On motion of Howard Anderson and Joseph Biggs, District Scribe's report was received and adopted.

District Scribe's account of \$2.35 for postage and telephoning for two quarters in date was on motion of Leonard Wood and Azor Kay, order ed paid.

Next quarterly meeting will be at Grangeville, Friday afternoon and evening, November 9th. Adjourned.

At the public meeting there was a reading of the minutes and a most attentive hearing was given to the speaker, Leonard Wood, made a most pleasing and pertinent chairman, conducted the business with energy and dispatch, and made an excellent address.

W. H. ANDERSON.
Mr. Anderson cordially welcomed the visiting brethren.

H. H. STUART
The District Scribe replied on behalf of the District Division, who were very glad to have this opportunity of holding a meeting here. He went on to speak of the small beginnings under difficult circumstances and the rapid growth in numbers and influence of the modern temperance movement, and its marvelous expansion when the present war made the demand upon all nations for the utmost limit of physical, mental and moral efficiency. These qualities so essential in war were as much needed in peace, for, in future, as in the past, only the most efficient peoples can endure the strain. Unless the use of alcohol and other narcotics be eliminated soon, the nation will so deteriorate physically, mentally and morally that it will go under in the first conflict with a virile people. There are other things that must be got rid of, too, such as the rampant and widespread oppression of the poor and weak, and the shameless profiteering, so openly practised, but a sober electorate is a prime prerequisite for all enduring changes in the right direction. The Prohibition Law is a good one but will not enforce itself. The good citizenship of the Country must see that it is enforced.

Mr. Kay demanded strict enforcement of the Prohibition law, and urged the continued use of moral suasion as well as legal.

There was still too much machinery about the law. The Inspector, the other night, had a bottle slung at his head in Buctouche, one that might have killed him. If that were not stopped no one would care to act as Inspector.

Charles Hicks
Mr. Hicks said that as the bandits that had started in to murder certain people in Quebec had been soon rounded up by the Dominion police, so the breakers of the Prohibition law can be curbed. Let the Provincial government see that that the Prohibition law is strictly enforced.

Joseph Biggs
Mr. Biggs said that, while all laws were broken, yet he felt much encouraged at the progress made in the last thirty years. Last Election Day in Buctouche was like Sunday compared with the first he witnessed there when he was a boy. Give the Inspectors some time to get a grasp

Barbers Itch Eczema

BARBERS' Itch is in reality a form of eczema. The delicate skin becomes irritated from shaving, a little infection gets in, and soon burning, stinging eczema is set up.

Fortunately, there is cure for Barbers' Itch and Eczema in the use of Dr. Chase's Ointment, and once you have made the acquaintance of this soothing, healing ointment, you will always keep it on hand to apply after shaving. Not every time, but whenever there is roughness or irritation of the skin.

Mr. Chas. A. Duxbury, Meaford, Ont., states:—"While out in the Northwest I caught barbers' Itch, and anyone who has had it will admit that it is not at all pleasant. It began on my neck below the chin, and spread until I became alarmed. It itched so bad that I had to scrape it, and that only made it worse.

"A friend of mine told me to use Dr. Chase's Ointment, and I did so. The application of this ointment gave prompt relief to the itching, and it was not many weeks until I was entirely freed of this annoying ailment."

Some of the ingredients of Dr. Chase's Ointment are very expensive, and for this reason imitations and substitutes are offered because they afford greater profits to the dealer. They will only disappoint you. The genuine Dr. A. W. Chase's Ointment will positively cure.

A Strathadam Soldier Captures a Trench Mortar and Twelve Prisoners

Official advices state that N. S. soldiers who took part in a recent attack on the western front were distinguished for gallant deeds. Sergt. Morrison Jordan, of a Nova Scotia Battalion, performed acts of gallantry thus recorded: "On August 15th he attacked the crew of a heavy trench mortar, killing a number of the crew and capturing the trench mortar and twelve prisoners. Later, during a strong counter attack on August 21st, when all his company officers had become casualties he organized a bombing party and so inspired the men of his platoon with his courage and determination that all the Germans who had entered the trench were killed. He himself bayoneted several, and it was largely owing to his courage and fighting ability that the situation was saved. Sgt. Jordan, though counselled in a N. S. battalion, belongs to Strathadam, N. B., and is a communicant of the Redbank-Whitney Presbyterian church.

