BONAR LAW FOR IRELAND FIGHT

Will Keep Pledge, He Says, With Help From Heaven

NEGOTIATIONS FAIL

Bristol Speech Seeks to Throw Responsibility on Government and he Continues in Fire-Eating Campaign Style

(Canadian Press.)

London, Jan. 16.—A Bonar Law, Unionist leader, in a speech in Bristol last night, confirmed a report that the negotiations between his party and the Liberals, for a settlement of the Ulster question had failed.

"There have been conversations between the party leaders but thus far they have been without result, and I am grieved to say that I think it my duty to say so—for nothing can be gained by cherishing vain illusions—that, so far as I can judge, there can be no results. We are drifting rapidly, (if something does not turn the current), inevitably to a civil war, which will shatter the whole fabric of our national existence and leave us exposed to dangers from without.

"We must assume," he continued, "that it is the present intention of the government to carry their policy to the bitter end and on that assumption it is our duty by every means in our power, to prevent them from committing what we believe to be a great crime.

"Parliament has not the right to sell the people of Ulster into slavery. If Ulster is to be dragged into the order of the day, it is the declared will of the people. If the government persists in its policy, the issue cannot be decided without bloodshed. If Premier Asquith is right, he will lose nothing by a general election, and if he fears a general election, he has an alternative in the referendum. The government is ready apparently to face a civil war, rather than face the people.

"We have given a pledge that if Ulster resists, we will support her and we intend, with the help of the Almighty, to keep that pledge."

NEW YORK TO PROVIDE AMUSEMENTS AT THE ST. JOHN EXHIBITION

In the St. John exhibition amusement concessions six tenders were received two from St. John people and others from Halifax, Montreal, New York and Jacksonville, Florida. The directors have decided to award the tender to Henry Myerhoff, Inc. of New York.

LECTURES LAST EVENING

Pleasing lectures were given last evening in church schoolrooms. In St. Matthew's, Douglas avenue, by Ernest J. Mack, who spoke on "Palestine, the Land of the People," and gave a very interesting and educational discourse illustrated with stereopticon views. Rev. J. J. McKee presided and tendered the speaker a vote of thanks.

In Exmouth street schoolroom, Rev. Gilbert Earle spoke on "Mission Work in the West Indies" and he dealt with it in a very practical and interesting manner. The lecture was illustrated with views taken in the West Indies and British Guiana by Mr. Earle who was a missionary there for some time. The illustrations were given with a lantern loaned by Rev. Mr. Barralough. A hearty vote of thanks was moved by Robert Goodrich, seconded by James Myles, and tendered the speaker by Rev. R. S. Crisp, pastor, who presided.

DIED IN VANCOUVER

Friends in St. John were grieved to learn of the death of Miss Edna Winnifred Waring, in Vancouver, B. C., in her twenty-first year, on Wednesday. She had gone there with her grandmother, Mrs. W. L. Waring, about seven weeks ago, thinking the climate might improve her health. Her grandmother left last evening for St. John, accompanying the body, which is expected to be buried from the home of her father, Horace L. Waring, 2 St. James street, on next Thursday. Miss Waring graduated from the High School in 1912, and not long afterwards became ill. She was popular with her schoolmates and other friends who will hear of her death with regret. Besides her parents she is survived by a brother, Len, of Mount Allison, and a sister, Miss Evelyn Waring, attending the High School here.

THE WATER INVESTIGATION

Clarence Goldsmith, expert water works engineer, accompanied by Commissioner Wignmore, drove this morning to inspect the sources of the city's water supply and the pipe supply system.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stuart, director of meteorological service.

Snow and Sleet
Martime—Moderate winds, cloudy and milder today. Saturday southerly winds increasing to gales with snow or sleet.

COBEQUID CAPTAIN TO ENGLAND TOMORROW

Moncton Man Here For Re-union With Brother, One of the Engineers

Captain Howson, of the Cobequid, who was on the vessel that left St. John for Halifax to sail by the Tunisian tomorrow.

H. H. Gladwin, the fifth engineer, returned this morning at the Royal Hotel from a brother who resides in Moncton. Needless to say, the meeting was a joyful one.

In reference to the replacing of the gas buoy on Trinity Ledges, it was announced this morning at the office of the department of marine and fisheries that the work would be carried out as soon as possible.

The tug Cruiser left Halifax this afternoon for the scene of the Cobequid disaster to save as much as possible of the steamer's cargo.

The Dominion Coal Company's tug Spry left here on Wednesday under the command of Captain Mowry, and with Captain A. J. Mulcahy, port warden aboard. She proceeded to Beaver Harbor, calling there for orders. There it was learned that the Cobequid had been located on Trinity Ledges. The Spry left at once for the scene, and met the Lansdowne on the way back with the remainder of the Cobequid's crew, and she, too, returned to port.

RENEWED DEMAND FOR MEASURE OF FREE TRADE HEARD IN THE WEST

Manitoba Legislature Also Decides Against Referendum on Abolishing the Bar

Winnipeg, Jan. 16.—The Manitoba Legislature yesterday decided against taking a referendum on the question of abolishing the bar in this province. The resolution came from the opposition side of the house, its sponsor being J. B. Baird, member for Mountain, and introduced a similar motion last year.

Liberal leader T. C. Norris introduced a resolution asking the dominion government for free trade with the United States in agricultural implements. The debate on this was adjourned.

SENATOR THORNE TO SECOND ADDRESS IN SENATE ON TUESDAY

(Special to Times.)

Ottawa, Jan. 16.—Senator W. H. Thorne was introduced yesterday and took the place in the senate made vacant by the death of Senator J. V. Ellis.

The debate on the address in the senate will be commenced on Tuesday. Senator Mason, of Toronto, will move the address and Senator Thorne will second it.

NEARLY 10,000 MEN OF "L" ROAD TO GET MORE PAY

Boston, Mass., Jan. 16.—Increased wages for many of the 9,470 employees of the Boston Elevated Railway Company are provided for in the report of the arbitration committee which had under consideration, for six months, the grievances presented by the carmen's union.

The advance awarded varies from a fraction of a cent an hour, to 11 per cent of the weekly wages.

THE STEAMERS

Cunard liner Ascania arrived at Plymouth on Wednesday night at 10 o'clock. R. M. S. Hesperian, of the Allan line, expected off Partridge Island tonight, but will not likely dock until tomorrow morning.

The Bengore Head, of the Head line, will sail tomorrow for Belfast with a good cargo of grain, deals and general freight.

The Manchester Inventor will sail tomorrow for Manchester via Halifax with general cargo, including grain and lumber. At Halifax she will take on some apples.

R. M. S. Corsican, of the Allan line, from Liverpool for Halifax direct, was due in Halifax tomorrow.

Dominion liner Dominion, bound for Halifax, was 230 miles east of Cape Race at 6:30 o'clock last night. Battle Line S. S. Tanagra, Captain Dalton, arrived at Antwerp yesterday from San Pedro.

QUICK ENDING OF SOUTH AFRICA STRIKE
The strike in South Africa is practically over and the men everywhere are returning to work. Marital law and the iron hand of General Botha proved too much for the strikers.

UTILITIES COMMISSION
Hearing on the application of the General Electric and Development Company of Sackville for permission to increase their rates was continued before the New Brunswick Public Utilities Commission here this morning. K. D. Pickard, secretary of the company, and Charles H. Wright were examined by J. B. M. Baxter and cross-examined by A. B. Copp regarding the appraisal of the company's plant.

THINK IT PRETTY GOOD PLACE TO WORK

The picture shows crowds waiting for work outside the Ford factory in Detroit. Recently Henry Ford, president of the Ford Motor Company of Detroit, made the announcement that he needed 4,000 new employees at not less than \$5 a day, and that he was going to divide \$10,000,000 among the employees as a bonus. The picture shows part of a crowd of 1,500 waiting in line for a position. They are from all parts of the Western United States and Canada.

Not Schooner Bound Here The Mayflower Abandoned at Sea and Lusitania Rescues Her Crew of Eight

New York, Jan. 16.—The commander of the Cunard liner Lusitania, which sailed from here on Wednesday for Liverpool, reports by wireless, that at six o'clock this morning, in latitude 48° 12' longitude 50° 30', rescued the crew of eight from the Nova Scotia schooner Mayflower. The schooner was abandoned and set on fire.

Marine records show that the British schooner Mayflower left Perth Amboy (N. J.), on Dec. 30, for St. John, N. B., and touched at Boothbay, Maine, on Jan. 10. She could not possibly have been in the position indicated by the Lusitania today. No other Mayflower of the schooner type is recorded.

The schooner Mayflower last mentioned arrived at St. John last night with a cargo of coal. She is in command of Captain Durant.

