birth, and quoting a passage, he showed that Calvin held that Genesis only dealt with things laid open before their eyes.

They contradicted science every time they said the sun rose or set. But to say the Bible did not teach science was not to say it contradicted science. So true was the standpoint of the author and so deep the insight by which he grasped the order of nature there was very little even yet with all our advanced knowledge we needed to change. He might even quote Haeckel himself on the remarkable simplicity and order of the narrative of creation in Genesis.

The First Chapter of Genesis.
There was not a great deal of impressionist picture of the first chapter of Genesis that science required to cancel. There were the six days, but he could hardly suppose that days of 24 hours were meant since it was not until the fourth day that the sun and moon were created to rule them off. Thomas Huxley left the question of the days an open one.

Interest was centred more on his views of the historical criticism but he did not go beyond a popular treatment of the subject.

The subject was large and complex, complicated with scientific questions, theological questions, questions of interpretation and many others, all of which would require lectures for themselves. He would be compelled to pass over many things in a cursory way, he said, an old leave some altogether untouched. He wished to touch only on essential points and to lay down principles, leaving the audience to apply these to details.

By the early narratives in Genesis he supposed they understood the first eleven chapters preceding the time of Abraham.

While they had their peculiarities, which placed them in a class by themselves, the mode of dealing with them by their critical friends was not confined to them. The later chapters and the book of Exodus yielded practically the same results.

The Fall as a Key.
A tribute to the sublimity of the first chapter was followed by a consideration of the need for a story of creation to assure them that all things were in God's hand.

It was said that there was no mention of the fall in any later Old Testament scripture and it could therefore be dispensed with. He thought it might be more safely said that it was the key to a story that followed. What was the explanation of the universal blackening if this story did not explain what followed, the Biblical doctrine of sin, the state of the world, and our own experience of heart and life turned aside from God?

In Chapter V, returning to the Elohist style, the genealogy of Adam and Seth down to Noah is given with the mournful refrain except in the case of Enosh, "he died."

They read conspicuously the priestly writer knew nothing of the fall.

THE LATE MARION CRAWFORD

Altho reported seriously ill ten days ago with bronchial pleurisy, he was soon said to be out of danger.

COMMISSIONERS WRONG IN PUGSLEY'S ASSERTION

Dealing With a Period During Which He and Tweedie Were Not Concerned, He Says.

ST. JOHN, N.B., April 9.—(Special.)—In both the St. John Liberal papers this morning, which happen to be controlled by Dr. Pugsley, the minister declares that the finding of the commissioners was not based upon the evidence.

He contends that their verdict covers a period of the road over which he and Tweedie had no control. He says:

"I notice that the commissioners intimate that the directors of the company, and especially two ex-officio directors, should be called upon to submit an account showing what is alleged to be 'the expenditure of \$388,729.75, or at least that portion of it supplied by the province.' Had it not been for the extraordinary way in which the investigation took place, I would have supposed commissioners would have felt it their duty to ask the company to file an account before beginning the investigation. Instead of doing that, however, they appear to have acted on the theory that their duty was not to obtain an account, but to engage in a fishing expedition in different quarters with a view to ascertain if they could not find out something which would reflect on its management."

Late to-night Dr. Pugsley said he would welcome any further enquiry, and he thought he could clear himself. Asked if he had received a summons from Sir Wilfrid to be present at the cabinet meeting to-morrow, the minister smiled and said: "I have read that in the Conservative newspapers."

Before leaving Ottawa, Dr. Pugsley had made an engagement to meet the city council here to-morrow morning in regard to the harbor commission, and it is doubtful if he could very well break it.

Won't Be in Ottawa To-Day.

OTTAWA, April 9.—(Special.)—Hon. William Pugsley will not be in Ottawa in time for the cabinet meeting to-morrow. It is rumored here that he has already tendered his resignation.

CRAWFORD, THE PAVIE TARIFF NOVELIST, DEAD

After Short Illness, One of Fiction's Cleverest Writers and Italy's Best Historians, Succumbs.

SORRENTO, April 9.—F. Marion Crawford, the novelist, died here at half past seven o'clock to-day after an illness of about two weeks.

According to the attending physicians Mr. Crawford collapsed last night owing to extreme weakness. Sadly he expressed the presentiment that he was soon to die, but almost immediately afterward alluding to the approaching Good Friday, said "I die with Christ."

Mr. Crawford's daughter, at his direction, read to him Plato's dialogues, the novelist declaring that they taught him serenity in death. His last words were: "I enter serenely into the eternity of the Judge."

Francis Marion Crawford, born at Bagli di Lucca, Italy, on August 2, 1854, was the son of Thomas Crawford, a well-known sculptor and a native of New York. Educated at St. Paul's School, U.S.A., the future novelist and historian entered Trinity College, Cambridge, and later studied at Heidelberg and Rome, having particular regard to Oriental languages. In 1878 Marion Crawford became a journalist, and in 1879 went to India, where he edited the Indian Herald of Allahabad. Retiring to the United States in 1880, he has lived for much the greater part of his literary life in Italy.

Marion Crawford's long series of successful novels and romances began in 1882 with "Mr. Isaacs" and this, with "Zoroaster," issued in 1885, is the fruit of his Oriental experience and knowledge. Italy, however, has always been his favorite field, and is the scene of most of his work. His series includes what is perhaps his finest achievement as a novelist, "Saracinesca," published in 1887, "Don Orsino," 1895, "San Harini," 1898, and many others which have made his name famous among English-speaking people. His point of view is that of an Italian, and for many years he has been regarded as more intimately conversant with Italy, its history, literature and character than any other native born. No writer of foreign birth has managed to depict with greater insight and sympathy the atmosphere and modes of thought of old patrician Rome.

In addition to his numerous romances Marion Crawford wrote a play, "Francesca da Rimini," produced in Paris by Sarah Bernhardt in 1902. This was preceded in 1888 by his profound study of the history and art of Rome, to which he gave the name "Ave Roma Immortalis." It was followed by other historical volumes, "The Rulers of the South" issued in 1900, and reprinted in 1904 under the title "Sicily, Calabria and Malta," "Venetian Campaigns" appeared in 1905. Marion Crawford married Elizabeth, daughter of General Sheridan of the United States Sharpshooters, and held a professional marine's certificate from the Association of American Shipmasters and the United States Marine Board. One of the sea in all its moods is conspicuous in his writings. His style is marked by distinction and easy grace, and his death is a great loss to American literature.

SWINBURN CRITICALLY ILL

LONDON, April 9.—Algernon Charles Swinburn, the poet and essayist, is critically ill with pneumonia. Mr. Swinburn is 72 years old.

PAVIE TARIFF BILL IS PASSED

Several Important Amendments to Original Draft—Republicans Jubilate.

WASHINGTON, April 9.—After three weeks of consideration the Payne Tariff Bill was passed by the house of representatives to-night by a vote of 211 to 161. The Republican Austin, Tennessee, voted against the measure, and four Democrats, all from Louisiana, voted for it. An attempt by Champ Clark, the minority leader, to re-commit the bill with instructions signally failed.

The final vote, 161, demonstrated the capacity of the Republican organization to get together. The situation with respect to lumber was greatly relieved to the Republicans leaders when it became manifest that the advocates of the proposition placing it on the free list were in the minority. Because of that fact, Mr. Fitzgerald, New York, charged that a midnight special had been made last night whereby free lumber was to be voted down and the rates on barley and barley malt increased. All during the general debate on the Payne bill the house sat for ten and one-half hours each day for the past week.

The Dingley bill was under consideration in the house for two days longer in the Payne bill, but the house was not in session as long each day as during the consideration of the latter measure. All during the general debate on the Payne bill the house sat for ten and one-half hours each day for the past week.

One of the principal changes effected in the Payne bill since its introduction included the placing of petroleum on the free list. This involved a seriously contested fight.

Among other important amendments that have been made since the bill came from committee were those striking out the provision for a duty on tea and the countervailing duties proviso on coffee. The elimination of the maximum duty of twenty per cent. on coffee, contained in the maximum duty of the bill, was also significant.

The patent law provision, intended to retaliate for the new British patent law, was stricken out on account of an international convention. The drawback section was added so that it could not be taken advantage of at once, for the purpose of the most marvellous and widespread technical changes in the steel schedule, principally downward, hides, hosiery and gloves were left as reported by the committee, hides remaining free and an increased duty being presented for gloves and stockings.

"TIPPING" A CRIME

Washington Legislature Puts Through Novel Enactment.

SPOKANE, Wash., April 8.—Advance sheets of the new criminal code adopted at the recent session of the legislature show that it contains a strict anti-tipping law, which provides that "every employe of a public house or public service corporation, who solicits or receives a gratuity from a guest, and every person giving a gratuity shall be guilty of a misdemeanor."

This was the first intimation that such a law passed the two houses of the legislature.

GEN. BOOTH ATTAINS HIS 80TH BIRTHDAY

Wonderful Career of Venerable Leader of Salvation Army—To-day's Event is Celebrated Locally.

The most mystifying and inspiring case of seemingly undying youth in the world now is probably that of General William Booth, who will be 80 years old to-day.

At an age to which but a very small percentage of humanity attain (but one in 100 reaches 65) and at which almost all who reach it are content to rest, this man not only continues unabated his tremendous life work, but on his 80th birthday he is launching another of his unique philanthropic enterprises and is himself preparing to guide its development to full fruition.

In his early life William Booth was warned by physicians that he was far too frail to attempt the cares and worries of a country pastorate. So he continued a hardworking layman and spent his evenings preaching to and pleading with the "submerged" in the slums of the English cities, until evangelical work took all his time, his thought and his strength. The physicians gave him twelve months of life as a pastor, and he has had sixty years into which he has crowded the activities of several ordinary lives.

And yet to-day at eighty, this promised invalid, still clear-eyed, erect, keen-witted, addresses his audiences of 10,000 with all the fervor of ardent youth, in a voice as fresh and full and flexible as ever it was (and it was always a rarely fine speaking voice). He is now in Russia for the first time on his annual world tour, filling each hour of travel or stop with manifold activities, and he is the actual ruler of one of the most marvellous and widespread organizations the world has ever known. His birthday will be honored by his followers and millions of others, high and low, in 54 countries and in 29 languages.

The new enterprise which the Salvation Army launches this week in honor of its general's natal day is a University of Humanity.

Local Celebration.
Yesterday Salvation Army music filled the streets and "Blue" flags and uniforms gave color to the streets, and the temple on Albert-street was almost hidden by British and "Blue" flags. The Dominion headquarters staff and Toronto salvationist garrison were determined to worthily celebrate the three days' celebration of General Booth's natal day.

Shortly after 9 o'clock the bands and corps of the various city barracks mustered for a field day review. At 10.30 they had assembled some 1200 strong on the parade ground at the foot of the tower in the movement consisting of marching and counter-marching under command of Col. Gaslin, grand marshal.

A program of British national and Salvation Army tunes were played by nine massed bands, and "Blue" flags were given to the review a procession was formed in line in the following order:

1. Appointed street, Esther-street, East Toronto; 2. Lisgar-street, Swansea, Riverdale, Chester, Reid-avenue.

Commissioner Coombs and headquarters Temple Corps, Yorkville, Wychwood, Dovercourt, Parliament-street and West Toronto, and cadets from the Toronto Training College.

