HAMILTON NEWS

Remember, THE MORNING WORLD is Delivered to Any Address in Hamilton for 25 Cents a Month. Phone B04.

TO-DAY IN HAMILTON. Ladies' hockey match. Collegiate Assault at Arms, 8 p.m. Trades and Labor Council, 8 p.m. Grand Opera House, Cowles Concert Company, 8.15 p.m. Star Theatre, burlesque show, 8.15 p.m.

IS CHANGED ONLY IN NAME. Insurance Manager A. M. Featherston of the R.T. of T. Becomes Superintendent of Agencies.

SALARY IS PRACTICALLY THE SAME. Another Smallpox Case Appears in Hamilton—Board of Health Takes Action.

Hamilton, March 20.—At this morning's session of the Dominion Council of the Royal Templars an address on the prohibition question was delivered by Rev. Dr. Curran. This afternoon the reports on insurance and state extension of the order were presented and considered together in Committee of the Whole. The principal point concerned the proposed reorganization of the insurance department, now under A. M. Featherston. The discussion was resumed at this evening's session, when it was decided to appoint a special committee to arrive at some conclusion. The committee reported, recommending that the name of insurance manager be changed to superintendent of agencies, that there be a more intimate co-operation with the Grand Council and that the basis of the superintendent's salary be changed somewhat, but leaving it substantially the same. The report was adopted, and the following clauses in the two committee reports were passed.

Smallpox in the City. For nearly a year the city has been free from smallpox. Now a case has developed on Grant-avenue, and the health authorities are taking every step to prevent the disease from spreading. The patient is George Whitman of Wilmber, who came to the city on March 17.

VAST ARMY NEEDED. Field in defence of the colonies against any European power. This will leave a home force of 20,000 men, besides large bodies of militia, yeomanry and volunteers. India is to provide an army corps each of the three presidencies, and South Africa is expected to raise two army corps to be available for service where. To Canada are apportioned four militia army corps, which can be wholly mobilized, while Australia is supposed to raise two and New Zealand one army corps. There is also to be an extension of the system of garrison regiments, in which the royal marines will cooperate when they are removed from the ships.

Will Tour the Colonies. To help in recruiting some of the army, and men will be free to join any branch of the army in any part of His Majesty's dominions, and will be sent at the public expense to join such army when opportunities occur. All the corps will be properly equipped with the latest pattern of artillery armament.

Here is a plan that will astonish Europe. It is obvious that it can be put into operation too soon. India is to reorganize the forces there, and to send a large force to Africa for months to come. With China practically in revolt, with the Maldives, the Andamans, the Philippines, and the Hawaiian Islands, the American government is to send a large force to the Philippines, where the American soldiers are to be stationed. The Balkan committee can readily be discerned among the various branches, and officers are permitted to wear spectacles or glasses on or off duty. This order does not apply to the eight test candidates for commissions and recruits on enlistment.

BIGGER B.C. LEGISLATURE. Victoria, March 20.—The government today introduced a redistribution bill providing for 42 members in the Legislature, of which Vancouver island will have but twelve. Not many years ago the island had a majority.

Victim of Hypnotism. Chambersburg, Pa., March 20.—Hypnotism is a full here, and a number of young men have been experimenting in public with subjects. At a social gathering, which was attended by Miss Bessie Fisher, who was hypnotized by one of her friends, who could not bring her out of the hypnotic sleep. A doctor was called and she was taken to her home. Finally one of the young men in the party, after half an hour's work, succeeded in awakening her. Miss Fisher, who is ill in bed today, is in no better condition.

Give Holloway's Corn Cure a trial. It will do you good. What it has done for thousands of others will do for you. It is a simple, safe, and effective remedy for corns, blisters, and other foot ailments. It is sold by all druggists and grocers.

FOUR THIEVES BURGLARY

Dangerous Looking Swede Locked up in Woodstock on This Charge.

THREATENED TO SHOOT-A MAN.

Prisoner Declares He is a Detective, But He Used a Revolver Foolishly.

Woodstock, March 20.—A suspicious character and a dangerous one as well was taken in hand by Chief Zeas and locked up at 1 o'clock today. The man who gave his name Peter Paulson, is a Swede, and was arrested on a charge of attempted housebreaking at the home of William Clafferty, near the C.P.R. station, last night, a job for which a loaded revolver at the occupant of the house and threatening to shoot.

