THE GREAT ALBERTA THE CIRCULATION THURSDAY - 1910. NINTH YEAR - No. 34

ANOTHER GOOD DAY AT THE HORSE SHOW

Indoor Attractions in Auditorium Both Afternoon and Evening.

THE JUMPING EVENTS FEATURES OF THE DAY

All Other Events Were Well Contested and the Attendance Was Good.

A glorious success is the story of the annual Calgary Indoor Horse Show as far as the big event has progressed. Last night was the third night of the 1910 show and it was probably the greatest yet. The attendance was large in the evening, there being less people standing around the aisles and doorways.

The program last night was all that could be desired, the driving events being better than usual and the carriage and dray races bringing out a fine bunch of entries. Probably the finest display of heavy draft horses in harness that has been seen in western Canada, was that of the class of heavy teams owned by the Garza Company, each exhibit being away above the average draft team, and there being no less than nine shown.

In sitting up the horses shown last night one was struck with the fact that fully eighty per cent. of the animals shown are Calgary horses and no wonder, where they were born and bred, as one does not appreciate the beauty of a heavy team until it is shown in the ring, perhaps to better advantage.

If they only saw it. One comment heard last night from a stranger in the city was: "It is unfortunate that the people outside the province cannot see the splendid line of horseflesh you people have out here." The greatest interest taken in any event of the show was the "High Jump." The rivalry was keen and the jump made in the final, 15, is exceptionally good, being a foot and a half over the bar.

What the Judges Think. At the judges are of the same opinion that all the stock shown is of very high average and each one declares that they have judged certain classes in the largest show ever held in the city.

They will be the premier day of the show, the management having reserved a number of the most interesting events for this day.

The afternoon performance of the Calgary Indoor Horse Show was held in the auditorium and was well attended, many of the events being very interesting. The two features of the afternoon were the high jump and the parade of prize winners.

The parade was held in the middle of the afternoon and the many winners received much enthusiastic applause. The parade was headed by the "Eagle" which captured the hunters' championship, then followed the Percherons, the Hackneys, saddle horses of many classes, Bolognas, Clydesdales, heavy draught teams, Shires, and Suffolk Pevens.

This event was one of the finest that could be desired, as the animals bore prize winners, after a very hard competition.

The High Jump Competition. The high jump competition concluded the afternoon performance and it was a remarkable exhibition of riding and jumping.

One horse "Golden" an outlaw, ran away with his rider and butted its head into the windows at the arena and the rider could not handle it safely and it was finally withdrawn. In this class the riding of H. Dumas, who had the winning horse, was of good hood. He has perfect hand on an ideal seat, helping his mount.

The Saddle Horses. The competition was a most interesting one in the class and fell when the winner in the class jumped 5.6.

The first event on the afternoon program was that for gelded saddle horses over 14.3 and open to stallions, mares and geldings. Three horses were shown, all of them representing the best of this class of saddle horse. The awards were as follows:

1st, owner P. Burns & Co., 2, Pat, owner M. S. McCarty, M.P., 3, Pat, owner C. Gardner, Springfield.

SMALL BOY KILLED IN CALGARY STREETS

Five Year Old Son of Rev. Frank Pratt Struck by an Iron Truck—Death Was Instantaneous

George Garay Pratt, five years old, the son of Rev. Frank Pratt, minister of the local Unitarian church, was instantly killed yesterday afternoon by a heavy iron truck at the corner of seventh and fourteenth streets, east of west. He started to climb into the rear of the wagon when an iron truck weighing several hundred pounds struck him, striking him on the head. His skull was fractured and he died instantly. Another "little" boy of the same age, Thomas Sullivan, was playing with him at the time.

The accident was seen by D. H. Gale and William Wright, who were called, and when he arrived pronounced the boy dead. The man, who carried the body to the morgue, was the father of the deceased. The man, who carried the body to the morgue, was the father of the deceased.

Severe Storm on Lake Ontario. Rochester, April 7.—A forty to fifty mile gale is blowing on Lake Ontario. Lake mariners say it is the worst storm of the season they have ever known. Considerable damage has been done to docks along the lake. The tug "Ralph" with the coal laden barge "Lock" is low water down the lake into the harbor. Within twelve hours the temperature in Rochester has fallen 30 degrees.

COUNCIL LOCKED AT THE POWER WORKS

Mayor, Commissioners, Aldermen and Officials at Horse Shoe Falls.

GIGANTIC CONSTRUCTION OF THE POWER COMPANY

City Representatives the Guests of the Power Company.

Mr. R. H. Bennett, as vice-president of the Calgary Power Company, was the host yesterday afternoon at lunch on at Crown's cafe, and a very delightful trip to Horse Shoe Falls. The guests were the mayor, commissioners, aldermen, city officials, and other city representatives and some other citizens. The train left the depot shortly before 11 o'clock.

The plan of this enormous work is simple enough. A swift current of water from the Bow River, between two cliffs, the company is placing a dam and taking the water down to the power house, where it turns the wheels and generates electricity. That seems plain enough.

Some Enormous Work. But the work that is required is not quite so simple. Across this narrow gorge, which is only 100 feet wide, such an enterprise, a gigantic dam is being constructed. It will be between 80 and 70 feet in height, and the dam will be a reserve force of concrete for 30 and 70 feet in height, and 350 acres that is the force that will make the wheels go round and generate about 14,000 horse power electricity.

The work so far has been mostly in the way of preparation for the dam. In order to do this the swift running river had to be diverted from its original course, and is now pouring through two artificial tunnels, one on each side of the bank. Then the two big cliffs had to be prepared for the work heavy and massive.

Everything now is ready for the beginning of the dam. The appliances of every description are ready, and for the breaking of some of the machinery the initial work would have been started yesterday.

Finished in Forty Days. It is expected that the dam will be completed in 40 days. The 250 men are divided into two shifts and work is proceeding day and night. There are 1600 cubic yards of concrete for the dam, and it is expected it will be laid at the rate of 400 yards a day. The entire work will be well under way by September.

Elaborate arrangements are made to meet every emergency. By a system of gates the food water is taken care of. With a channel of dead water for two miles back there is no alarm about an attack of freezing or any other kind of ice. There seems to be no doubt that the water will develop at least 10,000 horse power, and preparations can be made very easily for work if it is needed.

The work is very systematically laid out and every detail is being taken care of. The dam, arrangements are being made for the power house, and the poles are being strung to take the power to Elkhaw on the west and to Calgary on the east.

The visitors were very greatly interested in the work, and the works very accommodating. The visit to the Elkhaw cement works was also a very interesting one and practically all the members of the party took it in.

The return journey was made very rapidly. Every person on board was very much pleased with the outing and with the unbounded hospitality of their host, Mr. R. H. Bennett.

MILLER BILL KILLED IN HOUSE OF COMMONS

But the First Vote on It Was Beaten by One Vote Only.

Both Party Leaders VOTED FOR LEGISLATION.

Some Changes in Betting Law May Yet be Effectuated.

Ottawa, April 7.—The Miller anti-gambling bill, which has commanded the attention of the House for two days, was put by a vote of 112 to 111 on this session today by the slow tortoise method.

The death-deck scenes were somewhat mixed with confusion and its dying throes were not without interest, taking the sentiment of the House regarding the legislation.

When the Commons met this morning Mr. Miller moved a resolution to the effect that it is expected to provide in case of emergency to the public, the bill was passed by a vote of 112 to 111.

Gervais (St. James) Montreal, proposed the resolution on the ground that it was an encroachment on the private rights of the province.

The resolution will be discussed in the committee of the whole. Mr. Miller's bill for creation of a department of marine and fisheries was introduced.

