ARCHDUKE JOSEPH REGENT OF HUNGARY

COPENHAGEN, Aug. 9. — A despatch from Budapest says the new ministry at its first meeting yesterday resolved to recognize Archduke Joseph as regent until a national assembly is elected, "so that in these unsettled times there may be one firm centre in the country."

The archduke then entered, and after a short speech by Premier Friedrich, the ministers took the oath to the archduke. He asked them to do their utmost to support him in Hungary's reconstruction.

Rumanians at Boundary of Budapest.

COPENHAGEN. — When the Rumanian troops arrived at the city boundary of Budapest, where they were met by Joseph Haubrich, war minister in the Hungarian government, and the burgomaster, the Rumanian commander, General Bureson, informed them he had no instructions to occupy the city itself, but only the country up to the city boundary, according to Budapest advice. He said he would not interfere with the preservation of order in the capital.

Minister Haubrich placed two cavalry barracks in the outer confines of the city at the disposal of the Rumanians, and issued an order enjoining the inhabitants to maintain good behavior toward the Rumanians on pain of severe penalties.

Allies Bring Pressure on Rumanians.

PARIS. — Herbert Hoover, head of the inter-Allied relief commission, has stopped all relief supplies on their way to Budapest, taking the position that he would be unwarranted in letting supplies reach Hungary while the Rumanians are now depriving the people of foodstuffs.

Members of the United States peace delegation said this evening that there are no United States troops now in Budapest, and that none will be sent there. It was added that the only United States citizens in the Hungarian capital are officers, and possibly a few soldiers engaged in relief work.

The supreme council has sent a note to the Rumanian authorities begging them to conform to the decisions of the entente and not to embarrass by previous decisions, the work of the inter-Allied investigating commission sent to Budapest.

Britain Protests at Barbarities.

LONDON, Aug. 9. — General Gordon, British representative on the inter-Allied military commission, appointed by the Allies to arrange a settlement at Budapest, visited the Rumanian commander at Budapest on Friday, to protest against the excesses of the Rumanian troops, according to advices received from Vienna. The commander declined to accept General Gordon's letter of protest.

Over 50,000 Killed by Lava Streams

Molten Stream Ten Miles Wide And Four Deep Does Terrible Damage

SINGAPORE, Aug. 10. — The awful scenes which prevailed when the volcano of Kalut in Java burst into eruption on May 20, destroyed twenty-six villages and caused a loss of life estimated by some at 50,000, are vividly described by Miss E. W. Cranen, who has arrived here from Sourabaya.

A river of boiling mud and lava which overwhelmed the village of Biltar, where Miss Cranen was staying, she says, was ten miles wide and four feet deep.

The first symptoms of the coming eruption, Miss Cranen said, were sounds like thunder and vivid flashes in the sky. Enormous boulders were flung from the volcano into the lowlands around it for immense distances. There was pitch darkness owing to a rain of ashes.

Then came warning to the occupants of the hotel at Biltar that the river of lava and mud was approaching.

"We were almost beside ourselves as to what to do to avoid a hideous end," she said. Twenty-four of those staying at the hotel escaped death in the boiling mud by fleeing in an automobile driven by the wife of the assistant resident commissioner.

According to Miss Cranen the river of mud ran for three hours and wrought fearful damage to life and property.

Andrew Carnegie Dead

LENNOX, Mass., Aug. 11. — Andrew Carnegie, steel magnate and philanthropist, died at his summer home "Shadow Brook" at 7.10 in his 84th year this morning, after an illness of less than three days with bronchial pneumonia.

Carnegie was one of the world's most interesting figures for his wealth, his benefactions, his sayings and out-of-the-world methods. He gave the money to build the Peace Temple at the Hague and nearly every city on the American Continent has one of the Carnegie libraries within its boundary.

Carnegie was once considered to be worth half a billion of dollars.

MANY DEFAULTERS IN JAIL

QUEBEC. — There are 122 inmates at present in the Quebec jail, 80 of whom are defaulters under the M.S.A. who have been condemned to one-month terms.

Mackenzie King Chosen as Liberal Leader

MAJORITY OVER FIELDING 38.

Historic Convention of Liberals Adopted Low Tariff Resolution and Gave Pledge to Farmers in Announcing Sweeping Instalment of Free Trade When Returned to Power.

OTTAWA, Aug. 8. — Hon. W. L. Mackenzie King, minister of labor in the Laurier administration, is the new leader of the Liberal party. He was so acclaimed on the eve of the close of the national Liberal convention tonight, when his most formidable rival, Hon. W. S. Fielding, moved that his election be made unanimous. Mr. King, who subsequently spoke, was given an ovation, as was also Mr. Fielding, when he congratulated his successful opponent on his victory.

The vote was 476 for Mr. King and 438 for Mr. Fielding, majority for the former of 38.

The new leader will have to seek election before he can actively take up his new duties. Election will probably be sought for him in Glenagarry and Stormont. In the meantime, with the defeat of Mr. Mackenzie, parliamentary Liberals will be leaderless.

The national Liberal convention was the greatest political gathering in the history of Canada. With bands playing and flags flying, two thousand people thronged into the Howick pavilion on August 5, listened to inspiring speeches, acclaimed the party leaders, and afterwards got down to the serious work of the convention. The fact that all the eight Liberal premiers were here, the majority of whom supported the Union government, is a sign of the unity which prevailed and of the desire to efface past differences. Premier Martin, Norris, Stewart and Oliver were most conspicuous of the group.

The first day in the convention was devoted largely to organization and the appointment of committees, which subsequently withdrew and got down to work. Then the faithful listened to such inspiring speeches calculated to stir the party spirit, but with the West playing the role of the ginger group of the gathering. A speech by the Hon. Alphonse Turgeon, attorney-general of Saskatchewan, which called for action, not words was a notable feature of this character.

Consideration of resolutions was the business taken up when the convention resumed work the second day.

Duncan Marshall, minister of agriculture for Alberta, who was called upon for a speech declared that he would "be glad to burn every custom house between Canada and U. S."

Mr. Hartley H. Dewar, Ontario Liberal leader, who followed declared that the Union government, which had been named to govern on one issue, was abusing its power.

