CAMPBELLTON LOSES RESPECTED CITIZEN

W. Albert Mott Died at St. John
Friday.

Not in years has Campbellton and in fact the whole Bay of Chaleur county been so stirred as it was when the sudden death of W. Albert Mott K. C. was announced here Saturday morning.

Some months ago Mr. Mott suffered from a severe paralytic stroke, at St. John where he was undergoing treatment. He recovered somewhat from that stroke, but on Thursday of last week he suffered another severe one which ultimately caused his death. The body accompanied by St. John and Moncton friends was brought to Campbellton Sunday morning and taken to the home of his brother in law, S. H. Lingley, from whose residence the funeral took place on Monday at 3 o'clock.

William Albert Mott, K. C. was born at Campbellton Nov. 20th 1864, a

son of the late William Mott, Magistrate and Court Commissioner. He received his early education in the primary schools of that town. In 1888 he was called to the bar of New Brunswick and immediately entered into partnership with John McAllister, M. P.

His first entry into politics was made in 1902, when he ran for and was elected mayor. A forcible and eloquent speaker, he was not long in making his mark in the larger field of local politics, and on the same year on which he was elected mayor he was elected a member of the provincial house of assembly. He was re-elected in 1905.

As lawyer he was considered to be one of the ablest members of the profession in New Brunswick, and while actively engaged in practice he was identified in some very important cases. He also served in the capacity of Swedish and Norwegian consul.

On September 25, 1894, he married Harriet E. daughter of John Henderson, son of Campbellton who survives him. Four children survive.

In the general election for the House of Commons in 1908 he contested Restigouche county in the interests of the Conservatives but was defeated by a small majority.

His kindly disposition endeared him to the people of this community and many were the tributes paid his memory by friends here. Always

willing and ready to assist in all ways those who needed his services he will be greatly missed.

In the recent fire he was a heavy loser. His valuable law library, said to be one of the best in the province, as well as his comfortable home, were destroyed. He removed to Dalhousie where he lived in the months succeeding the fire.

His wife, mother and four young children survive. He was 47 years of age.

The funeral was held from the residence of S. H. Lingley on Monday and was one of the largest ever witnessed here. Friends from far and near being present to pay the last mark of respect for one they loved.

The services at the house, which were very impressive, were conducted by Rev. T. P. Drumm assisted by Rev. Mr. Kirk of Dalhousie. The choir of St. Andrew's church sang "Lead Kindly Light" and "Nearer My God to Thee". The services at the grave were conducted by Rev. Mr. Drumm.

The pall bearers were Robert Wilkins of St. John, D. A. Stewart, Dr. Lunan, Frank Blackhall, Frederick Kerr and George St. Onge.

Many floral tributes testified to the esteem of deceased. They were as follows:

Wreaths—Mr. and Mrs. John Henderson Amherst, Mr. and Mrs. Geo. G. McKenzie, Vancouver, Dr. L. A. Currie, and R. J. Wilkins, St. John, D. A. Stewart.

Anchor—Mr. and Mrs. A. D. MacKendrick, Campbellton, E. A. McAlpine, St. John.

Out Flowers—Bruce Caldwell, St. John, Miss R. J. Wilkins, St. John, Clarence Ferguson, St. John.

Among those from outside who attended the funeral were R. J. Wilkins, St. John, Wm. Humphrey, and J. Harris, Moncton, Arthur Culligan, and Daniel McAllister, Jacques River, Hon. C. H. LaBillette, and Sheriff Stuart, and many other citizens from Dalhousie, a special train being run to accommodate them.

The community as a whole join with the Graphic in extending sympathy to the bereaved family.

TOWN COUNCIL

Closing Of Victoria Street Crossing Discussed.

At an adjourned meeting of the council held on Thursday evening, His Worship Mayor McDonald presided, at which were present Councillors Miller, Pinault and Alexander. Minutes of previous meeting read and confirmed, during which Councillor White entered the meeting.

Communication was read from Mr. D. Sanon asking that water connections be placed in two tenement houses near to the planing mill the cost to be paid by the owner. This was referred to the Water & Sewerage committee.

Four applications were received for the vacancy in the police force, the names of the applicants being Norman Campbell, Fred Herman, Alfred Lamber, and Wm. L. Cook. These letters were referred to the Police and License committee.

The special business of the meeting was then taken up, that of the closing of Victoria Street crossing.

Councillor Pinault thought it was not the right time to close this street as the subway was not yet completed for pedestrian traffic.

Councillor White said he would still be willing to move the motion that the street be closed but under the circumstances it would not be right as the council had no plan filed nor any right or title to the street. The request of the I. C. R. being a verbal one he thought that to do anything just now might prejudice the town's position. Certainly the Railway Company

were hurrying along the lighting work for the subway, but he felt that the Town Solicitor should be present to guide the council.

His Worship thought Councillor White's reasoning was very good and thought the matter should be left over till next meeting.

Councillor McKenzie at this point entered the meeting.

Mr. F. M. Anderson who was present stated that it was in his knowledge that the original owners of the ground at the subway were not paid for their properties and could close the subway if they so wished. The regular order of business was then resumed.

Petition was received from H. A. Alain for a grocery store near Mill Creek Bridge. Referred to Police and License committee.

The following reports of committees were received and adopted. Councillor Pinault from Public Property and Streets, recommending payment of accounts totalling \$80.75.

Councillor Moore entered the meeting.

In a further report re Central Street, the matter was still in abeyance, one of the property owners having yet to be heard from.

Councillor Pinault handed in these deeds of streets yet to be named which were found in order and filed for registration.

Councillor Alexander from Water and Sewerage Dept, recommending payment of accounts totalling \$1042.74. As the accounts for horse hire for this department were rather high, Councillor Miller thought it would be advisable to purchase a light horse, while Councillor Alexander said a team of horses was required.

Councillor Moore from Public Charities committee recommending

in tea must be distinctive, pleasing and unvarying to merit continuous use. The flavor of Red Rose Tea is all its own; and it never fails to win and hold approval because it never fails in quality. Try it.

payments of accounts totalling \$105.50.

Councillor White from Fire Protection committee recommending payment of accounts totalling \$3.40. In reply to a question Councillor White stated that the hose sled was stored temporarily in the premises lately occupied by Mr. W. J. Christie.

Councillor Miller from Finance Committee recommending payment of accounts totalling \$94.35.

Councillor McKenzie from Assessment and Appeals committee recommending that the assessment on Mrs. Wm. Andrew's property be reduced \$2000, and that refund of taxes be not granted to Thomas Clancy.

(Continued on page 4)

NOTICE

At our previous cheap sales other merchants in our vicinity also put out signs to the effect that theirs was the place of the cheap sale. Don't be misled look for the sign with our name.

GOLDENBERG & CO.

Decide Now.

What you will give him this Christmas and avoid the uncomfortable eleventh hour rush with its usual hurry-burry jostling and inevitable extravagance.

Our advice is 'Give your men friends something practical.' Anything he can wear he will value.

MUFFLERS

In everyone's list of Christmas gifts mufflers are always included. They are indispensable to those who appreciate a stylish addition to their winter dress and are therefore the more appreciated when received at Xmas. Prices range from 50c to \$1.00 to \$3.75 the majority in fancy Christmas boxes.

Smoking Jackets and Dressing Gowns appeal to the home man. Get "Hubby" one.

If he is a shaving man a Shaving Set will surely please him. If he is not present him with one and he will get ambitious and shave himself for possibly he hesitates to "blow himself" an outfit.

Suspenders and Armlet Sets are always appropriate and useful. Each set in suitable Christmas boxes, assorted prices.

MERRY CHRISTMAS

ASK ANY MAN

what he prefers in the shape of a Christmas gift, and his almost certain answer is "something to wear".

This season we are in a better position than ever to handle the coming holiday gift question as our stock has been very carefully selected and combines appearance and usefulness in every article.

SUGGESTIONS

Fancy Knit Vests

Collar Boxes

Military Brushes in Leather Case

The Pins and Cuff Links Neatly Boxed. Suspenders in Fancy Xmas Boxes Neckwear

Pneonix and Silk Mufflers with box

Gent's Toilet Sets

There now remains only thirteen shopping days before Xmas so an early thought on what would be the most suitable, means a wider assortment from which to select, and a certainty of giving him something he'll appreciate

ALLAN MILLER SR. DIES SUDDENLY

Went to Bathroom Saturday Evening and Expired

Campbellton was again called upon to mourn the sudden loss of another respected citizen in the death of Mr. Allan Miller Sr. of this town.

