Two Hundred Refugees in Hotel Probably Lost Lives in Flames Impossible to Effect Rescue

Boats Dared Not Approach Within Mile of Beckel House Where Large Num- ber of Flood Survivors Had Gathered—Fire Apparently Extinguished Gets Fresh Start.

DAYTON, O., March 26.—(Can. Press.)—That a fierce fire which appeared to be sweeping thru the half-submerged business district of Dayton late tonight, had destroyed the Beckel House, where there were supposed to be more than 200 flood refugees, was the consensus of opinion of scores of watchers atop the National Cash Register building, nearly two miles from the scene of the flames. Investigation of the fire at close range was utterly impossible. More than a mile of flood water intervened between the point where the staunchest boats dared to venture and the area of the flames.

Traced by aid of maps, it appeared that the Beckel House was destroyed some time after 10 o'clock. Whether the scores of refugees supposed to have been there had tried to escape was only a matter of conjecture.

The city has been placed under martial law. At midnight residents of Dayton watching the course of the flames from across the wide stretch of flood waters believed the fire got its new start this afternoon in the store of the Patterson Tool & Supply Co. on Third street, just east of Jefferson. Thence it ate its way west, apparently aided by escaping gas and exploding chemicals in a wholesale drug establishment.

TOLL OF DEATH IS MORE THAN 3,000

Half a Million People Homeless, and Property Loss is Esti- mated at Hundred Millions —Floods Have Spread to Western Pennsylvania and New York State.

Special to The Toronto World.
NEW YORK, March 26.—The best available estimates of the dead in the floods that ravaged Ohio and Indiana, at 1 o'clock this morning, was that 3166 died in Ohio and 196 perished in Indiana, making a total in those two states of 3362.

A round half million people were made homeless and the property damage in both states will be at least \$100,000,000.

At Dayton, Ohio, where the greatest damage was done, there was still great doubt as to the total number of dead, but it was thought it would not be less than 150, the Gov. Cox was credited with the belief that 1000 was nearer the right figure, he being his opinion that at least 500 perished in North Dayton alone.

Three villages are said to have been wiped out in Indiana, and 150 are believed to have perished in Peru. "Wide Area Desolated."
Farmers, with their families are marooned on highway embankments for miles in flooded Ohio, and the whole country is desolated.

PUT IT THRU NOW!
This important statement made in the house of commons yesterday, by Winston Churchill, first Lord of the Admiralty, in regard to the new imperial fleet unit, to include the Canadian three dreadnoughts, ought to end the unhappy conflict at Ottawa. The Canadian navy will come later, but the great thing is to make a beginning.

WHO ARE OPPOSING LEASIE'S ANNEXATION?
Perhaps half the opposition Leasie's resolution is coming from that subdivision who haven't the courage to throw in their lot with the party, or who are frightened off by the little-eyed contingent.

DAMAGE DONE TO RAILROADS AMOUNTS TO FIFTY MILLIONS

CHICAGO, March 26.—Railroad officials here tonight declare that transportation lines thruout Ohio and Indiana and those centering in Chicago, face the greatest loss in their history. A conservative estimate places the damage done to railroad property at \$50,000,000. It is divided as follows:
Pennsylvania, \$15,000,000; Baltimore & Ohio, \$10,000,000; Big Four and Monon routes, \$10,000,000; Erie, \$2,000,000.
Other roads terminating in Chicago estimated at from \$5,000,000 to \$12,000,000.
Train communication between the east and the west is virtually at an end.

CANADIAN DREADNOUGHTS TO BE PART OF IMPERIAL SQUADRON WILL CRUISE AROUND THE EMPIRE

Churchill Announces That Admiralty Will Establish Central Base for Canadian, Malay and New Zealand Ships at Gibraltar—Dominions Will Be Considered in all the Squadron's Move- ments—Facilities for Entering Service.

LONDON, March 26.—(Can. Press.)—(Via Reuter's Ottawa Agency.)—Turning to the proposed Canadian ships, in his address on British naval estimates in the commons today, Hon. Winston Churchill said:

"While they will be directly controlled by the admiralty, we propose to form them, with the Malay and New Zealand ships, into a new squadron of five ships of high uniform speed, to be called the Imperial Squadron. It will be based at Gibraltar and thence able to reach Halifax in five days, Quebec in six days, Jamaica in nine days, the South American coast in twelve days, Capetown in thirteen days, Alexandria in three days, Sydney in twenty-eight days, New Zealand in thirty-two days, Hongkong in twenty-two days, and Vancouver in twenty-three days.

"Our intention is that this squadron shall, as opportunity serves, cruise freely about the empire, visiting the dominions, ready to operate at any threatened point at home or abroad. The dominions will be considered in all movements not dominated by military considerations. Special facilities will be given for Canadians, South Africans and New Zealanders to serve as men or officers in this squadron. In this way the true idea will be given of a mobile, imperial squadron of the greatest strength and speed, patrolling the empire, showing the flag and bringing effective aid wherever needed.

"There is no more valuable principle than imperial federation and inter-dominion action. We cannot control these developments. Each dominion is absolutely free to take its own course. The admiralty will do its best to work loyally with the responsible ministers of any government that may come into power in any part of the empire. That is our duty. But it is also our duty, with our knowledge and experience in naval matters, to state clearly what we believe to be the right, sound plan for these important developments to follow and to combine as far as possible what is best for each with what is best for all."

OVER THREE THOUSAND ARE DEAD HALF A MILLION MADE HOMELESS PROPERTY LOSS OF \$100,000,000

These Are Revised Figures of Death and Devastation in Two Stricken States of Ohio and Indiana—Besides Incalcul- able Damage to 14 Cities, Railroads Were Crippled by Demolition of Bridges and Tracks.

CHICAGO, March 26.—(Can. Press.)—Three thousand may have perished in the deluge which swept the northern half of the Ohio River Valley yesterday and today. Probably half a million people were made homeless by the flood in Indiana and Ohio, and property damage in both states will be at least \$100,000,000.

These figures were compiled this afternoon from reports received here from various points in the stricken district. Further reports may increase the number of dead, and it is unlikely that any decrease in financial loss will be made.

An additional horror was reported early this afternoon from Dayton. Fire there, which seemed widespread and probably uncontrollable, in view of the paralysis of the water plant, probably brought a horrible death to many who sought to escape drownings by climbing to upper floors of buildings.

The State, and How to Prevent the Floods

Theodore Roosevelt had the genius and statesmanship to build the Panama Canal—a great public work owned by the state, built by men in the service of the state—and for the use of all the people of the States without discrimination whatsoever. And as soon as he got it under way he announced a second great national work, of even more importance to the United States—to control and store the waters of the whole Mississippi Valley and prevent floods like the appalling ones now devastating Ohio. He contemplated putting the army of engineers, mechanics, workmen, plant, organization and method of the Panama Canal outfit—whatever of it was available—at the improvement of the Mississippi Valley, from the fourteenth to Wisconsin down to the Gulf of Mexico. He saw the havoc of the floods and he saw the untold wealth that could be created by stopping the waters by immense barrages and channels and artificial lakes; using this water for a 30-foot channel of continuous navigation, and for an unlimited creation of hydro-electric power. Also for irrigation; and at the same time almost absolutely guarding against the destruction of life, of buildings, of vineyards and levees, of land, of crops, of landmarks!

The catastrophe of this week in Ohio and other states will hasten this work, and in all probability congress will forthwith move on the plan outlined by Col. Roosevelt. The army of construction of the isthmus will be ready to go to work before September, and it is the greatest organization of its kind ever got together.

Has nature changed or has man changed nature in the matter of these floods? The latter, certainly. Formerly the water further back, through the swamps, up the tributaries, did not get into the larger streams for 60 days, sometimes for a year, after it had fallen or melted. The swamps held it, the obstructions of trees, of beaver dams, of other impediments.

TOCHATALJA MAY HAVE FALLEN TO ALLIES

Report That Last Turkish Line of Defence Has Succumbed Follows News of Adrianople's Surrender After Memorable Defence—Allies Suffered Tremendous Losses.

