A BRIGHTER OUTLOOK

The profitable publicity which St. John and the Province of New Brunswick are receiving at the present time, from Montreal to Vancouver and London, and through a considerable portion of the United States, must result within the next few years in an influx of outside capital to increase the working population.

STREET RAILWAY EXTENSION

Mr. Pette is reported to have criticized the press for urging that the street railway be extended into the suburbs. His protest and that of some other adherents is coupled with a plea for the working man.

BORDEN AND RECIPROcity

The New York Herald's story that the Borden government is considering a modified form of reciprocity is probably not well-founded. The election campaign is too recent for such a change of base.

PEACE AND WAR

Addressing the Canadian Club last evening Dr. De Wolf Marshall in striking array the influences and tendencies which make for universal peace.

speaks with clearness and force.

He made it clear that if the war spirit is busy the influences which make for ultimate peace are active and not less powerful.

BOYCOTT ON POTATOES

New York Families Unite in Decision, Alleging Conspiracy to Keep up Prices

Declaring that the high price of potatoes is not due to any genuine shortage of that popular vegetable, but to an agreement between the middlemen and the farmers by which the latter are holding their crops in storage, a hundred Harlem families have decided not to eat potatoes until the price comes down, says the New York Herald.

Edward Smithson, of No. 233 West 123rd street, is the head of the movement which has been organized under the name of the Harlem Co-operative league. "Our agent found one farmer who is holding 20,000 barrels in storage," he said. "The present price is \$4.20 a barrel and this farmer told our man he wasn't going to let go of what he had until he got \$5 a barrel. "We will follow the potato boycott with a boycott on butter unless the price comes down soon. I have visited the big dairies of Orange county and find that milk is plentiful and that there is no justification for the high price of butter."

MURDERS IN YEAR IN NEW YORK WERE 148

New York, Jan. 31.—Police Commissioner Waldo's annual report to Mayor Gaynor, shows that, while the police in the year that ended Dec. 31 last arrested 123 persons charged with murder, only the term of these persons were convicted, and as yet not one of them has been put to death. There were 148 murders committed in the city in the year, for which 123 persons were arrested. Seven committed suicide.

In the same period sentence has been suspended and convicted men freed by judges in 811 cases of felony, 11,779 of misdemeanors, 1883 cases of juvenile delinquency, or a total of 15,944 suspended sentences.

FOR \$4,000,000 FUND Y. M. C. A. and Y. W. C. A. of New York Start Out to Raise It

New York, Jan. 31.—The Young Men's Christian Association and the Young Women's Christian Association in New York city will join hands under the chairmanship of George W. Perkins in a year's campaign to raise \$4,000,000 to be used for new buildings and for the furtherance of wide plans of work. Money thus raised is to be divided between the two associations, the women's association getting \$2,000,000 and the men's \$1,000,000.

At the present time the men's association owns more than \$3,000,000 worth of property in New York while the property held by the women's association is only \$85,000. The completion of the \$4,000,000 fund will put them on a more equal basis.

PRINCE MUST SPEND TERM BEHIND BARS

ASTOUNDING STORY OF MAD INFATUATION FOR ARISTOCRAT'S HOMEY WIFE

Hired Three Murderers Even Lenient Russian Law Could Not Overlook Case and He is Sent to Penal Servitude While Woman Retains Freedom

(Times' Special Correspondence) St. Petersburg, Jan. 27.—Every year seen at least fifty hundreds of Russian, in which murderer, murderer, cause of murder (feminine), judges and even jurists are primarily. This year, however, Prince Dadi, aristocrat, guards lieutenant, dashing horseman, dancer and lover of a lady named, has been sent to penal servitude. Only a line or two has been cabled about it. Here is the whole extraordinary story.

In Kutais in the shade of Mingolia's cliffs lived millionaire Prince Dadi, with the title of "Brightest Prince," the highest class of Russian aristocrat. He had a home in the town, and a castle outside it perched on a rocky precipice. His wife was imprisoned Princess Barbara. Naturally it would be supposed that Princess Barbara would be a lovely, outgoing the Queen of Sheba from whom she claims descent. In truth she was a cold, calculating woman, and she has an enormous nose, and no attractions save an equally enormous power over the fabled heart of men.

