Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

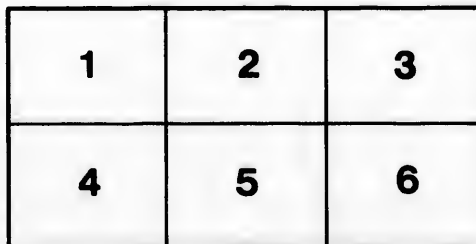

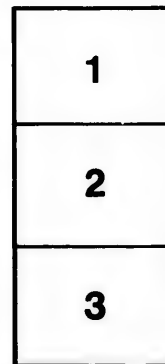

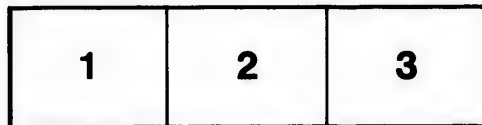

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Fire and Burglar-Proof Safes.

We challenge the world to find as perfect security against Fire and Burglars as will be found in these articles; over four thousand of them now in use in Canada, many of which have been thoroughly tested in the severest fires, and NOT ONE HAS EVER FAILED! We would respectfully call your attention, before purchasing elsewhere, to our large and extensive assortment of

FIRE AND BURGLAR PROOF SAFES, STEEL SAFES, FOR BANKERS, JEWELLERS, MERCHANTS, &c.,

On hand and made to order. They are secured with the most approved permutation and combination Locks, embracing from One Thousand to Twenty-four Million of changes; also,

Bank Vaults, Vault Doors, Specie Chests and Boxes, Bank Locks, &c., &c., &c.

Purchasers ordering from us, or our Agents, can have the interior fitted to any design, free of extra charge

HOUSE SAFES.

We also desire particularly to draw attention to our PARLOUR and BUREAU HOUSE SAFES. They are finished in the most exquisite style, with Iron or Marble Tops, to match with any style of household furniture, and are an ornament to any parlour or dining room. All who wish protection for their Plate, Jewellery, &c., should be furnished with one.

A List of Sizes and Prices furnished on application.

KERSHAW'S
Patent Combined Iron and Steel Bank Safe,

The only Safe known that cannot be drilled.

We also manufacture Steel Money Chests on the same principle as our Bank Safes, which we place inside of any of our Fire proofs (as shown in the above cut.) Parties having large amounts of silver on hand would secure themselves against robbery by the most expert burglar, by providing themselves with one of our **PATENT HARDENED STEEL SPECIM Boxes.** The cost is trifling and they can be placed in any Safe in use. Also, *Bank Vaults, Vault Doors, Patent Combination Bank Locks, Iron Doors and Shutters, Dead and Express Messenger Boxes, &c. &c. &c.*

TO THE PUBLIC.

THE first edition of the CANADA ANNUAL CLASSIFIED DIRECTORY, is here presented to the Public with a degree of diffidence which deep anxiety, with regard to its thoroughness, accuracy, and general usefulness, would naturally occasion in the minds of its Authors, and yet with the proud consciousness that every effort has been made to ensure its fullest efficiency, which long experience could suggest, or patient labor accomplish.

In view of the many thousand resources from which the Authors have to obtain and glean information for a work of this character, embracing so much interesting and useful matter for professional and business men, it cannot be expected that the work will be entirely free from errors. Perfection, so difficult of attainment in every department of industry, is especially so, in the compilation of a book of this kind, and the Authors would solicit the kind indulgence of their patrons to overlook such errors as may be found within its pages, and give them that credit due to its general reliability and correctness.

It is hoped that the extensive and elaborate Indexes, the systematic classification and general arrangement, will be highly useful in referring to the various departments.

In conclusion, we desire to present our grateful acknowledgements, to the postmasters throughout Canada, who have so kindly and promptly furnished us with useful information, which otherwise would have involved much time and expense to procure. We also tender our thanks to the Press, superintendents of railways, and other gentlemen, for the many courtesies extended to us and our agents during the canvass, and especially to our patrons do we feel grateful for the very substantial aid and encouragement, received from the commencement of our enterprise. The extensive advertising department of our work fully attests their liberality, and will, we trust, be found as profitable to them as useful to the million readers who will have occasion to refer to them.

MANUFACTURERS OF

STATIONARY AND PORTABLE STEAM ENGINES,

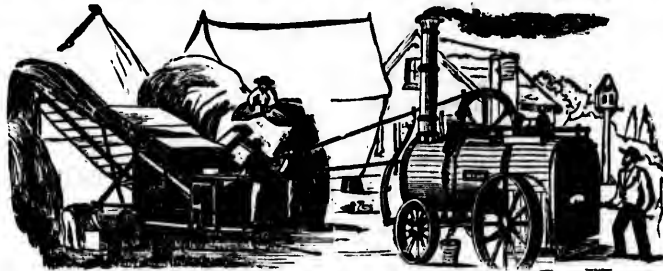

Which have taken First Prizes at the Provincial Exhibitions at Toronto, Kingston, Hamilton, and London; also the Prince of Wales Prize at Hamilton, Sept. 1864.

These Engines are simple in construction and easily managed—are made in a substantial manner of the best materials and workmanship. For cheapness, durability, and economy in working, they are unrivalled. If well put up, and properly used, they will be warranted to require less than half the fuel used by the average Steam Engines at work, and capable of performing much more than the power rated. The Ten-horse power will work to the full power with less than half a cord of wood per day. They are applicable to all purposes requiring power. Numerous testimonials from parties using them can be seen on application.