Special Cable to The World.
LONDON, March 27.—(Copyright.)—The Times says that, according to information received in London this evening, the Bulgarians have succeeded in driving the Turks out of their position and are now in possession of the town of Tchatatalja, just outside the Tchatatalja lines. The Chronicle prints a despatch from Constantinople, dated Wednesday, by wireless, via Constanza:

"There is an uneasy feeling in many quarters that Constantinople is on the eve of another crisis, and it would not be surprising if an attempt were made within the next few hours to overthrow the government. It is declared that revolutionary plans, formulated by the military league, are ready for execution. The committee of union and progress is desirous of shifting the onus of making peace upon other leaders. The sultan was requested to order Achmet Boustari, who was the grand vizier on the outbreak of the war, to form a cabinet. Achmet Boustari had a long interview at the palace and in the end refused the task. There has been considerable military activity here since Tuesday. Soldiers are being rushed to Tchatatalja by land and sea. Many wounded are arriving daily."

The Original Lord's Prayer

As an indication of blue blood and of legitimate birth the ancients used to swear on the thigh, according to Prof. C. A. B. Brockwell of McGill University, Canada.

LOSS OF LIFE VEILED

Rescue squads worked frantically today to throw back the veil that hides the true story of the Dayton disaster—the number of dead. Late tonight the arrival of motor boats gave hope that by tomorrow the northern section of the city, now cut off by the Big Miami's impassable barrier, may be penetrated, and then may be learned the fate of hundreds imprisoned by the torrent that poured down from the broken reservoir.

The list of dead was added to this afternoon by the death of a refugee. It was reported late tonight that a number of dead had been found in houses at Fifth and Eagle streets, but when rescuers worked their way into the partially submerged buildings they found a number of the flood's prisoners who were weak from fright and hunger.

WIRE SERVICE RESTORED

Dayton was practically cut off from wire communication until late this afternoon. Then two wires into Cincinnati were obtained and operators plunged into great piles of telegrams from Dayton citizens, almost frantic in their desire to assure friends outside of their safety. Operators at opposite ends of the wires reported that thousands of telegrams were piled up at relay offices. These were from people anxious over the fate of Dayton kinsmen.

FIFTY ARE DEAD IN TIFFIN, OHIO

Half of City is Submerged— Dozens of People Were Swept Away by Currents.

TIFFIN, O., March 26.—(Can. Press.)—Death and intense suffering have marked the great flood which has swept clean the Sandusky Valley. Tiffin is a city of desolation. Half of the city is under water. Fire Chief Albert Harris, who has had charge of the rescue work, estimates the loss of life at fifty. The known dead are:
Jacob Knecht and family of eight, and George Knecht and family of four.
Dozens have been carried to death in the treacherous currents, and only the abating of the flood will tell the toll of lives the inundation of Tiffin cost.

Eight Buildings Destroyed Probably Held a Number of Refugees From Flood—Veil Hangs Over Dead and Estimates of Extent of Disaster Are Almost Impossible —Marooned Thousands Beg Piteously for Food and Water Which Cannot Be Supplied—Troops Arrive From Near-by Cities and Wire Service is Re-Established.

DAYTON, March 26.—(Can. Press.)—Flames that destroyed eight buildings in Dayton's submerged business section tonight cast a red weird glow over the flood-stricken city that added to the fears of thousands of refugees and marooned persons and led to apprehension that there may have been many of the water's prisoners in the burned buildings.

Soon afterward notice was posted in headquarters of the emergency committee announcing that the city was under martial law, and several companies of soldiers arrived from neighboring Ohio cities. The soldiers were employed to patrol edges of the burned district and prevent further looting of homes freed from the flood's grasp. Up to a late hour tonight there had been no material disorder.

THREE THOUSAND SAFELY HOUSED

It was impossible to ascertain, even approximately, the number of persons who might have been marooned in this section, and who died after being trapped by flood and fire. Nevertheless rescue work went steadily on, and about three thousand persons were housed in places of refuge tonight, the majority of them in buildings of the National Cash Register Company. At least 65,000 persons are imprisoned in their homes and in business buildings. It is feared their two-days' confinement, accompanied with hunger and fright, has caused tremendous sufferings. The flood came with such suddenness that food supplies in homes were whisked away by the torrent that reached to second floors in almost the flash of an eye. Skiffs skirted the edge of the flooded district, attempting to take food to those whom it was impossible to carry off, but the fierce current discouragingly retarded this work.

Dayton was practically cut off from wire communication until late this afternoon. Then two wires into Cincinnati were obtained and operators plunged into great piles of telegrams from Dayton citizens, almost frantic in their desire to assure friends outside of their safety. Operators at opposite ends of the wires reported that thousands of telegrams were piled up at relay offices. These were from people anxious over the fate of Dayton kinsmen.

Two oarsmen who braved the current that swirled thru the business section of the city today reported that the water at the Algonquin Hotel, at the southwest corner of Third and Ludlow streets, was 15 feet deep. From windows in the hotels and business buildings, hundreds of the marooned begged piteously for rescue and food. The oarsmen said they saw no bodies floating on the flood-tide, but declared that many persons must have perished in the water's sudden rush thru the streets.

PITEOUS APPEALS MADE

Oarsmen who worked into the outskirts of the business section tonight reported that 250 persons marooned in the Arcade building and 200 imprisoned in the Y.M.C.A. building were begging for water.

A shortage of provisions was threatened this afternoon, when it was reported many relief trains bound to Dayton from neighboring cities had been stopped by high water. Every grocer in the city had been sold out before noon. It was believed that the relief trains might creep in during the night.

Encouragement was received in a message from the mayor of Springfield tonight, who said he was sending six big trucks loaded with provisions that should reach Dayton early tomorrow.

With the arrival of motorboats tonight it was hoped to

HUNDREDS OF FLOOD VICTIMS INCREASED BY RISING WATERS WHICH THWARTED RESCUE WORK

Rain Continues to Descend and Confirmation of Death Lists Cannot Be Obtained Because All Wires Are Down and Railway Communication is Cut Off.

COLUMBUS, O., March 26.—(Can. Press.)—Ohio is experiencing the worst flood in its history. Many estimates of the damage to property is the greatest since Galveston, Texas, was literally swept off the map. Gathering darkness tonight brought no relief to the scores of cities and towns of the state that are inundated and cut off from the outside world, but, instead, cast a gloom over the rushing waters, practically thwarted rescue work, and increased the horrors of the situation. Thousands of persons are imprisoned by the swollen waters. Although the waters in some places are reported to be slowly receding, there was no immediate relief in sight tonight, while rain continued to descend.

Rumors Confirmed.

So appalling and seemingly exaggerated were many of the reports from flooded cities and towns today, that they were disputed, and in many instances wholly disregarded. Later reports from these same sections, many times confirmed what seemed to be wild rumors. In other cases reports proved not to be true, but the various news agencies of the state are working under great difficulties in securing reports, because of crippled wires and the fact that many of the flooded districts, cities and towns are completely isolated and only rumors can be obtained. These rumors are verified until the waters recede sufficiently to permit a restoration of wire and transportation service.

Distress and Disaster.

Although reports of distress and disaster are coming in from every section of the state, the greatest damage and loss of life is being reported at Dayton. The conditions there are beyond description. While the business portion of the city is practically under water and the estimated loss of life is appalling, fires are adding to the horror by increasing the death toll. The lights from burning buildings are adding horrors to the stricken city tonight. Loss of life is estimated at from hundreds to thousands.

Handicapped efforts at rescue work today failed to clarify the puzzling situation regarding loss of life from the flood in Columbus. Few many are considered conservative place the loss at from 100 to 150. Details Unavailable. At Delaware, 25 miles north of Columbus, the inland waters are all bound and details are unavailable. The known dead already number thirty-three, according to a correspondent who is on the scene of the town, not unlike others, is isolated. From Sidney comes the report that from 100 to 500 have been drowned. Governor Cox said that he had information that there was no loss of life at Sidney. Piffin reported at least fifty lives lost. Stratford, a town near Delaware, according to the report, is literally swept from the map and 100 are drowned.

Vernon Hard Hit.

According to a wireless report received at the Ohio State University here this afternoon from Mount Vernon, the inland waters are all bound and details are unavailable. The known dead already number thirty-three, according to a correspondent who is on the scene of the town, not unlike others, is isolated. From Sidney comes the report that from 100 to 500 have been drowned. Governor Cox said that he had information that there was no loss of life at Sidney. Piffin reported at least fifty lives lost. Stratford, a town near Delaware, according to the report, is literally swept from the map and 100 are drowned.

Serious Situation.

Reports from the northern part of the state indicate that the situation there is serious, and may result in a heavy death toll. Zanesville, on the swollen Muskingum River, according to reports tonight, was largely under water, and several buildings are reported to have collapsed. Wire communication was cut off early tonight, and many lives were lost. Confirmation is lacking.