In the princely menage appeared Prince David Dadi, aged twenty-five, with Apollo's figure and Cupid's eyes, and a title, also "Brightest Prince." Whether because of his beauty or because of his wealth, he attracted Princess Barbara, and she was his mistress. Prince Dadi, however, was a devoted husband, and he was the father of a family of four children.

Prince Dadi kept the agreement by never visiting Princess Barbara's house. But Princess Barbara, who was a devotee of the theatre, had a habit of going to the theatre with her children. One day she was seen to go to the theatre with a man who was not her husband. Prince Dadi, who was a devoted husband, was angry and he decided to punish her.

Prince Dadi begins to plan wise and subtle ways of murdering Prince Dadi's wife. He engages as hired assassins a local resident named Prince Dadi, who goes to the castle and murder Prince Dadi's wife. Prince Dadi, who was a devoted husband, was angry and he decided to punish her.

BOSTON AND THE GRAND TRUNK

H. M. Whitney Urges Extension — Dock Commission Chairman of the Same Mind

Henry M. Whitney, in a written statement, discussing the Grand Trunk Railroad, declares that, in extension to Boston "would promote the industrial welfare of the whole state."

Mr. Whitney does not advocate the purchase of the existing steamship docks in Boston, saying that they are inadequate for the purpose desired. He favors building modern piers in East Boston for the accommodation of the Boston & Maine and Grand Trunk Railroad at a cost of approximately \$5,000,000.

When Mr. Whitney favors lending the Grand Trunk \$10,000,000 with which to extend its railroad to Boston. Hugh Bancroft, chairman of the Boston Dock commission, talking on the same theme, said: "We are starting in forty-two years hereabouts to compete for a share of the business now falling to our great rival, New York. We can get that business if we have the courage to attack our problem in a big way. Our opportunity is now, not forty-two years from now. The immediate necessity is the importance of securing the Grand Trunk railroad, whose actual building to Boston will depend upon its ability to secure suitable terminal facilities."

"Railroad capital costs approximately 4 1/2 per cent. These terminals have an actual value to the railroads of at least that amount. If they are acquired by the state the railroads can well afford to pay for their use at, least the 3 1/2 per cent. necessary to pay the interest on state bonds, thereby financing the transfer without costing the taxpayers of the state a cent."

Mr. Whitney, in his statement, expresses his views as follows:—"The report of the directors of the port of Boston recommending the purchase of existing docks and piers comes as something of a surprise to those of us who, from observation and the reports of numerous commissioners appointed to investigate the subject, have been led to believe that the demands of modern commerce can only be met by the construction of modern piers and docks in a locality suited to such demands. All but 3 per cent of the foreign trade of Boston comes in on the north side of the city. "With the exception of the Boston & Albany piers, the existing piers are of little use in this connection since they are already out to the commissioners' line and cannot be lengthened into the channel without still further narrowing channels that are already too narrow. "It is of no advantage to take the piers of the Boston & Albany Railroad, since they are being used by them to the best possible advantage. The larger the investment of the Boston & Albany Railroad in its terminal facilities, the more effort it will make to use them to advantage. The railroads derive only a minimum of income from steamships for the use of their terminals, and it would not be matters of public interest if the Boston & Albany docks were owned by the state. "A hard of twenty-four deer is wintering in a field near a farmhouse at Prospect, Conn., and there is another herd of twelve in another part of the town."

THE BAPTIST MINISTERS

(Maritime Baptist.) Rev. B. Goodfield, Guelph (Ont.), has been elected to the First Baptist church, Ottawa.

Rev. Dr. DeWolfe preached in the German street church, this city, last Sunday. Rev. F. S. Porter spent last Sunday in Fredericton, preaching in the Brunswick street church.

