

THE LONG TAILED TROGON

A Most Gorgeous Bird in the National Emblem of Guatemala.

By far the most interesting bird emblem of a modern state is that of the republic of Guatemala. It has been adopted as the national crest for so long that, partly through the taste for stamp collecting, the existence of one of the rarest and most beautiful of birds has been made far more widely known than it otherwise would have been. There is a race of birds called trogons, most of which have very fine feathers and remarkable coloring. They are found in India and the Malay, but are most numerous in Central and South America. It was from their plumage that the Mexicans made their famous mosaics of feather work. From the tail feathers they made the gorgeous green headdresses of their kings and nobles. The most gorgeous of all was the long tailed or resplendent trogon, which was kept as a sacred or royal bird in the palace of Montecuma or in one of the two houses which formed the royal neogeries. Adequate description of the bird is almost impossible. It has a rounded plume on the head, cascades of feathers falling from the back over the shoulders, plumes falling over the tail a yard long and a most elegant contour. The color of the whole of the upper surface and plumes is a most resplendent golden green, that of the breast and under parts crimson or scarlet. Such is the national emblem of Guatemala.

Gibraltar's Story.

In 1704 the rock of Gibraltar fell into the hands of the British by assault. The Prince of Hesse-Darmstadt commanded the troops and Sir George Rokeby the fleet, and in the remarkably short time of four days the stronghold surrendered. Many times the Spaniards attempted to get back the key to the Mediterranean, but without success, though on one occasion they got 500 men within the fort, but failed to re-occupy it. In 1726 it was in the mind of ministers to give back the rock to Spain, but so great an agitation arose against such a step that it was abandoned. There followed a siege by Spain and France, which lasted from 1727 to 1782. On Sept. 13, 1782, no fewer than 40,000 men constituted the besieging army, and in the grand attack, delivered on that day 291 heavy guns, 47 ships of the line and 19 battering ships were employed, and upward of 5000 red hot shots were fired at the fortifications. Since then the possession of Gibraltar has remained undisputed.

Wonderful Little Padlock and Chain.

In a curious old book entitled "The Wonders and Curiosities of London" there are the following particulars concerning a minute padlock: In the twentieth year of the reign of Queen Elizabeth Mark Scariot, a blacksmith, made a lock consisting of eleven pieces of steel, iron and brass, all of which, together with the key, weighed but a small fraction over one grain. He also made a chain of gold, consisting of forty-three links, which, after fastening it to the lock and key above mentioned, he put around the neck of a common flea, the whole being so minute that the little insect could draw them over a silver plate with perfect ease. All of these together, lock, key, chain and flea, weighed a slight fraction less than two and a half grains.

New England Peanut Brittle.

Boil one and a half pounds of brown sugar, a half pint of New Orleans molasses, a half teaspoonful of cream of tartar and a half pint of water to the "hard ball" degree. Then add a pint of small peanuts and continue the boiling until it cracks easily if put in cold water. Add a quarter of a pound of butter and let it just boil in. Then remove from the fire. Add a large teaspoonful of bicarbonate of soda dissolved in a little water, stirring it in. As soon as it begins to rise pour it out upon the marble or dish and spread it thin. When cold, break it up. The thinner it is run the better. Small Spanish peanuts are the best, and they must be removed from their skins by placing them in boiling water, as is done for blanching almonds.

Growth of Our Language.

To give some idea of the tremendous growth of the English language it may be mentioned that the words and phrases under the letter "A" have increased since the middle of the nineteenth century from 7,000 to nearly

Lost Appetite Quickly Revived

A FITFUL APPETITE IS GENERALLY ASSOCIATED WITH A GENERAL WEAKNESS OF THE SYSTEM. FERROZONE, THE BEST TONIC AND APPETIZER, SHOULD BE TAKEN AFTER EACH MEAL, AND A RAPID IMPROVEMENT IS SURE TO FOLLOW.

Disease for food often follows. La Grippe and fever, or is brought on by over-exhaustion or worry. It is a dangerous condition and passes the way for more sickness. On the account of it should be at once corrected by the regular use of Ferrozone.

A new and wonderful medicine is Ferrozone. It instantly imparts a new zest to food and gives power to the stomach to digest and assimilate all that is eaten. Dyspepsia and indigestion are quite unknown to those who use Ferrozone, simply because it digests food so quickly that it has no time to ferment or sour on the stomach.

Ferrozone regulates the bowels, quickly remedies cramps, dizziness and cures all the organs of the body to perform their functions, with proper regularity. It is a liver, is tonic, or the kidneys, and eliminating as they should, they are now restored to normal action, and the poisons that ought to be eliminated are carried off through natural channels.

The surest road to perfect health is Ferrozone. Young girls who have been accustomed to eat almost nothing at breakfast, soon get over the bad habit by using Ferrozone, and as a result grow into vigorous, contented women. When people get up in the morning and lose the strength and vitality of youth, they need a good tonic and blood purifier to enable them to resist the forces of disease and weariness, and to this use Ferrozone can be used to great advantage.

Both the young and the old, the weak and the strong, male and female can derive untold benefit from Ferrozone. It is guaranteed to contain no opiates or injurious drugs, and will do just what is claimed for it.

A Life Sentence.

"Would you call stealing a kiss larceny?" queried the inexperienced young man.

"I suppose so," replied the married man, who was hustling from dawn to dusk to support his family.

"What is the penalty?"

"I stole a kiss one time and was sentenced to hard labor for life."

As Jack Saw It.

Jack, who is five years old, came home one day last week crying that another boy had hit him.

"Why didn't you hit him back?" he was asked.

"I did," he answered, "I hit him back first."

ANOTHER STEP AHEAD FOR CANADA.