SEVENTEEN DEAD.

LIBERTY, Ind., March 26.—(Can. Press.)—A local newspaper is in communication with Brookville by telephone for a few minutes tonight, and learned that at least seventeen were killed there in the flood on Monday night, and half of the town was swept away. No further particulars were obtainable.

KINGSTON MAN MAY BE VICTIM.

KINGSTON, March 26.—(Special.)—Frederick Shaw, a resident of Kingston, is employed with the National Cash Register Company, Dayton, Ohio. His parents have received no word from him.

TORONTO MEN ARRESTED.

ANTONIO and Albert Gostaldi, describing themselves to the police as tailors from Toronto, were arrested by a combination of city and St. Boniface police officers yesterday afternoon on a charge of securing from Milan Amador, 593 Tache street, St. Boniface, \$400 under false pretenses.

Appointment of Commission To Probe Cost of Living Voted Down by Legislature

Government Disapproved Motion of Opposition Because the Question Comes Within Scope of the Dominion House—Discussion on Kenora Water Powers.

No commission will be appointed by the Ontario government to investigate into the high cost of living. This decision came at six o'clock last night when a motion submitted by the opposition was snuffed under by a vote of 25 to 15. The government's opinion is that the question comes within the scope of the Dominion and it will leave the Dominion government to attend to it.

The Defeated Motion.

The motion was as follows: "That in view of the rapid and unprecedented increase during recent years in the cost of living and the difficulty which many of our citizens of this province consequently experience in providing themselves with the necessities of life, it is the duty of the government to appoint a thorough commission to investigate the causes of such increase in the cost of living and to report thereon, whether any, and if so, what measures can be taken by the government toward remedying and improving conditions in this regard."

In supporting the motion Dr. James McQueen gave an extensive speech filled with statistics to prove that the cost of living had actually increased. The rise in prices, he said, was world-wide in its nature and compared the well advanced countries in the world today were discussing it. After quoting prices to show that household supplies could be bought cheaper in London than in Toronto, Dr. McQueen came to the question of whether the farmers in Ontario were getting more than their fair share or whether the combines were responsible. Some statistics from the annual report of the Canadian Farmers Association were cited. The profit of \$502,000 in 1912, an increase of \$146,385 over 1911, was mentioned, and the dividend, 15 per cent, on preferred and 6 per cent on common stock. A law similar to the Sherman anti-trust act, said the speaker, was needed in Ontario.

Need Parrels Post.

The waning of the cattle and sheep breeding industries was then touched upon. A few years ago there were 1,000,000 cattle in the ranges in the Northwest, now there were only 600,000. With this record the cattle industry in Ontario was compared, and it was pointed out that the South American republic had 30,000,000 cattle.

Not Responsible.

Hon. W. H. Hearst, who replied to Dr. McQueen, did not make any attempt to refute any of the first speaker's arguments in support of the commission. Prices, he said, had advanced in all countries, so that Ontario government could not be blamed for the advance in Canada. "So long as we continue to import our necessities from the rest of the world, we are not responsible for the advance in prices, so long as we should not complain of the prices we have to pay to the government."

Lost Power Rights.

Earlier in the day the province's loss of the water power rights on the east bank of the Winnipeg River was alluded in the house by N. W. Rowell and Hon. W. H. Hearst. When asking for a return of all correspondence on the connection with the litigation, Mr. Rowell gave a short history of the case, in which he pointed out that all the Hudson Bay Company owned the land and both banks of the river, the provincial authorities were firm in their belief that this did not mean that the company had control of the water power.

Then Kenora applied to the government in 1908 for a lease of the river bed for power purposes. Before the lease was granted the Conservatives had come into power, and in drawing up the lease they inserted a clause stipulating that if any dispute arose over the ownership of the power facilities Kenora would have to defend it at their own expense. A dispute did occur, and Mr. Rowell was engaged by Kenora as counsel to defend the lease. In the first instance the prosecuting companies lost, but the crown, represented by Hon. W. H. Hearst, took no part in the defence. Then an appeal was made, and when the English law was brought in the town lost its right and the lease it had received from the province was worthless. Kenora then had to bargain with the companies at an extra cost of \$100,000. Mr. Rowell claimed that the crown's action in refraining from entering a defence at either suit was small.

Protective Law.

Hon. W. H. Hearst replied that what he did he did on his own responsibility. When the lease was granted to the town, he said, it was understood that if any dispute occurred the town would have to pay the cost itself. Had the crown entered the suit and failed, it would have constituted a precedent and the power rights in all the rivers in the province would be at stake. By refraining from entering the suit, the government was not bound by the decision and was able to pass a special act of parliament making it quit clear that in all other waters in the province the crown's right to the water power was protected.

BRITISH HOUSE OF COMMONS SCENE OF GREAT EXCITEMENT OPPOSITION PLANS FAILED

Elaborate Secret Arrangements Made to Force a Snap Division, But Ministerial Members Talked Until Government Whips Got Their Men Into House—All Business for the Evening Was Obstructed and Insulting Epithets Were Exchanged—Lloyd George Before Marconi Committee

LONDON, March 26.—(Copyright.)—A series of exciting scenes occurred in the house of commons this afternoon. The opposition had laid elaborate secret plans to take a snap division at 4 o'clock on the consolidated fund bill in the hope of defeating the government by surprise. They chose the occasion because at this stage the consolidated funds bill is always treated as purely formal and they presumed that the government would not have its supporters on hand. However, suspicion was excited on the government benches by the sudden crowding of opposition members from the nearby hiding places, and so when the hour came to give the government whips time to get their men to the house, he was followed by others, despite the persistent interruptions by the opposition. At the end of thirty minutes, the government allowed a division to be taken and got a majority of 39.

Business Obstructed.

Exasperated by the jeers and taunts of the ministerialists at the failure of the plan, the opposition became noisy and determined to obstruct all business for the evening. One Ulster Orangeman, named Moore, charged the government with "diabolical trickery," in fanning the opposition plot to snatch a division. On his refusal to withdraw those words, he was suspended by a vote of the house. His colleagues had arranged to follow his example, but their courage failed, so they vented their rage in yelling insulting epithets at the government. There were cries of "Marconi," "scoundrels," "hirelings" and similar expressions which have been recently so frequent that they cease to excite surprise or even resentment.

Would Have Won Out.

To intensify their chagrin, the Tories learned that if they had succeeded in getting a division at 4 o'clock, they would have beaten the government by five votes. This would not necessarily have been fatal to the cabinet, but it would have placed the ministers in a perilous position, especially in view of the shaking the Marconi affair has given them. In reply to Major Archer Shea today, Prime Minister Asquith stated that Attorney-General Isaacs informed him last July of his deal in America Marconi Co. stock, and also that some of these shares had been transferred to Chancellor of Exchequer Lloyd George and the Master of Elibank.

Attached No Importance.

Being asked why he did not inform the house when Isaacs denied having an interest in any Marconi shares, Mr. Asquith declared that the fact that he attached no importance to the scandalous charges in circulation. Thus the opposition has established that the prime minister knew when Isaacs uttered his sweeping denial on Oct. 11, that he was not making a complete disclosure. Lloyd George will be examined before the Marconi Committee tomorrow. It will be the severest ordeal of his career. There is a strong opinion that however innocent the action, it was unbecoming in the chancellor of the exchequer to speculate in any shares.

FIRE IS SPREADING RAPIDLY AND MAY GET BEYOND CONTROL

NEW YORK, March 26.—(Can. Press.)—A summary of conditions in Dayton, as reported over the telephone line to Chicago earlier in the evening included the following: "One of our employees who returned this evening from the north side of the submerged section of Dayton, says that the scene there is indescribable. People are being rescued from roofs of school buildings, and there is danger of these collapsing. "Others who were born in one church this afternoon. One was born in a boat while its mother was being conveyed to safety. The main was pouring in torrents at the time and a mother had been for six hours or more without necessary aid. Such scenes are common. "Attempts were made by us to aid the sufferers with supplies and such other help as we could. "School may collapse. "There is a school building said to contain 600 persons, and indications were that it would collapse in a short time. "People are being transferred to safety as rapidly as possible with the limited means at hand. Farmers and others for miles around are trying to prevail upon rescued ones to go to the relief parties in Dayton, but they are split up in most cases, famished and weary, and many of them picked up refuse to leave until all have been rescued. "The National Cash Register Co. has hands at work making boats and clothing."

Danger From Disease.