Dr. W. T. Stackhouse is now holding a series of missionary conferences in the Maritime provinces. Rev. E. C. Wall, not Hall, was the guest speaker.

THAT TIGHTNESS OF THE STOMACH

Caused by Formation of Mucous Gases From Undigested Food, Stopped With a Stuart's Dyspepsia Tablet.

When you feel as if your stomach was being tightly choked—when the pain is intense and you break out in a cold clammy perspiration and there is a lump in your throat and you are weak and nauseated—all you need is a Stuart's Dyspepsia Tablet to clear away the wreckage of undigested food left in the stomach and instigate and restore you to your normal condition. And this can all be accomplished within a few moments.

Thousands of people have learned so well how sure and dependable Stuart's Dyspepsia Tablets are for all stomach ills that they are never without a package at home and at the office, and upon any indication that the stomach is a little weary, they take a Stuart's Tablet after each meal for a few days until the digestive organs set up again.

This is a splendid plan to follow and always results in much good. The appetite is improved, the food is relished more, our sleep is more refreshing, and our disposition will make you friends instead of enemies.

For Indigestion, Sour Stomach, Belching, Gas, Coated Tongue, Intestinal Indigestion, all Stomach Disorders and Pains—Loss of Appetite—Stuart's Dyspepsia Tablets are invaluable. Use them freely—they are as harmless as sugar would be—and are by no means so cheap as "medicine." They have no effect whatever on the system except the benefit they bring you through the proper operation of your food. All Drug stores sell Stuart's Dyspepsia Tablets. The price is 50 cents per box. Physicians use and recommend them. If you wish to try them before purchasing, address F. A. Stuart Co., 150 Stuart Bldg., (Inland, Mass.) and a trial package will be sent you free.

ANOTHER EXPEDITION

King'sport minister mentioned in this department last week. When Dr. E. H. Haskins gave a series of lectures in Kings County (N. B.), under the auspices of the Temperance Alliance of that county.

Rev. A. E. Saunders, for several years a pastor in Maine, has gone to Madeline (Him.), his health requiring a change of climate. Rev. J. H. Balcorn has moved his family to Sumner. He is being blessed in his ministry in the Main street church of that town.

Rev. J. H. Copeland, who has been two or three years pastor of the Victoria and Waterville (N. B.) group of churches, has resigned. Rev. M. E. Fletcher returned on Monday to his home in the Kings County quarterly meeting this week.

Rev. H. B. McGill, Highfield street church, Moncton, announced Sunday night that, yielding to the wishes of the church, he would continue pastor of the church. Rev. C. G. Pincumb wishes to say that he regrets that he missed the annual missionary meeting at The Narrows on the 29th, in consequence of an error in the date of the invitation, which stated the meeting was on the 28th.

Rev. Benjamin H. Nobles, Victoria street church, this city, returned on Saturday from Strongsville (Me.), and occupied his pulpit Sunday. He reports the series of meetings at Strongsville as very satisfactory. Several converts were baptized Sunday by the pastor, Rev. A. D. Paul.

Rev. A. C. Berrie, the new pastor at Woodstock (N. B.), is making an excellent impression. A reception was given him and Mrs. Berrie a few evenings ago, at which addresses of welcome were made by several ministers, including the pastors of other denominations in the town.

Rev. H. H. McGill has taken up his work as pastor of the church at Strathcona (Alta.). Of his work in Yorkton it is said he endeared himself to all the members of his congregation, and won the respect and esteem of all with whom he came in contact.

A letter to a friend from Rev. W. B. Bogg, D. D., dated Owanit, Lee county, Virginia, Jan. 11, brings word that our brother is enjoying an atmosphere of 35 degrees in the shade, and "it is easy to imagine ourselves in India." The missionary and Mrs. Bogg are occupying a nice little bungalow near an orange grove, far from town, no railroad, no telegraph, no wheeled traffic. After a month of this warmth and quiet brother Bogg's health began to improve. His many friends in the Maritimes will be glad to hear this.

