

Ottawa, July 28.—The naval department of Canada yesterday started construction on a new pier, the completion of which is expected to be one of the largest and best equipped stations in the Dominion.

For some time past the officials of the hydro service have been considering what improvements could be made in their chain of stations stretching from Port Arthur to Kingston.

At last it was decided to replace the Three Rivers station and that situated at Tarke Pier, Montreal, by a new station, work on which starts tomorrow.

The new station, which is on a site in the Parls of Salt Au Recollet, five miles from the general post office, will be situated between Kingston, Montreal, and the Three Rivers district on the side with Quebec and distinct on the other, with Ottawa at the third corner of the triangle.

"That would be a suitable idea," advised a member of the local C. E. executive body today, without expressing his personal view on amalgamation.

"Let the officials of the different bodies take a general vote for or against the executive for political action." The result would settle, probably for time, this issue."

There is a growing feeling for union, but this sentiment is divided as to whether a united and determined effort should be made by the associations to make a sufficient influence to be made in a general election. That the suggestion of a vote to decide the question will be brought in the near future is at this moment considered not at all improbable.

FIELD DAY SPORTS
AT SAGE'S FARMLocal Kiwanians Motored Out
To Share in the Fun.Wednesday afternoon was field day
for the boys of the Ki-Y camp at Sage's
farm. Members of the Kiwanis Club,
the boys adopted fathers, motored out
to the camp in the afternoon and spent
the day in sports, and were "boys
again," while the fun lasted. The party
brought prizes for the different events,
and loads of good things for the boys
to eat.Following the conclusion of the after-
noon sports, supper was served, and
the Kiwanians lined up with the boys
with a tin plate and knife, fork and
spoon in one hand and a bowl or cup
in the other for their refreshment. Supper
consisted of fried salmon, potato salad,
green peas, bread and butter, water-
melon, bananas and tea, and all were
high in their praises for the good work
of the camp chef.The feature for the afternoon was the
soft-ball game played by Kiwanis teams
captained by "Joe" Hickey and Mr.
Lyons, with a winning score of 10 to 4
by the latter's team. The game was
the game to be one of the fastest re-
corded, as the first three up on either
side were "out" on the various re-
asons. To H. Murray's brilliant plays
on third base gave the credit of win-
ning the game for the successful team,
as nothing within a 50-foot radius, high,
low or at either side could get by him.
The umpire, who was put on by the
boys in the large marquee, which
were enjoyed immensely by the Kiwan-
ians.Scarcely any member of the club
escaped without a fine for something
done or not done, with no escape
either way. The first fine for several
collected and the largest 50 cents was de-
manded from D. C. Hannah, who tried
to leave the grounds without a fine.
As soon as they got out of the
wind of what he intended doing they
rushed him and in about five min-
utes twenty-five or thirty boys were
climbing all over the front, rear and
sides with a view to success on their
part. Various members were also fined
for sitting at the supper table with
their hats on or such other dis-
graceful actions as eating peas off a
knife and so forth.Joe Hickey was in charge of the bal-
loon, which was sent up from the camp
fire when the day's sports were con-
cluded, and just before the highly de-
lighted party left for home.As the party was departing the boys
gave three hearty cheers for the
Kiwanians. Mr. Hickey stated that
giving the boys a month's outing instead
of two weeks. This suggestion was
heartily endorsed by the boys.The marksmanship contest resulted in
A. Calhoun taking first honors, H. A.
Whitworth second, for the seniors, and
J. Kenley and J. Dawson for the juni-
ors. In the group games staged
just before supper, hand
wrestling was won by A. Calhoun, and
next, basketball, seniors, J. Dawson,
and juniors, C. Ager, first, and
J. Dawson, second.Winners in the athletic events were
as follows:
40-Yard dash, juniors—J. Dawson, G.
Atkins.
100-Yard dash, seniors—A. Calhoun,
A. Baker.
20-Yard dash, seniors—B. Sutton, R.

Potato race—R. Ager, J. Dawson.
Special prize, donated by the Kiwanis
Club for the athletic championship, was
won by J. Dawson, and the special prize, donated
by Mr. Howard of the camp staff, for
aquatics was won by A. Baker, with 4
points.Winners of the aquatic sports were
as follows:
Swim across river, juniors—L. Deiks,
J. Dawson.

