British Consolidating The Newly Won Ground

No Further Counter Attacks Made

FIGHT FROM A DISTANCE

GERMANS HEAVILY SHOT BY BRITISH

They've Just Lost—Battle Described as Resulting in One of Greatest of British Victories

London, Oct. 5.—The Germans have undertaken no further counter-attacks against the positions east of Ypres gained by the British in yesterday's offensive, although they kept them under a heavy fire during the night. The British are consolidating their newly won ground.

The official statement follows:—
"Our new positions east of Ypres were heavily shelled by the enemy during the night, but no further counter-attacks were made. Our troops have been engaged in organizing their captured positions. A hostile raiding party endeavored to enter our trenches last night north of Gouzeaucourt, but was driven off with loss."

The villages of Reutel and Noordenhoek were captured by the British troops, who also secured the high ground overlooking Beelaere, east of Ypres. Australian regiments took the village of Broodseinde and established themselves well over the ridge five miles east of Ypres.

ONE OF GREATEST VICTORIES OF WAR

British Front in France and Belgium, Oct. 4 (delayed)—Associated Press.—British arms today achieved one of the greatest victories of the war in the tremendous assault begun at dawn against the German position in east and north-east Ypres. Indeed, when the whole story of this battle has been told it may take its place as an unequal triumph of three years of conflict, for each successive report from the seething cauldron along this front adds to the importance of the success recorded.

GENERAL ATTACKS ARE FAILURES ON THE FRENCH FRONT

Paris, Oct. 5.—The official war office statement follows:—
"The enemy attempted without success several surprise attacks during the night, especially in Champagne east of the Butte de Souain and in Upper Alsace near Muhlthal. There was some artillery action on the right bank of the Meuse in the region of Besonvaux and Hill 34. The attacking troops went out their vast artillery barrage caught large numbers of the enemy who, by coincidence also had in the tanks did excellent work. Sharp fighting followed, but the Germans were not the only ones to suffer, for reports from prisoners all along the line indicate that the Germans lost heavily throughout the territory involved. At many places German tanks in terror or were captured in large numbers."

Resistance Weak

Taking the battle as a whole, the Germans offered weak resistance. The story is that of perfect organization, which worked with clock-like precision. For days an intense bombardment had been maintained but the artillery fire which opened as the great barrage dropped was appalling. An infernal thunder shook the countryside.

Prayers For The Dead In Anglican Prayer Book

Motion Is Carried 34 Votes To Four

BISHOP RICHARDSON FAVORS

Archdeacon Armitage Stoutly Opposes—After Long Discussion Synod of Ecclesiastical Province of Canada Votes to Ask General Synod for Authorization

Montreal, Oct. 5.—Should prayers for the dead be embodied in the revised prayerbook of the Anglican church? This question was debated long and earnestly yesterday afternoon by the synod of the ecclesiastical province of Canada, the proposition being to take the prayers from the Scottish liturgy, and it was finally decided by a vote of thirty-four to four, to memorialize the general synod for authorization to use such prayers.

Archdeacon Paterson-Smyth of this city introduced the matter in a resolution which met with opposition from only a few of the clergymen present.

Some laughter greeted this statement, whereupon Archdeacon Armitage said he was absolutely fearless in his views. "Thousands of people will be sad to resist this idea to the uttermost, and I will resist it to the uttermost, and if necessary will carry it to the foot of the king himself!"

The Very Rev. Dean Evans of this city supported the position taken by Archdeacon Armitage.

Bishop Farthing, of Montreal, spoke in favor of the proposal, "What we want," he said, "is that those who face the losses of those they love may have a prayer for those who have gone before."

Bishop Richardson in Favor.

The Bishop of Fredericton supported the resolution as a Catholic one in harmony with the doctrine of the Church of England, and in harmony with the God-implanted human instincts.

Bishop Williams of Quebec said he had frequently used these prayers to the great comfort of relatives of those who had fallen in battle.

All the bishops of Nova Scotia spoke briefly in favor of the motion. He said: "If we are called to pray for those on earth, and for things which without prayer, bring out any reason why that cannot be done by the living Christ to those who have departed."

French for the Protestant schools of the Province of Quebec the Association of Protestant Teachers of Quebec decided yesterday to secure the services of a director of French for the Protestant schools. The legislature will be asked for a special grant to help finance the project.

Not to Change Synod Name.