MILLIONS IN RAILROAD WORK

Spokane, Wash., Jan. 30.—Official announcement is made that 1,000 men, most of whom will be engaged here, will start work early in February on the Great Northern railway between Sandpoint, Idaho, and the Washington-Idaho line, where Guthrie & McDougal of St. Paul have a contract involving \$1,000,000 to straighten thirty-six miles of the main line. The contract calls for raising the track to prevent flooding.

A minimum curve of 3 per cent is to be established and the grade line made uniform. Mayor William J. Hindley, who was a speaker at the annual meeting of the Spokane chamber of commerce, said in his address that railroads, private investors and the municipality will expend more than \$10,000,000 in and near Spokane during the next twelve months. The grade separation in Spokane by the Northern Pacific alone will cost more than \$3,000,000, in addition to what the company will build a \$300,000 station. The city authorities, he added, have plans before them for several other large structures, upon which work will begin within three months, and with prospects for large grain and hay crops and a revival in mining and lumbering 1912 should be prosperous.

ASEPTO STORE

Cor. Mill and Union Streets St. John, N. B.

There is No Mystery About Our Premium Plan.

We manufacture about 400 lines of our own and they are the goods that we are forcing the sale of. To sell these goods by the usual plan is to sell out travelers and carry on expensive advertising, etc. which will cost over 40 per cent. We have discontinued all advertising except what applies to our store, and are taking out our share of the road and are instead giving the purchaser of goods from us 20 per cent and making the other 20 per cent ourselves. Is this not a good business proposition?

On lines that we sell that are not of our own manufacture, we give the consumer about all of the profit, through our coupons, but we do have in our store a sufficient line of steady consumption to enable a family to secure coupons fast enough to enable them to get many articles of value in a short time free. So you see that our plan is the only one that really solves the cost of high living and still gives a living margin.

PROHIBITION BILL

Temperance Federation Decides to Submit it to the Government.—J. Willard Smith, President

At the annual meeting of the New Brunswick Temperance Federation held in the Christadelphian hall, Union street, yesterday afternoon, a provincial prohibition bill was discussed and adopted after some minor changes were made and a committee appointed to ask the provincial government to put the bill as prepared before the local legislature as a government measure. There was a good attendance at the meeting and a very determined spirit was manifested.

Those present were: Rev. T. Marshall, Sackville; Rev. C. Fleming, Petrolia; Rev. E. H. Stewart, Harcourt; Rev. T. D. Bell, Bunsbury; Rev. E. A. McPherson, St. George; C. A. Bell, Bunsbury; J. V. Jackson, Moncton; A. M. Lawson, Yarmouth; M. E. Gamble, St. George; Rev. Mr. Wiggins, Moncton; Rev. H. D. Marry, W. R. Robinson, H. K. Thomas, W. Lawson, D. Hutchinson, Dr. Haine, H. R. Boyer, G. A. Ross, St. John; W. F. Washburn, E. Mitchell, C. E. McLaughlin, W. R. Laford, J. Willard Smith, Mrs. Porter, Mrs. Seymour and E. N. Stockford.

Communications were read from several delegates expressing regret at being unable to attend. J. Willard Smith, president, and E. N. Stockford acted as secretary.

The principal business was the consideration of the draft of the proposed prohibition bill as prepared by the St. John executive. The full text of the bill was read and a very interesting discussion followed, the bill being adopted almost in toto, a few minor clauses being amended. The chief point of discussion, it is understood, was the question of penalties under the act, there being a feeling that the penalties imposed by existing legislation as it affects this province are not severe enough.

A committee was appointed to lay the matter before the provincial government, asking that the bill be made a government measure.

Those present were: Rev. T. Marshall, Sackville; Rev. C. Fleming, Petrolia; Rev. E. H. Stewart, Harcourt; Rev. T. D. Bell, Bunsbury; Rev. E. A. McPherson, St. George; C. A. Bell, Bunsbury; J. V. The chief point of discussion, it is understood, was the question of penalties under the act, there being a feeling that the penalties imposed by existing legislation as it affects this province are not severe enough.