PEG.—F. Rumball, mayor of this city
during 1909-1, called on Mayor E.
Parnell of Winnipeg Tuesday, and had
the freedom of Winnipeg conferred upon
him. Mayor Parnell is a former Lon-
doner, having served as a member of
the city council here years ago.COUNCIL OF DIRECTORS AT LUNCH.—
Several important questions were
discussed at a meeting of the directors of
the city hall, who met for lunch at
lunch in the Talmadge House to-
day. Among other things the legisla-
ture of the city hall, which is almost
dead, and it is quite probable that
the total figures reached here during
July, 1930.BECOMES SECRETARY.—Miss
Bertha Tarn of the public utility, who
has been promoted to the position of
secretary to General Manager E. V.
Buchanan in succession to Miss Verna
Graham, who has resigned. This is in
recognition of her long and efficient
service in promoting all the public
utilities in preference to importation
from other offices.BAIL OF \$250 ALLOWED.—Chas.

and Girden street, from Grosvenor
street to a point 460 feet north, have been
approved. This work has been authorized
by the city council and will be pro-
ceeded with in the near future, the
total cost of the work being estimated
at \$3,398.44.LONDON GIRL IN MOVIES.—The
many friends of the city's young women
will be pleased to hear that she has
already appeared in the pictures.
The young woman, who is now in Lon-
don, is the daughter of a local fam-
ily, and is now in the picture camp,
but after much persuasion on the part
of her friends, she has decided to re-
turn to the studios in the near future.
She is taking one of the leading parts
in a series of plays put on by John
Griffith Wray in San Diego. In a let-
ter to a friend in this city she gives the
best wishes to her old-time but still-
remembered friends.ALD. WATKINSON IS

nights along all streets in London where
trees, flowers and shrubbery are in

BIG CHARTER NIGHT
IN JUNGLE UPROARNext Weekly Gathering To Be
Held in Evening.Another savage yell emanated from
the region of the Tecumseh House at
noon today and continued without
intermission until long after the usual
hour. It was the London end of Lions
club, engaged at their weekly feast. Next
Thursday, the 30th, when the biggest turnout
of the local club since its inauguration
inception a month since is expected.
The Lions club is preparing for the grand
charter night will be completed at that
time. A goodly number of lion-tamers
and lionesses from neighboring juris-
dictions will attend and an unusual up-
surge is naturally anticipated.At today's meeting, Mr. H. R. Cluff
delivered a brief but illuminative and
interesting address upon that section of
commercial law pertaining to the
liability of the user of these negoti-
able instruments. He urged his hearers
to be on the alert upon any occasion that
they found it necessary to handle a
check. He emphasized extreme care-
fulness in signing or accepting the same
and aptly summed up his remarks by
saying that the use of an old and
but nevertheless appropriate axiom, "Do
right and fear no man. Write not and
fear no woman."MAGISTRATE DISMISSES

OFF THE RAILS

A call for 30,000 men in the
harvest fields of Western Canada has
been sent out by the railroads of East-
ern Canada. To induce these men to
take the long trip, the companies are
offering to carry all bona fide harvester
workers to Winnipeg for the sum of
\$15, and for an additional one-half cent
a mile to any point west of that city.
The cheap fares are signed by a farmer
from August 10 to 22, inclusive. Special
trains will leave Toronto Union sta-
tion at 10 a.m. on August 10, 15, 22,
or as often as necessary on the days
from there to points east, providing that
the traveler has worked at least 30
days on some western farm.Special cars will be provided for
women, who also will be allowed to travel
as harvesters.

Expected.Plans are being completed for the an-
nual picnic of the board of works em-
ployees, which starts at 1:30 p.m.
at Springbank on Saturday, August 6. It
is expected that more than 2,500 people
will attend. City Engineer Brazier, has
been appointed chairman of the finance
committee, while W. B. Walker will act
as general chairman.W. C. Dodd and B. Johnston will act
as chairman for the refreshment and
entertainment respectively. They are
represented by a representative appointed from each
civic gang. E. K. O'Connor has been
selected to take charge of the reception
committee, with Roy Garratt as secre-
tary and M. E. Brady as picnic treas-
urer.Several new stunts will be introduced
on the sports program, there being 54
events scheduled, which start at 1:30
p.m. The Great War Veterans' Band
will be in attendance at the outing,
which is to be the biggest yet under-

BATHING SUITS FOR
USE OF CHILDRENOver 400 Kiddies At Valley
Bathing Camp Today.The largest picnic in the history of
city playgrounds is being staged at the
north end bathing camp today where
more than 400 children from Thames
Park district are dispersing themselves
in the river. Those unfortunate ones
who did not get a bathing suit before
the city's supply was exhausted will
be compelled to play in the sandpile
until their companions tire of their
clumsy and clumsy street attire.There are about 200 bathing suits
owned by the city in use at this camp.
Last week, when Philip Pocock, chair-
man of the playgrounds committee,
being on the job today. The kiddies
were transported to the camp by city
auto trucks and carried lunches. They
will return to Thames Park this evening.These picnics are bi-weekly features
inaugurated by G. Mel Brock, director
of public playgrounds, and are properly
supervised. He reports that 11,400
youngsters attended city playgrounds
last week, 2,300 of whom patronized the
bathing facilities provided at Birkett's
Platz.It is pointed out that these figures
may represent registered children only,
and that many more are present. Of the
grounds, Thames Park is the most popu-
lar, with an actual attendance for
the week of 3,136. This is no doubt due
to its central location in a thickly
populated district, and the presence of
the swimming pool, which has won the
hearts of the kiddies this summer. Par-
ticipants in games numbered 9,460.The next mail for Great Britain and

The Feature of Our August Furniture Sale Which Commences Friday, July 29, at 9 a.m.