For some time deceased had complained of feeling unwell, but nothing serious was anticipated Saturday evening he did not feel well enough to partake of tea. Shortly after he went up stairs to the bathroom, being absent for an unusual time one of the members of the household went up and called to him, receiving no reply the door was forced open and he was found on the floor. Medical aid was summoned, but life had been extinct for some time.

Deceased who was 73 years of age, was born in Scotland, coming to this country when a young man and residing in Dalhousie until about ten years ago when he removed to Campbellton.

He is survived by four sons, William, Allan, James and George, all of Campbellton and three daughters, Mrs. Evertt Henderson, Mrs. J. E. Andrew and Mrs. William Cook all of this town.

The funeral was held from the home the afternoon of Tuesday afternoon and was largely attended. The service at the house and grave were conducted by Rev. T. P. Drumm. The pall-bearers were Robert, William and Thomas Craig, William and George Miller and John Muchie.

The bereaved family have the sympathy of all in their sudden bereavement.

You will find that druggists everywhere speak well of Chamberlain's Cough Remedy. They know from long experience in the sale of it that in cases of coughs and colds it can always be depended upon, and that it is pleasant and easy to take. For sale by all dealers.

SKIN TROUBLES GROW WORSE

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, gnawing their way into the sensitive tissue. This is what causes that awful itch, and what seems a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years and years of misery.

Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Eczema.

We have had experience with many remedies for skin trouble but have never—never seen such remarkable cures as those from D. D. D. Prescription. Instant relief from the very first application.

If you have skin trouble of any kind we certainly advise you to drop in and investigate the merits of D. D. D. or why not drop a line to the D. D. D.—Laboratories, Dept. C. D. 49 Colborne St. Toronto. We know that D. D. D. will help you. Sold by A. McDonald, Campbellton, N. B.

MOORES SETTLEMENT

Miss Lyda Adams is spending a few days with her friend, Mrs. T. Woodman in St. John.

Mrs. R. MacDavid and little daughter Beulah are spending a few days at her old home here.

Miss Flo Adams entertained a number of her young friends on Monday. The evening was very pleasantly passed with games and music.

We notice several of the boys are purchasing new driving sleighs and the girls are anticipating some sleigh drives these moonlight nights.

Mr. Harold and Mr. M. Moores called on Mr. D. Fraser Sunday evening.

Mrs. D. Fitzgerald spent a few days of last week at Gilt-gulsh the guest of her son, R. A. Fitzgerald.

Miss Bessie Moores is visiting friends in Tide Head this week.

Mr. R. Aylette and Mr. Wm. Brochette made a trip to the I. N. R. by Upsalquitch on Wednesday.

Mr. G. Mann was the guest of his sister, Mrs. T. Moores last week.

Mr. N. Falle and Mr. J. Lodge of Runnymede were in Moores Settlement on Tuesday.

Mr. D. Ferguson passed through here yesterday enroute for Dee Side.

Mr. Jas. Downs of Tide Head spent Tuesday with friends in this place.

Several of our young people drove to Runnymede Tuesday evening, and enjoyed a few hours skating.

Mr. C. L. Moores made a flying trip to Matapedia last night.

We wish to call your attention to the fact that most infectious diseases such as whooping cough, diphtheria and scarlet fever are contracted when the child has a cold. Chamberlain's Cough Remedy will quickly cure a cold and greatly lessen the danger of contracting these diseases. This remedy is famous for its cures of colds. It contains no opium or other narcotic and may be given to a child with implicit confidence. Sold by all dealers.

THINK THIS OVER

This Offer Should Gain the Confidence Of the Most Skeptical.

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obligated to us in any way what ever, if you accept our offer. That's a mighty broad statement, but we mean every word of it. Could any thing be more fair for you?

A most scientific, common sense treatment is Rexall Orderlies, which are eaten like candy. Their active principle is a recent scientific discovery that is odorless, colorless, and tasteless; very pronounced, gentle, and pleasant in action, and particularly agreeable in every way. This in gradient does not cause diarrhoea, nausea, flatulence, griping, or other inconvenience. Rexall Orderlies are particularly good for children, aged and delicate persons.

If you suffer from chronic or habitual constipation, or the associate or dependent chronic ailments, we urge you to try Rexall Orderlies at our risk. Remember, you can get them in Campbellton only at our store.

12 tablets, 10 cents; 25 tablets, 25 cents; 50 tablets, 50 cents. Sold only at our store—The Rexall Store.

For sale by T. WRAN.

Shareholders of the Defunct York Co. Loan and Savings Co. were made glad this month by the receipt of checks for various amounts, being the same dividend of twenty-five per cent. from that institution.

We have a large shipment of No. 7 blue lined envelopes, good quality suitable for business correspondence which we are clearing out at \$2.00 per thousand, printed with your name, address, etc. Special price for larger lots. Price—Cash with order Address—The Graphic, Campbellton

NEWCASTLE BOARD OF TRADE DISCUSSES LIVE TOPICS

Bound to Get Better Train Services--
Want New Fish Hatcheries--Discuss
Taxation.

At the meeting of Newcastle Board of Trade Monday night, following new members were admitted.

M. Sutherland, Redbank; S. B. Miller, H. W. Brightman and Andrew McIsaac, Newcastle; Roman Savoie, River des Cachees; and Lester P. Parker, Miller.

A letter was read conveying thanks for dredging secured through Board of the channel in front of Sinclair Bros. mill; deepening channel to 20 to 22 feet which used to be only 15 to 16 feet.

Secretary McCurdy reported results of interviews with Mr. Pottinger and others of the I. C. R. Board re extension of Newcastle-Blackville train service to Doaktown and separating passenger service from the freight, new I. R. C. wharf and ten ton crane here etc. Very little satisfaction had been obtained. A good wharf at I. R. C. terminus here would greatly increase Newcastle's shipments. Lumber from Bathurst would go from this port. Chatham had got \$100,000 for a wharf. It was time for Newcastle to get her share. He had shown Mr. Pottinger that even a lower rate was quoted by I. R. C. from up-river points to Chatham than to Newcastle, a much shorter distance. The train service from Newcastle to Blackville was dis-

graceful. It had been suggested that one of the through freights from Fredericton to Chatham might run to Newcastle only, and that one might run between Loggieville and Blackville or further west for Chatham's convenience. The passenger service between Blackville and Newcastle--which takes two hours between Millerton and Newcastle, a distance of eight miles--was severely condemned by John Betts and Postmaster Geo. Vanderbeck of Millerton; Rev. E. S. Murdoch of Bonaville, Hon. D. Morrison, J. D. Creaghan, W. J. Jardine and others. The train sometimes spent an hour and ten minutes at the pulp mill. A shunter was needed, and more shelter at sidings.

Postmaster Vanderbeck said that mails leaving Newcastle at 4 p. m. did not reach Millerton till after six, and mails from St. John and N. S. that should be thrown off at Derby Jct., were carried to Newcastle and sometimes did not get to Millerton till next day. Districts above Millerton were worse off still. A mail clerk should be on train. People along the branch road were seriously thinking of petitioning the government to restore old stage mail service. The road was losing passengers, as many preferred the quicker method of driving. He had kept a table of arrivals of train at Millerton

from Newcastle which it leaves at 4 p. m.

" 23	5.40

Loggieville had 7 trains per day Derby and Blackville only 2--Why?

Rev. Father Murdoch complained of no telegraph and other objectionable features at Renous Station. Also freight was liable to be sidetracked at stations above Millerton. The trainmen were overworked. Newcastle, Derby, and Blackville should wake up and demand their rights. Then they would get them.

W. J. Jardine thought that placing of I. R. C. under Railway commission would improve matters. Messrs. Creaghan, Morrison, W. H. Belyea and President Hennessy urged better I. R. C. wharf here and a station near the waterfront to be used by freight trains and the Blackville train.

A crane was needed at wharf, and the long promised Post Office clock and letter boxes had not arrived.

John Betts Rev. E. S. Murdoch, and F. D. Swim of Doaktown were added to committee, consisting of the president, secretary, John Ferguson, Hon. D. Morrison and others, to interview the authorities and press anew for settlement of all outstanding grievances.

