DEATH WAS SUSPICIOUS

Girl's Body Found in Water
Bruised And Cut

Went Out With A Young Man For A Row In The Lake

Bridgeport, N. J., June 20.—Miss Mary Vennel of this city lost her life in Sunset Lake Tuesday night, under such peculiar circumstances as to cause the police to start a thorough investigation.

Shortly before 10 o'clock Tuesday night the girl started with George Evans of this place for a row on the lake in a steel non-sinkable boat. Shortly afterward the boat was found filled with water, while nearby was floating a hat. A policeman was sent to Evans' home, where he was found in bed. His wet clothing was hanging over a chair.

He was taken to the lake, and when asked for an explanation of the affair, said that he hired a boat and started for a row with Miss Vennel. When near a place called Piney Point the girl wanted to row, and, in changing their positions, the boat sank under them. Evans said he had great difficulty in freeing himself from his companion, who, he said, was screaming for help while she held him tightly around the neck. They had gone down twice, Evans said, when he freed himself and swam ashore. He ran all the way home and did not tell anyone of the drowning of the girl. Her body was found yesterday in four feet of water. The body showed several bruises, and there are cuts on the face.

The police say they have been unable to find anyone who heard the girl's cries, if she made any. The shore of the lake was lined with people at the time of the drowning, and there were many boats on the lake in the vicinity.

Ideal Weather Prevails During McKeough School Picnic Yesterday Afternoon—List Of Those Who Won The Various Events

The annual McKeough school picnic was held yesterday afternoon and evening on the school grounds. This is one of the long-looked-for events of the children of the school and that vicinity.

The weather was ideal and a very large attendance was present. In the afternoon a game of baseball between a picked team from the C. C. 1, known as High Flyers and the McKeough school team was played off, and resulted in a victory for the visiting team. The playing was fast and exciting all through.

At four o'clock supper was served to the students of the school. Each teacher summoned her class to their class room and served them their supper in their respective seats. At six o'clock the races began, and were the best that have yet been held on the grounds. The 24th Regiment Band was in attendance and a promenade and dance concert was held in the open play shed. The fireworks were the best yet, and were very much enjoyed.

The first race was known as the Race of the Nations, at six o'clock. The competitors started from McKeough school, crossed over the Abbeville bridge, up King street to the Victoria avenue to the school. Each nation was represented by nine boys, and resulted in favor of: 1st Scotch, 2nd English, and 3rd Irish. The winners in the races were decided upon by the points made, each winner getting so many points, as will be seen in the schedule underneath. The following is the result of all the races:

Hop, Step and Jump—Harry Horstead, 3; 1; 2; Colin Rumble, 2; 2; 3; 1; Harry Winter, 2; 3; Ernest Dickenson, 3; Clarence Bryn, 1.

WOULD LIKE TO STOP CASE

But Editor Crockett Pleads Justification And Wants Evidence.

Sir Wilfrid Laurier Intervenes In The Emmerson Libel Case

Frederickton, N. B., June 20.—If on Tuesday the Crockett forces seemed to waver, yesterday Mr. Emmerson and his supporters were in headlong flight. They fairly begged in the morning for delay, and it is doubtful if they can be forced to trial to-day. It is known that Sir Wilfrid Laurier is calling a peremptory command to stop the case and that the call is received by a third party in Montreal, who repeats it to Frederickton. The plea filed yesterday morning by the defendant to the indictment, in addition to a general denial set up in justification that the charges made by The Gleaner were true and that Mr. Emmerson was in fact ejected from the St. Lawrence Hall in company with two women of ill-repute.

"And," reads the plea, "the said James H. Crockett further says that before and at the time of the publication in the said indictment mentioned, the said Henry R. Emmerson was Minister of Railways and Canals in the Government of Canada, and that the personal morals and conduct of members of the Government of Canada were and are matters of public interest, and had been discussed in Parliament and in the press, and it was desirable and proper in the public interest, and for the benefit of the public, that facts of a disgraceful and degrading character in the lives of Ministers of the Government should be made known and published, so that the Government of Canada might be purged of men whose personal character rendered them undesirable and unfit Ministers of the crown, by reason whereof it was for the public benefit that the said matters charged in the said indictment should be published, and this the said James H. Crockett is ready to verify, whereof he prays judgment, and that by the court here he may be dismissed and discharged from the said premises in the said indictment above specified.

Pugleley For Delay.
Mr. Hasen then asked that the case be proceeded with, but Dr. Pugleley objected on the ground that he had not had time to prepare a demurrer.

"The defence had no right to assume that the case would proceed on any particular day. Until we know what the issue is, we cannot know what witnesses are necessary," he said. "If the plea should be sustained on the demurrer the crown will require witnesses. The plea is so broad, and opens up such an opportunity for evidence, that it would have been impossible to have anticipated what witnesses the crown would require. It is of great importance, because of the principle involved."

Delay was then granted and the crown will file a demurrer stating that the facts contained in the plea do not constitute a defence to the indictment. This demurrer will be overruled, but it is not likely that the trial can go on, as Judge Landry has empaneled a jury and is hearing civil cases.

Mr. Crockett is demanding immediate trial. He will make no retraction and he will agree to no compromise. The crown must absolutely back down or try the case.

One very sensational bit of testimony to be provided by the defendant is to the effect that there was another man in the party ejected from the St. Lawrence Hall, and that the four went to the Albion hotel, where they registered as William Harding, the Misses Harding and Jack Harding of Peterboro, Ont.

HALTED BY DEATH SIGN.

Terrified Witness' Lips Seized by Black Hand Signal.

New York, June 20.—In the shadow of the ermine itself the Black Hand sign of death proved potent. Ignazio de Leonardo, convicted of kidnapping Little Salvatore Siatto, offered to testify against his accomplice, Pietro Pampinella, to get a lighter sentence. As he was about to speak, Pampinella leaped forward and brought his hands, one on each side, down from his temples until they met under his chin. De Leonardo's eyes bulged out in terror and he was unable to speak, the muscles of his throat working convulsively.

"What is the trouble?" cried Judge O'Sullivan. "Are you ill?"

"Yes, I'm sick," mumbled De Leonardo with a slack jaw. "I cannot testify."

