VICTORIA CROSS AWARDED TO QUEBEC MAN WHO, UNAIDED, CAPTURED FORTY-SEVEN HUNS

And Also Three Machine Guns — He Surrounded Them With Imagination and Walked Them Back, Then Went Out With a Little Gun Section and Brought in Thirty-five More

Out of a Dozen or so More Victoria Crosses Recently Awarded Canada Has Received Four, but Particulars Regarding the Other Winners Are Not Given.

London, Nov. 16.—In its issue of today the London Gazette records the awarding of fifteen Victoria Crosses of which four went to Canadians. The splendid exploits of the latter are thus officially described: A Victoria Cross was awarded to Lieut. Charles Smith Rutherford, M. C., M. M., of a Quebec regiment, for the most conspicuous bravery, initiative and devotion to duty. When in command of an assaulting party, Lieut. Rutherford found himself a considerable distance ahead of his men and at the same moment observed a fully armed and strong enemy party outside a pillbox ahead of him. He beckoned them with his revolver to come to him. In return they waved to him to come to them. He boldly did this and informed them they were his prisoners. An enemy officer disputed this fact and invited Lieut. Rutherford to enter the pillbox, which invitation he discreetly declined. By a masterly bluff, however, he persuaded the enemy that they were surrounded and the whole party numbering 45, including two officers, and three machine guns, surrendered to him. Lieut. Rutherford subsequently induced the enemy officer to stop the fire of a machine gun close by. Lieut. Rutherford took advantage of this opportunity to hasten the advance of his men to his support. He then observed on the right an assaulting party that was held up by heavy machine gun fire from another pillbox. Indicating an objective to the remainder of his party he attacked the pillbox with a Lewis gun section and captured a further 35 prisoners with machine guns thus enabling the party to continue the advance. This officer's bold and gallant action contributed very materially to the capture of the main objective and was a wonderful inspiration to all ranks in pressing home the attack on a very strong position.

NOVA SCOTIAN DEAD IN NEW YORK

John A. McLeod, Night Editor of Canadian Press and Native of Pictou County, Passes Away.

New York, Nov. 17.—John A. McLeod, 45, night editor of the Canadian Press at New York for the past three years, died early today. Mr. McLeod, prior to coming to New York, was employed at the Globe in Toronto. He was a native of River John, Pictou County, Nova Scotia, where his parents now reside. He is survived by his widow, one daughter and a son serving with the Canadian army in France. His remains will be sent to Canada for burial.

What British Submarines Have Done

London, Nov. 16.—Details can now be given of the part which British submarines played during the war. This service destroyed the following enemy warships: Two battleships, two armed cruisers, two light cruisers, seven destroyers, five gunboats, twenty submarines and five armed auxiliary vessels. One Zeppelin, three battleships and one light cruiser were torpedoed but reached port badly damaged. Other enemy craft destroyed were: Fourteen transports, six ammunition and supply ships, two store ships, fifty-three steamships and 197 sailing ships. In no case was a merchant ship sunk at sight. Care was taken to see that the crews of all vessels got safely away. In addition to carrying out these attacks on enemy war craft the submarines played an important part in convoy work. In the third year of the war one of the British submarine commanders carried out twenty-four cruises, totalling 23,000 miles which probably constitutes a record for any submarine. In the first and second years of the war seven British submarine commanders carried out a total of 120 cruises, extending for 360 days, all of which were actually spent in the enemy theatre.

PRES. WILSON IS GOING TO EUROPE

Chiefly to See His Soldiers and Not Particularly to Join the Peace Conference.

HELD THANKSGIVING SERVICE IN LONDON

British General Elections May Bring Some Surprises Although the Outlook is Bright for Lloyd George.

(By Arthur S. Draper.)

Special cable to The N. Y. Tribune and St. John Standard.

London, Nov. 17.—I am informed that German appeals for an early peace congress have had no effect on Allied arrangements which cannot be hurried any more than is being done.

The general belief here is that the report is true that President Wilson is arriving in Europe about the middle of December, and there is much curiosity to see the man whom the general public knows and pictures to itself even more vividly than some of our own leaders.

It is believed Wilson's intention in coming to Europe is not so much to intervene in the peace arrangements as to be present at Christmas time with the troops whom he was instrumental in sending so far from home on a mission of self sacrifice. It is not expected that any meetings of the peace conference proper will take place before next year.

The British foreign office will shortly issue an official statement on the subject.

The King and Queen drove through the city today to St. Paul's Cathedral, where formal thanksgiving service was held. The streets were filled with people celebrating peace, although the noisiest part of the festivities was over.

All papers give prominence to the American reception of the armistice. President Wilson's speech and the joint session. Most of the influential organs refer to the tremendous problems confronting the world. The "Times" says:

"Our enemy is laid low. It behooves us to show ourselves great in the hour of triumph, to take large views of the immense problems with which victory confronts us and to handle them as becomes us with the calm wisdom of our fathers."

There is great activity in political circles owing to the certainty of a general election next month. Lloyd George held a meeting of his supporters this morning and unfolded his plans for the forthcoming campaign.

The coalition candidate for premier is likely to obtain wide support though surprises may be in store. Labor is still undecided, at the present moment it is not inclined to vote for coalition and obscure points in other party situations need to be cleared up.

The latest official telegrams from Holland state that the queen is showing great courage and drove through the streets at The Hague Thursday afternoon. She was everywhere received with politeness, and at some points cheers were raised. Authorities here therefore think the sensational reports from Holland exaggerated.

No confirmation has been received of a rumor of a revolutionary outbreak in the Dutch fleet, and so far as can be ascertained the police without the aid of troops have been able to keep the situation in hand.

Troika's ambitious plans for a revolution in Holland appear to have failed so far, but there is considerable unrest according to passengers from the first unconvoyed ship which has just arrived at Gravesend. The official view is that the movement has not gone so far that the swift arrival of food will fail to re-establish order. The British and American governments are in constant communication regarding Dutch needs and the ministry for food, announces that the

While All Reports Have Not Yet Been Received, the Province Will Go Well Over the Sixteen Million Mark Instead of Thirteen Millions for Which We Were Asked—Whether or Not We Win the Crown is Still a Matter of Doubt, But There is Hope.

In St. John City We Are Easily Winners of a Crown—The Y. W. P. A. Have Turned in Nearly Three Hundred Thousand and Are Said to Have Beaten the Travellers According to Reports Already Received—What the City Has Done by Wards.

Today St. John's honor flag with one crown will be hung to the breeze and this city will be one of the few in Canada, which can claim this privilege. Many of them will make their objective and have the right to fly the flag but few will have the added satisfaction of seeing the crown added. Last night the final figures were not obtainable but there had been officially reported up to Friday night the splendid sum of \$6,922,450 from 10,424 applicants and when the results of Saturday's work are added to this it is expected the sum total will be well up to the \$7,000,000 mark and the number of applicants 11,000 or over.

For the province exclusive of St. John partial reports received by Secretary Thomas yesterday gave a total of \$6,532,100 and he estimates that

LLOYD GEORGE MAKES APPEAL FOR CONTINUATION OF UNION

In Public Address and in Letters He Outlines His Policies for Reconstruction and Reorganization—Home Rule, Treatment of Discharged Soldiers and Practically Every Phase of British Political Life Dealt With in His Usual Impressive Manner.

London, Nov. 16.—Premier Lloyd George, Chancellor of the Exchequer, Bonar Law, and George N. Barnes, member of the war cabinet, the leaders of the coalition government, opened the general election campaign this morning by addressing a large and enthusiastic meeting in Central Hall, Westminster. The Premier presided.

Mr. Lloyd George said the new parliament would be the most important ever elected in the history of the country. Continuing he said:

"The war has revealed defects of the old system, and we will be wise to take note of and remedy them. We cannot return to the old conditions. If parliament rises to the level of its great opportunities then the empire

and the throne will be firmly established on the only solid basis—that of a contented and happy people.

"The old parliament has served its use and there is no time to lose as somebody must go to the peace conference with the authority of the people behind him. There is no use talking of blank checks. That is only talking blank nonsense.

"The questions are: What body of men is going to settle the problems of reconstruction? Recruiting statistics have revealed the terrible conditions as regards the physical health of the nation. This is due, not to poverty, but to neglect.

"The health of the people must be a special concern of the state. What we have done towards feeding our

STORM SWEEPS NEWFOUNDLAND

Hurricane and Tidal Wave Do Great Property Damage Along the Coast—S. S. Cascapedia is Sinking.

Curling, Nfld., Nov. 16.—A south-east hurricane, blowing ninety-five miles an hour, and accompanied by a tidal wave, swept the west coast of Newfoundland today, causing heavy losses. Virtually all the waterside property in this vicinity, including that occupied by the Gorton Pew Fisheries Company of Gloucester, Mass., was swept away. Hugo seas swept over the Channel Head lighthouse, blinding the light 100 feet above the sea level. At Grand Bay the railway tracks were torn away. The damage is estimated at a quarter of a million dollars.

St. John, Nfld., Nov. 17.—A radio message received here today from the British steamer Cascapedia, of the Federal Line, said she was in a sinking condition off Cape Race. No further particulars were given. It was thought here that the ship was damaged in the hurricane which swept this coast during the last twenty-four hours.

MONCTON BOYS DIED OF WOUNDS

Allan Harris and Bertram Price Make the Sacrifice—Moncton City Gives a Million to Victory Loan.

