ADDRESS OF WELCOME.

"To his Excellency the Right Hon. Sir Gilbert John Elliott, Earl of Minto and Viscount Melgund of Melgund, County of Forfar, in the Peerage of the United Kingdom, Baron Minto of Minto, County of Roxburgh, in the Peerage of Great Britain, Baronet of Nova Scotia, Knight Grand Cross of our Most Distinguished Order of Saint Michael and Saint George, etc., Governor-General of Canada:

"May it please your Excellency:
"We, his majesty's dutiful and loyal subjects, the members of the municipal council, desire, on behalf of the citizens and corporation of London, to offer you a respectful and cordial welcome, and to assure you that we highly appreciate the honor you have shown us in visiting our city. It is also a sincere pleasure that we, at the same time, are permitted to extend a hearty greeting to her Excellency Lady whose zealous efforts to aid the sick and suffering of Canada will be ever gratefully remembered.

"The warm, personal interest which your excellency has taken in everything calculated to stimulate and encourage the progress of our country, merits our special recognition. We trust your excellency's visit will be productive of pleasure to yourself and Lady Minto, and we firmly believe will strengthen those ties of loving loyalty that bind the British dominions beyond the seas to the great motherland.

"On behalf of the Municipal Corpora-tion of the City of London, Ontario, Canada, 12th of May, 1903."

LORD MINTO'S REPLY.

In acknowledging the address, Lo Minto said: "Mr. Mayor and Citizens -I thank you sincerely for the cordial address you have extended to us, and for the flattering terms in which you have alluded to my services in Canada. I can only say that we have endeavored to do our best to follow in the foctsteps of those who have preceded us, and if we have done anything to further the welfare of the Dominion it will be the greatest source

of pleasure to us. I might say that I have long looked forward to our visit to London, but we regret that the time at our disposal is so very short, and that we will have to make all visits in a few hours. I know that London is the center of a rich agricultural section, and that it is one of the most striving manufacturing centers. I can only say that I hope a prosperous future is ahead of you. I again thank you most heartily."

ADDRESS OF CLERGY.

The Bishop of Huron was then introduced to Lord Minto, and as the head of the Church of England in this diocese he presented the Governor-General with an address on behalf of the clergy. The address was in booklet form, bound in morocco leather, with an interbinding of satin. It contained six pages, the reading matter being typewritten, with a neat border. The address was as follows:

"To his Excellency the Right Hon. Sir Gilbert John Elliot, Earl of Minto and Viscount Melgund of Melgund, County of Forfar, in the Peerage of the United Kingdom, Baron Minto of Minto, County of Roxburgh, in the Peerage of Great Britain, Baronet of Nova Scotia, G. In replying to it, Lord Minto thanked the clergy for the honor done him in presenting him with an address, on behalf of the clergy, and he again assured the bishop and the others under his charge that he very deeply appreciated the kindness, and the expressions of loyalty towards the King.

Lord Minto inspected the guard of honor, and with the other members of the party entered carriages and proceeded to the Collegiate Institute via Richmond street and Dufferin avenue

The second carriage contained Lady and Col. Peters, the Q. O. C. of London district, who is an aide-de-camp to the Governor-General. In the other carriages were the aldermen, city officials and some of the clergy.

Col. Peters had on his staff at the depot, Lieut.-Col. Smith, former commanding officer of the Seventh Regiment, and Lieut.-Col. J. W. Little, the present head of the corps. A force of policemen, which was busily engaged in keeping the crowd back from the party during the presentation of the addresses, was in charge of Chief Williams and Major Adams.

The crowds along the line of procession were not very large; nevertheless there was considerable interest evinced. When the Collegiate Institute was reached it was found that it was there that the greatest number of people had congregated. Two 'Welcome" signs spread from tree to tree, and the other outside decorations consisted of the school colors, old gold and blue, and flags. On the school lawns the public school children were gathered, and a lane in the human mass of little holiday-seekers was made up the walk.

On the arrival of the vice-regal party successive cheers broke out. No speaking was done in the open air, the party moving up to the school Here the handshaking took place, and the principal's room was representatives of the young ladies of the

Nelson Lefor Vouches for the Marvelous Cure of Mrs. Thos. Hughes-Dodd's

Kidney Pills Again. Morley, Grey County, Ont., May 11.-So marvelous is the cure of Mrs. Thos. Hughes, of this place, that it seems almost necessary to prefix the statement of Nelson Lefor, J. P., "I can vouch for its truth." Mrs. Hughes

"I had pains up my spinal column, in my head, over my eyes, across my back, through my left side, and occasionally through my right side. I would for three nights at a time never

close my eyes in sleep."
Such was Mrs. Hughes' condition for four years. For nearly three years she was in bed. Five doctors treated her unsuccessfully. Hear the remarkable sequel in Mrs. Hughes' own words. "I have taken fourteen boxes of Dodd's Kidney Pills and am now strong and able to do a good day's work. Thanks to Dodd's Kidney Pills."

SULTAN IS AGAIN WARNED

That He Must Carry Out Reforms and Avenge the Death of Russian Consul.

Paris, May 12.-There was a simultaneous publication yesterday morning in Paris, Vienna and St. Petersburg of the official view of the Bulgarian situation. The publication carries out the idea previously published that the powers are satisfied with the correctness of Bulgaria's course, and will not tolerate the adoption by the Sultan of Turkey of stern measures against Bulgaria on account of the Salonica outrages. The official communication sums up as follows: "Two important points mark the present status of the embroglio. First, the Bulgarian Government is not responsible for the Macedonian violence; second, neither St. Petersburg, Vienna nor Paris have the intention to permit Bulgaria to be held responsible." The communication closes with the statement that the Porte's first duty is to carry out the general plan for the Balkan reforms, repress the Albanian agitators and punish the murderer of the Russian consul, adding: Turkey persists in diverting attention by menacing Bulgaria the ambassadors of the powers may shortly remind the Porte of what the powers expect. Salonica, European Turkey, May 12. -In an engagement between Bulgarians and Turkish troops recently fought at Igapari, near Monastir, many Bulgarians were killed and 74 were made prisoners. Another fight is reported to have occurred at the village of Gorestrove, near Damir-Hissar. The village was burned. The panic in the Monastir district has not abated. REGULATIONS

Modifications of Rules To Be Mr. Taylor's Bill Discussed Introduced. by the House.

David Mills.

Ottawa, May 11.-In the House of Commons today a number of private measures were introduced.

A brief discussion occurred over the quences of fires caused by railways." The bill to amend the General Inspection Act was read a second time and referred to a special committee. It is a measure for securing greater efficiency in the inspection of hides. Mr. Smith (Wentworth) moved the desires to provide that apples shall be inspected and the grade marked by the Government inspector at the place where the apples are packed. instead of at shipping ports or other central points. As matters stand now the grower or packer himself marked the grade on the barrel, together with his private brand. Afterwards, if the inspector is not satisfied with the grading, he himself adds an indication

that it is incorrect.

Mr. Fielding thought this would be going much further than was desirable, and would deprive the grower or packer of the advantage of building up a reputation for his private brand. At his suggestion the bill was laid over until the return of the Min-

Dr. Barr (Dufferin) said that the present bill had not worked well, as it had prevented the best men from entering the township councils. The thing to be guarded against in any change, however, was the fact that larger municipalities might not get municipalities.

Mr. Richard (West Durham) expressed the opinion that the old sys-