Some people believe Friday to be an unlucky day, but Friday, the 29th July, will be the luckiest day in the lives of 150 housewives of London. On this day our Sale of Sellers Kitchen Cabinets starts, the unfortunate part being that only 150 housewives can participate in this wonderful offer.

Low prices—generous terms—and free groceries are three special inducements to you to

purchase your Cabinet at the opening of this sale. While these three factors—(low prices, generous terms and free groceries)—are worth while considerations in the purchase of your cabinet, still it would be poor business on our part, if this was all we had to commend in the Sellers, because a cabinet is cheaper, or that we give a little longer time in which to pay it, does not make it a better cabinet.

But here is the reason why we say that the Sellers Cabinets are in advance of any other make. \$100,000 are spent annually for extras, which are responsible for making the Sellers the finest Cabinet possible to produce. These conveniences are not mere "talking point contraptions," but are real refinements that are genuinely needed to create kitchen efficiency.

LONDON'S GREATEST FURNITURE EVENT

COMMENCES TO-MORROW, FRIDAY, JULY 29, AT 9 A.M.

This is the greatest furniture sale we have ever attempted, and we feel proud that we are able to offer the following values at the prices quoted in these pages. Our buyers, who have just returned from an extensive buying trip, have certainly done wonders. The results of their efforts have amazed even us. We expected they would bring back some real specials, but not anything as good as they secured. While furniture is down in price to some extent, it is not down to the extent that the following prices would lead one to believe, and it was only our tremendous buying power that enabled them to achieve the results they did. Take full advantage of this sale, as it will be many months before general prices approach anything like what we are now quoting. There's no extra charge should you wish to purchase on our club plan. A few dollars will deliver anything to your home, while a dollar or so every week pays the balance.

Tapestry Upholstered Chairs \$24.75

Only 25 of these Chairs, with Rockers to match, to sell at this price. Seats and backs are coil spring construction. The covering is a hard-wearing tapestry, in a good combination of colors. Originally made to sell at \$39.50, they are real value at our August sale price. Then you can purchase it on our club plan, \$5.00 down, balance in small, weekly payments.

DEN CHAIRS AND ROCKERS \$12.95

A comfortable Chair in the design as illustrated, fumed or golden oak frame, art leather upholstered spring seat. These are Chairs that have been selling at \$18.50. Delivered to your home on small payment down.

UNIONIST PEERS DISAGREE OVER IRISH QUESTION

Proposals Humiliate Salisbury
While Birkenhead Is Un-
conscious of Shame.

LONDON, July 27.—An interesting debate, revealing a clash of views among Unionist peers, took place today in the House of Lords on the Irish question. The Marquis of Salisbury in inviting the Government to make a statement on the subject, complained of the indefinite delay and protested that acquiescence in the delay might be interpreted as approval of the negotiations.

"The truth is," he declared, "we feel great shame and humiliation, and we are only awaiting a Government statement to make our position clear." Lord Birkenhead, lord high chancellor, replying for the Government, confessed he was puzzled to know who the Marquis of Salisbury meant by "we."

Unconscious of Shame. "For myself and my Unionist colleagues," said Lord Birkenhead, "we are utterly unconscious of any shame in the negotiations undertaken of the proposals made."

The high chancellor proceeded warmly to defend the Government proposals, saying they should be accepted. The Government not only welcomed but challenged criticism.

Urges Patience. "The proposals were rejected it would be none the less necessary to acquit Parliament and the country with the nature of the proposals. Moreover, in the event of their acceptance, the Government would recommend them to Parliament, and if they failed to meet with the necessary support the Government would have to consider whether the necessary support was likely to be forthcoming elsewhere."

Lord Birkenhead then pleaded for patience on the ground that those in Ireland who were discussing the proposals were confronted with similar difficulties and considerations as varied as here among those they have to consult.

The Marquis of Crewe, leader of the Liberal party in the House of Lords, interjecting the opinion that the high chancellor had indicated that the Government had made definite proposals to Ireland, Lord Birkenhead explained that certain heads of the proposals had been made in the form of a document which received the sanction of the cabinet and which the Government was willing to undertake responsibility for.