TAXATION DISCUSSED

W. J. Jardine brought up the very important question of civic taxation. Fredericton and the average town of N. S. had a tax rate of 1.50 per cent; Campbellton

1.65; St. John, 1.98; Moncton, 2.02; Chatham and Glace Bay, 2.50, while Newcastle's, which last year was 3.00 and this year very little less, was highest in the Maritime provinces. Our high rate was due to our low valuation of \$747,000. This excessive high rate of taxation and low valuation interfered with profitable sale of bonds and real estate.

It was moved by Mr. Jardine, seconded by R. A. Murdoch, that whereas the tax rate of the Town of Newcastle is extremely high and the assessed valuation correspondingly low, as compared with other towns and cities in the Maritime provinces, and such a high rate and low valuation are prejudicial to the interests of the town in the eyes of investors buying our bonds and also to the property owners, therefore:

Resolved, That the attention of the Town Council be called to the question and that they be requested to take steps to adjust the same before the next assessment is made.

Messrs. Jardine and Murdoch supported revaluation; while Mr. Creaghan wanted discussion postponed. He did not want any more bonds sold. The town's credit had been far too good in the past. He was against any further borrowing. The system of taxation was wrong. Five-sixths of the personal property escaped taxation altogether. He was rather in favor of Ald. Stuart's idea of a land tax. Hon. Donald Morrison said that the Town Council could only appoint the assessors. They had no power over the valuation and assessment. The present system of taxation allowed personal property to go almost scot-free, while the man who tried to improve his property was heavily taxed. He had followed Ald. Stuart's arguments before the last convention of the Union of N. B. Municipalities and agreed with him on several points. This question was too important to be voted on tonight.

On motion Messrs. Morrison and Stuart, further consideration was laid over till next meeting, when a full house is expected to be present and take part.

The following was moved by John Betts, seconded by Hon. Mr. Morrison and carried unanimously: That in the opinion of this Board of Trade a Fish Hatchery on the Southwest Branch of the Miramichi River would be of inestimable value to the fishing interests of the Miramichi; that the question of artificial propagation of salmon, e.c., has long passed the experimental stage as attested by the last increase of fish where hatcheries are in active operation that under the very best conditions only about ten per cent of salmon ova matures on the natural spawning beds shows the great necessity of artificial propagation, therefore resolved this Board of Trade memorialize the Federal Government for a sum to be placed in the estimates for the erection of salmon hatcheries on the tidal waters of the southwest branch of the Miramichi. Adjourned.

When you have a bilious attack give Chamberlain's Tablets a trial. They are excellent. For sale by all dealers.

DALHOUSIE

Dalhousie Dec. 6--The W. A. of St. Mary's church who have been sewing during the past few months for missions met at the Rectory on Tuesday afternoon and packed a generous sized bale filled with useful articles of clothing.

J. G. MOLL, EDITOR H. B. ANSLÖW, MANAGER

CAMPBELLTON, N. B., DECEMBER 8, 1911.

TOWN COUNCIL

(Continued from page 1)

Mr. F. M. Anderson was heard before the council with regard to the poverty existing in Andersonville. Mr. Anderson stated there were a number of families living in his houses who were in destitute circumstances and who were in need of help from the town. The people he was speaking of were the kind who were willing to pay all their obligations and would do so if they had a little help from the town. He did not consider it was his duty but rather that of the council to see that these people were provided for. In reply to a question it was stated that the town were only paying the rent of one house in this district. Councillor Moore stated that none of the persons spoken of had made application to him for help and at far as he knew he thought they were all in favorable circumstances. Councillor Pinault said that two of the families he knew were deserving of help. After desultory discussion the Public Charities committee were instructed to go into the matter at once. Councillor Alexander with regard to crossing at Victoria Street submitted a plan of overhead bridge and also a subway. The subway would be eight feet high for pedestrian traffic only and estimated to cost \$5000. The plans were handed to the delegation who will go to Ottawa regarding dredging matters who will have a memorial prepared for submitting to the Minister of Railways.

In reply to a question from Councillor McKenzie, the Electric Light committee stated that preparations were being made to have the street lights on during the Christmas shopping. After discussion on the building bye-law regarding brick chimneys, Council adjourned.

PERSONALS

Mr. Belford Astels has returned to his home in New Carlisle after spending a couple of months with his sister.

Many friends here will regret to learn that Mr. Roland Moffat is seriously ill of typhoid fever at his home in Montreal.

Mr. W. E. Jardine will shortly leave for Vancouver where he has been appointed manager of the Bank of Vancouver there.

Mr. W. S. Thomas of Sussex has been appointed manager of the Bank of New Brunswick at Fredericton succeeding Mr. W. E. Jardine.

Mr. Ray Young who has been to the Pacific Coast is in town this week.

Mr. Murchie of Black Lande was in town for the funeral of Mr. Allan Miller.

Mr. Robert Wilken of St. John was in town this week.

Mr. W. H. Luke has returned from a business trip to the woods.

Rev. Mr. Kirtle of Dalhousie was in town attending the funeral of Mr. Mott.

Mrs. Geo W Myles was visiting Mrs. L. Clifford, Dalhousie this week. Miss Mahone paid a visit to Miss McIntyre, Dalhousie.

Miss Elma LaBilloy was in town this week.

Miss Ethel Corbett of Petit Rocher is visiting her sister, Mrs. Bliss Johnson.

Mr. John P. Hamilton who spent the summer at Athol has returned to his home in Black Lande.

A. G. Adams has returned from a business trip to Montreal.

Mr. and Mrs. O. D. Buck have taken up their residence in Campbellton.

Mr. Fred McRae is in town for a few days.

Mrs. Jas. Patterson is visiting her daughter Mrs. Allen Troy, Moncton.

Miss Selma Scott we regret to know is confined to her home through sickness.

Miss Ethel Macdonald left for Montreal Thursday morning.

POLICE COURT PROCEEDINGS

Railway Thieves Arrested.

Two men appeared before Police Judge Matheson last Thursday and pleaded guilty to the charge of stealing coal from the I. C. R. yards. Accused were arrested by Officer Dunphy I. C. R. police and the magistrate fined them \$10.00 each and cost.

Wm. and Joseph Cyr appeared before the magistrate on the charge of breaking seals and stealing from Cars in the I. C. R. yard. These depredations being spread over a long period special precautions were taken which resulted in the two men being apprehended by police officer Dunphy of the I. C. R. while waiting at the depot to remove the prisoner to the lockup Joseph Cyr made good his escape but was afterwards taken in charge at his home. Among the articles stolen from the cars are bags of sugar, flour and butter.

Both men were remanded till December 8th and were removed to Dalhousie Jail.

Wm. Mariner for being drunk and causing a disturbance was fined \$8 and costs or 20 days in jail.

THE CAMPBELLTON GRAPHIC

IN COMMERCIAL LIFE

The Exaltation of the Trust at the
Expense of the Individual is the
Principle Today.

In a commercial life, perhaps as no-
where else, in the rushing, seething,
struggling, strenuous times, with all sorts of
get-rich-quick schemes, and with the
avidity in all circles where wealth
is worshipped, do we see the abuse
and exaltation of the individual
and the exaltation of the firm, the
company, the trust, the union, the
league, the association. Small de-
cisions are unceremoniously cut by the
trust, without any consideration of
personal rights; and the same prin-
ciple is followed in the labor or-
ganizations toward the individual
worker who may choose to resign his
membership in his God-given indepen-
dence. The history of the Standard
Oil Company, and others in other
lines, in heaping up riches, is a con-
stant march over the wreckage of hu-
man fortunes, the subversion of per-
sonal rights, and the ruin of human
lives. "To live and to let live" has
yielded to "to get by any means, fair
or foul," only so it is within the pale
of a possible perversion of the law.

Queen Mary's Pantry

Queen Mary's pantry at Windsor is
said to contain the most valuable col-
lection of tableware in the world.
Every reign since Queen Elizabeth's
has contributed to the collection,
which is stored in two rooms. The
walls are lined with cases made of
plate glass and mahogany, with simi-
lar cases occupying the centre of
each room. The most imposing
feature of these two rooms is the
dinner service of solid gold used only
for dinners of the highest state. There
is a table of solid silver three feet in
length. A rosewater fountain of
silver has a home supported on the
columns around which are groomed
horses and hounds. A silver gilt
lucan almost a yard high is said to
have been saved from the Armada.
A pair of bellows mounted in silver
and gold was once the property of
Neil Gwyn. There is a massive pair
of firetongs in solid silver made for
Charles II, and a huge punch bowl
was contributed by George IV.