The proposal to change the name of the synod was not favored, as it was deemed inadvisable to make a change at the present time.

The synod decided not to accept the form in which the Athanasian creed is printed in the draft prayer book.

The small cost over flat lenses buys a wonderful increase in eye comfort and efficiency. L. Sharpe & Son, Jewelers and Opticians, 21 KING ST. ST. JOHN, N. B.

IMPERIAL LEAGUE. Every member present at last night's meeting of the Canadian Imperial League expressed himself in favor of the county council voting the \$3,000 for the Canadian boys' Christmas overseas. The matter of presenting badges to the next of kin of soldiers who have died in the course of duty is being taken up with the Dominion government, also a project of increasing the limit weight of parcels intended for the boys in the front from seven to ten pounds at the same rate of postage.

WALL STREET. New York, Oct. 5.—Support of United States Steel, which fluctuated between 103-4 and 107-1/8, was the noteworthy feature of the forenoon and went far towards establishing prices elsewhere. There was recurrent pressure, however, against the tobacco, petroleum and steel shares. The first section losing three to five points, while Cuban American Sugar dropped thirty points from its last sale of a month ago, to 140. Trading was broad and active in the first hour, but slackened later when the market developed renewed irregularity.

THE PARCELS FOR THE SOLDIERS OVERSEAS. To the Editor of the Times: Sir,—Replying to the letter of Miss Mary E. O'Brien published in Thursday's edition of your paper, allow me to say: That the G.W.V.A. did not at their meeting or at any other time condemn the practice of sending parcels overseas for the use of the soldiers fighting in the trenches, but is much in favor of the same and will encourage the idea as much as possible.

Miss O'Brien and the other members of the United Soldiers' Helpers of Fairville have greatly misinterpreted, whether intentionally or otherwise, what was really passed at the meeting of the G.W.V.A. or else they wish to convey a directly opposite view to the public and the municipality for the purpose of securing the desired amount for the carrying out of their own ideas regarding the carrying out of everything—forgetting altogether that we, as members of the returned soldiers, should have some voice in the matter.

Parcels are and always have been very acceptable to the boys fighting in the trenches, and it would be most unkind and unreasonable for us, knowing the conditions as they exist, even to suggest a discontinuance of the practice of sending, as Miss O'Brien tries to show. But whether we are representative of the municipality or not, or if it happened that we were not long in the trenches it is not because we were in England or Canada but were in the front with the rest of the boys ready to do our bit and we did it.

The resolution passed by the G.W.V.A. was not a condemnation of the practice of sending parcels to the soldiers, but was to the effect that such a large amount of money should not be taken from the municipality to be spent for this particular purpose at this particular time, as the boys are well looked after both in food and clothing, etc. owing principally to the proximity of Christmas and persons send all parcels about this time of year so as to make sure of delivery; and that this money could be used to better advantage and with better results if placed in the G. W. V. A. fund for the building of an institution for the use and occupation of those returning from the front who have done their bit and are incapable of looking after themselves.

This was the resolution passed and it is what we still think. Surely we should know what is best; we sacrificed our home comforts and liberties, and risked our lives for our country just the same as those returning to the trenches are now doing, and though Miss O'Brien and others, prompted, no doubt, by a desire to do their share, small as it may be, are not in a position to appreciate the conditions existing, and should be guided by those who have gone and seen and done and know. Thanking you, I beg to remain, yours, JOSEPH G. DRYDEN, Vice-President G.W.V.A.

SENSATION IN FRANCE

Charge That Ex-Minister Was Aiding Germans. He Stoutly Denies It.

Letter to President Read in Chamber at Request of Accused Man. Malvey—House Hears it and Votes Confidence in Government.

Paris, Oct. 5.—Louis J. Malvy, former minister of the interior, who resigned office on account of press exposures of him in connection with several German intrigues, caused a nation-wide sensation by announcing in the chamber of deputies yesterday that he had been slanderously accused of abusing his position as minister to betray the country.

The charges were made by Leon Daudet, son of the late Alphonse Daudet, a noted writer, in a letter to President Poincare, which Premier Painleve read at the request of M. Malvy.

After M. Malvy had indignantly denied the charges, and Premier Painleve had promised the chamber that M. Daudet would be obliged to prove his words, the chamber voted confidence in the government, principally among the Socialists.

The Accusing Letter. The text of M. Daudet's letter to President Poincare follows:—"I address myself to you because it is important that you should be informed of what no longer is a secret for many people, and also because you have a great role to play and can save France."