A committee was appointed to lay the matter before the provincial government, asking that the bill be made a government measure.

Those present were: Rev. T. Marshall, Sackville; Rev. C. Fleming, Petrolia; Rev. E. H. Stewart, Harcourt; Rev. T. D. Bell, Bunsbury; Rev. E. A. McPherson, St. George; C. A. Bell, Bunsbury; J. V. Ross, St. John; W. F. Washburn, E. Mitchell, C. E. McLaughlin, W. R. Laford, J. Willard Smith, Mrs. Porter, Mrs. Seymour and E. N. Stockford.

Communications were read from several delegates expressing regret at being unable to attend. J. Willard Smith, president, and E. N. Stockford acted as secretary.

The principal business was the consideration of the draft of the proposed prohibition bill as prepared by the St. John executive. The full text of the bill was read and a very interesting discussion followed, the bill being adopted almost in toto, a few minor clauses being amended. INTERIOR OF ULSTER HALL IN BELFAST

This is the building again made famous by Winston Churchill's expressed determination to speak there with John Redmond. Some years ago Churchill's father, Randolph Churchill, spoke in the same hall against home rule. The prophet that his son speak in the same hall in favor of home rule aroused great commotion among the anti-home rulers of Ireland followed by the sending of extra troops to prevent expected riots. Later, however, said that Mr. Churchill had agreed to speak elsewhere.

THE PLAN FOR KING STREET BOULEVARD

Board of Works Takes up Project—A C.P.R. Matter—A Lively Tilt

Matters of interest were dealt with by the board of works last night. A. G. Dick was first heard in support of his application for a lease of the Quinn wharf, which he said he required to accommodate his growing coal business. He offered \$800 a year in case he was given a lease of the whole property, and \$300 a year for the end of the wharf, planning to use the right to maintain his tracks to carry coal from steamers to his sheds.

After some discussion, the matter was referred to a committee consisting of the chairman, Ald. J. H. Jones and Ald. Green, to send their report to the next meeting of the board. It will meet at the property at 3 o'clock Thursday afternoon. C. P. R. Case.

The board considered the granting of the renewal of the lease giving the C. P. R. the right to maintain its tracks in its warehouses in Carleton, which had been referred back from the council. Ald. McLeod thought it was a good opportunity to come back at the C. P. R. until it made some settlement of its claim for damages from the Union street caves.

Ald. Elkin said it was not a case where retaliation would pay, and it was to the city's interest that the tracks should be strengthened, as pointed out in Mr. Downie's letter. Ald. Potts and Kirkstead supported Ald. McLeod and the recorder's advice was asked. When he received the announcement that there had been developments yesterday in the negotiations with the C. P. R. which it was better to keep quiet, and probably best to withdraw. The board then discussed outstanding matters with the C. P. R. for half an hour, and the section of the report was referred to the recorder for action.

A claim of E. E. Williams Co. for damage by frost to 400 barrels of potatoes stored in the city's warehouses, the deterioration amounting to about 50 per cent, was referred to the recorder. The engineer recommended that Alexander be granted a lease of the wharf, with permission to occupy a portion of the sidewalk on the Strait Street road for the purpose of erecting a building. Ald. Wilson said he did not want to see the sidewalk blocked all summer. He had heard that the block to be blasted out was to be levelled off and sold to a Montreal syndicate to be developed in building lots. The recommendation was adopted.

King Street Boulevard. The engineer then laid his plan for the King street boulevard on the table, the improvements extending from Carleton to Crown street, with the details as described. Kirkstead moved that the residents of King street get approached to see if they would bear one-half the cost and the improvements extended from Carleton to Crown street, with the details as described. The work be proceeded with. This was carried.

The engineer reported that in readjusting the estimates to make provision for the cost of \$1,000 by the council, \$500 had been taken from the asphalt pavement fund and the same amount from the wood block pavement fund. A complaint from L. G. Crosby & Son as to the condition of a shed leased by them from the city was referred to the chairman and engineer.

