Poultry Fencing that is Stronger than Seems Necessary

We make our poultry fencing close enough to turn small fowl—then we make it extra strong, so it will last for years and keep the cattle out. The heavy, hard steel top and bottom wires hold it taut and prevent it from sagging.

PEERLESS POULTRY FENCE SAVES EXPENSE

It is well galvanized so as to protect it from rust. It makes such a firm, upstanding fence that it requires less than half the posts needed for the ordinary poultry fence, and that means a big saving to you. Write for particulars.

We make farm and ornamental fences and gates of exceptional quality. Agents wanted where not now represented.

Diarrhoea, Dysentery, Colic, Stomach Craps, Cholera Morbus, Cholera Infantum, Seasickness, Summer Complaint and all looseness of the Bowels may be rapidly and effectually cured by the use of

Dr. Fowler's Extract of Wild Strawberry

The medicine with a record of cures extending over 65 years. You don't experiment when you buy it.

Do not be imposed on by any unscrupulous dealer who wishes to substitute the so-called Strawberry Compounds for "Dr. Fowler's," as these no-name, no reputation substitutes may be dangerous to your health. Always keep it in the house.

"Proved it again and again"

Mr. John R. Childerhouse, Orillia, Ont. writes: — "When in Fort William, last summer, I was taken sick with diarrhoea, and became so weak and suffered such great pain, I had to quit work. Our Manager advised me to try Dr. Fowler's Extract of Wild Strawberry, so on my way home I bought a bottle, and after taking four doses I was cured. We always keep a bottle in the house. We have also used it for our children, and find it an excellent remedy for summer complaint."

A Clean Cut Argument

In your favour is the use of good printing. It starts things off in your favor. People read your arguments, reasons, conclusions, when attractively presented. It carrys weight. Enterprising men use GOOD printing because it gets BUSINESS. If you don't already know our kind of printing, let us show you. It's an even chance we can save you money, too.

What's in a Name?

There is an endosement in every name that was ever inscribed on our rolls—an endorsement of this school, its character, its principles, its performance. They are names of men at the head of our bigges financial institutions; names of men whom you know, or know of, by reputation. True we did not make these men what they are to-day. But we are proud to say that we helped to lay the foundation for their making, and we are prouder of their loyal allegiance to their old school, to which they turn in confidence for all office help which they may require. Can you afford to ignore the weight and cumulative strength of endorsement in these names? You will find them in our handsomely illustrated prospectus. Write for it to-day.

TRY THAT

If you have any sore place—ulcer, eczema, burn, cut or cold sore, be well advised! Try Zam-Buk.

Druggists sell more Zam-Buk than any other salve.

Their profit on it is no greater than on others—is less than on many. Do you think Zam-Buk would be so much more widely used than any other salve if it were not so much better?

Sentiment and advertising might make first sales, but only QUALITY can produce repeat orders.

More and more Zam-Buk is being sold every month, because the quality is there.

How about the children's sores and skin troubles? Don't you think they deserve the best remedy you can get?

That's Zam-Buk.

C. E. SPARKS Reeve of Bevaly and County Councillor

Charles E. Sparks was born in the Township of Dawa in the year 1871, and with his father's family moved to Beverly quite a number of years ago. He received his education at Aberfoyle Public School, Harriston High School and the Galt Model School He was Principal of the Hunter's Corners' School for four years and also taught the Westower Public School for a short time.

On retiring from the teaching profession he took up the noble profession of "Tiller of the Soil" and for the past fourteen years he has been recognised as one of the most successful and up-to-date men of modern times. In 1902 he was elected a director of the great "World's Fair," on which board he is still an active member. He was elected a Member of the Township Council in 1905 and since that time has almost continuously been a member of that Council, occupying the position of Reeve at the present time. He is a member of the Methodist Church at Westover, an active worker in the Sabbath School and Recording Steward of the Sheffield Circuit. Although he is a busy man, looking after the requirements of work on his farm, and the needs of the church, he is always ready and willing, where the demands of the state require his personal attention, to use up a gallon or two of gasoline in hurrying to the place where duty calls.

By his geniality and impartiality combined with tact and good judgement he has won or him a host of friends throughout the country.