The line of march was via Chestnut, Elm, Yonge-street, Wilton-avenue, Queen, and Albert-streets, to the Salvation Army Temple. The streets were lined by many spectators, who evinced the keenest interest in the procession. Most of the corps had large vehicles filled with young soldiers from the Sunday school classes. The juveniles waved flags, and evinced unbounded enthusiasm.

Special Services.
On reaching the temple the large auditorium was found to be indisposed for all desiring to attend the morning service and the hall was crowded to capacity.

Commissioner Coombs preached an impressive sermon from the text "God so loved the world." At his conclusion a number of those present rose to offer themselves for service under the Salvation Army colors. Drills at 2 o'clock by open-air knee drills in all parts of the city, and a young people's rally at the temple at 3 o'clock. Commissioner Coombs gave an illustrated address on the life of Christ.

In the evening the "Calvary" illustrated service was given. To-night Massey Hall there will be a double Salvation Army wedding, when the two daughters of Commissioner Coombs will wed Brigadier and Staff Captain Morris, brothers. To-morrow special services will be held, afternoon and evening.

OPERATOR SLEPT AND TRAINS COLLIDED

Two Passenger Specials in Accident Near Tweed—Operator Allowed Train to Pass, Is Official Explanation.

TWEED, April 9.—(Special.)—Two C.P.R. special passenger trains, loaded with Easter holiday passengers, came together on a curve in a rock cutting, a mile east of Tweed shortly before dawn this morning, apparently owing to the telegraph operator at Kalarad having fallen asleep at his post.

Conductors Scanlon and Webb were in charge of the trains. They had been ordered to cross at Buller siding, west of Tweed, but as No. 5 (westbound) was not there when No. 6 (eastbound) came along, Conductor Webb proceeded to Tweed. No. 5 passed Kalarad, and East Hangerford siding by an eccentric, which caused a delay of fully 40 minutes.

Operator Johnston was in charge of the station at Kalarad. When No. 6 reached Tweed Johnston was asked if No. 5 had passed and he reported "No." Conductor Webb was then ordered to proceed to Kalarad and meet train No. 5 there. Had he been two or three minutes later in leaving Tweed the wreck would have been averted. Had he been a few minutes earlier there is no telling what the horror of the disaster would have been.

When the engineers saw their position both applied the emergency brakes and jumped.

Baggage's Escape.
A baggage car on the westbound train in which Baggage-man Emory O. Winters of 14 Alma-avenue, Toronto, was riding, was telescoped by an empty car next to it. Both ends of the car in which Winters was were piled with baggage and freight. At most simultaneous with the applying of the brakes the baggage was thrown violently toward the centre of the car where Winters was standing. When the brakes were applied he was thrown off his feet and when the collision occurred he fell a second time toward the tons of trunks and the wreckage of the car completely enveloped him.

When the passengers got there and saw the baggage and the debris began to pile up in the centre of the car they began to look down the pyramid of baggage, expecting to find a mangled corpse. After the pile had been reduced, two large trunks were found to be standing upright in a second car where Winters was standing.

"Are you hurt, baggageman?" yelled C. Winters, the rescuee. The reply came back above the noise made by those clearing away the freight that he was seasick.

When the baggage had been cleaned away from the base of the two trunks and they had been turned on end, Winters was found in a crouching position, a cash register was on his head, and a cash register was on his head, and a cash register was on his head.

When Engineer E. Williams of the westbound train jumped up, he was shaken up and his face was slightly lacerated.

No one else was hurt, tho' all the passengers were shaken up. Several who were riding with their backs to the engine were thrown forward onto the persons in front of them and many were bruised.

Wrecking trains were soon on hand from Smith's Falls and Havelock, and the track was cleared for traffic by about half past one in the afternoon.

The passengers going west were transferred to the local, due to leave Tweed for Toronto at 8 a.m., and those going east were sent forward on the afternoon train.

Operator Johnston of Kalarad immediately resigned his position on learning of the disaster.

Operator Allowed Train to Pass While He Slept.
Superintendent Osborne of Toronto started for the scene of the accident soon after he heard about it. He had awakened, for a train that had passed the station while he was asleep," he said last night when questioned as to the probable cause of the accident. Another prime factor in the cause was that they came together on a sharp curve.

The damage was put at a few hundred dollars by the railway officials, but it is estimated at \$20,000 by The World's Telegram correspondent.

One of Winters' friends informed The World last night that this was the fourth accident Winters had been in. He was in the wreck at Smith's Falls when three people were killed, and has been in several minor affairs.

Hamilton Happenings

NOTICE TO HAMILTON SUBSCRIBERS.

Subscribers are requested to report any irregularity or delay in the delivery of the paper to Mr. J. S. Scott, agent, at this office, rooms 17 and 19, Arcade Building, Toronto.

POLICE CONTINUE HUNT IN THE NEVILLE ARREST

Won't Disclose Evidence Until Week From To-day—Happenings.

HAMILTON, April 9.—(Special).—The police are still mysterious about the evidence they have against Jack Neville, arrested yesterday on the charge of shooting Constable Smith. They won't take the public into their confidence until the evidence is given in police court a week from to-morrow, to which date he will be remanded, as the constable is not well enough to appear. He claimed he would be able to identify his assailant.

The authorities say Jimmie Baum is not wanted as a witness in the Klirade case.

Crooner McNichol has decided after consulting Crown Attorney Washington not to hold an inquest into the death of Edward McClellan, aged 57, of Fingal, inmate of the asylum, who committed suicide by throwing himself under a coal wagon. He had been in the asylum 15 years.

The Centenary Church Choir under the direction of W. H. Hewlett rendered Spohr's "Last Judgment" this evening before an audience that filled the church. The soloists were Mrs. Edna McLean-Dixon, soprano; J. Redfern, Hollingshead, tenor; and Arthur Blight, baritone, all of Toronto. H. Company won the challenge cup in the annual marching and string competition of the Thirteenth Regiment to-day with 40 points, B company second with 37 and C third with 30. A fourth with 27.

The promenade concert by the combined bands of the 91st Regiment given in the new armories attracted a large crowd.

The police raided 75 North Ferguson-avenue to-night and locked up Mrs. Martin, Marion Howard and George Moore, 98 North John-street.

Hotel Harricana
Corner Barton and Catherine-streets, Hamilton, modern and strictly comfortable. Rates \$1.50 to \$2 per day. Phone 1465.

York County and Suburbs

WEST TORONTO WANTS SCHOOL STATUS KEPT

Citizens All Agree That Improvements Are Imperative—County News.

WEST TORONTO, April 9.—Generally over the city of West Toronto the holiday was well observed, practically all buildings and work being at a standstill. The inclement weather rendered outdoor sports impossible, and among the citizens there much friendly intercourse and many family reunions. The suburban lines to Lambton and west were well patronized all day, while hundreds left on the early morning trains for outside points.

In St. John's Anglican Church tonight a delightful concert was given by the choir, the rendition of "Staircase's Crucifixion" being given with marked excellence. A large and delighted audience was present.

The action of the property committee of the board of education in turning down the recommendation of the inspector of collegiate institutes and the local board of trustees for the placing of \$50,000 in the estimates for the improvement of the school buildings and equipment is viewed with the greatest disfavour. If this educational institution is reduced from the rank of a collegiate back to a high school, the result would be most unfortunate.

"We have more than 300 pupils and eight teachers in West Toronto Collegiate," said Principal Colbeck to "The World" last night, "and what the school needs badly right now is three new rooms and a gymnasium." The school is in the front rank as shown by the results at the university.

"It would be most unfortunate if anything occurred to impair the efficiency of the school," said Dr. Cleghorn, a member of the board, "but we have hopes that we will get the amount asked for."

Now in an Orchestra How Music Lessons FREE Started Him

"I could not play a note when I received the first lesson from you, and now I am playing in a good orchestra of ten pieces, and can read music and play as well as any of them. I shall always recommend your home study school of music." That is what E. H. Smith, Jr., R. R. No. 2, Marietta, Ill., writes after a one-year course in the Violin.

Ell Smith's only expense under our free tuition plan was for postage and music. That cost him less than 20 cents a day, and he was under no further obligation to learn. I shall always recommend your home study school of music." That is what E. H. Smith, Jr., R. R. No. 2, Marietta, Ill., writes after a one-year course in the Violin.

Our free tuition plan will enable you to get weekly lessons costing you less than two cents a day. You need only your expense and places you under no further obligation to learn. Don't say you cannot learn music till you send for our booklet and free tuition offer. It will be sent by return mail free. Address U. S. SCHOOL OF MUSIC, Box 316, 225 Fifth-avenue, New York City.

COCKER SPANIEL CLUB

Canadians Organized a Club Yesterday at the King Edward Hotel.

The Canadian Cocker Spaniel Club was organized at the King Edward Hotel yesterday morning, with about 60 members. The following officers were elected: President—Lewis Farewell; First Vice-President—J. Tomlinson, Woodstock; Second Vice-President—H. M. Dymont, Barrie.

Secretary—Treasurer—G. R. Donovan, Executive Committee—H. S. Tibbs, P. S. Hurd, F. W. Lewis, P. E. Dunn, H. C. Davis.

Constitution, bylaws and standard were adopted. Arrangements were made for a dog and medals will be struck off to be given as prizes at the various shows. One hundred cocker breeders are being communicated with, a majority of whom will become associated with the club. The meeting adjourned to reassemble on the call of the president, and meanwhile the constitution and bylaws will be ratified by the executive committee. Headquarters of the club will be in Toronto.

Indoor Baseball at Central Y.M.C.A.
Senior business boys of C.Y.M.C.A. of indoor baseball defeated Sanderson's Bible class teams, champions of the School League by a score of 16-11, thus making the senior business boys champions of the league. The winners lined up as follows: Miller, Mansfield, Miller, McLaughlin, W. Johnston, J. Johnston, Fritzy. In the afternoon they met and defeated the collegiate class. Dunns, who was playing centre, was very much off color. The fast combination of the business boys was too much for them. The score at full time was 16-2. The lineup for the winners was: Miller, Miller, Mansfield, Mansfield, Miller, Miller, McLaughlin, defence.

At the request of All Saints B the In-termediate team is to-day being postponed.

BASEBALL NOTES

At Philadelphia—Philadelphia Nationals won the game with the local Americans, giving them four out of five games played. The score: R. H. E. Nationals..... 4 3 1 Baltimore..... 0 0 0 Quillan and Doolin. Umpire—Messrs. O'Day and Connolly.

At Baltimore—Maryland Athletic Club 2, Cornell 1.

At Baltimore—Mount Washington Athletic Club 3, Columbia 4.

At Lynchburg, Va.—Boston I. (National) 1, Lynchburg (Virginia) 2.

At Baltimore—New York Giants 3, Baltimore (Eastern) 2. Called, eleventh.

At Charlottesville, Va.—University of Virginia 4, Princeton 3.

At Bridgeport—New York (National) 10, Bridgeport 1.

At Nashville—Brooklyn (National) 12, Nashville (Southern) 2.

At Richmond—New York (American) 5, Richmond (Virginia) 1.

At New Orleans—Cleveland (American) 3, New Orleans (Southern) 2.

At Bridgeport, Conn.—New York II. (National) 10, Bridgeport 3.

The game between Friends' Adults and Macdonalds commences at 11 p.m. sharp at Diamond Park to-day. Friends' team will be followed by Mitchem's, Williams, Curtis, Spencer, Raymond, Wattman, Fisher, H. Ruddick, Cowlishaw, Standing, Lyons, Maycock, Seal, Burtley. Members are requested to be on hand sharp on time. Referee, A. Lovell.