A letter from the United States Field Office, New York, was read.

SUES THE MOOSE FOR DAMAGES OF \$15,000

Member Says Insanity Report Made By Visiting Committee Has Caused Him Injury

Spokane, Wash., Jan. 31.—Henry A. Francois, of Spokane, wants \$15,000 damages from the local lodge of the Local Order of Moose as bail for charging him with insanity. In an action filed in the Spokane county superior court he alleges that the visiting committee of the lodge, of which he is a member, instituted a charge of insanity against him last August, following an illness of four weeks in June and July, 1911, and that he was discharged at a hearing after being examined by county and other experts.

Francois says, in his complaint, that the action of the lodge has injured his reputation, and as a result he is unable to secure employment and is made the target of ridicule and abuse. Before he was stricken by sickness he was engaged in forestry of construction on several important works; but since then, he says, he has not been able to obtain work anywhere. The lodge will contest the damage suit.

BUYS OTTAWA CHURCH

Ottawa, Jan. 31.—C. Jackson Both is probably the only man in Ottawa who owns a church. He has purchased the Bank street Presbyterian church for \$100,000 and paid \$10,000 on the purchase price.

In real estate and church circles there is much interest in the announcement. This has long been considered the most valuable property in the business section of the city. It is, that was on the market for sale.

The congregation has the right to use the building during the next four or five months, and intends to build a new place of worship on a site it has purchased at the corner of Cooper and O'Connor streets.

SCOTT'S EMULSION

in the near-nature treatment for Consumption. The power it creates, its purity and wholesome elements are Nature's greatest aid in overcoming disease.

Every dose of drugs that you put into your stomach weakens your nerves. Every time you kill a pain or an ache by unnatural means—by supplying the nerves with poisonous drugs, you are hurting them, and any one can see that in time, by steady dosing, your nervous system will be broken down completely.

Drugs do only weaken the nerves, but they upset the stomach, rendering it unable to supply the nourishment for the nerves and organs of the body. Drugs destroy the digestive juices of the stomach; therefore you do not get the proper nourishment from your food. You may eat heartily, but if your digestive apparatus is out of order you won't get much good out of your food.

So many people are doping their stomachs with drugs trying to overcome some chronic disease or weakness, that it is a wonder what makes them so nervous, restless and unable to think clearly. They naturally blame the disease for it, but the trouble is really caused by drugging.

Electricity is a relief from the old system of drugging. It does by natural means what you expect drugs to do by unnatural means. It is Nature's way of curing disease, for it gives back to the nerves and organs the power they have lost, which is their life.

My method of curing disease is to go down to the very foundation of the trouble and remove the cause. When I have removed the cause Nature will do the rest. If your nerves are weak I restore to the stomach the power it has lost, which in turn gives the necessary strength to the nerves.

Electricity is a relief from the old system of drugging. It does by natural means what you expect drugs to do by unnatural means. It is Nature's way of curing disease, for it gives back to the nerves and organs the power they have lost, which is their life.

Dear Sir,—This is to certify that I was cured of a sore, weak back, which bothered me a great deal at work, especially after heavy lifting. Your Belt cured me completely, and my back is perfectly strong now, and I can do heavy lifting without any bad effects.

Dear Sir,—I am pleased to tell you that my Belt is all right now. The distress feeling that I had before, when I tried to get up to work, has all gone. I must say I gave your Belt a good test, for I labored every day in the week at heavy lifting work. Your Belt is all my claim for it, if it person only gives it a fair trial. I am a great believer in electricity.

Get my 8-page book describing my treatment, and with illustrations of fully developed men and women, showing how it is applied. This book tells in plain language many things you want to know. I'll send this book in plain wrapper, prepaid, free if you will enclose this coupon.

I want to convince every sufferer that he can get benefit from my treatment. Nobody should be without it, for it is cheap enough, far cheaper than a course of doctoring, and I want everybody to try it. Let every sufferer who can do so, call at my office, and make a full test of my Belt free of any charge.