An agitation for the removal of the present duty on Canadian wheat entering the United States is now reported from the state of Minnesota. Minneapolis millers are firing out that in order to compete with Ogilvie's flour in foreign markets they must use Manitoba wheat. It's a great compliment to Manitoba and incidentally to the Ogilvie Flour Mills Co., when our friends across the line admit that they need the product of Canadian soil in order to maintain their hold on neutral markets.

THE NUGGAR TANK.

This Loathsome Spot is One of the Sights of India.

One of the innumerable curious sights of India is the Nuggar tank of Kurach. In former times the crocodiles which inhabit it roamed the neighborhood at their will, seeking whom they might devour, but so great were their depredations that the authorities were forced to build a wall round their haunt. This is a swamp, caused by hot springs, the medicinal virtues of which have been known from early times and are attributed to the sanctity of a Mohammedan whose tomb is close by and to whom the crocodiles are sacred.

The tank, as it is called, is about 150 yards long by about half that distance in breadth. In this space one observer counted over 200 crocodiles in one day. They are so tame, in a sense, that it is necessary to poke them with a stick before they will move.

Buffaloes are always standing in the water and are not attacked, but any other animal is instantly seized. "The whole appearance of the place," says one writer, "with its green, slimy, stagnant water and so many of these huge, uncouth monsters moving sluggishly about, is disgusting in the extreme, and it will long be remembered by me as the most loathsome spot I ever beheld."

TRAILING THE GROUSE.

Tending the Birds on Snow Without a Dog Is Good Sport.

There is one form of grouse shooting for which I confess a weakness. This is still hunting, or trailing the birds on the snow. When a new snow falls, the woods are like so much clean paper, and the furry and feathered folk are so many unattended scribbles. Here a wood mouse dotted along, dragging his tail; yonder a hare passed at speed, scared by the red rascal that made those doglike tracks. Small triangles show where squirrels have traveled from nut to storehouse, and larger triangles betray where the cottontails hold conference till a soundless winged owl broke up the meeting.

And here, amid the tan leaved dwarf bushes, is something. Oh! The very sight of it makes you grasp the gun tighter, and you begin to peer ahead and to breathe a bit faster. Those tiny prints running yonder in true line were made by a grouse. Careful, now—it's fresh as— Look! Did you not see that brown thing dart from the stump to that tuft of dried fern and bush? Steady, now! He must be right there before you, and he'll go straight away to—

"Why, how tho?" Bang! Bang!

Good boy! The first kind is in that ample fifteen yards from your nose, but the quick second did the business. As to how the almost-he put almost behind you when you had seen him directly in front—that's a way he has.—Edwyn Sandys in Outlook.

Greek Story of the First Woman.

The first woman created, according to legend Greek mythology, was Pandora. She was made of clay by Vulcan, at the request of Jupiter, who wished to punish the impurity of Prometheus by giving him a wife. When this woman of clay had received life, all the gods vied in making her presents. Venus gave her beauty, the Graces gave her the power of captivating, Apollo taught her music, Mercury instructed her in eloquence and Minerva gave her the most splendid ornaments. From these presents received from the gods the woman was called Pandora, which signifies that she had received every necessary gift.

Prometheus was too artful to marry this woman and could not be captivated by her charms, but his brother, Epimetheus, who was not so prudent, married her instead, and upon opening a box which she presented to him there issued from it a multitude of evils, which dispersed themselves over the world and still continue to afflict the human race. Hope only remained at the bottom to assuage the troubles and sorrows of life.

Collar Is Good to Eat.

"Collar" is the unusual name applied in England to a preparation of meat that is only slightly different from one often served here. Equal parts of cold cooked ham and tongue are put through the meat chopper and afterward pounded to a paste, a little dry mustard added and the whole heated. When warm, press down in a bowl, put on a weight and let stand to get cold and pack into form. Slice thin and serve at luncheon or supper.

The Opposition Falls In Line and Chooses Candidates For

The Fight.

A Lively Contest to be The Outcome.—Two Full Tickets.

The Opposition convention called for Monday afternoon in the Masonic Hall, Chatham, was a fairly representative one, there being about two hundred and fifty persons present.

At 4 o'clock Mr. T. W. Crocker moved that the meeting come to order and that Mr. W. C. Winslow, Esq., take the chair. This was carried unanimously.

On taking the chair Mr. Winslow thanked the meeting for the honor done him. He would call the meeting to order and then proceed to the business of the convention. He was glad to see so many of the opposition to the local government to select candidates for the contest about to be held. The time was short, and the campaign would be short and sharp but no less decisive. The premier had appealed to the people of the province to endorse his policy. In many of the counties this contest is being run on strict party lines. Mr. Tweedie has sent his word throughout the length and breadth of the province that he is a liberal, but does his conduct proclaim him such? Decidedly no. In the liberal ranks Tweedie was receiving the support of the liberal party, while in conservative circles he was still receiving the support of that body, but he (Winslow) refused to be whipped by the liberal party into supporting the present premier, he refused to be whipped into supporting the present administration. At a later time he would tell the people why he would not support the present government ticket. He was as good a liberal as any in the province, but an honest liberal and could not support the corrupt government now in power.

Mr. Geo. Watt moved that a committee of three be appointed to select a nominating committee to choose candidates. Carried. Messrs. J. M. Troy, Wm. Woods and M. Bannan were selected and they retired to the committee room to attend to their duty. The following committee was chosen:—Messrs. John McColl, Ernest Goodfellow, Jas. A. Gillis, T. W. Crocker, M. Bannan, J. D. Creighton, Geo. Brown, James Desmond, Charles Barnard, S. U. McCullay, John Bell, Wm. Woods, Fred Phillips, T. W. Flett, Thos. Ambrose, F. Flaherty, John Lyons.

