

IRISH REPUBLICAN FORCES AND ULSTER SPECIALS COME TOGETHER IN CONFLICT

Armored Cars and Machine Guns Brought Into Action, While Snipers Kept Constantly Busy on House Roofs — Ulstermen Were Forced Back from Tyrone-Donagel Border, When Clash Began, and Were Forced to Send for Reinforcements.

Belfast, May 30.—The Tyrone-Donagel border in the vicinity of Lifford and Strabane was the scene of sharp clashes between Ulster and Southern Irish forces today. The engagement began shortly after midnight and continued until some time after daylight, with armored cars and machine guns in the action and snipers on house roofs constantly active.

The fighting opened at a place called Camel's Hump, when strong forces of Republicans fired on Ulster specials at a bridge. The latter replied and sent out a call for assistance, but the Ulstermen were forced back to their own territory without casualties. It is not known whether the attacking party suffered.

The Republican forces retreated in turn, taking up positions in houses in Lifford, from which they fired continuously, the specials replying from cover. Meanwhile, a section of the rifle brigade, quartered along the London-ferry road, was called upon and took over the garrison posts. Last evening portions of a large bridge at Clady were blown up. The explosion was heard for miles.

The specials were active in the Strabane district today. Strong guards were posted at the railway stations and pedestrians were rigorously searched. The military forces were under fire for the first time since the border trouble started this afternoon when fire was begun from across the border at Pettigo, County Donegal. The firing was returned. Two soldiers were wounded, but the number of Republican casualties is not known.

Incidendiaries Continue

About seventy-five serious fires have taken place during the present outbreak of incendiarism. The damage is estimated at £500,000. This includes mansions burned in the rural districts. The O'Neill family is claiming £61,000 for Shanes Castle alone.

Martin, Williams, son of a leading Newry merchant, has been captured at Dundale and is being held by Republicans.

Three Kilkeel, County Down, men, were seized at Rathfriland, County Louth, also are being held by Republicans.

The Ulster Association, a news organization connected with the North-

Halifax Chosen As Site Of A Nat'l Monument

Will Be Erected to Memory of Men Lost at Sea Through Hazards of War.

Halifax, May 30.—Halifax has been chosen as the site of a national monument to Canadians lost at sea through hazard of the war by the War Graves Commission, according to word received here today. The monument will be of the type of the Bloomfield cross of Sacrifice, and will be erected in Point Pleasant Park, on an elevation facing the sea.

U. S. PROPOSALS TO CANADA NOW BEFORE HOUSE

All Correspondence Relating to St. Lawrence Waterway Development Tabled in Commons.

Ottawa, May 30.—(By Canadian Press.)—Correspondence between the American and Canadian Governments relative to the St. Lawrence waterway development proposals, tabled in the House today by Hon. W. L. Mackenzie King, Prime Minister, included a letter from Charles E. Hughes, United States Secretary of State, to Sir Auckland Geddes stating that President Harding "favors the negotiation of a treaty to be framed on the basis of the report of the Joint Commission, or such modifications as might be agreed upon."

The reply of the Canadian Government was, as stated in the House yesterday by the Prime Minister, "that the government had not yet had opportunity to give to the report of the International Joint Commission and the accompanying report of the board of engineers appointed to examine the subject, the careful consideration which their importance merits and that, moreover, having regard to the magnitude of the project and the very large outlay of public money involved, the government is of the opinion that it would not appear to be expedient to deal with this matter at the present time."

BUDGET DEBATE DRIFTED INTO THE DOLDRUMS

Expected Pep Will Be Injected Into Proceedings Today When Leaders Speak.

Interest Centres in R.Y. Committee Where Great Battle Is Now Being Fought Over Railway Rates.

Ottawa, May 30.—The budget debate drags wearily along. A slight speech of note today was delivered by Dr. Manion, who was Minister of Soldiers' Civil Re-establishment in the Meighen government, and who charged budgetary extravagance against the present government, and in consequence increased preference to Great Britain. Dr. Manion also made strong play with the Government's alleged treason to its pre-election promises, citing speech after speech made by Mr. King, in which he declared that the Liberal platform was identical with that of the Tories, and specifically pledged himself to substantial tariff reductions upon coming into power. The violation of such solemn promises, Dr. Manion declared, undermined public confidence in the present government, and thus struck a blow at the very foundations of Democratic institutions.

United Action for Benefit of Sea Provinces

Representatives of St. John and Halifax Boards of Trade in Joint Conference.

Halifax, N. S., May 30.—A Maritime co-operative movement to promote the economic interests of the "Provinces by the Sea," and protect their political and other rights under confederation, was launched here today at a joint conference of representatives of boards of trade of St. John, N. B., and Halifax. Various matters of general interest to the two cities, and two Provinces, were discussed, and both provinces agreed to form a programme of united action for the common benefit.

Representatives of British at Hague

Hilton Young and Sir Philip Lloyd-Greame Named by Government.

London, May 30.—The names of the two experts who will represent Great Britain at the Hague conference on Russian affairs were announced by Austen Chamberlain, the government leader, in the House of Commons today. They will be Hilton Young and Sir Philip Lloyd-Greame, he said. Mr. Young is the recently appointed Financial Secretary to the Treasury. Sir Philip Lloyd-Greame, formerly parliamentary secretary to the Board of Trade, and more recently Director of Overseas Trade, was one of the British experts at the Geneva conference.

Balfour Seated in House of Lords

MORE OPTIMISTIC FEELING PREVAILING OVER IRISH AND BRITISH NEGOTIATIONS

Hazelton, B. C., Surrounded By Forest Fires

Dry Weather Aggravated the Danger and Situation Becomes Very Serious.

Prince Rupert, B. C., May 30.—Fires are raging along a three mile strip on the north shore of the Skeena River, and in various districts all the way from Hazelton to Quesnel. Dry weather aggravated the danger and the situation is becoming serious. The town of Hazelton is cut off from telegraphic communication and details of the situation there are lacking. The fire is raging on two sides of the town.

United Action for Benefit of Sea Provinces

Representatives of St. John and Halifax Boards of Trade in Joint Conference.

Halifax, N. S., May 30.—A Maritime co-operative movement to promote the economic interests of the "Provinces by the Sea," and protect their political and other rights under confederation, was launched here today at a joint conference of representatives of boards of trade of St. John, N. B., and Halifax. Various matters of general interest to the two cities, and two Provinces, were discussed, and both provinces agreed to form a programme of united action for the common benefit.

From Ulster Borderland Reports That Situation is Rapidly Passing from an Approaching Crisis to One of Actual Conflict With Northern and Southern Military, Does Not Shatter Hope That All Troubles Will Be Smoothly Ironed Out.

London, May 30.—Another day has passed without announcement of progress towards avoiding what the Colonial Secretary, Winston Spencer Churchill, speaking in the House of Commons, termed "one of the recurrent crises in the Irish situation," while from the Ulster borderland reports indicate that the situation is rapidly passing from one of an approaching crisis to an actual conflict with the Northern and Southern military engaged across the border.

A more optimistic feeling prevailed in official circles late in the afternoon, however, and serious though the situation is, the difficulties of the negotiations are expected to be surmounted.

Conference Prolonged

It is expected that the Irish conference will continue during the next few days, but Mr. Griffith and Mr. Collins will return to Dublin in time for the adjourned session of the Dail Eireann on June 2, while Mr. Lloyd George plans to take a holiday at Criccieth, his departure being arranged for Thursday morning.

From Dublin it is reported that the prolongation of the London conference has given rise to the general hope of the success of the negotiations, and Mr. Churchill's statement is eagerly awaited. In the meantime, increased political activity for the forthcoming elections is evident. Business and professional men, having formed an election committee, plan to enter candidates in professional and commercial interests, but the organization is described as non-partisan.

Many Candidates

With Labor, farmers, rate payers and professional and commercial candidates in the field, it is believed that the election will prove more interesting than at first anticipated. Miss Mary MacSwiney and Lord Mayor O'Callaghan were selected as the Republican candidates for the parliamentary borough at the Republican convention at Cork, and Count Plunkett, M.P., was nominated as the Unionist candidate at Carrick-on-Shannon for the joint constituencies of North Roscommon and County Leitrim.

House of Lords Anxious

In the House of Lords, Lord Birkbeck quieted discussion on Lord Salisbury's Irish motion by explaining that a full and candid explanation of the Government view of the situation would be presented.

May Lay Charge Against Macarow

Justice Department of Quebec Will Be Asked to Place Case Before Grand Jury.

Ottawa, May 30.—The Attorney-General of Quebec, it is understood, is to be asked to lay an indictment against D. C. Macarow, formerly general manager of the Merchants Bank, before the grand jury at the Montreal assizes which opens shortly. A charge against Mr. Macarow of making incorrect returns to the Finance Department was recently dismissed by a Montreal police magistrate.

Raid on Carleton County Stills

Officers Secure One at Carlisle, Also a Quantity of Alcohol.

Woodstock, May 30.—One of the many liquor stills doing business in this county was seized today by Sheriff Foster, Deputy Sheriff Moores, Inland Revenue Officer Hanson and Inspectors Nevers and McClement left Woodstock by auto at an early hour this morning for Carlisle, Carleton county, where they seized a still, owned and operated by Merlin Clark. They also found a quantity of alcohol. When they arrived the still had been dismantled and hidden in the woods on Clark's property. Officer Hanson placed Clark under arrest and also arrested his hired man, Wilfred Arsenau, as a witness.

Officers Boston Canadian Club

Former New Brunswick Men Are Named Among This Year's Officials.

Boston, May 30.—Frederick J. Macleod, lawyer, of Boston, was re-elected president of the Canadian Club of Boston at the recent annual meeting of that body. Other officers elected were:

SLIGHT FIRE AT CAPITAL CITY

Fredericton, N. B., May 30.—The fire department was called out this evening by an alarm for a fire at the Plant of the Maritime Electric Co. Shore street. The damage was confined to a shed on the ground, used for storage and other purposes.

RATIFY GERMAN-POLISH AGREEMENT

Berlin, May 31.—The Reichstag today adopted the German-Polish agreement on Upper Silesia which was recently concluded by a joint commission meeting at Geneva. The people's party and communist deputies voted against ratification.

ANGLICANS APPEAL FOR CHURCH UNITY

Archbishops of Canterbury and York Issue Statement on Lambeth Conference.

London, May 30.—(Canadian Press Cable)—The Archbishops of Canterbury and York have issued a statement with regard to the appeal for church unity, made by the Lambeth Conference of Bishops in 1920. The statement says the committee of Anglicans and non-Conformists, which was appointed in November 1921, held prolonged meetings and unanimously agreed on certain propositions which were approved by the Conference at Lambeth on May 24, last.

These propositions declare that the existence of rival denominations is not in accordance with the purpose of Christ; that both Episcopal and Council Presbyteries should be maintained as permanent elements of a united church; that assent to creeds should not be understood to imply acceptance thereof as a complete expression of faith, or as excluding reasonable liberty of interpretation, but as affirming the essential elements in the Christian faith, and preserving that faith in the form in which it has been handed down in history. The hope is expressed, in the archbishop's statement, that the large measure of agreement reached may prove a basis for further agreement, leading to practical action.

