CURES
RHEUMATISM,
Lumbago, Lame Back, Neuralgia, Diphtheria, Croup, Coughs and Colds, Sore Throat, Piles, Frost Bites, Burns, Asthma, Catarrh, Chilblains, Corns, Tooth, Ear and Headache, Bruises, Wounds & Sprains of every Description on Man or Beast. Actually the best External and Internal Remedy Known.

CAUTION.—This cut represents our **NEW WRAPPER**; take no

other, and avoid all similar named articles, as they are worthless.

PAIN ceases, swellings subside, fevers abate, and a healthy state exists, after using this great and wonderful medicine. It is the cheapest medicine ever made. One dose cures Sore Throat, one bottle has cured Bronchitis, 50 cents' worth has cured an old standing Cough, one bottle has cured Lame Back of eight years' standing.

This celebrated medicine is so well known that it is not necessary to say more about what it will do. It is a household remedy that is used for nearly every ill that flesh is heir to.

It has performed astonishing cures, and has given satisfaction every time it has been used.

If all the certificates of cures that it has performed were printed this Almanac would not contain them.

Mr. J. Callard, London, says its cures are wonderful.

Mr. J. Bedford, Thamesville, never saw anything sell so well and give such general satisfaction.

Mr. N. McRae, Wybridge, says, "It is used for Colds, Sore Throats, Croup, etc.; in fact, for every affection of the throat it works like magic."

Mr. T. Myers, Bracebridge, writes: "It is the best medicine I sell; always gives satisfaction."

It cured Mr. Rusan, of Percy, of Lameness that troubled him for years.

Dr. Beaudin, Hull, used it to calm the pains of

a broken leg, with dislocation of the foot, and in two days he was entirely relieved of the pain.

Mr. G. A. Dixon, of Frankville, will inform you that this celebrated Oil cured him of Chronic Bronchitis of 17 years' standing.

Mr. J. Snow, of Gunning Cove, N.S., is no longer a sufferer with Asthma, Dr. Thomas' Eclectic Oil was too penetrating for it.

The seven-year-old child of Mr. Henry Harding, Toronto, was confined to her bed for weeks with Rheumatism, limbs drawn up, great pain in all her joints; two bottles of Dr. Thomas' Eclectic Oil cured her.

Mr. C. A. Livingston, Plattsville, says: "It is the best preparation I have ever tried for Rheumatism."

DIPHThERIA.—Mr. Robert Lubbeck, Cedar Rapids, writes: "Used it for Diphtheria with best results; would use no other medicine for this disease."

Mr. W. J. Corbett, Creemore, writes: "I supplied Dr. Thomas' Eclectic Oil to a large number of parents during an epidemic of Diphtheria, and every one saved their children, while a number that I know of lost their's after using other remedies. Dr. Thomas' Eclectic Oil is in constant demand all the year round."

CROUP.—Mr. Thos. H. Porter, Lower Ireland, P.Q., writes: "My son, 18 months old, had Croup so bad that nothing gave him relief until a neighbour brought me some Dr. Thomas' Eclectic Oil which I gave him, and in six hours he was cured. It is the best medicine I ever used, and I would not be without a bottle of it in my house."

Mr. W. B. Hill, Cobourg, says: "I have used it for Croup, and found it all you claim it to be; can also testify to its efficacy in relieving pains in the back and shoulders."

Mr. W. H. Dorland, Ash, writes: "One of my boys awoke me from sleep a few nights ago saying, "I can't get my breath." I got up and put some Dr. Thomas' Eclectic Oil on sugar, which I gave to him, and in fifteen minutes he was better. I believe it to be the best medicine sold for Croup."

LUMBAGO.—Mr. W. W. Stephen, Meaford, Ont., writes: "Dr. Thomas' Eclectic Oil has gained a reputation in Meaford and surrounding country surpassing that of any Patent Medicine ever introduced here. The benefit derived from it in one case of Lumbago, that I know of, will alone place it in the front rank of remedial agents."

Mr. B. N. Munro, Toronto, writes: "A short time since I was completely disabled by a severe attack of Lumbago, one application of Dr. Thomas' Eclectic Oil brought immediate relief, a second and third application effected a cure."

IT effectually and thoroughly Purifies and Enriches the Blood, gives Life, Strength and Vigor to the whole Organism of Digestion, restores to healthy action the functions of the Liver, regulates the Bowels, acts upon the Nervous System and Secretive Organs, restores the functions of the Kidneys and Skin, and renovates and invigorates the entire body, and in this way frees the system of disease. Its effects are surprising to all, in so effectually, and thoroughly, cleansing the entire system, and permanently curing all

DISEASES ARISING FROM IMPURITIES OF THE BLOOD.

such as Scrofula and every kind of Unhealthy Humor, Female Weakness and those complaints known by the names of Erysipelas, Canker Salt-Rheum, Pimples or Blotches on the Face, Neck or Ears, Ulcers, Fever Sores, Boils, Scald Head, Sore Eyes, Neuralgia, Rheumatism, Dyspepsia, Billiousness, Pains in the Side, Shoulder, Back or Loins, Diseases of the Liver and Kidneys, Costiveness, Piles, Headache, Dizziness, Nervousness, Faintness at the Stomach and General Weakness and Debility.

THE LIFE OF ALL FLESH IS THE BLOOD THEREOF.

After many years of hard labor and research, we are thoroughly convinced that the health or disease of the body depends almost entirely upon the condition of the Blood. It is true that disordered functions of the various internal organs appear even to medical practitioners to be the primary cause of the existing malady; and manifest disease being frequently excited into action, by casual causes, when the blood is in a predisposing unhealthy condition, has been a great source of those errors in judgment; but when we resolve upon deeper research, and look beyond the apparent seat of the disease to that all important

fluid, the Blood, which alone supplies every material for the support and maintenance of the universal system, we find, also, that it alone, in the majority of cases, contains the primary seeds of disease.

We find the Blood in disease to be Impure, and sometimes impoverished, possessing those destructive properties which are the real fundamental root, and primary cause, of nearly the whole catalogue of diseases to which humanity is heir, while cold, damp, exposure, late suppers, irregular habits, etc., may be termed exciting causes. It may be asked, "Whence arise these Impurities of the Blood?" Their primary origin is mostly natural, even to the healthy system. Every organ, fibre and tissue in the body is constantly undergoing decomposition and repair, and the effect of such decomposition is to impart to the Blood the waste particles of the natural disorganization; that fluid being destined, by nature, to receive such impure particles, and convey them to where they may be discharged through proper channels from the system. And as we are not perfect, but human beings, derangements in such functions are liable to occur, and the Blood to become morbidly impure.

The average quantity of this important fluid in each person, is about twenty-five pints, and by the action of the heart, it is propelled throughout the entire length and breadth of the body, once in about every three minutes.

The offices of the Blood are:

First. To furnish every part and particle of the entire body with material, prepared by the process of digestion and assimilation, for its growth and renewal.

Secondly. To carry off the waste particles which are constantly set free in all parts of the system, conveying them to where they may be discharged through the Kidneys, Bowels, Skin, or Lungs, the four great waste gates with which nature has provided man for the final escape of all poisonous and useless humors, and secretions from the body.

Thirdly. To furnish material for the formation of certain fluids to be used in the system for various purposes: such as bile, gastric, and pancreatic juices, tears, saliva, etc.

Fourthly. To furnish the entire body with animal heat, newly formed in the Lungs.

As soon as the Blood fails to perform its natural function, and becomes loaded to excess with impurities so soon, generally with, but sometimes without an exciting cause, some one or more of a vast train of diseases of a variety of characters, and known by different names, is liable to be established, its seat differing in different persons, and in the same person at different times, the weakest organ in the body being the one that most invariably suffers. (But it will be remembered that there

is a definite cause for this weakness of any particular organ; because, for whichever organ the peculiar Impurity of the Blood present has the greatest chemical affinity, that organ is invariably the weakest.) That is where the blood is to a certain extent loaded with Impurities, and the body then subjected to exposure such as cold, damp, etc., which are among the exciting causes of disease, the weakest organ becomes choked up, its veins, ducts and capillary network obstructed, and its natural functions interrupted, consequently disease of the organ is established, either acute, or chronic, according to the extent and severity of the interruption of the function of the organ. If the weak organ be the Lungs, we have disease of the Lungs; if the Kidneys, disease of the Kidneys; if the organs of Generation, disease of those organs; if the Liver, disease of the Liver; if the Glands, Joints, Muscles, Skin, etc., we have present Scrofula, or Rheumatism, or Skin disease, etc., etc., etc.

There is another condition of the Blood, above alluded to, which is a source of much evil: namely, Impoverishment, which signifies an excess of water, and a deficiency in the quality and quantity of the red corpuscles, which latter are the vitality and life sustaining principle of the blood.

From this impoverished condition of the blood, several diseases have their origin; Emaciation, Debility, Coldness of the hands and feet, Loss of Vigor and Strength, Weakness, etc., are the ordinary symptoms. As the Blood loses its vigor Nervous prostration ensues, a sense of weakness and lassitude is felt on even the slightest exertion, a wasting pallor, and a general flagging of the vital forces. These are the silent evidences of disorganization.

NORTHROP & LYMAN, VEGETABLE DISCOVERY.

Is a specific for all diseases originating from Impurities or Impoverishment of the Blood. Its mild vegetable antidote constituent properties dissolving out and chemically changing, not only the Impurities floating in the Blood itself, but those also which have been lodged and are choking up and producing congestion and disease in any organ or part of the body, thereby assisting nature to re-establish her free and healthful circulation of Blood through those organs, restoring them to health and vigor. While those properties, having an affinity for the digestive organs, etc., they also restore the functions of digestion and assimilation, nourishing and enriching the blood in a manner surprising even to the most skeptical.

These various properties of our Vegetable Discovery, for renovating and Invigorating the whole Digestive Organism and Purifying and Enriching the Blood, overcoming Congestion, etc., in any part of the body, along with its action on the nervous

system and its power of restoring to healthy action the functions of the Liver, Kidneys Bowels, Skin, and Lungs, may be said to be the leading features of the Compound. I may here add, that to those antidote properties, possessing that peculiar power of cleansing the Blood of those impurities which produce congestion and disease of internal organs, are due in great measure the remarkably restorative operation of the Vegetable Discovery in diseases peculiar to females.

A PERFECT RENOVATOR AND INVIGORATOR OF THE SYSTEM.

Mr. John Magwood, Victoria Road, writes: "Northrop & Lyman's Vegetable Discovery is a splendid medicine. My customers say they never used anything so effectual. Good results immediately follow its use. I know its value from personal experience, having been troubled for nine or ten years with Dyspepsia, and since using it digestion goes on without that depressed feeling so well known to dyspeptics. I have no hesitation in recommending it in any case of Indigestion, Constipation, Heartburn, or trouble arising from a disordered stomach."

NO ARTICLE TAKES HOLD of blood diseases like Northrop & Lyman's Vegetable Discovery. It works like magic. Miss C—, Toronto, writes: "I have to thank you for what Northrop & Lyman's Vegetable Discovery has done for me. I had a sore on my knee as large as the palm of my hand, and could get nothing to do any good until I used the Discovery. Four bottles completely cured it."

Mr. John Anderson, Grassmere, Ont., writes: "The Vegetable Discovery you sent me is all gone, and I am glad to say that it has greatly benefitted those who have used it. One man in particular says it has made him a new man, and he cannot say too much for its cleansing and curative qualities."

Mr. H. B. McKinnon, painter, Mount Albert, says: "Last summer my system got impregnated with the lead and turpentine used in painting; my body was covered with scarlet spots as large as a twenty-five cent piece, and I was in such a state that I could scarcely walk. I got a bottle of Northrop & Lyman's Vegetable Discovery, and at once commenced taking it in large doses, and before one-half the bottle was used there was not a spot to be seen and I never felt better in my life. I think this medicine the best Blood Purifier ever discovered."

FOR THE THOROUGH and speedy cure of all blood diseases and Eruptions of the Skin, take Northrop & Lyman's Vegetable Discovery. Mrs. B. Forbes, Detroit, had a running sore on her leg for a long time; commenced using Northrop & Lyman's Vegetable Discovery, and she is now completely cured. Her husband thinks there is nothing equal to it for ague or any low fever.

WHY SUFFER from disorders caused by Impure Blood, when thousands are being cured by using Northrop & Lyman's Vegetable Discovery? It removes Pimples and all Eruptions of the Skin. Mr. John C. Fox, Olinda, writes: "Northrop & Lyman's Vegetable Discovery is giving good satisfaction. Those who have used it say it has done them more good than anything they have ever taken."

1886.

Golden Number, - - - - -	6	Dominical Letter, - - - - -	C
Epact, - - - - -	25	Roman Indiction, - - - - -	14
Solar Cycle, - - - - -	19	Julian Period, - - - - -	6593

The year 5647 of the Jewish Era commences on September 30th, 1886.
 Ramadam, Month of Abstinence observed by Turks, commences on June 3rd, 1886.
 The year 1304 of the Mohammedan Era commences on September 30th, 1886.
 The 50th year of Queen Victoria's reign begins June 20th, 1886.
 The 111th year of the Independence of the United States begins July 4th, 1886.
 The 20th year of the Dominion of Canada begins July 1st, 1886.

ECLIPSES.