Horrible Fatality At Montreal

Seven Burned To Death When Part of Amusement Resort Destroyed

MONTREAL, Aug. 10. — Charred beyond the possibility of recognition, the bodies of three men; three women and a boy were recovered tonight from the ruins of the Mystic Hill and part of the Seenic Railway, which were destroyed by fire at Dominion Park, an amusement resort near this city. It is thought that several more bodies will be recovered tomorrow when the wreck is searched. The exact cause is unknown, but it is thought it may have been started by a cigarette or a match. The flames spread quickly and were fanned by a westerly wind, which blew toward the river front, and it is to this that is due

Disaster at Lake Kills 10

ST. CATHARINES, Aug. 10. — Ten persons are dead and sixteen injured, at least two seriously, as the result of an explosion which blew off the upper portion of the mammoth government elevator at Port Colborne at 1.15 o'clock Saturday afternoon, scattering hundreds of tons of steel and concrete in every direction.

ers. He told the convention "that Ontario was getting rid of its middlemen," and declared that it was the duty of Liberals to fight for the rights of the people.

A resolution condemning the government because it has not properly enforced the income tax law moved by Capt. B. W. Wilton, of W. A. Lafontaine, M.P., was carried unanimously.

Without going into the wealth of detail set forth by the Canadian Council of Agriculture in its tariff platform, the Liberal party of Canada in national convention assembled endorsed the main features of the farmers' platform and gave a special and binding pledge to implement by legislation the provisions of its tariff resolution when returned to power.

All attempts made, first in the resolutions committee by manufacturers and others, and later in open convention, to induce the Liberals to confine themselves to generalities and not definitely commit themselves to specific action, failed. The plea that it was not good political strategy to be definite with concrete and detailed policies and pledges was answered by the ringing declaration, loudly applauded by the delegates, that the people were sick and completely nauseated with political strategy and wanted the truth.

The honor of presenting the Tariff resolution was entrusted to Hon. Geo. Langley, a Saskatchewan minister, and a member of the Canadian Council of Agriculture.

The resolution follows:

Sensational Charges Against Ministers

GRAVE SOLDIER'S VOTE SCANDAL — PREMIER BORDEN AND HON. ARTHUR MEIGHEN CHARGED WITH DIRECT COMPLICITY IN VOTE FRAUDS.

OTTAWA, Aug. 7. — A veritable bombshell was thrown into the national Liberal convention this afternoon by J. E. Adamson of Winnipeg. It was a bombshell which might shake the Union government to its very foundation, already not very secure.

Speaking to a resolution calling for an investigation by royal commission into the soldiers' vote frauds in France and England, Mr. Adamson directly charged Premier Borden and Hon. Arthur Meighen with direct complicity in those frauds. Suddenly and dramatically, Mr. Adamson produced and read a telegram from Meighen to Borden outlining how soldiers' votes should be allocated to certain constituencies in order to secure the defeat of Liberal candidates.

A second telegram from Senator Sharpe to Senator Tanner, of Halifax, gave names of constituencies in Manitoba and Saskatchewan to which the soldiers' votes should be switched.

Another telegram from Senator Sharpe to Premier Borden's private secretary, A. E. Blount, now clerk of the senate, gave positive orders that Judge Duff of the supreme court of Canada should be influenced not to give any decision in the famous Hutchings' exemption appeal case until after the election was over.

The resolution adopted reads: "Whereas it has been openly charged that there was a conspiracy to carry out an elaborate system of frauds in connection with the military voters part of the War Time Elections act for the purpose of overcoming the voice of the honest electorate of the Dominion, involving the voting of unqualified persons, double voting personation, ballot stuffing, and the illegal switching or transferring of tens of thousands of votes to constituencies other than those in which the military voters were known to be entitled to vote; and whereas it has been openly charged that these frauds would have been impossible without large numbers of

Tariff Resolution Adopted "That the best interests of Canada demand that substantial reductions of the burdens of customs taxation be made with a view to the accomplishing of two purposes of the highest importance: First, diminishing the very high cost of living which presses so severely on the masses of the people; second, reducing the cost of the instruments of production in the industries based on the natural resources of the Dominion, the vigorous development of which is essential to the progress of our country."

"That to these ends, wheat, wheat flour, and all products of food, farm implements and machinery, farm tractors, mining, flour and sawmill machinery and repair parts thereof; rough and dressed lumber, gasoline, illuminating, lubricating and fuel oils, etc., nets, net twines, and fishermen's equipments; cement and fertilizers, should be free from customs duties, as well as the raw material entering into the same."

"That a revision downwards of the tariff should be made whereby substantial reductions should be effected in the duties on wearing apparel, and footwear and on other articles of general consumption (other than luxuries) as well as on the raw material entering into the manufacture of the same."

"That the British preference be increased to 50 per cent. of the general tariff, and the Liberal party pledges itself to implement by legislation the provision of this revision when returned to power."

PROVINCIAL GOVERNMENT TO AID STOCK OWNERS

BUYERS WILL BE SENT TO ANY DISTRICT, WHERE YOUNG CATTLE CAN BE BOUGHT IN CAR LOTS

To assist the farmers in the drought-stricken areas, as well as to conserve the high-grade breeding stock of cattle in the province, the Saskatchewan department of agriculture is arranging for the purchase in carload lots of yearlings or two-year-old heifers, which will be bought for cash and sold on easy terms to farmers in districts where feed is available.

While the joint action of the railways and the federal and provincial governments in arranging for free movement of stock feed for small stock owners will help to tide over those who have lost their crops, some will have to reduce their livestock. Buyers will be sent from the livestock branch of the Department of Agriculture to any district where a carload of yearlings or two-year-old heifers can be made up, to inspect the cattle with a view to purchasing at current market prices. The Co-operative organization branch will also on request, send to any district an experienced stockman to aid in receiving, marketing and forwarding its first shipment of stock consigned to Winnipeg or the nearest large market.

Hay Areas Located.

Every effort has been made by the Saskatchewan department of agriculture to secure information in regard to hay lands, grazing lands and areas where hay may be purchased as well as exact information as to the probable shortage. There is plenty of pasture available in the northeastern part of the province, but available hay is more scattered, though a number of areas where hay can be had have been mapped out.