About 11 o'clock last night, Paulson telephoned the chief, saying that a man had endeavored to gain admittance to his home. The chief, on receiving a brief description of the intruder from the speaker, hurried quickly to the C.P.R. station, where he found the man in the act of forcing his way into the house. The man, who was on duty in the West End, when they arrived at the station, a thorough search was made of the streets and several old buildings in the vicinity, but no trace of the man was found.

Meeting Clafferty, the latter explained how, when the would-be burglar was turned away from the door, he proceeded straight to the stable, Clafferty following. Suddenly, the house breaker turned about and pointed a revolver at Clafferty, at the same time threatening to shoot if he did not retreat.

The police continued the search for their man until an early hour this morning, and then gave up. At noon today Chief Zeas was proceeding up Dundas-street with Mr. Clafferty, when the latter recognized the man who had threatened to shoot at him in the night. The man, who was in the company of Alexander Green, colored, the chief immediately crossed the street, arrested the identified man and placed him in the lockup.

On the person was found a loaded revolver with two empty chambers and four loaded ones, also a cloth bag full of cartridges. The man, who was taken possession of by the chief, stated that he was a private detective in the employ of a Montreal detective agency and reached Woodstock yesterday morning on his way to his home.

Further he claimed that he slept last night at the C.P.R. Hotel and when they arrested him he was carrying a revolver which he had secured from a man named Paulson. The local authorities are communicating with the Montreal Detective Agency to determine if there is anything in the prisoner's story as to his being a private detective.

COLLAR BURNED ON HIS NECK. It Was Celluloid and Caught From Gasoline Lamp.

Morrisstown, N.J., March 20.—George Beach, a fifteen-year-old boy, was in the store of James Rocco to-night when a gasoline lamp exploded. Beach was standing near the lamp when it exploded, and the fire from the lamp struck his neck, burning the celluloid collar and that flamed up.

The accident happened in front of an engine house and a stream was turned on the fire before he was badly burned. He is in a critical condition at the hospital.

West End Paragraphs. The West End Y.M.C.A. annual concert will be held this evening at the Y.M.C.A. hall. The program will include several of the best vocalists of the city.

Fortune for the Brave. Wealthy German Bequeaths \$12,000 to Grandson Serving U.S.

Cincinnati, March 20.—To reward his grandson, whom he had never seen, a wealthy German, Otto Schmal, has bequeathed him the sum of \$12,000 because he was brave and true.

St. Thomas, March 20.—The death of a young man, Joseph Yearley, of this city, has received a letter from his father, Mr. Albert Yearley, of St. Thomas, N.Y., who has been in the army.

St. Thomas, March 20.—The death of a young man, Joseph Yearley, of this city, has received a letter from his father, Mr. Albert Yearley, of St. Thomas, N.Y., who has been in the army.

INCREASE N.W.T. REPRESENTATION.

Legislature Opened Yesterday. What Speech From Throne Said.

Regina, N.W.T., March 20.—The Northwest Legislative Assembly opened today. In his speech from the throne, Lieut.-Governor Forget expressed much pleasure at the unexampled prosperity in all sections of the country.

He felt that much good would result from the fact that the increase of population in the Territories was being represented in the legislature, and a measure dealing with that subject would be made his members.

BEST IN THE WORLD

In Canada's Magnetic Observatory. Says Otto J. Klotz.

Otto J. Klotz of the Dominion Geological Survey, Ottawa, is comparing some measurements recently acquired in England with those made in the magnetic observatory at his home. The chief on duty at the observatory to-day, and return to Ottawa this evening, Mr. Klotz stated to the press that the Canadian magnetic observatory at Goodwood, N.S., is the best in the world.

He said that the Canadian observatory is the best in the world because of its location, its equipment, and the skill of its staff. He also mentioned that the observatory is the only one in the world that is open to the public.

SAME OLD STORY FROM SPAIN.

Dying Patriot, Unprotected Gunner, and a Lot of Money.

Altoona, Pa., March 20.—Mariano Guetay, a Cuban patriot, and a former secretary to Manuel Campos, who is now confined in the military prison at Havana, Cuba, has written a letter to the press in which he stated that he was a patriot and a gunner.

He said that he was a patriot and a gunner, and that he was in the military prison at Havana, Cuba. He also mentioned that he was a patriot and a gunner, and that he was in the military prison at Havana, Cuba.

He said that he was a patriot and a gunner, and that he was in the military prison at Havana, Cuba. He also mentioned that he was a patriot and a gunner, and that he was in the military prison at Havana, Cuba.

ONTARIO'S LATEST JUDGE.

Hon. Mr. Garrow of Goderich to Succeed Late Justice Lister.