- In the year 1886 there will be two eclipses, both of the sun.
- I. An annular eclipse of the sun, March 5th, 1886.
 Begins on the earth generally, March 5th, 7h. 1m.
 Ends on the earth generally, March 6th, 1h. 10m.
 At Toronto, eclipse begins 5.55 p.m. ; sun setting eclipsed ; at sunset only 0.13 of the sun diameter is eclipsed.
 - II. A total eclipse of the sun, August 29th, 1886.
 Begins on the earth generally, August 29th, - - - - - 10 18 a.m.
 Ends on the earth generally, August 29th, - - - - - 3 32 p.m.
 Only a small portion of this eclipse will be visible in Canada, and that in the southern part of Nova Scotia.

Venus will be an evening star to February 18th, and a morning star to December 2nd, then an evening star.
 Mars will be a morning star throughout the year.
 Jupiter will be a morning star till October 9th, then an evening star.
 Saturn will be a morning star till July 3rd, afterwards an evening star.
 The satellites of Jupiter are invisible from September 10th to November 7th, the planet being too near the sun.

THE SEASONS.

Sun enters Aries—Spring commences March 19th, 7 a.m.
 Sun enters Cancer—Summer commences June 21st, 9 a.m.
 Sun enters Libra—Autumn commences September 22nd, 10 p.m.
 Sun enters Capricornus—Winter commences December 21st, 4 a.m.
 To increase the usefulness of our almanac we give the Calendar in the *Standard or Railway* time. Ontario and Quebec 75°, or 5 hours west of Greenwich, and the Maritime Provinces 60°, or 4 hours west of Greenwich. Mean time at Toronto is 17m. 34s. slower, and Quebec 14m. faster than Standard time.

Head and Face. ♈ ARIES, the Ram.

CHARACTERS.—☉ The Sun ; ☿ Mercury ; ♀ Venus ; ⊕ the Earth ; ☾ the Moon ; ♂ Mars ; ♃ Jupiter ; ♄ Saturn ; ♅ Uranus ; ♆ Neptune ; ☊ Conjunction ; ☉ Quadrature, 90° from ☉ ; ☌ Opposition, 180° from ☉ ; ♁ Apogee, far from the ☉ ; ♀ Perigee, near the ☉ ; ♁ Ascending Node ; ♁ Descending Node.

A GREAT MEDICAL TRIUMPH.

DISEASES OF THE KIDNEYS, AND BLADDER.

FOR the cure of diseases of the Kidneys and Bladder, Northrop & Lyman's Vegetable Discovery is a remarkable remedy. It purifies and enriches the blood; regulates the bowels; acts directly upon the secretions, and the affected organs themselves; cleansing, strengthening, and removing all obstructions and impurities. In these diseases a few bottles of the Discovery are worth their weight in gold.

Mr. Joab Scales, of Toronto, writes: "A short time ago I was suffering from Kidney Complaint and Dyspepsia, Sour Stomach and Lame Back; in fact I was completely prostrated and suffering intense pain. While in this state a friend recommended me to try a bottle of Northrop & Lyman's Vegetable Discovery. I used one bottle, and the permanent manner in which it has cured and made a new man of me is such that I cannot withhold from the proprietors this expression of my gratitude."

DISEASE OF THE LIVER is far more common than is generally supposed; and, indeed, it is possible for serious disease of that organ to exist, without any well defined symptoms whatever. Comparatively few are constantly free from all irregularities of the Liver, and more particularly Billiousness.

The remarkable properties of Northrop & Lyman's Vegetable Discovery in restoring the Liver from the various affections to which it is subject, such as Billiousness, Jaundice, Congestion, Inflammation, etc., are surprising to all who witness their effects.

Mrs. H. Hall, Navarino, N.Y., writes: "For years I have been troubled with Liver Complaint. The doctors said my Liver was hardened and enlarged. I was troubled with Dizziness, pain in my right shoulder, constipation, and gradually losing flesh all the time. All food soured on my stomach, even with the closest attention to diet. I was under the care of three physicians, but did not get any relief. A friend sent me a bottle of Northrop & Lyman's Vegetable Discovery, and it affords me much pleasure to inform you that the benefit I have received from it is far beyond my expectation. I feel better now than I have done for years."

FOR 30 YEARS.

Mrs. L. Squire, Ontario Steam Dye Works, Toronto, says: "For about 30 years I have doctored for Liver Complaint and Dyspepsia without getting any cure. I then tried Northrop & Lyman's Vege-

table Discovery, and the benefits I have received from this medicine are such that I cannot withhold this expression of my gratitude. It acts immediately on the Liver, and its good effects are noticed at once. As a Dyspepsia remedy I don't think it can be equalled."

FEMALE WEAKNESS.

If the atmosphere we breathe is deficient in oxygen, the Blood is only partially purified; and if this deficiency of oxygen is made up with carbonic acid poison, which is just the condition of the atmosphere in close warm rooms, the Blood, not only being but partially purified in the lungs, but also receiving poison from the atmosphere, is returned loaded with a variety of poisonous constituents, to every part of the entire body, and the consequence is, the universal health receives a broadside volley. The whole system becomes languid and weak, every fibre loose and lax. The most susceptible pores, channels and ducts choked up, Leucorrhœa, or whites, frequently supervene, Digestion and Assimilation are impaired, and Female Weakness is established. The Blood becomes Impoverished, various functions may become deranged, and the foundation is laid for a train of symptoms or diseases, the pangs of which tongue cannot express, and which often terminate in Consumption.

You can now readily understand how the atmosphere in close warm stove rooms induces Female Weakness. The inmates are constantly exhaling the natural poison from the lungs, and inhaling, or consuming the oxygen, until the atmosphere, deficient in oxygen, is loaded with poisonous properties, and consequently the Blood with Impurities, a large proportion of which, in a female, have a peculiar tendency to establish the disease in question. Add to these destroying influences, the debilitating effect of constant heat, and need you wonder at the frequency of the disease in the present age?

Treatment—We are pleased to inform you that for this malady, which has been the source of untold misery, and so seldom cured, we are able to offer you, in Northrop & Lyman's Vegetable Discovery, a remedy that Purifies the Blood and cures the disease. Take sufficient of it to regulate the bowels, producing two healthy operations in the day. There is no disease, or complaint, in which the Vegetable Discovery gives quicker relief, or is more effective in its cure than in what is termed Female Weakness.

SEVEN YEARS OF SUFFERING.

A lady in Syracuse writes: "For about seven years before taking Northrop & Lyman's Vegetable Discovery, I suffered from a complaint very prevalent with our sex. I was unable to walk any distance, or stand on my feet for more than a few minutes at a time, without feeling exhausted; but now, I am thankful to say, I can walk two miles without feeling the least inconvenience. For Female Complaints it has no equal."

"Will you dake sumdings?" said a German teetotaler to a friend, while standing near a tavern. "I don't care if I do," was the reply. "Vell, den, let us dake a walk."

We often hear of a woman marrying a man to reform him; but no one ever tells about a man marrying a woman to reform her. We men are modest, and don't talk about our good deeds much.

"Papa," asked a little boy, looking up from his Sunday-school lesson, "what are the wages of sin?" "The wages of sin these days," replied the old man, earnestly, "depend upon circumstances, and one's opportunities and business capacity. But they run up into the thousands."

Why is the discovery of the North Pole like an illicit whiskey manufactory? Because it is a secret still.

"Why did you put that nickel with a hole in it in the contribution box?" asked one man of another. "Because I couldn't put the hole in without the nickel, and I had to put in something."

A traveler being at a coffee-house with some gentlemen, was largely drawing on the credulity of the company. "Where did you say all these wonders happened, Sir?" asked a gentleman present. "I can't exactly say," replied the traveler; "but somewhere in Europe—Russia, I think." "I should rather think It-a-ly," returned the other.

DR. THOMAS' ECLECTRIC OIL.

A SURE AND CERTAIN REMEDY.

THIS celebrated chemical compound is the result of an extensive experience with regard to the curative powers of all the known medical agents, and of a theoretical and practical knowledge of the various chemical affinities brought into play in their combinations. By careful investigation and laborious research, the ingredients—having been selected with special reference to their different virtues and peculiar powers—are so combined as to form a perfectly homogenous compound, possessing, through its wonderful efficacy and manifold healing influences, an adaptedness to a wide circle of disease.

Advertising itself wherever it goes by its wondrous and gratifying effects which it produces, this sterling medicinal preparation, Dr. Thomas' Electric Oil, is winning "golden opinions" in all parts of the Dominion.

Among the pains and aches cured with marvelous rapidity by Dr. Thomas' Electric Oil, is Ear-ache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the hurts, disorders of the bowels, and affections of the throat, to which the young are especially subject.

A neglected Cough brings on Consumption—the most fatal and prevalent of all the physical ills that flesh is heir to. To check the malady in its early stage, before the deadly tubercles develop themselves in the lungs, use Dr. Thomas' Electric Oil, which also annihilates Bronchitis, Asthma, Catarrh, Piles, and Kidney Troubles, Soreness of the Muscles or Joints, and all External Hurts.

UNIVERSAL SATISFACTION.

Mr. A. A. Richard, Carleton Station, N. B., writes: "I know Dr. Thomas' Electric Oil is superior to all other medicines."

Mr. J. D. Burk, Amherstburg, writes: "Ship order for Dr. Thomas' Electric Oil at once. It is the best selling medicine we keep, and I am entirely out."

Messrs. Harrison Bros., Hamilton, Ont., write: "Send as soon as possible, another five gross lot of Dr. Thomas' Electric Oil; our sale for it is rapidly increasing, and we have no medicine that has such ready sale, or gives such universal satisfaction."

Mr. John Anderson, Kinloss, writes: "I venture to say few, if any, have received greater benefit from the use of Dr. Thomas' Electric Oil than I

have. I have used it regularly for over ten years and have recommended it to all sufferers I knew of, and they also found it of great virtue in cases of severe Bronchitis and Incipient Consumption.

Rev. G. W. Brown, Pastor, B. M. E. Church, Chestnut Street, Toronto, writes: "I am pleased to say that Dr. Thomas' Electric Oil is what you claim it to be, as I have been using it for ten years, both internally and externally, and have always received benefit from its use."

ULCERATED SORES FOR NINE YEARS.

Mr. Samuel Bryant, Thedford, writes: "For nine years I suffered with Ulcerated Sores on my leg; I expended over a \$100 to physicians, and tried every preparation I heard of or saw recommended for such disease, but could get no relief. I at last was recommended to give Dr. Thomas' Electric Oil a trial, which has resulted, after using eight bottles (using it internally and externally), in a complete cure. I believe it is the best medicine in the world, and I write this to let others know what it has done for me."

DISEASE OF THE EAR.

Mrs. W. J. Lang, Bethany, Ont., writes: "I was one of the greatest sufferers for about fifteen months with a disease of my ear similar to ulcers, causing entire deafness. I tried everything that could be done through medical skill, but without relief. As a last resort, I tried Dr. Thomas' Electric Oil, and in ten minutes found relief. I continued using it, and in a short time my ear was cured, and hearing completely restored. I have used this wonderful healer successfully in cases of Inflammation of the Lungs, Sore Throat, Coughs and Colds, Cuts and Bruises, etc.; in fact, it is our family medicine."

CANNOT BE BEAT.

Mr. D. Steinbach, Zurich, writes: "I have used Dr. Thomas' Electric Oil in my family for a number of years, and I can safely say that it cannot be beat for the cure of Croup, Fresh Cuts and Sprains. My little boy has had attacks of Croup several times, and one dose of Dr. Thomas' Electric Oil was sufficient for a perfect cure. I take great pleasure in recommending it as a family medicine, and I would not be without a bottle of it in my house."

Mr. Thos. Brunt, Tyendinaga, Ont., writes: "I have to thank you for recommending Dr. Thomas' Electric Oil for Bleeding Piles. I was troubled with them for nearly fifteen years, and had tried almost everything I could hear or think of. Some of them would give me temporary relief, but none would effect a cure. I have now been free from this distressing complaint for nearly eighteen months. I hope you will continue to recommend it."

A gipsy woman promised to show two young ladies their husbands' faces in a pail of water. They looked, and exclaimed, "Why, we only see our faces!" "Well," said the gipsy, "those faces will be your husbands' when you are married."

A young man asked the lady of his affections, the other evening, how she liked the look of his new standing collar. After critically surveying him and the collar, she replied, "Very nice indeed. It looks like a whitewashed fence round a lunatic asylum."

Dr. Franklin's celebrated receipt for cheap sleigh-riding runs as follows: Sit in the hall in your night-clothes, with both doors open, so that you can get a good draught; put your feet in a pail of ice water; drop the front-door key down your back; hold an icicle in one hand and ring the tea-bell with the other. He says you can't tell the difference with your eyes shut, and it's a great deal cheaper.

Cynical Spanish proverb: "A woman's tears cost little but bring her much!"

Patriotic Young Lady. "Is it possible to send a kiss to General Middleton." Clerk. "Oh yes, Miss; but it must be repeated two or three times to make quite sure!"

"Do you think I am a fool?" a violent man once asked of the Rev. Dr. Bethune. "Really," replied the doctor, "I would not venture the assertion, but now that you ask my opinion, I must say that I am not prepared to deny it."