Special to The Standard. Moncton, Nov. 17.—Official word was received from Ottawa last night that Gunner Allan Harris, son of Mrs. Charles J. Harris, had died of wounds at Sixth Casualty Clearing Station.

Gunner Harris was reported dangerously wounded just a week ago. He went overseas with the Ninth Canadian Siege Battery. He was in his 22nd year and was one of the most popular young men leaving to serve his country with the Canadian force.

Lieut. George Harris with the Seventh Artillery Depot Unit, at Partridge Island, St. John, is a brother. He is also survived by his mother, sister, Mrs. J. D. Ward of Sunny Brae, and two brothers at home.

O. L. Price, merchant, Saturday morning was officially notified from Ottawa that his son, Gunner Bertram Price, had succumbed to wounds in France. Gunner Price enlisted when only 18 years of age with the Second Siege Battery in Charlottetown. Besides his parents deceased is survived by two brothers, Tilley and Howard, of Moncton, and a sister, Mrs. Capt. H. R. Emmerson of Dorchester.

Moncton City more than reached its objective in the Victory Loan. Moncton's allotment was \$725,000. This was reached when the campaign was half over and the objective was then fixed at a million. When the lists closed Saturday night a total of \$1,043,500 had been subscribed with the total for city and county stands at \$1,510,450. Over \$143,000 was written by canvassers in the city on the last day of the drive.

The memorial window in memory of the late Corporal Harold E. Coles, son of Conductor James W. Coles, was dedicated this morning in St. John's Presbyterian church. The window was installed by comrades in arms.

Defaulters Are To Be Punished

Ottawa, Nov. 17.—"Defaulters are to be punished." The government declared in an official statement issued tonight has no intention of permitting these defaulters who refused to come to the help of their country in the hour of their country's need to escape all punishment or penalty.

The statement reads: The impression that the government has decided finally to abandon all prosecutions of defaulters under the Military Service Act and to let them go free, is without any foundation. No such decision has been reached by the government. The whole question of how these defaulters should be dealt with is now engaging the serious attention of the government in connection with other plans for demobilization. On the one hand the very heavy expense of maintaining a large force of military police over a long period to secure the apprehension of all defaulters must be considered. The military police have met with the greatest difficulty in ascertaining the whereabouts of these defaulters.

Various alternative suggestions have been made as to how these men should be dealt with. Among others it that they should be disfranchised for a definite period. The government has no intention of permitting these defaulters who refused to come to the help of their country in the hour of their country's need, to escape all punishment or penalty.

Belgians, Serbians, Roumanians, Greeks and Others Are Our First Concern—Then Come the People of North Russia so Hard to Reach. Method of Aiding Germany Will be by Relaxing the Blockade so That Country Can Buy for Herself if Any-one Will Sell to Her.

New York, Nov. 16.—The problem of feeding Germany is not one of going to their relief, but of relaxing the blockade, "so that they may secure for themselves the bare necessities that will give stable government," said Herbert H. Hoover, food administrator, before sailing for Europe today to discuss food measures for the relief of starving populations.

In a formal statement on the food problems to be met in Europe, Mr. Hoover laid emphasis on the necessity of lifting the blockade so that the German people can help themselves. The statement in part follows: "Our first and deepest concern now must be for the little allies who were under the German yoke, they are the Belgians, Serbians, Roumanians, Greeks, Czechs, Jugo-Slavs and others. There are some seventy-five million people in these groups and they must be systematically helped and at once. We have already doubled the stream of food flowing toward Belgium.

"Our next concern must be to relax blockade measures as far as possible in order that the neutral states in Europe who are now all on short rations, should be able to take care of their people and prevent the growth of anarchy. This is another group of about 3,000,000,000.

THIS VERY LATEST EXAMPLE OF GERMANY'S NERVE IS THE LIMIT

Dr. Solf Asks That a German Commission be Permitted to Visit the United States at Once to Give the People There Some Idea of Conditions as They Really Exist in His Country.

Basel, Nov. 16.—Polish officers from Warsaw have taken possession of the government at Posen, capital of German Poland. They arrived there in an automobile and the power was surrendered to them. Polish troops are expected to enter Posen soon, according to the Berliner Tageblatt, which asks the German government to take protective measures.

German Poland, or Posen, as the Germans call it, is the western-most part of the old kingdom of Poland, and has an area of 11,107 square miles. Posen, the capital of the province, is on the River Warta, and is strongly fortified.

It was reported earlier in the week through Copenhagen, that Polish troops had entered upper Silesia, which borders Posen on the south. On the west Posen is bounded by Brandenburg, on the east by Russian Poland and on the north by west Prussia. The country is agricultural and the land is owned mostly by the German Junkers.

Three-fifths of the population of Posen is Polish. The rest are Germans who were settled there by the Prussian government since the final partition of the old kingdom of Poland one hundred or more years ago.

Berlin, Nov. 16.—(By Wireless to London, 1:05 p.m.) by the Associated Press.—Foreign Secretary Solf has sent a message to Secretary of State Lansing requesting President Wilson to give permission for a German commission to immediately leave Germany for the United States so as to personally lay before the American government the conditions existing here and to assure the taking of steps to purchase foodstuffs.

Washington, Nov. 16.—While President Wilson himself had not had the matter brought to his attention today, officials regard it as entirely unlikely that a commission of Germans will be permitted to come to the United States at this time under any circumstances.

Ottawa, Nov. 16.—A general government policy for handling unemployment will be laid down at a series of conferences to be held here next week, concurrently with the gathering of dominion and provincial ministers.

The unemployment conference will be attended by officers of the various employment exchanges in each province and by officers of the two federal employment exchanges now in process of formation. The labor sub-committee of the cabinet will be in touch with the proceedings throughout.

Among the subjects for determination are: 1. Creation of advisory committees, representative of employers and employed, in all the principal centres.

2. Preparation, as far as possible, of full lists of the various dominion, provincial and municipal public works proposed for the coming year.

3. Adoption of a common basis of trade classification.

HER FIVE CHILDREN Had Whooping Cough

Whooping cough is one of the most dangerous diseases of children, especially to those under five years of age. It first starts with a fever and cough, sneezing, watering of the eyes and irritation of the throat.

On the first sign of whooping cough we would advise the use of Dr. Wood's Norway Pine Syrup. This famous remedy will clear the bronchial tubes of the collected mucous and phlegm, and in this way ease the racking cough and in a short time make it disappear entirely.

Mrs. Walter McLaughy, North Battleford, Sask., writes: "I have five children, the eldest thirteen and the baby two years old. They all had the whooping cough at the same time. I tried two or three cough remedies, but none gave the same satisfaction as Dr. Wood's Norway Pine Syrup. A home where there are young children should never be without it. I will highly recommend it to those who want a quick cure."

There are many imitations of Dr. Wood's Norway Pine Syrup, so be sure you get the genuine by insisting that the package is put up in a yellow wrapper; three pine trees the trade mark; price 25c. and 50c., and manufactured by The T. Milburn Co., Limited, Toronto, Ont.

we see this word victory. The city has been placarded everywhere with the word. We are proud of our victory. We have earned money to achieve victory. Some of you have had to pay very dearly for this victory. A son, or brother, a husband, a father, a sweet heart has gone from some homes never to return. Their life blood has been freely shed to achieve this glorious victory.

But to whom shall we give the thanks for victory? Shall we say that it is our strength that hath gotten us the victory. Shall we say that food has brought us victory, ships have won the war, money, munitions, men have attained the victory. There is no doubt in the world that all these have played a most important part. No, we do not dream of a nation achieving anything in war without food, without ships, without money, munitions and men. And yet through the ages we have seen many nations overwhelmingly defeated, routed, who have excelled in all of these things.

The American government has no desire to continue to act as an intermediary for the Berlin officials. Attention was called today to the fact that only yesterday, in responding to a note from Dr. Solf, Secretary Lansing asked that the Germans stop addressing the United States alone.

Berlin, Nov. 16.—In accordance with the decision of the Council of National Plenipotentiaries the departments of the state in the new government have been filled as follows: Foreign Office Dr. W. S. Solf; Treasury, Dr. Schiffer; Economics, Dr. August Mueller; Industrial and Demobilization, Dr. Kott; War Food, Emanuel Wurm; Labor, Dr. Bauer; War, Major General Scheuch; Agriculture, Dr. Justiz; Justice, Dr. Krantz; Post Office, Dr. Ruedlin.

It would appear from the Berlin wireless despatch that a coalition cabinet, has now been formed, perhaps subsidiary to Chancellor Ebert and his Socialist colleagues.

Dr. Solf has been the German Foreign Secretary since the retirement of Secretary Von Kuehlmann. Dr. Schiffer is a leader of the National Liberal Party, and formerly was the secretary of the Imperial Finance Ministry. Dr. Mueller is a Social Democrat, and formerly was under-secretary of the War Bureau. General Scheuch has been Prussian Minister of War.

There has been no previous advice from Berlin mentioning a council of national plenipotentiaries. Emanuel Wurm is a Social Democratic deputy in the Reichstag. He is a chemist and a writer, and was born in Bavaria. Dr. Bauer is a Socialist member of the Reichstag, and was appointed Secretary of State for the Imperial Labor Office on last October 6th.

Vice-Admiral Mann was appointed Secretary of the Navy early in October. Previously he had been head of the U-boat department of the navy. Dr. Paul Krantz is a National Liberal and was appointed secretary of justice in the Prussian cabinet in August, 1917. He is second vice-president of the Prussian Lower House. Dr. Ruedlin has been director of railways and minister of posts in the Prussian cabinet since August, 1917.