A relief committee which met on the north side of Dayton today reported 100 dead and 10,000 homeless. Many dead bodies were floating near the shore. There is great danger of the spread of disease. The noon. "A message later tonight from Phonon, received at the American Telephone and Telegraph office here, said: "The fire is increasing rapidly. Three or four hotels and churches and numerous other buildings are on fire. "Last reports from Mr. Anderson, who is stationed at a telephone, and who is heading a relief party in North Dayton, indicate that he thinks the reports of the loss of life have been exaggerated. "A still later message from Phonon has the effect that the station there has received a report that the fire was subsiding. A subsequent message was contradictory of the earlier report. "At about the same hour, according to Phonon messages, fires were again raging in Dayton. "For the past hour, a message said, "burning in Dayton has been plainly visible from our office here. The rain has subsided now, so the fire has practically nothing to check it."

Dizzy Headaches Cured in One Night

If Troubled With Head-Fulness, Ringing Noises, Specks Before the Eyes, the Stomach is at Fault.

Quick Relief and Certain Cure Came From Dr. Hamilton's Pills.

"I had terrible pains in my head. My appetite faded away, and when I did eat anything it disagreed and sent me to bed. The pains in my head came each meal. The pains in my stomach and the dizzy headaches I had to endure almost set one wild. Sometimes I would feel so weak that I would go to bed. I would feel so weak, depressed and utterly miserable that for hours I wouldn't speak to my family. My system was poisoned with wastes and nothing helped me. I used Dr. Hamilton's Pills. Without this grand system-cleansing remedy I would still be sick, but each day brought me better health and spirits. I was cured and made strong, ruddy and healthy, and will always use and recommend Dr. Hamilton's Pills."

FINE HOSPITAL REQUIRED OPEN

Lieutenant - Governor Gibson Present at Ceremonial at Bowmanville—Town is Congratulated.

BOWMANVILLE, March 26.—(Special.)—The new general hospital presented to this town by John W. Alexander, president of the Dominion Organ and Piano Company last year, was formally opened this afternoon by Lieutenant-Governor Sir John M. Gibson, who was accompanied by Lady Gibson, and Dr. R. W. Bruce Smith, provincial inspector of hospitals. John H. H. Jury, president of the hospital board, was director of ceremonies. Mayor Reid gave an address of welcome.

His honor congratulated Bowmanville on possessing such a complete hospital in such a lovely location and surrounded by the finest residence of Senator Robert Bell, known as South Park. He commended the citizens for making such a splendid provision for alleviating human suffering and emphasized the opportunity afforded for practicing charity and philanthropy. Rev. T. W. Joliffe offered the dedicatory prayer and appropriate and congratulatory addresses were delivered by Rev. H. B. Kenny, Dr. R. W. Fairbairn, Toronto. Music was furnished by Mrs. C. Arthur Cawker and H. J. Nowadays skilled chemists do this product called "Weyeth's Sage and Sulphur Hair Remedy," you will get a large bottle for about 50 cents.

THREE COUNTIES MAY SIGN CONTRACTS FOR HYDRO POWER

Representatives of York, Peel and Simcoe Asked Hon. Adam Beck for an Amendment to the Power Act so that Counties Would Be Enabled to Purchase "Juice."

The joint deputation from the Counties of York, Peel and Simcoe met the Hon. Adam Beck yesterday, as arranged. They suggested that Clause (b) in Section 2 of "An Act to Provide for the Local Distribution of Power," be amended to include the word "county." At present the clause is as follows: "Corporation" shall mean the corporation of a city, town, township or village municipality. The change would enable the county council to make power contracts with the commission, independently of the towns and townships, so that farming communities may have more influence in securing power service in their districts.

North Toronto.

Yonge street is dotted with danger signals about the annex. The heavy rains have searched out the soft spots in the sewer fill, and there are quite a number of small sinkings, which make last traveling dangerous.

Ward Seven.

West Toronto streets are going from bad to worse. It is a common sight to see a vehicle stuck fast in the mud on the outlying streets, but last night the Keele street police were notified of two horses which were sunk so deeply in the quagmire on St. Clair avenue, near Nickerson street, that they could not extricate themselves. Naturally police assistance was useless in this case and a block and tackle was required to pull the horses from one of West Toronto's principal streets.

Woman Built an Apartment House on Boulevard, Despite Injunction.

In the non-jury assize court of the city hall yesterday Chief Justice Giesbrecht granted an injunction against the owner of an apartment house at the corner of Harbord street and Palmerston boulevard, had violated an injunction granted by Justice Teasdale some time ago, and the apartment house is under construction. It was claimed that certain building restrictions were violated, and the injunction was granted to restrain the defendant from going on with the work. Mrs. Ryan's apartment houses has given her a great deal of trouble, and more is evidently in sight.

HAIR TURNING GRAY OR FALLING? JUST MIX SAGE TEA AND SULPHUR

It's Grandmother's Recipe for Dandruff and Restoring Color to Hair.

Some druggists make their own, but it's usually too sticky, so insist upon getting "Weyeth's," which can be depended upon to restore natural color and beauty to the hair and is the best remedy for dandruff, dry, feverish, itchy scalp, and stops falling hair. Folks like "Weyeth's" stop falling hair, because no one can positively tell that you dandruff your hair, as it does it so naturally, and evenly. You say a well-known downtown druggist. You "ampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. This requires but a few moments, but morning the gray hair disappears, and after another application or two is restored to its natural color, and looks ever more beautiful and glossy than ever. AMATEUR BASEBALL NOW IN LIMELIGHT

A.A.U. of C. Appoint Commission to Improve and Purify the Game—Quarterly Meeting.

At the quarterly meeting of the Ontario branch of the Amateur Athletic Union of Canada, held at the union offices in College street last night, Chairman Sinkins and his lacrosse commission were voted to thank the gathering on the successful completion of their work, which covered two most important matters—the organization of the Canadian Amateur Lacrosse Association, and the firm establishment of one body for Ontario, to represent this province in the national association.

The report of the registration committee, told of the enquiry into the charges made that the Eaton A.A. was not carried on as an amateur organization, and announced that, after an exhaustive enquiry and an examination of the books and accounts of the Eaton A.A., covering the height of their winter and summer activities, nothing was found to justify the detailed accusations made at the annual meeting of the union. The things that it had been stated, would be found in the accounts were not there, and everything had been produced by the Eaton A.A. in order to demonstrate that the charges were untrue.

The secretary's report regretted the absence of indoor meets during the past winter on account of the lack of a proper place for holding such in this city. Attention was called to the repeated reports in the public press that certain officers of the union were supporting a movement for the establishment of a competition not conducted in accord with the accepted amateur regulations, the reference being to the proposal to organize a football association, from which professionals would not be excluded.

In future, under a regulation of the registration committee, amateur cards will be for each calendar year, expiring on the 31st of December, and renewable immediately.

Lacrosse having been satisfactorily adjusted, it would be found necessary to consider the baseball situation, and endeavor to have the meeting fixed with a strict division of amateurs and professionals.

Treasurer Macdonald had \$355.33 to report as being the union's balance on hand. The membership, records and championships committee also reported, the latter stating that Newmarket had applied for the spring championships for May 24, and a mail vote is being taken.

The rights and privileges of the membership of the old C.L.A. in the union were continued in the Ontario Amateur Lacrosse Association.

W. J. Smith introduced a discussion on the loose and careless way in which licensed amateur baseball is conducted in Toronto and elsewhere in the province, and reminded the meeting that the function has been taken with regard to the Eaton team, other associations in the same position had not been asked for explanation.

The outcome was the appointment of a commission, consisting of Messrs. W. J. Smith, Fred Culliton and D. Cohen, with Secretary Trivett, and power to add to their number. This commission will consider the baseball situation and endeavor to present a means of improvement.

Besides President Thomas, Benches, Treasurer Macdonald and Secretary Trivett, the meeting was attended by P. R. Sinkins and Frank Doyle, O.L.A.; Francis Nelson, O.L.A.; D. Cohen, J. A. Stewart, A.C.; W. L. Greer and John Richardson, Vermont A.C.; A. J. Fette, British Unit; A.C.; N. H. Crow, Newmarket Y.M.C.; W. J. Smith and J. A. Stewart, Eaton A.A.; Geo. H. Lister, Central Y.M.C.A.

CHAMPIONS OPENED THE SEASON BY BEATING MERCER UNIVERSITY, 12-5

Shaw, Fitzpatrick and McConnell Used the Hickory With Good Effect—Lush and Bemis at First Base Hub Northern in Right Field.