This committee then retired to the committee room and in a short time reappeared and reported that they had much pleasure in nominating the following gentlemen to contest the county in the interests of the opposition.

THE CANDIDATES.
John Morrissey, D. Morrison,
Geo Watt, W. S. Loggie.

Sick Blood

Feed pale girls on Scott's Emulsion.

We do not need to give all the reasons why Scott's Emulsion restores the strength and flesh and color of good health to those who suffer from sick blood.

The fact that it is the best preparation of Cod Liver Oil, rich in nutrition, full of healthy stimulation is a suggestion as to why it does what it does.

Scott's Emulsion presents Cod Liver Oil at its best, fullest in strength, least in taste.

Young women in their "teens" are permanently cured of the peculiar disease of the blood which shows itself in paleness, weakness and nervousness, by regular treatment with Scott's Emulsion.

It is a true blood food and is naturally adapted to the cure of the blood sickness from which so many young women suffer.

We will be glad to send a sample to any sufferer. Be sure that the picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

The report of the committee was received and adopted unanimously and cheers.

MR. JOHN MORRISSEY.
Mr. Morrissey on rising to address the meeting thanked those present for the honor done him. He had accepted the mandate of this convention and he would contest the county against the Premier and his three men. He did not seek nomination, it was the will of the convention. He had been chosen no doubt because he had been used to running elections, but, gentlemen, it was getting to be like Paddy and the hanging, he was used to defeat, but of late it had left a sore spot and he was tired of defeat and he would not have been pleased to offer this time only that he considered it his duty to his country and his people.

At the present time we hear much of the Tweedie-Pugsley government. Do we ever hear anything of the other members of the executive?

A Voice—Yes, Hill.
Yes, we have heard of him because he has resigned from that government, but do we ever hear of Ferris, Dunn, LaBillon and the rest. No, it was simply a Tweedie-Pugsley combine. A few days ago Premier Tweedie said white addressing a public meeting that he (Tweedie) was tired of the present government, and that he (Morrissey) was not at the last election. If Morrissey was not a liberal then what was Robinson?

The great question before each and every elector in this county to settle before the 28th is "Have you confidence in the present administration to carry on the business of the province in an economical and honest manner?" That is the question and every voter should cast his ballot to the party he has the confidence in.

He was pleased with the gentlemen who had been chosen to be his running mates and he assured all that they would fight this fight to the last ditch.—Applause.

MR. GEORGE WATT.
Mr. Watt was the next speaker. He thanked the meeting for the honor conferred upon him in choosing him to be one of the ticket to oppose the present administration, and he was pleased to be placed on the ticket with such men as has been named. He was satisfied that the people were tired of the present government, and with the manner in which they conducted the business of the province, and was convinced that the opposition would win.

Mr. Tweedie had made the remark that "the lumbermen were behind the government ticket". Yes, that is granted, but are the lumbermen the whole people?

In his mind the great question was: Is the present administration conducting the affairs of the province in a businesslike, honest and economical manner? If they are then they ought to be returned, if they are not, then they should be turned out of power.

Are they thus conducting the business of the province?

Previous to their election they promised to administer the affairs of the province in an honest way. But what do we find? The debt of the province rolling up year after year, roads and bridges neglected and work done by waste. Why within two miles of Chatham there was a road on which \$2,300 had been spent for about two miles of road which was still in bad condition.

Then look at the record of the government, its jobs and deals.

First there was the Northumberland deal. The Asylum and Deaf and Dumb scandal, the Muskoka land deal, the Rothesay Voters lists forgery, and many other such as followed upon him.

If the opposition is returned they will make many reforms for the benefit of the province. He would not have entered this contest only that he felt it was his duty. He did not seek nomination, it had been forced upon him.

The government candidates were campaigning throughout the county and he hoped that the fight would be a clean one. That neither parties would stoop to mean personalities in this fight, that there would be no dirty work.

He believed that there would be a big change throughout the province after the 28th. Hazen would be premier.

Electors—When you are casting your ballot don't allow any one to bulldoze you into the province in a businesslike, honest and economical manner? If they are then they ought to be returned, if they are not, then they should be turned out of power.

He was going to fight this fight for all it was worth. It would be impossible for the candidates to visit all personally as the time was too short. He again thanked the convention or the honor done him in placing him in nomination. Cheers.

MR. DONALD MORRISON.
Mr. Morrison thanked the convention for again selecting him as a candidate. He was in somewhat a different position from the previous speakers, but nevertheless he was opposed to the local government.

Mr. Tweedie had attained the highest position in the province, and he did not begrudge him. But how had he attained it?

At the last election there had not been a full ticket in opposition, he being the only candidate, but he was sure that since that date there had been a great change in the feelings of the people in regard to the present administration. At the last election he had been surprised at the handsome vote he had polled single handed, and he would thank the people now, as he never had an opportunity since the election, for the handsome vote they had given him then.

With regard to the present governments management. Although they had a revenue 10 per cent. larger than their predecessors yet each year they were rolling up debt. Premier Tweedie was each year making his estimates and showing deficits.

He again thanked the convention for placing him on the opposition ticket, he had not asked that nomination, rather had he endeavored to discourage that idea. This was the first time he had had the pleasure of appearing on a public platform in local politics. He had not finally made up his mind to enter the contest until again pressed to consent by the committee.

MR. W. S. LOGGIE.
Mr. Loggie thanked the convention for placing him on the opposition ticket, he had not asked that nomination, rather had he endeavored to discourage that idea. This was the first time he had had the pleasure of appearing on a public platform in local politics. He had not finally made up his mind to enter the contest until again pressed to consent by the committee.

