DALEY INQUEST.

Dr. Daniel Doan Not Believe Death Was Due to Injuries.

The inquest into the circumstances surrounding the death of Michael Daley was commenced last night in the Court House by Coroner Berryman.

The jurors were: C. A. Clark, W. V. Hatfield, F. McHartney, S. J. Warwick, J. McKinney, J. S. Seaton, G. C. Davidson.

Policeman Joseph Scott first testified to arresting Michael Daley, Jr., at the instance of his father, at their home, Harding street. Both father and mother declared at the time that Daley, Jr., had assaulted his father.

Policeman A. C. Ward corroborated this in part. Mrs. Mary Ann Smith, who resides in the same house with the Daleys, told of the quarrel which took place there between father and son. Daley, Sr., had some cuts and bruises. Dr. J. W. Daniel dressed up the old man's injuries.

Dr. Daniel told of visiting the Daley house after the quarrel and finding the old man in an unconscious condition. The old man was bruised badly and bleeding in many places. Witness said that he and Dr. Addy made a post mortem examination. They attributed death to compression of the brain, due to hemorrhage. The effusion of blood, he believed, was all of recent date, within twenty-four hours. In his opinion the hemorrhage could not be due to a blow given eight days previous. Owing to the absence of Dr. Addy, the inquest was adjourned till Monday next.

Miss S. Myrtle Berry is spending her vacation with friends in Fredericton.

STORE OPEN THIS EVENING. St. John, N. B., Aug. 23, 1904.

JAPANESE TROOPS IN PORT ARTHUR.

General Stoessel's Residence Now Occupied by Japs --- Chain Fort Also Captured --- Only the Eastern and Southern Forts Now Held by the Russians---Russian General's Farewell.

CHIEF FOO, Aug. 23, noon.—According to advices brought here from Port Arthur by a junk, the Japanese were today pressing the Russian centre along the railway and the Russian right in the vicinity of Golden Hill. These advices were brought by Chinese who departed from Taping Tsa, which is one mile from the city near Golden Hill, between the city and the forts of the Russian right wing. The Chinese declare that the Japanese occupied Taping Tsa and penetrated along the railway to General Stoessel's residence on Aug. 21. As this report would indicate that Port Arthur had all but fallen, the Japanese expert attached to the local consulate received the information with great reserve. The information is accepted, however, as a confirmation of previous reports that the Russians have been driven from Hsienshan and that the Japanese are very close to the southern forts and the eastern defenses.

The local Japanese, under the leadership of their consul are subscribing money and are preparing to celebrate the expected fall of the fortress. The Chinese who arrived today further report that a Russian warship was hit by a shell recently and sunk in the harbor. A report was cabled several days ago that a gunboat of the Orviano type had been sunk. This is probably the vessel referred to.

ST. PETERSBURG KNOWS PORT ARTHUR IS DOOMED.

ST. PETERSBURG, Aug. 23, 12.35 p. m.—Despite the popular feeling that Port Arthur is doomed, the success with which Lieut. General Stoessel has been beating off the Japanese assaults and the heavy losses suffered by the besiegers offer considerable encouragement to the city.

"There is a limit beyond which troops cannot go, no matter how gallant," said an officer of the general staff this morning. "A fifth of the army before Port Arthur is a small estimate of the enemy's losses up to date. If the storming operation, which we understand is now progressing, fails to release the situation, the ring of inner defenses, the Japanese will be compelled by sheer exhaustion to stop and recuperate while waiting for additional reinforcements, and I personally together with some of my colleagues, believe they will abandon the idea of a general assault and settle down to regular siege operations. Starving out the garrison is less brilliant, but it is quite as effective a way of reducing a fortress. The Japanese purpose in rushing matters has doubtless been to release a section of the southern army and enable it to cooperate with the armies in Manchuria. This is a serious matter. The naval critic of the Vromesto boldly expresses the opinion that the Port Arthur squadron would not be an act of folly if it went out now. He adds: "Although a portion of Admiral Otkoubashi's squadron is being paid off, including at least the Peresviet, Poltava, Sebastopol and Pallada, it would be futile to attempt to break through the Japanese lines. The squadron would be lost without profit to Port Arthur. Otkoubashi would do better to release his guns and send the men ashore. This would reinforce General Stoessel to the extent of nine hundred men, and the six yachts would be able to take care of themselves. The Japanese are not yet reached our shore batteries, which are still out of range, but they have damaged the drydock and the railway station.

