GERMANIC TROOPS MARCH STREETS OF POLISH CAPITAL; RUSSIAN GET AWAY WITH BIG GUNS AND ARMIES INTACT

WARSAW YIELDED LIKE CLOCKWORK

Fifteen Per Cent. of Residents Provided With Transportation to Russian Points
Post Office Removed, Factories Destroyed and Country De- nuded—Lloyd George Speaks of Birth of New Russia Which Will Destroy Germany—Will There Be Offensive Now on Western Front?

London, Aug. 5—The effect of the fall of Warsaw now is absorbing the attention of the British officials and public. It is expected that the German emperor and empress will make a royal entry in accordance with plans long matured.

LLOYD GEORGE SEES PROMISE.

Speaking to 10,000 Welshmen at Bangor this afternoon, before he heard of the fall of Warsaw, David Lloyd George, the minister of munitions, referred to the situation in the east in these terms: "I view it with anxiety, but not with dread. I can see a ray of hope in the dark horizon—the regeneration of the great people of Russia. Our enemies do not understand what they are doing in the east. Their mighty cannon are shattering the rusty bars that fettered the soul of Russia."

Fifteen Per Cent Left City.

Moscow, Aug. 5, via Petrograd and London.—Hundreds of refugees from Warsaw are arriving here daily. Most of them are without money or means of subsistence, and are seeking aid at the American consulate, where an enlarged staff is attempting to supply temporary assistance, pending the organization of a Russian relief committee.

Retirement Like Clockwork.

The retirement this time was so carefully planned and systematically that it went off like clockwork, and an on-looker received the impression that a no more extraordinary phenomenon was occurring than the ordinary summer exodus.

Provisions High in Price.

All provisions are up to 150 per cent. Sugar, tea, coffee, butter and milk practically are out of the market. Today white bread is difficult to procure.

German Losses Captured Troops.

Paris, Aug. 5—The following official communication was issued by the war office tonight: "There has been moderate artillery activity on the western part of the front. In the Argonne the struggle with bombs and petrols, as well as the commanding continues, but with less intensity on the part of the enemy."

Greatest Offensive Movement of War Ends With Teutonic Occupation of Warsaw—Russians Fought Splendid Rear-Guard Action and Lost Few Men in Retirement From Capital--Wings Not Yet Out of Danger.

London, Aug. 5—The Germans are in possession of Warsaw, capital of Poland, and the third largest city in the Russian empire. Bavarian troops entered the city this morning, having taken successively the Blonie lines and the outer and inner fortresses of the town itself, the Russians only fighting rear guard actions to allow their main army to make good its escape.

RUSSIAN SCORE IN LOCAL ACTIONS.

The Russians are fighting desperately and stubbornly to check the progress of these four armies and have had several successes, inflicting heavy losses on their pursuers; but they are being steadily pressed back, which made the longer occupation of the Warsaw Polish salient a hazardous undertaking.

NUMBER OF PRISONERS SMALL.

Thus far he seemingly has been successful, for although the Germans claim the capture of a large number of prisoners the aggregate is small, when compared with the immense forces engaged. In addition, the Russian guns apparently are well on their way to the rear.

SPECULATION AS TO NEXT GERMAN MOVE.

Since early in May, when they started their great counter-offensive in Western Galicia against the Russians, who were debouching through the Carpathians on the plains of Hungary, the troops of the Germanic powers have cleared the Russians out of Galicia, with the exception of a narrow strip of territory in the southwest, have re-captured Przemysl and Lemberg, taken Lublin, Cholm and Warsaw, and are in military occupation of virtually the whole of Poland.

RUSSIAN RETIRED WITHOUT BEING ATTACKED.

Petrograd, via London, Aug. 4—An official communication, just issued here, says: "In view of conditions and the general situation our troops west of Warsaw have received orders to fall back on the right bank of the Vistula."

RUSSIA HAS MAN TO DO SAME WORK AS LLOYD GEORGE.

Petrograd, via London, Aug. 5—Alexander J. Guchkoff, a former president of the Duma, and recently head of the Russian Red Cross work in Poland, is said to have been selected as chief of the munitions bureau, a post corresponding to that held by David Lloyd George in Great Britain.