There is practically no hay suitable for cutting on the forest reserves. Small areas probably can be secured in all of the northern forest reserves, but would require personal inspection. On Dominion lands there is a certain amount of hay land that can be leased, and also pasture. The following are the principal hay areas about which information has been secured:

(1)—At Hudson Bay Junction and Roscoe on the C.N.R., particularly townships 44 and 45, ranges 31 and 32, west of 1st.

(2)—A large amount of hay land is available in the valley of the Saskatchewan, north of the Pasqua Hills. This however, is rather unaccessible country, being got at most readily from The Pas, Manitoba, or from some of the stations between Hudson Bay Junction and The Pas.

(3)—Considerable land north of Fort LaCorne Forest Reserves.

(4)—Considerable land on the Big River Branch north of Prince Albert, which escaped the fires last spring and is not covered with timber.

(5)—Hay meadows at Meadow Lake and Waterhen River, about sixty miles north of Turtleford.

Hay For Sale.

Besides these points there will be a certain amount of hay for sale in the Quill Lake district; around Pecos, Crooked River and Tisdale, and around Kamisack and Pelly, but these supplies have probably in some cases at least been already contracted for.

J. G. Robertson, livestock commissioner, is anxious that the farmers who are shipping hay out from the dry area into the better-favored sections or who wish to secure free freight on hay, should know exactly what regulations are being imposed in order to avoid delay and confusion.

Many Applications.

At present the livestock branch is working at high pressure to cope with the applications for these concessions which are coming in. To have hay outfits transported free, the applicant must make his application direct to the Saskatchewan department of agriculture and must indicate the stations from which he is shipping from and to. No farmer will be allowed to ship more than one car of hay out of it, and what this may contain, can be secured from the local agent. Certificates for transportation must all be signed by F. H. Auld, deputy minister of agriculture and W. H. Tallis, representative of the markets division of the Federal livestock branch, and these will be mailed to all applicants who comply with the reasonable conditions which have been imposed.

Drastic Control of Cost of Living Realized Necessary in United States

RAILROAD STRIKE SPREADING AND LABOR HEADS CAN NOT CHECK MOVEMENT.

WASHINGTON. — Congress devoted further attention to the general subject of living costs, with the senate agricultural committee voting to begin hearing August 18 on bills by Senators Kenyon, of Iowa, and Kendrick, of Wyoming, proposing federal regulation of the meat packing industry.

Senator Johnson, Democrat, South Dakota, told the committee drastic action must be taken to meet the present situation.

"If we don't, we will have a revolution," said he. "It is in the air."

The threat of a railroad strike continues to spread throughout the country despite the efforts of organized labor heads to hold the men in check until authoritative official strike votes can be taken. Shipmen everywhere who are throwing down their tools in premature strike, it was reported, were threatening national industry because without them the railroads' equipment cannot be kept in usable order, at the most necessary of all times—the crop moving season.

Above that serious the threat of an even more serious labor situation, the demand of all the organized railroad industry that the profits of the business be overhauled to retire private capital and create a new tripartite control.

Reports began coming in saying that unless railroad equipment can be kept in running order, mills, mines and factories will be threatened with closing. It was reported that there are more than 200,000 cars now out of commission.

Formal announcement was made on the final tabulations in the referendum conducted among business men by the chamber of commerce of the United States on the question of government ownership of railroads. More than 99 per cent. of the vote, the official announcement said, was against it.

Meanwhile, threats of hundreds of thousands of railroad employees to go on strike to force higher wages.

Silesian Volunteers Called To Arms

ZURICH. — The Freiheit declares that the military circles have not given up hope of resuming the war whenever the chance offers, especially on the eastern front. The paper reproduces an appeal of the Goerlitz corps of volunteers as follows:

"Silesians, to arms! A precious part of your province is to be taken from the empire. Enough of protests on paper; we must act; you must defend your province by the force of arms. Think of 1883. A nation not willing to sacrifice everything in the defence of the country is an unworthy and a doomed nation."

The Goerlitz corps of volunteers, a combatant part of the army of the empire, is called upon to take part in the defence of Silesia. Silesians enlist in our corps."

Revolutionary Plot Discovered in London

LONDON, Aug. 11. — Seditious documents were seized by the police today in a raid on London's western suburb of Acton. The papers captured dealt with a suggested seizure of arms and ammunition from the military stores by revolutionaries and the establishment of a soviet government in London.

SASKATOON FLIER FELL ON JOURNEY TO MELFORT

SASKATOON. — Lieut. H. McClelland had another bad crash on his way to Melfort when he ran into fog and rain. He sustained a few minor injuries and John Morrison, a garage worker from Hanley, who some times served McClelland as a mechanic, was stunned with the shock. He was taken to the city hospital where his progress was reported to be good. No bones were broken.

At an altitude of 3,500 feet Lieut. McClelland found the earth obscured by clouds and unable to keep his direction, he came down beneath them, where he ran into fog and rain. Something happened when he was about 200 feet up, striking a tree, it was believed, and the crash made a total wreck of the machine.

DECOMPOSED BODY OF R. REENEKER FOUND

SWIFT CURRENT. — Word was received by the provincial police of the finding of the body of Robert Reeneker, who farms between Cabri and Gull Lake, after having been missing from his farm for the last 12 days. The body was found in a clump of bushes in a badly decomposed condition surrounded by chewing gum wrappers. It is thought there may have been poison in the chewing gum and the stomach has been forwarded to Regina for examination. No marks of any kind were found on what is left of the body.

MURDER SUSPECTED

SWIFT CURRENT. — W. M. McEachren, a homesteader living near Cabri whose dead body was found recently in his shack, is now believed to have met death violently. Word was received in the city that an order of the attorney-general has been issued and the body is to be exhumed.

For some few days there have been rumors in the district that McEachren met his death in an unnatural way and the exhumation is the result of a request made to the attorney-general. The coroner decided a few days ago that an inquest was not necessary.