The Hon. James Thompson Garrow, K.C., who has just been appointed judge of the Court of Appeal in succession to the late Justice Lister, was born at Chippewa, Wexford County, March 11, 1843. His father was a farmer, and Mr. Garrow in early life had the usual experience of a farmer's son in the east.

He was educated at the University of Toronto, and was called to the bar in 1868. He was appointed judge of the Court of Appeal in 1918, and succeeded Justice Lister in 1919.

He was a member of the Ontario Bar Association, and was president of the same in 1917. He was also a member of the Law Society of Upper Canada, and was president of the same in 1918.

He was a member of the Law Society of Ontario, and was president of the same in 1919. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1920.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1921. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1922.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1923. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1924.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1925. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1926.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1927. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1928.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1929. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1930.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1931. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1932.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1933. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1934.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1935. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1936.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1937. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1938.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1939. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1940.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1941. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1942.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1947. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1948.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1949. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1950.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1951. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1952.

He was a member of the Law Society of the Province of Ontario, and was president of the same in 1953. He was also a member of the Law Society of the Province of Ontario, and was president of the same in 1954.

HANDYMAN OF SPORT.

George Epping, in The Royal Magazine. The navy's "handyman" has frequently been the theme of song and story, but no one seems to have considered the "handyman" of sport.

They are very numerous, too, and a long list of brilliant "all-rounders" could easily be compiled. Dr. W. G. Croft is a fair example of the athletic handyman. True his great cricket feats have overshadowed all his other achievements, yet, the champion was a fine hurdler and sprinter in his younger days, he notes that his hair is becoming longer and the rows of passing winners he does part of his leisure to the quiet game of whist. No one has more varied interests than "W.G.", and some capital stories are told of him. When Alec Bannerman, the Australian stonewaller, was to be fore, Dr. Croft used to field almost on the end of that player's bat. One day, when the champion was cropping gradually in from him, he was rather startled to hear a youngster cry out to Bannerman, "Take care, Alec, or W.G. will have his hand in your pocket!"

Phyllis, the black-and-white artist, played off Jock, who was playing for the "W.G.", and some capital stories are told of him. When Alec Bannerman, the Australian stonewaller, was to be fore, Dr. Croft used to field almost on the end of that player's bat. One day, when the champion was cropping gradually in from him, he was rather startled to hear a youngster cry out to Bannerman, "Take care, Alec, or W.G. will have his hand in your pocket!"

CHRONIC COUGHS

Angier's Petroleum Emulsion is the most effective remedy for Stubborn Coughs and Colds. It is equally good for the Cough of Chronic Bronchitis, with profuse expectoration, the Dry, Harsh Throat Cough, the Irritating Cough of Influenza, and for Whooping Cough and Croupy Coughs of Children.

Promotes appetite and stimulates the digestive organs to greater activity. Nature is, therefore, assisted to assimilate a greater amount of nourishment, and a gain in health, weight and strength is a quick result.

BRONCHITIS AND HARSH HACKING COUGH.—My little girl has been troubled with Bronchitis, and a harsh hacking cough almost since birth, and though I tried almost everything, she derived no benefit whatever. My druggist gave me a bottle of Angier's Emulsion to try, which I did, and as a result my child was in a marvellously short time free from all coughing, and almost immediately began to gain flesh and a healthy color. Today she is as strong and robust as can be. You will appreciate what the above means to a parent, and I feel constrained to write and thank you. A. PUDESEY, Toronto, Ontario.

CAUTION.—The phenomenal success of ANGIER'S PETROLEUM EMULSION has been the means of producing many untried and worthless imitations. Always be sure you get the genuine ANGIER'S Petroleum Emulsion, as imitations made with the ordinary Petroleum do not have the same effect. Angier's Petroleum Emulsion is made from oil obtained from particular wells and refined by a peculiar process, which is known only to the manufacturers of Angier's Petroleum Emulsion. All druggists sell it. Two sizes, 50 cents and \$1.00 a bottle.

YOUR NAME AND ADDRESS on a postal card will bring you a free copy of a valuable booklet entitled, "ABOUT YOUR THROAT AND LUNGS." It tells how to care for the Throat, Lungs, and Digestive Organs. It gives good advice as to Diet and Hygiene, also Exercises, which are illustrated.

Gray?

Perhaps you like the idea of looking 25 or 30 years older than you are! If not, use Ayer's Hair Vigor. It completely restores the color to gray hair, all the dark, rich color it used to have. No use in looking old before your time.

