

IN PLEASURE BAY.

Prolonged and Prosperous Cruise
of the Young Liberal Fleet

Under Command of Admiral Wanless and His Efficient
Corps of Officers.

Sports and Fun at the Park—Exhibition Drill, Foot Racing,
Horse Racing, Bicycle Racing, Tent Pegging, Tumbling,
Bar Performance and Slack Wire Acts—The
Evening Barbecue—A Tremendous
Crowd and Many Strangers
Present.

London was a maritime city yesterday and Jack Tars (Liberal ones) were almost as numerous as they are around Chatham dockyard or Portsmouth on the occasion of a review of Her Majesty's royal navy. Not being election time the Fleet had no hostile intentions and it was not necessary to clear the decks of the ships for action. In fact the weather was so propitious and the sailing so smooth that decks were discarded entirely, and notwithstanding that fact no water was shipped until port was made at Queen's Park and the taps, with the cups attached, reached. To facilitate a quick passage cumbersome ship furniture was left at the dockyard in armory "B," and the trip made with only the necessary yard arms and cane rigging. The squadron set sail about 1:30 p.m. from armory "B," nine ships in all, with Admiral Wm. Wanless, Jun., and Rear Admiral Dr. Geo. C. Davis in command. The sky was clear and the wind cool and in the right direction. The flotilla bore down Lake Simcoe (street) and, at the signal from Admiral Wanless, tacked into Richmond Gulf and held a direct course until the mouth of Dundas River was reached. The direction was then changed to east, and, with the wind on the quarter, the park was made in good time. Here anchors were dropped and the colors furled until the programme was commenced.

The shores all along the route were lined with spectators and small craft. At noon the crowd started to gather, and like a well-intentioned businesslike host, it continued to gather until the Fleet sailed by. Boulevards, street corners, bank steps, residence windows and sidewalks were lined everywhere, and the seamen were heartily applauded as they passed through their many pretty movements and drill evolutions. The marine band of "H. M. S. Hyman" and the drum corps of "H. M. S. Clarke" supplied music for the journey and the straining strains were wafted shoreward and lost among the tall buildings that lined either way. Every man Jack was spick and span in dress and deportment. The old sailors of last year had the lurch and roll of the regulation salt, and their younger brethren, even if it was their first voyage, had almost found their sea legs when the harbor was reached. Some, who are said to have been sailors, or friends of ship tailors, by dint of pressing their white ducks a certain way, had a beautiful pair of bow legs. Others there were for whom nature had done the pressing, but even they did not feel at all bad. They were strictly "in it."

The ships that passed in the daylight were:
H.M.S. "Hyman," Capt. E. L. Evans.
H.M.S. "Jacobeth," Capt. A. Magee.
H.M.S. "Reid," Capt. A. Somerville.
H.M.S. "Clarke," Capt. Clarke.
H.M.S. "Hobbs," Capt. A. MacDonald.
H.M.S. "Davis," Capt. Geo. Sippi.
H.M.S. "Little," Capt. Nip Tune.
H.M.S. "Gibbons," Capt. J. McCrimmon.

H.M.S. "Pardom," Capt. Wm. Martin.
And the reason for it all?
Why, it was the annual picnic and demonstration of the Young Liberals of London, Ontario. With a fair field and no favors (judges byered and fair weather required) the Young Liberals of London can make a success of anything they undertake. Last year's demonstration was a success, and as for this year's—well, all that was necessary to tell what kind of a success it was, was a prep at the crowds that filled the stands at Queen's Park yesterday. And they are not small stands by any means. But that was not all. Besides the crowded stands the fence around the ring was lined on either end for a couple of hundred yards. The fence on the inside of the ring was black from end to end of the stands and about 100 carriages were in the arena. There could not have been less than 7,000 people present.

It was 3 o'clock before the programme was got underway, and at 6 it was concluded. The judges of the foot races were Messrs. T. A. Browne, Ald. J. W. Jones and Thomas Gilean. Mr. James H. Brown officiated in the dual capacity of judge and starter, and Mr. J. W. Hyman also had a double position as clerk of the course and timer. Both gentlemen did their work satisfactorily, in the face of a crowd that took the bit in its teeth and climbed all over the track. Ald. Rank Drenney was on the judges' stand and floated a bright red Fleet badge. Charles S. Hyman, M.P., L. W. Burke (president of the Young Liberal Club), George C. Gibbons, Q.C., Daniel McKenzie (London township), Daniel McKenzie (city), and Geo. B. Cairncross were also on the judges' stand.

An exhibition drill was the first event. In it seven of the ships participated, and the other two supplied the music necessary to keep time. A prettier sight has not been seen in London for many a day. The sailor uniform is particularly adapted to a neat showing, and when seven companies of 24 men and 3 officers each spread themselves along the course and perform the same movements the effect is beautiful. The crowds on the stands applauded time and again as the ships marched by in order. From times they returned in open crosses, and then formed a column of sixes. From this position they reformed into a cross of different proportions. But the prettiest evolutions of all were the circle

in costume. Mr. Donald McGregor played the pipes.
Then the Orient acrobats—Avey, Reidy, Selby and Cheyne—displayed their skill as tumblers, and performed a large number of difficult feats to the plaudits of the crowd. Avey was especially good in the somersault line. Fred Taylor, contortionist, improves with each appearance. His actions yesterday were apparently without effort, and he tied himself up into all conceivable shapes with astonishing ease.

A squad of men, under Capt. J. D. McCrimmon, marched onto the stage and went through the manual of firing and bayonet exercises with rifles. The squad consisted of Messrs. H. Erskine, J. Spicer, G. Rose, B. Todd, H. Brown, Joseph Rose, J. McKenzie, J. Stein, George Hayman, V. Somerville and A. Galbraith. Their act was deservedly applauded.

Then the Marine Band, conducted by Capt. Fred L. Evans, furnished a splendid musical programme throughout the whole of the afternoon.
And last, but not the least amusing part of the performance was the watching of the roasting of the bull. It commenced at 10 a. m., and the beef was done brown by 6 o'clock. The officers and the majority of the men of the Fleet had supper on the grounds. It was wholesome fare—corn beef, bread and butter and coffee, with a slice of the celebrated bull. A couple of hundred people brought luncheon and stayed on the stands and about the grounds. They, too, had a slice of roast meat.

In the evening.
The crowd at the evening performance was little if any smaller than that of the afternoon. It naturally made the promoters of the affair feel glad, showing as it did that Young Liberal undertakings are decidedly popular with London's residents. It was an appreciative crowd that knew a good thing when they got it. The barbecue was a novelty never before introduced in the city. The big ox was dangling over a hot fire all afternoon and was ready for disposal before the evening performance.

The preparation of the carcass was under the supervision of Mons. Ernest Rat, from Paris, France, and one of the leading chefs in Ontario. It was sliced up and passed around, and soon disappeared.