"Why not?" demanded Judge O'Sullivan.

"I have seen the sign of death," De Leonardo answered, jerking his words out as though in pain. "Pampinella has just given me the sign of death. It is 'Il Mano Nero' the Black Hand. I will not testify."

It took the jury only two minutes to convict both men.

AN UNWISE CRITICISM.

In last evening's Planet appeared a lengthy letter from Rev. A. H. MacGillivray, explaining his position in reference to a certain statement made by him on Sunday, when speaking of the reports which appear daily in the press. This statement was to the effect that the press could not be relied upon to publish accurate reports of public meetings, and that the newspaper articles on matters of public interest were misleading and incorrect, especially in the headlines. It was felt by this Great Home Journal that such a broad statement, sweeping as it is in the denunciation of the reliability of the wide and influential institution of which this journal forms a part, should not be allowed to go unchallenged.

Mr. MacGillivray attempts to point out three "unfortunate inaccuracies of the press." The first was in reference to the loss of a sum of money sustained by Knox College through investments which Mr. MacGillivray himself said were denounced as a direct violation of the charter of the college. During his address on Sunday Mr. MacGillivray passed this incident over with the significant statement that "it would not occur again."

The second was in reference to an article in the Globe regarding church union. Rev. J. A. McDonald, editor of the Globe, is a member of the Assembly, the same as Mr. MacGillivray. If the members of the Assembly themselves are not a unit in their accounts of what really happened at the meeting, how is the press going to satisfy everyone?

The third is in reference to a headline in the Mail and Empire, which any fair minded person will agree conveys precisely the same impression as the words quoted by Mr. MacGillivray in his letter and which he claims were the "official" statements at the Assembly.

We have every respect for Mr. MacGillivray, both as a man and as a minister of the gospel, but surely no man is warranted upon the above grounds, in attacking the reliability of the whole press, an institution which has manifestly accomplished such great good, and which is universally recognized as a power in elevating the moral and intellectual standards of the country.

In discussing the "Graft" resolution, reference to which was made in Mr. MacGillivray's letter, the Woodstock Sentinel-Review takes a pronounced and vigorous stand, which would go to show that there is work before the church, which is far more worthy of broad-minded and conscientious men than dabbling in the criticisms of other institutions which are already doing their share in the work of improving social and moral conditions. The Sentinel-Review said recently:

"These spasmodic explosions on the part of the church bodies are not entirely above suspicion, and it is at least significant that during some of the very darkest periods through which this country has passed there was not a word from some of these bodies to indicate that there was anything wrong or any danger to be feared. There are those who believe that the church bodies might render a better service to the cause of public morality than by the passing of such resolutions. In the first place, the churches themselves must share some measure of the condemnation. If public morality has reached such an unfortunate condition that such denunciations are justified, is not that an evidence that the churches, which are the guardians of public morality, have been neglecting their duty?"

WINS SILVER MEDAL

In Thursday's Toronto Daily News we were pleased to notice in the published list of successful students of Toronto University, the name of Lorne N. Richardson, son of Thos. Richardson, of Chatham Twp. He had the distinction of winning two medals besides his B. A. degree. One was the Governor-General's silver medal with honorable mention in his fourth year graduates, and the other S. H. Jones' silver medal in mathematics. We feel justly proud of such an achievement by a scholar from our vicinity. His career has certainly been a most brilliant and exceptional one, and we congratulate Mr. Richardson on his eminent success.

It will be remembered that he won, four years ago, two highly coveted prizes, which showed him to be a scholar of marked ability. At the matriculation exam. Lorne, while only a youth in his teens obtained three high rewards—first for general proficiency in two departments, classics and mathematics; the Matthew Wilson gold medal and the Edward Blake scholarship. The latter entitled him to four years' free tuition in Toronto University, also a stipend of \$65. When attending the school in town, then a lad of 14 years, he obtained his second class certificate and the gold medal presented by Mr. Pardo, ex-M. P. P.—Wallaceburg News.

ROSS—WILSON

One of the prettiest weddings that has taken place in this vicinity for some time, was solemnized at 9:30 Wednesday morning, 19th inst., at the residence of Mr. and Mrs. Geo. Wilson, Charming Cross, when their daughter Alice became the bride of Mr. J. D. Ross, of Seattle, Wash. The ceremony was performed by Rev. Rural Dean McCosh.

The bride was charmingly attired in point d'esprit over taffeta, with lace veil, and entered the drawing room on the arm of her father to the strains of Mendelssohn's wedding march, played by Miss Belle Wilson, sister of the bride. Miss Katie Wilson acted as bridesmaid, while Mr. Oscar Thompson, of Welland, supported the groom.

The house was beautifully decorated for the occasion, the ceremony taking place under a large hall of amilies and carnations, and the American and Canadian flags entwined, while the table decorations were made with white tulle, carnations and amilies.

The happy couple left on the 12:30 M. C. R. train for their home in Seattle, followed by the best wishes of a large circle of friends in the neighborhood, where both are well known; Mr. Ross, who is now city electrician for Seattle, having formerly been a Harry boy.

SIXTEEN HOTELS CHARGED

Windsor, June 19.—Information has been laid against sixteen of Windsor's hotelmen on a charge of selling liquor during prohibited hours.

Eight of them, the Crawford House, International Hotel, Manning House, British-American Hotel, West End Hotel and Eureka Hotel, are charged with selling liquor Sunday, June 2.

It is said that the wholesale prosecution is due to a visit of government officers.

CHRIST CHURCH GUILD

The Christ Church Senior Guild held their annual meeting in the Sunday School Hall on Wednesday afternoon.

The reports were most satisfactory. The Treasurer, Mrs. Fisher, gave a very interesting and detailed account of how money had been made and how expended.

The Secretary had an equally gratifying report of the good work done among the strangers, the sick, the poor and the aged, and great credit was given the retiring President, Mrs. McCosh, for her self-denying zeal in piloting the society through another year.

The election of officers resulted as follows:—Mrs. Richards, Senior Honorary President.

Mrs. McCosh, Honorary President. Mrs. Brisco, Acting President. Mrs. Pritchard, Vice-President. Mrs. Williams, Secretary.

