POLICYHOLDERS OF EQUITABLE WILL HAVE FULL CONTROL.

President Morton Announces That a Majority of the Directors Will Hereafter Be Elected by the Policy Holders.

NEW YORK, May 25.—A statement of which a part follows, was issued today by Paul Morton, president of the Equitable Life Assurance Society: "We have mailed to each of the directors of the Society a proposed amended charter of the Equitable, which provides that twenty-eight directors shall be elected directly by the policyholders at the annual meeting to be held next December, and that thereafter the policyholder directors shall always constitute a majority of the Board. This amended charter, which embodies all promises made by Mr. Ryan voluntarily at the time he purchased his stock, and repeated by him when a witness before the Armstrong committee, will come before the Board of Directors at the regular monthly meeting on May 31, for their consideration. "I should add that the trustees who vote a majority of the stock of the Society, and Mr. Ryan, the owner of the stock are heartily in favor of giving the policyholders the right to elect a majority of the Directors, and that the proposed amended charter comes to us with the approval of Mr. Cleveland and his assurance that as soon as the opportunity is given, Mr. Ryan's stock will be voted for its adoption. "We are advised by counsel that the injunction now in force will be modified when formal action can be taken upon this charter and we have instructed counsel to apply to court at once for the necessary modification of the order."

AMERICAN MINISTERS ARE VERY POORLY PAID.

Congressman Longworth Shows That Their Allowances Are Very Small Compared With What is Received by Representatives of Other Countries.

WASHINGTON, May 25.—The day's proceedings in the House were closed by a speech by Mr. Longworth, (Ohio) who talked on the merits of the Diplomatic and Consular Bill. "The salaries of our Ambassadors and Ministers and those paid by foreign governments. The American Ambassador to Paris receives \$15,000, the British Ambassador to Paris receives \$45,000, an official residence, an appropriation for the establishment, \$5,000 for official entertainment, and at the close of 20 years he is pensioned at \$10,000 per year for life. He made a strong plea for the purchase of buildings by the American Government in foreign countries and means, the man who most truly represents the bone and sinew of his republic, would not be placed at a disadvantage as compared with another man who had more money." At 5:30 the Diplomatic bill was laid aside and the House adjourned until tomorrow.

UNITED STATES TO INCREASE THE HEAD TAX TO \$5.

This is One of the Amendments to the Immigration Bill Now Before the Senate.

WASHINGTON, May 25.—In addition to passing half a dozen bills to which no objections were made, the senate devoted its entire session today to the immigration bill, which was passed just before the hour of adjournment. The major portion of the discussion was devoted to the provision for supplying information con-

NOVA SCOTIA ELECTIONS SOON

House of Assembly Was Dissolved Yesterday.

Premier Murray's Appeal to the Electors Discusses the Question of Provincial Subsidies.

HALIFAX, N. S., May 25.—The house of assembly was dissolved today by the issuing of the Royal Gazette extraordinary, and writs were forthwith issued. Nominations will take place on June 18 and polling on June 20. Premier Murray in his address to the electors reviews the record and policy of the government and discusses the question of provincial subsidies as follows: "This question which has from time to time engaged the attention of various provincial governments, demands consideration. Provision made at the time of confederation for support of provincial governments may have been sufficient, but experience has shown that it did not take into account the future needs of the various sections of the province. It is difficult to find satisfactory reasons for limitations which were placed upon allowances to the provinces. It cannot be questioned that as the population and the respective provinces increase and larger public expenditures become necessary there should have been provision for a proportionate increase in federal allowances to aid of the provincial governments. The reasonableness of this view has been repeatedly impressed upon us, and representations have been made from time to time to the federal authorities with a view to obtaining their cooperation in seeking such an amendment to the British North America act as would make fairer allowance to provinces. In common with the governments of the sister provinces, we have recently urged this matter upon the consideration of the government at Ottawa, and we have been informed that for the purpose of careful consideration of this and any other matters that may arise before the dominion and provincial ministers will be summoned to meet at an early day. While we have been able, owing to the great success of our mining policy, to make generous allowances to most of our public services, there are fields of useful work into which we might enter if our revenue would permit us to do so. I entertain the strongest hope that the result of that conference will be to bring about a more satisfactory settlement of financial and other questions between the dominion and provinces and that as a result we shall be able to carry out on a still larger scale the progressive policy which we believe the province requires. A strong expression of public opinion as to the justice of the claims of the province in the readjustment of the provincial subsidies will strengthen the government in the position it is taking on this important question."

SENATOR PERLEY HAD HIS POCKETS PICKED

Hamilton Thief Took All His Ready Money

And the Senator With His Wife and Daughter Were Left Penniless—The Thief Not Captured.

TORONTO, May 24.—Senator W. D. Perley, who arrived in Toronto last night from Niagara Falls, accompanied by Mrs. Perley and daughter, had his purse, containing \$22 in cash and cheque for \$1,500, stolen at Hamilton yesterday afternoon. The theft was committed evidently as the senator was stepping on to a street car at the Grand Trunk station in Hamilton. Mrs. Perley and daughter had got on the car and as Senator Perley was stepping on a man came up behind him and rudely attempted to force a way past. After going a little distance, the senator noticed that the man was not in the car and had not been, but he thought nothing of that until about half way on the road to Toronto, when he perceived his purse was missing. He believes the man who jostled him stole his purse, but is unable to give a good description of the stranger, except that he was well dressed and middle aged. After reaching Toronto, Senator Perley notified the police, but no word has come from Hamilton yet of the apprehension of the pickpocket. Besides the money and cheque, the purse contained some private papers and railway transportation.