At 8 o'clock the stands were well filled, but still the throng kept increasing, and at 8:30 there must have been fully 5,000 people seated, with about 1,000 strolling around. The Marine Band took its position on the platform and struck up a lively air. The Fleet marched in the ring with Admiral Wanless at the head and for half an hour executed some difficult movements with scarcely a mistake. The grand march past was loudly applauded, and the moves—including crosses, circles, squares, etc.—won the admiration of the spectators.

The special attractions were first-class in every respect. Messrs. Stevens and Partidge in their features of the hat and wire, were just as good as in the afternoon, and were just as much admired. Their acting is simply marvelous.
Surprising, too, was the work of Messrs. Avey, Reidy, Taylor and Cheyne. The quartet belted to the Orient Minstrels, but they did no acrobatic specialties equally as good, if not better, than many aristocrat professional troupes. Taylor's work was exceptionally clever.

Messrs. W. Templeton, John Butts and William Allen tripped the hornpipes, Irish jig and fling respectively. Donald McGregor accompanied Templeton and Allen with the music of the bagpipes.
A fun event—of the best of the day—was the obstacle race. The course was 100 yards and return, and the obstacles consisted of two four-foot hurdles and barrels. Through the latter the contestants had to crawl the best and quickest way they could. The barrels were suspended on ropes, and the sight of a man hanging in with his head out of one end and his feet the other struggling hard to get through, caused a great deal of laughter.

Shirts were torn off the backs of some and braces from others. The barrels did not trouble Charley Caswell at all, for he went through without any difficulty. Three heats were run. Caswell and Short won first and second places in heat No. 1, J. Bennett and J. Connors in the second. In the final Connors, Bennett and Fitzgerald were first, Caswell and Short second, with Hayden and Connors third.

The wheelbarrow race was captured by M. McKenzie and Avey, with J. Crawford and F. Frizelle second and E. Hayden and J. Connors third.
The jockey race was 100 yards, and half way it was necessary for the men to change. At the start some hit the dust and dropped out. Those who remained in it made a close finish. Bennett and Fitzgerald were first, Caswell and Short second, with Hayden and Connors third.

Mr. Dan McKenzie was starter, Messrs. James Brown, C. H. Fawcett and S. Stewart judges. Mr. T. Gilean acted as referee.
The jockey race completed the programme, the band struck up "God Save the Queen," and the crowd went home.

NOTES.
"Such a clown! And a good one.
The cowboys who preceded the Fleet to the Park were under command of Archie J. Black.

On the way out Major Thomas Beattie saluted the Fleet by dipping the flag at his residence three times. The boys acknowledged.
Now "Jack" Trebilcock is even with that bull. Mr. Trebilcock has a slightly scarred face, but is still in the ring, but where, oh where is the bull?

The crowd was great, beyond expectation, and the bull was not large enough to go completely around. There were to be two bulls next time, even if "Jack" Trebilcock gets killed in the round up.
Dave Smeadin, the cavalier whom Alex. Furness defeated at tent-pegging, was the some accident he could not get the horse he usually rode, and then as he had arranged to be married at 7 o'clock in the evening he probably was a trifle nervous.

Lieut. Fred Saunders was on deck, although he was suffering from a severe cold. After working so hard to make the affair a success, he could not stay away—sick or well.
A noticeable feature of the demonstration was the large number of visitors from neighboring localities who were present.
The Fleet lieutenants in parade were John Needham, William McLeod, Thomas Robinson, A. Santo, Alex. Wanless, Geo. Hayman, James Bridgman and E. Gerry.
The rendition of the "God Save the Queen" march by the Marine Band on the march out was favorably commented on by many.
A young woman experienced three fits in succession near the merry-go-round in the afternoon. She was cared for by her friends.
The members of the Marine Band and

Drum Corps were photographed during the afternoon. President Burke will present each of the 60 members with a copy of the picture. The entire Fleet was afterwards photographed.

Dissatisfaction was expressed by a few over President Burke's decision where outside professionals entered against members of the club in the races. Mr. Burke ruled that unless the event was marked "Open," none but Young Liberals could compete. And rightly, too.

Did you see the broad smile on Admiral Wanless' face? He was the happiest man in town.
The street car service was excellent.
A big group of Conservatives watched the parade at the corner of Dundas and Richmond. They couldn't help but admire it.

Rear-Admiral Davis entertained his company to supper after the evening barbecue.

Late Canadian News.

Louisiana does not like the reduction on the sugar duties.

The State of Wisconsin is about to sue the United States for \$7,975,005 77 for munitions of war, etc., furnished in 1861, which were paid for only in part.

The village of New England City, twenty miles from Chattanooga, Tenn., was nearly wiped out of existence by a hail and wind storm Wednesday, but no lives were lost.

The amount of pine burned over in Ontonagon county, Mich., is estimated at 150,000,000 feet. Forest fires are still raging, though somewhat checked by light rains.

The tug C. D. Thompson and the new tug C. L. Boynton, both of Port Huron, are going to leave from that city to Sand Bay for \$500 a side. The distance is a little over 60 miles.

The striking coal miners of Mercer county, Pa., numbering nearly 1,000, resumed work Thursday. They have been out eight months, and many are in destitute circumstances.

A Dubuque, dispatch says the biggest lead mine ever struck in Iowa, has been discovered by Jones, Goldthorpe & Co., on a claim once abandoned on account of water. It contains veins full of lead ore as large as ordinary dwelling rooms, and yielding 50,000 pounds daily.

BURNED OUT.

NEW YORK, Aug. 15.—Fire this afternoon in the wholesale grocery house of R. C. Williams & Co., corner of Hudson and Thomas streets, damaged the building and stock to the extent of \$250,000.

BELLEVIEW, Aug. 15.—Fire in John Matheson's broom factory on Church street this morning destroyed the building and stock.

SARNIA, Ont., Aug. 15.—The large grand stand on Bay View Athletic Park was set on fire and burned this morning, along with a large open stand, which had been erected for spectators at the bicycle club meet.

The management of the bicycle club immediately after the fire arranged for the erection of a large 150-foot grand stand in time for this afternoon's races.

BRIDLE, Ont., Aug. 15.—This morning the Ain's livery stable and the carriage works of Ephraim and Aaron Bricker, on Queen street, were wrecked by fire. Loss is estimated at from \$5,000 to \$10,000.

Took His Wife for a Burglar.
KALAMAZOO, Mich., Aug. 15.—Frank Proteus, a young farmer living in Portage township, shot and instantly killed his wife early this morning, mistaking her for a burglar.

She is a Fraud.
KINGSTON, Aug. 15.—Two women, one dressed as a nun, have been canvassing in Deseronto, the nun claiming to be the mother superior of the Sacred Convent of Mount Lebanon. Some people subscribed, but others became suspicious and refused. Rev. Father Hogan telegraphed from Kingston: "Person claiming to be a nun must on no account collect."

A single plant of wheat is capable of producing 2,000 seeds in one season.

ALIEN LABOR ACT.

Postponement of the Case Against the
Canadian News in Buffalo.

