EIGHT PAGES—ONE CENT

MRS. HARRIS TELLS STORY OF HER DOMESTIC TROUBLE

In Divorce Court This Morning the Harris Case Was Taken up—Mrs. Harris Says Her Husband is a Drunkard and Asks for a Divorce on Statutory Grounds.

Fredericton, N. B., July 15.—(Special)—The case of Sadie B. Harris vs. Walter W. Harris was taken up by Judge McKewen in the divorce court this morning. Fred. H. Peters appeared as proctor for the plaintiff, and the case was defended by Rev. Wm. Ryan, a Methodist clergyman. An absolute divorce was asked on the usual grounds. Rev. W. W. Ryan, the first witness, proved the marriage of the couple. The plaintiff next took the stand and told the story of her matrimonial woes and unhappiness. She was four years old when she came to this country, and her father is now dead, and her mother remarried. She first met Harris at Bridgetown and later at Annapolis. She only knew him a few weeks when they were married. One year was born to them on June 10th, 1901. Her husband was cruel to her and when in liquor acted like a crazy man. She was not aware that he was a drunkard when she married him. Her relatives used to send her money and he would take it from her. She furnished him with money up to two years ago. On one occasion last year he threatened to kill her and he was subsequently bound over to keep the peace. When she came to Fredericton last week Harris followed her to the Queen Hotel and demanded money. He was anxious to have the case settled in court, as he did not want his actions made public. To the judge, she said her parents did not know she was married, and that since her marriage she had lived in Fredericton, her husband being in the employ of the John Palmer Company. Her child was now with her husband's parents at Wilton, Maine, and she was sixteen at the time.

WATER SHUT OFF ON HIGHER LEVELS

At Ten O'clock This Morning Supply Was Cut Off to Repair a Break in the Concrete Supply Pipe.

Shortly after ten o'clock this morning the residents on the higher levels about the city were cut off from their water supply. Another break was discovered yesterday in the concrete pipe on the No. 2 section of the Loch Lomond extension. The break was large enough to allow a man's arm to be put in and a considerable quantity of water was running to waste. The water was shut off at 10 o'clock this morning and the Little River reservoir again called into service but although the pump was put at work the water could not be forced up to the high levels and people in these districts are "dry". Some prepared for the famine by drawing a supply in their tubs and filling pails, pots and pans, etc., but others have to get along as best they can. It is thought that repairs will be completed by noon tomorrow.

CAR REPAIR SHOP WENT TO BOTTOM WITH SIXTEEN MEN

British Submarine Boat Was in Collision With Unknown Steamer in British Channel—All Hands Lost.

London, July 15.—A wireless message received at Portmouth, states that submarine torpedo boat C 11 was in collision last night with an unknown steamer near Lowestoft and was sunk with its crew of sixteen men. Another submarine boat, C 17, was damaged in the collision, but the crew was saved. It is understood that the crew of the C 11 had no chance to escape, being inside the submarine, and went to the bottom with the boat. The Eastern Steamship Co. have carried some record crowds of passengers, whose destination invariably is some place in New Brunswick, where they can enjoy a cool, refreshing sea breeze. Enquiry at the leading hotels of the city today elicited the information that their accommodation was being severely taxed. The tourist travel from the standpoint of a hotel manager, has been well up to the standard, though starting a little later this year than usual, and it is expected to reach its supreme height about the last of this month. Several large parties from the States have already passed through the city, but a large number are still booked to arrive during the coming month. It is thought that the number of parties to arrive and stay this year will be an increase in the number of parties to arrive and stay in former years, and the prospects look exceedingly bright for a very prosperous year.

THE CITY IS GRADUALLY FILLING WITH TOURISTS

Reports From City Hotels are to the Effect That a Very Heavy Tourist Trade is Expected During the Next Few Weeks—Many Tourist Parties Are Coming From Province.

The managers of the Royal Hotel expect to experience their heaviest tourist travel during the next month and the early part of September. A number of traveling parties have been in correspondence for some time past and arrangements are now completed whereby 5 large parties from the States and one from the Province are expected, one of which, under the management of Deskan and Masters, will comprise about fifty people. The others will range from twenty to forty in number. The class of tourists coming to the city seems to compare most favorably with that of former seasons, and it is expected this year there will be an increase in the travel from the south.

HAD LITTLE GRATITUDE

A Story Which Illustrates That Kindness is Not Always Appreciated.

An instance of the gratitude extended in reciprocity of a favor was observed recently. A man who was formerly a driver in the fire department returned to St. John slightly over a month ago and sought employment with an expressman by whom he had been employed on several previous occasions. The latter consented after promise of reengagement from his mode of living to engage him as driver for one of his delivery wagons. As his attitude was none too presentable the driver proposed that his employer should act as security for a suit of clothes and cap until he was in a position to settle for the outfit. The expressman agreed to the proposition and the employee obtained the apparel and footwear. Less than one month after his engagement he departed from the city with \$20 in cash belonging to his employer. He returned by virtue of his bond compelled to pay his former employer's outfit the expense amounting to over \$20. Some time ago the man's wife refused to continue marital relations with him and proceeded to take out a livelihood for herself and their several children. If he returns to this city he will be arrested at the instigation of his benefactor and is engaged a term in the penitentiary.

TARTARS AND MARATHONS

Great Interest in the Ball Games to Be Played Tomorrow and Saturday

It is like old times here the Fredericton Tartars and Marathons ball games arranged for tomorrow and Saturday are being looked forward to with great interest by the city. The Fredericton bunch of ball players, as well as seen from the line up given below, are the strongest team taken out of Fredericton for many a day, and easily compare with the old time Tartars, who were at one time the champions of the Maritime Provinces. The team is under the captaincy of Arthur Finnamore, and the men comprising his lineup are: Arthur Finnamore, pitcher; George Burden for leading pitcher; Frank Hughes at second and Dick Malloy for third base; Ed. McLeod, first base; George Burden, catcher; and John Doherty, shortstop. The Marathons will probably line up as follows: Fred. H. Peters, pitcher; Rootes catcher, Bradbury at base, Ramsey 2nd base, Titus 3rd base, Copeland, s. s., Clawson, c. f., D. Malcolm, l. f., J. Malcolm, r. f. On Saturday Murphy will pitch, with McLeod as his backstop.

AT CITY HALL

The harbor board of the common council is meeting this afternoon to consider the draft agreement drawn up by Recorder Skinner in connection with the proposed transfer of the Carleton shore lots to the government. The board will also deal with the matter of dredging at Sand Point. It appears that the cleaning up of the basin between the present wharves has been discontinued, and the board will probably ask Gen. Mr. Pangle that this work be finished as soon as possible, so as not to interfere with the shipping.

SEND THEM BACK TO NOVA SCOTIA

Boston Judge Deports Two Boys on Larceny Charge

Boston, July 15.—(Special)—Judge Harris this morning in the case of Beniah L. Harris vs. Edward A. Harris, Absolute divorce was granted on the usual grounds. The parties belong to the firm of Sitson Cutler & Co., has been here looking over the side of the Aberdeen mill property owned by Donald Fraser & Sons. It is rumored that the firm may purchase it and establish a mill. The St. John Cricket Club arrived this morning and are playing Fredericton at Scully's grove under ideal weather conditions. St. John went to last night and piled up a total first of 110 runs which Fairweather put on 47. Fredericton will go to the bat after luncheon.

DOCTORS CHOOSE THEIR OFFICERS

Dr. Ferguson of Moncton Now Heads the Maritime Medical Association.

Charlottetown, P. E. I., July 15.—(Special)—The officers of the Maritime Medical Association were elected today as follows: President, Dr. W. A. Ferguson, Moncton; vice-presidents, Drs. J. G. McDonald, Amherst; A. G. Ferguson, Dalhousie; A. A. McLean, Summerside; treasurer, Dr. G. G. Corbett, St. John; secretary, Dr. G. G. Melvin, St. John. Papers were read by Dr. Jardine of Summerside, on inflammation and rheumatism in childhood; Dr. A. McNeill of Summerside, on exanthema with antitoxins; Dr. Montzambert, Dominion health officer spoke on tuberculosis, advocating diet and prevention of disease; and Dr. Windor, in dealing with prevention in diseases said the federal government should manufacture serums. The question was discussed by Lt. Col. Dr. Jones, director general of the Medical Service for Canada, that an antituberculous campaign should be directed exclusively by medical men.