"The Japanese are mapping the town by sections for the purpose of bombardment and they are assisted in this task by a Chinese engineer who recently deserted to them. The Japanese fire an average of 800 shells daily and they keep up their fire both day and night.

any story to the effect that Russia is trying to induce France to buy Argentine and Chilean iron-ore for her for the purpose of reinforcing the Baltic fleet. LIAO YANG, Aug. 23.—The following is supplied by a Russian correspondent of the Associated Press: "With each additional report from Port Arthur wonder increases both at the persistence of the Japanese attack and the heroic stubbornness of the defenders of the fortress. The Japanese are literally throwing away thousands of lives in the hope of shaking the fort. If it is taken the whole Japanese army will have to immolate itself on the slopes of the fortifications. "There were five desperate assaults on Green Hill July 26, the Japanese returning each time with apparently inexhaustible reinforcements. On the final assault, however, the Japanese broke badly, throwing away their guns, cartridge belts, and even their boots to the Russian trenches, and leaving seven thousand dead or wounded. "Our surgeons work heroically, impartially aiding Japanese and Russians. The Japanese were so touched that they tearfully thanked the Russian surgeons. "The assault on Green Hill was repeated on July 27, and there were frequent hand-to-hand encounters, the Russians leaving the trenches to fight the Japanese. "The assaults of July 28 and July 29 on the Wolf Hills were not followed up, the Japanese being too severely shaken. We evacuated the Wolf Hills chiefly for strategic reasons, as the hills made the line of defenses too long for the Japanese to cover. "The assault of July 30 was made in the dark of night in the hope of surprising the Russians. Sixty thousand men were hurled against our thirteen thousand, but we drove them back to the bayonet. It was another Shilpa Pass. "The Japanese poured in fresh battalions, but the slope covered with the dead and dying, literally ran with blood. "The 20th regiment was forced from its position, but the 14th regiment came up and with the bayonet again dislodged the Japanese. "As near as can be ascertained this assault cost the Japanese ten thousand men. "The Japanese losses since the siege began have been 28,000 men. The explosion of one mine wiped out five hundred. This was an awful sight. A volcano of stones dismembered the bodies of the soldiers while the sky was lit with fire. The Japanese lost 20,000 Japanese rifles. "The Japanese installed twenty steel guns on the Wolf Hills. They have not yet reached our shore batteries, which are still out of range, but they have damaged the drydock and the railway station.

Big Cut in Ocean Rates. Forty Dollars Knocked Off the First Class Fare. NEW YORK, Aug. 23.—All the leading trans-Atlantic lines now have reduced their minimum first and cabin rates eastbound to meet the Cunard's reductions made several days ago, says the Journal of Commerce. Both the North German Lloyd and French line yesterday took a hand in the rate war by making a sweeping reduction in first class rates both eastbound and westbound. The Kaiser Wilhelm Der Grosse, the Kaiser Wilhelm and Kron Prinz Wilhelm, the minimum first class rate to Plymouth and Cherbourg was cut \$40, and a reduction of \$20 was made in the same class to Bremen. A cut of \$30 was announced in the first class rate to Plymouth and Cherbourg on vessels of the Barbary class. On the steamships La Touraine and La Savoie the French line made a cut of \$30 in first class rates eastbound and of \$10 in the second cabin rate. On all other vessels the first class rates were reduced by \$20 and the second cabin by \$12.50.

THE FANJOY SQUABBLE. Mrs. Fanjoy Says George Fanjoy's Statement Was Unfair to Her. Over a week ago George Fanjoy called at this office and made certain statements about the sending of his wife to the almshouse by his other son, Scott Fanjoy, and his wife. Mr. Fanjoy, senior, placed the burden of the blame on the woman and accused her of borrowing \$10 from the almshouse, which, he said, she refused to return. Mrs. Scott Fanjoy was out of the city at this time and did not return on Saturday. She is very anxious that her side of the case should be stated, and has requested the Star to publish her statements. Mrs. Fanjoy's statements are unfair and incorrect. She did not turn the boy out, she admitted that he went to Dr. Gilchrist of his own accord and urged that gentleman to get him admitted to the almshouse. This, Mrs. Fanjoy says, she did not know till later. His father when going away asked her to board him, agreeing to pay one dollar and a half a week. He boarded him for one year and four days. He had sisters well able to look after him. Mrs. Fanjoy feels that the boy was a good boy, and she is considering all she has done for them. She says she regrets that this matter got into the newspapers, but as it did she decided to state her side of the case.

WOOLLEN MILL SHUT DOWN. (Special to the Star.) MONTREAL, Aug. 23.—The Montreal woolen mills, which have been in continuous operation for fourteen years, have shut down, throwing 200 men out of employment. Those at the head of the concern say the year's operations have been carried on without a profit, the inevitable dividend hereof being six per cent. Managing Director Horsfall says the future policy would be to run the mill alternate weeks, thus keeping some men employed. The company is capitalized at \$300,000. Competition of English woollens under preferential tariff and overstocking are responsible for the shut-down.