BUFFALO, N. Y., Aug. 15.—No new de-
velopments were reached today in the case
of W. B. Newsome, the Canadian charged
before Commissioner Fairchild with violat-
ing the Alien Labor Law.

When the case was called this morning
Attorney Seward A. Simons, for the de-
fense, said he desired to offer no further
evidence, but to submit the case on the
testimony already taken.

In consideration of intervening engage-
ments on the part of Mr. Mackey and Mr.
Simmons, Commissioner Fairchild set Sept.
7 as the date for the determination of the
case.

Ruffianism in Brampton.

BRAMPTON, Aug. 15.—This morning
about 8 o'clock Jack Lowdon, a worthless
old loafer, appeared at the police court
before the Graham House and asked for
breakfast. The man was running at a
slow rate when three men climbed
aboard. Two of them, whose faces were
masked, held cocked revolvers in their
hands. The third went through the pockets
of the trainmen and took everything of
value on their persons. The men had just
drawn their monthly salaries. When the
robbery had been committed the banditti
dropped from the train and disappeared
into the woods. A reward of \$500 for the ap-
prehension of the robbers is offered.

Home and Abroad.

It is the duty of everyone, whether at home
or traveling for pleasure or business, to equip
himself with the remedy which will keep up
strength and prevent illness, and cure such
ills as are liable to come upon all in every day
life. Hood's Sarsaparilla keeps the blood pure
and less liable to absorb the germs of disease.

Hood's Pills are hand made, and perfect in
proportion and appearance. 25c per box. f.
Powdered aluminum mixed with binocin
of sodium constitutes a powerful ex-
pulsive.

Among the pains and aches cured with
marvelous rapidity with Dr. Thomas' Elec-
tric Oil is earache. The young are espe-
cially subject to it, and the desirability of
this oil as a family remedy is enhanced by
the fact that it is admirably adapted not
only to the above ailment, but also to the
hurts, disorders of the bowels, and affec-
tions of the throat, to which the young are
especially subject.

There is constantly in all Japan an aver-
age of two earthquakes a week.

The great lung healer is found in the ex-
cellent medicine sold as Pickle's Anti-Con-
sumptive Syrup. It soothes and diminishes
the sensibility of the membrane of the
throat and air passages and is a sovereign
remedy for all coughs, colds, hoarseness,
pain or soreness in the chest, bronchitis,
etc. It has cured many when supposed to
be far advanced in consumption.

Don't forget, 219 Dundas street is the
place to get an easy shave and a fashionable
hair cut. JOHN L. FORNER.

It is worth of photos at Westlake's
a chance to get a ladies' elegant
set of \$125.

AN IRISH COUNTRY FAIR.

Tricks of the Traders—Girls and Dances
—Matchmaking.
(From the London Globe.)

It begins the night before. This may be
a bull, but it is a fact. The neighborhood
for miles all round the town where the fair
will be held on the morrow is all bustle
and preparation the long night through.
The air is "filled with music," the dis-
cordant music of "honeys" (young pigs),
as they are being "crested" for transporta-
tion. Toward dawn all the roads to the
fair green, which is situated, as a rule,
outside the town, are noisy with the lowing
of cattle, the bleating of sheep and the in-
dignant grunting of pigs, which, with a
perversity peculiar to grunters, will persist
in going the wrong way. The Irish peas-
antry have a saying that "pigs can see the
wind"; they can certainly spy the tiniest
hole in a wryside hedge, one hardly large
enough to afford passage, to a rat,
for which they will make a mad dash
to escape bondage. The little creature
with his one pig—the "runt-payer"—guides
the fickle-minded creature by means of a
straw rope of home manufacture. Very
often the pig secures liberty by eating its
way clean through the rope; then Paddy is
in a dilemma indeed, and conspires the
runt-payer's soul to a very sultry region.
By 8 o'clock a. m. the fair is in full swing.
Disorder is the order of the day; pigs get
intermixed with sheep, calves, asses, etc.,
and while their respective owners are
vainly trying to call out their own, it may
be that a herd of oxen, in a most ran-
gacious manner, thunders through the
struggling mass, making the confusion
more confounded. Blows often ensue, and
when Paddy's Celtic blood is up, he takes
heed of nothing but his enemy's head. The
consequence is his stock rambles about at
their own sweet will, carrying confusion
everywhere.

An Irish fair is quite different from an
English one. The former is all business,
blackthorns and whisky punch, the latter
all merry-go-rounds, shooting galleries,
Aunt Sallies and ginger beer. The charac-
teristic of Celt and Saxon are nowhere more
marked than in the bargain-making of the
two peoples. The Englishman is unemo-
tional, stolidly so; the Irishman is all
vivacity, speaking nearly as much with his
hands as with his volatile tongue. Paddy is
religious, and lives up to the letter of his
"catechism," but when in a hole his con-
science always finds a loophole of escape.
On fair days he leaves it at home. The
buyer depreciates the seller's stock; the
seller with florid eloquence elevates the
very faults of the animal into virtues. I
have known an Irish cattle jobber, as
the legs are called, sell a cow, which he
had lost its natural appendage through an
accident, and when selling swear it was
without spot or blemish, at the same
time, with upturned eyes, calling all the
saints in the calendar to bear witness to
the truth of his barefaced lie. The cow
itself was the informer on this occasion.
It was a terribly old day, the flies were
troublesome, and while the tail of every
other beast in the fair was swishing like
fury, that cow's tail never wagged. Paddy
prides himself on his cuteness, and a clever
piece of deception, so long as he himself is
not the one deceived, throws him into
ecstasies. A rascally pig-jobber, whose
pigs revealed symptoms of measles, re-
moved the purchaser's doubts by showing
heavenwards. May the two at home in the
cradle be burned to ashes before I get back
if there's a single measles spot in their
bodies." The "two at home in the cradle"
were two sows of turf the rascal had
purposely placed there to burn "the vinom
out of the oath," as he expressed it.

By about 4 o'clock in the afternoon the
fair is virtually over, no farther the buying
and selling are concerned. But now the
fun begins. The country girls, fresh-
faced and dainty slippered, are arriving to
purchase hats, ribbons and other feminine
nick-nacks out of the "fairings" promised
them by lovers or relations. Nora's hat, a
hillock of red ribbons and flowers of many
hues, is a starter in the contrast to those
day-dreamy lyrics to be seen in Regent
street windows, hers is a battle ballad. Of
course she takes part in the dance in pro-
gress in every tap-room and booth. An
Irish "four-handed reel" is a lively affair,
and it so happens—the girls, the rogues,
are at the bottom of it—that sweethearts
are generally partners. As in Goldsmith's
time so it is today; each dancer holds out
to tire the other down, and "Well done,
Nora; me darlin' ye are, Nora," inspires
the fair terpsichorean to prolonged effort.
Light dancing on the part of the "colleens"
is looked upon as a high accomplishment.
This fact must have been known to the
Irish poet who put this pretty expression
in the mouth of an amorous swain: "Dance
light, for my heart it is under the feet,
Nora likes to show her pretty
ankles, and the vanity is quite pardonable.