Suckling & Co.

HENRY W. AUDEN, M. A., Principal.

Now in an Orchestra How Music Lessons FREE Started Him

"I could not play a note when I received the first lesson from you, and now I am playing in a good orchestra of ten pieces, and can read music and play as well as any of them. I shall always recommend your home study school of music." That is what E. H. Smith, Jr., R. R. No. 2, Marietta, Ill., writes after a one-year course in the Violin.

Our free tuition plan will enable you to get weekly lessons costing you less than two cents a day. You need only your expense and places you under no further obligation to learn. Don't say you cannot learn music till you send for our booklet and free tuition offer. It will be sent by return mail free. Address U. S. SCHOOL OF MUSIC, Box 316, 225 Fifth-avenue, New York City.

COCKER SPANIEL CLUB

Canadians Organized a Club Yesterday at the King Edward Hotel.

The Canadian Cocker Spaniel Club was organized at the King Edward Hotel yesterday morning, with about 60 members. The following officers were elected: President—Lewis Farewell; First Vice-President—J. Tomlinson, Woodstock; Second Vice-President—H. M. Dymont, Barrie.

Secretary—Treasurer—G. R. Donovan, Executive Committee—H. S. Tibbs, P. S. Hurd, F. W. Lewis, P. E. Dunn, H. C. Davis.

Constitution, bylaws and standard were adopted. Arrangements were made for a dog and medals will be struck off to be given as prizes at the various shows. One hundred cocker breeders are being communicated with, a majority of whom will become associated with the club. The meeting adjourned to reassemble on the call of the president, and meanwhile the constitution and bylaws will be ratified by the executive committee. Headquarters of the club will be in Toronto.

Indoor Baseball at Central Y.M.C.A.
Senior business boys of C.Y.M.C.A. of indoor baseball defeated Sanderson's Bible class teams, champions of the School League by a score of 16-11, thus making the senior business boys champions of the league. The winners lined up as follows: Miller, Mansfield, Miller, McLaughlin, W. Johnston, J. Johnston, Fritzy. In the afternoon they met and defeated the collegiate class. Dunns, who was playing centre, was very much off color. The fast combination of the business boys was too much for them. The score at full time was 16-2. The lineup for the winners was: Miller, Miller, Mansfield, Mansfield, Miller, Miller, McLaughlin, defence.

At the request of All Saints B the In-termediate team is to-day being postponed.

Hal Chase is Worse.

AUGUSTA, Ga., April 9.—Hal Chase is worse to-day, but is not confined to bed. He states he will not rejoin the team until May 10.

RICHMOND, Va., April 9.—The New York American League baseball team, one of whose members, Hal Chase, was taken ill with smallpox in Augusta, Ga., arrived in Richmond to-day from Lynchburg with a clean bill of health from the officials of that city. They were, however, met at the depot by Richmond's chief bacteriologist, Dr. C. C. Levy, and State Health Commissioner Dr. Allan Freeman, who, after subjecting them to a careful examination, permitted them to go to their hotel. Later Dr. Levy and State Health Commissioner Dr. E. C. Williams went into consultation with Dr. Sternberg, with the U. S. Public Health and Marine Hospital service. A second examination and investigation was made, and these officials also gave the team a clean bill of health.

Soccer Notes.

Before a crowd of 300 spectators, Massey-Harris defeated a picked team from the T. and D. F. L. yesterday at Diamond Park. Neither team showed any much class. The picked team led at half-time 1 to 0 while the full-time score was 2 to 1 in favor of Massey-Harris. Teams: Massey-Harris (G)—Goal Harby; backs, Cox, Hiltner, Kelly, Cooper, Barrett; forwards, Pickering, Darby, Cole, Banks, Smith.

Picked Team (D)—Goal, Dillon; backs, Hilton, Campbell; halves, Jones, Ruther-

CONSERVE THE RESOURCES AND PEOPLE THE COUNTRY

W. H. Rowley Gives Some Useful Information Concerning Canada's Best Policy

W. H. Rowley, president of the E. B. Eddy Co., Hull, Quebec, was in the city yesterday after a trip thru western Canada as far as the coast. Mr. Rowley has been going and coming across Canada for the past quarter of a century. No one is a keener observer and the result of his observations are always interesting.

In conversation with The World, Mr. Rowley delivered a dissertation on our national waste, how to prevent it and utilize our resources, extend our industries and increase our population.

"The great waste is filling up with population, but the older provinces need more people. In some parts of Quebec there is a falling off, as the latest returns show that in eighteen districts out of sixty-five there was a loss of population," said Mr. Rowley.

"Nearly half the counties in the Maritime Provinces have by the last census actually lost not only the natural increase of 2-4 per cent, but a further percentage, drawn away by the attractions offered by the great west, or the industrial centres of New England."

"Loss of population is always a symptom of decadence and how that is to be arrested is a question of deep importance to the country and of interest to every public-spirited citizen. All artificial inducements, such as subsidies, bonuses, etc., offer only a temporary stimulant and ought to be put aside as valuesless."

Wonderful Resources.

"From Lake Superior to the sea east, the country possesses natural resources as great as the vast wheat prairies and stock lands from Lake Superior to the Rocky Mountains and a hundred times more diversified. This belt of country, more than a thousand

miles in breadth, possesses immense forests, fisheries, stretching around hundreds of miles of coast line, minerals of all kinds, coal and iron, great fruit, dairying and stock raising lands, and above all, a superb climate for developing the human animal to its greatest perfection. No country is more richly endowed. What more necessary for the creation and development of a nation? Still it has a great lack of people; the country needs more people and we do not have them because under the ordinary laws of supply and demand there is not profitable employment for them. How is employment to be provided for workers? The only way is to work up the natural sources of wealth—our forests, fisheries, farms, minerals. These are the only true bases of the future activities, and wealth of our people. Provide employment by working up raw materials, of which our country is rich, into finished products, ready for consumption. For example, take our forests. Shipping abroad logs and wood, to be worked up by foreign labor and returned to us in a finished product, is a reckless waste of national extravagance, as it transfers to another country both the population and capital required in manufacturing, as well as the higher profits created.

First Law of Nature.

"We wish the United States well, but

we have to look out for ourselves. We have no need to ask them to manufacture for us goods made from our own natural products. We want the workers this side of the line—not south of it. We want people to fill up our towns and villages, make new homes, earn money, spend it, develop new lines of trade, industry and manufacturing. With more population we will be less dependent, more powerful, more wealthy and more important in the world's affairs. We will give a concrete example of the labor value of even a rudimentary industry—that of barking or "rossing" pulp wood. It is taken from the report of the United States Committee on Pulp Wood, Etc., lately published. A witness who is a pulp wood operator in the Adirondacks and ships "rossed" wood to Watertown, and also to Niagara, gave evidence that he paid for stumpage \$3.00 per cord. The labor of cutting and carrying to the mill is \$4.00 per cord. The labor cost of ridding is \$1.25 per cord. The mill burned the refuse. The freight to the pulp mill is \$1.75. The overhead charges \$0.25. The price at the mill the present year is \$15.50, so that the profit was \$1.06 per cord.

Significant Facts:

"Therefore, the labor employed received \$8.70 of the \$15.50. The witness did not give evidence as to the two succeeding steps, namely, converting the wood into pulp, and from that into paper, but his evidence was sufficient to show the labor value of even so rudimentary a process as peeling the wood. His output of barked wood is 25,000 cords a year. The labor cost of this outside-of-stumpage would be over \$200,000.00. That sum at \$500.00 per year, per man, would afford employment to 400 hands; suppose half of them were Canadian, that would represent a village of 1200 people all demanding the requirements of civilized life and augmenting the general welfare and prosperity of the country, but if one "rossing" mill producing 25,000 cords, can give so much profitable employment, what would be the result if all the half a million cords of pulp wood annually exported to the United States, were rossed on this side? The labor earnings would reach into millions and extra workers employed and their families would add tens of thousands of people to our population.

"But take a step further and suppose the wood, instead of being exported was converted into pulp on this side of the line, one could hardly compute the value of such a huge industry and the greatest source, producing pulp wood country in the world, wood pulp itself is only one in the catalogue of Canadian assets, that ought to be utilized to bring workers, prosperity and wealth to our country. The question now is will each province undertake to conserve its great resources of natural wealth to the use of its own people in order to attract to Canada all industrial people that will increase

our population of consumers and, in so doing, develop the internal trade and enrich the whole country with the results of new productive energy?"

RAPID CONSTRUCTION.

The tearing down of the old building at the corner of Queen and Yonge streets for the new Bank of Montreal went on all yesterday. The contractors will have to do a lot of night work to finish the job in the time limit.

Easter Excursions.

The Hamilton Steamboat Company has a special rate in force for the Easter excursionists. Arrangements have also been made with the Hamilton and Brantford Electric Railway and a through return ticket is now on issue, including boat, street railway fare in Hamilton and H. & B. Railway to Brantford.

The H. & B. Electric Railway was operated last season for the first time and catered to an extensive patronage, as the trip is a delightful one on account of the scenery along the route. Passengers leaving on the steamer Macassa at 4:30 p.m. arrive in Brantford early in the evening.

Stenographers For Business Men.

We have a large employment department exclusively for the purpose of supplying firms with capable stenographers. Last year we sent out 1500. Use the service at any time; it is free. United Typewriter Co., Adelaide-street East, Toronto.

Boy Selling Revolver.

William Taylor, 14 years, 85 Booth-avenue, was arrested yesterday by Policeman Taylor, while trying to sell an automatic revolver in York-street.

\$1000 BILL ON PLATE

Church People Think "Twas Error and Would Return It.

WASHINGTON, Penna., April 9.—An advertisement in a local paper today stated that a \$1000 bill has been found on the collection plate of the Rosecoe Methodist Episcopal Church here Sunday night. The church officers think the donor made a mistake. The yearly collections of the church do not average much more than this amount.

HORSE STOLEN

Sorel Horse and Colt Taken From Cooksville Stables.

Last Friday night about 10 o'clock some one stole a sorel horse attached to a cart from the hotel shed at Cooksville and the detectives are looking into the case. It is reported that an arrest is likely to be made soon.

ETHAN HITCHCOCK DEAD

As U. S. Secretary of Interior, He Went After Land Frauds.

WASHINGTON, April 9.—Ethan Allen Hitchcock, secretary of the Interior under President McKinley and Roosevelt, died here this morning at 11 o'clock, aged 74. He had been seriously ill for several days, and his death was not unexpected.

GRAND NEWS FOR OLD FOLKS

What Dodd's Kidney Pills Did for Hiram Brown.

Cured His Aches and Pains and Gave Him Beautiful Slimness—Known as the Old Folks' Friend.

EAST MAPLETON, Cumberland Co., N.S., April 9.—(Special).—Though well past the allotted span of life Mr. Hiram Brown of this place is still one of the grandest sights in life, and like many another Canadian veteran he gives Dodd's Kidney Pills the credit for his abundant health.

"I am seventy-two years of age," Mr. Brown said in an interview, "and I want to say that Dodd's Kidney Pills cured me of Gravel and Kidney Trouble. I was troubled with Backache, Headache and Dizziness, Cramps in the Muscles and Stiffness of the Joints. My sleep was broken and at times my limbs would swell.

"But since taking Dodd's Kidney Pills, all these troubles have gone. I consider Dodd's Kidney Pills a wonderful medicine."