You are all familiar with the planks of the opposition as set down by Mr. Hazen and he would not at this time deal with them. He only wished to say a few words about our franchise law.

This act was a disgrace to the county. It was unfortunate that a man who is not independent that is obliged to look to an employer for wages can be forced to go up to the ballot box and deposit his ballot against his will, but such is the law at present in this province. Such a law should be scratched off the statutes. He gave his word that if he was elected he would use his influence to have the matter amended.

In coming before the people as a candidate he had taken the government at its word. That they would not run this contest on Dominion party lines. They have refused to make election on these lines in many countries there were liberals and conservatives on both tickets and he as a liberal in Dominion politics was opposing the local government. If it were possible he would have preferred to have had local elections run on the Dominion lines, but that was not possible.

Not having any sins to ask forgiveness for.

A Voice—You expect to have them—Laughter.

As he never was a candidate before he could only promise that if he was elected he would use his influence to have the affairs of the province administered in an economical and honest manner.

As his business interests were large and new, his attention at this time it would be impossible for him to visit all the electors and see electors personally, but he hoped every one present would take a deep interest in the fight and fight it to the last ditch.—Applause.

Messrs W. C. Winslow and J. L. Stewart gave short addresses, after which those present were asked to sign the nomination paper of the gentlemen chosen by the convention, and a large number signed the paper, after which the meeting broke up.

SIR OLIVER MOWAT HAS A BAD FALL.

Ontario's Lieut.-Governor Seriously Ill as Result of Injuries.

TORONTO, Feb. 14.—Sir Oliver Mowat, lieutenant-governor of Ontario, is seriously ill as the result of injuries sustained recently by falling while walking in the halls at Government house.

He was suddenly overcome by dizziness and, in falling, his head struck the tile of the floor, inflicting a painful wound near the temple and severely wrenching the muscles of his body. Sir Oliver is now in his 83rd year, and the shock lets him so weak as for it to be impossible for him to open the coming session of the legislature. There are grave doubts, in fact, entertained of his recovery.

MONT. PEELE SEEN IN ACTION AGAIN.

NEW YORK, Feb. 15.—Captain Ebert, of the German steamer Catania, which arrived today from Brazil, reports that on February 4, when passing the island of Martinique, he made an observation of Mont Pelee. Much smoke was issuing from the crater and great quantities of lava were flowing down the mountain and into the sea causing big clouds of steam to rise from the surface of the water.

Bad Coughs

"I had a bad cough for six weeks and could find no relief until I tried Ayer's Cherry Pectoral. Only one-fourth of the bottle cured me."
L. Hawn, Newington, Ont.

Neglected colds always lead to something serious. They run into chronic bronchitis, pneumonia, asthma, or consumption. Don't wait, but take Ayer's Cherry Pectoral just as soon as your cough begins. A few doses will cure you then.

Three sizes: 25c, enough for an ordinary cold; 50c, just right for bronchitis, hoarseness, hard colds, etc.; \$1, most economical for chronic cases and to keep on hand.

BOARD OF TRADE.

(Continued from page 1.)

vote of the ratepayers to sanction such a grant, when special legislation would have to be obtained. The members of the council were quite willing to grant a bonus as soon they knew the particulars of the proposed industry.

Mr. Morrissey said that statements had been made in public that the town would subscribe 20% of the stock and he supposed the Council would still act up to their assertions.

Mayor Morrison explained that this matter of a bonus or subscribing to stock was entirely in the hands of the ratepayers. He felt sure that if the ratepayers were convinced that the industry would be an important one they would be willing to sanction a bonus and it would be to their interests to do so.

Mr. Creighton thought that the action of the Town Council was right and proper at this stage of the matter. He said that the 20 per cent. was not asked as a bonus, but was to constitute the town's share in the capital stock and the town's interest in the ownership of the industry. Of course it would require special legislation but he felt sure this could be procured. The council was very good to grant use of 1000 free and also to have given such expressions as they had in reference to this matter.

He knew that Mr. McCurdy had some correspondence which he would submit to the meeting. As regards to the stub of the C. E. R. He was sorry that Mr. Aitken was not present as he expected to have documents ready and to commence correspondence with the Minister of Justice.

Mr. McCurdy said that he had received two communications in reply to advertisement in the Star. One was from a furniture foreman and manager, the other from a Foundryman. He said the committee were making further enquiries as to the character and ability of these men and would be able to report later. He also stated that he had interviewed Mr. A. Ritchie, and he would be willing to give a company privilege to cut hardwood off his Company's lands for \$2 per M. He thought it would be well to get an option on this at once as the price of raw material was advancing in the next few years and the company would want this to fall back on.

Mayor Morrison suggested that it might be well for the committee to look up site and get an option on the ground. In conversation with Mr. Flett that gentleman informed him that there was an unlimited market for furniture not made up, there was always more demand than the supply. This material was wanted by the large factories which bought goods in this way.

Mr. Falconer asked if Mr. Ritchie's offer meant \$2 with or without stumpage.

Mr. McCurdy—It means \$2 for the privilege of cutting, we would have to pay stumpage.

Mr. Creighton thought that Mr. Ritchie's offer, it is an offer and should be considered as such. The company is not bound to accept it. It is a guarantee that the company will have an unlimited supply of raw material at its back. The committee were also looking for a site and are also making enquiries as to foundry. He had a talk with a gentleman of the Union Furniture Company recently. That gentleman told him that the company was capitalized at \$40,000. They were enlarging their plant and making many improvements. They bought a good deal of their lumber at Daoktown, shipped it to Bass River, manufactured it there and then shipped the chairs back here to us sold in Newcastle. This factory paid 21 per cent. dividends last year. If this company can ship lumber from Daoktown to Bass River, send it back and pay dividends, in the name of heaven what would there be in it for a company in Newcastle which has the lumber at its doors. had their raw material eight miles away and the manufacturer articles of looking for a chance to invest money, he did not see a better opportunity. We should get a gate on or others would be stepping in and reaping the 20 per cent. and then we would be crying.