DAVID PATTERSON
7th President of the World's Fair, Rockton

DAVID PATTERSON was born in the County of Antrim, Ireland in 1830 and in 1838 the family settled in Beverly township on lot 26, con. 3, which at that time was an unbroken forest. He assisted in clearing a number of farms in that neighbourhood. He took a deep interest in promoting the interests of the Beverly Show, being elected a director in 1872 and was re-elected in '73. In In 1874 he was elected vice-president, and in 1875 became president, and was subsequently elected each year a director until his removal to his present home home near Dundas. He was a director of the Great Central Fair at Hamilton during its existence, and lately at the Dundas Fair. In 1878 he was elected a Councillor of the Township of Beverly, re-elected in '79 and '80 and in 1880 was elected to the position of 2nd deputy reeve. He had also held the position of Councillor in the township of West Flamboro.

ANDREW KERNIGHAN

(Khan's Father) Aged 90 years

The bearer of this well-known name is one of thetownship oldest pioneers. He has passed his nineteeth mile stone, sound and hearty, and there is nothing to prevent him lividg to enter the centenarian class

He has lived a quiet and uneventful life on the farm where he has resided continuously for seventy-six years. He is a link binding the far past and the frequent present.

Mr. Kernighan distinctly remembers the meeting called to organize an Agricultural Society in Beverly and has seen the annual event increase in importance every year. The old pioneers grow fewer every year and the subject of this sketch finds himself much alone.

His old neighbours and comrades crossed the dark valley long ago and one does not make many new acquaintences when one is past ninety.

He is spending his last years serenely proud of the country that he helped to build and assured that it is one of he finest lands in all the earth.

JAMES GRAY.

James Gray, who was one of the first directors of the World's Fair, was born in Hawick, Roxburghshire, Scotland, July 1st, 1803, moved to Northumberland, England, in 1811, was Married May 13th, 1833, and sailed from Liverpool for Canada on the 18th of the same month. Had a long and tedious woyage being thirteen weeks in the vessel. On reaching Toronto he bought Lot 28, con 4 Beverly from the Canada Company for £75. He arrived in Beverly on September 4th, and immediately proceeded to cut down trees and build a house. His wife died the following year and he endured all the lonliness and hardships of pioneer life, he married again in 1847, died in 1882. One daughter. Mrs. William Henderson, who resides on the homestead survives.

He was an active worker in the Presbyterian Church, West Flamboro, being an elder for forty-eight years.

JOHN COWIE one of the first directors of the Fair.

Mr. John Cowie was a native of Haddington, Scotland. When quite a young man, he like many of our fore fathers, became ambitious to make a home in distant America and sailed with his partner in life across the Atlantic, settling near Hamilton in what is now know as Tapleytown. After a few years he took possession of the two hundred acres now known as "Mellow Lees Farm," and occupied by his son William, on the Ninth Concession of Beverly.

Like the early pioneers he shared the hardships and privations of early settlers, yet they had their joys as well as sorrows. A family of four daughters and one son blessed their home, and years of prosperity came to reward him for his perseverance.

He took an acrive part in local affairs and during his active years was never absent from the Annual World's Fair.

In religion he was a staunch Presbyterian and in 1890 died at a ripe old age.

Sailed for this country in 1834; died in 1890.

JOHN IRA FLATT, Ex-M.L.A.

The name of John Ira Flatt is one of the best known in Western-Canada in connection with the timber trade. He was born in the township of Hast Flamboro, and up to the age of sixteen he attended the common school at Waterdown, and then for four years ... oreline worked steadily on his father's farm. The succeeding ten years he worked for himself on a rented farm and to this he added the lumber business in 1865. Six years later he formed a partnership with the late Robert Thompson of Lynden, with whom he operated for five years, and then a dissolution taking place, the firm of Flatt & Bradley, one of the most noted in the armals of the lumber trade, was formed. For sixteen years they carried on the basiness with great success, enlarging the original field of every township around Hamilton until to-day Mr. Flatt, at the head of the firm of J. & W. Flatt, in which his sons Jacob, William and Daniel are associated with him, is carrying on a very extensive business in heavy timber and masts, one adug in nearly all the States of the Union, as well as Nothern Onteres the chief centres being Sidnaw, Mich.;

