France Orders Into Effect Penalties Against Germany

Quick Order by Poincare on Receipt of German Answer to Demand for Full Payment of Installments on Pre-War Debts.

(Canadian Press Cable.)

Paris, Aug. 5.—The French government today ordered into effect the penalties against Germany for failure to pay in full the installments on the pre-war debts to French citizens. Germany's reply to the latest French note demanding payment was delivered to the foreign office at noon today. Premier Poincare, after a quick perusal of the document, gave his order. The penalties concern German properties sequestered in France. Certain payments that were being made to Germans on account of war losses are suspended in Alsace and Lorraine, as are also the indemnities under the arbitration agreements reached between France and Germany in August and September, 1921. No military action is involved.

CHILDERS LEADER AT KILMALLOCK

De Valera Lieutenant Reported in Command There.

Republicans Say Father Dominic Has Been Ordered Reported—Funeral of Harry J. Boland in Dublin Yesterday.

(Canadian Press Cable.)

Dublin, Aug. 5.—Eskine Childers, one of the chief supporters of Eamon de Valera in the fight against the Anglo-Irish treaty is said to be in command of the irregular forces at Kilmallock. The casualties of the National troops in the fighting there up to the present are given as one killed and seven wounded.

Father Dominic Deported?

London, Aug. 5.—A bulletin issued by the Irish Republican headquarters here today says that Father Dominic, chaplain of the Republican Guard, who is coming to London on his way to the continent, was deported by order of the British government. Upon the recommendation of a competent military authority, says the bulletin, Father Dominic, on July 19, was given twenty-four hours to quit the country on pain of arrest.

Funeral of H. J. Boland

Dublin, Aug. 5.—Simplicity marked the funeral of Harry J. Boland, close friend and associate of Eamon de Valera, who died here Tuesday night. The body was received at the city hall yesterday and was buried in the morning at the National cemetery. The funeral was a simple affair at the National cemetery. Countess Markievicz, a prominent Republican leader, sent a wreath with a card bearing the inscription: "From Eamon de Valera." The funeral procession, which included thirty-two members of the clergy, filed past Mount Joy prison in order that the Republican prisoners could see.

GORMAN DID NOT RUN IN THE HALIFAX RACE

Erin Smith Went 100 Yards in Ten Seconds, Equalling Maritime Record.

Dartmouth, N. S., Aug. 5.—Erin Smith of the Halifax Crescents, squalled the maritime record of ten seconds and 100 yards at the Dartmouth A. A. sports here yesterday. The record had been held jointly by Frank Stevens and Fritz Schaefer of the Halifax Wanderers, and possibly one or two other maritime sprinters.

Charles Gorman of the counter, was entered for the 100 yard event but did not run because of a sore leg.

PIGEON HOLE NO MORE IN U. S. POST OFFICES

Washington, Aug. 5.—The familiar pigeon hole, where all sorts and conditions of persons received their mail for generations is to be abolished in the United States post offices. Uncle Sam will serve his customers over the counter, and quit showing his post office wares through a tiny hole. "The principal reason for the removal of the pigeon hole is the parcel post," said a spokesman of the department today. "Bulky packages do not easily go through the narrow slot at the bottom of the gridded window. Designs for new post offices, recommended by the committee on post office buildings, call for long, collapsible windows and a counter for the parcel post section. Scales sunk in the counter speed up the weighing of packages."

Canadian Municipalities.

Winnipeg, Aug. 5.—(By Canadian Press)—Representatives of the Union of Canadian Municipalities will meet here on August 8 for a three-day conference. The delegates will be formally welcomed to the province and city by Sir James Aikins, lieutenant-governor of Manitoba, and Mayor Frank Fowler on Tuesday, August 8.

MISSING ON VOYAGE FROM C. B. TO HALIFAX

Halifax, N. S., Aug. 5.—The schooner John Halifax, sixty-three tons gross, of Port Maitland, C. B., has not been reported since she left that place for Halifax on July 18. She was commanded by Captain R. M. Forbiger, and carried three men. She was built at Danvers, Mass., in 1882.

WARE NOT GOING TO FREDERICTON

"Lefty" Ford Has a Good Word for St. John as Team Leaves—Newburyport to Play Unless Rain Prevents.

Quincy All-Stars, announced this morning that Fredericton had been unable to arrive at an agreement with Ware, his centre fielder, and he would return to Boston this evening with his team mates. "Jud" Markham, shortstop, and "Wild Bill" Dean, the third baseman, will report to the Fredericton club on Monday. The remainder of the team will leave on the Governor Dingy this evening for their homes.

Speakers of their two weeks' trip in the province, Mr. Ford said both he and his players were delighted with the treatment accorded them and will welcome the day when they will be able to return. He expressed the hope that he will be able to come here early next season and definitely decide the issue still pending with St. Peter's. He paid a glowing tribute to St. John as a baseball city, and thinks it is one of the best, comparatively speaking, he ever had the pleasure of playing in. He expressed the opinion that the game as played here today is faster than in the days of the Marshalls and St. Johns.

Newburyport. The management of St. Peter's announced at noon today that the games with Newburyport would be played today unless rain makes it impossible. Fog alone would not prevent play. Men were kept at work on the diamond and a hope was expressed that the rain fall would not be heavy enough to force the cancellation of the games. The Newburyport team arrived in the Governor Dingy. The team is in charge of Joe Ford, brother of "Lefty," manager of the Quincy All-Stars, and as he is familiar with the class of ball played in the province, he is expected to have a high class ball club on this trip.

44 PER CENT OF WAR DAMAGES EFFACED

67,037 Buildings Had Been Restored in Poland at End of 1921.

Approximately 44 per cent of the buildings destroyed in Poland during the war period, 1914-1920, had been rebuilt by the end of 1921, according to statistics recently given out by the Polish Ministry of Public Works. The total number of buildings which had been restored was given as 67,037. At the end of 1920 there had been restored 46,673 buildings. During the course of 1921 a total of nearly 20,000 buildings were constructed, of which there were about 90,000 dwellings, 176,000 schools and store buildings, 2,500 factories, 600 churches, and 300 public buildings.

The statistics show that there remained of 1922 about 268,000 dwellings, 1,000 churches, 8,000 schools, 1,000 public buildings, or a total of over 870,000 structures.

200 UKRAINIANS DIE IN A BURNING TRAIN

Zionist Emigrants to Palestine Among the Victims of Disaster Near Kiev.

Riga, Aug. 5.—Two hundred passengers perished when a five-car train was burned between Kiev and Shepetovka, says a report from Kiev. Among the victims were eight Zionist pioneers, who were proceeding to join their group on the way to Palestine.

N. S. Miner Killed.

Springhill, N. S., Aug. 5.—John Martin, sixty-two, a pumpman in No. 8 mine, was crushed by a pump which was helping to move here, yesterday, and died of his injuries. He is survived by his wife and seven sons and daughters.

Above is shown the Rapids River, fast on a rock, with small boats taking passengers from it. Below is a boat load of people being conveyed to shore.

AVIATOR KILLED BY 11-STORY LEAP

George J. Kinberg, War Veteran, Meets Death After a Party With Friends.

New York, Aug. 5.—George J. Kinberg, veteran aviator, leaped to his death from the eleventh floor apartment of Walter P. Inman, the stepson of James B. Duke of the American Tobacco Company, at 420 West End avenue. Inman, who served with him in France as an aviator, said Kinberg had suffered from a nervous disorder after a fall while in the Air Service, which left him with the desire to jump whenever he looked down from a great height. He had had two falls in his plane while in France. It was said, one from 1,800 feet and one from 1,000 feet, without suffering injury.

The party at the home of Mrs. Inman's apartment on the second floor of 122 East Fifty-fifth street. This was due entirely to an accident. Kinberg was well known in the neighborhood around the two apartment houses he had leased at 116 and 122 East Fifty-fifth street.

Although Kinberg lived with his brother on East Fifty-fifth street, he spent a great deal of time with the Inmans at their apartment. Mr. and Mrs. Inman returned after a motor trip to California recently. On their way east they visited at Kokomo to New York, and was present at a party in the apartment with Kinberg and other friends.

The party lasted until about three o'clock in the morning. Kinberg was asked to spend the night on the davenport in the living room. He went to the window, took out the wire screen, climbed over a two-foot coping and leaped out. The night watchman of the apartment house heard the thud of the body as it hit the sidewalk.

Walter Inman is the son of Mrs. James Inman, a wealthy Atlanta cotton dealer.

U. S. ATHLETE AGAINST SUSSEX MAN IN JUMPS

Calgary, Aug. 5.—The national championship of the A. A. U. of Canada for field and track events, will be held here on Aug. 12 at the international inn. Paul Sharpley was received from Pennsylvania. He will compete in the running broad jump and pole vault. A. E. Miller, of Sussex, N. B., will compete in all the jumps and competitors are expected from every large centre in the Dominion. Entries close on Monday, Aug. 7.

DAMAGE BY THE CUT-WORM HEAVY

Quebec, Aug. 5.—(Canadian Press)—Cut-worms have caused more damage in this province this year than last, according to G. Mahaux, chief entomologist, who has returned after an inspection tour. However, he said that the devastation was now over. The cut-worms, the tent caterpillars and the grasshoppers had been more widely distributed than usual and the cut-worms had played havoc with the cabbage and tobacco fields. In some instances not a single plant escaped. Tent caterpillars were seen in all districts, defoliating fruit shade trees, and a heavy infestation it is feared, is in sight for the coming year. Grasshoppers are mostly full grown everywhere. The amount of grain and hay destroyed has been considerable.

ARMY AND NAVY FIGHT RIOTERS

(Canadian Press Despatch) Genoa, Aug. 5.—Several sailors were landed during Thursday night from war vessels and joined with the royal guard in firing upon rioters who had erected barricades in the streets. The fighting continued until 8 o'clock yesterday morning, by which time the barricades had been demolished by machine gun fire.

REPORT 5,000 CHINESE LOSE LIVES IN TYPHOON

Hong Kong, Aug. 5.—Five thousand lives are believed to have been lost in the typhoon which last Wednesday devastated Swatow, 250 miles northwest of here.

EXTEND SYSTEM FOR THE BENEFIT OF SOLDIERS

Financial Assistance for Red Cross Shops for Disabled War Veterans.

Ottawa, Aug. 5.—In connection with a report that the Dominion government would extend financial support to Red Cross shops for disabled veterans, an official of the department of soldiers' civil re-establishment said yesterday that this action was being taken as a result of recommendations made by the department to the parliamentary committee at the recent inquiry. The object is to provide for the care of veterans for whom sheltered employment is necessary.

Such employment is provided by Ontario by the veterans' craft shops which have been operated by the department for the last two years in Toronto, Hamilton and Kingston. These shops, opened largely by way of experiment, have proved highly successful, and the intention now is to extend the system and enlist the co-operation of an outside agency. It is expected that shops will soon be opened in connection with the Red Cross in other provinces.

BOTTOMLEY AND THE COCKNEY

London, Aug. 5.—(Canadian Press)—The hold which Horatio Bottomley, who has just been expelled from the House of Commons in consequence of his conviction on a charge of fraud, had on the Cockney, is evidenced by the fact that thousands in the present by-election district, who are frequently encountered voters who declared that if he came before them again they would support him despite all that has been revealed in court.

Some people who know London say this is probably mostly idle talk among folk of the densely populated and rather adventurous in their own daily lives.

CANOE TRIP TO N. Y. FROM MONTREAL

New York, Aug. 5.—Paddling their own canoe down the Hudson, two Canadian lawyers, Antoine Chauvin and Philippe Brasla, rounded the Battery and tied up yesterday, just ten days after they had set out from Montreal in their tiny craft. They came by way of the St. Lawrence and Richelieu rivers, Lake Champlain, Lake George, and then, after a portage, paddled down the Hudson.

FINE AND JAIL FOR THOSE WHO WORK ON SUNDAY

London, Ont., Resolution for Strict Observance of Lord's Day Act.

London, Ont., Aug. 5.—Any persons who work on Sunday should be subject to a stiff fine and imprisonment as well. This is the substance of a resolution calling for a strict enforcement of the Lord's Day Act, which will be submitted by the London delegates to the Dominion Trade Congress in Montreal two weeks hence. The labor men admit that there is such a thing as the Lord's Day Act but maintain that it excites but little attention. Now and again an employer is brought into the police court and subjected to a small fine and that is the end of it.

OIL PRICE REDUCTION.

Findlay, O., Aug. 5.—The Ohio Oil Company yesterday announced a 20 cent reduction in the prices of six grades of Wyoming crude oil.

As Hiram Sees It

"Well," said Mr. Hiram Hornbeam to the Times reporter, "I s'pose you're all het up over that tree hydant." "I never saw the links in a better condition," said the reporter. "Never mind no links," said Hiram. "What about leavin' to pay four or five million dollars for the privilege of runnin' your own show?" "I think," said the reporter, "I will motor out to the country this afternoon." "That there power company is gonto put one over on you—aint it?" went on Hiram. "I wonder," said the reporter, "if the ball game will be snappy this evening?" "Look-a-her!" said Hiram. "Aint you got some stake in this town? Don't you want to see it grow? Don't you want good street cars an' cheap light an' power?" "Did you ever play bridge?" queried the reporter. "It is an absorbing game." "I wonder," said Hiram, "if an earthquake would reel you folks up in this here town? I guess not—fer you rize in them street cars. Well, the more I know about this town the prouder I be of the Settlement—By Hen!"