Concerning the above battle, Sgt. Jordan in a letter to Miss Millie Forsythe of Whitsey, writes thus modestly of his part in the struggle: France, Aug. 25, 1917

Dear Millie: Well Millie, I have been through another hard fight and the good Lord was ever beside me guiding me right and kept me from all harm through it all. We gained a lot of ground and the good old battalion, to which I belong has again come out victorious. We captured quite a number of Germans and also three trench mortar guns which we are going to send to Halifax as souvenirs. It was certainly a fine time, Millie, one of the best fights I ever took part in, and I have been in quite a few.

I have done seventeen months here now and have never been out of range of the big guns during that time, but still I am very well contented and am willing to carry on as long again if the German shells only misses me every time and I have the good luck of coming through alright.

This is a very poor letter but I am still thinking about the Germans. Miss Millie Forsythe received another letter on Tuesday and some souvenirs some soldier had taken from Germans.

Always the Same

"Beaver" Flour is as uniform in quality as a minted five dollar gold piece. Its proportions are as accurately fixed, and as scientifically determined. The wheats used in milling "Beaver" Flour are analyzed—and the percentages of gluten, starch etc. are found by chemical tests.

We know—

from years and years of experience—just how much western spring wheat to add to the choicest Ontario winter wheat—to obtain the desired strength.

BEAVER FLOUR

Equally good for Bread and Pastry. Milled of Blended Wheat.

This is why "Beaver" Flour always gives good results—why it requires less shortening—why everything you make with it has a flavour that you cannot get with western spring wheat flours. Try "Beaver" Flour yourself for both Pastry and Bread—you'll find it equally good for either, and best for both. Remember, to insist on having "Beaver" Flour—the original blended wheat flour.

B. C. WILL BREAK UP BIG ESTATES

It is announced that it is the intention of the British Columbia Government to introduce legislation at the next session of the Legislature to open up for settlement the many thousands of acres of land in the Northern part of the province now held by a few individuals or companies.

New Zealand broke up her large unimproved estates in this way; the old province of Canada, in 1859, forced the Quebec Seigneurs to sell their feudal rights to their tenants; the great estates of P. E. Island were expropriated to the tenants' use in 1873, and Britain has, since, forced the Irish landlords to give up the most of their lands to their tenants.

THE SPRIG of MAGIC HEATHER

Among the Selkirk Mountains—Mt. MacDonald on left and Sir Donald on right.

I'm just an ordinary, everyday working woman. That I earn my living with a fountain pen and a typewriter, rather than with a fine needle and sewing machine, or a woolly cloth and a pall of suds, is an accident of temperament. I get just as tired sometimes scraping up thoughts and putting them into sentences as the other woman does who fine-combs Vogue or the Pictorial for a new way to make her customer's evening coat.

But this summer I had a holiday. I've had them before, but they've taken me to towns that were bigger and dirtier and more bedeviledly sophisticated than my own. I've come back so many dollars poorer, not a pound heavier, and, if I brought me home with me, they were body-wearables, not soul-delightables.

But this year I had a holiday that was so different that I'd rather spell it the old way and call it a "Holy Day." I spent a whole month in the Canadian Pacific Rockies. Do you know what I'm looking at now? It's a sprig of red heather and I wouldn't give it up for a wardrobe-ful of dainties.

I hold it in my hand, the tough little brown stalk of it, and gay green leaves, the purple-pink flame that it flows into. And the walls of my den go back, melt out—the sun is high in the cloudless heavens—the blue heavens that seem to hang like a soft curtain dropped to rest on the snow-tops of the great mountains. All morning I've followed the trail through the great trees of the Asulkan Valley, by the side of the ice-cold roaring glacial river, until the path led me back to the source of everything.

The mountain slopes lay before me in a rushing, down-draw, making into which you could drop a city block

Deutchman's cabin at Nakimu Cave, Glacier, B.C.

looked like wrinkles in the brown velvet flanks. The river had its four-fold beginning on these slopes. To follow anyone of the streamlets up to its parent glacier-tongue would have been a day's joy, but the trail had elected to keep to the left, according to the traffic laws of British Columbia.

At home I'm reckoned a fairly good walker. I can do a couple of miles without being tired. But in the sharp clear air of these intoxicating days I could go ten miles and get home with the lit of pure joy in my very last step. And to sit myself against the sudden steepnesses of a trail full of surprises made me laugh out loud.