The aged man or woman who has healthy kidneys can afford to laugh at the ill of life. For healthy kidneys keep the blood pure and ensure good restful sleep. Dodd's Kidney Pills always make healthy kidneys. They are why they are known as the Old Folks' Best Friend.

For sale by all dealers.

MESSINA STILL IN RUINS

Little Attempt to Clear Away Debris of Disaster.

LONDON, April 9.—A special despatch declares notwithstanding reports to the contrary the King and Queen, who recently visited the earthquake districts, are greatly displeased with the small amount of work so far accomplished.

No attempt has been made to clear away the ruins and there is neither water supply, proper sanitation, nor the means of transit. Hundreds of wretched survivors, the despatch says, are still dwelling in misery in huts which they themselves have erected or in broken down railway carriages.

DEATH OF A MAN

Wayne, N.J., April 9.—One man was killed and several others injured and ten small buildings were destroyed by an explosion in the morning shift of the Dupont Powder Works here today.

THOUSANDS OF WOMEN SUFFER

Un-told Misery Every Day With Aching Backs That Really Have No Business To Ache.

Under ordinary conditions it ought to be strong and ready to bear the burdens of life. It is hard to do housework with an aching back. Backaches come from sick kidneys, and what a lot of trouble sick kidneys cause.

But they can't help it. If more work is put on them than they can stand it is not to be wondered that they get out of order. Backache is simply a warning from the kidneys and should be attended to immediately so as to avoid years of terrible suffering from kidney troubles.

Don's Kidney Pills will cure you in the same way as they have cured thousands of others.

SEVERE PAIN IN BACK for years. I tried everything I could think of but they did me no good. A friend told me about Don's Kidney Pills and when taking two boxes, I have not been troubled since.

Price 50 cents per box, or 3 for \$1.35. All dealers or mailed direct on receipt of Price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering specify "Don's"

In the discovery of this wonderful curative medicine the entire race is given freedom from Catarrhal diseases, including Asthma, Bronchitis and Throat Weaknesses.

Is catarrh in your nose? Does it affect your hearing? Is your throat husky? Are your eyes watery? Is your breath offensive?

These are the indications of Catarrh—now why continue to live in misery when cure is guaranteed with Catarrhozone? So sure is Catarrhozone to cure that thousands recommend it—tell of its wonderful merit after being cured themselves. Read this:

How Catarrhozone Cures.

Miss Worrel is a resident of Clarksville, Va., and has been the means of pointing the way to health of many of her friends.

"I received such extraordinary benefit that I have induced many to use it. My catarrh was so bad a year ago that I despaired of ever getting cured. I am sure my lungs were somewhat affected also. The relief I got from Catarrhozone was remarkable. I improved under this treatment very quickly, and was cured so thoroughly the disease has never returned."

Get the large dollar size of Catarrhozone; it contains a beautiful hard rubber inhaler and medicine that lasts two months. Smaller sizes, 25c and 50c each. Beware of imitations—accept only "Catarrhozone," sold by all reliable dealers, or by mail from The Catarrhozone Co., Kingston, Ont.

THE SITUATION AT OTTAWA.

Why does Sir Wilfrid Laurier continue to carry so much dead weight in his cabinet? He may be blind to the facts. He may not be master of the situation: he may be a victim of the situation: he may be a man who is unable to hold his own. Or he may know all the facts and think it better to keep his cabinet together as long as he can rather than risk scattering it.

Gounod's Redemption

A very large audience in Massey Hall last night heard a splendid rendition of Gounod's "Redemption" by the Toronto and West Toronto Festival Chorus under the baton of that distinguished choral conductor, Dr. F. T. Torrington. "The Redemption" is a sacred trilogy, consisting of a prologue and two descriptive parts, dealing with the passion and death of Christ, the resurrection and the ascension. Of the three the second is the only one which is really significant and important musically viewed. There is too much mere recitative in the first part and too much massed choruses in the third; but for pure musical beauty and exciting solos, duets, trios and choruses the second part dealing with the resurrection, is beyond criticism.

THE BAD ROADS.

The most trying thing in and about Toronto is the bad condition of the main roads: Yonge-street, King-street, Don-road, Lake Shore-road, Dundas-street. Teams are stuck, automobiles stalled or frightened off, and the wreck and waste of horseflesh and wagons a very expensive thing to some one. Even within the city limits—along St. Clair-avenue, where a lot of hitching is under way—two pairs of horses are insufficient to move a load of brick. Ruts are over a foot deep. On other roads the macadam looks safe, but it is floating in water and the wheels go below the hubs.

Comfort in Old Age.

Dr. James Samson, the lecturer in chief of the Dominion Government, will speak to-morrow night at the People's Sunday Service in the Grand Opera House on the duty of every man and woman to make adequate provision for old age. Perhaps there is no duty that young men are so neglectful of or need more instruction in than how to economize so as to prepare for a rainy day. Dr. Samson has a story to tell that is worth hearing. Two weeks ago Mr. Wilkinson, who conducts the services, was asked to secure Dr. Samson's services for next Sunday in view of the large number of teachers in the city to attend the convention.

WE ARE OUTFITTING SEVERAL PARTIES FOR COBALT AND GOWANDA.

It has been a special feature of our business for many years to outfit camping parties, and, in addition to the provisions, we have some splendid pure fleece-wool, red and gray blankets. Michie & Co., Ltd 7 King St. West.

Your Physique Type and all the Types Between

Whether you are tall or short, thin or corpulent, or just so-so—we can fit your physique type exactly and correctly—with all the skill of the clever designer, and with the saving of wholesale tailoring.

Seven Physique Types—based on the height—which never changes, and five variations from each type, and sizes from 34 to 46 chest.

Think what a selection that gives you. If we can't suit you in stock we can have a suit made for you in four days from any pattern or design you may fancy.

A skilled tailor can tell a Semi-ready suit on sight, for he recognizes a masterpiece as you would a painting by one of the great masters—but for everybody's surety and satisfaction—for our own pride in production we sew the Trade Mark label and the selling price on the breast pocket lining of every genuine Semi-ready suit.

If ever a man sells you a "Semi-ready" suit, and this signet of surety is not on it—let us know—and we'll promise you he won't deceive you again. It's—

Semi-ready Tailoring

TUG LOST IN LAKE

"Geo. Floss" Goes Down in Erie—Five Lives Lost. CLEVELAND, April 9.—There is no doubt now that the tug George Floss with her crew of six and three passengers sank in Lake Erie during Wednesday's gale.

Bank Dividends.

OTTAWA, April 9.—(Special)—The Standard Bank has declared a quarterly dividend at the rate of 12 per cent. per annum, and the Sterling Bank 5 per cent.

Death or Insanity

Nervous. Sleepless. Worn out. Expected to die or go crazy with nervousness.

"I could not sleep—I could not rest—yet I was plump and fat. Can you imagine a more distressing condition than weakness of body and mind?" writes Mrs. Wesley of Halifax.

"I lost myself in a sort of self-pity because health seemed so shattered, and with the mental distress that grew with my bodily weakness I was a burden to myself and a greater burden to my family."

"Though I sought and really needed pity, I got very little, for I did not look so very sick. It was only my nerves that were sick, and anyone who has sick nerves knows too well how awful a sickness it is."

"From the first Ferreroze strengthened my nerves, and it seemed to help them, for I became stronger, more composed, slept more and grew more hopeful. When I had taken Ferreroze for about two months I lost that miserable sense of dread. I never could tell what I was afraid of, but expected something dreadful was going to happen me. Ferreroze gave me the strength to throw aside all these fancies and made me well again."

Go at once to any druggist, get a few boxes of Ferreroze—start right on the road to health and vigor. Ferreroze will keep you there—will show you what it means to be healthy, vigorous, full of nerve energy. Once you're braced up and energized with Ferreroze you'll never again be content with ill-health."

All dealers sell Ferreroze, 50c per box, or six boxes for \$2.50.

WE ARE OUTFITTING SEVERAL PARTIES FOR COBALT AND GOWANDA.

to whom superiority of service is a consideration. It has been a special feature of our business for many years to outfit camping parties, and, in addition to the provisions, we have some splendid pure fleece-wool, red and gray blankets.

Michie & Co., Ltd 7 King St. West.

ROADS ARE WANTED TO OPEN GOWANDA

Just Now, Owing to Difficulties of Trail, Mining Camp is Practically Isolated.

Roads are the most insistent demand of the Gow Ganda country and with the break up of winter the cry becomes more insistent. The winter roads have gone. Many tons of freight billed for the new silver land are at Sellwood and at Charlton, and there the merchandise will have to stay until some one gets busy and builds roads.

Mr. H. T. Pemberton of the Bartlett Mines has just returned from Gow Ganda after an eight-day experience that reads like a book of adventure. It is the story of a trip of 200 miles over almost impassable forest trails and thawing lakes. Starting from Charlton with 15 loaded teams crossing seven lakes on the way they reached Gow Ganda only to find that an earlier shipment via Sellwood is not as yet delivered. Without waiting the fifteen teams push thru to Sellwood and pick up another four teams from the Gow Ganda Transport Co. Loading up with the balance of the machinery and fittings and the most important portion of the supplies the caravan started back to Gow Ganda regardless of the weather and that they would never get thru.

The road had simply gone and the 23 lakes which they had to cross were full of ice and had about four feet of water on top of the ice. A pilot team preceded and marked all the holes and danger spots, and Gow Ganda was reached with the loss of a horse or an accident of a serious nature. On Burwash Lake, however, one of the horses of the pilot team broke a pole falling broke the pole of the sleigh. Jumping out knee-deep in water the other horses were unhitched and the pilot team the first one out of his icy battle. The pole was spliced with hay wire and the caravan moved on.

The Bartlett Mines, owing to the energy displayed by the management, are now in a position to proceed without depending on the outside for anything. Work is proceeding rapidly and shaft No. 1 has been sunk to a depth of 25 feet. Shaft No. 2 has just been started. A big gang is busy on the power house and putting in concrete foundations for the compressor plant and boxes. Several tons of high grade ore are now ready for shipment.

INDEP. LABOR PARTY TO HAVE ORGANIZER

Sam Landers Receives Appointment—Favor Municipal and Parliamentary Candidates.

A meeting of the executive and one representative from each branch of the Independent Labor Party of Ontario was held in the Labor Temple yesterday.

President Rollo of Hamilton, in his opening address, stated that, although the party had not elected many representatives to the legislatures, the vote showed a satisfactory increase. Reports from the various branches were encouraging. Several amendments to the platform were suggested, and will be referred to the referendum for approval.

Sam Landers was appointed organizer, and the meeting approved of the course pursued by Allan Studholme in the Ontario Legislative Assembly in support of the different bills in favor of the public. It was recommended that candidates be put in the field wherever possible as municipal as well as parliamentary honors.

It was suggested that a conference be asked with the Socialists, in view of arriving at an amicable understanding as to political matters.

Insurance Against Business Ignorance. "Oh, yes; I am in much better spirits than when I started on the visit to my daughter," said the bright-eyed old man.

"Then I was dreadfully anxious about my girl and her little children. You remember I was down with rheumatism and my wife was lame. Her husband had died suddenly. He had always received a good salary, but they spent the money right away. I knew his family was unprovided for unless he had insured his life. Even when I learned that he was insured in a large sum of money, I was apprehensive that Helen would invest the money unwisely, or would fritter it away. She has no head for business, and no women have any sense what to do with money. But when I went to see her I was greatly relieved. I found that the insurance was in the hands of a woman who was certainly got the right name—and that the plan provided against woman's ignorance of finance by paying the policy money in monthly cheques instead of all at once, in a lump sum."