BOILERS OF ALL KINDS MADE TO ORDER.

F. G. BECKETT & Co. would particularly call the attention of Farmers, Contractors, Miners, &c. to their

IMPROVED PORTABLE STEAM ENGINES.

For working Threshing Machines, Circular Saws, Driving Piles, Pumping Coal Oil, &c.

These Engines are set to work and proved before leaving the Manufactory, and can be safely set to work in any building, as the fire-place is entirely surrounded by water. When required, they are mounted upon large wheels, and can be moved about as easily as a common waggon.

STEAM ENGINES ALWAYS ON HAND.

DAY'S COMMERCIAL COLLEGE,

KING STREET,

FIRST DOOR EAST OF WESLEYAN BOOK ROOM,

CONDUCTED according to British practice, with such modifications suited to the requirements of the Business Community of North America.

A school of business for young men—adapted to meet the wants of all classes in acquiring a good Commercial education. The method of instruction most practical in its character.

Young men attending this College are instructed in the various systems of Book-keeping now in use in the most eminent mercantile houses in Great Britain, Canada, and the neighbouring States, by a Practical Accountant of twenty years' experience, acquired both in England and America—an advantage afforded by no other Commercial College in Canada.

THE COURSE OF INSTRUCTION

Embraces Mercantile Book-keeping, by Single and Double Entry, Commercial Calculations Commercial Correspondence (including the principles of English Composition,) Commercial Law, Business Penmanship, Banking, Brokerage and Exchange, Commission, Forwarding, Telegraphy and Phonography.

The Improved Method of Book-keeping,

BY SINGLE AND DOUBLE ENTRY,

TAUGHT ONLY AT DAY'S COMMERCIAL COLLEGE

This system, approved by the best accountants in Great Britain, and adopted by the MOST EMINENT MERCANTILE HOUSES there, enables those who keep accounts to avoid mistakes or to discover them soon after they are made, as well as affording those who adopt it the means of protecting themselves alike from the MISTAKES OF INADVERTENCE and the INGENUITY OF FRAUD.

The superiority of this system is especially evident in the mode of BALANCING: an operation which, by other plans of Book-keeping, is the work of weeks, is, by this method, reduced to the labour of a few hours.

This method affords what has long been wanted, and which never could be obtained from the old Italian and the usual Balance Sheet, a PERFECT SYSTEM FOR CHECKING AND PROVING THE CORRECTNESS of the posting, as well as for DETECTING ERRORS and PREVENTING FALSE ENTRIES IN THE BOOKS.

The attention of Merchants, Manufacturers, &c., is respectfully called to the advantages of the above systems. The single entry system in particular combines SIMPLICITY, CONCISENESS, and ACCURACY, and ensures every advantage to be derived from double entry, without the labour and voluminous writing attached to the latter. This system is well adapted for retail merchants.

Merchants, Manufacturers, &c., furnished with forms and a code of instructions for writing up a set of books.

PRACTICE COURT AND CHAMBERS.—One of the Common Law Judges holds a Court during each Term, called the "Practice Court," for hearing matters relating to the adulling or justifying bail, discharging insolvent debtors, administering oaths, hearing and determining matters on motion, and making rules and orders in causes and business depending in either of said law courts. Chambers are held each day in Common Law and Chancery by one of the judges of the said courts, for such business relating to suits therein as may be transacted by a single judge out of court. **Clerk, Common Law**—Wm. B. Heward. **Clerk, Chancery**—Thomas Black.

HEIR AND DEVISEE COURT.—Commissioners, the Judges of the Superior Courts, and such other persons as may be appointed by commission under the Great Seal. Their duties are to determine claims to lands in Upper Canada, for which no patent has issued from the Crown in favour of the proper claimants, whether as heirs, devisees or assignees. **Sittings** at Toronto, first Monday in January and July in each year. **Clerk of Commissioners**, W. B. Heward.

COUNTY COURTS.—Presided over by a resident Judge in each county. Their jurisdiction extends to all personal actions where the debt or damages claimed do not exceed £50; and to all suits relating to debt, covenant or contract, where the amount is ascertained by the acts of the parties or signature of the defendant, to £100; and to all bail bonds and recognisances of bail given in the County Court, to any amount; but not to cases involving the title to lands, validity of wills, or actions for libel, slander, crim. con., or seduction. An appeal lies to either of the Superior Courts of Law. These Courts also possess equity powers, to the amount of £50, subject to an appeal to Chancery.

SUBROGATE COURTS.—The jurisdiction of these Courts relates to all testamentary matters and causes, and to the granting or revoking of probate of wills, and letters of administration of the effects of deceased persons having estate or effects in Upper Canada, and all matters arising out of or connected with the grant or revocation of probate or administration, subject to an appeal to the Court of Chancery. The County Judges are also Judges of the Surrogate Courts. **Surrogate Clerk**, Sir J. L. Robinson, Bart.

COURTS OF QUARTER SESSIONS.—Chairman, the County Judge in each county, who, with one or more Justices of the Peace, holds a Court of Quarter Sessions in his county four times a year for trials by jury in cases of felony and misdemeanor, but treason and capital felonies are exempted from their jurisdiction.