FAVORS A SEA LEVEL CANAL

WASHINGTON, May 24.—W. Henry Hunter, chief engineer of the Manchester ship canal, and one of the foreign engineers charged by the president to investigate the isthmian waterway project, has written a letter to Senator Kittredge, saying that after reading the report presented to the minority of the board of consulting engineers he is confirmed in the opinion he had formed in favor of the construction of a sea level canal. The letter was introduced in the senate by Senator Morgan and ordered printed as a public document.

GOVERNMENT'S ACTION MAY BRING RUIN TO WHITES

Will Probably Have a Bad Effect Upon the Discipline and Work of the Coolies Who Remain to Work in the Mines of the Transvaal.

JOHANNESBURG, May 24.—It is regarded as certain throughout the Transvaal that the government's proclamation offering the coolies assistance in breaking contracts with the mine owners, which they regard as a matter to be received by them with suspicion. The general impression is that if a large number avail themselves of the offer the existing depression throughout South Africa will be intensified, and the main sufferers will be the skilled whites. It is also held that the offer will have a bad effect upon the discipline and work of those coolies who remain. The association of mine managers has adopted a resolution protesting against the arrangements notified for the repatriation of Chinese coolies. Other meetings have been summoned along the reef for the purpose of recording similar protests. The town council passed a resolution declaring that the government is financing the risk of producing an economic collapse which will have consequences most disastrous to Johannesburg and the whole of South Africa. The Transvaal Leader publishes a bitterly worded article declaring that the government has abandoned the "civility" and "slavery" cries, but has gone out of its way to injure and insult in order to give some semblance of truth to its political campaign. The Standard Daily Mail says: "The coolies will bring the indictment against the present government that the mining industry has been charged and sentenced without a tittle of evidence. The needs of the colonies should be above party politics, but colonial progress is made subservient to party gain. Our prosperity is as nothing when weighed in the balance against the demands of ignorant and professed voters, who were deceived in order to ensure a party victory." The Star says: "The imperial government is deliberately pledging the money of the British taxpayer for an object which they now admit is unnecessary, and in doing so they are running the risk of throwing thousands of whites out of work." The commercial community held a

GOVERNMENT HESITATES TO GRANT PARTIAL AMNESTY

Course to Be Pursued in Regard to Release of Political Prisoners is Irritating to the Liberals and Trouble is Feared—Trepoff Taking a Hand.

ST. PETERSBURG, May 24.—The government seems to be hesitating about executing the resolution taken a week ago to grant partial amnesty. The official statement issued last night, justifying the government in not granting plenary amnesty, seems to be designed to pave the way for a refusal on the ground that under the present circumstances the release of political prisoners deserving freedom can be left to the local authorities. Nothing could be more irritating to the liberals than for the emperor to delegate the discretion of granting pardon to the very men responsible for the wholesale arrests which occurred during the winter, and such a decision is sure to arouse a storm in the lower house and increase the danger of a conflict. The hand of Gen. Trepoff, who engineered the protests of the branches of the league of the Russian people ("black hundreds") in the interior, which are cited in the official statement as evidence that the Russian masses are opposed to amnesty, is seen in this shift in the government's position and again raises the spectre of a counter revolution. At Kiev yesterday the local branches of the league of the Russian people decided to organize for the coming war against parliament and pronounced itself in favor of the creation of a dictatorship to rush the revolution. Officers of the guard regiments in St. Petersburg at a meeting just held openly advocated the dispersal of parliament. Such facts serve to strengthen the campaign which the social democrats and social revolutionists continue to wage against the "illusions" of a parliamentary regime. Premier Goremykin will reply tomorrow to the address of the lower house to the throne. The impression is growing that if a peaceful issue is to be possible the Goremykin cabinet must give way to another ministry without previous bureaucratic connections.

FAVORS A SEA LEVEL CANAL

WASHINGTON, May 24.—W. Henry Hunter, chief engineer of the Manchester ship canal, and one of the foreign engineers charged by the president to investigate the isthmian waterway project, has written a letter to Senator Kittredge, saying that after reading the report presented to the minority of the board of consulting engineers he is confirmed in the opinion he had formed in favor of the construction of a sea level canal. The letter was introduced in the senate by Senator Morgan and ordered printed as a public document.

JUDGE LANDIS WILL SETTLE ZION TROUBLE

CHICAGO, May 24.—All factions engaged in the struggle for possession of Zion City and its interests have agreed that Judge Landis of the U. S. district court shall settle all of the points in dispute. A written stipulation to this effect, signed by both Dowie and Voliva and their attorneys, was presented to Judge Landis today.

SEVERE FORM OF ASTHMA

"I first used Dr. Chase's Syrup of Lined and Turpentine with my daughter, who suffered from a severe form of asthma. The least exposure to cold would lay her out and she would nearly suffocate for want of breath. I must say I found it to be a most satisfactory treatment and it has entirely cured her."—Mrs. A. A. Van Buskirk, Robinson Street, Moncton, N. B.