ANOTHER "TERRIBLE" WRESTLER COMING

Chicago, July 15.—It is announced that Zybko, the Galician wrestler, has been secured to appear in this city and will start for America soon. Zybko was first mentioned as the opponent to be fought at the big event, during the night Alexander was awakened by an unearthly crash and as he admits harboring antipathy toward ghosts he diagnosed his ailment as another attack of ghostitis.

WESTON'S FEAT A REMARKABLE ONE

He Was Behind His Schedule from New York to Frisco, but His Achievement Was a Wonderful One.

New York, July 15.—Although taking 103 days and some hours for his walk from the Atlantic to the Pacific coast, five days more than he had allotted for the transcontinental trip, Edward Payson Weston's long walk from this city to San Francisco which he finished last night, ranks as one of the most notable pedestrian feats ever accomplished. It is the first time that a bona fide walk has been made across the American continent. Weston's walk was a stress on the fact that he walked over railroad bridges in the far west instead of resorting to the ferries, and declared that arriving in Oakland he would walk an additional five miles to equal the distance across the bay to San Francisco, as he found it necessary there to resort to the boat to reach his desired haven. It had always been Weston's ambition to make a walk across the American continent, and the fact that he has come into his 71st year is fitting culmination to his long career of triumphs with which the name of Weston is undeniably associated. Had Weston ever dreamed of the difficulties he encountered, it is possible, as he admits, that he would not have attempted it. He left New York, starting from the post office building on March 16. Almost from the start he encountered bad and severe weather conditions. His walk up the state, and in fact almost until he arrived in Toledo, was constantly being against adverse weather conditions, with severe snowstorms and cold rains, making the roads at times almost impassable. Going through Pennsylvania and Ohio he found the roads so horrible that automobile with his attendants was unable to proceed through the desert beyond Salt Lake City was deprived of the changes of clothing and necessary supplies carried along for him. Practically all of Weston's walk from Greeley to Oakland, and done on the railroads of the Southern Pacific Railroad. In Wyoming his troubles multiplied to such an extent that had it not been for the timely aid rendered by the officials of the Southern Pacific R. R., in sending along from Ogden an assistant on a railroad vehicle carrying milk, eggs and other nourishing foods, it is doubtful if Weston would have survived the heat and storms encountered day after day. Previous to this aid Weston had almost despaired of his journey. Towns were far apart, food and water of good quality were impossible to obtain and for many days he walked hours without proper food and drink. The heat going through the desert beyond Salt Lake City was intense so that most of his walking was done at night, but even then the miles were reeled off with extreme difficulty. Then came the arduous snowshoes over the Sierras in Nevada and here the assistance of the railroad was indispensable for otherwise Weston would have found it a superhuman task. But his grit and determination to reach San Francisco triumphed over all obstacles, and when he entered California the remainder was easy.

THE FISH MARKET

The supply of fish in the markets today is fairly well up to the average, with the exception of salmon which are becoming less plentiful every day. The season for this species of fish lasts until the 15th of August but it very seldom happens that any are caught or fished for after the middle of July. The prices prevail as follows: Salmon 16 to 24c per pound; flounder, 15c; haddock, and cod, 5c; smelt, 10c; finnan haddies, 7c per pound; shad 20 to 30c each; mackerel 15c each; kippons 24c per dozen.

ARE ABOUT UNCHANGED

Glouce Bay, July 15.—(Special)—The output of the mines yesterday showed a slight increase over that of the previous day. Thirty or forty men arrived last night from outside points to work. The U. M. W. claim to have offset this by defections from workmen. They claim to have initiated a number of P. W. A. men at No. 1 last night here, but were taken to the depot to the East Coast Reserve by Supt. Alex. McEachern for refusing to move off the Coal Company's property. Disgraceful scenes were witnessed this morning when a woman charged with assaulting Magistrate Ratchford of No. 4, on the 7th inst., was brought into town by the company's constable, named Schofield. She was in an open train, and most of the time Schofield was sitting on the woman. This morning the case of two company constables, charged with assaulting a man at No. 2, was continued in police court last Friday, other cases being disposed of on Friday today.

WILL DISCUSS THE GLACE BAY STRIKE

Union of Canadian Municipalities Will Probably Have it at the Next Meeting

Halifax, N. S., July 14.—(Special)—It is more than likely that the Union of Canadian Municipalities, which meets the last part of the month in Calgary and Medicine Hat, will deal with more than one phase of the big strike at Glace Bay. One question will be brought up and will probably be one of the most discussed questions coming before the meeting. Mayor Young of Glace Bay has decided to send a stated case to Comptroller J. J. Ward, Toronto, who is president of the Union of Canadian Municipalities in Canada. Halifax will send a delegate, probably Mayor Chisholm.

EXPERT DIAMOND "NIPPER" CAUGHT

Slick Diamond Thief Wanted in Windsor, Ont., Nabbed in Los Angeles.

Los Angeles, Calif., July 15.—(Special)—Fritz Dietrich, alias "Nipper," a Canadian one of the cleverest diamond thieves in the world, wanted in Windsor, Ontario, for thefts of gems and money, was arrested here yesterday, after a violent struggle. He is particularly wanted for robbing P. L. McArthur, of the Sovereign Bank of \$1,572. Chapman yesterday made an effort to nip a valuable diamond from the shirt-front of a visiting Elk at the Cavston ostrich farm, and was nearly mobbed for it. The intended victim raised an outcry and Chapman made an effort to escape. He was caught after a long chase. Altogether fourteen diamonds were found on him, most of them showing they had been nipped from their pins or settings.

GOLDEN GROVE GRAVEL PIT

Alfred McGoldrick, chairman of the board of public works and superintendent of streets Winchester, yesterday visited the gravel pit on the Golden Grove which has been acquired by the city. The alderman reports that the material to be obtained there will be excellent for roadmaking. Some of it is now being used on the Ashburn road and it is said to be first class in every respect. It is proposed to haul a large quantity of it to the city during the winter months when the city has little to do and to use it in the spring for improving the residential streets.

SATURDAY'S RACE

Arrangements for Saturday's Class A. Race at Milledgeville.

There appears to be considerable misapprehension regarding the conditions of the Class A. race on Saturday, as to the time allowance and crew. This is the regular Class A. race, and will be sailed under the same conditions as regards time allowance and crew as the Ruel Shield races of past years. The trophy was finally awarded to Canada last year and is out of competition. This race takes the place of the Ruel Shield Race, and is under the same conditions, except the course. The course for this race was specially arranged so as to be as far as possible in sight of the club house. The prizes (first, pennant and \$80.00; second, \$50.00 and third \$40.00), will be awarded under the old (Seawanhaka) rule. A good number of entries in this class is a good race, as rivalry in this class is keen. While this race is under the old rule, and the old regulations as regards time allowance, number of crew, etc., will apply to all the yachts starting, a test of the Universal Rule will be made by five of the boats which have been measured for this purpose. These five yachts, Canada, Louvina, Possum, Rena and Vagabond, will have their time made up under the Universal Rule, and a special prize will be awarded to the winner under this rule. It is possible for one of these boats to win two prizes in this contest, one under each rule, as the standing of a boat under one rule will not affect here in any way as regards the other.