Mayor Morrison said that the matter of the Indian town extension had been discussed at the Town Council meeting and that that body had appointed a committee to draw up a strong resolution to present to the government and also were to work in harmony with the Board of Trade committee. He suggested that these committees meet together and see if their united efforts would not have the desired effect.

Mr. Russell—With regard to establishing a furniture factory, he had at a previous occasion stated that he was in full accord with the idea. There was an unlimited demand in England and Scotland for certain classes of this kind. When in Scotland a few years ago, he had looked into the market and found that for furniture stock in rough or finished up there was a great demand, also for the better class of finished box shooks. There is no need to trouble about raw material here, there is plenty of it. He had met a man from the country who informed him that he had 12,000 acres and could supply hardwood logs at a factory in Newcastle in large quantities for \$8 per M. There is no trouble to get birch, and splendid birch too. His notion would be not to stick to furniture exclusively. There was great demand for birch flooring and the best material could be taken for this. As to location, he did not see any property as suitable as the old Park Mill property and even if it did cost a little more it would be the best. It had deep water, railway and boom privileges. Comparing our facilities with that of Bass River we ought to make a fortune here. Applause.

A number of minor matters were discussed. Mayor Morrison asked to be relieved of his duties as Secretary and handed in his resignation. Mr. R. N. Wyse was appointed in his place.

It was resolved that the Board meet every Thursday evening until further notice. The meeting then adjourned.

REDBANK.

REDBANK, Feb. 9.—Miss Addie Holmes, who has been visiting her sister, Mrs. Fred White, has returned to her home in Lytleton.

Miss Ella Johnston spent Sunday with her sister, Mrs. Jas. Blatchett.

Cecil Parks has gone to St. John to attend Business College.

Miss Jessie Easty who has been spending the winter in town, is visiting her home here.

Miss Sula Whitney who has been spending the winter in Halcumb, returned to her home.

Miss Maggie Matchett has returned to her home after a visit to her sister, Mrs. John Porter of Bridgetown.

Maggie Mullin has returned to her home in Exmore, after spending the winter with Mrs. Robt. Parks.

A number of our young folks spent a very pleasant evening last Monday at Mrs. D. Whitney's.

Mr. and Mrs. John Harris are receiving congratulations on the arrival of a daughter.

W. A. McDonald who has been ill for some time, is improving.

Mrs. Elizabeth Tozer who has been ill is improving.

Miss Myrtle Whitney, of Whitneyville, is spending the winter with Mrs. Perley Tozer.

(From another Correspondent.)

The roads are very bad and portaging is dull. Ritchie's team is coming back from Sevoile having finished bearing.

Mr. Dennis is not having very good health this winter.

Mr. Foran is running quite a logging business up here this winter.

Mr. Joseph Nobles passed through here the other day on a trip to Ritchie's lumber camps. He called at every camp and landing along the road. Mr. Nobles gives the portagers great praise saying they fed him seven times a day.

WHITNEYVILLE.

Not seeing any notes for a good while though it was time to insert a few.

We are having very stormy weather at present and the roads are in a bad state.

Nevertheless the church was crowded with both old and young on Friday evening to hear the Rev. A. Lucas, Field secretary of the N. B. S. S. Association speaking to the children and every one expressed the opinion that he talked beautifully to them.

There is much sorrow felt for the death of Mrs. Wm. Curtis, an old and respected resident of this place. She was bedfast five days previous to her death. Though her friends knew her end was near it was a sad surprise when she passed peacefully away to the brighter world early Sunday morning.

Rev. A. F. Brown conducted the funeral service and the interment was in the Baptist cemetery here on Tuesday the 3rd inst. Five sons and one daughter are left to mourn her loss. Two of her sons were present at the funeral. She had but one son living here but William Curtis who is living in Doaktown came over accompanied by his wife to see the remains of his loving and affectionate mother.

Much sympathy is also felt for Mr. and Mrs. Walsh who lost a little girl aged three. She expired after a short illness on the 9th inst. Her remains were interred in the Roman Catholic cemetery at Redbank. Though the roads were in very bad condition there was quite a large funeral.

Mr. Grant Forsythe who is working at

the Renous bridge paid a flying visit to his home on Friday.

Miss 'Olara Meuzies spent Sunday at her home.

Mr. William Hare returned to the woods last Friday after spending a few days home.

We regret to say that Mrs. Hiram Whitney is very ill but we hope she will soon recover.

Our teacher, Miss Hattie O'Brien spent Sunday at the home of one of her scholars Miss Lillias Forsyth.

Rev. J. D. Murray and Mrs. Murray, Messrs. Sleeth and Gray were the guests of Mr. and Mrs. Benj. Forsythe, Sunday.

Mr. John Forsythe and Mrs. Jas. McKendrick drove to Redbank on Saturday the 14th inst.

Mrs. E. Dunnett is visiting her daughter, Mrs. D. McAllister and Mrs. P. Tozer of Redbank.

We are sorry to say our fish warden, Mr. Thomas Sherard is unable to make his rounds as he is suffering from hemorrhage of the lungs and is now under the doctor's care.

Miss M. Whitney has arrived home from Redbank where she has spent the past few months.

The Misses Cluston attended by their brother, Miles were the guests of Mr. and Mrs. John Forsythe on Sunday last.

There was a pleasant surprise party at the home of Mr. and Mrs. Wallace Travis last Tuesday evening. A number of their friends gathered there and spent a most enjoyable time and before departing presented to their kind host and hostess several useful presents.