Home Made

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome. Royal Baking Powder helps the housewife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare. Royal is the greatest of bakery helps.

HAWKE GETS \$60 DAMAGES IN ACTION AGAINST RYAN

DORCHESTER, N. B., May 25.—The case of Hawke vs. Ryan was again taken up this morning, pursuant to adjournment. After delay this morning occasioned by an endeavor to reach a settlement (which was unsuccessful) the case was resumed at twelve o'clock. Mr. Powell called as his first witness Geo. Maddison, reporter of the Moncton Times, who stated that he heard the then mayor, Mr. Ryan, ask the city clerk to go for a policeman to come to the council chamber and eject Mr. Hawke. The city clerk arose and while about to obey the mayor's instructions was told by some of the members of the council not to do so. He thereupon resumed his seat, saying that he as clerk had to take the minutes of the council. Mr. Ryan thereupon said: "If I cannot get anyone else to do it I will do it myself." Then Mr. Ryan according to the evidence he gave in court, stated that he left his seat, walked over to where Mr. Hawke was sitting, and laid his hand on Mr. Hawke's shoulder and that immediately on him doing so Mr. Hawke slipped off his chair and fell underneath the table. After this occurrence some members of the council expostulated, with both Mr. Ryan and Mr. Hawke. Mr. Ryan contended that "contradicting Mr. Hawke in this respect," he had been bothered by Mr. Hawke following him around even after he left the council chamber and although he had an opportunity of striking him about one hundred times if he had wished to do so before Chief of Police Tingley interfered, he only raised his hand as if to ward him off. Miss Parlee was next called to the stand and in her evidence stated that Mr. Ryan being placed in the window of the Transcript office she knew nothing of it. The defendant, Mr. Ryan, was the last witness called. Mr. Powell in his address to the court said he would not admit the damages should be found, yet if the judge decided to the contrary the damages should be normal. Mr. Ryan addressed the court to the contrary. His honor after due consideration of the case and after explaining to the council how the facts appeared to him stated that he would have to give a decision in favor of the plaintiff on both counts and assess the damages at sixty dollars with supreme court costs allowed. His honor in giving judgment stated that any contradictions between the testimony of the different witnesses across he thought not from any wilful misrepresentation but by reason of the excited state in which the parties were at the time of the occurrence.

A WARM MEETING OF THE RUSSELL HYDRAULIC CO.

CHATHAM, N. B., May 24.—A stormy meeting of the Russell Hydraulic Company was held here Tuesday evening and as a result Mr. Russell has been deposed from the presidency. Mr. Russell owns 61 per cent of the stock and attempted to run the meeting but he was put out of the chair and new officers were elected as follows: Dr. Sprout, president; Linsley, vice-president; F. J. Morley, secretary; C. M. Russell, assistant secretary; W. B. Snowball, treasurer; Messrs. Sprout, Snowball, Russell, Tingley, Morley and Joy managing committee. The directors thought the old management was too slow and the company wants to test the market value of their inventions. The motor, for the manufacture of which the company was originally formed, has been discarded as a dream of perpetual motion. A race is being sailed this afternoon between Commodore Stewart's Orea, Will Crombie's Thetis and McMillen's Maude, to decide the championship of the port. The steamer Orithia, the largest steamer that has yet entered the Miramichi, sailed yesterday for Liverpool with 3,000,000 feet of lumber.

COMMERCIAL HANDBOOK. FOUR FISHERMEN LOST THEIR LIVES

Useful Publication Concerning Canada Distributed All Over the World. They Were Attending Lobster Traps When Their Boat Upset. BATHURST, N. B., May 24.—A drowning accident occurred at Mautley, near Miscou, Gloucester county, on Tuesday afternoon. Four men belonging to Inkerman, named Casey, Arseneau and two Noels, employees to Joshua Winslow's lobster factory, went out in a small boat to attend to the lobster traps. The boat either capsized or sank, but before assistance could reach them the men were drowned. Three of the bodies have been recovered. Victoria Day is being strictly observed here. All the principal places of business are closed. The temperature divisions are having a large picnic at Pabineau Falls. There are a number of others at different places.

SEVERE FORM OF ASTHMA

"I first used Dr. Chase's Syrup of Lined and Turpentine with my daughter, who suffered from a severe form of asthma. The least exposure to cold would lay her out and she would nearly suffocate for want of breath. I must say I found it to be a most satisfactory treatment and it has entirely cured her."—Mrs. A. A. Van Buskirk, Robinson Street, Moncton, N. B.

THE SEMI-WEEKLY SUN. ST. JOHN, N. B., MAY 26, 1906.

PROGRESS AND PROSPERITY.

Mr. Fielding's budget speech last night was keyed to the same jubilant note that has justly inspired each of his financial announcements for the past ten years.

I. C. R. FINANCES.

One of the most notable features of Mr. Fielding's budget speech last night was his announcement regarding the financial condition of the I. C. R.

TELEPHONE CONDUITS.

While the common council is considering the request of the New Brunswick Telephone Company for a franchise to build underground conduits for its wires it is well for the aldermen to remember that before very long another telephone company will probably be seeking similar privileges.

GOVERNMENTS AND GRANTERS.