At the edge of a snowbank, where it crept to the border of the trail to peep over at the brooklet far below, my little bit of heather grew—The vast silence of the heights was such that I wouldn't have been surprised if the brave pink bells had turned toward me and tinkled! I put my hand out slowly. And drew it back again.

I'm half Scotch according to the family tree that grows so green in my grandmother's memory. But I'd never seen heather before, except one pressed bit of it that companion-ate friends had sent out to us.

always grown right there—for me. I picked it and carried it, like a purple torch, right up to where the last green grass lifted itself out of the sheeted whiteness that ran straight up, steep as the pitch of a cathedral roof, to meet the far blue blaze of the sky. And when I look at it now, the wee flame on its crest lights up the way back to all the silent wonder of that day.

I have a yellow lily too that can work magic. It grew right up through the snow in an Alpine meadow where I talked to a great grey heron who sat on a rock listening. I have a white "her's a tail"—a silky little ball that swung in the wind that blew down from the Victoria Glacier at Lake Louise.

I have a little trilobite shell that has never seen a glass cup, though its worth of use. It means a much of the by-employment of the pathologist. I have a little trilobite shell that has never seen a glass cup, though its worth of use. It means a much of the by-employment of the pathologist.

Best of all perhaps I have some-thing that nobody can name. It's like a house plant that's been in the garden since the world was made. It was growing right there—it had

Quarterly Session of District Division

(Continued from page 1) of conditions, the Prohibition law can be enforced.

Rev. R. H. Stavert—

Rev. Mr. Stavert gave one of his characteristic earnest and eloquent addresses singling out the liquor traffic as one of our chief evils and severely condemning the prevalent use of profanity, tobacco, and gambling devices as well. Give the brave soldiers the best we have—nothing is too good for them—without descending to gambling devices to raise the money. Give directly and freely and honorably. Not one person in 500 seems to realize what Christianity is—it is work for others, always involving self-sacrifice—always drawing the enemy of evil—always making one bleed. Throwing bottles should not deter anyone from duty. Inspectors should be paid decent salaries and made to work. The new law is a ritual and we must not let it, through lack of enforcement, become disreputable. He trusted that it would not be long before not only the sale of liquor is forbidden by the provinces, but both its sale and manufacture by the Dominion Government.

"Hell Hath No Fury Like A Woman Scorned"

FROM PRIVATE TO ACTING MAJOR

IN the supplement to the "London Gazette," dated August 16th, containing a list of awards to officers and men for gallantry and devotion to duty in the field, the following appears: "Sec. Lt. (A. Capt.) Douglas Barker Watson, M.D.C. R.—When Acting Adjutant he performed most valuable services to his headquarters, crossing a ridge three times in daylight through heavy machine-gun and rifle fire to obtain exact information as to the situation and dispositions of his battalion. He successfully accomplished his task under very difficult circumstances."

ACTING MAJOR W. B. WATSON, M.C.

The gallant officer, who is only 21 years of age, was born on the 29th March, 1896, and educated at King Alfred's School, Wantage. He joined the services of the Freight Dept. of the Canadian Pacific Ry., Charing Cross, in December, 1913, and when war broke out he enlisted as a private in the 10th Batt Middlesex Regiment. He was gazetted Sec.-Lt. on the 18th Sept. of the same year, was mentioned in despatches amongst others by Gen. A. J. Murray, C. in C., Egyptian Expeditionary Force on the 18th March, promoted to be Acting Captain whilst commanding a company, on April 10th, and in the "Gazette" on May 24th it was stated: "Capt. D. B. Watson, M.C., to be Acting Major, whilst Major on Headquarters of the Battalion."

War Record of C. P. R. Men.
In spite of the fact that day and night the trains and steamers of that great Imperial organization, the Canadian Pacific Railway, have been occupied in the transportation of soldiers and war materials, and that the huge workshops of the company have been turning out vast supplies of munitions of war instead of engines and rolling stock, no fewer than 8,000 men in the service of the company have gone to the front. In every theatre of war they are to be found—in France, Italy, Russia, the Balkans, Mesopotamia, Africa. Of these 8,000 men (apart from 100 who are serving in the Navy) 1,300 have been killed or wounded, among the killed being Capt. the Hon. A. T. Shaughnessy, son of Lord Shaughnessy, president of the C. P. R.