Mrs. Fisher, Treasurer. Visiting Committee is composed of Mrs. Kellar, Mrs. Rispin, Mrs. Gilles and Mrs. Taylor. Each member promised to make \$1 talent during the summer months. Mrs. Richards handed in \$12 talent.

CARD OF THANKS

The members of St. Joseph Court, No. 241, Catholic Order of Foresters, desire to thank the business men and others, of the city, who decorated their premises on the occasion of the late convention, and to voice their appreciation of the local press for full and concise reports of the proceedings.

He who persists in genuineness is sure to increase in adequacy.

Acknowledge your blunders, but don't talk too much of them.

LETTERS

AUTOMOBILES.

To the Editor of The Planet:

Dear Sir,—Was last night's rush the reply of the Automobile to the comments in Council Monday night? Several of them, between nine and ten o'clock, were rushing, at great speed, around the streets without lights at the back, particularly some small machines.

One of them can't hide himself; his horn is too well known; as he goes at a 20 or 30 mile rate every day, and acts as if he had just escaped from home and was rushing around trying to cool himself.

CITIZEN.

THE ILLEGAL FISHING DEPLETES THE SUPPLY

Niagara Falls, Ont., June 19.—The state of affairs in the export fish trade, revealed by the work of the fishery overseers at this point, has aroused deep indignation. Not a week has passed this spring without several seizures of fish in transit from Canadian points to the markets of the United States. At all sorts of unexpected times the overseers appear at the railway stations and open cases of fish being taken through on trains. Very few shipments are found to be all right. In nearly every instance some boxes are found to contain fish which are out of season or under-sized. These boxes are confiscated and the fish disposed of. The number of boxes seized at one inspection varies from one to fifty. Some large seizures have also been made at Bridgeburg by inspectors through on trains. Very few shipments have been seized here. The inspectors go up there and make another big haul. In a recent seizure at Bridgeburg there were a score of cases containing under-sized pickerel, some of them less than six inches in length.

It is evident, the inspectors say, that Canadian waters are being mercilessly robbed of every sort and size of fish to feed the insatiable American markets. Wonder has been expressed that the losses sustained do not deter the fishermen from shipping under-sized fish, but it is now alleged that the fishermen are paid salaries by the United States fish companies to ship all the fish of every sort and size they can catch. All expenses and risks are taken by the buyers, and their losses from seizures are easily made up by a slight increase in retail prices.

Canadian fresh fish of any sort commands fancy prices in Buffalo, Boston, New York and Pittsburgh, but in many Canadian cities they cannot be purchased at all. The new fish and game protective association here is agitating for the total prohibition of the exportation of fish from Ontario. Its members declare that if the Ontario law makers should come here and see for themselves what is going on such a prohibitory measure would surely be placed on the statute book at the next session.

SERIOUS CONDITION OF RONDEAU HARBOR

Blenheim, June 19.—The tardiness with which the Public Works Department of the Dominion Government is attending to the work at Rond Eau harbor is becoming more annoying the longer it continues.

It is now about two years since it was decided to construct a breakwater out from the piers there to prevent the same from filling in the channel, and as yet not a thing has been done, though there is very great need of the work. The dredging for the season has not been started, either.

So bad has the situation become that the big crane, the Bessmer, frequently strikes bottom. Saturday evening as the big boat was entering the channel she went aground on her stern, and the bow swinging around struck the pier with such force as to knock a very large piece off into the water. She managed to get off under her own steam, but if the situation is not improved soon it will be a serious drawback to Rond Eau's usefulness as a port.

SECOND SUMMER SCHOOL

This will be held at Port Dover, Ont., July 15-20 inclusive. The staff of lecturers and their staff are Rev. Dr. Johnston, Montreal, Old Testament Outlines; Rev. Dr. Courties, Toronto, New Testament Outlines; F. Tracy, Ph. D., Toronto University, Study; J. A. Jackson, B. A., Sunday School History and Organization, and H. W. Brown, B. A., Sunday School Methods and Management. The school will be open on Monday, July 15th, the first lecture being given at three o'clock. On the following days of the week, the hours of study will be from eight o'clock until noon, the afternoons being left free for enjoying the boating, bathing and fishing privileges, for which Port Dover is famous. The evenings will be devoted to conferences on practical Sunday school topics in charge of Mr. Yellowless and to addresses of a somewhat popular character by members of the staff.

Four Women Try to Save Boy But All Lose Their Lives.

Seattle, Wash., June 19.—Five people, named Myers, two sisters, a brother, mother and aunt, perished at Monahan in the waters of Lake Sammamish Monday.

The four women lost their lives in a vain attempt to save the boy.

BARELY LIVED THROUGH IT.

A terrible experience had Edw. J. O'Connor, of Bault St. Marie. "From boyhood," he writes, "I have been a constant sufferer from asthma and also catarrh. My nose and throat were always stopping up and I had droppings in the throat. When attacks came on I thought I couldn't live through the night. I would sit and gasp for breath and endure great distress. Catarrh made me entirely well." No stronger proof is required. Use "Catarrh" and your recovery is guaranteed. Two sizes, 25c., and \$1.00, at all dealers.

Hummel Alone Suffers.

New York, June 19.—Abraham Hummel will be the only person to suffer imprisonment on the conspiracy charge growing out of the Dodge-Morse divorce scandal. Indictments against former Supreme Court Justice Edgar L. Fursman and Charles F. Dodge were dismissed yesterday. Benjamin Ste. Suhardie, Hummel's old law partner, who was under indictment, died Monday.

HOMESEKERS' EXCURSIONS.

If you think of making a trip to Manitoba or the great Northwest Provinces this summer, you should make a point of securing, from the nearest C. P. R. agent, a free copy of that railroad's booklet giving information about the popular Homeseekers' Excursions. These excursions are well known money savers, and this year are more attractive than ever. Increased traffic has meant a larger number, nine of them this season, of which, at the time of writing, seven have still to run, leaving Toronto July 2, 16, 30; August 13, 27; September 10 and 24. Special trains are used, carrying colonists and tourist sleepers, berths in the latter at small additional charge. Tickets are issued from all Ontario stations at remarkably low rates, ranging from \$32.00 round-trip to Winnipeg to \$41.50 round-trip to Edmonton, and embracing all important points in the Northwest. They are good to return within sixty days, stop-overs permitted. Ask nearest C. P. R. agent for particulars, or apply direct to C. B. Foster, District Passenger Agent, Toronto.