Pat's master told him to go and grease the wagon. He returned after a while and said, "All the grace is gone, bad luck to it." "Why, Pat, I gave you enough to grease five or six wagons." "If you please, Sir, I only got about half over the top of the wagon when the grace run out." "Why, you blundering fool, I meant that you should grease the wheels, not the wagon." "Sure, you told me to grease the wagon, Sir."

DR. A. TRASK'S MAGNETIC OINTMENT

THE GREAT HEALER OF ALL INFLAMMATION.

THE proprietors of this sovereign remedy challenge the world to furnish anything, from the days of Esculapius down to the present time, in the Arcana of Medicine, which can vie with or excel the intrinsic properties of this Ointment.

The worst Sores, Bruises, Cuts, Burns, Skin Disorders, Sprains, Sore Throat, Croup, Rheumatism, Lameness, and all external and internal affections characterized by **INFLAMMATION**, yield to its influence as if by magic. Wherever there is inflammation try this ointment, and you will never be without it.

It never fails to restore the natural functions of the skin and equalize the circulation of the blood. It penetrates to every portion of the human frame; every bone, muscle, vein, nerve, and ligament is searched out and made sensible of its soothing and healing influence. Hence it copes readily with internal as well as external disease. Its success has been marvellous in the most obstinate cases of Inflammation of the Eye, Brain, Throat, Lungs, Bowels, and other delicate organs of the human frame, where the skill of the most eminent physicians has been baffled, while for Sores or Injuries attended with Inflammation, Eruptions of the Skin, as Salt Rheum, Pimples, etc., and Lameness, it is without a rival. Its operation is **SPEEDY**, and containing no minerals, its application is safe, producing immediate relief.

CAUTION.—There are several parties endeavouring to sell a Magnetic Ointment, which is palmed off as the genuine article. Beware of such, and

only take Dr. A. Trask's Magnetic Ointment, and see that the name is blown on the bottle.

Sold by all dealers in medicine.

D. RANSOM, SON & CO., PROPRIETORS.
Buffalo, N.Y.

NORTHROP & LYMAN CO.,
Toronto, Agents for Canada.

THE TERRIFIC TWINGES

Endured by Rheumatics are first soothed and in the end permanently relieved by that beneficent annihilator of pain and preventive of its return, Dr. Thomas Electric Oil, a combination of six medicinal oils, devoid of alcohol, and consequently non-evaporating when applied. Economic, because little of it is usually required to produce the desired effects, and the small cost of which is rendered doubly insignificant by contrast with the salutary results which it achieves. It is equally safe whether taken internally or externally, is applicable to diseases and injuries of horses and cattle, as well as of man, and exterminates Throat and Lung Diseases, Catarrh, Dysentery, Piles, Tumors, Sores, and a great number of other physical ailments.

TWO GREAT MEDICINES. UNION IS STRENGTH.

Miss M. J. Richards, Belleville, writes: "Nearly three years ago I was taken with a pain in my shoulder so that I could not raise my arm. It rapidly grew worse until a severe running sore broke out. For two years I tried a great many physicians in Belleville and Toronto, and nearly everything that I thought would help it, but got no relief. After being in bed for two months, an intimate friend thought if I used Northrop & Lyman's Vegetable Discovery to Purify the Blood and applied Dr. Thomas' Electric Oil on the arm that it might do me good. I must confess I did not have much faith in being cured, as I had tried so many things and did not get any relief from them, but my friend persisted and I commenced taking the Discovery and rubbing the sore with Dr. Thomas' Electric Oil, and in less than two months my arm was completely healed and as strong as it ever was, while my health never was better."

A CURE FOR DEAFNESS.

Mr. S. E. Crandell, Port Perry, writes: "I contracted a severe cold last winter, which resulted in my becoming totally deaf in one ear and partially so in the other. After trying various remedies and consulting several doctors without obtaining any relief, I was advised to try Dr. Thomas' Electric Oil. I warmed the Oil and poured a little of it into the ear, and before one-half the bottle was used my hearing was completely restored. I have heard of other cases of deafness being cured by the use of this medicine."

"I say, John, where did you get that rogue's hat?" "Please, yer Honor," said John, "it's an ould one o' your'n that the Misses gave me yesterday."

A Scotch paper tells the story of a farmer who, after the burial of his wife, drove a hard bargain with the grave-digger, who, bringing his hand down on the shovel, exclaimed, "Down wi' anither shillin', or up she comes!"

Yves Guyot, the Paris journalist, tells how King Louis XVIII., when he returned from exile, asked Fouche if his movements had been watched by spies. Fouche admitted that the Duc de Blacas had been so employed. "And how much did you give him?" asked Louis. "Two hundred thousand livres," was the reply. "Good," said the monarch. "I find he did not cheat me. We went halves."

George Washington never told a lie; but it must be remembered that he entered politics when the country was very new.

"There's nothing like settling down," said the retired merchant confidentially to his neighbor. "When I gave up business I settled down and found I had quite a fortune. If I had settled up, I should not have had a cent."

"Couldn't you find room enough for yourself on that bench, without pushing him off on the floor?" asked an Austin school teacher of the bad boy of the school. "I didn't want any room for myself," was the reply: "I wasn't crowded at all." "Then why did you push him off?" "To give him more room. He was the boy who was crowded, so I pushed him off to give him plenty of room. There is a great deal more room off of a bench than there is on it."

MOTHER GRAVES' WORM EXTERMINATOR.

PLEASANT TO TAKE.

SURE AND EFFECTUAL IN RELIEVING THE SUFFERER.

WORMS are parasitical animals which infest the intestinal canal of the human family. There are five different kinds. The most troublesome are known as the Ascarides, or thread-worm, and are from one-eighth to one and a-half inches long. They infest the lower intestines, causing irritation about the rectum. The Lumbric is a long, round worm, generally from two to six inches long, but sometimes much longer; they infest the small intestines, and occasionally the stomach. The Trichuris is a long, hair-tailed, thread-worm, to be found in the cœcum. The Tœnia, or Tape-worm, of which there are two kinds, occupy the whole tract of the intestines, and are sometimes thirty to forty feet in length.

Worms attack all ages, from the youngest up to the adult, but more frequently between the ages of three and ten years, and are no respecters of persons, the rich and poor, the proud and humble, alike have to seek relief from their ravages. They are not only a cause of disease, but by their irritation aggravate all other diseases. Their presence deranges the whole system, causing the strong to grow feeble, and the glow of health to fade from the cheek.

The usual symptoms of worms in children are, indigestion, irregular appetite, moaning and restlessness during sleep, grinding of the teeth, swelling and hardness of the abdomen, with frequent slimy stools, countenance pale, picking at the nose, offensive breath, low spirits, irritable and feverish, frightful dreams, headache, pain in the stomach, urine turbid, convulsive fits, and a gradual wasting away of the flesh, etc. When any of these symptoms are noticed, do not delay in getting relief for the sufferer.

In administering medicine to children, one important thing is to get something that will be pleasant to the taste, and at the same time effectual in accomplishing the end desired. In

MOTHER GRAVES' WORM EXTERMINATOR

These two desirable qualifications are to be found. It is put up in the form of a syrup, and is so agreeable that children will not refuse it; in fact, so pleasant that it will have to be placed beyond their reach or they will empty the bottle. As regards its efficacy, we can say that before placing

it on the market the originator gave it a thorough test, with the most gratifying results, and we have no hesitation in placing it on the Canadian market, feeling confident when once introduced it will give such satisfaction that we will not have cause to regret the venture.

This medicine does not require the help of any purgative medicine to complete the cure. It effectually destroys the worms, and removes the nests in which their young are deposited, thus relieving the sufferer of their injurious effects.

Mr. L. A. Purdy, of Brighton, says: "His little daughter was very much afflicted with pin-worms, but a few doses of Mother Graves' Worm Exterminator destroyed them."

Mr. Geo. Burke, Quebec, writes: "I have used Mother Graves' Worm Exterminator and found it the best thing I ever used for worms."

Prepared by **NORTHROP & LYMAN CO.**, Toronto, Ont. Price 25 Cents.

DR. KELLOGG'S CATARRH SNUFF.

FOR CATARRH, COLD IN THE HEAD, HEADACHE, ETC.

One of the most common of all disorders to which the human body is subject in this changeable climate is Catarrh. It is contracted generally by exposure to draughts or damp atmosphere. It may at first be only what is commonly called cold in the head, but if neglected it eventually becomes chronic, and is exceedingly troublesome, causing derangement of the stomach and whole system. The smell is impaired and sometimes destroyed, appetite gone, and general emaciation frequently occurs.

Dr. Kellogg's Snuff

Is specially adapted for this disease, and we do not hesitate to pronounce in the strongest terms of its unfailing efficacy in relieving and eventually curing the afflicted.

It gives immediate relief to the dull, heavy pains caused by cold in the head. It opens and purges out all obstructions, strengthens the glands, and gives healthy action to the parts affected.

Mr. Paul Thibodeau, Cavendish Road, P. E. I., writes: "I have had Catarrh for twelve years, and fifty-cents worth of Kellogg's Snuff did me more good than \$50 worth of medicine which I had from the most eminent medical men of Montreal, Quebec, St. John and Charlottetown. I think one more bottle will completely cure me."

NORTHROP & LYMAN CO., Toronto.

Price 25 cents. Sole Agents for Canada.

A gentleman said to his Hibernian servant: "Pat, here comes a funeral; do you know who is dead?" "Faith, I guess, Sir, it must be the man in the coffin," was the reply.

An Iowa paper tells of a smart wife that helped her husband to raise seventy acres of wheat. The way she helped him was to stand in the door and shake a broom at him when he sat down to rest!

Darwin acknowledged himself matched when his little niece asked him, seriously, what a cat has that no other animal has. He gave it up, after mature deliberation, and then the sly puss answered, "kittens."

"You have heard, my love, that Amanda is about to marry Arthur?" "I know it, but what I can't understand is that a woman as intelligent as she is can consent to marry a man stupid enough to marry her."

Worth makes the man; but when Worth makes the dress he breaks the man.

A pug dog must be awfully ashamed to be seen in company with a woman who is fool enough to lug him about.

A dull preacher once took the celebrated Robert Hall to task for his chaffing conversation: "How can a man who preaches like you," he said, "Talk in so trifling a manner?" "That's just the difference between us," replied Hall. "You talk your nonsense in the pulpit—I talk mine out of it."

"Wife," said a broker a few days since, "do you think I shall ever be worth half a million dollars?"

"Ain't I worth that to you?" said the confiding spouse.

"Y-e-s," said the other half; "but I can't put you out at interest."

THE GREAT BLOOD PURIFIER.

The great source of disease originates in the **BLOOD**, and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention. When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, **NORTHROP & LYMAN'S VEGETABLE DISCOVERY** will renew the blood, carry off the putrid humors, cleanse the stomach, regulate the bowels, and impart a tone of vigor to the whole body.

Why is this Medicine performing such great cures? Because it works in the **BLOOD**, in the Circulating Fluid. It can truly be called the **GREAT BLOOD PURIFIER**.

A MAN'S LIFE SAVED.

I would not be doing justice to the afflicted if I withheld a statement of my experience with Jaundice, and how I was completely cured by using

NORTHROP & LYMAN'S VEGETABLE DISCOVERY.

No one can tell what I suffered for nine weeks, one-third of which I was confined to my bed, with the best medical skill I could obtain in the city trying to remove my affliction, but without even giving me temporary relief. My body was so sore that it was painful for me to walk. I could not bear my clothes tight around me, my bowels only operated when taking purgative medicines, my appetite was gone, nothing would remain on my stomach and my eyes and body were as yellow as a guinea. When I ventured on the street I was stared at or turned from with a repulsive feeling by the passer-by. The doctors said there was no cure for me. I made up my mind to die, as **LIFE HAD LOST ALL ITS CHARMS**. One day a friend called to see me and advised me to try Northrop & Lyman's Vegetable Discovery. I thought if the doctors could not cure me, what is the use of trying the Discovery, but after deliberating for a time I concluded to give it a trial, so I procured a bottle and commenced taking it three times a day. **JUDGE OF MY SURPRISE**, at the expiration of the third day to find my appetite returning. Despair gave place to hope and I persevered in following the directions and taking hot baths two or three times a week until I had used the fifth bottle. I then had no further need for the medicine that had **SAVED MY LIFE**—that had restored me to health—as I was radically cured.

The natural color had replaced the dingy yellow; I could eat three meals a day, in fact the trouble was to get enough to eat. When I commenced taking the Discovery my weight was only 132½ lbs., when I finished the fifth bottle it was 172½ lbs., or an increase of about ½ lb per day, and I never felt better in my life. No one can tell how thankful I am for what this wonderful medicine has done for me. It has rooted out of my system every vestige of the worst type of Jaundice, and I don't believe there is a case of Jaundice, Liver Complaint or Dyspepsia that it will not cure.

(Signed), W. LEE, Toronto.

The introduction of package dyes was the dawn of a new era in the coloring business. Previous to that time coloring was tedious and only the few had the secret of getting brilliant or fast colors.

Now this is all changed, and anyone with ordinary intelligence and care can get brilliant and lasting colors by using the

STAR DYES.

These dyes are manufactured from the best and purest materials, so that you are certain to get good colors every time if your goods are free from grease, and the directions followed.

Old silks, faded ribbons, etc., can be made to look like new, by using the Star Dyes.

They are just what you want for coloring carpet-rags, old dresses, stockings, etc.

Beautiful ornaments can be made out of grass, wheat, oats and other grain after coloring them with the Star Dyes.