ST. LOUIS TEAMS EACH AT THE TOP

Twenty-five Hits in Game With Athletics

Sisler Loses Lead as Batter and Run Getter—Roger Hornsby Also Loses Some of His Honors.

(Canadian Press.)

New York, Aug. 5.—St. Louis teams today were leading both major league races. The Cardinals, by taking the second straight for the Phillies, 9 to 7, ascended to the top when the Giants split a double-header with the Cubs.

The St. Louis Americans, in a game of twenty-five hits, fifteen of which were for extra bases, defeated the Athletics 9 to 4, and maintained their one-game lead over the Yankees, who, with Ruth's nineteenth homer of the season, were victorious over Cleveland 7 to 6.

Two former Boston hurlers, Hugh McQuillan and John Scott, pitched for the Giants in the two games against the Cubs. McQuillan, held up by brilliant support for eight innings, became too generous in the ninth, and the Cubs, with three runs, won 3 to 2. Scott held the Cubs to seven hits in the second game, winning 2 to 1.

Bat Adams, "the aged," allowed three hits in eight innings to Boston, and the Pirates won 3 to 0. Rain saved the game for Adams in the ninth after Powell had hit a home run with two men, with a single and a double, rested and second and third with two out. But then the game reverted to the eighth. Brooklyn lost a heavy-hitting affair to the Reds, 6 to 5.

Cobb's Tigers, with Duss hurling well, defeated the Red Sox 2 to 0. It was Detroit's eighth straight win. The Washington won its third straight from the White Sox, 3 to 2, Zachery allowing but five hits.

The Batsmen. Chicago, Aug. 5.—Ty Cobb continues to sock the ball with marked consistency, while George Sisler, St. Louis, is kept out of the game by illness. However, Sisler fared better than the Tiger leader during the last week, as he had a gain of one point over his mark of last week, by playing in three games. Cobb suffered a loss of three points in his last six games up to Wednesday.

Sisler is topping the list with an average of .415. Sisler has 405. This Speaker is third with 285, and Henry Hellman of the Tigers, next with 357.

Blue of the Tigers took the honors of last run getter from Sisler by registering ninety-one tallies, and Ken Williams, Sisler's team mate, deprived George of the total base honors by boosting his total to 256, eight better than Sisler's record. However, Sisler's mark of thirty-four stolen bases is far above that of any other player.

Ken Williams gave the home run hitters something to shoot at when he cracked out six homers in as many days and ran his string of four base blows to twenty-eight, giving him the lead among the major league players, his closest rival being Rogers Hornsby of the St. Louis Nationals, who held the honor for several weeks. Tillie Walker of the Athletics has twenty-five four base hits, and Babe Ruth is trailing with nineteen.

Other leading batters for eighty or more games—Miller, Philadelphia, 349; Bassler, Detroit, 345; Tobin, St. Louis, 341; McManus, St. Louis, 330; Blue, Detroit, 330; Witt, New York, 223.

Rogers Hornsby, star of the Cardinals was deprived of some of his honors during the last week, although he continues to lead the batters of the National League, with an average of .291. This, however, is a falling off of seven points from his mark a week ago. He bagged only one home run, and Sisler, starting to get Carey of Pittsburgh, also took another honor from the St. Louis star when he showed a sudden burst of speed and stepped out in front as a run getter. Max scored 87 times while Hornsby's total is only 86. Carey also stole four more bases in his showing the way to the base stealers with 31 thefts.

Hornsby, however, in addition to being the leading batsman, and home run hitter in the league, has a good grip on the total base record with a mark of 280. His hits include, besides his homers 30 doubles and seven triples.

Other leading batters are: Grimes, Chicago, 263; Hollocher, Chicago, 260; Daubert, Cincinnati, 257; Johnson, Brooklyn, 255; Bigbee, Pittsburgh, 252; Miller, Chicago, 248; Carey Pittsburgh, 242; Kelly, New York, 237; Bancroft, New York, 236.

CLAIM \$75,000 DAMAGES FOR LONDON GIRL'S DEATH

Detroit, Mich., Aug. 5.—Executors of the estate of Miss Alberta Strong, of London, are to sue the Detroit Municipal Street Railway for \$75,000 damages in connection with her death here on June 4, when an automobile in which Miss Strong was with Miss Amy Nichols, also of London, and Henry Sweeney of Detroit was struck by a Charlevoix avenue street car. The auto took fire and Miss Strong was burned to death.

Miss Nichols, who is one of the claimants, asserts that the injuries she received at that time have since left her a nervous wreck.

WOMAN MULTITATED BY BITES FROM DOG.

Bracebridge, Aug. 5.—Before Magistrate Clark Mrs. David Owen of Shanty Bay was fined \$50 and costs and three months in jail for an attack on Mrs. William Campbell of Walkers Point. The assault occurred on Monday, July 24. The Owens claim to have a grapple with an property which is owned by the Government, and Mrs. Campbell was attacked by the Owens dog, and badly mutilated. The animal tore flesh from her knee and face.

NEGRO BATTLES EIGHT HUNDRED

Shot Two Men; Trapped in Cornfield, Wounds Three and is Killed.

Cherokee, La., Aug. 5.—Trapped in a corn field, an outlaw negro, who shot three men in the last forty-eight hours here, battled for life yesterday against 800 armed men, wounded one and was killed by bullets from the guns of Henry O'Neil and John Stiles, post-office employes.

On Wednesday night the negro shot two guards at the Canadian National Railroad yards here, fatally wounding one, and fled. The negro was not identified.

MANY FIRES IN WOODS OF U. S. WEST

Spokane, Wa., Aug. 5.—From the Rocky Mountains in Montana to the Columbia River in Washington and to 100 miles from the Canadian border, thousands of men are fighting forest fires. One fire raged on Roehl Creek, Idaho, was killed yesterday when a burning tree fell on him.

The particularly hot, dry weather of the past two months, which recently had culminated in severe thunderstorms has made the forest condition extremely critical. Lightning has started many more fires than the rain has checked, and in most inaccessible places.

IRON AND STEEL WORKS FOR B. C.

Victoria, B. C., Aug. 5.—Legislation for the establishment of iron and steel works in British Columbia will be put through at the next session of the legislature, so John Oliver has announced. The announcement was made, following a cabinet meeting, to representatives of the Coast Range Steel Company, a \$15,000,000 corporation organized a year ago under H. J. Landahl.

ANTI-PROHIBITIONIST TO OPPOSE LADY ASTOR FOR SEAT IN COMMONS.

Plymouth, Eng., Aug. 5.—Dr. R. W. Bayly has been selected as the Imperial Conservative candidate to oppose Lady Astor for the Sutton division seat in the House of Commons at the next general election. Dr. Bayly announced himself opposed to prohibition, saying it would only lead to "a dangerous increase in the use of alcohol."

ST. JOHN TEAM BEATEN BY HALIFAX WANDERERS

Halifax, N. S., Aug. 5.—The Wanderers baseball team of Halifax, defeated the St. John All-Stars here yesterday, six to two.

Kentville, N. S., Aug. 5.—Middleton baseball team won the championship of the eastern section of the Valley League, by defeating Kentville here yesterday, 13 to 2.

"HENRY FORD" ON BOARD PICKED UP AT SEA

Canso, N. S., Aug. 5.—A board bearing the name "Henry Ford" was found in the water twelve miles southwest of Canso Harbor, by Captain Frank Lohmes of the sword fishing boat Petawawa on Thursday. It showed marks indicating that it might have been attached to the hullworks of a vessel.

QUEBEC RIFLE MEET.

Montreal, Aug. 5.—Some of town entries have been received for the Province of Quebec Rifle Association meeting, to open here at the Pointe Aux Trembles ranges on next Tuesday. Representatives are from the Royal Rifles of Canada and the Voltigeurs, both of Quebec; the Sherbrooke Regiment from Ottawa, and twenty-five or more are expected here from Halifax, had not been heard from up until 11:30 o'clock this morning. She was still at Halifax on Thursday night, and it was not then decided just when she would sail. Yesterday's Chronicle intimated that it would likely go from Halifax to Bar Harbor, Me.

MAY NOT COME HERE.

The Dodge yacht, "Delphine II" expected here from Halifax, had not been heard from up until 11:30 o'clock this morning. She was still at Halifax on Thursday night, and it was not then decided just when she would sail. Yesterday's Chronicle intimated that it would likely go from Halifax to Bar Harbor, Me.

Weather Report. Issued by authority of the Department of Marine and Fisheries. R. F. Stewart, director of meteorological service.

Morning Paper Report.

Maritime probabilities: Moderate winds; partly cloudy, with scattered showers. Northern New England—Cloudy Saturday; Sunday fair, moderate temperatures. Gentle to moderate variable winds, becoming westerly.

DIGGING INTO RESERVE PILES

Pittsburgh Mills Soon Will Need Coal—Nova Scotia Conference Today.

Pittsburgh, Aug. 5.—The mills of the Pittsburgh and Youngstown steel districts have enough coal to keep them in operation for 28 days, according to careful compilation by important interests here yesterday.

Quebec, Aug. 5.—(Canadian Press)—The province of Quebec will be represented on the central fuel board by two representatives, who will be appointed next week. Subsequently, a coal controller for the province will also be named.

Gloucester, N. S., Aug. 5.—Officials of the British Empire Steel Corporation and members of the executive committee of the United Mine Workers of America are meeting here today to discuss the situation arising from the declared decision of the Nova Scotia miners to go on strike Aug. 15, if 1921 rates of pay, approximately 30 per cent higher than those now paid, are not restored.

Toronto, Aug. 5.—Ontario is to have a fuel controller who will be empowered to superintend the rationing of coal should the coal strike in the United States continue until the cold weather sets in.

London, Ont., Aug. 5.—Coal dealers representatives of the city council decided yesterday to recommend that the city of London order 100,000 tons of Welsh anthracite coal.

Northville, Wis., Aug. 5.—It was announced this morning that Viscount Northcliffe passed a poor night and that his condition was somewhat worse.

CLAYTON CO. Undertaker, Embalmer. We render first class service with up-to-date stock and equipment.

Notices of Births, Marriages and Deaths, 50 cents.

BELL.—At her residence, 29 Metcalf street, on August 4, 1922, Margaret E. Bell, widow of John Bell, aged fifty-eight years, leaving two sons, one daughter, five brothers and five sisters to mourn.

MEGUGGAN.—In this city on August 5, 1922, Michael McGuggan. Funeral Monday at 2:30 p. m. from the residence of his daughter, Mrs. B. P. McCafferty, 246 Duke street. Friends invited.

IN MEMORIAM

HAMILTON.—In loving memory of James N. Hamilton, who departed this life August 5, 1913.

CARD OF THANKS

S. H. Dixon and family wish to thank their kind friends and relatives for sympathy shown in their recent bereavement.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

WONDERFUL CHILD ON SCREEN AGAIN

The most phenomenal child in motion pictures, Richard Dix, is one of the central figures in "The Child Thou Gavest Me."

Dick Headrick in "The Child Thou Gavest Me"

"The Child Thou Gavest Me" will be screened at the Imperial Theatre for two days, beginning Monday. "The Child Thou Gavest Me" is a story of a child who is abandoned by his mother and is raised by a poor fisherman.

LOCAL NEWS

GETTING ON WELL. Contractor Stephen, who is paving the north and south sides of Haymarket Square, announced this morning that the work is progressing favorably and he expects to be able to make a start on the concrete base Monday morning.

BEER SHOP CASE. Prohibition Inspectors Henderson and Killen yesterday paid a visit to a beer shop in Main street between three and four o'clock in the afternoon and as a result of what they found there it is expected that the proprietor will be asked to appear in the police court early next week and offer some explanation.

TO DORCHESTER. James Eastman, arrested in Woodstock, tried, convicted, sentenced to two years in Dorchester penitentiary for a statutory offence, was brought to the city late evening by Chief of Police Kelly of the Woodstock police force and continued on his way on the early train this morning.

FINED \$20. In the police court this morning George Haskett pleaded guilty to selling beer during prohibited hours in his shop in Main street. A fine of \$20 was imposed. Policeman Howard made the charge. Six men charged with drunkenness were fined \$8 or two months in jail.

TRAFFIC CASE. William Lee today pleaded guilty to a charge of driving his automobile on the wrong side of the street. Policeman Killen said that the accused had turned out to the right and passed a street car which was proceeding abreast of a car in Main street. Mr. Lee said that he had been driving only about a week and had not yet learned the correct side of the street. The case was allowed to stand for the present.

CIVIC PAY DAY. Today was pay day at city hall, and the sum of \$11,922.87 was paid out to the employees of the various departments. The amounts paid out were as follows: Ferry, \$1,852.74; fire, \$2,513.74; market, \$291.30; police, \$3,463.48; office, \$287.22; sundries, \$1,222.26. Yesterday was pay day for laborers in the various departments, and the amount paid aggregated \$14,058.24, as follows: Ferry, \$554.71; water and sewerage, \$4,435.02; public works, \$7,410.46; harbor, \$2,263.75.

ST. JOHN REPRESENTATION. Delegates from all over Canada are gathering in Halifax for the dominion convention of the Retail Merchants' Association of Canada and St. John will not be behind in the matter of representation. Miss F. B. Alward, provincial secretary, will leave tomorrow to attend the secretaries' conference which will open on Monday. The regular convention will open on Tuesday, Aug. 8. Delegates from St. John who will leave on Monday will be A. McIntyre, S. L. Emerson and R. A. Macaulay. From Fredericton there will be C. H. Burt and T. B. Price will represent Moncton. Delegates from British Columbia, Alberta, Saskatchewan and Manitoba will arrive in Halifax today and those from Quebec, Ontario, Prince Edward Island and New Brunswick will arrive there on Monday.