Legislative "Howlers."

According to the official records,
the Arizona Legislature recently pas-
sed a measure establishing a Horti-
cultural Commission with powers to
employ an etymologist. Whereupon
an American Journal aptly remarks
that, in view of the wording of the
bill itself, an etymologist would not
be a bad catch after all. The Journal
has collected a few more curiosities
of the same type. One of them is also
from Arizona, which has made it a
misdemeanor to pluck an ostrich
feather or plume without the con-
sent of the possessor. The Ken-
tucky statutes forbid the discharge
at random of any "deadly weapon,"
whether said weapon be loaded or
unloaded; and a Missouri enactment
in prescribing the ingredients which
may lawfully be used in the manu-
facture of liquor, omits any men-
tion of water. But is it not in Mis-
souri that your tailor asks you what
size you will have your hip pockets
— in pints or quarts?

HIDDEN VALUES

The most undesirable and unat-
tractive work will develop charm if
one puts his whole heart into it and
endeavors to do it better than it has
been done before.
The most commonplace lives have
about them possibilities of romance,
tragedy, and humor that discover
themselves to the one who ministers
to these lives with a brave and re-
servant heart.
Browning's "Sterplee, one of the
very greatest poems that was ever
written, "The Ring and the Book,"
sprang out of the manuscript of a
law case found in an old curiosity
shop in Florence and purchased for
15c. To most people that old docu-
ment would be worth no more than
its value as waste paper and of as
little interest as the dead leaves that
the wind scatters over the fields.
So in the midst of the most un-
promising conditions, if one puts his
whole soul into his work and looks
for its hidden values he may find it
treasured with a beauty and a delight
that were quite unsuspected.

Novel Funeral Service

In the cranberry belt of Plymouth
County, music by phonograph at a
funeral has just been introduced with
great success. The first funeral to
mark the introduction of the phono-
graph was that of Ralph U. Grafton.
The Rev. W. W. Dorman officiated.
Arrangements had been made for
the assistance of a quartette from
Plymouth. At the last minute the
singers sent word that on account of
the excessive heat they would have to
be excused. There was great disap-
pointment until the time came for the
singing of "Jesus, Lover of My Soul."
At just the right time a quartette
was singing the exact same hymn so
beautifully that nobody missed the
Plymouth singers.

One of the neighbors, witnessing the
disappointment of the mourners at the
news from Plymouth, had quietly slip-
ped out, got into her buggy and drove
home for the family phonograph.
When she came back she brought
several records, among them "Rock
of Ages," "Lead, Kindly Light," and
"Abide With Me."

Polite Children

A child should be drilled to be
exquisitely polite to every person
he comes in contact with, to the
members of his family, to the em-
ployees in the kitchen or chamber,
and to the guest, within his father's
gate.
Children who are not obliged to be
polite to their elders and to one an-
other will not suddenly become well
bred when strangers are present.
They should not take the most com-
fortable seats or the most ad-
vantageous positions, but they should
offer such attention to their
elders, and the boys to their sisters.

A PRACTICAL EXAMPLE.

Example of the Effect of Competition
with Australia.

On March 13th last, 750 carcasses
of frozen lamb from Australia were
landed at St. John, N. B. 250 car-
casses were sent to the William Dav-
ies Co., Limited, Toronto. The greater
part of the remainder were shipped
to Montreal. This lamb was pur-
chased at nine cents per pound deliv-
ered in bond at Toronto.

Under existing conditions the duty
was three cents per pound. This
made the lamb cost twelve cents per
pound laid down in Toronto.
The dressed lambs were selling in
Toronto at that time at 13 1-2c to
13c. per pound.

Hence, after paying this duty
there was not much difference be-
tween the prices of the Australian
and Canadian lamb.

The duty protected the Canadian
farmer against the Australian pro-
duct.

But under Reciprocity the duty on
this frozen lamb will be only 1 1-4c.
The price of the lamb in Toronto
could be laid down in Toronto at
15 1-4c. per pound, two or three cents
per pound cheaper than the price for
the home raised products.

Referring to the lambs which were
sent to Montreal. When they reached
Montreal Canadian lamb was selling
at 10 1-2c. The Australian lambs
were sold at 9 1-2c. delivered ex car.
Montreal duty paid, the owners ap-
parently being contented to undersell
the Canadian market by one cent per
pound.

Now, if you wish to see the effect
upon the live stock market of the re-
ceipt of this Australian lamb in Mon-
treal, turn up the Montreal papers of
March 20th, in one of which, for ex-
ample, the headline was "Sheep Sold
Lower in Local Markets."

If, with the three cent duty on every
pound, frozen lamb can be profitably
imported from Australia, it seems
almost conclusive that reducing the
duty will also reduce the price of
Canadian lamb accordingly.

And not only does Australia export
frozen meat, but it exports butter, as
well. It exports annually between
fifty and seventy-five million pounds
of butter.

Australian butter can be laid down
now in bond at Montreal at 23c. per
pound. A duty of four cents per
pound would put it out of competition
with the Eastern butter now
selling at 26c. per pound.

THE REVIVAL OF THE CAMEO

Antique Shops of Europe Doing
Good Business.

An early Victorian fashion revival
is the cameo, which is being worn
hats or for clasping the belt at the
waist or even at the wrist. The an-
tique shops of Paris and London are
being ransacked for these ornaments.
The pink and creamy tints of these or-
naments are considered wonderfully
becoming and as the finishing touch
to white evening gowns they are
looked upon as indispensable at the
present moment.

And, too, which has been out of
fashion for years, has come back into
fashion and is to be seen ranging in
tint from darkest green to pure white.
The cameo of a fine green is the
most popular and is used in necklaces
of rounded beads scarcely matched.
Crops for earrings and cabochons
with pearls and diamonds.

A GREAT CAPTAIN OF INDUSTRY

Words of Louis Stevenson Form
Keynote of Great Career.

"To travel hopefully is better than
to arrive, and the true success is in
the journey." These words, once written
by Robert Louis Stevenson, hang
above the desk of Mr. H. Gordon
Scott, the head of the enormous
store in Oxford street, London, who
was recently the victim in a motor
smash. They provide the keynote of
the character of the man, who, start-
ing life as a shop-sweeper, made such
good use of his opportunities that, by
the time he was thirty, he was a
partner in the Marshall Field store
in Chicago—a store which has earned
joint fortunes for its owners am-
ounting to over \$500,000,000. Mr. Self-
ridge had retired from business
when, growing tired of a life of idleness,
he turned his eyes towards
London and ultimately founded the
huge business in Oxford street.

OLDEST RULER OF EUROPE

Prince Regent of Bavaria Ninety
years of age.

The oldest ruler in Europe is the
Prince Regent of Bavaria, upon whom
on the occasion of his nineteenth birth-
day, recently, King George conferred
the Order of the Garter. He has had
the unique experience of acting as
regent of that country during the
reign of two kings. Twenty-five
years ago the Prince Regent's
nephew, King Louis II. of Bavaria,
was declared insane, and the Prince
was proclaimed regent. Three days
later the king committed suicide, and
was succeeded by King Otto, who is
now sixty-three years of age, and
who has been insane since 1875. The
Prince is extremely popular in Ba-
varia on account of his sporting pro-
clivities.

Whole Wheat Bread

London doctors interested in the
nutritive value of foodstuffs have is-
sued a document in which they re-
commend the use of whole meal in
making bread instead of fine white
flour. It is maintained that there are
in the whole meal two and one-half
times the amount of mineral sub-
stances that nourish the body.

Some medical men earn their money
by inventing complaints with long
names for providing costly remedies.

FIRE AND INSURANCE

What Being Burned Out May
Mean to a Business.

DAMAGE ONE CANNOT COVER.

Enormous Losses Caused by the Sus-
pension of Operations and the Drift-
ing Away of Trade That Are Not
Appreciated by the General Public.

"I suppose you heard that Blank &
Co. were burnt out from the roof to
the basement last night?" remarks the
man in the car.
"No," exclaims the friend who hasn't
seen the morning paper. "I suppose
they carried insurance?"

