SENATE

## TORONTO'S PRESSING PROBLEMS

What is the matter with upper Yonge-street, the east end, and the Don Valley? The further you go from the Don, following the north boundary of the city you are crowded north as you go. The north limit is a mile and a quarter from Queen-street at the east end and over three miles north at the west end. Why?

The City of Toronto as the capital of what is now the great province of Ontario was located at the start, between the present St. Lawrence market and the Don, much nearer the Don. At that original start the parliament buildings were at the foot of Parliament-street, near the present gas works, the city hall at the present St. Lawrence market. Since then things have moved westward until the city hall is now at the head of Bay-street, and two-thirds of the population is probably west of Yonge-street. The Parliament Buildings are now up in the Queen's Park.

The city has not only moved west but it has moved northwest in a surprising way. True, of late years there has been a great improvement on the east of Yonge-street and especially No. 1 ward over the Don has grown in a most surprising way. Church-street is looking up; East Queen-street is a main business thoroughfare.

But still the great problem is why have things gone west so rapidly and why have they gone northwest so rapidly and why has it been comparatively still east of Yonge-street. The world all along has had one explanation and that was that the people of Toronto failed to realize that improvement to the east would only come with high level bridges over the Don and over the Don ravines, wherever they happen to be. The proof of this is that the Queen-street bridge, the Gerrard-street bridge, and were a high level viaduct made as a continuation of Bloor-street across the Don Valley to Danforth-avenue another marvelous development to the east would take place. What made the west end was the Dundas-street bridge, the Queen and King-street subways, and the other subways and improvements that allowed of continuous traffic on the thoroughfares to the west and northwest. The Sherbourne-street viaduct made Rosedale possible.

But something else also has happened. Parkdale, which originally had a village organization and all the other suburbs that were to the west and northwest, one after the other, including the most important of all, West Toronto, came into the city and shared in the benefits of city government. There was no increase to the east until last year, when what is called the Midway and East Toronto came in and the benefit in this direction can already be felt.

Up to the north, and now we are coming to one of the most important points of this discussion, old Yorkville, which is north of Bloor and which includes Rosedale and over to the present Avenue-road, have become enormously progressive—ever since they came under the city's influence. But after you leave the city limits at the C. P. R. crossing or near there, while there is progression and while upper Yonge-street is working in a great thoroughfare, there is still an impediment that almost paralyzes progress; namely, that the municipality of North Toronto is not able to handle the metropolitan problems that present themselves, and this is the cause of a double fare on Yonge-street, beginning at the C. P. R. crossing two miles north of Queen and Yonge-streets; while Queen-street, the great east and west thoroughfare, is almost a mile long with a single fare street car service. There is also a single fare street car service from the Woodbine almost to Lambton by the Dundas-road and similar lines of single-fare street car service east and west and northwest. Even Avenue-road to the north has a single fare to St. Clair-avenue.

What therefore must be apparent to everyone is this: namely, that the Town of North Toronto and those who are interested in Yonge-street north must see that in order to fully participate in the wonderful growth of Toronto, North Toronto must become a portion of the city and rely on the City of Toronto to try and settle the Metropolitan Railway's franchise on that street and make it a portion of the city's service and thus give the public a single fare street car service on Yonge-street for at least seven or eight miles to the north. North Toronto as now organized can never do this. North Toronto as now organized is not even equal to the problem of a decent roadway north of the tracks. The worst roadway probably in America to-day is Yonge-street north of the C. P. R. tracks and we say this after a most careful consideration. Nor has Yonge-street had a decent roadway for years. Nor is North Toronto able to grasp with the sewage problem, the problem of parallel streets or the problem of water supply. They are simply floundering, altho Yonge-street to-day has in it the makings of the greatest metropolitan thoroughfare in Canada, and we have no doubt it will be; but the initiative must be taken, the dead hand must be removed and the jurisdiction of Toronto must be extended say to where the Don River crosses Yonge-street at York Mills.

Equally important is the construction of the Bloor-street viaduct. Everybody now sees that it is essential to the development of the city to the east and the maintenance of some kind of balance on either side of Yonge-street. The most surprising thing on the east side of Yonge-street is the purchase of two big blocks between Yonge and Church north of Carlton for some immense business. We have an idea what that business is to be and it may be the beginning of an enormous new movement to the north and east; but certainly an essential part of it will be a single fare and the city jurisdiction on Yonge-street to York Mills and the construction of the Bloor-street viaduct at the earliest possible moment. When this is done there will be a development up Yonge-street and east of Yonge-street and over the Don right to East Toronto, (town that was) that will be surprising; and, what we believe is most satisfactory of all, without any interference with the remarkable growth of the city to the west and northwest that has now taken place and which we are quite confident will continue to go on.

Yonge-street is to be the great centre of Toronto and always will be it. Yonge-street must be unified, improved and supported to the east by a high-level thoroughfare crossing the Don at Bloor-street. This thoroughfare when completed will some day, and perhaps at a very early day, be next to Queen-street, the third street in Toronto; for our size-up is Yonge-street first, Queen-street, next and Bloor-street from Scarborough to the Humber as the third thoroughfare.

But the people of North Toronto must help themselves by declaring for annexation, and all the people east of Yonge (let alone all the rest of the city) must vote for a Bloor-street viaduct.

But there is more than one radial franchise now within the city that has to be dealt with. There are six, and when we deal with them we ought to deal with them all, including the Metropolitan on Yonge-street, both within the city and in North Toronto. They are:

1. The Lake Shore on the Lake Shore-road from the Humber to the west end of King and Queen-streets.
2. The Toronto and Lambton on Dundas-street, west of Keele shed to the west city limits.
3. The Weston line on Keele-street.
4. The Davenport line, from the C. P. R. tracks on Bathurst-street and Davenport-road to the west city limits.
5. The Metropolitan from the C. P. R. tracks on Yonge-street to the north limits (Belt Line Bridge).
6. The Scarborough line on the Kingston-road from Queen-street to the town line.

All these are in the city and all carry single fares of their own independent of city street car fares. Using them you pay two fares to get in or out of town.

Their franchises are of different lengths of time to run. All of these franchises must be closed when they expire or commuted for a consideration under expropriation powers.

Who is finding all this out and working out a policy in connection with them, either as a part of the tidies or as a part of the city's surface lines? No one that we know of. The mayor has gone on a journey. Hadn't Ald. McCarthy better move to have the new city solicitor and the city engineer, catalog these radial franchises (now within the city) to begin with?

If we expropriate them, then we must make provision for the portions outside of the present city getting an entrance to the centre of the city over the new tube lines.

The whole is a big question for some one to find the solution.

Here's another one: The York Township Council is constantly passing new surveys of streets that do not line streets that jog like they do on either side of Yonge-street. St. Clair-avenue will be another horrible example. If the whole township is to come into the city, as it must soon these days, shouldn't there be one metropolitan municipal commission for the government of it all? The problem of the one must be the problems of the other; yet we have two bodies dealing with them and that works confusion.

And finally, there is the problem of the tubes, which we cannot touch to-day. We hope the experts are at work.

Some one ought to be busy on Greater Toronto and its problems and that works confusion.

30TH YEAR

## SENSATION WAS SPRING IN THE MURPHY CASE

## ON TORONTO BAY.

Lawyer Alleges Bullets Came From Opposite Direction—Experts Will Visit Scene of Tragedy—Exhumation of Bodies Refused.

BYRON, Que., May 31.—(Special).—The sensation prompted by the defence in Annie Murphy's case commenced today, when R. de Salaberry, the Bryson lawyer, presented two petitions to the Court of King's Bench, presided over by Judge Weir, one asking that the bodies of Harry Howe and William Dale be exhumed and an autopsy made, and the second that he and the experts in the case be authorized to visit the scene of the tragedy when necessary.

The court house was crowded with jurymen awaiting empanelment, and with villagers, mostly men, who had heard that the petition would be read. Without preliminaries Mr. de Salaberry presented the extraordinary petition. It laid stress on the fact that no shots were produced in evidence in the late trial, and that only the testimony of physicians, who had made an external examination of the bodies, was produced. Having made this plain, the startling discovery of a new line in the line of fire described by the crown, but that in an opposite line there was plenty of marks of bullets, the petition asked that an autopsy be made to compare the shots in the body with the marks on the walls.

New Line of Fire.  
Several affidavits were then read, including that of Athole B. Reader, the New York expert, who alleges he made the startling discovery of a new line of fire, and of five suspicious-looking revolver shot marks in the milk-house.

The sworn statement of Michael Murphy caused a sensation in court. "I solemnly swear," ran his affidavit, "that I did not kill Harry Howe and William Dale, and that I did not fire the shot that killed them."

Another affidavit was that of Emmanuel Godin, one of the jurymen, to the effect that the verdict of "not guilty" was the result solely and alone of their visit to the scene of the tragedy.

Addressing the court, Mr. de Salaberry said: "I fear we are confronted with the most terrible state of affairs ever seen in the legal history of the Dominion. The case is so strong I am really afraid of it."

Would Charge Perjury.  
"I want you to have information laid against Michael Murphy for perjury in this affidavit," declared the crown-prosecutor. Then, after he had washed his hands of the affair, the judge expressed his willingness to follow the matter to go before a jury. "However," said the judge, "I am astounded at the audacity of Murphy in making such an affidavit. The motion is rejected." The second motion was granted by the judge, asking that the attorney and experts be allowed to visit the scene of the tragedy.

An affidavit of Bailiff Robertson, attached to the petition, said: "While experts were at work, Harold Armstrong, one of the actors in the tragedy, ordered them off, saying, 'You are trying to make things out that never happened. The experts had not spoken of their business there.'"

Mr. de Salaberry told The World representative he was not discouraged at the judge's action. He had evidence more startling than exhumation could give, he declared.

### MR. CLINCH'S RETIREMENT

Will Not Sever Connection With Molson Bank for Awhile.

A bank official said last night that the retirement of W. C. Clinch, manager of the Molson Bank, would not occur for some months. Reports of his leaving were somewhat premature, remarking that it was not unusual when a manager reached an age which made him eligible for a retiring allowance, to have such reports gain currency. He has, however, been granted leave of absence.

Mr. Clinch is one of the oldest bank managers in Toronto in point of length of service. He was previously in the service of the bank at Hamilton.

### LATHERS STRIKE TO-DAY

And So Will Builders' Laborers—Want More Pay.

About 900 lathers' laborers, who have been unable to get agreements from bosses increasing wages to 28 cents an hour, will go on strike this morning.

So will about 125 lathers, who want their present rate of \$3.10 a day increased to \$3.50, what it was 2 years ago.

This was decided last night at the mass meeting of the two unions, who will meet again this morning.

Cabled Premier Botha.  
Acting Mayor Ward yesterday cabled Hon. Louis Botha, premier of South Africa, at Pretoria, Toronto congratulates South African Dominion and wishes her godspeed.

be busy right away. We've got to round off the city by taking in North Toronto; commuting all the radial franchises within the city so as to get single fares and double tracks; getting the Bloor-street viaduct and a continuous street from the Humber to Scarborough along Bloor-street and Danforth-avenue with a single-fare street car service; and we must build the tubes.

Again we say who is on the job?

Do you think anyone but a high-class commission, highly paid, is competent to deal with these big problems—a commission that is not only high-class, but has some continuity in its existence? A city council that lives for a year, is no sooner fairly on the job than it's getting ready to get off the job, cannot handle them.

A LITTLE FLY FISHING.

## MACEDONIAN WITNESSES DISPUTE ATLAS' STORY BUT HE STICKS TO IT

Widow of Murdered Man and Three Others Swear That Events Alleged Never Took Place.

### CAREER OF THE ACCUSED ATTACKED BY THE CROWN

After a woman and three men from far-away Macedonia had sworn to certain facts relating to the charges on which he was yesterday placed on trial, Rev. Geo. M. Atlas went into the witness box in the sessions court yesterday, and sticking to his original story, contradicted the crown's witnesses.

The court was crowded all day, a number of clergymen and women, besides Atlas, being present. Judge Winchester, who presided, rebuked Atlas once when referring to Macedonia, he said: "In that country they would kill Christ and sell God for a dollar."

"State the facts, never mind your opinion," said the judge.

Atlas is accused on three charges: Of stealing \$408 from Velka Simoff, the widow; of forging a false receipt for the same and of uttering the alleged forged document when called upon by the courts to account for the non-payment of the money to the widow.

Mr. Robinette moved to have the case taken from the jury on the ground that no forgery had been shown, but Judge Winchester declined.

While the crown's case was closed yesterday afternoon, there will be witnesses in rebuttal of Atlas' story today. A verdict should be reached tonight.

### The Crown's Case.

County Crown Attorney Baird outlined the case for the prosecution. Atlas had been appointed to administer the estate of the man Simoff, who was murdered here, and had drawn the money, some four hundred dollars. Simoff's widow in Macedonia had complained to the British Consul that she had received nothing. Atlas was called before a judge and produced a receipt purporting to show that the money had been paid the widow.

"The crown," said Mr. Baird, "will now show that that money was not paid, that that receipt was signed by the widow, and that Atlas acted upon the receipt as genuine, well knowing it to be the forgery of his own hand."

Not only would the man who was with Atlas on the one day they spent in the village where the widow lived

## BANKS NOT TO CLOSE FRIDAY

Terms of the Banking Act Do Not Insist That Institutions Shut Up on King's Birthday.

OTTAWA, May 31.—(Special).—The observance of the King's birthday as a bank holiday is prescribed in the Bank Act. It is possible for the government, by proclamation, to dispense with the observance of it, and this was done during the reign of King Edward. In the case of King George's birthday no proclamation has been issued, and it accordingly becomes automatically a holiday.

The Bank Act, however, does not prescribe any penalty if a bank chooses to remain open on the day. The situation is that if notes, bills, etc., mature on that day they cannot be protested.

In view of King George's expressed wish that his birthday be not kept as a holiday, the Dominion Bankers' Association has decided to keep open on the terms above stated. This applies to the whole Dominion, the branches of the various banks having been notified to this effect.

### G.T.R. ROLLING STOCK

Additional Orders for \$2,000,000 Worth Placed Yesterday.

MONTREAL, May 31.—(Special).—The Grand Trunk management placed orders to-day for nearly \$2,000,000 worth of rolling stock, in addition to the ten passenger engines of the Pacific type and 1000 steel under frame box cars, and 500 automobile cars ordered about ten days ago.