NEW LINE TO MUSKOKA.

Canada's greatest railway, in building a line to connect Toronto with the main transcontinental track at Sudbury, has incidentally given us a new direct route to the Muskoka Lakes district, over which fast passenger trains will be running after Saturday, June 22nd. Bala, which is three and a half hours from Toronto, will be the Lakes terminus this summer, and there steamers of the Muskoka Navigation Co. will connect with trains, carrying travellers to all points on Lakes Muskoka, Joseph and Rosseau. The roadbed is heavily laid and well ballasted, train equipment is new and handsome, and excellent time is made. In addition to the local trains there will be two flyers to the Lakes, the Lakeland Limited and the Express, and two flyers south-bound, the Queen City Flyer and Twilight Limited. Through sleepers will run to and from Toronto, Buffalo, Pittsburgh and New York, and, of course, a splendid equipment of parlor cars, dining cars, and luxurious day coaches. C. B. Foster, District Passenger Agent, C. P. R., at Toronto, will be glad to mail full particulars of trains and handsome illustrated Muskoka folder, or same may be obtained free from local C. P. R. agents.

Keep it and you will succeed.

**JURY BRING
IN TRUE BILL**

Rumor That Things We
"Fixed" in Emerson Libel
Suit

Judge Did Not Appear To
Think Evidence Was
Against Corckett

Frederickton, N. B., June 19.—The first day of the Crockett-Emmerson libel case has left everybody up in the air. Gossip is rampant. Is there a deal? Is a settlement on the tapis? Is something being fixed up? James H. Crockett, the defendant, most emphatically says "No." He demands a full trial and wants it immediately. As an earnest of his good faith he has here numerous witnesses. Among these are John Lloyd, ex-night clerk of St. Lawrence Hall; Harry Dean, ex-night watchman; James Chapman, ex-night porter.

The "missing witness" from Hamilton, John T. Parker, manager of the more or less famous Albion Hotel, Montreal; Detective Steffenson, formerly with the I. C. R., and several ladies and gentlemen from Moncton, N. B., and the city of Quebec, who will testify as to the reputation of the feminine parties in the case.

Hon. Mr. Emmerson is here, buoyant in spirits and looking well. Personally he denies all knowledge of the overtures for compromise made in his behalf. It is reported, however, that Hon. Mr. Pugsley has made the suggestion to the defendant's counsel that the prosecution would drop the case with the understanding that Mr. Crockett had some justification for publishing the alleged libelous article. If the defence would withdraw the contention that the ladies mentioned were of ill-repute. This proposition was turned down.

There'll Be Delay.

The talk about compromise received a fillip yesterday afternoon after the grand jury had returned the indictment.

Hon. Mr. Pugsley and J. D. Hazen, K. C., respectively leaders in provincial politics, and opposing counsel in this case, retired for consultation. When they emerged Mr. Pugsley stated that he would not press for Mr. Crockett's arraignment yesterday as the defendant's lawyers wished time to file a plea to the indictment.

"That seems reasonable," said the judge, "but of course you will go ahead with the trial on Wednesday." "Oh, no," said Mr. Pugsley; "we will not do that. We are going to wait until we have had a conference with the court met yesterday morning at 11 o'clock, Judge Landry presiding. The charge to the grand jury practically required an indictment."

Charge to the Jury.

In addressing the grand jury the judge said: "There does seem to me to be enough evidence to find a true bill upon. Your own judgment in this matter—not a knowledge based upon anything superior to the charge against Mr. Crockett in the information is that he published in a newspaper in this city under the heading 'In Parliament' the following words:

"This Minister was Mr. Emmerson himself, and one of the places to which he was ejected with two women of ill-repute, with whom he was keeping company not long since, was the St. Lawrence Hall, Montreal."

"If you find that these words were published in a newspaper printed and sent abroad in this country, that they were written by Mr. Crockett or published by him in a newspaper controlled by him, you must find also whether these words were written of and concerning Mr. Henry R. Emmerson, or if they were written concerning any other man. If they were published in part of the requirements of the law reference to Mr. Emmerson then that is complete. The charge against Mr. Crockett in the information is that he published in a newspaper in this city under the heading 'In Parliament' the following words:

"You must further find that those words so published were designed to hurt Mr. Emmerson in his reputation by holding him up to contempt and ridicule. If you cannot find these things then you will do right not to find a true bill. Twelve of your number is sufficient to find a true bill."

Return True Bill.

After an hour the grand jury announced a true bill.

Mr. Emmerson occupied a seat at the end of the table most distant from the bench and seated alongside him was Col. Marsh, the local police magistrate, who presided at the trial. Mr. Emmerson was dressed in a grey worsted suit and Panama hat, with brown gaiters over his black patent leather shoes.

Should the case come on trial on its merits it may last for a week.

Nominations in Elgin.

Dutton, June 19.—W. Tolmie, seed and grain merchant, Rodney, reeve of the Township of Aldboro, and Wardens of Elgin County, and F. W. Sutherland, managing director of The Evening Journal, St. Thomas, were nominated here yesterday afternoon for the House of Commons and Legislature respectively for the west riding of Elgin.

Student Held at Border.

Buffalo, N.Y., June 19.—Chun Ah Sung, a Christian Chinese student of Mt. Union College, Allouez, Ohio, who was on his way to the international Y. M. C. A. conference at Niagara-on-the-Lake, Ont., was stopped at the border under the immigration laws.

His passports have been sent to Ottawa.

3 IN ONE FAMILY

CURED OF SKIN DISEASE BY ZAM-BUK.

Once more Zam-Buk, the great herbarial balm, has been proved vastly superior to ordinary remedies, and has cured where other preparations had signally failed. The children in one family have been healed by it. This not only shows the power of Zam-Buk, but goes to prove how beneficial its pure herbal ingredients are to the delicate skin of children.