"Monsieur Malvy, former minister of the interior, has betrayed the national defense for three years with the complicity of Monsieur Leymarie and some other German agents, and is superabundant. It would be too long to lay them before you. Be assured only that M. Malvy has kept his word with several nations, and that Germany fully informed of our mind, has been able to plan, notably by the hand of spies of the Bonnet Rouge, by his friend Vigo and by one Souter, director of the Maggi Kab (a beef extract company)."

"It was thus the German high command knew point by point, to quote only one example, of the plan to attack the Chemin des Dames. See the Spanish newspaper A B C of July 25, 1917. When M. Malvy was admitted to the council of war it was with applause from the Bonnet Rouge."

"Know also that documents of indisputable authenticity show the hands of M. Malvy and of the sure general (the political police attached to the ministry of the interior) in the military mutinies of the tragic events of June, 1917. It lies with you, Mr. President, to verify the foundation of these accusations, the rapid investigation, which will be an easy matter for you, and to do prompt justice, for it is reported that Germany, to cause trouble in the public mind, is getting ready to give M. Malvy away in a short time as useless to her cause."

"The only means to destroy the German plans therefore is to act first and foremost before the military tribunals the wretch who has delivered France to the enemy, morsel by morsel."

"In any way, fulfilling what I believe to be my duty as a citizen, I ask you, Mr. President, to fix a date with a view to later eventualities and remain, very respectfully, LEON DAUDET."

At the conclusion of the session a vote of confidence in the government was carried by a vote of 350 to 3. One quarter of the members abstained from voting.

BRITISH VESSED HAS EASED CORN MARKET

Chicago, Oct. 5.—Better weather and confirmation of the British victory in Belgium tended today to ease down the corn market. Opening quotations, which ranged from yesterday's finish to a quarter cent lower at \$1.15 1/2 to \$1.18 1/2, were followed by moderate further declines, but then by a good reaction.

ANOTHER SEMI-READY SALE!

A sale of particular interest to the young men of this section will be held in the Semi-ready store, corner King and Germain streets, commencing tomorrow, October 6, when 200 suits and fall overcoats will be offered at startlingly low prices.

Only once in a hundred years would a sale be brought about by a condition such as forces this one, and that cause is conspicuous. Many dignities will be reluctant to invest in a new suit or coat—and yet it may be months before that particular person would be offered. To overcome this condition and yet serve its long list of young men customers, the Semi-ready people are making price reductions that will quickly dispose of the garments offered. Full details in this paper later. Watch for them.

About forty of the young friends of Miss Beulah Stephenson gave her a novelty shower at her home, 111 Orange street, last evening, in honor of an approaching event. Very pleasant evening was spent. Refreshments were served.

THE PLEA FOR UNITY

Major C. W. Gordon's plea for unity in Canada should appeal to every citizen. The like is true of his appeal for the complete mobilization of all of Canada's resources for war.

A STARTLING DISCLOSURE

Ontario has a feeble-minded population of probably ten thousand, and is only caring for about eight hundred of them. Toronto public and separate schools contain two thousand feeble-minded children.

Attention of the Ottawa conference was drawn to the fact that prostitution is closely bound up with the feeble-minded problem. Two hundred and thirteen immoral women of the street were diagnosed by Dr. C. K. Clark and his associates as mentally deficient.

When the Kidneys Fail

Poisons Remain in the Blood, Which Cause Pains and Aches—Read Here of the Surest Way of Setting the Kidneys Right.

Brockville, Ont., Oct. 4.—If you have headaches, backaches and rheumatic pains you have reason to suspect the kidneys. Pain is caused by poisons in the blood, and poisons only remain in the blood when the kidneys are defective and fail to do their work.

Here is another letter to show how rheumatic pains disappear when the action of the kidneys is awakened by Dr. Chase's Kidney-Liver Pills.

Mr. John May, Walkerton, Ont., writes: "I was troubled with rheumatism in my legs and I became so lame that I could scarcely get around."