HON. D. D. MCKENZIE

THE MOTHER WHO LOVES HER BABY

And yet is unfortunately not able to rear him in Nature's way cannot go wrong if she follows the advice of doctors and mothers, based on a century's experience, and feeds him on "Nevae's Food," which ensures baby being properly nourished.

Babies thrive on Nevae's Food. Sold in Tin Specially Prepared for Canada. Send 6c. for postage of FREE SAMPLE. STRAUB-DUNWOODY Co., 40-42 St. Nicholas Street, Winnipeg, Manitoba, Canada.

LARGE POLICY TO PROTECT TREASURY

New York, Aug. 5.—A \$26,000,000 burglary insurance policy, covering securities for which the State Treasurer of Pennsylvania is responsible, was executed this week by the National Surety Company and twenty-five co-insuring companies. This is the largest burglary insurance policy ever written. The protection afforded by the policy dates from today and will run three years. Premiums will total more than \$30,000 for the three years.

R. A. Algire, vice-president of the National Surety Company, explained that, while it was unusual for a state to take out of burglary policy of anything like such proportions, the development indicated a general tendency in that direction. The National Surety Company recently executed such a policy for the State of Kentucky for \$4,000,000. Mr. Algire said: "A state is subject to the same hazard as a bank, or any other institution," he continued. "It is essential for the state to arrange for some sort of protection for securities on hand or for state funds, and it is being heartily recognized that insuring itself against the theft of various securities held in custody by the treasurer."

PERSONALS

Douglas W. Clinch and Mrs. Clinch, who have been visiting Mr. and Mrs. D. Carleton Clinch, left yesterday afternoon on their return to their home in Chicago.

Rev. David Jenkins, rector of Grand Manan, left yesterday on a month's vacation. "Those at the Hotel Pennsylvania included Dr. and Mrs. W. F. Broderick of St. John (N. B.), Canada. Dr. Broderick was on his way to Atlantic City where he will attend the convention of the Knights of Columbus."

Miss Vera McCoskey of New York is visiting her aunt, Mrs. J. H. Ritchie, at Millville.

Miss Mildred Craig, pianoforte teacher, will leave on the S. S. Governor Osgood this evening for Boston.

Dr. Oscar Watson, night clerk editor of the Associated Press, New York, is in the city on a holiday visit to his home and is being heartily welcomed.

Miss Inez Long of Montreal, who has been visiting her mother, Mrs. Andrew Long, Lunenburg, left the city yesterday for her home. She was accompanied by her mother.

Mrs. J. W. Riley, of Brookline, Mass., and Mr. and Mrs. Frank T. Wood of New York, are visiting Mrs. M. A. Henderson, 508 Main street.

RUNS FROM SAFETY INTO ARMS OF LAW

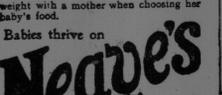

Left Sanctuary of Home With Liquor, Now Faces Jail Term. Bridgeburg, Aug. 5.—Lidwisk Witkosky, a Pole living near the shipyard, will likely have to spend five months in jail. A fine of \$200 which he was assessed in a most peculiar manner, was assessed in a most peculiar manner, was assessed in a most peculiar manner.

SHORT'S "Dyspepticure"

THE MOTHER WHO LOVES HER BABY

And yet is unfortunately not able to rear him in Nature's way cannot go wrong if she follows the advice of doctors and mothers, based on a century's experience, and feeds him on "Nevae's Food," which ensures baby being properly nourished.

Babies thrive on Nevae's Food. Sold in Tin Specially Prepared for Canada. Send 6c. for postage of FREE SAMPLE. STRAUB-DUNWOODY Co., 40-42 St. Nicholas Street, Winnipeg, Manitoba, Canada.

KING CONSTANTINE, FAVORITE IN TODAY'S RACE

Philadelphia, Aug. 5.—A new national sculling champion will be created today over the Int. and a quarter course of the Schuylkill River. Contenders for the title now held by Walter Hoover of Duluth include Hilton Belyea of St. John, Paul V. Costello of Philadelphia and Louis Zola, New York. Because he has not had sufficient time to get in condition since his victory in the Diamond Sculls in England, Hoover will not row today.

Owing to his two remarkable displays in winning the association singles yesterday, the Canadian veteran ruled the favorite over his younger opponents. Both Zola and Costello, however, had many supporters who said that youth would win over experience.

Features included an exhibition between Walter Hoover and Jack Kelly, retired world's champion sculler, and a veterans' exhibition by Fred Platisiadis of Philadelphia and James H. Reilly of Saratoga Springs, N. Y. Platisiadis and Reilly were famous professionals fifty years ago.

ST. JOHN BOY IS THIRD IN LIST

Baddeck, C. B., Aug. 4.—Before Doctor Alexander Graham Bell left Washington in June in what proved to be his last annual pilgrimage to his native city, he visited his cousin, Charles J. Bell, to visit him. He was assured that his cousin would come August 5.

For three months before he passed away, Dr. Bell was in unsatisfactory health, but he went daily to his work last Sunday when he began to grow worse. Messages were dispatched to his wife, Mrs. Gilbert Grosvenor, and her husband, in Brazil, and to others of the family, also a message to two Boston physicians, Dr. J. C. McKeen and Dr. H. Kerr, arrived at the estate from Washington.

On Monday the scientist seemed better and went about his usual duties. He remained awake very late that night, and he spoke of his associate in his experiments here, read to him. A change for the worse came Tuesday afternoon, when he was unable to speak and his breathing and loving care could not save his life.

The inventor himself realized that the end was approaching. He spoke of his children and relatives and remained conscious almost to the moment that the spirit left his body and he fell peacefully asleep.

LOYD GEORGE SPEAKS OUT

Reviews Action of Turkey and Greece and Says What Must Preval if Britain is to Prevail It. (Canadian Press Cable.) London, Aug. 5.—Prior to adjournment of the House of Commons yesterday afternoon for its summer recess, Lloyd George, premier of Great Britain, reviewed Great Britain's relations with Turkey and Greece, and said that the fall of former Premier Venizelos there had been a certain chilling of feeling in France and Great Britain towards Greece. That, however, he added, was Greece's business, and the whole question must be judged on its merits.

He said the developments of the last few months had made it clear that, whatever happened, there must be adequate and efficient protection of minorities in that part of Asia Minor, and this must be an essential part of any settlement that Great Britain would accept.

GIRL TO WED MAN WHO WOOD WITH REVOLVER

Seventeen Months in Jail Because of Her Charges Mabel's Mind About Charlie. New York, Aug. 5.—A dapper youth leaped from a Long Island train in Jamaica yesterday afternoon and ran across the platform to where a young woman was waiting. The two embraced so ardently that a crowd quickly gathered, thinking the act was for a movie "fade-out." The hero of this bit of romance was Charles A. Lindsay and the heroine Mabel Sandberg. An hour or so before Lindsay had been released from jail at Rahway, N. J., after serving seventeen months, all on account of Mabel.

The "fade-away" came a moment later when Detective Charles Wandering of the Jamaica station stepped up and arrested Lindsay on a charge of abduction, also all on account of Mabel. "Come on. Come on. You'll have enough of this after your arraignment in court," Wandering urged. He took the conspicuous lovers to the Jamaica police court, where Magistrate Miller heard the whole story. Mabel clung to Charlie.

It seemed that on Jan. 12, 1921, before Mabel realized that she loved Charlie, the young man is alleged to have forced Mabel to accompany him to Newark, where, he said, they were to be married. But Mabel, unwilling, got to a telephone booth and told her father what was happening. The Newark police got Charlie. In his pocket was a revolver which he had hidden to woo Mabel.

A New Jersey court convicted Charlie of abduction. Mabel told the magistrate she wanted to withdraw the charge, as she and Charlie thought they'd be married in two weeks. The magistrate told Charlie to check his artillery, lose the ticket and take good care of Mabel.

HANDBALL WON \$70,000 FOR EX-POLICEMAN

Man He Met in the Game Years Ago Named Him in His Will. New York, Aug. 5.—James A. Scott, a retired policeman, now in charge of safe deposit vaults at 41 West Thirty-first street and living at Forest Hills, L. I., received \$70,000 from the estate of his friend, William Milne Grinnell, whom he met while playing handball on Washington Heights many years ago. This was disclosed in the Surrogate's Court when an accounting of the estate of Mr. Grinnell, who died in August, 1920, at 850 Seventh avenue, was filed by the executors, Stanley D. Brown and Harry W. Sackett.

The executors reported that they had distributed \$84,619 and had a balance of \$37,000 on hand. Besides the bequest of \$70,000, Mr. Grinnell left \$5,000 to each of Scott's sons, James A. and Robert S. Scott, to be used by them in perfecting their education. Scott was retired from the police force several years ago, when an address received permanent injuries while riding a negro gambling resort.

Mr. Grinnell gave the residuary estate, amounting to \$70,000 to Mrs. Marguerite Cunliffe-Owen, and left \$5,000 to her husband, Fritz Cunliffe-Owen. Yale University got \$10,000, while Persian pottery and tiles valued at \$5,000 went to the Metropolitan Museum of Art. Mr. Grinnell gave \$25,000 to a cousin, Harold Mortimer London, and explained that he left nothing to his brother, George Bird Grinnell, and his sisters, Helen G. Chase and Laura G. Martin, because they possessed large means.

SUGGESTS SPIRITUAL REMEDY FOR UNREST

Coolidge Says It Is "the only Recourse Left" Against Prevailing Discontent. Wellesley Hills, Mass., Aug. 5.—Industry changing from "the theory of exclusion to the theory of inclusion," according to Vice-President Coolidge, who delivered an address outlining the development of industrial democracy in the United States before the ninth annual Wellesley industrial conference. "It no longer is content with one small part of the individual," the vice-president added; "it seeks to enlist all his powers, to recognize all his rights, as well as require the performance of all his obligations. In the ideal industry, each individual would become an owner, an operator, and a manager, a master and a servant, a ruler and a subject."

Mr. Coolidge noted the tendency toward this condition in many industries, citing the encouragement given employees to purchase stock, which "gives them ownership." They were also acquiring "management," he said, through inducements to make suggestions for the betterment of the business, to apply their inventive ability, to share in determining their wages and conditions of labor and benefit from the general prosperity of the company for which they

MARINE NOTES

The R. M. S. P. Chalour sailed at 6:45 o'clock this morning for Bermuda via Halifax. The steamer Britium will finish its charging sugar at the refinery today, and will sail tonight for Port Hastings, to load a cargo of coal for U. S. ports. The steamer Megantic was due at Quebec tomorrow morning from Glasgow. The steamer Saturnus is due at Quebec tomorrow morning from Montreal. The steamer Canadian Challenger is due at Antwerp from Montreal on Monday.

PLENTY OF TWINE

Enough Received at Fort William to Grids, Earth 133 Tons. Port Arthur, Ont., Aug. 5.—Binder twine received from the east at the Fort William warehouse of the International Harvester Company and the Plymouth Cordage Company since the opening of navigation, if made into one strand, would encircle the earth one hundred and eighty-three and a third times, or for twenty strands reaching from the earth to the moon, and would measure altogether 4,283,333 miles.

To date, the 1922 season has been the busiest in the history of both warehouses. Both companies stated that the movement of twine this year is much greater than last year, the Plymouth Company manager estimating the increase as approximately fifty per cent.

IS GIVEN JAIL SENTENCES TWICE ON THE SAME DAY

Ottawa, Aug. 5.—To be sentenced twice in the same day with the sentence in each case calling for a jail term without the option of a fine, was the experience of Valdo Goulet of Hull, at the hands of Judge Honore Achin in Hull police court.

At the morning session of the court Goulet got a month term in jail after pleading guilty to a charge of selling intoxicating liquors illegally. He was sentenced to a similar term at the afternoon session for an identical offence committed at a later date.

FLYING BOAT TO TRY A FLIGHT AROUND WORLD
(Canadian Press Despatch.)

London, Aug. 4.—A date early in October has been provisionally fixed for a flight around the world under the auspices of the air league of the British empire. It was announced here today that the navigator will be Captain Timmins, in charge of the air ministry's navigation department, while the pilots will be Captains McIntosh and McClellan. The flying boat will carry large supplies of petrol and will have several spare parts. It will be fitted with wireless and will have a 600 horse-power engine. It is intended to encircle the globe with the one machine. The enterprise, it is understood, will be officially and financially assisted.

THE GRAND TRUNK CASE JUDGMENT
(Toronto Globe)

The Imperial Privy Council has rejected the appeal of the shareholders of the Grand Trunk against the award of the arbitrators who declared that the Ordinary and Preference shares of the company have no value. The appeal was taken, not on the justice or fairness of the award, but on the ground that Sir Walter Cassels and Sir Thomas White, acting as arbitrators, did not follow the course customarily followed in arbitration proceedings and permit the counsel for the Grand Trunk to present evidence as to what it would cost to replace the assets of the Grand Trunk Railway.

The arbitrators decided—Mr. Taft dissenting—that the real question at issue was not what it would cost at the present time to build the Grand Trunk Railway, but what prospect there was of the railway—over-burdened as it was with debt, from which there could be no escape except through the Bankruptcy Courts of Canada and the United States—paying dividends upon its Ordinary and Preferred shares. If there was no prospect of dividends it followed that the shares were of no value.

The judgment of the Imperial Privy Council is in effect an endorsement of this method of arriving at the award. Had the Law Lords, among whom on this occasion is the Lord Chancellor, be-

Don't Use Cotton-and-Wool Oil!