RECORDERS' COURTS.—In the Cities of Toronto, Hamilton, London, Kingston, and Ottawa, the Recorders' Court takes the place of the County Sessions, the Justices for Counties having no jurisdiction in the Cities—the care of which is confided to the Recorder, Mayor, Aldermen and Police Magistrate of each. Sessions held first Monday in March, June and September, and third Monday in December. **Recorders**—George Duggan, Toronto; James O'Reilly, Kingston; John E. Start, Hamilton; William Horton, London; J. B. Lewis, Ottawa.

INSOLVENT DEBTORS' COURTS.—By the "Insolvent Act of 1864," 27 & 28 Victoria, cap. 67, passed on the 30th June, 1864, provision is made for the settlement of the estates of insolvent debtors, for giving effect to arrangements between them and their creditors, and for the punishment of fraud. In Lower Canada, this enactment applies to traders only. In Upper Canada, to all persons whether traders or non-traders. In these courts, the county court judge in each county presides—the only appointments made in pursuance of this statute being those of "official assignees," who are to be nominated "by the Board of Trade at any place, or the council thereof, within the county or district in which such Board of Trade exists, or in any county or district adjacent thereto in which there is no Board of Trade." This important statute is proving a great boon to the community. In enabling parties who from unavoidable circumstances find themselves paralyzed by hopeless liability to obtain relief, and recommence business.

DIVISION COURTS.—For the summary disposal of cases by a Judge; but a jury of five persons may be demanded in certain cases. Their jurisdiction extends to actions of debt or contract amounting to £25; injuries or torts to personal chattels amounting to £10; but not to actions for gambling debts, liquore drunk in a tavern, or notes of hand given therefor, ejectment, title to land, &c., or any toll, custom or franchise, will or settlement, malicious prosecution, libel, slander, crim. con., seduction or breach of promise, or actions against a J. P. for anything done by him in the execution of his office, if he objects to it. Courts are held once in two months in each division, or oftener, at the discretion of the Judge. **Two Divisions** are established by the Court of Quarter Sessions.

W. C. CHEWETT & CO., IMPORTERS OF DE LA RUE'S STATIONERY. ENGLISH AND AMERICAN PERIODICALS. KING STREET EAST, TORONTO.

cent. per 1 oz. weight of package containing periodical matter, whether the package contain one or more numbers.

Any fraction of 4 oz. to be charged as a full rate.

On Periodicals posted from the office of publication or by News Agents or Booksellers, to regular subscribers within the Province, this rate may remain to be collected on delivery, and must in such cases be marked upon the packages and charged in the Letter Bill, but when mailed to go out of the Province such Periodical matter must be prepaid by Postage Stamp. British and United States Periodicals may be posted in Canada by News Agents and Booksellers to regular subscribers in the Province under this regulation.

Transient Periodical matter posted in Canada must in all cases be prepaid by Postage Stamp.

The above rate will be payable on delivery on all Periodical matter received from the United States, except that Canadian Editors may receive Exchange Periodicals from the United States free of Canadian Postage.

Periodicals, printed and published in Canada, may be posted addressed to any place in the United Kingdom by Canadian Packet, on prepayment by Postage Stamp of two cents each number.

This rate will be applicable to all classes of Canadian Periodicals posted as above for the United Kingdom, the exemptions to which certain classes of Canadian Periodicals are entitled, extending to such numbers only, as are addressed from the Office of publication to places within the Province.

POSTAGE RATES ON MISCELLANEOUS MATTER.

Packages of seeds, cuttings, bulbs, roots and scions, or grafts, may be posted in Canada for delivery within the Province, or to an address within the United States, on prepayment by postage stamp of a rate of one cent per ounce; and when received from the United States addressed to any place in Canada, such packages may be delivered on payment, by the person addressed, of a like rate.

The limit of weight for such packages will be one pound. No communication, whether written or printed, must be enclosed in them; and they must be so put up as to be easy of examination, for the purpose of verifying the alleged contents. If put up in bags, the bags must be simply tied at the neck, so as to admit of inspection; and, in the case of such packages mailed in Canada, the nature of the contents, such as "seeds," "roots," &c., as the case may be, must be marked on the package by the sender, as a statement of the claim to pass at the reduced rate hereby made applicable to such matter.

Book manuscript, and printers' proof-sheets (whether corrected or not), maps, prints, drawings, engravings, photographs when not on glass or in cases containing glass, and sheet music (whether printed or written), may pass in covers open at the ends or sides, and provided that no letter, or other communication intended to serve the purpose of a letter, be enclosed therein, on prepayment, when posted in Canada, by postage stamp of the ordinary printed matter rate of one cent. per ounce; or upon payment of that rate on delivery of such matter when received in the mails from the United States.

POSTAGE OF BOOKS, PATTERNS AND SAMPLES.

Patterns of merchandise, and samples, may be forwarded between Canada and the United Kingdom, France, Italy, and the German States, by the Canadian Packet mails, at book post rates, and subject to the following conditions:

The patterns or samples must not be of any intrinsic value; and this rule excludes all articles of a saleable nature, and whatever may have a value of its own, apart from its mere use as a pattern; nor must the quantity of any material or article sent as a pattern or sample be so great that it could have on this ground an intrinsic value.

The patterns, &c., must be sent in covers, open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and such like, which cannot be sent in open covers, may be enclosed in bags of linen or other material, simply tied at the neck; but bags closed against inspection, although transparent, must not be used for the purpose.