There never yet was a government entirely free from graft, no matter how honorable its leaders.

gates? Graft overthrew Sir John A. Macdonald's administration in 1874. The undermining canker of graft caused the collapse of the conservative government in 1896.

Wherever there is a granary there are rats. No human provision can avoid their presence and only the keenest watchfulness can prevent their depredations.

The present Dominion government is not exempt from the annoyance and the danger. Every year the greedy horde increases and greater effort is necessary to foil their attempts.

It is useless to deny that this North American Trading Company deal and that suspicious trip of the str. Arctic, for instance, are calculated to arouse popular suspicion.

PRESIDENT GROWS REMINISCENT.

"When I contemplate the first beginnings of steam navigation on the St. Lawrence route, and note the enormous strides it has made, I am reminded of the time in the heroic age of Canada, when the lion-hearted Jacques Cartier, without chart or quadrant, traversed the Atlantic, and groped his way up the St. Lawrence to Quebec and Montreal.

FAST MAIL SERVICE.

"The advent of the Empress marks a new and distinct epoch in the history of St. Lawrence navigation. Larger, faster and vastly more expensive than any vessel heretofore engaged in the trade, it will furnish opportunity to determine if the traffic of the Atlantic Ocean can be attracted to our ports in this volume as to warrant, not only ships of this class, but even larger and speedier ones being employed, large the suggestion that might be made by the government to secure a fast mail service, the project would not be satisfactory unless it possessed commercial viability as well. (Hear, hear.)

ST. JOHN ONLY WINTER PORT.

"With the completion of the Grand Trunk Pacific, by which time the export trade of the western provinces will have been considerably developed, the position of Halifax will be materially affected, and in the meantime we must look to St. John, or some place in that immediate vicinity, as our only possible winter outlet for our Atlantic exports.

IMPROVEMENTS TO ROUTE.

"We have done much to improve the St. Lawrence route, but much remains to be done. The United States Government spends many millions a year in deepening the harbors of New York, Boston, Portland, Philadelphia, Baltimore, Galveston, New Orleans, etc., and millions more in its harbors on the Great Lakes.

SIR THOMAS SHAUGHNESSY'S SPEECH AT THE BANQUET IN QUEBEC.

St. John the Only Winter Port in Canada—No Reason for Jealousy—The Outlook for the Future.

Following is the full text of Sir Thomas Shaughnessy's speech at the banquet in Quebec last Saturday evening.

"Mr. chairman and gentlemen, I will confess that I was indeed proud this afternoon when I saw the Empress of Britain leaving your dock, but I am prouder still of the reception that I have received this evening at the hands of the citizens of Quebec, for the man who does not appreciate marks of esteem such as I have received here, is devoid of the best elements of human sympathy.

"You may, however, be giving me and the company I represent credit and praise beyond our deserts. (No, no.) I must tell you in all honesty, but of the most strictest confidence, that the Empress was fixed as the terminal port of the Empress only when we felt convinced that the conditions prevailing in the channel between Quebec and Montreal made it undesirable to take the risk of bringing such large vessels to the latter port.

MR. HILL'S INVASION.

"On more than one occasion, our own Canadian railway companies have failed to secure charters because, in the opinion of Parliament, the lines were not required, and in other cases clauses have been introduced into the charters restricting the location of the lines so that they might not unduly interfere with the territory of existing roads; and in still other cases, Parliament has thought it proper to grant a franchise upon the condition that the powers conferred were not to be used to the detriment of the country's general transportation interests.

NO OCCASION FOR JEALOUSY.

"There is no occasion for jealousy between Canadian Atlantic ports. There is business enough ahead for all of them and to spare. Get the ports ready; fit them up according to modern ideas, so that the cost of handling the traffic through them may not be an extra tax as compared with other ports to the south of us.

MR. HILL'S INVASION.

"On more than one occasion, our own Canadian railway companies have failed to secure charters because, in the opinion of Parliament, the lines were not required, and in other cases clauses have been introduced into the charters restricting the location of the lines so that they might not unduly interfere with the territory of existing roads; and in still other cases, Parliament has thought it proper to grant a franchise upon the condition that the powers conferred were not to be used to the detriment of the country's general transportation interests.

SERMON By Rev. Chas. Wagner.

(Copyright by McClure, Phillips & Co.) It is more blessed to give than to receive.—Acts, xx, 35.

This saying is reported by Paul as a saying of Jesus, yet we should vainly search for it in the gospels. What a pity, if it had not escaped oblivion, for after all, our fashion is summa up the whole Gospel teaching; many sayings of this nature have been too often neglected; Christians of the present age, as well as of the past, leaving them aside, in order to dwell in particular upon those which contain great dogmatic assertions or elucidate what is customary to call—though with scant propriety—the truths of Christianity.

These little sayings, so simple and unpretentious, offering themselves in the form of maxims, have this in common with little sayings, that they are worlds without the fact appearing. Like the Master who uttered them, they hide the splendor of divine truth under a humble exterior. Worthy as they are at any time to attract our attention, there is a special need of listening to them in this age; for we are in revolt against so many conceptions which have long served as the outward form of Christianity, we live in a world so given over to moral disorder, that it is time for a return to first principles.

One of the gravest sources of hatred and unbrotherly dispute among men has always been property; the question of mine and thine is the great question. We can scarcely live in peace among those with whom we have dealings in this matter; for wherever it is concerned it is enough to embroil everybody, even the nearest relatives.