NO CANADIANS IN BIG PUSH YESTERDAY

All Objectives in British Hands by Mid-day—Heiz's Attack Anticipated Intended German Dash by Just One Minute—Counter-Attacks Fruitless

The following portion of the official statement from British headquarters in France issued last night was delayed in transmission:

London, Oct. 4.—South of the Menin road, where only a short advance was intended, our objectives were reached at an early hour. North of the road the English battalions carried the Hamlet of Polderhoek and Polderhoek Chateau, where fighting occurred, and drove the enemy from numerous farms and small woods south and east of Polygon Wood. Australian troops captured Molsaershoek and cleared the houses on the Zonnebeke-Broodseinde road. New Zealand troops took Gravenstafel, and on their left other English divisions continued the line of our advance and reached the outskirts of Poelcapelle. Within a short time of the opening of the assaults, our objectives had been gained on the whole line of the attack.

All Captured by Mid-day

The advance against our final objectives was carried out in accordance with the plan, and was attended by equal success. English troops took the villages of Reutel and Noordenhoek, and secured the high ground overlooking Beeclere. Australian regiments captured Broodseinde and established themselves well over the crest of the ridge, five miles east of Ypres, which gives observation eastwards. On the left of our attack, English troops carried the greater part of Poelcapelle village and secured the line of their objectives east of Poelcapelle church.

The whole of our objectives had been captured before mid-day. Information obtained from prisoners and confirmed by identifications of German units, and by the numbers of German dead established the fact that our attack anticipated by a minute an attack in force by five German divisions against our front from Polygon Wood to Zonnebeke.

Our artillery barrage descended upon the enemy's troops as they were assembling, and the hostile attack never took place. Those of the enemy's infantry who escaped the fire of our artillery were overwhelmed by the advance of our infantry. In consequence of the enemy's losses in the area of his intended attack, few counter-attacks have yet developed. Two counter-attacks attempted early in the afternoon east of Gravenstafel were in each case broken up by our fire before reaching our positions. Another counter-attack northeast of Langemarck resulted in severe fighting, but it was unable to drive our troops from the positions they held.

Later in the afternoon three other successful counter-attacks were made by the enemy.

The weather, which during our preparations for the attack gave promise of continuing favorably, became less settled. The wind continued steadily last night and throughout the battle had blown strongly from the west, at times with force of a gale, and had been accompanied by storms of rain. The adverse conditions added to the difficulty of the advance and to the work of our airmen. Notwithstanding this, our aircraft performed valuable work and afforded useful information from time to time, both regarding the positions of our own troops and the assembling of the enemy forces for counter-attacks.

No Canadians in it

The assault was delivered by English, Australian and New Zealand divisions. Included among the British troops were battalions from twenty-eight English counties. There were also two battalions from Scotland, Ireland and Wales. At all points progress was made from the start.

The enemy's losses throughout the whole fighting have been exceedingly heavy, being greatly increased by the unusual number of German troops on the battle front at the opening of our attack. Our casualties have been light. In addition to the prisoners taken, we also captured a few guns and such other material.

United States Steel reflected after a firm start to its recent minimum of 109 1/2, but immediately rallied a point, and Bethlehem Steel gained as much. Other equipments, oils, tobacco and active specialties were hesitant. Ohio Gas featured the utilities at a decline of two and a quarter.

THE DRAKE HIT BY TORPEDO

British Cruiser Makes Harbor and Goes Down — New Offensive in West Great Success

London, Oct. 4.—A high official of the admiralty said today that more German submarine boats had been sunk during the past three months than during any similar period.

London, Oct. 4.—The British cruiser Drake has been torpedoed and sunk, according to an admiralty announcement tonight.

The Drake was torpedoed Tuesday morning off the North Coast of Ireland. She reached a harbor but then sank in shallow water. One officer and eighteen men were killed by the explosion. The remainder of the ship's company were saved.

The Drake was an armored cruiser of 14,100 tons displacement. She was launched at Pembroke in 1901 and put in commission a year later. She carried a complement of 900 men and was armed with two 9.2 inch guns, sixteen 6-inch, twelve 12-pounders, three 8-pounders and two machine guns. The Drake was 500 feet long, 71 feet beam and had a draught of 26 feet.

London, Oct. 4.—In their offensive in the Ypres sector today the British gained all their objectives on a front of 16,000 yards and to a depth of 2,500 yards, General Frederick Maurice, chief director of military operations at the war office, announced today.

The text of the report from British headquarters in France tonight reads: "Our attack this morning was launched on a front of over eight miles, from south of Tower Hamlets to the Ypres-Staden Railway, completely successful. All our objectives have been gained; positions of great importance have been won and over 3,000 German prisoners have already reached the collecting stations.