You won't wear cotton-and-wool oil—the combination makes shoddy and the two materials don't pull together in service.

So you'll use compounded oils. The separate elements in these oils have a different service point—so they split in use leaving a gummy deposit that forms hard carbon.

Sunoco Motor Oil is the one all-distilled, non-compounded motor lubricant. Drain out your crankcase and fill up with it.

there was an equity of \$48,000,000 in the railway for the shareholders.

The refusal of the Canadian Government to accept this appraisal led to the publication of many abusive articles in the British financial Press. It was said that the people of Canada were robbing and swindling the Grand Trunk shareholders and that the financial sharp practice of the Government were on a par with those of the less scrupulous States of Central and South America. The threat was made that if justice was not done Canada would find it difficult in the future to place loans in the United Kingdom. The judgement of the Privy Council proves that this abuse was entirely unwarranted, and that by assuming the obligations of the Grand Trunk on debenture stock to the amount of \$19,000,000 and on guaranteed stock to the par value of \$12,000,000 the people of Canada paid full value for the property taken over from the Grand Trunk Railway.

The London financial papers will now have to turn their guns on the British Privy Council. Are Lord Birkenhead and his colleagues parties to the robbing and swindling of the shareholders of the Grand Trunk? To that question there can be but one answer. They found be-

Best Beans, 20c a dozen, and 30c.
Picnic items only 24c. per lb.
15 oz. Glass Orange Marmalade, 20c.
Shredded Coconut, per lb., 24c.
2 tins Corn 24c.
2 tins Peas 30c.
2 tins Tomatoes (large) 34c.

Chart of Recommendations For Automobiles
IMPERIAL OIL LIMITED

Like a Doctor's Prescription

Buying just any oil "by the quart" without considering its fitness for the lubrication of your car is much the same as buying medicine "by the bottle" without regarding the ailment to be treated.

Engine design; the duty the engine performs; the operating speed; the lubricating system employed; the piston clearance; the carbon tendency; the type of cooling system and many other factors directly affect lubrication.

All of these factors are incorporated in every recommendation which appears on the Imperial Chart. You get proper lubrication and it costs you less when you use the right grade of Imperial Polarine Motor Oils.

IMPERIAL OIL LIMITED
Manufacturers and Marketers of Imperial Polarine Motor Oils and Marketers in Canada of Gargoyle Mobiloil

Made in five grades for the proper lubrication of all makes of automobiles, trucks and tractors.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, AUGUST 5, 1922

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE SPIDER'S WEB

What the New Brunswick Power Company's offer to the city means is that it asks the city to give the company's property a value of almost \$4,000,000, and also assume the burden of putting the whole system in good condition at a cost of another half million or so, and then not own the property.

There is only one answer to such a proposition. It must be rejected. There is no need of a plebiscite. "This is the plebiscite," said Mr. McLellan in the civic election campaign, and the issue was clear. It was civic distribution and "no truck or trade with the power company."

Where Mr. McLellan and the people stood then the people stand now, and they will know on Monday or Tuesday whether he stands with them. We are told that Mr. Bodell's offer is final, and that non-acceptance on the part of the city means a fight. Very well, let the decks be cleared. Let the contract be signed for the hydro and tenders called for the distribution plant.

The mayor intimated yesterday that so far as certain gentlemen in this city whom he named, and who have been prominent in N. B. Power Co. finance were concerned, there would be nothing doing, but they are not worrying; for when the common stock is taken over they will get theirs—and in ample measure. The proposed deal looks after them, and indirectly the city pays.

If the plan of the New Brunswick Power Company were in first class condition, and if it still had a monopoly and had the people at its mercy, a valuation of nearly \$4,000,000 might be put forward with some hope that somebody might be persuaded a value approaching this amount was there; but the whole plant is shamefully run down, the city can compete and put the company out of business, and merely to suggest such a valuation under these conditions is a piece of effrontery without a parallel even in the history of the New Brunswick Power Company.

Mr. Phillips expresses the opinion that the city could even afford to pay the price asked and arrive in five years at the same point as under competition by civic distribution, and the elimination of competition by the latter method. The city, however, would not own the plant at the end of five years after completing the proposed deal, although it would have spent a great deal of money in bringing an utterly run-down system of public utilities up to the standard.

Nobody will for one moment dispute the advantage of being able to take on a full load when hydro distribution is begun; but that should not involve recognition of a value which does not exist, because monopoly no longer obtains. The course of the city council is clear. There is the same reason for action now as there was the day after the civic elections. A plebiscite means delay. To get legislation would mean delay. Of course delay would exactly suit the purposes of the power company. So long as no contract is signed for hydro it will remain in the way of hope. If the citizens could be divided on the question, so much the better for the company and its inflated valuation. And so much the worse for the city. If a wedge could be driven into the United Organizations and their forces weakened, so much the better for the power company.

It is not necessary to wait for Mayor McLellan's statement before arriving at a decision. Mr. Phillips has made that clear. There are only two alternatives—give the company its price or fight. If the contract for hydro had been signed and tenders called for a civic distribution system the price might not have been so outrageously out of reason; but that cannot be mended now. Any further delay in signing the contract and getting on with the business will be so much the worse for the city, since it will take six months to put in a distribution system.

As to another expert, whether he comes from Mr. Bodell's city or some other, his coming will only mean a little more needless expenditure. The New Brunswick Electric Commission is not out to gouge the city. What the people need to watch is the New Brunswick Power Company and its friends. "Will you walk into my parlor?" said the spider to the fly.

It is the same old New Brunswick Power Company, but more skillfully led.

A MODEL COUNCIL

The St. Croix Courier, St. Stephen, is rejoicing over what appears to be a model town council, whose members keep their temper and their wits and apply business principles and polite methods to civic discussion. The Courier says it was not always so, but that there had been in times past doings which were a source of shame rather than pleasure. Then it proceeds:

"In contrast, it is great pleasure for a newspaperman to attend sessions of a town council where men of many minds, working always in the best interests of the town, can present their various views and arrive at a conclusion without show of needless anger. And the tax payers gain from every angle. The present town council is constituted of men of wide business experience who have looked out upon the world and are able to bring to bear upon the affairs of the town the lessons they have learned. The conditions of our streets and of our town as a whole show this and it is being accomplished without oppression to any. Especially in the selection of the mayor of the present year has the town been fortunate and his assertion at a recent session of council that what the people most desire is efficient service was an eminently true and just diagnosis of the case. One year of administration such as St. Stephen is having is better than a cycle of some that we have had."

A party of motorists who arrived in Ottawa last week from Los Angeles told of special camps for touring parties scattered along the nearly four thousand miles they had journeyed in two cars with their own camping outfit. During the month on the road they did not once sleep in a hotel. One of the party said: "There are splendid facilities provided throughout the whole route for motorists equipped for camping. Practically every town on these great highways has a camp for motorists, many of them being equipped with shower baths and electric lights. In some camps as many as 100 tourist parties come together for the night. Sometimes accommodation is provided in the town park, and there are many camping places in the great national forests."

A Montreal despatch says that twenty-five members of the British parliament will join the members of the Montreal Board of Trade on Sept. 1 for a trans-Canada tour. The tour will begin at Montreal and end there, although of course the British delegation will get a glimpse of Quebec en route. We would be glad to have them visit the maritime provinces after they have returned from the west. Then they would have seen Canada.

The business men of St. John will still be doing business in St. John, even if a most improvident bargain should be made with the New Brunswick Power Company, and the interests of the city thereby sacrificed. Hence the business men should take a lively personal interest in the bargain before it is concluded.

Give the run-down plant of the New Brunswick Power Company a value of nearly \$4,000,000 and put it in fine shape for the owners at a cost of hundreds of thousands of dollars more. For the owners—not for the city. Is that good business?

"Tomorrow and tomorrow, and tomorrow," and "by the street of never—And by the street of never—Is that to be true of St. John in regard to progressive policies?"

If the city is wise it will not forget past experience with the New Brunswick Power Company. The city can dictate terms—why let Mr. Bodell dictate them?

PLAN TO SAVE THE RAPIDS PRINCE

Swing Her Free by Engine and Cable and Then Let Her "Shoot" Lachine.

Montreal, Aug. 5.—Plans for the release of the Rapids Prince, stranded since Sunday evening in the Lachine Rapids, have been completed by Captain John Donnelly of Kingston, to whose firm the contract for the floating of the vessel has been awarded.

The plan calls for the installation of a pulling engine on a small barge about 1,000 feet upstream. Securely anchored to a rock, this engine will have a cable to the stern of the ship which will be pulled upstream and the bow allowed to swing around until the vessel points downstream. The moment she is fairly in the channel the cable will be sharply released and she will "shoot" the rapids as though on a regular trip. Mr. Donnelly reports the Rapids Prince is in no particular danger.

HON. P. G. MAHONEY OF MELROSE, N. B., VERY ILL

Moncton Transcript.—Many friends in Moncton and throughout the country will regret to learn that Hon. P. G. Mahoney is seriously ill at his home in Melrose. Last night Dr. Ferguson of this city was summoned to Melrose in consultation and made the trip by special train.

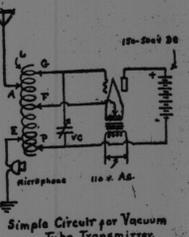

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis Formerly Technical Electrical Expert For U. S. Government

Lesson No. 76 THE SIMPLE VACUUM TUBE TRANSMITTER

There are three common ways in which radio frequency currents of constant amplitude may be generated: first, by means of the radio frequency alternator, second, by means of the oscillating arc, and third, by utilization of the property of a vacuum tube which causes it to act as a generator of radio frequency currents. The vacuum tube is the most flexible of the methods named and the only method applicable to very high frequencies, that is, very short wave lengths.

In any regenerative receiving system if the coupling between the plate and grid circuit is continuously increased the voltage fed back to the grid circuit will become greater than that required to just sustain oscillations in the circuit. The oscillations will be continuously built up in amplitude until a limit, determined by the characteristics of the tube and circuit, is reached. The tube thus becomes a generator of alternating current of a frequency dependent upon the frequency of the circuit. This is exactly what happens in the simple tube transmitter. Indeed, this generating property of the vacuum tube becomes a source of interference where two regenerative receivers are operated in close proximity to each other.

Simple Circuit for Vacuum Tube Transmitter.

The diagram represents a very simple form of vacuum tube transmitter which is in common use among the amateurs due to its simplicity. The coil "L" is about five inches in diameter and contains about thirty turns of insulated wire tapped every two turns. The position of the variable contacts "G," "P" and "L" regulates the amount of coupling between the plate and grid circuits, while the position of the variable contacts "A" and "B" regulates the wave length and coupling. Adjustment to the exact wave length desired is obtained by varying the condenser "V.C."

The filament may be lighted from an alternating current source of suitable voltage usually a step down transformer designed for the purpose. In high voltage direct current is applied to the plate, the radio frequency currents radiated in the antenna system will be unmodulated and inaudible at the receiving station unless heterodyned. If alternating current of high voltage is applied to the plate, the characteristic tone of the alternating current frequency used will be reproduced at the receiving station.

It is therefore apparent that direct current or rectified alternating current must be employed on the plate where the radio frequency output is to be voice modulated as in the case of the radio telephone transmitter.

A mill-ammeter is inserted in the plate circuit of the tube transmitter when tuning up to prevent overloading the tube. This aids in selecting the proper value of coupling for the plate and grid taps "P" and "G". Standard practice is to rate vacuum tubes, for transmission purposes on their output under given conditions of plate voltage and filament current. Tubes are now made in 5 watt, 10 watt and 250 watt sizes.

Recent transatlantic tests developed the fact that signals from a transmitter employing a single 5 watt tube could be heard over distances of several thousand miles, under certain conditions.

THE THOUSANDTH MAN.

(Roydard Kipling.) One man in a thousand, Solomon says, Will stick more to you than a brother. And it's worth while seeking him half your days.

If you find him before the other, Nine hundred and ninety-nine depend On what the world sees in you, But the Thousandth Man will stand your friend.

With his whole round world again' you. You can use his purse with no more talk Than he uses for his spendings, And laugh and meet your brother, And it's worth while seeking him half your days.

For silver and gold in their dealings; But the Thousandth Man, he's worth'em all. Because you can show him your feelings.

His wrong's your wrong, and his right's your right, In season or out of season. Stand up and back it in all men's sight— With THAT you'll win the crown!

Nine hundred and ninety-nine can't bid The shame or mocking or laughter, But the Thousandth Man will stand by your side To the gallows' foot—and after!

HILTON BELYEA WINS SENIOR EVENT

Captures Association Singles and Qualifies for Championship Singles Today.

Hilton Belyea, the star St. John sculler, won the final of the association singles at the national regatta on the Schuylkill river, yesterday. Hilton crossed the line six lengths ahead of Edward McGuire, with Garrett Gilmore, considered before the race as his most dangerous competitor, rowing hard to place a respectable third. Codman, of Boston, was a poor fourth. Belyea's victory was more or less expected, but Gilmore's poor showing badly upset the hope. The veteran Canadian fell into the rear at the start of the race, while the other three fought madly for the lead. In the home stretch, however, Hilton opened up, and rapidly passed the field, who were more or less exhausted. Hilton crossed the line rowing thirty-six strokes to the minute, and his time was 7 minutes, 39.8 seconds. Hilton thus earned the right to row in the championship singles today, against Castellano and Louis Zoha, of New York.

HOLD NO CONSERVATIVE CONVENTION THIS YEAR

Party to Await the Results of Another Session Before Deciding to Reorganize Its Forces.