Senator Cox Died Today One of Canada's Financial Giants Passes Away at Age of 74—Worth From Ten to Eighteen Millions

Toronto, Jan. 16.—Senator George A. Cox died this morning. His death removes the most active and influential financial magnate in Ontario, and one of the outstanding financial giants of Canada. It is a difficult matter estimating his wealth, owing to the vast number and complex character of industries and the monetary institutions in which he was interested. His estate has been said to be anywhere from ten to eighteen millions.

He was one of the incorporators of the \$15,000,000 transcontinental railway company, and might have been its president had he so desired.

His first big financial deal was carried out when he was thirty-eight years old. This was in 1878. At that time the Midland Railway was in financial difficulties, and at the request of the creditors, he undertook to straighten matters out. He was associated with Senator Laurier in the flotation of the company's bonds on the London market and this was accomplished successfully after considerable opposition.

In five years Mr. Cox had amalgamated the road with others and the steel was laid throughout. The whole road was put in first class shape, so that it was possible to turn it over to the Grand Trunk Railway at a large profit to the Midland shareholders.

Through a list of companies with which Senator Cox had been associated, would read like a blue book of the industrial and financial interests of the country, he has never bought a share of stock on a margin. He has always abhorred gambling and had an old-fashioned Methodist conscience.

SUES WHITE STAR COMPANY AND SAYS TITANIC WAS UNSEAWORTHY

London, Jan. 16.—The plea that the Titanic was unseaworthy when she left England in April 1912, on her disastrous voyage to the United States which cost the lives of more than 1,500 people, is to be advanced in a suit for damages brought against the White Star Line by Thomas Whitley, one of the surviving stewards. The plaintiff sustained a fracture of the right leg in the wreck.

Whitley, who is now in New York after the wreck, declared that the Titanic officers had disregarded the warnings of the lookout that icebergs were in the vicinity.

WON MORE THAN MILLION IN A SPANISH LOTTERY

Madrid, Jan. 16.—The climax of the state lottery season was reached in the drawing for the Christmas lottery. The three prizes at stake amounted to 11,000,444 pesetas, or about \$2,000,000.

The drawing for the winning numbers was done in a large hall in the presence of a delegate of the government and other state functionaries, with the exception of his filling up the benches in the body of the hall.

The numbers of each of the tickets sold were placed in separate metal balls, each denoting the amount of its prize. After being mixed they were poured into a gigantic transparent barrel, in which they were further agitated by a mechanical contrivance. The same process was gone through with a barrel of smaller dimensions, containing balls in which were placed the figures of the various prizes.

Two children from the state orphanage drew first a winning number, then a ball denoting the amount of its prize. When the biggest prize, 6,000,000 pesetas, was drawn the reporters rushed for their automobiles in a body, and in a few minutes special editions of the papers were on the streets announcing the winner, who was a resident of Madrid.

The tickets for the Christmas lottery cost \$200, but it was possible to buy a hundredth or even a thousandth part of a ticket, and often whole communities of poor people are thus rendered affluent at Christmas by their share of a ticket bought with a few cents.

ROYAL CROWN OF POLAND FOUND IN ANCIENT ELM

Storm Uproots Forest Monarch and Long Missing Gem-Studded Emblem is Disclosed

London, Jan. 16.—A Vienna despatch to the Daily Mail says a storm at Cracow uprooted an ancient elm and revealed the hiding place of the crown, which had been worn by the kings of Poland from the fourteenth century, and which has been missing since the middle of the eighteenth century.

TWENTY-TWO NOW IN THE RIVER GLADE SANITARIUM

About Sixty-Five Percent of Those Discharged Were Cured or Improved

Moncton, Jan. 15.—An interesting lecture was delivered in the city building last evening by Dr. Townsend, superintendent of the Jordan Sanitarium, River Glade. His lecture was illustrated with stereopticon views pertaining to the treatment of tuberculosis.

F. W. Sumner a member of the commission in charge of the institution, presided, and spoke in appreciative terms of the work carried on through the gifts of Mrs. Jordan. Her gifts total \$103,000 and she is planning other expenditures, including a free ward and a dam and bridge across the stream near the institution.

In an interview with your correspondent Dr. Townsend said the institution began treating patients on March 1, last. Since that time 40 patients have been admitted. There are twenty-two patients in the institution at present. About 65 per cent of the cases discharged were either cured or improved. The patients come from various parts of the province but the majority are from Westmorland county and St. John. Once every month he goes to St. John, Moncton and Fredericton to examine prospective patients and also goes to other places in the province when needed.

On Wednesday night, additional explosive eruptions occurred constantly and thousands of huge reddish columns were shot heavenward. The villages of Arimura and Yokohama, lying between the peaks, were exterminated. The victims of Sakura-Yama are ragged and suffering from hunger and exposure.

Nikko, island of Honshu, Jan. 16.—All the mountains are coated with ash from the volcano Asama-Yama, which is now active. Frequent earthquake rumblings are heard, but no great damage has been done.

Miyazaki, Japan, Jan. 16.—The situation here has improved, but there are still frequent earthquakes and terrific thunder storms throughout Kishuu. The rain, however, has purified the atmosphere. The river has turned yellow and is covered with dead fish.

GENERAL OTTER SAYS CANADIAN MILITIA IS ILL EQUIPPED

Remedy, He Thinks, is Compulsory Training in Schools and Universities

Toronto, Jan. 16.—The militia force of Canada is itself so apparently satisfied with its efficiency and the public is so immersed in business as to be almost totally unconcerned with its question of Canadian defence. Unless our policy of drift is soon ended, the certain end is irreparable loss," said General Otter, addressing the Empire Club yesterday afternoon.

General Otter quoted statistics to show that the Canadian militia as at present constituted is ill-equipped, and that the force must be quadrupled if it is to be made efficient for defence. The training grounds, he pointed out, are, with the exception of Petawawa, inadequate in extent. He also pointed out, that the force must be quadrupled if it is to be made efficient for defence. The training grounds, he pointed out, are, with the exception of Petawawa, inadequate in extent.

REVISION OF PRAYER BOOK OF ANGLICAN CHURCH IN CANADA

Committee Concludes Work and Decides on Recommendations

St. Catharines, Ont., Jan. 16.—After a week's deliberations, with a view to simplifying and enriching the prayer-book used in the Anglican churches in Canada, the committee appointed for that purpose completed its work yesterday and adjourned.

Right Rev. Dr. Williams, Bishop of Huron, presided, and Venerable Archdeacon Arncliffe, of Halifax, acted as secretary. The report will recommend the addition of special services and special lessons for special purposes and occasions, with certain changes in the phraseology where it may have been considered antiquated.

LOYALIST CELEBRATION PLANNED FOR THIS YEAR

Toronto, Jan. 16.—At the annual meeting of the United Empire Loyalists last night it was decided that, as this year would witness the 180th anniversary of the arrival of the United Empire Loyalists in Canada, the association would commemorate the anniversary fittingly. An invitation will be sent to the governor general to be present.

The officers for 1914 are—President, Col. G. Sterling Ryerson; vice-presidents, Col. G. T. Denison, Col. Hugh McLean, R. S. Neville, K. C.; E. B. L. Hill, Mrs. Dignam, honorary general secretary, Miss Helen Merrill; honorary treasurer, A. R. Davis; honorary legal adviser, E. McDonald; honorary genealogist, E. M. Chadwick, K. C.; honorary chaplain, Canon Alex. W. McNab; standard bearer, Miss Laura Ryerson; general counsellor, Rev. Canon A. Brown, Halifax; L. V. Chipman, Annapolis Royal, N. S.; Mrs. J. J. Gemmel, Ottawa; Lt. Col. J. Gregory, Lacombe, Alb.; Lt. Col. R. W. Gregory, St. Catharines; G. H. Hana, Montreal; A. J. Hill, New Westminster; Col. A. H. MacDonald, Guelph; E. B. SAYS BRIDE IS ONLY FOURTEEN

Chatham, Ont., Jan. 16.—Ernest Cook, of Tilbury East, was arrested here on his return after his wedding tour on a charge of making a false affidavit.

It is said by his mother-in-law, Mrs. Morin, that he gave the age of his bride wrongly, in order to secure a marriage license. She says the girl is only fourteen years old. The two families are neighbors, and the young people ran off and were married.

President Wilson has issued an appeal to the American people, as president of the Red Cross for funds to assist the stricken people of Japan.

Shores of Japanese Island Heaped With Bodies of Animals—Earthquakes Continue—People Ragged and Suffering

(Canadian Press.)

Kagoshima, Japan, Jan. 16.—The houses on the island of Sakura, those that still stand, are enveloped in lava, and, resemble gigantic wasps. The fugitives who have returned are still in a terrified condition.