Toledo, Ohio.; and Parkersburgh, West Virginia, their production always commanding the highest prices in Quebec, Liverpool, London, Glasgow and all the great timber markets of the world. In brief, if may be said that, west of Toronto, no house in Canada carries on lumbering operations so extensively, or enjoys a better reputation than the firm of J. & W. Flatt. In public affairs Mr. Flatt has always borne his part worthily and well. In 1860 he was elected a member of the West Flamboro Conncil in which he served for seven years continuously. During the years 1886-87-88 he was reeve of East Flamboro township and in the last held the honorable position of warden for the county of Went-worth. In politics Mr. Flatt is a Liberal in the highest sense and was honored by the Reform party

JOHN IRA ELATT in being elected representative to the Ontorio Legislation on the 26th June, 1894, for North Wentworth; he has become widely known as an active advocate of progressive legislation and especially by the passing of his famous Toll Road Bill In religion from his youth up he has been connected with the Methodist Church, and for the past 35 years he has been a leader or assistant leader in the Millgrove Church, and occasionally a delegate to the General Conference of the Methodist body. In his private life as well as in his whole business career Mr. Flatthas been distinctly a man among men, and his record is one upon which his family, as well as his thousands of friends, may look with pride. Mr. Flatt is now retired and resides at 254 Bay street south, Hamilton, Ont., and is still hale and hearty in his 80th year.

THOMAS McQUEEN, 19th President World's Fair, Rockton

Thomas McQueen, son of the late James McQueen, was born near Kirkwall, on lot 19. con. 7, township of Beverly, in the year 1838. When he had reached the age of 21 he set out for the gold diggings in California, and his indomnitable perseverance and pluck gained for him the great object for which he set out, and it is said he came back laden with goldinuggets. The tales of the wild west told in his inimitable style have caused roars of laughter or struck the listeners dumb with horror and dismay. In 1867 he bought the farm known as the John Mulholland farm, on which he has lived ever since-He wields great influence in the township, being very popular with all parties. He was elected councillor in 1870, served for the next seven years deputy reeve and then was placed in the highest seat in municipal affairs in 1878. In 1880 he was elected a director of the Beverly Agricultural Society, and was re-elected each year up to 1886, when he was elected vice-president, and in 1887 became president and has every year since been an active director. After leaving Sheffield in 1896 he went to Hamilton and took charge of the Asylum farm there for about thirteen years and then took a trip to the Pacific Coast and saw the wonderful changes that had taken place since 1861 when he was there and came home down through the great west, and is now living in the historic town of Dundas trying to spend the balance of his time.

was born in the township of East Flamboro, on the 26th of January, 1859. He attended the Waterdown public and high schools until he was twelve years of age. He then worked on the farm for four years, and at the age of sixteen he bought out a general store business in Waterdown. This he conducted successfully for four years, and then, selling out, began farming again. His early experience in agricultural persutts gave him a knowledge and interest which have been very profitable. Some years ago he became interested in the lumber business and in this he has also been most successful as have been all his business interests.

Mr. W. O. Scaley, Ex-M.P. for Wentworth,

He early took an active interest in elections, both murcipal and political. He was elected reeve of East Flamboro and was a member of the county council of Wentworth. He was a strong advocate of "goods roads," "free markets," "conomical management of public affairs" and "reduction of taxes." He had a great deal to do with abolishing tolls from four of the leading roads of the country. He was instrumental in getting the country council to unite with other country councils in having a petition presented to the Legislature to have market fees reduced, which petitions were successfully. He also took an active part against the unsatisfactory use of the grain tester and against the unfair practice of deducting two pounds of the weight of hogs when the

producer was selling. He has always taken a great and intelligent interest in the farmers, fruit and vegetables growers, and this policy he will continue to develop.

Mr. Sealey was first chosen as candidate for the House of Commons in June, 1900, by the Liderals of South Wentworth on the retirement of the Hon. Thomas Bain. He, however, was defeated by Mr. E. D. Smith, as owing to the gertymandar, South Wentworth was largely Conservative. On the readjustment of the Wentworths to their former boundaries, Mr. Sealey received the nomination to contest Wentworth at the approaching dominion elections and was declared elected by a small majority, but on a recount an irregularity was discovered on the part of a deputy returning officer by mistake, and he lost the election. At the by-election held in 1905 he suffered defeat by a small majority, Mr. E. D. Smith again being successful. At the Reform Convention of November, 1907, Mr. Sealey received an enthusiastic nomination and on the 26th of October, 1908, he was elected by a majority of 346 over Lieut.-Col.; W. H. Prolemy, the Conservative candidate.