SEVOGLE.

Cold weather last week followed by a heavy fall of snow has made traveling very bad here at present.

As nothing is nearly to a close and there is very little in this section, all the men around here have commenced to haul to the banks.

Mr. Wm. Crow and team are still working in the employ of Mr. P. Kingston.

Mr. Hiram Harris is in the employ of Mr. Wm. Allison.

Mr. Geo. Ety is also away in the woods.

I am sorry to observe that violation of the Sabbath and other offences have made appearance in our district.

We regret to learn that Mr. Fair's barn fell with the heavy load of snow upon it but fortunately none of the stock has been injured.

INDIANTOWN.

Miss Myrtle Foy is spending a few days with her sister, Mrs. Clifford Jardine.

We are glad to report that Miss Maggie Gerrish, who has been ill, is recovering.

Mr. Walock Jardine has returned home from the lumber woods.

The storm has kept a number of our popular lumbermen at home.

Any person driving through this place can see what a fine lumbering country we are living in. Travellers passing by stop to view the landings that are now visible.

We are glad to report that Mrs. Geo. Laubkie, who has had a long and severe attack of rheumatism is much improved in health.

Mr. Arthur Davidson has returned home from the woods.

Mr. Andrew Connors who has been ill, is recovering.

JANEVILLE.

JANEVILLE, Feb. 9th.—We have had one of the coldest weeks that we have had for several years, and a heavy fall of snow which made the roads very bad.

The train is completely stuck now. There is a lot of high banks on the railroad which will take quite a spell to clear out and it will doubtless be several weeks before they will be running regular again.

They deserve credit for the way they have run this winter so far, it is the first winter that the train has been running like on regular time.

The lumbermen are getting along well though they have been considerable hampered by the past storm. There has been quite a lot of lumber cut in this district during the past winter and there will doubtless be more shipped next summer than ever.

P. J. Mahoney paid Janeville a flying visit on Tuesday last in the interest of his lumbering business.

British Force Successful in Kano.

London, Feb. 14.—Advices received here to-day from Nigeria say that the British punitive expedition commanded by Colonel Morland and consisting of 1,200 men belonging to the West African frontier force occupied Kano February 3, after sharp fighting. Only two British officers were wounded. The enemy lost heavily but the city was uninjured. The Emir of Kano fled to Sokoto. An official despatch to the colonial office adds that twelve of the British rank and file were wounded and three hundred of the enemy killed. The Emir was accompanied in his flight by 1,000 horsemen.

Beats the Record

St. Petersburg, Feb. 41.—Russian newspapers claim that a man in the hospital at Sonoka is 200 years old. They say this statement is supported by documents. The man has been a widower for 123 years. He had a son who died in 1824, aged 90 years. He remembers seeing Peter the Great. He is bedridden but a mentally sound.

CARD.

To the Electors of the County of Northumberland. GENTLEMEN:—

In consequence of the dissolution of the Legislative Assembly of the Province, you are called upon to select your Representatives for the ensuing term. We respectfully solicit a continuance of the support given us four years ago.

We believe that the policy of the present administration, in the development of the resources of the province, in the encouragement of agricultural pursuits and in the general management of the affairs of the province, merits the continued confidence of the electors and so if honored by a majority of your votes, shall continue to further the good work already done along these lines. At the same time, we beg to assure you that if elected, the interests of the County of Northumberland shall have in the future, as it has had in the past, our first care.

Soliciting your support, we are gentlemen, your obedient servants,

L. J. TWEEDIE,
J. P. BURGHILL,
JOHN O'BRIEN,
C. E. FISH.

CARD.

To the Electors of the County of Northumberland. GENTLEMEN:—

Having been chosen by a Convention of the friends of good Government irrespective of party, we have consented to accept the nomination unanimously tendered us, and will contest the County in opposition to the Tweedie Administration.

We are heartily in accord with the platform of the leader of the opposition and we join with him in his efforts to overthrow this extravagant and unbusiness-like combination in charge of provincial affairs.

Owing to the bad condition of the roads, it will be impossible for us to visit every section of the county in the short time afforded us.

We condemn the Local Government on its record and solicit your votes and support.

ELECTION.

NORTHUMBERLAND, To-Wit:

I, ROBERT R. CALL, Sheriff of the County of Northumberland, having received His Majesty's Writ dated the Fifth day of February, 1903, for the election of four able and discreet men to represent this County in the GENERAL ASSEMBLY OF THE PROVINCE OF NEW BRUNSWICK,

do in obedience thereto hereby proclaim and give public notice that a court will be held by me at the County Court House in the Town of Newcastle, on Saturday the Twenty-First day of February, instant, at 10 o'clock, a. m., for the purpose of said election, of which all persons will take due notice and govern themselves accordingly.

And in case a poll being then and there demanded I do further proclaim and give public notice that Polling Booths will be opened on Saturday, the Twenty-Eighth day of February, at 8 o'clock, a. m., and continue until 4 o'clock in the afternoon at the following sub-districts, viz:—

Number One.—In the Parish of Newcastle.—For all electors residing between the upper or westerly line of the Parish and the upper line of Frenchfort Cove Brook (so called)—at the Court House in the Shaw Town.

Number Two.—In the Parish of Newcastle.—For that part of the Parish lying between the upper line of Frenchfort Cove Brook (so called) and the west side of the lower Mill Cove Brook, extending to the rear or second tier of lots—at or near the village of Douglstown.

Number Three.—In the Parish of Newcastle.—For all that part of the Parish lying below the west side of the lower Mill Cove Brook—at or near John Sullivan's.

