The copy filmed here has been reproduced thanks to the generosity of:

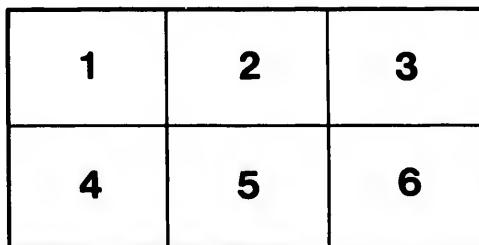

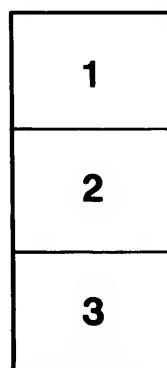

Metropolitan Toronto Library
Social Sciences Department

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

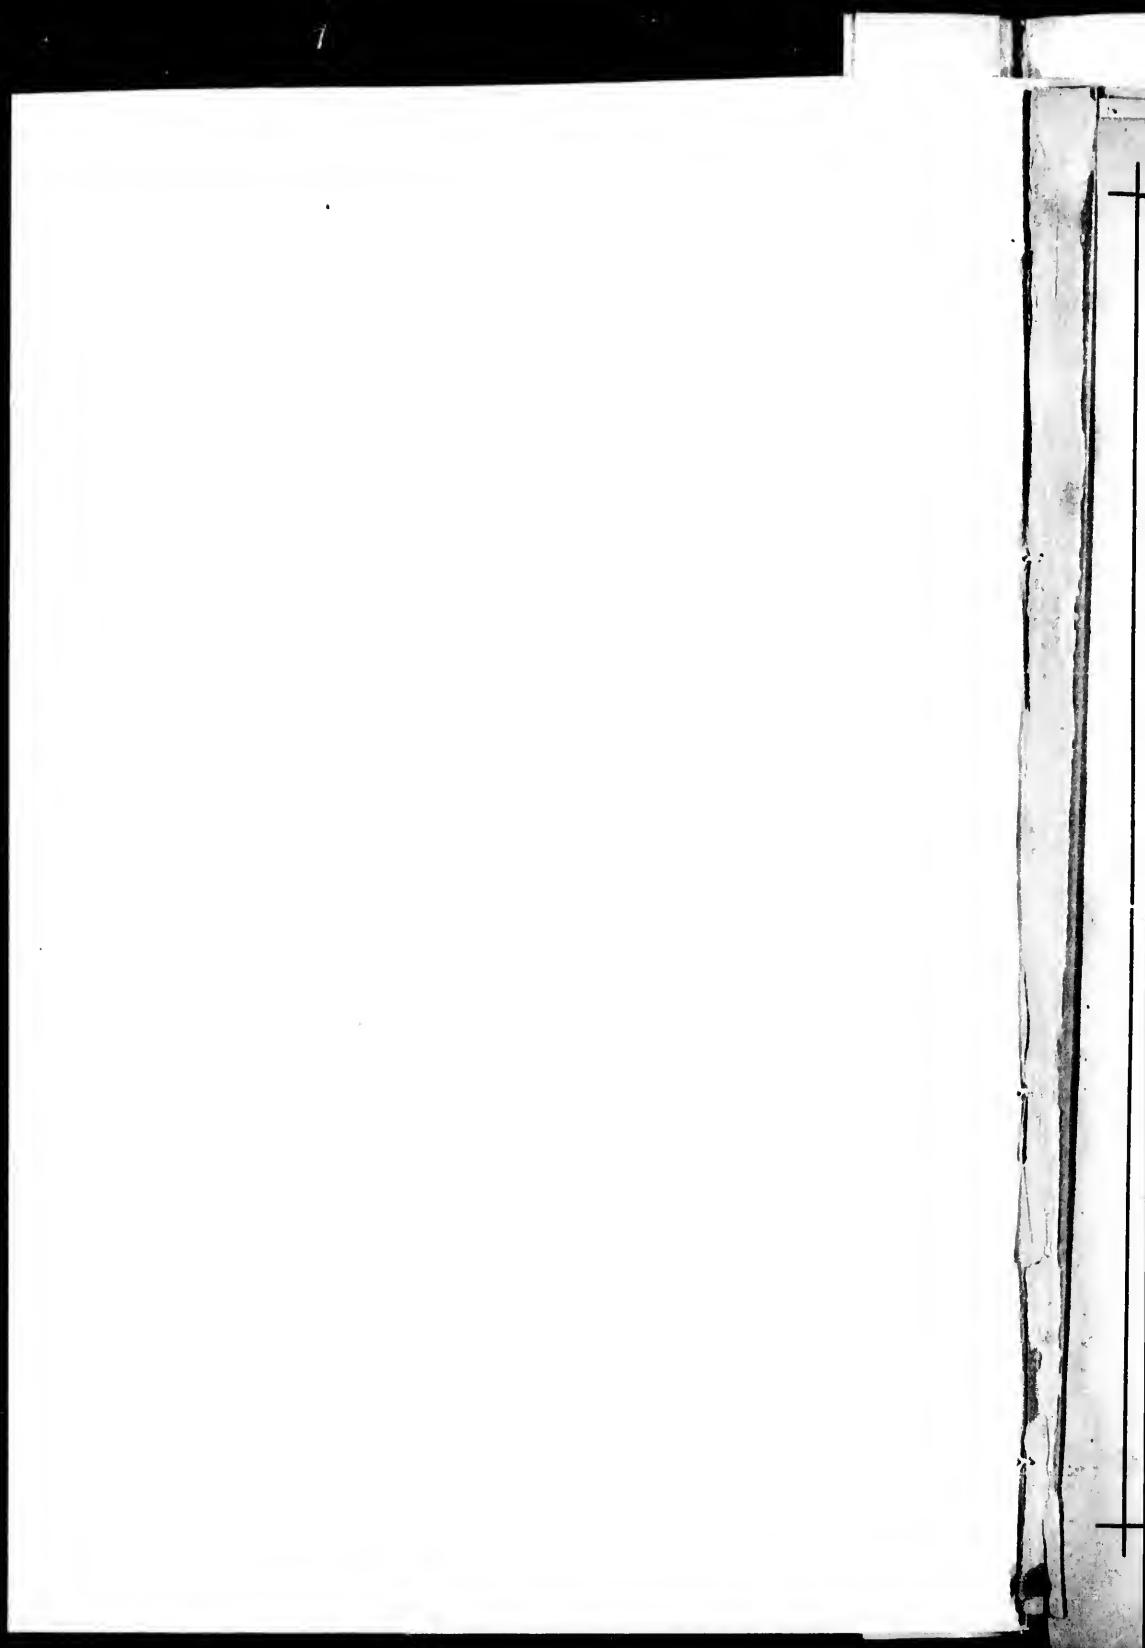

Metropolitan Toronto Library
Social Sciences Department

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

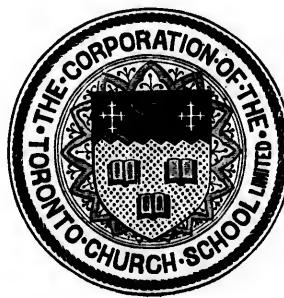

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

The

TORONTO CHURCH SCHOOL

ALEXANDER STREET, TORONTO.

THE Toronto Church School has been established on the plan of the English Public Schools for the purpose of giving, in connection with all the usual branches of a sound literary education, systematic daily instruction in religion and morals. After roll-call each morning therefore the School is opened in the School Chapel with a short service taken from the Book of Common Prayer; then follows instruction in the Bible or Church Catechism, after which the routine Class-work of the day is proceeded with.

Discipline.

In the Class-room discipline is maintained by the Masters, not only by the exertion of their authority in requiring an exact observance of the ordinary School regulations, but also by inculcating in the minds of the boys a reverence and scrupulous regard for those principles of honor and honorable action which are the essential attributes of the good citizen and the Christian gentleman.

During the intermissions such strict supervision is exercised over the pupils, as effectually to prevent any improper language or conduct.

Admission.

Pupils will be admitted at any time during the term, but entrance may be most advantageously made at the beginning of Michaelmas and Lent terms, when the classes are organized after the Semi-annual Promotion Examinations, which take place at the close of the preceding terms.

Entrants are required to present a certificate of good moral character from the Head Master of the School last attended.

Examinations and Reports.

Besides the regular Promotion Examinations at the end of Trinity and Michaelmas terms, review examinations are held at intervals in the course of each term, the results of which are embodied in the reports of conduct, progress and standing which are sent to parents monthly.

Course of Instruction.