BAPTISTS DISCUSS UNION OF THE HOME MISSION WORK

Fredericton, July 15.—(Special)—The second day of what is without doubt the greatest association of United Baptists New Brunswick has ever seen, opened this morning at 8.30 by an enthusiastic devotional service, led by Rev. I. E. Vanwart, of Arthurville. At 9 a. m. the business session began with prayer by Rev. J. N. Barnes, of Hartland. Rev. D. Hutchinson, of St. John, opened the discussion on change in home mission work. He moved a resolution prepared by Rev. W. Camp, of St. John, saying that the strong feeling of the majority of the ministers and laymen was that the interests of the Kingdom would be best served by uniting the home mission work of the maritime provinces under one board. The union would gain in funds and oversight and in accord with the spirit of the day, therefore urging that steps be taken at the convention to complete the union. He said in support of the resolution that the union had been very successful in the upper provinces, increasing the offerings from \$6,000 to \$30,000 and enlarging the work greatly. Rev. F. E. Bishop, of Fairville, in recording the resolution, said that he considered it useless waste to keep up two organizations. It was "business to have union. In union there was strength. Dr. McIntyre took issue with the resolution and said that while the upper provinces were quoted as examples of the success of union, yet Baptists there were only about one in four of the population, while N. B. was the only province where they out-distanced all others. The close impact that was given must account for it. The American association had also prospered under this system. He moved the following resolution: "Whereas the proposals made would mean the disintegration of the association and that it was sound policy to keep that which comprised the corporation therefore the association declined to enter into any arrangements which would take home missions work from the hands of the local board." The amendment was recorded by Deacon D. C. Parent of Upper Queensbury. Rev. R. J. Colpitts of Point de Bute said he was a New Brunswicker and urged Maritime union because these provinces were a unit. For economy both in men and money and for efficiency it was necessary. He regretted that such a note should be sounded as differences between the provinces. He moved an amendment to the convention and report at the next meeting. It was seconded by Rev. E. B. McClatchey of Moncton who believed we should take a year's consideration. The discussion was laid over.

THE TIMES NEW REPORTER

WHO ARE THESE PERSONS? NOT SO VERY LARGE So far as can be learned today the Conservative majority in St. John county will only be 349/846. These are the Standard's figures, based on reports from members of its staff in the field.

DOCTOR MURDOCK'S PATIENT

The many friends of the Ludlow will be pleased to learn that the \$70,000 beauty is still able to go out, though it was feared some weeks ago that she would have to enter Rodney Hospital for special treatment.

FOR PICKET DUTY

The city water department is looking for men. It wants them for night as well as day duty. It wants enough of them to make a line of pickets along the whole line of the reinforced concrete water pipe between the city and Loch Lomond. This pipe has broken out again, and must be watched constantly. The job will be a permanent one, or will last until such time as all the pipe has been replaced by pipe that is of a quiet disposition. Wages no object.

BIRDIE IS DELIGHTED

The lovely Miss Birdie McWhat went down the slide at the Every Day Club playgrounds last evening, after the boys had gone away, and was delighted with her experience. She says it is much more exhilarating than lawn tennis, and it is her intention to take a number of her friends down to enjoy the experience.

PERSONALS

A. E. G. McKenzie, Campbellton, is in the city. E. J. Murphy, of Halifax, is at the Royal. H. M. Wylie, of Halifax, is in the city, a guest at the Royal. Frank Robert and Edward Harrigan and Robert Walsh, of Boston, are visiting their aunt, Mrs. Thomas McKenna, west St. John.

Get Saturday's Times for opening chapters of 'THE MESSAGE,' Louis Tracey's great romance.

The Artillery Band will meet at the room tonight at 7 o'clock sharp. Helms will be worn.

British steamship Newport News, Captain Parker, left this port last night at 8 o'clock for Brown Head for orders, with a cargo of coal.

WANTED—GIRL FOR GENERAL housework. References required. Apply during the day to DR. MANNING, 125-1/2 German street.

SPECIALY PRICED AT \$1.00

LaF NO 273

A stylish and charming new model, for medium and petite figures, combining the advantages of the girle top, with those of the medium long hip corset.

Produces lines of exquisite shapeliness and grace, imparts absolute comfort and a superb figure.

Made of Imported Oeutil, rust-proof boning throughout, one of the best sellers ever made.

On sale at your dealer, if not, write for Descriptive Circular

DOMINION CORSET CO., Mfrs. Quebec, Montreal, Toronto.

..The Fad for Fencing..

By AUBREY NEWTON.

"Dear Stan: There's not a word of truth in it, as I telegraphed you, and don't read the papers. If you could see the headlines. 'What the New Women's Fad for Fencing is Leading to,' and the fencers dragged into it, and my picture in fencing clothes—oh, don't look at a single paper until I tell you—why did you leave me? Why did you leave me in the care of your 'dear little chum'?"

Early Tuesday morning he sent over from the hospital with a note asking me to go with him to see "Sherlock Holmes." Well, we went.

There's lots of high lights and lots of ink darkness in that play, and it's a play where you want to watch the stage every minute, but right in front of us sat Amy Wilnot. You remember she was the girl who fenced with me in the tournament last spring; the one who was so angry with the fencers for something Crawford said about a foul thrust. She's gone on the stage, and is to lead in a new company.

She wore a black hat with three enormous plumes, so that neither Herbert nor I could see at all, and we couldn't change our seats and she refused to take it off.

Finally Herbert wrote on the margin of his programme: "How much longer are we going to stand it?" And I wrote back: "If I had a pair of scissors I'd cut them off."

Well, just then the lights were turned down in the house and on the stage, and I felt Herbert lay something heavy and cold in my hand—a huge pair of cartilage scissors, that he had in his pocket when he left the hospital. I felt them.

"Dear you?" he whispered.

Now comes the horrible part. Stanley, you know I never could take a dare. I didn't mean to cut off her feathers—I wouldn't do such a thing. I only meant to pretend. I lifted the scissors—the dark, you know—and opened them close to the feathers, and the deadly things must have been razor. Before I felt—oh, how I shuddered. I'd have given my life to put those feathers back. But there they were, light and long and curling in my hand.

Nobody saw it done. Amy pat her hand to her hat as if she felt it had been posted, but she did not feel that the feathers were gone. Well, Herbert was enchanted, and the play went on. We saw very well after that. But I felt—oh, how Herbert written to you? He insists on treating it all like a joke.

Finally the play came to an end. Everybody rose to leave the theatre, and I touched Amy Wilnot on the arm. "It's an very sorry," I said. "But I cut the feathers before—Herbert could stop me."

She stared a moment, and then her hand went up to her hat. I could hear Herbert catch his breath. I can see her face, the bewilderment changing into indignation, the—oh, the everything—the people all pouring past us, dropping their programmes, putting on their wraps, laughing and criticizing the play.

Then Herbert put his cap in and started to take all the blame, but she turned squarely away from him and said to me in a voice choking with rage: "You shall pay dearly for this little joke. I demand an apology."

"With all my heart," I said. "I feel worse about this than you do. I am not speaking about the hat," she exclaimed. "I want you to make your fencer's friend—you remember whom—retract what you got him to say against my fencing in the tournament—to retract it in print."

Then I was angry. Stanley, I drew my self up and said: "I had nothing to do with the judging. Miss Wilnot, but that has nothing to do with this, for which I am horribly sorry, and I'm ready to do anything to prove it."

Miss Wilnot did not lift her head, but she raised her eyes so that they met mine squarely. "Are you prepared," she asked, "to try that counter-thrust over again without the buttons on your sword?"

"Hold on," said Herbert; but I put him aside and said: "Whenever you choose."

"Then come here to the theatre tomorrow morning at 10.30. I have a rehearsal at 11, and a little practice beforehand will do me good. We shall have the stage to ourselves."

"I see you are bound to have your little joke."

"That's all, Stan. Herbert and I got out, and the rehearsal took place as if nothing had happened, except that Amy Wilnot is now a heroine, and it appears that we are both in danger of being imprisoned. Do you see the blurred places all over this letter? It isn't the blotter, Stan, it's tears."

Now I've told you the whole truth, and if you disapprove of my part in it you are free to consider our engagement at an end.

"Come in. What is it? I won't see anybody. I won't! Oh! oh—Stan—Stan—dear—is it really you?"

Fashion Hint for Times Readers

COIFFURE WITH PUFFS. Curly are at a premium this summer, and the curly haired girl is fortunate in that she need not spend hours with her curling iron, as do all the rest of her sisters. The hair is shampooed frequently in hot water sprinkled with soda to produce a light, fluffy effect, and this softness is curled and puffed loosely and combed. The evening coiffure shown is in the French fashion—with a larger effect on one side. The hair is drawn back loosely without a "rat," and the ends are rolled into puffs which are pinned high on the head. A black velvet "s nood" and a white satin rose complete a very charming arrangement.