The new orders consist of half a dozen first-class coaches, 20 baggage cars, one motor car, three dining cars, three cafe parlor cars, three buffet parlor cars, fifteen Richmond consolidated freight engines, 25 mogul locomotives, 1000 hopper bottom steel coal cars, and 500 steel underframe box cars.

The orders for the cars have been placed with the Canada Car Co., the Silker Car of Halifax and the company's own car shops at Point St. Charles.

### LAWSUITS THREATENED

Masonic Expose Stirs Up Litigation in Quebec Province.

MONTREAL, May 31.—(Special).—The brochure issued the other day exposing the Emancipation Masonic Lodge, is creating a great deal of interest from the number of lawsuits which are sure to be entered.

Omer Chaput, editor of La Tribune of Sherbrooke, who had to retire on account of the famous pamphlet, has already sued La Croix and Mr. Lemieux, the author of the brochure, for \$10,000, while a good deal of interest is also felt in St. Hyacinthe, where one Mr. Damase Bouchard, city clerk, also named in the book, has entered an action against a Mr. Cartier, who stated that Bouchard said he was a Mason. It is said that all the members of the Emancipation will be subpoenaed in this case.

### MUNICIPAL OWNERSHIP CARRIES

BOWMANVILLE, May 31.—The by-law giving municipal ownership of the Bowmanville Electric Light Company was carried here to-day by a majority of one hundred.

### WEDDING BELLS

Wedding bells are an old kind of bells, but wedding hats are of only one class and that is the best that you can get in style and quality. Don't go to a wedding in an old hat or one that is not absolutely the best there is, because you're going to feel uncomfortable. The Dineen Company is sole Canadian agent for the great English hat, the Henry Heath, the hat the King wears, and agent also for Dunlop of New York, who is the greatest silk hat maker on the American continent. The Dineen Company remain open until 10 o'clock every evening.

## TORONTO HARBOR IS IN NEED OF MANAGERS

Present Conditions Are a Disgrace—Remedy Lies in Appointment of Proper Commission to Carry Out a Progressive Policy.

A steam barge drawing 13 feet of water, loaded with 1800 tons of Norwegian pig-iron, consigned to a Toronto manufacturer, unable to reach a dock on account of inadequate wharfage facilities, and compelled to anchor half a mile out in the bay and discharge her cargo by means of lighters.

This is not a picture of Toronto's water front ten or twenty years ago. It is one phase of the harbor problem which the city is up against to-day, and which calls for immediate solution if Toronto is to become the great fresh water port which nature intended it should be.

On Sunday last the barge Keystrom, out from Middleboro, England, with a cargo of pig-iron, made the harbor and steamed slowly toward one of the numerous docks. The vessel was drawing 13 feet of water, and owing to the fact that Toronto's wholly inadequate wharfage facilities make no provision for anything calling for more than 12 feet, it soon became apparent to the captain that the only way to deliver his consignment in Ontario's metropolis was by anchoring and lightening the cargo on shore.

Toronto's water front is a crying shame to the capital of Ontario, and one that will do more to hold back the city from a commercial standpoint than anything which has engaged the attention of the city fathers for ten years past.

The Cause of It.  
Now that the Welland Canal will be deepened to 23 feet by the Dominion Government, there is a greater call than ever for an aggressive and up-to-date remodeling of the harbor, front of the city. The old wooden wharves and antiquated spiles are so far behind the times that Toronto is fast acquiring the stigma of possessing one of the worst harbors on the great lakes. As the captain of the Keystrom put it, it should be:

Continued on Page 2, Column 2.

## EARL GREY OUT TO KILL THE FROZEN NORTH IDEA

Details Announced of His Winnipeg-to-Halifax-by-Water Trip—Only 20 Days Gone.

OTTAWA, May 31.—(Special).—Earl Grey is determined to destroy the "frozen north" idea regarding Canada, which seems to prevail so largely in Great Britain. More than any other man he will accomplish this, and he has arranged a trip thru the wild northland, arrangements for which will be completed in about a week. The party will be a little larger than usual, and is expected to probably about 12 in all.

To show the feasibility of the Hudson Bay route the trip will be accomplished in 20 days, provided no very severe weather is encountered. The only part of the arrangements which remains to be decided upon is the overland route to Hudson Bay, but it is very probable that the first intention of following the surveyed route of the proposed Hudson Bay Railway will be abandoned and that the government-general will travel by canoe down the Hayes river from Norway House, at the head of Lake Winnipeg. The Hayes River is preferable to the Nelson, in that there are fewer portages and navigation generally is less dangerous.

The overland trip to Port Nelson, which is also at the mouth of the Hayes River, will occupy eight days, and twelve days will be spent on the government steamer Earl Grey, on the way to St. John's, Nfld., or Halifax. After leaving Port Nelson, the government-general will visit Fort Churchill, Thence he will go to Praftontaine Bay, on the northwest of Ungava, which is one of the finest natural harbors in the world. It is almost completely landlocked and is capable of accommodating the entire British fleet.

Big Island, on the northern shore of Hudson Strait, will next be visited. There are valuable mica mines there. At the eastern end of Hudson Strait a stop will be made at Fort Burwell. Then the Moravian missions and Dr. Grenfell's missions will be visited, and a straight course set for St. John's, Nfld., or Halifax.

### FOUND BESIDE TRACK WITH HEAD BATTERED IN

Companion, When Arrested, Had Blood Stains on His Clothing.

MIDLAND, May 31.—(Special).—With his head lying in a pool of blood the unconscious, the still breathing, body of a man who goes locally by name of "Scotty" was picked up beside the track, near Victoria Harbor, by the train from Midland. The base of the skull had been smashed in, apparently by some heavy instrument, as there was no evidence to show that the man had been run over by a train. From the amount of blood, it is thought he had lain there for from three to four hours. A strong smell of whiskey was observable on the body.

The C. P. R. is erecting a big new steel and concrete elevator across from Victoria Harbor, on Maple Island, and it is believed that "Scotty" with a companion, who was a fellow-ironworker on the elevator, came from the camp on the island together and that his companion left him at the track, returning to camp.

The injured man was placed on a train and taken to the hospital at Midland, where at last accounts he was still alive, the very low.

Scotty's companion was later arrested and lodged in jail at this place. Blood-spots were found on his clothing.

Township Will Take Stock.  
NEW HAMBURG, May 31.—The ratepayers in the Township of Wilmot to-day carried a by-law to take \$20,000 preferred stock in the projected People's Electric Railway.

HAMILTON HAPPENINGS

MILLION DOLLAR PLANT WILL COME TO HAMILTON

National Fireproofing Co. of Pittsburgh Will Establish Factory—Hospital Rates Increased.

HAMILTON, May 31.—(Special.)—Representatives of the National Fireproofing Co. of Pittsburgh, which has purchased a 125-acre site on the Hendrie farm, across the bay, for its Canadian plant, will be here to-day to confer with Publicity Commissioner Stullis and complete arrangements for the erection of buildings. The company expects to have its plant in operation by Jan. 1, 1911. It proposes spending a million dollars, and to begin will give employment to probably 500 hands. The National Fireproofing Co. is said to represent practically a combination of all the big plants in that line of industry in the United States.

The Canadian Club to-night elected C. B. McCullough, president; H. H. Whitton, vice-president; Hugh Hennessey, second vice-president; George C. Copley, third vice-president; A. Grey, treasurer; C. E. Kelly, secretary; J. M. Teiford, assistant secretary; J. M. Williams, literary correspondent; G. Smith, Dr. T. H. Husband, J. Stephen, J. L. Jolly and C. Peabody, Harman, F. H. Whitton reported receipts of \$157.20, and expenditures \$381.77. Hugh Hennessey reported the membership 588, an increase of 75. The secretary was instructed to send a congratulatory cablegram, thru Hon. Charles Murphy, to the United States of South Africa.

The closing exercises of the Conservatory of Music were held in the Grand Theatre this evening. The mayor congratulated the organization on the good work it was doing. The pupils of the conservatory and professors contributed a program of instrumental and vocal numbers. The general hospital governors at their meeting this afternoon decided to raise the rates to patients by an average of about \$2 per week. The cost of maintenance has gone up by about 23 per cent. since 1900. Dr. Tyler of Montreal was favored as the new pathologist, and his name will be forwarded to Provincial Council. The 15th annual convention of the Niagara and Hamilton Baptist Association was opened in Dundas this afternoon. Mrs. St. Clair Balfour, of Hamilton, presided, and an address of welcome was delivered by Mrs. Grand, Hamilton. The statistical report presented by Mrs. Dr. Mulock of St. Catharines, showed the 21 churches and 13 branches raised \$526.17 for home missions, \$500.25 for foreign missions and \$213.30 for special work, a total of \$1,239.72. Officers are elected as follows: Mrs. St. Clair Balfour, st. Hamilton, president; Mrs. Dr. Mulock, st. Catharines, president; Mrs. J. Hendry, Hamilton, assistant director; Mrs. Sheik, secretary for the day. This evening missionary addresses were delivered in French by Rev. W. Daniel, Toronto; Miss Priest, Indian, and Rev. W. Daniel, Toronto.

Hotel Hanrahan, corner Barton and Catharine streets, Hamilton, is being recently situated and easily reached from all parts of the city. Erected 1906. Modern and strictly first-class. American plan. Rates \$1.25 to \$2.00. Mrs. Hanrahan, proprietor. Phone 1465. 185t

NO PROTEST MADE. OTTAWA, May 31.—(Special.)—In regard to statements made in a section of the press to-day that the British Government has formally protested against the new immigration regulations adopted by the good round government, The World is officially informed that no such protest has been received. There has been some correspondence in which the home government asked for information as to the regulations, but there has been nothing in the nature of a protest, a proceeding which would be most unusual and rare in British practice.

Police Pointers. Two more arrests were made yesterday in connection with the assault and attempted robbery on Gladstone on Duke-street Saturday night. The accused are William Howard and Henry Reid. William Noble, a teamster, living at 33 Howard-avenue, got belligerent in a cool yard when refused a job yesterday and related P. C. Carson. He is charged with assaulting the officer. Fred Whittaker of 8 Abbott-avenue was arrested by Detective Tipton yesterday, charged with theft from the Robt. Simpson Co.

Construction of Spur Ordered. INTERESTING. (Special.)—The railway commissioners of Canada held a sitting here to-day, when the spur line project and inter-switching between the C. P. R. and the G. T. R. were considered. The commissioners decided that the construction could be proceeded with at once, and that property holders must be compensated. The building of this spur line is the initial step toward connecting Ingersoll with the C. P. R. main line running north to London. The inter-switching application was left in abeyance for the board's engineer and operating officer to report upon.

BRIDGEWORK REQUIRED. BRIDGEWORK, per tooth \$5.00. Gold Crowns \$5.00. Porcelain Crowns \$5.00. Gold Inlays \$3.00. Porcelain Inlays \$3.00. Silver Filling \$1.50. Cement Filling \$1.00. Extracting \$1.00. Presenting this Coupon when making new contract for \$10.00 or more work \$2.00 worth.

Dr. W. A. Brethour. 250 Yonge Street, Phone M. 364. Open Evenings. (Over Sellers-Gough)

HARBOR IMPROVEMENTS

Continued From Page 1.

It is the only place professing to have a harbor, never heard of where a vessel couldn't tie up at a public dock and pay a regular charge. The system of private ownership by corporations of wharves is one which is altogether out of accord with the best modern systems, and one which has been demonstrated and is being demonstrated every day right here in Toronto to be foreign to the best interests of the city at large. In the other large ports on the great lakes, the docks are either owned by the municipality or operated by private corporations under franchises by which adequate facilities must be given at regular rates.

The Remedy. The only way to insure a harbor for Toronto which will be sufficient to meet the requirements which the city will be up against from time to time, is to put in an up-to-date system of docks of modern construction, and to do it right away. By extending the line of wharves out a hundred feet past those at present standing, it would be possible to get into water 25 to 30 feet in depth. The Dominion Government has standardized its wharves, canals and entrances at 23 feet, and Toronto must at least meet this in its harbor. The present city wharves are anything from four to twelve feet in depth. There are many ways in which to go about getting the remedy. It would probably prove unwise to put the harbor board. This means leaving it to those who are concerned in the matter for a year only, and no matter how good their intentions, who will say that their plans could be left to their successors to be carried out with the same initiative as the originators would have shown?

New Commission Needed. The way out of the difficulty is to let the city officials appoint a commission after the style of the Niagara Falls Park Commission. Let them give the wharves free to the city, and let the city build up a larger and greater Toronto and be glad to do so. There are many in the city who are anxious to secure them for their board of governors, the university has called upon them to assume the responsibility for the harbor. Here is a matter which, if possible, means more for the development of Toronto as a greater and larger metropolis, but which calls for no more talent or self-sacrifice than have these other projects. As to the cost, we have only to look at the cost of the harbor front reconstruction provision for this side of the question. The city possesses in the acres of Ashbridge's Bay a valuable site which, if it is not used for a harbor, would be a source of revenue which has been little thought of by the people. With twenty-two feet of water, a situation on the very highway to the head of the great lakes to the sea, with three great transcontinental lines within easy access, the Ashbridge's Bay wharves are a source of revenue which has been little thought of by the people.

Unusual Advantages. With twenty-two feet of water, a situation on the very highway to the head of the great lakes to the sea, with three great transcontinental lines within easy access, the Ashbridge's Bay wharves are a source of revenue which has been little thought of by the people. There are industries which would come to Toronto to-morrow were they given an opportunity to take advantage of such facilities, industries which would pay good round prices for a site and which would employ thousands of men. Nowhere in Canada can factory hands be secured like in this city, and this is recognized by every manufacturer in the province. Ashbridge's Bay would mean millions to the city if filled in and offered to manufacturers who would be quick to take advantage of the transportation facilities afforded.

Fine Harbor, But— It is conceded that Toronto has one of the finest natural fresh water harbors in the world, but the harbor is not the whole world. Let it be seen that it has also a competent, up-to-date system of wharves as is befitting a city of its importance as capital of the banner province of the Dominion. Let the harbor act be amended to allow for the appointment of a commission which will be given large powers and remain in office until the project is completed or until their services prove unsatisfactory. Let some general plan be adopted and let it be possible for manufacturers to come forward with their suggestions and let the matter be taken up at once, for to the crying shame of the city be it said, that there is not a wharf on the harbor front to which a vessel drawing thirteen feet of water may safely tie up.