"Oh, yes—a hundred thousand of it"
returns the first speaker, at which his
friend settles back with the comment
that everything is all right then.

This is the layman's conclusion, al-
most invariably. Some big concerns
burn out, but with insurance to an
amount seeming to cover the loss the
average man is disposed to feel that it
is all right. He doesn't stop to think
of the enormous risks of a business
which cannot be covered by insurance
and which for weeks, months or years
after a fire are crippled and perhaps
ruinous to the fire victim.

Take, for example, a highly organ-
ized factory plant in prosperous times
which has been turning out a vast
specialized product from the hands of
thousands of expert workmen. This
plant, fitted with costly machinery, is
covered by insurance upon its visible,
material assets. Fire sweeps it and
lays everything in hopeless ruin. If
every piece of machinery, every build-
ing and all material adjuncts of the
plant have been covered to full value
in such a plant, will the reader dare
make a rough guess as to what the
hamations of loss may be?

Only the other day I stepped into
a bookbindery, unostentatious in its
street signs and occupying a fifth
floor in an obscure street. In the ele-
vator shaft, was that peculiar odor
which marks the track of fire and
men days and weeks after such an
accident.

"Most of the fire was next door," ex-
plained the proprietor, "but I guess
the smoke and the water were about
as bad for us. Sometimes it is almost
better to have the fire yourself than
be next door to it."

Which seemed to be especially true
of book material. Where smoke and
soot had failed to tell, and where the
stock, water from the engines in the
street had flooded it until ruin alone
was descriptive. Everything had been
closed down, workers in the plant
were idle, and the proprietors were
awaiting the adjustment of the insur-
ance which he had been carrying. But
in the extent of this insurance itself
was a knotty situation.

Ordinarily the house had carried pol-
icies which would have left it the
minimum of risk on its machinery,
stock and materials. Ordinarily a still
further blanket policy was carried for
the purpose of covering the normal
amount of book material on hand,
owned by others and contracted for
rebinding. But only a few days be-
fore the fire the house had received a
consignment of \$5,000 worth of law-
books to be bound. These volumes,
aside from intrinsic value, represented
so much of other value as to make
the risk abnormal for almost any sea-
son. And these books were ruined.

Before receiving them the binder
had asked the owners to take out a
policy for themselves protecting them
against such fire loss. The firm had
not done so, and when the fire dam-
age came the disposition of the owners
was to hold the binder for them under
one of the binder's blanket policies.

On this one disputed point, taking it
into court, will some one make a
guess as to what this one feature of
the fire may cost the binder who has
all purposes was "insured," if it should
be settled in the supreme court after
five or seven years, for example?

But in the case of the big manufac-
tury, with its imported special machin-
ery, its season of rush work and its
enormous and fluctuating stock of ma-
terial—if on the morning after the
fire the assuring companies settle in
full for the visible losses, how much
has the company been damaged?

Of first consideration, perhaps, is the
enormous payroll of the concern. If
most of the mechanical work of the
plant has been done by pieceworkers,
still the necessary force of directing
employees on salary is a problem. The
determination of the owners is to start
up anew. Tried and proved employees
must be retained while the work of
rehabilitation goes on. They must be
paid even if they are to do no more
than wait. Settlement of some kind
must be made with contractors who
have been supplying raw materials
from the hands of other thousands of
workers. No matter what the damage
in contracts providing immunity in
case of fire, strikes and acts of Provi-
dence, every line of business affecting
the welfare of the manufactory has
been affected.

The plant is a total loss. Before it
can be rebuilt the ruin of the old fac-
tory must be cleared away.

In the meantime all these customers
of the manufactory who have been
receiving the filling of contract or-
ders and who have shorted out of any
chance for receiving them. They turn
at once to other competing establish-
ments for the work. And only from the
urgent need drive some of these cus-
tomers from this work, but it is run-
ning a long chance, and one of the
most difficult and costly, to get the
old plant back to its former state.

Boys and Girls Ready to wear garments.

We have also cut the prices deep enough in this line. This will be a welcome news to the large families. Sure your boys need overcoats, suits or sweaters, underwear, caps, mitts. You can dress your boys for the same price as you would have to pay for two any other time.

Dry Goods.

There is no better time to buy your dry goods than the present. Every shrewd housekeeper should take advantage as it means every dollar spent at this sale you save 40 cents. There is always something you need in the line of dress goods, heavy cloth for costumes, coating, grey, blue, white and red all wool flannel, wrapperet, striped and plain flannelette, plaid, print, velvet, silk, gingham, sheeting, pillow cases, table cloths, linen, gray and white blankets, comforters, and small ware. Of course we cannot mention prices on all, but will give you some idea of the great bargains that are waiting for shrewd housekeepers. Read this then come and see.

Many Other Articles Too Numerous to Mention

Check up every item that interests you and bring this handbill for comparison. Every dollar spent in our store means a dollar saved. Don't listen to just as good, or just as cheap, but come here first and see what we are offering. Remember no trouble to show goods, you are under no obligation to buy unless you see a bargain. We have no Agents or branch store, **PLEASE TAKE NOTICE**. Some of our competitors may take advantage of our advertising, and hang out cards or signs to the effect that theirs is the cheap sale, as done before. So don't let them fool you, we are the only original bargain givers. Look for the Big Cotton Sign With this name.

THE TOWNS OF NEW BRUNSWICK

Newcastle Increased Nearly 18 per cent. in 10 Years.—Chatham and Milltown Lost.—Only Moncton and Campbellton Make Large Gains.

The following brief table shows the growth of New Brunswick cities and towns since 1881 so far as records have been kept:

	1881	1891	1901	1911
St. John	41,353	39,171	40,711	42,499
Fredericton	6,218	6,302	7,117	7,208
Moncton	5,023	8,763	9,926	11,333
Chatham	4,865	4,662
Fredericton	3,000
St. Stephen	2,840	2,886
Woodstock	3,644	3,856
Newcastle	2,507	2,945
Campbellton	2,652	3,816
Milltown	2,044	1,804

The census of 1911 adds nine to the list of New Brunswick towns for which separate returns have been made. These are Sussex, 1906; Marysville, 1,837; Dalnourie, 1,650; St. George, 1,629; St. Andrews, 987; Bathurst, 960; Richibucto, 612; Hampton, 554; Gagetown, 233.

THE MCNAMARAS ARE GUILTY

Labor Union Officials Indicted For Blowing Up Printing Office and Iron Works Confess.

Los Angeles, Cal., Dec. 1.—James McNamara pleaded guilty this afternoon to murder in the first degree in connection with the death of Charles J. Hagarty, a victim of the Los Angeles Times explosion and fire.

His brother, John J. McNamara, jointly indicted with him, pleaded guilty to dynamiting the Llewellyn Iron Works.

They will be sentenced next Tuesday, Dec. 5.

So far as has been learned less than a dozen men knew when court opened what was going to happen.

The McNamaras have pleaded guilty because they are guilty, was District Attorney John D. Frederick's crisp comment.

The Times building was blown up by James B. McNamara with nitro-glycerine, to be sure, but the bomb touched off the gas, and gas really did it, said Clarence Darrow attorney for the defense.

District Attorney Frederick intimated that he would recommend life imprisonment for Jas. B. and that John J. probably would have to serve a short term. The matter was practically arranged early today by agreement between counsel.

"Do you think union labor will suffer?" asked a reporter.

"Oh, no; it's just an incident in the evolution of things, because one does wrong does not mean all the others are wrong. As a matter of fact Jim McNamara did not mean to kill anybody. I reiterate that there was really no criminal intent. It was meant as a scare to the Times and I don't think there was enough explosive to really do the damage that was done, but, of course, gas helped. But the crime is the same no matter what the intent."

W. ALBERT MOTT DIED FRIDAY

Well Known Lawyer and ex-M. P. P. Had Many Friends on North Shore—Paralysis Caused Death.

Word reached Campbellton Friday of the death of W. Albert Mott at Dalhousie, after an illness of several months. Mr. Mott, who represented the county of Restigouche for two terms in the local legislature, was a well known figure in the political life of the North Shore prior to his illness, and had many friends and acquaintances all over the province.

In the general elections for the House of Commons in 1908 he contested Restigouche in the Conservative interest, but was defeated by James Reid by 123 votes.