There must be no writing or printing other than the address of the person for whom the packet is intended, the

manufacturer's or trade mark and number, and price of the article.

Any infringement of the above regulations will render the packet liable to be treated and charged as a letter.

The rule which forbids the transmission through the Post of any articles likely to injure the contents of the mail bags, will apply to patterns and samples; and any package transgressing this rule is to be sent to the Postmaster General.

No prints or printed matter will be allowed to pass by book post between the United Kingdom and Canada, unless printed on paper, parchment or vellum.

MONEY ORDERS ON CANADA.

All the Money Order Post Offices in Canada are authorized to draw Money Orders on each other for any sum up to \$100, and for as many Orders of \$100 each as the Applicant may require, upon the following terms, viz.:

On Orders up to	\$10	5 cents.

" over £2 and up to	£5	00 50
" over £5	" £7	00 75
" over £7	" £10	1 00

MONEY ORDERS ON THE LOWER PROVINCES.

The Canadian Money Order Offices draw also upon all Money Order Offices in Nova Scotia, Prince Edward Island and Newfoundland. The Orders, like those of the United Kingdom are made payable in sterling money, and for sums up to £10 sterling. The terms are:—

For Orders up to	£5	25 cents.
over £5, and up to	£10	50 cents.

The Money Order Post Offices are furnished with bills of all the Money Order Offices in Canada, the United Kingdom, Nova Scotia, Prince Edward Island and Newfoundland; and the Postmasters are instructed to afford every information in their power, in respect of the prices upon which they draw, together with any other information relating to such issues as the intending Remitters may desire.

POSTAGE STAMPS.

Postage Stamps are provided for sale of the respective values of 1 cent for Newspapers; 2 cents for Press Current and Periodicals for the United Kingdom; 6 cents for ordinary Provincial Letters; 10 cents for United States rate; 12½ cents for Canadian Packet; and 17 cents for Cunard Packet.

Letter Envelopes are provided, impressed with medallic stamps, and equivalent to the prepayment of postage to the amount of 5 cents and 10 cents respectively.

The 5 cent envelopes will be sold to the public at the rate of \$5 50 per hundred, or 60 cents per dozen. The price of a single envelope is 6 cents.

The 10 cent envelopes will be sold at the rate of \$10 30 per hundred, or \$1 20 per dozen. Single envelopes 11 cts.

PENAL CLAUSES.

The Post Office Act contains the following penal clauses: To inclose a letter or letters, or any writing intended to serve the purpose of a letter, in a Parcel posted, for the Parcel Post, shall be a misdemeanour.

To inclose a letter or any writing, or to make any written marks to serve the purpose of a letter, or to inclose any other thing in a newspaper posted to pass as a newspaper, at the rate of postage applicable to newspapers, (except in the case of accounts and receipts of newspaper publishers, which are permitted to pass folded within the newspapers sent by them to their subscribers), shall be a misdemeanour.

JOHN THOMAS & Co.,

MANUFACTURERS OF STATIONARY ENGINES & BOILERS!

THESE Engines are constructed to every modern improvement; are simple in construction, and easily managed. They are made in a substantial manner, of the best material and workmanship; for design, strength, durability, and economy in fuel, cannot be surpassed. If well put up, and properly used, they will be warranted to require much less fuel than the average Steam Engines at work. They are applicable to all purposes requiring power. Numerous testimonials can be seen, on application, from parties now using them; and every Engine is warranted to work more than the number of horse-power rated at. Price List sent on application.

HAMILTON IRON WORKS! (ESTABLISHED 1851.) REBECCA ST., HAMILTON.
JOHN THOMAS & CO.,
 MANUFACTURERS of PORTABLE & STATIONARY STEAM ENGINES,

We would particularly call the attention of Contractors, Farmers, Oil Companies, &c., &c., to our Improved Portable Steam Engines, for Borlase Rock, working Thrashing Machines, pumping Coal Oil, &c. These Engines are made with the very latest improvements, with Tubular Boiler and Locomotive Fire-box. Every Engine is set to work and tested before leaving the Factory. They can be placed in any building without danger, as the Fire-box is entirely surrounded by water. When required, they are mounted on wheels, and can be moved around as easily as an ordinary waggon.