HOMESTEADS OPEN IN FT. CHURCHILL

A Resident of The District Was First Man to Be Granted an Entry From the Dominion

Winipeg, April 7.—Homesteads are now open for entry in the Fort Churchill townsite and vicinity on Hudson Bay.

A. P. Crowe, assistant Dominion land agent made the above statement to the "Press" reporter yesterday. He added: "The Winnipeg land district now includes the surveyed lands in the Fort Churchill townsite and vicinity on Hudson Bay, and the department has authorized the following land office to accept applications for entry from squatters or other persons whose rights of entry have been recognized by the head office. This course only relates to lands that have been surveyed."

The whole tract in question remains under reservation, so to minimize but no mineral locations will be accepted thereat at present. William Beech who has been living at Fort Churchill for some years past was the first person to be granted an entry by the Dominion government.

Believing that he did a great deal to help win the late British election for the Liberals, and to boost here and hard for Calgary and Alberta while he was abroad, Henry Haskins, a well known resident of this city, returned yesterday from a trip of four months to England. He went there primarily to visit his brother, aged 72, and have a few days' rest. He has a number of other relatives in the thick of the election, and announcing to the world that he was from Canada and that Canada wanted free trade, he pulled off his coat and pitched in to help his party. He did not engage in the near-riots that occurred in London and other places, he says, but he delivered at least twenty fervid speeches as a member of Mr. Hart's party. Knights and Mr. Herbert, candidates for parliament from Windsor, Maidenhead and Slough respectively.

Thousands People Influenced. In between times he told the people about this country, and he believes that a thousand people will come here-ly or indirectly because of his missionary work. Speaking of immigration, he said last night:

"I would talk in England today if I could, and I would talk in Canada, and I would talk in the United States, and I would talk in the British Isles, and I would talk in the Dominion of Wales, and I MR. MORROW THINKS THAT HE HAS SOME GOOD ONES

The Brandon Team Will Not Leave This Season

Brandon, April 7.—Manager Morrow, of the Brandon ball team, is apparently making good use of his connections with prominent ball players and managers down in Illinois. It looks to the fans of this city that 1910 will be 1909 all over again. Everybody here is waiting for the schedule and the start of the season.

In a communication to Brandon yesterday, Morrow gives part of the training trip dates and mentions a few of the ball players who have agreed to be Angles this summer.

Most of them have played at one time or another in that plucky organization known as the Chicago City League.

Among the newcomers will be Palmer McIntyre, from Calona, Ill., for right hand; D. W. Blitting, for short; Hartford for the awkward center; John Cooper, catcher, from Rockford, Ill., and Hackman. All these will be given a trial and will come with reputations.

There will also be S. A. Connor, who played in the Twilight League before and J. W. McCarry, only 18 years old, who will take his chance with the rest of them. Morrow thinks the boys will make good.

Besides these new men Morrow has retained the cream of last year's team, viz.: pitchers, Heinrich, Woody and Cummings, and catcher Stanley.

The Angels will play three exhibition games at Rockford commencing April 18, three more at Aurora, Ill., and several more at some live ball towns in Wisconsin and Illinois, and will leave for Manitoba on May 1.

Prompt relief in all cases of throat and lung trouble if you use Chamberlain's Cough Remedy. Pleasant to take, soothing and healing in effect. Sold by all Druggists.

THE SCHEDULE IS NOW HANGING FIRE SOMEWHAT

But When That is Finished Western Canada Will Be in Good Shape

Lethbridge, April 7.—The schedule of the Western Canada League, which has been left in the hands of Messrs. Eckstrom, Lethbridge, Gray, Edmonton, and Blackburn, Winnipeg, is hanging fire. Mr. Blackburn has not yet been heard from. His report is expected any day now, when notice will be given of the result of comparison.

With the exception of the schedule the league affairs are in good shape. The umpires have been appointed, and the various clubs have been kept in touch with the president and league affairs. As soon as Mr. Blackburn of Winnipeg is heard from a draft schedule will be drawn up.

More Bread to the Barrel

That extra cost per barrel which you pay for

Ogilvie's Royal Household

doesn't go into anybody's pocket. It covers the cost of inspecting the entire wheat crop of the country, and selecting the choicest grain.

It pays, for cleanliness, for purity and for scientific flour-making. A barrel of Ogilvie's Royal Household Flour goes farther than a barrel of any other flour. It makes more bread and better bread.

You are not really spending that extra amount—you are investing it. Go to your grocer and say "Royal Household."

CENTRAL ALBERTA WILL HAVE GOOD BALL

Four Strong Teams And Other Towns Are Likely to Enter League

R. Hanstcock, president of the Olds baseball club was in the city yesterday on business. In speaking of the Central Alberta baseball league which was organized on Saturday last at Red Deer, of which Mr. Hanstcock is also an official, he says the prospects are good for a banner season.

There is just as much rivalry between the clubs as in any league which will result in some good games.

The league expects a number of clubs to enter yet. In which the league will be divided into divisions.

Regarding Olds, Mr. Hanstcock says that town will be out to win and they will have a fast team.

Wants to be a Catcher. Nashville, Tenn., April 7.—Oval Overall, the Cubs' giant pitcher, wants to become a catcher. So overwhelming has the desire become that yesterday he actually signed manager Chance for an opportunity to work behind the bat this season.

During his college days at the University of California Overall had some experience as a catcher, and his ambition is said to date from those days.

He and Nick Williams, now with San Francisco, were the Pacific coast league, composed an interchangeable battery that was the despair of all the other "7th-inning" nine and half the professional clubs on the coast.

Although Chance turned down his application without consideration, Overall declared that when his usefulness as a pitcher were over, it would be the mitt and mask for him.

The Doves in Railway Wreck. Louisville, Ky., April 7.—Again a railroad wreck, which more than once this spring has interfered with the baseball league, overtook a major league team today, the players in this case being the second division of the Boston Nationals, piloted by John J. Dovey. At Station, Kentucky, the L. & N. train, on which the team was enroute from Knoxville, Tenn., to Louisville, ran into an open switch.

None of the players or other passengers, according to reports, reaching here, were hurt, but Engineer William Randolph was killed and the fireman and express messenger injured. The baseball paraphernalia and baggage of the Boston players was so badly smashed that Mr. Dovey telegraphed to Louisville cancelling the day's game between his team and the Louisville American Association team.

May Boycott Ball Team. Toronto, April 7.—At a meeting this morning of representatives of all the labor unions in Toronto it was decided to protest the Toronto Baseball and the Toronto Lacrosse teams and other interests contracted by Mr. Loll Solman and Mr. J. McKaffray on account of alleged unfairness to organized labor in all departments of construction. Another ground for complaint is the fact that Mr. McKaffray runs a non union house.

Ladies is Some Ball Player. Frank Chance, leader of the Cubs, has the following to say of Larry Lajoie and his phenomenal ability to play first base: "Larry ought to become one of the greatest first basemen in the game. He has all the requisites of a first basemen, and natural and physical ability and the brains. He uses all of them just right. The truth of the matter is that Lajoie could get to any position on the infield and be a star. He is a ball player by birth, and no matter where he is played he will be there with the goods."

The Gun. This evening at 8:30 "The Shack" and the H. Addleton Tarp are competing teams of trap shooters will again try conclusions at a fifty bird match, on the grounds of the Calgary Club, east of the barracks.

THE LACROSSE CLUB WILL HOLD MEETING TONIGHT

All Lacrosse Players Are Invited To Be In Attendance

All lacrosse players in the city should remember the meeting that is to be held this evening at the Board of Trade rooms at 6 o'clock, Monday afternoon at 7 o'clock, when the club will elect its president and officers for the coming season. President Hicks will occupy the chair, and that official requests all lacrosse players to attend as there is important business. News that Medicine Hat, High River, Edmonton and Lethbridge have organized with the intention of entering the provincial league should add interest to the meeting.