FOOTBALL. The Trinity football players held a very enthusiastic meeting last evening. It was decided to commence practicing at once, and the team will turn out this evening on the Shamrock grounds at six o'clock. From present indications Trinity may be expected to line up very strong for the opening game with Fairville on the 16th September. The team will be coached by Will Malcolm.

MRS. MAYBRICK IN NEW YORK

Declined to Talk to Press Representatives.

But Gave Out an Interesting Statement—Believes God Will Right Her Great Wrong.

NEW YORK, Aug. 23.—On board the Rod Star str. Vaderland, which arrived today from Antwerp, was Mrs. Florence Chandler Maybrick, recently released from prison in England. Mrs. Maybrick was entered on the passenger list as Mrs. Rose Ingram, a name which she took from her great grandparents. This precaution was not designed to evade official inquiry, but merely to avoid annoying observation on the part of fellow passengers. While she made no secret of her presence on board and appeared frequently about the decks and saloon, very few were aware of her identity. She is accompanied by Mr. and Mrs. Samuel V. Hayden. Mr. Hayden is her attorney.

Mrs. Maybrick refused to be interviewed, but gave out the following statement: "I regret that the state of my health, as well as business reasons, prevent my talking to my friends of the American press at this time as I should like. To them and to my fellow countrymen, and women, I am deeply indebted for their effort in my behalf, and I take this means of expressing my everlasting gratitude as well as my thanks to them for their congratulations on my release, which I have not been able personally to acknowledge. "As my mother was not able to accompany me, I came over under the protection of Mr. Hayden, my attorney, and his wife. "I am assured by my English physician and by Dr. Wilmer of Washington, D. C., who prescribed for me during the voyage, that quiet and mental rest will in time restore my life. "It is on the advice of my counsel and my physician that I have travelled incognito. I cannot express the feelings of deep joy and thankfulness with which I return to my native land. At the earliest opportunity I shall visit my birth place, Monticello, Ala., and also Norfolk, Va., my home during my married life. "I now believe as I have always, that God will in His own time, right the great wrong I have suffered."

FUNERALS TODAY. The funeral of the late Sarah Kelly was held this afternoon from the residence of William Smith, 33 Spring street.

The remains of the late Mrs. William R. Burns will be brought to the city today from Dorchester on the C. P. R. express. The funeral will be held from the depot to the Cathedral and thence to the New Catholic cemetery.

CHIEF ENGINEER OF C. P. R. HERE. Chief Engineer Tye, of the C. P. R., arrived in the city yesterday from Halifax. Last evening Mr. Tye viewed the falls and the Cantilever Bridge. Starting from this city, the chief will make a thorough inspection of the line to Montreal and if the present plans for improvements are carried on expenditure of millions will be made on the end of the transcontinental railway.

COUNTERFEIT MONEY.

MONCTON, Aug. 22.—A man giving the name of Cleveland was arrested this morning at Campbellton by Intercolonial Policeman Noble. The man passed a bogus five dollar Mexican bill on the Intercolonial train north of Campbellton. When arrested there was found concealed in the lining of his clothing 184 five dollar counterfeit Mexican bills, besides a large sum of Canadian money. He was taken back to Rimouski, in which county the bill was passed, in order to stand preliminary examination. It is presumed by the authorities this is the same man who is wanted for passing counterfeit bills in the United States.

NO RAILWAY MEN NEED APPLY.

The government had occasion to appoint a railway commission of three to take the place of the railway committee of the privy council. Mr. Blair, a lawyer, who had been minister of railways, was made chairman, while his two colleagues were absolutely without knowledge or experience in railway matters. Later a commission had to be created to carry out the construction of the Grand Trunk Pacific from Moncton to Winnipeg. The appointees are three politicians, two of whom are absolutely ignorant of railway construction and operation, while the other is a lawyer who once found himself for a short time in charge of a branch line in Nova Scotia. The government had the appointment of a representative on the Grand Trunk board and called to that position the premier of Quebec, an all-round promoter of political financial enterprises. In all these railway appointments the government has shown a singular prejudice against all persons who know anything about railways.

THE USUAL STORY.

The latest report forth that 7,000 Japanese were left killed and wounded when the attacking soldiers threw away their guns, cartridge belts and boots in order to facilitate their flight. Like all the reports of fearful Japanese slaughter this one comes from Russian sources. Reports from within Fort Arthur have from the beginning given blood-curdling accounts of the repulse and butchery of Japanese. Yet somehow Japan has been gaining and holding an "impracticable" outpost after another, and now occupies nearly all the elevated positions around the main fortress. Before many hours we shall probably find that the Russians have abandoned this same Green Hill to the enemy. This is what happened after the story of the alleged slaughter of 30,000 Japanese at Wolf Hill.