FREDERICTON TO EXTEND WATER SYSTEM

Fredericton, N. B., May 30.—The Water Committee met this afternoon and opened tenders for the extension of the water system. Ten tenders were received from firms in Halifax, St. John, Fredericton and Devon. There was a marked variation in price. The committee adjourned until five o'clock Wednesday afternoon when the contract will be awarded. In the meantime the city engineer will examine the tenders.

The editorial staff of the University Monthly, the undergraduate publication of the University of New Brunswick now in its forty first number, is asking for suggestions for a new name for the magazine from graduates and undergraduates.

RECEIVE LESS THAN \$800 PER ANNUM

Ottawa, May 30.—Canada has over 7,700 civil servants who are receiving smaller salaries than \$800 per annum, according to a return tabled in the House of Commons today. The total of employees given as receiving \$800 per annum and less was 12,500.

LIVE STOCK MEN MEET AT MONCTON

To Confer on Question Affecting the Industry in the Province.

Moncton, N. B., May 30.—A conference which will have far-reaching results touching the live stock situation in the Maritime Provinces will be held this city tomorrow and the deliberations and discussions will probably run on into Thursday. The conference will be between the live stock commissioners of the Federal Department and the Provincial Department of Agriculture, live stock branch. The discussions will also be participated in by representatives of the live stock industry in New Brunswick. There will also be present the superintendents of the experimental farms at Charlotte-town, Nappan and Fredericton.

DOCUMENTS MISSING IN MACAROW CASE

Certain Exhibits Placed on File in Police Court Cannot Be Found.

Montréal, May 30.—In connection with rumors here today that documents, vital to the case in the hearing of the charges against D. C. Macarow and Sir Montagu Allen were missing, C. A. Wilson, K. C., who acted for the crown in the action against Macarow, declared that he knows nothing about the missing documents. He says that when the case concluded in the police court, all the documents used were filed and he had not had occasion since to refer to them.

At the Montreal court house today, it was explained that certain exhibits, in the case were missing. They had been taken by somebody just prior to the decision issued by Judge Cussen with a view of being copied and had not, apparently, been returned. Of details, however, added that the missing documents were merely copies and that original documents could be obtained at any time required.

FIREMEN PREPARE TO STRIKE ON JOB

Houston, Tex., May 30.—A motion to have the president and secretary of the organization prepare complete instructions for firemen to leave the service if the United States Rail Labor Board cuts their wages, was made today from the floor of the convention of the International Brotherhood of Locomotive Firemen and Enginemen. The motion was referred to a special committee.

Sydney, N. S., May 30.—William Almond, his wife and two sons, had a narrow escape from death when their home at George's River burned to the ground on Monday afternoon. The members of the family were in the lower story trying to save some valuables when the roof crumbled down. The Almonds lost everything, including a sum of money, the total loss being about \$4,000.

Fredericton, N. B., May 30.—The fire department was called out this evening by an alarm for a fire at the Plant of the Maritime Electric Co. Shore street. The damage was confined to a shed on the ground, used for storage and other purposes.

MEMORIAL DAY SUNDAY, JUNE 18

Montreal, May 30.—Sunday, June 18, is recommended as the date for a special memorial service by the army and navy veterans of Canada to all commands of the Dominion Command which met here to decide the matter today.

LEAGUE OF NATIONS OBJECT EXPLAINED BY SIR GEO. E. FOSTER

Most interesting Address Given in Knights of Pythias Hall by Former Member of Canadian Cabinet—Showed Need of Urgent Support of Canadian Citizens and Whole World.

The urgent necessity of the... All collaborated in bringing it about, and the first resolution passed at the Peace Conference was to establish the League, and representatives of fifteen nations were chosen, and spent over a month in considering a covenant for the League, which was then submitted to the Peace Conference, which was attended by representatives of thirty-two nations of the world. The fact that this covenant was unanimously accepted, and that Sir George, was a wonderful fact that showed the progress that had been made by the nations of the world in their relations with each other.

The draft that was submitted to the Conference, he said, was put together by the strongest combination of men who had ever met in the world. It might have many faults, at that, but these could be amended. The thirty-two nations, who endorsed it, in so doing, pledged themselves not to have recourse to war in the settling of their disputes, until they had exhausted every means of peace, which were offered through arbitration, by diplomacy, reference to the council and assembly of the League, and to the permanent court of justice to be established by the League.

Since that time the membership in the League has grown to fifty-two nations, all of whom have pledged themselves to support. These nations represent 75 per cent. of the world's population, and 65 per cent. of its geographical area, and are the foremost and strongest in the world. Germany and Austria are still out-riders, but will probably be admitted this year, while Russia will not be admitted until stability has succeeded its present disorganized state.

It was a common opinion, said Sir George, that while the United States with its 110,000,000 population remained outside the League would not be regarded in the near future. As to that, he said the other nations would do their best to carry on without it. All the other nations had done something in the winning the war, before the United States came into the picture, and they ought to be able to do something in peace.

The United States had taken considerable time to make its mind come into the war, and the same might, perhaps, be expected of it in regard to the League. One of the reasons for the absence of the U. S. was due to the fact that it had been a political question in that country. Despite the fact that the great republic was not a member, nine tenths of its people were behind the League, heart and soul, and the United States had co-operation with the League even though it did not belong to it. It had done this in the recent Washington Conference and it had also agreed to the Great Britain mandatory over Palestine, and the disarmament, and mandatory work of the League.

Taking up the question of how the League worked, he said it was essential for everyone to have a knowledge of this, to become really interested in the question. The League, he said, worked through a council and an assembly. The council consisted of eight members, four of whom were selected from the four great powers, and the assembly selected the other four to represent the other nations. It was this council that had organized the League. This work, he said, was a most difficult and complicated one, and from a secretariat of forty members, there had grown up an organization of two hundred and thirty, each member of which was an expert in his particular line. To illustrate the great demand placed upon this staff, Sir George reminded his hearers that this staff which was selected from the best of the twenty nations assembled in Geneva had to offer a prudent manner questions involving racial, national, and religious animosity, and that their work was made doubly difficult by the heart burnings that existed in the unbroken division of the war across into two states.

The council, he said, had had sixteen meetings so far and had considered many complicated questions of world wide importance. The council had no power to pass a resolution of any character whatsoever unless it was a unanimous one. The assembly, said Sir George, was made up of three delegates from each nation member, but that each nation, big or small, possessed but one vote, and that absolute unanimity was required before any measure could be passed. Predictions had been made by the critics of the League, that their two provisions would mean its failure, but on the contrary, it was its greatest asset. Two conferences had been held, one six weeks, and the other five, and over a hundred resolutions and over a hundred decisions had been passed, and not one had been lost through lack of unanimity. The reason for this, he explained, was because the delegates were assembled to legislate for the peace of the world, and were determined to settle their own language, and their own difficulties that arose in this connection and how they were successfully overcome. Other graduates were: Teacher's course in expression: Vera Frances Coy, Upper Gagetown, N. B.; Alice Annabelle Vanwart, St. John, N. B. Soloist and normal course in piano-forte: Edys Eileen Wilson, Fredericton, N. B. Normal course in household science: Adelaide Robb, Halsey, St. Stephen, N. B.; Annie Penwarden, Harcourt, N. B. Certificates of standing: Myra Black, Atnam, New Horton, N. B.; Madge Lorimer Musgrave, Campbellton, N. B.

Excursion rates bill gets the axe. Railway committee of House killed bill introduced by T. L. Church.

Ottawa, May 30.—(Canadian Press) The Railway Committee of the House today killed the bill, introduced by T. L. Church, of North Toronto, to re-establish excursion rates on railways. General Raef, representing the C. N. R., argued that, while the Canadian National was in favor of the principle of the bill, and would be glad to go back to the special rates, when they were abolished, the bill was unworkable. "If," he said, "the railways are required by the act of Parliament to give excursion rates, we shall have to meet, each day, every 'directed' you will have to provide equipment to a greater extent at present."

A bill to make a return ticket, issued by any railway company, good on the lines of any other railway company running between the same terminals was also thrown out by the Railway Committee. TEA SHORTAGE—HIGHER PRICES. In 1920, so much more tea was produced than required throughout the world that the market dropped to a very low level. The situation was so serious for the growers that they agreed to reduce their production 20 per cent during 1921. Consumption, which was increasing tremendously, and the production of tea being curtailed, has resulted in the highest prices for tea in years. The recent reduction of four pence per pound on tea has further stimulated consumption, which means that even higher prices may soon be expected.

New Brunswick Girls Graduating From Acadia Seminary

Exercises of Ladies' Seminary Held Last Evening—Address by Principal.

Wolfeville, N. B., May 30.—The graduating exercises of the Acadia Seminary for the year 1921-22 were held last evening in the Baptist Church. Principal E. T. Dewolf, addressing the class, took for his text: "The End Crowneth the Means." He pointed out that the law of energy meant work for all things, and that even the latest man and woman must open their mouths and show it in order to live. He said, "The speaker said, 'was the only solvent of individual or world troubles. It was the part of wisdom that young people should choose an end in life and make sure that it shall crown or glorify their work; and as for the class, it was impossible to wish its members a 'nobler or better calling' than that they have the man of their choice in a home in which Christ was honored."

The Governor General's Medal for high merit in English was awarded to Ardis Whitman, Margaretville, N. S. The C. W. Winter Brown prize for art drawings, went to Mona Harris, of Kentville, N. S. and Marie Southerland, N. B.

Among those completing the Collegiate course were Treva May Vail, Yarmouth, N. S.

Other graduates were: Teacher's course in expression: Vera Frances Coy, Upper Gagetown, N. B.; Alice Annabelle Vanwart, St. John, N. B. Soloist and normal course in piano-forte: Edys Eileen Wilson, Fredericton, N. B.

Normal course in household science: Adelaide Robb, Halsey, St. Stephen, N. B.; Annie Penwarden, Harcourt, N. B. Certificates of standing: Myra Black, Atnam, New Horton, N. B.; Madge Lorimer Musgrave, Campbellton, N. B.

Excursion Rates Bill Gets the Axe

Railway Committee of House Killed Bill Introduced by T. L. Church.

Ottawa, May 30.—(Canadian Press) The Railway Committee of the House today killed the bill, introduced by T. L. Church, of North Toronto, to re-establish excursion rates on railways. General Raef, representing the C. N. R., argued that, while the Canadian National was in favor of the principle of the bill, and would be glad to go back to the special rates, when they were abolished, the bill was unworkable. The situation was so serious for the growers that they agreed to reduce their production 20 per cent during 1921. Consumption, which was increasing tremendously, and the production of tea being curtailed, has resulted in the highest prices for tea in years. The recent reduction of four pence per pound on tea has further stimulated consumption, which means that even higher prices may soon be expected.

TEA SHORTAGE—HIGHER PRICES. In 1920, so much more tea was produced than required throughout the world that the market dropped to a very low level. Missionary Workers In Convention At Sackville

37th Annual Meeting of N. B. and P. E. I. Branch W. M. S. Convened Yesterday.

Sackville, N. B., May 30.—Nearly one hundred delegates are in attendance at the 37th annual meeting of the New Brunswick and Prince Edward Island Branch of Women's Missionary Society, which convened here this morning. The president, Mrs. C. P. Sanford, of St. John, presided at the opening exercises, which were held in the Methodist Church. Mrs. H. A. Lavell, of Kingston, Ont., Board President, and Miss Robertson, returned missionary from Japan, gave brief and interesting addresses. An admirable paper on "Seeing Eyes and Hearing Ears" was read by Mrs. Dinges, of Sussex. Missionary literature was introduced by Circle and Secretary, Mrs. B. A. Westwood, of Teanmouthe. At 11.30 a. m. sacrament was administered by Rev. W. Ryan, assisted by Rev. W. G. Watson.