ROBERTS HANGED AT PRINCE ALBERT

PRINCE ALBERT. — Alfred Roberts, convicted of the murder of Sadie Mae Mulvihill, was hanged at the Prince Albert jail on Wednesday morning, Aug. 6. He went to the scaffold without a tremor. The hangman, before placing the black covering over Roberts' head, asked him if he had anything to say, and the condemned man replied: "I am innocent. I commend my wife and children to the keeping of the Almighty."

His Last Hours. Roberts' last hours were spent in absolute composure. He gave expression to no fear and professed belief in his forgiveness and eternal salvation.

The crime for which Roberts paid the penalty was the murder of Sadie Mae Mulvihill, an 18-year-old collegiate student of this city, whom he overtook on the Sturgeon Lake trail north of the city while she was walking to her father's farm late last August. On Sept. 1 last year the body was found in a clump of trees only a few yards from the road and Roberts was later traced, mainly because of a peculiarly marked pinto horse which he drove. He was a resident of Saskatoon and had served in the overseas forces, but was sent back from England because of epilepsy. His wife and their three children reside at Saskatoon.

CROP CONDITION BECOMING WORSE IN CADILLAC DISTRICT

CADILLAC, Sask. — Crop conditions are gradually becoming worse of the 65,000 acres of land sown this spring, tributary to this place, it is doubtful if the yield of all grains will exceed three bushels to the acre. Some small hay areas, have been secured away north, but nothing large enough to afford material relief. Ordinary prairie hay sells at \$20 per load loose, a load of perhaps fifteen hundred pounds. Old straw piles, of which there are very few indeed, are rigidly fenced.

AN 8-YEAR-OLD CHILD KILLED BY SHOT

Another chapter in the history of fatal accidents through the handling of shot guns by mere children has been closed through the death of Stefana Loskot, a child eight years old, residing southwest of Assiniboia. No details are obtainable, except-

KICKED BY HORSE AND DIED

John E. Brooks, of Semans, a well-to-do farmer, was kicked by one of his horses July 25, and died July 28 in Govan hospital, following an operation. Mr. Brooks was formerly of Midland, Ont.

RECEIVES \$72 AN ACRE FOR FARM

MILESTONE, Sask. — Roy Zimmer disposed of his farm north of town last week, and he and his family will return to Iowa, where he has purchased a valuable farm. The consideration was \$72 an acre, a half section being in the deal. Mr. and Mrs. Zimmer have a large circle of friends in the community, who regret very much their departure.

MAN CHARGED WITH ATTEMPTED MURDER ESCAPES

Mike Toukin, an Austrian by nationality, who was being sought by the provincial police force on a charge of attempted murder in the north country has been arrested by the provincial police a few miles from Big River.

SWIFT CURRENT FAIR WELL ATTENDED

SWIFT CURRENT. — With a blare of trumpets and a splendid cattle parade Swift Current annual fair came to a close Thursday of last week. Official figures have not yet been checked over, but it is believed that the attendance will measure up to that of last year.

The feature of the fair was an exceptionally good livestock show, headed by champions in the various classes. The champion bulls came in for special attention at the hands of the crowds, as well as the champion horses.

CHARGED WITH SHOOTING

A report of a shooting affray which occurred Tuesday night before last in the Cudworth district, has been received at provincial police headquarters. John Charnecki is under arrest charged with the crime, and has confessed to the shooting. Nick Cabadiash, a farmer near Cudworth, is lying in the hospital at Wakaw in a serious condition and may not recover. Cabadiash is suffering from severe shot wounds in the head. The cause of the shooting affray, which have come through is not clear, but a thorough investigation is being made by Detective-Sergeant Harreck, of the provincial police force.

ACUTE SHORTAGE OF HARVEST HELP AT MOOSE JAW

MOOSE JAW. — There is a serious shortage of farm help in this district, and the government employment bureau is being besieged for men by farmers from the district. One hundred and fifty applications have been received so far last week and only a few of these have been fortunate in getting men.

DROWNED

MOOSE JAW. — Gladys Wilson, 15 years of age, was a victim of the Moose Jaw river when she was drowned while bathing near the high pressure dam. A double fatality was only prevented by the timely action of a young lady who rescued another girl who was in difficulty at the same time.

GOOD CROPS AT KAMSAK

Crops are reported to be very good this season in the Kamsak district. Oats, it is stated, will run 65 bushels to the acre.

EXPENSIVE PRAIRIE CHICKEN

Joe Zomber, of Wakaw, and his two sons, Mike and Frank, had a costly experience last week, when they killed some prairie chicken near Wakaw. The three men after shooting their game were caught by Constable Sutchak, of the provincial police detachment at Wakaw and summoned into court. The fines imposed ranged from \$10 up to \$175.

NEWS OF HERBERT AND DISTRICT

A serious fire broke out about midnight on August 3, in the large feed barn owned by G. Wentland, in the centre of the town, completely destroying it, together with a large quantity of hay and three head of cattle. Six other barns and outbuildings were destroyed, a barn and poultry house owned by Elias B. Kolb, barn and contents belonging to A. Shore, barn and poultry house belonging to Wm. Stuckie, and a garage toge-

ther with a Ford car, belonging to Rev. N. A. Bjeld. Only the good work of the firemen prevented the fire from spreading to adjacent properties.

Harvesting has begun. Some farmers will have nothing to cut, and those who have a little are employing all kinds of contrivances to save every head of grain possible, for it is realized that, to get back even only the seed is a big factor this year. A number of farmers have been obliged to leave the community, taking their stock with them, as they had no prospect of being able to winter their stock. A few farmers report fair crops, these being in a strip where several seasons showers fell, and where hail did not happen to strike them. The hail storm of July 1 cleaned up a considerable acreage which promised a fair yield. This was in the Main Centre district.

CROP REPORT

Harvesting is now fairly general all over the province according to reports received by the Bureau of Statistics of the provincial Department of Agriculture. In some parts rye has been threshed yielding from ten to eighteen bushels per acre. With very few exceptions, correspondents report that the drought is still unbroken and rain is badly needed to mature the late sown grain. Both red and black rust are reported in the eastern part of the province but it is impossible to make any estimate of the damage caused.