"I am over sixty years of age and my hair is very handsome. People tell me I don't look nearly so old, because my hair is so dark and thick. You know I use Ayer's Hair Vigor." Mrs. H. F. Borgel, Phoenix, N. Y. St. Al. England. J. A. C. & Co., Lowell, Mass.

GOVERNMENT WAS GENEROUS

And as a Result City Will Receive Nearly \$1000 for Sewer Connecting the Mercer.

THE GOOD ROADS SOCIETY GET \$200

Miss Butterworth is Appointed First Teacher of the Normal School at Ottawa.

At a meeting of the Ontario cabinet yesterday afternoon Miss Butterworth of the teaching staff of the Ottawa Normal School was appointed to the position of first teacher. She succeeds Miss Schenck, who resigned on account of ill-health. Miss A. G. Hamshol of Saratoga was appointed to fill the vacancy rendered by reason of Miss Butterworth's promotion.

The government decided to authorize the establishment of a High School at the Town of North Bay.

A grant of \$2000 was made to the Good Roads Association to help defray the expenses of their annual meeting, which was recently held in Ottawa.

Toronto's coffers will be increased to the extent of \$800,000, the government deciding to hand that sum over to the city in settlement of the balance due on a sewer built some years ago connecting the Mercer Reformatory sewer with the city system.

Several gratuities were given to old civil servants.

Greene and Jones To-Night. In many respects the most charming concert of the season takes place this evening at Massey Music Hall, when that most magnetic and artistic of English singers, Plunket Greene, and the renowned pianist, Alberto Jones, are associated in the following program:

- 1.-Piano Solo- (a) Etude in E major (b) Scherzo in C sharp minor. (c) Valse in C sharp minor. (d) Campanella. (e) Paganini-Liszt. Mr. Alberto Jones. 2.-Songs- (a) Komm' Susser Tod. (b) Ein Neues Kindewegen. (c) Entendevous de Carillon. (d) La Belle Dame Sans Merci. (e) The Old Navy. (f) C. V. Stanford. Mr. Plunket Greene. 3.-Piano Solo- (a) Sonata in A major. (b) Scarlatti. (c) Liszt's Liebestod. (d) Wagner-Liszt. (e) Toccata. (f) Alberto Jones. (g) Berceuse. (h) Adele Aus der Ode. (i) Rhapsodie No. 99. Franz Liszt. Mr. Alberto Jones. 4.-Traditional Irish Melodies- (a) The Gentle Maiden. (b) Little Mary Cassidy. (c) Art by Arthur Somervell. (d) Remember the Poor. (e) Eva Tonic. (f) Kitty of the Cows. (g) Quick, We've But a Second. (h) The Heroes of the Sea. (i) C. V. Stanford. Mr. Plunket Greene.

TWO FINE SPECIMENS

Of Physical Manhood. No form of athletic exercise demands such perfect physical condition as prize fighting. Every muscle in the body must be fully developed and supple and the heart, lungs and stomach must act to perfection.

Whether we endorse prize-fighting or not, it is nevertheless interesting to know the manner by which men arrive at such physical perfection.

James Jeffries, the present champion heavyweight of the world, and his gallant opponent, Tom Sayers, in the greatest pugilistic encounter that has ever taken place, both pursued much the same course of training and the first and most important part of this training was to get the stomach in condition, and to keep the digestive system in perfect order, so that every muscle and nerve would be at its highest capabilities.

This was not done by secret healthy medicine, but both of these great pugilists used a well-known natural digestive tablet sold by druggists under the name of Stuart's Dyspepsia Tablets and which every stomach requires for healthy digestion.

Champion Jeffries says: "Stuart's Dyspepsia Tablets prevent acidity, strengthen the stomach and insure perfect digestion. They keep a man in fine physical condition." Signed, James J. Jeffries, champion of the world.

The gallant fighter, Sayers, says: "Stuart's Dyspepsia Tablets remove all discomfort after eating. They rest the stomach and restore it to a healthy condition. I heartily recommend them." Signed, Thomas Sayers, champion of the world.

The advantage of the daily use of Stuart's Dyspepsia Tablets is that they keep people well and free from sickness, and are equally valuable to well persons as to the dyspeptics. Another advantage is that these tablets contain no cathartics, or poisons of any character, but simply digestive ferments which are found in every healthy stomach, and when digestion is imperfect it is because the stomach lacks some of these ferments. Stuart's Dyspepsia Tablets supply them.

They are no cheap cathartic, but a perfectly safe and efficient digestive, and the demand for them is greater than the sale of all other so-called cathartics combined. No remedy could possibly reach such a place in public esteem except as a result of positive merit.