The western part of the island is thickly coated with melted sulphur. The southern part is covered with a great deposit of ashes. The central part is obscured by heavy smoke.

A relief party reports that in four villages of Sakura 1,000 households were destroyed and buried in lava immediately after the first eruption. The burning lava set fire to many other houses, and villages on the coast are still burning. The shores are heaped with the bodies of animals.

On Wednesday night, additional explosive eruptions occurred constantly and thousands of huge reddish columns were shot heavenward. The villages of Arimura and Yokohama, lying between the peaks, were exterminated. The victims of Sakura-Yama are ragged and suffering from hunger and exposure.

PINDER DENIES TAKING OF STEWART'S CONTRACT

(Special to Times.)

Fredrickson, Jan. 16.—The Southampton Railway case, J. K. Pinder to-day contradicted the evidence of John E. Stewart as to meetings held. He said the latter failed to put up securities amounting to \$65,000.

Mr. Pinder declared all money received from subsidies and sale of bonds went into the road, and he made no profit. He denied taking Mr. Stewart's contract while the latter was at his home.

POLICE RE-INSTATED

Developments in Regard to Alleged Slayer of Manager Arnold

Winnipeg, Man., Jan. 16.—As a result of the investigation of important developments which cropped up yesterday afternoon in regard to Kratchenko's escape and the method by which it was effected, Constable Flower and Reid, two guards who were overpowered by the desperado were re-instated last evening on a general order by Chief Macpherson.

This has caused a good deal of comment in police circles, coming so closely on the sudden adjournment of the royal commission sitting yesterday afternoon, followed by a lengthy conference of those interested.

DEATH FOR JEROME

Many Threat Because of His Action in The Thaw Case

New York, Jan. 16.—A dozen anonymous letters threatening death to William Travers Jerome unless he does not cease his attempts to get Harry Thaw back in Mattewan have been turned over to a detective agency.

Jerome's argument against Thaw's admission to bail will be presented at Judge Aldrich's hearing on the question of bail next week.

Turkey will participate officially in the Panama Pacific Exposition.

WANT SCOTTS ACT FOR ST. JOHN

Branch of Dominion Alliance Organized to Promote Campaign -Officers Chosen Last Night

A large number attended the special meeting held last night in Keith's assembly rooms under the auspices of the New Brunswick branch of the Dominion Alliance, most of the clergy of the city being present. On motion of Rev. H. E. Thomas, seconded by E. N. Stockford, J. Willard Smith was elected chairman. Rev. R. H. Stavert, of Harcourt, field secretary of the New Brunswick branch, who has been in the city for some days in the interests of the organization, moved a resolution which was seconded by G. Hawkins, the first part of which is as follows: "That this meeting resolve itself into an association of temperance workers to be known as the St. John City and County Branch of the New Brunswick Branch of the Dominion Alliance to be constituted by those present, and that each name be appointed from time to time by religious bodies, temperance societies, and other organizations, favoring the suppression of the liquor traffic." The resolution was adopted.

The Officers. A nominating committee was subsequently appointed and it recommended that the following officers of the new branch be appointed: President (pro tem), Rev. Dr. Hutchinson; vice-presidents, R. T. Hayes, with the clergy of the city and county, ex-officio; secretary, J. N. Riley; treasurer, Charles Robinson; executive committee, J. Willard Smith, W. C. Cross, T. H. Bullock, A. A. Wilson, W. McCavour, L. A. Belva, W. A. Adams, James Patterson, D. C. Fisher, A. H. Peterson, R. J. Currie, Thomas Graham, W. A. Steiper, W. F. McAlary, W. J. Linton, J. E. Bryant, E. N. Stockford, W. B. Baikin, R. H. Parsons, Hanch Taylor, Fraser McTavish, Mrs. J. W. Seymour.

The report of the nominating committee was received and adopted, Rev. Dr. Hutchinson taking the chair. Rev. H. E. Thomas said that the joint committee of the Ministerial Association and the Dominion Alliance had recently and had recommended that steps be forthwith taken to have the Canada Temperance Act brought into force in the city and county. He explained the addition of this recommendation would mean that a petition would have to be signed by twenty-five per cent of the electors, and that each name of the petition must be certified as being that of a bona-fide elector. The petition would then be sent to the governor-in-council of the province, who, after a period of thirty days, would appoint a day for voting by the electors. The recommendation of the joint committee was adopted. D. A. Vaughan, of Stephen, then spoke in favor of the Canada Temperance Act. A. A. Wilson, K. C., expressed the view that even if an election resulted in defeat of the Scott act it would not affect the law as it now stands. He was strongly in favor of the Scott act, saying that he would rather see free liquor than license.

Dr. Hutchinson and J. Willard Smith then spoke, the latter saying that he had had experience in Scott act campaigns and saw no reason why the Canada Temperance Act could not be brought into force within a year. After some further remarks from various speakers J. Willard Smith pointed out that the question of ways and means must be considered in connection with the proposals before the meeting. A collector was thereupon made and the names and addresses of those willing to contribute towards the initial fund were obtained, the total sum received and promised being \$840.50.

On motion of Rev. H. E. Thomas it was agreed that two members from each ward should be at once selected to circulate the proposed petition and obtain signatures. Following are some of those who will undertake this work: For Brooks ward, R. H. Parsons, Rev. A. H. Archibald, Guy, Dr. Heine, Rev. H. E. Thomas; Duke, J. E. Ashburn, H. W. Rowley; Queens, J. Willard Smith, A. A. Wilson, K. C.; Wellington, A. H. Patterson, D. C. Fisher; Victoria, E. N. Stockford. The meeting then adjourned. The field secretary, Rev. R. H. Stavert, who is largely responsible for the very large attendance last night, proposes to remain in St. John for a short time longer in the interests of the movement.

Beneath Your Fat a Graceful Figure Dwells

How would you like, some day, to find your own slim self, emerging from the folds of a dress of fat that has gathered on chest, hips, waist, chin, cheeks, ankles, covering up and distorting the graceful figure beneath? Then learn this way to remove excess fat, and thus have your own slim self beneath the fatty deposits - control their quantity and location without paying the price of diet, exercise, cold, self-denial or impairment of health; in short, to find one's own slim self beneath the fatty deposits has been made possible by a noted physician, whose Marmola Prescription Tablets, thousands of over-fat men and women to reduce safely and surely from 10 to 15 ounces per day until the natural heat of the system is restored and stiffness suits. SUFFERERS FROM PILES!

Zam-Buk Has Cured These!

Friction on the hemorrhoidal veins that are swollen, inflamed and gorged with blood is what causes the terrible pain and stinging and smarting of piles. Zam-Buk applied at night will be found to give ease before morning. Thousands of persons have proved this. Why not be guided by the experience of others? Mr. Thomas Pearson, of Prince Albert, Sask., writes: "I must thank you for the benefit I have received from Zam-Buk. Last summer I suffered greatly from piles. I started to use Zam-Buk and found it gave me relief, so I continued it, and after using three or four boxes I am pleased to say it has effected a complete cure."

Mr. G. A. Dufresne, 188-185 St. Joseph street, St. Roch, Quebec, P. Q., writes: "I can highly recommend Zam-Buk to everyone who suffers from piles. The pain at times being almost unbearable. I tried various ointments, but everything I tried failed to do me the slightest good. I was tired of trying various remedies, when I heard of Zam-Buk, and thought as a last resource I would give this balm a trial. After a very short time Zam-Buk effected a complete cure." Zam-Buk is also a sure cure for skin injuries and diseases, eczema, ulcers, varicose veins, cuts, burns, bruises, chaps, cold sores, etc. 50c box from all druggists and stores, or post free from Zam-Buk Co., Toronto, for price. Refuse harmful imitations.

At a meeting of some of the property holders of North End, mostly abutments of the Main street, was registered against the proposed legislation whereby abutments in any street will be liable for one half the cost of paving it. Mr. Main street a protest was registered against the matter before the council. Amongst the speakers last night were N. C. Scott, A. Scott, John Kelly, R. F. Haman, J. McIntyre, W. H. Turner, and A. M. Rowan who presided.

LOW SPIRITS FROM WEAK NERVES

Low spirits, depression, discouragement are a form of nervous disease. You worry over little things, and at the slightest ailment apprehend the gravest dangers and diseases. You form the habit of looking at the dark side of things.

Indigestion is a frequent accompaniment, and you probably do not sleep or rest well. The cause of the trouble is to be found in the exhausted condition of the nerves. To get well you must build up the feeble, wasted nerve cells by use of such treatment as Dr. Chase's Nerve Food. This great food cure forms new, rich blood, and thereby nourishes the nervous system back to health and vigor. There is nothing like new nerve force to bring back hope and confidence to the weak and discouraged. This treatment works in natural ways to restore health, and, therefore, cannot fail to prove of benefit to you. Put it to the test and you will be surprised with the building-up influence that will result.