A FAIR TORONTO OPINION.

A member of the staff of the Toronto News, an independent journal, with a good editor, has been exploring the political situation in this part of Canada. In a letter over his initials the writer states that he has interviewed members of both parties in this province most likely to be well informed. He reached the conclusion in this city that the liberals did not expect to carry either of the St. John seats or a majority of the seats in the province. The News representative finds that Mr. Emmerson is regarded in his party as a poor substitute for Mr. Blair in the party leadership, and that the Grand Trunk Pacific scheme is exceedingly unpopular in this province. The reason for the unpopularity is the distrust that the New Brunswick people have of the old Grand Trunk corporation and the positive conviction that the new company under Grand Trunk control would discriminate against Canadian ports as it has against Canadian engineers.

THE REAL PREFERENCE.

Mr. Fielding's preference does not appear to be getting in its work so well as his tariff concessions to the United States. In the fiscal year ending with June, Canadian imports from Great Britain increased \$2,378,000 over 1903. Imports from the United States increased \$13,321,000. From Great Britain \$21,770,000; from the United States \$15,282,000. That is the record.

Mr. Wade of Annapolis was a thick and this supporter of both the Grand Trunk Pacific contracts. They are extensive deals to the people but they are worth \$5,000 a year to Mr. Wade, chairman of the construction commission.

The railway owned government is completing the preparations for the dissolution. It will then be determined whether the Canadians are a railway owned people—Sun.

Sulfide has been pronounced a cowardly act. But it is more cowardly to pretend a suicide and not commit it—Sun.

The slaughter correspondent in the Russian camp should be allowed to go when the place is captured. He will be needed as a campaign writer for the government press in this country.

FREDERICTON NEWS.

FREDERICTON, Aug. 22.—Chas. W. Beckwith, who died yesterday of the death of his son Charles at Sackatoon, N. W. T. The information was conveyed in a telegram, which stated that the young man had been accidentally shot in the groin by a revolver on the 15th inst. from the effects of which he expired on Saturday. Members of Mr. Beckwith's family who reside in Halifax, Mass., were immediately wired the sad intelligence. At the time of Lt. Col. Morris' visit here a few years ago young Beckwith enlisted through him with the Northwest Mounted Police, in which force he served his time, and his work had been so satisfactory that a short time ago he had been persuaded to re-enlist. Much sympathy is expressed for his relatives in their bereavement. The body will be forwarded to Fredericton for interment.

A. E. Hanson has about completed his bowling alley at the east end of the Fredericton skating rink. The alley is of the first standard, in order to make sufficient light for the place Mr. Hanson had windows cut in the side of the building overlooking portions of the officers' quarters. This action was not looked upon with favor by certain members of the Officers' School, but the work was done, and so the matter dropped. To make his alley more acceptable to the public Mr. Hanson had also cut a door at the rink's end, and intended having put down from this entrance to Queen street a plank sidewalk. This sidewalk would run across the government ground back of the post office. On Saturday Col. Wainwright and several parties interested in running very high and people are watching the matter with interest. Interested in Mr. Hanson's venture is a local M. P. P., and people are wondering who is going to come out on top.

CANADA'S TRADE.

OTTAWA, Aug. 22.—Trade returns by countries for the fiscal year ended June 30th, 1904, have just been issued. They show, as compared with the decline of one million in our total exports, being altogether due to a falling off in our sales to Great Britain, and the increase in imports being mostly in our purchases from the United States, a trade condition which tends to contradict the theory that trade with the Mother Country is greatly fostered by the present tariff. During 1903 Canada's exports to Great Britain amounted to \$131,233,221. In 1904 the value of exports to Great Britain was \$117,531,376, a decrease of \$13,701,845. On the other hand our exports to the United States increased from \$713,494,724 in 1903 to \$723,521,235 in 1904, a decline of \$10,273,489.

Canada's imports from Great Britain in 1903 amounted in value to \$68,886,301; in 1904 the value of imports from the Mother Country was \$73,149,811, an increase of \$4,263,510. Imports from the United States in 1903 were \$187,966,195; in 1904 they were \$192,521,235, an increase of \$4,555,040.

FOOT BALL SEASON.

A meeting of the executive of the local football league was held at the Y. M. C. A. last night. A schedule for the games was drawn up and arrangements made for the season of sport. The indications at present are that there will be good intermediate football in St. John this year, and it is quite possible that the newly organized team at Fairville will be one of the strongest. If not the strongest, agreement in the league. They have some big men, who although they do not know much about the game yet, are willing to learn, and have an excellent teacher in their captain, Dr. Curran. A football season from start to finish, he is bound to have his team well instructed, and this fact will give more interest to the games.

THE REAL PREFERENCE.