If there are any newcomers in the city who play or are interested in the game will hold the meeting cordial invitation to attend and get acquainted.

Arrangements are being made for a lacrosse club to be given a cordial invitation to attend and get acquainted.

Decrease Items of Interest. The Vancouver Lacrosse club is trying to coax Bobby Pringle, of the Capital City team, to give them an offer to Pringle.

The Toronto Varsity lacrosse team started its regular spring practice yesterday, and from now until April 29, when the Ontario Lacrosse Association trip, the men will turn out every night.

The Toronto papers are unanimous in predicting that the Capitals will win the championship, and the \$200 offered by Le Grand Sport Emanuel Tasse, will remain in Emanuel's pocket.

The "Big Powers" of the N. L. U. seems to be bunched before the meeting. But what matter? He has furnished much "coop" to the newspaper during the last season—12 Canada.

Detroit, Mich., April 7.—Edward Munroe of Galt, Ont., a lacrosse player, who was on his way to join the Shamrock team at Chicago, was struck with an apple pie in the street and was removed to St. Mary's hospital.

The New Westminster club's executive will hold a special meeting this afternoon to discuss a number of important matters. Arrangements will be made to get the players out to practice the latter part of the week, while the champs will also have over the schedule again. They can't get it through their heads that it's going to be a long season.

Jack Mahoney is mentioned as the manager of the New Westminster team for the season of 1910, provided the club will hold the American decision to give up the position. The executive has about decided to offer the position to Mr. Mahoney, who was formerly of the Vancouver team, and who acted in that capacity when the champions made a clean-up of all the teams in the east in 1909.

EDMONTON LAYS CLAIM ABOUT THE PROVINCIAL MEET

Lethbridge is Anxious to Have Races in Southern City

Edmonton, April 7.—The Alberta Amateur Athletic Association has not yet decided where the annual meet will be held this year. Lethbridge wants it very badly and is assisted in her claims by Calgary. The history of the meet is that in 1906 it was held here in 1908 in Calgary, and this year Edmonton wants it here, again. The reason is that at the present time and for the last three years, Edmonton has given the association the most support of any or all of the other cities put together in the association. Lethbridge sent three men to participate in the Calgary meet last year. Calgary sent one man up here to compete, while Edmonton sent 16 men to Calgary last year and incidentally brought back considerable of the silverware. The Edmonton Amateurs are the strongest organization in the province and they claim that these men should be held in the centre of the province and will make a determined effort to secure this event for the coming season.

Victoria Park suggested as the only practicable and as the ball games would not be played there this season, it might be a good proposition for the clubs to play at the park. Some of the delegates took the view that a collection at Mewata Park with free ground rent, would net the clubs just as much financial benefit, as a gate at Victoria park which an amount would have to be taken out to pay for grounds. This matter was not decided upon, and was left over until the next meeting.

It was decided to leave open a period of dates during the schedule season for playing pool games.

The schedule will be drawn up a week from last evening. All senior and intermediate teams must have their names in by the time the schedule will be drawn up, without them. A committee meeting will be called at that date to draw up both schedules.

The Sons of Scotland charity trophy was discussed. This was not played for last year on account of the evenings being too dark after the schedule season was over. This year the S. O. S. trophy will be played off on open dates between the regular league schedule. The league also decided that the ten days registration clause should also go. This was decided upon, which means that no matter how late the players have resided in the city, his registration papers must be in the secretary's hands ten days before he can compete in any league games.

The league will get new goals and nets, the old ones being in too bad a shape for another season's wear.

The representatives present last evening were: Chas. Calcutt, Hillhurst, Y.M.C.A., Maple Leafs and East Calgary.

Mundy is an old countryman and while in England he has competed with such swimmers as Jarvis, Belington and Lusterer. If it can possibly be arranged, the Y. M. C. A. would like to send Mundy to Toronto for the Dominion championships and his name would be a great asset to the club. His next man was seven seconds behind, so that Mundy never did his best.

Mundy is a splendid stroke and to watch him in his own classes him as an expert. His leg action is perfect. His next man was seven seconds behind, so that Mundy never did his best.

PROPOSE WESTERN CANADA CRICKET ASSOCIATION

The Suggestion Comes From British Columbia Cricketers

Vancouver, April 7.—British Columbia cricketers have been asked to co-operate with the clubs in Manitoba and Saskatchewan in the formation of a Western Canada Cricket Association. The father of the scheme is A. R. Morrison of Winnipeg, who recently paid a visit to Vancouver, Victoria and other points between here and Winnipeg. It has been felt generally that the large crowd, the last international was won by Scotland. It is by no means certain they will win the next one, as a number of new English players are now in the city, who would considerably strengthen their team. Take for instance Tom, Stevens, A. Wakelin, Barnes and Sears. All these players are new men in international cricket, and it is to be expected that they will considerably strengthen the team, compared with the one that did duty for them on the last occasion.

On the other hand, the British cricketers would rely on most of their old players. They would also have new men, but would not be benefited to the extent that the English will through new ones.

It is confidently expected that the entire province of British Columbia will be in support of the movement, as it will be in the interests of the game to organize such an association. The Vancouver cricketers will probably be the matter up at the next meeting, while the Victoria clubs are also considering the advisability of joining with the clubs of Manitoba, Saskatchewan, and Alberta in the organization of the new association.

Local Football Notes. The City Football club will hold a practice tonight at Mewata park. Senior and intermediate players are requested to be out in uniform sharp on time.

There is a possibility that R. Sears, who played half for Hillhurst all last season, will this season play for Glenbow, as he is working in that district. Sears is a first-class half and the Glenbow club will find in him a valuable player.

The schedule of the Senior and Intermediate leagues will be drawn up on April 21, at a meeting to be held on that evening. All clubs not entered by that date will be omitted from the schedule, so that club secretaries should see to it that they are entered.

The Maple Leaf Football club held a good working meeting at Mewata park. A number of old players were present, besides new material. The Leafs are very fortunate this year for they have a number of good players, and will considerably strengthen the team.

A large number were present last evening at Hillhurst to see the team work out. Captains of the Senior and Intermediate teams chose sides and had a good practice. After the workout the teams and a number of their friends adjourned to the clubhouse where refreshments were served.

At the league meeting last evening the registration forms were distributed. There will now be a rush among the clubs to get their players signed up. Some of the teams will now be able to show the dark horses they have been keeping under cover until they could get them registered.

It's a poor wind that don't blow somebody some good. The failure of East Calgary to play senior football will considerably strengthen the city football team. They have secured the services of Stevens and Barnes of the late East Calgary team, and in these two players the city has captured two of the best players on the east end team.

Nelson Was Counted Out. Philadelphia, Pa., April 10.—Batting Nelson, the pugilist, today lost another decision, when a jury in the United States Circuit court decided against him in a suit he had brought for \$10,000 damages against a local hotel for refusing him accommodation. The jury took three minutes to count Nelson out.

Powell Defeated Memic. Oakland, Cal., April 7.—Law Powell of San Francisco was given the decision last night over George Memic at Los Angeles, at the end of the fifteenth round. Powell had Memic going from the first round, but was unable to put him out.

Doc Reiter Won. St. Joseph, Mo., April 7.—Dr. B. A. Roller won here last night from Hamid Kalapaaha, a Turk, both falls resulting from scissor holds on the body. The time was 21 minutes and 25 seconds, and 14 minutes and 12 seconds.