MACON, Ga., March 26.—In their first game of the season, which was played against Mercer University here today, the Toronto champions won by 12 to 5. Tomorrow and two succeeding days the Leafs tackle the Boston Nationals, who have been in the south for almost a month.

In the absence of Jordan, first base was looked after by Lush and Bemis, while Fitzpatrick took Holly's place at short. The Leafs hit the ball very hard against the pitching of Moses, the Mercer's star. The latter has been pitching winning ball for his team for three weeks. Neither Kubat nor Rudolph took chances on speed. This winter's selling was sharp and clean.

BUTLER BUYS UP CROP OF YEARLINGS

Owner of Mexico Track Gatherers in Castleton Stud Farm Stock—Paid Big Price.

Special to The Toronto World.
NEW YORK, March 26.—The greatest sale of thoroughbreds that has taken place in years was completed today. James Butler, stockholder in the Empire City Race-Track Association and the Juarez track in Mexico, bought the entire crop of yearlings, thirty-six in all, that were foaled at Castleton Stud Farm, Kentucky, from the estate of the late James R. Keens, for the sum of \$60,000.

It was the greatest sum paid for lot of thoroughbreds since the anti-betting laws were passed.

CLYMER THINKS HIS BISON ARE GOOD ENOUGH TO LAND

Hasn't Shaped Up His Lineup Yet, But Has a Wealth of Material—Taylor to Try Again.

According to the latest bulletin of Secretary John H. Farrell of the National Association of Professional Baseball Leagues, the Montreal club has reinstated three of the men who were suspended some time ago, presumably for failing to sign the contracts tendered.

The men reinstated are Mark Purtell, E. J. Burns and Edgar Lennox.

It is to be presumed that these three have signed their contracts. Think of the terrible experience they have been through—suspended from the ballgame and then reinstated. Next season it's a good guess they will sign their contracts when first offered if they call for but \$150 per week.

"I'm not crowing about what the Buffalo team will do this year in the pennant race," says Manager Bill Clymer, whose Bisons are training at Charlotte, N.C. "It would come with ill grace from me to crow about it. I'm going out and we will have to wait for our manager to win the flag. Of course, every manager expects his team to win the flag when the season starts. But you can say this for me, that I will put up the hardest fight of my career to land the Buffalo team on top. I'm not going to play favorites. The boys who show the best will get the regular berths. I think we will have a very good team. I want to study the men I have under me before making a final selection. I might say that Beck is playing grand ball and will cover first, unless something should happen to his chances. Murray will go into centerfield where he has his camp, and I presume McGraw will be able to hold down his job alongside of Murray. Aside from that I can't give you a probable lineup."

"Has he handed you your third baseman?" Clymer was asked.

"We are working on three men, one of whom would suit me. But you see, I don't know whether to pick one or two, and we will have to wait for our manager to be secured before we get the man we want. I don't know whether to pick one or two, but I think we will get the man we expect to get."

OTTAWA WILL HARDLY BECOME A BIG FOUR MEMBER THIS YEAR

Prominent Lacrosse Men in Toronto Feel That Bytown Cannot Produce a First-Class Team Yet—What They Say.

A despatch from Montreal yesterday stated that the Capitals of Ottawa had made application for a franchise in the Dominion Lacrosse Union, and it was reported to have been made thru Bannerman, who stated that if the Bytown aggregation was not admitted they would withdraw from the lacrosse map. It looks like as if the boys from Parliament Hill will have to wait an era upon the aforementioned map.

No one in town seemed to know anything about it, although it is being talked of for some time. It looks as if Ottawa had grown restless with the inability of things in general in this province world, and falling to get the D. L. A. to make any overtures after they had given them the go-by sign at the N.L.U. meeting, they had begun to worry considerably as to the possible outcome of their designs. When their application does come along the prospects are for rather frosty weather, for this lacrosse item, which, from what we have seen in the eastern papers, was to have been made the officers of the Big Four open their arms and eagerly greet the newcomers as the life-savers of the new lacrosse body.

No Enthusiasm Over Ottawa.

None of the lacrosse men interviewed yesterday displayed any enthusiasm regarding the Capitals' proposed advent, but stoutly declared that the D.L.A. would continue this year as the Big Four and with a better brand of lacrosse than last year. President Quinn of it, and also our other club can come and convince us," continued Mr. Quinn, "they have a team the equal of ours and are prepared to assist in maintaining the calibre of lacrosse that we are accustomed to. We will be only too glad to receive them. All of the clubs are satisfied that this year will be a good one in the annals of lacrosse with the renewed interest in the amateur game, and the differences with the other lacrosse bodies amicably settled. All our players are protected, too, and none of the players to date have aired any grievances."

Mr. R. J. Fleming professed that it was entirely new to him, but stated that the Big Four was organized to give the public a far superior brand of lacrosse than what they have been used to seeing, at which they succeeded after a hard struggle. Now that the D.L.A. has established a standard it means to live up to it and they will absolutely refuse to entertain a weak team. But if any team can show the Big Four that they have enough good material to be recognized as the equals of the teams in the D.L.A., they will be glad to consider them.

Fred Hubbs, secretary of the Toronto Lacrosse Club, said that the D.L.A. would continue this year as the Big Four, and he would help them out this year. "I'm not going to fight to gain recognition, and I think I will have won so it is up to the league to go ahead and get the reputation before considering any applications."

Chas. Quirrie asserted that as it stood he was entirely satisfied, but even if the idea was taken up seriously he could bring in of one team would be useless. It would take two to complete the lacrosse map, and outside of Ottawa and Montreal, there is no place to put a team, and Montreal cannot support three teams. Jimmy Murray declared he had not considered it at all, but favored amalgamation.

It looks as if Ottawa will have to be content with the N.L.U. for a year or two at least, and perhaps if they strengthen they will be taken into the fold in 1914.

THORPE A FAILURE MCGRAW TALKS OF SENDING HIM DOWN

New York Despatch Says Indian to Go After First Trip—Baltimore Line-up is Announced—Gossip.

Here is the latest from New York: Jim Thorpe will be released by the Giants after the first trip west has been finished, according to a private tip that comes indirectly from Manager McGraw.

Thorpe, it is said, is a failure as a ball player, and McGraw has not the time to develop him this season.

The Indian signed a regular National League contract in which the usual three months' notice of release is included. His salary is said to be \$6000 for the season, or \$1900 a month, ending April 30.

If McGraw lets him out, the Toronto International League Club will likely get him.

Jack Dunn is satisfied with the way his Birds are working, and has picked his regular line-up, as follows: Cooper, Parent 2b., Lord 1b., Houser 1b., Foster, Maise, a.s., Russell, r.f., Ligtac, c., and the pitcher.

Knotty Lee's Hamilton team will be the gay young things when they appear in their new uniforms. The trousers will have a yellow stripe down the side, and "Hamilton" in white letters, will adorn their many bosoms. The skypieces will be white.

A report from Bermuda says that Frank Chance, the New York manager, is suffering from an attack of indigestion. He will be able to get back in the game in a week's time.

ENGLISH POLO PONIES AND PLAYERS COMING

(Special Cable to The Toronto World).
LONDON, March 26.—(Copyright)—The Daily Telegraph says the English ponies to be used in the international polo match at Meadowbrook in June will leave for New York May 3, the players following New York May 4. The members of the team will hold practice games during April at the Duke of Westminster's residence, Eaton Hall. It is the Duke of Westminster will be able to accompany the team to America.

Providence hold-outs are Lathers (1b.), Little (p.), Bauman (3b.) and McDermond (infield).

At Memphis a line hit bounded off Reulbach's neck into Evers' hands, who snatched the ball to Bridwell at second, and flashing it to Evers at first, retiring two runners who had started with the crack of the bat.

Romanchak, the Cuban shortstop, signed by Tinker for a trial with the Reds, has already jumped the team, homesteak.

TCHATALJA MAY HAVE FALLEN

Continued From Page 1.

the most stubborn defences in the history of warfare, and Tchatalja, according to a telegram received by the Bulgarian legation at London tonight, has suffered a like fate.

From all accounts, the arsenals and a great part of the stores of the town are in flames. It was also reported that Shukri Pasha had also taken his own life, but this proved to be untrue.

The battle which preceded the capture of the fortress commenced Sunday night with a three-hour bombardment. The Turks repelled with energy, but they were eventually saving their ammunition, as the artillery duel soon ceased.