The scheme is the outcome of legislation passed last session. Provision was then made for an expenditure by the dominion of \$50,000 in the first year, \$100,000 in the second, and \$150,000 in the third.

The dominion government establishes the federal clearing houses—one for the west at Winnipeg; the other for the east at Ottawa. The provincial governments, with assistance from the dominion, will maintain their own employment exchanges and work in close co-operation with the two federal exchanges. It is expected that when the scheme gets well under way additional expenditure will be required on the part of both dominion and provincial governments.

The main idea of the scheme is to systematize employment. The provincial exchanges, from information furnished by the federal clearing houses, will be in a position to know exactly where any particular class of labor is required. Thus, it is hoped, an applicant for employment can learn where vacancies exist without unnecessary expenditure to himself.

For the present the cabinet sub-committee of labor, of which Senator Robertson is chairman, is acting as central advisory committee. Bryce M. Stewart, editor of the Labor Gazette, is in charge of the work of organizing the federal bureaus.

Yesterday at St. Mary's church special thanksgiving services, three-fold in nature were observed. Thanks for the lifting of the ban, the plentiful harvest and the signing of the armistice were given. The church was prettily decorated for the occasion with bunting and fruits of the harvest. Large congregations were present at both services. At the evening service special, Psalms and hymns and the Te Deum were sung and J. N. Rogers sang a most appropriate solo, "We Meet Again."

At the evening service the rector based his remarks on the following words: "Thanks be to God who giveth us the victory through our Lord Jesus Christ." 1 Cor. XV, 57.

The word victory is a well worn word these days. It is upon every tongue. For the past week especially we have been rejoicing in the great victory of our armies. We can't pick up a paper but upon every page of it

SAPPER GEORGE CALHOUN OF SUSSEX DIED OF WOUNDS

Official word was received from the keeper of the records, Ottawa, on Monday that Sapper George Hazen Calhoun of the Canadian Engineers, had died of wounds on October 4th. As no previous word of his having been wounded had been received by his wife or other relatives the telegram came as a great shock to all.

The last letter received by his wife, who was Miss Vera Jones prior to marriage, from Sapper Calhoun was dated October 1st and at that time he was in good health and spirits. Sapper Calhoun enlisted and went overseas in the 194th under command of Lt.-Col. Fowler, holding the rank of quartermaster sergeant when he left Sussex. He was transferred to the Canadian Engineers and went over to France in that unit, being a member of same when he made the supreme sacrifice.

Sapper Calhoun was 22 years of age; he was a young man of fine character and his pleasing personality made for him many friends who will learn with deep regret of his passing. Previous to joining the colors he was a civil engineer in the employ of the Dominion government. He is survived by his grief-stricken wife, his father, Mr. Isaiah Calhoun and sister, Ruth, to all of whom the deepest sympathy will be extended in their bereavement.

armistice which caused the greatest war in history to cease. But while we rejoice and render heartfelt and hearty thanks to Jehovah God for His inestimable blessings, for victory, for bounteous harvests, for health, strength in the midst of sickness, and for peace, let me turn your minds to a higher victory than that attained by war; a greater peace than that which follows in the wake of victory. The life of victory through Jesus Christ our Lord; the peace of God which passeth man's understanding; for what will victory in war or peace over all the earth benefit if we do not enjoy

victory over sin and death and have the peace of God resting in our hearts and minds. I point you to a victory that is worth more than all earthly victories. I point you to a peace which is greater than the most perfect peace this world shall ever know. Earthly victories, no matter what the cost may be to win them, but endure for a day, but the heavenly victory which alone lives in Christ Jesus endures for all eternity. Thanks be to God, who giveth us the victory through our Lord Jesus Christ.

Beloved have you this victory which makes you more than conquerors? If not let me press it upon you to

GUY MCLEAN OF BOOM ROAD KILLED

Newcastle, Nov. 16.—Mrs. Clifford Payne, of Boom Road, has been notified that her son, Pte. Guy McLean, whose father was the late John McLean, of Boom Road, had been killed in action November 1st.

Deceased was about 22 years of age. He enlisted at Redbank in the 145th Battalion, and was later transferred to the 165th. He went to France last spring. He was a fine young man for whom many mourn. He leaves his mother and several brothers and sisters.

take it tonight, it is a free gift from God. His Son Jesus Christ has purchased it with His own life blood. To take it requires of you a sacrifice, a life long sacrifice, the sacrifice of self, "Take my life and let it be consecrated Lord to Thee."

Is the sacrifice worth while? The soldier in the trenches who will soon be home with us again will tell you that the sacrifice he and his comrades sleeping in poppy fields of France and Flanders made for king and country, for loved ones at home were worth while. Not one of them who if they were called upon to face it all over again would hesitate a moment. They would not count their lives too dear a price to pay for righteousness and justice.

All honor and praise to these brave lads. We thank God for them and what they did will redound to our country's credit all down through the ages. They did it all to attain an earthly crown, but we who are true followers of Jesus Christ sacrifice to obtain a heavenly crown. God grant when the day comes for us to depart this life we shall be able to say with St. Paul, 2 Tim. IV, 7: "I have fought the good fight, I have finished the course, I have kept the faith and henceforth there is laid up for me the crown of righteousness, which the Lord, the righteous Judge, shall give to me at that day, and not to me only but also to all them that have loved His appearing."

"York"

We have recently produced a new pattern of Flatware in Birks Plate, and have designated it by a name which reflects its Imperial quality.

York—a name rich in close association with church and state, lends but an added dignity to this pattern, which we have no hesitation in describing, as the finest pattern in design, workmanship, and finish of any plated ware on the market.

Like the other patterns of Birks Plate, it may be obtained in complete chests, or in dozens—or even in single pieces if you so wish.

Buy Tires by the Mile

Any man will admit that 9 eggs at 45 cents are higher-priced than 12 eggs at 55 cents.

Yet, because the first cost is lower, many dealers offer tires that render only 70% or 80% of the service that good tires render.

That's not economy. It comes pretty close to criminal negligence in wasting labor and material. Tires should be judged by the cost-per-mile.

Building tires is a complicated job. A multitude of raw materials must be judged. To make good tires, expensive machinery must be used. A vast number of skilled men must be employed. Big investment and experienced organization are necessary to do these things. And without these resources, tire quality must suffer.

CONVENTION AT AMHERST TOMORROW

United Baptist Delegates Will Open Sessions in the Afternoon and Continue Until All Business is Transacted.

The United Baptist Convention of the Maritime Provinces was to have been held in Woodstock beginning Saturday, Oct. 19th. Owing to the ban on public meetings due to the prevailing epidemic this date had to be abandoned. Later it was considered wise to give up for this year the idea of a general convention and to summon boards and committees, with such pastors and delegates as found it convenient to attend, to meet at a central place for the consideration of reports and the transaction of necessary business. At this juncture the church at Amherst, Rev. C. W. Rose, pastor,

offered the use of its commodious building for the work of the convention. In view of the fact that the hotels are pretty full at present the church also generously volunteered to provide lodging and breakfast for those in attendance. But on account of the many homes which have suffered from the influenza it has been found necessary to restrict such entertainment to the members of boards and committees and officers of convention. The Baptists of these provinces are a mighty host, the last annual statistical report showing a total membership of over sixty-two thousand. The president of the convention is Rev. C. R. Freeman of Charlottetown. The secretary is Rev. A. J. Archibald of New Glasgow. The gathering will convene at Amherst for the first session on Tuesday afternoon and will continue until the business has been disposed of. Among the important matters to come before the body is a proposed plan for ministerial superannuation and relief, by which it is hoped to provide an annuity of at least \$400 for every retired Baptist minister.

FIRST PRESBYTERIAN CHURCH MEMORIAL WINDOW UNVEILED

In Memory of the Late James E. Cowan—Unveiled by Brother of the Deceased—Large Congregation Present at Service—Address by Rev. J. A. Morison.

A memorial window was unveiled in the First Presbyterian Church, West St. John, yesterday, at the morning service, in memory of the late James E. Cowan.

Rev. Dr. Morison delivered the following brief address after which the window was unveiled by Robert F. Cowan, brother of the deceased, and consecrated by prayer.

There was a large congregation in addition to the members of the church, many other friends coming over from the city. Dr. Morison said:

"It is our privilege now to unveil this beautiful window, recently installed in this church, in the memory of the late James E. Cowan. This window so exquisite in design and perfect in tone is the gift to this church of one who cherishes both for the church and the deceased deep and abiding feelings of reverence and love. Mr. Cowan during his lifetime was a constant friend and supporter of this church, whose interests he was ever ready and willing to advance. He was a loyal and true Presbyterian and was especially fond of the service of the Presbyterian church. For several years he was a member in full communion and from time to time he held various offices being at one time a trustee and president of the Men's Club. In connection with the installation of the new pipe organ he took a prominent part giving liberally himself for this purpose and also collecting a very considerable sum of money.

"Mr. Cowan never once refused or hesitated to perform any request that was made of him for the benefit of the church. He has been greatly missed. This beautiful window is the work of Messrs. Murray and Co. and is the second window which this firm has recently made and installed in this church. Other churches in this city as well as our own have had memorial windows made by this St. John firm and I feel that their artistic achievements in this respect are of the highest order.

"There are many different ways of erecting memorials to loved ones departed and each heart must select its own, but it seems to me that in no other way can a more effective memorial be established by church members, for in addition to making a permanent memorial, a beautiful window adorns and beautifies the place of the sanctuary.