RAILROADS TO OPEN UP A NEW CANADA

Development of Old Territory of Hudson Bay Company in Alberta Goes Steadily Forward—Arctic Pleasure Trips Suggested in Report

Edmonton, Alberta, July 13.—What some men believe to be a new Eldorado of commerce is now beckoning through the half opened gateways of the real northland of Canada. The recent action of the Alberta government in securing railways that are to be built into the north country in the next five years marks only the latest and most significant step.

One of these railroads will penetrate the broad fertile valley of the Peace river, while another taps the immense waterway of the Mackenzie, upon which there will be long established a tourist steamship service to the Arctic. Work is already begun upon the railway to connect Edmonton with Fort McMurray.

The reason for the delay in opening this territory, so at least western Canadians agree, is that this north is the greatest fur bearing country in the world and the trade dies in a country where gates are hung open to settlement. It is so obvious it scarcely needs retelling that the whole policy of the Hudson's Bay Company was planned to retain the west as an immense game preserve for their own benefit for the company of gentlemen Adventurers trading into the Hudson Bay and for its modern successor.

Even after the formal transfer of its holdings had been made to Canada strong traces of the company's new policy lingered in high places and low.

RAILROAD GUARANTEED.

The important step just taken by the government in guaranteeing hundreds of miles of railways into the north was shadowed last year by a publication of the Edmonton board of trade concerning the outland trails of this region. This work, begun for local use, has had results outside of Alberta.

Numerous enquiries received in Edmonton about the possibilities of the Edmonton route to the Finlay River gold fields, together with the increasing number of people going into the North country, last year, aroused members of the board of trade to a sense of their responsibilities as residents of a city that will always be the meeting place of the North and the Western trails. The selected J. K. Cornwall and H. M. E. Evans, two men to whom the outland trails are open books, to make a report and this when completed was pronounced the most striking document yet published by any Western body. The time table is a unique affair—a concise and accurate showing of every main trail and route; the mode of travel, by steamer or zow, wagon pack train or dog train; the meals, freight, time of departure and arrival and sleeping accommodation.

The report combines the primitive, the frontier—the stops at Johnnie Stone's at Shaganappi and Lewis' half-way house, Devil's canyon in the Rockies and stern forts in the Arctic regions—with hands-on preswork done by a plant that is the evolution of a box of nonpareil type and a hand press brought over the prairie in an ox cart 27 years ago. The territory covered is from Edmonton north to the Athabasca and the Mackenzie to Fort Macpherson near the Arctic shore—190 miles from Edmonton—and from Edmonton northwest through the Peace river country to Fort Graham in the Finlay district—78 miles.

MILLIONS OF CELLS

The human body is composed of countless millions of cells. These cells are constantly dying and new ones are being created. Dead cells are removed from the blood by the bowels, kidneys and skin. These great eliminating organs filter this waste matter from the blood, and thus purify the blood.

If there is constipation, or non-action of the bowels—if the kidneys are strained or weakened—if there is defective skin action (then the dead cells are not removed from the body. The blood thus becomes loaded with impurities, and we suffer for it.

The only way to purify the blood is to cure the skin, bowels and kidneys. When these organs are healthy and doing their work as nature intended them to do, the waste matter is promptly removed and the blood is kept pure and rich. "Fruit-tives"—the famous fruit liver tablets—act directly on the skin, the bowels and the kidneys. "Fruit-tives" purify the blood because they keep the whole body strong, vigorous and healthy. 60c a box, 6 for \$2.50, or trial box, 25c. At dealers or from Fruit-tives Limited, Ottawa.

on the open range all winter. It is in this region that an immense ranch has recently been secured by Williams, the cattlemen, judging from a report which Roosevelt in the ownership of his western ranch.

Already at Fort Vermilion, which lies 600 miles north of Edmonton and railways, Sheridan Lawrence threshes each year with his own steam threshing machine to 10,000 bushels of wheat.

THREE BODIES IN SAME GRAVE

Slain Members of Christie Family at Oak Hill, Charlotte Co. Are Interred Together.

St. Stephen, N. B., July 14.—The bodies of J. W. Christie, wife and daughter, who were murdered in Rudolph (S. D.), about ten days ago, arrived at Moore's Mills today and were taken to Oak Hill, where they were interred.

It was a sad sight to see three bodies of a once happy family, occupying one grave, judging from a report which was given in solemn procession to follow them to their last resting place.

This caused amazement to every man in the audience, even if Mr. Maxwell did not, but that the bridge in question was in place eight months before the Haasen administration came into power, and so it proved that he had chosen the wrong place for the site of the bridge, and that the representation. The net result of Mr. Maxwell's blunder will be the loss of some votes which were to have gone to Mr. Mosher, for the people like fairness.

Being quite a long distance removed from the Suspension bridge, Mr. Maxwell's blunder will be quite safe to attack James Lowell, M. P. P., in connection with it. He condemned Mr. Lowell because he opposed patching that structure and favored the erection of a new one. In the eastern end of the county this grudging attack on Mr. Lowell will do little good to the Conservative candidate as the Tynemouth bridge blunder story in the western end. Mr. Mosher will probably wish Mr. Maxwell had stayed in St. John.

MAXWELL MADE A SERIOUS BREAK

His Visit to St. Martins is Likely to Cost the Conservative Candidate Some Votes

Hon. Robert Maxwell, who on Tuesday night spoke at Fairfield, St. Martins parish, in the interests of the Conservative candidate, judging from a report which reached the city yesterday, succeeded in doing his cause more harm than good. In his estimation the future of the bridge, but each year sees a growing number of scientists, surveyors and writers make the trip. With the exception of a portage 16 miles long, when passengers are driven in carriages; and a stretch of 260 miles in open scows, the trip is made in the comfortable steamers belonging to the back country, travelling. In fact, when the Alberta & Great Waterways railway is completed from Edmonton to Fort McMurray, a line of steamships will be put on the northern rivers and the 2000-mile trip to the Arctic and its mid-point can be made in three weeks.

As yet no one has taken the trip down to the Arctic from Edmonton for pleasure, but each year sees a growing number of scientists, surveyors and writers make the trip. With the exception of a portage 16 miles long, when passengers are driven in carriages; and a stretch of 260 miles in open scows, the trip is made in the comfortable steamers belonging to the back country, travelling. In fact, when the Alberta & Great Waterways railway is completed from Edmonton to Fort McMurray, a line of steamships will be put on the northern rivers and the 2000-mile trip to the Arctic and its mid-point can be made in three weeks.

The portion of the trip made in scows is perhaps the most interesting, because there the heavy boats are hauled by ropes up the Athabasca river by men "trailing" along the banks of the river, as they have done for the last two centuries in the pursuit of the fur trade. This mode of travel is scarcely to be seen anywhere else in the West now, though formerly common.

THE FIGHT AGAINST THE WHITE PLAGUE

Board of Health Will Distribute Pamphlets Showing How to Combat the Disease

At a meeting of the board of health yesterday the committee on tuberculosis matters, consisting of Dr. Daniel and Dr. Pratt, made a report. They submitted literature which they had drawn up dealing with the best means of treatment and prevention of the disease. This literature will be distributed in pamphlet form to be distributed in the schools and to the general public.

All doctors in the district will also be notified that, under the act they are kept to report to the board of health on all cases of tuberculosis under their observation. Books for the entry of particulars relating to such cases will be kept at the office of the board. It was decided to proceed against all milk vendors who have failed to take out a license for 1910. Twenty-four names in all will be handed to the counsel for the board to be proceeded against in the court. All shopkeepers who are selling milk from other than earthenware crocks required by the act, will also be proceeded against.

A good part of the meeting was taken up with the consideration of the inspectors' reports. Six have finished their final inspection, and three are yet to finish their last round.

NATIONAL DIVISION S. O. F. TO MEET IN ST. JOHN NEXT YEAR

Worcester, Mass., July 14.—The National Division, S. O. F., of T. O. F. has opened here this morning with M. W. P. J. O. McCarty in the chair. A goodly number of representatives were initiated.

Rev. Mr. Noon, who last year was appointed to attend the National Division of England, made a lengthy report.

An invitation was extended by the G. W. P. of New Brunswick, E. S. Hennigar, for the National Division to hold the next session in the city of St. John, and was accepted.

The New Brunswick Kennel Club is making preparations for a bench show to be held here in September, when it is expected there will be an unusually fine collection of dogs on view.