Her feet beneath her petticoat
Like little mice creep in and out.

The dance is sometimes brought to a
finish by the fiddler getting drunk—there
are no Irish pipers nowadays. At the end
of every dance he is invited to "wet the
fiddle, me boy; the sawdust's runnin' out
of it," and he never refuses. And the
green-eyed monster, jealousy, too often in-
trudes, and turns the innocent merry-
making into a row.

The public houses are doing a roaring
trade. In little country towns they gather
in their harvest only on fair days, for in
the wholesome everyday life of the fields
the boys have neither the opportunity nor
the inclination to drink. No one calls for
half a glass of whisky or half of four ale.
He would think himself disgraced by doing
so, or by drinking alone. Half a dozen, or
maybe a dozen, enter the public house
together, and a pint of whisky punch or a
gallon of beer is the order, and as each in
his turn insists on standing his round,
drunkenness is too often the result.
Paddy's sense of honor is often the father
of his intoxication. Although faction
fights are, happily, a thing of the past,
old animosities frequently sprout up on fair
days, and lead to bloodshed and broken
bones. But, as a rule, modern feuds are
limited to individuals. Land troubles are
at the root of most latter-day quarrels, for
his "bit of land," though he starve on it, is
to Pat as the apple of his eye, and to
murder a land-grabber is almost a virtue in
his eyes.

Matches are often made in the public-
house bar parlor on fair days, and, to
say the two persons most interested in
the matter are rarely consulted; the re-
spective fathers of the lad and lass decide
the momentous question. The fortune of
each is tallied up to the last half-
sovereign, and cases have arisen in which
the withholding of a single lamb from the
bride's dowry has broken off a match.
Abductions, which were very common in
Ireland a century ago, are now unknown,
and a runaway match is also rarely heard
of. The spread of education through the
national system has made the young people
self-thinking and independent, and the in-
fluence of both priest and parent has con-
siderably diminished. In large towns,
such as Dublin, Cork and Waterford, the
political power of the priest, once so
dominant, is now completely gone. Fenian-
ism, whatever its evils, taught the
people to think for themselves in political
matters, but in the country districts the

priest is still a powerful political factor.
At a country fair his blackthorn stick is
worth a dozen policemen's batons in
quelling a row.

WESTERN ONTARIO.

ELGIN.

Levi Charlie, formerly of Barrie, has re-
moved to Port Stanley, where he will en-
gage in the construction of steam yachts.
E. W. French, B.A., classical master at
the Ridgeway Collegiate Institute, has
been offered a position in the Napanee In-
stitute.

A most daring burglary occurred on Mon-
day night at the residence of Rev. Mr.
Cooper, of Vienna. Mr. and Mrs. Cooper
were absent at the time, and the only
occupants of the house were three children
—Bert, Mary and Florence—and Miss Tyler,
of Winnipeg. At 2:30 in the morning an
entrance was effected through Miss Tyler's
bedroom window, and the burglar set
towork. He relieved one drawer of a
purse, containing \$80, and some
jewelry, and in another part of the
house he found a pair of earrings and
a \$30 gold watch belonging to Miss
Tyler. He was carrying away some of Mrs.
Cooper's silverware when Miss Tyler awoke
and went into the dining room. The thief
caught her by the arms, for he tried to keep
quiet, dropped the silverware and jumped
out of a window. Bert Cooper followed
the burglar up the road till he jumped into
a buggy and drove off.

ESSEX.

Rev. Roger S. W. Howard, B.A., late
curate of All Saints' Church, Windsor,
Ont., has taken charge of the parish of
Mooretown, Courthouse and Cornwall.
C. Quilline and Horatio Wigle, of Leam-
ington, have leased 1,300 acres near Leam-
ington for gas purposes.

There are twenty prisoners at present in
the Sandwich jail. But five of these will
shortly be transferred to the Central Prison,
Toronto. The sessions commence Sept.
17, before Judge Robertson.

KENT.

Mrs. Gawne, 27 years of age, wife of Wm.
Gawne, of Harwich, died in the Chatham
General Hospital. The cause of death was
necrosis of the stomach. She leaves two
children.

The Chatham public, separate and high
schools open again on Aug. 27. County
schools a week earlier.

Morden Terry, 19 years old, an employee of
Parks & Sons, Chatham, had his left leg
crushed below the knee on Monday. The
limb was caught between a large wheel and
the floor.

Chatham has a thorough little heroine in
the person of Ada Elsie, the daughter of
Robert Elsie. In company with her
cousin, Gertrude Houran, 10 years old, she
was playing on logs in the Thames River
when the Houran girl fell in. Ada started
to call for help, and then crawling for help
she managed to pull her on the log and guide
her safely to shore.

John Gaudion, aged 30, Frank J. Tilt,
aged 37, and Benjamin Moore, aged 33 years
troublemaker, and while the tail of every
other beast in the fair was swishing like
fury, that cow's tail never wagged. Paddy
prides himself on his cuteness, and a clever
piece of deception, so long as he himself is
not the one deceived, throws him into
ecstasies. A rascally pig-jobber, whose
pigs revealed symptoms of measles, re-
moved the purchaser's doubts by showing
heavenwards. May the two at home in the
cradle be burned to ashes before I get back
if there's a single measles spot in their
bodies." The "two at home in the cradle"
were two sows of turf the rascal had
purposely placed there to burn "the vinom
out of the oath," as he expressed it.

MIDDLESEX.

John Tuckey, J.P., con. 5, London, is
rapidly recovering from a severe kick which
he received on July 16, resulting in his right
leg being broken.

John W. Frank, of West Nisour, died at
the residence of his father in West Nisour
on Monday. Deceased was 31 years of age,
and the only surviving son of James B.
Frank, at one time reeve of the township.
He was of remarkable abilities, and was
highly respected. The funeral on Wednes-
day was largely attended.

OXFORD.

Alex. Shaffer, a section man on the G. T. R.,
at Ingersoll, was struck on the head with
a large spike, and his nose was badly in-
jured.

Isaac McCulloch, second son of John Mc-
Culloch, Woodstock, died Sunday morning,
the result of typhoid fever and hemorrhage
of the bowels. Deceased was only in his
23rd year, and returned, but recently from
the Western States, where he was employed
as a telegraph operator. The funeral was
largely attended.

PERTH.

Wm. Clark, of Mitchell, was thrown out
of his right other night and had his leg
broken. The probabilities are the limb
must be amputated. The accident was
caused by the horse bolting.

WELLINGTON.

Dr. W. O. Stewart, of Guelph, has been
appointed physician for the Ontario Agri-
cultural College, made vacant by the death
of the late Dr. McGuire.

SILLY GIRLS "SOLD."

Fifty of them victimized by a The-
atrical Fakir.
BUFFALO, Aug. 15.—Several scores of
stage-struck Buffalo beauties were cleverly
duped last week by Chas. Ames, a the-
atrical fakir who struck town on Monday,
hired a room, advertised for inexperienced
girls to go on the stage in a "grand ballet,"
and, after swindling over 40 young women
who longed to display their charms before
the footlights, left the city on Friday after-
noon with the handsome girl of the lot,
went to the Hotel Gratiot, Dunkirk, regis-
tered as man and wife, stayed with his
bride two days and deserted her Monday
morning, after stealing her money and
jewelry.