They are a boon to the economical woman who wishes her children to look fresh and neat.

The person with an ingenious mind and decorative taste can find hundreds of ways to beautify their home by the use of the Star Dyes.

The purple makes an ink much superior to what you can buy; it does not corrode the pen, and is much cheaper than any other ink, and in every way will give you more satisfaction.

They are put up in packages, handy and convenient, and if the directions are followed, the results will be all that we claim for them.

Mr. D. Darrach, Druggist, Kensington, P.E.I., writes: "I believe the Star Dyes are superior to any."

As there are several persons putting up package dyes, don't fail to get the Star Dyes, with our names on each package.

It is unlucky to have thirteen persons at the table when there is only dinner enough for ten.

Why can't an orator tickle nine Esquimaux? Because he can jes' tickle eight (ge.culcate).

Average!—A farmer sent his boy to the "sugar-bush" to look after the sap buckets. When the boy returned, his father asked, "How are they?" "Well," the boy replied, "some are half full, some are full, and some are running over. I guess they'll average about full."

When a man's hair stands on end, an ordinary person says his hair stands; but you can't get a doctor to talk in that way. The doctor calls it horripilation. This makes the patient's hair stick up worse than ever, but it gives the family confidence in the doctor.

When a woman wants to get rid of her husband for an hour, she sends him up stairs to get something from the pocket of one of her dresses.

A little boy asked his mother what blood relations meant. She explained that it meant near relatives, etc. After thinking a moment, he said:

"Then, mother, you must be the bloodiest relation I've got."

The elder Booth, the tragedian, had the misfortune to have his nose broken by Tom Flink. A lady once said to him:

"I like your acting, and beautiful reading, Mr. Booth, but I cannot get over your nose." "No wonder, madame," replied he, "the bridge is gone!"

DR. THOMAS' ELECTRIC OIL.

WORTH ITS WEIGHT IN GOLD.

CATARRE.—A prominent minister of the city of Toronto had Catarrh for a long time and went through a thorough course of medicine by skilful city physicians, but the disease was so deeply rooted that they were unable to cure it. A druggist advised him to try Dr. Thomas' Electric Oil, which he did, by putting a few drops on cotton batting and placing it in the nostril. He faithfully persevered with this treatment when, to his own and his physician's astonishment, he was cured. We don't think there is any medicine that is as efficacious for this disease as Dr. Thomas' Electric Oil.

RHEUMATISM.—Mr. G. W. Macully, Pavilion Mountain, B.C., writes: "Dr. Thomas' Electric Oil is the best medicine I ever used for Rheumatism."

Mrs. D. Morrison, Farnham Centre, P.Q., writing about Dr. Thomas' Electric Oil, says: "George Bell used it on his son, and it cured him of Rheumatism with only a few applications. The balance of the bottle was used by an old gentleman for Asthma, with the best results. It acts like a charm."

John Hays, Credit, P.O., says: "His shoulder was so lame for nine months that he could not raise his hand to his head, but by the use of Dr. Thomas' Electric Oil the pain and lameness disappeared, and although three months have elapsed, he has not had an attack of it since."

ASTHMA.—Mr. E. Birdsall, Canboro, writes: "For nearly four years I was troubled with Asthma so bad that for three or four nights at a time I would get little or no sleep, and would have to sit propped up with pillows. I tried three or four doctors, but without success, and no medicine seemed to do me any good, until finally I tried Dr. Thomas' Electric Oil by taking half a teaspoonful on sugar whenever I felt the choking sensation. It always gave me relief, and before I had used it six weeks I was completely cured, and have had no attacks since, now nearly two years."

A BAPTIST MINISTER'S EXPERIENCE.

"I am a Baptist Minister, and before I even thought of being a clergyman I graduated in medicine, but left a lucrative practice for my present profession, forty years ago. I was for many years a sufferer from Quinsy; Dr. Thomas' Electric Oil cured me. I was also troubled with Hoarseness, and Dr. Thomas' Electric Oil always relieved

me. My wife and child had Diphtheria; and Dr. Thomas' Electric Oil cured them, and if taken in time it will cure seven times out of ten. I am confident that it is a cure for the most obstinate Cold or Cough, and if anyone will take a small teaspoon and half fill it with the oil, and then place the end of the spoon in one nostril and draw the oil out of the spoon into the head by sniffing as hard as they can until the oil falls over into the throat, and practice that twice a week, I don't care how offensive their head may be, it will clean it out and cure their Catarrh. For Deafness and Earache it has done wonders to my certain knowledge. It is the only medicine dubbed patent medicine that I have ever felt like recommending, and I am very anxious to see it in every place, for I tell you I would not be without it in my house for any consideration. I am now suffering with a pain like Rheumatism in my right limb, and nothing relieves me like Dr. Thomas' Electric Oil.

"DR. E. F. CRANE,
"Corry, P.A."

HORSES AND CATTLE.

There are many persons who have been using 20 or 30 years what they considered never-failing remedies for Horses and Cattle, who have entirely abandoned their use, and now freely admit that the Electric Oil is not only the cheapest but the best. It cures Colic in 20 minutes; Galls (*and work the horses every day*); Contraction or Cracking of the Hoof; Distemper, Scours, Sweeney, Curb, Corks and Scratches. If your Cows have become nearly useless from Garget or Sore Teats, this oil will cure them. If you have a horse or an ox taken suddenly ill, and do not know what the trouble is, give them four tablespoonfuls of the oil, according to directions, and in 99 cases out of 100 it will cure. *Remember this!*

Mr. W. R. Lazier, Bailiff, etc., Belleville, writes: "I find Dr. Thomas' Electric Oil the best medicine I have ever used in my stable. I have used it for Bruises, Scratches, Wind Puffs and Cuts, and in every case it gave the best satisfaction. We use it as a household remedy for Colds, Burns, etc., and it is a perfect panacea. It will remove warts by paring them down and applying it occasionally."

P. M. Markell, West Jeddore, N.S., writes: "I wish to inform you of the wonderful qualities of Dr. Thomas' Electric Oil. I had a horse so lame that it could scarcely walk; the trouble was in the knee; and two or three applications completely cured him."

Mrs. O'Hearn, River Street, Toronto, used Dr. Thomas' Electric Oil for her Cows for Cracked and Sore Teats; she thinks there is nothing like it. She also used it when her Horses had the Epizootic, with the best results.

Little Jack—"My mamma's new fan is hand-painted." Little Dick—"Pooh! who cares? Our whole fence is."

It is a noticeable fact that in a race between a man and a goat, the sympathies of the public are always with the goat.

An accordion is like the vain-glorious man. He can be drawn out easily enough, but the trouble begins when you try to shut him up.

A lady called at a drug store where they also kept books, and inquired of one of the firm: "Have you 'Grote's Greece?'" "No, mum; but we've got some excellent bear's oil."

"The bees are swarming, and there's no end to them," said farmer Jones, coming into the house. His little boy George came in a second afterward and said there was an end to one of 'em, anyhow, and it was red hot, too.

It is said that the ordinary life of a bee is only ninety days. The end of a bee, however, is very lively.

You can tell an ex-schoolmaster every time. He always tries his chair with his hand before sitting down on it.

It may be right occasionally to take a bull by the horns, but it is always well to keep in mind that the horns belong to the bull.

The compactest verdict ever rendered was probably that of an Indiana coroner's jury: "Blode to peeces bi the biler bustin."

"What's the matter?" "Well, you know Sarah Snivels, don't you, Peter?" "Yes." "I discarded her last night." "You did! What for?" "Well, I'll tell you. She said she wouldn't marry me, and I'd discard any girl that would treat me in that way."

DR. J. D. KELLOGG'S DYSENTERY CORDIAL.

A SURE CURE FOR

Dysentery, Diarrhoea, Cholera, Griping Pains in the Bowels, Summer Complaints, Children Teething, Sea Sickness, Etc.

VERY many persons die annually from cholera and kindred summer complaints who might have been saved if proper remedies had been used. Some persons have periodical attacks of Cholera or Dysentery, and have always to use discretion in their diet or the dreadful attacks will come on.

Thousands of children are carried off annually by summer complaints, which are so quick in their action, that the cold hand of death is upon the victims before we are aware that danger is near. The strongest man has to reel under its iron grasp, and the young and delicate soon fall a prey to its havoc.

IF ATTACKED,

do not delay in getting the proper medicine. Try a dose of Dr. J. D. KELLOGG'S Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure. Those who have used it pronounce in the strongest terms in its favour. They say it acts promptly and thoroughly subdues the pain and disease. No one need fear Cholera if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial and use it on the first appearance of that dreadful scourge.

Mrs. Stack, Toronto, writes: I have much pleasure in saying that four doses of Dr. J. D. Kellogg's Cordial cured me of a very severe attack of Cholera Morbus. I never saw anything act so quick in subduing the pain and stopping the purging.

Mr. Geo. Smedley, Toronto, says Kellogg's Dysentery Cordial cured him of Cholera Morbus.

Mr. J. J. Doyle, Sackville St., Toronto, writes: I am pleased to testify to the excellence of Dr. J. D. Kellogg's Dysentery Cordial and would not be without it. I was very ill with cramps and could not get anything to relieve me until I was advised to use the Cordial, which gave me instant relief.

Sold by all Medicine dealers. Price 25 cents.

NORTHROP & LYMAN Co., Toronto,
Proprietors.

WHAT TORONTO'S WELL-KNOWN GOOD SAMARITAN SAYS:

"I have been troubled with Dyspepsia and Liver Complaint for over twenty years, and have tried many remedies, but never found an article that has done me as much good as Northrop & Lyman's Vegetable Discovery."—CLARA E. PORTER.

DR. J. D. KELLOGG'S EYE WATER.

For the Cure of all Diseases of the Eye, such as Inflammation, Films, Opacities, Specks, Abnormal Growths on the Mucous Surfaces, and Gargre.

TO describe the diseases to which the eye is subject would require more space than we have at our disposal. They are numerous and sometimes very difficult to treat and should only be treated by those who have a thorough knowledge of medicine. You should never use eye water, wash, or salve, that has not been prepared by an experienced chemist. Using home-made eye medicines is poor economy, as you run the risk of destroying that sensitive, complex and beautiful structure the "Window of the Soul."

Dr. J. D. Kellogg's Eye Water promptly stops inflammation, cools and soothes the diseased parts, strengthens the sight and restores the organ to a natural healthy action.

This most excellent eye medicine stands at the head of the list of remedies for the cure of sore eyes. It has been on the market for a number of years, and we have never had one complaint against it, nor has it come to our knowledge one instance in which it has failed to effect a complete cure where the directions were followed.

Do not suffer the loss of your sight, or go day after day with sore and inflamed eyes, when you can get a pleasant and cooling lotion in Dr. KELLOGG'S EYE WATER for 25 cents per bottle. Try it without delay.

Mr. James Hendry, Stewart's Bay, Ont., writes: "I received Dr. Kellogg's Eye Water, and am glad to say that it has done me a great deal of good. It soon removed the inflammation, and is gradually removing the film. It is much easier on the eye than any other remedy I have ever tried. I will recommend it to any one I meet with suffering from sore eyes, etc."

Notice the name, "Dr. J. D. Kellogg's Eye Water," prepared only by Northrop & Lyman Co., Toronto. Sold by all medicine dealers, 25cts per bottle.

Why is chloroform like Mendellsohn? Because it is one of the great composers of modern times.

A lady of a certain age says that the reason an old maid is generally so devoted to her cat is that, not having a husband, she naturally takes to the next most treacherous animal.

One day last summer, as two English students were on their way for a day's fishing on the Earn, they passed through a field where a rustic beauty, "whose ruddy cheeks made blush the rose," was thinning turnips. One said to the other, "Let me give you a laugh at the expense of this lovely nymph. Ho, there, my beautiful lily, born to blush unseen, come here, and I will kiss you," said the would-be wit. She looked up with a sweet smile and a merry twinkle in her eyes, and said, "Na, na, I ne'er was sae fond o' veal as to kiss a calf."

Benevolent Lady.—I'm glad to see that you wear a blue ribbon. Crossing Sweeper.—Yes'm, I gets as much in the way o' charity for wearin' on it, as buys me drops o' beer an' such like comfort.

A young lady who teaches music in an academy in Western New York, sent an order to a publisher recently, in which she had spelled words very poorly. She apologized by adding a postscript as follows: "You must eskews this letter, as I pla bi noat, but spel bi ear."

"Can't you manage to give my son one of the prizes at the exhibition?" asked a mother of a teacher. "No, madam," was the reply. "Your son will stand no chance; he obstinately persists in idleness." "Oh, but then," exclaimed the fond mamma, "if that's so, you can give him a prize for perseverance!"

CANADIAN PAIN DESTROYER

As a family medicine, it is well and favourably known, relieving thousands from Pain in the Side, Back and Head, Coughs, Colds, Sore Throat, Sprains, Bruises, Cramps in the Stomach, Cholera Morbus, Dysentery, Bowel Complaints, Burns, Scalds, Frost Bites, etc.

The Canadian Pain Destroyer is composed entirely of vegetable ingredients, and by means of improved processes of preparation, the valuable and healing qualities of the different articles entering into its composition are extracted in all their purity, while all useless and deleterious matter is removed, and thus in a small compass much power is concentrated, and a small quantity only of the medicine is needed to effect a cure.