A FALLACY EXPOSED

(Halifax Chronicle)

In his speech at the Masonic Hall on Wednesday night, Dr. Michael Clark disposed of the fallacy that protection keeps up the rate of wages. The protectionists try to bolster up this doctrine among the workmen by comparing the wages paid in the United States and Canada with the wages in Great Britain. In attributing the higher rate on this side of the Atlantic to the protective tariff, they are ignoring the important fact, as Doctor Clark pointed out, that while the United States has comparatively few people to the square mile, and Canada vastly fewer, England with its congested population supports a very large number of people for every square mile of its area 500, as compared with 80 in the United States and 2 in Canada. There is also the further striking fact that wages in Free Trade England are higher than in the other European countries which maintain a system of protection.

Doctor Clark's argument is strongly supported by the figures given in an article in the last number of the University Magazine by Theodore H. Boggs who quotes statistics to show the effect of wages upon the tariff, and of the tax upon wages. Admitting that the wages paid in the United States are higher than in Britain, which in turn is much higher than in Germany, the fact remains that the wages in the United States are highest where there is no protection at all. Wages are highest for bricklayers, plasterers, plumbers, printers, painters, and in certain lines of railway work, which is not influenced directly by protection. On the contrary, laborers in highly protected trades receive the lowest wages.

PROTECTION FOR FOX BREEDING INDUSTRY IN QUEBEC PROVINCE

Quebec, Jan. 16—Foxes receive considerable attention in the annual report of Hector Chamberlain, superintendent of fisheries and game which has now been made public.

Mr. Chamberlain finds that there is a general movement in the province in favor of the breeding of fur-bearing animals. He notes that considerable work in this connection has been done at Lorette, in Rouville and at Lake Edward. There are in addition to previous establishments at Lorette, Charlesbourg and Pistre Bay.

"Since the breeding of foxes and other animals has already assumed such a development, which should not only be encouraged, but also protected," continued Mr. Chamberlain's report.

Protective Measures

"To that end an amendment was inserted in the game laws forbidding the hunting of yellow foxes between April 1 and November 1 of each year, because before the yellow fox was protected hunters ignored the law protecting black and silver foxes and always told the game wardens that they were hunting red or yellow foxes. In connection with this, I must say that some provinces, such as Prince Edward Island and New Brunswick, are making great efforts to get as many foxes as possible from this province and I think I may say the same of the United States. Therefore, it is our duty not to let the animals be taken from us such as the black whose value amounts to from \$5,000 to \$10,000 a pair.

"The regions which require specially to be watched are the Upper St. Maurice, Upper Lake, St. John and the North Shore, for the supply of foxes for our breeding farms comes chiefly from those regions where the agents for foreign companies will try to get them from us.

"We grant residents of the province wishing to establish a breeding farm licenses permitting them to take twelve yellow, black or cross foxes during the close season. These licenses are given on certain conditions, among which is the prohibition to sell any of the foxes taken under the license to non-residents of the province unless the latter themselves have a license from the department permitting them to capture or buy such animals here. The question as to whether the issue of such permits should be more strictly limited might be studied next session. In my opinion, every person wishing to have foxes transported in the province or to export them, should be bound to obtain a license with tags from the department."

Suffered Intense Agony With His Back. Kidneys Were The Cause.

Weak back is caused by weak kidneys, and on the first approach or evidence of kidney trouble Doan's Kidney Pills should be used, and serious trouble avoided.

Doan's Kidney Pills go right to the seat of the trouble, cure the weak aching back, and prevent any further complications arising.

Mr. John Briggs, Whitewood, Sask., writes—"I am sending you this testimonial out of pure gratitude, as I am not a believer in patent medicines, but I got so run down, that I became quite willing to give anything a trial. I paid a visit to our local druggist, and told him I was suffering intense agony with my back. He told me I had kidney trouble, and handed me a box of Doan's Kidney Pills, saying it was the best thing he could possibly give me. I tried them, and the effect was certainly marvelous. They are worth \$10.00 a box of anybody's money, and I would not be without a box by me. I certainly owe my present condition to Doan's Kidney Pills."

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

A SAFE INVESTMENT

In these times of more or less uncertainty in the financial world and safe investments being few and far between, it will be of interest to Times readers to read the announcement of The City Land & Investment Company, which appears on page 7 of today's issue.

This company is offering for immediate subscription and sale 1,000 shares of first preference stock of \$50 each. The total amount of preferred stock authorized to be issued is \$170,000, which when issued with dividends accruing thereon will be a first lien upon the whole of the property of the company, valued at from \$400,000 to \$600,000.

The property of the company is expected to be wholly disposed of in two years, dividends being declared to the holders of preferred stock as sales are made. It is expected that the dividends for 1914 will be from 5 to 10 per cent.

Seldom has a safer investment been placed before the public, and it will be welcomed by cautious investors who are not interested in stock of exaggerated claims of dividends. The solicitors of the company are Hamilton & Hamilton, 127 Prince Wm. street, to whom inquiries may be addressed.

SOCIAL CENTRES. The attention of members of the school board, the superintendent, principals and teachers in the public schools, and citizens generally, is directed to the short series of articles which begins in today's Times dealing with the use of school buildings as social centres.

A FIREBRAND. The most shameful and disloyal utterance from a British statesman during the recent bitter discussions on Home Rule was that of Mr. Bonar Law in Bristol last evening. He declared that the country was drifting rapidly and inevitably to a civil war which would shatter the whole fabric of national existence.

IN PARLIAMENT. The opening of parliament yesterday was without any incident out of the ordinary. The speech from the throne was a rather barren document. New members of the house of commons were introduced, a little formal business was transacted, and the house adjourned until Monday.

THE VALUE OF A CONSTRUCTIVE AGENT. DEPENDS WHOLLY UPON ITS PALATABILITY AND THE PERCENTAGE ABSORBED AND ASSIMILATED. WATERBURY'S METABOLIZED COD LIVER OIL IS PALATABLE AND BEING ENTIRELY CONVERTED CAN BE COMPLETELY ASSIMILATED.

TEMPERANCE LEGISLATION. It was decided at a meeting of temperance men last evening to inaugurate a Scott Act campaign for the city and county of St. John. Opinion even among advocates of temperance is divided to some extent as to whether an attempt should be made to secure an act closing all the licensed saloons at once, or to proceed by local option to reduce the number of licenses and eventually wipe them all out.

A Logical Sermon. A famous clergyman tells of a lay preacher's conference in which a veteran described his method of sermon preparation. "I take my text," he said, "and divide my sermon into three parts. In the first part I tell 'em what I'm going to tell 'em. In the second part - well, I tell 'em. In the third part I tell 'em what resolution asking for a referendum on the question of abolishing the bar in that province was defeated last year. In Nova Scotia there appears to be a movement in favor of abandoning the Scott Act in counties where it is in force and adopting the provincial prohibition act, the claim of those favoring this change being that the Scott Act is not enforced, and that the machinery for enforcing the provincial prohibition act is much more effective.

Germany has modified its naval building programme. This is sad news for the emergency men in Canada. The council yesterday appropriated a small sum to be paid to Mr. Clarence Ward for preparing a history of the city. The work could not be placed in better hands, and the sum voted might well have been somewhat larger.

The reports of the various departments of the city as they are submitted and reviewed show that the commission form of government is producing more satisfactory results than the old system of city government. The council yesterday was able to devote \$50,000 of unexpended balances to the sinking fund, and to paying interest on the bonded debt of the city, while \$42,500 estimated revenue from different sources will go into the same fund.

BIRTHDAYS OF NOTABILITIES

FRIDAY, JANUARY 16. Sir Johnston Forbes-Robertson, an eminent English actor, who is about to make his farewell tour of Canada, is sixty-one years of age. Strange to say, Sir Johnston was originally an artist and intended to make his living as a painter, but the glamour of the stage seized him and he went on the boards when he was just twenty-one. He still continues his painting as a pastime, and when playing with Sir Henry Irving in "Much Ado About Nothing," was commissioned by the great actor to paint the church scene in that play. Sir Henry proposed to pay \$150 for the painting, but was so delighted with the result that he insisted on sending Forbes-Robertson a check for \$200. The latter returned it twice, but in vain. Irving would have his way.

Coal Saved, Is Money Saved! The HOT BLAST principle adds immensely to the heating power of the Enterprise Scorcher. One-half more HEAT at two-thirds the usual cost. Burns Any Kind of Fuel - Hard Coal, Soft Coal, Slack or Coke. No expense has been spared to make this the most perfect and up-to-date stove of its class on the market. THERE IS NOTHING BETTER MADE Emerson & Fisher Ltd.