Port Sydney, Muskoka, Ont., Aug. 5—Five persons, guests of the Clyde House, were drowned at 3 o'clock this afternoon, when the car in which they were returning from an excursion, in company with four other car loads of visitors, skidded on the bridge spanning Long Lake, and breaking through the railing plunged into the lake.

Paris, Aug. 5—The first meeting of the chamber of deputies after the anniversary of the beginning of the war and following the establishment of the union of all political parties in France to endure so long as the war lasts, was held today and the session was marked by an extraordinary demonstration of patriotism which was a strong indication of the unanimity of all Frenchmen of every faith and shade of political belief. Furthermore, today's meeting was the first since the formation of the present coalition cabinet in France.

QUARTER MILLION ITALIAN TROOPS AGAINST TURKEY.

Rome, Aug. 5—The tension between Italy and Turkey is declared here to be becoming daily more acute. Italy is said to have asked for categorical explanation concerning Turkey's alleged refusal to withdraw her troops from the Ceyhanca district in Tripoli, and Turkey is pursuing what is described as her usual policy of procrastination.

WHAT YOUNG MARRIAGES WANT TO JOIN SAFETY FIRST COMPANY?

Colonel Currie, M. P., Commander of Gallant Toronto Highlanders, Wiped Out at Ypres, Makes Stirring Appeal at Fredericton Anniversary—Ten Per Cent. Too Small an Allowance for Reserves—Celebration at Other Provincial Points.

Thursday, August 5. One of the most memorable events in the history of St. John marked the close of the first anniversary of the entrance of Great Britain into the war of nations when, in King square, assembled thousands of citizens to endorse the patriotic sentiments contained in a resolution of determination to continue the conflict to a victorious ending.

Not only in King square but in the amusement houses did many people gather and listen to inspiring speeches on the significance of the declaration flashed throughout the world a year ago yesterday when the Kaiser and his race ignored the now famous "little scrap of paper" and the insignificant little British army.

From early in the evening people began assembling along the walks and paths of the square, and those who could not get within hearing distance of the speakers upon a temporary platform decked with a large Union Jack and smaller flags, found their way to the amusement houses where they heard the speakers on the day and its meaning.

A fine programme of music was given by the Carleton Cornet Band which was much enjoyed. In the Opera House, Imperial, Lyric, Gem and Unique theatres citizens gave addresses, all of which were heartily received.

At the conclusion of the speeches there Hon. Mr. Forbes put the resolution to the vote of the people and it was carried with vigorous response.

British Notes to United States Firm and Convincing.

Washington, Aug. 3.—Great Britain's replies to the latest American representations against interferences with neutral commerce reject entirely the contention that the orders-in-council are illegal, and justify the British course as being wholly within international law.

Great Britain's reply, embodied in two notes, one supplemental, was made public here tonight and in London simultaneously by agreement between the two governments.

Changed conditions of warfare, the British note contends, require a new application of the principles of international law. The advent of the submarine, the airship and the alleged atrocities by German troops in Belgium are cited as justification for the exercise of extreme measures.

The note reiterates that Great Britain will continue to apply the orders complained of, although not without every effort to avoid embarrassment to neutrals, and observes that the American statistics show that any loss in trade with Germany and Austria has been more than over-balanced by the increase of other industrial activities due to the war.

SECOND DRAFT 250 MEN CALLED FROM THE 55TH

New Brunswick and P. E. I. Must Now Supply the Deficiency Besides Filling 64th Battalion—Men of 55th Win Camp Prize for Athletics—More Machine Gun Donations—26th Fund Cabled to Lt. Col. J. L. McAvity.

Thursday, August 5. Far and away the most important military news at home is that another draft from the 55th is to be sent overseas independently so that as our special correspondent at Valcartier states there are now 400 vacancies to be filled in that battalion. He also emphasizes the extreme need there is for men on the other side of the Atlantic.

No other reason would induce the authorities to make the draft just now. Its effect on delaying the formation of the 64th Battalion can only be surmised.

Valcartier Camp, Aug. 4.—For the 55th Battalion there is but one item of outstanding interest and that is an order which has come for another draft company of 250 men from its ranks. This came as a great surprise, as it was thought that no further draft of this kind would be made upon the regiment, but there is now no doubt about the matter and the new company to go overseas is being formed and the men are vying with one another in an endeavor to obtain a place in the ranks.

It is understood that the company will be in command of five lieutenants and while only rumors are current the names most frequently mentioned are those of Lieutenants Findlay, Thompson, Major, Williams and Philips.