The besieging troops in the advanced double line of the advanced trenches at Haslak. After a fierce defence, which lasted three hours, the Turks repelled the light forward works and forts. Part of those engaged in covering the retreat of their comrades were cut off by the Bulgarians and captured.

After moving forward a short distance toward the chief bulwark, the Turkish forces were routed. It was then observed that almost great progress had been made in the east, the fighting in other sections had subsided in consequence of the Bulgarians, with small gain of ground.

The people of the town are said to be panic-stricken, as they may be, because even Europe, from the history of previous wars, has witnessed the participation of the city may be accompanied by indiscriminate slaughter.

Europe is Conscientious. The capture of Adrianople is over, the correspondents and attaches have been given permission to go to the front.

Do not suffer another day with itching, bleeding or protruding piles. Dr. Chase's Ointment will relieve you at once.

Proposed To Electrify The Grand Trunk Belt Line

While attending the meeting of the Railway Committee of the Ontario Legislature on March 19th, Controller Church stated that the city had applied to the Railway Board for a steam-electric line on the old G.T.R. Belt Line territory of late. Shrewd real estate investors have had reason to believe that the quiet way in which the old Belt Line was being improved

The electrification of the G. T. R. Belt Line would mean a great increase in property values in the Belt Line territory, and lots in

ELMWOOD

which is located at the junction of the Belt Line and Bathurst Street, would easily double in value. Those who have invested in ELMWOOD are wise. They can consider themselves fortunate. Those who haven't done so should do so at once. It's a money-maker, and the lots are going fast. Some good selections are still available.

ELMWOOD prices have not been advanced, though recent events would justify an increase. In fact, ELMWOOD lots are selling at about the same price per foot as acreage is bringing in surrounding properties. For further particulars call or phone

SYNOPSIS OF DOMINION LAND REGULATIONS

ANY person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency, and make an affidavit that he is a Canadian citizen by birth, or that he is the son, daughter, father, mother, son, daughter, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader must reside within nine miles of his homestead on a farm of at least 40 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister held by him.

And take notice that after the 19th day of April, 1913, the executors will proceed to distribute the assets of the said estate among the parties entitled thereto, having regard only to the claims of which they shall not then have notice, and that the said executors will not be liable for claims of which they shall not then have received notice.

NO BARGAINS AT THIS CATTLE SALE

Auction of Holsteins in Woodstock by Oxford District Breeders Brought Fairly Large Prices - Sale Was Brisk and Successful, With Many Buyers.

WOODSTOCK, March 26.—(Special.)—The Holstein consignment sale of the Oxford District breeders was held here. The weather conditions were bad, while the sale conditions were good. The club committee arranged a first-class sale, both as to accommodation and choice of auctioneers. A most successful and efficient "hammer-handler" was found in Col. Perry of Columbus, Ohio. Sixty head of cattle were offered, and it can safely be said very few bargains were obtained. Thirty-one milking aged cows, by no means a uniform lot, brought a good average of \$215 each, twelve cows selling for over \$200 each. The top price was \$245 for Canary Butter Girl, purchased by J. A. Wallace, Simcoe. Seven three-year-old heifers averaged \$220 each, nine rising two-year-old heifers, \$184 each. Seven rising one-year-old heifers, \$169 each. The few bulls that were in the sale sold very cheaply.

J. F. Elliot of Oxford Centre made the sale lively with his snappy bidding and high prices. He bought thirteen head of milking aged cows, paying over \$3000, at \$385 each. R. F. Kelly, Woodstock, bought four head that he is shipping with others to Alberta. Some western breeders were present at the sale, but did not make bids. Of the contributors, A. E. Hule's consignment of nine head to the sale averaged best, with \$200 each. These were outstanding in condition and selling. The sale all thru was keen and brisk. The sixty head of cattle were sold in a little over four hours.

The following list gives contributors, name of purchaser, name of animal and price received:

CATTLE MARKET

Hogs Higher - Calves, Sheep, and Lambs Firm, But Unchanged.

Receipts of live stock at the Union Yards were 52 cars, 827 cattle, 945 hogs, 34 sheep, 289 calves and 12 horses. Receipts of cattle were light and trade a little more active. Prices were firm at Tuesday's quotations.

Cows of good quality sold at \$6.25 to \$5.50; medium, \$5.00 to \$6.25; common, \$4.50 to \$5.75; inferior light weights, \$3 to \$4.25; cows, \$4 to \$5.50; canners and cutters, \$2.50 to \$3.50; bulls, \$4 to \$5.50.

Feeder calves, each, are worth from \$5.40 to \$5.65; stockers, 500 to 750 lbs., are worth from \$4.75 to \$5.25, according to quality.

Trade in calves and springers was the dullest of the past six months. Commission dealers reported prices \$10 to \$15 per head, but few were sold. Receipts of calves were light; good choice vealers sold at \$9.50 to \$10; fair to good, light vealers, \$8.75 to \$9; strong weight vealers, \$8.50 to \$8.75; inferior, rough, heavy calves, at \$3.50 to \$4.

Receipts of hogs were again light and prices lower. The price for a good, well watered, sold at \$9.75 to \$9.85 and \$10 to \$10.10 weighed off the cars.

The Corbett, Hall, Coughlin Co. sold 76 butchers' cattle, 1100 to 1200 lbs. each, at \$6.50 to \$7.75; 25 medium butchers, at \$6 to \$6.25; 15 cows, at \$4.50 to \$5.25; bulls, 1200 to 1500 lbs., at \$4.50 to \$5.25; Maybek & Wilson, sold 4 car loads of live stock as follows: Steers and heifers, 1200 to 1500 lbs., at \$6.50 to \$7.25; rams, \$5.50 to \$5.25; lambs, pieces \$4 to \$5; hogs, \$9.50 to \$9.75 per cwt.