"Let us pray: 'Almighty God, who hast called us out of darkness into Thy marvelous light, mercifully accept our service, and graciously receive our hands in prayer, which offer and dedicate to beautify the place of Thy sanctuary, in memory of Thy servant, James E. Cowan, and in honor of him, Thou hast given us a light to light on the Gentiles, even Jesus Christ our Lord. Amen.'

"The sermon followed the consecration of the window and was a most thoughtful and earnest one on the theme of the Life After Death based upon the theme of Tennyson's 'Vastness.' Rev. Dr. Morison took occasion in the course of his exposition of this wonderful poem to read several stanzas and in doing so commented upon the marvellously appropriate nature of these verses of England's late poet laureate to the condition of the world at the present time.

"Stately purposes, valor in battle, glorious annals of army and fleet, Death for the right cause, death for the wrong cause, trumpets of victory, groans of defeat.

National hatreds, of whole generations, and pigmy spite of the village spire;

Vows that will last to the last death-rattle, and vows that are snapped in a moment of fire.

What the philosopher, all the sciences, poetry, varying voices of prayer?

All that is noblest, all that is basest, all that is filthy with all that is false!

What is it all, if we all of us and but in being our own corpse-coffins at last, Swallowed in vastness, lost in silence, drowned in the deeps of a meaningless Past?"

"What is it all?" asks the poet's natural man, and to his dilemma the Christian philosopher brings the answer of Pascal, "If the universe rolled over me and crushed me, I should be greater than the universe because I should know what was under it."

Then, in closing his closely reasoned argument for the Life Beyond, Dr. Morison, quoting the last stanza beginning 'Peace, let us be for we loved him and love him forever; the dead is not dead but alive,' added, "So long as men go on to love what has passed into the unseen, so long is it certain that there will be a heaven that which makes it possible for love to continue. For if our loved ones were extinguished in death, the fact would be signalled from the unseen by the ceasing of our love here in the seen.

The choir sang during the service with fine feeling the two favorite hymns of the deceased, Nearer My God to Thee, and Abide With Me.

The sermon was a philosophical discussion of the Life after Death from the standpoint of Christian Philosophy, and was a most interesting discourse and thoughtful minds. Dr. Morison said that after referring to the great message of Tennyson's 'Vastness' among the many accompaniments of the great war there are two that come to our minds as we read these words from Lord Tennyson:

First, "There has been a great revival of interest in Poetry—the mass-times and daily papers have been full of it—and some of it poetry of marvellous vision."

Secondly, "There has been a widespread feeling—I do not mean merely in those circles of the professional theologians—but rather in the wider circles of the popular mind, that the dead, the thousands of splendid dead,

ARE YOU PREPARED?

For the heavy, disagreeable walking conditions that will be upon us soon, now? Winter is at hand, and Fall is here. Our line of Fall Shoes includes many beautiful and practical examples of footwear, made to withstand the weather conditions of late Fall and Winter.

The shoe shown above, for instance, is one that is made for outdoor use, for walking about the city streets, shopping, and for general wear. It is a high top, tan lace, dark shade, medium pointed last, military heel, with a slightly heavier-than-usual sole. The price is \$11.00. Same shoe carried in black at \$10.

Come into our stores sometime, as you are passing, and look at the many beautiful models we have to show. It is impossible to properly show all our shoes in our windows. We want you to see the others, and you are under no obligation to purchase when you do so.

answer to the "canard" that Britain had not done anything in the war. It stood for opportunity. The war had opened up opportunities undreamed of years ago. Opportunities for trade and commerce and the establishment of industries formerly controlled by the Germans.

It was the last letter of the word. He spelled this why? This was a question that had been on the lips of many during the last four and a half years. Why had God permitted this awful carnage? We could not say definitely just now but he thought we could see a little glimmer of light for out of the struggle had come a lasting world peace. Future generations would look back to the time when the British Empire had gone to war for a "scrap of paper," and would bless them that on that occasion they had placed honor above dishonor and fought the best of militarism and overthrown him.

OBITUARY.

Mrs. George Handren. Many will learn with regret of the death of Mrs. Geo. A. Handren, which occurred at her home, 225 Waterloo street, at an early hour Saturday morning, from pneumonia. Mrs. Handren was the daughter of the late Joseph Dalzell, of this city, and leaves her husband, mother, four sisters and

three brothers. The sisters are Mrs. W. H. Chambers, Mrs. Roy F. Handren and Miss Mamie Dalzell of this city, and Mrs. G. A. Lloyd Kay, now residing in Hong Kong, China. The brothers are J. H. Dalzell and J. C. Dalzell of this city, and Rev. Ray C. Dalzell of Machias, Me.

Mildred Viola Bell. The death of Mildred Viola Bell, aged thirteen, youngest daughter of Mr. and Mrs. W. H. Bell, 60 Wentworth street, occurred on Friday evening at the residence of her parents. Pneumonia was the illness. Mrs. Robert Cox of this city, and Miss Mabel Bell, student at Acadia University, are sisters. The young lady was a pupil of the Victoria school.

Peter O'Neil, Jr. Newcastle, Nov. 16.—The death of Peter O'Neil, Jr., son of Mr. and Mrs. Peter O'Neil, Sr., of Chelmsford, occurred of pneumonia yesterday at the age of 29. Deceased had been ill about two weeks. He leaves his parents and the following brothers and sisters: John and Everett, at home; Stanley, with the U. S. army; Mrs. Michael Sheehan, Barnaby River; Miss Margaret, a teacher; Miss Amy, who has just recovered from pneumonia, at home, and Miss Pauline, a trained nurse. Deceased will be buried today in the cemetery of St. Edward's Roman Catholic Church at Chelmsford. Rev. E. S. Murdoch of Renous conducting services over the beloved departed.

William Warren. Newcastle, Nov. 16.—Wm. Warren, aged 25, son of Mr. and Mrs. Alexander Warren of Blackville, died yesterday of pneumonia. His parents and several brothers and sisters survive.

Brain Power

IN the brain is consumed one-fifth of all the blood in the human system. This goes to feed the nerve cells and to create the all-essential nerve force—for whether you think or speak or move your hand, nerve force is consumed in that act.

When an unusual demand is made on the brain, whether by excessive mental effort or as the result of mental worry and anxiety, still more blood and more nervous energy are used in the brain and other organs of the body are robbed of the nervous energy necessary for their proper working.

This is why the thinker—the man who works with his brain, and who does not in these trying days—is most subject to nervous indigestion, nervous headache, sleeplessness and weak functioning of the vital organs such as the heart, stomach, liver, kidneys and bowels.

The human system is a bundle of nerves, and whether we realize it or not, our health depends to a very great extent on the condition of the nerves.

There is always a big demand on the nervous system, and when this is increased by shock, or sorrow or any great mental worry or anxiety there is danger of a breakdown.

At this trying time, when so many are suffering from nervous troubles of one kind or another, Dr. Chase's Nerve Food is proving a blessing of untold value. This food cure is not like a stimulant, because it cures in Nature's way by restoring the depleted nerve cells, increasing the nervous energy and building up the system generally. When you feel tired out in mind and body, have brain fog and failing memory, and feel that you are losing your energy and vigor, it is time to turn to Dr. Chase's Nerve Food as a means of renewing mental and bodily vigor. If your experience with Dr. Chase's Nerve Food is like that of the great majority of people who use it you will soon feel the benefits in increased capacity—both mental and physical. You will feel that you have the reserve force necessary to withstand the strain of life's work and to ward off disease. It is only by building up nerve force that you can hope to counteract the debilitating influence of mental worry and anxiety. Dr. Chase's Nerve Food is so universally used that you can obtain it from any dealer at 50 cents a box, 6 for \$2.75, or from Bates & Co., Limited, Toronto. The portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, are on every box of the genuine.

FRENCH PEOPLE DEMAND KAISER FACE TRIBUNAL

Rebel at Idea of William Escaping Reward of Crimes. ALL WAR CLIQUE SHOULD SUFFER TOO. Holland Would Not Refuse to Hand Fallen Emperor Over.

Paris, Nov. 16.—Willi Wilhelm lose his head, be banished, or be allowed to disappear? Public opinion here is divided. The majority of the masses seem to rebel at the escape of the former Kaiser, who is regarded as the principal artisan of the war and the murderer of 20,000,000 men. These are in favor of an international high court to pass judgment on his case. They oppose banishment as tending to Napoleonize him into a hero, of which he is not worthy. Others declare the Kaiser and the Crown Prince were marionettes in the hands of the militarists and kings of commerce, who are the ones really responsible for the war. They contend that, if possible, these ring leaders should be haled before an international court so that something like justice might be achieved. Otherwise, they say, merely the surface will be scratched.

The opinion is unanimous that the Allies have real jobs in fixing Germany so that no one man or clique can make war again, and at the same time arresting a famine, so far as circumstances permit, by holding a helping hand to a thoroughly beaten foe. John van Hamel, Professor of Jurisprudence in Amsterdam, now in Paris, was interviewed concerning the possible disposition of Wilhelm. He said he believes the Dutch Government will refuse to allow the former Kaiser the benefit of asylum if an international court of justice should require his appearance.

A meeting of the Women's Canadian Club Executive was held on Saturday morning at the residence of Mrs. H. A. Powell. Arrangements for the annual meeting, which will be held in the near future, the first of which will probably be one given by F. A. Mackenzie, the famous war correspondent and author of several war books. His lectures will be on "Through the Hindenburg Line with the Victorious Canadians." This talk is illustrated with lantern views. Harry Lauder has been invited to address the Club while in St. John, but has not yet answered the invitation.