At the afternoon session an address of welcome to visitors was given by Miss Lillian Hart, of Sackville. A most interesting and educational illustrated address on "The Dawn in Darkest Africa" was delivered by Mrs. W. H. Barker, of St. John. The relationship of the C. G. I. to the W. M. S. was explained by Mrs. Lavell in a very illuminating manner. The work of the C. G. I. T. is to look after the 'teen-age girls preparing them for membership in W. M. S.

Financial Report. The financial report, which was very satisfactory, showed total receipts of \$22,068.70 for past year; Miss Boxes \$2,900; Easter offering \$2,800; circulation of Palm Branch over \$9,900.

There was a large attendance at the public meeting held this evening in the Methodist Church, Mrs. H. A. Lavell of Kingston, Ont., delivered a forceful address on "The Importance of the Home" which was listened to with keen attention. The speaker referred to the importance of home work during the war and its importance in the successful carrying on of missionary work. The home is a must be properly organized and looked after. The world's task cannot be completed unless the people at home are properly equipped. Among the difficulties encountered by W. M. S. is the financial problem, but not only must money be raised, but personal interest must be taken in work and efficient leaders are also urgently needed.

An exceedingly interesting pageant entitled "Canada and a Sack World," was given by the Sackville Mission Circle, and a solo "The Holy City," effectively rendered by Miss Alice Hart, of Sackville, Mrs. T. A. Clarke, treasurer, spoke on "Our Finances" and P. S. Shuman of Port Elgin, on the "Silver Lining." The exercises will be continued Wednesday and Thursday evenings.

PERSONALS

E. M. Sherwood of Moncton is registered at the Victoria. George H. Dixon of Bridgetown, N. S. is in the city and is at the Victoria. R. M. Fawcett of Sackville is registered at the Royal.

Mr. and Mrs. A. E. McSwaney of Moncton motored to the city yesterday and are registered at the Royal. Mr. and Mrs. G. G. Marr have just returned from a six weeks' visit to New York.

Mrs. S. Crawford and daughter Christina have returned from Porto Rico, where they spent the winter with Mrs. Crawford's son, F. S. Crawford.

Price, general manager of the C. P. R. eastern lines, is expected to arrive in the city this morning. He is coming to the New Brunswick district and are registered at the Victoria. Jack Thomson, son of J. Royden Thomson, arrived home on the Montreal train yesterday afternoon from Toronto, where he has been attending school.

Dr. A. P. Barnhill and Mrs. Barnhill have returned to the city from a lengthy trip to Europe. Mrs. S. L. Lynch, Woodstock, was a guest at her brother, Elmer A. Young, Gullford street, on Monday, while on route to Halifax to attend the wedding of her nephew, Frederick Young, at Halifax on next Tuesday.

Ottawa Citizen: Archbishop Henry O'Leary, Edmonton, Alta., spent a short time in the city. He celebrated Mass on Sunday in the Blessed Sacrament church, and also preached a sermon. In the afternoon he left the city on his way to the Maritime Provinces.

Vancouver Province: Mr. and Mrs. M. N. Cockburn, of St. Stephen, N. B., are the guests of Mr. and Mrs. J. E. Evans, Barclay street. Friends of Dr. and Mrs. F. W. Brydson-Jack, Nantux avenue, Shangnessy Heights, will regret to hear that their little daughter, Miss Margaret Brydson-Jack, had the misfortune to break her leg last week.

Born. GARD—At the Evangeline Home, on May 26, to Mr. and Mrs. L. Tremaine, a son—William Tremaine.

McKNIGHT—At Royal Victoria Hospital, Montreal, May 19th, to Mr. and Mrs. Hilton D. McKnight, a son.

Died. McARTHUR—At Pandanus, N. B., on May 29, 1922, Francis, beloved wife of Douglas McArthur, leaving besides her husband, two sons, and two daughters.

Funeral on Wednesday, May 31st; service at her late home, Pandanus, at 12 o'clock (daylight); service at Knox church at 2 p. m. Interment in Pandanus.

Glen Falls Meeting Was Well Attended

J. D. Palmer, Dr. J. H. Barton and J. Starr Tait Addressed Audience Last Evening for Opposition.

The meeting held last evening at the Manor House, Glen Falls, in the interests of the candidate of the provincial opposition party was well attended and speakers were given a most attentive hearing. The aims of the campaign were fully discussed and facts and figures given for every statement made. The chair was occupied by James Ross and the speakers were J. D. Palmer, leader of the opposition, Dr. J. H. Barton, the candidate, and J. Starr Tait.

The first speaker was J. D. Palmer. He expressed his pleasure at seeing so many ladies present as this showed they were taking an interest in the affairs of the country. The present government he said had been in power now about six years, long enough to show whether it had carried out the promises made while in opposition, if it had even made any honest effort to live up to those promises. They called themselves a business man's government, but they were in the world two kinds of business men, good and bad, and he believed when the record of the present administration was scanned carefully, it would be found they were in the latter class.

They had accused the old government of all kinds of extravagance, but what did the record show? In 1917 the expenditure for justice was \$24,000, in 1921 it had grown to \$38,000. The contingent fund had grown from \$25,000 in 1917 to \$59,000 in 1921, an increase of 45 per cent. Take the matter of salaries, in the Crown Lands department these had increased from \$18,000 in 1917 to \$19,000 in 1921 and in the public accounts department from \$18,000 to \$21,000 and in addition there had been paid a cost of living bonus of \$300 in 1919; \$10,700 in 1920 and about \$5,000 in 1921. These increases in salary were due to the fact that every department was over-manned and were not administered in a business like way.

He claimed to be a democratic government, but the reverse was true. The members of the House were supposed to vote the money necessary to carry on the affairs of the province, and there was provision made that in case of necessity there might be a special warrant ordered by the executive. What had this government done in this regard? They had issued special warrants on ordinary account of \$574,892.99 and on capital expenditure of \$700,000. In the voting of these sums the representatives of the people as a whole had no say. The strongest representative government? He did not think so.

Dealing with the hydro matter, Mr. Palmer pointed out some more "good" business of the government in expenditure of \$2,000,000 in a development on land to which they had not yet acquired the title.

"Who," he said, "are the owners of this land? I am told they are the Inglewood Pulp Co. and I have been informed that one of the largest stockholders in the Inglewood Pulp Co. is also a large shareholder in the Daily Telegraph. This to my mind has, as the Telegraph would say, a 'sinister' appearance."

In closing Mr. Palmer made a strong appeal for hard work from now until the polls were closed on June 10, so that Dr. Barton would have a good chance of majority.

Dr. Barton, was the next speaker introduced by the chairman. He said Mr. Foster had, in the very room in which he was speaking, addressed an audience which a great government he was testing, and how much they were doing for the country. It was true they had spent a large amount of money, but how much of it was spent on the roads and bridges in St. John county until this election was called on. Today they were doing some work for the purpose of catching votes but he did not believe the people were going to be fooled, by that kind of practice.

J. Starr Tait was the last speaker of the evening. He said this campaign was not one to be fought on on Dominion party lines. It was the interests of the Province of New Brunswick that were to be protected, and all lovers of good government were asked to oppose the present extravagant administration the province had ever seen. If they remained in power and continued the mad pace they were going in a few years the province would be facing bankruptcy and direct taxation.

Mr. Tait had a few words to say about the enforcement of the liquor laws. He claimed they were openly and flagrantly violated and the government winked at the violation. In closing he said the opposition had in Mr. Palmer a man who could straighten out the tangled affairs of the province, and in electing Dr. Barton they would be hastening the day when the present administration must make way for a more efficient one.

Mr. and Mrs. C. Harding, of St. John, have arrived in the city and will later motor through the Annapolis Valley.—Halifax Echo.

Public Health Week Starts Next Sunday

Hon. W. F. Roberts Has Arranged An Elaborate Programme—Public Meetings Throughout the Province.

Hon. Dr. W. F. Roberts, Minister of Health, has arranged an elaborate programme for Public Health Week which will begin on next Sunday. Outstanding medical authorities in the Dominion have been procured to present in authoritative fashion before people in all sections of the province, at public meetings, the most advanced scientific knowledge as pertaining to public health. Sunday next has been set aside as Health Sunday and communication have been sent to clergymen throughout the province asking them to make reference from the pulpit on the importance of Health Week and the time for which it is being held.

Health Week this year assumes particular importance in that beginning with the 6th inst. and continuing until the 6th inst. of the 6th, the Canadian Public Health League will be held in this city, the congress bringing together representatives and outstanding figures of the Canadian Anti-Tuberculosis League, the Social Hygiene, Public Health and other kindred organizations.

Dr. Charles J. Hastings, Toronto, the eminent public health expert will speak at Moncton on Sunday and at Newcasle on Monday.

Dr. B. Wyatt, Quebec, will speak at Fredericton on Sunday evening. Dr. W. J. Ball will deliver a public health address at McAdam Junction on Sunday afternoon and in the evening will be heard at St. Stephen. In this city the scientific meetings of the Congress will be held at the Armories and public addresses during the latter part of the week in St. Vincent's Auditorium.

FAINS IN BACK, LIMBS AND SIDES YIELD TO "NERVILINE"

If you have failed to secure relief from other remedies, rub on lots of good old "Nerviline" the strongest, most penetrating pain relief on the market. Nerviline acts quickly on small pains and is the surest to drive out the big ones. It's because every drop of Nerviline rubs in because it has the ability to sink in deeply that it drives away pain that ordinary oils, liniments won't touch. Large 50c bottles at all dealers.

GROOM FORMER ST. JOHN MAN

Province, May 29: A quiet but pretty wedding was solemnized at Trinity Church, Grandview, on Tuesday, May 16, Rev. B. Corland, Freeborn officiating, when Miss Elsie Moe Ewan, eldest daughter of Thomas Moe Ewan, of Tebehorra, Ont., was united in marriage to Mr. W. N. King, formerly of Newville, N. B., who was given away by her brother, was attended in a smart navy blue suit with hat to match, with which she carried a bouquet of pink and white roses. She was attended by Miss M. Heathcote. After the ceremony a reception was held at the home of Mr. and Mrs. King, 1514 1

THE STANDARD'S SPORTING SECTION

ROYALTY WILL ATTEND THE DERBY MEET AT EPSOM DOWNS

Greatest of England's Turf Classics Will Be Held Today—Great Race Starts at Three o'clock—Thirty-Five Horses Entered—Feeding of Multitude.

London, May 30.—Tomorrow in Derby Day, Down will find assembled at Epsom Downs the vanguard of the gypsies, fakirs, peddlers and tippers who annually go early in order to avoid the rush of ducks, dowagers, business men and costermongers who, in airplanes, automobiles, donkey carts or on foot, arrive later to swell the attendance to hundreds of thousands for this, the greatest of England's turf classics.

The Derby, originally a horse race, long ago became an institution, perhaps England's most democratic sporting institution. Not until some time after three o'clock tomorrow afternoon, the time when the barrier is due to be raised, sending away some thirty of the choicest bits of horseflesh on this side of the great divide of the mile and a half course, will the people, from the broker in his London office, to the dockyard laborer in South Wales, look their mutual interest, for the race has divided most true Englishmen into two classes, those who have backed the winner and those who have not.