He said the proposals were not, however, of the "take or leave" description, and even if not accepted, the negotiations would be continued.

NO DECISION REACHED. LONDON, July 27.—A meeting of all the available members of the Irish "cabinet" today made no further progress in the discussion of the British Government's proposals relative to an Irish settlement, but apparently reached no decision.

A communication from Eamon de Valera is reported to have reached the British prime minister, probably seeking information about some doubtful points in the proposals. Another significant incident of the day was the departure for South Africa until August 7, which was taken to imply the British Government's attitude as mediator may again be needed.

May Last for Weeks. Even more interesting, however, was the speech of Lord Birkenhead, lord high chancellor, in the House of Lords, intimating that the Government anticipated that the negotiations may last for weeks, and inviting the Parliament and the country to have patience with the difficulties of Valera and his colleagues as they may be experiencing in Dublin. He may be experiencing in Dublin. He may be experiencing in Dublin. He may be experiencing in Dublin.

NO BREACH OF TRUCE. CORK, July 27.—Commandant Barry, chief Republican liaison officer, says there has been no breach of the truce by the "Irish Republican army" or their people, but there have been numerous complaints of violations of it by the British forces. He gives as instances,

FARMERS URGE RIGID ECONOMY IN GOVERNMENT

Want Evils of the Patronage
System Completely
Abolished.

TORONTO, July 27.—Considerable attention was given at the closing session today of the Canadian Council of Agriculture to the question of revision of the Farmers' platform. It was pointed out that within the last two years, many of the recommendations contained in the platform issued in November, 1915, have been incorporated in various acts of parliament. There were only two amendments of importance to the platform of 1915, and both came under the heading of "taxation proposals."

One of them recommended that a conference be called as soon as possible at Ottawa under the auspices of the federal minister of finance between representatives of the provinces and the Dominion, to divide the field of taxation in such a way as to overcome the undesirable overlapping. The other calls for rigid economy in the administration of Government affairs.

Under the last of reforms adopted, the complete abolition of the patronage system, was amended to read: "The complete abolition of the evils of the patronage system."

The question of world peace was not overlooked, and the action of President Harding in calling a conference, and the Canadian Government to give whole-hearted support to the move in the direction of peace, was commended. The Saskatchewan delegates left for the West tonight.

HEAT INJURING WESTERN CROPS

Yield, However, Will Likely
Be Largest Since 1915.

WINNIPEG, July 27.—The intense heat of the last week of June and of the week which ended today have contributed more than any other cause to the lowering of the splendid crop prospects that prevailed throughout the West in the early part of the season.

Nevertheless, there is promise that the crop of these provinces will exceed that of any year since 1915. The review says that rye cutting has practically completed and threshing has advanced, and the crop promises well. Wheat cutting has commenced in the south and is expected to become general in Manitoba within a few days.

Rains, which were general over the greater part of the West this week, came at most opportune time, it is said.

GOVT. TO PAY LOAN WITHOUT BORROWING

Fifteen Million Dollars Due in
New York August 1.

OTTAWA, July 27.—(By Canadian Press.)—Sir Henry Drayton, minister of finance, announced this afternoon that the \$15,000,000 loan due in New York on August 1 would be paid without any further Government borrowing.

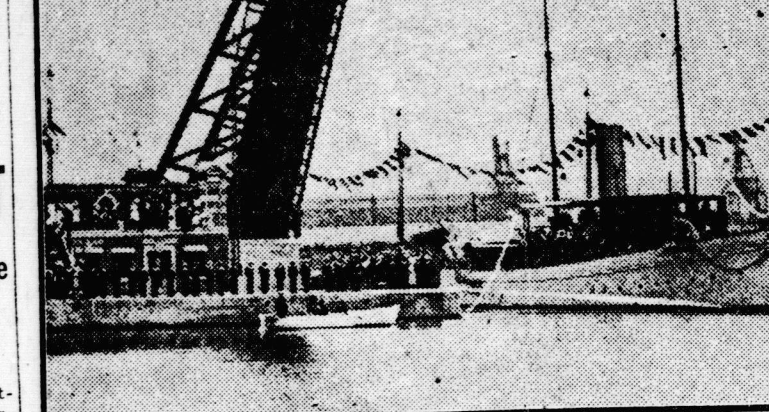

OXFORD AGOG OVER ELECTION POSSIBILITIES

Several Names Are Mentioned
As Successors to John
Calder.

(Special To The Advertiser.)
WOODSTOCK, July 27.—The announcement of D. R. Ross of Embury today that he would be a candidate for the North Oxford vacancy in the Legislature, occasioned a great deal of interest and stirred up quite a number of names for the riding by-election. Mr. Ross has been acting in the field of his decision to become a candidate, the announcement of the Liberal candidate at the last provincial election, stated today that there had been an agreement between the farmers and the I. L. P. that the farmers would support him as an I. L. P. candidate in return for the Labor party would stick by the nominee of the U. F. O. in the federal election. Mr. Scott does not believe the farmers will now stick to their agreement. He further stated that he would not be a candidate unless the farmers pledged their support.