Consignment of 1,140 lbs. at \$5.85; 1,200 lbs. at \$6.00; 1,300 lbs. at \$6.25; 1,400 lbs. at \$6.50; 1,500 lbs. at \$6.75; 1,600 lbs. at \$7.00; 1,700 lbs. at \$7.25; 1,800 lbs. at \$7.50; 1,900 lbs. at \$7.75; 2,000 lbs. at \$8.00; 2,100 lbs. at \$8.25; 2,200 lbs. at \$8.50; 2,300 lbs. at \$8.75; 2,400 lbs. at \$9.00; 2,500 lbs. at \$9.25; 2,600 lbs. at \$9.50; 2,700 lbs. at \$9.75; 2,800 lbs. at \$10.00; 2,900 lbs. at \$10.25; 3,000 lbs. at \$10.50; 3,100 lbs. at \$10.75; 3,200 lbs. at \$11.00; 3,300 lbs. at \$11.25; 3,400 lbs. at \$11.50; 3,500 lbs. at \$11.75; 3,600 lbs. at \$12.00; 3,700 lbs. at \$12.25; 3,800 lbs. at \$12.50; 3,900 lbs. at \$12.75; 4,000 lbs. at \$13.00; 4,100 lbs. at \$13.25; 4,200 lbs. at \$13.50; 4,300 lbs. at \$13.75; 4,400 lbs. at \$14.00; 4,500 lbs. at \$14.25; 4,600 lbs. at \$14.50; 4,700 lbs. at \$14.75; 4,800 lbs. at \$15.00; 4,900 lbs. at \$15.25; 5,000 lbs. at \$15.50; 5,100 lbs. at \$15.75; 5,200 lbs. at \$16.00; 5,300 lbs. at \$16.25; 5,400 lbs. at \$16.50; 5,500 lbs. at \$16.75; 5,600 lbs. at \$17.00; 5,700 lbs. at \$17.25; 5,800 lbs. at \$17.50; 5,900 lbs. at \$17.75; 6,000 lbs. at \$18.00; 6,100 lbs. at \$18.25; 6,200 lbs. at \$18.50; 6,300 lbs. at \$18.75; 6,400 lbs. at \$19.00; 6,500 lbs. at \$19.25; 6,600 lbs. at \$19.50; 6,700 lbs. at \$19.75; 6,800 lbs. at \$20.00; 6,900 lbs. at \$20.25; 7,000 lbs. at \$20.50; 7,100 lbs. at \$20.75; 7,200 lbs. at \$21.00; 7,300 lbs. at \$21.25; 7,400 lbs. at \$21.50; 7,500 lbs. at \$21.75; 7,600 lbs. at \$22.00; 7,700 lbs. at \$22.25; 7,800 lbs. at \$22.50; 7,900 lbs. at \$22.75; 8,000 lbs. at \$23.00; 8,100 lbs. at \$23.25; 8,200 lbs. at \$23.50; 8,300 lbs. at \$23.75; 8,400 lbs. at \$24.00; 8,500 lbs. at \$24.25; 8,600 lbs. at \$24.50; 8,700 lbs. at \$24.75; 8,800 lbs. at \$25.00; 8,900 lbs. at \$25.25; 9,000 lbs. at \$25.50; 9,100 lbs. at \$25.75; 9,200 lbs. at \$26.00; 9,300 lbs. at \$26.25; 9,400 lbs. at \$26.50; 9,500 lbs. at \$26.75; 9,600 lbs. at \$27.00; 9,700 lbs. at \$27.25; 9,800 lbs. at \$27.50; 9,900 lbs. at \$27.75; 10,000 lbs. at \$28.00; 10,100 lbs. at \$28.25; 10,200 lbs. at \$28.50; 10,300 lbs. at \$28.75; 10,400 lbs. at \$29.00; 10,500 lbs. at \$29.25; 10,600 lbs. at \$29.50; 10,700 lbs. at \$29.75; 10,800 lbs. at \$30.00; 10,900 lbs. at \$30.25; 11,000 lbs. at \$30.50; 11,100 lbs. at \$30.75; 11,200 lbs. at \$31.00; 11,300 lbs. at \$31.25; 11,400 lbs. at \$31.50; 11,500 lbs. at \$31.75; 11,600 lbs. at \$32.00; 11,700 lbs. at \$32.25; 11,800 lbs. at \$32.50; 11,900 lbs. at \$32.75; 12,000 lbs. at \$33.00; 12,100 lbs. at \$33.25; 12,200 lbs. at \$33.50; 12,300 lbs. at \$33.75; 12,400 lbs. at \$34.00; 12,500 lbs. at \$34.25; 12,600 lbs. at \$34.50; 12,700 lbs. at \$34.75; 12,800 lbs. at \$35.00; 12,900 lbs. at \$35.25; 13,000 lbs. at \$35.50; 13,100 lbs. at \$35.75; 13,200 lbs. at \$36.00; 13,300 lbs. at \$36.25; 13,400 lbs. at \$36.50; 13,500 lbs. at \$36.75; 13,600 lbs. at \$37.00; 13,700 lbs. at \$37.25; 13,800 lbs. at \$37.50; 13,900 lbs. at \$37.75; 14,000 lbs. at \$38.00; 14,100 lbs. at \$38.25; 14,200 lbs. at \$38.50; 14,300 lbs. at \$38.75; 14,400 lbs. at \$39.00; 14,500 lbs. at \$39.25; 14,600 lbs. at \$39.50; 14,700 lbs. at \$39.75; 14,800 lbs. at \$40.00; 14,900 lbs. at \$40.25; 15,000 lbs. at \$40.50; 15,100 lbs. at \$40.75; 15,200 lbs. at \$41.00; 15,300 lbs. at \$41.25; 15,400 lbs. at \$41.50; 15,500 lbs. at \$41.75; 15,600 lbs. at \$42.00; 15,700 lbs. at \$42.25; 15,800 lbs. at \$42.50; 15,900 lbs. at \$42.75; 16,000 lbs. at \$43.00; 16,100 lbs. at \$43.25; 16,200 lbs. at \$43.50; 16,300 lbs. at \$43.75; 16,400 lbs. at \$44.00; 16,500 lbs. at \$44.25; 16,600 lbs. at \$44.50; 16,700 lbs. at \$44.75; 16,800 lbs. at \$45.00; 16,900 lbs. at \$45.25; 17,000 lbs. at \$45.50; 17,100 lbs. at \$45.75; 17,200 lbs. at \$46.00; 17,300 lbs. at \$46.25; 17,400 lbs. at \$46.50; 17,500 lbs. at \$46.75; 17,600 lbs. at \$47.00; 17,700 lbs. at

SHORTS STAMPEDED IN TORONTO MART

Most Substantial Rally the Exchange Has Seen in a Long Time.

BRAZILIAN IN THE LEAD

Fall of Adrianole a Favorable Factor—Still Some Weak Spots.

The most substantial recovery which the Canadian stock exchanges have witnessed in a long time was under way yesterday. Developments in the international financial arena were all favorable, and in the idea that conditions had made definite improvement and that the worst was now over, sentiment adopted a much more cheerful tone. The fall of Adrianole was accepted as the final act in the Balkan war and was viewed as a precursor of early peace. Since last autumn the struggle in the European storm centre had been the greatest bugbear the markets had to contend with, therefore it was only natural to find London, Paris and Berlin all jubilant over the prospects of an early cessation of hostilities. Buying for the account of Europe was under way in all exchanges.

Enthusiasm Engendered. From the action of the Toronto market it was plainly apparent that a short covering movement was under way. For months financial interests had talked of the inevitable recovery when the Balkan trouble passed into history, and while the fall of Adrianole by no means guarantees early peace, it is quite sufficient to inspire considerable optimism among bull traders and perturb the bears to a measurable degree.

Whole List Improved. A two-point rise in Canadian, which rose to 97, its highest level since the first week of the month, was the feature here. This represented a gain of a full 3 1/2 points from the close of last week. At the same time C. P. R. moved up 1/2 point in New York to 23 1/2, making a 10 1/2 point rise since Monday morning, and this was a material factor in inspiring the improvement in the general list. Toronto Railway was up 1/4 to 23 1/2; Whimpey rallied 5 to 202 and closed at 203 1/2; Twin City recovered to 10 1/2; Mackay gained over a point at 81 3/4; Canamers added a fraction to its recent gain; General Electric rose up to 11 1/2 and wound up bid there; Consumers' Gas, Rogers and Dominion Bank were the only weak spots. The latter made a new low record at 2 1/2. Gas dropped another 1/2 point to 17 1/2, and Rogers sold down to 15 1/2, a new low for the month.

EUROPEAN BUYING IN NEW YORK MARKET

Erickson Perkins & Co. (J. G. Beatty) wired: Europe bought 40,000 shares of stocks in this market today, chiefly Canadian Pacific and other active issues. Sentiment abroad improved measurably as the result of the fall of Adrianole. The market shows signs of working somewhat better and may be bought on sharp drives such as we had today, following the opening spurt.

ANNUAL MEETING OF N. S. STEEL CO.

NEW GLASGOW, N. S., March 26.—At a meeting of the shareholders of the Nova Scotia Steel Co., held here today, all the directors were re-elected. The reports of both General Manager Cantley and President Harris indicated that the company was enjoying a highly prosperous season with a splendid outlook for the present year. Reference was made to the establishment of the Eastern Car Co., which, by its inclusion, it was hoped, would be turning out finished cars.

FIVE POINT RISE IN CANADIAN PACIFIC

What was evidently a short covering movement in Canadian Pacific was under way in the New York market yesterday. The shares rose a full 1 1/2 points to 23 1/2, making a 10 1/2 point rise for the week to date, the opening on Monday being led by 2 1/2. It is assumed that short lines were put out by traders a week or so ago, when so many bear tips were sent out from Wall Street. Then when Europe began buying the stock again, the price was bid up rapidly. This was maintained in the stock markets.

BRAZILIAN EARNINGS

The Brazilian Traction Co. is maintaining the increase in gross earnings shown of late without any apparent difficulty, the weekly receipts holding around the \$500,000 mark steadily. The earnings for the week ended March 22, as received by cable yesterday, were \$435,000.

LONDON MARKET IS MORE BUOYANT

Prospects of Peace Acted as Stimulus—Rising Prices Throught the List.

LONDON, March 26.—Money was in demand for month-end requirements today, but discount rates were easy on the belief in a reduction in the bank rate after the turn of the quarter.

Sir Edward Grey's statement in the house of commons yesterday regarding the Balkans, and today's news of the fall of Adrianole, indicating that peace is nearer, created an optimistic feeling on the stock exchange, and all the dealers gave much of their attention to the settlement, new business was good at rising prices. Consols closed at an eighth higher, and Brazilian and Mexican rails and shipping shares advanced notably. Copper stocks and Kafirs opened buoyantly but Paris failed to respond to the improvement, and the speculative sections closed below the best.

Harriman Tangle Is a Knotty One

Union-Southern Pacific Case Will Drag Along Into Next Month Anyway.

NEW YORK, March 26.—A director of the Union Pacific says: "It will be well along in April before the new Union-Southern Pacific plan will have been formulated for official consideration—probably not before the opening of Congress, April 7."