Airships were first employed last year, and with much success, to lessen the dense traffic on all the roads to Epsom, and again will be used tomorrow. The railway companies have arranged to bring every available bit of their rolling stock into the service for transporting the crowds to and from the course.

The feeding of the multitude who goes to witness the race constitutes another great problem. There are thirty booths around the course which will serve food and beverages. One firm alone will begin the day with a stock of 100,000 bottles of soft drinks, 100,000 hogheads of time juice, and 100 tons of ice cream, 75,000 sandwiches, 10,000 salads and 10,000 gallons of milk.

The supplies of wines, whiskies and beer for the booths aggregate hundreds of thousands of gallons. There are King Georges and Queens Marys and Viscount Lancelottos and Princess Marys have indicated their intention to attend the Derby. This year the King will have no starter in the race. He

Fast Game On The East End Grounds

St. George's Lost Several Good Chances, But Were Shut Out by Wolves.

The Wolves and St. George's gave an excellent exhibition of baseball on the East End grounds last evening, the former winning 2 to 0. Both Ross and Stirling were effective in the box and the fielding of St. George's entire team was a feature of the game. Maxwell called for St. Louis to win the race. He is one of the numerous persons who purchased a ticket in one of the various sweepstakes, and he had retained the entire ticket he would have received \$114,000 if St. Louis proved to be the winner. Instead of waiting for the result, however, he sold a half share in the ticket for \$10,000.

Alterations were made today in the probable starters in the great Derby race to be run at Epsom Downs tomorrow and include five scratches, six additions to the list already published and four changes in the jockeys. The scratches are Swithin; White Satin; Lord Biliberry; Royal Lance and Flamingo.

The changes in jockeys are as follows: For on Irish Zettler instead of Whalley; King on Silpho in place of Whalley; instead of Evans and Cooper on Trus Knight, taking the place of Robin.

The latest betting on the Derby is as follows: 7 to 1 against St. Louis offered; 100 to 15 against Captain Cuttle taken and offered; 100 to 14 against Ponderosa taken and offered; 10 to 1 against Re-Echo taken and offered; 40 to 1 against Villars; 40 to 1 against Great Star taken.

Betting odds quoted tonight 15 to 2 against Captain Cuttle; 9 to 1 against Re-Echo; 10 to 1 against Tamar; 100 to 3 against Ponderosa; 100 to 6 against Craighover; 20 to 1 against Buck's Hussar; Lord Burgley and Psychology; 25 to 1 against Scamp and Sincor Furo; 100 to 1 against Dr. Toad; 40 to 1 against Villars; 50 to 1 against Satelles; 65 to 1 against Silpho, all taken and offered; 100 to 1 against the other entries.

Whittaker Gets A Long Term Sentence

Seventeen Years for Man Convicted of Obtaining Goods and Money Under False Pretences.

A stiff sentence was handed out to Fred Whittaker in the county court yesterday morning by His Honor Judge Armstrong. Whittaker, who was convicted of obtaining goods and money under false pretences, received a sentence of two years on each of six counts in connection with passing worthless cheques, and five years on a charge of raising bank notes, making a total of seventeen years he will be compelled to spend in the Dorchester penitentiary.

Charles R. Lewis, charged with the theft of goods to the value of \$45 from Estey & Co., was further remanded until he would decide whether he will be tried under the Speedy Trials Act or with a jury.

Cases Dealt With In The Police Court

Two Sydney Youths Remanded for Stealing Ride on Train—Traffic Cases Heard.

In the police court yesterday the two juveniles from Sydney who were arrested Monday night by C.N.R. inspectors Ryan, on the charge of stealing a ride on the train, were remanded pending inquiries, which the police are making in the matter.

Aubrey Bradley, reported by Sergeant Spinnay and Officer McNell for speeding at the corner of Charlotte and Union streets, said that he knew nothing of the matter. The report was made against automobile No. 3345, which the defendant said belonged to his brother. The matter was set aside until further notice.

Walter Collins, notified to appear in answer to a charge of violating the traffic laws, did not put in an appearance yesterday morning. One man, charged with being drunk, was fined \$8 or two months in jail.

Baseball Results In Big Leagues

NATIONAL LEAGUE Brooklyn 8; Boston 3.

Brooklyn, May 30.—Brooklyn took both games from Boston today winning the morning contest 8 to 3 and taking the afternoon encounter 8 to 4. In the afternoon game established a season's strike out record by fanning ten Braves. Scores: (First game).....01100100—3 10 0 Brooklyn.....00170100—8 10 0 Boston.....00000100—4 8 2

Two Sydney Youths Remanded for Stealing Ride on Train—Traffic Cases Heard.

In the police court yesterday the two juveniles from Sydney who were arrested Monday night by C.N.R. inspectors Ryan, on the charge of stealing a ride on the train, were remanded pending inquiries, which the police are making in the matter.

Aubrey Bradley, reported by Sergeant Spinnay and Officer McNell for speeding at the corner of Charlotte and Union streets, said that he knew nothing of the matter. The report was made against automobile No. 3345, which the defendant said belonged to his brother. The matter was set aside until further notice.

Walter Collins, notified to appear in answer to a charge of violating the traffic laws, did not put in an appearance yesterday morning. One man, charged with being drunk, was fined \$8 or two months in jail.

CALIFORNIAN WON THE GREAT FIVE HUNDRED MILE AUTO RACE

Jimmy Murphy of Los Angeles, Flashed Across the Wire Winner at Indianapolis, Before 135,000 Spectators—Averaged 94.48 Miles An Hour, Beating Previous Records.

Indianapolis, May 30.—Leading from start to finish, Jimmy Murphy, of Los Angeles, Calif., winner of the 1921 French grand prix, carried his name deeper in the hall of motor fame today when he flashed across the wire a winner of the 500 mile automobile race at the Indianapolis speedway before a record breaking crowd of 135,000 spectators.

Murphy smashed all records for the distance to smothered, clipping more than 16 minutes off the best previous record. His time was 5:17:39.79, an average of 94.48 miles an hour against the old record of 6:33:55.61, or 89.84 miles an hour made by Ralph De Palma in 1915.

REVIEW OF YEAR'S GYMNASIUM WORK

Classes from Witanstede School Presented Excellent Performance Yesterday to Parents and Friends.

In the Y.W.C.A. recreational centre, yesterday afternoon, the classes from the Witanstede school, under the direction of Miss Caroline Littlefield, gave an excellent review of the year's gymnasium work. The programme consisted of fancy marching, wand exercises, club swinging, Swedish work, relay races, ball games, and finished with the Skaters' dance, the number in which this class acquitted themselves so creditably at the recent exhibition in the Imperial Theatre. This last exercise was given in costume. Among those present at the review were the parents and friends of the girls taking part.

Two Men Bowling League Results

In the Two Men League last evening on Black's alleys, Team No. 13 took three points from Team No. 12, and Team No. 4 captured all four points from Team No. 5.

The scores follow:

Table with 2 columns: Team No. and Score. Team No. 2: 88 98 55 271 901.3; Henderson: 79 80 86 245 812.3; Taylor, T. Tebo, F. Watters and M. Foster: 167 178 171 516.

RUTH MAKES HOMER

New York, May 30.—In the sixth inning of today's game Ruth made his second home run of the season with one man on base.

JUNIOR GAME

Last evening on the Rockwood Park diamond the Young Roses defeated the Rockwoods by a score of 9 to 0. The batteries for the winners were: S. Beyer, H. Boyce Crawford and Martin for the losers P. Taylor, T. Tebo, F. Watters and M. Foster.

RUTH MAKES HOMER

New York, May 30.—In the sixth inning of today's game Ruth made his second home run of the season with one man on base.

ST. JOHN, N. B., WEDNESDAY, MAY 31, 1922.

THE LEAGUE OF NATIONS.

That any address given by so notable a public man as Sir George E. Foster on any public subject would not only be interesting and instructive, as well as cleverly handled would of course go without saying; and in dealing with his subject last night, the League of Nations, he was at his best. His resume of the origin, functions and general working of the League was a masterly exposition of the subject, and gave to those who heard him as clear as possible an insight into the potentialities of the League as could be desired.

It is not unlikely that a thought which will occur to most people who were present, will be, if the potentialities for good which may be expected to the outcome of the League's work are so outstanding, why did so influential a country as the United States refuse to become a member? This determination on the part of that country undoubtedly caused considerable surprise among the other nations, more particularly as President Wilson was to all intents and purposes the author of the League, but there was a pretty general feeling that sooner or later the United States would ratify the peace treaty and enter the League. But unfortunately politics were allowed to enter into consideration of the matter. The Republican leaders considered the treaty and League from the standpoint of party advantage; they feared its ratification would strengthen the Democratic party and place Wilson as a statesman and patriot on the same level with Washington and Lincoln. Their war spirit and war enthusiasm at once dropped to the zero mark; they at once concentrated all their energy in one great attack on the treaty and League, and especially on President Wilson.

Just at the time the victory was won, when America and the world were rejoicing in the belief that all war was ended and world peace for all time assured, then the men in the Senate of the United States threw up their hands and cried out in horror at Article X, and at the super-government about to be established over their country. There was no danger in Article X, or any other article, and well they knew it.

Super-government was a big word with which to scare the unthinking. The Supreme Council had no power except by unanimous vote. The representative of the United States held veto power on any action taken. The constitution of the United States guards it against foreign war unless authorized by the Congress of the United States. Had America promptly taken her place in the League of Nations it would have been as a balance wheel to an engine—the world today would be moving with a smoothness and regularity, that would give confidence to the people and peace to the world.

While it is true that the United States has given the League of Nations no official cooperation, it is noteworthy that Mr. Root, then Secretary of State, gave the proposal for a permanent Court of International Justice its early impetus at the Second Hague Conference, which court came into being some three or four months ago. The nations of the world now have for the first time a permanent Court of Law always available for the peaceful settlement of international disputes. This development in international affairs can hardly be exaggerated in importance. From now on there will exist a permanent world court composed of men of the highest individual and professional standing, representing all the great systems of international thought and law, chosen from a world ballot by the suffrage of 51 nations, and always open for the settlement of disputes on the basis of law and justice rather than diplomatic expediency. In the years to come this court should build up a precedent and a prestige which will give it a vital place in international relations. It may perhaps be a little ahead of the times, and the difficulties in enforcing its decisions may be considerable under present conditions; but it is at least a serious and practical attempt to get the nations of the world to settle their disputes by peaceful methods, rather than by resort to bloodshed.

GERMANY AND HER CURRENCY.

The German Government has evidently come to the conclusion that the wisest course for it to take is to submit to the requirements of the committee of International Bankers and keep its paper circulation within the specified limits and in general comply with the conditions fixed by the Commission for a partial moratorium. This decision follows upon the notification by the bankers that further consideration of a better dollar loan to the German Government

was out of the question until Germany should accept in full the ultimatum of the Reparations Commission and also give adequate guarantees that the inflation of Germany's currency would be stopped immediately.

The notification came none too soon. Germany has yet to meet the debts that it has been contracting by its vast and increasing issues of fiat money, which of course is not money at all, but a promise to pay money that it may never be able to deliver.