He served Campbellton for some years as a member of the town council, and filled the office of mayor of the town for some time with great satisfaction to his fellow townsmen.

After Campbellton was destroyed Mr. Mott took up his residence in Dalhousie, where he had since made his home. Some months ago he suffered a stroke of paralysis, and though he had been in failing health ever since, his death will come as a shock to his many friends. Besides a widow Mr. Mott leaves his mother and four young children to mourn their loss.

EDMUNDSTON-MONCTON LINE IS COMPLETED

The first through train over the Transcontinental from Edmundston to Moncton, consisting of three locomotives, pulled into Moncton Wednesday afternoon. The locomotives belonged to Messrs. Kennedy & McDonald railway contractors' plant, and went on to Amherst for repairs. The crews reported encountering much snow en route. The line from Edmundston to Moncton is now completed and the building of stations and terminals will close construction operations. The track is reported in excellent condition.

THE NEWLY CREATED CARDINALS

Three are from the United States and One From Britain

Rome, Nov. 30.—The following is the list of Cardinals created this week:—Monsignor Farley, archbishop of New York; Monsignor O'Connell, archbishop of Boston; and Monsignor Falcio, the apostolic delegate at Washington, who has now retired from that office. — Francis Bourne, archbishop of Westminster, England; Giuseppe Maria Gori, archbishop of Valladolid, Spain; Antonio Vico, papal nuncio to Spain, and Italian; Gennaro Granito di Belmonte, archbishop of Edessa, Italian; Francis Bauer, archbishop of Olmutz, Austrian; Leone Andolfo Agnetta, archbishop of Paris; Francis Virgilio Dubillard, archbishop of Chambéry, Vienna; Francis Maria Roverie de France; Francis Nagi, archbishop of Cabrières, bishop of Montpellier, France; Gaetano Bisleti, papal nuncio to Italy; Giovanni Battista Lugari, assessor of the congregation of the holy office, Italian; Basilio Pompili, secretary of the congregation of the council, Italian; Ludovico Billot, French Jesuit; Guglielmo Van Rossum of the Fathers of the Resurrection, Dutch and Enriquez Almaraz Sanz, archbishop of Seville, Spain. One unnamed.

According to Government Estimates

\$100,000,000.00

was made in Western Town Property during the year 1909

Did you participate in these huge profits or did you "pigeon hole" the propositions submitted to you by your western friends for future consideration? In short, are you the man who made a profit or the unfortunate one who had the chance but did not possess sufficient judgment to recognize the opportunity or sufficient courage to close a deal? The man or woman entitled to sympathy is the one who says: "Five or ten years ago I had the chance to buy this or that property at \$100 or \$500, and now it is worth \$10,000." The average person sneers at the person who makes such a statement and says: "I would have bought and made that money." Are you going to say five years from now that you had a chance to buy a lot at Poe, Alta., at from \$50 to \$100 each, or are you going to be the man who will have from \$1,000 to \$10,000 in cash as a result of having bought property in this town in this year of grace, 1911?

POE A COMING COMMERCIAL CENTRE

Poe is located on the main line of the Grand Trunk Pacific Railway between Edmonton and Saskatoon. It is located in one of the finest farming districts in Western Canada. The surrounding country is settled by a progressive type of farmers and consequently will become the market centre for Northern Alberta. Poe district possesses rich coal mines, is close to rivers and lakes and large forests are easily accessible from this point. These natural resources insure for the residents of the town, first, low cost of living, and second, great commercial activity, two essentials in the upbuilding of a large town, thus creating valuable real estate.

POE AS A MANUFACTURING CENTRE

This townsite and contiguous territory has the requirements outlined by large manufacturing concerns for the location of large factories or large enterprises of any kind employing large numbers of people. The rivers and lakes furnish water, the coal fields and forests furnish fuel and cheap building material, the fine farming lands furnish farm products, enabling the residents to live at a low cost. The town is located on the main line of a transcontinental Railway, assuring the necessary transportation facilities. These combined conditions will furnish cheap labor, one of the most important features of a manufacturing centre.

Poe is a Good New Town in which to engage in Business or a Profession

INFORMATION COUPON

Gentlemen,—With a view to buying property in Poe, Alta., please send me full information, with map and price list, and oblige.

Yours truly,

.....

Name

.....

P.O. and Province

.....

The Walch Land Co.

Portage Ave., Corner Fort St. Winnipeg, Canada

Lands, Townsites and Investments.

Poe townsite was recently placed on the market and already over 200 lots have been sold, and many of these lots have already changed hands at a substantial increase in price. Most of these lots were purchased by representative business men throughout Canada, who are now profiting by their foresight.

The townsite is high and dry and very suitable for building purposes.

OPPORTUNITY

is useless unless you possess the courage to act. You might, possess great wisdom, you might read a good deal or travel much and thus see all kinds of opportunities to make money, but unless you have the courage to act on your judgment and wisdom all of these desirable qualities are entirely useless.

Lots in Poe are a good investment at present prices. The town is bound to grow rapidly. Owing to the easy terms of payment you have the ability to buy and if you do not buy now it is because you are lacking in courage, and the chances are you will never be like the man you now admire most, rich, courageous and wise.

TORRENS TITLE

Poe townsite is held by under the Torrens system of title. Under this system the title is guaranteed by the Government, therefore absolutely safe.

PRICES AND TERMS

Prices of lots range from \$50 to \$100 each, and they can be purchased on terms of one-tenth cash, balance in eighteen equal monthly payments; or quarter cash, balance in six, twelve and eighteen months.

INFORMATION

We have issued an attractive circular giving full information pertaining to the town and its prospects, together with map showing lots for sale. If you wish to receive this attractive circular cut out and fill in the attached coupon and mail.

THE PASSING OF PERSIA

After four or five years of turmoil and suffering, which, if the country had been left to herself, would have undoubtedly led to its successful reorganization on as firm a basis as that of the average Christian state, Persia is being seized and her ancient liberties subverted by Russia. Russia has no more excuse to interfere in Persia than had Italy to invade Tripoli or the United States to seize Hawaii, Porto Rico and the Philippine Islands. But Russia is strong and Persia is weak; and Britain, having purchased French and Russian acquiescence in her seizure of Egypt by agreeing to allow them a free hand in Morocco and most of Persia, respectively, has refused to interfere with Russia's plans.

Britain and Russia delimited their future spheres of influence in Persia in 1907, and immediately Persian patriots awoke to a sense of their danger. The result was the forcing of the Shah in 1908 to grant a constitution. Having failed to keep his promises, he was dethroned in 1909, and a new era seemed to dawn for the ancient Empire. A capable financier was hired in the United States, and to him was given great power in the reorganization of the State. Matters were progressing favorably until a few months ago, when the ex-Shah, who had taken refuge in Russia, reappeared in Persia and started another civil war. A few weeks ago the Persian government suspected the ex-Shah's brother of taking part in the movement to replace the tyrant upon the throne had his property confiscated. Russia intervened and ordered restoration of the confiscated property and an abject apology to Russia, under the penalty of seizure of Persia's two provinces on the Caspian sea—Ghilan and Mazanderan. Persia appealed to Britain and was advised to submit. She did so, but Russia, nevertheless, occupied the capital of Ghilan and showed no disposition to retire. Then Russia, found to gain more territory, by fair means or foul, ordered Persia to dismiss her American advisor, W. Morgan Shuster, within forty-eight hours or have Russian troops marched to Teheran. Persia appealed again to Britain, but without success, and the Persian parliament, at the last moment, voted against agreeing to the loss of their country's independence. They rejected the Russian ultimatum last week, and Russia is preparing to take possession of that part of Persia which, by the treaty of 1907, lies within her sphere that is the northern and centre portions.

Thus passes off the stage, the most elegant and refined and the most promising of the Mohammedan States of the world—the state in which the great Babite religious revival of recent years has done so much to break down religious prejudices and establish peace and tolerance where bigotry and intolerance used to hold sway.

The lesson of Egypt, Tripoli and Persia, each of whom fell immediately after the establishment of parliamentary government and before either had had a chance to put her new institutions to a fair test, should not be lost upon the few small and weak nations that are still independent. Their only hope is union with their most powerful neighbors anyway near of kin and the making of common cause with the most liberal elements of such nations in order by that means to hasten not only the day of their own freedom but to be instrumental in liberating the masses of their conquerors.