MANITOBA

MENNONITES' APPEAL DISMISSED BY COURT

WINNIPEG. — Taking the view that the provincial, and not the Dominion government, has jurisdiction in educational matters in this province, and that the School Attendance act can be applied to Mennonites, the court of appeal, without hearing counsel for the province, decided to dismiss the appeal brought on behalf of two Mennonites against convictions violating the School Attendance law. The decision will be issued in writing at an early date.

The appellants were John Hildebrand and Dedrick Doerkson, of Morden, who intend to bring their appeal before the Privy Council.

ESTIMATES 45,000,000 BUSHELS OF WHEAT AS MANITOBA'S CROP

WINNIPEG. — Announcement was made by the Hon. Val. Whelan, minister of agriculture, that the estimated yield of wheat for the present year will be 45,000,000 bushels, or an average yield of 15 bushels to the acre. According to statistics of the department, the wheat acreage this year is, roughly 2,000,000 acres. At the present price—\$22.25 per bushel—the yield for the province will be worth \$101,250,000. This is about \$11,000,000 under the total amount made last year, but there is a difference of about 6,000,000 bushels between the crops.

BOY SHOT AT RIVER PARK GALLERY

WINNIPEG. — Melville Morris, 747 Osborne street, the 14-year-old son of the proprietor of the shooting gallery at River park, was accidentally shot in the abdomen. Clifford Morrison, 15 years of age, whose home is at West Selkirk, had been practicing in the gallery, and the Morris boy was standing near him when he ceased firing and laid his gun down on the counter. Melville Morris states that immediately the weapon touched the counter it exploded and that his hand was not near the trigger. The condition of the wounded boy was reported by the hospital authorities to be very poor; there seemed little chance of his recovery.

NORTH WINNIPEG FATALITY

Three-year-old Leon Sinkin, son of Saul Sinkin, 323 Manitoba avenue, received fatal injuries while at play with his uncle, a boy of 14 years, on a vacant lot at the corner of Manitoba avenue and Charles street. The children were climbing on a pile of lumber, which had been placed there by the city, when a quantity fell upon them. Leon died of suffocation before assistance reached him. The older boy escaped with minor injuries.

FOR MANITOBA HARVEST

WINNIPEG. — Parties from Alberta and British Columbia for the Manitoba harvest fields, have arrived here and have been sent to various sections of Manitoba. The demand for help still far exceeds the supply, according to local officials of the government employment office.

COSTLY WHISKY TRAIL

BRANDON. — Three hundred dollars and costs was the fine imposed on Dr. M. C. O'Brien, of Rossburn in police court. Dr. O'Brien was a visitor here during fair-week and left a whisky trail. He was found guilty of giving prescriptions for liquor which was used as a beverage. The prescriptions were mostly for quarts.

BRANDON WOMAN DIES FROM BURNS

BRANDON. — Elizabeth McKenzie the young woman who was badly burned here during fair week, died in the General hospital, the cause of death being shock and absorption. Miss McKenzie's clothing caught fire while she was lighting a gasoline stove and she was badly burned.

WINNIPEG BOY DROWNS

ROLAND. — Col. Billman's son was drowned in the railroad dugout east of Myrtle. It appears that he and two companions, all belonging to Mr. Cameron's survey gang went in for a bath. None of the boys could swim very well, and not knowing that the water was so deep young Billman asked them in a joking way if they would save him if he jumped in and as a result lost his life. The body has not yet been recovered.

PILOT MOUND FARMERS' INDIGNATION MEETING

PILOT-MOUND. — Farmers of Pilot Mound held an indignation meeting on Saturday night before last, when the following resolution was unanimously passed: "Whereas the organized farmers of Manitoba, in their annual convention in Brandon last January, at a time when there was every indication of a drop in the price of wheat, and when the fixed price had been removed, put themselves on record as refusing to ask for a fixed price of wheat; and whereas the government, while refusing to fix the price, never tried to organize any selling agency, though pressed to do so by various organizations, indicating that the wheat would be marketed through ordinary channels; and whereas, since, upon the opening of the market, it was evident that the price of wheat would go much beyond the fixed price that had prevailed for nearly two years; and whereas it is the opinion of the farmers of Pilot Mound, that the Dominion government has shown in dealing with the whole question, and demands that, if the government persists in carrying out its announced scheme, that the minimum price be not less than that granted in the United States."

Copies of this resolution are being forwarded to Sir Robert Borden and Sir George Foster.

HEAVY RAINFALL WITH SOME HAIL

SOMERSET. — On Wednesday afternoon, after a wind and dust storm, a heavy thunder shower, accompanied by a good rainfall visited this district. No hail to any extent fell in or around Somerset.

Notre Dame De Lourdes reports hail damage over an area of about two miles. The storm at Altamont was so violent that windows were broken. Hail is also reported at Norquay.

The storm returned with great violence in the evening.

WHEAT THRESHING RETURNS

PORTAGE, MAN. — The first returns from wheat threshing came on Friday when Ed. McLennaghan, who started to thresh on Thursday, reported a yield of 1,400 bushels on a fifty-acre field, an average of 28 bushels to the acre. This wheat all graded No. 1 Northern at a local mill.

DAWSON, YUKON. — A rich new silver strike has been made on Little Twelve Mile, at the head of Spotted Fawn Gulch, 40 miles from Dawson. The ore resembles steel galena. A new rich strike also was made on Lightning Creek, Mayo Camp, in the Upper Stewart country. Many claims were staked.

MISTOOK INDIAN FOR DEER AND SHOT

DAWSON, Yukon. — A White Horse special says that an Indian, named Long Peter, mistook Sam Isaacs, another Indian, for a moose and shot him through the breast while hunting at Lake Klauene. Death was instantaneous. Peter surrendered himself to the Mounted Police. An investigation was held and the man was exonerated.

Constable Banks reports that bears have raised havoc in the Indian caches and Dalton posts, and looted and wrecked the interiors and furnishings of unoccupied roadhouses at Braeburn and Leordonskold, along the winter overland road down to Dawson and White Horse.