DESPOUNDING TONE IN SILVER MARKET

Chinese Speculators Have Sold Heavily—Metal Now Below Last Year's Price.

RAILWAY MAGNATE HAD FAITH IN NIP

An interesting point in connection with the recent report of the apprehensions of the estate of the late E. H. Harriman is the announcement that among the multitude of stocks owned by the estate were 7000 shares of Nipissing. Of the eight different mining companies in which the financier held an interest four were valued at \$100,000.

STILL GOING DOWN

NEW YORK, March 26.—It is reported on the stock exchange that a member has offered his seat for sale at \$39,000, but no transfer has yet been made at this price. This is the lowest quotation in thirteen years. The last sale was at \$41,000 about a week ago.

EUROPEAN MARKETS SHOW IMPROVED TONE

BERLIN, March 26.—Prices were strong on the bourse today on Sir Edward Grey's speech in the house of commons yesterday and on the improved monetary situation here. Canadian Pacific gained four points.

PARIS, March 26.—Prices were generally firm on the bourse today.

FLOOD NEWS COUNTERACTED FAVORABLE FOREIGN ADVICES

Fall of Adrianole Lost Large Measure of Effect in New York Market by Disaster in Ohio and Indiana—Tone at Close Strong.

NEW YORK, March 26.—Under the play of opposing influences, the stock market moved in an uncertain way today, and the session ended with prices little changed. Foreign markets were strong and there was decided upward pull on this market from abroad. On the other hand, the domestic influence was weakening. These cross currents unsettled the market. The news of the fall of Adrianole and the assumption that the end of the Balkan war was measurably nearer, found a response in the London market, where Americans were marked up considerably before the opening here.

C. P. R. LEADER AT MONTREAL

Sensational Rise of Five Points Gave Buoyancy to the Whole Market.

MONTREAL, March 26.—A spectacular rise of four points in C. P. R. in New York during the luncheon recess here today brought the local market to a strong close. Net gains among the high-priced issues ranged between 2 and 5 points and gains of a point and better were fairly common throughout the balance of the list.

LARDER LAKE, March 26.—Easter in Larder Lake gold camp sees a great resurrection in course of evolution. Some 200 prospectors are in the bush between Kirkland Lake, which is four miles north and east of Kenogami Station, on the T. and N.O. Railway, and the Blanche River (a distance of 18 miles) in Gauthier Township, and three miles north of Larder Lake. Eighty claims were staked and recorded at the recorder's office, Matheson, between March 20 and 25. The values are in the contact of the conglomerate and porphyry. What have geologists to say about this? They will have to rewrite their text books.

PORTO RICO EARNINGS

Porto Rico net earnings for February increased 80 per cent. over last year and for two months a decrease of \$6,930 or 8.24 per cent.

NEW VEIN AT KERR LAKE

It was reported in mining circles yesterday that a new vein of copper had been discovered at the Kerr Lake property in the workings.

DOME MINE'S PLANS

PORCUPINE, March 25.—It is reported that the Dome Mines, Limited, will begin the equipment of its stamp mill plant from forty to one hundred stamps by the addition of an additional sixty stamps this spring.

MONTREAL GRAIN AND PRODUCE

MONTREAL, March 26.—In sympathy with the weaker markets at American centres yesterday cables weaker at a decline of 3 to 4 points from foreign buying, and the demand for prices reacted in the Winnipeg market. A few odd lots were made and only sales of a few odd lots were made. Carlots were taken by local buyers, the trade in other coarse grains being dull. Corn—Heavy Canada shorts cut these barrels, 25 to 45 cents; 22 1/2 Canada shorts cut these barrels, 45 to 55 cents; 22 1/2 Compound Hercules, 3 1/2 lbs. to 9 1/2; wood palls, 20 lbs. net, 14 1/2; 10 1/2; wood palls, 20 lbs. net, 15 1/2; 14 1/2.

ACTIVE WORK

ELK LAKE, March 26.—The Beaver Auxiliary Mines will start operations with the new plant about the first week in April. The two ninety horse-power boilers are in position and to set the brickwork. The first eight-inch drill compressor is in position, and will be working in a few days.

NEW GOLD CAMP IN NORTH

COCHRANE, March 26.—Reports have reached here that high-grade silver has been found at Pitt Creek, east of here on the National Transcontinental. It is said that samples have been sent to parties here, and that several intend going up to investigate the rumor.

MINING STOCKS SHOW WEAK TONE

Action of Market in Direct Contradistinction to Other Exchanges.

HOLLINGER UP AGAIN

But General List Makes Bid for Lower Prices—Absorptive Power Small.

In direct contradistinction to the larger stock exchanges, the mining market developed a weaker trend yesterday. This was due to the renewal of liquidation by traders, representing profit-taking sales on the part of those who had taken on stock previous to the recent advance. The movement was not an extensive one, but the demand was limited, and the absorptive power of the market was not sufficient to take care of realizing of account. Consequently prices dropped back of their own weight.

New Low Records. In the Porcupine a further downturn in Dome Lake, McIntyre, Foley, O'Brien, Pearl Lake and Swastika was the leading feature. There was nothing in the developments over the level of the day at \$450. Dome Lake dropped another 5 cents at \$2.35, but closed a shade higher than that. Hollinger was the redeeming factor, with a 25 point rise to \$17.50, duplicating the recent record.

No Vivacity Shown. The Cobalts moved along in dullness, with an entire lack of vivacity in the trading. Beaver, at 36 on the curb, and Chambers Ferland, at 21 both made new low records for the year. City of Cobalt lost nearly 2 points at 43, and some of the lesser groups had a shade lower. Peterson Lake and Westlaurier were both stronger, the former reaching 50 1/2, and the latter 13. Nipissing sold between \$9.40 and \$9.50.

CITY OF COBALT DEAL ORDERED OFF

Injunction to Prevent Sale Granted by the Courts.

The City of Cobalt Mining Company fracas was terminated yesterday when Mr. Justice Britton at Osgoode Hall granted an injunction to prevent the sale of the property for \$75,000, as authorized by the shareholders recently, and ordered the \$10,000 paid down for the property to be returned to the parties acting for the English syndicate which made the offer.

DEAL FOR CONTROL OF PETERSON LAKE

Peterston Lake shareholders are being notified by S. G. Forst & Co., brokers, of Toronto, that they have clients who are desirous of obtaining control of the Peterson Lake Company. The stockholders are asked to join Forst & Co. in disposing of control and are asked to state the price at which they will dispose of their stock, provided same is taken within forty days.

WILL REOPEN THE PORCUPINE RESERVE

Work is to be resumed on the Porcupine Reserve claims. The first operation will be diamond drilling, and development will be based. A meeting of the directors of the company will be held next week when the development program will be thoroughly discussed.

GRAND RIVER SUBSIDIES

GALT, March 26.—(Special.)—The Grand River flood has subsided and the danger period has apparently passed. Manufacturers on the river front and merchants and dwellers on Water and Main streets figure up the losses at several thousand dollars. The retaining wall of the Central Church was undermined and collapsed.

CANADIAN HOSPITAL ASSOCIATION

At a meeting of the executive committee of the Canadian Hospital Association, it was decided that the next annual meeting of the association should be held in Toronto, on Monday, Tuesday and Wednesday of Thanksgiving week.

FEAR OF DAMAGE BY FLOODS GIVES AN UPTURN TO WHEAT

Alarming Reports from Ohio Create Something Like Flurry in Chicago Pit—Fall of Adriatic and Outlook for Big Foreign Crops Ignored By Excited Traders.

CHICAGO, March 26.—Bull leaders supported wheat so effectively today that the market made a net uplift of 1-8c to 1c. Corn scored a net gain of 1-8c to 5-8c, oats 5-8c to 3-4c, and provisions a net advance of 2 1-2c to 7 1-2c.

The chief reasons underlying bull activity in wheat seemed to be first fears that floods in Ohio would wash away a goodly portion of the growing crop, and, second, reports of export sales at Duluth to a New York exporter in a lot of 100,000 bushels at the price for May wheat in Chicago.

Local speculators took advantage of the general short selling of corn yesterday to drain the market today and this gave strength to corn. Light offerings and good demand, largely from shorts, gave oats strength.

Provisions were strong and active most of the day on good demand, but grew easier toward the close on realizing sales. Light run of hogs held the early strength.

ST LAWRENCE MARKET. On account of the bad roads there were no receipts of farm produce and prices quoted are nominal.