If you can't call send this coupon for my book.

MORNING NEWS OVER THE WIRE. An anti-loose rule demonstration will be held in Toronto next month under the auspices of the Orange Order. Sir Edward Carson, leader of the Orange forces in Ireland, has been invited to speak. At a government rally in Newcastle last evening, Premier Fleming was asked concerning the government's policy on prohibition. He answered that, while he was a prohibitionist himself, he did not think it wise to force it where it was not wanted, and thought local option was the better course.

The lighting plant in the hardware store of De Wolfe & Co. at St. Stephen, exploded last evening, and besides doing damage amounting to about \$400, caused Elwell and Walter De Wolfe to be badly burned. Ges Vanderbor, a Belgian mine, was killed and several members of his family injured in a dynamite explosion at his home near Mirto last Saturday. An English Review of Serious Time Through Which the Nation Has Just Passed

To the New Zealander who is destined to gaze over London Bridge, or to the student of history in years to come. Anno Domini 1911 will provide a strange chapter. Its predecessor was one of the events of surpassing interest, marking the crowning of democracy, the resultant shaking of the stability of the plutocracy (for it almost seems that the administration of both can no longer conduce to peace and concord in the policy of our empire), and the deep rooting of utilitarian principles in the strictest and most drastic sense of the term, providing the material wall, though those who ran could hardly dream, much less read, of all it portended.

Baseball. All testified that they went to the ball in Bowdoin Square, went upstairs and said they wanted to buy tickets to see the show. They said they were given tickets, that their names were also taken on a piece of paper, and before going inside they paid \$1. But not one of them remembered to whom he gave the money.

Baseball. Kevin testified he was the president, but that he did not arrange bouts, and that he had always believed the club was being conducted according to the letter of the law. McCusker, the president of the association, spoke briefly and thanked the ladies for their kindness.

OMER McINTYRE AND MISS SWEENEY WED. A wedding of much interest was solemnized at half past five o'clock this morning in the Cathedral of the Immaculate Conception, when Miss Mary Cecilia Sweeney, daughter of Mrs. Lillian Sweeney of Union street was united in marriage to Omer McIntyre, son of Mr. and Mrs. W. E. McIntyre of Coburg street. The bride was accompanied by Rev. A. W. Meahan. Only the relatives of the bride and groom were present at the ceremony. The bride wore a pretty dress of cream tulle and carried a shower bouquet of roses and lilyanths. She was given away by her uncle, William J. Norton of Fough keepie, N. Y.

The bride was Miss Florence O'Regan, who was daintily gowned in a tan colored cloth suit with hat to match, and carried a bouquet of pink carnations. The groom was supported by Frank O'Regan. Immediately after the ceremony, the bridal party drove to the home of the bride's mother, 225 Union street, where a tempting wedding breakfast was partaken of. At seven o'clock Mr. and Mrs. McIntyre left on the Boston express on an extended honeymoon trip through the states, going as far south as Florida. On their return they will take up their residence in Rockland road.

The wedding presents received were many and handsome. They included cut glass and silverware. Among the presents was a handsome bronze ornament from the St. Cecilia Orchestra of which the bride was a member. Both the bride and groom have many friends in this city and elsewhere, who will wish them much happiness. The groom is the president of the W. A. Fireweaver Co. here.

THE MARSH SPEEDWAY WAS IN FINE SHAPE. Some lively "goes" were witnessed yesterday afternoon on the Marsh road by a large number, when some of the best horseflesh in the city engaged in the exhilarating pastime of speed showing. The track used was that best known to the travelling public, and the stage coaches in their younger days know it well.

In later years it was known as Alden's Hotel, and was conducted by G. Washington Alden, Mrs. Bland's first husband. It is said to have been a descendant of the John Alden, made famous by Longfellow's poem, "The Courtship of Miles Standish."