The issuance of irredeemable paper money is nothing new of course, because other nations have had to adopt this expedient in times of stress. It is a risky procedure, however, and can only be justified as a means of assisting a country over some particular crisis; but it may be doubted whether any country that had resort to this course did not ultimately find that the remedy was almost worse than the disease in its after effects.

As one critic remarks:—"Currency inflation, as Germany is finding now, and other countries have found in the past to a nation is much like the taking of a habit-forming drug by an individual. The effect of the first dose is pleasing and stimulating. But to retain this effect the drug must be taken in increasing quantities. An effort to reduce it is followed by agony and suffering. But there comes a time when it must be stopped or ruin will follow. Then nature demands her penalty, and demands it to the full. On several occasions since the war Germany has made an effort to deflate her currency, but the economic depression that has followed has induced her to desist and start up the printing presses again."

Naturally, of course, the end has to come sometime, as it apparently has come now through the ultimatum of the international bankers. The intervention of the latter will not relieve Germany of the inevitable consequences of her unsound financing, but it may save her from monetary and economic ruin.

"PERMANENTLY BRIDGED."

"Permanent Bridges are charged with \$347,102.58, an increase over the previous year of \$7,712.95. The charge to this account year after year must in the aggregate total a great amount, and one would almost imagine that the province must be about 'permanently bridged.'" (Mr. Foster's criticism of the public accounts for the year 1914.)

Apparently Mr. Foster and his colleagues subsequently found that the province was not so permanently bridged as he professed to believe, for in the five years that Mr. Veniot has been looking after the bridges of the province he has managed to spend no less than \$2,567,588 on permanent bridges, as the published accounts show. The items are as follows:—
1917 \$428,679
1918 354,475
1919 512,338
1920 542,537
1921 729,659

In the same year, Mr. Veniot also spent \$1,805,264 on ordinary bridges. Mr. Foster's criticism was therefore either made without any knowledge whatever of the actual facts and conditions, or else with a reckless disregard for them and purely for partisan purposes. He blamed his opponents for the large amount of their outlay on bridges, and when he came into power, he spent more on them in five years than his predecessors spent in ten.

WHAT OTHERS SAY

A Good Loan for New York.
(London Free Press.)
Sir Henry Drayton in his brief comment on the budget on Tuesday drew attention to the high cost of the last loan raised by Hon. W. S. Fielding in New York. This \$100,000,000 loan, issued through Morgan's brought 97 1/2 cent, giving a commission of 2 1/2 per cent. It was all taken within an hour and doubtless was bought in by the Morgan Company. They will not only get two and a half millions commission, but may sell the issue later for more than par. At the very time this transaction took place there were issues of American municipalities advertised in New York papers for much less.

War issues were placed by the late Government at trifling cost, and the figures look well today, even making due allowance for Mr. Fielding's fees for patriotic zeal for the war. In 1919 the Borden Government raised \$100,000,000 at a total cost to the country of 428, less than a half a cent on the hundred. In 1921 a similar amount was placed at a cost to the country of 797 per cent. The third war loan of 1917 cost .888 per cent., and that of 1917, when a tremendous amount of work was done and \$87,176,250 raised, still cost less than one per cent.—503. The taxable issues of 1915, involving \$607,891,200, cost 1.061 per cent.

Sir Henry Drayton's comment that money is comparatively plentiful and cheap, and his view is borne out by a reference to the history of British issues. In 1917, Great Britain issued 20-year bonds at 5 1/2 per cent., payable in 1937. These obligations were issued at par, with a commission cost to the British Government of 4.4 per cent. This issue sold down to 98 in 1919, and in 1920 as low as 81 3/4. Yet, in 1920 as low as 81 3/4. Canada's \$100,000,000 was placed in New York at 97 1/2 cent. The British issue referred to was at a premium, 103, or 10 1/4 points better than its own. A 1918 issue placed by the Morgan houses, and sold at 95 1/4, sold down in 1920 to 83 7/8, and in 1921 to 83 1/4, but at the time the recent Canadian issue was placed at 97 1/2 cent, it rose to 107 1/4, an increase of 33 3/4 over the low of 1920.

Hon. W. S. Fielding intimates that the next loan to be raised in the fall will be a domestic one. This loan will be to meet the first 1919 victory bonds maturing on December 1. The opinion of bankers seems to be that there will be no difficulty in raising it. The advantages of a domestic loan outweigh the disadvantages of the foreign money needed for the industries of the country will be absorbed. Not only will the interest remain and be spent in Canada, but there will be a substantial return in income tax.

Why Expect Anything Else?
(Hamilton Herald.)
Thanks, Mr. Fielding, for having made so little use of that tariff "chart" drawn at the party convention in 1919.

Some Achievement
(Buffalo Courier.)
By persuading twenty-nine nations to accept his non-aggression pact, Lloyd George has again shown himself to be the most masterful man in the European group. Does any one think that the English people will ever let him overboard while the seas are stormy?

A Firm Foundation
(St. Thomas Times-Journal.)
Lady Astor has the right idea when she says: "England is strong and will always be strong, for the nation is founded on the justest laws ever presented to civilization." Provincial British tolerance has often been mistaken for weakness.

Whole World Invited
(Christian Science Monitor.)
A notable decision was reached the other day when the council of the league of nations opened the court of international justice. The world could bring cases before the court. The only condition imposed was that the nations in question agree to accept the decisions of the court and not to declare war over the disputes in question. Little by little the world is coming to recognize something beyond the limits of personal aggrandizement, and the nations, one by one, are learning to accept some of the privileges associated with being "no brother's keeper."

THE LAUGH LINE
A Good Suggestion
"When I write a story," said the struggling young author, "I make out a list of things that I want to say, and I usually get mighty close to the end before I sell it."

"If that's the case," returned the practical man, "why in the world do you begin at the other end of the list?"

Some Accelerator
Father (from upstairs)—Helen, isn't it time for that young man to go home?
Young Man—Your father is a crank.
Father (overhearing)—Well, when you don't have a self-starter a crank comes in mighty handy.

Vacant Head
"How is it, doctor?" asks the smart patient. "Is it I got my feet wet, I contracted a cold in my head, while if I got my head wet I don't have cold feet?"
"It is easier," replied the weary physician, "by the fact that there is no room in your foot for a cold."

Temperament Afield
This story about whether comes to us. It appears that Northern Mepco invited him to a shoot. The

Benny's Note Book

Yesterday pop braved home a big package and stuck it in back of the door in the hall, me saying, Wata that, pop? and him saying, Not much so far but it has possibilities, and after supper I was doing my lessons in the sitting room and washing I was finishing them instead of just starting them, and ma was darning holes out of socks, and all of a sudden one of the fastest smells I ever smell started to come up from down stairs, me saying, Good nite, pwe, holey smoke, wata that?
Goodness grahshes, pwe, it seems to be down stairs, sed ma, and I sed, Pops down in the kitchen, wata he doing down there?

With me and ma went down to see, and the soap pot was on the stove and pop was stirring inside it with a long stick and the smell was fiercer on account of being so much closer, ma saying, Wye Willyum, for land sakes Willyum, pwe.
A little home brew, merely that and nothing more, theres nothing to get excited about, sed pop, and ma sed, But Willyum, that stuff not fit to drink unless its made by an expert.

Well, this is being made by an expert, jest wait till you taste it; sed pop, and ma sed, Eynbody that waits till it smells it never had a longer wait in their life, and Willyum, it amells so terrible, pwe.
It has a little aroma, I admit, but it dont smell half as bad as that Chinese incense Gladia was burning around heer last week to your grate joy, sed pop, and ma sed, No, it dont smell half as bad, it smell 4000 times worse, wai will the naybers think? and pop sed, Theres not a nayber in the block with enuff brains to think, Ill be glad to move any time.
Wata the use talking to you? sed ma. Moseing to use, and she quick put up the kitchen window, saying, Let it stay up all nite, and pop sed, How about berglers? and ma sed, No bergler could stand it. And she went up stairs agin, me staying down and watching pop till I had to go to bed, not minding the smell so much after I got used to it, proving what you can get used to.

What We Usually Forget
"Pretty soft for that man—he doesn't have a thing to worry about."
"Who?"
"That gray-haired gentleman over there. He has all the money he'll ever need."
"Oh! Do you know him?"
"Just by reputation."
"Well, he worked steadily 40 years, day and night, earning his right to rest now."

Proof of Devotion
"Tom proposed to me last night."
"Did you accept him?"
"Of course I did. Any man who would propose these times when the cost of living is so high must love a girl a lot."

It Spidem Happens.
Jim—"There was a panic in the factory yesterday. Some of our workers were almost crushed to death."
Frank—"Did you have a fire?"
Jim—"No; somebody accidentally discovered that it was five minutes past closing time and no one had heard the whistle blow."

IT WORKS WONDERS
ON COLDS, CATARRH, BRONCHITIS, WEAK THROAT.
When your throat rattles, your lungs and chest are sore, your throat is stuffed with cold—don't fear consumption—use Catarrhone and get well. It clears the throat, stops sneezing, relieves tight chest and soreness in the bronchial tubes. To clear away Catarrh of the nose nothing could be better. Catarrhone is Nature's own remedy—it heals and soothes—removes every form of throat, lung and bronchial trouble. Prescribed by many specialists and used by thousands every day. Get the dollar outfit; it lasts two months. Small size, 50c; trial size, 25c; at all dealers of the Catarrhone Co., Montreal.

Roof Beauty and Safety
reach their highest investment value in
Ruberoid Shingles
While forming a handsome, distinctive roof, Ruberoid Shingles are
Fire-Proof
Won't warp, split or crack, wear much longer than ordinary prepared shingles, weigh less and can be laid more quickly, saving labor costs. They come in green and in red.

THE STANDARD'S FINANCIAL SECTION

Strength Of Steels Outstanding Feature On Montreal Market

Day's Activity Doubled in Comparison With Other Days—Thirteen Highs Registered.

Montreal, May 30—Outstanding strength in steels featured trading today on the local stock exchange with the whole market showing a much improved tone. Activity also was nearly doubled in comparison with previous days. Of the thirteen highs registered, seven were recorded in steel issues. British Empire Steel Corporation second preferred led the market in activity and closed 1 3/4 up at 36. The common was at a new high at 14 1/2 for a net gain of two points. The first preferred was up for a similar gain at a new high of 78 1/2.

May Futures Caused Another Break In The Wheat Market

Brought About by Further Liquidation—Break Came Under Heavy Offerings.

Winnipeg, May 30—Further liquidation in the May future caused another break in the local wheat market today, while the American markets were closed. May wheat opened 5-8 to one cent lower, at 1.31 3/8 to 1.31, but under heavy offerings, broke sharply falling to 1.28 3/4 from which a slight recovery took place and prices appeared to be steady around 1.29 1/4. After opening 7-8 to 1 1/4 lower, 1.31 to 1.30, July fell to 1.26 1/2 but also recovered slightly and was ranging at the same quotations as the May, October after an opening break of 1-2 to 3-8 cent at 1.30 to 1.18 7/8 fell to 1.18 and was fairly steady around the low point. Closing prices for May were 3 1/2 cents lower, July 3 cents lower and October 1 5/8 cents lower.

TRADE ADVANCE OF CHINA ASTOUNDS AMERICAN EXPERT

Commercial Prospects Better Than Any European Nation, While Wu Pei-fu Promises Political Unification.