(Toronto Mail and Empire.) Ottawa, Aug. 2.—While no definite announcement has been made, it is understood that there will be no Conservative convention this year, and that the Conservative party will await the results of another session before deciding to reorganize its forces. A certain amount of publicity work is being done by the party, but no great activity is apparent.

The Right Hon. Arthur Meighen, leader of the opposition, left for Grenville county tonight to address a meeting tomorrow. He will return to Ottawa on Saturday, and leave for Kingston on Monday night, and will speak at

KEEP YOUR LAWN ATTRACTIVE

People admire a well kept lawn and it's all in the trimming—it is not a difficult job to keep your lawn well trimmed if you have the proper tools. One of our Federal or Forest Glen Mowers will prove a wonderful help because they run so easily and the well tempered blades cut the grass so evenly. A good lawn rake, turf edger and garden barrow completes the outfit.

We have only a few of the mowers left which we can supply at moderate prices.

MONCTON MAY SET PAGE FOR ST. JOHN

May Have Composite Cultural and Vocational High School—Hon. Fred Magee Speaks.

(Moncton Transcript.)
Commenting on Moncton as having been an ideal place for the 1922 Vocational Summer School, in a comprehensive report given at the farewell public meeting in Edith Cavell Assembly Hall last evening, Fletcher Peacock expressed the hope that there would soon be located here both a composite High School and Maritime University.

Hon. Fred Magee of Port Elgin, chairman of the Vocational Education Board, presided at last night's meeting. With him on the platform were Eugene R. Stevens, Miss Hattie Tweedie, Fletcher Peacock, Dr. George J. Trueman, M. A. Sorrelli and the valedictorian, George G. Perry of Havelock.

Hon. Fred Magee thanked the staff of the summer school for the excellent work accomplished during the 1922 session. He thanked the Moncton School Board for the assistance rendered the school and for placing at its disposal the splendid Edith Cavell Building. Mr. Magee also made reference to the support of the press.

The honorable speaker spoke of the great advantages afforded by Vocational Training. The vocational system of educational provides opportunity for every child to go out into the world fitted to take his place in the life of the state in whatever calling he wishes to follow whether it be an engineer, a carpenter, steamfitter or bricklayer. Mr. Magee stated that all communities in the Province of New Brunswick will, upon application, be given liberal support in building and equipping the necessary schools and in paying the salaries of the teachers. In his opinion, said the speaker, the province should make provision for the poor man's son to have the same opportunity as that enjoyed by the sons of those who can afford to educate their boys in the work which they are going to follow.

Vocational training is not a new idea, said the Hon. Mr. Magee. It has been adopted all over the United States, and the results obtained both in Canada and the United States have been such as to recommend it strongly to the people of the Province of New Brunswick. Satisfactory results have already been reported from Fredericton, Woodstock and Edmundston, where some progress in vocational training has been made.

Fletcher Peacock, Director of Vocational Education for New Brunswick and head of the Summer School, gave a comprehensive report of the work accomplished at Edith Cavell during the time the school was in session. The director's report was very enlightening and heartily applauded by the citizens present. It is as follows:

Ninety-eight students have been in attendance at the 1922 Vocational Summer School. This enrollment, though slightly smaller than last year, has been more satisfactory. The progress of the work is evidenced from the fact that this year only half as many as formerly were admitted to the elementary home-economics courses while the numbers of trades people and members of the administration groups, who are able to function immediately in the prosecution of Vocational Educational work, have largely increased.

Those attending have worked hard and gained much from their four weeks' study and discussion in Moncton. They will, therefore, go back to their homes with an intense desire to do a more masterly job than ever in the service of the great cause of education. They will all be missionaries who will help to interpret to our people something of the value of education and the meaning of the movement for vocational training that is sweeping across the civilized world. Many of them will teach in some form of vocational school. A few will be able to organize for vocational education in their communities, and thus build up opportunities that have not existed in the past.

We hope that all those attending will return to succeeding summer schools and

SPODES BLUE ITALIAN

Old Roman Scenery produced in Spodes unrivalled shade of blue from original engravings.

W. H. HAYWARD CO., LIMITED
85 - 93 Princess Street

to keep on developing in their chosen work. It is the policy of the Vocational Board to grant permits to teach in day and evening vocational schools for one year only in every case. These permits will be renewed when the applicant completes a certain minimum of professional improvement work. Thus it is hoped eventually to establish and maintain high and worthy standards. In this programme summer schools will play an important part.

Would it not be a fine thing for the province if the summer school could be broadened out to include professional improvement opportunities for all the fields of education and assemble five or six hundred of our teachers each year for a month's intensive study under such experts would be a wonderful stimulant to our thought and life. Alberta and other provinces are doing this. Why not New Brunswick? We have in any way assisted in the solution of your educational problems, or interpreted to you the demands of modern society upon the school—if we have made it even slightly easier for you to broaden out your facilities for secondary education to meet the needs of all your adolescents, as well as those adults who desire to improve their leisure movements in evening study—if we have in any way been able to emphasize the necessity for trained citizens in the life of your democracy, and suggest some means of training them it will be a perpetual source of satisfaction to us.

We think nothing in the way of educational or other advantages is too good for Moncton and we heartily hope that you will soon possess a modern composite secondary school as well as that Maritime University for which Dr. Price has so generously donated the site.

RECENT DEATHS

Mrs. Margaret E. Bell.
On Friday afternoon, August 4, Mrs. Margaret E. Bell, widow of John Bell, passed away at the age of fifty-eight years. Mrs. Bell was the daughter of the late Albert and Olive Baxter, of this city, and had been ill for the last two years. She was a member of the Main

X-RAYS REVEAL RING IN PRISONER'S BODY
Ireman Accused of Theft Developed Pains in Stomach While Being Examined.

South Orange, N. J., Aug. 5—Two policemen forced a man before the X-ray in the Orange Memorial Hospital and compelled him to be still while the rays were turned on.

"Yes, gentlemen," said the surgeon operating the machine, "your prisoner has a round metal object in his stomach. It is hollow. Quite evidently it is a ring."

The prisoner was James Seltito, 23 years, old, an Ireman, who had been arrested on the charge of Mrs. Donald M. Dugal, 20 Maplewood avenue. She had taken off her wedding ring while doing housework. She missed it immediately after the visit of the Ireman.

When Seltito was first arrested he said he was innocent. On further questioning he admitted that he had stolen

the ring, but nothing could induce him to tell what he had done with it. Under cross-examination he developed severe pains in the stomach. He was then rushed to the hospital for some scientific detective work.

Upwards of 4,000 left various points in the Maritime Province yesterday with the harvest excursions, 2,429 leaving with the four C. P. R. trains and

about 1,450 with the C. N. R. special from Moncton. The trains on both lines were handled according to schedule and all left on time. From the different parts of the maritime province the numbers were as follows: Prince Edward Island, about 200; Nova Scotia, about 1,400; from northern New Brunswick, about 1,000; from southern New Brunswick, about 600, and from St. John, about 500.

GIRLS! LEMONS BLEACH SKIN WHITE

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quartet pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

Cream-Dipt Cucumber Sandwiches

An effect you'll never know till you taste them occurs when you dip slivers of cucumber in fresh cream, salt and pepper to your liking, and encase in thin square slices of buttered bread.

So the crust will come off without waste, order the sandwich Butternut—it's baked to shape. Fifty slices to the regular size, a hundred to the large and flavor unrivalled; for Butternut Bread is made with finer flours, Fleischmann's yeast, meadow-sweet milk and cream shortening specially imported. Make the best with Butternut.

SHOULD GO AHEAD WITH HYDRO POLICY

United Organizations Hold Meeting to Discuss the Power Situation - Another Meeting Soon.

Herbert Phillips, chief spokesman for the United Organizations during the last civic election in their fight for civic distribution of the Musquash current, assumed responsibility for the New Brunswick Power Company's offer to the city, as read by Mayor McLellan at yesterday's special meeting of the common council, at a special meeting of the executive of the United Organizations last evening in the Y. M. C. A. Roy Willett, president of the club, presided at the well-attended meeting. Mr. Phillips' declaration came after he had been under a lengthy bombardment of questions from members present in regard to the negotiations at City Hall with Messrs. Bodell and Sanderson, representing the first preferred stockholders of the company.

The meeting was called, the chairman explained at the outset, for the purpose of discussing the Power Company's offer and the statement by Mr. Phillips, one of the founders of the organization, that he believed that acceptance of this offer was the best course to adopt as a surprise. The meeting finally decided to postpone action to allow the different delegates present time to place the whole matter before their respective organizations. Another meeting is to be called not later than next Friday night.

The chairman explained why the meeting had been called, and pointed out that the company's offer meant that the city would be expected to pay at least about \$4,200,000, if the offer were accepted. A great deal of valuable time had been wasted, he declared, in view of the city solicitor's opinion of the proposition. The price named by the company was altogether unreasonable, he declared. He felt that the common council should go ahead with the carrying out of the mandate of the people, which was a civic distribution system. He was strongly supported in this view.

Mr. Phillips was then called on to explain his stand in the matter and for the space of two hours, he was kept busy answering questions from all sides. In reply to a question, he said that his report and that from the city solicitor had been written concurrently but even, in view of what the solicitor had said, he felt that the will of the people was superior. He went to state the views expressed in his report read at City Hall yesterday.

In answer to a question he declared his intention of resigning from the civic hydro commission, which, he said, had developed into a "one-man commission."

A prolonged discussion then took place, after the cross-examination had ceased, and it was finally decided to call another meeting not later than Friday night of next week.

BOY OF EIGHTEEN HELD FOR MURDER

Charged With Shooting Waters Hutchins, a Prosperous Farmer of Roxville, Digby County.

Digby, N. S., Aug. 4.—Garfield Tebo, brother of John Tebo, who was hanged a few years ago for the murder of Edward MacGregor, was arrested tonight and lodged in jail, charged with the murder of Waters Hutchins, a prosperous farmer at Roxville, about two miles from Digby. The prisoner is eighteen years of age.

In company with another boy, Titus Naas, about the same age, Tebo started for the woods this morning with the intention of shooting. Early this afternoon, it is alleged, they shot at a lamb and wounded it. Mr. Hutchins heard the shot and went to the boys to find out what they were shooting at. In reply to his question Tebo said they were shooting at birds, but Mr. Hutchins thought otherwise and accused them of shooting at his sheep. He ordered them to follow him and started for the road. Tebo a few feet behind and Naas bringing up in the rear. After going some distance, Naas says he stooped down to pick a tempting bunch of blueberries, and as he raised up he saw Tebo point the shotgun at Hutchins' head and pull the trigger. Hutchins died immediately, falling on his face.

Hutchins' body was found in one of his fields about a quarter of a mile in the rear of his residence. The back of his head had been shattered by shot. A portion of the brain was found about eighteen feet away, and portions of the skull bone ten feet from the body. The body was found by Hutchins' young son, who went back to look for a stray lamb and came across his dead father lying on his face. The boy thought he had been kicked by a horse and gave the alarm to that effect, but on examination it was found that death was the result of gunshot wounds. Hutchins had been to dinner at his usual table and started back to work, saying he would return in an hour. One of his children says a strange man was with him, but did not know who it was, although he thought he could recognize him if he saw him again.

Hutchins was a son of the late William Hutchins, and was fifty years old. He leaves a wife, who was Miss Giddey, of Rosway, and a family of six children, besides six brothers and two sisters.

GIRL RETURNS WOMAN'S \$200; GETS A QUARTER FOR REWARD

New York, Aug. 5.—For returning a package containing \$200 in currency to a woman at the Hotel Belvedere, 12-year-old Helen Urban of 388 Amsterdam avenue got a reward of 25 cents. Her father, Ludwig Urban, is valet for the hotel and has his shop at the Amsterdam avenue address. Helen carries clothing back and forth between the hotel and the shop. As she was entering the hotel she found a package of bank notes, on the outside of which was a woman's name, and restored the package to its owner.

WILSON'S FLY PADS

ARRESTED FOR DEATH ON TRAIN

Man from Kentucky, Ready to Sail on the Paris, Traced by Means of Dead Man's Trunk.

New York, Aug. 5.—As he was about to sail for Europe on the steamship Paris, Paul Cepek, forty-eight years old, of Lynch, Ky., was arrested by Detectives sergeants George Andrews and William Trantzer of the East Fifty-first street station as a fugitive from Elyria, Ohio, in connection with the murder and robbery of a fellow-passenger on a train there last Sunday. Cepek was captured by means of two trunks he had sent to the Grand Central Terminal. One of the trunks, according to the detectives, was the property of Anly Airenwiche of Lynch, Ky., the slain man.

A telegram from Sheriff M. D. Bachus of Elyria stated that Kirchowitch and Cepek were on their way from Lynch, Ky., to their old home in Jugoslavia, and that when the train on which they were riding was within thirty miles of Cleveland, Kirchowitch was robbed and thrown off the train to his death.

Detectives located the two trunks in the baggage room of the terminal, and took up a vigil for the man who would call for them. Two men drove up in a motor truck, and one of them presented checks for the trunks.

The detectives questioned the men, and learned that they had been hired by a stranger to bring the trunks to the steamship Paris of the French line at West Fifteenth street and the Hudson River at noon. Andrews and Trantzer explained that they were detectives, and borrowing the uniform, caps and jumpers from the chauffeurs and his assistant, drove the motor truck with the two trunks to the steamship.