The New Champion Steel Range. This Range has proved all we have claimed for it. Last year we installed over forty of these in the city, and they have given every satisfaction. The Hot Blast smoke and gas-consuming back is one of its best features. The lift top, the strapped oven, the easy clean-out door, large roomy ash pan, etc., are all good improvements. The high finish, plain blue steel makes the Range a seller at sight. It bakes well, looks well, and easy on fuel. R. H. IRWIN, 18 - 20 Haymarket Square Phone 1614

USE THE SCHOOL BUILDINGS AS SOCIAL CENTRES

Some Information For St. John People Concerning This Great Movement and Its Results

Many people in St. John are asking about the social centre movement and its relation to the wider use of school buildings. The Times in the next few issues will give its readers some information on this point.

What you want is to open the school-house and light it in the evening and welcome to come where you are. It occurs to you to do. And the interesting thing about this movement is that a great many things have occurred to people to do in the school-house.

The National Education Association of the United States heartily endorses the movement. In 1911 it unanimously adopted this resolution: "The school buildings of our land and the grounds surrounding them should be open to the pupils and to their parents and families as recreation centres outside of the regular school hours."

ALCURA, the widely known treatment for Alcoholism can now be obtained at our store. It is guaranteed to cure, or benefit, or money refunded. Remedy that has been tried by thousands and found to do just as it claims.

GRANDMA NEVER LET HER HAIR GET GRAY

INDIGESTION ENDED, STOMACH FEELS FINE

"Pape's Diapiesin" Fixes Sour, Gassy, Upset Stomachs in Five Minutes

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapiesin.

If your stomach is in a continuous revolt—if you can't get "regulated," please, for your sake, try Pape's Diapiesin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapiesin. There will not be any distress—eat without fear.

In Her Glory

A woman visited a friend whose husband thought of moving out into the country.

"Getting back to the land is all well and good," she said, "but could you be contented to live in a little place?"

"Yes," replied her friend, "I think I could if I were the only one there who owned an auto."

The Old Lady Again

RECENT DEATHS

J. R. Colwell, of Jemseg, died at his daughter's residence on January 15, after three months' illness from heart trouble. He was sixty-three years old and was a life-long resident of Jemseg. He leaves one daughter, Mrs. Harry Orchard, and one son, Leslie, at home.

ROTSCHILD BUYS AN ESTATE FOR BELISS

St. Petersburg, Jan. 16—A despatch from Kiev says that Mendel Beliss, recently acquitted of a ritual murder, has been bought by the Rothschild family. It is understood Lord Rothschild has bought him an estate in Palestine.

ONE OF THE COBEQUID

RESCUERS HERE TODAY

Capt. MacKinnon in Port On The John L. Cann

The little coasting steamer John L. Cann, under the command of Captain Albert MacKinnon, who, with his brother, J. Edward MacKinnon, the captain of the Westport, was instrumental in rescuing the majority of the passengers and crew of the stranded Cobequid, arrived in port this morning. Captain MacKinnon was warmly complimented on his arrival for the excellent work he had performed. A marine inquiry may be held at Halifax, and, in this case, the captain and some of the officers would stay as witnesses. The tug Helens arrived here last night.

GOLD PRODUCT OF 1913

Something Like \$490,000,000—The British Sovereign

London, Jan. 16—Samuel Montagu Coy. in his Bullion Letter for 1913, says that the British sovereign resembles a bird in its migration and nesting propensities, for its stay in a country is very short and perhaps only during the period when the crops are being sown. He proceeds to say that sovereigns continue to be coined in great numbers, of which only a small proportion remain in Great Britain, the great bulk being exported to India and elsewhere in the British Empire on foreign countries. "British gold," he says, "has become the handiest form of international remittance. So much is this recognized that the Bank of France makes special efforts to maintain a substantial stock of sovereigns in its vaults." The report indicates a doubt as to whether the year will exceed that of 1913, which will probably prove to be in the neighborhood of \$490,000,000. A capacious appetite for gold was manifested by India during the year just ended, and it has been followed by indications of satiety.

RECENT WEDDINGS

The marriage of Miss Lillian B. Seaman, daughter of Mr. and Mrs. Jacob Seaman and J. C. Craikshank, both of Moncton, took place Thursday afternoon.

In Lancaster, Ontario, Stuart McLeod Fiske, B. S. A., of Toronto, N. B., and Miss Jessie MacNaughton, daughter of Mr. and Mrs. Alexander J. MacNaughton were married on January 6. The bride was attended by her sister, Miss Ina MacNaughton, and H. J. McL. Fiske, a brother of the groom acted as best man. Mr. and Mrs. Fiske will reside in Florenceville.

HEAD OFFICE IN SUSSEX

R. P. Steeves, superintendent of elementary agriculture for New Brunswick, has opened an office in the Institute block, Sussex. Later on Mr. Steeves will have his quarters in the new dairy school building.

STAY EAST, YOUNG MAN

Sussex Record—Richard Cole, Sussex, a former employee of the Moulding Shops of the Sussex Mfg. Co., who has been working in the west for the last few years, returned home on Sunday. He reports times very bad in all the western cities, and says that thousands of unemployed depend on the free soup kitchens for their existence. The only reason why an army of unemployed customers do not come back is that they have no means to bring them.

PURE BRED CATTLE

A. A. H. Margison, Centreville, Carleton county, was in Sussex last week and purchased several pure-bred Ayrshires and Holsteins. The Ayrshires were bought from J. Frank Roach and McIntyre Bros., and the Holsteins from George W. Fowler, M.P., Benjamin Lester, Millstream, and James McElroy. The animals were secured for the Centreville Agricultural Society.

Engagements Announced

(Sussex Record) The engagement of Rufus Steeves, of Calgary, formerly of Sussex, and Miss Bessie Mann, daughter of Mr. and Mrs. Fred Mann, Petticoat, is announced. Mrs. John McAlauy announces the engagement of her daughter, Mary Margaret, to Charles A. Huntley, son of W. R. and Mrs. Huntley, of Parrsboro, N. S. The marriage to take place at the last of this month.

Avaricious She—"I'd rather have money than beauty," said a young girl. "Tactful He—"You girls always want what you haven't got."

(The charge for inserting notices of Births, Marriages or Deaths, is 50 cents.)

A WONDERFUL CURE OF AN ABSCESS BY Burdock Blood Bitters.

Mr. A. W. Dryden, Amherst, N.S., writes—"I am going to tell you what Burdock Blood Bitters has done for me. I took him to a doctor in St. John, N.B., and he lanced it, and told me it would get well in a few days, and wanted me to keep it squeezed out. It did not seem to get any better, so my wife took him back at the doctor told her to take him home and it would soon get better. It would gather and break, and it went on that way until he was over four years old. He lost four pieces of bone out of where it was lanced, and two pieces came from his mouth; he has lost all of his cheek bone, and his eye was drawn down. I took him to doctors in St. John, Moncton, and Amherst, and all wanted me to let him go under an operation. He was so small I told them that if he was going to die he might as well die as he was, and go to there and be all cut to pieces, so I declined to have the operation done. I told them I was going to try Burdock Blood Bitters, as I had heard my mother talk so much about it. I got a bottle, and when it was about half gone noticed it was doing good, and before many days the sore stopped running, and healed up, and the abscess has never broken out again. This happened nearly six years ago, so you can see I have great faith in Burdock Blood Bitters, and I can say with all my heart that it is the best blood medicine in the world."

SENATOR COX DIED TODAY

(Continued from page 1)

He founded the Canadian Loan & Savings in 1885, was president of the Canadian Bank of Commerce for seven years, was a director of the National Trust Company of the Western Fire & Marine Insurance Company, the British American Fire & Marine Insurance Company, and a member of other companies.

He was a director of the Canada Cement, the Canadian General Electric Co., of the Canadian General Electric Co., a tireless brain worker gifted with a good constitution he was able to retain his wonderful grasp of business till he had passed the allotted age of parents.

When the inner man had been appeased and toasts had been drunk, Ned Lawlor, master of ceremonies, called on Frank McAleer, president of the St. John Brass Band, to render a vocal solo as an opening of the musical programme. After responding to several encores, Mr. McAleer was followed by Robert Carr, who gave an accordion selection.

BAIRD & PETERS MEN HAVE DRIVE

With the jingle of bells, shouts of merriment and snapping of whips, a party numbering about forty-five left Baird & Peters' establishment last evening on a drive that surpassed anything they ever held before. Mr. Hutchinson of the weather bureau certainly picked out his best; and as the sleigh smoothly glided along the Marsh Road, the members of the party enjoyed the cold, invigorating air to the utmost.