Among the fast ones seen on the track were: "Burling," owned by W. H. Barlow; "Golden Gate," F. D. Mullin; "Brazilian Junior," J. A. Barry; "Billy Minto," W. E. McIntyre; "Lord Minto," Arthur Connors; "Jay Wilkes," driven by William Beckley; "Royal Pandemonium," driven by James Flood, and the fast ones owned by John Davidson and W. L. Broad.

While several horses were pulled off yesterday afternoon, most of them were between "Burling" and Mr. Broad's mouse colored mare, Mr. Davidson's mare, "Lord Minto," "Brazilian Junior," and "Billy Minto." The injury, in chief control in a "go" between Burling and the Broad mare.

MRS. A. BLAND NEARLY LOSES LIFE IN FIRE

In Hospital After Fearful Experience in Burning of Home at Nauwigewauk

FIRE CAUGHT CLOTHING

Was Carrying Out Lamp Which Had Overturned—House Historic One Built by Descendant of John Alden

Suffering from terrible burns which she received while trying to extinguish a fire which eventually caused the total destruction of her home and its contents, Mrs. Arthur A. Bland, of Nauwigewauk lies in the hospital in danger of death. While everything possible is being done to relieve her suffering, her condition is extremely serious and it is feared that she will not survive.

The fire started from an overturned lamp last evening at a quarter to seven o'clock. Mrs. Bland and Miss Florence Coleman of this city, who was visiting her for a few days, were alone in the house at the time. Miss Coleman was playing the piano and, to give her better light, Mrs. Bland placed a large lamp on top of the piano. It became over-balanced, and fell to the floor and broke.

The burning oil spread, but with great presence of mind, Mrs. Bland seized the rug on which it fell and gathered up the lamp to carry it out of the house. She first tried the front door, but was unable to open it, and had to go out the back-way. In the meantime the burning oil was dripping from the rug, leaving a trail of fire behind it. By the time Mrs. Bland had reached the back door her clothing had caught fire and she was wrapped in flames. Miss Coleman assisted in carrying out some other material which had caught fire, but escaped without serious burns.

Mrs. Bland and Miss Alden, Mrs. Bland's son, were in the barn engaged in milking at the time and were warned of the accident by the screams of the ladies. They rushed to their assistance, and with the aid of some wraps managed to extinguish the fire in Mrs. Bland's clothing and carried her to the home of W. Hatton Hill which is near by. Doctor Smith of Hampton was summoned and rendered all possible assistance in dressing the burns, and this morning Mrs. Bland was brought to the hospital and taken to the hospital. Her clothing was completely burned off from her waist up, and she had sustaining terrible burns around the body.

Whole House in Flames. The trail of burning oil had set the whole house in flames, and by the time the men got out of the barn, the flames were out of the house. Their first efforts were devoted to saving Mrs. Bland's life, but, even if they had time, they would not have been able to save the house. In a few minutes it was a mass of flames, and there was no chance of saving anything in the house, including \$180 in cash, was lost. The house was completely destroyed, nothing but the chimney remaining this morning.

Mr. Hill's house and several stores are only about 200 feet away, and sparks from the fire set his place ablaze several times. He was prepared for the emergency, however, and had ladders leading to the roof and 100 feet of hose ready to attach to a pump in the kitchen. By hard work they were able to save his building, and the damage done there was slight. They were also able to save the barn and other out-buildings.

The house which was destroyed was a substantially built wooden structure, two stories in height and 20 by 20 feet in size. It was worth something more than \$5,000, and was insured for \$1,000. The furniture, which was also valuable, was not insured. Ernest E. Thomas, of this city, who rents part of the house for use during the summer, had some furniture stored there, and his loss will be about \$100.

Historic Building. The building is a historic one, and there are many memories associated with it with the days of the old stage coaches. It was then operated as a hotel and public house and was one of the places best known to travellers in this part of the province. For many years its doors were open hospitably to the travelling public, and the stage coaches in their younger days know it well.

In later years it was known as Alden's Hotel, and was conducted by G. Washington Alden, Mrs. Bland's first husband. It is said to have been a descendant of the John Alden, made famous by Longfellow's poem, "The Courtship of Miles Standish."