Full sized packages are sold by all druggists at 50 cents, and the best habit you can possibly form is to take a Stuart Tablet after each meal. They make weak stomachs strong and keep strong stomachs vigorous.

SHOULD CITY PAY FOR IT?

Cost of Maintenance of Permanent Pavements Being Very Seriously Considered.

MEANS QUOTE A LOT OF MONEY

Another Appropriation for St. Lawrence Market-Cattle Market Extras Referred.

When the property on a street has borne the cost of a permanent pavement, should the city pay the cost of maintaining it? is the question which is agitating a special committee of the Council appointed to consider the local improvement system. A couple of years ago Ald. Spence recommended the adoption of the principle that the whole city should pay the cost of maintaining the pavements, and that, if possible, a fund be created out of the surplus street railway revenue over the cost of paying track allowances.

The special committee met yesterday afternoon and Ald. Crane, who presided, thought the permanent pavements constructed as a local improvement should be maintained from the general funds. City Engineer Rust said there were 100 miles of permanent pavement in Toronto, and it would cost over a million dollars to resurface it all. He estimated that the city would save \$700,000 a year by resurfacing the present 50 miles of pavement, it would mean an annual expenditure of about a hundred thousand dollars to resurface the 50 miles of macadam roadway which would be replaced by permanent pavements were laid on all of the city streets. It would cost \$12,000 for a single street, from West Market to Sheppard-street.

Special Provision Necessary. That some special provision should be made for the cost of the work was the contention of Ald. Spence, who went on to say that if an ordinary surface of a pavement lasted ten years and it would cost a million dollars to resurface the present 50 miles of pavement, it would mean an annual expenditure of about a hundred thousand dollars to resurface the 50 miles of macadam roadway which would be replaced by permanent pavements were laid on all of the city streets. It would cost \$12,000 for a single street, from West Market to Sheppard-street.

It would cost \$12,000 for a single street, from West Market to Sheppard-street.

That some special provision should be made for the cost of the work was the contention of Ald. Spence, who went on to say that if an ordinary surface of a pavement lasted ten years and it would cost a million dollars to resurface the present 50 miles of pavement, it would mean an annual expenditure of about a hundred thousand dollars to resurface the 50 miles of macadam roadway which would be replaced by permanent pavements were laid on all of the city streets. It would cost \$12,000 for a single street, from West Market to Sheppard-street.

JAIL NEEDS FOR ONE YEAR

Steward McMillan Submits His Specifications for Food and Clothing for Prisoners.

MUCH PEPPER AND SALT WANTED

Prisoners Will Not Starve If They Get All the Jail Steward Wants for Them.

The "grub"-specifications for the jail will come before the Board of Control to-day, and they will be some criticism regarding them. An approximate estimate of the quantities said to be required is as follows: 3000 lbs. oatmeal (fresh ground); 7000 lbs. peas (split); 20 barrels salt; 450 bags potatoes; 10,000 lbs. straw (cut); 1300 lbs. sugar (light brown); 150 lbs. pepper (compound); 3000 lbs. soap (yellow laundry); 12 dozen brooms (corn); 20 dozen brushes (corn); 300 lbs. tea (Indian Pekoe); 400 lbs. coffee (compound). It might be asked what becomes of that 150 lbs. of pepper and the 3000 lbs. of sugar? The answer is that the 150 lbs. of pepper will be used for the 20 barrels of salt. It is interesting to know how much salt and pepper, etc., the prisoners need.

Lots of Beef Needed. Getting away from the ornaments of a meal and coming to the solids the mind reverts to beef. The quantity estimated to be required for the year is 20,000 lbs. of ordinary everyday beef and 2000 lbs. of steak. Bread must be equally popular with the prisoners, for 30,000 three pound loaves are wanted. Some cows will be kept busy providing the 20,000 gallons of milk which is asked, and it has to be good milk, too.

Drygoods Estimates. Outside of the item for 10,000 lbs. of straw the prisoners have specifications for keeping warm and comfortable. An approximate estimate of the quantities of drygoods required is as follows: 20 pair blankets, 40 woolen; 5 dozen shirts, woolen; 5 dozen drawers; 200 yards cotton, 36-inch factory; 500 yards sheeting, 72-inch twilled; 200 yards shirting, 8-oz. duck; 100 yards blue denim; 200 yards towelling; 150 yards wide; 150 yards flannel, 27 inches wide; 500 yards hosiery; 100 quilts.

These are the wants of the jail for one year beginning on May 1 and ending April 30, 1903.