New York, May 30—China's unification movement never had so good a chance as it has today under Wu Pei-fu," said L. L. Harr, an American business man who has returned from his twelfth trip to China. "I have just returned from a trip to China which covered every section of the country from the border provinces of the central Asian plateau to the coast and took me also over India and through part of the Straits Settlements. I found the Chinese business community more prosperous, more unified, and more hopeful of the early political unification of the Chinese people than ever before, and among Europeans all over China I found a disposition to believe that China had a better opportunity for peace and progress under the constructive influence of Wu Pei-fu than under any other leader."

Germany Prepared To Stop Printing All Paper Money

Government Also Ready to Recall Paper Money Issued by Reichsbank Since March 31.

Berlin, May 30—Although the press and public here this morning profess to regard the German political "crisis" as still unsolved, it seems clear that the German Cabinet has definitely decided to approve the provisional agreement reached in Paris with Dr. Andreas Hormes, German Finance Minister, and the allied Reparation Commission, and that suggestions to the effect that no decision can be reached until further information is received from the French capital may be regarded as meant to afford Dr. Joseph Wirth, the Chancellor, an opening and time for a retreat from his present difficult and undignified position.

Surprising Amounts Wheat Obtainable In Western Markets

Chicago Well Supplied and But Little Chance of Calling on Winnipeg.

Chicago, May 30—If the shipment of ten million bushels of wheat to Chicago were taken as a criterion for the report that leading interests here were short on a final settlement of this month's dealings, the amount of purchasing for the same interests at Winnipeg would be approximately equal, according to the gossip which has been current here.

Coarse Grain Quiet

There was no change in the future coarse grain situation, the market being quiet and without features. In the cash market little interest was displayed in wheat trade and was of a light volume. A small demand existed for No. 1 and 2 Northern, but little wheat changed hands. Premiums were reported unchanged to half a cent lower. The cash coarse grains were all quiet.

Toronto Board Of Trade Quotations

Toronto, May 30—The grain quotations on the Toronto Board of Trade were:

Manitoba wheat No. 1 Northern 1.45 1/2; No. 2, 1.37 1/2; No. 3, 1.32 1/2.

Manitoba oats, No. 2 c.w. 59; No. 3 c.w. 54 1/2; extra No. 1 feed 56 1/2; No. 1 feed 54 1/2; all above c.f. bay ports.

American corn, No. 2 yellow, 70 1/2; No. 3 yellow, 74 1/2; track Toronto prompt shipment.

Ontario oats No. 2 white nominal, according to freight outside.

Barley, malting 60 to 65 cents; buck wheat, No. 2, \$1.00.

Rye, No. 2, 95, according to freight outside.

Millfeed, car lots, delivered Montreal freights, bags included, bran per ton \$28 to \$30; shorts, per ton \$30 to \$32; good feed flour, per bag 1.70 to 1.80.

Hay, extra No. 2, per ton \$22 to \$23; mixed, per ton \$18 to \$19; clover, per ton \$14 to \$15, track Toronto.

Straw, car lots, per ton \$12 to \$13, track Toronto.

High Prices Now Curtail Building

Shortage of Materials in New York While Chicago Suffers from Big Labor War.

Bradstreet's report disagrees with other compilations which found that April was the biggest building month in the history of the United States. It finds a large gain in most cities partially offset by a decline in New York, the largest building city being \$192,184,358, against \$221,334,956 in March and \$122,733,483 a year ago.

SAVANNAH TRADE

Savannah, May 30—Turpentine firm 93 1/2; sales 166; receipts 678; shipments 239; stock 1766.

Rosin firm; sales 1,027; receipts 2,151; shipments 735; stock 57,996.

NEW ISSUE \$30,000 VICTORIA ST. BAPTIST CHURCH 7% BONDS

at 100 and interest to yield seven per cent.

These bonds are first lien on property valued at \$100,000

J. M. ROBINSON & SONS LIMITED

MONCTON, FREDERICTON ST. JOHN.

To Build a New Mill with 25,000 Spindles and 600 Looms

is the purpose for which The Wabasso Cotton Company has issued \$750,000 Twenty Year 7% Bonds.

The basic nature of the Company's product, with its tremendous market potentialities in Canada—the value of properties securing the Bonds—the Company's record of earnings and very liquid position—all combine to make Wabasso 7's a most desirable investment.

We offer the Bonds at 100 and accrued interest, to yield 7% for twenty years. Instalment payments if desired. Write for descriptive circular.

MOSCOW SEEMS MORE CHEERFUL

Lugubrious Expression No Longer the Rule—Prices Soar and Money Depreciates.

Moscow, May 29—Moscow is cheering up. To the foreign visitor it is noticeable that lugubrious expressions are no longer the rule, but are in the minority on the faces of the constantly increasing street crowds. Prices still soar and money depreciates in value, nevertheless shops are opening in increasing numbers, the people appear better dressed from day to day and for all their troubles there is an air of lightness rather than despondency in the demeanor of the pedestrians.

Chinese Best Business Man

"This is the solid foundation on which the unification movement rests, and this is why I think it is going to make good. And in her prosperity America is bound to have a large share. I found that some 15 American firms had failed in China last year, and that numerous agencies of American houses had closed up. But not one American firm that was doing a well established business directly with the Chinese consumer failed to increase its business. Some of the new ones failed to cover the exchange fluctuations and were caught on the

CAPE BRETON COAL GOES TO BOSTON

Massachusetts Concern Without Fuel Because of Strike Among U. S. Miners.

Sydney, N. S., May 29—Although 7,000 tons of Cape Breton coal were recently shipped from International Pier to Boston in the SS. Wilton, the Dominion Coal Company has no contract for the supply of fuel to the New England Metropolis. What has happened is that a Massachusetts concern, the Everett Gas Company, has come to Cape Breton for the coal which, on account of the American strike, it can no longer obtain through its usual channels. As soon as the strike is over, the shipment from Sydney will cease, it is said. At present it is believed the Wilton will take about eight cargoes or 56,000 tons to Boston during the coming summer.

SHARPE NEWS

MOON'S PHASES table with columns for First Quarter, Full Moon, Last Quarter, New Moon and corresponding dates.

High Low Water table with columns for High Water, Low Water and times for various days of the week.

PORT OF ST. JOHN, N. B. Wednesday, May 31, 1922. Arrived Tuesday.

Star Governor Dingley, 5883, 12 balls, from Boston. Coastwise—Star Ruby L. H. 117, Baker, from Margareville; Granville III, 64, Cullins, from Annapolis Royal; Keith Cann, 177, McKinnon, from Westport; Valinda, 66, Merriam, from Bridgetown; Centerville, 54, Lewis, from Digby; Bear River, 10, Wood, from Digby; gas schooner Regina C. W. Robinson, from Meteghan River; sloop Minnie King.

Cleared Tuesday. Coastwise—Star Bear River, 70, Woodworth, for Digby; Granville III, 64, Cullins, for Annapolis Royal; Keith Cann, 177, McKinnon, for Westport; Grand Mann, 179, Hervey, for Wilson's Beach; Valinda, 66, Merriam, for Bridgetown; Centerville, 54, Lewis, for Digby; gas schooner Regina C. W. Robinson, for Meteghan River; sloop Minnie King.

Shipping Briefs. The steamer Conestoga sailed early yesterday morning for Manchester with a cargo of refined sugar.

The steamer Argus is due in port today from New York to complete cargo with sugar for the United Kingdom.

The Canadian Volunteer is expected to sail on Saturday from Newcastle with a cargo of lumber for Great Britain.

The schooner Gykyrmer is loading lumber at Campbellton for Queens-town.

The schooner St. Clair Tharbert is due to sail this morning with lumber for Stamford, Conn.

The schooner C. Maud Gaskill is due to sail for Hillsboro to load plaster for Newbury.

Trials Satisfactory. The preliminary trials made by the Honourable Justice MacKeown were highly satisfactory, according to cable advice received by the Canadian Pacific.

TRANS-CANADA LIMITED. Effective May 31st from Montreal, Toronto and Vancouver, the Trans-Canada Limited train service will be re-established by the Canadian Pacific Railway Company.

This splendid train, carrying standard sleeping car equipment only and making the fastest time between terminals of any transcontinental in America, leaves Montreal, Windsor street station at 5:00 p.m., and Toronto, Union station, at 9:00 p.m., Eastern Standard Time, daily, consuming 35 hours between Toronto and Vancouver, and 93 hours between Montreal and Vancouver, also reaching Winnipeg in 41, Regina in 51 and Calgary in 55 hours.

The schedules are so arranged that train passes through all important points (commercial or tourist) at most convenient hours for entraining or detrainment, and during the portion of the trip through the Canadian Rockies, open observation cars from Field to Revelstoke are a special feature.

With the resumption of the full summer transcontinental service, the Canadian Pacific will have at 8:00 a.m. every day, thirty-six transcontinental trains moving on its rails at various points between Montreal and Vancouver, among which are included eight "Trans-Canada" trains—at all the vast foci of train traffic in Canada is the "Premier Train."

Eastern Steamship Lines, Inc. International Line. Resumption of Freight and Passenger Service between St. John and Boston, commencing May 31.

Far 910 State Rooms \$3 up. Steamship Governor Dingley will leave St. John every Wednesday at 8 a.m., and every Saturday at 6 p.m. (Atlantic time).

The Wednesday trips are via Eastport and Lubec, due Boston 11 a.m., Thursdays. The Saturday trips are to Boston direct, due Sundays at 3 p.m.

Direct connection at Boston with Metropolitan Line steamers for New York via Cape Cod Canal. For rates and additional information, apply to A. C. CURRIE, Agent, St. John, N. B.

ADDITIONAL TRAIN SERVICE ST. JOHN-FREDERICTON. Effective Sunday, June 4th. The Canadian Pacific will inaugurate a Sunday service between St. John and Fredericton, effective Sunday, June 4th. This train will provide connection between Montreal and Upper Canadian Points and Fredericton with trains Nos. 18 and 16, now running daily between St. John and Montreal.

Train will leave St. John at 8:30 a.m., arrive Fredericton at 10:30 a.m., Fredericton returning leave Fredericton 1:30 p.m., arriving St. John at 6:00 p.m. Eastern. Trains in each direction will make all local stops between St. John and Fredericton.

NOTICE TO MARINERS. Notice is hereby given that Cape Sable, South West Ledge, gas and whistling buoy is gone from position and to be replaced at first opportunity. J. C. CHESEBURY, Agent, Marine Department.

SOVIET RUSSIA

EXPECTS LARGER EXPORTS IN 1922

Has No Definite Statement to Make on Products for Export Houses.

Moscow, May 28.—Soviet Russia's foreign trade department has no definite statement to make as to what products it has for export from Russia this summer, but the departmental manager has told the correspondent that the exports of 1922 would greatly exceed those of last year.

Petroleum from the Baku fields is exported in considerable quantities, while lumber, furs and iron are at several million dollars are already at the ports awaiting shipment.

Twenty thousand tons of petroleum have already been shipped to England, Leonid Kravits, commissar for foreign trade, recently informed the State Planning Commission that he succeeded in breaking the oil blockade created by American and Dutch oil interests against Russian petroleum. It was claimed in Russia, that every attempt to sell Baku petroleum abroad was blocked by underbidding on the part of its competitors.