St. Andrew's College Annual Games. The annual games of St. Andrew's College, Toronto, were held on the college campus on the afternoon of Friday, May 27. Owing to the recent death of Mr. Edward the sports were of a private nature. No invitations were issued, and the usual festive entertainments were dispensed with. Naturally, this affected the crowd, and the day was a quiet one for a racing, but only one record was broken in the high jump. Risteen of Vancouver cleared 5 feet 8 inches, a true splendid performance. The former record was 5 feet 6 inches. At the end of the day, with two more races, the half mile and 400 yards, to be held. Risteen of 25 points and McGillivray 15. The spots were spread over several days. The following are the results: 1. McGillivray 2. Wallace 3. Time 5:25. 2. Wednesday, May 25—Throwing cricket ball (senior)—Nicol 25. 3. Distance 294 ft. 8 in. Throwing cricket ball (junior)—Cotsworth 1. Harrison 2.

WEALTHY SHOULD ASSIST DENTAL WORK FOR POOR

President Webster's Suggestion at the Annual Convention of Dentists.

About 250 delegates attended the opening session of the combined convention of the Canadian Dental Association and the Ontario Dental Society yesterday afternoon in the new Dental College building.

Dr. A. E. Webster, president of the Canadian Association, in his annual address referred to the great expansion and broadening out of the dental profession. He spoke of the necessity for perfect sanitary conditions in every dental office. Even boiling water will not kill a large percentage of the germs. A great mistake was often made by many dentists in using what they consider to be a disinfecting toothbrush in the cleaning of their instruments. No mouth-wash was good enough to disinfect any instruments used in operating on vital tissues. Formaldehyde and water in a solution of one part to ten per cent, was an excellent disinfectant.

"Less than 25 per cent. of the people of this country," said the president, "are in a position to consult a dentist. I understand that an Englishman has given \$1,000,000 in assisting the poor and middle classes to obtain the necessities of skilled dentistry. If the men of our profession in this country were to bring the matter before some of their wealthy friends, I feel assured that a sum sufficient for the purpose could be obtained." Dr. H. A. Clark, president of the Ontario Society, referred to the necessity for compulsory examination of the teeth of school children. He urged that some concerted move be made at this convention to, in some way, interest both governments in the necessity for such action. Reference was made to the terrible condition of the teeth of the patients in the asylums, who receive no professional attention in the line whatever. Dr. Clark considered that a doctor should be kept by the government at all such institutions to look after the inmates, and pointed out the relative condition of the teeth and mouth on the general health. Dr. R. J. Reade explained the Miller Memorial fund, the money collected to be deposited in a German bank. The interest, accumulated annually to take the form of a diploma, a medal and a sum of money, for the student who has done the greatest work and made the deepest research in dental problems. "Some day a Canadian may be awarded this prize," said Dr. Reade, "and if Canada contributes nothing toward the prize it will put the winner in a very humiliating position." The following committee were appointed to report: Dr. Wallace Scoble, Toronto; Dr. A. A. Smith, Cornwall; A. E. Webster and Dr. R. J. Reade of Toronto; Dr. W. J. Bruce of Kincardine; Dr. W. H. Garvin of Winnipeg; M. Duhaime and M. Chabreau of Montreal; and Dr. George Johnston of Halifax. On motion of Dr. R. G. McLaughlin a resolution was passed that a committee be appointed to bring before the convention a plan for the month of the importance to the healthy condition of the average person of scientific dental care for teeth. The afternoon session was concluded with a paper read by Dr. W. H. Whittaker of Cleveland, Ohio, on dental operations which prove a menace to the hard or soft tissues of the mouth. The speaker stated that insanity had been caused by orthodontia in operations where the sanitary conditions had not been properly looked after. In the evening addresses of welcome were given by acting Mayor Ward and the young men back to Canada, and they were given by Dr. W. H. Whittaker of the "Human Hand," and a paper was read by Dr. D. Norman Ross of Winnipeg on "Dead Filings and Their Sanitation." Discussion on the latter paper was opened by Dr. A. V. Lester, Hamilton, and Dr. D. J. Berwick of Montreal.

GERHARD HEINTZMAN TONE VERSUS NOISE

Did you ever stop to compare the quality of tone you hear in the different pianos to which you listen? Some will have a round, pure, pleasing quality, while others can only be characterized as NOISE—just plain NOISE. The one piano which has a round, pure, liquid quality of tone to a larger degree than others is the

PEONAGE PRACTICE Farmer Hired His Help Out and Intended to Take Most of the Pay. PORT HURON, Mich. May 31.—That a system of peonage is operated to a certain extent in Canada was disclosed yesterday by the story told by George Croley, 20 years old, who was en route for Flint to assist in the beef trade. According to the story told by Croley, he entered into a contract to work for a farmer in Canada for a term of three years, two of which he had served, at the wages of \$75 per year and his board. He states that the farmer had secured employment for him at Flint, for which the farmer was to receive \$2 a day, while young Croley was to continue to get but \$75 a year for his work. The immigration officials sent the young man back to Canada, and they will have the officials make an investigation of the case.

Won't Lend Policemen. The police commissioners decided yesterday to pay the damages inflicted on the bicyclist who was run down by Motor Cyclist Anderson, while chasing a speeding auto. The law costs of Veterinary Stewart, who was sued for killing a horse in the Repository that was said to be made, will also be paid. A request for the loan of 50 policemen to aid in maintaining order at Niagara Falls, Ont., during the carnival of June 14, was refused, on the ground that many constables are taking holidays and the force is shy. The resignations were accepted of Constables Martina, H. Robertson, W. C. Dickson and Probationers McLeary and Lambie, while Albert McClure, Const. Richter, Horace Lavery, John DeLoach, Wilson Beamanish and James Hopper will be added to the force.

The Way to Montreal a conceded to be "double-track line" take no other. Leave Toronto 9 a.m., arrive Montreal 6 p.m., or 10:15 p.m., according to the service chosen. Montreal to Toronto, only \$7 to Montreal all trains to-day. Tickets, berth reservations and full information at Grand Trunk City Ticket Office, northwest corner King and Yonge-streets. Phone Main 4209.

A Study in Contrasts. WASHINGTON, May 31.—With the security registering two degrees below freezing point on the north shore of Lake Superior yesterday, the temperature at Yuma, Arizona, was 129 in the shade, government record.

Electricity Cures The foundation of life is the body is Electricity. The nerves are full of it; the stomach, heart, kidneys and other organs are run by it. The health of every man depends upon the supply of Electricity in the body. If you are nervous, irritable, nervousness, poor circulation, indigestion, dizziness, headache, insomnia, drowsiness, vertigo, or a weakness of any organ, it is because the supply of Electricity in the body has become exhausted. If you will infuse a strong electric current into your body for a few hours every day, all pains and weakness will disappear. The best and most vigorous constitution will result. I have done this myself and have cured many of my friends who could not find benefits from any other remedy by the application of MY ELECTRIC BELT.

Pay When Cured My Belt is applied while you sleep. It sends a constant stream of electric life into the nerves and vital life log. Electricity is a great success. It has cured people all over the Dominion whom drugs had failed to benefit. GAVE EVERY SATISFACTION. No. 284 Division Street, Kingston, Ont. Dear Sir:—I am very glad to say that your Belt has completely cured me of my disease, and given every satisfaction. I would not be without it for many times the cost. I will be glad to recommend it to any of my friends who are troubled with the same complaint. I am, Sir, your truly, W. Shales. PROF. EDGAR LARKIN says:—"The trend of science is toward electricity as the substratum of matter. Life, force and mind are intimately related with it. All animals are merely electric machines. The brain, the transmission of nerves correspond to wires. It is now necessary to have a galvanometer inserted. The needle moved, proving that nerve power is electric. The human system is an electro-chemical battery, and the life principle is electrical. The electric arc is here. Drugs are hard hit on all sides, and an intelligent physician feels that he has almost entirely abandoned their use. The word health now means a normal supply of electricity in the body, and the word disease means an insufficiency of that power."

A BROKEN-DOWN SYSTEM. This is a condition (for disease) to which doctors give many names, but which few of them really understand. It is simply weakness—break-down as it were, of the vital forces that sustain the system. No matter what may be its cause (for there are almost numberless), its symptoms are much the same: the more prominent being dizziness, nervousness, depression of spirits, and a general feeling of exhaustion and weariness. Now, what is the remedy? It is a course of VITAL STRENGTH & ENERGY to throw off these morbid feelings, and experience a new and more vigorous life. This is a course of THE NEW FRENCH REMEDY THERAPY No. 3

C. P. R. BUYS BONDS Pays \$900,000 for Dominion Atlantic Securities.

MONTREAL, May 31.—(Special.)—The Canadian Pacific Railway Co. have purchased the bond issue of the Midland section of the Dominion Atlantic Railway at about 85, or for the sum of \$900,000. This road was built first by a Montreal syndicate and afterwards sold to the Dominion Atlantic. The parties who have the railway by the deal are Hon. S. H. Holmes, Halifax; T. G. McMullen, Truro; Paul Lyall, Montreal; the Alfred Poirer estate, Halifax; and the Sir Robert Reid estate, Montreal. It is understood that Sir Thomas Shaughnessy and several of his directors will go over to the Dominion Atlantic on a tour of inspection during the present month.

Soldiers Sentenced. NIAGARA FALLS, N.Y., May 31.—(Special.)—At Fort Niagara, Private Richards, of Company E, 28th Infantry, tried on a charge of permitting his prisoners to escape, was sentenced to confinement at hard labor for three months and fined \$30. Private Edward Hughes, 110th Company, Coast Artillery, charged with desertion from Fort Niagara, was sentenced to dishonorable discharge and imprisonment for five years.

MAY NOT SO COOL Little Less Than One Degree Chiller Than Average. Many people will possibly be surprised to learn that the temperature for the month of May, 1910, has been just a little less than one degree cooler than the average of former years, the mean temperature for the month being 52.4. The rainfall has been 2.73 inches or one-tenth of an inch below the average of former years.

## The New College and Middy Waists, Summer Favorites

Of a sudden women and girls have grasped the possibilities of these jaunty college and middy waists, and just as quickly are they carrying them off to complete the hot weather wardrobe or holiday trunk.

Their sailor collars and sailor-like trimmings suggest the ideal waist for boating or beach wear—there's nothing "fussy" about them to require careful laundering. The soft waist drill from which they're made is noted for its wearing qualities, and being made on straight lines they'll fit almost any figure and still retain the essential neatness so necessary.

The college waist comes in white, with facings of red or navy, tan with sky, red or white, sky with tan and white; middies are trimmed with navy blue on collar, cuffs and pocket. Sizes 32 to 42. . . . .85c

### You'll Want These at the Island and Beach

Women's Knitted Golf Coats, in fancy stitch, single-breasted, with plain knitted border around neck, front and cuffs finished with fancy pearl buttons, colors white, navy, or cardinal; sizes 32 to 42. Clearing at this special price. . . . .98

THE T. EATON CO LIMITED

# Toronto Cup: King James 1, Fulfil 2, Wm. Pitt 3

## Note and Comment

Plaudit not only furnishes the winner of yesterday's Toronto Cup, but the second horse is by the same good sire. Fulfill followed his older half-brother home first of the field, the rest of various progeny fighting it out only for the meagre show money.

Another coincidence is that owner Hillier landed the Brooklyn Handicap yesterday with Black Hawk, cleaning up over \$10,000 by the two victories.

Conditions were favorable to the enjoyment of the biggest card of racing ever put on in Canada in a single day. The track was fairly fast, the King James' time was one and four-fifths seconds below the record for the track and race held by Minnie Adams. The air was cool and bracing, and the crowd enjoyed the race on closing day, even if they handed their coin to the bookmakers, confident in the belief that the mutuels will be here in the fall to divide the money amongst themselves.

To William E. Stuart, ex-chief constable, who died yesterday at Weston, at the age of 78 years, belongs the distinction of first interpreting the law that has stood the test for boxing in Toronto these fifteen years. Prior to that time local bouts were of a pugna nature, and it was not until the "Deputy" put his stamp of approval on contests in the ring that the game took its proper and regular place in local sports. The "Deputy" was always glad to see the boys mill with vigor, blood and profanity, but he would never stand for hitting in clinches, a limit that is still recognized as the standard in Toronto.

The English Derby is run this afternoon, and according to a telegram from New York, thousands of Americans in London are watching the race, and are studying the form of the Derby runners. They are practically backing Belmont's Merry Task and Whitney's Hamburg-Blue Girl cut. Neither is among the favorites. The bookmakers are offering temptingly long odds to catch American money. The four favorites in today's betting are Lord Rosebery's Nell Gow, Fairlie's Greenback, Lombard's Nell Gow and the top favorite, The bookmakers are laying 2 to 1 against them. No favorite has a better chance of success than the King, who has decided to race, but probably only thirteen will face the starter.

The London Times answering criticisms of non-conformist newspapers upon the King's announcement that he will continue as a patron of the turf, says: "There will be some who will regret that the King has decided to give his countenance to a sport which they chiefly regard as an incentive to betting and gambling, but the turf is the vile thing its enemies represent it to be. King Edward would not have supported it for the money it brought to his life. We are not blind to the dangers of the turf but we are confident that the participation of the King will tend to maintain the purity of the sport, and to diminish its drawbacks."

## TORONTO BREAKS EVEN BACK TO SECOND PLACE

Vandy is Injured—Catcher Donohue Bought From Boston Americans.

The Leafs broke even in the double-header at Rochester yesterday, losing the first thru errors, but winning second, thanks to McGinley's mastery twirling, and the good clouting of the Leafs. This even break puts the Keleystes back in second place again, for Newark had a batting bee at Jersey City's expense.

After catching thirty-five successive games, and six innings of the next game, Vandy, the Toronto catcher, was forced to retire yesterday from the game with a badly bruised wrist, the result of being hit by one of Laffitte's fast balls. Catcher Jack Statterly taking up work and handling the second game, in which his hitting was the feature.

Toronto have purchased Catcher Pat Donohue from Boston Americans. Donohue was second catcher to Bill Carrigan last year, but Boston recently purchased Catcher Kleinow from New York Americans, and therefore did not need Donohue. Donohue will report to the Leafs in Buffalo to-morrow, along with Pitcher Lundgren, who writes that he is in good shape. Catcher Charlie Tommenan of the Leafs will be out of the game for the season. He will shortly undergo another operation for an abscess.

Jersey City are strengthening up and have secured Bill Abston, the former Giants first baseman and member of the Pittsburgh team last year.