All Fat People Should Know This

The world owes a debt of gratitude to the author of the new famous Marmola Prescription, and is still more indebted for the reduction of this harmless, effective obesity remedy to tablet form. Marmola Prescription Tablets can now be obtained at all drug stores, or by writing direct to Marmola Co., 864 Woodward Ave., Detroit, Mich., and their reasonable price (15 cents for a large case) leaves no excuse for missing out on the best exercise for the reduction of the overfat body to normal proportions.

ANOTHER PLACE HEARD FROM. Sandy Point is decidedly on the map. In fact this section has all the other places backed off the flower map. Yesterday's guest of Hamm's Inn at Sandy Point while strolling through the backyard discovered the following to wit: One daisy, one pansy and three bachelor's buttons—flowers, not the other kind, lying amid the snow. Thus it would seem that Sandy Point is the metropolis of the flower map. Next!

IF BACK HURTS BEGIN ON SALTS

Flush your kidneys occasionally if you eat meat regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain out only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys. The moment you feel a dull ache in the kidney or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful for a few days and your kidneys will then act fine. This famous salt is made from the acid of lemons and lemon juice, combined with soda and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

LOYD GEORGE MAKES APPEAL FOR CONTINUATION OF UNION

(Continued from page 1) endeavor to find a settlement for themselves. "The second alternative was adopted, but unfortunately after nearly a year of earnest deliberations the convention found themselves unable to arrive at anything like an agreement. "In these circumstances I claim the right to bring a settlement into effect based on the first of these alternatives. I recognize, however, that in the present condition of Ireland such an attempt could not succeed, and that it must be postponed until the condition of Ireland makes it possible."

A voice: "What about the discharged soldiers' party?" The Premier: "Surely that is not a separate party and the general election will solve it." This remark was greeted with cheers. The opposition, Mr. Lloyd George continued, was organized for fault-finding, and made for delay. For organized labor to withdraw from the coalition at the present moment, he declared, was the height of folly. He had not the slightest doubt that the workers of the country would condemn that action. The coalition had been in office two years, and the nation could see what it had done. He only begged for it that it had done everything possible "to help our soldiers and sailors and our allies to win the war by finance, transport, food or organization and munitions of war."

If the nation decided that a new government was to take the place of the coalition, the Premier said that he and his colleagues would promise it their unflinching support even to being hounded in the construction of the new edifice. In conclusion he said: "Timidity is fatal to great action. Let us approach our task as men determined to lay the foundation of the new world on a sure basis."

Chancellor Bonar Law said if the election was delayed till next year the greater part of the session would be lost. He declared his party believed that the nation was wholeheartedly behind the prime minister. Premier Lloyd George has sent a letter to Chancellor of the Exchequer Bonar Law, leader of the Unionist Party, outlining his policy regarding the general election and the principal issues of the day.

The Premier says he is convinced there should be a general election, his principal reason being that it is essential there should be a fresh parliament possessed of authority to deal with the difficult transitional period which will follow the cessation of hostilities. Mr. Lloyd George considers it should be a coalition election, the constituents being invited to return candidates who will undertake to support the present government not only to prosecute the war to a final end but to negotiate peace but to deal with the problems of reconstruction. The Premier says he desires to see this carried through on personal grounds, for during the last two years he has received the wholehearted support of the unionist party and the government has had unity both in aims and in action which has been remarkable in a coalition government.

The prime minister says he is convinced such an arrangement would be best for the country, adding: "The problems with which we shall be faced immediately will be hardly less pressing and will require hardly less drastic action than those of the war itself. They cannot, in my opinion, be dealt with without disaster on party lines. "It is vital that the national unity which has made possible victory in war should be maintained until at least the main foundations of national and international reconstruction have been securely laid."

The Premier says a parliament returned to support the coalition government would fulfill this essential condition and would also be possessed of both of the necessary authorities and the unity of purpose alike as to principles and methods to enable the government to deal effectively with the peace problems which will confront it. If an election on these lines takes place he recognizes there must be a statement of policy which will retain the support of the Unionist and Liberal parties.

Dealing with imperial preferences as defined in resolutions of the imperial conference to the effect that preference will be given on existing duties and on any duties which may subsequently be imposed. "On this subject I think there is no definite opinion between us. I have at the same time stated that our policy does not include a tax on food but that does not, of course, interfere with the granting of preference on any articles of tea or coffee on which for our own purposes, we have imposed a duty. "One of the great objects which must be aimed in the future is to maintain improved agricultural position and for this purpose a great deal can be done in many directions including for instance, an improvement and, indeed, a complete change of the transport situation. As regards other aspects of 'this problem,' I am prepared to say that the three industries on which the life of the nation depends must be preserved."

"I am prepared to say also that in order to keep up the present standard of production and develop to the utmost extent possible, it is necessary that security should be given against unfair competition to which our industry has in the past been subjected by the selling of goods below the actual cost of production. "We must face all these questions with new eyes without regard to pre-war speeches."

Dealing with the Home Rule question, Premier Lloyd George said: "I can support no settlement which would impose a forcible coercion of Ulster. Eighteen months ago the government made alternative proposals for a settlement of the Irish problem. It offered either to bring Home Rule into immediate effect, while excluding the six northern counties of Ulster from its operations, but setting up at the same time a joint council, which would be empowered to extend legislation of an Irish parliament to Ulster, or to set up a convention of representative Irishmen to

the best possible investment. Several of the women's societies took out bonds in order to assist the Y. W. P. A., thus showing a splendid spirit of unity. It has been clearly shown in spite of some objections made at the start that women can sell bonds and the Y. W. P. A. have done it. The Y. W. P. A. are most grateful to the co-operation given by Messrs. Armstrong, Terry, Crawford, Knodell and Simpson and all those who helped to make the campaign a success. Restigouche County has gone over the top and wins one of the large flags. Charlotte County has added a crown to its flag and York County will have the right to place a crown on the flag when full returns are in. The

VICTORY LOAN CAMPAIGN ENDED

(Continued from Page One) Miss Jessie Church, the energetic president of the Y. W. P. A., and the one hundred or so members of the Young Women's Patriotic Association breathed a sigh of relief when Saturday was over and an end had come to their efforts to sell Victory Bonds. Over a half million dollars' worth of bonds have been sold during the past week by the Y. W. P. A. and the Commercial Travellers' Association and according to the known figures the girls are placed in the lead. Be the number small or great the members of the Y. W. P. A. deserve every credit which can be given to them as of the one hundred girls working on this campaign 90 per cent are employed all day in offices and thus had only their spare time in which to canvass. Many of them took advantage of the noon hour to see purchasers and thus went without their mid-day meal.

Had the notice given of the campaign been longer or had the association been in a position to have had more of the unemployed members working, several attractions or specialties of street advertising had been planned but it was not possible to carry out these ideas. Many of the Y. W. P. A. girls are also V. A. D.'s and these are too busy at the diet kitchen or in sick rooms to take up any extra work. The week after permission was given to canvass was taken up with the organization of the teams, meetings being held every evening and special instructions delivered by L. C. Armstrong and E. J. Terry. Special meetings of the captains were also held and Miss Church was steadily at work from early in the morning until very late at night. A fine spirit of fair play and comradeship was shown by the captains throughout the campaign.

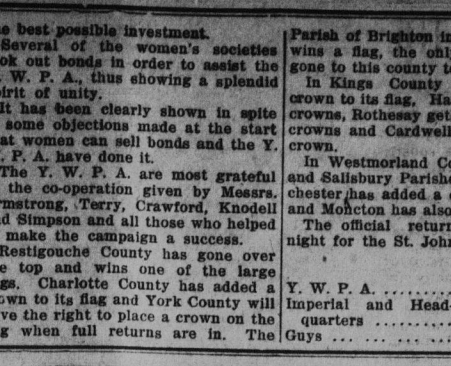

It is a fact that many subscriptions were received which it is most unlikely would have been handed in in any other way. Many purchasers had already bought all the bonds they thought they could afford, but wishing to support the work of this society these men took out still other bonds through the association. Some of the girls were sent to women who did not quite understand the terms of the bonds and after talking with other women were brought to see that it was

Ideal for Baby

MOTHER instinct tells you that baby must have only milk that is pure, rich and safe. Then use Carnation Milk. You are sure of its quality; for it comes sealed safe against contamination. Babies thrive on it. It is "whole" milk—not separated. Contains all the cream, all the "food values" of rich, wholesome milk. Uniformly richer in butter-fat than the Dominion authorities demand. You can have it handy on the pantry shelf ready to use—as you need it. Because it is sterilized, it keeps fresh for months. Even when the can is opened, Carnation Milk will keep fresh and sweet for several days. In using Carnation Milk for baby follow your physician's advice. He will tell you in what proportion you must dilute it to suit your baby. Carnation Milk is evaporated to the consistency of cream. Water—and water

MRS. KUHRING INTERVIEWED ON V. A. D. RELIEF WORK AMONG SICK

Gallant Band of Women Are Performing Wonderful Work in the City and Elsewhere—Surprised There Should be Any Suggestion of Relieving Them of it—Grateful for Support of Others.