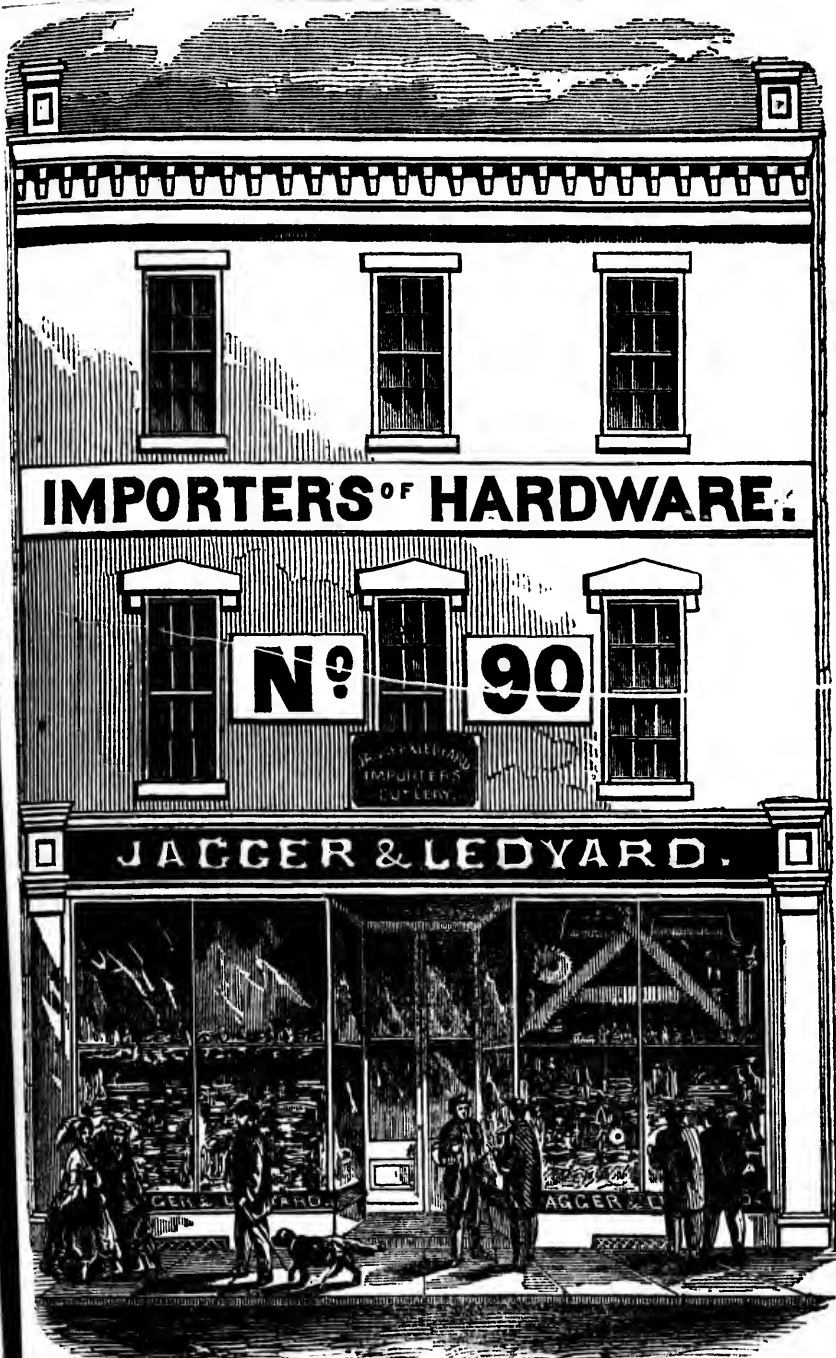

STEAM ENGINES KEPT CONSTANTLY ON HAND. PRICE LIST SENT ON APPLICATION.

NO. 18 KING STREET EAST, TORONTO.

THE ARTIFICIAL LEGS of his manufacture combine all the Latest Improvements, Self-acting Knee, Side Motion at the Ankle, and India Rubber Springs. HANDS can be applied to restore the appearance and to be quite convenient, when the amputation has been performed between the elbow and the wrist.

Testimonial from Dr. Hodder, President of the Medical Board.

"I have carefully examined the Artificial Leg constructed by Mr. Norris Black, of Toronto, and I have no hesitation in giving it as my opinion that it is better adapted to imitate the motions of the knee and ankle joints, and, at the same time, is a more simple and useful limb than any with which I am acquainted."

The London Daily and Weekly Prototype.

THE LONDON PROTOTYPE,

IS PUBLISHED EVERY DAY, SUNDAYS EXCEPTED,

At Five Dollars per Annum in Advance.

The PROTOTYPE presents the best advertising medium in the Western District of Upper Canada. The Daily Edition has been established in public favour for upwards of TWELVE years, while the Weekly circulates extensively in Middlesex, Huron and Bruce, Elgin, Lambton, &c. At no previous date was the Prototype in larger circulation, or more read by the public generally than now.

THE WEEKLY PROTOTYPE,

ONLY ONE DOLLAR A YEAR,

Published in LONDON, C. W., is the Cheapest and Best Newspaper published in Western Canada.

The WEEKLY PROTOTYPE was established, A. D., 1857. In Politics it is reliable, working zealously for the good of the country, while supporting moderate Conservatism.

The circulation of the WEEKLY PROTOTYPE is very large, extending into all the Counties in Upper Canada, and is daily increasing. The Weekly Prototype is published every Thursday.

Any one sending us five yearly subscribers, and the cash, \$5, will receive one copy himself, gratis.

Address,

JOHN SIDDONS, Proprietor.

MOORE'S COMBINED FLAX SEED THRESHER AND SEPARATOR.

THIS MACHINE will separate the seed from the bolls, and completely clean it the first time going through, and by this simple process, saves far more seed than by the old mode of cleaning, and at the same time, saves the labour of four hands.

It will clean Seed at least three times faster than an ordinary Fanning-mill,

As I am the only person having the Exclusive Right to Manufacture this Machine in Canada, I am, of course, the only one to apply to.

To insure your confidence, I have the privilege of referring to the following gentlemen, viz. :—Messrs. Perine & Young, Flax Manufacturers, St. Thomas, C. W. ; Mr. W. D. Perine, Flax Manufacturer, Conestoga, County of Waterloo, C. W.

RAYMOND'S IMPROVED FAMILY SEWING MACHINES.

Description of Cut.