## THE SOCCER REFEREES

List of Games and Officials for Saturday and Tuesday.

—Senior—  
 The following are the T. & D. football games Saturday and next Tuesday and the referees:  
 Cullies v. Waddinghouse, J. Dobbs; 3:30 o'clock.  
 Don Valley v. All Saints, A. Lovell; 3 o'clock.  
 —Intermediates—  
 All Saints v. British United "A," F. Priestly; 2:30 o'clock.  
 Grip Company v. Royal Hearts, M. Hurley; 2:30 o'clock.  
 Thistles v. British United "B," A. Millis; 3:30 o'clock.  
 Myra v. Eglington, A. Buckingham; 3:30 o'clock.  
 Wychwood v. North Toronto, B. Carter; 3:30 o'clock.  
 Devonians v. Davenport, W. S. Murchie; 3 o'clock.  
 Scots v. Pioneers, F. Durrant; 3:30 o'clock.  
 —Junior—  
 Broadviews v. Jades, A. G. A. Ready; 4 o'clock.  
 Tecumseh v. Easton, A. Smallley; 3:30 o'clock.  
 —Wednesday, June 2—  
 Don Valley v. Little York, J. Galbraith; 6:30 o'clock.  
 Grip Company v. Albions, A. Millis; 6 o'clock.  
 Wychwood v. Eglington, B. C. Browning; 6 o'clock.  
 British United "B" v. Eastonias, W. D. Hanna; 6:30 o'clock.  
 Scots v. Pioneers, Toronto, J. T. Phillips; 6:30 o'clock.

**GREAT SPORT ASSURED**  
 Some of the Country's Best Athletes Booked for Saturday.

Never at any athletic meet, championship or otherwise, have so many top-notch millers faced the starter as will be the scratch at the Easton A. A. games that are being held over at the Island Stadium on Saturday. At the New York meets the promoters have tried to bring together Wilton Paul and the New York cracker, Sheppard, Gissing and Kiviat, but they have never succeeded, in fact, even the New Yorkers themselves have been kept away from each other. With our own Jack Tail and Arnold Knox, who have proved themselves to be millers of the championship order, it looks very much as if the Canadian and American millers will be given a good show.

In the handicap walk George Goulding, the Canadian and American millers, will have to go to the limit to pull down the handicap that will be given such good men as McDonald, Freeman, Jackson and the other starters.

The international relay race for one mile will bring together eight of the best quarter-milers in the world. This starts at 10 o'clock, and the Easton A. A. have gone to give the public of Toronto the best that there is in the business. The plan is open to purchasers at Rutherford's drug store, just east of Yonge-street, on the north side of King-street, and the other one is at the sporting goods department at Eaton's.

Hamilton, Brantford and Buffalo are bringing big excursions to this city for this meet, and a record attendance is looked for.

**ENGLISH DERBY TO-DAY**  
 Lemberg is Favorite Over Neil Gow.

LONDON, May 31.—Interest is centered again on the Derby, the classic event of the English turf, which will be run to-morrow at Epsom Downs. Mr. Fairlie's Lord Rosebery's Nell Gow seems to be the general favorite. Danny Maher will have this mount and, quite apart from the fact that Lord Rosebery has several times captured the blue ribbon of the turf, the record of both colt and jockey justifies the confidence which the general public is displaying in the Rosebery entry.

Last year the Derby was captured by King Edward's Minoru, and prior to the running of the event, excitement was at fever heat over the prospects of a driving finish between Minoru and the American horse, Sir Martin, owned by Louis Winans. This year, however, the American entries look to have small chance for victory.

**NEW ENGLAND SCORES.**  
 At Lynn—New Bedford 2, Lynn 1.  
 At Worcester—Haverhill 4, Worcester 1.  
 At Lawrence—Brookton-Lawrence 1, Brookton 0.

 2.00 to 6.00—PANAMAS,  
 5.00 to 12.00

*Fairweather*  
 Toronto and Winnipeg

**AMERICAN LEAGUE SCORES.**  
 At New York—The New York Americans made it three out of four from Washington, Pitcher Quinn registering his fourth victory of the year over the visitors. Quinn practically won his own game, tripling in the seventh, when the score was tied, and bringing in two runs. The scores:  
 Washington 10 0 0 0 0 0 0 1 4 2  
 New York 0 0 0 0 1 0 1 2 3 1  
 Batteries—Johnson and Street; Quinn and Sweeney. Umpires—O'Loughlin and Ferris.

**AMERICAN LEAGUE SCORES.**  
 At Boston—Philadelphia took the series, three games to two, getting an even break Tuesday, by winning the second game from scratch on the Easton A. A. game of a double-header, 4 to 2, after Boston had been victorious in the first game, 4 to 4. Scores:  
 First game—R.H.E.  
 Philadelphia 0 0 0 0 0 0 0 0 4 1  
 Boston 4 0 0 0 0 0 1 1 2 0  
 Batteries—Morgan and Lapp; Collins and Carrigan. Umpires—Kerin and Sheridan.

**AMERICAN LEAGUE SCORES.**  
 At St. Louis—Detroit, in less than one and a half hours, won the pure struggle game and the series from St. Louis. The scores:  
 St. Louis 0 0 0 0 0 0 0 1 2 0  
 Detroit 10 2 0 0 0 0 0 3 9 1  
 Batteries—Felix and Killifer; Purcell and Schmidt. Umpires—Dimes and Conolly.

**NATIONAL LEAGUE SCORES.**  
 At Brooklyn—Brooklyn tried out Pitcher Kneter, and he made good, Boston going down, 4 to 1. He allowed only six hits and two passes, one of the latter followed by Beck's double, scoring the only run for the visitors. Score:  
 Boston 0 0 0 0 0 0 0 1 1 0  
 Brooklyn 0 0 2 0 0 0 0 4 7 1  
 Batteries—Parsons, Mattson and Smith; Kneter and Evers. Umpires—O'Day and Brennan.

**NATIONAL LEAGUE SCORES.**  
 At Philadelphia—Philadelphia put up a very poor exhibition against New York, and lost, 2 to 4. The home team escaped a shut-out when Grant hit to the clubhouse for a home run, also scoring Knabe. Woodie's error in the fourth straight game by Empire Johnstone for disputing decisions. Score:  
 Philadelphia 0 1 0 0 1 0 1 4 0 0  
 New York 0 0 0 0 0 0 0 1 4 0  
 Batteries—Raymond and Wilson; Moore, Brennan and DeLo. Umpires—Johnstone and Moran.

**CONNECTICUT SCORES.**  
 At Hartford—Hartford v. Northampton, wet games.  
 At New Britain—Bridgeport 5, New Britain 4.

Does not interfere with diet or usual occupation and fully restores lost vigor and health. Perfectly harmless. No opium, no morphia, no stimulants. Sole proprietor, **DR. J. H. COOPER'S DISPENSARY, 100 BAY ST., TORONTO.**

**RICORD'S** The only Remedy which will permanently cure Gonorrhea, Gleet, etc. in 48 HOURS. Cures Venereal and Straddle Diseases.

**THE GAIT HORSE SHOW**

The Gait Horse Show, which is annually attended by hundreds of Torontoans, promises to this year attract a much larger patronage than usual. The directors have made special efforts to make the show this year the best in the history of the association. \$3000 is offered in prizes, and there will be single fares on all railroads on the dates of the show, June 9, 10 and 11. Hundreds of new entries have been received, and altogether this year the Gait Horse Show will excel anything of a like nature heretofore attempted in Ontario.

**THE SEEDS OF SUCCESS**

When Thomas Edison—the Wizard of Electricity—obtained his first position as a telegraph operator, his colleagues ridiculed his earnest efforts to succeed.

Application, determination and resourcefulness prevailed, and Edison succeeded, while the others are forgotten or unknown. In the same way, the success of the name "DAVIS" has been built on the solid structure of half a century's study, and skill and honest dealing.

The "NOBLEMEN" is the only cigar made in Canada that has the exquisite flavor, the delicacy of bouquet, the size and weight of the best 25c imported brands—yet "NOBLEMEN" cost only half as much.

"NOBLEMEN" Size, 2 for a quarter. 5 DAVIS & SONS, LIMITED, MONTREAL.  
 "PANETELAS" Size, 10c straight.  
 "CONCHA FINA" Size, 5 for 25c.

**THE SEEDS OF SUCCESS**

When Thomas Edison—the Wizard of Electricity—obtained his first position as a telegraph operator, his colleagues ridiculed his earnest efforts to succeed.

**You Should Drink Plenty of Milk When Lunching at Nasmith's**

First, we can vouch for its absolute purity. We buy all our milk from the Lansing Dairy at York. All the milk at this sanitary dairy is strained at the time of milking—not after—and then it is immediately passed over Coolers and Aerator to ensure freedom from germs. The Lansing Dairy has received several awards for the high percentage of butter fat of its milk supply and the extreme sanitary conditions which prevail throughout the whole establishment.

**O.J.C. SPRING MEETING ENDS WITH GREAT RACING**

King James, the Glass in Toronto Cup Race, Winning as He Pleased.

King James repeated in the Toronto Cup on closing day at Woodbine Park like the grand race horse he is. He won from end to end, making the 1 to 2 against his chances look a long price as he romped home an easy winner. The King, F. Grande and Dr. Pillow were the only winning favorites. Second choices landed the other five.

There were no mishaps in the Cup race, and two in the handicap over the jumps, both of which were won by the Hendrie Memorial Fricot wet down on the track and King James had his collar bone fractured, while in the consolation race, King James had a shoulder sprain, but he was not hurt. Henry getting nothing more than a temporary knock-out.

The crowd was let out a very early start, the day cool, track fast and the books had all they could attend to.

King James All the Way.

Four declined the issue, leaving a bid of \$1000 for the Toronto Cup. Boudes was obliged to retire from the race, as he was in the bumping on Saturday, but he was not hurt. Theo Cook and Banaves also were at the barrier on schedule time. The race was delayed six minutes, due to the starting up of King James and the crowd on the rail. Finally, the race started at 1:15. King James took the lead, the other horses following. King James took the lead, the other horses following. King James took the lead, the other horses following.

Reputation

Exalting the virtues of Semi-ready Tailoring is not our business. We prefer that our Customers should do that.

We advertise merely to tell you, and to tell every man that our is a new system of tailoring clothes—that Semi-ready Tailoring will fit any man perfectly and give him intense satisfaction.

—That our system saves Time, Trouble and Money.

—That we are so sure of it that we guarantee Semi-ready Tailoring in every respect.

The Reputation we have gained has been earned. The prestige which is ours cannot be taken away.

E. A. Mack, Limited, 81 Yonge St.

RESERVED SEATS NOW ON SALE

Advertisement for 'THE OXFORD NECKTIE HOLDER' featuring an illustration of a man in a suit and a necktie holder. Text describes the product as a simple, adjustable device for holding neckties.

Advertisement for 'Flight Fund Growing' and 'Inducted New Pastor'. The flight fund section mentions a \$25,000 prize for an airplane flight. The pastor section mentions Rev. J. C. Shaffer at St. Andrew's Presbyterian Church.

FITZHERBERT AT 3 TO 5 WINS THE BROOKLYN

Olambla Was Second and Prince Imperial Third—The Summary.

GRAVESEND RACE TRACK, New York, May 31.—The Brooklyn Handicap, its glory dimmed by recent anti-betting legislation, its value as a stake shrunk to \$600 as compared with \$10,000 two years ago, was won to-day in easy fashion by Sam Hildreth's Fitzherbert.

R. T. Wilson, jr., Olambla finished second, a length behind the winner, and a head in front of Prince Imperial, the entry of the Woodlawn Stable.

The race, which had frequently brought together in the past 40,000 and 50,000 spectators and the pick of the thoroughbred breed, was contested to-day by a rare half dozen starters. Fitzherbert at 3 to 5, easily outclassed the field, and the race was his from the start.

Under the guidance of Jockey Dugan, loaded by August Belmont, the champion 4-year-old took the lead from the moment the barrier was up and was never in danger during the entire 1 1/4 miles. Running with easy strides he won as he pleased, at times distancing the field by three full lengths.

Olambla, with Butwell, up and quoted at 4 to 1 for a place, fought it out gamely with Prince Imperial down the stretch and crossed the tape second, a head in front of the Woodlawn entry, on which odds of 3 to 5 for third were quoted.

The time, 2:06 3/5, although not as fast as the last two runnings of the Brooklyn Handicap, compared favorably with the average since 1887, when the stake was first offered. It had been expected that slight horses would contest to-day, among them Glucose of the Newmarket Stable, and Hildreth's Prestone, but the field narrowed down to six, including, besides the place winners, Clear, Fashion Plate and Dinna Ken, which finished as follows:

Under a recent interpretation placed upon the anti-betting law by the supreme court of the state, oral wagers made without the passing of money in public were not illegal, and the bookmaking fraternity made the most of it to-day. The new law covering oral betting is not effective until Sept. 1. Results: FIRST RACE—Handicap, all ages, about 6 furlongs, \$600 added: 1. Fitzherbert, 3 (Wilson), 3 to 5; 2. Olambla, 107 (Thomas), 4 to 1; 3. Prince Imperial, 107 (Herbert), 12 to 1; 4. Clear, 107 (Griffin), 12 to 1; 5. Fashion Plate, 107 (Dugan), 12 to 1; 6. Dinna Ken, 107 (Dugan), 12 to 1.

SECOND RACE—Three-year-olds and up, \$200 added, one mile and a sixteenth: 1. Blackford, 106 (Glas), 9 to 10; 2. Black Mat, 108 (Archbold), 8 to 1; 3. Dandy Dixie, 110 (Butwell), 12 to 1; 4. Dandy Dixie, 110 (Butwell), 12 to 1; 5. Dandy Dixie, 110 (Butwell), 12 to 1; 6. Dandy Dixie, 110 (Butwell), 12 to 1.

THIRD RACE—Three-year-olds and up, \$200 added, one mile and a sixteenth: 1. Blackford, 106 (Glas), 9 to 10; 2. Black Mat, 108 (Archbold), 8 to 1; 3. Dandy Dixie, 110 (Butwell), 12 to 1; 4. Dandy Dixie, 110 (Butwell), 12 to 1; 5. Dandy Dixie, 110 (Butwell), 12 to 1; 6. Dandy Dixie, 110 (Butwell), 12 to 1.