When they arrived at W. E. Newcombe's, they faced an array of his turkeys and specimens of the culinary art that almost took away their breath; but after a half-hour's vigorous work the tables had undergone a wonderful change.

When the inner man had been appeased and toasts had been drunk, Ned Lawlor, master of ceremonies, called on Frank McAleer, president of the St. John Brass Band, to render a vocal solo as an opening of the musical programme. After responding to several encores, Mr. McAleer was followed by Robert Carr, who gave an accordion selection.

TOILED AWAY THROUGH VERY WEATHERY

Long after he was a multi-millionaire he toiled at his desk day in and day out as though he were a salaried employe. He was a very approachable man and if he was walking down King street with the governor and met an engine wiper whom he had been accustomed to speak to he would stop and shake hands with him. His charities were many and only a few of his most notable donations were ever made public.

He married Miss Margaret Young Hopkins in 1862 and was the father of three sons and two daughters. She died in January, 1905. Senator Cox's latest great benefaction was an anonymous gift of \$300,000 in her memory for the creation of a nurses' home in connection with the new Toronto General Hospital in April, 1909.

A STATEMENT FROM MRS. ADAMS.

Editor Times: Sir: In reference to my husband's (C. R. Adams's) notice in your paper I beg leave to make the following statement: I left his home with good cause for doing so, and also with his knowledge that I was leaving home. M. J. ADAMS. West St. John, N. B., Jan. 16, 1914.

PTOMAIN POISONING.

Gleamer—Miss Florence Goodspeed of Marysville, is one of five nurses at the Emily Balch Hospital at Plymouth, N. H., who have been victims of ptomain poisoning. Mr. and Mrs. J. M. Goodspeed, the young lady's parents, received word of the illness of their daughter and learned at the same time that Miss Goodspeed of Blackville, N. B., is another of the poison victims. The nurses at the hospital on Sunday at dinner and a few hours afterwards were dangerously ill. They are now out of danger.

WILL WED IN ST. JOHN.

Fredrick Gleamer—The wedding of Meyer Cohen, of St. John, to Miss Bessie Lavine, formerly of this city, daughter of the late Louis Lavine, will take place at St. John on Monday 20. Meyer Cohen, and several local Jewish people will go to St. John to attend the wedding.

A NEW PAPER.

Another new paper has made its appearance in Northumberland County, it is called The Gem Press, and is published in Daoktown by Thomas Parker.

Captain's Graphic Tale Of Shipwreck and The Rescue

Master, Three Officers and Ten Members of Crew Brought Safely to St. John—Their Story a Thrilling One

Showing signs of their long vigil in the bitter cold, on board the stranded steamer Cobequid on Trinity Ledge, Captain Howson and fourteen members of his company arrived in port last evening at 2:30 o'clock on the C. G. S. Lansdowne. A crowd of people were on hand to welcome the rescued, among them being G. H. Flood, of the marine and fisheries, and D. W. Leitchman, of Wm. Thomson & Co.

Captain Howson, speaking of the disaster, said: "I was on the bridge when the steamer struck and if anyone is to be blamed I am the man." He said that the weather was extremely thick and the heavy snow storm made it almost impossible to see further than the steamer's bow. This condition arose after the steamer had passed Seal Island and it was not possible to turn back to sea. Soundings were taken from time to time and one was being taken when the steamer struck. One reason for the wreck was that the Trinity Ledge light buoy was not alight and was a mile out of position and they did not see it."

The steamer struck, the captain said, at almost low tide, her bottom was pierced and she settled securely on the rocks. As the waters rose it was necessary to draw the fires to prevent an explosion. Calls were immediately sent out for assistance, giving the ship's position as Brier Island. After the power from the dynamo was cut off the operator resorted to emergency set and kept up the calls for help.

As the water filled the lower portion of the ship, the occupants of the vessel were compelled to move to the top deck of the boat, where they found shelter in the captain's cabin and the ladies' boudoir adjoining. Here for nearly forty hours they waited for possible salvation, with only a rude fire in an iron bucket to afford them warmth and nothing but dry biscuits and water for provisions.

The shock of the striking of the ship had dislodged one of the wireless aerials, and the equipment was therefore badly crippled. After the second low water the chef got into the store and procured more food, including coffee beans from which some hot drink was obtained.

When the Westport III and the John L. Cann were in sight, the first boat was cleared and the women were transferred, followed closely by the other three boats, all that were left after the ship grounded. The first boat got away at four o'clock and darkness had fallen before the last one had left the wrecked steamer. All those on board might have gone in the four boats, but it was thought dangerous, and the captain and fourteen men decided to hold out until morning.

The captain said that there was no confusion whatever, everybody acting splendidly.

Captain Howson spoke in glowing terms of the captains of the John L. Cann and Westport and Captain Burns, of the Lansdowne. He also praised the bravery of the men who stood by him,

Dr. Lister, the ship's surgeon; H. H. Gladwin, the fifth engineer; E. T. Gladwin junior operator, E. W. Grinter, the boatswain; Peter Pollock, the boatswain's mate; Haupt, the chef; Ebermond, of the engineering crew; Cav, the storekeeper; Pragnell, bath and boots; Warner, Jr., seaman; Fisher, linen steward; Guthrie, third deck steward, and Vacey, the third waiter.

Captain Burns, of the Lansdowne, told of the movement of his steamer from the time she left here Tuesday morning until she returned last evening. She passed through Petit passage and anchored for the night in Grand Passage at the entrance to St. Mary's Bay. They cruised about Brier Island and finding no trace of the Cobequid, put into Westport where they learned she was in difficulty on Trinity Ledges. They hastened there on Wednesday afternoon and stood by the steamer all night. At daybreak they took the captain and his company off the wrecked vessel. Captain Dalton, who was aboard the Lansdowne, said that preparations were made for sending off a boat on Wednesday night about ten o'clock, but

it was found that the sea was too rough.

The C. P. R. Liner Lake Michigan, leaving here Wednesday, changed her course toward Trinity Ledge to assist, if necessary, in the work of rescue, but was informed that all hands had been saved and she proceeded on her course.

G. H. Flood, marine agent here, said yesterday that the fact that the Trinity light was out had been widely advertised and everything had been done towards having it repaired. On account of an incomplete crew the Lansdowne had been delayed in getting down there with another buoy.

The tugboat Hugh Cann arrived at Yarmouth last evening with ten baskets and seven bags of water-soaked mail. Two baskets remain, but will be brought off on the next trip. The tug also brought most of the silverware, dining saloon fittings, etc.

Six members of the crew are in the hospital at Yarmouth suffering from frost bites. The worst case is that of a colored fireman who may lose both feet. Sister Baptista, who was landed at Yarmouth, tells a graphic story of the disaster. When she felt the steamer strike she called to Sister Emmanuela, who shared her cabin and started to dress. The stewardess arrived and warned them to take no more time than necessary and then an officer arrived and buckled life-belts around them. They were conducted to the captain's cabin, where the others were assembled. There was no noise or confusion and the Sister spoke very warmly of the courageous conduct of every one on board from captain to the humblest member of the crew.

FOR DELICATE CHILDREN

A Mother's Letter to Mothers

Mrs. E. W. Cooper of Bloomfield, N. J., says: "My child, seven years old, had a bad cold and was weak and quite run down in health. She had been in this condition for about six weeks when I began giving her Vinol. It was a wonderful help to the child, breaking up her cold quickly and building up her strength besides. I have also found Vinol a most excellent tonic for keeping up the children's strength during a siege of whooping cough."

Vinol is a wonderful combination of two world-famed tonics—the medicinal body building elements of cod liver oil and iron for the blood, therefore it is a perfectly safe medicine for children, because it is not a patent medicine, everything in it is printed on every package, so mothers may know what they are giving their little ones.

Therefore I ask every mother of a weak, sickly or ailing child in this vicinity to try Vinol on my guarantee.

Strengthens Stews

EDWARDS' desiccated SOUPS strengthen weak stews, they impart the fine fresh flavour of Irish garden-grown vegetables to tasteless soups; they make the gravy much more savoury; they improve nearly all the recipes in the cookery book;—these handy "Jacks of all Dishes," these Edwards' desiccated Soups. The food bills will be smaller, the appetites larger, the cooking better, and the work easier, with Edwards' Soups to help you in the kitchen.

Important: Remember to let them boil for at least half-an-hour.

EDWARDS' SOUPS

But you MUST boil them for half-an-hour—worth it.

Edwards' Soup is good as a soup by itself, it is good as a strengthening of other soups; good as a thickener of gravies; good for hashes; good for stews—too good to be applied by insufficient boiling.

Three varieties—Brown, Tomato and White.

Of all wholesale and retail Grocers, etc.