With the going of this company the complexion of the battalion is very much changed as detachments will be drawn from each company.

The point for the people of New Brunswick and Prince Edward Island to be impressed with is that this call is a call for more men. The 55th would not have these drafts made were it not that the need of men is imperative.

It is understood that a similar company is to be furnished by the 40th battalion of New Scotia.

On Monday morning a detachment of fifty men were detailed to fight bush fires at the entrance to Valcartier village. At noon they were relieved by another detachment in command of Capt. G. H. Campbell. The weather continued very dry.

Major J. J. Bull was field officer for the camp on Monday; Lieut. C. P. Smith was subaltern. The class in bayonet instruction was started on that day. Six men have been attested and posted to A Company and nine men to D Company.

fires have been raging on the environs of the camp and today they grew so perilously near that headquarters called on the 55th for aid. The assembly call was sounded at 11.15 and around 11.30 axes, picks, shovels, etc., Lieut. Col. Kirkpatrick and his men soon showed how New Brunswick's sons met a situation of this kind. Unless rain comes soon it is likely that the men will be required in similar service for some days to come, as fires are raging in many quarters.

Another \$1,000 gift for the purchase of machine guns was received by Mayor Frink yesterday. It was from the Parlington Pulp & Paper Company. He also had \$800 from Percy W. Thomson; Mrs. Eliza T. Hanford, \$10; Miss Jean Rowan, \$25; and Fred Oldford, \$2. His worship remarked that the fund was getting on well.

Yesterday morning he also received a cablegram dated London from Lieut. Col. J. L. McAvity in the words: "Send kitchen as soon as possible; call funds." It was in reply to the mayor's cable of the day before reminding Col. McAvity that there was a regimental fund of \$1,454 in St. John awaiting disposition. The money was cabled yesterday afternoon and his worship at once saw McCarty's Manufacturing Company and secured the only field kitchen they had available and this will be shipped forthwith from Montreal. Thus the 26th Battalion will soon be well supplied with comforts.

Recruits in City. Three recruits for the 55th were taken on yesterday and three men enrolled for the artillery on Partridge Island. The men were not passed by the doctor until the afternoon.

Capt. J. R. Miller reports that the university company from Montreal for which he was recruiting in the "Scorches" is now full but that in view of the possibility of another company being authorized he will receive any names of eligible men.

Defence of 12th Battalion. Lieut. Theodore G. Roberts, of the 12th Battalion, writes a strong defence of the work done by that battalion since it was organized. He states in a letter published in Fredericton:

"The 12th Battalion, C. E. F. sent 1,100 men and non-commissioned officers to France. Then it trained and sent over all the base companies of the other battalions of the division. Now it has three double companies of new troops from Canada attached to it for training, etc. Its O. C., Lieut. Col. McLeod, is now in France. Its former second in command, Major Grier, is in a French hospital, wounded while acting as commanding officer of the 10th. Its first adjutant, Capt. Lyne-Evans, is back in England with the Military Cross. Its second adjutant, Lieut. 'Bob' Stirling, is dead—killed in France. Its former transport officer, Captain Ogilvie, is back in England, wounded. Captains Sturdee, Fraser, Sampson McDonald are at the front. Lieutenants Lawrie and Pearce are both wounded, and Lieutenant of Bathurst, 55th Battalion, won third place and procured a medal. In the Y. M. C. A. direction of sports certain events are conducted each evening and a record is kept and each fortnight a prize is given for the winner with the largest aggregate. For the first fortnight that it has been in camp this honor falls to the 55th, and on Saturday evening Lieut. H. S. Murray was presented with the prize for the past fortnight. Among the ten pictures shown on Saturday night were some of the scenes taken at Valcartier last autumn which were of great interest to all.

Major C. Donald is field officer today. Lieut. Addie is battalion subaltern and Lieut. C. P. Smith, ratings.

Private F. J. Irvine, of "D" company, is promoted to be L. Corporal and Privates H. B. Watson, C. Moorehouse, C. W. Adams and G. Manahip are transferred to staff as pioneers.

Major Chadwick, of the brigade staff, inspected the lines of the battalion at 10.15 a. m. today.

The men of the 55th had their first experience on the line in the trenches on the same fire which their comrades in arms across the sea are facing but are just the same. For some days bush