FOURTH RACE—The Brooklyn Handicap, \$200 added, for 2-year-olds, mile and a quarter: 1. Fitzherbert, 120 (Dugan), 3 to 5; 2. Olambla, 116 (Butwell), 10 to 1; 3. Prince Imperial, 97 (Garner), 4 to 1; 4. Clear, 107 (Griffin), 12 to 1; 5. Fashion Plate, 107 (Dugan), 12 to 1; 6. Dinna Ken, 107 (Dugan), 12 to 1.

FIFTH RACE—Selling, 2-year-olds, \$400 added, about 4 furlongs: 1. Big Stick, 88 (Langan), 8 to 1; 2. O'Connell, 101 (Reid), 20 to 1; 3. Woolcase, 99 (Davis), 20 to 1; 4. O'Connell, 101 (Reid), 20 to 1; 5. Woolcase, 99 (Davis), 20 to 1; 6. O'Connell, 101 (Reid), 20 to 1.

SIXTH RACE—Selling, 3-year-olds and up, \$200 added, one mile and a sixteenth: 1. Blackford, 106 (Glas), 9 to 10; 2. Black Mat, 108 (Archbold), 8 to 1; 3. Dandy Dixie, 110 (Butwell), 12 to 1; 4. Dandy Dixie, 110 (Butwell), 12 to 1; 5. Dandy Dixie, 110 (Butwell), 12 to 1; 6. Dandy Dixie, 110 (Butwell), 12 to 1.

SEVENTH RACE—Selling, 3-year-olds and up, \$200 added, one mile and a sixteenth: 1. Blackford, 106 (Glas), 9 to 10; 2. Black Mat, 108 (Archbold), 8 to 1; 3. Dandy Dixie, 110 (Butwell), 12 to 1; 4. Dandy Dixie, 110 (Butwell), 12 to 1; 5. Dandy Dixie, 110 (Butwell), 12 to 1; 6. Dandy Dixie, 110 (Butwell), 12 to 1.

EIGHTH RACE—Selling, 3-year-olds and up, \$200 added, one mile and a sixteenth: 1. Blackford, 106 (Glas), 9 to 10; 2. Black Mat, 108 (Archbold), 8 to 1; 3. Dandy Dixie, 110 (Butwell), 12 to 1; 4. Dandy Dixie, 110 (Butwell), 12 to 1; 5. Dandy Dixie, 110 (Butwell), 12 to 1; 6. Dandy Dixie, 110 (Butwell), 12 to 1.

NINTH RACE—Selling, 3-year-olds and up, \$200 added, one mile and a sixteenth: 1. Blackford, 106 (Glas), 9 to 10; 2. Black Mat, 108 (Archbold), 8 to 1; 3. Dandy Dixie, 110 (Butwell), 12 to 1; 4. Dandy Dixie, 110 (Butwell), 12 to 1; 5. Dandy Dixie, 110 (Butwell), 12 to 1; 6. Dandy Dixie, 110 (Butwell), 12 to 1.

TENTH RACE—Selling, 3-year-olds and up, \$200 added, one mile and a sixteenth: 1. Blackford, 106 (Glas), 9 to 10; 2. Black Mat, 108 (Archbold), 8 to 1; 3. Dandy Dixie, 110 (Butwell), 12 to 1; 4. Dandy Dixie, 110 (Butwell), 12 to 1; 5. Dandy Dixie, 110 (Butwell), 12 to 1; 6. Dandy Dixie, 110 (Butwell), 12 to 1.

The World's Selections BY CENTAUR

GRAVESEND.—FIRST RACE—Pluvius, Feather Duster, Lochel. SECOND RACE—Thistledele, Black Bridge, Grandpa. THIRD RACE—Star Gowan, Jeanna D'Arc, Riato. FOURTH RACE—Ocean Bound, Ethel Labrum, Ethel D. FIFTH RACE—Fitzherbert, Keene and Glucose. SIXTH RACE—Penny Royal, Frank Ruhstaller, Miss Nett.

8000 added, 5 furlongs: 1. Sebago, 110 (Butwell), 5 to 1; 2. To 1 and even. 3. Traprock, 110 (Dugan), 12 to 5, even and 1 to 2. 4. Miss Jonah, 107 (Thomas), 15 to 1; 5 to 1 and 3 to 1.

Time 1:26 3/5. Mr. Goleightly, Andy Chisholm, Bertrix, King Pin, Soxy, The Follies, Gauntlet, Bourbon Beau, Virginia, Royal Eagle, Goldbug, Dartworth and Ivyton finished as named.

LOUISVILLE, May 31.—The following are the results at Louisville to-day: FIRST RACE—Five furlongs, \$200 added: 1. Sugar Maid, 120 (Wilson), str. \$3.70. 2. Billy Bodemer, 119 (Herbert), place \$1.20.

Time 1:26 3/5. Mr. Goleightly, Andy Chisholm, Bertrix, King Pin, Soxy, The Follies, Gauntlet, Bourbon Beau, Virginia, Royal Eagle, Goldbug, Dartworth and Ivyton finished as named.

SECOND RACE—Three furlongs, \$200 added: 1. Samaria, 103 (Scott), straight \$3.70. 2. Starport, 102 (Kosner), place \$3.40. 3. Colquhoun, 112 (Harbert), show \$3.40. Time 1:12 3/5. Early Rise, Jack Nunnally also ran.

THIRD RACE—Six furlongs, \$200 added: 1. Samaria, 103 (Scott), straight \$3.70. 2. Starport, 102 (Kosner), place \$3.40. 3. Colquhoun, 112 (Harbert), show \$3.40. Time 1:42 3/5. Early Rise, Jack Nunnally also ran.

FOURTH RACE—Six furlongs, \$200 added: 1. Samaria, 103 (Scott), straight \$3.70. 2. Starport, 102 (Kosner), place \$3.40. 3. Colquhoun, 112 (Harbert), show \$3.40. Time 1:42 3/5. Early Rise, Jack Nunnally also ran.

FIFTH RACE—Six furlongs, \$200 added: 1. Samaria, 103 (Scott), straight \$3.70. 2. Starport, 102 (Kosner), place \$3.40. 3. Colquhoun, 112 (Harbert), show \$3.40. Time 1:42 3/5. Early Rise, Jack Nunnally also ran.

SIXTH RACE—Six furlongs, \$200 added: 1. Samaria, 103 (Scott), straight \$3.70. 2. Starport, 102 (Kosner), place \$3.40. 3. Colquhoun, 112 (Harbert), show \$3.40. Time 1:42 3/5. Early Rise, Jack Nunnally also ran.

SEVENTH RACE—Six furlongs, \$200 added: 1. Samaria, 103 (Scott), straight \$3.70. 2. Starport, 102 (Kosner), place \$3.40. 3. Colquhoun, 112 (Harbert), show \$3.40. Time 1:42 3/5. Early Rise, Jack Nunnally also ran.

EIGHTH RACE—Six furlongs, \$200 added: 1. Samaria, 103 (Scott), straight \$3.70. 2. Starport, 102 (Kosner), place \$3.40. 3. Colquhoun, 112 (Harbert), show \$3.40. Time 1:42 3/5. Early Rise, Jack Nunnally also ran.

NINTH RACE—Six furlongs, \$200 added: 1. Samaria, 103 (Scott), straight \$3.70. 2. Starport, 102 (Kosner), place \$3.40. 3. Colquhoun, 112 (Harbert), show \$3.40. Time 1:42 3/5. Early Rise, Jack Nunnally also ran.

TENTH RACE—Six furlongs, \$200 added: 1. Samaria, 103 (Scott), straight \$3.70. 2. Starport, 102 (Kosner), place \$3.40. 3. Colquhoun, 112 (Harbert), show \$3.40. Time 1:42 3/5. Early Rise, Jack Nunnally also ran.

WEDNESDAY MORNING, JUNE 1, 1910

FARM OR TIMBER LAND, WHICH?

Ontario has probably the finest farming land in the world in the great clay belt, part of which has been opened up in the four townships immediately surrounding Cochrane. The T. and N. O. Railway is the natural approach to this country, so that for the sake of the population and for the sake of supporting the railway, the province has two excellent reasons for promoting the settlement of the district.

The first question to be decided, according to the general opinion of everybody on the spot, is whether the land in these and adjoining townships is to be treated as farm land or as timber land. Upon that decision depends very much the regulations that should be adopted, and the results in settlement that will follow. It is quite clear that while the timber remains on the ground, as at present, prospective settlers are inclined to treat it as a liability rather than an asset.

It may be said at once that the provincial regulations for settlement are as fair as could be imagined under all ordinary circumstances. After locating a farm the settler has to clear two acres a year, build a house and live six months in it. When he has cleared 15 acres, after four years, he gets his patent. A very large number of farms have been located, but only in a very few has any settlement work been done.

The government has been very lenient, desiring to encourage settlers, while discriminating against mere speculators. Any settler who makes any kind of show of doing his work, and spending his money in the new country, had not been harshly dealt with. The whole difficulty has been to discriminate among those who are really anxious to throw in their lot with the new country, and those who are trying to skim the surface profits.

The government officers have a good deal of responsibility, but it is safe to say that no injustice will be done.

The chief difficulty has arisen over the timber on the land. It costs, according to contracts that have been let by the railway contractors, and by the Town of Cochrane, not less than \$100 an acre to clear and stump the land. The timber is all soft wood, the growth of the thirty years or so since the last burning over of the district. The settler, after he has been six months settled, can do anything he pleases with it, sell it for pulp wood, sell it for fuel, or burn it up after he has cut it down. But he cannot burn it on the stump. There are fire rangers paid to prevent that course. For it is pulp wood with a railway rate that would make the cost about \$4.00 a cord at Niagara, there is no market. There are no mills at Cochrane of any kind yet, so a sawmill has been arranged for at the Frederickhouse by M. Breise. The wood, being soft, is not regarded as a bargain in Cochrane at \$2.50 a cord, coal, even at the imported price, being preferred, and to sell it at \$2.50 is not very profitable, even if there were a market. There is no road yet to haul it over, but this is being remedied by the government.

If the land was clear of the timber it would sell like Toronto real estate, for it is put up at 50 cents an acre. But with the trees upon it requiring years of work to clear, it will not be attractive until there is a pulp wood market for the tamarac and spruce and white birch, of which these chiefly consist.

The point then is whether the land is to be treated as farm land or timber land. If it is to be farm land, then the sooner it is cleared off the better, either by contracting the pulp wood to any who will purchase it, or by letting the settlers do so for themselves. If it is to be treated as timber limits, then the usual regulations may be put in force. But it is a mistake to treat it partly as farm land and partly as timber land. The sooner the timber is cleared off it the sooner the settlers will turn it into wheat fields and pasture and root acreage. While it is under the scrub bush the prairie farms compete heavily with the north country. And yet it is the finest land in Canada. As the farms already settled demonstrate.

BIRMINGHAM'S MUNICIPAL UNDERTAKINGS.

Birmingham, England, has been called the city of public spirit, and its advanced position in that desirable quality is in its municipal enterprises it owes in no small degree to Joseph Chamberlain, latter mayor over thirty years ago. The accounts of its three leading trading departments for last year have just been issued and show remarkable increases in business and income. Notwithstanding a substantial reduction in the workmen's hours, involving an additional charge of about

You are wanted!

The influence of any body of men banded together for the common weal is gauged by the number of its members.

To increase its efficiency The Board of Trade of Toronto wants more members and this is how it proposes to get them---

The regular entrance fee is \$200.00. To get members quick this fee is crossed off until June 9th. You can join now by merely paying the annual dues of \$12.00.

The advantages of belonging to your Board of Trade are many and varied. Here are a few that loom up big--

- 1st--By joining before June 9th you can save \$200.00
2nd--Membership stamps you as a live wire and a progressive citizen.
3rd--You cannot afford to neglect any longer this chance of identifying yourself with Toronto's most prominent business men.

Grasp this opportunity. Do yourself a favor. Boost your fellow man.

Send your application to-day to F. G. Morley, Sec'y Board of Trade, Toronto. Resident Membership \$12.00. Non-resident Membership \$10.00.

\$40,000, the net profit on the working of the street railways comes out at \$282,000. After liberal allowance for depreciation over \$160,000 has been placed at credit of the borough rates. The electricity department increased its net profit by upwards of \$11,000 above the previous year's surplus, \$170,000, out of which \$50,000 has been contributed in relief of the city improvement rate.

Still more striking are the figures of the municipal gas undertaking, which show that this department contributes for public purposes within the city a total sum exceeding \$485,000, and in aid of public and court lighting outside the city over \$21,000. This has been accomplished despite the fact that the average price of gas is now the lowest in the history of Birmingham, being less than 48 cents per 1000 cubic feet. The price has been steadily declining since 1875, when it stood at over 72 cents. The committee in charge hold that the record of the gas undertaking confirms the wisdom of the system of administration which places each of the works under a competent engineer, but instead of having an engineer-in-chief, commits supreme control into the hands of the secretary, who is also general manager of the whole undertaking. This principle has been acknowledged since its taking over by the city and the lines of its management laid down by a committee, of which Mr. Chamberlain was chairman. The filling of the place of the late secretary gave the committee much anxiety, but a recommendation was at last unanimously made after careful enquiry and many personal interviews.

FAIR DEALING. No better testimony to the fair dealing and justice of the Hydro-Electric Power Commission could be had than the outcome of Guenther arbitration. The arbitrators recommended that the sum of \$3390, which was originally offered by the commission to Mr. Guenther for damages caused to his farm by the passage of the right of way, be accepted, and this was agreed to by Mr. Guenther. It is safe to say that but for the interference of interested political parties, the offer would have been accepted in the first place.

Government by commission continues to make good wherever it is tried. The latest success is the City of Chelsea, to the north of Boston, Mass., where, striking progress has been made under the new system, adopted after the disastrous fire of April, 1908. Many important public improvements have been secured.

The first general election in United South Africa will be held in October. This will give General Botha sufficient time to formulate his policy and also permit of the organization of an opposition. Judging from the composition of the interim cabinet, the line of division is not likely to be racial, an event of good omen for the new federation.

Woman suffrage has been approved by a committee of the Russian Duma

in connection with a proposed township administration bill. It would be more to the immediate point if the duma concentrated its efforts in the first place on securing its own rights as originally granted. Freedom to vote is not of much account when it conveys no real share in the government of the country.

IT IS A SAD CASE. Editor World: A school girl can buy a York Radial ticket at New Toronto for Toronto for three cents. A school girl living at Long Branch must pay five cents to New Toronto, and three cents from New Toronto to Toronto. Surely a school girl should have to pay no more than five cents from Long Branch to Toronto. Brancher.