Mr. J. C. Bates, of Burk's Falls, reports the case referred to. He says: "My three children were all broken out with sores on face, hands and feet. Their condition was pitiable, and although I tried various ointments and salves, they did not seem to be able to get at the root of the evil, and the sores continued to spread. One day I saw a report in a local newspaper telling how beneficial Zam-Buk was for skin diseases. I got a supply of the balm, and applied it to the children's sores. Almost immediately they got relief, and the sores began to heal. Although the skin disease had defied all the salves I had previously tried, in one week Zam-Buk overcame the trouble, and to-day the children have not a pimple or spot or mark of disease on their skin. For this grand result I have Zam-Buk to thank. It is a splendid healer."

Zam-Buk is a healing balm compounded from saps and essences of the finest known medicinal herbs. It has high antiseptic power, killing disease germs which settle on sores and cuts, and which set up fast-festering, blood poison and suppuration. It cures eczema, skin rashes, cuts, burns, bruises, abscesses, ulcers, corns, blackheads, ringworm, blood poisons, heat sores, insect stings, fore feet, etc. Used as an embrocation it gives speedy relief in cases of muscular rheumatism, sciatica, etc. Rubbed on the chest in cases of colds, it relieves the tightness and aching. It also cures piles. All stores and druggists sell at 50c a box, or post free from the Zam-Buk Co., Toronto, upon receipt of price, six boxes for \$2.50, three for \$1.25.

ORCHARD AGAIN TAKES STAND.

Important Witness for Defence Dies Suddenly of Heart Trouble.

Boise, Idaho, June 18.—When the Steunenberg murder trial is resumed to-day Harry Orchard will be called to the stand by the state. The defence will put a series of formal impeachment questions to him and then the prosecution will take him for his direct examination. There are several points relative to the Steunenberg murder and the alleged conspiracy behind it that were not developed last week, and these the state will bring out.

Counsel for the state had an extensive conference yesterday afternoon as to the concluding moves in their case. The conference was entirely relative to the course to be pursued toward Steve Adams. The decision as to Adams was not final, but it was tentatively agreed to call him as a witness for the state, and to leave him for the defence if it sees fit to make him a witness. Adams was the man who repudiated the confession which he made to Detective McParland, and there his connection with the case other than in the use of his name, rests for the present.

Important Witness Dies.

Canon City, Col., June 18.—Charles King, an important witness for the defence in the Haywood trial at Boise, Idaho, died from neuralgia of the heart on Sunday. Bloodhounds belonging to King were used in tracking, after the dynamiting of the Independence Depot. An hour after his death a telegram came addressed to King, summoning him to Boise.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fife one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (Hemionia Dioica) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator. It makes for normal action of the entire reproductive system. He continues 'in Helonias we have a medicinal which more fully accords with the requirements of the treatment of diseases peculiar to women than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent.' Dr. Fife further says: 'The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back with leucorrhoea; stonic weakness of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia; due to flooding; the condition of the reproductive system; amenorrhoea; suppressed or absent monthly periods; abnormal uterine conditions; abnormal condition of the digestive organs and systemic (thin blood) habits; dragging sensation in the lower part of the abdomen.'"

If more or less of the above symptoms are present, to invigorate woman can be better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical profession of which is most faithfully represented.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the reproductive system, and is a powerful and general stimulant, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which I have more general and more certain knowledge. It is universally regarded as the tonic useful in all debilitated states."

Prof. H. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia, and in catarrhal conditions of the reproductive system (menstrual troubles)." Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

ORCHARD'S WIFE DECEIVED.

Haywood Helped Him With Fake Letters—Revenge Not Motive.

Boise, Idaho, June 19.—The prosecution in the Steunenberg murder trial offered one of its most important pieces of evidence against William D. Haywood yesterday, when, recalling Harry Orchard for redirect examination, it introduced four letters tending to show that Haywood, during the fall of 1905, when Orchard swears he was engaged on various crimes for the Steunenberg murder, had participated in a plan to deceive Mrs. Orchard of Cripple Creek as to the whereabouts of her husband.

Over a variety of protests from the defence, Orchard was allowed to testify that early in the summer of 1905, Haywood told him that Mrs. Orchard was writing for information as to Orchard's whereabouts. Orchard swore that he wrote Mrs. Orchard a series of letters that were falsely dated and delivered to Mrs. Orchard by agents of the Western Federation of Miners.

Orchard identified a letter which Haywood wrote to Mrs. Orchard, and that was admitted in evidence and handed to the jury. It follows:

"Denver, Nov. 18, 1905.
"Mrs. H. Orchard: Dear Madam and Sister,—I have not heard a word since I saw you. The last information I got was from Alaska. I think Fairfield was the name of the place. I see that awful conditions prevail among the law and order element.
"Yours very truly,
"William D. Haywood."

Besides the four San Francisco and Alaska letters the state procured the admission of a certified copy of an unsigned letter which Orchard got at Caldwell jail, and which Orchard swears was in the handwriting of Petitions.

The letter follows:

"Dec. 30.
"Friend Tom,—Your letter received. That was sent to Jack Dec. 21 for you. He should send it so that you ought to have it by this time. Will not write any more this time. Wire me as soon as you get to your new field."

The letter was postmarked at Denver in December, 1905, the day that Steunenberg was killed, and it is said by the state that the Jack mentioned was Simpkins, and the "that" referred to was \$100, which Orchard swears he asked Simpkins to get for him when Simpkins left Caldwell.

The state developed its contention that, as tending to show a conspiracy and knowledge of the Steunenberg crime, Orchard was, without any request on his part, furnished with counsel within a few days after his arrest.

The defence examined Orchard on this subject, and largely devoted itself to showing that the Western Federation of Miners always provided counsel for its members whenever and wherever they got into trouble.

To combat the theory that Orchard killed Steunenberg in revenge for his loss of a valuable interest in the Hercules Mines, the state on redirect examination obtained from Orchard a declaration that he sold his interest in the Hercules in 1897, two years before the strike began and troops came.

There was a large contest over an effort by the state to show that the confession of Steve Adams had been voluntary.

SERIOUS FOREST FIRES.

Three Men Reported Burned to Death—Much Property Destroyed.

Sanit St. Marie, June 19.—More serious reports came from the woods yesterday regarding forest fires. Although rain fell Monday night the fires were not checked.