D. M. Sutherland was mentioned as a Conservative candidate, but he says he is out of politics. W. S. West is mentioned as a probable Conservative candidate.

WOMAN AGED 103 DIES AT WIARTON

Mrs. James Lennox Had Lived
During Reign of Six
Sovereigns.

(Special To The Advertiser.)
WIARTON, July 27.—Mrs. James Lennox, aged 102, is dead at the residence of her son Isaac. She was one of the first settlers in this district, and had lived in the reign of six sovereigns.

During her long residence here her many active and vigorous, though more than half her age, and with the exception of her vision, none of the faculties were impaired to any appreciable extent. Her memory was excellent, and her reminiscences of the early days when this district was a vast wilderness but sparsely populated, were extremely interesting. Many acts of kindness were for her a place in the hearts of the older residents held by few. The funeral will be held at the residence of her son Thursday afternoon, followed by interment at Bayview Cemetery.

Born Near Perth. Mrs. Lennox was born near Perth, March 9, 1819, and was of Irish parentage. When but five years of age she, with her parents, Mr. and Mrs. Hewitt, moved from that locality to Wiarton. In those days Western Ontario was practically uninhabited, and the family came to Wiarton by boat and then traveled along the shore of Lake Huron to Wiarton. There the Governor's road to Guelph. There were but five houses then on the site of the present city.

After her marriage to James Lennox she lived for a short time, later coming to Wiarton in the autumn of 1846. She lived for a short time in a small house on the site of the present city, and then moved to a larger house on the site of the present city. She lived for a short time in a small house on the site of the present city, and then moved to a larger house on the site of the present city.

Fairly Well Settled. Oxenden and vicinity was then fairly well settled, as it had been well cleared by the Indians who had retired to the Cape Crocker reserve. Shortly after their arrival in this district, among the first being ex-Magistrate B. Miller, who was followed by the late Robert Greenlee. The settlement was living on the property just south of the town when she and her husband settled in those pioneer days, when nails were almost unknown.

Such a letter as they did receive was carried on horseback from Owen Sound via North Keppel. The former place was the principal business centre in this district, and was reached in the spring and summer by sail boats.

SHOW FARMERS HOW TO FIGHT CORN BORERS

Provincial Official Gives De-
monstration At Laboratory
Near Union.

ST. THOMAS, July 27.—Demonstrations of the work of the borer on corn are being given by H. G. Crawford, provincial investigator at the Eamshaw College, near Union, where the Government has installed a laboratory. Crawford, in his recent investigations, finds conditions worse than they anticipated. But "hoping against hope," he expects to reach some means or method by which the pest may be exterminated. The insect, too, is getting into other crops, such as sugar beets and potatoes, and is spreading rapidly. Experiments are now being made by plowing over the land and placing adhesive or sticky paper around the spot to determine whether the insect comes out of the ground or not. If the borer may be eliminated by this procedure an order will be issued to plow over all crops that are infested with the pest.

Potatoes Sighted. A blight has hit the potato crop in many sections of Elgin, and in some localities there will be a little or no yield. The old Methodist Church shed at Sparta, a reminder of the prosperous days of the village, and lot in rear will be sold by auction.

Assaulted Daughter. Found guilty today of assaulting his daughter, Mabel McDonald, 23 years old, John McDonald was sentenced to a month in jail and fined \$25. In case the fine is not paid McDonald was ordered to remain in jail for three months. The magistrate ordered the young woman to be placed in care of the Soldiers' Aid Society.

The assault took place a week ago when it is alleged, McDonald knocked his daughter down and taught her by the throat because of some trouble the girl had with her brother.

FUEL FINDING IS KEPT SECRET

Brantford Citizens Are Await-
ing Report With Keen
Interest.

(Special To The Advertiser.)
BRANTFORD, July 27.—It was learned today that Judge Hardy's finding in a recent fuel inquiry had been received by the city clerk, but that no information as to its text would be given out. The publication of the finding is awaited with considerable interest in many quarters. Judge Hardy, City Clerk Leonard and Mayor Wedlake refused to make any statement as to the contents of the sealed package sent by the judge to Mr. Leonard.

A stretch of four and a half miles of provincial highway will be constructed east of Gainsville immediately, according to the assurance which M. M. Briggs, M.P.P., today declared he received from Hon. F. C. Biggs, minister of public works and highways of Ontario, yesterday. Brantford labor is to be employed on the work. D. O. Johnson, Hamilton, highway construction, is on Toronto conferring with Hon. Mr. Biggs.