The Canadian Pain Destroyer is a medicine for the immediate and permanent removal of all pains from the system, its action being first to allay all the inflammatory symptoms of the disease, thereby assisting Nature to rally, and enabling the different organs to perform their several functions; and secondly, by acting as a general alterative, thereby removing the causes of disease and renovating the action of the system, instituting fresh vigor into the vital form, and thus causing the heart of the despondent or low-spirited once more to vibrate with cheerful hopes, and make the world and things around him to look with a more cheerful and pleasing aspect, and enabling him to attend to his routine of business, with an energy that seemed before almost impossible.

It is one of the most important and valuable agents known for the eradication of pain from all parts of the system. Tic-Doloureux, Tooth-ache, Neuralgia, and other painful diseases of a like nature, are easily overcome by its heating power, Sick Headache, Cramps in the Stomach, Cholera Morbus, Dysentery, Sudden Colds, etc., all disappear under its magic operation; and whether used externally or internally, it gives immediate relief. In severe cases of burns and scalds it has been

tried, and its cures have been very remarkable. Vomiting, Sea Sickness, Heartburn, Sour Stomach, Dizziness, Faintness, etc., are relieved by taking a few drops in water. In fact, it is the medicine that should be in every family and for all emergencies.

BURNS AND SCALDS.

No one should be without a bottle of the Pain Destroyer, to apply at once, in case of Burns and Scalds. By wrapping up the part affected in a cloth saturated with the Pain Destroyer, the fire is extracted in a few minutes, and thus a great amount of pain and suffering is prevented.

We are satisfied that it has no equal as a pain-destroying agent, and therefore recommend it with the greatest confidence to the suffering public; and to all sufferers we would say, do not let your prejudice or the prejudices of others stand in the way of the relief that is sure to follow the use of this standard medicine.

Miss A. Wells, Toronto, says: "I have used Canadian Pain Destroyer for Coughs, Colds, Chills, Tooth-ache, Neuralgia, etc., and I can bear testimony to its excellent qualities for such complaints. As a family medicine, I don't think it can be equalled, and since I first tested and found its value, I am never without a bottle of it."

Mr. Robert Colby, of Toronto, accidentally put his hand in a pot of hot sealing-wax, causing the skin to peel off with the wax. In less than one minute from the time the Canadian Pain Destroyer was applied the pain was subdued; in two hours he was ready to attend to his duties, and in less than a week the hand was completely healed.

Dr. Samuel Sherrick, Waterloo Township, says: "I have used in my practice considerable quantities of Canadian Pain Destroyer, and with very satisfactory results in Rheumatic Affections, Diarrhoea, Colic, Cramps, Lameness, Pains of the Bones, Joints," etc.

TWENTY YEARS' EXPERIENCE.

Mr. D. Lawrenson, St. Andrews, Walsh Co., Dakota, writes: "I have used your Canadian Pain Destroyer very freely in my family for the last 20 years, and I find it a first class pain destroyer, and if introduced here it would have a ready sale."

As a family medicine it is indispensable, and should be in every house ready for any emergency.

NORTHROP & LYMAN CO., Toronto,
Price, 25 cents. Sole Proprietors.

Inflammation of the Eyes Cured.

Mr. Jacob D. Miller, Newbury, writes: "I was troubled with Inflammation of the Eyes, so that during nearly the whole of the summer of 1882 I could not work; I took several bottles of Northrop & Lyman's Vegetable Discovery, and it gives me great pleasure to inform you that it cured me of my affliction. It is an excellent medicine for Costiveness."

"Ah! you flatter me," lisped a dude to a pretty girl with whom he was conversing. "No, I don't," was the reply; "you couldn't be any flatter than you are now."

"Don't you think you have a good mamma, to spread such nice large slices of bread and jam for you?" said an old lady to a little boy, who was enjoying his tea. "Yes," was the reply, "but she would be still better if she'd let me spread on the jam myself."

"My son," said the fond father to his little son whom he had been punishing, by the use of the rod, for the first time; "my son, I hope this has taught you a lesson." "Yes, pa," the little fellow sobbingly replied; "it's taught me that it's better to give than to receive."

Wealth has its cares as well as poverty, but they are more popular.

If a lady has a red nose, every one inquires about her bad cold. If a man has a red nose, every one swears they can smell whiskey fifty yards off.

You make a great mistake in thinking that the world will break all in pieces when you leave it. It is barely possible, on the other hand, that you are persistently standing in the way of a better man.

Nobody likes to be nobody; but everybody is pleased to think himself somebody. And everybody is somebody; but when everybody thinks himself somebody, he generally thinks everybody else is nobody.

HERE is no known remedy equal to this for the relief and cure of Asthma. It has given relief when the sufferers have tried everything they have heard of for the cure of that dreadful disease.

It will remove that distressing tightness of the chest so well known to asthmatics. It will remove the difficulty experienced in breathing. It will soothe the patients into a calm and natural sleep, and if they have had to sleep in an erect position to keep from suffocating, Kellogg's Asthma Remedy will remove the difficulty, and they can refresh and invigorate their bodies by reclining on their beds. **For Hay Fever, Bronchitis, Catarrh, Cold in the Head, etc.**, this remedy has been found of great value.

WHOOPIING COUGH has been cured by the use of Dr. Kellogg's Asthma Remedy. Some bad cases have been cured by burning a small quantity of it in the room for two or three nights after the little sufferers had retired.

WHAT IT HAS DONE.

Mr. Wm. H. Smith, Cottam, writes: "Kellogg's Asthma Remedy never fails to give me instant relief."

Mr. J. Mooney, Mimico, says: "It is the only thing that gives me relief."

Mrs. G. Davidson, Havelock, writes: "I have used Kellogg's Asthma Remedy and found it an excellent article."

Mr. Thos. Mehan, Algonquin, writes: "It is just the thing for Asthma."

Mr. Geo. Faulkner, West Jeddore, N. S., writes: "Kellogg's Asthma Remedy gave me immediate relief. I suffered for years with that disease and this is the first relief I received. All who are suffering from this disease will receive a sure cure by following the directions."

Mr. M. E. McLeod, Dickinson, D. T., writes: "I used Kellogg's Asthma Remedy and it done wonders for me."

Mr. Christopher Rhode, Mitchell, writes: "I tried a box of Dr. Kellogg's Asthma Remedy, and would say to all parties afflicted with Asthma that it is the best thing I ever used for it; after inhaling I can go to bed and sleep all night, something I had not done for years before."

Sold by all medicine dealers: small boxes 25c. large boxes \$1.

HOLLOWAY'S LOZENGES } - W O R M - { CANDY

ONE great cause of disease in the human family is to be attributed to Worms. They attack all ages, from the youngest up to the adult, but more frequently between the ages of three and ten years. They often produce alarming effects without being suspected. They are not only a cause of disease, but by their irritation aggravate all other diseases. Their presence deranges the whole system, causing the following

SYMPTOMS OF WORMS:

Indigestion, Irregular Appetite, Moaning and Restlessness during Sleep, Grinding of the Teeth, Swelling and Hardness of the Abdomen, with frequent Slimy Stools, Countenance Pale, Picking at the Nose, Offensive Breath, Low Spirits, Irritable and Feverish, Frightful Dreams, Headache, Pain in the Stomach, Urine Turbid, Convulsive Fits, and a gradual wasting away of the flesh, etc. When any of these symptoms are noticed, do not delay in getting relief for the sufferer.

An excellent domestic remedy for Worms, and which is perfectly safe, is to be found in

HOLLOWAY'S WORM LOZENGES AND CANDY.

They are vegetable compositions, and as easily taken by children as common candy, which makes them very desirable medicines to administer, especially to small children. They act specifically on the Worms, and are sure to kill and expel them from the stomach and intestines.

A single trial is sufficient to convince parents that these are excellent worm medicines, which will do the work thoroughly. They not only destroy worms, but dissolve the superabundant slime or mucus so prevalent in the stomach and bowels of children. This mucus forms the bed in which worms produce their young; it is, therefore, very necessary that it be removed, if you desire your children to be free from worms, and in a healthy condition.

Holloway's Worm Lozenges are put up in large boxes and sold at 25 cents, and the Candy in sticks at 12½ cents. Full directions with each.

What is the difference between a sailor and a soldier? The one tars his ropes, the other pitches his tents.

A bachelor, according to the latest definition, is a man who has lost the opportunity of making a woman miserable.

Timid Buyer.—“Is the horse shy or timid?” Ardent Seller.—“Not a bit of it. Why, he sleeps all alone in his stable.”

An old negro cook says: “Sass is powerful good in everything but children. Dey needs some oder kind of dressin’.”

It is said that lovesickness checks the growth of young people. We don't believe it. They increase in sighs all the time.

“How do you know when a cyclone is coming?” asked a stranger of a Western man. “Oh, we get wind of it,” was the reply.

Woman is the pearl of creation, hence she expects to be mounted in gold like other pearls.

At a school examination: “What is a monarchy?” “A country governed by a king.”—“Who would rule if the king should die?” “The queen.”—“And who would rule if the queen should die?” “The jack.”

“I return the inclosed manuscript,” wrote the editor of a religious weekly, “simply because I am so full at present.” The contributor replied that when the editor's tooth was over he would be glad to submit the manuscript again.

An Arkansas editor, in retiring from the editorial control of his newspaper, said: “It is with a feeling of sadness that we retire from the active control of this paper; but we leave our journal with a gentleman who is abler than we are, financially, to handle it—a gentleman well known in this community. He is the sheriff.”

CANADIAN LIQUID HAIR DYE.

WE expect to find the hair of the debilitated and sickly turn gray early in life, but they have not a monopoly of that undesired color, for it is not a rare thing to find persons with the bloom of youth upon the cheek, and the firm sprightly step of the strong and robust, with gray, and sometimes white hair.

Various causes have been assigned for this undesirable change, but generally it is impossible to account for it. All we can do is to color it to its original shade by artificial means. This can be done by the use of the

CANADIAN HAIR DYE.

a preparation that has always given perfect satisfaction.

This celebrated Dye is unequalled for changing both red and gray hair to a beautiful black or brown, as may be preferred, without in the least injuring the hair. Gentlemen will find it unsurpassed for obliterating white hair among their whiskers, and for touching up the beard or moustache to any shade or color.

It is over twenty years since the Canadian Hair Dye was first introduced, and as it has a larger sale in Canada than all other Hair Dyes combined, this, we think, is conclusive evidence that it has given satisfaction.

Unlike many other preparations, it will neither rub nor wash off, and as it is complete in itself, it is much more convenient than those requiring two separate bottles. ●

Prepared only by **NORTHROP & LYMAN CO.**, Toronto. Price 50 cents per bottle.

WHEN YOU NOTICE unpleasant sensations after eating, at once commence the use of Northrop & Lyman's Vegetable Discovery, and your Dyspepsia will disappear. Mr. James Stanley, Merchant at Constance, writes: "My wife has taken two bottles of Northrop & Lyman's Vegetable Discovery for Dyspepsia, and it has done her more good than anything she has ever used."

Mr. R. H. Baker, Ingoldsby, writes: "I am completely cured of Dyspepsia, that caused me great suffering for three years. Northrop & Lyman's Vegetable Discovery is the medicine that effected the cure, after trying many other medicines." ●

HOLLOWAY'S CORN CURE, A Sure Cure, a Speedy Cure and a Cheap Cure.

One of the most annoying troubles that a person can have is corns. It is one that deprives us of what pleasure there is in walking, or even wearing a neat boot. Only when resting, and with our slippers on can we obtain ease and comfort.

Corns are caused generally by wearing ill-fitting boots or shoes. If our boots are too large or too small, they will by their uneven pressure induce the growth of an excrescence or thickened scarf skin, which gradually sinks into the mucous network, and then into the true skin which is the organ of touch.

There are several kinds of corns, and some are very difficult to remove, but none of them can withstand **HOLLOWAY'S CORN CURE**.

This never failing medicine removes them without any inconvenience to the sufferer, as can be testified by those who have used it. The following testimonials are evidence of what it has done, and will do again if used according to directions.

ANNIHILATING CORNS.

Mr. Thomas Sabin, of Eglington, says: "I have used **HOLLOWAY'S CORN CURE** with the best results, having removed ten corns from my feet. It is not a half-way cure or reliever, but a complete extinguisher, leaving the skin smooth and clear from the least appearance of the Corns."

Mr. J. W. Brown, Chicago, Ill., writes: "Where can I get some of **HOLLOWAY'S CORN CURE**? I was entirely cured of my corns by this remedy, and I want to get some more to give relief to some of my friends."

Mrs. George Simpson, Toronto, says: "I have suffered severely with corns, and was unable to get relief from treatment of any kind until I was recommended to try **HOLLOWAY'S CORN CURE**. After applying it for a few days I was enabled to remove the corn, root and branch—no pain whatever, and no inconvenience in using it. I can heartily recommend it to all suffering from corns."

Mr. Joseph Wallace, Louisville, writes: "I suffered with corns for 40 years, for the last two or three years I could scarcely walk except by the help of a cane. I tried different kinds of corn cures, but got no relief until I got a bottle of **HOLLOWAY'S CORN CURE**. After applying it for a few days only, I removed the corn, root and branch. I have pleasure in recommending it to all sufferers."

Price 25 cents per bottle.

You may depend upon it that he is a good man whose intimate friends are all good.