It is reported from Webbwood that three men were burned to death near there. Many miles of forest along the Algoma Central have been burned, and the flames seem to be increasing in spite of light rains.

Thousands of dollars' worth of timber has been destroyed in the Georgian Bay district also, and many operations have lost all of their supplies and equipments.

Destructive fires are burning on the Michigan side, too. Unless heavy rains fall at once the fires may burn for days.

Mining Buildings Damaged.

Mine Centre, Ont., June 19.—Bush fires west of here Monday did damage to the extent of \$15,000 to the property and buildings of the Olive Gold Mining Co., Limited, destroyed two shaft-houses and machinery, also blacksmith-shops, double tramways and some outbuildings belonging to the plant.

The stamp-mill, which is the largest in this district, was saved, also residences, offices, etc.

They Wait For Certain Girls.

Utica, N.Y., June 19.—Young college students who for years have passed their vacations acting as waiters at the hotels along the St. Lawrence River are to be banished from that profession up that way—at least the good-looking ones—because the hotel proprietors say they are too much given to flirting with the girl guests.

Passed Bad Cases.

London, June 19.—(C. A. P.)—A correspondent of The Morning Leader requests more careful examination of emigrants to Canada, pointing out that the inspection last year was very perfunctory, resulting in bad cases being passed, among them men with ringworm.

Found Dynamite In Cargo.

Halifax, June 19.—Two sticks of dynamite were found in the hold of a steamer from Montreal by a coal trimmer, and were taken to the Dominion Coal Co.'s shipping office.

They are supposed to be a relic of the longshoremen's strike at Montreal.

Will Consult Premiers.

London, June 19.—(C. A. P.)—The Government will consult the Premiers who objected to the publication of the preference debate at the colonial conference in 1902 as to whether they are prepared to reconsider the matter.

**Don't Starve
Your Hair**

What do you think your doctor would say about feeding your hair with Ayer's Hair Vigor, the new kind? He knows that it feeds, nourishes, strengthens. The hair stops falling out, grows more rapidly, and all dandruff disappears. We publish the formula of all our preparations. J. C. Ayer & Co., Lowell, Mass.

**The Truth About
MINING**

Do you invest in mining? Have you ever invested in mining? Do you ever expect to invest in mining?

Did you ever make money from speculating? Would you like to make money from investing?

Have you money deposited in a bank drawing but THREE or FOUR per cent. interest? Have you funds invested in mortgages or real estate that are not earning a large rate of interest?

These questions all bear upon your present and future welfare, and your name should be upon the mailing list of "Spear's Mine Development." This paper tells the truth about legitimate mining and instructs you how mining should be conducted. It will tell you about the great mining interests in Northern Ontario. It will keep you posted upon the Larder Lake District where rich gold discoveries are being made.

It will cost you nothing to receive "Spear's Mine Development," except the cost of a postage stamp or postal card in writing us to let us know that you want "Spear's Mine Development."

"Spear's Mine Development" will be sent to you absolutely free of cost. It is the only mining paper of its kind published in Canada. There has never been one published in Canada like it.

It is a real newspaper, up-to-date, truthful and instructive.

It contains information about the Larder Lake, Montreal River, Round Lake, Lake Abitibi, Cobalt and all Northern Ontario mining districts.

"Spear's Mine Development" describes and illustrates legitimate, profitable investments in mining. Every person interested in mining, or who would like to know about mining, should have this paper.

"Spear's Mine Development" will make millions of dollars for investors, through safe and profitable investments in mining.

This is why it is read by thousands of people all over the country—because investors desire to know about legitimate mining propositions.

If you are at all interested in mining, or if you would like to know anything about mining and the development of mining properties, you cannot well afford to be without "Spear's Mine Development." It will be sent FREE, postpaid, to all who write for it. Just ask for "Spear's Mine Development" by dropping a postal card or a letter to P. V. FRASER & COMPANY, Financial Agents, 23 Toronto Street, Toronto, Ontario.

**Come and Hear
The Unrivalled
Nordheimer Tone**

A cordial invitation is extended to you to come and hear the unrivalled tone of the celebrated "NORDHEIMER" Piano.

Run your fingers over the scale or play a selection and listen to the beauty of the "NORDHEIMER" tone.

Piano salesmen may talk about the various mechanical contrivances of a piano until they are "Blue in the face," but all the talk in the world will not alter the tone-quality of a piano.

It is not necessary to take a "NORDHEIMER" piano to pieces and go into ecstasies over its wonderful mechanical features to prove that it possesses an unrivalled tone. It is there in reality. Your own ear tells you it is there—a tone so sweet and sympathetic, so clear and pure, and so rich and powerful—a tone that is of such rare beauty and quality that it lifts "NORDHEIMER" pianos above the commonplace and places them on a pinnacle of perfection in the musical world.

In after years you will congratulate yourself on the wisdom of your choice if the piano you buy happens to be a peerless "NORDHEIMER."

The One Price System assures a safe, satisfactory and square deal to you. Same price to all, and easy terms if you so desire.

SECY. WEIR SPEAKS UP

He Has Something to Say
About Lawn Water
Service

Says Law Will Now Be Enforced As Result of The Planet's Action

To the Editor of The Planet:

Dear Sir,—I note with surprise your editorial of 17th inst. in regard to the supply of water for lawn sprinkling by meter, and the struggling effort to make it appear that the water users of the city are being made martyrs to a whim of the Water Commissioners. As usual in such cases, the writer endeavors to confuse the idea and carry it away from the main point by a conglomeration of words, combining both fact and fancy, and at last bringing the matter to fruition by a quotation from the Post Bureau, which can only be construed as pertinent to the matter by the writer applying it to his own case. Now, Mr. Editor, if you would take the trouble to consider the matter fairly, I feel sure that you would come to a common conclusion with all writers on the subject during the last few years, that supplying water to consumers by meter is the only proper and just system to adopt. No merchant would, for a stipulated sum, allow a customer to take from his box of tea what he wished, or from a roll of cloth as many yards as he could carry away, more particularly if the supply was limited, as our water supply has been and is, by the lack of filter capacity.