Mr. Fielding's preference does not appear to be getting in its work so well as his tariff concessions to the United States. In the fiscal year ending with June, Canadian imports from Great Britain increased \$2,378,000 over 1903. Imports from the United States increased \$13,321,000. From Great Britain \$21,770,000; from the United States \$15,282,000. That is the record.

Mr. Wade of Annapolis was a thick and this supporter of both the Grand Trunk Pacific contracts. They are extensive deals to the people but they are worth \$5,000 a year to Mr. Wade, chairman of the construction commission.

The railway owned government is completing the preparations for the dissolution. It will then be determined whether the Canadians are a railway owned people—Sun.

Sulfide has been pronounced a cowardly act. But it is more cowardly to pretend a suicide and not commit it—Sun.

American League.

BOSTON, Aug. 22.—Boston worked up into second place by shutting out St. Louis twice today. Both contests were won by hard, timely batting and effective pitching. Boston also led in championship points. The difficult plays were chiefly fiercely-hit line drives which the local infielders caught from the most awkward positions, and sometimes with one base. The game played brilliantly for St. Louis.

GONE TO ST. LOUIS.

A party of four P. E. Island men, L. B. McKellan, W. Halpenney, Robert Nicholas and Jos. Parke passed through the city last night on route to the St. Louis fair. They go to represent the Athlete Club of Charlottetown at the world's Olympic games to be held there in a few days. Mr. Halpenney, who holds the Maritime amateur pole vault championship, is entered for three events, the handicap running broad jump, Aug. 25th, the running broad jump at practice, and the world's championship pole vault Sept. 2nd.

Halpenney has been in training since June under Louis L. McIntyre of Charlottetown. Mr. McKellan is his manager for the trip.

The best done by Halpenney in competition at the vault was 11 feet at Halifax last fall, winning the maritime championship, but few days ago in practice he cleared the pole at 11 feet 6 inches, which is 3 inches better than the Canadian amateur record. A year ago he competed in the athletic sports in this city and made 10 feet 8 inches. In the running broad jump at practice Halpenney leaped 21 feet a short time ago. Gold, silver and bronze medals on the fall vault allowed by the A. A. U. are awarded as 1st, 2nd and 3rd prizes respectively in every event. In addition to this the H. H. Baxter cup will be awarded to the pole vault champion.

The party went through in a Pullman to Montreal to stay a couple of days after which they will proceed to St. Louis in company with a party of five other Canadian competitors at the games and friends. They expect to reach the fair Saturday morning and will leave on return September 6th.

BRITISH GUNBOAT ASHORE.

ST. JOHN'S, Nfld., Aug. 22.—The British gunboat Columbine, one of the vessels of the squadron patrolling the Newfoundland fisheries, struck on a rock today in Snooks Arm, Green Bay, and it is feared she will become a total wreck. The whaling vessel Cabot vainly tried to pull the Columbine off the rock.

The gunboat Fantome left here tonight for the purpose of trying to refloat the Columbine, and if that should be found impossible, to save her gear. The Columbine, formerly the Hiarta, a British screw steel vessel, was purchased by the British government in 1897 to assist in the supervision of the fisheries in Newfoundland waters. She is of 360 tons displacement, and is capable of making nine knots an hour. She was built in 1839.

TRAGIC DROWNING.

QUEBEC, Aug. 22.—A boating calamity resulting in the loss of four lives and the narrow escape of a fifth took place this afternoon at Dame du Portage, a watering place several miles from Rivier Du Loup. The victims were Driver Dion and Willow Fraser, both of Ottawa; Ovide Laforest of St. Andre; Mr. Kahn and his son Edward. Cusson, also of Ottawa, was the fifth man of the party and managed to escape after a two hours struggle in the water. The party had left in the morning in a sail boat for the Pilegrims, a small island about six miles distant. They returned home at 11 a. m., thinking he saw a seal in the water and it was with a revolver, upset the boat, when a terrible struggle for life ensued, in which the four men succumbed. Cusson managed to keep afloat with aid of an oar until his cries attracted people on the shore. Laforest was the father of seven children and Dion, and Fraser were both married men. Fraser, Dion and Cusson were all employees of the public works department, Ottawa.

A telegram was received here yesterday by Capt. Ewing of Cowie & Edwards, stating that the schooner Otis Miller, bound for this port, had been dismantled 25 miles southeast of Pettit Manan. It is supposed that the accident happened in the heavy storm of Saturday night. The vessel was sighted at 7 o'clock Sunday evening five miles off Moosabec, in tow of a fishing schooner and probably heading for Calais.

The Otis Miller was loaded with coal and was bound from New York.

MOONLIGHT EXCURSION.