FOOTBALL MEN TALK ABOUT THE GROUNDS

Victoria Park Suggested But It Has Its Disadvantages

A meeting of the city football league was held last evening at the Y.M.C.A. The discussion on grounds took up the greater part of the meeting. Those present thought that some other grounds should be procured, as the clubs cannot charge admission at Mewata park. It was explained that the clubs need a certain amount of cash to carry themselves through the season and if they could not charge at the gates it was a question where the money would come from. Another reason that admission should be charged was that the football in this city was the best in the Dominion and senior league games were well worth the admission price.

Victoria park was suggested as the only practicable and as the ball games would not be played there this season, it might be a good proposition for the clubs to play at the park. Some of the delegates took the view that a collection at Mewata Park with free ground rent, would net the clubs just as much financial benefit, as a gate at Victoria park which an amount would have to be taken out to pay for grounds. On the other hand, the British cricketers would rely on most of their old players. They would also have new men, but would not be benefited to the extent that the English will through new ones.

It is confidently expected that the entire province of British Columbia will be in support of the movement, as it will be in the interests of the game to organize such an association. The Vancouver cricketers will probably be the matter up at the next meeting, while the Victoria clubs are also considering the advisability of joining with the clubs of Manitoba, Saskatchewan, and Alberta in the organization of the new association.

Local Football Notes. The City Football club will hold a practice tonight at Mewata park. Senior and intermediate players are requested to be out in uniform sharp on time.

There is a possibility that R. Sears, who played half for Hillhurst all last season, will this season play for Glenbow, as he is working in that district. Sears is a first-class half and the Glenbow club will find in him a valuable player.

The schedule of the Senior and Intermediate leagues will be drawn up on April 21, at a meeting to be held on that evening. All clubs not entered by that date will be omitted from the schedule, so that club secretaries should see to it that they are entered.

The Maple Leaf Football club held a good working meeting at Mewata park. A number of old players were present, besides new material. The Leafs are very fortunate this year for they have a number of good players, and will considerably strengthen the team.

A large number were present last evening at Hillhurst to see the team work out. Captains of the Senior and Intermediate teams chose sides and had a good practice. After the workout the teams and a number of their friends adjourned to the clubhouse where refreshments were served.

At the league meeting last evening the registration forms were distributed. There will now be a rush among the clubs to get their players signed up. Some of the teams will now be able to show the dark horses they have been keeping under cover until they could get them registered.

It's a poor wind that don't blow somebody some good. The failure of East Calgary to play senior football will considerably strengthen the city football team. They have secured the services of Stevens and Barnes of the late East Calgary team, and in these two players the city has captured two of the best players on the east end team.

Nelson Was Counted Out. Philadelphia, Pa., April 10.—Batting Nelson, the pugilist, today lost another decision, when a jury in the United States Circuit court decided against him in a suit he had brought for \$10,000 damages against a local hotel for refusing him accommodation. The jury took three minutes to count Nelson out.

Powell Defeated Memic. Oakland, Cal., April 7.—Law Powell of San Francisco was given the decision last night over George Memic at Los Angeles, at the end of the fifteenth round. Powell had Memic going from the first round, but was unable to put him out.

Doc Reiter Won. St. Joseph, Mo., April 7.—Dr. B. A. Roller won here last night from Hamid Kalapaaha, a Turk, both falls resulting from scissor holds on the body. The time was 21 minutes and 25 seconds, and 14 minutes and 12 seconds.

SOME PERSON GOT THE MONEY.

The sale of the bonds is one of the objectionable features to this Alberta and Great Waterways business. In that transaction the Waterways people trafficking in the credit of the province, made about half a million dollars, and then the members of the government and their supporters say that that is none of our business, whether they made half a million out of us or if they made a billion.

Let us consider it. The Waterways people had nothing to set except the credit of the province. Without the guarantee of the province the bonds would have brought nothing. The Waterways people had a capitalization of \$10,000,000, which can hardly be regarded as any security for \$7,400,000, but they got something like \$3,000,000, of which they turn over \$7,400,000 to the province, to be paid out to them as the railway progresses, and they keep the balance. And that, we are told, is none of our business.

Let us look at it in another way. The Waterways company has no security at all, save for that \$3,000,000, which it had once upon a time. The Waterways company secured \$3,000,000 or thereabouts for the bonds, and handed over \$7,400,000, or thereabouts, to be paid to them as the road progresses. But the Waterways railway is under no obligation in any possible way to proceed with the road or build a foot of it, and the province cannot force them to proceed with it. Suppose they are satisfied with what they have got and go no further? They just clean up in the neighborhood of half a million dollars, for doing what? For trafficking in the security of the province of Alberta. And we get nothing out of it except the permission to pay five per cent on a large sum of money. We get the half million and bid us a fond adieu.

The province is getting security of \$3,000,000, which it should have \$3,000,000. Some persons are getting the balance without earning anything, and the balance should belong to some person. That some person, who is getting the balance without earning it, is Mr. Clark and his Waterways company and it should be the property of the Province of Alberta, and be right in the bank where Alberta can get its share of the money when the time comes.

Now, there are the facts of the famous bond deal, by which the Waterways railway, using the credit of the province, cleaned up a half million dollars for the promoters. What do you think of it?

CANADA AND AUSTRALIA

It is not surprising, nor is it occasion for any feeling other than pleasure, that inter-imperial trade is a live question in Australia. The Adelaide Register, of recent date, contains a verbatim transcription of the report which Sir Robert Thomas makes in accordance with the commission granted to him on April 7, 1909, "to inquire into and report upon the trade and commerce of Great Britain in its relations to the Dominion beyond the seas."

The report, as published in the Register, deals very largely with the relations, trade and trade possibilities between Australia and Canada. For example, Sir Robert says: "During my recent travels in Canada and the United Kingdom, I made enquiries, as far as the time at my disposal would allow, with regard to the possibilities of increasing the trade between those parts of the Empire and Australia. I had the advantage of travelling through the Dominion of Canada with several delegates to the Imperial Free Conference, which was held in London in July last. During the journey my colleagues and I had the opportunity of meeting a large number of members of the Boards of Trade (which in their constitutions and objects correspond with the Chambers of Commerce in Great Britain and Australia), and also with gentlemen associated with the manufacturing interests. Both on public occasions and privately the possibility of increasing trade relations between Australia and Canada was a subject of constant discussion. We found that, in every direction, there was a strong desire to enter into fuller commercial relations with the Commonwealth, and also the impression that those relations could be extended indefinitely if there were greater knowledge of the requirements of the two important parts of the Empire which are divided by the Pacific Ocean. Several of my colleagues—probably all of them—and myself were very much impressed with the desirability of respecting the question of trade reciprocity between Australia and Canada as a means to this end. Regret was expressed by many Canadians that the efforts made some years ago to establish an arrangement under the tariff of the two countries by which there should be a free interchange of certain products had fallen through. It was assured by Sir Richard Cartwright, the Dominion Minister of Commerce, whom I met during my brief

stay in Ottawa, that he was strongly in favor of such a reciprocal arrangement, but that the prejudices of the local producers were hard to overcome. Opposition of this character probably arises in the other and more settled parts of Canada. On the Pacific coast the people would doubtless welcome a policy by which their outside markets would be enlarged, their seat trade increased, and their supplies of food augmented and cheapened.