There are men who reduce existence to an affair of calculation. On all occasions, in all matters, they calculate, and give to themselves everything in their power, extending their selfishness to invest new benefits for their prosperity, feeling meanwhile movements of generosity within them, which would make them most faithful disciples of Christ, were they, but—do you love their neighbors as themselves. But we must be more explicit and state the matter as it presents itself in practical everyday life.

Hopewell Hill.

HOPEWELL HILL, May 22.—There is more than the ordinary activity at the Hillsboro plant, and the quarries at the present time, and the plaster, both rock and in barrels, is being shipped at a rapid rate, some of the crews working until midnight. Two berths and two more in the steam awaiting their turn. A big four-master has just sailed and there is a constant run of three-masted craft, which keep the loading cranes on the jump. There have been lately eight plaster trains a day carrying cement to the wharves, each train being made up of twenty to twenty-four cars, with two to three tons each. The New England Admittant Company here shipped their first cargo this spring on Friday, the three-master Hartney, sailing with 60 tons for Boston. This schooner will return for another load.

Geo. O'Boyle, who got a taste of military life at Camp Sussex last year and since enlisted for three years in the Garrison at Halifax, returned home last week. George wanted more service than the Wellington barracks admits of. Mrs. Aurelia Colpitts, who spent the winter at Newton, Mass., came to her home here yesterday to remain until the last of August, while she intends leaving for the west to reside with her son, L. M. Colpitts, M. A., who has located near Regina.

Miss Stella Murray, daughter of D. N. Murray of Albert, returned yesterday from Providence, R. I., where she has been studying. Mr. Comben was here this evening. Mr. Comben was formerly on this circuit, and many friends were pleased to see him. Mrs. J. Nelson Smith, of Coverdale spent Sunday with her sister, Mrs. C. L. Peck. Jas. B. Russell and J. C. Wright are having their residences repaired.

Today advertising is becoming a definite fixed factor in the building up and maintaining of trade.—Shoe and Leather Gazette.

SAYS GO HERTOK

Pitiful Story Terranova

Women Fainted and Youthful Murderer Uncle's

ELIZABETH N. Terranova, New York, was the subject of a story, the railroad yards in court, carried many words of the terrible unprinted text, clear voice to story from the time stood sponsors for in Italy, then sent to this country at ten. Seven years later, and by shame and degraded them. I didn't go for seven years. I wouldn't let me.

Then blushing and told of her defilement she was that she had from that day until she was her uncle's slave, she said, and right and I must do her. After her husband reached the shore, she went to her uncle's, was on the ferry boat, uncle's I heard voices. I said, Lord, that's what she said, she crossed myself three times, they will be done. Judge Palmer asked, and Josephine answered, saying kill her, she reached the shore, again, kill him. My outcast, and I stab knife, and after that told me to do it. God them. During her court fainting and her story in a child's hesitancy. At times, child who was being ing done something go Palmer asked her if she was doing, she told her aunt, she told me, to do what I

This Medicine Is

That's why it is sure. You see it goes direct to the disease—its healing the damage caused by inflammation. "Cantur" cures because it goes to the cells and passes the medicines can't reach, goes actually in, impossible for any other medicine to tell you. Don't be fooled, there is nothing as far as this medicine—use it and good-bye to catarrh.

CHATHAM MAN ATTEMPTS

CHATHAM, N. B., May 22.—Dickens, father of the barber of this town, at this afternoon at St. Mark's, where he has been in time. The man is thought to have been in the afternoon when he was discovered in time of completion of his work, is about 18 miles from a telephone message was for the man. Dr. E. J. Taylor, of St. John, reported that Dickens' chance of recovery.

BLEEDING PIP

"For two years I suffered from bleeding pip, and lost each day a quantity of blood. Last summer I was at Ottawa General Hospital, and on my old trouble and I gain I lost much. My doctor advised me to use Ointment, and two boxes have every reason to believe it is a permanent one." L. M. Colpitts, School Teacher, Muskoka, Ont.

AMERICAN LAWN TENNIS PLAYERS ON COURTS BEFORE SAILING FOR ENGLAND.

NEW YORK, May 21.—Representatives of the United States for the International lawn tennis challenge matches, Beal C. Wright, Holcombe Ward, Raymond D. Little and Kriehbiel Collins, sailed Friday for England.

The four wielders of the racket were aboard the White Star liner Celtic and they were hopeful of returning with the famous cup originally offered by Dwight F. Davis in 1900.

Conspicuous in the gathering upon the pier before the steamer was the champion, Wright. He was dressed in a white suit and a white cap.

The regular sitting of the county court opened Tuesday morning at 11 o'clock before Judge Forbes.

On the names of the grand jury being called it was found that all were present with the exception of S. S. DeLoach, Samuel J. Richey and J. E. Estey.

BOSTON LETTER.

St. John Man Supports the Charges of Lawson.

Little Significance Attached to the Recent Arrest in Mabel Page Case—Other Affairs.

(Special to the Sun.)

BOSTON, May 22.—The recent arrest of a tramp laborer in Maine on a charge of murdering Mabel Page in Weston, Mass., in 1904, is not regarded seriously here. The arrest was brought about by a Boston American reporter and other interests acting for the defense and is regarded purely and simply as a last desperate attempt to save the life of Charles L. Tucker, the convicted murderer of Miss Page. The Maine suspect will undoubtedly be released in a few days, as the Massachusetts authorities did not want him on any charge.