Chas McKeane held a river gathering last night. About 200 of them went out on a moonlight excursion by the steamer Victoria. The night was perfect as regards weather, although a few complained that it was a little chilly. The time slipped along very pleasantly with dancing, songs, banjo solos and Scotch music, in which the bagpipes played no small part. The boat went a little way above Watares' landing, where the party turned homeward without going on shore. The steamer reached Indiantown shortly after midnight, and a number of special cars were waiting to take the party back to town.

FACTORY COMMISSION.

St. John members of the Factory Act Commission, including Mrs. Emma Fiske, Michael J. Kelly and Charles McDonald, returned home Saturday. While away they attended sessions of the commission in Campbellton, Newcastle and Chatham. Mr. Kelly said that in his opinion the commission had found few objectionable features in the factories and mills in the northern part of the province. All machinery that was in any way dangerous was in most cases at least fairly well protected. They found, however, boys under fourteen years of age were being employed. Next time the commission will visit Fredericton, Milltown, St. Stephen and Moncton. It is probable that the final session will be held in St. John.

MRS. W. H. FOWLER DEAD.

General regret will be expressed at the death of Mrs. W. H. Fowler of 24 Orange street, which occurred last evening after an illness of but a few days. Mrs. Fowler was taken sick on Tuesday last, and in spite of every effort that could be put forth, rapidly grew weaker until death came. While a quiet and rather retiring disposition, Mrs. Fowler was well known for her many kind acts, and will be much missed in St. John. She was a daughter of the late William Pearson, and leaves, besides her husband, two sons, Alexander and William L., and one daughter, Mrs. W. Brunsvick Howard, all living in St. John. To cure headache in ten minutes use Kumford Headache Powders, 10 cents.

CURLERS' FAIR.

There will be a Dance Tonight—More Prize Winners.

The Carleton curlers have given up the band tonight for the benefit of the Baptist people, but an orchestra will be secured to furnish music for the evening. Unless something unforeseen intervenes, there will be dancing at the fair tonight.

The money remaining after the expenses of the fair have been paid will go to pay for the repairs completed and on proposed upon the curling rink.

The attendance last night was the largest yet. The prizes and their winners were as follows:

Bagatelle—Lemonade set, George A. Clark. Devil Among the Tailors—Tea set, Mr. Hastings. Bean bag—Silver cake basket, Geo. A. Clark. Excelsior—Set of china dishes, Joe Butler.

Dabies on the block—Leather hand bag, Fred Haslam. Air gun—Punch bowl, Geo. McGarigle; parlor lamp, Geo. Best.

TAKEN TO THE HOSPITAL.

Miss Matilda Cormier, an elderly lady who lives alone at 218 Sydney street, was taken to the hospital yesterday about noon. Miss Cormier has been ailing for some time and is subject to heart trouble and other infirmities. For a few days she has been confined to her bed and the physician in charge considered it advisable to have her removed to the hospital, where she might receive proper care.

NEW FERRY BOAT.

The new ferry boat will be shipped from Toronto as quickly as it can be taken apart and loaded on cars. The work was begun yesterday morning by the builders, John Bertram & Sons, Toronto. There will be 30 carloads of pieces.

On arrival at St. John, the boat, which was inspected and found satisfactory by Architect A. J. McLean, will be put together, bolted and riveted in the Hillyard yard, by the contractor, Messrs. Fleming. It will take at least four months to do the work, though the contract time does not expire till April next. The top surface of the boat will measure 140 ft. in length, and 40 ft. 8 in. in width.

ESCAPED FROM ORPHANAGE.

James McDonald, aged twelve years; Robert Marr, aged eleven, and a boy named McAleer, escaped from the Catholic orphanage at Silver Falls yesterday evening and soon made their way to the city. McDonald's home was on Main street, and Marr belongs to North street. All three went to Harry A. Jones' residence, Brittain street, and Mr. and Mrs. Jones found them in the hall last evening when they returned home. They found out from the boys that they had escaped from the orphanage. Marr contended that he had friends on the Marsh road, but Mr. Jones upon going down found that he had no friends there. Officer Totten then took the boys to the central police station, from which McDonald and Marr were driven by Coachman Driscoll to the orphanage. McAleer returning to Mr. Jones' home, where he remained during the night. He will be taken to the home today.

EVERETT TEAM WON.

HALIFAX, N. S., Aug. 22—A match was played at Yarmouth today between the Everett, Mass., cricket team and a local eleven. The game was witnessed by about 1,000 spectators, and the visitors had a walkover.

In the first innings Yarmouth made 46 runs, while Everett rolled up 82.

In the second innings the local team had even worse luck, making only 23 runs to the visitors' 82, with six wickets to spare, giving the Everetts 56 runs and six wickets as a margin.

The team expects to play Windsor tomorrow, and later in the week the Wanderers and Garrison at Halifax.