- A—Tens on Nuts.
- B—Clamp Foot. Regulate the Pressure of Sewing.
- C—Screw which regulates the Width of Stitch.
- D—To Adjust Pressure of Foot.
- E—Lever raising the Presser, so as to put under the Work.
- F—Needle Screw.
- G—Crank and Feed Cam.
- H—Standard.

CUT 1.

Of these Machines are all made by machinery in the most perfect manner. If any part fails or gets broken, a duplicate can be obtained at the Manufacturer's Factory, with very little delay. They may be fitted to replace it. All Machines repaired at my Factory will be nicely repaired and returned with as little delay as possible.

The Different Parts

THIS Machine has been designed expressly for family use. It is simple, easily changed from the coarsest to the finest work, and is used successfully in every class of family sewing. No complaint has ever been made that the sewing was not firm, or that the stitch ravelled out. Commendations of their great merit have been received in great abundance, and from all quarters. They are manufactured by the inventor and patentee at GUELPH, C.W. Sold and warranted for \$12, retail, with a liberal discount to agents. Machines of similar form and appearance have been offered, which are poor imitations of my Machines as made several years ago. They are run out by irresponsible parties in the States, and no reliance can be placed in them. Machines from my Factory are all stamped with my name in full on the steel plate, are made with an under feed, and other important improvements lately added, which place it in the front rank of family Machines.

CHAS. RAYMOND.

P.S.—My Factory is permanently located at GUELPH, C.W., where any further information can be obtained.

# ACCIDENTS!

## THE ORIGINAL TRAVELERS' INSURANCE COMPANY, OF HARTFORD, CONN.

CAPITAL, - - - - - \$500,000.

INSURES AGAINST  
**ACCIDENTS OF ALL KINDS,**  
CAUSING BODILY INJURY OR LOSS OF LIFE.

### IT IS CHEAP.

A Policy for \$5000 in case of fatal accident, or \$25 per week in case of disabling injury, costs but \$25 to \$30 per year. Any sum, from \$500 to \$10,000, with \$3 to \$50 weekly compensation, at proportionate rates. Policies written for five years.

### IT IS UNIVERSAL.

This Company insures against all sorts of accidents, whether they occur in travelling, working in the shop or factory, walking in the street, swimming, riding, hunting, fishing, &c. It issues policies for persons in all parts of the United States and Canadas, and grants permits to visit any part of the world. This insurance is sought after and valued by all classes of men, rich or poor.

### IT IS RELIABLE.

The TRAVELERS of Hartford is the oldest accident insurance company in the United States, and established on a firm basis. It has issued many thousand policies, pays claims for compensation almost daily, and its business is steadily increasing. Its capital is ample, its directory of the highest character, and it has over half a million in cash for the payment of losses.

### No Medical Examination required.

☞ Three cents a day will insure a man for \$2000, or \$10 weekly compensation, for one year.

*Premiums received and Losses paid in Canada in current Canada Funds.*

### Agencies in all the principal Towns in Canada.

443 COMMISSIONERS STREET, MONTREAL,

For the Sale of all kinds of Country Produce, such as Grain, Flour, Pork, Butter, Cheese, Eggs, Pot Ashes, Seeds, Flax, &c.; Also, for the Purchase of Dry Goods, Groceries, Hardware, and General Merchandise.

In calling the attention of Country Merchants and Traders in general, we would state that we can with confidence offer our services to the Public, having both a practical and successful experience of a Country and City Trade, extending over a number of years, which enables us to know the relative value of produce coming from the different sections of the country, and to realize the highest market value for such as may be entrusted to our care.

Drafts attached to Bills of Lading accepted for two-thirds of consignment, or a Cash Remittance for three-fourths value on arrival of shipment.

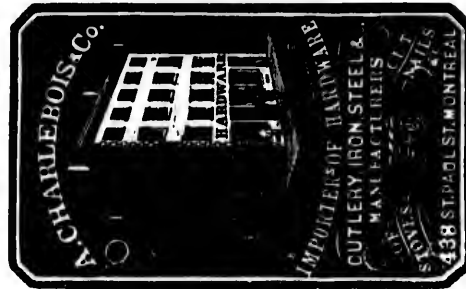

In a first transaction, in all cases, orders to be accompanied either by Money or Reference.

All consignments receive personal attention. The Highest Market Value realized, and proceeds promptly remitted.

LA MINERVE;

— A —

DAILY, TRI-WEEKLY AND WEEKLY
FRENCH PAPER,
 PUBLISHED IN MONTREAL, C. E.

OPINION OF THE PRESS.

(From the "Montreal Gazette" of the 14th September, 1864.)

Among the improvements in journalism in Montreal a step which has been taken by *La Minerve* is worth notice. Our contemporary has transformed itself from tri-weekly to a daily of the first class. We believe it is as well the oldest as the paper of largest circulation among those published in the French language in Montreal. Appealing to the conservative interests of the country, it has met a corresponding support of the majority. In its new daily form it displays an energy which has never been before equalled by a French newspaper in Canada. Besides being well up in reporting and commercial intelligence it has midnight despatches translated, that is to say, the despatches which come in from midnight to half-past four in the morning, and which at present are only first published in Lower Canada by the *Montreal Gazette* and one other of its English contemporaries—and by two papers in Upper Canada—by reason of the expense involved. We hope and believe our contemporary *La Minerve* will find the success its enterprise merits—in fact we are sure it will, if its conductors have perseverance to continue the display of energy they have so well begun.

(From the "Montreal Herald" of the 4th October, 1864.)