"We are now in possession of the main ridge up to a point 1,000 yards north of Broodseinde."

Scott Act for Quebec City. Quebec, Oct. 4.—By a majority which already is more than 3,000 and which is expected to increase, Quebec city supported the petition for the enforcement of the Scott Act. The clergymen of all denominations have been active in support of the act.

ANGLICAN SYNOD

Montreal, Oct. 4.—At this morning's session of the provincial synod of Canada a resolution was passed in favor of the church doing its utmost to promote the winning of the war.

The committee appointed to consider the archbishop of Nova Scotia's address drew special attention to his words concerning the political situation, and said if ever it behooved true patriots to unite together in one great national purpose, it is now, and "We feel that the members of this synod should use all their influence to bring about a reunion of all political parties, or rather for this time of stress, to sink such party feelings so that we may all be united in the one great effort of helping to bring this world-wide war to an end, and winning such a victory as may ensure peace among nations for all generations to come."

A committee was appointed to negotiate with the synod of Newfoundland with a view to bringing about the inclusion of that diocese in the synod of Canada.

'IT SAVED MY HAND'

"I am a blacksmith. I contracted a sore finger, which led to blood-poisoning. After three months of doctoring, the finger had to be cut off. It was too late! The poison had spread to my hand and arm. My hand was opened and the bone scraped. No use! Doctors said hand would have to be taken off. I refused, and began to use Zam-Buk. I used it regularly and freely for a few weeks. It subdued the blood-poisoning and by the time I had used 7 boxes of Zam-Buk my hand was quite healed. Zam-Buk surely saved my hand, and I firmly believe it would have saved my finger too had I used it at first."

These facts were sworn to by Mr. John Evans of 87 Lawrence St., Halifax, N.S., before Supreme Court Commissioner O'Hearn, and the sworn statement may be seen by any person so desirous. Zam-Buk cures ulcers, cancer, abscesses, skin eruptions, cold sores, burns, scalds, babbled nipples, etc. See box, all drug stores and stores, or Zam-Buk Co., Toronto, for price.

The increased cost of living is affecting the missionaries to such an extent that a long discussion was engaged in on the question of increasing their salaries.

FIFTEEN MILLION CHILDREN TO GIVE OFFERING FOR ARMENIAN-SYRIAN RELIEF

New York, Oct. 5.—The Sunday school children of America will be asked to make an offering, at Christmas or some other appropriate date, for Armenian and Syrian relief. This was decided at an executive conference recently held by the war council of the united Sunday schools of America.

The need of starving, suffering millions of children and grown people in Bible lands today was presented to the war council by the American Committee for Armenian and Syrian Relief, in cooperation with whom the Sunday schools are to act.

A request will be sent to President Wilson to repeat his proclamation of last year, setting aside October 30-31 as special Armenian-Syrian relief days.

Rheumatism

A Home Cure Given by One Who Had It

In the spring of 1916 I was attacked by rheumatic and inflammatory rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but each relief as I received was only temporary. Finally I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent, simply mail your name and address and I will send it free to try. After you have used it, and it has proven itself to be that long-sought-for means of curing your rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Don't that fail! Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mark H. Jackson, No. 197 Gurney Bldg., Syracuse, N. Y.

Who Got the \$50,000 Bride "As on Former Occasions?"

The Bernstorff revelations show that Germany had an elaborate system a few months ago for influencing the United States Congress, and as the New York Times remarks, "If Germany was spending money to organize disloyalty within the United States when she was at peace with us, she most certainly did not become high-minded and stop it the moment she went to war with us."

That part of Count von Bernstorff's note in which he asks permission of the Berlin foreign office for "authority to pay out up to \$50,000 in order, as on former occasions, to influence Congress through the organization you know of" in the opinion of the Boston Transcript "gives us a good lead for inquiry into and effective prosecution of some of the traitorous societies that were doing Germany's work and getting paid for it." The general belief of editorial observers, however, seems to be that the mysterious "organization" operated by bombarding the legislators with telegrams. Senator Wadsworth, of New York, declares that "about the time Bernstorff sent that message I received four hundred telegrams in one day."

GOOD NEWS

REGARDING

RUBBER GOODS

Here is an example of how the Rexall Policy of Selling Drug Store Goods protects our customers and tends to keep prices down:

The Price of Crude Rubber and other things entering into the manufacture of the finished products have advanced considerably during the past year, and but for the foresight of the Executives of the United Drug Co. (for whom we are selling agents), it would have been necessary for us to have advanced our selling price to you.