"Yes, every month she gets her cheque, and it pays her monthly expenses and a little over. It will go on that way for years and years; indeed, as long as she lives. It's a new idea and a good one. A married woman who has had no occasion to handle money is apt to be bewildered when a large sum of it tumbles into her hands. A few thousands of dollars seem no end of money to her, and she either goes to spending it right and left or she hoards it as if it were gold. But this monthly income plan a woman can't be defrauded and she can't squander it. It just gives her a comfortable feeling, my old daughter said she had after she bought an annuity, and had no more bother about the matter."

Mrs. Mary E. Elyan in the "Open House" in Uncle Remus—The Home Magazine.

Wireless Stars Eclipsed. Five outside wires were started by electric light company early yesterday morning in the north end of the city. Finally the Electric Light Company sent up an emergency crew to cut off the connection. The wires were at 200, 310 and 311 Avenue Road, and at another Avenue Road address. Little damage was done.

EATON'S DAILY STORE NEWS

Monday For These Suits at 6.39 Great Good Buying for 100 Men

WAR AND THE BIBLE.

Prof. McCurdy will be the speaker at the Zion Congregational Church, College-street, Sunday afternoon "Forum" at 3 p.m. His subject will be "War and the Bible," followed by a discussion.

Wireless Phone For Balloon. NEW YORK, April 9.—When Leo Stevens makes his next balloon ascension he will take with him, wireless telephone, thru which, he is assured by the maker, he will be able to carry on conversation with persons on the ground no matter at how high an altitude he may fly.

100,000 at Editor's Funeral. CONSTANTINOPLE, April 8.—The funeral of Hassan Fahmi, editor of the Serbest, who was assassinated yesterday, was attended by a crowd estimated at one hundred thousand. The ceremony passed without incident. No trace of the assassin has been found.

HOW TO BE STRONG

Men must be strong today or give way to those who are. There is no compromise. It's either strength and success, or weakness and failure. Which will you be?

What is strength, vim and energy? What is the force before which obstacles fade and competition melts away? What is the power in man which makes even the lion quail? What is health and vigor? In fact, what is life itself but ELECTRICITY? Do not all authorities tell us that they are so closely allied that none can say where one ceases off and the other begins? Who can dispute that they are the same? The strong and healthy man is always full of electricity, and the weak always lacks it. What is more natural, then, than that electricity should cure where new strength and life are needed, as in Rheumatism, Lame Back, Kidney, Liver and Stomach troubles, or Lost Vitality, Debility, Varicocele, Exhaustion, etc., caused by overwork, drains, excesses, etc.? There is no question about it. It is a fact that I have demonstrated by curing more than 100,000 such sufferers in my 40 years of ceaseless labor in this field. The whole secret is simply to give the treatment right, and my success and experience insure that.

Free Trial Until Cured

Not one penny to be paid in advance or on deposit. Only when cured do you pay me the regular price of the appliance. That is the faith I have in my remedy, and those who have not given Electricity a fair trial are throwing health and happiness away if they neglect this opportunity of a trial.

But be sure you get the best appliance and advice. As the originator and founder of the electric body-battery system of treatment, my success is the envy of many and my Hercules is, of course, imitated (what good thing is not?). But my great knowledge gained from forty years' experience is mine alone and cannot be imitated. I give advice free to my patients till the cure is complete. My Hercules is guaranteed to give a strong electric current that will last for years.

My invention, the Dr. Sanden Hercules Electric Belt is a complete battery, made in form of a belt, weighing only a few ounces, and worn during sleep. It, in a gentle, soothing manner, fills your body full of the life-giving current, and the first night's use is a revelation to the wearer. In two months it will cure the worst cases. It has been world-standard for forty years, and I know so well what it will do for those ailing as above that to the sceptical

Call or send for my Hercules to-day, or if you want to look into the matter further, I have two of the best little books ever written on electricity and its medical uses which I'd like to send you. Sent free, sealed, upon request.

DR. A. B. SANDEN, 140 YONGE STREET, TORONTO, ONT. Office Hours 9 to 6, Saturday until 9 p.m.

Annual C.L.A. Convention Best in History of Association

Affairs Transacted in Business-like Manner, Without Obstruction—Residence Rule Goes Untampered—McGuire Elected 2nd Vice-President.

The twenty-second annual meeting of the Canadian Lacrosse Association was held in the Labor Temple yesterday morning before a well-represented gathering of lacrosse men.

In number of delegates present there was a decrease from former years, this being caused by the rule made a year ago making "away with paper clubs, and thus making this year's meeting a more strictly representative one.

The executive meeting was held at 9 o'clock, with President Kearns in the chair. Three minutes were considered. The Barrie Club was ordered to pay Bradford \$15.00, and the bond of the Barrie Club was transferred to the association.

As has been customary, a few players were whitewashed, their offences being considered in the case of the C.L.A. professional teams. Those reinstated were: A. Kirkwood, Harry Campbell, J. Heffernan, Bert Booth, W. Selby, W. Robinson.

Among the officers and delegates present were: Past President Major J. J. Craig, Harry Knott, Peter Milligan, J. C. Miller, Francis Nelson, President G. A. Smith, Secretary E. Ely, Secretary J. M. G. Forsyth, Treasurer H. E. Campbell, J. K. Forsyth, T. L. W. Edgar, D. McMillan, and the following officers: Alerts of St. Mary's, O. S. Ely; All Saints, Toronto, T. G. Corbridge, W. A. Rankin, T. Piercey; Athletics, St. Catharines, J. C. Binmore; Beavers, Toronto, Chas. Querte, Chas. Holmes; Swiftness, Toronto, J. E. Swiftness, J. Swiftness, Dr. McMillan, T. J. Swiftness; Bracebridge, Dr. McMillan; Pratt, Bradford, J. J. Kelly, W. Rutherford; Capitals, Toronto, J. R. Richards; J. Collins; Beavers, H. Beavers; Meaford, J. Schinner; Orillia, L. F. Hinds; Toronto, J. C. Binmore; St. Simons, Maitland, H. J. Holden, W. Armstrong; Meaford, J. Schinner; Orillia, L. F. Hinds; Toronto, J. C. Binmore; St. Simons, Maitland, H. J. Holden, W. Armstrong.

"GOOD SMOKES OF LIFE." A Fine Lot of Havana Arrive, "At Muller's of Course." After the lenten season of frugality and denial one can again take a purely Arcadian interest in the "good smokes of life." The importations arranged for by G. W. Muller whilst he was in Cuba this winter are arriving daily.

They're made for show and service Rare satisfaction bring, And no matter what the season, Are just the proper thing.

FOR some time my family teased me to buy an Angelus. I did not know much about it, but felt sure they would grow tired of it in a month's time. So I bought an Angelus, the cabinet player adjustable to any piano.

The Fascination of The GOURLAY-ANGELUS Player-Piano

Is in the fact that anyone can Play It Artistically THIS truly marvelous instrument appeals to every member of the family, even to the strenuous business man.

This is only possible where there are the Phrasing Lever, the Melodiant, the Melody Buttons, the Diaphragm Pneumatics. The Angelus is the only Piano-Player possessing these vital features.

PORTER DIES IN CAR

Found Dead in Seat of Smoker When Car Reverses Toronto.

Isaac Frazer, colored, 45 years of age, a porter in the employ of the Pullman parlor service, was found dead in the smoking compartment of his car on the arrival of the C.T.R. train from Montreal at the Union Station yesterday morning. When his conductor came thru the car Frazer was sitting in the seat apparently asleep. He did not answer when spoken to and his conductor tried in vain to rouse him. The body was removed to the morgue. Coroner McCollum investigated, and decided not to hold an inquest. Frazer's people live in New York, where the body has been sent.

Free Receipt For Weak Men

Gentlemen Will Send It Confidentially, Free and Sealed, to Every Weak and Unable Man Who Writes for It.

I have in my possession a prescription for nervous debility, lack of vigor, weakened memory, falling memory and lame back, brought on by excessive urinary drains of the follicles of youth, that has cured a man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription, free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

The prescription comes from a physician, who has made from a special study of men, and I am assured it is the strictest acting combination for the cure of deficient manhood and vigor-failure ever put together.

I think I owe it to my fellow men to send them a copy in confidence, so that they may be secure in what they believe is the quickest acting, restorative, upbuilding, and safe remedy ever discovered, and so cure themselves of their ailment, and quickly, just as they like it.

Dr. J. B. Rose, 2000 St. Clair, Detroit, Mich., and I will send you a copy of this special receipt, in a plain, ordinary sealed envelope, free of charge.

Bylaw Changing Head Office.

A Bylaw of the Real Estate Security Company of Toronto, Limited, for the purpose of changing the Head Office of the Company, is hereby submitted to the shareholders of the Company, in the County of York, and Province of Ontario; and whereas it has been deemed expedient that the same should be changed to the City of Ottawa, in the County of Carleton, in the said Province of Ontario; Therefore, Real Estate Security Company of Toronto, Limited, enacts as follows:

1. That the Head Office of Real Estate Security Company of Toronto, Limited, and the same is hereby changed from the City of Toronto to the City of Ottawa.

2. That this Bylaw be submitted to all due dispatch for the sanction of the shareholders of the Company at a general meeting thereof, to be called for consideration of the same.

3. That the Head Office of Real Estate Security Company of Toronto, Limited, and the same is hereby changed from the City of Toronto to the City of Ottawa.

4. That this Bylaw be submitted to all due dispatch for the sanction of the shareholders of the Company at a general meeting thereof, to be called for consideration of the same.

5. That the Head Office of Real Estate Security Company of Toronto, Limited, and the same is hereby changed from the City of Toronto to the City of Ottawa.

6. That this Bylaw be submitted to all due dispatch for the sanction of the shareholders of the Company at a general meeting thereof, to be called for consideration of the same.

7. That the Head Office of Real Estate Security Company of Toronto, Limited, and the same is hereby changed from the City of Toronto to the City of Ottawa.

8. That this Bylaw be submitted to all due dispatch for the sanction of the shareholders of the Company at a general meeting thereof, to be called for consideration of the same.

MORTGAGE SALE

Three Residences in the City of West Toronto

UNDER power of sale contained in certain registered charges to the vendors, will be sold by Public Auction, on Monday, the 15th day of April, 1909, at two p.m., the following real estate, to-wit:

Lot 16, 17 and 18, on the south side of Maria-street, Plan "M 37," in the City of West Toronto, containing 280, 271 and 272 Maria-street, and having, respectively, a frontage of fourteen feet six inches, thirteen feet three and a half inches, and fourteen feet nine inches, and two stores, each veneered (party walls), stone foundation, with gas, hot water, basin, hot and cold water, full veranda, full cellar, with cement floor; cement walk; felt and gravel roof.

This is under the Land Titles Act. Terms: One-fifth of the purchase money to be paid down, and the balance to be made known at time of sale, or may be ascertained on application to the vendors.

A. O. JEFFRIES, "K.C.", London, Ont., or to GEORGE W. DENISON, JR., Manning Chambers, Toronto.

NOTICE TO CREDITORS—IN THE Matter of Ellison & Perry, of the County of York, Merchants, Insolvent.

Notice is hereby given that the above named firm has made an assignment to me, under R.S.O., Chap. 117, and assigns to me, the following real estate, to-wit: A certain lot of land, situate in the City of Toronto, on the north side of Wellington-street west, in the City of Toronto, on Tuesday, the 15th day of April, 1909, at two p.m., to-wit: A statement of affairs, to appoint inspectors, and for the ordering of the estate generally.