Mr. William Hinks that good would be done by appointing, either temporarily or permanently, a Trade Representative for Western Canada. In this connection he says: "The population of Vancouver and of Victoria, the capital city of British Columbia, is progressing with great rapidity. Before long the western seaboard, now served by that most enterprising corporation the Canadian Pacific Railway, will be connected with the eastern parts of Canada by a second trunk railway—the Northern Pacific—which is opening up much new country, and, quite recently, a new seaport 600 miles to the north has been established at Prince Rupert. This will be connected with eastern Canada and the United States by an extension of the Grand Trunk Railway. The new railway will open up still another line of country, and establish on the coast a large population which will for some time be dependent upon distant parts for much of its food supplies. The prospective importance of Prince Rupert—which only last year was established as a town—is indicated by the fact that a new and powerful steamer, the Prince Rupert, which will accommodate hundreds of passengers and is fitted with wireless telegraphy and refrigerating machinery, has recently been launched with a view to trading between the new settlement and Vancouver."

The report contains several valuable calculations, to increase and promote the Australian trade with Great Britain.

EDITORIAL NOTES.

Now is the time for the city council to decide once and for all just what it thinks about a union station for the two new railways.

In other words the city officials and the citizens in general, are of the opinion that this thing that the G.P.R. sent the city clerk was not a map at all, but a mirage.

No syndicate of real estate owners in this city has approached the commissioners with any suggestion to keep the street railway from intruding upon its property.

It is possible that the platform of the Liberals of Manitoba is large enough for practical purposes for it is a small province, but out in this country we would not be content with such meagre fare.

It may have occurred to some of the members of the council visiting the power site yesterday that a reservoir body of water two miles long, 250 feet wide, and 80 feet deep would be a good place to drop some of the more energetic members of the Calgary press.

There was a time when the Albertan kept close tabs upon the number of newspapers in Alberta and could tell at any time how many there were in the family. But that time has passed long since. The increase is so rapid one would need an adding machine to keep up.

The people who are predicting an early appeal to the electors in Great Britain doubtless overlooked the fact that Henry Haskins of Calgary, who carried the country for the Liberals at the last election, is on this side of the water at the present time. Without him on the ground the Government is not very likely to bring on another fight soon.

The Albertan has already apologized for connecting the name of the mayor with that of the provincial department of public works. To suggest such a thing concerning any Calgary man under present circumstances is a little too severe criticism. As a matter of fact the Albertan is convinced that any Calgary man worth while, who received such a suggestion made seriously, would go after the suggestion with a shot gun. That is about the way that Calgary people feel about it. To even suggest a man's name in connection with it is certainly unfair.

INSANITY PREVAILING IN THE CITY OF MONTREAL. Eleven Persons Sent to Asylum This Week by Two Doctors.

Montreal, April 7.—Since last Monday no less than eleven persons have been sent to the asylum for insanity by Doctors Picotte and Villeneuve. It seems almost as if an epidemic of insanity has struck the city. Annie Welsh Neem Klenden who was arrested last week on a charge of assault and remanded for mental examination will be sent to the Longue Pointe asylum. She is a daughter of Timothy Klenden who Christmas eve killed Bridget Lascelles, afterwards declared insane by the jury. The father and daughter will be inmates of the same asylum.

Writ Against M. P. P. Edmonton, April 7.—A writ has been issued against Lucien Boudreau, M.P. of St. Albert, by his brother-in-law Oscar St. Germain, for \$5,000 damages for alleged slander and assault. There has been "bad blood" between the two ever since last elections, and St. Germain claims Boudreau called him a "rogue" and "scoundrel" and assaulted him one day last week.

ANOTHER GOOD DAY AT THE HORSE SHOW

(Continued from page 1.)

Stallion in Harness. In the class for stallions, shown in harness to an appropriate vehicle, there was only one entry. The Diabolo, owned by G. E. Goddard. This is a big brown stallion, standing 15 hands.

The Hunter's Competition. W. E. Butler, Ingersoll, Ont., won the silver trophy and championship for hunters with "Fide of Erin," a 2-year old chestnut stallion. There were 19 entries shown, and the competition was keen between "Fide of Erin" and D. A. Campbell's "Gay Boy," the latter taking second. H. Payne La Sear's "Melvyn" took third.

The Tandem Class. Out of a class of four, F. C. Lowe's "Crispin and Viola" took first award hands down in the class for tandems. Chas. Haddock's "Belle Mac and Gay Boy" was placed second and M. J. Carr's "Modesty and Dandy" third.

H. Dumas was the victor in the class for teams of drivers shown to an appropriate vehicle with Rural and Makusup. Geo. Short of Red Deer, getting "Robin and Holly" taking second and "Billie and Gay Boy" the same owner, receiving the white ribbon.

The High Jump. There were 10 competitors in the high jump event and the jumping was of first class order. They started off over a jump of 4 ft. by the time they had raised to 5 ft. there were only four left in the competition. The jump was then raised to 6-8 and "Tobie," the property of Count G. de Roaldes and H. Dumas, was the only one to clear without a refusal or knocking the timber down. This gave the red ribbon to "Tobie." In an exhibition jump of 5 ft. "Smokky" the property of D. P. McDonald of Cochrane, cleared nicely. The judges finally gave second to "Smokky" and third to "Pingo" owned by H. Dumas and the jumping was of first class order.

The parade of the Calgary Fire department followed the class for carriage teams, and was one of the finest numbers of the show. The procession was led by the chief's rig, then the automobile, truck and six trucks, with full complement of men and equipment. They circled around the ring several times, and leaving the arena, second, and third, were the "Livery" rigs as let or hire had two competitors followed by the "Livery" rig, which included 1 team shown to a luck, one team shown to

Appendicitis

How to Avoid it and Escape a Surgical Operation, Told By One Who Knows

A Simple Method That is Always Efficacious. Trial Package Free

It has only been a few years since it was discovered that a surgical operation would cure appendicitis; in fact it has been but a short time since the disease was discovered and named.

Whenever there is an inflamed condition of the appendix, caused by impacted faeces and the small cavity opening into the intestine, you then have appendicitis.

The older doctors used to call this "Inflammation of the bowels, and were ignorant of the cause.

Physicians have until recently recommended an operation, but now, as it is known that it is caused by indigestion, or dyspepsia, a cure without an operation is assured.

Conscientious physicians, who are looking after the best interests of their patients, will always keep a supply of Stuart's Dyspepsia Tablets handy in their office, where in cases of sudden attacks of indigestion they can relieve the patient at once.

There is no record of a case of appendicitis where the stomach and bowels were in a healthy condition and properly digested the food from meal to meal.

Whenever heartburn, gas in stomach or bowels, heart disease or stomach troubles, sour eructations, acidity or fermentation are present, act at once. Take a dose of the Tablets and get relief as soon as possible.

an open carriage, one single horse shown to an appropriate four-wheeled vehicle, and one horse shown under English saddle. It was a close decision, but Riddock won out on the average equipment.

The Hunt club special, mares or geldings, 14.2 and over, owned and ridden by a member of the Hunt club, brought out a field of nine. Miss Harris and Mrs. Cox being the only lady members riding. Those exhibited were all very fair specimens of the hunter; the decision favoring Riddock six of the entry. Finally the awards were made as follows:

1. Journalist, owner W. J. Watson, Calgary, owner up.

2. Dexter, owner Geo. Tull, ridden by Mrs. Cox.

3. Elastic, owner Edmund Thomas, owner up.

BOWVIEW

ACREAGE in TEN ACRE LOTS

Splendid soil, perfectly level, on main road. Telephone by the property. Don't buy a 25-foot lot when, by going a little further out, you can secure enough ground that will allow you to have a garden, the proceeds of which would pay for the property first season.

Calgary is rapidly coming into her own, and the position of wanting property such as above.