No Advance In Price

This, however, will not be necessary, due to the fact that The United Co. have recently purchased at a cost of One Million Dollars the entire manufacturing plant of The Seamless Rubber Co. of New Haven, Conn., who are the largest manufacturers of Druggists' Rubber Goods in the world, and makers of The Famous Kantleak Hot Water Bottles. This factory is now equipped to manufacture all types of Hard and Soft Rubber Goods for Surgical Hospitals and Household use.

What This Means To You

This means that, in spite of advancing costs, our selling price to you will remain the same, due to the fact that these products will now be supplied to us direct from the factory instead of through middlemen and jobbers, so that you can still buy your Hot Water Bottles, Syringes, etc., at the same prices as formerly, and these prices the lowest consistent with the high quality of the goods.

Our Guarantee

Another big advantage which you have when you buy your Rubber Goods at Our Store is the guarantee that we give you with every purchase.

We replace, without charge, any article which does not give satisfaction or proves defective within a specified time. This guarantee gives you full protection against faulty materials or workmanship, and goes with every purchase.

**COOMBS BEST WORLD
SERIES MOUNDSMAN**

Has Won More Games Than Any Other Twirler in Great Struggles for Premier Honors

Colby Jack Coombs, the veteran pitcher of the Brooklyn Dodgers, has been the most successful world's series pitcher. Coombs went through three world's series without meeting a defeat. In two others he also shared in the spoils, but did not pitch. Coombs has won five world's series games and lost none. However, he has had a lot of luck with him, as heavy scoring by the Athletics made Jack's work rather easy for him in 1910, when he won his greatest glory, defeating the Chicago Cubs in three games.

The collapse of the Cub twirling staff enabled Coombs to walk home to three easy victories, as the Athletics scored twenty-eight runs in the three games he pitched. He won by scores of 9-3, 12-5, 7-2.

Coombs' greatest world's series game was pitched on the Polo grounds in the third game of the 1911 series. Mathewson led, 1 to 0 up to the ninth inning, when Baker tied the score for Coombs with a home run. Jack then won in the 11th inning by a score of 3 to 2. Coombs permitted only three hits in the eleven innings.

Coombs pitched another master-piece the next time he faced the Giants, but all his strength into a pitch. Mack kept Coombs in despite his better judgment, and the Giants were able to tie the score on Jack in the ninth inning. Strunk ran for Coombs after he opened the tenth inning with a single and in the second half Plank was touched up for New York's winning run.

Last year Coombs had the good fortune to oppose Mayes, the only Red Sox pitcher the Dodgers got friendly with. With his team ahead four to three, Jack felt himself slipping in the seventh after Gardner had hit him for a home run, and relinquished his post to Pfeiffer, who held the one run lead to the end. That was Brooklyn's lone victory.

Next to Coombs, the world's series pitcher with the best record is Babe Adams, with three victories and no defeats. Babe won all his games in the 1909 series, when this youngster's phenomenal work brought about the defeat of the Detroit Tigers in seven games.

Pitchers who have won two world's series games without meeting defeat are Ed Walsh, formerly of the Chicago White Sox; Dick Rudolph and Bill James of the Boston Braves, and George Foster and Dutch Leonard of the Red Sox.

SPORT NEWS OF THE DAY HOME AND ABROAD

BASEBALL National League Ended
The National League 1917 season was brought to a close in Brooklyn yesterday when the home team of the Boston Braves split even in a double header. The first game went to the Dodgers 5 to 1 and the Bostonians clinched the second 4 to 2.

American League Closes
Washington defeated the Red Sox in their last game of the American League series yesterday by a score of 5 to 4.

St. Louis Nationals Win
St. Louis Nationals won the second game of the city series yesterday when they held their American League opponents to one run and six hits. The score was 3 to 1.

Collins In Fifth Series
During the coming world's series Eddie Collins, the Chicago White Sox captain, will enter the lucky group which has participated in the spoils of five world's series. However, Eddie will have to get in one more series after this one to tie Jack Barry's record of six world's series pots, all but one of them being the winner's end.

During the world's series of 1910, 1911, 1913, 1914, 1915 and 1916 Barry took in \$18,511.80. By the time Collins gets through with the 1917 series he also will have a nice world's series bank account. He already has received \$10,505.80 in his four series. Despite the fact that only double the regular price will be charged in Chicago the players' divvy this year will again be very large.