WM. H. DUNN, 396 St. Paul Street, Montreal.

USE THE WANT AD. WAY

THE SECRET OF SUCCESS

Genuine Merit Required to Win The People's Confidence

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten?

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the St. John Evening Times.

Urges Need of Policewoman

Adjutant Cummings of the Salvation Army addressed a large meeting of men in St. Luke's church last evening. He spoke on the best means of attaining moral and social reform in the city. In referring to the fact that girls are allowed to parade the streets till all hours of the night the speaker said that nothing was more dangerous for their morals.

He also referred to the fact that the city had refused to grant \$4,000 for the erection of the proposed home for delinquent girls and said that they had made a mistake, as they would have to pay more than that sum in supporting them in public institutions. Other speakers were also heard and the suggestion that a policewoman is needed in the city was strongly supported.

"I don't know. Can it be that some girl's mother has asked her to do a little sewing?"—Kansas City Journal.

Nice Sum For Champion Carpenter

(FROM T. S. ANDREWS)

Milwaukee, Jan. 14.—The report that Georges Carpentier, French champion, is going to Australia for one match, means that the vanquisher of Bombarrier Wells will draw close to \$80,000 for his end, and probably in a match against a middleweight. Only a few days ago Carpentier was offered \$25,000 to make the trip for one match and he declined. Later he received another offer from Snowy Baker and it is a good bet that it must have been near the \$80,000 mark, which, with extra expenses will bring the total of the match up to more than \$40,000, as McGroarty (if he should be the man) will not accept unless he gets a good slice for his end. And if it happens to be McGroarty, don't be surprised if the Badger boy hands the Frenchman a whipping.

Pal Brown, a Minnesota lightweight, who made such a sensational fight against Hughey Mehegan, Australian champion, some weeks ago, put up another sensational fight against Herb

McCoy of Melbourne, losing the decision by a shade after twenty rounds of fierce battling. McCoy was strong at 180 pounds and was in tip-top condition, being able to travel the distance at top speed. Brown, too, was in good shape, but not so strong as when he fought Mehegan. McCoy used his cleverness against the Yankee to good effect and kept out of harm's way at times by good foot-work. He was satisfied to win on points. Brown made a desperate effort to land a knockout in the fourteenth round, but he tired himself and could not keep it up in the following sessions. He was there at the bell in the twentieth round, fighting as strongly as when he started and when it ended he turned a hand-spring to show that he was fresh to continue if wanted.

Pal had no complaint to make about his loss of the verdict, but said that he considered McCoy a superior light weight to Mehegan. Through it all Brown proved himself a real fighter and although Hughey Mehegan scored a shade decision over him in their second meeting he feels confident that he can whip both Hughey and McCoy when he meets them again. Pal is still after Willie Ritchie for the American championship and cables that he will be ready to meet the Yankee over the Marathon route as soon as he gets back from the Antipodes.

FORESTRY FACTS

(Dept. of the Interior, Canada) R. H. Campbell, director of forestry, who recently returned after a tour of inspection of the Dominion Forest Reserves in the west, says: "Unquestionably the work there is in better shape this year than ever before." Not only have fire-fighting facilities, such as trails, look-out stations, telephone lines, tool-caches, and fire-guards, been very much improved, but the construction of good roads has made the pleasure-resorts in these reserves more accessible to the public.

The larch, or "tamarack," of eastern Canada will soon be commercially extinct. Already, according to Dr. Gordon Hewitt, the Dominion entomologist, its enemy, the large larch saw-fly "has destroyed between fifty and one hundred per cent of the eastern larch." This insect pest was introduced into the United States from Europe about 1881, and having few natural enemies in America, has spread over the whole eastern half of the continent. It is doubtful whether it will be brought under control.

The revenue from the forests of British India, under the administration of the Indian forest service, amounted last year to \$14,000,000. More than \$1,250,000 were derived from the sale of minor produce other than timber, and a similar amount was obtained by leasing grazing privileges in these forests.

Many cases of the Indians' wastefulness with game have been noted in the west. One Dominion forest surveyor writes: "The Indians slaughter an enormous number of moose, of which they waste more than a half. Often they take away only the hide, while they seldom take away more than the hind quarters."

Rushing into the smoking compartment, an old man cried excitedly—"A corker! Who's got a corker?"

A score of hands sought pockets and a score of kindly voices said—"Here you are, sir."

"I thought so," shouted the old man. "And now I lay before you, gentlemen, fifty temperance pledges. Who will sign first?"

NOSE AND HEAD STOPPED UP FROM COLD OR CATARRH, OPEN AT ONCE

My Cleansing, Healing Balm Instantly Stops Nose, Head and Throat—Stops Nasal Catarrhal Discharges Dull Headaches Goes.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head, or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

GO AFTER FORTUNE OF \$2,000,000 IN HAYTI

Baltimore, Jan. 16.—A fortune of \$2,000,000, which is said to have its foundation laid 120 years ago, when Hayti was under the sway of the French Empire, is being sought by descendants of Captain Charles Francis Lebon, an officer in the French army. Twelve families who claim descent from Captain Lebon live in Baltimore. According to Daniel Joseph, an attorney, he will present the papers to ambassador Jusserand. This fortune had its foundation in a coffee plantation owned by Captain Lebon in Hayti.

"Miss Wooler, will you be mine?"

"Never."

The young man was jarred, but not wholly discouraged. Presently he came back in this fashion—"Well, will you let me be yours?"

Mrs. Newgold-Genevieve-Albertine—you are not playing that dust together. One of you is a bar ahead of the other. Genevieve (proudly)—Well, I was the one ahead, anyway.—Puck.

Golf and Nerves. There is one phase of the game writes Fred Ray in the Windsor Magazine, which I am of opinion no amount of practice other than competitive is of use. I refer to putting. Go out to the greatest care, and this for the reason that nothing is depending on the ball. Your nerves are at rest, and ball is struck correctly. But what a nerve when you are engaged in a hole or playing in a competition! Nay, the beginner has to learn how to hold his club and strike the ball; to judge the strength of the greens, many other matters. But this being said, to-hole puts is quite another thing, and nothing but competitive practice is of use. The fact, however, is that practice in other strokes is largely a necessity if one would improve.

The Most Astonishing Thing you had gone to sleep twenty years ago and awoke today what would be most astonishing thing? In his Victorian Memories R. E. Francis answers the question in the Illustrated (Gazette). It is not motor or aeroplanes that would astonish. But light. The lights of London, even younger men must remember candle, the paraffin lamp, which lit horribly, and lit but a corner of the room. Fifty years ago the light of the candle was a candle or two encouraged suffers. And this evening the awaking, Victorian is dazzled by the electric light that turn midnight into noonday; houses and streets have abolished, and the coming of light would be wonder of the man who had gone deep with a tallow candle and wakened on the switch.

NATIONAL CONFERENCE OF SCIENTIFIC EXPERTS PLAN REMEDIES TO CHECK DOWNWARD TREND OF HUMAN RACE

Battle Creek Sanitarium, Dr. Stephen Smith, Judge Ben Lindsay, Mrs. Ella Flagg Young, Dr. J. H. Kellogg and Rev. Newell Dwight Hillis.

The National Conference on Race Betterment which opened in Battle Creek, Mich., on Jan. 8, is the first representative group of competent scientific experts ever gathered in the United States to discuss the deterioration of the human race and to propose remedies to check the downward trend. Similar conferences have been held in other countries. The decline of the birth rate in the British Isles became so alarming that the English Parliament appointed a commission to make a study of the conditions and to recommend plans for their amelioration. France has also given official recognition to the downward tendency of the race and is taking steps to avert its eventual extinction. Speakers of national prominence have a share in the work of the conference, among them: Dr. Victor C. Vaughan, president of the American Medical Association; Dr. Ernest B. Hoag, of Leland Stanford University; Dr. W. A. Evans, medical editor of the Chicago Tribune; Dr. Booker T. Washington, principal of Tuskegee Normal; Mrs. Ella Flagg Young, superintendent of the Chicago public school system; Dr. C. B. Davenport, director of the Carnegie Station of Experimental Evolution; Rev. Newell Dwight Hillis, pastor of Plymouth Church, Brooklyn, N. Y.; Hon. Woodbridge N. Ferris, governor of Michigan; U. S. Senator Chas. E. Townsend of Michigan; Sir Horace Plunkett, former minister of agriculture for Ireland; S. S. McClure of New York, and others of equal prominence. Dr. J. H. Kellogg, superintendent of the Battle Creek Sanitarium where the principal sessions of the conference were held, was the host of the conference and delivered an address on "A New Race," which was the keynote of the meeting. The conference, it is anticipated, will be made an annual affair, funds from a private endowment making that possible. It will study and encourage all practicable methods of race advancement and will endeavor to keep public sentiment alive to the modern trend of scientific achievement in race betterment. His Outlook. His own said to the boy athlete the other day: "I am delighted to hear of your success on the school baseball team, Harold; but you must remember that there are other things in life besides baseball." "Yes, aunt, I know," said the boy, "but, hang it all, I'm afraid I'm too light for football or rowing." — Boston Transcript.