It is said that Ames has served a term or
more in prison under the name of Brown
for bigamy, and has numerous other shady
transactions standing against his record.

Cause Dissipation.

ALBANY, Aug. 15.—Albans H. Snyder,
the city representative of the Drygoods
Economist, was found dead in his room at
the Broadway Central Hotel to-day, hav-
ing committed suicide by cutting his throat
with a razor. Cause, dissipation.

Vaccination has been made a religious
ceremony in Geneva and Holland.
Wasps rank next to the higher classes of
ants in point of insect intelligence.

Do You Cough?

It is a sure sign of weakness.
You need more than a tonic.
You need

**Scott's
Emulsion**

the Cream of Cod-liver Oil
and Hypophosphites, not only
to cure the Cough but to give
your system real strength.
Physicians, the world over,
endorse it.

appointed physician for the Ontario Agri-

cultural College, made vacant by the death

of the late Dr. McGuire.

SILLY GIRLS "SOLD."

Fifty of them victimized by a The-

atrical Fakir.

BUFFALO, Aug. 15.—Several scores of

stage-struck Buffalo beauties were cleverly

duped last week by Chas. Ames, a the-

atrical fakir who struck town on Monday,

hired a room, advertised for inexperienced

girls to go on the stage in a "grand ballet,"

and, after swindling over 40 young women

who longed to display their charms before

the footlights, left the city on Friday after-

noon with the handsome girl of the lot,

went to the Hotel Gratiot, Dunkirk, regis-

tered as man and wife, stayed with his

bride two days and deserted her Monday

morning, after stealing her money and

Gods in his heaven,
 All's right with the world.
 —BROWNING.

London, Thursday, August 16.

—Only those communications to which the writers are willing to have their names appended in print will be published in these columns. Neither the writing nor the publication of anonymous letters can be justified.

—As a result of the new United States tariff, the price of whisky has already gone up 3 cents a gallon at the distilleries, being \$1.28. It could stand a further hoist without injury to any one.

—The High Court of Independent Foresters, in session at Peterboro, selected London as the next place of meeting—a most sensible resolve. No place is more favorably situated for representative gatherings than this city.

—Dr. Gardiner has the courage of his convictions. He makes out a strong case for the position he has taken in regard to an intoligant scheme for the disposal of the sewage of London. We have frittered away enough money in putting down a higgledy-piggledy, badly-working system, or rather no-system, of sewers to have paid for first-class, health-promoting public drainage. How long is this to be continued?

—London bicyclists lost races in the Sarnia contests yesterday because they had been unable to train here, in consequence of the lack of a track. The experience should make every wheelman in the city an earnest, persistent worker for the success of the united athletic association which means to provide for London, among other things, the best bicycle track in the province. The project cannot fail if the wheelmen say it must go.

—The Toronto News says in reference to Col. Denison's speech directed against the United States:

"The enmity of which Col. Denison speaks is of the past, and he is a traitor not alone to his country, but to humanity who endeavors to revive it now to the obstruction of the movement that is hastening the day when war shall no longer disturb the peace of the husbandman, and when the flags, torn in the conflicts of the past, shall be forever furled."

If the warlike colonel had his way the editor of the News would be hanged, drawn and quartered as a warning to all opponents of militarism. The army must be found work at all hazards.

THE QUEEN'S PARK OBJECT LESSON.

The phenomenal success of the picnic of the Young Liberal Fleet shows what can be done when energetic Londoners set to work to organize an afternoon's enjoyment. Some 12,000 persons participated in the demonstration at Queen's Park yesterday afternoon and evening. The greater portion of the crowd were citizens, as a matter of course, but we are informed by leading merchants that their business was surprisingly increased during the afternoon through the advent in the city of country visitors, who came to sell and buy in the early part of the day and to enjoy the remarkable exhibition in the afternoon. This fact emphasizes what we have all along contended. Londoners need not an electric railway in the city and to Springbank, a comparatively small expenditure in developing the magnificent natural park down the river, a good bicycle track and general athletic headquarters, to make this city and neighborhood the great holiday rendezvous of the West.

It was humiliating to many of us, the other day, when arranging for the annual outings of the national societies, to find much smaller places sending their special civic literature there to influence holiday-makers to go to them, while this city virtually lies on its oars. Even Sarnia sent two civic delegates specially to London to coax the societies their way.

This can all be remedied at an early date. The improvements we plead for can be provided largely by private enterprise if the city authorities give their cordial cooperation to forward them. Let there be a united effort, and all will be benefited. This is no mere merchants and manufacturers affair. It affects us all, whether we are employers or employed. London cannot be made a holiday center—a headquarters for athletic and other gatherings—without benefiting every worker in the city. The more money that is spent in the city the greater will be the demand for the products of London industry in all its various ramifications.

WHY MERCHANTS COMPLAIN.

Dundas street west merchants complain with considerable warmth that the civic authorities, while permitting the street in front of their premises to remain in a torn-up condition for over a year, charge the property owners taxes for cedar blocks and sweeping. The complaint seems to be well founded. The merchants indorsed cedar blocking on the ground that it could be periodically swept, and might thus be kept in a cleanly condition. During last year the street has been both dusty and filthy, and the merchants have sustained much loss through the damage to their goods resulting from this. This is the gravamen of the accusation which the storekeepers make. The aldermen will concede that there is much truth in it. Surely a division of the city that pays something like \$100 per running foot in taxes deserves better treatment.

CONSUMER PAYS.

A high tax advocate gives publication to this morsel of wisdom:

"If foreigners want to compete in Canada as against the skill and industry of Canadian workmen, let them pay for the privilege."

Then you return to the view that foreigners, not Canadians, pay the taxes on imports into Canada? If that is so, what fools our rulers are that they do not raise the taxes on imports until they collect enough of money to make us all rich!

But the people do not believe the apology for combine rule. They know that the importer pays the duty, and that he, in turn, adds the tax to the price of goods before he sells them, unless in very rare instances. Ask any intelligent workingman if he believes that the British or United States merchant pays the taxes collected by the customs authorities in London and elsewhere, and he will retort by asking if you take him to be a fool. Ask the Patron of Industry—the intelligent farmer, whether he be a Patron or not—and his reply will be that he knows better, and that under no circumstances does he mean to consent to the continued collection of taxes for any other purpose than to provide revenue to economically govern the country.

Caustic Comment on the Rejection of the Tenants Bill by the Lords.

President Carnot's Murderer Beheaded—London's Leading Conservative Weekly Changes Hands—Sixteen Workmen Killed by the Collapse of a New Building.

Cotton Mill in Ashes.

LONDON, Aug. 15.—The Newberry Company's cotton mill at Oldham was burned today. Loss £20,000.

Lost His Head.