They will proceed to Montreal by way of Moncton and St. John, playing in these places before finishing their

S. S. SENLAC DAMAGED.

The Halifax Herald says that the steamer Senlac was torn from her moorings at the Flank wharf there during Saturday night's storm, though she had been secured with extra hawsers.

About 1:30 o'clock an extra fierce gust caught the steamer's upper works and one hawser after the other gave way, and the steamer was driven with great force against a coal barge belonging to the Dominion Coal Company at the adjoining wharf. It was a long while before new hawsers could be put out and all the time the two vessels were chafing in the heavy sea, resulting in the Senlac losing about forty feet of the guards on the starboard bow and having many planks damaged. The barge also suffered considerably. The damage to the Senlac is covered by insurance.

MARKET DEALERS KICK.

Complained to Safety Board of Unfair Treatment.

At a meeting of the safety board yesterday afternoon a number of market dealers made complaint of the unfair way in which outside producers, non-ratepayers, are allowed to come in and compete with them.

The matter of improving the sanitary conditions at the market was also discussed.

Ald. Maxwell, Macrae, Frink, Clerk Dunham and Director Wisely were appointed a committee to look into market conditions.

Quality counts more than anything else in the market for which they pay yearly dues, they live and spend their money in the city and are taxpayers.

They believed they were being unfairly discriminated against and asked for redress.

Mr. McDonald was spokesman for the market dealers. No one was heard for the farmers.

Clerk Dunham, of the market, while admitting that the farmers enjoyed certain advantages, did not think the situation so bad as represented.

COUNTY COURT.

In the Absence of Judge Carleton Adjourned For a Week.

C. H. Ferguson, clerk of the county court, opened the September session of the court this morning at 10 o'clock. It over till next Tuesday morning, owing to the absence of Judge Carleton.

The following grand jurors were in attendance this morning: Stephen S. deForest, John Edgington, Henry Flanagan, S. Fred Fisher, F. H. Fiewelling, J. S. Gibbon, Wm. H. Nasse, T. H. Estabrook, Henry D. Mott, J. L. Thorne, Richard Sullivan, F. E. Horton, Miles A. Agar, Charles S. Everett, J. E. Stanton, Percy B. Evans, Frank S. Rogers, Richard Sullivan, F. E. Williams, R. P. Hatchford, Edward A. Smith, James A. Estey, Frank Fales and Wm. McLean.

The petit jurors summoned to attend are: Wellington Green, Henry Dolan, Alex. M. Phillips, Wm. B. Morrow, H. Chamberlain, Michael Cochran, H. C. Coleman, James Call, Wm. G. Dunlop, Wm. H. Bunker, John P. Maloney, Fred H. Dunham, E. H. Duval.

ARTILLERY CAMP.

The tug-of-war between five artillerymen and five Carleton citizens proved an easy victory for the civilians. Two straight pulls were won by the local men, the first by twenty-one inches and the second by a large margin. The soldiers were picked from the Island and Quebec detachments; Sanford Spight, anchor; John Ward, F. Campbell, Geo. Follock and C. E. O'Folley represented Carleton. S. G. Mayes was referee and Charles Tilley time keeper.

Yesterday was mostly spent in dismounting and packing away the big guns; these will probably be shipped to Quebec for the use of the permanent corps, who are going to the Canadian camp, below Quebec. The Artillery Association has not yet decided whether or not St. John will endure all the time McLean should do even better work for Brooklyn than he is doing in St. Louis and outfield Barclay should come back to regular form. Foxy Ned Hanlon is gradually getting together a fine team for next season.

JACK McLEAN GOES TO BROOKLYN.

Jack McLean has a new job. It is in Brooklyn, N. Y., that he will play for a while now. He and left fielder Barclay and pitcher McParlane will go to Brooklyn from St. Louis, in exchange for pitcher Jones of the Californian, and a wad of money. If Gotham's lights at night are not too much for him to endure all the time McLean should do even better work for Brooklyn than he is doing in St. Louis and outfield Barclay should come back to regular form. Foxy Ned Hanlon is gradually getting together a fine team for next season.

GRAND LODGE OF MASONS

Of The Province In Session Here

Grand Master Trueman's Address—Reports of the Grand Secretary and Treasurer.

The thirty-seventh annual communication of the Grand Masonic Lodge of New Brunswick, was opened this afternoon at 2.30 o'clock in the Masonic hall, Germain street. Masons from all parts of the province and visiting Masons from extra provincial points are present in large numbers.