Creditors are requested to file their claims with the Assignee on or before the date of such meeting.

And notice is hereby given that after thirty days, if no claim has been filed, the same shall be distributed among the parties entitled thereto, having regard only to the claims of which notice has been given, and the Assignee will not be liable for the assets, or any part thereof, so distributed, to any person or persons whose claim he shall not then have had notice.

N. L. MARTIN, Assignee. Dated at Toronto, this 5th day of April, 1909.

NOTICE TO CREDITORS—OF ELIZABETH HEAMAN, Late of the Village of Waverley, in the County of York, Widow, Deceased.

Notice is hereby given, pursuant to the Revised Statutes of Ontario, 1897, and any amendments thereto, that all persons having claims against those having any claim or charge on any property against the estate of the said Elizabeth Heaman, who died on or about the 26th day of March, 1909, are required, on or before the 27th day of April, 1909, to present, by post, prepaid, or delivered to Clark, McPherson, Campbell & Jarvis, 16 King-street west, in the City of Toronto, their claims, and the nature of the security if any held by them.

After the last mentioned date the said Administrators will proceed to distribute the assets of the deceased among the persons entitled thereto, having regard only to the claims of which they shall then have notice, and the said Administrators will not be liable for the assets, or any part thereof, to any person or persons whose claims they shall not have received by them at the time of such distribution, and such persons shall be permitted to sue the said Administrators for the benefit of such distribution.

Dated the eighth day of April, 1909. CLARK, MCPHERSON, CAMPBELL & JARVIS, Solicitors for the Administrators of said estate. 2383

buried beneath the brick floor of the cellar. The house was destroyed by fire on Thursday morning nearly 12 hours after the time the murder is believed to have been committed.

BANK BURGLAR FOILED

Smart Police Officer Heads off a Plan to Burglar.

BELLAIRE, Ohio, April 9.—An unidentified man about 40 years of age, carrying two revolvers, nitro-glycerine and dynamite, was arrested to-day in the Dollar Savings Bank by Police Captain Hummel. Later the police searched the man's room in a local hotel and found a burglar tool, and a large quantity of explosives. The man's actions appeared suspicious to Captain Hummel while on the street, and the officer followed him to the bank, entering the bank the man started negotiations with the cashier for rental of the basement of the bank when Captain Hummel arrested him.

ONTARIO LIBRARY ASSOCIATION.

The 5th annual meeting of the Ontario Library Association will be held at the Canadian Institute next week with sessions at 2.30 and 3 p.m. Monday, and 9.30 a.m. Tuesday. At the evening session William Wild, Campbell, M.A., L.L.D., F.R.S.C., and T. W. H. Leavitt will give addresses, and on Tuesday G. W. Chivers of Bath, England, will give an address on "Book-binding."

ESTATE NOTICES.

NOTICE TO CREDITORS—IN THE Matter of N. Spaul and G. Spaul, of the County of York, Restorateurs (Parlaria Restaurant), Insolvent.

Notice is hereby given that the above named firm has made an assignment of their estate to me for the benefit of their creditors, under the R.S.O., Chap. 117.

The creditors are notified to meet at my office, McKinnon Building, Toronto, on Wednesday, the 14th day of April, 1909, at 3 o'clock p.m., for the purpose of receiving a statement of the affairs, for the appointing of inspectors, for the settling of fees, and for the ordering of the affairs of the estate generally.

All persons claiming to rank upon the estate of the said insolvent must file their claims, proved by affidavit, with me, on or before the said day of meeting, after which date I will proceed to distribute the assets of the said estate, having regard to those claims of which I shall then have had notice.

JAS. P. LANGLEY, F.C.A., Trustee, McKinnon Building, Toronto, Ont.

NOTICE TO CREDITORS—IN THE Matter of the Estate of Hannah M. Dawson, Late of the City of Toronto, in the County of York, Widow, Deceased.

Notice is hereby given, pursuant to the Revised Statutes of Ontario, 1897, and any amendments thereto, that all persons having claims against those having any claim or charge on any property against the estate of the said Hannah M. Dawson, who died on or about the 26th day of February, 1909, are required, on or before the 27th day of April, 1909, to present, by post, prepaid, or delivered to the undersigned solicitor, for Harriet and George Dawson, 157 Bay-street, in the City of Toronto, their claims, and the nature of the security if any held by them.

After the last mentioned date the said Administratrix will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been given, and the Administratrix will not be liable for the assets so distributed, or any part thereof, to any person or persons whose claim she shall not then have had notice.

GEORGE W. GROTE, Solicitor, 157 Bay-street, Continental Life Building, Toronto, Ont.

Tenders will be received to 1st May, 1909, for the purchase of the property now at the Trenton & Atlantic Storages, Limited, situated at Trenton, at the mouth of the River Trent, comprising 34 acres (more or less) land and land covered by water, adjacent to the Trenton & Atlantic Storages, Limited, and large stone building, 124 x 34, insulated, with a high roof, and the buildings and wharves would be sold with the land they occupy in one parcel, and the property is admirably situated for storage, manufacturing or milling purposes. A bonus of \$10,000 is offered for the property is offered.

The lowest or any tender not necessarily accepted. Terms cash.

Apply for further particulars and tenders to MONTGOMERY, PLEURY & MONTGOMERY, Life Building, Toronto, Mar. 27, April 10, 1909.

BOND SALE REVIEW.

Interesting Comparison of Bond Sales Since January 1.

The Monetary Times gives the following interesting comparison of the totals of bond sales, each month, since Jan. 1:

January	\$4,884,832
February	4,631,822
March	1,575,642
Supplementary	41,228

Total, three months, \$10,552,525

Just over one and a half million dollars' worth of municipal bonds were sold in Canada during March. How this compares with the total for the two previous months is seen in the above table. These figures include provincial government as well as municipal issues, which have been as follows during the first three months of 1909: Alberta, \$1,000,000; Ontario, \$1,000,000; Prince Edward Island, \$400,000; Dominion of Canada, \$5,000,000.

The chief feature of the market during the past month has been the prevailing high prices. The majority of the firms which have been established in the municipal bond business for a considerable time have not been bidding as frequently as is usually their wont. Although several state that prices will go higher, the generally accepted and conservative opinion is that they are now high. On the other hand, ready criticism is being heard abroad as to the figures of the several of the large Canadian cities bonds. How they can be issued in London at the present time at a price which will attract the cautious investor is a question upon more than one pair of lips. That the appetite of the British investor for Canadian municipal bonds has not been appeased is a fact shown by the activity with which the Winnipeg 1 per cent. bonds were taken in London. But the point has not been reached to which investors are comparing Canadian bonds and their upward movement to first-class colonial and foreign corporation issues.

TRUST COMPANY SUSPENDS.

BINGHAMTON, N.Y. April 9.—The Binghamton Trust Co., capitalized at \$200,000, and Knapp Brothers, private bankers, having offices in Deposit and Callahan, N.Y., suspended operations this morning.

Bank Clearings.
NEW YORK, April 9.—Bradstreet's weekly bank clearings: New York \$2,365,500, increase 88.7; Chicago \$29,624,000, increase 14.4; Boston \$129,181,000, increase 37.3; Philadelphia \$149,801,000, increase 28.2; St. Louis \$82,905,000, increase 11.1; Pittsburgh \$48,450,000, increase 10.8; Kansas City \$2,700,000, increase 23.0; San Francisco \$2,144,000, increase 20.0.

Domination of Canada.
Montreal \$25,820,000, increase 27.9; Toronto \$28,500,000, increase 27.9; Winnipeg \$12,474,000, increase 27.6; Vancouver \$4,802,000, increase 25.8; Ottawa \$3,884,000, increase 19.7; Quebec \$3,192,000, increase 11.4; Halifax \$1,775,000, increase 8.7; Montreal, Ont., \$1,088,000, increase 15.0; St. John, N.B., \$1,288,000, increase 17.0; Victoria, B.C., \$1,153,000, increase 6.4; Edmonton \$1,100,000, increase 4.7.

News Menelik Again Ill.
JIBUTI, Africa, April 9.—Reports received here state that the Negus, Menelik, of Abyssinia, is again in a serious condition from an attack of cholera. The reports further say that the Emperor, Taitou, who is greatly opposed to foreigners, is taking advantage of the king's illness to bring about the withdrawal of concessions to Europeans.

WALL STREET HAS OUTLINED THE USUAL SPRING BOOM

Poor Crop Report No Barrier to Advancing Prices—Local Operators Inclined to Stir Up Local Speculation.

World Office, Friday Evening, April 9.—Somehow, irregular but with general advances the New York market closed on Thursday with an apparent strong undertone. The short week was not prolific of much new information. The prime factor in relation to stock prices was the first government report of the season on fall wheat. Taken literally it was not an unfavorable influence on stocks. A decline in percentage of over a point from a year ago, and three points from December, is not suggestive of a good winter wheat yield. The price of this cereal has appreciated the situation and both futures and cash wheat are higher than at any time since the latter corner. Booming stocks under such conditions is simply following the method adopted in 1904, when an unfavorable wheat harvest occurred in the United States.

As an offset to a decreased crop, stock market bulls are of course pointing out the high prices which will be received by the farmer together with the incentive that will be given to increase the spring wheat area. Another increase in the obligations against the Southern Pacific Railway Company has been accepted by the Harriman following as a reason for putting up with a price at these low levels. Other securities with a less strong backing have been encouraged. The forces in the steel trust shares has also given confidence to the syndicates in other industrial stocks, and these issues have undergone a general improvement. Tariff revision is less feared than it was because of the opposition threatened by the senate.

With the disappearance of the European war cloud the London market has begun to exhibit more buoyancy. It is even asserted that London has finally been drawn into speculation in the American stocks, but it is scarcely conceivable that British investors are buyers at present prices. It had been thought that the Bank of England rate of discount would have been reduced again this week. Accumulation of gold at London is now above the normal, and there is therefore no objection in making the attraction for New York money captives quite easy and no hardening of rates is probable until the interior spring demands come into stronger evidence.

Wall-street seldom allows a spring to pass without taking advantage of the optimism entailed at this season. The year 1909 is not to be an exception and for a short while longer the market promoters will be trying their best artifices to interest the outside public. A sure indication that the market is going up is the making of new high levels. When this process ceases, the trend will be reversed and those playing the long side of the market will have to keep a careful watch to prevent being hung up with the usual result of taking a sharp fall.

Until towards the close of the week speculation at the Toronto Stock Market was exceedingly narrow, and little interest was taken by local operators in the market. On Thursday an unexpected movement in Mackay common developed at New York. This stirred up interest in several other of the speculative favorites. The unlocked for and sudden demand for Mackay was clearly a movement on the part of the pool to work up outside interest in the shares. American Telephone and Telephone stock, of which the Mackay Company is a large holder, was advanced 8 or 9 points in the New York market during the previous few days, and this was considered to be the incentive to start a movement in the Mackay shares.

It has been considered for some time that it was useless to try and stir up speculation in Canadian stocks while New York held out such large attractions. This is the usual procedure on Canadian exchanges, and it is only after a movement has been well under way on Wall-street that any attempt is made to interest speculation in the Canadian markets. With the inauguration of bullish manipulation immediately previous to a holiday it is fully expected that more aggressive steps will be taken next week to concentrate interest in domestic securities and further advances are therefore anticipated. Several of the Canadian listed issues have already pretty fair advances, but there are still left some which might be given an advertising campaign. Among these are the navigation public turn their attention to Canadian General Electric, the South Americans, and also Dominion Steel and Dominion Coal.