An Archangel dispatch to the Moscow papers declares that Archangel expects a great amount of business this year. Lumber exceeding the 1921 export is already said to be gathered in the Archangel region for shipment. Last year Archangel's lumber exports, according to Soviet figures were valued at nearly \$4,000,000.

Many Building Permits Issued

An encouraging sign of a rift in the clouds and better times ahead may be gleaned from the building permits issued this month, and those issued for the past five months, as compared with similar periods of last year.

During the past five months, the building permits have totaled \$280,000, while last year the amount was \$90,000.

The permits issued for the month of May are as follows: J. S. Mallory, St. David street, dwelling, wood, \$1,000; Richard J. McQuinn, Oakley street, dwelling, wood, \$1,000; B. G. Appleby, Douglas avenue, tenement, wood, \$7,600; B. Dean, Wall street, tenement, wood, \$7,500; Mrs. Peter Hart, Prince Edward street, dwelling, wood, \$4,500; W. J. Bingham, First street, tenement, wood, \$7,500; Bank of Montreal, King and Prince William streets, new building, \$7,000; G. C. Gandy, Seely street, dwelling, stucco, \$5,000; C. P. Long, Winslow street, ad. \$1,000; Peter Ward, Rockland road, tenement, wood, \$8,000; N. O. Miller, 190 St. James street, \$5,500; A. B. Merritt, Lansdowne avenue, dwelling, wood, \$5,500; R. D. Patterson, Carleton street, alterations and addition, \$6,500.

Montreal Produce

Montreal, May 30.—OATS—Canadian western No. 2, 66 to 68 1/2; No. 3, 62 to 64 1/2. WHEAT—Manitoba spring wheat, firsts, 65.50. ROLLED OATS—Bag 50 lbs. \$3.00. MILLFEED—Bran 225.25; shorts 20.25. HAY—No. 2, per ton, car lots, \$39 to \$40. CHEESE—Finest easterns 12 1/2 to 13. BUTTER—Cholest creamery, 29 1/4 to 30. POTATOES—Per bag, car lots \$5.

Cotton Market

New York, May 30.—Spot closed fair demand. Liverpool American middling, fair 12.50; good middling 12.15; middling 12.00; low middling 11.50; good ordinary 10.75; ordinary 10.20. The sales of the day were 3,000 bales including 5,500 bales, including none American and closed steady.

Travellers are finding the new train service between Campbellton and Edmundston a great convenience. Train No. 57, leaves Campbellton on Monday, Wednesday and Friday at 7:30 a.m., arriving at St. Leonard at 12:30 noon and reaching Edmundston at 1:30 p.m. Train No. 58, leaves Edmundston on Tuesday, Thursday and Saturday at 12:30 p.m., and arrives at St. Leonard at 1:25 p.m., and reaches Campbellton at 6:20 p.m.

ADDITIONAL TRAIN SERVICE ST. JOHN-FREDERICTON

The Canadian Pacific will inaugurate a Sunday service between St. John and Fredericton, effective Sunday, June 4th. This train will provide connection between Montreal and Upper Canadian Points and Fredericton with trains Nos. 18 and 16, now running daily between St. John and Montreal.

NOTICE TO MARINERS

Notice is hereby given that Cape Sable, South West Ledge, gas and whistling buoy is gone from position and to be replaced at first opportunity. J. C. CHESEBURY, Agent, Marine Department.

Comfort for Children at Sea

The Children's Room on a 5000-Tonliner liner.

IT is not an unusual thing in these days for young children to cross the Atlantic alone. During the last few months the passengers on the trans-Atlantic liners of the Canadian Pacific carried some very young unaccompanied passengers. In such cases the officials and stewardesses of the ship take care and see that the children are well looked after in fact the children are usually so happy on board that they are glad to have an opportunity of repeating a trip.

Miss Hilda Kershaw, a girl aged 9 years, was the first to cross the Atlantic alone. She crossed on the "Metagama" from Montreal to Liverpool. She afterwards came from Liverpool to Montreal in charge of a nephew aged three years. Amongst the best friends of this little girl is Captain Gillies of the "Metagama".

A feature of the Canadian Pacific ships is the play room and nursery for children. Here they are provided with all the comforts of home. In case of necessity, medicine and nursing attention is provided. Very often babies are born on board, and the circumstances of their nativity are generally named after some of the officials or stewardesses of the liner which is the scene of their birth.

FEMINIST MOVEMENT IN INDIA IS MAKING RAPID PROGRESS

Heartening Results Achieved in Its Campaign to Place Women on Equal Political Footing With Men.

London, May 29.—Perhaps the most promising feature of the social and political renaissance of modern India is the growth of the women's movement. Mrs. Harbat Tala, recently secretary of the Women's Indian Association, now in London, insists—so do so many feminists of other countries—that the women of her nation never want the "down-trodden creatures" popularly imagined.

"From time immemorial, their power in the home has been practically unlimited," says Mrs. Tala. "In the village councils and also in state affairs, they have had a great deal of influence. And if Indian women really want anything, they can always get it."

They were not successful in their demand, but a clause was inserted in the bill permitting the various legislative councils to extend the vote to women if they so desired.

The act has been in operation but two years, and already the great power of the women of Madras and Bombay have placed women on an equal political footing with men. Three native Indian states—Travancore, Cochin, and Jaisalmer—have done the same.

Right to Vote Extended. Most important of all, perhaps, the Legislative Assembly at Delhi recently passed a resolution conferring the right to vote for the Assembly on those women who are entitled to vote for their respective provincial councils. Women who have worked half a century and more for a similar right are amazed at the rapidity of these methods. When the "suffrage East" does begin to move, it seems to make up for lost time!

Such progress, however, would have been impossible but for the impetus provided by the higher education of women, which during the last ten years, has made great headway. There are now 166 high schools for girls and 14 women's colleges in India. Since October, 1919, the government has recognized its responsibility in regard to girls' education, and has supplied financial aid for its development.

TO RETAIN GOOD HEALTH FOLLOW THIS ADVICE.

Most important of all is proper attention to the bowels. Avoid constipation—it's the health-killer of today. Harsh gripping medicine is ruinous—beware of it. Best results, follow a remedy like Dr. Hamilton's Pills, which are famous for their mildness and efficiency. For headache, biliousness, indigestion and liver complaint, Dr. Hamilton's Pills are just what you need. Thousands maintain their health by regulating frequently with Dr. Hamilton's Pills. 25c. all dealers or The Catarthozone Co., Montreal.

KILLS YOUTH TO AVENGE WRONG DONE HIS SISTER

New York, May 30.—Thomas Harrison, 15, of 411 West Sixteenth street, admitted yesterday that he had shot and killed James Tierney, 17, on Thursday night in revenge for a wrong done to his sixteen-year-old sister. HARRISON told this story to Assistant District Attorney Ryan and Marro:

"When father told me what Tierney had done to Rose I guess I went entirely out of my mind. I found him in Sixteenth street and we went into the doorway at No. 420 to have it out. I said:

"'Jim, you've got to marry my sister.' " "What do think I am?" he said. "That was enough for me. I'm not sorry. I'd do it again."

Harrison surrendered the gun with which he did the shooting. It is a peculiar looking weapon with a sawed off barrel. It contained one shell and two loaded cartridges.

Detective Foley said Harrison had made no attempt to avoid arrest. When questioned Harrison was positive in declaring that there was no one else connected with the shooting. He was locked up on a charge of murder to await the action of the Grand Jury.

Around the City
NEW UNIFORMS.
Members of the Police Force appeared in new uniforms yesterday and presented a good appearance.

A CIVIC HOLIDAY.
The Mayor yesterday stated that Saturday, June 3rd, the King's birthday, would be observed as a civic holiday.

MARKET CLOSED SATURDAY.
The market will be closed next Saturday because the King's birthday, which is a public holiday, falls on that day.

THE SUNDAY TRAIN.
The C. P. R. will on Sunday next put in service a passenger train which will leave here at 10.10 a. m. daylight, making suburban stops, and will proceed to Fredericton, returning, it will leave Fredericton at 5.20, daylight, arriving here at 8.05.

DOG LICENSES.
A total of 670 dog licenses have been issued to date, a slight decrease from the number issued at the same date last year.

STARTED WORK.
Preparations for a start on the construction of an embankment and culvert to replace the old South Bay bridge were being made yesterday by an engineer of the Provincial public works department, who came here from Fredericton to line out the work which will be completed by the day in order to furnish employment to the men of Lancaster who are out of work.

BUYERS DRUG STORE.
A former St. Martin's boy, J. B. Nugent, has purchased the A. J. Holstead drug store at Moncton, from the Holstead estate and will continue the business at the old stand.

FURTHER EXAMINED.
The port side and deck of the schooner Ada A. McIntyre were examined yesterday morning by Capt. A. J. Mulcahy, Capt. N. A. Wilkie and W. H. Knight. It was found that the planking was badly chined and strained from the keel to the tunnel of the bilge and will have to be renewed. Minor repairs will have to be made to the deck and the interior of the vessel.

ARE INVITED HERE.
R. E. Armstrong, president of the New Brunswick branch of the Navy League has written to Vice Admiral Pakenham, of H. M. S. Raleigh, asking that St. John be included in the places which are to be visited in the Maritime Provinces by the three warships under his command.

BOARD OF TRADE.
The Board of Trade has received a communication from the Canadian Chamber of Commerce, London, to the effect that they had invited P. O. Larkin, Canadian High Commissioner, to become honorary president of the Chamber, pointing out to him that the subject of the organization was to foster the spirit of co-operation between English and Canadian business men.

BAD FOREST FIRES.
Two forest fires were reported in Charlotte county near the border yesterday. They were quite close together and looked very serious for a time, but the situation is much better now. They were about three miles from Woodland. The wind was brisk on Monday and the flames looked very threatening for a while, but one is now practically out and a number of men are fighting the other with some success. The total area burned over was about five square miles, mostly land that has been burned before. No buildings were endangered.

Dr. Frank Boyance has moved his office from 74 Germain St. to 82 Germain St. (between King and Union).

"Perfect" window at Vanwert Bros.

Common Council Awards Contracts

T. McAvity and Sons for Pipe, Currie Construction Co. for Excavation—Protest from Fire Underwriters.

The city council yesterday afternoon decided to award the contract for cast iron pipe to T. McAvity & Sons, and the contract for the excavation and back fill for the proposed water extensions, to the Currie Construction Co. The discussion on the first award was animated at times, Commissioner Frink strongly objecting, as their price was a little higher than the lowest tender.

After the reading of the minutes Commissioner Thornton said he had been given to understand by several of the fire underwriters that they had no objection to the passing of the by-law raising the height of buildings in fire district No. 3, but after it was passed some of them had complained and he had asked them to make their protest in writing.

Mayor McLellan thought the underwriters were taking too much on themselves. The buildings would be only ten feet higher, and the roofs would be covered with non-inflammable material.

He also pointed out that a reduction of 25 cents, which had been promised when the Local Board extension was made, had never been put into effect.

It was decided to ask the underwriters to appear before the committee on Thursday.

The report of the committee of the whole, as published yesterday morning, was presented and adopted with the exception that the section relating to the installation of a gas line tank and pump on the premises of Thomas Dean, Jr., was referred back for a further report.

An application for position as assistant in the Labor Bureau was received from Helen L. Beard and laid on the table.