WHERE'S THE MISSING CASH? MR. FLEMMING WILL HAVE TO ANSWER

Mr. Flemming says the province had a surplus of \$44,409 at the close of the fiscal year 1908. This he says was a real, not a paper surplus.

In a return laid before the house on March 30, 1909, of the bank balances at the close of each month during the previous fiscal year the cash on hand in current account on October 31, 1908, was \$36,215.

In whose hands was the \$8,194, difference between the surplus claimed and the cash on hand? Mr. Flemming says there are no suspense accounts. If this is true who got this \$8,194?

The total balance on hand in favor of the province, October 31, 1908, is given by the Auditor-general as \$136,956. The bank statement at the same time shows only \$118,997 on hand—a difference of \$17,959.

Who has the difference between the money in the banks and the balance shown on the books? It is up to Hon. J. K. Flemming, who says there are no suspense accounts, to explain these very serious differences between his so called balances and the actual cash in the banks.

FERNIE UNION REJECTS THE FINDING OF THE ARBITRATION AGREEING TO ABIDE BY IT.

Lethbridge, July 14.—The trouble between the miners and coal operators is not yet over. According to an agreement recently signed, the matters in dispute regarding the differences in pillar work at Hill Crest mine were to be settled by arbitration. Steps were immediately taken to have the trouble settled. The miners, nominated Rev. R. H. Grant, of Fernie, chairman of the conciliation board of the big strike, and the operators accepted the nomination.

Mr. Grant made a decision that upheld the contention of the company, and the board of District No. 18 Union met at Frank yesterday and refused to accept the award.

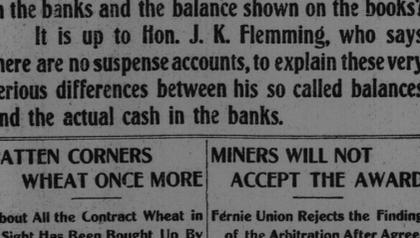

The trouble at Hill Crest, therefore, is as bad as ever, and as the act of the miners' board is a violation of the agreement recently signed, it may be that the whole agreement may be set aside.

ONTARIO'S NEW FOURTH READER NOW ON SALE FOR SIXTEEN CENTS

Toronto, July 14.—The new public school fourth reader, published for the Ontario government by the T. Eaton Company, was delivered at the board of education office today. They cost sixteen cents, compared with forty cents for the old ones, until a year ago, when the old one was reduced to seventeen cents. They are very superior in appearance to the old ones.

Don't drug the stomach, stimulate the Heart or Kidneys. That is wrong. It is the weak nerves that are crying out for help. Vitalize these weak inside controlling nerves with Dr. Shoop's Restorative, and see how quickly good health will come to you again. Test it and see! Sold by all Druggists.

THE TIMES DAILY PUZZLE PICTURE

Month that's famed for fierce calorific. Month of glory that historic. Month of cramps and pangs. That's July!

Month of baseball feud. ANSWER TO YESTERDAY'S PUZZLE. Position wanted—Maiden lady as housekeeper.

ANOTHER INSTANCE OF QUESTIONABLE CONSERVATIVE WORK

The Conservatives seek by all means, fair or foul, to bolster up their falling cause. Here is one instance.

The Standard published, in its list of names alleged to be signed to the Mosher nomination papers, the name of Samuel Toner, of Missep. Mr. Toner said yesterday that he did not sign Mosher's nomination and he did not authorize his name to be used. How many more were there like this?

STRAIGHT PARTY FIGHT

When did a provincial government ever send six of its members into one small county to take part in a political campaign? Why should such eagerness be manifested by a premier who already has a large majority in the house?

There are two reasons for the course pursued by Mr. Hazen. One is that his candidates were defeated in two by-elections since the provincial elections were held. The other is that he is still smarting under the defeat of the Conservatives in the federal elections, and seeks now to deliver a blow at the prestige of the minimum his colleagues and supporters and they swarm over St. John county to oppose Mr. Bentley, the Liberal candidate.

Let the issue be fought out squarely between the Liberals and the Conservatives in St. John county. Let the Liberals show Mr. Hazen that with all his army of Conservative speakers and heeled, imported into the county, he cannot turn them aside from their allegiance or swing St. John county into the Tory column.

FIGHTING THE LIBERALS Hon. John Morrissey has been brought into St. John county to endeavor to persuade Liberals that they should support the Conservative candidates. Mr. Morrissey has ceased to have any influence among Liberals, so far as provincial politics are concerned, and also remember that the resources of his department were used against Liberal candidates in the federal elections.

Mr. Morrissey should be ashamed of his present political company, for they wanted to get rid of him as soon as the Conservative government came into power. "Fighting John Morrissey" is today fighting the battle of the Conservatives, and therefore cannot influence Liberal voters.

The Times in this campaign has sought to keep the issue clear, as between the Liberals and the Conservatives, for if the Liberals allowed themselves to be deceived by Mr. Hazen and his colleagues they would have great cause to regret the course pursued.

Mr. Hazen does not need a supporter from St. John county. He already has a large majority in the house. But he wants to capture St. John county for the Conservatives. That is why six members of the government, two Kings County members and a group of Conservative lawyers from this city have been sent into the county. If they could succeed in electing Mr. Moshier the result would be hailed by Conservatives everywhere as a great victory for their party.

Liberals of St. John county—stand together! The Standard, which set out with fine professions of its determination to be a fair newspaper, has developed into the most ordinary and unreliable type of political organ. It seeks to advance the interests of the Conservatives by gross misrepresentation of the facts about Liberal meetings. The Liberal meeting at Milford last evening was larger in point of attendance and there was much more enthusiasm than at the Conservative meeting the night before.

General Hazen and the Albert county incident in which a Liberal was persecuted by the Conservatives. Nor did he hesitate to talk plainly about the Dickson affair in that county. In the face of the facts, Mr. Hazen's professions of high political impartiality and rectitude are scattered to the winds.

At the beginning of the county campaign the Standard said that Mr. Bentley was not well known, and sought to convey the impression that his candidacy would amount to very little. But the time has changed. Mr. Bentley finds himself honored above all former candidates. Six members of the government and five other members of the legislature are summoned to oppose him. He is evidently regarded now as anything but an obscure man.

Everywhere throughout the county the Liberal meetings are marked by large attendance and great enthusiasm. Mr. Bentley should have a large majority, despite the unprecedented efforts made to deceive or cajole or otherwise influence the Liberal vote and turn it in favor of the Conservative candidate.

Hon. Mr. Maxwell, at Fairfield, is said to have given credit to the Hazen government for a bridge built by the late government. Mr. Maxwell is reckless in his statements, and in this case the people he was addressing knew all about the bridge in question. They will measure the accuracy of his other statements by this one.

Mr. Maxwell supported Mr. Lowell's contention in regard to the St. John county highway act when Mr. Maxwell was in opposition. He got into power and then turned a somersault on the highway question.

The Hazen government has work done and supplies purchased by tender when it is not politically necessary to pursue a different course, as at the Suspension Bridge and the Provincial Hospital coal contract.

Mr. Bentley observes that he has not been promised a place at the public crib. Mr. Moshier may not take this to himself, for the promise he is said to have received was broken.

The Conservatives, even with the aid of Hon. Mr. Morrissey and the Globe, must not be permitted to confuse the issue. This is a contest between Liberals and Conservatives for supremacy in St. John county.

St. John county Liberals will elect Mr. Bentley next Tuesday. They will not permit the Conservative attempt to discredit the minister of public works to be successful. For that is what the Conservatives seek to do.

The clear, dignified and forcible speech of Mr. Bentley at Milford last evening proved to his hearers that he will make an able and worthy colleague of Mr. Lowell in the legislature.

The blare of trumpets will not be heard in the Tory campaign in the county. The band incident has been traced to its true source.

A vote against Mr. Bentley is a vote for the political enemies of the minister of public works, who has done and is doing so much for this constituency.

Hon. Dr. Landry has not yet arrived to join the Hazen agricultural commission now operating among the farmers in St. John county.

A vote for Mr. Bentley is a vote for the cause of Liberalism in St. John county and in the province. Mr. Lowell has proved a faithful and valuable representative. Send Mr. Bentley with him to Fredericton.