SUBSCRIBERS will kindly watch the date opposite their names on the **ADVOCATE** each week, for two reasons—to note when they are in arrears, and help the Publishers by paying up promptly, and when paid up to see that the date is changed. If.

For fifty cents—the **Advocate** until Jan. 1st, 1904. Over ten months.

We have still a number of **Souvenir Editions** left. By mail to any address, ten cents.

The government and opposition candidates are hard at work in different parts of the county canvassing.

On Sunday Feb. 22 the Rev. A. F. Brown will preach at 11 o'clock Subject **The Day of Grace**, at 7 o'clock, Subject **Artesian Well**.

Don't miss the **Junior's Demonstration** in S. A. Barracks, Thursday, Feb. 19th. Flag, hand and bar bill drills, musical march, recitations, tableau, etc. Admission 10 cents.

Invitations are out for the **First Annual Ball of the Miramichi Valley Club** for next Monday night. This is a club of Miramichi young gentlemen and it is expected that this ball will eclipse anything ever held here. We hear of great preparations being made. A large number of invitations have been issued.

A very successful mass meeting of three Sabbath Schools of the town took place on Sunday afternoon in the Methodist church. The main audience room was entirely filled. A short but interesting programme was carried out after which Rev. A. Lucas, Prov. Field Sec., taught the lesson of the day which was the quarterly Temperance Lesson. The exercises were much enjoyed by those present.

Amateur burglars, evidently local men, entered the office of the Richards Company, Chatham, Thursday night, by breaking a pane of glass and pushing back the bolt of the latch lock and tried to open the safe with an axe. They broke off the combination handle and disc, but, of course, did not succeed in opening the safe by such crude methods. Mr. Rundle and Mr. Morris were hard at work, on Friday, trying to open the safe, and will have to break it open. The thief carried off an overcoat, but got nothing else. Mr. Rundle has taken such measures as will effectually prevent the holder of the coat from making use of it or selling it without detection, having a good clue to his identity, and will put the officers on the thief's track unless he repent and return the coat very soon.—World.

Mr. Rundle has recovered his coat, it having been returned by the thief.

James Howie, jr., left Newcastle, where his family then lived, thirteen years ago, and became a locomotive engineer on a Mexican railway. His parents moved away from the Miramichi, and five or six years ago came to Chatham to live, the absent son sending money regularly for their support. On Thursday James Howie returned, in charge of two members of the Brotherhood of Locomotive Engineers, an insane man, and was placed in the lockup for safe keeping. He has been sent to the Lunatic Asylum at St. John. He recognized some old acquaintances, and seemed almost rational at times. His mind was full of his work, and he often gave orders to his fireman to put on coal. The men who came with him reported that he went to Hot Springs, Arkansas, with \$100 in his pocket, to be treated for general debility, and that he was soon afterwards found there by members of the Brotherhood in an insane condition and without a cent. As to they brought him home to be taken care of. They gathered from his ravings that he had been assaulted and robbed at Hot Springs. It is a sad case for him as well as for his aged parents.—World.

The following dialogue was heard in the Western.

First Voice—I see the boys are giving a dance, well, what, eh?

Second Voice—Yes, nothing but the best, we can't find.

First Voice—They have issued a swell card. Done in St. John or Montreal, I suppose.

Second Voice—Yes, they are neat and we probably done in St. John. They are away ahead of the Bathurst cards.

For the information of these gents we wish to say that the **Advocate** job department is the job of printing the above mentioned cards. If you are in doubt in any way, this is always best to lay the gun on your local office, of course if he had it was a rum job then we would expect the reply to be made that it was done in St. John. You could be sure it was done in St. John's office.

The government headquarters are located in the Quigley block, Newcastle.

Regular election weather, a storm every second day.

A dance will be held in the Mechanic's Institute on Wednesday evening, Feb. 18th. Gents' tickets 50c, ladies free.

A dance will be held in the Mechanic's Institute on Wednesday evening, Feb. 18th. Gents' tickets 50c, ladies free.

Rev. W. C. Matthews of Chatham, will occupy the pulpit of the Methodist church on Sunday morning next.

Send us 50 cents and have the **Advocate** sent to your address until Jan. 1st, 1904. This is the best offer yet. Try it. Tell your friends about it.

We trust our merchants have not forgotten that we carry a full line of grocery, millinery and shirt bags, any of which we print to order. Prices and discounts on application.

We are this week sending out a number of accounts to those in arrears. We trust to have a prompt remittance from the majority as it takes plenty of the resources of civilization to run a newspaper.

Dr. Eldon Mullin, who left the New Brunswick Normal School for a high position in the school system of the Transvaal, has died of enteric fever at Pretoria.

A number of correspondence arrived too late for publication this week. These must reach us Monday morning to insure publication. Bathurst and Jameville notes were delayed and did not reach here until Tuesday evening.

Recently we asked our friends to send us names and addresses of their friends but very few have taken the trouble. The offer is still open, and at this time your friends will be interested. Send us their names and we will send the **Advocate** for one month free. Don't be afraid to send in too many names, the more the merrier.

Miss F. Richards an experienced Milliner formerly of Fredericton N. B., has been engaged by Mr. A. N. Wyse to conduct a millinery dept. in connection with this business. Miss Richards leaves today to spend several weeks in St. John and other cities purchasing a full line of the seasons' latest novelties. Mr. Wyse assures the ladies of Newcastle that this dept. will be the most up-to-date in the North Shore.

Rev. Mr. Arnett addressed a meeting of men in the Y. M. C. A. rooms on Sunday last. His strong forcible words seemed to make a deep impression on those present.

A business meeting of the Association was held on Friday night last. Considerable routine business was transacted. The rooms will in the future be open at 3 o'clock in the afternoon. It is proposed to have a social evening to which a number of young men of the town and others are to be invited.