The following officers of the Grand Lodge were in attendance today: A. I. Trueman, grand master, St. John; R. L. Maltby, deputy grand master, New castle; H. B. Bridges, senior grand warden, Fredericton; Alfred Dodge, junior grand warden, St. John; Wm. A. Ewing, grand chaplain, Woodstock; Edwin J. Everett, grand treasurer, St. John; Jas. McIntosh, senior grand deacon, Chatham; Robert Morrison, junior grand deacon, Sussex; H. S. Bridges, grand director of ceremonies, St. John; Ralph A. March, grand secretary, St. John; Dr. A. F. Emery, grand sword bearer, St. John; A. M. Rowan, grand standard-bearer, St. John; W. A. Ewing, grand organist, St. John; F. J. G. Knowlton, grand purveyor, St. John; Dr. L. A. McAlpine, Geo. A. Chamberlain and E. H. McAlpine, grand stewards, St. John; R. Clarke, grand Tyler, St. John; and the following grand officers of the various districts: deputy grand masters: M. B. Edwards, St. John; E. W. Givan, Moncton; John McKenna, Woodstock; K. W. Grimmer, St. Stephen.

Among the visiting masons are: J. B. Trezider, G. M. of Quebec and D. G. M. of the Great Priory K. of T. of Canada; Wm. H. Whyte, grand chancellor, and Charles R. Smith, K. C. G. of Ambert, grand master of Nova Scotia. After the usual formalities attending the opening, the grand master, A. I. Trueman, delivered an address in which he reviewed the work of the year just ending.

The deaths of members of subordinate lodges throughout the province were feelingly referred to in particular that of R. W. Robert Marshall, past grand master, who died on May 27th, of this year.

After making a fitting reference to the passing away of prominent Masons in different parts of Canada and the United States and alluding to important changes which have taken place in Masonic circles during the past year, the grand master enumerated and commented upon the different fraternal visitations made in the province for the year, 1903-4. "These visitations have," he said, "been of great service to the craft, not only in harmonizing the work in the different sections of the province, and in correcting the errors that necessarily creep into the ritual in lodges which do not have frequent opportunities of receiving instruction, but also in strengthening the cordial relations that exist between this body and its subdivisions."

The grand master closed his address with the following eloquent remarks: "Let us then, brethren, cultivate and cherish a spirit of devotion to those principles of religion and morality which our institution teaches, and let us hand on to those who follow us not only our robes of office pure and unadorned, but an institution free from the promotion of ends personal to ourselves, and inspired by but a single purpose, the promotion throughout the world of the essential qualities of true manhood."

The report of the grand secretary, J. T. Hart, showed the following additions and changes in the membership: Initiated, 144; passed, 148; raised, 150; joined, 18; reinstated, 12; withdrawn, 3; suspended, 18; died, 21.

The receipts for the year amount to \$21,575.25. The grand treasurer, J. T. Hart, in his report showed that \$2,128 was on deposit in the Dominion Savings Bank and Bank of New Brunswick.

This evening the officers for 1904-5 will be elected and tomorrow afternoon the installation will take place. The grand council, composed of the following (C. D. S.): T. I. M. Alfred Dodge, D. M. Theo. Cushing, C. W. Alex. Burchill, chairman, W. B. Raymond, treasurer, G. G. Boyne, recorder, A. A. Dodds, M. D. M. C. David Dearness, C. C. George Waring, C. G. W. A. Ewing, grand organist, Austin Dumphry, steward, Robert Clarke, sentinel.

The Grand Council Royal and Selected Masters and attendant orders also met last night. This council embraces the maritime provinces and Quebec. Officers were elected as follows: W. H. D. Stevens, M. P. G. Master, A. McNeil, D. G. M. for N. B. Theo. Cosman, D. G. M. for N. S. D. Darrah, D. G. M. for P. E. I. W. H. Whyte, D. G. M. for Quebec. W. M. Campbell, D. G. M. of W. W. B. Wallace, G. Treasurer, P. A. Godwin, G. Recorder, G. G. Boyne, G. Sentinel, Jos. I. Phillips, Ins. Genl. for Quebec, T. McNeill, Ins. Genl. for P. E. I. Peter Campbell, G. M. of C. A. Burchill, G. G. of G. A. Dodds, G. G. of C. James F. Masters, G. M. LeR. Wilson, G. S. G. G. Boyne, G. Sentinel.

ST. STEPHEN'S CHURCH PICNIC.

Three hundred of St. Stephen's church people gathered this morning at 8.30 on the Victoria for Watters' Landing on their annual picnic. The champagne took up another large number this afternoon at 2 o'clock.

The return trip will be made by the Champlain. The day is being spent in the usual picnic fashion and a programme of sports will be carried out.

The refreshment committee and the children's table is in charge of Mrs. James McKechnie.

Luxor Temple will hold a meeting Wednesday evening at 8 o'clock in the assembly room of the York Theatre. A class of fifty-three will be initiated. All members of this fraternity must also belong to the Free Mason lodges.