"THE CLOAK OF GRAY"

Love's a pilgrim clad in gray, And his feet are bare and bleeding; Have ye seen him pass this way? Sincerely pleading, 'Ye that weep the world away Have ye seen King Love today?

Yes, we saw him; but he came Poppy-crowned and white of limb, Song and laughter in his eyes; And his eyes were dimmed and dim; And we kissed the hours away Till his feet grew red as the day.

Hath he left you? Yes, he left us A little while ago; Of his laughter quite bereft us, And his limbs of snow; We know not why he went away, Who ruled our revels yesterday.

Because ye did not understand Love cometh from afar, A pilgrim out of Holy Land, Guided by a star; Last night he came in cloak of gray 'Begging'—'Ye knew him not? He went his way.'

A GOOD OPPORTUNITY. "Tom" is coming down on Saturday. I wonder if that would be a good time to see him? Yes, when ma tells him what she's spent down here, he'll be glad to get rid of the lot of us!—Comic Club.

HE UNDERSTOOD. "The fellow across the aisle laughs up nastily at every other law joke the comedy duo springs." Oh, that's finished, who that fellow is? He's the fellow who's been living off his wife's folks ever since he married.—Kansas City Journal.

LOGICAL RESULT. On the notice board of a church near Manchester the other day the following announcements appeared together: "A pot pie supper will be held on Saturday evening." "A Night of Agony."—Manchester Guardian.

WELL DEFINED. In answer to a teacher's question as to what constitutes an "optimist" and a "pessimist" came the following reply: "An optimist is a man who is happy when he's miserable, and a pessimist is a man who is miserable when he's happy."

SOURCE OF JOY. Today when I got out of bed, I nearly jumped with joy, And shaking hands with me, my boy? You ask me why I did this behavior? The reason's simple, and it's true; It was I hadn't got to sleep, 'Til I shaved myself last night.—La Touche Hancock.

KNOW THE BAD PLACES. A crabbed bachelor and an aged spinster one day found themselves at a seashore. The spinster was apparently unfamiliar to the gentleman, but when Mendelssohn's Wedding March was being played on the piano, "That sounds familiar," he exclaimed. "It's not very strange," replied the spinster, "but that's very good. What is it?" The spinster cast down her eyes. "That's the 'Maiden's Prayer'."—Chevrolet Leader.

BAPTIST CONFERENCE IS DOWN TO BUSINESS

Gibson, July 14.—The United Baptist convention opened at 2 p. m. with devotional exercises, Moderator Lamb presiding, after which the committee on by-laws reported through its chairman, Rev. R. Barry Smith. The Laymen's Missionary Movement committee is as follows: J. W. Spurgeon, J. E. Slipp and Rev. R. B. Smith. (Continued on resolution—Rev. H. G. Kennedy, H. H. Saunders, E. C. Corey, J. Colpitta, and S. W. Foster. Ordination committee—Rev. D. Hutchison, Dr. McLeod, E. E. Bishop, E. B. McLatchey, R. W. Ferguson, B. H. Nobles, W. R. Pincombe, F. T. Small, W. N. Snelling, C. W. Townsend, and W. L. Margenon and Alfred Slipp. Rev. Mr. Stebbins, Methodist pastor of Gibson, who was present, was invited to a seat. It was resolved to take up the matter of home mission work tomorrow at 9 o'clock. Rev. Mr. Snelling, of Howells, then delivered a strong sermon from the third chapter of Genesis and the last part of the third verse. A communication from the third district was read, requesting the association to examine for ordination J. H. Fudington, D. A. Hopper, T. L. Jackson and M. L. Orchard, and if satisfactory to ordain them. The women's meeting this afternoon began by a half hour's devotional service, led

by Mrs. J. H. McDonald, of Fredericton, after which Miss Knowles, of Nova Scotia, missionary-elect, addressed the meeting. A very interesting exercise was then carried out by twelve girls from the Fredericton mission board, under the direction of Mrs. Havlock Coy, after which a round table on mission board was conducted by Mrs. W. E. McIntyre, of St. John, superintendent of mission boards. Miss Minnie Gibson gave a well rendered solo, Mrs. Archibald, returned Indian missionary, then addressed the meeting most interestingly. The following officers were elected: President, Mrs. J. H. McDonald, Fredericton; vice-president, Mrs. G. W. Slipp, Woodstock; corresponding secretary, Miss Rebecca Bennett, Howells Cape; recording secretary, Miss L. J. Fullerton, St. John West; treasurer, Mrs. Thos. Robinson, St. John. The evening session of the association was very largely attended, every train and steamer bringing its quota. Rev. D. Hutchison, of St. John, addressed the meeting on home missions, in the place of Rev. Wellington Camp, who was unable to be present. He urged aggressive work. It needed more money. He asked \$10,000 more for the work in this province this year. The educational institutions were represented by Prof. Wortman, Dr. Robinson and Dr. Dewolf, of Acadia, and Dr. E. M. Kierstead, of McMaster.

one of the most prosperous farmers in the vicinity of Bridgetown. The government dredge Prince Guy, which has been dredging a channel at Red Islands, C. B., for some time past was driven ashore at that place in the big gale of Thursday last, and despite several efforts to float her she is still aground. The tug Iona went to her assistance from North Sydney and will endeavor to get her off.

The schooner Ceto, Captain Samuel Baldwin, which left North Sydney on Monday night with a cargo of 150 tons of Sydney Mines coal for Buctouche, N. B., went ashore at Man-o-War Point, Boularderie, during a dense fog early the following morning.

The steamer General Wolfe, recently purchased in England by Halliday Brothers for the Bay of Chaleur service, arrived in North Sydney on Tuesday night and proceeds to Quebec. The General Wolfe was one of the fastest of the passage across, five or six days on the Strait of Belle Isle, where she encountered many icebergs and great quantities of floating ice.

THE LIBERAL CANDIDATE IN ST. JOHN COUNTY CONTEST

A. F. BENTLEY, THE LIBERAL CANDIDATE—THEY'RE RALLYING TO HIS SUPPORT IN ALL SECTIONS OF THE COUNTY.

NELSON BEATEN BY AL. WOLGAST

The Batter Had the Worst of It at Los Angeles on Tuesday.

Al. Wolgast put it all over Battling Nelson at Los Angeles on Tuesday. The law did not allow a decision but the Batter was apparently thoroughly whipped at the end of the ten rounds. The fight by rounds was as follows: Round One—Nelson met Wolgast in his own corner and followed his usual tactics of advancing steadily to his opponent. Wolgast put a light right to Nelson's face and took a right and left to the face in return. A ripping left reached Nelson's jaw. They exchanged body blows in a clinch and Nelson reached the face with straight left. Wolgast sent a right across the jaw in return. Even round. Round Two—Wolgast reached the head with the right and went into a lively mix up in the center of the ring. Wolgast fought viciously but was backed to the ropes. Nelson fought his way to the centre of the ring with body punches. In close quarters Wolgast sent a right and a left to the head. Blood flowed from Nelson's nose. Wolgast sent two right uppercuts to the mouth as the round ended. Round Three—They went at it hammer and tongs. Wolgast landed right and left to the face and followed with a hard right to the jaw. Wolgast got a right swing to the ear, landing right and left to the head and put another left to the body and a right to the face. Wolgast showed Nelson with rights and lefts to the head and Nelson fought back for the