THE MINERVE.—The *Minerve* is the oldest of the French journals of Montreal, and we are glad to see that its proprietors find sufficient spirit within and encouragement from without to place it upon the footing of a first-class daily. That it has now become, under circumstances of difficulty, which add to the merit of the enterprise exhibited by the proprietors. Among the anomalies of what may be called the ethnographical position of the country, while in Lower Canada, French is the language of the bulk of the people, it is not less true that English is so universally the language of every one in the adjoining territories, and necessarily of much of the most important business carried on in Lower Canada itself, that a great deal of matter which comes to newspapers is in English and comparatively little in French. The consequence is that, while we of the British persuasion, as our American friends would express it, lose little time and labour in translation, our French colleagues are forced to translate a very large portion of the current news of the day. This is especially the case with that very important part of the intelligence of each day which is furnished by the electric telegraph. Nevertheless, in face of this obvious difficulty, the proprietors of the *Minerve* have resolved to keep their readers informed in their own language on all subjects of interest which may transpire down to the latest moment of going to press. We heartily wish our contemporary every success. It is the organ of an influential part of our French Canadian population, and will, no doubt, be found a first rate medium of communicating with them on business matters. Our contemporary has a daily, tri-weekly and weekly edition.

THESE Billiard Tables have received the unqualified approval of the best players and most competent Judges, who have universally pronounced them unequalled for general excellence and durability. Seven distinct patents for improvements in Billiard Tables have been granted to us by the United States Patent Office, and we have lately obtained a patent from the French Government for our improvements in Billiard Cushions. We employ, in the construction of our Tables, a variety of machines specially made for the purpose, by means of which we are enabled to insure a scientific and mechanical accuracy hitherto unknown in Billiard manufacture. Having a long experience and thorough knowledge of all the appliances of Billiards, and constantly on hand a large stock of the best and most thoroughly seasoned materials, we are prepared to furnish everything required in the Billiard Line with unprecedented dispatch. Parties ordering from us will find our prices as low as good work can possibly be made for. Orders by mail carefully and promptly executed. Illustrated Catalogues and Price Lists sent by mail. "THE BILLIARD CUE," a Journal published in the interest of Billiards, and containing details of all novelties of interest to amateurs of Billiards, sent free on application.

# GODDARD'S BURRING MACHINE WORKS,

Second Avenue, Corner of Twenty-Second Street.

OFFICE:—No. 3 BOWLING GREEN, NEW YORK.

Sole Manufacturer of the IMPROVED WOOL BURREING MACHINES—(having a Burr Cylinder of Steel Rines and Solid Packing on a Rib-bound, True-turned Base)—for Wool Carding Machines. This improvement in the Burr Cylinder of the Burring Machine is ENTIRELY NEW, and was patented Aug. 29, 1865. The inner cylinder on which the rings are packed is bound so firmly that it cannot set out of true, or get sprung; it is then made perfectly true before being packed with rings. The teeth are, therefore, of uniform length, and the cylinder is, at least, 50 per cent. more durable than any former machines. These Burring Machines are made *Single and Double* for first *Breakers* of cards—inner Burring Machines for second *Breakers* and *Finishers*. The IMPROVED STEEL RING FEED ROLLS, with patent Spring Boxes.

Circulars, giving descriptions, illustrations, testimonials, prices, &c., furnished to all applicants.

On receipt of the price we will send one or more lamps FREIGHT PAID, any reasonable distance.

It can be Filled, Trimmed, Lighted, Regulated, or Extinguished, without removing either the Shade or the Chimney!

We have also a large variety of elegant BRONZE CHANDELIERS and BRACKETS; also, a cheaper style of Iron Frames. HANGING LAMPS of three sizes—an IMPROVED HALL LAMP—a very convenient BRACKET LAMP, with or without shade—a fine assortment of the best styles of PARLOR TABLE LAMPS; also,

### IVES' PATENT ATTACHMENT.

This consists of our Shade, Chimney, and Burner, conveniently combined, and made applicable to any COMMON TABLE LAMP already in use, thus giving them the advantages of lighting, filling, &c., without removing the shade or chimney from the lamp. Burners and collars being uniform in size everywhere, no alteration in the lamp is necessary, except the substitution of our "Attachment" in place of the "old-fashioned" fixture. Our Chimneys are made to order, of SUPERIOR ANNEALED FLINT GLASS, and are selected and fitted.

#### TESTIMONIALS.

From Rev. Joseph S. Travelli, Pittsburgh, Pa.

I know of no way I can better express my satisfaction than by sending for three more of the hanging lamps with the large burner, and three of the bracket lamps. Our folks find them so very convenient and handsome, that I expect little peace until the old lamps are removed and their places supplied by yours in all our rooms.

From the New Haven, Conn. "Register."

By experiments tried at this office, we found that 6 cents' worth of oil gave a bright, steady light for fifteen hours, fully satisfying as they are the most desirable lamp in the market.

From Jas. Buell, Pres. of Imp. and Trader's Bk., N.Y.

It produces a light pleasant to the eye than gas (which is also in the house), and obviates most of the objections to the use of oil to the common lamps.

From Julius Pratt, Esq., Meriden, Conn.

I do not hesitate to say, that for convenience, economy and neatness, I prefer them to any I have ever used.

From Prof. C. H. Hitchcock, Geol., 37 Park Row, N.Y.