Next to Barry the player who has won the most world's series money is Jack Coombs now with the Brooklyn. Coombs has been on three winners and two losers and has taken in \$13,920.70. Last fall his check as a member of the losing Brooklyn was \$2,715.40. In 1908 the victorious Cubs only received individual checks for \$1,317.55, while the losing Athletics in 1905 received only \$382 apiece from the commission. However, the club threw in its share and each player received \$322. That shows how the world's series pots have grown.

Other players who have taken part in five series are Harry Davis, Danny Murphy, Chief Bender and Eddie Plank, all of whom went through with Connie Mack. Ira Thomas got into one series in Detroit and four with the Athletics, while Johnny Evers got into four with the Cubs and one with the Braves.

Few of these players drew as much in their five series as did the Boston Red Sox players, who fought through the three victorious campaigns of 1912, 1915 and 1916. For these three series Hooper, Lewis, Cady, Thomas, Gardner, Henriksen and Heinie Wagner drew in \$11,928.50, \$4,222 in 1912, \$3,780.25 in 1915 and \$3,820.25 in 1916. They were pots worth while.

BOWLING Holiday Match Arranged

Black's bowling alleys will be auspiciously opened for the season on Oct. 18 on Thanksgiving Day. In the morning two teams will clash; one is to be captained by Walter Gambin and the other by A. Covey. The former will have as his colleagues H. Sullivan, B. Ferguson, D. Foshay and T. Jenkins, and the latter will have W. Riley, E. Maxwell, A. Beatty and A. Burs. These teams are fairly even matched and a good game is anticipated.

The alleys have undergone extensive repairs and have been placed in first class condition by a representative of the Brunswick-Balke-Collender Company of New York. They are conceded to be as fast as any in Canada and some high scores are expected to be made during the playing season. The Canadian single string record was made on Black's by Vincent Kelly in 1915, when he ran up a score of 176 in a championship match.

WARDEN McLELLAN'S
NOTICE TO THE PUBLIC
 Lest some progress may be made by those attempting to becloud the real issue between the members of the Municipal Council and myself, I deem it necessary to make the following statement, which I trust will suffice for the present:
 The question is not one involving the supplying of comforts or necessities to the boys at the front—
 Or what amount reaches the front, or is wasted—
 Or what amount of the amount of \$3,000 referred to is granted to the Great War Veterans' building fund.
 The sole question involved is **WHETHER ANY MUNICIPALITY, EVEN WITH A UNANIMOUS VOTE, MAY DIVERT A PUBLIC TRUST FROM ITS LEGAL DESTINATION?**
 Regarding any letters written or to be written or any attempts to arouse public feeling against returned soldiers, who recite their personal experiences at the front, I will be glad to answer all questions at the proper time, but do not consider it proper to do so while litigation is going on.
 H. K. McLELLAN,
 Warden of the Municipality.

 About thirty-five friends of Richard Evans of the post-office staff met at the home of C. C. Corkum, 221 King street east, last evening. It was Mr. Evans' birthday, and his friends presented to him a signet ring. A very pleasant evening was spent. A musical programme including solos by Miss Scribner and Mr. Watson.

CITY WATER WORK.
 The members of the water and sewerage department are rushing to completion the work of installing a new water main in St. James and Queen streets. Their progress has been hampered considerably as they have come across several old timber sewers. Commissioner Wigmore said today that he considered that the work which is underway in various parts of the city will take until Christmas to complete.

ROBERTS-CLARK
 A quiet wedding was solemnized in St. Luke's church last evening, when the pastor, Rev. R. P. McKim, united in marriage Robert Roberts and Edna W. Clark, both of this city. Following the ceremony, the party drove to the home of the bride's sister, Mrs. H. C. Robinson, Murray street, where a bounteous supper was served. Mr. and Mrs. Roberts will reside at Cedar street. The bride was the recipient of many beautiful presents.

FROM ROY S. PALMER
 Mrs. J. A. McBeth of Westfield Centre, N.B., has received a letter from her nephew, Roy S. Palmer, enclosing a picture of himself and a chain, Arthur Whitwell, who enlisted with him in the 6th C.M.R. company, going to France in July, 1916, and across to England in the next October. He was in the trenches sixteen months. Since then he has been in six English hospitals and at the time of writing was convalescing at St. Leonard-on-Sea, Sussex, Eng., and hoped soon to be at the front again.