As to the matter in question, the Commissioners, I feel sure, have no desire to reverse their past policy of granting a liberal supply of water for lawn service, but only to discourage or prevent a misuse of the water. You state that the change is aggravated by the fact that these services were put in under the approval of the Commissioners, but at the cost of the householder, who has been in no way to blame. Now, I may say that with very few exceptions, these same parties were advised, at the time of making application, to put their whole water service on the meter, as the time would surely come when it would have to be made compulsory. Some accepted the advice, but others did not; many of them, no doubt, from the desire to obtain all the water possible, even at the expense of the other water-takers. And they have done so to such an extent that there is no doubt that the city has time and again been in serious jeopardy from fire, as I do not know of any that complied with the by-law in regard to turning off sprinkling services on an alarm of fire. But we are informed that some turned their services on so as to take advantage of the greater pressure, and against this tremendous output all over the city it was found impossible to furnish the fire pressure required by the insurance underwriters, and I wish the citizens at large to fully understand that this among other actions of the Commissioners has been taken in their best interests.

One other matter I wish to mention before concluding is, that the Water Commissioners have always considered that it was better to urge compliance with the by-laws by milder methods than bringing the offender before the Police Magistrate, and in this they have erred, as possibly the more severe method would have been the better, and probably will now have to be adopted, on account of your unwisdom policy of inciting opposition to the very proper action of the Commissioners. JAS. C. WEIR, Secretary Water Commissioners. Chatham, 18th June, 1907.

WAR VESSELS ON GREAT LAKES.

United States Would Use Speedy Gunboat as Training Ship.

Washington, June 20.—The gunboat Don Juan de Austria, now in New Hampshire waters, is the war vessel which the State Department is trying to have located on the great lakes as an additional ship for the use of the naval militia in that section of the country.

She is of 1,230 tons displacement, has a speed of over 12 knots and has 14 guns under four inches calibre. Every effort is being made to expedite the transfer of the vessel to the great lakes, but it is hardly expected this can be accomplished before autumn, owing to the roundabout diplomatic methods which have to be traversed in securing England's consent.

HEALTH DEPENDS ON GOOD BLOOD.

Everyone who uses Ferrerone has good color and great vitality. Reason for this is Ferrerone's power to create nourishing blood. "I was broken down, had no strength, and couldn't eat," writes Mrs. Chas. Rogers, of Oshawa, Ont. "My nerves were irritable. I was thin-blooded and continually unhappy. I tried Ferrerone. It gave me new energy, force, vim, it brought me strength—made me well." Greatest tonic and re-builder ever known is Ferrerone. Sold everywhere in 50c. boxes.

Five Blown to Pieces.

Williamsport, Pa., June 19.—Five men were killed in an explosion of the gelatine department of the Sinnemahoning yesterday.

SHE WAS WILD WITH PAIN.

From Willow Creek, Ont., Miss E. Diegel writes: "A few years ago I was attacked with pain and not long after it was like a steel rod piercing my back. I had earache and was just wild with pain. I applied bathing soaked with Nerville to my ear and rubbed on Nerville to the lumbago. That rubbing relieved and in a few hours I was well. No other liniment could do this. It's the penetrating power of Nerville that makes it superior to all other liniments. Nothing beats it; 25c. at all dealers.

A Modern Weapon in the Battle for Health.

If disease has taken your citadel of health, the stomach, and is torturing you with indigestion, dyspepsia and nervous prostration, South American Nerville is the weapon to drive the enemy from his stronghold "at the point of the bayonet," trench by trench, but swift and sure, it always wins.

A VALUABLE AGENT.

The glycerine employed in Dr. Pierce's medicines greatly enhances its value. It is a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root contained in "Golden Medical Discovery" in subduing chronic or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

ing away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

It is a greater offense to steal dead man's labors than their clothes.

French Premier Seizes Indirect Vote of Confidence.

Decides to Prorogue Agitators—Duties Will Back Up the Cabinet—Conciliation—Useless—Dynamite Found on Railroads—Tracks Removed—Telegraph Wires Cut—Law Be Rigidly Enforced.

Paris, June 19.—The action of the Government in determining to prosecute the agitators in the south of France led to a lively debate in the Chamber of Deputies yesterday, but after a tumultuous session the Chamber secured an indirect vote of confidence by the large majority of 354.

Advices received here yesterday from Narbonne state that dynamite had been found on railroads; in some cases the tracks have been removed, the telegraph wires cut, so as to impede the arrival of troops, and the revolted villagers have been pulling up the pavements and collecting materials for barricades.

TORPEDO FOR ADMIRAL.

Commander of Black Sea Fleet Had Narrow Escape.

Sebastopol, June 18.—Rear-Admiral Wimen, in command of the Black Sea fleet, was cruising in a steam cutter while a torpedo boat in command of Lt. Runkle was practicing. Bring Whiteheads in the spacious inner bay. When the admiral's cutter was at short range the torpedo boat suddenly changed her position and fired a blank Whitehead directly at the cutter, penetrating the latter's water tank. Only the promptitude of the crew in beaching the cutter saved the sinking condition from being fatal.

Lieut. Runkle explained that the

Whitehead was fired through an accident, but he and three junior lieutenants, who were sulled and refused to salute the admiral, were degraded, and as a result of later evidence, were arrested on the charge of attempting to sink the cutter.

A Bombardment Prevented.

Odesa, June 18.—It now appears that the mutiny here of the Black Sea fleet, consisting of eight battleships, eight cruisers and a division of torpedo boats, whose crews in all number 5,000 men, has been prevented just in time to prevent the planned bombardment of Odesa and the Caucasian coast towns, so as to incite the revolutionists and Caucasians to revolt. The fleet came here June 12 for practice, and had just entered Odesa Bay when the commanding officer, Admiral Tsefinsky, on board the flagship Rostislav, seeing that the officers were not promptly obeyed and knowing of the mutinous spirit animating the crews, suddenly signalled an order to dismantle the guns and head back to Sebastopol, where, after troops had been sent on board the warships, several hundred sailors were disembarked and imprisoned.

Sagacity of the Ancients.

Many quotations came from the works of Thales, the Greek philosopher and one of the seven wise men. It was he who said, "Know thyself." "Few words are a sign of prudent judgment." "Search after wisdom and choose what is most worthy." "There is nothing more beautiful than the world." "Time is the wisest thing, for it invents and discovers all things." He also said that it was the hardest thing to steal dead man's labors than their clothes.