The day of the small State, like that of the small business, is doomed, and the quicker this fact is universally recognized the better for all concerned.

Commons Will Likely Rise Dec. 7

Ottawa, Dec. 1.—It is practically certain to-day that the Commons will rise for the Christmas recess on Thursday next, Dec. 7th. The Government has all paid practically all the estimates which the late administration left over. The Opposition is willing to expedite the vote.

DAVID RUSSEL LOSES BOTH SUITS

Montreal, Nov. 29.—Rendering judgment this morning in the famous case of Mr. David Russell against the Pinkerton Detective Agency for conspiracy, Mr. Justice Archer declared that there was no evidence of any conspiracy to place Mr. Russell in an asylum, and that while Mr. Russell was undoubtedly one of the defendants were justified in thinking that he was not normal. Consequently, Mr. Justice Archer dismissed the action for \$250,000 for alleged conspiracy, and also the action in which Mr. Russell demanded that the Pinkertons should reimburse him the sum of \$2,000 paid them to shadow James Patterson and Mrs. Allen in connection with the alleged badger game.

That there was no more evidence of any badger game against Mr. Russell than there was of an asylum plot was his lordship's conclusion.

Mr. David Russell stated that he intends appealing the judgment of Judge Archer, as he can prove every statement that he made under oath.

SWEDEN ELECTS NEW UPPER HOUSE

Socialists and Liberals Make Gains at Expense of Conservatives.

Stockholm, December 1.—The elections to the Swedish Upper Chamber of Parliament concluded yesterday. The new House will consist of 87 Conservatives, 51 Liberals and 12 Socialists, as compared with 116 Conservatives, 30 Liberals and 4 Socialists in the previous House. The elections for the Lower Chamber were held in September, of 230 members the Liberals elected 101, the Conservatives 65, and the Socialists 64.

SOMETHING NEW

No more ashes to lug, no clumsy ash pan to spill dust, or dirt on the kitchen floor.

The GLENWOOD ASH SHUTE solves the problem. It is situated just beneath the grate and connected by a sheet iron pipe straight down through the kitchen floor to the ash barrel in the cellar.

No dust can escape, just slide the damper once each day, and drop the ashes directly into the ash barrel.

This is only one of the splendid improvements of the plain CABINET GLENWOOD, the range without ornamentation or fancy nickle. THE MISSION STYLE GLENWOOD, every essential refined and improved upon. This is the Range for your New Residence, being plain and handsome, the most perfect baker and the most reliable and UP-TO-DATE Range that is made in Canada to-day.

Come and have us show you the GLENWOOD range.

THE CAMPBELLTON GRAPHIC

An Interesting Letter

I am -Buk has proved a great comfort to me, as it is now something like two months since it cured my little girl of eczema from which she suffered for a year.

THIS is but a fragment of a very interesting letter received by the Zam-Buk Co. from Mrs. E. Cossett, of Joggin Bridge, Digby Co., N.S. The letter continues:

"When the sores first broke out I called in a doctor; but his treatment did no good. I tried salves and lotions and washes of all kinds, but the sores still spread. The disease finally became so bad that the child's face and shoulder were completely covered with sores. Imagine the pain the poor child (now a year old) had to suffer!

"One day a friend advised me to try Zam-Buk. I did not have much faith at that time that Zam-Buk would be able to cure, but as there could be no harm in trying it, I obtained a supply. At that time the disease had defied all remedies I had tried for over a year. By the time I had tried one box of Zam-Buk there was a marked improvement. I continued the Zam-Buk treatment and day by day the sores showed signs of improvement, until the eczema was confined to the child's shoulder, one sore on which had been particularly deep. By degrees this, also, was healed, and finally Zam-Buk banished every trace of the disease.

"I have waited several months before mentioning this case to you, in order to see if there was any return of the eczema. There has not been any return; the cure being permanent, and there is no scar or trace of the disease from which the child suffered so long. You may publish this information if you wish, so that every mother may know the value of Zam-Buk."

Zam-Buk is just as good for cold sores, chapped hands, piles, blood-poison, ulcers, bad leg, varicose ulcers, scalp sores, frost bite, baby's chafed places, etc. Also as an embrocation for rheumatism, sciatica, etc. All Druggists and Stores, 50c box or Zam-Buk Co., Toronto, for price.

GOLD MEDAL
FOR I. C. R.

The Intercolonial Railway has received notice of the award of a gold medal by the Directors of the Canadian National Exhibition, Toronto, Ont. for the fine display made by the Railway last September, when the "Ocean Limited" Express was ingeniously featured in a large illuminated motion picture which attracted a great deal of attention from the throngs of visitors. The whole display made by the I.C.R. of pictures mounted specimens of fish and game etc., was very attractive, and the highest award of the Exhibition Management was not amiss. The total attendance at Toronto Exhibition this year was nearly up to the million mark.

May Issue
New Dollars

Ottawa, Nov. 28. —It is not unlikely that there will be an issue of the Canadian silver dollar before the new year sets in. The dies are ready and everything is in good shape to strike off a bunch of them.

CHANGES IN SEED

CONTROL ACT
Four grades are fixed by the recent Act of parliament for red clover, alsike, alfalfa and smooth seed, and all the seed sold for seeding purposes by seedsmen must be plainly labelled with the grade. Any seed not grading No. 3, which is a higher standard than the old prohibitive line of five, noxious weed seeds per thousand of good seed, is prohibited from sale. The following are the standards for freedom per ounce from weed seeds:—

RED CLOVER, ALFALFA AND TIMOTHY	
Noxious seeds	All weed seeds
Extra No. 1	0 30
No. 1	5 100
No. 2	20 200
No. 3	80 400

ALSIKE	
Extra No. 1	0 30
No. 1	10 100
No. 2	40 200
No. 3	160 400

Farmers and seed dealers should have their seed tested and graded before offering it for sale. Samples will be carried free through the mails and tested without charge if addressed to the Seed Commission, Department of Agriculture, Ottawa.

BARGAINING FOR

CHATHAM PULP MILL
Chatham, N. B., Dec. 3.—W. B. Snowball has received a telegram from Mr. Karling of Montreal, who is negotiating the sale of Miramichi Pulp & Paper Company's property here, stating that the report of Carl Rindon and Charles Read, who examined the plant for Sir John Milbank of England, has been received on the other side and is now being carefully examined by people interested in the property, and the whole matter is being given earnest consideration. Their decision will be made known by cablegram.

Whether question is one of buying the pulp mill alone or also entering into negotiations for the purchase of big Snowball plant as well and running two industries as one is not known. The first would require about \$400,000 to buy out and place in first class running order, while the latter proposition would require a capital of probably \$1,300,000 to swing but it would give a plant for milling and pulp making purposes that could not be equalled in the three provinces.

I. R. C. DEATHS FOR

MONTH ENDING NOV. 25
Herbert F. Malone, brakeman, Newmarket, Class C, Oct. 26, accident \$250; Amos Cote, conductor, Riverview, Class C, Oct. 26, tuberculosis \$250; Jos. A. Stevens, Ref. employee, Campbellton, Class C, Oct. 28, pneumonia, \$250; George Malan, fireman, Moncton, Class A, Oct. 30, accident \$1,000; M. B. McDonald, Sydney, Class C, Nov. 13, heart trouble \$250.
This gives a total amount of insurance as \$2,000.
Deaths in Class A, \$1,200; Class B, \$60; Class C, 30.

TORTURED BY
BILIOUSNESS

AND TERRIBLE SICK HEADACHES

Both Completely Cured by "Fruit-a-lives"

DRESDEN, Oct. 17th, 1910.
"I was a dreadful sufferer for many years from Sick Headaches and Biliousness, or Torpid Liver. I tried many remedies and physicians, but nothing seemed to do me any good. I finally used 'Fruit-a-lives' and after the first box, I was so much better that I continued using these fruit tablets and they have entirely cured me.

"I certainly can recommend 'Fruit-a-lives' to anyone who suffers from Headaches, Biliousness or Stomach Trouble." Mrs. ISAAC VANSICKLE. Thousands of people have had the same experience as Mrs. Vansickle. They have tried doctors and taken all sorts of medicine, only to find that "Fruit-a-lives" is the one and only remedy that actually cures these troubles.

"Fruit-a-lives" is the only medicine in the world made of fruit juices, and is the greatest Liver Cure ever discovered. It acts directly on Liver, Kidneys and Skin—sweetens the stomach and purifies the blood.