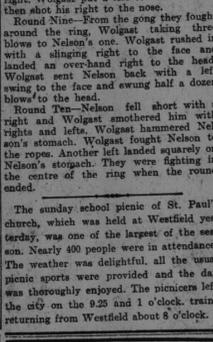

stomach. Wolgast landed repeatedly to the face and body. In close quarters Wolgast had all the better of the fight and had a big lead at the end of the round. Round Four—Both missed right swings, Nelson being first to land, getting a left to the stomach. In close quarters Wolgast sent two swift rights to the face. Nelson's left eye began to swell in this round. They exchanged body punches and Wolgast reached Nelson's head with a left. Nelson was missing and falling short. Wolgast shot a terrific right to Nelson's stomach and then landed half a dozen rights

and lefts to the face without a return. Round Five—Wolgast continued to back away at the start. Nelson landed several effective rights to the body. In a neutral corner Wolgast stopped Nelson with a right and left to the body. Wolgast showed up in this round. Round Six—Nelson continued to force his man. They exchanged lefts to the face and Wolgast put in two rights to the head. Nelson reached Wolgast's face with a right upper cut. Nelson forced Wolgast to the ropes but did not land effectively. Wolgast swung left to the head and sent Nelson back, but he came on fighting hard. Round Seven—Wolgast put a left to Nelson's eye. With head down Nelson bored in but Wolgast continued to land the greater number of blows. Wolgast landed on the head and Nelson on the body. Nelson's nose and lips were badly swollen. Round Eight—They clinched and fought about the ring in close quarters. Nelson landed hard right and left to the face. Wolgast came back with rights and lefts to the body. Nelson put right and left to the head and Wolgast reached the ear with the right. Wolgast put a left to the head and then shot his right to the nose. Round Nine—From the going they fought around the ring. Wolgast taking three blows to Nelson's one. Wolgast rushed in with a slinging right to the face and landed an overhand right to the head. Wolgast sent Nelson back with a left swing to the face and swung half a dozen blows to the head. Round Ten—Nelson fell short with a right and Wolgast smothered him with rights and lefts. Wolgast hammered Nelson's stomach. Wolgast fought Nelson to the ropes. Another left landed squarely on Nelson's stomach. They were fighting in the centre of the ring when the round ended.

The Sunday school picnic of St. Paul's church, which was held at Westfield yesterday, was one of the largest of the season. Nearly 400 people were in attendance. The weather was delightful, all the usual picnic sports were provided and the day was thoroughly enjoyed. The picnicers left the city on the 9:25 and 1 o'clock trains returning from Westfield about 8 o'clock.

Will kill many times more flies than any other known article. REFUSE UNSATISFACTORY IMITATIONS

GLACE BAY WILL KEEP THE SOLDIERS AT THE MINES

Motion for Their Recall is Voted Down By the Glace Bay Council—Colliery Output Shows an Increase—Strikers Returning at Inverness Mines.

Glace Bay, July 14.—The centre of interest tonight was the town hall, at the council's weekly meeting. When the question of the presence of the militia came up there was a crowd in the council chamber and hall, reinforced by a crowd in the street, and it was expected that some action would be taken. Councillor A. McDonald moved a resolution that in the opinion of the council, it will be necessary to retain the soldiers until the cause of the disturbance was removed. As soon as the resolution was before the meeting, Councillor Tobin rose and said that he was going to object to the motion being put as it would have to be treated as a notice of motion, but it went ahead. Deputy Mayor Tobin objected to the way the riot act had been read, the sheriff having been brought to Glace Bay in a special train the night before and the riot act having been read in broad daylight, when there was little apparent necessity for it. He spoke of the hardships endured by the women last winter and extolled them for their bravery. He said the soldiers cost \$1,000 a day. The soldiers were too much under the thumb of the coal company. Finally he moved an amendment that a meeting of ratepayers be called to consider the resolution and the question of cost. Councillor A. McDonald said that it was all nonsense about the cost of soldiers being \$1,000 a day to the town, and gave figures to show that the cost was not more than \$250. The town's 181 special police appointed by the mayor will cost as much as the soldiers. The mayor said he thought the strikers as well as the workmen in the mines should be protected. Repudiation was the only way to get clear of the expense. The amendment was defeated on a vote of nine to two, and the motion was carried on a reversed vote, so the soldiers will remain until the strike is over. An increased output of 200 tons from the mines over yesterday's output was claimed by the coal company this evening. The company claims also an increase in the amount taken from the banking stations. The steamer Ocean sailed today from Sydney for Montreal with a cargo of 7,000 tons. Other steamers are loading. Inverness, N. S., July 14.—(Special)—Good order prevails here. The company reports that 489 tons of coal were hoisted yesterday and 520 tons loaded from the bank. The strikers are gradually returning to work. A Belgian miner has been committed for trial at Port Hood on a charge of assault. The presence of the troops is having the desired effect, and they will not be withdrawn, the company says, until the trouble is settled. Ottawa, July 14.—(Special)—The opposing view of representatives of the two chief labor organizations of Canada on the question at issue in the coal miners strike in Cape Breton are set forth in the statements handed out today by J. W. Patterson, president of the Canadian Federation of Labor, and P. M. Draper, secretary of the Trades and Labor Congress. The former takes strong stand in favor of the Nova Scotia Provincial Workmen's Association against internationalism in labor organizations of Canada and the latter emphatically endorses the position taken by the United Mine Workers.

"This," said Mr. Patterson, "is the beginning of the war for the emancipation of the Canadian workman from American domination. The troops have a perfect right to be there, when there are imported Belgians going around with knives in their hands, and it is time for Canadians to have some form of protection. Where is all the money coming from? I believe when the government investigates

this strike, as it will surely do, it will find the source from which the pay of these American agitators is coming is American capitalists, rather than from the United Mine Workers. I have every confidence that there is a great conspiracy on foot, else what is bringing in all these men, some of whom do not belong to the United Mine Workers, who are willing to take their lives in their hands and do violence on the slightest urging. The mayor of Glace Bay, in my opinion, is not acting in the best interests of his citizens. He has sworn in members of the United Mine Workers as special constables, and they have arrested men peacefully at work, according to the despatches. While the Canadian Federation of Labor did not, according to this morning's despatches, ask that the troops be retained, I believe that they should be, and the Canadian Federation of Labor will give every assistance in its power to help the Provincial Workmen's Association."

"The demand for the withdrawal of the troops contains no subtlety on our part for the use of violence when they have been withdrawn," said P. M. Draper. "Violence in any form is against every principle of international trades unionism. The mayor of Glace Bay was overruled by the county judge after the council had decided asking for troops. One has only to read the militia act to see that the mayor of a city is in supreme authority in a case of this kind."

"We had James Simpson, of Toronto, our second vice-president, on the ground, and he has assured us that there is no necessity for the soldiers, as there was absolutely no sign of violence. There was no disturbance which the local police there could not cope with."

"An endeavor is being made to have the public believe that we are trying to win the strike by violence. Such is not the case, however. The United Mine Workers have a membership of nearly 600,000 and funds of over a million for strike purposes. They should stand ready to support the men on strike in Cape Breton for an indefinite period. I have authority for making this statement."

"You can add further," said Mr. Draper, "that we will call on every international union in Canada to condemn the use of violence in this strike. We are all in sympathy with the United Mine Workers Union and the congress is the mouthpiece of the United Mine Workers in Canada, of which there are 8,000. These resolutions, when it is remembered that there are 150,000 or 200,000 international union men in Canada, will be effective."

Ottawa, July 14.—(Special)—When shown the despatch from Glace Bay with respect to the demand of Mayor Douglas and the United Mine Workers' Union that the troops be withdrawn, Colonel Fleet, deputy minister of militia, stated today that he had despatched a reply to Glace Bay yesterday. "I told the mayor that General Drury, who is in command of the troops, has full authority over them, and he is the man with whom the municipal authorities will have to confer."

"It amounts to leaving the whole thing in General Drury's hands, then?" Colonel Fleet was asked. "Yes, that's practically what amounts to. The troops were called out in accordance with the law. General Drury is on the ground and is in command of the troops, and hence he is the man with whom the mayor of Glace Bay will have to confer."

A tickling or dry cough can be quickly loosened with Dr. Shop's Cough Remedy. No opium, no chloroform, nothing unsafe or harsh. Sold by all Druggists.

Cyril McDonald, of this city, the New Brunswick winner of the Standard Empire trip to Europe, accompanied by A. Wharton, the winner in Nova Scotia, left on last evening's Montreal train and will sail from Montreal for Liverpool.

Fairville french hold athletic sports on their grounds at Fairville.

LATE LOCALS

West India steamer Dahome, left Halifax yesterday afternoon at 5 o'clock. She will be due here this evening.

Boston steamer Governor Cobb, Captain Allan is due to arrive at four o'clock this afternoon.

Steamer Dominion, Captain Norcott, arrived today from Sydney, C. B., with 5467 tons coal.

Muster parade and inspection of No. 1 Battery will be held tonight when every man must be present. Dress evening outfit.

Thorne Lodge No. 229, I. O. G. T., meets this evening in Haymarket Square hall at 8 o'clock sharp. All members are requested to be present.