Tom Nelson, local baseball club owner, is reported to be in a weak condition at the General Hospital. His recovery is looked for. Dick Scharfian was today committed to the Ontario reformatory for six months on a charge of the theft of \$300 in a land deal.

Abbey's EFFERVESCENT SALT for Biliousness

Johnston Brothers of Brantford, contractors for the paving, have completed the half acre of street width from the east end to the town hall. Mr. and Mrs. Andrew Morgan of London are spending a few days with Mr. Morgan's mother at her home here. Arrangements have been made where the Tilbury lacrosse team will play here August 2.

Former Principal Gould of the continuation school has secured the citizenship of Dorchester Continuation School.

Miss Ella Raycraft and Miss Emma Raycraft, who were the victors in the contest for the position of Junior Miss of the city, are the daughters of George F. Raycraft, their brother.

RANEY WILL NOT BE SENIOR MAGISTRATE

TORONTO, July 27.—There is a rumor that Hon. W. E. Raney, former general of Ontario, will become senior police magistrate of Toronto, in succession to Col. G. T. Denison, retired. In other circles it is understood that Assistant Magistrate J. E. Jones will be promoted.

LIGGETT'S ASSETS IN HANDS OF TRUSTEES

BOSTON, July 27.—Announcement that the personal assets of Louis K. Liggett, president of the United Drug Company, had been placed in the hands of trustees as a result of the decline of common stock of the United Drug Company on Wall Street in the past 24 hours was made today.

CHOLERA INFANTUM THE FATAL DISEASE OF CHILDREN

Mothers should look well after their young ones during the hot summer months as this is the time of year when complaint of this kind is most prevalent. It begins with a profuse diarrhoea, the stomach becomes irritated, vomiting and purging set in, and the matter ejected from the stomach has a bilious appearance; the child rapidly loses flesh and is soon reduced to great languor and prostration which in a great many cases terminates fatally.

FEARS OF SINN FEINERS

Colonel Archsee Declares That Plans Are Known To Exist.

LONDON, July 27.—The possible massacre of British troops in Ireland in the event of a general rising was the subject of a question addressed to Premier Lloyd George by Colonel Archsee, member of the House of Commons this afternoon. He asked "whether any arrangement has been made in the event of a rising, providing for the safety of the troops, and if not, whether any such arrangement is being considered."

He also asked whether the premier was aware that plans to carry out such a massacre by surprise are known to exist in a certain area.

Austen Chamberlain, the Government leader, replying for the premier, said that the Government did not propose to confirm or correct the result of Colonel Archsee's researches, but, he admitted, the Government would not overlook the safety of the troops.

DISCUSSED OFFER.
DUBLIN, July 27.—The Sinn Fein cabinet today discussed the British Government's proposal, that a full membership present, including Michael Collins, leader of the republican army, and the two most recently liberated members, Countess Markievicz and Dr. Constance Lytton, should be allowed to return to Ireland.

No statement was issued, but it is known that the cabinet decision was reached, and no certainty that when it is reached it will be published immediately.

The publicity department of the Daily Express informed the correspondents that a statement within the next few days was improbable, yet it was possible.

It is understood that the Sinn Fein cabinet is agreed on the various points under consideration, and that there are no more to be discussed, but that they are waiting for a decision by others, and are probably expecting a communication regarding the attitude of the representatives of the Ulster Parliament.

INTENSE INTEREST IS TAKEN IN SESSIONS OF U. G. M. AT OTTAWA

H. N. Dodds of New York Favors Proportional Representation.

OTTAWA, July 27.—To all interested in municipal government the sessions of the union of Canadian municipalities today in the city hall were of intense interest. The delegates evidently felt so for despite the great heat there was an almost 100 per cent attendance of delegates.

In the afternoon two papers were heard, one by J. L. Bayne, commissioner of the local government board of the province of Saskatchewan, on municipal government, and another by H. H. Dodds, New York City, secretary of the National Municipal League of the United States, on recent developments of municipal government in the United States.

Mr. Dodds spoke in favor of proportional representation, and the citizens were highly pleased with the result. It had for one thing put an end to machine rule and local bosses. Even the bosses admitted that under proportional representation the machine rule was at an end.

Sir George E. Foster, acting prime minister, spoke briefly, welcoming the delegates. Sir George pointed out the secondary value of the meetings of such associations was the gathering of men from east and west, from north and south, and their getting acquainted with one another. It was introducing community to community.

RIRDON SITUATION REMAINS UNCHANGED

I. W. Killam May Arrange With Creditors For Extension of Time.

MONTREAL, July 27.—The situation in regard to the Rirdon Pulp and Paper Company remains unchanged today. The financial affairs of the enterprise are still in a state of uncertainty, and it is expected that the company will in any way dissipate the pessimism which has been held regarding the company's stock.