(Taken From The Albertan) Messrs. Tregillus & Hextall will Give 150 Acres of Land

Bridge to be Built Across the River to Park
The Exhibition company has been offered practically free of charge very fine grounds to the far west west of the city. The proposed donors are Mr. W. J. Tregillus and J. Hextall, and the property is a portion of that part of the west of the city known as Bowness. It is on the south of the Bow river and directly across from the park now known as Shouldice Park.
The advantages of this place as exhibition park is that the railway runs right past it and freight and passengers could be brought in that way. Then again it is directly across from the park to which a railway will be projected at an early date. Arrangements are being made to have a bridge span the river very soon. That will bring the park in direct communication with the street railway, with practically no additional expense.

BOWVIEW

Adjoins and overlooks this land. A bridge will make the land on the south of the river as valuable as on the north, 30 acres having been recently sold for \$600 per acre.

We quote from Mr. W. J. Thorold, of London Press Association:
(Albertan, March 11, 1910).—"To me the city presents the most remarkable future. I am told that in Calgary and vicinity, there will be commenced construction of works requiring an ultimate expenditure of TWENTY-FIVE MILLION DOLLARS, and of this sum the C.P.R. will expend Sixteen Million Dollars on the extension of their branch lines. The balance is to be expended in civic improvements and the construction of other branch lines into Calgary. Such an expenditure as this can only result in Calgary becoming one of the foremost cities in the Canadian or American West."

Try and realize what this will mean for Calgary. As a city expands, land suitable for gardening, or property that lends itself to home building, becomes greatly in demand and valuable. The near future will see such property commanding prices double what we are asking.

\$100 PER ACRE AND UPWARDS

Calgary's progress during the last few years has borne out the saying, "There is no tomorrow." Putting off until "Tomorrow" in Calgary really has spent a lost "Yesterday" in thousands of instances. The future will bring regret to many who let OPPORTUNITIES pass. Others will take advantage of present offerings and invest, reasoning out the truth of Mr. Thorold's statement: That Calgary will become one of the foremost cities of the Canadian or American West, with the consequent increase in values.

TAFT IS OPPOSED TO ALL BOYCOTTS

Disputes With Third Parties do Not Warrant The Arbitration Of Government he Says

Washington, April 6.—President Taft today told a delegation of fifty business men from Bethlehem and South Bethlehem, Pa., that he did not believe in boycotts and that so far as he was concerned, did not believe that disputes with third parties warranted the arbitration of government contracts with any company. The delegation which was headed by H. J. Meyers, called at the White House, as disinterested persons the chairman declared, to protest against the reports that had been spread by labor agitators to the effect that the Bethlehem Steel Works, because of the strike of some of its employees, was turning out an inferior quality of work. Mr. Meyers said that efforts had been made to have this government as well as foreign customers of the steel concern, boycott the works, the chairman made that incompetent workmen had been employed to take the strikers' places. Mr. Meyers declared that this was not true; that the men engaged on government contracts had, many of them, been in the employ of the company for twelve years or more.

Boils and Pimples.

Whenever your complexion is unattractive, your skin in an unhealthy condition, see face covered with blotches and pimples, when boils and festering sores show that your blood is bad. You can best cleanse it with that purely vegetable compound, Burdock Blood Bitters, which safely and promptly renovates the blood and invigorates the entire system.

Mr. C. A. Munson, Eawell, Ala., writes: "I recommend Burdock Blood Bitters as being the best blood purifier I ever used. About three years ago I was greatly troubled with boils and our druggist advised me to try Burdock Blood Bitters and after taking two bottles I have not had a boil or even a pimple."

Mr. J. Monahan, Zealand Station, N.B., writes: "My face and neck were covered with pimples, and I tried all kinds of remedies, but they did me no good. I went to many doctors, but they could not cure me. I then tried Burdock Blood Bitters and I must say it is a wonderful remedy for the cure of pimples." For sale by all dealers. Manufactured only by The Burdock Co., Limited, Toronto, Ont.

EMPLOYEES WILL GET THE PROFITS

And There Will be Less Men Cutting by One Big United States Corporation

New York, April 6.—Improvements and increased wages for employees, rather than melons for stockholders is to be the aim of the Western Union Telegraph Company hereafter. This resolution was adopted today at a meeting of the executive committee of the company in New York. "This committee recommends that no increase in the present rate of dividends be made until the plant of the company wherever it may be found necessary is placed in the highest possible condition; the working conditions of the employees improved and their salaries rearranged, recognizing in this re-adjustment, merit, proficiency and length of service modified by location." President Clowry of the company, said in explanation of the committee's action: "All earnings above the present dividend rate of three per cent per annum will be put into the property in order to raise it to the highest standard of efficiency. The company has plans for improving the working conditions of its employees and rearrangement of salaries. There will be no horizontal increase. Our policy will be to treat employees individually, as the human beings and not in bulk as a mathematical problem, rewarding merit as it deserves in all cases."

THE WETS RATHER GAINED IN STATE OF ILLINOIS

The Prohibitionists Seemed to Get The Worst of The Vote
Springfield, Ill., April 6.—Elections in 260 cities and towns in Illinois yesterday on the saloon issue show a decided reversal of the vote of two years ago. Judging from reports from 240 places which have been received thus far, if anything the vote indicates a tendency to return to the "wet" column. Many cities having a large population were recaptured by the "wets."

Reports today show that thirty-nine dry wet, nineteen wet towns went dry, and 72 wet towns returned to the saloon, while 110 dry towns remained true to their colors.

GIGANTIC STRIKE THREATENS GERMANY

Shorter Hours And Increased Wages The Reason For The Labor Strife Many Thousands Going Out

Berlin, April 6.—The prospect of the most extensive strike in the building trades which has ever occurred in Germany, is held out by the decisive action of the delegates representing the Socialist Federation of Trades unions, comprising 300,000 bricklayers, carpenters, masons, builders and laborers, at a meeting this evening, at which they unanimously rejected the proposed wage tariff which the master builders' union had drawn up. About 25,000 members of the Christian trades union in the same branches have also unanimously decided to join in throwing out the employers' proposal. The workers demand that the tariff shall be drawn up by an equal number of representatives of workers and employers. The latter up to the present time, reject such a suggestion of reaching an agreement. They have been agitating for a considerable period for shorter hours and increased wages, pointing out the great rise in prices of the necessities of life. The employers appear equally firm. Their union will meet within a few days to take action relative to the workers' resolution. Should the demands of the men be refused, work will immediately cease.

CARDINAL EXPLAINS ROOSEVELT CASE

Vatican Objects to Its Guests Joining Hands With Violent Antagonists Such as Methodists

Cincinnati, Ohio, April 6.—In a special telegram to the Cincinnati Times-Star today from Rome, Cardinal Merry del Val, through Thomas Kennedy, rector of the American college in Rome, gives the following version of the Roosevelt-Vatican incident: "When all is said and done, it was a question of common courtesy. The Holy See did not impose upon Mr. Roosevelt, as has wrongly been asserted, the condition of not approaching Methodists or other non-Catholic religious bodies in Rome. There are several non-Catholic centres in the city, which do not behave in a bitterly hostile and offensive manner towards the Pope and towards everything that is his holiness and all Catholics hold most dear. The Methodist centre in Via Settembre systematically joins hands with the worst and most anti-clerical and anti-papal elements in the city, and they do so notoriously and in the most aggressive and insulting manner. Mr. Roosevelt himself, has had a limited and mild sample in the declaration just published, by him, and which he has felt bound to deny. The Holy See, after the unfortunate Fairbanks incident, had every reason to fear that Mr. Roosevelt, unwittingly and in perfect good faith, might be led into showing open sympathy and friendship for this hostile centre of aggression against the Catholic church, in the heart of the Catholic world."

Consequently, when Mr. Roosevelt applied indirectly, and confidentially, for an audience with his holiness, the

This was amply confirmed by his own secretary, Mr. O'Leary, who, when asked whether without any formal promise, or expressed condition, Mr. Roosevelt would, as a matter of fact, not go to the Methodist centre in Via Settembre, replied that he would give no such assurance, and that in his opinion, Mr. Roosevelt was just the man to do it.