50c. a box, 6 for \$2.50, or trial size, 25c. At all dealers or from Fruit-a-lives Limited, Ottawa.

Know an Auto

From Hood to Tires

Expert knowledge of automobile con-

struction is essential to car owners and

drivers alike. To the owner it means cer-

tainty when buying a car, and a great

saving in cost of up-keep. To the driver it

means a greater demand for his services, a

larger salary, and a permanency of position.

To both it means knowing a car is right,

and, when not right, exactly what to do

and how to do it.

All this valuable knowledge is set forth in

the Automobile Course of the International

Correspondence Schools—the most thor-

ough and practical Automobile Course in the

world. The subjects covered are: Gas-

oline Automobiles, Gasoline Automobile

Engines, Automobile Engine Aviations,

Automobile Carburetors, Electric Ignition,

Transmission and Control Mechanism, Be-

ams and Lubrication, Automobile Tires,

Automobile Operation, Troubles and Re-

medies, Overhauling and Repairing, In-

formation that enables you to thoroughly un-

derstand any auto, from hood to tires, and

how to handle it.

This Course has been prepared by recog-

nized experts actually in the business. In

other words, it is practical as well as

theoretical.

To learn about it, and how you can most

easily become an automobile expert, write

today to

International Correspondence Schools

THE CAMPBELLTON GRAPHIC

The greatest kind of Christmas present—the greatest Christmas present of its kind, the Edison Phonograph

a gift for ALL the family, a gift for ALL the year, and for ALL the years to come

Think of the money that is thrown away on trifles at Christmas time—the candy that is eaten, the toys that are broken, the Christmas cards that are merely glanced at and thrown away. What have you to show for last year's Christmas? Now think of the Edison Phonograph—the gift of a lifetime, that brings to every member of your family all of the very kind of entertainment each prefers—not merely for a day or a year, but for *always*. That's what makes the Edison the greatest kind of gift. The Edison brings you the four great advantages which you should look for in a sound-reproducing instrument, and which you will find only in the Edison—exactly the right volume of sound for your home; the sapphire reproducing point, which does not scratch or wear the records and lasts forever—no changing of needles; Amberol Records, which play twice as long as the ordinary records, rendering each composition completely, the ability to make and reproduce your own records, in your own home, just as true to life as the records made in our laboratory. That's what makes the Edison Phonograph the greatest gift of its kind.

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Edison Amberol Records. Get complete catalogues from your dealer or from us. Edison Phonographs, \$16.50 to \$240.00. Edison Standard Records, 40c. Edison Amberol Records, 65c. (play twice as long). 65c. Edison Grand Opera Records, 85c. to \$2.00. Orange, N. J., U. S. A.

A complete line of Edison Phonographs and Records will be found at

GOVERNMENT HAS MAJORITY OF 45

Three-Eighths of Canadian Children Die Before the Age of 5

Ottawa, Nov. 29.—The first discussion in the new parliament, carried by Sir Wilfrid Laurier, a amendment to the speech from the throne, gave Premier Borden a majority of 44. Adding the member for Yukon, Thompson, who has not yet taken his seat, the government has a majority of 45 out of the whole House. The vote stood 121 Conservatives, to 77 Liberals. Thus 193 members voted taking the speaker and Thompson into consideration, we have 300 members. There were 9 pairs or 18 members, 2 members, Laurier and Forget have two constituencies each. Girard, member for Chicoutimi Saguenay, who occupied a peculiar position was not present, and the whips did not trouble themselves about him. Thus there was only one member entitled to vote unaccounted for.

W. S. Loggie made a speech in favor of reciprocity. In the Senate, Senator Belcourt introduced a bill respecting the pollution of streams. He stated that it was his bill of last season and gave the government authority to make regulations to prevent the dumping of untreated sewage into navigable streams. The bill gave the government power to deal with communities separately.

Sir Richard Scott said it was nearly time that laws were made and precautions taken. The census figures showed that 81,000 persons were born in Canada in the year 1901. With the air, sunshine and water, Canada should be the healthiest country in the world and yet of these 81,000 persons, 21,838, or more than a quarter of them, died before coming to a year old and 10,109 died within the next four years, making 31,947 or over three-eighths died within the first five years after birth.

Most of the children who died under the age of three were murdered through the ignorant administration of deadly soothing syrups which were freely sold by every drug store in the country.

Figures of that kind should alarm people, Sir Richard declared, and stated that if a law were passed forbidding the administration of any drug to a child under five years old, the death rate would be cut down by one half.

DON'T LET THAT COUGH ROB YOU OF SLEEP

You probably know all too well how it goes. Just as you doze off, the tickling starts in your throat. A gentle cough, still asleep. A harder cough, and then another. First thing you know, you're wide awake, coughing your head off.

A few nights of that and you're so worn out and weakened that the cough takes a tight grip on you.

But why endure it?

Nu-Dra-Co Syrup of Licorice, Licorice and Chlorodyne will soothe that exasperating tickling, loosen the phlegm and cure the inflammation of the mucous membrane. It not only stops the cough quickly, allowing you to get sound, refreshing sleep, but it goes to the root of the trouble and drives out the cold completely. Children willingly take Nu-Dra-Co Syrup of Licorice, Licorice and Chlorodyne, because it tastes so good. Your Druggist has it or can quickly get it for you in 25c. and 50c. bottles. The National Drug & Chemical Co. of Canada, Limited.

OUR APPLES BETTER THAN ONTARIO'S

"The exhibit of New Brunswick apples at the recent fruit show in Toronto out classed the Ontario exhibits in respect to their richness of color and luster," said A. G. Turvey, provincial horticulturist, in St. John last week.

"In my opinion, too, many of the exhibits at the Toronto show were not as well packed as the exhibits at the show in St. John this fall," he added.

The fruit show which was intended to hold at Ottawa in November, has been postponed till February. The Provincial Department of Agriculture had planned to send an exhibit of New Brunswick fruit to this show. Mr. Turvey will attend the convention of Fruit Growers of Quebec next week and deliver two addresses before the students of the MacDonald Agricultural College. The subject of his addresses will be the development and possibilities of fruit growing in New Brunswick.

THE ONTARIO ELECTIONS

Monday was Nomination Day in Ontario. Out of 98 seats, 16 went to the Conservative Government by acclamation, while in some 15 other constituencies, Socialists or Independent Laborites, not the Liberals, form the opposition ticket. In Carleton an independent Conservative is running, and in South Waterloo three parties—Conservatives, Liberals and Socialists—are in the field. The election is to be held on Dec. 11th.

RECIPROCITY A DEAD ISSUE

Premier Borden Will Consult British Admiralty on Canad'n Naval Policy.

Ottawa, Nov. 29.—In the Commons to-day Hon. Mr. White, Minister of Finance, said he believed reciprocity is an absolutely dead issue, and he was surprised that gentlemen opposite continue to discuss it. He believed that the Liberals are sorry that reciprocity was ever born. It was rejected on both national and economic grounds, and the decision against it was not the result of an appeal to passion. The farmers, manufacturers and artisans were against it. There were no differences in the government. There had not yet been time to formulate a naval policy. Premier Borden proposed to consult the British Admiralty, and after the conference a naval policy would be brought down which he believed would have the support of both Canada and Britain.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

TAXATION IN NEWCASTLE

There should be a full house at next Board of Trade meeting to discuss Mr. W. J. Jardine's resolution re taxation. It has long been felt that in the practical workings of our Taxation system it is sadly behind the spirit of the times and should be readjusted. And many people are beginning to consider the system as inherently bad and in need of being revolutionized. The more discussion the better. (Newcastle Union Advocate.)

S. OF T. GROWING

Newcastle Division Sons of Temperance is steadily growing. New members are being initiated and interesting meetings held every Thursday night.

NOTE THE LINES OF DIGNITY AND GRACE

in this beautiful "Style-Craft" design.

It is a model, proclaiming "Quality Superior," that is being worn by men of distinction in every walk of life.

Style-Craft

appeal strongly to young men—the season's styles include all the most up-to-date, popular models and patterns and the styles that are being worn by the most exacting and fastidious dressers.

If we haven't got exactly what you want in stock, we can show you a range of exclusive samples from which we will have a Suit or Overcoat made to your measure. Come and let us help you satisfy your wants.