CHILDREN CRY FOR FLETCHER'S CASTORIA

APPROXIMATE CROP YIELDS IN ALBERTA

While the rain has come entirely too late to help any crops except very late oats and flax, it will do untold good in the matter of producing feed for stock and not only that but it will put land in good shape for next year.

So far as the wheat crop is concerned Edmonton district reports a possible average of 40 bushels, the wheat acreage of that territory, however, is not large. Brabine reports 25; Lamont 20; Munson 20. Outside of these four points the reports indicate yields of from 2 to 15 bushels, with 5 to 7 a common average. These yields will not be on the acreage sown but on the acreage actually cut. One or two points report that with the use of headers they will get back their seed.

Wheat cutting is general all over Alberta and Alberta reports no shortage of labor. The coarse grain crops are very light. A number of points report they will be cut for feed only.

ONE BIG UNION MEN DRIVEN OUT OF DRUMHELLER

CALGARY. — Climax to the tense situation which has existed between the One Big Union element at the mines at Drumheller and the group of veterans employed at the Moodie mines came Saturday evening when some of the veterans came quietly into Drumheller, seized five or six of the One Big Union leaders, took them out of town and faced them outward on separate trails and told them to get going.

They have not been heard of since, though it is reported that they will attempt to return to the town. A clash is expected if this attempt is carried out.

SHARP HAIL STORM AROUND EDMONTON

EDMONTON. — Heavy rain and sharp hailstorms broke here at 5 p.m. on Friday, August 8, but so far as known crops are not damaged in immediate vicinities. Reports from Namayo, 12 miles north, are that a severe hailstorm damaged the crop. The storm was very heavy further north and telephonic communication with Athabasca Landing is interrupted. Camrose, to the south, reports being untouched, the storm passing about five miles north of the town.

OTTAWA HEROINE DROWNED

DANGER LURKS IN EVERY ONE OF US

WE ARE AS FULL OF DEADLY POISONS AS A GERM LABORATORY.

AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-TIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We now know that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Trouble; that it upsets the stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rashes, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation.

"Fruit-a-tives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs.

SEIZE 600 QUARTS LIQUOR

TORONTO, Ont. — Six hundred quarts of whiskey packed in tea chests and shipped from Montreal as empty bottles, were seized by the police, and three men, who were unloading the liquor from a freight car, were arrested on charges of committing breaches of the Ontario Temperance act.

WINNIPEG MAN DROWNED

KENORA, Ont. — Robert Harrison Dobson, of Winnipeg, was drowned in the Winnipeg river, the body being recovered forty minutes later. He came from Winnipeg with J. E. Morrow to spend the week-end here and went in bathing at a point in the river where there is a strong undercurrent. They got in the current and were carried to the opposite point. Morrow had a narrow escape but managed to make shore and call for help.

POLICE INSPECTOR MISSING AND FUNDS

TORONTO, Ont. — A despatch to the Globe from Halifax says St. Clair West, inspector of Dominion police in Nova Scotia, is missing, and the federal government has been robbed of between forty and fifty thousand dollars.

Auditors have found the inspector's books badly muddled and many forgeries have been revealed. West formerly lived in western Canada, where he enlisted but was overseas only a short time.

PICNIC AUTO FELL OFF BRIDGE NEAR MONTREAL

MONTREAL, Que. — Two women were killed, six persons badly injured, and twenty others sustained minor injuries when a picnic automobile, carrying thirty persons on a family outing truck struck a bridge over a dry brook near St. Sulpice, turned turtle into the ditch underneath and pinned the occupants beneath it.

HAIL IN NEW BRUNSWICK

FREDERICKTON, N.B. — Hailstones as big as hen's eggs fell in a storm which swept over a large territory about eight or nine miles in length and about a mile in width between Gagetown and Welford in Queen's county last week.

Practically every bit of vegetation in the storm-swept district was destroyed and one farmer is said to have lost practically the entire output of his farm, the grain killed and the potatoes and other root crops felled by the unusually large hailstones. This same farmer's house also suffered during the storm, no less than twenty-two windows on the northern side of the house being broken by the force of the hailstones.

ARE YOUR EYES TO BLAME?

Don't try to stop pain until you have found the cause. Get at the root of the trouble first, and remember pain is only nature's message that something has gone wrong. Take headache for instance; do you suppose for a minute that the tablet or powder you take to relieve it is in any sense a remedy? You merely give the nerves so that they no longer give their warning. 90% of all headaches are from defective eyes, and it is our pleasure as well as our business to provide you with glasses that stop the suffering once and for all, by correcting the cause.

The Mill on the Floss

BY GEORGE ELIOT

(46. Instalment.) He was sadly in want of something to keep up his spirits a little in the unpleasant newness of his position—suddenly, transported from the easy, carpeted ennui of study-hours at Mr. Stelling's, and the busy idleness of castle-building in a "last half" at school, to the companionship of sacks and hides, and bawling men thundering down heavy weights at his elbow. The first step towards getting on in the world was a chill, dusty, noisy affair, and implied going without one's tea in order to stay in St. Ogg's and have an evening lesson from a one-armed, elderly clerk, in a room smelling strongly of tobacco. Tom's young pink and white face had its colours very much deepened by the time he took off his hat at home, and sat down with keen hunger to his supper. No wonder he was a little cross if his mother or Maggie spoke to him.