NEW YORK'S WATER TUNNEL TOTALS A COST OF \$160,000

Is Largest in World and Will Deliver 500,000,000 Gallons a Day

New York, Jan. 16—After nine years of labor, the last barrier has been broken in the Catskill Aqueduct Tube, the longest water tunnel in the world. It extends 111 miles, from the Ashokan Dam at Esopus, N. Y., to Brooklyn, and when in operation will supply New York with 500,000,000 gallons of water daily. By many engineers the undertaking has been classed second only to the Panama Canal. It cost more than \$160,000,000 and in human lives nearly 900. A dull roar signaling a dynamite blast 400 feet underground in Harlem marked the breaking through of the tunnel. The tube for the most part is 500 feet beneath the ground, and in spots dips to more than 700. It varies in diameter from eleven to seventeen feet. Within two years it is promised that water will be flowing.

OPENING UP FORESTS AND GUARDING AGAINST FIRES

Spokane, Wash., Jan. 15—Four hundred and forty-seven miles of telephone line and 800 miles of trail were completed in the national forests of western Montana and northern Idaho during the last summer and fall by the United States forest service, making a total of 8,183.52 miles of telephone line and 4,903.75 miles of trail. The telephone lines and trail constructed this summer open up for protection some of the largest bodies of timber, and the construction of the lines adds greatly to their protection from fire. The recent facilities for the handling of the fire situation in northern Idaho and Montana show a great improvement over what they were in 1910. "Binks inherits his wit." "Yes, he writes the same jokes his grandfather wrote."

SENT UP FOR TRIAL
The preliminary hearing in the case against George Campbell was concluded in the police court this morning and he was committed for trial. J. A. Barry appeared for the prisoner and made no objections to his being sent up for trial as he was not thoroughly familiar with the case having been consulted only this morning. Bail has been applied for the prisoner. E. C. Weyman is acting for the C. P. R.

MARRIED IN QUEBEC
A very interesting event took place on Wednesday, Jan. 7, at the home of the late B. Gale, 559 St. John street, Quebec City, when the youngest daughter, Winnifred Naomi was united in marriage to A. W. Allingham formerly of this city but now holding a position with the White Star Line Co., Quebec. Numerous and costly gifts testified to the popularity of the contracting parties. Mr. and Mrs. Allingham will reside in Portland, Me., where the groom has been transferred for the winter.

MRS CHARLOTTE GARNET
The death of Mrs. Charlotte Garnet, wife of Allan Garnet, occurred early this morning after an illness of about three months. Mrs. Garnet was only twenty-two years of age and leaves her husband and an infant daughter. She also leaves her parents, Mr. and Mrs. J. N. Cosman; two brothers, Walter and Harold of this city, and a sister, Miss Myrtle Cosman of Boston. The funeral service will be held this evening at her late residence, 4 Blaine street by Rev. J. D. Wetmore of the Tabernacle Baptist church. The body will be taken to Cambridge tomorrow morning for interment.

FASHIONABLE WEDDING
Nuptials of Miss Betty Gravelly and Captain Langford, R. C. R.

Those present in St. Mark's church at 12 o'clock yesterday witnessed one of the prettiest society hymeneal events celebrated in this historic church, where so many have been wed.

The occasion was the marriage of Miss Betty Lichtenstein Almon Gravelly, daughter of W. B. Gravelly, manager of the Bank of Montreal, to Captain Robert John Spinluff Langford, Royal Canadian Regt. Rev. N. LeMoine, Rector of St. Mark's performed the marriage service, assisted by Rev. R. J. Langford, father of the bridegroom. A profusion of palms and arum lilies made the scene within the church one of summer-like beauty, excluding completely the nipping cold without. The Royal Canadian Band played the wedding march as was duly entered the church with her father, looking very lovely in her beautiful wedding gown of white charmeuse satin, trimmed with honiton lace and touches of gold. The court train of white and gold brocade caught with clusters of orange blossoms was lined with white crepe de chene. Her veil was of Brussels lace and beg flowers a sheaf of lilies. Two winsome little train bearers, Misses Irene and Violet Elliot, daughters of Colonel Elliot, R. A., wore dainty white satin frocks and Quaker caps. Miss Alice O'Brien attended the bride looking very charming in white crepe de chene with touches of gold, and white crepe de chene hat trimmed with gold, and carried a sheaf of arum lilies tied with the regimental colors of gold, blue and black. Captain Hemming, R. C. R., was best man.

The guests were ushered to their places by Captain Law, R. C. R., Mr. Curry, of the Naval College, and W. J. A. Gravelly, the bride's brother. The service was fully choral and at the signing of the register the band played a special selection, followed by the Lohengrin march as the bridal party left the church. As the procession came down the aisle the bride and bridegroom passed underneath an arch of crossed swords, formed by a guard of honor from the regiment.

A reception was held later at the residence of Mr. and Mrs. W. B. Gravelly, Kent street in about seventy-five guests. Mrs. Gravelly received in a handsome gown of black charmeuse satin with saxe blue belt and black hat with white ostrich feathers. The decorations were arum lilies and palms. The wedding presents were very numerous and beautiful, and testified to the popular esteem in which the bride is held by a large circle of friends. Captain and Mrs. Langford will spend the honeymoon in Boston.

TOOK ILL AT HUSBAND'S FUNERAL LAST WEEK; WIFE HERSELF NOW DEAD

Philadelphia, Jan. 6—Mrs. S. Weir Mitchell died of pneumonia yesterday. She became ill after the funeral of her husband last week. Mrs. Mitchell, who was aged 77 was a Mary Cadwalader, a member of a famous Philadelphia family.

Those who have undertaken the task of searching the apartment of the late Cardinal Rampolla in Rome for a last testament, bearing a date later than 1889 are beginning to fear that it will not be found.

W. S. HARKINS HERE; THE COBEQUID DISASTER UPSETS HIS PLANS

Company Was to Sail on Her to Bermuda—Finishing Successful Season

W. S. Harkins, bright and cheery as ever, arrived in the city today on his way to the West Indies where his company are to play their annual season's engagement. They are now in St. John's, Newfoundland, after a most successful tour through the Maritime Provinces and the ancient colony lasting since October. The members will pass through St. John in a few days on their way to New York to take steamer for the south.

Mr. Harkins had intended sailing with his company from Halifax on the steamer Cobequid but the disaster on Trinity Ledges caused a change in his plans. The substitute steamer, he said today, was the Briardene and as this was not a passenger vessel it was necessary to go to New York.

It is interesting to note in connection with Mr. Harkins' visit at the present time that just thirty-seven years ago today he opened the Academy of Music in Halifax.

ANOTHER WEST SIDE CASE

Boy Took Grain Which he Wanted For His Hens

Another case of stealing from the C. P. R. property on the West Side came before the juvenile court this morning when a fifteen year old boy was accused of stealing about half a bag of grain from a Grand Trunk railway car lying in the C. P. R. yard near Seaside Park. C. P. R. Policeman Mondis said he caught the boy in the act of filling a bag with grain that was running out from a hole in the car.

The boy pleaded guilty and Policeman Mondis read a statement made by the boy of the time of his arrest. It was that the boy wanted some grain for his hens. The boy said he had not been to school for a month and was not working. The magistrate asked him if he knew the commandments and then asked him to quote one bearing on the case, when to the surprise of the court the boy repeated the ninth commandment but on being interrupted he recited the eighth. The boy was warned that he had made himself liable to four years imprisonment and that even the fact that he was on the track made him a trespasser and he was liable to a heavy penalty for that as he was endangering his life. The boy was allowed to go home with his father and was told that he had better go to work.

CANADIAN INTEREST IN BANKRUPTCY PROCEEDINGS IN COURT IN LONDON

(Special to Times)

London, Jan. 16—At the examination in bankruptcy of Dr. Bertram Winter Gonnin yesterday, he said he had formed the Gonnin-Henderson Co. in 1907. It was discontinued in 1908 with a loss of \$5,000. In 1911 he promoted a company to obtain charters from the Canadian and Newfoundland governments for the construction of docks in Labrador and a railway thence to Quebec. The company agreed in 1912 to sell its assets relating to Labrador for \$250,000 but the purchaser had failed to fulfill his agreement resulting in a heavy fall in price of the shares. The losses of the various ventures amounted to \$19,732 of which \$11,489 are outstanding.
