CONSTIPATION CURED BY THE USE OF MILBURN'S LAXA-LIVER PILLS.

Constipation is one of the most pre-valent troubles the human race is subject to, and is the greatest cause of many of our ailments. If the bowels cease to work properly, all the other organs ecome deranged.

Milburn's Laxa-Liver Pills work on the bowels gently and naturally, and will cure the worst cases of constipation. Mrs. Winslow McKay, Jordan Branch, N.S., writes: "I have been sick for a number of years with sick headache and number of years with sick headache and constipation. I tried all kinds of doc-or's medicine, but none did me any good intil I tried Milburn's Laxa-Liver Pills, and after using four vials I am com-letely cured. I would heartily recom-nend them to all sufferers from that lisease. I keep them on hand all the ima."

Milburn's Laxa-Liver Pills are 25c. vial. Sold by all druggists and dealers r mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto,

### Children

Children, like all things young and growing, are beautiful and ppealing in their helplessness, their gradual enfolding of physical and mental powers, their innocence, their manifold charms It is only natural to love a child. But children must not be considered and treated as mere playthings, as financial assets, as objects of pride; they are infinitely more, for they have immortal souls. When the whole world shall have fallen into ruins the soul of each child ever born in this valley of tears will still be iving. Leonidas, the father of the celebrated Origen, received his newly baptized child at the gate of his house kneeling and reverently kissed the little forehead. If father and mother are deepy imbued with this reverence for the body and soul of their children as special favorites of Christ, as friends of God's holy angels who stay with them to keep them healthy and good, to watch at their side, to guard and guide\_ them, they will do all in their power to raise them in the love and fear of God, to watch, over them with loving tenderness when they are young and continue to help and counsel them when they are grown up. The duties and responsibilities of Catholic parents toward their children are manifold, but the obligations of children toward their parents are no less clear and unescapable. No matter how much disregarded it nay be, the fourth commandment of God will stand. God's blessing s promised to all who 'fulfil it, and God's curse to all who fail to observe it.

not a single farmer in Minnesota phic views with the doctrines and and we recommend to the workers would own a foot of land and not practices of dogmatic religious and pledge ourselves to the fol a single mechanic would own even creeds." (Socialism : Promise or lowing course of action ." the tools with which he works Menace?" p. 204.) 1. Continuous, active and pub

Some of our readers will object lic opposition to the war, through The price of labor as well as the price of farm products would be that they can believe in the ec- demonstrations, mass petitions and fixed by the government. It is onomic proposals of Socialism, all other means within our power 2. Mails By The Air Route

Our Soldiers

That the aeroplane will come into general commercial use after the war is already indicated by the experiment at an air mail service between New York. Philadelphia and washington in and Toronto in Canada. It is natural that the Montreal-Toronto route should be selected first for a trial of the plan for aerial mail service. The distance between the two cities at 330 miles, which is ideal for a test such as has just been made, and which has proven successful.

By reason of its long distances Canada should be an ideal field for aerial mail service: particuperience at the front to speak larly as mails can be delivered in such a way much more quickly method. Quite recently a couple

In the June number of the of young men from one of the Canadian aviation camps matrix flying visit to Montreal and Ottawa, negotiating the trip in faster time than could be made by any train. Last week a celebrated French "ace," who has seen much service in the air over the battle fields of France and Flanders, flew from Montreal to Toronto and Buffalo, negotiatng the trip without incident or accident.

YEAST

### 

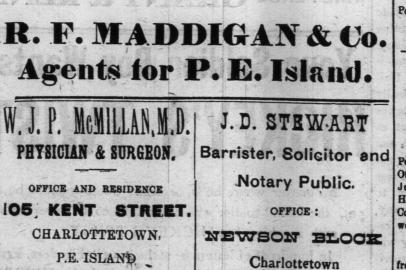

# MAKE GOOD BREAD You must have Good Yeast

### >WARDBARDANDADDSK

YOOD BREAD is, without question, the most important article of food in the catalog of man's diet ; surely, it is the "staff of life." Good breat is obtainable only by using the Best Yeast, the best flour, and adopting the best method of combining the two. Compressed Yeast is in all respects the best commercial Yeast yet discovered, and Fleischmann's Yeast is indisputably the most successful and best leaven known to the world. It is uniform in quality and strength. It saves time and labor, and relieves the housewife of the vexation and worriment she secessarily suffers from the use of an inferior or unreliatle leaven. It is, moreover, a fact that with the use of Fleischmann's Yeast, more loaves of bread of the same weight can be produced from a gven quantity of flour than can be produced with the use of any other kind of Yeast.

This is explained by the more thorough fermentation and expansion which the minute particles of flour undergo, thereby increasing the size of the mass and at the same time adding to the nutritive properties of the bread, This fact may be clearly and easily demonstrated by any who doubt that there is economy in using Fleischmann's Yeast.

If you have never used this Yeast give it a trial. Ask your Grocer for a "Fleischmann" Recipe. Book.

No matterwhere he is, or what other tobacco he anc get, the Island soldier who chews tobacco is never satisfied with anything but HICKEY'S TWIST.

In hundreds of letters from the boys in Flanders, France England and the training camps, they ask for HICKFY'S TWIST-and the 105th took along 20,000 figs with them.

Send your soldier boy a pound of HICKEY'S with the next parcel.

### Hickey& Nicholson, Ltd CHARLOTTETOWN.

See clearly close by, and for this reason try to get along without glasses, thereby suffering endless misery, and sometimes blindness follows. We are competent to examine and fit your eyes with the proper glasses, and guarantee satisfaction.