In view of this attitude, the audience became impossible. It is simply a question of common courtesy and surely common courtesy is not incompatible with the rights and freedom of an American citizen.

You can't keep good resolutions the way you can eggs by putting them into cold storage.

"Yellow Jacket Mine." John Burke and Dick Murton were partners in the Yellow Jacket mine.

Under ordinary conditions they ought to be strong and ready to bear the burden of life.

It is hard to do housework with a weak and aching back.

Backaches come from sick kidneys, and what a lot of trouble they cause.

But they can't help it. If more work is put on them than they can stand it is not to be wondered that they get out of order.

Weak back is simply a warning from the kidneys and should be attended to immediately so as to avoid years of terrible suffering from kidney troubles.

Don't's Kidney Pills will cure you in the same way as they have cured thousands of others.

Miss Alberta B. Clark, Stony Creek, Ont., writes: "I was troubled with kidney trouble for several years; my back was weak, I had such terrible headaches, and was so restless I could not sleep at night and tried everything without any benefit. Meantime a friend advised me to try Don't's Kidney Pills, so I got four boxes and they completely cured me. I now feel as well as I ever did and would advise everyone suffering from Kidney Disease to try them."

MILLER BILL KILLED IN HOUSE OF COMMONS

(Continued from page 1).

Lancaster and Mr. Miller, the former accusing the promoter of the bill of being insincere in his efforts to regulate gambling by his refusal to accept Mr. McColl's amendments, which obliterated his books and pool rooms.

Mr. Borden, before the motion was put, asked if any further time of the house would be taken up with the matter. Mr. Laurier stated that everyone wanted an early prorogation and he thought that the house had done very well with two days' talk in the matter. He could not, however, promise that a further opportunity for anti-race track gambling legislation would be given this session. He did not think they would be asked to do more than was done. In the event of the two sides effecting a compromise something might possibly be done. The premier, however, could not say anything definite on this point. Every one should be anxious to facilitate business. The motion to report progress carried, amid loud cheers, especially from the French Canadian contingent, who have waited faithfully for two days to give the congrue to this measure. The vote of tonight's views showed there was hope for the Miller bill as drafted. 56-100.

REGRETS THAT HE DID NOT MEET ROOSEVELT

But The Pope Did Not Refer Further To The Sensational Incident Which is Interesting To Public

Rome, April 7.—Some of the prominent ecclesiastics who were received by the Pope today, managed to introduce the subject of the Roosevelt incident. To these the pontiff expressed the deepest regret that he had been prevented from meeting and speaking with the former president, but he gave utterance to no opinion regarding the negotiations, or the details that followed.

The incident continues to be a live topic of popular discussion and is emphasized by what the liberal press calls the new mistake of Cardinal Merry de Val. The Messagero says: As long as this young and audacious Spanish cardinal dominates the Eternal City, the Italian Liberals must be on their guard.

SOCIALISTS WILL BE QUITE MODERATE

There is to be no Utopia in the New State of Affairs in City of Milwaukee

Milwaukee, Wis., April 7.—The first step of the Socialist Democratic Party which swept everything yesterday in the municipal elections, will be to reassure the people and relieve their minds of apparent fear that our victory means the entire overturning of business in this city," said Emil Seidel, Milwaukee's newly elected Socialist mayor today.

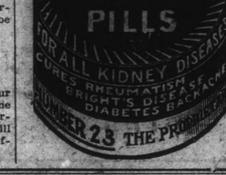

"There is to be no Utopia, no millennium, none of the wild antics that our opponents have charged to us. There will be no party bosses, no one man policy. When we decide upon a course to pursue there will be conference with the other Socialists elected, and the best lines will be followed.

"We shall give everyone in the party a chance to be heard and to voice his sentiments. Our plans are now in an embryonic condition, so I cannot discuss them now. As to corporations, we shall make them pay their share of the taxes and improve the lot of the working man.

"We will do nothing revolutionary, nothing that would turn the tide of sentiment against us. If any question arises which the administration cannot handle, we will refer it to the electorate as a whole. After all, they are the only bosses. Socialism has been given a chance to show its merit. We can do this by insistent and consistent conservation. In a way we are on trial and will show the people of what we are made.

"We have not promised the working men or the city at large, an immediate panacea for ills. We have promised the best government that we can give and we are going to live up to this promise.

Victor L. Berger, whose reputation as a Socialist leader extends throughout the country, says: "This victory marks a new epoch in the American history, and any man or woman who has helped to bring it about will naturally feel proud. This is nobody's personal victory. It is not Seidel's. It is not Berger's. It is a victory for a principle, a victory for progress, a little step toward a higher phase of civilization. It is the result of many years of hard work for the education and enlightenment of the working classes of Milwaukee."

SOVEREIGN BANK TO OPEN DOORS SOON

The Assets Can be Got in Good Shape is The Announcement Made in Court

Toronto, April 7.—That the Sovereign Bank may again open its doors before long was the announcement made in court today when Chancellor Boyd in the non-jury sittings of the bank stated that Mr. Stavert is the representative of the twelve assisting banks under an agreement. The bank is not being carried on as a going concern but Mr. Jarvis explained it is getting in all the assets and paying all the liabilities and doing such business as the renewing of notes. "Then it is possible" was the reply "if the assets can be got in shape."

SUDDEN DEATH OF CLARESHOLM MAN

James Clark Underwent Operation in Minnesota And Died There—An Old Timer in The West

Clareholm, April 6.—As already reported by telegram James Clark of Clareholm died yesterday. The deceased was up to a few days ago going about his ordinary business and few thought that they would hear of his death so soon. It seems that deceased had for some time suffered with stomach trouble and he went to Plainville, Minnesota, to undergo an operation. The news came first of all that he was fatally ill after the operation and then later word was received that he was improving. His wife at once left for Minnesota and arrived to find him improving but a telegram came yesterday announcing the sad news of his death.

The deceased was born in Aberdeen, Scotland came to Ontario with his parents when but five years of age. Some years ago he came west to Medicine Hat, where he was engaged in ranching, and five years ago or so he came further west to Clareholm and started in the general store business. He had built up a large and profitable business and within the past two years built himself a fine residence. Work was just started the other day on a fine brick block for his store to include business offices, this being the first brick store in Clareholm. He took an active and intelligent interest in public affairs and was at the time of his death he was a member of the Presbyterian church and a member of very broad and fair views. He leaves a widow and four boys, the eldest of whom is about 15. Deceased was only 44 years of age and his death is extremely sad in respect that he was cut off in the prime of life the best period of his usefulness, and at a time when success in business was coming after years of effort.

Diamond Broker Commits Suicide

New York, April 7.—Standing a few feet from the window of his bedroom on the fifth floor of a fashionable Lenox avenue apartment house Harry Cohen, a former diamond broker, leaped forward headlong, crashed through the glass and plunged to the concrete pavement below. He struck his head and was killed.

Cohen learned last week that he was incurably ill of a fatal malady. He was so upset by what his physicians told him that it was feared he would attempt suicide.

AUSTRALIA NEEDS AN ARMY OF 80,000

The Present Numbers are Quite Inadequate is The Report Given by General Kitchener

Victoria, April 7.—Lord Kitchener's report on his inspection of the Australian forces created considerable comment in Australian newspapers received by the steamer Marama today. Lord Kitchener's statement in conclusion was "that the present forces are inadequate in numbers, training, organization and munitions of war to defend Australia from the dangers that are due to the present conditions which prevail in the country as well as the isolated position." The report was a comprehensive one, covering 22 printed pages. It states that an army of 80,000 men is required. He advocates establishment of a military college, similar in ideals if not in practice to the American college at West Point.