Boston is to have the honor of entertaining the delegates to the world's convention of the Women's Christian Temperance Union in October next. Large delegates from Great Britain and Canada are expected. The presiding officer will be Lady Henry Somerset, the world president of the organization.

Judge Hadley of the Lowell police court has sentenced Alfred N. Mason, formerly of St. John, to an indefinite term in the house of correction for stealing a pocket-book from a woman named Annie Pearley and for threatening to stab three young men who chased him after he snatched the purse. Mason is 21 years of age and has a deformed nose. In court he told the judge that he left St. John 12 years ago. He said that if he committed the larceny he must have been drinking. Mason had been in Lowell about four weeks. He is also wanted in Lawrence for larceny.

Most Rev. John J. Williams, Roman Catholic archbishop of Boston, has instituted suit against John Fennell, former executor, and John Conior, the present administrator of the estate of the late Rev. Fr. Thomas O. McGoldrick, pastor of St. Leo's church, Dorchester, this city, demanding an accounting of \$1,499, which the archbishop claims belongs to the church. Father McGoldrick was formerly a resident of St. John and was a brother of the alderman from Stanley ward in that city. It appears that while Father McGoldrick was on his death bed a messenger was sent to deposit funds of the church in a bank. The messenger took along the wrong bank book, it is said, and placed the money to Fr. McGoldrick's personal account. Now the church is endeavoring to reach a legal settlement with the administrator. The suit, which is a friendly one, will be heard on June 4.

David X. Coughlin, formerly of St. John, has been re-elected president of Boston Typographical Union, No. 13, for a third term. He had a majority of more than 300 votes.

Mrs. Annie Kemp, housekeeper for Benjamin Faulkner of Malden, committed suicide recently by inhaling gas. The woman had a bank account of several hundred dollars, and no motive for the act is known. Mrs. Kemp was fifty years of age and hailed from Pictou, N. S., where her only known relative, Mrs. Alexander Sutherland, a sister-in-law, resides.

George J. Raymond, a Washington street merchant, and a native of Woodstock, who started life in St. John, has joined Thomas W. Lawson in his charges of bribery which were recently preferred against members of the legislature. Both Lawson and Raymond were threatened with contempt proceedings by the lower house, but neither has as yet been summoned. The Lynn authorities today reopened the investigation of the death of Chas. C. O. Melkie, formerly of Charlestown, P. E. I. On November 7 last Melkie, a Lynn shoe factory operative, was found dead in his home. He had been shot in the head. The medical examiner, Dr. Pinkham, pronounced death due to suicide, and that official still adheres to his verdict. A brother of Melkie came from Prince Edward Island to attend the funeral, and he urged the authorities to investigate the case further along the lines of murder. A son of Melkie was a witness of the tragedy, but the authorities decided that he had nothing to do with the case. To satisfy some of the relatives the Lynn officials decided to reopen the case.

Rev. W. W. Weeks, a Baptist minister of Springfield, formerly of Moncton and Toronto, has declared war on bridge whist and accuses society women of mixing worldliness and spirituality. He thinks that to be consistent whist players should start play with prayer.

C. P. R.'S PLANS IN FAR WEST.

VANCOUVER, B. C., May 22.—James J. Hill's announced intention of completing a railway from Vancouver to Winnipeg has led the Canadian Pacific to get a hustle on with its plan, long pigeon-holed, for the establishment of an elevator on this coast. Owing to the favorable terms offered by the railway, one northwest company located on False Creek last fall. Now it is announced that the Calgary milling concern has taken advantage of equally favorable conditions to take up its site on Burrard Inlet. The Canadian Pacific is also arranging to add to its fleet of steamers because of increased trans-Pacific trade. The fast steamer Montague is now on its way here from Hong Kong to act as an auxiliary to the Empress line.

WATERVILLE, Me., May 21.—John (Kid) Frazer of Portland and Frank K. Adams of Newton, Mass., boxed ten round draw before the National Athletic Club at Fairfield tonight.

C. P. R. WILL STOP CHILDREN CROSSING TRACKS AT McADAM.

McADAM, May 22.—A certain amount of consternation has been caused in McAdam by an order from the C. P. R. authorities that the parents of children who are found crossing the tracks will be prosecuted for trespass. This action on the part of the C. P. R. is the outcome of an inquest held some time ago on the body of Charles Speedy, a little boy who was killed by a freight train which was running into McAdam. The situation bristles with difficulties, because it is an undoubted fact that the boys in McAdam have had far too much freedom, and have

been in the habit of using the track as a thoroughfare, and at times as a playground. At the same time there are both houses and stores on both sides of the track, and it is literally impossible for the C. P. R. to prevent people crossing these tracks. Your correspondent has made enquiries, and the consensus of opinion is that some compromise should be arrived at with the C. P. R. so that children should be made to keep off the tracks unless in the care of some older person. It is probable that a mass meeting of inhabitants will be held in the Orange Hall shortly to discuss the whole question and endeavor to arrive at some sensible solution of the difficulty.

EASILY CONVINCED.