The School is divided into six Forms, which may, however, be subdivided, as it is an aim ever held in view that no class shall be so large that it becomes impossible for the Master to have personal cognizance of the work of the individual pupil.

Pupils are prepared for the matriculation examinations of the Universities, and the entrance examinations of the Law and Medical Schools, the Royal Military College, &c.

The regular curriculum embraces an extended course in Classics, Mathematics, French, German, Scripture History, and the usual English subjects, including Literature and Composition, History and Geography (Ancient and Modern), Natural Science, Drawing and Military Drill.

Class-Work.

FORM I.—Reading, Third Royal Reader ; Spelling ; Writing Arithmetic as far as G.C.M. and L.C.M. ; Geography, Map of the World, and Canada ; Latin, the Declensions.

FORM II.—Fourth Ontario Reader ; Spelling, Coutie's Word Expositor ; Arithmetic, Tables, Compound Rules and Vulgar Fractions ; Latin continued, and Algebra, French, Grammar and English History commenced ; Geography, Physical and Political outlines of the Continents.

FORM III.—Former subjects continued; Greek ; German ; Ancient, Canadian and Scripture History commenced ; Physical Geography and the British Empire in particular ; easy sentences in Latin Prose, Translation and Composition.

FORM IV.—Former subjects continued, and reviewed ; easy Latin and French authors read ; regular exercises in Latin and French Compositions and Dictation ; High School Grammar ; English Composition and Literature, and Roman History.

FORM V.—In this Form the Pupil reads such Latin, Greek, French and German authors as are required for pass matriculation. Special attention is paid to Composition both in Classics and Moderns ; with Bell's Standard Elocutionist as the text book, he is taught the principles of Elocution ; and in connection with the Latin and Greek authors read, he takes up the study of ancient Geography.

FORM VI.—The work in this Form is Pass and Honor matriculation work. In English subjects the work is more extended and critical ; and translation must be elegant as well as exact.

Of the above subjects, Greek, German and Drawing are optional, and those desiring a commercial course, may take Book-keeping in place of Latin and Greek.

Mental Arithmetic and Dictation are regular exercises in Forms I. to IV.

Lent Term begins about the second week in January.