FRANCIS JOSEPH MARTIN
 Many will learn with regret of the death of Francis Joseph Martin, son of Simon Hart of 36 Central street, which occurred in the city today. Mr. Martin was twenty-three years old and for the last few years had been employed in the city market as a butcher. Besides his father he is survived by four brothers, Fred, Harold, Basil and Ronald all of this city, and two sisters, Miss Edna at home and Mrs. John Simmons of this city. The funeral will take place on Monday from his father's residence, 55 Exmouth street.

ROBSCHAUD-STORM
 At the residence of the officiating clergyman, Rev. P. A. Demisson, Wright street, last evening, a quiet but pretty wedding was solemnized when Miss Eva Mand, second daughter of Mr. and Mrs. Andrew M. Storm, 11 Pine street, became the wife of James Robschaud of Montreal. The bride looked charming in a suit of grey broadcloth with black velvet hat. The groom, who is still in uniform awaiting his discharge, is a veteran of the great war. Although the wedding was unexpected outside the immediate families of the contracting ones, many pretty and useful presents testified to the esteem in which both are held.

ORPHANS GIVE NICKEL PRESENTS FOR LITTLE ONES IN BELGIUM
 J. D. O'Connell at his picnic on last Saturday in Rockwood Park presented to each orphan a twenty-five cent and a five cent nickel, at the same time suggesting that those who so desired could contribute the coin towards the Belgian Orphans' Relief Fund. Out of fewer than 800 present, the very large proportion of about 240 voluntarily handed in their nickel, making \$12 in all. Two generously disposed citizens had promised to contribute each a sum equal to the total amount so received. This they have done, desiring their names not to appear, the result being a total of \$36. This amount, together with the further sum of \$8 contributed at the picnic given by Mr. O'Connell at Sussex, has been received and will be duly forwarded by James H. Frink, treasurer of the provincial Belgian relief fund.

PTE. ROY S. STAIRS KILLED IN ACTION

Friends in this city have been deeply grieved to learn of the death of Private Roy S. Stairs, who was killed in action on August 15. Private Stairs,

who was a resident of Lower Southampton, enlisted in the 118th battalion and spent several months in St. John while training with that unit. During his stay here he made many friends in whose memory he holds an honored place as a young man of excellent character and fine disposition.
 Much sympathy will be felt for his parents, Mr. and Mrs. Theodore Stairs of Lower Southampton.

SAYS JAMAICA GINGER DID IT FOR HIM

Why One of Quartette Was In Police Court Today—Guilty Plea in Liquor Case

Four prisoners were before Magistrate Ritchie today charged with being drunk. Each was prepared with a plausible excuse for his Honor, who sent them below for the present. One said he had used Jamaica ginger successfully. Another was not yet sober enough to plead.

Joseph McCarron was charged with having liquor in his store near Coldbrook where it was found by Inspector Crawford. He pleaded guilty and was sent below.

DRAFTED MEN FROM HERE WILL BE FOR 26TH AND 104TH BATTALIONS

That the men drafted under the military service act are to be attached, when they arrive in France, to the unit which hails from the province in which they were selected has already been announced. This means that the men drafted in New Brunswick will after their preliminary training in St. John be sent to England and there be attached to the 18th Reserve Battalion from which they will be drafted into the 26th and 104th. The latter information was received at the office of the New Brunswick command this morning.
 There has been some talk of a training staff being sent to England to train the selected men, but this idea seems to have been abandoned.

STRIKE AT THE NEW ELEVATOR

At noon today forty laborers who have been working on the new elevator in Prince William street went on strike. It seems that they have been working a ten hour day at the rate of thirty cents an hour, and they feel that it is not enough, as other workmen on the elevator are receiving more. They asked for a nine hour day at thirty-five cents per hour, and this being refused they have struck.
 The carpenters last week asked for an increase of from thirty-seven and a half cents an hour to forty-two and a half, and instead of working a ten hour day they asked for an eight. Their request was granted.

 Dear Mary—
 You ought to have seen how surprised and happy my husband was when he came home last night. Yesterday was his birthday. At breakfast he forgot all about it.
 When he came home in the evening I was all tugged out in my loveliest. I met him in the hall, blindfolded him and led him into the living room where I sat him in a big, soft, "cumfy" new easy chair which I'd bought for his birthday present.
 Try this on your husband.