His active career in the House of Commons during his parliamentary term is well-known to most people in Canada and his efforts along agricultural lines, as well as matters of Trade and Commerce, have brought exceptionally good and lasting results.

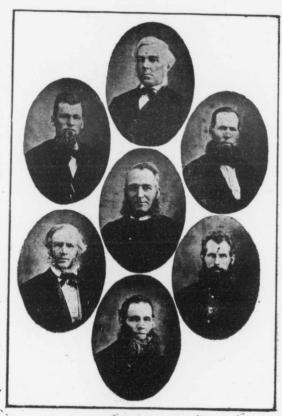

He was defeated with the Government on September 21st, 1911.

DR. JAMES McQUEEN.

Dr. James McQueen conferred a favor on the township of Beverly in 1868 in being born there, near Sheffield. He is the son of Mr. Thomas McQueen, one of Beverly's best known citizens. The doctor's public school education was found at Sheffield. He then attended the Galt Collegiate Institute, where he was distinguished as a brillinnt student and a good athlete. He was a member of the junior champion football team of Ontario and was a strong and swift forward.

He took his medical course at Trinity Medical College and graduated in 1891. He then practised his profession at Lampton Mills for a short time, then succeeded Dr. Metheral at Freelton in 1893. He immediately entered upon an extensive practice which has been steadily growing ever since. He is recognized as one of the leading men of his profession, and his reputation is a most enviable one. The doctor is an active citizen in everything that pertains to the best interests of the community. He has been an elder of the Presbyterian Church for seventeen years and is a most useful member. He has always taken an active part in politics in the interests of the Liberal party and in February, 1911, was chosen as their candidate in the coming Provincial Election at which he was elected as the representative of Wentworth. He is a splendid public speaker and is much in demand on occassions of entertainment and instruction. He is most unselfish and unsparing in his efforts to benefit the community in which he resides and is one of Wentworth's most worthy and most influential citizens 139

One of the best known men in the County of Wentworth is D. Dwyer, whose genial good nature has won for him hosts of friends. For fifty years he has lived on the same farm Mr. Dwyer had the hardships of the early pioneer but being strong in body and determined in mind, he saw the great change from the log cabin to the beautiful home he now occupies. He has always taken a keen interest in the public affairs of the community in which he lived. He became a director of the World's Fair in — and its president in 1898. He has been a Director of the Beverly Plowing Match since its beginning and a License Commissioner since 1905. He took deep interest in the movement to abolish the tool gates in Wentworth and along with R. L. Biggs, Thos. McQueen, the late Jas. McCormack and the late Wm. Menzies formed a committee who strove to interest the different municipalities in free roads, they held meetings at Galt, Dundas and Toronto, and finally succeeded in purchasing the Dundas and Waterloo-Road from the Mowat Government, and we have ever since then enjoyed free roads. Mr. Dwyer has been distinctively a man among men, and his record is one on which his family as well as many friends, may look with pride.

Robert Thompson was born at Thompson's Corners in 1823. He did not have many advantages of school in these early days except in the school of experience. He took part in the early pioneer life in the district and helped to clear the farms so long as his health continued but was, however, compelled througa ill health to give up the work on the farm and entered in the business of supplying the Great Western Railway with wood for their engines, the first contract being for 200 cords. He continued to supply them until they changed their engines from wood to coal. His last contract was to supply them with 12,000 cords delivered at Lynden and Copetown. He then combined lumbering with the wood business, going into partnership with John I. Flatt, now Ex M.P.P. His partnership continued for quite a few years when it was by mutual consent Mr. Thompson continued the saw mill and wood business for quite a number of years until the wood and timber was nearly exhausted from this district. In 1881 he secured the Lynden Flour Mill, which was remodelled to the roller process in 1885, and conducted this business with the assistance of his son until his death in October, 1890.

He was always interested in the public affairs and took an active part in

THE ST. GEORGE CONDENSARY

The St. George Condensary, which is owned and operated by J. Malcolm & Son, was started by Mr. Malcolm 4 years ago. After going over to the United States, and securing a good condensing man, he proceeded to install the expensive machinery used in a condensing plant. After getting the machinery installed, and the plant in operation, he discovered that there was no sale for his goods; his goods being unknown in a market glutted, and after filling the factory with condensed goods, he had to shut down. Not to be discouraged or daunted, he had faith in the future of the Condensed business. and by his perseverance and stick-to-it-ivness, he succeeded in getting his goeds on to the market, and by putting in more expensive and up to date machinery, and turning out a first class product, he has pushed his goods ahead until to-day he cannot begin to fill his orders, and his special lines known as the St. George Evaporated Cream, and The Banner, and Princess Milk, are known in every town and city from the Atlantic to the Pacific. The St. George Condensary is the only Condensary in the Dominion which is run as an Independent Factory, all other Condensaries being run by large Corporations.