The C. P. R. and Dominion Express staffs in Great Britain before the war numbered 215, of whom 175 were of military age, and of those 175 no fewer than 158 have joined the colors. Among those who have paid the supreme sacrifice have been Lt. A. E. Voysey, Chief Assistant to the European Manager, and Lt. W. B. McArthur, M.C.

The honors won by officials and employees of the company make a long list. Lt.-Col. C. W. Ramsay has been made C.M.G. The D.S.O. has been awarded to Lt.-Col. G. E. Cantlie, general superintendent of car service; Lt.-Col. F. A. Gascoigne, superintendent of car service, Montreal; and Maj. J. A. Hesketh, assistant engineer, Winnipeg.

The Military Cross has been gained by Temp. Lt. C. F. Casey (killed), Lt. J. A. Hamilton (killed), Lt. E. Irvine, Regt.-Sgt. Maj. J. Jeffery, Maj. W. M. Kirkpatrick, Lt. W. B. McArthur (killed), Lt. MEN'S OUTFITTERS

Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOBL, 1642 Fulton St., Harrisburg, Penn.

Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. YOST, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DUBBERG, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice.—it will be confidential.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and druggists here are kept busy dispensing frezone, the ether discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers. Ask at any pharmacy for a quarter ounce of frezone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so arid that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

Conscripted Troops to Mobilize Here

Men Raised Under Military Service Act in This District Will Train at Newcastle

Word has been received here that Fredericton, Newcastle and Moncton will be mobilization centres under the Conscripted Act. This means that men who come under the provisions of the act within these districts will be mobilized at the places mentioned. Military men believe that these centres will work in conjunction with the main depot in St. John, which is the designated headquarters for New Brunswick under the Military Service Act.

Whether or not the men drafted in the vicinity of Newcastle will be drilled at their respective mobilization centre has not been decided upon as yet. In all probability, the recruits will receive their preliminary work at the various mobilization centres and be sent to the main depot for further hardening. No information has been given out on the matter from headquarters.

One military authority said that it might possibly be worked out like the plan many battalions have followed in New Brunswick. "Have a headquarters centre, which in this case is St. John, and then have three or four points throughout the province where mobilization goes on drilling work," undertaken at all the places authorized, and when the company is up to full strength the whole unit would be undertaken at all the places in his territory.

Curing Skin Troubles

So many people, both men and women, suffer from skin troubles, such as eczema, blotches, pimples and irritation that word of advice is necessary. It is a great mistake for such sufferers and those with head complexions to smear themselves with greasy ointments. Often they could not do anything worse, for the grease clogs the pores of the troubled skin and their condition actually becomes worse.

When there are pimples or eruptions, or an irritating or itching rash a soothing, heretic solution may help to allay the irritation, but of course that does not cure the trouble. Skin complaints come from an impure condition of the blood and will persist until the blood is thoroughly purified. It is well known that Dr. Williams' Pink Pills have effected the best results in many forms of skin disorders and blemishes. This is due to the fact that these pills make new, rich blood, and that this new blood attacks the impurities that give rise to skin troubles and disperses them; so that Dr. Williams' Pink Pills cure disorders from within the system—the only sure way.

It should be added that Dr. Williams' Pink Pills have a beneficial effect upon the general health. They increase the appetite and energy and cure diseases that arise from impure blood.

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont. (adv.)

NEW POSTAGE STAMP

Some of the new issue of three cent postage stamps have made their appearance. The stamp is of khaki color as befits a time of war, and in allusion to the fiftieth anniversary of the birth of the Dominion, the engraving is a finely executed miniature of the celebrated picture so familiar to all Canadians under the title "The Fathers of Confederation." The stamp is about twice the width of the ordinary postage stamp.

Miss Maude Duncan, of Campbellton, was in town on Sunday.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—no—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

WHY IS IT

that chronic skin diseases which have defied all other treatments yield to Zam-Buk?

It is because Zam-Buk is germicidal, and also has such power of penetration that it reaches disease in the underlying tissues and cures from the "root" up. That is the only way a permanent cure can be effected.