Cepek claimed the trunks there, explained that he was in a hurry to get on board and offered them \$1 if they would carry the trunks for him. When they asked him about Kirchowitch, whose name was on one of the trunks, he replied: "Oh, he's a friend of mine. He was to return with me to our home in Jugoslavia, but he got off the train at Cleveland, after giving me \$100 to mind for him, and he didn't come back. I guess he'll get on board the Paris before she starts."

Cepek was placed under arrest and taken back in the motor truck with the two trunks to the station. Detectives found \$1,500 sewed in his inner shirt, \$615 in his pockets and \$20 in a money belt.

Those Having Sick Animals SHOULD USE MINARD'S LINIMENT

Good for all throat and chest diseases, Distemper, Garget, Sprains, Bruises, Colic, Mange, Spavins, Running Sores, etc. Should always be in the stable. SOLD EVERYWHERE.

DRIVES PLANE INTO TREE TO SAVE WOMEN'S LIVES

American Aviator and Companion Are Badly Hurt Avoiding Mexican Peasants.

Mexico City, Aug. 5.—In order to save the lives of two peasant women with babies in their arms, Colonel Rafael O'Neill, an American, today drove his airplane into a tree, demolishing it. O'Neill, who is head instructor of the Federal aviation school, and Antonio Rivers, acting director of the school, who was in the plane with O'Neill, were badly injured.

The accident occurred at Pachuca, forty miles from Mexico City. O'Neill was starting the plane for a return trip to Mexico City when the two Mexican women with their babies started to cross the path of the plane. In order not to kill or injure them, O'Neill without hesitation swung the machine about and ran it into the tree.

HEMORRHOIDS

Do not suffer another day with itching, bleeding, or protruding Piles or Hemorrhoids. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. Go to a local dealer, or Edmondson, Bates & Co., Limited, Toronto. Sample box free.

Jo-Bel THE WONDER SALVE (Registered)

"It's great stuff for piles. I had them, bleeding, itching and protruding. The second application stopped the bleeding, and I have had comfort ever since. No, I'm not cured, but it's my own fault. I have felt so good I neglected myself. You can refer anyone to me."—A well known citizen's unsolicited testimony.

Sale all druggists, or Jos. A. Murdoch, 137 Orange street, St. John, N. B. Price 50 cents and \$1.00. Mail orders promptly filled.

CELEBRATE SIGNING OF THE PALESTINE MANDATE, HERE

A meeting to celebrate the signing of the Palestine mandate by the League of Nations, was held yesterday morning under the joint auspices of St. John young Judeas and St. John Hebrew school in the vestry room of the synagogue. The meeting was presided over by Eli Boyaner and the programme consisted of recitations by the members as well as addresses.

The first number on the programme, after the opening ceremonies and special prayers for England, Canada, Lord Balfour, League of Nations and Jewish leaders had been said, was a violin solo by Miss Betty Brodie, of Sydney (N. S.). Miss Brodie lived up to her advanced reputation and was ably accompanied by Bayard Currie. The chairman then introduced the speaker of the morning, H. A. Powell, K.C.

Mr. Powell pointed out that this was the third home-coming of the Jewish people to Palestine. He referred to the great Hebrew principle, the singleness of one deity; and said the people of today could again look forward to the rebuilding of the temple, which he hoped would be far greater and finer than either of the other two. He appealed to the boys and girls to try and collect as much money as possible during this winter to help in the rebuilding of Palestine. Referring to the mandate, Dr. Powell said that Lord Balfour had only acted according to the wishes of the English people.

A vote of thanks, moved by A. Poyas and seconded by A. Ralph Isaacs, was tendered him by the chairman. After Dr. Welner had spoken a few words on the significance of the event, light refreshments were served and the meeting was brought to a close with the singing of God Save the King and the Jewish national anthem, Hatikvah.

MAJOR BLAKE REACHES DELHI

Delhi, Aug. 4.—Major W. T. Blake has completed another lap of his airplane journey around the world, arriving at Delhi today. Owing to rough weather and engine trouble, however, he was obliged to make a premature landing three miles outside the city.

The parish court commissioner's court in Salisbury on Thursday was the scene of the trial of a man, charged by his neighbor with killing a cow mouse. After a long afternoon of legal argument, the principals held a more personal argument, in the shape of a rough and tumble fight, outside the court house.

All Fat People Should Know This

Fat people owe a debt of gratitude to the author of the now famous Marmola Prescription, and are still more indebted for the reduction of this harmless, effective obesity remedy to tablet form. Marmola Prescription Tablets can be obtained at all drug stores the world over at the reasonable price of one dollar for a case, or you can secure them direct on receipt of price from the Marmola Co., 4612 Woodward Ave., Detroit, Mich. This now leaves no excuse for dieting or violent exercise for the reduction of the overfat body to normal.

SEIZE BOGUS MONEY PLANT; 5 MEN HELD

Secret Service Men Break Up Gang Which was Producing Dangerous Counterfeits.

New York, Aug. 5.—Two raids made simultaneously in Manhattan and Brooklyn by secret service men squelched what is said to have been the most ambitious and elaborate counterfeiting scheme organized in the east in years. Five men were arrested, and a complete outfit for making bogus notes, including an expensive camera, copper plates and other paraphernalia, was seized.
For their headquarters the counterfeiters had taken the top floor of a private house at 381 East 116th street. Here was found the counterfeiting apparatus. No evidence of the manufacture of spurious money was discovered at 1,465 Rockaway avenue, Brooklyn, where the other raid took place. The agents, however, said they found there a huge still and several smaller ones. This information they turned over to the prohibition forces and to the police.
The chase after the counterfeiters began several months ago, when Captain John S. Tucker, chief of the local division of the Secret Service, began to get almost daily reports of the appearance of fake ten-dollar and twenty-dollar notes. The smaller note was an imitation of a bill issued by the National Bank of Ozone Park. The other was on the Grand Rapids National City Bank. Captain Tucker said yesterday that both imitations were extremely "dangerous" and that some of them had found their way into banks.
Receiving Captain Tucker's reports, William H. Moran, Chief of the Secret Service in Washington, came to New York about a month ago, summoned agents from all over the country and told Captain Tucker to spare no effort to break up the gang.

According to Secret Service men, bootlegging has given an impetus to the traffic in false money. Counterfeit notes are manufactured on a large scale and then sold to distributors for a fraction of their pretended face value. These distributors have made a great deal of use of the money paying for smuggled liquor. Most of these bootlegging transactions take place at night and hurriedly, and the smuggler has little chance to look closely at his pay. When he learns he has been cheated the smuggler does not dare report the fact and must either pocket the loss or make good by passing the money along.
Agent Peter Rubano arrested Thomas

F. Fraszi just after he had left the 116th street house. Vito Grammaticano was arrested near his bakery at 2,194 Second avenue. Both men were held by United States Commissioner Hitchcock in \$5,000 bail. In Brooklyn the agents arrested Ben Gallo of 214 Montrose avenue, Joseph Peppitoni of 271 Twentieth street and Erasmo San Filippo of 1,465 Rockaway avenue. They were all held in \$10,000 bail by United States Commissioner Hennessey.

Rev. John Lundgren, Lutheran minister of the town of New Sweden, near Grand Falls, was killed recently when struck by an automobile. He had apparently become confused while crossing the street.

ADVICES INDICATE
BUT LITTLE HOPE
FOR NORTHCLIFFE

(Canadian Press Despatch.)
London, Aug. 4.—The serious tone of the bulletins issued today regarding the condition of Viscount Northcliffe, British publisher, gave a strong impression that there is little hope for his recovery. While the bulletins are very vague concerning the nature of his illness, it is believed to be the result of a complete breakdown brought on from hard work and excitement which he has undergone for the last year or more.
Nobody has seen him since his return from Switzerland except his physicians and nearest relatives. While his business associates disclaim any knowledge of the nature of their chief's illness, at no time has there been any concealment of the belief that his return to the newspaper world would be only after a very long time, if ever.

YOUTH OCCUPIED PULPIT.

(Montreal Gazette.)
An earnest appeal to young people to follow the teaching of Christ, and to consecrate their lives to His service, was voiced Sunday night in MacVicar Memorial Presbyterian church, Hutchison street, by Ralph Turner, seventeen years old, who intends to enter the ministry. Taking as his text the twenty-second chapter of Revelation, the young speaker developed his message eloquently, addressing himself particularly to the younger members of the congregation of whom a large number was present.
After reading a passage from the twenty-second chapter of Revelation, he described the reference to "the water of life," as meaning the gospel of Jesus Christ, which stands today as a challenge

EDUCATIONAL

A Profitable Profession for Women
McLean Hospital Training School for Nurses offers a three years' course in the care and treatment of nervous and mental diseases, with affiliations that also offer training in medical, surgical and obstetrical work. produced the young preacher, and referred to the deplorable result of ungodliness among youth, saying that it was a terrible thing to read of young people sixteen years of age giving themselves up to a life of drug-selling.
Master Harold Turner, brother of the speaker, sang two hymns.

Germany Hopes
Private Debt Action Will be Deferred

(Canadian Press Despatch.)
Berlin, Aug. 4.—In a supplementary note sent to Paris tonight the German government reaffirms the position it assumed in its original communication with regard to the payment of private debts contracted with Frenchmen before the war. The note declared the German government does not propose to default in carrying out the payments, but merely requested a reduction of the amount to be paid.
The note calls attention to the British and Belgian replies and asserts that neither the Versailles treaty nor the London agreement provides for punitive measures before Aug. 15, on which date the next installment of the debt payment is due.
It concludes with the hope that action will be deferred until the reparations question is regulated.

THE AMES-HOLDEN, M'CREADY BONDS BEING TURNED IN

A protective committee to represent the 7 per cent, ten-year second mortgage refunding bonds of Ames-Holden-McCreedy, Ltd., of which there are \$1,868,900 outstanding, has been appointed composed of F. W. Knowlton, Charles Robson and George C. McDonald. Holders are to deposit their bonds with the Eastern Trust Company.

While the position of the first mortgage bonds of the shoe company as well as of Ames-Holden-McCreedy, Ltd., in the proposed reorganization is given, the second mortgage interests are still in the dark as to what they may expect in exchange for their holdings.

Bondholders of Ames-Holden-McCreedy and associated companies have already turned in their bonds in large numbers in anticipation of the special meetings called to consider reorganization plans. A committee of bondholders of the different companies have been at work for several weeks past, and the proposals that are now to be submitted for the approval of these committees. They consider they are the best that can be worked out after conferences with bondholders and creditors, and are recommending them to the other bondholders for acceptance. Many of the members of the committees were representing a large number of holders of bonds and have turned in to the trust companies the bonds on which they had claims.

LOCAL NEWS

The regular meeting of the Trades and Labor Council was held last evening, but was adjourned early to allow several busy members to attend the meeting of the executive of the United Organizations.

A meeting of the Playgrounds Association was held last night in the Y. M. C. A. building, but because of the small representation present it was decided to call a special meeting later to deal with some important business, and no business was taken up last night. A. W. Covey presided.

James Eastman, a negro, was arrested yesterday morning in Woodstock on a charge in which a young white girl of St. John was concerned. He was brought to the city last night on his way there. The girl and infant were returned to the girl's home in the city last night.

Five junior trade commissioners are wanted by the government, and application has been made to the civil service commission. The entry list will close on September 20, and the written examinations will be held on October 20 or thereabouts. Successful candidates will be given from one to two years' training and then be eligible to fill positions in different countries.

WHISKEY STOCK STOLEN.

Toronto Man Loses Fourteen Cases of Liquor.

Toronto, Aug. 5.—For two years Paul Kamin, president of the Toronto Electrical Supply, 26 Adelaide west, has been carefully guarding fourteen cases of liquor of various brands in his home at 148 London Road. And in three hours last night it disappeared.

He did not keep the stock in the cellar, and neither did he hide it in the attic, but kept it locked in the wardrobe of his children's bedroom on the second floor. With his wife and youngsters, summing at Cobourg, Mr. Kamin took a stroll on town. He went out at 9 o'clock, and at midnight he returned and found all the doors of his home wide open. The first thing he thought of was his treasured supply. He dashed upstairs. Into the kiddies bedroom he went and flashed on the light. He found the door of the wardrobe smashed open and the liquor gone. Just fourteen cases! And the value bootleggers place on the real stuff today is \$80 a case, so Mr. Kamin's financial loss is \$1,120, to say the least of it.

WHISKAWAY MAY BE SOLD

Saratoga Springs, N. Y., Aug. 4.—Harry Payne Whitney, owner of Whiskaway, declared today that reports he had sold the conqueror of Morloch were without foundation. Nevertheless, Mr. Whitney admitted that he was considering an offer made by C. M. Clark and would reach a decision within a few days.

THE IRON MARKET

Report on Pig, Steel, Metal and Machinery.

In its summary of the iron, steel, metal and machinery markets, Canadian Machinery and Manufacturing News, Toronto, makes the following comment in its August 8 issue:—

Any likelihood that the year's output of pig iron and steel would reach exceptionally high levels and thereby strengthen the feeling that industrial prosperity was "just around the corner," is meeting with discouragement. The shippers' strike in the United States has already handicapped delivery of coal from non-union fields and metal production is already from 5 to 10 per cent below the highest rate. A coal shortage in Canada, so far as industrial requirements are concerned, seems difficult of definite estimate. Only 16,000 tons were shipped in July this year as compared with 118,000 in July, 1921. The probability of Welsh coal getting better prices is more or less remote, unless the problem produces an organization that will work out a temporary rationing scheme. Manufacturers are in evidence. The Interstate Commerce Commission has introduced a priority system and as iron and steel producers are far down in the list, there is likelihood of a considerable accumulation of orders against the day of settlement. An embargo on coal shipments to Canada seems almost unnecessary as there is very little coal moving.