LYONS, Aug. 16.—Santo Caserio, the murderer of President Carnot, was guillotined at 5 o'clock this morning.

The Wellman Party.

LONDON, Aug. 15.—A dispatch received this evening from Tromsø, Norway, says that Walter Wellman and his party arrived there today. No details.

It Pleases Them.

LONDON, Aug. 15.—Reports from Leeds, Bradford and Huddersfield indicate that the English manufacturers of woollens expect great benefits from the passing of the Gorman Bill.

Sixteen Workmen Killed.

VIENNA, Aug. 15.—A bank in course of erection at Sztathmar, Hungary, collapsed today. Of the 250 men working on the building at the time 16 were killed. Several others were severely injured.

Buried Amid Ruins.

BUDA PESTH, Aug. 15.—The Commercial Bank buildings at Zithmarnemeth, Hungary, fell yesterday afternoon while a large force of men were at work in it. Of those buried in the ruins eleven are still missing, and are supposed to be dead.

Loquacity at a Discount.

LONDON, Aug. 15.—The New Zealand House of Representatives passed a motion limiting the time of speech to half an hour for each speaker and not allowing any member to speak in committee more than four times, or longer than ten minutes.

Australian Cattle Shipped to England.

By the steamer Maori King the experiment of shipping Australian live cattle to England has been tried. Twenty head have been shipped. The cattle were worth £4 10s in Australia, but it is thought they will bring £15 to £16 in England.

The Bomb Explosion in London.

LONDON, Aug. 15.—The bomb which was exploded in the New Cross postoffice, South London, last evening, had this label: "To the memory of Ravachol, Vaillant, Bourdin and Caserio." The label was scorched in the explosion, but was legible when it was found among the fragments of the bomb.

Now Its Denied.

LONDON, Aug. 15.—The Shanghai correspondent of the Central News, says that the Yokohama report that there was an engagement between the Chinese and Japanese fleets Aug. 11, and that the Japanese were victorious, is denied officially. The Japanese fleet is still cruising at the mouth of the gulf. Pe-Chi-Li and the Chinese fleet has not been sighted. Chinese reinforcements are equipping and advancing through Manchuria.

Denied Again.

LONDON, Aug. 15.—Sir Francis Knollys, who acts as secretary to the Prince of Wales, published today once more the statement that the Duke of York had not been married prior to his union with the Princess Mary of Teck. Reports to the contrary, says Sir Francis, could have originated only in a desire to cause the Duke and Duchess of York vexation and pain.

This statement was made at the direct instance of the Prince of Wales.

Sale of the Saturday Review.

LONDON, Aug. 15.—It was announced today that the Saturday Review, the principal Conservative weekly, had been sold by Beresford-Hope to L. H. Edmunds, a wealthy lawyer. Mr. Edmunds says that he will not change the policy of the Review.

The Lords' Mistake.

LONDON, Aug. 15.—The Freeman's Journal, of Dublin, comments thus on the rejection of the Evicted Tenants Bill: "The time has come for the Irish people to make their power felt in strong, united agitation. Justice and mercy fail to move the landlords. Let the pressure of public opinion be applied in a practical form."

The Independent says: "The Government has made a serious mistake from the start, and the greatest mistake is its failure to take earlier action."

The Star writes: "After the rejection of the Evicted Tenants Bill last evening, Dr. Tanner, meeting the Marquis of Clanricarde in a corridor, shouted, 'You are living from the blood of your impoverished tenants.' The Marquis said something to his friends about having Tanner arrested, but upon their advice he let the remark pass unnoticed."

Seven Wonders of Corea.

Corea, like the world of the ancients, has its "seven wonders." Briefly stated, they are as follows: First, a hot mineral spring near Kin-Shantao, the healing properties of which are believed by the people to be miraculous. No matter what disease may afflict the patient, a dip in the water proves efficacious. The second wonder is two springs, situated at a considerable distance from each other, in fact, they have the breadth of the entire peninsula between them. They have two peculiarities—when one is full the other is always empty; and, notwithstanding the fact that they are connected by a subterranean passage, one is bitter and the other pure and sweet. The third wonder is a cold wave cave—a cavern from which a wintry wind perpetually blows. The force of the wind from the cave is such that a strong man cannot stand before it. A forest that cannot be eradicated is the fourth wonder. No matter what injury is done to the roots of the trees, which are large pines, they will sprout up again directly, like the Phoenix from her ashes. The fifth is the most wonderful of all. It is the famous "Hoisting stone." It stands, or seems to stand in front of the palace erected in its honor. It is an irregular cube of great bulk. It appears to be resting on the ground, free from supports on all sides; but, strange to say, two men at opposite ends of a rope may pass it under the stone without encountering any obstacle whatever. The sixth wonder is the hot stone, which, from remote ages, has lain glowing with heat on the top of a high hill. The seventh and last wonder is a drop of the sweetest of wines. For 300 years around the temple in which it is enshrined not a blade of grass will grow. There are no trees or flowers inside the sacred square. Even the animals decline to profane a spot so holy.

KILLED ON THE TRACK.

Edward McKeown Meets Death Near the Cove Bridge.

He Was a Farm Laborer and Was Walking Home After a Visit to the City—The Body Badly Mangled.

A poor unfortunate met an untimely death in the darkness of last night under the grinding wheels of a G.T.R. train half a mile west of the cove bridge. Engineer Cox, of the early morning express from Sarnia, due here about 6:25, noticed the body of a man lying alongside the track and reported the matter to the station authorities. Shortly after the train passed the body was found by Constable J. W. Ward, at the back of whose property the man was killed. Mr. Ward recognized the man as Edward McKeown, who has worked for different farmers in the neighborhood for probably fifteen years. The man must have been struck on the left side, as the left arm was cut off at the shoulder and ground to a pulp. Part of his hand and a couple of pieces of flesh were all that remained of the arm. These were placed on the body and brought to the city on a train about 8 a.m. The remains were then removed to Hinton's morgue, and Coroner Flock issued instructions to hold an inquest at 3 o'clock this afternoon.

McKeown was a single man about 35 years old, and had worked for farmers in and around Hyde Park ever since he was taken from a home when a small boy. Latterly he did a day's work here and there as he could get it. His last employment was a threshing job with a farmer named Brooke, of a London township. He came to the city yesterday to see the Young Liberal demonstration, it is supposed, and a young man named Lee, of London West, saw him at the corner of Dundas and Richmond streets about 8:30 in the evening. He was then apparently sober. It is thought that after that he started a walk out to some friend's place in the township to spend the night, and took the track. He must have been struck either by No. 20, from Windsor, or the Sarnia train, immediately following. Both trains reached this city between 11 and 12 p.m. McKeown wore a straw hat, a pair of top boots, a rough flannel shirt, and his trousers were held in position by a strap. He was wearing a medium size, rather thick sock, with dark hair and mustache. He suffered a severe blow on the back of the head, and the left side of his face was badly disfigured.

THE WHEEL.

SARNIA'S GREAT DAY.
(By the Advertiser's Reporter.)