It is now alleged that the proposed legislation in the matter of Twin City earnings and placing the control of the company under the public service commission is entirely in accord with the views of that company itself, and that such will not be inimical to the shareholders. Assuming that this view is correct it is argued that the stock can advance several points before it will be at all in line with the other traction stocks in the market. Although there is a plenitude of money investment securities are meeting with competition from real estate. This is no doubt responsible for the inactivity in the purely investment securities. These securities, however, are holding with a remarkable tenacity, and should the public turn their attention to them advances cannot possibly be avoided in this section of the market. C.P.R., that not very much sought after in Ontario, is now receiving much more attention than has been the case for some time. The suggestion is that an extra dividend of 1 per cent, may be paid in July, together with the fact that rights will accrue to present holders from the issue of new stock some time this year has brought much more interest in the stock and encouraged some local buying on that score. A broader market is quite among the possibilities from now on, and advancing prices will follow any increase in the business on this exchange.

Ladies will find this a convenient Branch for "HOUSE ACCOUNTS" and for cashing cheques when shopping in the downtown district.

WHEAT ON A RAMPAGE.
Wheat, the staple cereal for food, is playing some nice tunes on the grain markets at present. The World quotations for St. Lawrence market show that well over the dollar per bushel is being paid for that oftentimes despised variety, wild goose. Wheat is wheat and despite rumors that some one has cornered the market, the fact remains that the world's stock of wheat is at a low ebb.

Practically all the wheat of the world is known and there is no harvest whereon consumers can draw before Texas or Kansas open their golden spouts.

The U. S. Government crop report places the condition of winter wheat about nine points lower than at the corresponding time last year, and since points lower than in December, Alberta turns in some winter wheat into the world's supply, but it is as yet not a large factor. Reports from this point to a good crop. Ontario raises some winter wheat also. Several counties of the province are in a fair way to fall and spring wheat. The condition of Ontario winter wheat is fair for what chance it had. Last fall was so dry that a poor top was made, and reports from many counties would indicate that the crop has been struggling bravely during the first warm days of April. Waterloo County reports a poor outlook, but Brant expects to get a good yield.

While the spring wheat crop does not figure largely in the Ontario returns yet there might be money in saving some this year if the land is at all suitable.

The indications point to a continued high price throughout the summer, and it is likely the new crop will open at or near the dollar mark.

HELPFUL FARM MEETINGS IN MR. DUFF'S COUNTY

The Agricultural Department of Ontario Are Carrying Information Thruout Simcoe

An earlier account reported the inauguration of judging classes at Creemore and Alliston, on March 2 and 3 and 3 and 4 respectively. They were so well attended and so successful generally that others were undertaken. The local branch of the department of agriculture at Collingwood, thru the institutes branch of the department at Toronto, made arrangements for holding supplementary courses at Nottawa, Cookstown, Orillia and Elmvale, encouraged by the attendance of farmers

Don't Wear A Truss

After Thirty Years' Experience I Have Made a New Discovery for Men, Women or Children That Cures Rupture.

Costs You Nothing to Try It.

If you have tried most everything else, come to me. Where others fail is where I have my greatest success. Send attached coupon to-day and I will send you free my book on Rupture and its cure, showing my new discovery and giving you prices and names of many people who by a tried it and were cured. It is instant relief when all others fail. Remember, I use no salves, no harness, no lies. I send on trial to prove what I say is true. You are the judge, and once having seen my book and read it you will be as enthusiastic as my hundreds of patients whose letters you can also read. Fill out free coupon below and mail to-day. It's well worth your time, whether you try my discovery or not.

FREE INFORMATION COUPON

Please send me by mail in plain wrapper full information of your new discovery for the cure of rupture.

Name
Address
City State

spoke to the assembly for a little while upon the importance of the work that the branch department was doing.

On Monday afternoon the class was held at William Bacon's. Mr. Mortimer demonstrated the use of the score card, outlined the method of judging in a show ring and showed the importance of giving satisfactory reasons. John Campbell of Woodville conducted the practical judging of the beef cattle, a class of two heifers, and Mr. Metcalf took up the work of judging dairy cattle, using some of Mr. Bacon's famous Jersey cows and heifers. There were 50 farmers participating in this class.

A public meeting was held in the council chamber in the evening, and was attended by 100 men. Dr. Reed presided over the meeting, and called first upon Mr. Mortimer, who spoke very briefly upon the short courses that had been held elsewhere in the county, then upon the proposed excursion of the East Simcoe Farmers' Institute to Collingwood in June, and retiring in favour of Mr. Mortimer, who had important messages to deliver. Mr. Metcalf was the next speaker and he dealt with the farm labor problem. George A. Putnam, superintendent of Farmers' Institutes, gave an interesting address on agricultural education, especially with reference to the work of the local branch of the department of agriculture. John Campbell concluded the list of speakers, giving some very interesting observations on Ontario agriculture.

On Tuesday morning seed judging was taken up. Several samples of oats were judged, and much useful information regarding the oat crop in general was disseminated. In the afternoon, bacon hogs were first dealt with by Mr. Reed, after which Dr. Reed conducted the judging of light and heavy horses. Fully as many as 200 people were present during the afternoon session.

At Elmvale. The work here began on Wednesday afternoon at Copeland's stock yards. Mr. Metcalf took charge of the bacon hog class, first after which Mr. Mortimer conducted the judging of light and heavy horses and their sons. Several times during the afternoon discussions were opened up in which many took a most interesting interest.

In the evening there was a public meeting in the Lane Hall, presided over by Reed. Mr. Mortimer urged upon the farmers to make good use of the opportunities provided by the department of agriculture. It was considered the subject of horse-breeding, giving most valuable information to the 100 farmers present. Richard Graham, ex-president of the Agricultural Society, addressed his fellow farmers briefly, on the benefits they might derive if they were in touch with the department of agriculture. He advised them to keep in touch with the local branch as well as they could, and to visit the experimental plots at Collingwood whenever an opportunity was provided.

On Thursday Mr. Metcalf directed the work of seed-judging in the fair building with about 30 practical farmers. That afternoon and much interest was shown in the yard at the Central Hotel where Dr. Reed took up the work with horses again. Mr. Mortimer had furnished draught, Kild and Storey classwork, and a very profitable session was held. Mr. Copeland's team of carriage fillies were arranged for the class. At four o'clock one of the most successful short courses ever held out among the farmers, concluded with expressions of appreciation from many of the leading agriculturists and stockmen in the Township of Flos.

BRETHOUR'S SALE

Hogs Sell Fairly Well, Altho Small Crowd Attends.

J. E. Brethour's sale of Yorkshire hogs came off near Burford on Thursday, and while the crowd was not as large as he expected, fairly good prices were realized.

In all about 100 all ages were sold and many farmers secured some splendid specimens of his leading families such as the Finlaysons, the Julias, the Miles and Sunbeams. George Day of the O. A. C., Guelph, was present, and purchased a few of the good ones. Mr. Chapman of Shakespeare, Lloyd-Jones of Burford, Taylor of Greenwood, Smith, Silverthorn, L. Green, Greenwood, A. W. H. Crews, Trenton, and F. M. Chapman of Pickering were among the purchasers.

Prices averaged about \$35 for sows to farrow shortly, and from \$25 to \$30 for young sows. Sows with pigs by side sold at \$30 to \$35. Mr. Brethour entertained the visitors in good manner and his friends everywhere are sorry to learn that he is curtailing his operations in a sphere in which he has been singularly successful and in which he has given much to the uplifting of the hog industry in Canada.

GOOD COUNTRY RESIDENCE FOR SALE

See Philip and Beaton's ad in this issue offering a good country residence, equipped with all city conveniences, for sale. The desirable point, in another one—a bungalow—is a tempting chance. Write them.

HOLSTEIN BULL FOR SALE

James B. Ross of Streetville advertises in this issue his Holstein bull for sale. He writes that this bull "is a large typical Holstein and has won wherever shown" in this county, and his calves are coming strong and in good colors. We are selling because our cows that we want to breed Holstein are all safely in calf.

Skene River Navigation.

The Grand Trunk Pacific have now under construction for service on the Skene River, British Columbia, two new steamers the same as the steamer "Distributor" built last fall. The length of these boats is 132 feet, extreme beam is 18 feet, 29 feet; beam, extreme on deck, 30 feet; draft, moulded, 5 feet 4 inches. The machinery for both these new boats was ordered from the Polson Iron Works, Limited, Toronto, and the hulls are being constructed at Victoria, B.C. These steamers will ply between Prince Rupert and the head of navigation on the Skene River, and will be ready for service in June.

Price to Quit, a Million. VIENNA, April 9.—It is stated that Prince George of Serbia asks \$1,000,000 roubles, as his price for leaving the country.

HA! HA! HA!

"Well, I'm blest! So this is one of those so-called metal roofing guarantees I've read about," laughs the Wise Man of Metal Town.

"It certainly is a good joke, for it doesn't really guarantee anything to anybody, and isn't legally binding. Ask your own lawyer and you'll find I'm right."

"Stripped of all its exceptions and provisions I don't see how anyone could be serious about it."

"I go by what I know has been done, not by what is promised. For instance, I know that 'Eastlake' Metallic shingles have been in use for twenty-five years right here in Toronto, where they're made, and that those same shingles are in perfect condition now."

"Just listen here a minute. I'm getting serious now. The Metallic Roofing Company began to make metallic shingles years before anyone else in Canada. They were made right where they were first made. The Metallic Roofing Company have been continually making new designs for ceilings and walls, fronts and cornices, but as for shingles they have never seen an improvement on the 'Eastlake' steel shingles which have been made, laid and proven for twenty-five years."

"I've noticed that most metal shingle manufacturers change their pattern so frequently that I'm led to believe they, themselves, haven't much confidence in their own goods. Yes, they even change the name to cover up some weakness in a previous product."

"TWO OTHER PERSONS' SAY-SO'S"

The Metallic Roofing Co., Limited, Toronto.

Dear Sirs:—We have handled your 'Eastlake' Shingles for nearly a quarter of a century. They have been on the Court House, Free Library and other public buildings in this town for years. We have used very large quantities during the past 25 years, and they have always given first class satisfaction, and have never required any repairs.

(Signed) MADDEN BROS., Tinsmith and Hardware Merchants.

The Metallic Roofing Co., Limited, Lucknow, Ont., April 9th, 1908.

Dear Sirs:—I take great pleasure in testifying to the good qualities of your 'Eastlake' Shingles. We put your painted shingles on our Town Hall here in 1882, 23 years ago, and although they have only been painted twice since that time they are in good condition yet. I consider the lock on the 'Eastlake' the very best, and believe that a roof covered with the galvanized 'Eastlake' will last for ever.

(Signed) THOS. LAWRENCE, Hardware Merchant.

"I'm prejudiced, you say? Of course I'm prejudiced, but it's a prejudice founded on years of active use of the metallic goods made by The Metallic Roofing Co. It's an old man's prejudice based on a long experience."

"Write for booklet which tells more about 'Eastlake' Metallic Shingles. They are sure proof against fire, lightning, rust or weather in all climates. They are the easiest and quickest to put in place and the most durable when laid. If you send the measurement of any roof an accurate estimate of cost will be sent free."