Its many conveniences remove important objections to using oil, and I doubt not that others like myself would prefer the quality of light to that of gas, if they would give it a trial.

From R. C. Browning, Esq., Orange, N.J.

I consider it the most convenient and satisfactory light I have ever seen. It not only saves in oil, but in chimneys.

From J. H. Leighton, Supl. N. Eng. Glass Works, Doat.

We prefer it to gas, because of its more steady and mellow light, which is owing to the Enamelled Reflector.

## HEALTH, COMFORT, AND ECONOMY.

The Subscriber begs to call the attention of the public generally to a NEW invention called

# NORTH'S PATENT DRUM HEATER,

For which letters patent were issued on the 10th day of April, 1863, and feels fully satisfied that any parties who may see fit to give it a trial will find it greatly to their advantage, in a pecuniary point of view, as it will

**Effect a Saving of Half the usual quantity of Fuel, and add materially to their Comfort.**

For this admirable invention, the Patentee received the Diploma of the Provincial Association for the said Drum Heater, when exhibited at the Exhibition held at Hamilton, on September 26th, 1864; and since that period many orders have been received from the adjoining counties and towns, as the Heater can be applied with equal advantage and service to stoves where coal is burned as well as wood.

### HEALTH, COMFORT, AND ECONOMY!

The following Certificates, from parties who have the Drums in use, will serve to explain their working, and the results achieved:—

MR. S. S. NORTH, Toronto, Jan. 12th, 1865.

Dear Sir,—In answer to your request as to my opinion of your Patent Heater, I beg to say that the one I have in use this winter in my house answers all that was represented, viz.: It effects a saving of at least one-half the fuel, and gives a uniform heat throughout the room. I have dispensed with one stove since I got your Heater.

Yours respectfully,  
(Sd.) THOMAS MARA, 156 John St.

(From the Churchwardens of Grace Ch., Brantford.)

We, the undersigned, Minister and Churchwardens of Grace Church, Brantford, have much satisfaction in bearing our testimony to the excellent working of the Patent Heater and Ventilator furnished to us by the late Michael North. Our large church stove, with North's apparatus, has saved us, up to this date, a great deal of fuel, and we have never had the church so comfortable before, with all our efforts.

(Sd.) JAMES C. USHER, Rector.  
A. B. BENNETT, } Church-  
HENRY RAGEY, } wardens.

Brantford, Jan. 10th, 1863.

Copy of proceedings of the Council of the County of Brant, on the 21th day of June, A.D. 1864, in relation to heating the County Gaol:

The Special Committee on heating the Gaol submitted the following Report, viz.: Your Committee beg to report that they have examined Gaol and Gaoler in regard to heating, and from the information received, find that four stoves can be dispensed with by employing four of North's Heaters, and that, consequently, a considerable saving of wood would be made, and would therefore recommend that four Drums or Heaters be ordered for the Gaol, and one for the Court House. Respectfully submitted,

(Sd.) JOHN LAWRENCE,  
Chairman.

Committee Rooms, 24th June, 1864.

On motion of Dr. Lawrence, seconded by Mr. Turnbull, the said Report was adopted, and the Warden authorized to order the necessary drums mentioned in said Report, and have them fitted up as may be required. Truly extracted.

JOHN CAMERON,  
County Clerk.

**NORTH'S PATENT DRUM HEATER.**

The following gentlemen have now the above Heater in use, and can testify to its economical and other advantages:

- |                                                                   |                                                                         |
|-------------------------------------------------------------------|-------------------------------------------------------------------------|
| THOMAS DICK, proprietor of the Queen's Hotel, Toronto.            | MR. ROBERTS, Station Master Northern R. R. Station.                     |
| JACQUES & HAY, Upholsterers and Cabinet Makers, Toronto.          | COUN. BOXALL. MR. OSBORNE, Hotel COMMITTEE of the Toronto Skating Rink. |
| THOMAS BROWN, Metropolitan, corner King and Bay Streets, Toronto. | WM. KAUFFMAN, Architect.                                                |
| MR. MORRELL, Dry Goods Merchant, Queen Street, Toronto.           | ROBINSON & SON, Wholesale Merchants, Yonge Street, south of King.       |
|                                                                   | STATION MASTER at the G.T.R.R. Station.                                 |

They can also be seen at the Northern or Great Western Railway Stations.

Many other certificates could be given if necessary. All those who have the Drums in use, or have seen them working, feel perfectly satisfied, and are loud in their praise. They are also well adapted for Hot-Air Furnaces, as they will give at least one-third more heat from the same quantity of fuel.

They are peculiarly adapted for Churches, Schools, Halls, &c. Their effects are quickly felt in a more striking manner in large rooms that have been found difficult to heat without a very large amount of fuel. They can be used on every description of Stove, cooking as well as others, and the sizes are adapted to rooms in which they may be required.

Rights to manufacture the Heater for Counties or Townships will be sold on reasonable terms, for which, apply to SAMUEL NORTH, Sole Agent for Canada. Address: Drawer 842 Toronto, C. W.

Price from \$5 and upwards, according to size; the price, of course, depending upon the size and quality of material used, and whether of a highly ornamental or plain character.

Parties that are desirous of heating their buildings by hot-air—for which this Drum is adapted—should see this Heater, as it is decidedly the best and most economical one yet invented. The subscriber will be happy to furnish specifications and prices to any parties who will favor him with their address, stating the amount of heat required, &c., &c.