"My love's as deep as yonder sea," said the dudelet with the stick. "I guess that's right," the maid replied. "At least, it makes me sick."

Everybody Agrees

that COD LIVER OIL and IRON are beyond question the greatest medicines known. Then why does not everybody take Cod Liver Oil and Iron? Simply because most people cannot take the Oil and few can digest the iron in any ordinary form. These difficulties have been entirely removed by the introduction of FERROL, in which the Iron is scientifically combined with the Oil, rendering the Oil palatable and the Iron digestible. While

FERROL

is manufactured from the best quality of Cod Liver Oil (the whole of the Oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorus, it is so scientifically prepared that no-one person in a thousand finds any trouble in taking it, and infants digest it without difficulty. Moreover the well-established value of the Oil and Iron is immensely enhanced by the process of manufacture, and as the formula is freely exposed it is not to be wondered at that physicians everywhere have fully endorsed FERROL and used it largely in their practice. FERROL is invaluable for the treatment of any kind of Lung or Bronchial troubles, while for wasting diseases it has no equal, and

"You Know What You Take"

A SECOND ATTEMPT ON KELLER'S LIFE

His Activity in Suppressing Disturbances Won Him Many Enemies.

KALISZ, Russian Poland, May 21.—A second attempt on the life of Count Keller, a colonel of dragoons and nephew of Lieut. General Count Keller, who was killed July 29, 1904, during the war with Japan, was made today by a Jewish revolutionist, who threw a bomb at the colonel while he was riding in a suburb.

Col. Keller, though receiving more than thirty wounds from splinters of the bomb, was saved from instant death by the too good aim of his assailant, the bomb exploding directly beneath the body of Colonel Keller's horse, which received the major portion of the charge. The wounded man may recover.

The explosion shattered the windows in all the adjacent houses and ruptured the ear drums of Col. Keller's aide-de-camp.

The bomb thrower attempted to escape, but became entangled in a hedge and was arrested by pursuing soldiers, who were forced to use their sabres before they could subdue him. He was severely wounded.

Col. Keller's activity in suppressing disturbances here and in the vicinity had made him many enemies.

HAVELOCK.

HAVELOCK, May 22.—On Friday afternoon and evening last a united Baptist church was organized at Steeves Settlement, two miles from here. Revs. Howard of Havelock, Albany of Salisbury, Grant of Petcodiac and Perry of Norton were present. Rev. Geo. Howard acted as moderator. Rev. Abram Perry preached in the evening. The following five deacons were elected and ordained: W. H. Beckwith, C. Alonzo Keth, Marvin Steeves, Adam Steeves and Steven Steeves. Albert J. Beckwith was appointed clerk. Rev. A. H. MacCabe of Tanook, N. S., has accepted the pastorate and enters at once upon his work. His charge will include the preaching stations of Steeves Settlement, Kinear Settlement, North River, Lewis Mountain and Wheaton Settlement, all in Westmorland county.

Miss McAfee of Waterford is the guest of her sister, Mrs. Emery Perry, and Mrs. Elizabeth Cleveland of Pettitcodiac is spending a few days with Mrs. A. C. M. Lawson.

LIMA, Ohio, May 22.—William Jennings Bryan was endorsed for president here today by the democratic judicial convention of sixteen counties of northwestern Ohio.

NEW THEATRICAL NATIONAL BANK

Is Name Given to Recently Founded Financial Institution at Chicago.

CHICAGO, May 21.—The Theatrical National Bank is the name given to a new financial institution, which will be opened next month in this city. The new bank is an outcome of the large theatrical merger recently effected by Klav and Erlanger, B. F. Keith and the managers of the western vaudeville managers' association and will be financed by the merger.

The capital stock will be \$1,000,000, and the business of the institution will be made up largely by theatrical managers and professional people who have, heretofore, had some difficulty in convincing bankers of their financial standing or executive ability. The business interests interested amounts to \$5,000,000 a month.

Arrangements have also been made by the merger, according to Charles R. Kohl of this city, to establish a legal department and a railroad department with headquarters in this city. The latter department will control the entire transportation of the theatrical companies embraced in the scope of the merger, amounting to millions of dollars annually.

A Woman's Kidneys

What Doctors Notice and What They Don't.

Disease in the kidneys is one of the last ailments for which a doctor looks when treating women. This is a great mistake.

Women are very prone to kidney trouble, and in fact many physicians attribute a woman's languor and ill health to a derangement of the genital organs, when it is simply plain kidney disease, and nothing else.

Many so supposed female complaints are either kidney or bladder diseases. Sick kidneys of course make associated organs sick also.

The result is back pains, bearing down sensations, avert, weariness and headache.

But Dr. Hamilton's Pills go right to the spot.

They put life into the kidney that makes a worn out woman feel like new.

Indirectly the blood and nervous centers are assisted by Dr. Hamilton's Pills, and the result is a proper performance of the function, and a painless fulfilment of nature's command.

Thus it is that a woman can gain much happiness and abundant good health by the regular use of Dr. Hamilton's Pills.

From her home near Portland, Ont., Mrs. A. B. Coburn writes:

"For two years past I have been sickly and weak. My color was dull and sallow, and I felt exhausted and weary, as if all my strength were being eaten up with some hidden trouble. I heard of Dr. Hamilton's Pills and decided to use them. The change in a few days was surprising. They regulated my kidneys and bowels and cured all my sufferings; today I am perfectly well."