—The Philosopher of Metal Town.

MINERS CAN'T AGREE

But Board of Conciliation May Settle Trouble.

PHILADELPHIA, April 9.—Altho no agreement was reached at the concluding conference of the anthracite operators and miners to-day concerning the question of a wage agreement, there will be no strike, and the only danger of a suspension of mining, according to the mine workers' officials, arises from the possibility of the refusal of the operators to permit the miners to work without an agreement.

BOARD OF CONCILIATION

Settles Dispute Between Miners and Operators.

The operators' statement says: "The operators acceded to the request that questions as to the rates of pay for new work should be placed under the jurisdiction of the conciliation board, making the following declaration: 'We state officially that hereafter any controversy relating to the new work may be submitted to the board of conciliation to determine whether the conditions of the veins and of the work are similar, and if they are similar, then the rates existing in the old work shall apply to the new work.'"

MEN, READ IT!

VARICOCELE—WEAK BACK—NERVES. Dr. McLaughlin's Electric Belt Will Do This For You.

Dear Sir:—A short time ago I purchased one of your Belts. I am very pleased to say that I have received great benefit from it in every way. My varicocele is almost gone and my back is much better. Before using your Belt, my nerves were in pretty bad shape—we had that it interfered with my work. Any man can easily know what this means to me, as my health is greatly improved also, and I feel better than I have for the last five years, and only wish I had had one of your Belts before. I have spent a considerable sum of money one way and another for different drugs for varicocele except an operation, as that is what a doctor told me in a London, England, hospital. I thank you for your kind and all you have done for me. You are at liberty to make any use of this you like in any of the papers, as I know it is all true. As I have proved it for myself, I intend to recommend your Belt whenever I get a chance, as I think it is a God-send to any person to be in good health. Wishing you every success with your Belt, I remain, Yours respectfully, ALBERT RALPH.

Dr. McLaughlin's Electric Belt Will Do This For You.

Show me the men who would not be better than they are. It matters not how the rocks and shoals of life have worn the edge off the spirit of joyousness, have dulled the enthusiasm of youth and left the nerves less vigorous, the eye less bright, the step less springy, the mind less forceful and the general vitality less powerful than they ought to be at your age, you want to be strong. Hard work wears, and worry, disappointment and the other cares of life drain away the vim and snap of perfect health. Electricity applied my way restores it. It makes you feel strong; it renews your strength.

Dr. McLaughlin's Electric Belt

Does this naturally. I know that the foundation of all strength is Electricity, and that Electricity alone will renew it. I have applied it for years, and have cured thousands of weak people in that time. Every town knows of its cures. My book tells of many grateful men and women who were cured by this Belt after every kind of medical treatment had failed.

I TAKE ALL THE CHANCES. You might think that I take long chances with my appliances when I say that I will cure you before you pay me. I don't. There is more in Electricity when properly applied than you think. I take all chances on curing your case. All I ask is that you give me reasonable security for the price of the Belt, and you can use it at my risk and

WHEN YOU ARE CURED, PAY ME.

Most of the pains, most of the weaknesses of stomach, heart, brain and nerves, from which men suffer, are due to an early loss of nature's reserve power through mistakes of youth. You need not suffer for this. You can be restored. The very element which you have lost can be got back, and you may be as happy as any man that lives.

FREE BOOK.—Write for my beautiful illustrated Book, showing how my Belt is used. I want you to read this little book and learn the truth about my arguments. If you suffer from rheumatic pains, weak kidneys, loss of vitality, prostatic troubles, nervous spells, varicocele, or any ailment of that kind that humans you, this book contains information you should know. It explains my method thoroughly. I send it closely sealed, without marks, free, upon application. If you are not the man or woman you should be, call or write at once. CONSULTATION FREE.

WHEN YOU ARE CURED, PAY ME.

Most of the pains, most of the weaknesses of stomach, heart, brain and nerves, from which men suffer, are due to an early loss of nature's reserve power through mistakes of youth. WHAT STARTED THE FIRE?

Third in the Building Within a Few Months. A fire that caused a great deal of trouble while it lasted, occurred in the premises of Lambert & Seigel, pent and wood makers, who occupy part of the third floor of a building at 230 West King-street, at 7:25 o'clock last night.

The fire, which was discovered by Inspector Davis, who rang the alarm from King and York-streets, did about \$400 damage.

The blaze started beside the partition, which separates the Cheese-worth Pressing Company from the allowers. There were no wires or stoves within thirty feet of that place. The upper floor is occupied by the P. S. Rice Wine Company. This is the third fire in the building during the last six months.

The Cheese-worth Company claim that the fire was started by a plumber, at \$2000.

Prices revised daily by E. F. Carter & Co., 45 East Front-street, Wholesale Dealers in Wood, Hides, Calfskins and Sheepskins, Furs, Tallow, etc. No. 1 inspected steers, \$4.00 to \$4.25; No. 2 inspected steers, \$3.75 to \$4.00; No. 1 inspected cows, \$3.50 to \$3.75; No. 2 inspected cows, \$3.25 to \$3.50; No. 1 inspected bulls, \$3.00 to \$3.25; No. 2 inspected bulls, \$2.75 to \$3.00; Country hides, \$0.18 to \$0.25; Calfskins, \$0.12 to \$0.15; Sheepskins, No. 1, \$2.50 to \$2.75; No. 2, \$2.25 to \$2.50; Tallow, per lb., \$0.05 to \$0.06; Sheepskins, each, \$1.15 to \$1.25; Raw furs, prices on application.

C.P.R. WON'T RESTORE PENSIONS TO STRIKERS

Mechanics Sign For Two Years More the Agreement Which Caused the Big Split.

A C.P.R. telegraph press despatch from Winnipeg says:

It has been learned authentically that the following is the correct status of trouble between the mechanics and the Canadian Pacific Railway.

Over a year ago the Canadian Pacific published certain rules. The men objected to them and an arbitration was held. The men refused to accept them and went on strike.

The strike lasted nine weeks, when the men called it off. The company then put the award of the arbitration board into effect. This award expired April 1. On the first of March the company posted a notice in its shops stating they would extend the award for another year. A committee representing a section of the men called on the company and sought to have changes made so that the men would be in the same state as before arbitration.

The company's officers met the committee, but would not recede one iota from notice they posted, and the committee finally signed this notice as parties to it for two years. The Canadian Pacific have an absolutely open shop.

The men asked that their pension be restored, but this was refused, as pensions will not be granted to men who have been on strike.

UNION HORSE EXCHANGE

Trade Good For Best Quality at Stead Prices.

There is very little change in the prices of the general run of horses sold at the Union Horse Exchange this week. There was, however, one car load of fancy quality heavy draughts that sold at higher prices than usual, proving that the right kind will always sell. There is a good market for good shaped horses, with size and action. Shippers should confine themselves a little more to horses with quality and weight than they have been doing lately, and if bought anywhere in reason they will meet a ready market.

Both the regular and sales on Monday and Wednesday there were quite as many buyers as usual. In fact, the market is now established. Horsemen and farmers from the Atlantic to the Pacific realize that they can come to this market with confidence, knowing that they will get a square deal every time. Over one hundred and fifty horses changed hands this week and more would have found a ready market could they have been got. Trade was active for anything approaching good quality. Manager, J. H. Smith reported the general prices of horses as follows: Draughts, \$10 to \$20; general purpose and farm horses, \$15 to \$18; expressers, \$10 to \$12; drivers, \$10 to \$15; serviceably sound, \$5 to \$8 each.

ST. LAWRENCE MARKET.

On account of the holiday there were no deliveries of farm produce, and the following quotations are nominal.

Wheat, fall, bush, \$1.30 to \$1.35; Wheat, red, bush, 1.05 to 1.10; Rye, bushel, 0.75 to 0.80; Buckwheat, bushel, 0.81 to 0.85; Peas, bushel, 0.85 to 0.90; Barley, bushel, 0.50 to 0.55; Oats, bushel, 0.50 to 0.55.

Hay and Straw—Hay, No. 1 timothy, \$12.50 to \$14.00; Hay, No. 2 mixed, \$9.00 to \$11.00; Straw, loose, ton, \$7.00 to \$8.00; Straw, bundled, ton, \$8.50 to \$10.00.

Fruits and Vegetables—Apples, per barrel, \$7.50 to \$8.50; Onions, per bag, \$1.00 to \$1.25; Potatoes, bag, 0.75 to 0.85; Turnips, bag, 0.35 to 0.40; Parsnips, bag, 0.40 to 0.50; Carrots, bag, 0.30 to 0.40; Beets, per bag, 0.25 to 0.30; Evaporated apples, lb., 0.07.

Poultry—Hens, dressed, lb., \$0.25 to \$0.28; Geese, per lb., \$0.15 to \$0.18; Spring chickens, lb., 0.18 to 0.22; Spring ducks, lb., 0.20 to 0.25; Fowl, per lb., 0.12 to 0.15.

Dairy Produce—Butter, strictly new-laid, per dozen, \$2.00 to \$2.25; Eggs, strictly new-laid, per dozen, \$0.20 to \$0.22.

Fresh Meats—Beef, forequarters, cwt., \$6.00 to \$7.00; Beef, hindquarters, cwt., 5.00 to 6.00; Beef, choice sides, cwt., 6.00 to 7.00; Beef, medium, cwt., 5.00 to 6.00; Beef, common, cwt., 4.00 to 5.00; Spring lambs, each, 2.00 to 3.00; Lamb, yearling, per lb., 0.14 to 0.15; Mutton, light, cwt., 3.00 to 4.00; Veals, common, cwt., 2.50 to 3.50; Veals, prime, cwt., 3.50 to 4.50; Dressed hogs, cwt., 9.25 to 9.50.

FARM PRODUCE WHOLESALE.

Hay, car lots, per ton, \$10.50 to \$11.00; Straw, car lots, per ton, 7.50 to 8.00; Evaporated apples, lb., 0.07 to 0.08; Butter, renovated, lb., 0.17 to 0.19; Butter, store lots, 0.17 to 0.19; Butter, creamery, solids, 0.21 to 0.22; Butter, creamery, lb., 0.19 to 0.21; Eggs, new-laid, dozen, 0.19 to 0.21; Cheese, large lb., 0.14 to 0.15; Cheese, twin, lb., 0.07 to 0.08; Honey, extracted, 0.10 to 0.11.

ECONOMY CORPORATION OF THE TOWNSHIP OF YORK

Notice is hereby given that the Municipal Council of the Corporation of the Township of York will, at a meeting to be held on the 2nd day of May, 1909, at the Council Chamber, in the Bank of Commerce Building, corner of King and Jarvis-streets, in the City of Toronto, at the hour of 2:30 p.m., consider a bylaw for the following purpose, namely:—For widening that portion of the highway in the Township of York, known as Colwell's avenue, described as follows:—All that certain parcel or tract of land and premises, situate, lying and being in the Township of York, in the County of York, and adjoining to the east a strip of land one foot wide and extending from the northerly boundary of the City of Toronto to Danforth-avenue, which said strip of land, one foot wide, adjoins to the east the easterly limit of Colwell-avenue, at whose lands may or might be prejudicially affected by the said proposed bylaw, are required to attend at the said meeting, when they will be heard in person or by counsel with reference thereto upon petition.

To be so heard at 10 o'clock a.m. on the 2nd day of May, 1909. Dated at Toronto, this 20th day of March, A.D. 1909.

W. A. CLARKE, Clerk of York Township, 6960.