Popinjay says that he wishes that he could induce his wife to try the early-closing movement on her mouth.

"I wonder what makes my eyes so weak!" said a top to a lady. "Perhaps they are in a weak place," she kindly suggested.

The transformations of nature are wonderful. Put a herring in a tin box with some cottonseed oil and it immediately turns into a sardine.

A New York dude recently declined a piece of shad for dinner. He had been told that fish food made brain, and didn't want to unfit himself for the position he occupied in society.

"Shakey," said a Canal street clothier to his son on Friday morning, "mark up everydings a cawoter of a tollar, und put out a sign 'Trade tollars daken here vor a hundret cents.'"

A woman should not scream at the sight of a mouse. It lets the ferocious animal know right where she is located, after which it may advance with the certainty of death upon its quivering prey.

"Are you going to Miss Fussonfeather's party?" asked a young lady of a friend as they met on the street. "No," was the response. "And why not, pray? It is to be very swell." "Yes, I know; but I haven't anything to wear." "Oh! you don't need anything much. It's to be a full dress, you know."

PERSIAN BEAUTIFIER.

For Beautifying and Preserving the Complexion, Removing Tan, Sunburn, Freckles, and all roughness of the Skin.

TO make good use of the powers of fascination conferred on woman, to charm by her beauty and manner, to cloth herself in becoming colors and tints and to exhibit her fascinating powers in numerous ways, is the desire of every lady of spirit. A lady without these desires sinks into insignificance and is soon forgotten, while the one with a beautiful, fascinating face is remembered long after she has faded away from the scenes of life, or gone from those she captivated by her charms.

HOW TO BE BEAUTIFUL, and consequently powerful, is a question of far greater importance to the female mind than who is or who is not Premier of Canada, or leader of the Opposition. If women are to govern, control, influence and retain the love of their husbands, lovers and admirers, they must not neglect the means that are placed before them for increasing or preserving their beauty. It is true all are not and cannot be beauties; but there are none so plain or homely that they cannot, by using the proper means, do something to enhance their beauty.

One of the most useful articles of the toilet is

PERSIAN BEAUTIFIER.

and any lady who has used it once and learned its value will never do without it. It imparts a youthful bloom and lively expression to the countenance; it softens the plainest features, and the roughest skin is made smooth and beautifully clear. It is just what the Ladies require to remove Tan, Sunburn, Freckles, etc.; in fact it is the great secret of beauty, and very justly deserves the reputation it has sustained for years as being entirely free from anything poisonous or injurious to health or skin.

A young lady writes: "Send me two bottles of Persian Beautifier at once per express, as I must have it at any cost. I used a bottle while in Canada on a visit last summer, and I don't think there is anything equal to it."

NORTHROP & LYMAN CO.,

TORONTO, SOLE AGENTS.

Price 50 cents.

NORTHROP & LYMAN'S BEEF, IRON AND WINE

Is a preparation combining in a pleasant and agreeable form all the stimulating and nutritious tonic properties of the above named ingredients, chemically combining the elements that make up the human system and are well calculated to supply and re-create the wasted body. Its agreeableness to the taste, restoring and invigorating properties, combined with its powers to vitalize and enrich the blood, render it peculiarly adapted for delicate ladies and children, many of whom object to bitter or nauseous tonics.

It is a most effective strengthener and restorative, and admirably adapted for impaired digestion. As a nutritious tonic it will be found invaluable in the treatment of Impaired Nutrition of the Blood and in all the various forms of General Debility.

If your stomach is weak use Northrop & Lyman's BEEF, IRON AND WINE, to tone and strengthen it.

If your appetite is poor and you are weak and languid, use this BEEF, IRON AND WINE to improve the appetite and restore to the system its exhausted powers, and thus by the general vigor which it imparts, create an appetite and restore the weak and broken down to health and strength, dispel gloomy spirits, enrich the blood and tone up the whole system.

Price \$1 per bottle. Prepared by

NORTHROP & LYMAN CO.,
Toronto.

BAD DREAMS GONE.

Mrs. M. Stephens, of Albany, N. Y., writes us as follows: I take great pleasure in informing you of the benefit I have received from the use of Northrop & Lyman's Vegetable Discovery. My stomach was so weak that I could not eat anything sour or very sweet, even fruit at tea time would cause Heartburn, Fulness or Oppression of the Chest, Short Breath, Restlessness during Sleep, and Frightful Dreams of disagreeable sights, so that I would often dread to go to sleep. With the use of the Vegetable Discovery this unpleasantness has all been removed, and I now can eat what suits my taste or fancy without the least dread of having to suffer for any indiscretion. My appetite is improved, my rest good, and general health better than it has been for years.

Six bottles Vegetable Discovery cured Miss McMullen, Glengarry, of Headache and Severe Pains in the Back of 15 years' standing, the effects of a fall.

There is one thing to be said in favor of early marriage. It gives the couple a few more years to find out which is boss.

A little six-year-old orphan, upon being asked to name the greatest festival in the church, replied, "The strawberry festival."

"What is a lake?" asked the teacher. A bright little Irish boy raised his hand.—"Well, Mikey, what is it?"—"Sure it's a hole in the kittle, mum."

When I was a boy," said Thackeray, "I wanted some taffy. It was a shilling. I hadn't one. When I was a man I had a shilling; but I didn't want any taffy."

Doctor.—"Oh, you'll get on all right. You've got a fine physique, you know." Patient.—"A fine physic? Well, it ought to be, for you know, doctor, you charge a fine price for it. Ugh!"

"Ah, going to sketch a wind-mill?" said Bass to his artist friend. "Come up to the house. Mrs. B. is a great talker."

A Madison Street girl's answer to the current conundrum, "Will the coming man work?" is, "He will if I get him."

A woman writer says that when a girl cries "Let me be!" she doesn't mean what she says. It is different after the girl is married—that is, when she speaks to her husband.

Somebody inquires: "Why does a boy whistle?" A harder conundrum would be, how can he help it when he comes upon a water-melon patch, and sees no dog in sight.

New York School Teacher.—"What is the highest mountain in our State?" Boy.—"Sing Sing." Teacher.—"Why?" Boy.—"Father went up a year ago, and hasn't come down yet."

DARLEY'S CONDITION POWDERS AND ARABIAN HEAVE REMEDY.

For the Cure of Colds, Coughs, Heaves, Thick and Broken Wind, Inflammation of the Lungs, and all Diseases which affect the Horse.

Are your Horses or Cattle lean or poor, having no appetite, or do they devour their food ravenously, yet derive no benefit from it? If so, they require your attention. Give them Darley's Condition Powders according to directions, and they will soon be brought to a healthy condition.

It first acts gently upon the bowels and then on the liver and lungs, and removes all obstructions therefrom, purifying the blood and enabling all the organs to do their work without overtasking any.

For hide-board it is a complete success. In a very short time the disease will disappear under its operation, and a sleek and shining coat will follow.

For Heaves, Coughs, Colds, and all diseases, which affect the wind of Horses, it has no equal.

As a **CONDITION MEDICINE** for Horses, Cattle, Sheep, Pigs, Poultry, etc., it is a decided success.

It is gratifying to know that it has been thoroughly tested and has proved itself worthy the confidence reposed in it by all stock-raisers. We know of no article which has given such general satisfaction and which has been so largely sold, and it has not lost any of its original virtues, but still possesses those wonder-working properties which have rendered it so popular, and constrains those who have once used it not to use any other when it is possible to procure it. It never fails to give satisfaction, and no one who owns a horse or fattens cattle should be without it, or will be when made acquainted with its virtues.

As a spring and fall medicine it is safe and thorough, and will not injure a horse whether sick or well, and can be given at all times without interfering with his work.

NORTHROP & LYMAN CO., Proprietors,
Price 25 cents. Toronto.

COLOURING RECIPES.

SCARLET (very superior).—3 oz. cochineal, 3 oz. cream tartar, and 4 oz. solution of tin; powder the cochineal and rub through a bag into blood-warm water sufficient to cover the yarn. When it is a little warm put in the cream tartar, and simmer, then add your solution of tin; your yarn must be wet with clean water; steep it in the dye till the yarn is properly dyed. Dry your yarn before you wash it. This will colour 3 lbs.

WINE COLOUR.—1 lb. wool, $\frac{1}{2}$ lb. red powder, 1 oz. madder compound. Soak the powdered wood in warm water all night, mix the madder compound with about $\frac{1}{2}$ a pint of water (in a glass), and add it to the rest; rinse the wool in warm water and put it in the dye; boil about $\frac{1}{2}$ an hour; take out the wool and rinse it in cold water. A colour almost as fine may be had by using a $\frac{1}{2}$ lb. of alum, and boiling in the same way.

GREEN.—For 5 lbs. goods use 5 lbs. fustic and 18 oz. alum. Soak in water until the strength is extracted, put in the goods until of a good yellow colour, remove the chips and add extract of indigo in small quantities at a time until the colour is satisfactory.

PINK.—For every 3 lbs. yarn or cloth take $3\frac{1}{2}$ quarts water, or enough to cover the article you wish to colour, 2 oz. cochineal, and $\frac{1}{2}$ oz. cream tartar; steep the cochineal in warm water 2 hours, or until the strength is entirely extracted, and add the cream tartar; then wet the cloth in clear water, wring it out and put it in the dye; bring it to a scalding heat, let it remain in a few moments, and it will be finished.

BLACK ON WOOL, SILK OR COTTON.—For 1 lb. of cloth it will require 1 oz. extract of logwood and $\frac{1}{2}$ oz. blue vitriol. Prepare an iron kettle with a sufficient quantity of water to admit the yarn or cloth to be worked in the dye without being crowded; bring the water to a scalding heat, then put in the yarn or cloth a few minutes; when it is thoroughly wet, take it out and drain it; in the next place, add the blue vitriol, and when dissolved and the water skimmed carefully, put in the material to be coloured, and let it remain $\frac{1}{2}$ an hour at a scalding heat, airing it occasionally; then take it out and rinse it in soft water; the vitriol water may be emptied into a separate vessel, and the extract of logwood dissolved in a sufficient quantity of water, brought to a scalding heat, and skimmed; put in the cloth; keeping the dye in the same temperature, and let it remain $\frac{1}{2}$ an hour, airing it frequently; then take it out and drain it; add the vitriol water to the dye, and put it in again; let it remain 15 minutes, airing as before. Cleanse it well. For cotton, add a little common glue.

CRIMSON.—Use 1 lb. lac dye, together with 2 oz. madder compound, to every 2 lbs. cloth or yarn. Soak the lac dye over night in a brass or copper kettle, then add the compound and stir; then the cloth, and bring your dye slowly to a scalding heat; then vary the time as you wish the colour. If dark, let it remain some hours; if not, 1 hour; then rinse in soft water without soap.

BROWN.—For 1 lb. wool take a $\frac{1}{2}$ lb. alum and 2 oz. cream tartar, and boil for $\frac{1}{2}$ an hour. Take $\frac{1}{2}$ lb. red powder, $\frac{1}{2}$ lb. of fustic, and 2 oz. of logwood chips; soak these a night in sufficient warm water to cover the wool; take the wool out of the alum water, and boil with the woods for about $\frac{1}{2}$ an hour. If a dark brown is wanted, add about a teaspoonful of copperas.

MADDER RED.—Take 1 lb. madder for every 2 lbs.

Why are troubles like babies? Because they get bigger by nursing them.

Professor [looking at his watch]—"As we have a few minutes, I shall be glad to answer any question that any one may wish to ask."
Student—"What time is it, please?"

The latest slander on a dude is, that one bumped his head against a cobweb stretched across the street, and had to be carried home with a cracked skull.

"Kiss me as I fall asleep," is the title of a new song. It might work all right with some men, but it would wake us right up.

Father—"Well, my boy, how do you like college? Alma Mater has turned out some good men." Young Hopeful—"Yes, she's just turned me out."

The man in the moon must feel all broke up when he is reduced to the last quarter.

In the great game of life the devil pitches the ball for idleness to bat.

It is a good thing to have a command of language, but a much better thing to have command of one's tongue.

The Milwaukee boy who swallowed a silver dollar has now learned what older people learned long ago, that it is very hard to raise one.

Do not examine too minutely the actions of your friends, nor the motives which actuated them. If they have acted with a want of delicacy, appear not to understand it; or, what is more simple, think that it was a mistake on their part.

yarn or cloth; soak the madder in a brass or copper kettle 1 night in warm water, enough to cover the yarn you wish to colour; next morning put in 2 oz. madder compound for every lb. madder which you have soaked, then wet your yarn or cloth in clean water, and wring it out in clear water; afterwards put in the dye; now place the kettle over the fire and bring it slowly to a scalding heat, which will take about $\frac{1}{2}$ an hour; keep it at this heat $\frac{1}{2}$ an hour if a light red is wanted, and longer if a dark one, the colour depending upon the time it remains in the dye. When the colour is made, rinse the cloth immediately in cold water; it will then be finished.

YELLOW.—1 lb. of wool or cloth, $\frac{3}{4}$ lb. fustic, $\frac{1}{4}$ lb. alum; put all into an earthen vessel, and pour on sufficient hot water to cover the wool and keep it warm all night; give it $\frac{1}{2}$ an hour's boil in a brass kettle, and then rinse in cold water. A much deeper and richer yellow may be had by using turmeric powder instead of fustic, and proceeding in the same manner.