Last evening in an interview with Mrs. Kuhring on the V. A. D. relief work among the sick, the local commander said:—
"We certainly are on duty for this influenza work much longer than any of us anticipated when we took it up. The strain upon our resources is heavy. At the same time it is exactly the kind of undertaking our order stands for, and we hope to carry it through to the end. Indeed it is a surprise to us that there should be any suggestion of relieving us of it, and we cannot quite understand its purpose. They should have seen our volunteer nurses at work, both in the city and elsewhere with nothing too hard for their efforts, the diet kitchen staff 'carrying on faithfully, cheerfully taking up the continuous tasks of 'suffering humanity' is dependent upon its fulfillment. Our V. A. D. staff is enforced by volunteer helpers, and in addition to the cooking done in the kitchen, there is a large daily contribution from a number of generous helpers who cook at home. Contributions of cooked delicacies have also come from the following societies: The Hero Red Cross Circle, Brunswick Chapter I.O.D.E. St. Monica's Guild, Lancaster Red Cross, Daughters of Israel, and the Catholic Girls' Guild. All chapters of the I.O.D.E., W.C.T.U., gleaners of Lakeside, employees of M.R.A., Limited, three ladies from the Old Ladies' Home, Centenary Church Choir, Queen Elizabeth Red Cross Circle and the Y.W.P.A., are

some of the sister associations of the city who have stood by us in this undertaking with respect to money. And the merchants of the city have also contributed most generously. "All the motor drivers did their part, and besides the daily rounds in which no sick person is ever passed by, there are extra hurry calls hither and thither for new or urgent cases, and long drives into the suburbs and outlying districts. We have met with certain difficulties, but not with any which could not be overcome. In distributing our supplies we have perhaps trespassed upon the generosity of the kind owners of the automobiles which have been put at our disposal for their use. We have been most grateful for the unflinching support that has come to us from all directions. "Interest has been very cheering, a dawne have had a number of distinguished visitors at the kitchen who have been most welcome, including Mrs. Wm. Pugsley, His Worship the Mayor, the Bishop of St. John, several of the clergy and of our leading business men, all of whom have been also our generous patrons. "The work has been entirely dependent upon the cash donations of sympathetic friends, which, up to the present time have kept us without anxiety as to meeting expenses, which, considering the field covered have not been heavy—something less

than \$700.00 having been expended to date. "The great lack has been in the nursing service. There is no doubt that the regular diet has saved life, and the restoring strength every day among many invalids. It has been hard to say to stricken households: "There is no one willing to come in and help you," and this has been said many times. "No one to send to a hard answer to give to frantic appeals for aid. In one household a sick father is left with two little children, one quite ill, after the mother's funeral has filled their hearts with sorrow. And not one friend comes to them, until the visiting nurse appears. Sick parents holding out till they almost drop, trying to care for their families, all down with the disease, not neighbor or friend who will enter the house to help, has been a very common experience. The only one to come to the rescue is the volunteer nurse. We have had about thirty of these volunteers, far below the number we should have had. Many of them are completely tired out, and some are ill. We cannot see why there should be any criticism of the mayor and council. When we need money, their attitude would certainly not prevent our asking them for it, and the mayor's family have been among our most active helpers in the work from the first, and his car has been at our disposal. What we have needed most is something that money will not buy, and while we feel the deepest gratitude to those generous citizens, who, not able to come themselves, have yet supported those who could, the fact remains that the cooking, the motor delivery and the nursing are the absolutely essential features of this work of mercy, and it is in this department of personal service alone that any lack has been felt and that we have had to call too heavily upon the few. Our intimate association with the doctors, trained nurses, Red Cross societies, ladies boards of health, His Worship the Mayor, and our fellow workers the Sisters of Charity, leave us with nothing but sincere appreciation in our hearts. We think we ought to know."

GRAND RALLY DAY HELD AT CENTENARY

Rev. H. A. Goodwin Says That in Order to Ensure Permanent Peace Germany Must Change Her National Ideas and Heart.

In a splendid sermon in Centenary church last night Rev. H. A. Goodwin stated that in order to assure permanent peace Germany must change her national ideas; she must in fact have a change of heart. Yesterday was a grand Rally Day for peace, for the open church and for the passing of the ravages of disease. In Centenary at both services the attendance was better than usual and many people expressed themselves as thankful in having church services once again. In the morning service Mr. Goodwin took Matt. 23:17. The door was shut, as his text, and his sermon referred to the doors of the church being closed during the epidemic. He stated that the closing of the churches had created a precedent in the province, but that the general consensus of opinion was that the department of health did the only thing possible. He referred to the inconvenience and financial loss suffered by the churches and he expressed gratitude that the disease had subsided and the ban lifted. Mr. Goodwin stated that every war brought a truce of evils, war, pestilence and famine, but there was one surprising thing to be noted in the present war, namely, that we have escaped with such few epidemics and such a low rate of fatalities. In speaking of the closed door of the church he stated that this closed door meant that we were coming under definite regulations. The progress of civilization is marked by increasingly drastic regulations, but we should welcome these laws if they are wisely administered, as they are the framework of our civilization. He stated that the preaching of the Gospel was the pioneer of all reform, and that the instrument that made the forest, tilled the soil, built the cities and established education and commerce. It has given the constitution to our national life, decency to society, integrity to character and purity to personal habits. Further on Mr. Goodwin stated that the closed door has given us a perspective view; has given us a view of the church from the outside. From this angle we learn more of its real worth, and many people returning to their churches are surprised at the large place that the church has had in their life. This closed door has also helped us to determine how much of the church and how little of the Christ we have in our religion. The evening sermon preached by Mr. Goodwin illustrated the part that God is playing in world affairs today and the text was appropriate to the thought, Psalms 97:1 "The Lord Reigneth." In opening his sermon the pastor stated that never in history has God been more triumphant. This is God's day. God is manifesting Himself in the interest of the empire and her allies. Germany and Austria are broken into factions, seething with discontent, and it seems in some quarters that there is not sufficient body to the governments so that they can be consolidated into a government with which terms of peace can be negotiated. He stated that during these tragic

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

Hurry, Mother! Remove poisons from little stomach, liver, bowels. Give "California Syrup of Figs" at once if bilious or constipated.

Look at the tongue, mother! It coated. It is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again. You needn't coax children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt.

BOOKS AND PEOPLE

Libraries Thronged on Saturday—Many Books Taken Out for Sunday Reading.

There was a great run on the libraries on Saturday, people seeming to be anxious for reading matter, and to have missed exceedingly during the period of the ban the privileges of getting good books to enjoy over the Sunday. Human nature shows up to a marked degree at such places, and there are a number of different types who call for books. There is the fussy person whom nothing suits. If a book is exciting she does not care for melodrama. If it is a character study it is too slow. If it does not end well that is enough to condemn it in her eyes. Then there is the man who reads nothing but well written histories or biographies, but who wants to tell the librarian just where he would have won the battle lost by the famous general, or how he himself would have differed from the well known statesman. To the library come the not too young man and woman, who shyly admit that they like a book "with a good love story, a heart interest," they call it "For these romantic types a story cannot be too sweetly sentimental." Another class, and it is quite a large one, want the novel which treats of the realities of life, or the book whose plot is "strong." These people refuse the story which is of the kind they term "milk and water," and are particularly partial to foreign authors. The boys and the girls are easier to suit and fortunately for those who hand out the volumes, most of the callers at the libraries are satisfied to take what is given them or recommended, and thank the librarian for her kindness. St. John is very fortunate in having in charge of the libraries a staff whose stock of patience seems inexhaustible, and who are never too weary to look up a reference or to meet with unflinching courtesy the many demands of the readers of the city. Cheering information. Man in chair—Here, be a bit more careful with that razor; that's the second time you've cut me. Barber—Well, well, so it is; but there! I always deduct a cent for every cut. Why, it's nothing for a man to go out of here having won a dime off me.

days England and her allies are preserving the peace and purity of their national character. With our unity of character and our one war purpose stand in the fulness of our strength. "God manifests Himself in a spirit of fair dealing with our enemies in the day of our victory. We have no disposition to take advantage, or to plunder or to make unreasonable demands, and there is no intention to have a perpetual open sore with the enemy in the settlement of the terms of peace." In closing Mr. Goodwin stated that Marconi has said that Italy is willing to forgive Austria, and Germany has officially thanked the allies for their attempt in sending them their food. Mr. Goodwin then went on to explain how God manifested Himself in Christian leadership, in disarmament and in the new social order that is arising.

MISS HAZEL BAKER of Woodstock is now on the staff of J. Clark and Son.

Messrs. Allan Barber and Roy Hall of the Estey and Curtis staff, were away for a few days this week on a hunting trip.

The United Baptist and Reformed Baptist churches of the town will reopen for public worship on Sunday but the Methodist and Anglican remain closed for another week, the pastors of both deeming it unwise to open until that time.

NEWCASTLE
Newcastle, Nov. 15.—Mr. Jimmeau of Andover, Kent Co., died of influenza in the Miramichi Hospital, yesterday. He was a married man with several children.
This is the sixth death from influenza in the Miramichi Hospital this fall. None were natives of Newcastle town.
There are now thirteen cases of influenza in the hospital. No more cases of that disease will be admitted to the hospital, as space is needed for ordinary patients.
All the nurses of the Miramichi Hospital, who were ill of influenza, are now back on duty. The Matron, Mrs. Daniel Richards, who had been ill with influenza, last two or three weeks, resumed her duties in the hospital this week.
The wheat crop in this vicinity this year has been large.
Statistics for the last seven weeks averaged 800 bushels of wheat per week, lately 150 bushels per day. The mill has a capacity of 200 barrels of wheat per day of 24 hours, and is being run now 15 to 18 hours per day to accommodate the farmers. Forty-two teams visited the mill one day this week.
Ex-Alderman Charles Reinsborough.