Dispatches from Pittsburgh state that shortage of coke applied to the steel industry since many of the mills have enough coal to roll all the steel they can produce. Here, again, the shutting of the furnaces seems to be anything but general as there are better supplies of coal in some districts than in others. Producers and buyers outside of some pressure on mills for specific delivery contracts, there is no excitement.

Business men declare that the strike trouble is likely to cause a period of caution, based on necessity for economical production and reasonable prices. In fact, it is held in some quarters that the present disturbance will hasten reaction due to the tendency to do too much building all at once. The steel market, however, seems strong. Mills are well sold up. Minimum prices are being advanced justly. In short, the outlook is bright, and it is generally expected that mills, buying is being done at higher levels, say \$2 a ton higher on blue annealed, and \$3 a ton higher on black and galvanized.

Advance in Pig Iron.

The market generally seems to be developing that aspect when nothing seems sure and every phase of the situation appears. Canadian prices reflect the situation. An advance of \$2 a ton on pig iron only serves to illustrate problems of production. In one instance a Canadian firm has shut down its two pig iron furnaces. One was being relined and it was expected would again be placed in operation when completed, but now the coal shortage has necessitated the inactivity of both. There are, however, large stocks of pig iron on hand. Specific dates are now being observed and as to new business it is doubtful if anything is being booked for later than September.

July, on the whole, has been a fair month in Canadian business. A slump in the two vacation months is generally regarded as a matter of course, but this year it has been slow in coming. June was a good month but a serious reaction was looked for in July, but it did not develop seriously. Large tonnages in structural materials were called for and producers say that this movement shows little abatement.

Montreal reports that July business will show very good average, with general demand much better than it was one year ago. In addition to the advance of \$2 in pig iron, there has been a boost of ten cents in steel at the mills. There is also a firming tendency in non-ferrous metals. Stocks are very light in standard sizes and gauges of galvanized sheets, and it is predicted that the demand in this department is something more than seasonal. So far as machine tools are concerned, the situation appears to be brightening and dealers are optimistic as to the fall outlook. Structural materials are aggressive, for enquiries encourage the feeling that business is approaching the stage where it is more susceptible to actual development. There have been no price changes, the general feeling being that they are now on an attractive basis.

St. John, N. B. 63 Prince William St.

DR. ALEXANDER GRAHAM BELL LAID TO REST

With quiet, simple ceremony the body of Dr. Alexander Graham Bell was laid to rest yesterday afternoon on the top of Beinn Breagh mountain, commanding a view of his Baddeck estate, Cape Breton. The funeral was conducted by Rev. John McKinnon, pastor of the Presbyterian church in Baddeck. Hymns were sung by the church choir, and Miss Jean McDonald sang a favorite of the late Dr. Bell. The service was held at five o'clock, and the body driven to the grave in the same team in which Dr. Bell was used to taking his drive to the mountain top every afternoon at five o'clock. The scientist was buried in one of the humbly dressed and corduroy walking suits he had always worn. Flanking the grave were flags from which flew the flags of Britain and the United States, the land of his birth and the land of his adoption.

FREDERICTON PERSONALS

(Fredericton Gleaner.)

Dr. C. C. Jones went to Chipman yesterday to join Mrs. Jones and her seven-year-old son, who have since been residing in Boston and Portland, is visiting his old home here.

Fred H. Kimball of Oromocto, left yesterday for Toronto, where he has accepted a position with an electrical concern.

Miss Olga Pugh, who recently graduated from Victoria Hospital, left last evening to visit her sister in Michigan. She will remain for three months and return to Fredericton in November. Her brother, Dr. Pugh, will leave on Monday to join his sisters for a couple of weeks.

ISN'T SURE WHAT HIT HIM BUT IT SURE WAS SUCCESS

Hamilton, Aug. 5.—In an alleged drunken brawl which occurred in a house occupied by a family named Getty, at McNab and Mulberry streets, Samuel Flynn, sustained serious scalp wounds. Police officials found him semi-conscious and bleeding profusely. When questioned he said: "I was hit with something. I don't know what it was, but it sure was a success."

The weapon was subsequently found to be stout oaken mallet. Flynn was removed to his home.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, AUGUST 5, 1922

HAD MERRY PARTY ON STOLEN HOOTCH

Northeast Harbor Chauffeurs
Make Raid and the Owner
Weeps.

(Bangor Commercial)

Stories are beginning to reach this city of a recent wild hootch party at Northeast Harbor which eighty cases of Johnny Walker whiskey were the source of inspiration.

It seems that a few days ago a party of federal prohibition officers were touring Mt. Desert Island and while at Northeast Harbor received information that a boat load of liquor was to be landed at a certain point that night. The night was very foggy and the officers put in a rather shivery vigil. In the early hours of the morning the fog began to lift somewhat and the officers started to look about the premises on which they had camped. This was a truck and a touring car with a Northeast Harbor liquor dealer and a crew of men waiting for the boat to arrive with the hootch. These men quickly spied the federal officers and while the crew made off in the truck and touring car, the owner of the liquor piled into a small boat and sculled his way out to the launch which had stopped a short way from shore.

Realizing that they had been thwarted, the federal officers gave up the chase, while the launch clugged its way to a point about two miles from the village, where the liquor was landed at a secluded spot. Much pleased with himself, the owner of the liquor returned to Northeast Harbor, making up his mind that all was safe with him and that as soon as the federal officers started on their return to Bangor, he would transport the liquor back into the village.

The officers stayed about town for several days endeavoring to locate the hidden liquor, but their efforts were of no avail and as there was much work to be done elsewhere, they abandoned the search and started for Bangor. The liquor dealer waited until he had received information that the officers were safely off from Mt. Desert Island and then he started for the place where he had hidden his hootch.

In the meantime, there had been considerable doing at the secluded spot about two miles from the village of Northeast Harbor. That village is filled this summer with chauffeurs who are working for summer visitors and those who do taxi work, and one of these men had learned that the eighty cases of select Johnny Walker whiskey was unguarded at a certain place near the city. Taking a number of his companions into his confidence, this man and his friends took several cars and motored to the spot where the liquor had been left a few days previous. Those who arrived first began to help themselves to the cases of hootch and the news of the finding of the liquor spread rapidly. Other cars began to arrive on the scene and even children got wind of the proceedings and a number of them were on hand to witness the fun.

All kinds of stories are told about the wild time that ensued while everyone was scrambling to get as much of the liquor as possible. Men that had loaded several cases into their cars and then would go back for "just one more" would find on their return that someone else had appropriated the liquor they had previously stored in the cars. Bottles were opened and passed around and the hootch party waxed fast, furious and merry.

In the meantime, the owner of the liquor was hurrying to the scene in his car to take possession of his property and imagine his surprise when he arrived and found one lone case where he had left eighty a few days before.

In Town and Country

In city, town and village happy families are today enjoying good food made with REGAL Flour. Thrifty housewives use it for all their baking. All are agreed that

popularly summer resort, but the Northeast Harbor hootch party will be remembered for some time to come.

ST. HELENA POPULAR AS A HEALTH RESORT

Island Where Napoleon Spent His Last Days Boasts a Delightful Climate.

Napoleon Bonaparte drew public attention to a hitherto little known island in mid-Atlantic, almost opposite the southern extremity of the Portuguese settlement of Angola, next door to what used to be German Southwest Africa. Few of the general public of that day knew of Elba, not far from Leghorn, where the French emperor was first sequestered; and when, after Waterloo, he went to St. Helena people looked in vain upon most of the maps for that tropical dot, with an area of only forty-seven square miles and with but few inhabitants.

After the Boer war the English turned to St. Helena as a safe spot to send Boer prisoners of war, and so many thousands were transported there that the inhabitants of Jamestown—the only town then on the island—became suddenly enriched, for British soldiers and sailors brought money, and their prisoners were rarely poor men.

Next to the Red Sea ports along the African coast, St. Helena probably enters in its waters the greatest aggregation of sharks in the world, but the Boer prisoners discovered that these sharks always slept when the sun reached the meridian and many of these prisoners were rescued by their friends, who brought small vessels, apparently laden with provender, but steamed rapidly away when their confederates had swum a few yards from beneath the towering cliffs to the awaiting boat.

These Boers ascertained that the upland glades of this volcanic island were covered with verdure, and though less than a thousand miles from the Equator possessed air of distinct salubrity. Now the island is being recognized as a health resort, somewhat after the style of Cuba in relation to North America.

St. Helena is something like 1,200 miles from Cape Town, and twelve-knot steamers can complete the journey in about four days, while it is still more easily approached from Wallich Bay, the chief port of Southwest Africa. It is only about 700 miles from the Island of Ascension, which the British use as a naval base, and upon which during the great war was established a wireless station, now demolished. The island usually has a population (including soldiers) of about 4,000 people.

The best MEAL I ever ate

said father after the first dinner cooked on our new "PREMIER KNIGHT."

Well, who wouldn't turn out a tip-top meal from the most "up-to-the-minute" range made? For that is just what the "PREMIER KNIGHT" is. A perfect model cooking range with every imaginable convenience. Burns so smoothly—so easy to get the right temperature for perfect cooking. Just think—the "PREMIER KNIGHT" actually uses less coal—in fact, what you save in coal will soon pay for the stove.

"PREMIER KNIGHT"
ALL STEEL KITCHEN RANGE

has all the points of superiority which characterize the various Davidson Ranges. White enameled panels or tiled back and oven door, nickel plated trimmings. It is constructed to burn coal, coke or wood. A roasty oven has broad bottom to prevent warping—fire box has cast lining and duplex two-piece grates—one side for coal and coke, and turned over, is suitable for temporary summer grates for wood. Cast iron fire door and ash-pit door, both heavily nickelled. "PREMIER KNIGHT" can be supplied with or without high shelf yielding even combination of coal and maximum heat for cooking. Well finished and well ventilated, ensuring quick baking.

Write for Catalogue "R-2 Davidson's Stoves and Ranges" featuring other "Premier" Ranges—"Merrill's," "Leader," "Argus," "Royal," "Chieftain."

SEEKS DEATH IN LEAP FROM BRIDGE; DOCK MEN SAVE HIM

New York, Aug. 5.—William Bower, employed by the Produce Exchange, leaped into the middle of the Manhattan Bridge and was saved from drowning by longshoremen. Several persons saw the man climb to the bridge rail, jump and strike the water feet first.

Longshoremen at work at Pier 32, attracted by the cries for help, put out after the man in a rowboat. Bower was taken ashore and rushed to Gouverneur Hospital, where it was said he was suffering from submersion and possible fracture of the skull. Bower would ascribe no reason for his apparent attempt at suicide. So far as could be learned he was not involved in financial difficulties and seemed to be in good health.

Nature Flavored Ice Creams for Dessert

The cooling, fascinating flavor of natural juices, pressed from ripe, fresh fruit, accounts for the unique taste of

PURITY ICE CREAM

so much a favorite for Sunday dessert and to serve at garden parties, receptions and other social functions.

Ask Your Purity Dealer.

It is said that the discouraged man sat down on the one remaining case of hootch and wept, and then came the funniest episode of the whole affair.

One of the men who had previously possessed himself of some of the liquor, returned to the scene after more and seeing the man sitting on a case of whiskey and not knowing that the man was the owner, walked up to the weeping liquor dealer, pushed him roughly from his improvised seat on his own hootch and carried off the remaining case of Johnny Walker, while the owner was so dumbfounded by the proceeding that he was powerless to do anything until it was too late.

Newburyport to Play Today.

The Newburyport team will be back again today for another tour around the province and they are twenty-five per cent stronger this time according to Joe Ford, manager of the team. They will open their second trip here by playing two games with the St. Peter's on the latter's park, one this afternoon and one this evening. Joe Ford announced his intention to endeavor to make an even better showing this time than his brother's Quincy, (Mass.) All-Stars. The Newburyport team contains only

four players who appeared here on their line-up last trip. These men are Connors, Dillon, McNeil and Larry Conley. The visiting team will line-up as follows: left field, Elliott; centre field, Dahler; right field, Conley; first base, Gansel; second base, Dillon; third base, Connors; short stop, Hayes; catcher, Van Vleet; pitchers, McNeil and Stinson.

Royals vs. C. A. S. C.

The Royals and C. A. S. C. will meet in an exhibition game this afternoon on the Barrack square, and as both teams are leading their respective leagues, a good game is expected. The teams will line-up as follows:—Second base, Price; third base, Hogan; shortstop, Harper; first base, Tynes; centrefield, Nelson; pitcher, Diggs; right field, Hayes; left field, Saunders; catcher, Austin. C. A. S. C.—Left field, Friars; second base, Pierce; centrefield, M. Friars; shortstop, Logan; third base, Ritchie; first base, Latham; catcher, McCaustlin; right field, Donovan; pitcher, Anderson.

Norton to Play Here Today.

The intermediate All-Stars will play two games with the Norton team here today. This afternoon the teams will meet on the Rockwood Park diamond, while this evening they will clash on the Queen square diamond. The local team has gathered a fast bunch of ball players from the various intermediate teams in the city, while the Norton team is reputed to be a fast aggregation for intermediate and a good contest should result. Burns and Keeble will form the battery for the locals in the afternoon, and Sewell and Keeble in the evening. It is probable that Carney and Lewis will be the battery for the visitors in the afternoon with Cummings and Yerra in the evening.

Civics at Rothesay.