CHEAP BROWN FOR WOOL OR COTTON.—For 10 lbs. goods, $\frac{1}{2}$ lb. japonica, 1 oz. blue vitriol, 2 oz. bichromate of potash; put the japonica into 4 gallons of soft water, boil until dissolved, add the blue vitriol, and stir well; put in the goods, and keep at boiling point for two hours; wring out and put into the solution made with the potash, let it remain for $\frac{1}{2}$ an hour, then wash in soap suds.

PURPLE.—For 10 lbs. of goods use $\frac{3}{4}$ lb. alum, 1 tea cup muriate of tin, pulverized cochineal $\frac{1}{4}$ lb., cream of tartar $\frac{1}{4}$ lb. Boil the alum, tin and cream of tartar for 20 minutes, add the cochineal and boil 5 minutes; immerse the goods 2 hours remove and enter them in a new dye, composed of Brazil wood, $\frac{3}{4}$ lb.; logwood, 1 $\frac{1}{2}$ lb.; alum, 1 lb.; muriate of tin, 2 cupsful, adding a little extract of indigo.

ORANGE.—For 10 lbs. goods, use sugar of lead $\frac{1}{4}$ lb, boil 15 minutes, when a little cool enter the goods, and dip for 2 hours, wring out, make a fresh dye with bichromate of potash, 1 lb.; madder, $\frac{1}{4}$ lb.; immerse until the desired shade. The shade may be varied by dipping in lime water.

LIGHT SILVER DRAB.—For 5 lbs. goods, use $\frac{1}{2}$ oz. logwood, alum, $\frac{1}{2}$ oz. Boil well, enter the goods, and dip for 1 hour. Grade the colour to any desired shade by using equal parts of logwood and alum.

LILAC (for silk).—For 1 lb. silk use archil, 1 $\frac{1}{2}$ lbs. Mix it well with the liquor, make it boil $\frac{1}{2}$ of an hour, dip the silk quickly, then let it cool, and wash in soft or river water.

BLUE.—A splendid blue may be produced in an hour by the following process: For 1 lb. wool or cloth take 2 $\frac{1}{2}$ oz. alum, and $\frac{1}{2}$ oz. cream tartar. Boil these together in a brass or copper kettle for about an hour; now take sufficient warm water to cover the cloth or wool, and colour it to the shade you wish with the liquid blue; put the whole into the copper pot and boil it a short time, taking care to keep it stirred; remove the cloth and rinse in clear cold water, and hang it up to dry.

SALMON.—Take 1 lb. wool, a $\frac{1}{4}$ lb. annatto, and $\frac{1}{4}$ lb. soap. Take water sufficient to cover the wool, in which dissolve the annatto and soap; rinse the wool in warm water, put it into the annatto mixture and boil about $\frac{1}{2}$ an hour. The shade may be made lighter or deeper according to the quantity of annatto used.

ORANGE (on cotton).—For 1 lb. take 2 oz. sugar of lead and $\frac{1}{2}$ oz. bichromate of potash. Dis-

solve each separately in just enough boiling water to cover the cotton, and dip it alternately from one to the other three times, or until the desired shade is obtained.

BLUE (on cotton).—For 1 lb. take 2 oz. copperas, dissolve in sufficient boiling water, put the cotton in, and let it soak 1 hour. Dissolve $\frac{3}{4}$ oz. prussiate potash in same quantity of fresh boiling water, and add $\frac{1}{2}$ oz. sulphuric acid (by weight), then dip the cotton alternately from one to the other three times, or until the desired change is obtained, and rinse well with cold water.

GREEN (on cotton).—Dip the cotton coloured blue in the orange dye.

PINK (on cotton).—For 5 lbs. take 2 lbs. nicwood and 4 oz. solution of tin; put the cotton in and let it remain till the shade suits.

Dove and Slate Colours of all Shades are made by boiling in an iron vessel a teacupful of black tea with a teaspoonful of copperas and sufficient water. Dilute this until you get the shade wanted.

All fancy colours should be coloured in brass or copper vessels, with plenty of soft water, and wet before putting them into the dye.

COPLAND'S SWEET CASTOR OIL.

EQUALLY SUITABLE FOR CHILDREN AND ADULTS.

Endorsed by over 600 Doctors in Canada.

The difficulty of administering nauseous medicines, and the desirability of having them pleasant to the taste, induced T. Copland to undertake researches which resulted in the discovery of a sweet Castor Oil, perfectly palatable, of the same strength and medical qualities as the ordinary Castor Oil, and, while equally safe and harmless, yet acting with more certainty, and producing neither nausea nor griping. Some children say it is honey; others call it syrup—they all say they like it. One parent says: "My children drink it like water;" another: "We had to hide the bottle or they would have finished it right off;" another: "My little girl has taken it twice without any trouble, and does not know what it is, though she hates the ordinary Castor Oil, and we could never get her to take it without a fight." Yet another: "I wish you success of your Sweet Castor Oil; it is a splendid thing, sure to take the place of all the common oil."

The undersigned, having purchased Messrs. T. Copland & Co.'s interest in the above preparation, are now manufacturing it from the original recipe.

NORTHROP & LYMAN CO.,
Proprietors, Toronto.

Sold by all Medicine Dealers. Price, 25 cents.

BICKLE'S ANTI-CONSUMPTIVE SYRUP,

AN UNPARALLELED REMEDY FOR
**Coughs, Colds, Influenza, Asthma, Croup,
Hoarseness, Pleurisy, Bronchitis,
Consumption, Spitting of Blood,
Whooping Cough, Diseases of
the Chest and Lungs, Short-
ness of Breath, etc.**

COUGHs and colds should never be neglected, they are so frequently a prognostic of some Throat or Lung Complaint.

At first it is only a slight Cold or Cough exciting no particular attention, but it does not disappear, it clings with great tenacity, or it may for a time leave only to return with greater force, and so it keeps coming and going each time it returns with greater severity.

Its disappearance or rather periodical abatement disarms our fears of danger, and we allow it to take care of itself. This way of taking care of our bodies is worse than madness. It is just what nine-tenths of those who are dying, or have died of consumption have done—"Only a neglected Cold."

It is just what gave Catarrh to all those who are suffering with that dreadful disease—a disease alarmingly on the increase, and that is baffling so many physicians. It is "a neglected cold" that causes Asthma, Bronchitis and Throat Troubles.

We catch Cold by exposure, sudden changes of temperature, breathing deleterious substances into our Lungs, etc., etc. Coughs and Colds are easily and effectually subdued if taken in time; then do not delay. From our experience, and from the testimonials we have received from Druggists and those who have used it, we believe there is no medicine equal to

BICKLE'S ANTI-CONSUMPTIVE SYRUP

for Coughs, Colds and all the diseases which follow neglected Colds.

It is not a medicine got up for speculation, to gull the poor sufferer, who like a drowning man will catch at any straw, but it is a scientific preparation recommended by the faculty (to whom the principal ingredients of the preparation have been made known), and which is believed to be the best medicine for diseases of the pulmonary organs which has ever been presented to the public.

It was only after a series of skillful

CHEMICAL EXPERIMENTS

That the inventor was successful in extracting the active principles or virtues of several medicinal

herbs, which exert a most wonderful influence in curing Consumption, and other diseases of the

LUNGS AND CHEST.

Although there may be cases of Consumption so far advanced that this Syrup may not entirely cure, still the proprietors are confident that there is no case so bad, or of so long standing but what may be materially relieved by the use of BICKLE'S ANTI-CONSUMPTIVE SYRUP. *In recent cases it may be said never to fail.*

This medicine operates by promoting a

FREE AND EASY EXPECTORATION,

Which immediately relieves and frees the Throat and Lungs from viscid phlegm by changing the secretions from a diseased to a healthy state, by uniting with a tonic power the property of calming irritation and diminishing excitability; by modifying the circulation, and enabling the Lungs to throw off the matter resulting from Inflammatory action, thus giving the surface a chance to heal; by strengthening the Lungs and giving that tone to the system which counteracts the debilitating influence of disease.

Coughs, Colds, Shortness of Breath, and Affections of the Chest, attended with weakness of the digestive organs, or with general debility, seem to vanish under its use.

It is so palatable that a child will not refuse it, and is put at a price that will not exclude the poor from its benefits.

FOR CHILDREN.

When Children are affected with Colds, Coughs, Inflammation of the Lungs, Croup, Quinsy, and Sore Throat, this Syrup is of vast importance. The number of deaths among children from these diseases is truly alarming. If parents wish to save the life of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of BICKLE'S ANTI-CONSUMPTIVE SYRUP, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

It is necessary, in order to be benefited by this medicine, to take it steadily after commencing to use it. Some have taken it once a day, then twice, then not any for two or three days; such cannot rationally expect to receive much benefit from it; but if taken regularly, it will, in all cases for which it is recommended, be eminently beneficial, and generally effect a complete cure.

Mr. A. W. Levy, Mitchell, writes: "I think BICKLE'S ANTI-CONSUMPTIVE SYRUP the best preparation on the market for Coughs and Severe Colds. About six years ago I caught a Severe Cold which settled on my Lungs, and for three months I had a Cough. I had a physician attending me, but gradually grew worse until I

was on the verge of Consumption, and had given up hopes of being cured, when I was induced to try BICKLE'S SYRUP. Before I had taken one bottle I found myself greatly relieved, and by the time I had finished the second bottle I was completely cured. I always recommend it for Severe Colds and Consumption."

A FIRST-CLASS ARTICLE.

Mr. L. W. Senisac, Stanbridge Station, P.Q., writes: "We have used Bickle's Syrup for Coughs and Colds, and do not hesitate to pronounce it a first-class article, the best we have ever used."

Mr. E. B. Stewart, Ruthven, writes: "The people think Bickle's Syrup the best medicine in the world."

Mr. John C. Depew, Glanford, writes: "I became sick about ten years ago with Inflammation of the Lungs, and ever since that period I have been afflicted with pain and misery, attended with a most distressing Cough, so that I was able to attend to my business only occasionally, and then with the greatest of pain. About twelve months ago I became worse, and had to keep my bed—I got so bad that my cough was truly distressing, and I was so weak that I could not whisper; I gave myself up for dead, and my family and doctors gave up all hopes of me. I had taken every sort of medicine I had ever heard of for Chest and Lung Complaints, and had taken everything advised by Medical Men, but all to no purpose—nothing relieved me. At this critical time my son went to your store and you recommended him to try your Anti-Consumptive Syrup. He brought home a bottle, and I took it according to the directions; and the first bottle relieved me wonderfully, so that my Cough nearly ceased, and I could speak so as to be heard, and began to gain strength; and the second bottle effectually relieved me."

Miss N. Hornbrook, Toronto, writes: "I consider Bickle's Anti-Consumptive Syrup an excellent medicine for Coughs and Colds. For a long time I was troubled with a very annoying cough, but Bickle's Syrup cured me."

Miss C. Cameron, Toronto, says: "I contracted a Cold and through neglect it finally resulted in Catarrh of the Stomach, from which I suffered for two or three years, have used 'Bickle's Syrup' for it, and find it the only medicine that gives me any relief."

"BEAMSVILLE, May 2nd.

"DEAR SIR,—I consider it a duty I owe to you and the public to testify to the efficacy of your Anti-Consumptive Syrup. I was very sickly for two years, and very much troubled with a distressing cough. I grew worse and worse, until I was reduced very weak and was troubled with palpitation of the heart. My appetite had become so

bad that I could scarcely eat anything, and I tried everything I heard of, and could get no relief. The doctor and my friends gave me up. The opinion of medical men who sounded my lungs with an instrument was that my lungs were so affected that it was impossible for me to live. In this distressed state I called at your store, and was recommended to try the Anti-Consumptive Syrup. I bought a bottle of it and took it, and it effectually cured me, so that I am now as hearty and can labor as well as ever I could.

"I am, dear sir, your obedient servant,

"SYLVESTER PHELPS."

"BARTONVILLE, July 17th.

"GENTLEMEN,—According to your request I will give you a simple statement of the good I received by taking your Anti-Consumptive Syrup. About four years ago I was taken with a severe pain in the left side and right shoulder, and distress in the stomach, which induced general weakness; and lately I had great sickness on the stomach. I could keep nothing on my stomach.

"The pains increased so in my side and shoulder and also in my stomach, that they became almost unbearable. I had also a severe Cough. Last fall I became much worse—my appetite was gone, and the spasms were so severe that it tortured me while they lasted. I took medicine of a physician, but it did not cure me. About last December I thought I should die—I was reduced to great weakness, and the pain was so intense I gave myself up for dead. At that time I saw in your Almanac a certificate of cure of Mr. Depew, and I thought I would try your Anti-Consumptive Syrup also. I bought a bottle and it seemed to help me, and I tried another which helped me very much. I continued to take it and it cured me entirely. It is now five months since I had any pain or the least appearance of the complaints I had suffered so much from. I am now in as good health, and as strong and able to work as hard as ever I was in my life. I think the public ought to be made acquainted with the great virtue of your Anti-Consumptive Syrup.

"I am, gentlemen, yours,

"MARGARET ANN JONES."

Price 25 cents and \$1.00 per bottle.

NORTHROP & LYMAN CO.,

Proprietors, Toronto.