HARTLAND
Hartland, Nov. 14.—On Tuesday Hartland celebrated its royal anniversary. Individuals followed their own bent in joy-making in the morning but in the afternoon the whole town gathered in front of the post office where a short thanksgiving service was held. The programme is as follows:
Doxology, sung by the people.
Invocation—Rev. T. Spencer Crisp.
Scripture reading, Psalm 146, by Rev. E. A. Trites, responses by the people.
Hymn—"O God, Our Help in Ages Past."
Thanksgiving prayer—Rev. A. H. Trifton.
Short addresses by Revs. N. Franchette, T. S. Crisp, E. A. Trites and Chairman Rev. Percy J. Trifton.
Hymn—"Onward Christian Soldiers."
Reading of the terms of the armistice by Rev. E. A. Trites.
Benediction—Rev. T. S. Crisp.
National Anthem.
Rev. P. J. Trifton seemed to strike the keynote when in his address he said that though crowns and thrones were toppling to ruin around us, our trust is in God and though all nations become republics we (the British Empire) will yet have our king.
Following the service a number of gayly decorated automobiles formed up in parade while the school children, headed by Allan McIntosh in Highland attire, and seated upon his pony, brought up the rear in a Victory Bond procession.
The festivities were continued over into the evening when about forty-five young people gathered at the home of Mr. and Mrs. W. F. Thornton at the old Exchange Hotel and partook of an oyster stew.
In George G. Gray recently received the sad news of the death of his daughter, May, wife of W. A. McLaughlin of Sutter City, California. Besides her husband and aged father there are left to mourn her passing one son, Carl Gray McLaughlin, six years of age, one brother, Dorian, and one sister, Susie, both in the Canadian West.
The Parish of Brighton is "over the top" in the Victory Loan campaign. They have won their flag and are now working for a crown.
Dean Hammond has accepted a clerical position with the St. Maurice Lumber Co. of Blue River, Quebec, and has already entered upon his new duties.
Miss Georgia Reid is the nurse in attendance upon Scott A. Shaw of Victoria, who is seriously ill of heart trouble, following an attack of the influenza.
Miss Helen Plummer, B. A., returned last week to her school duties in Quebec City.
Andrew Aiton received a message this week informing him that his son, Robert L. Aiton, who is serving with the king's forces overseas, was recently gassed in one of the last offensives of the war.
Miss Hazel Baker of Woodstock is now on the staff of J. Clark and Son.

Around the City

RAIN.

FOR BELGIAN RELIEF. Mrs. George R. Truss, Woodstock, has sent Mayor Hayes \$4.30.

FIRST TO LAY UP. The first of the river steamers to lay up for the winter season is the Champlain, which made her last trip on Saturday, and returned to the city yesterday.

WOUNDED NOV. 3. Word has been received by Cecil Garnett, 42 Albert street, that his brother, Pte. John Garnett, was wounded on Nov. 3rd, and has been admitted to hospital.

CHURCHES RE-OPEN. The Catholic churches throughout the city reopened yesterday after the recent ban of the health department. At all services, the churches were packed to the doors, so eager were Catholic citizens to again be enabled to hear Mass.

C. OF E. ANNUAL SERVICE. The Church of England Institute will hold their annual service at St. John's (Stone) Church on Tuesday, November 19th. The special preacher at this service will be the Rev. Capt. Lawrence, formerly of the 104th Battalion, now rector of Hampton, N. B.

DINNER FOR 25TH. The Royal Standard Chapter I. O. D. E., has undertaken to provide a Christmas dinner for the 25th New Brunswick Battalion. Last year this chapter forwarded \$1,100 for this purpose, and the Regent, Mrs. E. Atherton Smith hopes to be able to provide an equal amount this season.

GOLDEN WEDDING DAY. Mr. and Mrs. Peter Campbell, 47 Hazen street, were on Saturday receiving the congratulations of many friends of the celebration of their golden wedding day. Fifty years ago they were united in marriage in New York by Rev. Dr. John Thompson, formerly pastor of St. David's church.

WAIT TILL TUESDAY. The Standard is in possession of some information that the public honor bound not to divulge to the public until Tuesday but this much can be said, the news is concerned with a movement which will be acknowledged to be in the better part of the City of St. John and as such should have the support of all St. John citizens.

PTE. WM. DOOLEY KILLED. Mrs. William Dooley, 43 Sheffield Street, on Friday received word that her husband, Pte. William Dooley, had been killed in action on September 29. Pte. Dooley was in the 26th Battalion. About two months ago he was sent to France, where he paid the supreme sacrifice. Besides his wife, two small children survive.

DRIVER HENDERSON ILL. Driver Alexander Henderson, son of Mr. and Mrs. James T. Henderson, 104 Duke street, West, was reported dangerously ill with broncho-pneumonia, at No. 7 Canadian General Hospital, by Ottawa, in an official despatch Saturday morning. Driver Henderson was wounded in the right leg on Oct. 7th, and has been in hospital since.

WAS TRANSFERRED. Robert McDade, the popular book-keeper of the Atlantic Sugar Refinery, left for Montreal Saturday evening to accept a like position with the same corporation at that city. It is understood that the new position is a promotion in itself, and Mr. McDade's numerous friends in the city wish him success in his new field of labor.

FATHER COUGHLAN ILL. Rev. Father Richard Coughlan, who is stationed at Johnsville, Carleton County, is a patient in the St. John Infirmary suffering with stomach trouble. It was rumored last evening that his condition was reported critical, but enquiries at the infirmary elicited the information that the reverend priest was resting comfortably.

MISSIONARY CONFERENCE. An interesting announcement was made by Rev. G. A. Kuhring at St. John's (Stone) Church during the morning service. Mr. Kuhring told the congregation of the arrangements for a Missionary Conference to be held the week of December 5th. There will be present at this conference, which is under the auspices of the St. John City Deanery, special speakers, Dr. Taylor, formerly of China, and Rev. W. E. Harp, of India. Addresses will be given for the men of the various city churches, and plans are being made for a supper which will be held at Stone Church.

CHRISTMAS HOLIDAYS. A rumor has been heard by the pupils of the public schools that their Christmas holidays will be reduced to make up for the five weeks lost during the influenza epidemic. Dr. Bridges, when asked by The Standard last evening as to the truth of this report, said that the Christmas holidays were fixed by the Board of Education and that any alteration would have to be made by them, and furthermore it was extremely unlikely that any change would be made in the holidays. The pupils will have to study harder to make up for the thirty-five days lost, Dr. Bridges said. The most important thing is to keep down the influenza.

IMPORTANT MEETING. An important meeting of the headquarters staff of the No. 7 Military District—meeting at New Brunswick—will be held in this city today. At this meeting ways and means of reducing the military establishment will be thoroughly gone into and recommendations made. Now that prospects of further strife are practically nil it is of importance that expense be cut down and a certain amount of demobilization commenced. The meeting in St. John will be held simultaneously with others in all the Canadian cities—evidently a national measure springing out of the statement issued from Ottawa a few days ago that Canada's home forces would be speedily broken up and discharged.

PROMINENT CUSTOM OFFICER IS DEAD

Death of John McKelvie Occurred Last Evening—Was Member of Custom Staff for Twenty-four Years.

With the deepest of regret the many friends of John McKelvie will learn of his death, which occurred last evening at his home, 85 Elliott Row. The deceased leaves besides his surviving wife, one son, Fenwick W. McKelvie, the well known pilot, also two sisters, Mrs. G. R. Lechevalier of Boston, and Mrs. Charles Johnson of Washington; also two half-brothers, Charles and Alexander Anderson of this city.

The late John McKelvie was a most popular citizen, a former member of the common council, and for the past twenty-four years has been on the Customs staff in St. John. Previous to this appointment he was prosperous shipowner. He was one of the most popular and best known residents in St. John, and by his jovial manner and his fair dealing with his fellow citizens had endeared him to the hearts of all who knew him. In his earlier days he was a prominent helper in clean athletics especially rowing, having taken part in more than one aquatic event.

The funeral will take place tomorrow afternoon at three o'clock, from his late residence, 85 Elliott Row.

DEPOT BATTALION ON CHURCH PARADE

Impressive Service at Trinity Yesterday Morning—Impressive Sermon Preached by Canon Armstrong.

A very impressive service was held yesterday morning at Trinity church. The Depot Battalion marched to the service, this being the first public church parade held since the battalion left the city for Sussex.

Canon Armstrong, rector of Trinity church, preached a very beautiful sermon on the subject of Thanksgiving. He said that though December 1st had been officially set for thanksgiving he felt that the feeling of thanksgiving was in the air and that he must speak of it. His text was "I was glad when they said unto me, Let us go into the house of the Lord," Psalm 122:1, and during his sermon Canon Armstrong spoke of the joys of again worshipping in the House of the Lord after the deprivation of the last five weeks.

FOUR CASES WERE LISTED SATURDAY

Twenty Cards Were Taken Down—Epidemic Responsible for Thirty-three Deaths Last Week.

Four houses were placarded on Saturday as having cases of influenza in them and twenty cards were taken down. The epidemic last week was responsible for thirty-three deaths, twenty-two being from pneumonia and eleven from influenza. Official health department reports show new cases are becoming rare and press the hope that in another week the death rate will show a decided decrease.