I. W. Killam, one of the directors' committee, is visiting Ottawa today, and he may possibly arrange for further extension of time with the larger creditors of the company while in those cities.

The feeling continues to grow that the bondholders will eventually take over the company, thus wiping out the stock interest which totals, in par value, \$1,000,000. On the local stock exchange today, on a turnover of 450 shares the stock held steady at 22.

ST. THOMAS, July 27.—Alderman Meehan and a Toronto clothing house, doing business in the city, have been the subject of a question addressed to Premier Lloyd George by Colonel Archsee, member of the House of Commons this afternoon. He asked "whether any arrangement has been made in the event of a rising, providing for the safety of the troops, and if not, whether any such arrangement is being considered."

NO. 2 COMMITTEE

TOURS CITY TO SEE

DAMAGED PROPERTY

Complaints Following Recent

Floods Investigated by

Aldermen.

Members of No. 2 committee of the city council conducted a tour of the city Wednesday afternoon, investigating several complaints laid before them at their meeting Tuesday night by deputations of local property owners.

At the first complaint, where water has accumulated in cellars and become stagnant was inspected. A storm sewer, for which the owners agree to pay, is suggested as the remedy.

The creek near Elmwood avenue, between Wharncliffe road and Edward street, was also inspected, a deputation protesting Tuesday night that it is the source of disagreeable odors and is a nuisance.

The city engineer is attempting to remedy this nuisance.

Property at 30 Idout street was also visited, the members of the committee being shown the house perched dangerously on the bank, which is being annually washed away by the river.

Emercy street property in the vicinity of Ald. B. F. Brighton's bakery, which is periodically flooded from the creek, was also included in the tour.

Princess avenue, east of Adelaide street, a flood area from Carling's Creek, was looked over during the afternoon, as were also other sources of complaint throughout the city.

"All the complaints, under the circumstances, were justified," Ald. W. A. Wilson, chairman of the committee, informed The Advertiser at the conclusion of the inspection.

He stated that he would be in each case, and will take any action necessary that we possibly can at once.

"There is a fall of three feet in a short distance in that creek over by Elmwood avenue," declared Ald. John Ashton, "and I do not see much wrong with it, as it is running water."

"I do not see how the people live under present conditions at Brydges street," was the comment of Ald. G. B. Drake, and his remarks were borne out by fellow councillors, who advised this to be the worst grievance of the afternoon, with a disagreeable stench given off from the stagnant water collected under the houses.

"All these complaints resulted from the heavy storm of last Sunday," explained Ald. H. J. Childs, who states that similar conditions may not occur again for years. However, the committee will consider all the complaints, and the results of their inspection, with a view to eliminating the causes of the former if possible.

LEO WADDICK IS

DROWNED AT PORT

St. Thomas Youth May Have Suffered From Heart Failure.

PORT STANLEY, July 27.—Leo Waddick, aged 19, of 21 Elora street, St. Thomas, while bathing late this afternoon, was drowned owing to a sudden attack of heart failure.

Mr. Waddick was found by Gordon Erskine of London in three feet of water, when he stumbled over the body. Erskine thought at first someone was playing a trick on him and was horrified when he discovered that a drowning had taken place. The only means of identification was a button of a Catholic order, "Holy Name Society." Father Tobin of Port Stanley identified the body.

Dr. Hugh Stevenson, M.P.P. of London, who was in bathing at the time, attended him. Dr. Jackson was also called.

The body was taken to St. Thomas.

LOCAL MILK FIRM

HELD ANNUAL OUTING

PORT STANLEY, July 27.—The London Pure Milk Company held its 7th annual picnic here today, and was attended by 75 employees. Arriving at noon, the majority spent the afternoon in the lake, and after supper on the heights sports were enjoyed.

The Knox Presbyterian Church choir of St. Thomas and friends picked up today also. About 40 were present, including their pastor, Rev. G. M. McGillivray.

JUVENILE COURT IS

RECOMMENDED BY

NO. 1 COMMITTEE

Council Requested To Ask

Attorney-General For the

Necessary Permission.

After considerable discussion, members of No. 1 committee of the city council, in session Wednesday afternoon, decided to recommend that the city council request the necessary permission from Attorney-General Raney for the establishment of a juvenile court here on a no-cost basis. Ald. Cameron Wilson objected on the grounds that the present system is efficient and that the juvenile court possesses no new advantages.

Justice to Boys

Duncan McDonald, president of Children's Aid Society, addressed the committee at length, outlining the advantages of juvenile courts as demonstrated in other centres throughout the Dominion. He pointed out that the majority of public opinion on the court scheme has now swung in favor of boys, and that while girls' cases are not so numerous, they are usually "much worse."