Messrs. Wheaton, Merryfield, Moore, Crabbe, Sherwood and Gibbons asked to be re-appointed as constables, and Mr. Brann made application for appointment. It was decided they be appointed, and the common clerk swear them in when they had provided the necessary securities.

A communication from the New Brunswick Protestant Orphans' Home re the land they ask for at Lancaster, was received and referred to the committee of the whole.

Commissioner Bullock moved that a communication from the city solicitor, in regard to the recent court award for the Thorne property, be received and taken up in private session.

The mayor expressed the view that it could just as well be taken up in the council meeting, as he could not see any need for a private session. It contained information the public were entitled to and they should have it. The motion to take it up in private passed.

Commissioner Wigmore moved that the tender of Messrs. T. McAvity & Sons for the following cast iron pipe be accepted:

16 inch \$48.23
12 inch 48.75
10 inch 48.75
8 inch 49.83
6 inch 50.37
4 inch 50.91

Their price, he said, was \$25.86 higher than the lowest tender, but in view of the fact that they were large taxpayers and a local concern, he felt they should get the contract.

Commissioner Frink said he appreciated the fact that Messrs. McAvity were large taxpayers, but in accepting their bid, the council was establishing a precedent which would be likely to react at some future time.

When tenders were called for, the lowest, if the goods were satisfactory, should be accepted irrespective of the amount of difference in the bids.

Mayor McLellan said he understood the Montreal firm, who had about lost the agency for the Slavery Iron Works, whose goods Messrs. McAvity were tendering on, had quoted at less than cost. He also understood it was the intention of Messrs. McAvity to establish a pipe making industry here as a branch of the Slavery works in England, and he would support the motion. He was in favor of giving a local firm a preference of \$250 on a \$22,000 contract at any time.

Commissioner Thornton said the council had given Messrs. McAvity a contract for pipe which was to be made here, and given them a higher price on that account, but they had not made good.

Some question as to the necessity for a unanimous vote came up and Mr. Wardrop, the common clerk, gave it as his opinion that such was not necessary. The vote was then taken, Commissioner Frink voted nay; Commissioner Bullock did not vote either way, and Commissioners Wigmore and Thornton and Mayor McLellan voted in favor.

Commissioner Wigmore reported that the city engineer had figured out the bids for the excavation and back fill for the various streets and found that the tender of the Currie Construction Co. to be the lowest and he moved their tender be accepted as follows:

Burpee avenue, Wall, Queen, Mackenzieburg, Vulcan, King street east, Carmarthen and King, Westworth

County Council Special Meeting

Decide to Loan the Parish of Lancaster \$6,000 for Sidewalk Construction.

At a special meeting of the Municipal Council held yesterday afternoon it was decided to loan the Parish of Lancaster the sum of \$6,000, to be used in the construction of permanent sidewalks, to be repaid in two years, on the understanding that the Government would pass the necessary legislation at its next session.

Warden Thornton presided and Councillors Wigmore, Frink, O'Brien, Golding, Campbell, Mosher, Shortcliffe, Magee, Crossman, McLeod, Anderson and O'Donnell, were present.

The County Secretary read the requisition for the special meeting and Councillor Wigmore had not arrived. The Warden asked Councillor Frink to read the report of the finance committee.

The committee recommended as follows: "That the Parish of Lancaster be loaned six thousand dollars (\$6,000) for construction of sidewalks in the area in the Parish of Lancaster to be repaid in two years with current interest, and the amount so loaned to be collected in two equal assessments, together with interest and costs of assessment, and if any balance be then uncollected, the same be reassessed until collected."

The adoption of the report was moved by Councillor Frink and seconded by Councillor O'Brien and carried unanimously.

The County Secretary then read a letter from Premier Foster giving an undertaking to pass the necessary legislation for the bonds for this work at the next session of the Legislature. Council then adjourned.

Rev. Dr. Shearer Addressed W. C. T. U.

Domestic Secretary of Social Service Delivered Most Inspiring Address.

The Rev. Dr. Shearer of Toronto, Domestic Secretary of the Social Service Association, addressed the W. C. T. U. at their regular monthly meeting yesterday on the power of prayer and of the Christian faith looking towards the establishment of the Kingdom of God upon earth.

He then referred to what had been accomplished by her being through prayer.

He spoke of Francis Willard, the founder of the W. C. T. U. some fifty or sixty years ago, and pointed out that the starting point of the great work accomplished by her was begun through prayer.

He then referred to what had been accomplished by the Social Service since its foundation fifteen years ago in Manitoba, he said, where four auxiliary were employed, mothers' help societies, and the like.

He spoke of the work of preparing the soil for the seed, and that when the harvest comes then there may be gathered in a hundred fold.

George Black, M. P. At Canadian Club

Interesting and Highly Instructive Address Delivered by Member for the Yukon.

At the Canadian Club luncheon in Bond's last evening, the members had the privilege and pleasure of listening to an interesting and highly instructive address, delivered by George Black, M.P. for the Yukon, and one time governor of that territory.

The speaker dealt, in an able manner, with the conditions, past and present, existing in the territory, which he represents in the Dominion House of Commons and entertained his audience with a number of graphic and well-chosen anecdotes, illustrative of the circumstances of which he was speaking.

Among those present were Mr. A. Wilson, K.C., president of the club, presided at the meeting, and among those at the table with the guest of honor were Sir George E. Foster, Sir Douglas Hison and Senator W. H. Thorne.

Mr. Black opened his address by saying that he was proud to claim the territory as his own country. He had been asked to speak of the Yukon, and it was almost impossible to speak about the Yukon without some mention being made of the old days of the early gold rushes to that country.

People at the present time, said the speaker, have a very hazy idea of the conditions existing in the Yukon, and the mention of its name has a tendency to conjure up visions of polo ponies, and the like. This state of affairs is due to the sensational stories of the early gold seekers, and globe-trotters who wish to attract attention to themselves, making the entire journey in 1917, to hear a lady in London, before the Colonial Club in London, state that she was one of the first white women to make that "hazardous" journey into the Yukon, and statement of a similarly exaggerated nature. As a matter of fact, said Mr. Black, he had met her in Dawson on the occasion of her arrival there, and she spent six weeks in the country, making the entire journey in a manner de luxe, with all the modern conveniences.

The Yukon Territory is the most north-western portion of Canada, and has no seaboard with the exception of the city of Whitehorse. The area is approximately 200,000 square miles, and the climate is not an extraordinary one; in fact, according to the speaker, it is as good ordinarily as that of this province. The rivers are open early in May, and do not freeze again until November, and during the months of June and July the country experiences a season of continuous daylight.

The agriculture on the lower levels was practically unlimited, and included first class potatoes, as good as the speaker had ever tasted in New Brunswick. The only limit to both agriculture and stock raising is that if the local market is there, the people can supply its demands, but they cannot hope to compete with the countries to the south on account of the cost of transportation.

He said that first class pork was raised there; locally grown beef was sold on the Dawson market for fifty cents a pound; and large numbers of horses winter out without any artificial feed.

Mr. Black stated that the number of enlistments during the war, and the amounts of money raised for patriotic purposes in the Yukon were greater per capita than in any other province in Canada. There was a strong British sentiment existing in that territory, and recruiting was not done by the usual demonstrative methods sometimes adopted in other places, because the people simply reasoned the thing out for themselves and enlisted accordingly.

The enlistments not only embraced those of military age, but also included school boys and a large number of the young men going to make the population of the Yukon.

There were a large number of American citizens living in the Yukon, and the spirit of good-fellowship existing among the people was of the highest order. Good order had always been maintained in the country, even in the old days, owing to the good work of the R.N.W.M.P. The population of the Yukon was composed of and in the old days, the Klondike gold fields were at one time a mecca for bad men and bad women from all over the continent.

Although, during these times, neither life nor property were safe in a gold rush, in other parts of the north country, nevertheless, where the mounted police had charge, no such conditions existed. At the present time, all the old vice, like gambling saloons and dance halls of the former type, had disappeared.

Real poverty did not exist in the Yukon, said the speaker. If people were playing the game squarely, they had lots of friends willing to help them; if they did not play the game, they were not wanted in the country. The churches have done a good work there, ministering to the material needs of the people in the matter of hospitals, schools, etc.

Only half the area has been explored, and yet the Yukon has produced almost one-half the gold output of Canada. The territory was undergoing a period of transition. The deposits of placer gold have been pretty well worked out, but as late as 1919, remarkably rich, silver deposits have been found, and this industry is rapidly being developed.

The Yukon has, up to date, imported 300,000 tons of Canadian goods, made on the "outside" the value running to \$100,000,000.

The speaker said that he had seen among other things, Palmer's larrigans, Loggie's lobsters, Rankine's biscuits, Ganong's chocolates, Chestnut's canned, and other articles of

FREE with every Torrington

Torrington ELECTRIC VACUUM CLEANER. A COMPLETE SET OF ATTACHMENTS for cleaning carpets, upholstery, books, etc., to every purchaser of a Torrington. A source of endless delight to the youngsters and an ornament to your lawn. See Our Display Window. EMERSON & FISHER, LIMITED

Bargain Basement Opens Tomorrow At Oak Hall. This Idea Recognized As Greatest Factor in Bringing Lower Prices. Many have been the inquiries as to when Oak Hall intend to open their new Bargain Basement Department, and Oak Hall's announcement that tomorrow will be the opening day will be welcome news. The Bargain Basement idea solves the greatest problem that merchants have been struggling with for some time now, and that is the cost of distribution or selling. For some years now the cost of production has been steadily increasing, but the cost of distribution has increased even more rapidly. Of course the Retail Merchant has no control over production costs, or over freight rates, express rates, and some other costs of distribution, but he has considerable control over his costs of selling, and his great problem has been to bring these costs down, to give the buying public, quality goods at lower prices. The Bargain Basement method of merchandising has been the greatest factor in bringing the selling costs down. It has been adopted by the leading stores in the larger cities, such as Montreal, Toronto, Boston, New York and others, and the wonderful success achieved by these stores proves conclusively the economic position of the Bargain Basement in the retail field. When it is realized that the great Filene Store of Boston, is best recognized through the medium of its Bargain Basement Department, the success of this idea is easily understood. And now St. John is to enjoy this same economic opportunity. Its first Bargain Basement will be opened tomorrow by Scott Brothers Limited, and the money saving opportunities that this new department will bring to the public will be a revelation. The evening papers will have a big announcement by Oak Hall that will make profitable reading for everybody.

Model C Receiving Sets (Marconi) WAVE RANGE 180-600 METERS. With this equipment we have heard continuous programmes of four hours' duration from Schenectady, Newark, Philadelphia, Medford Hillside, and a new station not yet identified. This apparatus may be described as a Thermionic Valve Regenerative Receiver using two stages of amplification. PRICES, delivered anywhere in the Maritime Provinces:—Complete as illustrated with valves, aerial, storage and two B Batteries, \$175.00. This equipment includes 300 feet of aerial wire, 4 insulators, 1 earthing switch, 25 feet insulated earth wire, 1 earth clamp, complete two-valve amplifier unit, two 25-volt high tension batteries, storage battery, eighty-amp. hour capacity, detector unit complete with valve. One pair of telephone receivers. Tuner unit complete. THE FINEST INSTRUMENT ON THE MARKET TODAY. H. V. MACKINNON P. O. Box 691. 108 Prince William Street