Mr. E. M. Procnier, Springvale, writes: "For nearly two years I have been troubled with Constipation and Rheumatism. The pains in my legs and shoulder often were such that I could scarcely get about to transact business. About two weeks ago I commenced taking Northrop & Lyman's Vegetable Discovery, and find it doing me a great deal of good. The Rheumatism is leaving my system, and I am feeling better every way."

NORTROP & LYMAN'S QUININE WINE

—OR—
Celebrated Appetizer and Tonic Medicine.

*Medical Properties: Febrifuge, Tonic and
Anti-periodic.*

IN the foremost rank of American tonics and Anti-periodics stands NORTHROP & LYMAN'S QUININE WINE. The Laboratory of the Chemist never yielded a more salutary preparation, or one in which the ingredients are more completely harmonized. The Feeble and Nervous derive from it new strength; sufferers from Dyspepsia and loss of appetite find that it not only enables them to Digest and Assimilate properly, but imparts an unwonted relish for food. Invalids usually suffer from depression of mind. There is no better remedy for Despondency, originated by ill-health, than this Genial Tonic. Pure Sherry and Aromatic constituents of a choice description, enhance its remedial value, and give it an agreeable flavor. It promotes convalescence following exhausting maladies, stimulates and fertilizes the circulation, and increases the muscular power. SLEEPLESSNESS, TWITCHING OF THE MUSCLES, TREMBLING OF THE LIMBS, and other manifestations of nervous weakness, are speedily remedied by it. It is also specially beneficial to children and delicate females, and to BUSINESS MEN, STUDENTS, and those who have much brain work, we would say, "Never be without it." It will strengthen you, keep your system in regular order, and enable you to successfully grapple with the work you have to do. As an Anti-periodic, it possesses great excellence. Chills and Fever, Bilious Remittent Fever, and the minor malarial complaints, Dumb Ague, and Ague-cake, are eradicated by it, and the system fortified against their return. The remedies frequently prescribed for Fever and Ague have reference only to preventing the paroxysm and breaking the chill, without regard to the condition in which the system may be left after the chills have been removed; whereas, the mere suppression of the paroxysms in reality is but a small part of what is required to effect a radical cure.

GOLDEN OPINIONS

are everywhere expressed in favour of Northrop & Lyman's Quinine Wine. Read the following:

Mr. E. Robinson, Windham Centre, writes: "For about ten years I have been troubled with Headache, or Brown Ague as some people call it, a pain across my forehead accompanied with Bili-

ousness. Have tried nearly all the medicines sold in this country, but received no relief or benefit from them. Finally I commenced using Northrop & Lyman's Quinine Wine, and before I had used six bottles I was completely cured, and I have not had an attack of it since, now nearly one year.

Messrs. T. Elliot & Co., Cookstown, write: "We are sold out of your Quinine Wine. It is very highly spoken of by our customers who have used it," etc.

Mr. M. M. Whitcraft, Manager for G. G. Green, 37 Front Street East, Toronto, writes: "My wife suffered many years from prostration of the nervous system, without receiving much relief until I tried your Quinine Wine, and I am happy to say that it has been of great benefit to her in restoring the vital powers, and also as an appetizer, and I would freely recommend it to all suffering from nervous debility."

Mr. E. T. Mulligan, Toronto, writes: "In gratitude to you for what your most valuable medicine, 'Quinine Wine,' has done for my wife, I wish to express my best wishes, and hope that all sufferers from disease to which your medicine is adapted will not hesitate in resorting to its use. My wife having been troubled with general debility, and having no appetite or relish for her food, I procured a bottle of your Quinine Wine, and after submitting it to our family doctor, he told me he could prescribe nothing better. Thanking you for what it has accomplished, I am, etc., etc."

A WONDERFUL MEDICINE.

Mr. A. C. Vanbuskirk, Kingston, N. S., writes: "Send me three dozen of your Quinine Wine at once. I have only one bottle in stock. It is a wonderful medicine."

Mrs. William Shelton, 32 Stafford St., Toronto, writes: "I beg leave to acknowledge the good I have received from the use of your most valuable medicine, Quinine Wine. For the past two or three years I have been subject to weakness and loss of appetite, and being recommended by a lady friend to try your Quinine Wine, I purchased a bottle from my druggist, and it gives me the utmost pleasure in informing you that it has done me more good than what is claimed for it. I do, without hesitation, recommend it to all sufferers from like diseases."

Mrs. Joseph Spencer, Toronto, writes: "Having been a sufferer from general debility and weakness, so peculiar to persons of a nervous temperament, I was induced to try your Quinine Wine. After taking the first bottle, it had such a decided effect that my system began to rebuild, and my appetite was so much improved that I decided to continue the medicine; and I have no hesitation in saying that after I used the second bottle I was quite restored to my natural health. I feel as if I cannot find words to express my feelings to you for what your medicine has done. I have also recommended it to my friends troubled in like manner, and in every instance it has met with the same results. I wish your medicine every prosperity."

PROPRIETORS.

SICK HEADACHE

Is generally caused by a disordered stomach, imperfect digestion, or inactivity of the liver. If you are troubled with this distressing complaint, take **NORTHROP & LYMAN'S VEGETABLE DISCOVERY** to purify the stomach and give healthy action to the liver, and we will guarantee that the headache will be speedily and permanently removed.

Mr. S. B. Maginn, Ethel, used Northrop & Lyman's Vegetable Discovery to cure a severe bilious Sick Headache which troubled him for a long time. He thinks it an excellent medicine for all such afflictions.

HEARTBURN FOR 30 YEARS.

Mr. John McCarthy, Toronto, writes: "I can unhesitatingly say that Northrop & Lyman's Vegetable Discovery is the *best medicine in the world*. It cured me of Heartburn that troubled me for over thirty years. During that time I tried a great many different medicines, but this wonderful medicine was the only one that took hold and rooted out the disease."

IF YOU ARE DESPONDENT, low-spirited, irritable, and peevish, and unpleasant sensations are felt invariably after eating, then get a bottle of Northrop & Lyman's Vegetable Discovery and it will give you relief. You have Dyspepsia. Mr. R. H. Dawson, St. Mary's, writes: "Four bottles of Vegetable Discovery entirely cured me of Dyspepsia; mine was one of the worst cases. I now feel like a new man."

Mr. W. Thayer, Wright, P.Q., had **DYSPEPSIA FOR 20 YEARS**. Tried many remedies and doctors, but got no relief. His appetite was very poor, had a distressing pain in his side and stomach, and gradual wasting away of flesh, when he heard of, and immediately commenced taking, Northrop & Lyman's Vegetable Discovery. The pains have left and he rejoices in the enjoyment of excellent health, in fact he is quite a new man.

THE BEST MEDICINE.

Mr. Jno. Blackwell, of the Bank of Commerce, Toronto, writes: "Having suffered for over four years from Dyspepsia and weak stomach and having tried numerous remedies with but little effect, I was at last advised to give Northrop & Lyman's Vegetable Discovery a trial. I did so with a happy result, receiving great benefit from one bottle. I then tried a second and a third bottle, and now I find my appetite so much restored, and stomach strengthened, that I can partake of a hearty meal without any of the unpleasantness I formerly experienced. I consider it the best medicine in the market for the stomach and system generally.

LIKE A NEW MAN.

Mr. Henry Graham, Wingham, writes us: "For fifteen years I have suffered with Indigestion, and during that time I could get nothing to give me relief, although I tried a great many different kinds of medicine recommended for that complaint. I now feel like a new man, and this wonderful change has been accomplished by the use of four bottles of Northrop & Lyman's Vegetable Discovery. To me it has been a valuable medicine."

Mr. R. H. Baker, Ingoldsby, writes: "I am completely cured of Dyspepsia that caused me great suffering for three years. Northrop & Lyman's Vegetable Discovery is the medicine that effected the cure after trying many other medicines."

Mr. R. H. Dawson, St. Mary's writes: "FOUR bottles of Northrop & Lyman's Vegetable Discovery entirely cured me of Dyspepsia; mine was one of the worst cases. I now feel like a new man."

Mr. R. A. Harrison, Chemist, and Druggist, Dunnville, Ont., writes: "I can with confidence recommend Northrop & Lyman's Vegetable Discovery for Dyspepsia, Impure Blood, Pimples on the Face, Biliousness and Constipation—such cases having come under my personal observation."

USE IT IN THE SPRING AND SUMMER MONTHS.

By taking this medicine in the spring and summer, you will derive more benefit from it than at any other time of the year. The **BLOOD** is then more **IMPURE**, and the system run down by the severity of our climate, and requires some good tonic and laxative medicine to give it tone and remove the impurities, which, if not attended to, find their way out in *Pimples, Blotches, Boils, Scrofula*, and other eruptions of the skin. One bottle of this excellent medicine will generally be found sufficient to remove the impurities, and save you much sickness and expense. It will invigorate the whole system, improve the appetite, stimulate and tone the digestive organs, and eradicate all malaria from the system.

When one of the organs of the body is diseased all the rest sympathize with it, and to radically and permanently cure the disease of that organ we must have a remedy compounded of a variety of medicines possessing a variety of properties that will purify the blood as well as permeate, clear up and strengthen every organ in the body. Such a panacea is to be found in Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure.

Sold by all medicine dealers at \$1 per bottle.

DR. THOMAS'
ELECTRIC OIL

Fix its appearance and the name in your mind, and don't be persuaded to take any Electric or Electron Oil in place of it, as they are base imitations.

In the year 1871, Dr. S. N. Thomas, of Phelps, N. Y., made arrangements with the undersigned to introduce his ELECTRIC OIL into Canada. From the first it met with success, and in a very short time orders for it came pouring in from all parts of the country, and at the present time it has the largest sale of any medicine sold in the Dominion.

One proof of the remarkable success it has met with, is the attempt of several

LAND SHARKS

to sell imitation oils on the strength of its popularity. If it were not a medicine of merit it would not be imitated. Men do not commit forgeries on defunct banks, nor do they counterfeit base coin; it is the genuine they imitate. And so it is here; if Dr. Thomas' Eclectic Oil was not an article as good as represented, it would not have the popularity it has, and if it were not popular it would not be imitated. But thanks to a sense of fairness existing among the drug and medicine dealers, and a desire on their part to preserve their good name from the stigma of "dealers in counterfeit or imitation goods," those LAND PIRATES have not had any encouragement, and their trash has gone begging on the market.

They put up their preparation in wrappers similar to Dr. Thomas' Eclectic Oil, and call it Electric or Electron Oil, and try to palm it off as the genuine. Some have even a smell not unlike Dr. Thomas' Oil, but in everything else they are dead failures.

Beware of these Similar Named Articles.

If their originators had any faith in the healing properties of their medicine they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit, they resort to the most unprincipled means of selling them by getting a name as near as possible to *Electric*. We, therefore, ask the public when purchasing to see that the name,

DR. THOMAS'

ELECTRIC OIL, is on the front of the wrapper and on the back are the names of

Northrop & Lyman

DR. J. D. KELLOGG'S HEALING OINTMENT.

ASURE and certain remedy for the healing of every variety of Sore, from a simple scratch or bruise to the most aggravated Fever Sore or Scrofulous Ulcer, including the Healthy Ulcer, the Weak Ulcer, the Indolent Ulcer, and Ulcers of all kinds, Wounds, Bruises, Burns, Scalds, Corns, Chilblains, Cuts, Sore Nipples, Broken Breasts, Boils, Bed Sores, Fistulas, etc., and all affections of the **SKIN** known by the names of Eczema, Salt Rheum, Erysipelas, Tetter, Scald Head, and every variety of Chronic Diseases of the Skin.

This Ointment is a compound of remarkable healing ingredients, and its composition has been arrived at by the most thorough investigation. It stands pre-eminently at the head of all the External Medicines for healing, as it never drives the disease inward to **Take Effect on the Internal Organs.**

PILES.—This Ointment has given excellent satisfaction in curing Piles. Some very bad cases have been cured by applying Kellogg's Healing Ointment only, but while we believe that it will cure this troublesome and painful complaint without the assistance of any other medicine, yet we think the only rational means of cure is to use our Vegetable Discovery to remove the cause of the affliction and the Healing Ointment to remove the disease, you thus effect a complete and permanent cure.

Its properties, when applied to sores, go directly to the diseased part, attract the virus to the surface, and *heal the sore from the bottom.* It is simply asked that the afflicted will **TRY ONE BOX**, the use of which will convince the most sceptical, and do more to introduce it into favorable notice than volumes written in its praise. In curing

SCROFULA AND ITS SORES,

with the assistance of Northrop & Lyman's **Vegetable Discovery**, it is without a parallel. We say, with the assistance of the *Vegetable Discovery*, for to attempt to heal a Scrofulous or any other Sore which owes its origin directly to Impure Blood, and while that impurity is in the system is folly, as you cannot accomplish this successfully unless you drive the virus from the system. To remove Scrofulous Humor from the Blood and System, it is safe to say there is no known medicine that will do it so effectually as **Northrop & Lyman's Vegetable Discovery.**

FOR THE TOILET.—As this Ointment is exceedingly pleasant, and never becomes rancid, it is admirably adapted for Sore Lips, Pimples, Eruptions or Sores that disfigure the face; *Sunburn, Irritation of the Skin* after being exposed to the wind, Chapped or Sore Hands, and in fact for all Sores that require a cooling and healing Ointment.

For *Dandruff, Irritation or Eruption of the Scalp*, and all Diseases that have a tendency to cause Baldness, it will be found a Sovereign Remedy.