At present there are 127 male and 47 female persons enjoying the hospitality of the reformatory. Van Zant, the average is much less than 200 all the year round, and these charges of the city evidently do not energize appetites and a fondness for pepper and salt.

THE DYSPEPTIC BREAKFAST SHOULD BE MADE OF Malt Breakfast Food

The deranged and weak stomach of the dyspeptic requires a form of nourishment that will be easily retained and that will strengthen the organs of digestion from day to day.

Malt Breakfast Food is the only grain food that can surely and unfailingly meet the needs of all dyspeptics. It is the only perfect health food; the only food preparation that contains health-giving malt in the proportion needed for the nutrition of the body.

If you are a brain or muscle worker, you strongly urge you to use Malt Breakfast Food every morning, assuring you that continued health and strength will be your reward. Malt Breakfast Food is endorsed by our best physicians; it is the true breakfast dish for young and old at all seasons.

JUST TO TEST OPINION. Montreal, March 20.—It is not at all probable that Mr. Roy's bill, restricting the appeal to the Privy Council, will ever make much progress.

Writing to the Board of Trade Council, Premier Parent says: "I am myself opposed to that bill, and I intend to prevent its adoption by the House. With that in view, I will use every effort, and I hope that I will succeed in having it rejected. Hon. Mr. Archambault, Minister of Justice, writes with regard to the same bill: 'I beg to state that the government has decided to oppose the bill as being against public interest. I may state further that the promoter of the bill himself, Mr. Roy, has written to me, saying he does not expect his bill to become law. He simply wishes to promote a discussion, and an expression of opinion in the House on this matter, and then he will consent to withdraw the bill.'"

Board of Control. The Board of Control yesterday rejected the report of the Island Committee advising that E. L. Olmstead of New York be asked to recommend a plan for the Island improvement. Park Commissioner Chambers and Surveyor Sankley will be asked to further report. Aid. Loudon thought the Board sufficient ability in Toronto for the purpose.

The recommendation that the city feed at the cattle market was referred to the committee by the board and declined to vote the extra \$25,000 asked for improvements to the market, but voted \$1000 for fitting the office building, which will cost altogether \$11,212, instead of \$9000 as originally provided.

The bill of \$310 for liquor provided to inmates of quarantined houses in the west end was sent back to the creditor, T. A. Woods, with advice that they be sent to the parties who got the liquor through the office.

The board heard Aid. Lamb tell what necessary it was that \$9000 should be set aside for fixtures at a law office market, and they agreed to provide the money.

Three hundred dollars will be spent to improve Harbor-square.

The Works Committee will again have to discuss the petition for a better roadway on the Esplanade. The Board of Control sent back.

City Hall Notes. The City Clerk has received a letter from G. P. Piper of the Noah L. Piper Co., proposing to erect a magnificent condition of the sidewalks around the old parliament buildings. He thinks employees of the firm may be injured on their way to work.

The Mayor, as president of the Union of Canadian Municipalities, has an appointment to be in Ottawa on April 3, to see the Minister of Justice and protest against the telephone bill. He will be accompanied by several city councillors who have been sent out inviting all Ontario municipalities to be represented.

PARTIES AGREED TO SETTLE

Suit to Recover Damages for Death of Floyd N. Thomas Dismissed By Consent.

TWO PRISONERS PLEADED GUILTY

Troubles of a Justice of the Peace Aired in the General Sessions.

On June 14, 1900, Floyd Newton Thomas, 21 years of age, was drawn in between two rapidly revolving rollers of a planer and dreadfully crushed at the factory of the Northey Manufacturing Company. He died the following day in the Emergency Hospital. Yesterday in the civil sittings the father, Robert M. Thomas, sued to get \$1500 damages for the death. The action was brought under the Workmen's Compensation Act, and it was alleged that Superintendent Treavor should not have put Thomas, who was inexperienced, at that kind of work. It was also charged that the planer was not properly guarded. At the conclusion of the plaintiff's case the parties agreed to settle, and a consent judgment was entered against the company without costs.

Peremptory list for to-day at 10 a.m. in: Toronto Public School v. Toronto Railway Co., Balemans v. Toronto and Empire, Mandi v. McBride, Beringer v. Toronto Railway Co. Price of Manitoba Flour. In the non-jury Assize Court yesterday Robert Muir & Co., millers, Winnipeg, sued the Union Baking Co. for \$2000 damages for alleged breach of contract. The defendants counter-claimed for \$1000 on the ground that the plaintiffs did not deliver the quality of flour ordered. Mr. Justice Street dismissed the case to secure evidence from Manitoba dealing with the price of flour during the summer and fall of 1901. If the price is less than the sum mentioned in the contract the plaintiffs will give damages. Peremptory list for to-day at 11 a.m. in: Toronto Furnace and Creamery Co. v. Toronto Public School Board (to be concluded), Farmers Loan v. Congregational Church, Gupta Percha v. Gendron, Thomas McKibbin, who attempted to extort money from Dr. John S. King and other physicians by blackmail, appeared in the Criminal Sessions yesterday.