But all this while Mrs. Tulliver was brooding over a scheme by which she, and no one else, would avert the result most to be dreaded, and prevent Wakem from entertaining the purpose of bidding for the mill. Imagine a truly respectable and amiable heiress, by some portentous anomaly, taking to reflection and inventing combinations by which she might prevail on Hodge not to wring her neck, or send her chicks to market: the result could hardly be other than much cackling and fluttering. Mrs. Tulliver, seeing that everything had gone wrong, had begun to think that she had been too passive in life; and that, if she had applied her mind to business, and taken a strong resolution now and then, it would have been all the better for her and her family. Nobody, it appeared, had thought of going to speak to Wakem on this business of the mill; and yet, Mrs. Tulliver reflected, it would have been quite the shortest method of securing the right end. It would have been of no use, to be sure, for Mr. Tulliver to go—even if he had been able and willing—for he had been "going to law against Wakem" and abusing him for the last ten years; Wakem was always likely to have a spite against him. And now that Mrs. Tulliver had come to the conclusion that her husband was very much in the wrong to bring her into this trouble, she was inclined to think that his opinion of Wakem was wrong too. To be sure, Wakem had "put the ballies in the house, and sold them up;" but she supposed he did that to please the man that lent Mr. Tulliver the money, for a lawyer had more folks to please than one, and he wasn't likely to put Mr. Tulliver, who had gone to law with him, above everybody else in the world. The attorney might be a very reasonable man—why

not? He had married a Miss Clint, and at the time Mrs. Tulliver had heard of that marriage, the summer when she wore her blue satin Spencer, and had not yet any thoughts of Mr. Tulliver, she knew no harm of Wakem. And certainly towards herself—whom he knew to have been a Miss Dodson—it was out of all possibility that he could entertain anything but goodwill, when it was once brought home to his observation that she, for her part, had never wanted to go to law, and indeed was at present disposed to take Mr. Wakem's view of all subjects rather than her husband's. In fact, if that attorney saw a respectable matron like herself disposed "to give him good words," why shouldn't he listen to her representations? For she would put the matter clearly before him, which had never been done yet. And he would never go and bid for the mill on purpose to spite her, an innocent woman, who thought it likely enough that she had danced with him in her youth at Squire Darleight's, for at those big dances she had often and often danced with young men whose names had forgotten.

Mrs. Tulliver hid these reasonings in her own bosom; for when she had thrown out a hint to Mr. Deane and Mr. Glegg, that she wouldn't mind going to speak to Wakem herself, they had said, "No, no, no," and "Pooh, pooh," and "Let Wakem alone," in the tone of men who were not likely to give a candid attention to a more definite exposition of her project; still less dared she mention the plan to Tom and Maggie, "for the children were always so against everything their mother said;" and Tom, she observed, was this unusual concentration of thought naturally gave Mrs. Tulliver an unusual power of device and determination; and a day or two before the sale, to be held at the Golden Lion, when there was no longer any time to be lost, she carried out her plan by a stratagem. There were pickles in question—a large stock

of pickles and ketchup which Mrs. Tulliver possessed, and which Mr. Hyndmarsh the grocer would certainly purchase if she could transfer the business in a personal interview, so she would walk with Tom to St. Ogg's that morning; and when Tom urged that she might let the pickles be, at present—he didn't like her to go about just yet—she appeared so hurt at this conduct in her son, contradicting her about pickles which she had made after the family receipts inherited from his own grandmother, who had died when his mother was a little girl, that he gave way, and they walked together until she turned towards Danish Street, where Mr. Hyndmarsh retained his grocery, not far from the offices of Mr. Wakem.

Prince Henry of Prussia Blames Allied Statesmen For War COPENHAGEN. — The former Prince Henry of Prussia, in a letter to King George, published by the Hamburger Nachrichten, says truth about the war may be had from the allied statesmen, and he suggests that if the former German emperor is placed on trial the statesmen also appear.

The letter asks King George, "In the name of justice and his own interests," to desist in demanding the extradition and trial of the former emperor of Germany. The letter which is signed "your humble cousin, Henry," charges that England plotted Germany's commercial downfall.

"If the allies want the truth, the former prince says, the leading statesmen of Great Britain and her allies should also be brought before the tribunal, as primarily and urgently suspected of guilt in the world war."

The letter continues: "Germany and her brave people have been hit severely but they are not yet dead. The German spirit which now seems dead still lives and will one day awaken to full consciousness of the disgrace and shame which have been inflicted and will one day demand a reckoning."

The letter charges that it was solely the British government which for years prepared the world war, in order to eliminate Germany as a troublesome competitor from the world's markets.

Prince Henry continues: "Let me only remind your majesty of your meetings with M. Saszonoff (then Russian minister of foreign affairs) in September, 1912, at Barmen, and the utterances of your majesty on that occasion, which leave no doubt of the fate planned for the Germans who left no stone unturned."

Germany was overcome, Prince Henry declares, not by the arms of the entente, but by a silver bullet which lodged in the back of the German people. Prince Henry refers to the hunger blockade of which he says "which failed as little in effect upon the German people as did former British measures against the women and children of the Boers."

German Papers Criticize Prince Henry BERLIN. — Commenting on the letter written by Prince Henry of Prussia, brother of former Emperor William, to King George, the Tageblatt says it is an exhibition of unsurpassable clumsiness.

The Vorwaerts remarks that Henry's charge that the principal guilt for the war may be attributed to Great Britain is without a jot of evidence. This newspaper, which is the Socialist organ, terms Henry "a danger to the German people."

Die Freiheit considers it a disgrace that a scion of the Hohenzollerns "at this time has the impudence to use such language," but the Conservative Tages Zeitung says the letter "with refreshing clearness pointed out British guilt."

How Minneapolis Proposes to Deal With the Situation. MINNEAPOLIS. — The city council on Friday adopted a resolution empowering the mayor to seize and take control of all food storage warehouses here with a view of undertaking the distribution of foodstuffs stored at cost to the consumer.

A second resolution adopted ordered the public welfare commission to make a thorough investigation in living costs. The commission was given authority to subpoena witnesses and take testimony under oath.

The question of authority of the mayor to act in the matter is being investigated by state and city authorities.

United States ALLEGED COUNTERFEITER KILLED IN POLICE RAID MINNEAPOLIS, Minn. — James Hogan, alleged leader of a gang of counterfeiters, is dead, and Paul Gottfried, a St. Paul police detective, is in hospital with four bullet wounds, as a result of a raid made on the Hogan home in the outskirts of Minneapolis late Saturday. For several weeks, a large number of counterfeit silver dollars have been placed in circulation in St. Paul and Minneapolis. Government officials working on the case obtained information which led to the belief that Hogan was connected with the gang.

According to the police, the detectives and secret service men rang the door bell, and were answered by a shower of bullets fired through the door. Gottfried and another man went to her rear and gained entrance. In attempting to disarm James Hogan, Gottfried was shot by Harry Hogan, a son. In the fight which followed, the elder Hogan was killed and the son escaped.