Newcastle Division No. 45 S of T paid a fraternal visit to Nelson Division, Millerston Monday evening, and had a delightful and exciting time. During the evening our extensive programme was carried out, consisting of music, recitations, speeches, etc., after which refreshments were served. The exciting part of the fun was the drive home. The roads were very bad and the night dark and nearly every team came to grief, but beyond upsetting into the deep snow, no damage was done and all arrived home safely.

A serious and painful accident took place on Friday last at Mr. Thos. W. Platt's box shack and crate mill, Nelson, by which James Lynch, a much esteemed and industrious young man lost all the fingers of his left hand. He was working at a large "tricker" saw when, in some unfortunate way, his hand got in contact with it, the fingers being taken off almost at the knuckle. Dr. Hayre, of Nelson, and Dr. Pollock, of Newcastle, soon had the case in charge and the latter operated on the mangled hand cutting away the shattered flesh and jagged bones. The thumb was badly lacerated, but will no doubt be saved.

The surgeon's work was done at the mill where the accident happened. Lynch was suffering much pain, but he bore without complaint. Before the operation it was suggested to him that he take a stimulant in the form of whiskey. He is a C.M.B.A. total abstainer, however, and declined it, preferring to stick to his pledge. He submitted his mangled hand to the knife of the surgeon without taking an anesthetic and went through the painful operation with a display of nerve that was wonderful. He has the sincere sympathy of the whole community in the serious misfortune he met with, due, no doubt, to the over-confidence which so often accompanies familiarity with a dangerous occupation.—Advocate.

Lifebuoy Soap—disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases.

Social & Personal

Mr. F. H. McKnight of Burnt Church, spent Monday visiting friends in Bushville. Miss Richards of Fredericton was the guest of Mr. and Mrs. Wyse for a few days last week.

G. B. Anslow of North Sydney Junction visited his former home here last week. He returned Monday morning.

RECEPTION.

On Friday evening January 23rd, Mr. and Mrs. D. S. MacFarlane gave a reception party at their beautiful home, Aberdeen Street, Newton Highlands, Mass. in honor of Mrs. MacFarlane's brother Mr. R. Coltart and his bride, who had just arrived from Miramichi, New Brunswick, on their wedding tour. A large number of friends and relatives were present from surrounding suburbs. At seven o'clock the bride and groom led the way to the spacious dining-room, which was artistically decorated for the occasion with crepe paper and holly leaves, the bay window being filled with rare potted plants. After ample justice had been done to the various delicacies on the table, the party repaired to the parlors, where the remainder of the evening was pleasantly spent with piano selections, songs, games etc. The company dispersed to their homes at about 11:30. Mr. and Mrs. Coltart are at present visiting another sister Mrs. Wm. Mitchell, Oak Terrace, Newton Highlands.

Dredging in the S. W. and N. W. Miramichi.

When Premier Tweedie was in Ottawa last month he brought to the notice of Hon. Mr. Sutherland, Minister of Public Works, the necessity of having parts of the channel of the Southwest Miramichi between Flett's mill and Millerton and of the Northwest Miramichi between the Railway bridge and Redbank dredged. The Minister referred the matter to resident Engineer Day a week or two ago for some preliminary information and has now directed that gentlemen to make the necessary soundings with a view to having the work done during the coming summer.—Advocate.

OBITUARY

Four persons in Derby, were better known or more highly esteemed, than Mrs. George Bryenton, whose death occurred at 10:15 A. M., Feb. 6th, after a very brief illness. Born in Banff, Scotland, in October, 1821, the late Mrs. Bryenton bore her 81 years well, and was in excellent health, until the Wednesday preceding her death, when she was seized with a paralytic stroke, and never rallied. The deceased came to Canada, when but twelve years of age; at the age of sixteen, she was married to George Bryenton; for some years they resided on Prince Edward Island, from which they moved to Derby. Mrs. Bryenton was a member of the Methodist church in Derby; and her cheerful piety, and strong Christian faith, allied with a ready sympathy and helpful hand, will long keep her memory green in the hearts of her friends. The last years of the deceased's life were saddened by the unexpected demise of her youngest son, Isaac Bryenton, who died in Stillwater, Minn., and whose death caused the first break in the family circle. She leaves, besides a sorrowing husband, six sons, five daughters, sixty-five grandchildren, and ten great-grandchildren. The sons, George Bryenton, John Bryenton, James Bryenton, William Bryenton, Albert Bryenton and David Bryenton, are all well known residents of Derby. The daughters are Mrs. E. W. Stahl of Dorchester, Mass., Mrs. Thos. Larnier of Princeton, Me., Mrs. John Parks of Redbank, N. B. Mrs. Dudley Burbar and Mrs. Jas. Leslie both of Stillwater, Minn.

The funeral took place on Sunday, Feb. 8th; and though the roads were, in places, almost impassable on account of the recent storms, it was very largely attended. The ministers who conducted the services were Rev. T. G. Johnston of Newcastle, and Rev. Mr. Palmer also of Newcastle. The six sons acted as pall-bearers. The deceased was interred in the family lot in Derby, beside her son's remains. The deceased held the esteem and high regard of a very large circle of friends, who will learn with regret of her death.

BORN.

To Mr. and Mrs. James Donahoe, of C. I. Road, a son.

MARRIED.

At the residence of the bride's father, on the 11th of February by the Rev. Wm. Aitken, Walter McKendie to Annie, daughter of John Dutcher, both of Newcastle.

At the residence of the officiating clergyman, Newcastle, 16th February, by Rev. T. G. Johnston, Mr. James Gallant of Nelson, to Miss Nellie Murchison, of Lee Maine.