D. B. Wood always reached out for the farmer's trade and was fortunate ingesting a good share of it. His extended business career carried him to the city of Brantford, where he became active in business, municial and other pursuits, and afterwards to Beverly's county seat—the city of Hamilton, where he resides at present. He is manager of the splendid business of the Wood Milling Co. there, and western manager of the Dominion Flour Mills Co. Ltd., who have mills now in St. George, Brantford, Hamilton and Montreal, as well as a very wide and constantly growing business in grain and produce elsewhere. It is a pleasure for Man to look back to the boyhood days at St. George and from time to time constinue to wield the golden links of friendship with his Beverly friends. He has perliaps a wider sequalntance than any other business man in Brant and Wentworth counties, sad yet he believes in the standard trueism that "old friends are best." He and his milling and grain business have be/n so closely allied with Beverty for so many years that we almost claim him as a Beverly man in this our Goldess-Jubles.

Mr. Smith sat for Wentworth in the House of Commons from 1900 to 1904, majority being 186. When the constituencies were redistributed and the present constituencies were formed it was supposed to be an impossible constituency for a Conservative, but Mr. Smith was declared elected by a small majority, but as twenty-five votes were thrown out at the recount on account of having been improperly initialed by the deputy returning officer, a protest was entered and a year was occupied, during which Mr. Smith did not offer to take his seat, finally a new election was ordered and Mr. Smith was elected by a majority of seventeen andheld the seat until the close of the parliament of 1908, when he retired from politics on account of a breakdown in health, which has since been largely regained.

WALLACE McDONALD, 2nd Secy.-Treas., World's Fair, Rockton

Wallace McDonald was born on the 23rd of June A.D. 1822, in a village called Eaton, near Utica, in Oncida County, New York. His parents were natives of Glasgow, Scotland, but came to Canada in the year 1820, and then moved to New York in the spring of 1821, and remained there until 1836, when they came to Canada again with their family, settling on a bush lot near Valens P.O., in Beverly. Wallace received his education at a common school before he was twelve years of age.

After coming to Canada he was actively engaged in bush life and farming until the year 1857. He was elected anunicipal councillor and was then appointed a Justice of the Peace and again elected Councillor in 1858 and 1859, was elected. Reeve for 1860 and 1861, and was requested to be a candidate again, but declined, preferring to retire into private life, which he did and remained so until December 1st, 1862, when he was selected Division Court Clerk for Beverly, and in October, 1863, he was appointed Township Clerk. He then moved with his family to Rockton, and held the position for 42 years. He was Secretary of the Beverly Agricultural Society from 1870 until 1876, when he resigned owing to the pressure of other business. The society flourisdtd under his management. JOHN ARMSTRONG, 1st Secy.-Treas. World's Fair, Rockton

John Armstrong was born in Cumberland, Ebgland, on October 22nd. 1811, emigrated to Canada with his parents in 1831, and settled on lot seventeen, concession four, Beverly. At that time this section of the country was a dense forest, there not being even a brush heap to be seen. There were only three houses or rather huts along what is now the Dundas and Waterloo stone road, one of these was where William Hugill now lives, another at the Spring Creek, near Rockton, and the third at the ancient village of Romulus, near the village of Sheffield. Mr. Armstrong's father took up 200 acres of land and sected his rough dwelling near where the late T. B. Armstrong lived. When a took to himself a wife his father gave him the south half of the 200 acres and on that farm he lived most of his days. The subject of our sketch had received a good education and that coupled with good judgment and a ready pen, gave him a decided advantage over his fellow citizens. Before Division Courts were established in this part the people had a Commission Court and John Armstrong was clark of that court. He was also Clerk of Beverly township during the years 1842-43-44 and 45. Mr. Armstrong ws elected secretary-treasurer at the organization of the Beverly Agricultural Society in 1853, and held the position for eighteen years.