NEEDS AID IN CHURCHBUILDING. Rev. J. D. Morrow Makes an Appeal to Presbyterians.

Rev. J. D. Morrow of St. Mark's Presbyterian Church said that it seemed as though the presbytery had never cared a snap for his work, when referring to his unfinished church. "The Master never lifted a person up by crushing him to the wall," said Mr. Morrow.

Because of lack of money, even the basement of his church is uncompleted. The presbytery decided to grant permission to the congregation to secure a mortgage for \$15,000 on the land. Norman A. McEachren, M.A., has accepted a call to Brampton at \$1700 per year. The presbytery will meet June 15 to induct and ordain him. He is a graduate of McGill University and a native of Toronto. He took his first year in theology at Knox College, his second at Glasgow, and his final at McGill. Since graduation, he has been assisting at Crescent-street Presbyterian Church, Montreal.

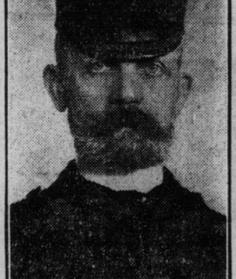

Rev. J. Roy Sanderson, who graduated from Knox College in this year's class, was licensed to preach. He is now taking a course for the degree of doctor of philosophy. Andrew's Church, Scarborough, will celebrate its diamond jubilee on June 14. The presbytery will be represented by its moderator, Rev. G. R. Fasken. The official service will take place on the previous Sunday, June 12, in which some of those who have been ministers in the church will take part.

Fatal Overdose of Laudanum. Mrs. Fred Shewring, aged 47, 424 Campbell-avenue, West Toronto, died yesterday morning from an overdose of laudanum. She had been taking the drug for some time in the belief that it would quiet her nerves.

DODD'S KIDNEY PILLS. CURES KIDNEY DISEASE, GRAVEL, RHEUMATISM, BRONCHITIS, DIABETES, ETC. THE PREPARED BY DR. J. W. DODD.

"THE DEPUTY" IS DEAD

William Stuart, Former Police Officer, Has Passed Away. Wm. Echem Stuart, former deputy chief of police, died yesterday from paralysis at his home at Weston, aged 78. Born in County Antrim, Ireland, July 4, 1832, he joined the Royal Irish Constabulary in 1857, and also served in the Irish artillery. In Sept., 1861, he joined the Toronto police department, when it numbered 30 men, he became patrol sergeant in 1865, sergeant

In 1868, sergeant in 1873, assistant deputy chief in 1884, and deputy chief in 1885. He retired at the end of 1909. His tall, slim, upright figure, carrying a heavy stick, was a familiar sight on the streets, and many of the parade and demonstration in which he marched ahead, to keep an eye on the police arrangements.

He is popularly spoken of in and out of the force as "the deputy." He was in the thick of the jubilee riots in '72, when he was sergeant-major in charge of No. 1 station. After it he had black bruises all over his body. He was likewise in the thick of the O'Donovan Rossa riot, when O'Donovan the turbulent came over to stir up the Hibernian Society and had to get out of St. Patrick's Hall as fast as his could, disguised in woman's attire. Later on came the horse car riots because of the advent of refrigerator trolleys. When the blood-seeking thousands on Jarvis-street were storming St. Patrick's Hall in an earnest endeavor to hit O'Donovan Rossa, a stone struck the deputy and broke the chain of his helmet.

He is survived by a widow and two daughters, Mrs. Wm. Verner, St. George-street, and Miss Stuart, Weston. Sues for \$22,000. J. W. Curry has entered action against E. R. Clarkson of Hamilton and A. F. MacLaren to recover \$22,000 for services alleged to have been rendered by him in connection with the purchase and sale of Peterson Lake mining property. Curry says he rendered a solicitor's bill for this amount in January, 1909.

Appointed Acting Mayor. BELLEVILLE, May 31--Owing to the long-continued serious illness of Mayor Marsh of this city, Ald. Ackerman, chairman of the executive committee, has been by bylaw appointed acting mayor.

Ensignette Leads

Owing to its many superior advantages over all other Cameras, taking good pictures even in poor light, simplicity of making enlargements in best style, with best lens, most compact, smallest of all in size, daylight loading, and taking time and instantaneous pictures--the Camera which is far in the lead, is the

Letter from Boston, Mass., April 18th, 1910: "I cannot tell you how pleased I am with the Camera and its results. I consider I have the best machine that can be bought." If you want to have the leading Camera to-day, and at the least expense, get an "Ensignette"

United Photo Stores, Limited 15 Adelaide Street East. Also at Montreal, Ottawa and Quebec.

ROGERS COAL. The master in chambers. Stands one week. Re Graham--G. C. Campbell for adults. F. W. Harcourt, K.C., for infants. Motion by adults for an order for payment of moneys out of court for discharge of mortgages. Order made. Scheme to be worked out by official guardian to pay commission of 2 1/2 per cent. to Messrs. Robins and Burden. Webb v. St. Mary's and Western Ry. No. 1--C. A. Masten, K.C., for plaintiffs. F. Aylesworth for defendants. An appeal by plaintiff from an order of the master in chambers. Order that action be set down forthwith, but not to be put upon trial list until September. Examinations to proceed on Friday, June 3, in this cause. Re Beard, lunatic--T. L. Delamere, K.C., for committee. Motion by committee for an order confirming deed to certain lands. Order made. Re Ryalace--F. W. Harcourt, K.C., for infant. Motion on behalf of Herbert Ryalace for an order allowing \$160 per year for the maintenance of his maintenance. Order made. Re Marshall, lunatic--R. S. DeFries for petitioner. A petition for an order declaring lunacy. Order made. Reference to be agreed upon later.

Single Court. Before Falconbridge, C.J. American Street Lamp and Supply Co. v. Ontario Pipe Line Co.--H. E. Rose, K.C., for defendants. Grayson Smith for plaintiffs. An appeal by defendants from report of the master at Hamilton. Judgment: The only substantial question argued was as to the amount of damages awarded for the loss on the 35 lamps from Dec. 23, '07, to Sept. 1, '08. Plaintiffs were under contract with the city. The possibility of gain or loss to them on the installation and maintenance of the 35 lamps seems to be beside the question. They would have been better off if defendants had carried out their contract to the extent of the \$420.73 awarded by the master who was, therefore, I think, right in his finding. Defendants' appeal is dismissed. Judgment on further directions for plaintiffs for the amount found due by the master, with costs of reference and of this appeal.

Trials. Before Gies, J. Garnett v. Garnett--A. E. Watta, K.C., for plaintiff. W. T. Henderson for defendant. An action brought to recover \$685, with interest, from Dec. 15, 1906, being half the amount of a certain cheque for \$710 given by one Swinburn to the plaintiff, to pay for cattle purchased from plaintiff and his brothers, the half of which, the plaintiff alleges, was paid over to his brother on the expectation that the cheque would be paid on presentation. The defendant is the executrix of the said brother, William H. Garnett. The whole question turns upon whether or not the plaintiff did in fact pay over to his brother \$355 in expectation that the cheque would be cashed. Judgment: The plaintiff alleges that, in forwarding the half of interest on the letter; papers have been handed in, including a consent statement, which shows that no registered letter was received at Moharwi address to W. H. Garnett during the months of December, 1908, and January, 1909. Upon the whole evidence the plaintiff has failed to satisfy me that the amount sued for was in fact paid by the plaintiff to the late W. H. Garnett. The action must be dismissed with costs. Cook v. Fyrmaster Mines Ltd., v. Newsome--W. H. Price for plaintiff. R. W. Eyre for defendant. Motions by plaintiffs to strike out defence for non-production and to commit for refusal to answer questions. The defendant having filed his affidavit on production, order dismissed, with costs to plaintiff in any event, and defendant admitting he is now willing to attend at his own expense and answer the questions, no order except that the costs of motion be to plaintiff in any event.

A FINE WATER TRIP. Port Arthur the Terminus, at Head of Great Lakes. One of the finest trips in Canada, if not the finest, is that from Owen Sound by steamer via the Georgian Bay, Lake Huron, the Soo and Lake Superior to Port Arthur. The fresh air of these great lakes is invigorating, the scenery full of interest, and the terminus of the great lakes traffic, Port Arthur, is well worth seeing. One coming into Thunder Bay on the steamer the harbor works and the city itself are a splendid sight. The city rises in a gradual slope from the shore and is wholly visible from the bay, while the loading and unloading of steamers and the transferring of freight from the boats to the trains, and vice-versa, creates an industrious activity, which cannot fail to interest the most casual observer. Then, again, the scenery of Thunder Bay is magnificent; Thunder Cape, which forms the head of the harbor, rises like a silent guard to the splendid lake boats that are constantly passing in and out, while Mount McClellan to the left of the city, looks out over the water with a welcoming aspect, and makes the visitor feel that western hospitality has been stolen from the natural west itself. But the view from almost any point in the city is no less beautiful than that from the incoming steamer, and this makes Port Arthur an ideal residential spot. J. J. Carrick, one of the leading real estate men of the city, realizes this fact and he is to-day placing on the market the finest home site in Port Arthur, known as Mariday

Park. Mariday Park is but half a mile from the water front and is in the central part of the city, and now that the street railway line has been run thru it, business men will find the park a very convenient place in which to reside. From no part of the park is the view of the bay obstructed, which is a feature not to be overlooked in buying a residence sight in Port Arthur. With the industrial development that it is evident is about to take place at the head of the great lakes, real estate in Port Arthur cannot do otherwise than increase in value.

The Way to Montreal is conceded to be via the Grand Trunk, the only "double track line." Take no other. Leave Toronto 6 a.m., arrive Montreal 6 p.m., or 10.15 p.m., arriving there 7.40 a.m. Only \$7 to Montreal all trains to-day. Tickets, berth reservations and full information at City Ticket Office, northwest corner King and Yonge-streets. Phone Main 4209. 245

Three Years in Pen. William Songer, who entered the house of Alexander Gordon of 25 Hayter-street at about 8 o'clock one night, and attempted to rifle the pockets of Gordon when he was sleeping and was escaped by jumping thru an upstairs window, taking a \$75 diamond ring, will do three years in Kingston pen. He was yesterday convicted on three charges.

MACEDONIAN WITNESSES

Continued From Page 1.

testify that no money was paid over, but also an error had been made in the date of the document. Witnesses from Macedonia would swear that it was on the 15th of March that Atlas visited the place, whereas the receipt was dated on the 18th, when Atlas was far away in another place.

"Mr. Atlas did you say that Atlas visited the place, whereas the receipt was dated on the 18th, when Atlas was far away in another place."

"Yes," said Mr. Bell, "was a well educated man with all the cunning and astuteness of the Oriental race."

Atlas in the Box.

Atlas was called to the box in his own defence at 4:25 p.m.

"Mr. Atlas, did you say that Atlas visited the place, whereas the receipt was dated on the 18th, when Atlas was far away in another place?"

"I did," he replied, firmly.

"Where?"

"At that village."

"In what money?"

"In English sovereigns."

"How many?"

"Five."

"Where did you get the money?"

"Atlas said he had gone all the way and saw the money paid over. He repeated his previous story of his trip."

"She came and kissed my hand," said Atlas, "she begged me to blacken her house of the man who had blackened her house. She begged me to get her husband's money for her. I said that I would."

"The date on the power of attorney is the 20th, because they intended to have the money paid on the 20th, but they wanted the date to correspond with the date of the stamping by the British consul," he explained.

Paying the Money.

Atlas said that when he offered to pay the money at the time, Georgoff said not to pay in the presence of the mayor, as he would take the money from him. Georgoff said that they would have a little room in which to make the payment. The witnesses of the receipt went into the room. He described minutely the signing and the payment of the money.

He had run short of money and called to the police here for money. He did not receive it, altho the order or draft was cashed by someone in Vienna, after he had left.

He described his last trip to Egypt, where he sent a clipping from the World, in which a number of charges were set out. He had called to his solicitor, "Untrue, coming," he murmured, himself, was tried, and acquitted.

"What was that little trouble which you got into in the United States?" asked his counsel. He said he was fined \$1 and costs, or one year's imprisonment. He explained that four Macedonians had evaded the head tax at Cleveland and as he was head of all foreigners he was "soaked for it."

His Career.

To Mr. Monahan, assistant crown counsel, Atlas said: "I was born in Alexandria, in Egypt, in 1872."

"My father's name was Mitchell Smith. Atlas was my name as a boy and always has been."

He came first to America in 1891 for a short trip and went back. He came again in 1892 to New York.

Were you not known as Richd. N. ...

THE WEATHER

OBSERVATORY, TORONTO, May 31 (8 p.m.)—Pressure is low from Ontario to the Maritime Provinces and over the New England States, and highest over the western provinces. Showers have occurred to-day from the lake region to the Atlantic, while in the west the weather has been fine and moderate to warm.

Minimum and maximum temperatures—Victoria, 46-70; Vancouver, 46-75; Kamloops, 52-88; Calgary, 44-60; Edmonton, 32-64; Prince Albert, 32-64; Regina, 32-64; Qu'Appelle, 40-60; Winnipeg, 40-64; Port Arthur, 34-58; Parry Sound, 40-52; London, 40-52; Toronto, 42-60; Ottawa, 40-50; Montreal, 48-58; Quebec, 50-60; St. John, 52-58; Halifax, 48-58.

hab in the village where you lived as a child?" asked Mr. Monahan.

"No."

"He said he became a preacher in 1897, and lived in New Orleans up till then, when he enlisted in the U. S. army, serving in Cuba."

"The defence here produced his honorable discharge from the army, Nov. 7, 1898."

In 1901, he went to Egypt, coming back in 1902, and lived in Liverpool in 1905, and kept a boarding house there, also he bought tickets for Macedonia."

"Were you not charged with theft of £75 from one of these men which he gave you for a ticket?" asked Mr. Monahan.

"I was not."

"Then you will be surprised to learn that there is a warrant out for you for that offence?"

"I would."

He said he was not arrested at Cleveland, but gave himself up. He denied that he was charged with conspiracy with others to evade the payment of a head tax on immigrants, for which he was fined upon conviction, \$1 and costs, and in addition, not in alternative, to serve one year's imprisonment.

"No, I don't know about that," was his reply. "There were several hundred dollars of costs."

Atlas said that he did not know that there was a charge of false pretences laid by the American Express Company at that time.

Went Under Another Name.

"Did you ever use the name of Nathaniel?" asked Mr. Monahan.