You can rely on Dr. Hamilton's Pills with implicit confidence; their effect is wonderful. Sold by all dealers. Price 25c per box, five boxes for \$1.00, by mail from N. S. Robinson & Co., Kingston, Ont., and Hartford, Conn., U. S. A.

ANOTHER BODY FOUND IN THE ST. LAWRENCE RIVER

Montreal Coroner is Kept Busy Looking into the Causes of Many Deaths.

MONTREAL, May 22.—The St. Lawrence river gave up another of its dead this morning, when the body of an unidentified man was pulled out of the water at Victoria wharf. Presumably the remains are those of a Scotchman, for a pawn ticket bearing the name John Johnson for one shilling on a muffler obtained in Glasgow, was the only scrap of paper of any definite value found in the clothing.

This makes the second body fished out of the St. Lawrence in three days. The other being that of Joseph LeFebvre of St. Joseph, who committed suicide six weeks ago. He left Notre Dame Hospital about that time and when leaving sent a note to his family that his health was bad and that he intended to do away with himself.

These two cases were handled by Coroner McMahan this morning and also a third, that of a six months old girl, Violet Jarvis, whose parents arrived from England a week ago and are staying at LeClair. She died, and it was established at the inquest this morning that she had died from the effects of soothing syrup administered after she had arrived in Montreal and was too weak to stand its effects. The jury brought in a verdict deploring no crime had been committed but adding that "the label on such patent medicine bottles should bear the names of the ingredients composing the medicine."

THE POPE OUT, REPORTED MUCH BETTER YESTERDAY.

ROME, May 22.—The improvement in the condition of the pope continues. He was able today to descend to the apartment where he gives his audiences, which is on the floor below the one where he sleeps and receives Cardinal Merry Del Val, the papal secretary, Mgr. Bialek, major domo of the vatican, and Cardinal Katschthaler, Archbishop of Salzburg, with whom he conversed for some time.

The Pontiff joked about his illness, saying that he had been much amused by certain reports in the press depicting him as being at death's door.

Health in The Home. Wall coverings containing arsenical coloring matter, stuck on the wall with paste that moulds, impregnate the air with disease germs; and paint obstructs wall-respiration. SUN PRINTING COMPANY, St. John, N. B.

A NARROW ESCAPE. MONCTON LAD GETS TWO YEARS

VANCOUVER, B. C., May 22.—The C. P. R. passenger train which left Vancouver on Sunday for the east was extremely lucky in not suffering an awful accident in the breaking of a bridge across the Ilcoilewawet yesterday. The bridge, which is a high old wooden structure, is now being renewed by a series of steel spans. When the locomotive ran over one of the new spans it broke and the engine and two cars filled with mail freight went through into the river below. Fireman Corbett was instantly killed, but Engineer Parvis escaped with a few bruises. The coupling broke just back of the second freight car, and the brakes on the passenger cars being automatically set, the train came to a standstill at the edge of the span.

MONCTON LAD GETS TWO YEARS Sentenced to the Penitentiary for Stealing Clothing.

Assault Case of Hawke vs. Ryan Taken Up Before Judge McLeod—Will Be Sentenced Today.

Skin Troubles Of Babyhood

AND HOW PROMPTLY THEY ARE OVERCOME BY THE USE OF Dr. Chase's Ointment.

Your family doctor will explain to you, if you ask him, the mission of the pores of the skin, and will tell you of the dangers of using pore-clogging powders for the changing and irritating conditions to which babies are subject. Any mother who has used Dr. Chase's Ointment for this purpose will tell you of how beautifully soft and smooth it has kept the skin, and of how quickly it cured the chafing or irritation. Especially during the teething period, children are likely to suffer from eczema, and unless it is promptly checked, there is danger of its spreading to other parts of the body and becoming chronic.

There is no rival to Dr. Chase's Ointment as a cure for baby eczema, as it is usually called, and it can be used with positive assurance that it will not injure the most delicate skin, but, on the contrary, keep it soft and smooth.

Mr. Jas. H. Patrician, 178 Rockdale avenue, Sydney, C. B., writes: "I feel it my duty to you and to suffering humanity to tell of the benefit derived from the use of Dr. Chase's Ointment. My daughter, thirteen years old, suffered from eczema for three years. She was treated by our family physician and used other ointments without benefit.

"By using Dr. Chase's Ointment she has been completely cured. This is the only ointment I feel like recommending, and if you wish to use this state-ment for the benefit of others it is at your service."

Mrs. William Wingon, River John Road, Colchester Co., N. S., writes: "My little girl took eczema when she was five weeks old. Though they doctor her until she was nearly a year old, she got no better. I was advised to use Dr. Chase's Ointment, and this treatment completely cured her."

"Dr. Chase's Ointment is a necessity in every home where its merits are known, and is indispensable in the nursery. 50 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

Harry Dwyden of Moncton was tried before Judge Wells this afternoon for stealing clothing from the store of Thomas Dobson in the city of Moncton. He was found guilty and sentenced to two years in the penitentiary. In delivering judgment, Judge Wells severely criticized those who bought goods from the lad.

Today advertising is becoming a definite factor in the building up and maintaining of trade. Shows and Lecturer's Gazette.