But that wasn't enough to satisfy him. A few days ago, in superior court, he got a divorce. He admitted that, owing to his imprisonment, he did not know the United States was at war with Germany until five months after war was declared. His wife, he said, believed him incompetent, after an accident which temporarily invalidated him, and was aided by their son in keeping him prisoner. He was adjudged competent at a sanity hearing prior to the divorce trial.

Mackenzie King Chosen as Liberal Leader (Continued from Page 1.) Mr. Langley in presenting the resolution said the west, while almost all free traders in principle, recognized that the trade policy must be of a character to commend the support not of the west alone but of all Canada. In Saskatchewan the parties were unanimous for lowering the tariff. They started out to get a good deal and they had succeeded in getting it. Everything was not said in the resolution but, as a party, they were pledging themselves to definitely do certain things and they would expect and trust the leaders of the Liberal party to do still further. If they did not do so they would hear from the west.

A reading of the tariff resolution reveals plainly that it aims at the accomplishment of two main purposes—the lowering of the cost of living to the whole consuming population of Canada, and, second, providing encouragement to greater production.

Proceedings on the third and last day were still marked by much enthusiasm. The consideration and adoption of resolutions was continued when the morning deliberations of the big gathering were resumed. A resolution affirming the faith of Liberals in the reciprocity pact and expressing the hope that it will not be repealed by the Washington government, gave Hon. W. S. Fielding the first opportunity of being heard by the delegates. Like the other candidates who spoke, Mr. Fielding got a good reception.

E. M. MacDonald, ex-M.P. said the resignation of W. F. Nickle had in his opinion placed those Liberals who joined the Union government for the war period professing still to love Liberalism, in a most peculiar light. Mr. Crerar was the only one who had lived up to his professions.

Mr. MacDonald characterized the present government as hypocritical, useless and despotic. It had failed to afford relief for the poor suffering under the high cost of living. It had been extravagant in expenditure. The money spent by it for naval purposes might as well have been thrown into the sea.

Out of German-Canadian settlements attended as delegates: Mr. J. F. Hauser of Humboldt and Mr. Gerhard Ens of Rosthern. *Notes.* — The next issue of the (Courier) will bring a brief sketch of the career of the new leader of the Liberal party and some opinions of the press as to the choice of Mr. King as leader.

OUR ORGANISED GRAIN GROWERS

DENOUNCE IMMIGRATION ACT Severe denunciation of the recent amendment to the Immigration Act was one of the outstanding features of the Alberta Farmers' Political Party demands at their recent convention. According to the Calgary Albertan of July 26th, "With only four delegates dissenting (out of a total of seventy-eight) the resolution was carried by the convention of the United Farmers of Alberta Political Association, in Sandstone Hall, Calgary, recently. The discussion aroused a degree of indignation such as no other topic has occasioned, during the two day's session. Rice Shepherd, one of the most prominent men in the farmers' movement in Western Canada, said that himself and family had supported the Union Government at the last election; but declared that the amendment to the immigration act, which gave power to deport men without trial, was one of the specific reasons why he would vote against the government at the next election."

Copy of U.F.A. Resolution The resolution adopted is as follows: "Whereas, the recent amendment to the Immigration Act is retroactive, thereby making acts criminal now which were not criminal when committed; and Whereas, it discriminates against British born immigrants, classing them with aliens; and Whereas, the amended Immigration Act does away with a fair trial by jury to those alleged to have committed offences; "Be it therefore resolved that this political convention of the United Farmers of Alberta Political Association hereby declares that we are opposed to the amendment of the Immigration Act and that, while we are interested in seeing due punishment meted out to all who have violated the laws of Canada, we stand for a fair trial by jury, in a properly constituted court, for every person charged with crime and we therefore urge, in the name of Canadian Justice, that every person arrested under the amended Immigration Act, be given a trial by jury and that the amendment of Section 41 of the Immigration Act and sub-sections, be repealed."

Not Hasty or Ill-considered The Calgary Albertan, in discussing the above decision, says: "The action of the convention was not hasty or ill-considered. For almost a day the matter had been in the hands of the resolutions committee, who made a complete inquiry into the provisions of the act; obtaining the advice of a well-known parliamentarian in regard to the purely

legal question, and also of a prominent Calgary lawyer. "Associated with the resolutions committee were Rev. William Irvine and C. F. Chipman, of the Grain Growers' Guide, who was in Winnipeg during the strike. Guy Johnson, of Vulcan, who presented the resolution in behalf of the committee, explained that the committee took full responsibility for its provisions and in the expression of opinion its legal advisors were in no way involved. Mr. Johnson read extracts from the act and pointed out that it gave power to immigration officials to deport, not only persons who might have been guilty of offences, but also those who were suspected of them and the only judges in this matter were the immigration officials."

A Dangerous Law. Similar indignation is expressed by Turner's Weekly; one of the most ably edited and progressive weeklies in Western Canada. Harris Turner, M. P., who is the editor, is a returned soldier and an experienced journalist and in its issue of July 26th condemns the amendments in the following fearless manner: "The section of the Immigration Act, under which it is proposed to deport the aliens who were arrested in Winnipeg at the time of the strike, provides that anybody could under the meaning of the act, who by word or action attempts to create any riot or public disorder in Canada; or without lawful authority assume any powers of government in Canada, or in any part thereof; or who is a member of, or affiliated with, any organization teaching or entertaining disbelief in, or opposition to organized government."

"There is no one in Canada who desires to see foreign revolutionists or anarchists stirring up anything which might amount to real trouble, but there are sections of the criminal code which would take care of such individuals. The section quoted above looks innocent enough; but it creates machinery for deporting, without trial by the regular courts, men who have long been residents of Canada. If the law were used with absolute fairness it might, perhaps, be of service. But it, unfortunately, gives the authorities so much leeway that, in the hands of unscrupulous manipulators, it could easily be transformed into a weapon by means of which anyone disliked by the men in charge of the Immigration Department, for the moment, could be quietly put away without the formality of a trial. The treason, riot and sedition sections of the Criminal Code provide a much safer method of handling the abuses aimed at, than the board provisions of the Immigration Act."