"No sir."

"Never go under that name at any time?"

"On the first trip he went under the name of George Mitchell."

"You went there Liverpool and knew that you were going that way?" asked the crown.

"Yes."

Clear as crystal, delicious, thirst-quenching, York Springs water is the finest table water in Canada. Order a supply.

Wanted in Bowmanville.

Frank Burney and Wm. Close of Wychood will be taken to Bowmanville by Chief Constable Jarvis to-day to answer charges of stealing a harness and South Toronto Conservative Club robes from Wm. Scott.

WORLD'S EXCURSIONS BEGINS

AROUSES INTEREST

Many People Will Take Advantage of Low Rate to New York in June.

The World's announcement of its excursion to New York in June has aroused a great deal of interest. Many enquiries have already been received in regard to the trip, which does not mean, however, that the trains or boats will be crowded as excursion vehicles sometimes are. Ample accommodations will be provided for whatever number of people desire to take advantage of this opportunity.

A few June days spent in New York afford an unusual holiday. All the pleasures for which the great metropolis is famed may be enjoyed. Those who wish to combine entertainment with profit may find time in picture galleries, concert halls and museums that are among the finest in the world.

For purposes of pure amusement, the summer pleasure parks, all running at full blast in June.

The excursion will also afford an excellent opportunity to visit friends or relatives living in New York. Many men will also take advantage of this excursion for business purposes.

The round trip via the Grand Trunk will be good leaving Toronto on the above date and good leaving New York until July 2. There will be no other opportunity for a cheap rate until August 18.

METHODIST TRANSFERS

SINGLE TAX CAMPAIGN

PLANNED IN ONTARIO

Meeting Yesterday to Carry On an Active Work.

An aggressive step in the direction of social reform was brought about yesterday, when over 40 representatives of tax reform societies from all over the province, met in convention in the Guild Hall, to adopt aggressive methods for the introduction of the single tax theory as a direct legislative proposition.

As a result of a new provincial organization has been formed and officers elected, the aim of which is to be an active, drawing force in compelling recognition and consideration of the Henry George principles at the next legislative session. The attendance was not large.

The new organization will be known as "The Tax Reform and Direct Legislation League of Ontario," and the tactics to be adopted are not beyond a doubt. The league will form local organizations in every municipality and electoral district in the province. Campaign work will be vigorously carried on to arouse popular interest in the reforms proposed, and finally deputations of representative citizens will bring proposals before the local members to bring on discussion of proposed changes before the house.

The following officers were elected: Hon. president, Joseph Fels of London, Ont.; president, Wilton M. Southern, Ottawa; vice-presidents, W. H. Moore, Peterboro; Wm. Warren, Lindsay; Chas. E. Stewart, Bobcaygeon; E. Robinson, Belleville; W. E. Whitelaw, Cobourg; C. W. Card, Oshawa; John Reardon, Port Hope; G. W. Ostrom, Trenton; W. A. Hawley, Campbellford; John Lawson, Caledonia; R. Robertson, Hagerstown; George Mitchell, Simcoe; Wm. Jackson, Welland; E. P. Johnson, Port Colborne; J. A. Davis, Dundas; E. H. Taylor, Toronto; John Kay, J. P. Paris; J. W. Hurley, Cranford; W. K. Waterworth, Ingersoll; T. A. Farmer, Woodstock; Wm. St. Thomas, T. D. Niven, Windsor; K. C. McKenzie, Sarnia; David Evans, Stratford; Wm. Dixon, St. Mary's; J. A. Cottam, London; W. D. Dingsman, Stratford; E. F. Barber, Berlin; Thos. E. McQueen, Elora; H. Moser, Niagara-on-the-Lake; H. M. Eldridge, Niagara Falls; Jos. Hodgins, St. Catharines; John Beck, Brampton; W. K. Moore, Georgetown; E. B. Gilbert, Hamilton; J. J. Keelo, Guelph; Dr. E. S. Eby, Toronto; P. P. Farmer, Toronto; treasurer, D. B. Jacques, Toronto; members of executive committee, Harry Southern, Chas. Stewart and Julian Sale.

DRUNKEN ORGY

Preceded the Death of Jack Fowles—Statements of Witnesses.

ORILLIA, May 31.—(Special.)—Before Coroner R. E. Darling of Greenwood the second inquest into the circumstances surrounding the death of William Fowler, whose dead body was found alongside the Grand Trunk Railroad tracks just east of Atherley Junction on May 29, commenced this morning.

The death of Fowler is alleged to have been caused by his being struck by the plot of Grand Trunk engine 2019, running on the Midland division between Peterboro and Orillia, while he was lying on or near the track in a drunken stupor. The previous inquest, which was commenced by Dr. Galway of Beaverfoot, developed certain irregularities, which rendered the holding of this second inquest necessary. The facts in the assessment which would have been followed a formal dismissal of coroner and jury was fortunately avoided by Dr. Galway's voluntary retirement from the case, when he dismissed the jury and sent in his resignation, claiming that the exaggerated reports of his conduct of the inquest would be undesirable that he should continue in office.

Drunk Orgy.

From the evidence adduced at the previous inquest, which Crown Attorney Fawcett will probe more deeply now, Fowler, with five companions, indulged in a drunken orgy, which is alleged to have extended over several days, and on the morning of May 29, he was reached in a quarrel in which one of the companions, Speers, was badly cut up. Fowler in some way managed to escape from the party and wandered on to the railway track from the shack where the drinking was taking place, which is a mile east of Atherley Junction, to a point about 400 yards from the station. Here he fell across the track and was found the following morning dead.

After the new jury had been empanelled, Mr. Fawcett, who was called on by the coroner, testified to having found patches of hair and blood clots on the left-hand side of the plot of the engine on the morning of the death of the engineer and fireman did not experience any shock or bump when the body was struck.

Edward Black, who lives half a mile from Atherley, walked past the shack on the track on May 18. He heard sounds of revelry by night, but did not go in. He was walking on the track on the morning of the death of Fowler, and saw the body of a man lying with his head towards the track, and his feet towards the engine. He recognized the body found in the morning as this one.

Charles Hinton, night bridge tender at Atherley, saw the body of a man on the bridge at six o'clock, who had apparently been drinking heavily, and one man, who was standing by the bridge, showed blood marks and a wound on the forehead, which he said he had from a fight. "You look as if you had been in a mix-up."

Cause of Death.

Dr. E. P. Kelly, Orillia, who made the post mortem examination, stated that the cause of death was due to shock of the skull, caused either by being struck by a train or bar of iron or a pole, presumably the former. The man lived for probably an hour after the injury, he would likely emit the sound of the body on the track, which was running at a speed of about 30 miles an hour, would have struck him and not through a push or distance.

Owing to the amount of whiskey said to be consumed by this gang, as well as the condition surrounding the hotel at Atherley, Eudo Saunders, K.C., is watching the inquest on behalf of the local licensee, charged with the sale of liquor to river men, laborers, and those engaged in railroad construction, a reign of terror has been seized a part of the community around the bridge and station at Atherley Junction.

TRAIN RAN TOO FAST

Inquest at Peterboro on Death of Seven-year-old Mamie Fooley.

PETERBORO, May 31.—(Special.)—A large number of witnesses were exhaustively examined at the inquest to-day into the death of 7-year-old Mamie Fooley, who was killed here by a G. T. R. train on Saturday. Engineer Mirman was closely questioned as to the condition of the train, and the emergency brakes applied, when traveling at between six and seven miles an hour, as he said it was at the time of the accident. He said it would go about 175 or 180 feet. It would go about 100 yards with the train running 16 miles an hour.

Crown Attorney Wood stated that as it was about 100 yards from where the whistle was blown to where the engine came to a stop, the engineer's own evidence, the train would be going at the prohibited rate within city limits of 15 miles.

FINED SMUGGLERS

Buffalo Man Praetised Ingenious Plan to Evade Alien Law.

BUFFALO, May 31.—(Special.)—Frank Zemba of this city, a section hand employed on the Grand Trunk Railway, was to-day fined \$50 by Magistrate Rathfon of Bridgeport, Ont. for smuggling men into Canada. Jacob Borborowaki, charged with eluding examination by an immigration inspector, was fined \$20 and costs.

Zemba, dressed the men he wanted to pass, in the garb of truck laborers, and in groups of two or three, the men would cross the international bridge and enter Canada without being monitored.

Floating Palaces—Great Lakes.

Ask about the five boats each week, Canadian Pacific Lakes Service—Owen Sound—Sault Ste. Marie—Port Arthur—Fort William—any Canadian Pacific agent will tell you. The Toronto ticket office is at the southeast corner of King and Yonge-streets.

Get rid of brain fog and the tired feeling—build up your system. The trip will do it, and in comfort, too.

Harper, Customs' Broker, McKinnon Building, 10 Jordan-st., Toronto

NEW INTERESTS BEGIN

OF THE ATHERLEY CASE

Drunk Orgy Preceded the Death of Jack Fowles—Statements of Witnesses.

**"ROUT IN OLD TORONTO" IS PICTURESQUE BAZAAR**

Granite Rink Has Been Transformed and Georgina House Project Should Be Greatly Advanced.

One of the brightest, most picturesque and entertaining bazaars devoted to a philanthropic object of the many which Toronto has known is the "Route in Old Toronto," under the auspices of the Canadian Women's Historical Society, which opened in Granite Rink, Church-street, yesterday afternoon, and which will be continued until tomorrow (Thursday) night. The aim, that of providing financial support for the Georgina House, Beverley-street, a residence for young women earning their own livelihood, is one that evidently commends itself as a highly worthy one to judge by the throngs who were attracted to the rink after-noon and night, and the generous patronage extended to the various booths.

The interior of the rink has undergone a surprising transformation and is a veritable blaze of color. The scene depicted, with proper artistic license, is that of a street in Toronto as it appeared more than one hundred years ago, a period dear to students of Canadian history. Such familiar institutions as the old-fashioned postoffice, inn-and-general store figure conspicuously in the scheme of things and the elaborate adornments and tasteful embellishing touches produce an effect of decided beauty and interest. Not a little of the general charm is attributable to the costumes of the attendants, ranging from the prettily quaint and picturesque to the laughably eccentric garb of some of the masculine participants. Flags and pennons are lavishly displayed, and the atmosphere is fairly charged with the United Empire Loyalist sentiment. A band and orchestra add appreciably to the enjoyment of the event, which is under the patronage of Lieut.-Gov. J. M. Gibson and Mrs. Gibson, Bishop Swenson and Mrs. Swenson, Mayor Geary.

Immediately on the right nearest the entrance is the Red Lion Inn of historic memory, a sedulously preserved veranda. It looks a cool, inviting retreat such as might well have held out allurements to our forefathers of a round century ago. The liquid delights dispensed here, however, are of the soft order. It is here, too, that afternoon and high tea are served by a charming bevy of about 70 waitresses, whose gay gowns and altitudinous mob-caps are of the quaint fashion of the period.

The Indian camp is next in line. Its aspect recalls Parkman's stories of pioneer life in Canada, and with its primitive charms it is perhaps the most picturesque spot, for it is overshadowed by green boughs and, of course, there is a wigwam. A log cabin with the Union Jack draping the walls is designated the U. E. Loyalist Postoffice. The general store bears out its name, it being devoted to the less artistic needs of life.

Perhaps the most pretentious structure is the York Market. It is made-believe stone construction, and coffee, cocoa and other household supplies, and flowers are for barter. It is a busy market trade, and a large contingent of ladies in Daily Bazaar and other quaint costumes are alert in driving bargains.

The poppy garden would delight anyone who has a penchant for the old-time floral favorites. Pique bonnets distinguish the ladies in charge, including the Georgina House Club members.

The old pawn shop is a place where coats and wraps are checked and ice cream served by ladies in Quaker garb. The sweetshop offers bonbons for legal tender, the dispensers being grand dames in powdered coiffure, muslin gowns and fichus. Short-waisted frocks and baby caps single

out the fair ones whose province is the bassinette. Souvenir china and cushions are the stock-in-trade of another booth where the proprietresses wear mauve, blue and yellow gowns. The literary minded are appealed to by the old-fashioned bookstall where the young ladies seek buyers for novels and learned tomes.

An attractive display of fancy work is to be seen at the Sir Isaac Brock booth.

The credit for the preparation of the plan of the bazaar and its artistic carrying out belongs largely to the young ladies who personally superintended the work. There were many encomiums last night on the excellent judgment shown.

So keen was the demand for admission to the playhouse which forms the background of the rink that all evening long there was eager thronging seeking possession of the coveted pasteboards which provided the "open sesame." The front is decidedly artistic, the effect being of brown stone hung with flower garlands. There was a continuous performance of bright vaudeville features from 7:30 to 10 p.m. A very taking feature was the dancing by about forty little misses under the direction of Miss Sternberg, including a minuet and maypole, buttery, flower and scarf dances. Other contributors were the Gore Vale Sextet, W. J. Charlebois, French-Canadian impersonator, Walter Bayley in song and monolog. There will be a different program to-night and to-morrow night. A particular attraction to-night will be the presentation of Lovey Mary, a comedy drama in two acts by a cast of seven players, and to-morrow night the Squeedunk Minstrels will blossom forth. Other entertainers are Frank Mackelcan, H. Rols and F. Woods, with the indispensable Mrs. Jarley's waxworks. J. Weir Anderson is theatre manager.

**SOCIETY NOTES**

Mr. and Mrs. George F. Madden announce the engagement of their daughter, Miss Thomasine Madden, to Mr. R. M. White, son of Mr. Aubrey White. The marriage will take place in September.

Mr. and Mrs. Thos. Moss of Grand Valley announce the engagement of their eldest daughter Olive to Mr. J. E. Hayden of Toronto. The marriage will take place quietly in June.

Mr. and Mrs. Henry Hill of Brampton announce the engagement of their daughter Ruby L. to Mr. Gordon G. Forsyth of London, the marriage to take place latter part of June.

The marriage of Miss Irene Stutford to Mr. Carl B. Gudebrod was celebrated quietly in St. Paul's Church, Bloor-street, on Wednesday, June 8.

Col. Sir Henry and Lady Pellatt will give a garden party in the Toronto Exhibition grounds on Saturday, June 11, during the Q.O.R. semi-centennial celebrations, the fancy dress ball taking place the previous night in the Westport Building.

The second annual dinner of the alumnae of the University of Toronto is to be held on Thursday evening, June 9, under the auspices of the United Alumnae Association in the University gymnasium.