A DREAM "DODGER"

Chronicle all the escapes from death and put them in letters that all the world can see, and you'll find if history were written faithfully, Dr. Agnew's Cure for the Heart would hold the record for having "balked" death's rumpage." It goes to the very brink and snatches from the death Angel's grip in thirty minutes. It is a heart specific. A few doses relieve the most stubborn cases, and a few bottles will turn the scale of health. It never fails to cure.

YORK COUNTY AND SUBURBS

Junction Councilors Struggle With Light Question and an Agreement Will Be Formulated.

WOODMEN WILL START A CAMP

Two Runs for Brigades to Quench Bush Fires—School Children's Concert.

Toronto Junction, March 20.—The Fire and Light and Property Committee at a special meeting to-night, again discussed the electric light question with Mr. Wells of the Humber Light and Power Company. Very little was done beyond an informal talk, which caused the Mayor to remark that the whole year might be spent in talk and nothing be done. He suggested that the chairman of the committee, the Solicitor and the company formulate an agreement. He will then call a special meeting of Council to deal with the matter. It has been difficult to get the committee together, and on Monday night another meeting will be held to try and arrive at some agreement. The company are anxious to get a franchise for interior and street lighting in Toronto Junction, as it is their natural market, but it is also their intention to furnish power and light in Weston, York Township and neighboring municipalities.

The children of the Public Schools will give a children's concert in Kilburn Hall on April 3. Among the specialties to be given will be the Spanish Dance, Shades of Night, Flower Bells and Daughters of the Empire. A camp of the Woodmen of the World will be inaugurated here to-morrow night by Organizer Tomlin. The camp will start with about 40 charter members.

The Liberal club will meet in the James Block on Saturday night. The members will take part in a mock parliament.

The fire brigade was called out twice to-day to small bush fires.

At a special meeting of the Public School Board on Wednesday evening, Miss McKay of Teeswater was appointed teacher of the primary department. There were 43 applicants. Her salary is to be \$240 per year.

Miss Thompson has resigned her position in the Public School, and the vacancy is caused.

Thomas Riley, who left for Catskill, N.Y. yesterday, was the recipient of a handsomely engraved letter from members of the Epworth League of the Methodist Church prior to his departure.

Wedding in Vaughan. A very pleasant and enjoyable time was spent on Wednesday at the home of Mr. and Mrs. Sumner McChesney, lot 13, con. 8, Township of Vaughan, in the occasion of the marriage of their daughter Lizzie to A. Livingston McNeil, son of Andrew McNeil of Vellore, by Rev. Mr. Barker of Maple. The bride looked charming in a white satin brocade, trimmed with lace and pearls, carrying a shower bouquet of white roses. She was given away by her father. The bridesman, Miss Annie McClure, was also prettily attired in white, with pink roses. The groom was assisted by his brother, J. McNeil.

East Toronto. William McCausland, a brickman on the Grand Trunk, residing on Edward-street, East Toronto, met with a shocking death about 3.30 yesterday

morning at Oshawa. He was uncoupling cars, and it is thought he slipped and fell under the wheels. He leaves a wife, but no children. William Bird of East Gerrard-street was seriously shaken up by a fall from a car at Bellevue on Wednesday afternoon. He was on one of the cars of a freight train, and the brakes were applied suddenly. The train stopped throwing him to the ground. He escaped with a severe shaking up and will be back to work in a few days. J. L. Tidder's rink departed the rink of George W. Ormerod on Wednesday evening by 4 shots.

W. H. Thompson of Stouffville was before J. P. Ormerod yesterday morning for being disorderly in the village. He was fined \$1 and costs, the alternative being 30 days in jail.

East End Items. The interior of the jail has been cleaned and whitewashed and painted throughout. The work was done by prison labor.

The annual concert and dance of Lodge Hammersmith will be held in Dominion Hall to-night.

The St. Clemente Club will visit the R. C. B. C. this evening to have a friendly game.

The males and females of Berkeley-street Methodist Church will give a "High Tea Party" and concert on Monday evening next.

DEBATE ENDED IN A DRAW

North Toronto Conservatives and Liberals Cross Forensic Swords in Friendly Rivalry.