SARNIA, Aug. 15.—This has been Sarnia's civic holiday and that enthusiastic element in all places, the wheeling fraternity, made it a big day indeed. Sarnia is a great cycling town, and the boys boomed their fourth annual meet with characteristic energy. The results were creditable to themselves satisfactory to their patrons and financially a benefit to the town in general. Excursions were run on the Grand Trunk and the Erie and Huron railways, bringing a large crowd, including over 200 from London, many of them wheelmen. The delegation from the Forest City expected to see their crack riders, Radway and Little, make a fine showing, as Harbottle and Davidson, particularly in Radway. His wind and strength invariably kept him among the leaders until the home stretch, when the lack of spurring power lost him the race. Little met with a painful accident in his first heat, which handicapped him throughout the programme. His riding was greatly admired, and there is no doubt that with proper practice he will soon be in the front ranks. The absence of training facilities in London was the sole cause of Radway's poor exhibition. Like Little he had only been in training here for a couple of days, while the local men, who captured the honors, have their magnificent track for daily use. Until the cyclists of London secure a proper racecourse they cannot hope to compete against those who have one. Fortunately this "long felt want" is about to be supplied.

The meet was a big success. There were between 4,000 and 5,000 people at the park. The large grand stands had been completely destroyed by fire the night before—undoubtedly the work of an incendiary. This might have disheartened any club less enterprising than the Sarnia, but at daybreak they had a big force of men erecting new stands, so that by noon excellent seating accommodation for 3,000 had been provided. The morning was devoted to a Coxey's Army parade, and the big crowd on the streets enjoyed the ludicrous spectacle immensely. The Coxeyites had apparently gathered all the rag-tag and bob-tail wheels in the district. There were old wheels and new wheels, wheels short and wheels tall, high wheels, safety wheels and wheels that were not safe at all. It was a case of the worst being the best. The riders were toggled out to match their machines, and had apparently made a corner in the rag market. Mr. Charles Cowley, formerly of London, was the drum major and conducted a band which played in B flat.

The management of the fleet was almost faultless, and with the great and only H. B. Donly, of Simcoe, as starter, there could be few bitches in the programme. The first event was the one-mile novice. In the finish heat Little, of London, while in the lead was accidentally tripped and sustained a severe fall. He pluckily came up for the final, though he limped badly and blood was oozing from a laceration on his shoulder. The crowd sympathized with him in his misfortune and cheered him lustily as he crossed the tape, barely an inch ahead of Phelps, of Sarnia.

In the quarter mile open, Davidson, of Toronto, won the first and final heats by splendid spurring. Radway entered in the half-mile open and led in the second heat until the last few rods, when the whole

field passed him on a spurt. Little rode unsuccessfully in the two mile 6 minute class. Radway's next effort was in the one-mile open, and he led bravely for three laps, when McLeod, the rising young Sarnia flyer, spurred ahead and "Rad" got only third.

The greatest interest perhaps centered in the three mile race for the championship of Huron district, which was won by Charles White, of London, on May 24. Radway and Little were pitted against McLeod and Longhead, of Sarnia. It was intensely exciting and the London contingent cheered lustily when on the ninth and last lap Radway showed his heels to McLeod, who had been leading. His spurring weakness, however, lost him the race. McLeod passing him on the stretch amid thundering applause. The Sarnia men's admirers were so enthusiastic that they carried him back to the stand on their shoulders. In the two-mile handicap Radway was set behind hopelessly, and retired from the contest. The last event, the club team race, lay between Sarnia and London. Radway, Little and Frank Sweeney being the latter's trio. Radway and Little led until the last lap when McLeod again beat them out, the former coming in second and third respectively. Sweeney had a tussle with Phelps for third place, and succeeded in getting it. The prize, therefore, went to London.

The following were the efficient officers of the day:
Referee—John G. Gauld, Hamilton.
Judges—George Bruce, Waterloo; P. Carroll, London; W. R. Paul, Sarnia; Timmer—G. H. Orr, Toronto; E. A. Fitzgerald, Petrolia; J. W. Smith, Port Huron.
Scorers—Dr. J. Balfour, London; F. Mitchell and E. R. Eacrett, Sarnia.
Starter—H. B. Donly, Simcoe.
Clerk of Course—Dr. A. N. Hayes.
Assistant—G. M. Gibbs.
Umpires—V. E. Clark, D. Mackenzie, F. E. Farr, C. Mackenzie, jun., A. Patterson.

In the second or the trial heats of the quarter-mile open there was a close decision by the judges, who gave the place to Devine, of St. Thomas, although many thought it should have gone to Harbottle, who was the referee decided "no race" they left for home without waiting to take part in the remainder of the programme.

One mile novice, first heat—Phelps, Sarnia, 1; C. A. Smith, St. Thomas, 2. Time, 2:38 4-5. Second heat—A. L. Johnston, Toronto, 1; J. A. Harley, Petrolia, 2. Time, 2:38 4-5. Final heat—Smith, 1; Phelps, 2; Harley, 3. Time, 2:42 2-5.
Quarter mile open, first heat—Harley Davidson, Toronto, 1; Angus McLeod, Sarnia, 2; Moore, Toronto, 3. Time, 34 4-5. Second heat—McKellar, Toronto, 1; Devine, St. Thomas, 2; Harbottle, 3. Time, 35 4-5. Final heat—Davidson, 1; McLeod, 2; McKellar, 3. Time, 35 2-5.
One-mile, 2:50 class, first heat—H. R. Morris, Vassar, Mich., 1; F. Longhead, Sarnia, 2; M. B. Jarvis, Grand Rapids, 3. Time, 2:52 4-5. Second heat—H. D. Thudhope, Port Huron, 1; G. B. Phelps, Sarnia, 2; A. Johnson, Toronto, 3. Time, 2:49 1-5. Final heat—No race on account of not being under time limit. Morris, of Vassar, 1; Longhead, of Sarnia, 2; Jarvis, Grand Rapids, 3. Time, 2:50 3-5.
Half-mile, open, first heat—Davidson, Toronto, 1; Harbottle, Toronto, 2; H. L. Morris, Vassar, 3. Time, 1:14 4-5. Second heat—McKellar, Toronto, 1; Moore, Toronto, 2; Chisholm, Goderich, 3. Final heat—Davidson, 1; McKellar, 2; Harbottle, 3. Time, 1:20 1-5.
Two-mile six-minute class—First heat—McKellar, Toronto, 1; H. L. Morris, Vassar, 2; Chisholm, Goderich, 3. Time, 5:43 4-5. Second heat—McLeod, Sarnia, 1; H. R. Morris, Vassar, 2; Thudhope, Port Huron, 3. Time, 5:14 4-5. Final heat—McLeod, Sarnia, 1; H. R. Morris, Vassar, 2; Phelps, Sarnia, 3. Time, 5:38. Phelps was allowed to start in the final on account of a fall through a foul in the first heat.
One mile open, run in one heat—McLeod, Sarnia, 1; H. L. Morris, Vassar, 2. Time, 2:36 4-5.
Three-mile championship of Huron district—McLeod, Sarnia, 1; Radway, London, 2; Little, London, 3; Phelps, Sarnia, 4. Time, 8:33.