Lord Kitchener is bound for San Francisco on the steamer Mariposa. He went to Tahiti by the steamer Makoa, after having first booked by the Marama. The governor of Hawaii and staff and British Consul Foster Powell during the stage of Makoa to welcome Kitchener at the island port and invitations were sent out for a reception to be given him. There was great disappointment when it was learned that he was not on board. Lady Sarah Wilson, daughter of the duke of Marlborough, who was with General Baden Powell during the siege of Mafeking with her husband Capt. Wilson, Col. Wilson and party, arrived by the Marama. They anticipated travelling with Lord Kitchener to Victoria, but found that he had left by the Mokoia instead. They left for San Francisco tonight.

MURDERING WHITES WITH BLACK WIVES

A League of Slaughter Reported From Solomon Islands—Many People Were Slaughtered

Victoria, April 7.—A league of murderers, organized by Chief Sita, in the Solomon Islands, with a propaganda involving massacre of all white men who took native wives, was broken up with the arrest of the ringleaders, according to advice received by the steamer Marama today. Sita and his band terrorized Vella Lavella island and were responsible for many murders of white men, the last being the killing of Trader Binskin and family, who were hacked to death by the blacks. A force of two hundred native police under white officers were sent to break up the outlaw band, and after a campaign lasting three weeks, they captured Chief Sita and twelve of his followers, and killed seventeen during the last stand of the outlaws.

These blacks are responsible for 70 killings, including Capt. Pratt and his crew. Sita is the last of the head hunting chiefs of Solomon Islands. The ringleading schooner, St. Joseph, was attacked by blacks in the Hebrides, near Mallicolo, and three sailors were killed, and two wounded. The survivors succeeded in rescuing the wounded men and cut the cable and made away. The attack was stated to be in revenge for the carrying off of a woman by the crew.

There is much interest in the New Hebrides and several barbaric incidents are reported. At Ambrym recently, a chief slew and killed his wife and ate her. The heads of the victims were recovered by French residents and sent to the police. J. R. McPherson, a trader, who returned to Sydney shortly before the Marama sailed, told of a tribal fight seen by him in Northern Australia.

**A GREAT VICTORY
FOR THE COMPANIES**

The Responsibility of the Insured To
Comply With All Details of
The Policy

Winnipeg, Man., April 6.—A decision
of the greatest importance to insur-
ance companies and people generally,
was rendered today in the litigation,
known technically as the case of the
Prairie City Oil Company vs Standard
Mutual Fire Insurance Company. It
relates to technical details, and places
responsibility on the insured to com-
ply strictly with all details of the
policy. The plaintiff took out a
policy on the defendant company, on
their premises in St. Boniface, for \$3-
500.

The defence raised was that gaso-
line was kept on the premises, con-
trary to the provision of statutory pro-
vision, contained in the policy. It
was strongly contended that gasoline
was an illuminating oil, and that the
policy was wide enough to cover the
plaintiff's general stock. There was a
further point argued, that the plain-
tiffs had not given any notice of the
loss as required by the policy.

Mr. Justice Metcalfe gave judgment
in favor of the defendants holding that
the defence was most technical, but
the parties had made their contract.
The condition was a condition prece-
dent to the right of recovery, the in-
sured, having made the contract, must
strictly comply with its provisions.
Neither the want of knowledge, or the
effect of the contract, nor the care-
lessness of the insured to inform him-
self of its contents in any way helps
him in his difficulty. The result may
be startling to the community and in-
dividuals may anxiously scan their
policies to try, if possible, to find out
what they mean, perhaps they may
succeed, perhaps they may not. All
written contracts must be interpreted
as it is found. It is understood there
will be no appeal.

**WROTE PARNELLISM
AND CRIME ARTICLES**

Sir Robert Anderson Admits The
Authorship of The Famous Articles
in London Times

London, April 7.—In an autographic
article in Blackwood's Magazine, Sir
Robert Anderson admits authorship of
the famous Parnellism and Crime arti-
cles published in the Times in 1887,
which culminated in the pub-
lication of the Piggott forgery. Sir
Robert Anderson was then adviser to
the home office, and later, during the
proceedings of the Parnell commis-
sion, became a member of the investi-
gation department of Scotland Yard.

In 1886, Mr. Gladstone formed a par-
liamentary alliance with Parnell and
proposed a Home Rule bill, which se-
cured the support of all the Irish
members, but caused a split in the
Liberal party, at a meeting Lord Sal-
isbury to power. Towards the close of
the parliamentary session of 1887,
the Times sought to discredit home
rule before the country, and published
a series of articles, entitled "Parnell-
ism and Crime," in which it tried to
connect Parnell with the Phoenix park
murders and other assassinations. In
support of its allegation, it published
letters alleged to have been written by
Parnell, which were proved, before a
committee appointed by parliament to
investigate the charges, to have been
forged by Piggott.

**THREE BANK ROBBERS
WOUNDED AND CAPTURED**

They Had Secured Two Thousand
Dollars in Coal City

New York, April 7.—Five masked
bandits, escaping with \$2,000, stolen
from the Bank of Coal City, at Coal
City, Ill., exchanged shots with a
 posse today, three of the robbers be-
ing wounded and captured.

Coal City is 63 miles southwest of
Chicago. The entire population was
aroused by the explosion in the bank
and the ensuing pursuit.

The marauders entered the town on
a passing freight train and began op-
erations by being Barney Gheft, the
night watchman, and Washington
Frye, the night engineer, the electric
plant. Then they blew up the bank
building and shattered the safe with a
great charge of nitro glycerine, and
after seizing the contents of the safe,
leaped on a Santa Fe freight train
with their plunder, which was partly
in stumps.

As the train pulled out, Gheft suc-
ceeded in cutting his bonds and tele-
phoned Eugene Miller, the night watch
man at Mason, seven miles south of
Coal City, who, with Dr. E. D. Watts,
laid in wait for the robbers.

When the train reached Mason and
stopped to switch cars, the bandits
leaped from the car and hid in a clump
of shrubbery near the track. Miller
and the physician opened fire, which
was promptly returned, about 25 shots
being exchanged. When the train had
started, the bandits leaped aboard and
again escaped.

Immediately the sheriff of Merya
was notified. Several automobiles were
pressed into service and the pursuit
began. The machines following a road
along the Santa Fe right of way. When
the train came to a stop at Verona,
near Merya, the cars were searched
by the sheriff and his men.

Three of the fugitives were found
in an empty baggage car, all were
wounded. The other two had fled. It
is believed that they leaped off the
moving train from the side opposite
the posse and escaped with the booty
secured from the bank.

Later the prisoners admitted that
their homes were in Chicago, and gave
the names of John Hors, A. E. Sawyer
and John Croft.

**A FORTUNE HERE ---
For the Man Who is Quick**

528 ACRES This is absolutely the very best and cheapest close in subdividing acreage on the market today. Only three miles from Calgary postoffice. This splendidly located property lies due north of the city, and is known as the "Hay Dairy Farm". Four hundred acres of this lies immediately to the north of La Grange, a road allowance only dividing the two properties. Lots in this subdivision are selling for \$50.00 per 25 foot lot, and upwards. Building operations have already commenced and the owners are giving special inducements to those who build good homes. This naturally insures good surroundings. The other 128 acres corners on the subdivision of North Edmonton, and consists of a beautiful meadow, every acre of which can be used. Large house and outbuildings are included in this price. Terms 1-3 cash, 1, 2 and 3 years. This property is bound to double in value. Opportunity offers its reward.