SUBJECT WAS PREFERENTIAL TARIFF

H. M. Mowat, Adjudicator, Criticized the Weak Points of Arguments on Either Side.

At Cumberland Hall last evening an animated debate took place between representatives of the North Toronto Liberal and Conservative Clubs. The preferential tariff was the subject over which the opposing orators contended.

Before the actual debate was commenced, Miss Mac Dickenson rendered the parrot song from the "Gaiety" with guitar accompaniment. As an encore she sang the "Dixie Kid."

J. Castell Hopkins was chosen as president of the evening by H. M. Mowat, K.C., as announcer and adjudicator. J. M. Lang, on behalf of the Liberals, dealt mainly with the object of the preferential tariff generally and quoted statistics in corroboration of his argument.

His main point was that Britain had put a tariff on goods imported in Canada, and vice versa. Then he went on to explain the falling off of exports and imports in 1891, which he attributed to the previous bad season in Canada; nevertheless it was proved that for every dollar's worth we sent Britain we got \$2.50 back. It was obvious that we ought to do with Great Britain in preference to the States, more especially as the American policy is to put an all-around tariff. Apart from the political aspect, he emphasized the fact that the preference policy tended to the unification of the empire.

H. Birmingham, on behalf of the Conservatives, in a somewhat impassioned speech, declared that the increase of imports and exports referred to was not due to the tariff but to the development of the country and general progress of trade, and as a matter of fact, the increase had been more in favor of the United States than Great Britain. He pointed out that Sir Michael Hicks Beach, who had stated no difference whatever to British policy, had concluded his argument by strongly advocating the policy of protection.

Tariff Revision Urged. F. C. Wilson, liberal, combated in detail the statements of the previous speaker, and referred to the contiguity of the United States as being a strong factor in the two countries, which necessitated an immediate revision of the fiscal policy.

S. Thompson, Conservative, stated that originally Germany and Belgium were included in the preferential tariff, but that within two months afterwards those two countries were excluded from the arrangement. He pointed out that Germany became angry, and in addition put a discriminating tax on Canadian products. He stated that goods to be sent to Canada marked English goods and in consequence the goods were quoted to show that the sequence of the tariff Canada did a greater trade with the United States, to the extent of 112 per cent.

H. Dickenson, president of the North Toronto Liberal Club, in a loyal, patriotic and humorous speech, defended the preference tariff. He characterized the "cussed selfishness" of the Conservatives, and declared that the demonstration of broader minds and broader principles, and a desire to share

NOTICE. MUNICIPALITY OF EAST TORONTO. Take notice that the Municipal Council of the Corporation of the Village of East Toronto intend to undertake the work of the initiative method for domestic manufacturing, salubrious, fire protection and other purposes in said village, on Balaquene water main on Balaquene street, extending from the intersection of Pine-street to the intersection of Spruce-street, and to pass the necessary by-law for such undertaking, and to assess the necessary cost against the properties benefited thereby.

And take further notice that the Council of the said municipality will proceed with the said extension of the water main on the last publication of this notice, which will be on the 28th day of March, 1902, unless the majority of the owners of real property to be benefited and representing the Council against the undertaking, dated this 17th day of March, 1902.

(Signed) W. H. CLAY, Clerk. (S.R.) This notice was first published on the 21st day of March, 1902.

NOTICE. MUNICIPALITY OF EAST TORONTO. Drink it Hot or Cold

The pure juice of the grape has always been considered the most delicious and yet the most primitive form of drink-food. McLaughlin's pure grape juice is unfermented, slightly carbonated, and absolutely pure.

All drugists—or grocers. 15c per quart bottle.

our responsibilities and to stand or fall by the British empire. Unfairness of the Preference. J. Castell Hopkins, president of the North Toronto Conservatives, brought the debate to a close by stating that he had been said with some force by his opponents in favor of the tariff. The two important points had, however, been omitted, namely, that the tariff had been instrumental in shutting out both Germany and Belgium as competitors with Britain. He contended, however, that the tariff needed reforming and entered into details suggesting changes. He strongly advocated the establishment of a revised preferential tariff, and that Canada in return should share with England the cost of maintaining her army and navy and imperial defence, and Britain on her part should tax other countries for products producible by her colonies. Mr. Mowat, as adjudicator, criticized by his opponents in favor of the tariff. He pointed out that the tariff had been instrumental in shutting out both Germany and Belgium as competitors with Britain. He contended, however, that the tariff needed reforming and entered into details suggesting changes.