Mr. H. C. Buckley of 461 E. Broadway, Portland, Oregon, says: "For chronic skin diseases there is nothing like Zam-Buk. For fifteen years I had eczema, and I tried an endless number of so-called 'eczema cures,' but nothing was capable of curing me permanently until I used Zam-Buk. Ten months' use of Zam-Buk has effected a complete cure."

For ulcers, abscesses, boils, ringworm, blood-poisoning, piles, burns, scalds and cuts, Zam-Buk is equally good. All dealers or Zam-Buk Co., Toronto. 50c. box, \$ for \$1.25.

Rae-McKenzie Nuptials At Derby Junction

Popular Young Couple Wedded on Wednesday Afternoon

A quiet but very pretty wedding took place at the home of Mr. Allan McKenzie of Derby Junction, at 4 o'clock yesterday afternoon, when his eldest daughter, Miss Harriet Ethel, was married to Mr. Neil Gordon Rae of Strathadam, son of Mrs. Margaret Rae, Rev. Alex. Firth of Douglas-town performed the ceremony assisted by Rev. R. H. Stavert of Norton, in the presence of a large number of invited guests. The young couple were unattended. At the appointed hour the choir sang "The Voice That Breathed O'er Eden." This was followed by Lohegrin's wedding march played by Mrs. H. M. Brown of Nelson. The bride, who was given away by her father, was gowned in white duchess satin trimmed with handsome antique lace, wore a white veil, and carried a bouquet of chrysanthemums and maiden hair fern. The marriage took place in the parlor under a beautiful arch of evergreen and white. The groom's present to the bride was a beautiful gold brooch set with pearls, as was also his gift to the organist. The bride gave the groom a beautifully carved signet ring. After a dainty lunch served in the dining room, decorated in gold and white, the bridal party left by auto for their future home in Strathadam, followed by the best wishes of a host of friends. The bride's going away dress was a suit of shot satin de chine with white hat.

Among the out-of-town guests at the wedding were: Mrs. A. W. Perry, Cody's Queens Co. and daughter, Miss Margaret. Mr. and Mrs. Chas. Walker, Chatham. Mr. and Mrs. Wm. Kitchen, Chatham. Miss Isa Whitehead, Chatham. Mr. and Mrs. Fred Phillips, Douglastown. Mr. and Mrs. Clifford Parker, Whitney. The bride is a much esteemed young lady who has taught school successfully in several districts in this county and in Queens and the groom is a prosperous young farmer. The happy couple have the best wishes of the community for a long and prosperous voyage through life.

Newcastle Women's Institute

If any lady who is not a member of the Institute would care to give one or more bottles of preserves or pickles to the hospital in this way, they may be sent to Mrs. Stothart not later than Monday, Sept. 24th. The Institute would mark the same with the donor's name and send it to the hospital.

CHATHAM MEN IN CASUALTY LIST

Word from Ottawa during the past few days brought anxiety to more Chatham homes. G. R. Herbert and G. Gammon are reported gassed on the 5th; Peter C. McInnis is reported missing on Aug. 14th; Private Thom as Alex. Williston, of Bay Side, was reported missing on Aug. 15th. Gunner Gammon went overseas with Anderson's Battery in the first contingent, and has seen continual service since February, 1915. The others were members of the 132nd.

BEWARE OF STRANGERS

Not so very long ago the public prints were crowded with accounts of the operations of a Syndicate formed of confidence men and women, so shrewd and daring that their exploits seemed almost unbelievable. Their operations brought out the warning, "beware of strangers, men or women," from Mealey Hoynes the famous States Attorney of Chicago, Ill., and William A. Pinkerton, the famous detective, stated that the only way to combat blackmailers was by publicity. The Selig Polyscope Company has filmed a wonderful drama written by Gilson Willets and based upon the operations of "The International Syndicate." It tells of the methods employed by the highclass criminals in separating the public from its money, it tells a blood-stirring story of "love and hate in the underworld, it proves that "hell hath no fury like a woman scorned" and also that "the wages of sin are death." One of the most capable companions of "players" ever appearing in a feature production carry out the tale of love and adventure. These stars include Thomas Sankel, Ed. Condon, Bonnie Benson, Elyon, Jack Richardson Fritz Brunette, Frank Clark, Eugene Boneroff and others. The picture is a real gem in the history of the world. See the thrilling, most beautiful story in the history of the world. Manager Richard of the Happy Hour Theatre presents "Beware of Strangers" on Wednesday, Oct. 3rd.