Yesterday Hon. Dr. Roberts received word from St. George that the epidemic was showing signs of a revival in that section and asking for a shipment of vaccine and the minister has arranged for a supply of this to go forward this morning. He reports that Dr. Abrahamson is receiving numerous calls from outside physicians for the vaccine and the calls are being attended to with promptness.

SUNDAY SCHOOL AND Y. P. A. BUY BOND

Centenary Sunday School and Young People's Association together have purchased a \$500 Victory Bond which will be used as an endowment to the Missionary Society of the Methodist Church of Canada. This action is in line with the Victory Loan War Memorial undertaken by the united churches of Canada. The purpose is to boost the Victory Loan, to assist the churches in extending their missionary work, and to commemorate the heroism of such members as have fallen at the front. A shield is presented to each Sunday school subscribing a bond.

Y.M.C.A. NOTES.

The first meeting of the Leaders' Corps was held in the Association building on Saturday night, under the leadership of Jack Maughan. Organizational matters occupied the attention of the meeting. At the first Sunday morning service in the Y.M.C.A. yesterday, M. Gregg, boys' secretary, gave an interesting talk on the boys' responsibility in connection with after the war problem.

TEMPERANCE ALLIANCE.

The forthcoming Annual Convention of the N. B. Temperance Alliance, to be held in St. John on Wednesday, December 4th, is likely to prove a gathering of unusual interest. Some of the leading prohibitionists of Nova Scotia and Prince Edward Island have promised to be present. Watch the advertisement columns for full particulars.

Mrs. John G. Leonard (nee Miss Jennie Robinson) will receive for the first time since her marriage on Monday and Tuesday, Nov. 18th and 19th, at 67 Union street.

HAS BEEN TWENTY-TWO YEARS PASTOR

Lacking but Three Years of a Quarter Century Rev. J. C. B. Appel Has Been in Charge of Douglas Avenue Church.

Yesterday's services in the Douglas Avenue Christian church were conducted by the pastor, Rev. J. Charles B. Appel, which marked his twenty-two years as pastor of this church. Lacking but three years of a quarter-century the reverend pastor is still among the same flock; or at least pastor of the same church since his graduation in 1895. Graduating from the College of the Bible in Kentucky Rev. Mr. Appel came to this city as pastor of the Christian church, which at that time, was but a small hall, now known as the Star Theatre, Main street.

In 1900 the present edifice on Douglas Avenue was erected, and dedicated in the same year. The growth of the church is marked by strides, as originally, at the time of Rev. Mr. Appel's becoming pastor of the church, there were only 20 members, at the present there being 150; and some other 300 who have been removed by death, or their removal to other cities.

Two in that time became ministers themselves—Rev. George Titus, now in the United States, who recently returned from France, being engaged overseas in Y. M. C. A. work; and the Rev. Charles E. Armstrong, now in Prince Edward Island, who has the church been void of that characteristic patriotism to their mother country, as five of its members have made the supreme sacrifice in the war altar, dying that others might live; besides other members who were in action also.

Under the pastor's guiding care and the hearty co-operation of the members of his church, a Victory Bond amounting to the neat sum of \$1000 was taken out by the church, and now arrangements are being made to float another bond of the like amount, which sums will be devoted to paying off the mortgage on the church, as well as to help defray other minor expenses.

Rev. Mr. Appel was the recipient of many congratulations yesterday and all his numerous friends who though the occasion did not permit of their meeting him, extended to him their best wishes for success in his future labors. In the near future a memorial service is being held in the church in honor of his brave dead, who died on France's fields.

MILITARY NEWS OF INTEREST

Royal Air Force Recruiting Ordered Stopped—Conference Regarding Demobilization to be Held Today.

Orders to stop recruiting for the Royal Air Force have been received by E. A. Schofield, who has charge of the local office. A conference will be held at local military headquarters this afternoon regarding demobilization. Instructions have been received from Ottawa at the local headquarters to prepare for demobilization.

It is learned upon good authority that the members of the various engineers' depots throughout the whole of the Dominion will be among the last soldiers to be discharged from the army service as their services can be utilized to good advantage in the rebuilding of the war ridden France and Belgium.

Again it is stated that in proof of the above statement members of the various Canadian engineers' depots are being sent overseas at the present time as they were in the time of action on the western front. Popular topic of the day is whether the conscripted soldiers will be allowed to come to Canada as soon as those soldiers who enlisted at the early days of the war. Some contend that they will not be given the same privilege that once conscription came into power in Canada those being conscripted under the order are forever soldiers and can be detained in the service as long as the military authorities deem it necessary to remedy the effects of war, while those who volunteered do not come under the rules of conscription.

POLICE COURT CASES SATURDAY

In the police court on Saturday morning, Pte. James Toal pleaded guilty to being drunk on Sydney St., and to having liquor in his possession, saying he procured the same from a man on Union Street. He was remanded.

Pte. Samuel Russell was charged with stealing a bicycle valued at \$8, the property of Chas. Jenkins, a Western Union messenger. Defendant, after using the wheel, sold the same to Henry Garnett for the sum of four dollars. The defendant pleaded guilty saying he had paid the owner \$4.50 for the wheel, afterwards selling the same to Garnett. He was remanded for further hearing.

John Campbell was charged with unlawfully having a glass show case (see, Peters Street. The case was set over until the early part of the present week. Scott E. Morrell is appearing for Campbell.

SOLDIERS ATTEND MASS.

The Catholic members of the Depot Battalion paraded yesterday morning at St. John the Baptist Church, Broad street, where Mass was celebrated at nine o'clock by the Chaplain, Rev. (Captain) Belliveau.

The mission next May. The mission for the men which was to be held in St. John the Baptist Church, Broad street, after the ban was lifted, has been postponed until next May.

BISHOP RICHARDSON HEARD IN ST. PAUL'S

Last Evening His Lordship Referred to Civic and Religious Celebrations of Thanksgiving.

His Lordship the Bishop of Fredericton preached before a large congregation at the evening service at St. Paul's church last evening. The subject of Bishop Richardson's address was the serious problems arising out of the war and the reconstruction period which is to follow.

His Lordship referred to the civic and religious celebrations of thanksgiving and said it was to be hoped that the habit of prayer which had been acquired during the war would never be lost. Regarding the serious and critical situations which will follow peace the preacher said: "The war was fought to make the world safe for democracy. We must see to it that we make democracy safe for the world."

After describing the magnificent work of the soldiers, their courage and endurance, it was pointed out that as the men had been for so long part of a great machine it would naturally be difficult for them to slip back into the work of a civilian life again. Those present were urged to treat all returned men with sympathy and kindness. Other matters treated of were the wide enlargement of women's spheres, the political, educational and social problems. The sermon ended with a special prayer of thanksgiving for victory, after which the General Thanksgiving was recited.

LUMBER REQUIRED FOR OVERSEAS WORK

S. G. W. O'Reilly Here in Connection with Exporting of Lumber for Imperial Munition Board.

S. G. W. O'Reilly, Ottawa, was a visitor in the city for the week-end. Mr. O'Reilly is connected with the Imperial Munitions Board regarding munitions, and lumber required for overseas work. When seen at the Royal Hotel he stated that his mission east was not in connection with munitions, but with lumber for overseas shipments during the ensuing winter. At the present time he was en route to the city to arrange for the export trade of lumber.

Asked if the Federal Government had taken any steps to curtail the manufacture of munitions, he stated that it had not up to the present taken such steps, or, at least, he had not heard of such steps being taken.

BOY SCOUTS AS SPECIAL COURIERS

Jumped to the Assistance of Western Union When Wires Were Down and Carried Thousands of Messages Between Cities.

Although calls for Boy Scouts for various duties have been coming in lately to their headquarters in Prince William Street, fast and thick, seldom has a request come for more urgent than that received from the Western Union, on Friday morning, and again on Saturday.

Owing to the fact that some hundreds of miles of wires were down between St. John and Halifax, it was necessary to send all messages by courier, some thousands of telegrams accumulating between trains. As the local messengers made it impossible to carry the trustworthy messengers be entrusted with the duties, and as a result, the Boy Scouts were asked to supply the boys.

Those who were chosen for the task were Scouts Jack Sutherland, Frank Strong, "Dutch" Kee, Harold Hood and Rayburn Jack. Scout Kee arrived back on Saturday evening, bringing messages from Halifax and intermediate centres, while the others are expected to return this morning. Mr. Robertson of the Western Union is particularly pleased with the efficient manner in which the Scouts have carried out their important work, while it need hardly be said that the boys themselves feel highly honored and glad that they were "prepared" when called upon.

WARM CELEBRATION.

A well known young business man who conducts a place of business in the city will today call on some tailor and purchase a new suit of clothes. He has been very active as a canvasser in the Victory Loan drive and as this ended on Saturday night he thought it fitting that he should celebrate the close with a bonfire. Accordingly he removed the large button from his coat which denoted him as a Victory Loan canvasser, and placed it in his vest pocket. The pocket were some matches. The button was made of celluloid. All that was required was friction. He supplied that by leaning against a glass show case. Result—a bonfire and a new suit wanted. He carries the metal part of the button as a souvenir of a fifty dollar suit.

UNITED BAPTIST CONVENTION.

The regular annual convention having been called off because of the epidemic, a skeleton convention meets in Amherst, N.S., on Nov. 18th, 1918. Result—a bonfire and a new suit wanted. He carries the metal part of the button as a souvenir of a fifty dollar suit.