He stated that the press will be barred from juvenile court sessions, with no publicity for participants.

"The judge should have enough of the boy in him to get into a lad's confidence and get the story from him," he declared, "and women should deal more intimately with the girls' cases."

He deplored the fact that the absence of segregation in the Victoria Industrial School at Mimico, permitted younger boys to mingle with the older offenders, the former thus becoming apt in criminal ways.

A solution of this problem is under consideration by the Ontario Government at the present time, he stated, with construction of a reformatory for juveniles to be situated west of Toronto proposed.

Throws Cold Water

"The City of London could keep a man occupied full time in a probation office," he said, throwing cold water on the "no cost" scheme with Children's Aid Society and Soldiers' Aid Commission officers acting in this capacity.

"Mr. Kelly of the Children's Aid Society has too much work now, and has asked for help."

The report of juvenile offenders haled into the city police court during a period of approximately the last year was then presented. This report was published in The London Advertiser Tuesday, showing that 47 juveniles have appeared in court during this period, 70 on charges of theft. Of this 70 children, 17 were sentenced to reformatory terms, costing the city 50 cents per day for their maintenance. In all 55 were sentenced to terms in the Industrial School.

Young Offenders

A touch of humor was introduced during the hearing, when it was brought out that two of the juveniles were between 2 and 4 years of age, while one offender was under 1 year of age, at the time his name was entered on the court blotter. These infants were listed as neglected children.

"Since the last meeting of the committee I have been converted to the juvenile court idea," said Ald. G. A. Wilson, "and I am morally and financially in favor of it, as it is conclusively crude, and if it is not done, the city will find that a juvenile court judge will find that a juvenile court judge has no discretion in the disposition of these cases other than that shown by the magistrate."

Protect Public

"The public must be protected. In the days of no telephones horse thieves captured were severely dealt with because once they got away they were gone. Stringent laws are necessary to protect the public, and it would be dangerous to attempt to change the law without careful consideration."

"It merely shows great ignorance, when it is said that Graydon cannot investigate these cases thoroughly. No juvenile court judge in Canada gives more thought to these cases than the police magistrate does."

He remands the juvenile delinquents from time to time, and deals leniently with them to the best of his ability. A juvenile court is no improvement."

Consistent Physician

"Magistrate Graydon constantly consults with the jail physician on the condition of the boys brought before him, and it has been done dozens and dozens of times. These hold-up men are quoted as graduates of industrial schools, as they were incorrigible when first placed there."

"Down at Toronto if a boy breaks a window, as a nine-year-old kid might, he is haled by the probation officer before a motherly old juvenile judge who gives him a lecture and lets him go. Then for six months the probation officer comes to the boy's mother as a pest, and wants to know if Willie is a good boy. It is ridiculous to say that 'if I can be shown definitely that a juvenile court will do any good (it will not prevent juvenile crime), I will favor five people in this town are going to get jobs and paid for them, that's all.'"

Casting Reflection

Ald. E. E. Harley: "You are drawing a herring across the trail."

"You are casting a reflection on the administration of justice in the city of London, when you maintain that a juvenile court is better than the present system," retorted Ald. Wilson.

Ald. Harley then moved that the juvenile court be recommended.

Wenige seconded the motion. Ald. Wilson registered nay. A communication received from the local Trades and Labor Council, protesting against the establishment of a juvenile court in the market house, to operate in opposition to the municipal stall was filed.

J. P. Thompson submitted a bill of expense entailed by the high cost of justice has previously been made committee. As payment for this living committee, Mr. Thompson will to J. M. Donahue, Mr. Thompson will be notified to collect from him.

A communication from the city clerk of Peterborough, asking London to take a stand in demanding that police court fines be diverted to the municipality in which they are collected, and not to the province as in effect now, was filed, as the city council here has already decided on this course.

MUST ABATE NUISANCE

HAMILTON, July 27.—Unless speedy action is taken by the city to abate the nuisance of untreated sewage entering the bay, beach residents, it was learned, will demand to either the Ontario railway and municipal board or the provincial board of health.

NO HAY FEVER HERE

Thousands of people suffer annually from this most distressing ailment, hay fever, known also as "autumn catarrh," "hay asthma" and "rose catarrh." The complaint usually continues until frosty weather, and is aggravated by dust, riding in street cars, and by the pollen of hay or flowers. But within a few hours' journey are regions rich in beautiful scenery, there health and pleasure go hand-in-hand and where perfect immunity from any fever is assured.

Among these regions none offer surer relief to the hay fever sufferer than the Lake of Bays district of the "Highlands of Ontario." For illustrated descriptive literature, write to any Grand Trunk Ticket Agent, or C. E. Horning, D. F. A., Toronto, Ont.