The north end police report having to secure with lock and key the doors of Robinson's Bakery and M. Colman's tailor shop on Main street last night.

The July sitting of the county court, with Judge Forbes presiding, opens on Tuesday. Up to date there are no criminal cases to be entered on the docket.

Company "F" accompanied by Capt. Fleetwood and Lieut. Morgan, will parade this afternoon to the rifle range for target practice.

The case of J. Everett Watters, druggist, of west end, will come up this afternoon in the police court. Sgt. Ross is the informant in the case which is one of an alleged violation of the liquor selling act.

The postponed picnic of the Exmouth street Sabbath school will be held tomorrow, Friday, July 16th at Watters Landing by steamer May Queen. Boat leaves Indiantown at 9 a. m. and 1:30 p. m., returning from grounds at 4 and 7 p. m.

About twenty young ladies of Mrs. A. B. Cobbe's mission class returned to the city yesterday after a couple of very enjoyable days spent camping at Public Landing. The young people went up river two days ago and pitched their tents on the beach and spent the time in boating, bathing, fishing and other out-door sports.

The Every Day Club will be in a position to give outdoor gymnastic training to boys on its grounds on certain afternoons in the week during the holiday season. Anthony Graves, who has had experience with similar work in the Y. M. C. A. in Baltimore, would like to have any number of boys from 10 to 15 years of age on the grounds next Monday afternoon at 3 o'clock, to begin the training.

Don't fail to read "THE MESSAGE," Louis Tracey's best story, starts in Saturday's Times.

MARINE NEWS

Battle line steamship Himer, Capt. Bennett, left Baltimore last Tuesday for Port English.

British schooner Matha, Captain Richardson, left Brunswick, Georgia, last Tuesday for this port with a cargo of pitch pine lumber.

Tug Little, Capt. Fardis, went to St. Martins last evening to tow two empty scows back to this port.

Pilot McElvie has gone to Halifax to pilot the West India steamer to this port.

British steamship Moeris, now on her way to Brown Head from this port, took away 2,562,734 feet of spruce deals.

The schooner Empress, Capt. Lewell, which arrived last week at Lunenburg, N. S., to go on charter with the Dominion Coal Co., has been ordered to proceed to Port Morien.

Nova Scotia schooner Albert D. Mills, Capt. Knowlton, left Fernandina, Florida, last Tuesday for Bermuda with a cargo of pitch pine lumber.

The American schooner Arcthusa, Capt. Mortensen, struck on Colchester rock while entering the harbor of St. Pierre a few days ago, and is now undergoing repairs on the dock at St. Pierre.

Tuesday's Yarmouth Times says: Capt. Haslop, of the steamer Magda, informed this paper this afternoon that the vessel will proceed to Halifax in the course of a day or so for repairs. She will be accompanied by an ocean going tug.

Vessels arriving at Montreal report considerable ice in the Gulf. Steamer Manchester Shipper attempted to come through the Strait of Belle Isle, but was forced to put back after getting past Cape Norman and came by way of Cape Race. One iceberg seen was fully a mile long and 100 feet high. The ice is said to be two weeks late this year and the Belle Isle passage is not considered safe yet. Steamer Cassandra, however, got through without any trouble and is expected here Tuesday morning.

The Norwegian steamer Tanke, 382, Hansen, arrived at Lunenburg on Monday from Port DuRoi, N. S., with 100,000 feet of lumber, bound for Preston, England, and after taking on board bunker coal she proceeded. From Preston she will likely proceed to Sandfjord, Norway.

Schooner Dorothy was sold at public auction on Saturday at Portland, Maine, by U. S. Marshal and was purchased by Geo. B. Bicknell, the libellant for salvage, for \$50.

STERLING HAS CHANCE TODAY

St. John Runner Competes Today in Championship Sports at Winnipeg.

This is the first day of the Canadian championship sports at Winnipeg and the friends of W. E. Stirling of St. John hope to see him in the closing stages of the race. The Montreal Star published an interesting story about Stirling, with his photo, and the Toronto News gave him the place of honor on the sporting page last Friday, giving also his record as printed in the Times, and concluded as follows:—

"Stirling is at present in his prime as a runner. He has great strength, apparently unlimited speed and a nice action. His friends in the east expect great things of him in Winnipeg."

In a letter to the president of the Every Day Club, Harold J. Debon, who ran on the club's grounds for two seasons, but is now Winnipeg manager for T. H. Eaton, he expressed his pleasure at Stirling's entry for the championship, and said he thought the St. John man would do very well against the western men, as he has such staying power. Mr. Debon extends regards to all members of the club with good wishes for a successful season.

ARTILLERY TO MEET TONIGHT

Muster Parade of the Artillery Will be Held This Evening

There will be a muster parade of the 2nd Regiment Canadian Artillery tonight on the Barrack Green. The regiment will be put through the various manoeuvres in connection with battalion drill, and Col. Benson, inspector of artillery, will be on hand, accompanied by Col. G. Holt White, D. O. C. Tomorrow evening Col. Benson will conduct an inspection in gunnery drill. There will be the closing night for or drill for the artillery regiment before going to Petawawa.

It was expected that Gen. Drury, of Halifax, would be in town this week to hold inspections along all branches of the service, owing to the troublesome affairs at Glace Bay, his presence is required there and it is not definitely known when he will be able to come here. Col. White will inspect the 2nd Regiment on Saturday afternoon in place of Gen. Drury.

Next Sunday afternoon an interesting event will take place in military circles in the dedication of the monument erected by No. 1 Battery, Canadian Artillery, in honor of Gunner Harvey. Invitations have been extended to the other units in town and a splendid turnout is expected. The monument, which is the work of the Ven. Archdeacon W. O. Raymond, chaplain of the regiment, will conduct the dedication services, which it is expected will be witnessed by a very large crowd.

ANOTHER CASE OF DOMESTIC TROUBLE

Married Man Who Deserted His Wife and Children in Favor of a Pond Street Widow

It is probable that another disclosure of marital infidelities will be in order at the police court in a few days, as a warrant will be sworn out for a man who deserted his wife and five small children for a Pond street widow. The woman requested a warrant for non-support, but it is believed that the offence will be charged as desertion. It is asserted that she has beaten his wife on frequent occasions, and has not contributed to the maintenance of her or the children for some months. It is alleged that recently his affinity accompanied him to his apartments on Richmond street, and when his wife objected to the woman's presence the man attacked her and beat her severely, until the strange woman joined in the hostilities and opposed the pastorate. The two women in co-operation administered considerable punishment to the man, until he discontinued his assault. His wife's eyes were disclosed and her face was cut.

ST. JOHN WILL LOSE ANOTHER GOOD MAN

Rev. Neil McLaughlin of Portland Courch Will Probably Accept Call to Fredericton

With reference to the call extended by the congregation of the Fredericton Methodist church to Rev. Neil McLaughlin of the Portland Methodist church this city, it is understood that it is receiving favorable consideration. Rev. Mr. McLaughlin could not be seen as he is spending the day in the country, but enquiry at the parsonage is to the effect that he is almost certain to accept. As he would not require to assume the Fredericton charge until June of next year, there will consequently not be any change in Portland church before that date. Rev. Neil McLaughlin will have been four years in his present pastorate, June next and as this is the limit in the Methodist church, there would of necessity have been a change. He succeeded Rev. S. Howard and is considered one of the ablest preachers in the denomination in this province. He is extremely popular with his congregation.

GROUND HOCKEY FOR TOMORROW

At 9.30 in the Morning on the Every Day Club Grounds

Miss Joan Coster will be at the Every Day Club playground tomorrow morning at 9.30, instead of in the afternoon, to take up ground hockey and basket ball with the girls. The hockey game requires eleven men on a side.

Work was begun last night to put up the outdoor gymnasium outfit, for the boys, under supervision of Mr. Graves. One long iron bolt has been added to the playground fund since yesterday. The contributor writes:—"I only wish I could send you more. Please say when acknowledging that a friend of the children sent it. I hope you will be successful in getting all you require."

There should be many who could add a dollar, or a half dollar, or a quarter, to this fund.

Previously acknowledged \$88.05
A friend 1.00
A great number of boys and girls enjoyed the play on the grounds last evening.