Two great games of baseball will be staged today on the Rothesay baseball grounds, weather permitting, when the Civics, winners of the Civic and Civil Service Baseball League, will cross bats with the Fair Vale team in the afternoon and with the Rothesay team in the evening. The Civics were scheduled to play these two teams last Saturday, but owing to weather conditions they were postponed. The Fair Vale and Rothesay teams have been putting up a good brand of ball this season and the same can be said of the Civics, and these two games should be hotly contested.

Toney to Quit?

Nashville, Tenn., Aug. 5.—Friends of Fred Toney, former New York Giant pitcher who was traded to Boston last week as part of the consideration in the deal that sent Pitcher McQuillan of the Braves to New York say he has decided to quit baseball rather than play

with the tail-end Boston club. According to these friends, Toney said: "I will have \$50,000 and don't have to play baseball with the Braves."

South End League.

Challenge Royals.

The North End All-Stars challenge the Royals to a game of baseball to be played on the East End grounds on Wednesday evening. Please answer through Monday's Times.

RING.

Dempsy's Challenger. Montreal, Aug. 5.—Harry Wills, colored fighter, who will meet Jack Dempsy at the end of a year in an effort to lift the heavy weight championship crown, will appear in a four-round exhibition bout at the Mount Royal Arena on Wednesday night against Jess Clark, known as the "Fighting Ghost." The bout will be the main attraction of a card being arranged by promoter Benny Cohen, who has arranged several other exhibition fights to bolster up the main attraction. Gene Broseau will meet Bert Schneider in an exhibition affair, while there will be two other ten-round fights

as well as the usual preliminaries. Following his appearance here, Wills will leave for his training camp to prepare for his coming battle with Jackson on August 27.

Had To Go.

Joseph of Minneapolis was given the decision over Jimmy Sacco of Boston here last night after ten rounds of hard fighting.

TURF.

England's Famous Mares, Scriptre. Lord Gladwyn's sale of the famous thoroughbred mare Scriptre (by Persimmon, her dam Ornament) aroused such protestation that his Lordship has cancelled the contract and handed the mare over to the government stud, stipulating that at her death her hoofs shall be divided among her past owners, who will include Lord Gladwyn, Lady Noreen Bass and Robert Siever.

The Family History of Scriptre is Dramatic.

The family history of Scriptre is dramatic. She was bred by an Englishman, one day to a fair and there caught a mare and her foal for less than \$100. He bred from the foal time went on, and sold one mare he did not like to Mr. Sharry. From that mare sprang the historic "Agnes family." The mare carried everything before him. Ornament, dam of Scriptre was sister to Ormond.

LOCAL NEWS

THE BOSTON BOAT. The steamer Governor Dingley arrived from Boston at one o'clock today, with about 300 passengers and a large general cargo.

PICNIC POSTPONED. A picnic at Seaside Park, which was to have been given for the orphans of the city by Charles Tilley and others this afternoon, has been postponed until next Saturday, on account of the weather.

STILL UNCONSCIOUS. There is no change in the critical condition of Charles Kerr in the General Public Hospital. He is still unconscious, nearly two full days after the accident. Slight hope is held out for his recovery.

ELEVEN DEATHS. Deaths in the city during the week, from the following causes: broncho-pneumonia, two; paralysis, peritonitis, malnutrition, locomotor ataxia, premature birth, spina bifida, cerebral hemorrhage, dilatation of heart, acute gastric dilatation, one each.

BOYS IN MAJORITY. Twenty-nine births, a larger number than the average, were recorded last week. Boys were in the majority, there being eighteen and capped with eleven girls. Only six marriages were performed during the week.

FORMER ST. JOHN PRINTER. Edward L. McGloin, who left St. John twenty-six years ago, has been visiting Mrs. Thomas E. White with her child, but for twenty-six years has been with Skelley Bros. in Boston. He has been heartily greeted by many old friends.

MRS. MARY BOYNE. The death of Mrs. Mary Boyne, widow of Walter Boyne, occurred early this morning at her home in Lepraux. She was a lifelong resident of that place and was highly respected by all who knew her. She is survived by five sons, five daughters and one sister. The sons are Douglas of West St. John, Albert of Cambridge, Frank of Lepraux, and William of Musquash. The daughters are Mrs. Hugh Rogers of Musquash, Mrs. S. J. Crowley of West St. John, Mrs. J. Hanlon and Mrs. George Riley of Fairville, and Mrs. Harvey Hope of Lepraux. The funeral will be held on Monday. Many will be sorry to learn of her death.

BOARD OF TRADE NOTES. The secretary of the Board of Trade this morning received a letter from Hon. J. H. King, minister of Public Works, acknowledging receipt of a number of resolutions passed by the local board in reference to the routing of Canadian grain through Canadian ports. He promised to give the matter careful consideration. Replies are now being received from most of the ministerial heads of departments, and all have been most sympathetic.

A letter from the British Empire Producers' Association to the local Board of Trade, asking the latter body to join with it. They say that many opportunities to develop overseas trade would be the result.

DEATH OF MICHAEL MCGUIGGAN. At an early hour this morning death claimed an old and respected resident of the city in the person of Michael McGuigan who died at the home of his daughter, Mrs. B. P. McCafferty, 26 Duke street. A native of County Louth, Ireland, the late Mr. McGuigan came to the city with his parents whilst a lad and here he spent almost in his entirety, a life of activity and endeavour. Prior to the St. John fire he was in the building trade on his own account and he erected several houses but later years saw him with the firm of Scott and Lawton and Haley Brothers. Mr. McGuigan was one of the first members of the Father Mathew Society and in his early days was prominently identified with that association also with the Irish Literary and Benevolent Society. Widely known and respected, of high principle and character his death will be learned of with sorrow. He is survived by one daughter, Mrs. B. P. McCafferty.

IN THE MARKET. Business was not very good in the city market this morning and the supplies on hand were small, due, it is believed, to the fact that the farmers took full advantage of the good haying weather in the earlier part of the week. Prices were quoted as follows: beef, 15 to 20c; veal, 15 to 20c; lamb, 25 to 40c; mutton, 10 to 20c; pork, 20 to 30c; ham, 35 to 40c; bacon, 40 to 45c; chicken, 65c; fowl, 50c a pound; potatoes, new, 85c; old, 25c; turnips, 25c; peas, 45 to 50c; beans, 45 to 50c; pecks; radishes, 8c; milk; parsley, 10c; carrots, 10c; beets, 10c a bunch; lettuce, 5c; cauliflower, 10 to 30c; celery, 10 to 15c a head; cucumbers, 10c each; onions, 10 to 15c; cabbage, 8 to 9c; tomatoes, 15c; squash, 8c; turnips, 8c a pound; butter, 30 to 40c a pound; eggs, 30 to 40c a dozen; blueberries, 15 to 16c; raspberries, 25 to 30c; gooseberries, 20 to 25c a box; cranberries, 25 to 30c a quart.

AFTER A YEAR ON ARCTIC ISLAND. News, Aug. 5.—After spending a year on Wrangel Island, in the Arctic ocean, the advance guard of Stefansson's development expedition to the Far North is to be brought back here on the power schooner Nokolak. On telegraph orders from Stefansson, Captain Fred Swanson is fitting the Nokolak out to go after the party. The party, which landed on the island last summer and wintered there, is said to have hoisted the British flag and claimed the territory for Great Britain. Previously the island had been regarded as a Russian territory, according to ship masters familiar with the Arctic.

CARGO OF PULP WOOD. Bathurst, Northern Light.—The Norwegian steamer Times cleared from the port of Caraquez on July 31, with a cargo of pulpwood consigned to a big paper firm at Richmond, Va. The sight of such a large vessel at the Caraquez wharf, and the unwonted activity at that place consequent on the loading operations being carried on night and day, once more roused the people of Caraquez to the possibilities of their port and revived their desire for development. The Times was loaded by F. T. B. Young, who shipped nearly 1,500 cords of pulpwood on the vessel.

HAPPY TIME IN SCOUTS' CAMP

A Visit to Y. M. C. I. Boys in Little Tented City at Torryburn.

All reports from the Y. M. C. I. Boy Scouts in camp on the Bishop's grounds at Torryburn indicate that they are having the time of their lives. Outside a few cases of sunburn and mosquito bites as well as the odd scratch or two there have been no complaints. Dr. J. R. Nugent, the medical officer in charge of the camp, has made daily inspections and overlooked no detail looking to the health of the boys. The arrangement of the camp is attracting much attention from the visitors. Ten circular tents are grouped in the shape of a horseshoe around a central knoll, in which are located the camp fire and the camp flag. There are also a large marquee for a mess tent, cooks' shelter and some store tents. The cuisine is in the capable hands of James McAndrew.

The daily routine is as follows: Reveille 6:45 a. m. Dips at seven and eleven a. m., and at four p. m. Life-saving practice. Breakfast, 7:30; dinner, 12:20, and supper, six. Daily flag raising takes place at 8:15 a. m., followed by daily orders, presentation of flags. Scout practice, as well as games and tests, occupy morning and afternoon. In the evening there is a camp fire, with a sing-song, entertainment and group games. At 10 comes last post, then prayers, and lights are out at 8:45. About thirty boys have been in camp this week, and their numbers will be augmented by several more today.

There have been quite a number of visitors to the camp during the week, and all have been delighted with the arrangements, with the ruddy glow of health on the faces of the lads, with the proficiency they are showing in acquiring the Scout knowledge, and the readiness with which they are living up to the high principles of the Scout. Some good entertainers are among the group and they help much in the general enjoyment.

Visitors on Thursday afternoon and evening were His Lordship Bishop LeBlanc, Rev. W. M. Duke, Rev. William McCullough, C. S. R.; Rev. John Gunn of Cambridge, Messrs. J. H. Chisholm, Y. M. C. I. general secretary, and Messrs. C. A. Owens, Charles O. Morris and Y. C. Timberley, secretary of the St. John council, spent the week in camp. In charge of the troops are Messrs. J. H. Chisholm, scoutmaster, and Thomas Killen and Frank Riley, assistant scoutmasters, and they are enjoying the camping days as much as are the boys. The presence of the Scouts will be a new attraction this year at the Cathedral Sunday school picnic at Torryburn on next Tuesday.

TO GET OUT MORE COAL AT MINTO

Nashwaak Mine Output to be More Than Doubled Because of Situation.

(Special to Times.)

Fredericton, Aug. 5.—The coal situation has resulted in the decision considerably to expand the mining of at least one of the companies operating in the Minto area. That is the Avon Coal Company, which is controlled by the Nashwaak Pulp and Paper Company. The output of the mine of this company goes to the pulp mill at Fairville.

George McKnight of this city, outside manager for the Nashwaak Pulp and Paper Company, will take steps at once to increase the output from forty tons a day to 110 tons. Horses have been used heretofore in removing the coal from the mine but a steam hoist is to be installed as soon as possible. There also is to be a large increase in the number of men employed at the mine. Hugh C. Chisholm and party, who inspected properties of the Nashwaak Pulp and Paper Company in the maritime provinces, included the property of the Avon Coal Company in the inspections. It is probable that other mines near Minto will also display increased activity on account of the general fuel situation. Up to the present time the complaint is that the price of bituminous coal has been so low that there has been little profit in its production.

REPORT ON THE N. B. CROPS

The semi-monthly crop report for the period ending today is issued by the Provincial Department of Agriculture, Fredericton, as follows:—Haying on the uplands is finished and the gathering of island and marsh hay is progressing satisfactorily. Showery weather has retarded rapid progress in gathering hay in the southern part of the province. The crop is even better than was at first predicted, and will be twice as much as last year. The acreage of clover being sown for seed is small, most of the area of last year's seeding down to clover having produced only slightly this year.

The barley crop is ripening, though oats are yet green. Indications point to a good yield of oats in all parts of the province with the exception of the Carleton and Bathurst districts. Root crops are exceptionally promising in appearance and the acreage is considerably greater than last year. Potatoes are making rapid growth, though the number of misses in many fields is as high as fifteen per cent. Pastures are alling and the milk supply in consequence is not too abundant. Sowing crops are being fed quite generally. Creamery butter is thirty-six to thirty-eight cents a pound.

Moncton Times.—Mr. and Mrs. Douglas Gould, of River Glade, N. B., announce the engagement of their eldest daughter, Cora Dell, to Harley H. Hicks of the Dorchester Penitentiary staff, the wedding to take place in the near future.

MONARCH YARNS A Yarn for Every Purpose

We Have Just Received a Shipment of Monarch Down, Monarch Dove and Monarch Floss in All the New Shades

Hand knitting has so developed and widened in scope that it now embraces the making of innumerable articles of wearing apparel and novelties. Because of this new ideas have been brought forth one after the other in rapid succession. As the art of knitting developed Monarch yarns became more and more recognized for their satisfaction, both in the knitting and in the wearing which follows. They are made to produce the results which the knitter seeks.

OAK HALL - SCOVIL BROS., Ltd King Street.

Sweet is the sleep of oblivion, but sweeter still is the sleep that comes when one drifts into dreams with the happy impressions of a beautifully furnished room still in one's mind. The beauty of such a bedroom soothes and rests and makes the dream hours sweetest of all—a blessed retreat where the noise of the street is unknown. And all of this is not merely for a fortunate few, but is within the reach of practically everyone who strives to achieve it. Some of the new bedroom suites we are showing are not at all expensive, and, while up to date in design and beautifully finished, are built to meet the demands and suit the purse of the average home. A look through our stock will interest any homelover, and visitors are always welcome.

Our immense stock is always at your disposal for information or price comparisons. A. Ernest Everett THE HOUSE FURNISHER 91 CHARLOTTE STREET.