Dr. and Mrs. Holford Walker have moved to their residence and are temporarily residing at 62 Leabell-aret, preparatory to leaving the end of June for their island on the Georgian Bay.

**NEW SUPERINTENDENT CHOSEN**

Miss Robina Stewart of Pittsburg to Succeed Miss Snively.

At the special meeting of the board of trustees of the Toronto General Hospital held last week, the special committee charged with the duty of securing information concerning the applicants for the position of a successor to Miss Snively, as superintendent of the training school, were authorized to select from the names of those submitted Miss Robina Stewart of Pittsburg, Pa. In accordance with the instructions of the board, they have been in conference with Miss Stewart and have chosen her for the position. Miss Stewart is a Canadian, her home being in Guelph. She is a graduate of the Johns Hopkins Hospital Training School for Nurses, served there some years in charge of the private wards; spent some time in the study of training schools in the middle west and for the past three years has been superintendent of nurses in the Allegheny General Hospital, Pittsburg.

Anglican W. A. The June board meeting of the women's auxiliary to the M.S.C.C. will be held in St. Aidan's schoolroom, corner Queen-street east and Birch-avenue, on Thursday at 2 p.m.

**BANK OF NOVA SCOTIA GETS WESTON PROPERTY**

Another Evidence of Town's Prosperity—Belt Line Must Regain Right of Way—County News.

WESTON, May 31.—(Special.)—The Bank of Nova Scotia has bought the brick building at the corner of Main and Dufferin-streets, at present occupied by James Robinson as a grocery store, for the sum of \$8000. Negotiations have been in progress for some time, but yesterday the deal was put thru and to-day the local officials of the bank are making arrangements for carrying on business in a part of the building, the hay do not secure full possession for three weeks.

A meeting of the Weston Board of Trade was held here to-night but no outstanding matters were up for discussion.

**WEST TORONTO.**

Mrs. Sherring Died From an Overdose of Laudanum.

WEST TORONTO, May 31.—(Special.)—In ill-health, and suffering from pain, Mrs. Sherring of Campbell-avenue yesterday afternoon took an overdose of laudanum, from which she died at an early hour this morning. Dr. Mooney was first summoned and later Dr. MacNamara, but despite the best efforts of the two medical men she passed away.

Coroner Dr. Mason was notified, and decided that an inquest was unnecessary. Deceased leaves a husband and grown-up family of three children. The funeral takes place on Thursday afternoon at Prospect Cemetery.

**NORTH TORONTO.**

Big Budget of Live News From the Northern Suburb.

NORTH TORONTO, May 31.—(Special.)—Last night the Young People's Baptist Union held their final meeting for the year. Miss A. M. Y. Rolph was in charge, and a fine program was given.

Among the artists were: J. F. Schultz and Mrs. John Simmons, Mrs. Stevenson, Arthur Smith and Miss Mildred Courtney. Following the formal proceedings, refreshments were served. The Union has been enabled to maintain out of its funds a native mission-ary at Kookonun, Kookanada, Madras, India.

The Dovercourt Land Co. have started on two new residences on their Laurence Estate property, and in the course of the next two weeks three more will be started. The waterworks on the various streets lining their property will be fully laid by the middle of June.

To-day Town Clerk W. J. Douglas resolved over \$30 water rate taxes, and up to date approximately 900.

R. G. Kirby and S. J. Douglas of the Eglington Methodist Church will preside at the Toronto Methodist Conference.

On Friday, two committee meetings, parallel roads and fire and light, were held, and on Saturday the board of works.

To-night the Eglington Methodist Epworth League will meet in the hall, held a routing meeting.

To-morrow night the athletic committee of the P.E.M.C. will arrange details of the field meet to be held July 1. Next Sunday at 11 a.m. Rev. R. F. Griffin will conduct the monthly

# Bears Have a Field Day in New York Market

## HOLDS FIRMER THAN NEW YORK.

World Office.

Tuesday Evening, May 31.

Business continues flat at the Toronto Stock Exchange, although prices hold considerably better than they are doing in the American market. Another slump on Wall-street to-day had no immediate effect on prices in this market, while in the early trading some advances were made in some of the latest listed specialties. The bond selling which is at present going on is understood to be coming from financial institutions who can use their funds to much better advantage, either as call loans or mortgages. The banks are holding down their loans until money becomes less tight. There is therefore no incentive for speculative purchases.

HERBERT H. BALL.

## President Taft Orders Suit and Stocks Are Quickly Depressed

### Breaks of Three and Four Points Occur on New York Exchange—Canadian Markets Are Uninfluenced.

World Office, Tuesday Evening, May 31.

Some unusually well-informed persons here think that in the end a moderate increase in freight rates will be permitted. But meanwhile there is little temptation on the part of the public to buy stocks or bonds. We are in for it as long as well as to get out of long stocks on any bulge.

With the decline in commodity prices people were beginning to feel better. Confidence is now up again. Too much politics. Unless there is a stop to this sort of thing there will be trouble.

Charles Head & Co. to R. R. Board: The after-holiday market showed no improvement over that of last week. London was said to be a buyer of possibly 12,000 shares. The large gross increase of earnings of Southern Pacific and Union Pacific was practically all swallowed up and the net result was unsatisfactory as was the case with Atchafalaya. The closing was weak at lowest with losses of three points in many of the active specialties. We look for further activity and possibly lower prices.

J. P. Bickell & Co. say at the close: President Taft's decision to enjoin the advance in freight rates caused a bad break in the stock market to-day. The decline averaged 3 points and nearly all issues closed at lowest prices. The movement down was helped by failure of supreme court to reach a decision in corporation case and by an adverse decision in the Missouri River case. We believe that the stock market has had such a shock as a result of the president's interference in the freight rate advance that it will be unsettled for some time and much liquidation will be excited by his unexpected action.

St. Paul will earn full dividends this fiscal year.

Louisville and Nashville shows nearly 30 per cent. on stock for the year.

Western Maryland earned year's dividends in four months.

Bond negotiations in Europe continue with great success.

U.S. Central, investigated by department of justice.

Joseph says: Don't be afraid to buy C. O. S. as it is exceptionally well proportioned. Hold C.P.R. buy St. Paul for turns. Buy R.R. Island.

Bullish operations, perhaps along speciality lines, seem likely in the stock market during this week. Conservative purchases on little reactions should prove profitable to day traders, who should not refuse moderate returns in a professional quick changing market like that prevailing.

Financial Bureau.

Stock have been well supported on all recent days by bears who have entirely overdone the use of rumors respecting the health of our leading financial interest, and we expect to see a vigorous recovery during the current week. The program to list American stocks in Paris is going on and important developments are expected in the very near future.—Town Topics.

Washington: President Taft has this afternoon instructed Attorney-General Wickersham to bring injunction suit to act against the 25 roads in middle west who intend to advance freight rates to-morrow. Suit will be brought late to-day or early to-morrow, probably in Chicago.

On Wall Street.

Erickson Perkins & Co. say at the close: Stocks collapsed 2 to 4 points, closing near bottom. There was a large volume of business during the afternoon. The collapse was caused by reports from Washington that President Taft had approved the plan of Attorney-General Wickersham to bring suit against the western railroads to restrain the proposed advance in freight rates to-morrow. In the last hour this story was confirmed, and the selling from that time on was very heavy.

As we understand it, the railroads, when they consented to a general advance in wages, received assurances or intimations from the interstate commerce commission that it would not make any active objection to an advance in freight rates to partly make up for the increased expense. Railroad men have given the public to understand that they could not raise

pages without a corresponding increase in rates.

Some unusually well-informed persons here think that in the end a moderate increase in freight rates will be permitted. But meanwhile there is little temptation on the part of the public to buy stocks or bonds. We are in for it as long as well as to get out of long stocks on any bulge.

With the decline in commodity prices people were beginning to feel better. Confidence is now up again. Too much politics. Unless there is a stop to this sort of thing there will be trouble.

Spot cotton closed easy, 80 points decline. Middling upland, 14.50; do. Gulf, 14.75. Sales, 6000 bales.

**Cotton Gossip.**

NEW YORK, May 31.—There was a further and more sensational decline, amounting to over 1 1/2 per cent. in the cotton market to-day, when it was seen that May was going out without any final squeeze in speculative shorts. The price of May cotton sold off to 14.61, comparing with 14.86 at the close of business last Friday; 15.30, the highest point of the season, and 16.45, the high point of the season, made last December.

The rapidity of the early break and the heavy western selling threw the market into the most panic condition it has exhibited since the big decline last January. The price of the big decline last year was 14.61, and the price of the big decline last year was 14.61, and the price of the big decline last year was 14.61.

**Navigation Working Day by Strike.**

CLEVELAND, O., May 31.—Following a 15-hour working day and holidays of 100 members of the Great Lakes Towing Co. quit work to-day. As a result lake navigation is at a standstill. Local tug men say the walk-out will be mutual along the great lakes.

**May Bond List**

We have just issued our monthly circular of Canadian Debenture Investments, containing a list of most attractive offerings. We will be glad to forward a copy to interested parties on application.

TORONTO

**CITY UNDERTAKE REFORM OF INEBRIATES**

Special Civic Committee Decide to Acquire Farm Near City and Introduce Indeterminate Sentence.

The acquisition of a farm near Toronto and the immediate establishment thereon of a home where habitual drunkards may be detained and treated.

The preparation of a by-law to make the plan of indeterminate sentence apply to the institution.

That an earnest appeal be made to the Ontario Government for sufficient and adequate asylum accommodation for all insane persons whose insanity demands public restraint and treatment.

These were the recommendations made yesterday by the special civic committee appointed some time ago to deal with the problems arising from the herding in Toronto Jail of inebriated and insane persons along with various classes of the active population. The committee was guided in its decision by Rev. Dr. Chambers, Governor of Toronto Jail; Jacob Cohen, J.P.; Angus MacMurtry, representing the house of industry, and Prof. Wrong and W. H. Orr, appearing for the Society for the Reformation of Inebriates.

Ald. O'Neill, chairman of the committee, and Property Commissioner Harris were instructed to secure a suitable location for the farm, and to report as soon as possible to the commissioner's proposal that the committee visit Bridgewater, Mass., to inspect the jail farm there was also endorsed.

This institution is near Boston, and is stated by Dr. Bruce Smith, provincial inspector of prisons, to be the best managed of its kind in America.

**Difficult as to Scope.**

The meeting, while united in the opinion that the term "jail farm" should be avoided as indicating its penal character, was not unanimous on the question of its scope. Controller Spence and Mr. Harris differed strongly, the former advocating that the inmates be limited to inebriates, while the latter was equally firm in contending that a certain class of "first offenders" should be taken in. This broader policy will be considered later.

J. G. Gilmour, of the Central Prison, wrote: "A jail farm is certainly required, and is invaluable in the treatment and management of delinquents. A jail farm can never do the work expected of it unless there is a change in the system of sentencing kleptomaniacs and habitual criminals in petty crimes. Finest by Dr. Bruce Smith, confirmed inebriates punishes the families and coddles the delinquent. While this system is in vogue a jail farm cannot cure conditions which are inbred. Prof. Wrong said the great difficulty which confronted his organization was that there was no place to which inebriates could be sent for treatment. Physicians said time was indispensable in successful treatment, and he thought at least six months were required.

"Good Resolutions" Valuable.

"The good resolutions of chronic drunkards are not worth any more than a spider's web," declared Governor Chambers. He had been informed by medical authorities that two years' treatment of drunkards was necessary. If public sentiment were sufficiently strong he was sure that the government would give the city power to fix two years as the maximum term, with a sliding scale down. He thought there might be advantage in making use of specific treatment for drunkards.

The governor gave some statistics to show how difficult it was to effect the reformation of a confirmed drunkard. During the five-year period ending Sept. 30 last, one man, aged 65, had been in the jail for drunkenness 43 times; another, aged 54, 18 times; one, aged 27, 16 times; one, aged 30, 35 times; and one, aged 35, 25 times, while a man in Canada only six years, had been imprisoned 40 times.

"This shows what a farce a fine of \$1 and costs of 30 days is," he declared.

Commissioner Harris had no faith in the so-called special cure for inebriates. The men must be rehabilitated physically and mentally. Firearms, locks and bolts were absent from the jail, as 98 per cent. of the inmates would go there in the hope of being cured of the vice.

Mr. MacMurtry stated that there is accommodation in the house of industry for aged and homeless people of respectable class, a fact to which the city's attention is drawn.

Eason, who has retired after almost continuous service of 61 years with the G.N.W. Mr. Hathaway's appointment dates from June 1.

**FIRE RANGER DROWNED**

Young McGill Student Perishes in Northern Ontario.

The department of land, forest and mines received a telegram yesterday morning from S. C. Macdonald, chief of the Timagami forest reserve, stating that one of his fire rangers, Norman W. Jones, had been drowned in Obabik Lake.

Deceased was 22 years old, was a student at McGill University and lived in Kempville, Jones was the last fire ranger appointed by the department.

**VOICE FROM THE PAST.**

LONDON, May 31.—(C.A.P.)—At the general assembly of the Free Church of Scotland, a petition from Roderick Mackay, Fort William, Com., pleaded against the unscriptural method in which worship was carried on there with the use of hymns and organs, and requesting that a committee speaking English and Gaelic be instructed to investigate.

Dividend in Giannetti Case.

After nearly two years' waiting, the depositors of the defunct Banco Giannetti, Fort William, Com., are to receive a payment of 25 per cent. on their deposits. Giannetti, who conducted the bank, committed suicide in August, 1908. It was found that there were some \$20,000 of deposit, given into his keeping, mostly by Italians. It was at first supposed that all of this had been disposed of since then, however, nearly \$4000 has been recovered, and the courts decided that a policy of \$5000 on Giannetti's life should go to swell the assets. There will probably be a further payment later. All sorts of trouble are expected in making the payments, owing to the difficulty of identifying depositors, who have claims ranging from \$25 to \$2300.

Struck by a Train.

Robert Hamilton of 1201 East Queen-street was injured at the level railroad crossing on Greenwood-avenue yesterday. He was driving a load of brick and had waited for one train to pass, when a westbound passenger train struck him. His injuries are a severe scalp wound and slight concussion.

Statute Declared Unconstitutional.

WASHINGTON, May 31.—The statute of Missouri, passed March 13, 1897, prohibiting foreign corporations from doing business within the state, if they seek litigation in the U. S. courts, was to-day declared unconstitutional by the supreme court of the United States.