HAVE YOU CATARRH?

Breathe Hyomei And Relief And Cure Will Be Guaranteed.

If you have catarrh, with offensive breath, burning pains in the throat, difficulty in breathing, raising of mucus, discharge from the nose, tickling or dropping from the back of the throat, coughing spasms, etc., begin the use of Hyomei at once.

Hy-me-i is made from nature's soothing oils and balsams and contains the germ-killing properties of the pine woods. Its medication is taken in with the air you breathe, so that it reaches the most remote part of the respiratory organs, killing all catarrhal germs and soothing any irritation there may be in the mucous membrane.

The complete Hyomei outfit costs but \$1.00, and C. H. Gunn & Company give their personal guarantee with each package that money will be refunded unless the treatment does all that is claimed for it.

Estimate of Wheat Average.

"Winnipeg, June 18.—The Northwest Grain Dealers' Association issued their estimate of acreage up to June 1 yesterday. In the three western provinces, Frank Fowler, the secretary, says there are 8,155,457 acres under cereals.

All grain except wheat shows an increase of from 12 to 16 per cent.

He estimates there are still 5,300,000 bushels of wheat to be marketed by western farmers.

How Rossetti First Met His Wife.

"It was Millicent's picture, 'Ophelia,' exhibited at the academy in 1852, that provided his friend, and brother preceptor, Dante Gabriel Rossetti, with a wife. Millicent had been sitting for a portrait, but at length secured one in the person of a charming young lady who was employed as an assistant behind the counter of a bonnet shop. She was the daughter of a Sheffield tradesman, a beautiful and lovable girl with a wealth of golden hair, by name Elizabeth Siddal. Young Rossetti straightway fell deeply in love with the fair model. He taught her to paint and ultimately married her.

Press Despatch: Four sons at

once, St. Paul, Oct. 5th, 1906. A special from Montreal says: "Mrs. John Silverman gave birth to four boys." She is evidently a great friend of Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets.

Where the Relief Would Be.

Dr. Storey, the late principal of Glasgow university, taking a holiday in the country once, was met by the minister of the district, who remarked: "Hello, principal! You here? Why, you must come and relieve me for a day." The principal replied, "I don't promise to relieve you, but I might relieve your congregation."

Constipation steals the iron which

should be absorbed away from the bowels, spoils your blood and complexion, causes anaemias and disease. Regulate your bowels with Hollister's Rocky Mountain Tea and keep well. 25 cents, Tea or Tablets.

Man's Precious Rib.

A young lady having asked a surgeon why woman was made from the rib of a man in preference to another rib, he gave her the following gallant answer: "She was not taken from the head lest she should rule over him, nor from his feet lest he should trample upon her, but she was taken from his side that she might be his equal; from under his arm, that he might protect her; from near his heart, that he might cherish and love her."

MINARD'S LINIMENT is the only

Liniment asked for at my store, and the only one we keep for sale. All the people use it. HARLIN FULTON, Pleasant Bay, C. B.

People ask "Why do you claim that

Veteran's Sure Cure, one medicine, cures Rheumatism, Backache, Sciatica, Dyspepsia, Bright's Disease, etc." We reply, because 16 years' practical use has proved that V. S. C. contains the medicinal properties that cure the digestive organs. And when the people properly realize that good health depends upon pure blood and pure blood upon properly digested food being supplied by a healthy stomach, kidneys and liver, they will want the medicine that gives the best results. And we believe they will find V. S. C. has no equal. The V. S. C. Medicine Co., Limited, Chatham, Ont., Seane Block, King Street. Druggists also sell it. Prices: 350 doses \$1.00, 150 doses 50c. Mailed anywhere. W. K. Merrifield, General Manager.

CARTAGENA.

Colombia Has the Oldest Walled City in This Hemisphere.

One of the few walled cities in this hemisphere and perhaps the oldest, is that of Cartagena, Colombia, South America. The wall, which is still standing and in excellent condition, stretches its irregular circumference several miles in inclosing what was one of the gayest, wealthiest and largest cities of the new world in the days of Spanish supremacy. It is said that \$50,000,000 was spent in constructing this wall, and it must be remembered that three or four centuries ago that meant considerably more money than it does now.

The wall is wide enough to accommodate several teams abreast. Its top is flat in most places, while at intervals there stand sentry boxes, showing that the wall was meant to guard the light hearted residents within its inclosure from sudden attacks either by sea or by land.

At one end of the wall near the sea is still to be seen the government prison. Here there is a long row of cells, which are still kept for the use of prisoners. At present these offenders are mainly sought by tourists to the Spanish main, for many of the men confined there have for sale exquisite carvings on shell and wood.

EARLY CLOSING.

To the Editor of The Planet:
Dear Sir—It's up to the energetic Board of Trade of Chatham to agitate a movement for six o'clock closing, if we are to keep step with other progressive cities.
Yours,
A CITIZEN.
Chatham, June 20th, 1907.

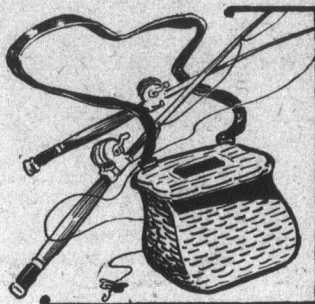

NOT A DIRECTOR

Toronto, June 19.—H. S. Clements, M. P. for West Kent, who was at the parliament buildings this morning, took occasion to deny that he was a director of a Larder Lake mining company, as had been advertised.
"I never sanctioned the announcement in any way," he declared, explaining that he had just heard of it on his return from British Columbia. "I was asked some time ago to sign for a share of stock, but I paid no attention to it."

At the Great Internal Horse Show held this month in London, England, Auditor B 2271-2 won first prize, defeating the best roadster horses from all points on the planet. Wilkie McGregor won first at the Toronto Spring Show and Lulu McGregor won first and the Galt Horse Show. Auditor B 2271-2 is half brother to Royal McGregor, winner of first prize at the Chatham Spring Show, both being sons of Robert McGregor 217 1-2, the sire of Crescens 202 1-4, and 113 others with records of 2.30 and better.