NOTES.
A high and cold wind prevented any record-breaking.
A couple of races were declared off on account of loafing.
In McLeod Sarnia has a coming flyer.
Ex-Champion Will Hyslop did not show up. Harbottle, the Canadian champion, had nothing remarkable. Davidson, the only Queen City man who distinguished himself.
The American riders were vanquished by the St. Clair Indian Band played creditably on the grounds.
Sarnia has the boss track. London would do well to copy from it.
The Sarnia Bicycle Club ran an excursion down the river to Oaklands at night, where a pleasant hop was held.
CARMAN CUTS TWO RECORDS.
TORONTO, Aug. 15.—At the Toronto police annual athletic games today there was a five mile bicycle race, open, with fifteen entries, all local men. Carman did some Canadian record-breaking. The four mile record, held by Marshall Wells at 11:15, Carman reduced to 9:54 4-5. The five mile record, held previously by Hyslop, Carman brought down to 12:04 1-5.
LAWN TENNIS.
GODERICH VS. BLYTH.
BLYTH, Aug. 15.—A game of lawn tennis was played here today between Goderich and Blyth clubs, resulting in a draw. Following is the score:
Doubles—Holmes and Hunter, Goderich, beat Milne and Tierney, Blyth, 6-1, 4-6, 7-5; McKinnon and Ferguson, Blyth, beat Libby and Cameron, Goderich, 6-3, 6-3.
Singles—Holmes, Goderich, beat Milne, Blyth, 6-2, 6-3; Hunter, Goderich, beat Tierney, Blyth, 6-2, 4-6; Ferguson, Blyth, beat Libby, Goderich, 6-2, 7-5; McKinnon, Blyth, beat Cameron, Goderich, 6-3, 9-7.

Dr. Gardiner on the Necessities of the City.
Vigorous Arraignment of the Present Expensive and Unbusiness-Like System.
And a Straightforward Appeal for Common Sense Methods.

To the Editor of the ADVERTISER:
In writing the present letter I have neither political axes to grind, nor yet any personal end in view, but only the wish to put fairly before the public the needs of the city (as I see them) for a complete system of sewerage.
London's natural drainage is good, and all man has to do is to imitate nature by putting down two main sewers—one along the course of Carling's Creek for the northern and eastern parts of the city, and one to the south into which all the branches of the sewer and under would flow. These uniting into one main would receive the sewers from the west and so be continued down stream to some point below the city where the sewage might be treated or run into the river according to the wisdom or wishes of the people.
Our sewers at present are being built in a haphazard way. People petition for a sewer and the council will grant the request. The work will be done, not as a part of a general plan, but only for the people petitioning. The outlet will be into the nearest hollow. The fall will be little or great, as the exigencies of the case may be. The termination will be such that those living further up the street or the locality adjoining which naturally should connect with said sewer, will not be able to do so on account of too little fall. And the depth will not be enough to secure cellars from the danger of backwater, or give the house drain enough fall to keep it from blocking up.
The southern and western parts of the city at present use the river for the outlet, but the tenure of this is, to say the least, precarious, and it is impossible to have the outlets of the sewers beneath water, as sanitarians say they ought to be. And the northern and eastern parts of the city in some cases dump their sewage into Carling's Creek, i.e., if they fortunately live on high enough ground. The rest of that region has to go without, and ward 6 uses the banks of the river for ravines for their outlets as convenience suggests. I leave it to the intelligence of my readers, and to their sense of fair play, if this is a condition of things at all desirable, or one which they would like to submit to, i.e., if they lived along the course of Carling's Creek or on the bank of the river or nearer one of these outlets.

Now, knowing that such is the condition of our affairs in reference to sewers, one would naturally think that there would be little opposition to having a better plan carried out, but there is opposition, and very strong opposition at that.
First, there is the opposition of those who are using the present system. They say to have paid for our sewers, and why should others not do the same, forgetting that others are not allowed to do the same.

ALL MEN
Young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of vitality, loss of memory, bad dreams, dimness of sight, palpitation of the heart, nervousness, lack of energy, pain in the kidneys, headache, pimples on the face and body, itching or peculiar sensation about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes, surrounded with LEADEN CIRCLES, oily looking skin, etc., are all symptoms of nervous debility, that lead to insanity unless cured. The spring or vital force, being lost, this tension every function wastes in consequence. Those who through abuse committed in ignorance, may be permanently cured. Send your address and 10c in stamps, and we will send you a book on disease, sent sealed. Address M. V. LUBON, 24 Macdonnell avenue, Toronto, Ont., Canada.
Please mention this paper.

THE WEATHER TO-DAY—Fine, stationary or higher temperature.

COZY HOMES.

Chenille Curtains and Table Covers go a long way towards making home attractive. There is a richness about them that charms. It is not so very long ago when only wealthy persons could afford to decorate their homes with Chenille, but we are going to give everyone a chance. About a month ago we were offered a lot of specially handsome Curtains at a very low price, provided we took them all. We bought them from the manufacturer direct, not from a bankrupt stock. Buying at a great reduction, we can afford to sell them the same way, as for instance:

Curtains, three yards long, five different colorings, at \$3 25.
Curtains, three yards long, six different colorings, at \$3 75.
Curtains, three yards long, four different colorings, at \$4.
Curtains, three yards long, five different colorings, at \$4.

BEAR IN MIND

These are all new goods, though the prices are as low as the inferior, old kinds are sold for. The dado and ground work patterns are all handsome. Those who know the kind of goods we handle will surmise that this is a bargain chance. So it is. Don't stay away because the prices are low.

SMALLMAN & INGRAM, 147, 149 and 151 DUNDAS STREET.

For want of a proper outlet, and also for getting that the general city pays for the repairs and one-third of the cost of the original work.

The second opposition comes in the score of economy. It will cost a very large sum of money, and heretofore we have got along very well as we are; London is the healthiest city on the continent, and what is the use of the work at all—forgetting that time change, and although we have a healthy city now, a time will come when it will be so if ordinary sanitary laws are disregarded.

Opposition comes also from a third class, who have built cesspits at large expense, and who do not wish to be put to the fresh outlay of a sewer. These forget that the annual cost of cleaning out these unsanitary abominations is greater than would be their share of a proper sewerage system.

And lastly, the money spent in sewers is buried underneath the ground. No votes are to be gained, nor yet can the popular mind at all times see the necessity of many of the ordinary sanitary laws and rules.

The reason for a proper system in my opinion far outweigh any of these arguments against it, and are as follows:
First, the rights of each citizen to be on an equal footing with his neighbor, provided he is willing to bear an equal share of the expense, and at present this is not possible.
Secondly, there should be a general plan for all sewers throughout the city, so that each one laid down would be part of a harmonious whole, and the depth, fall and size should be considered in this plan, and when extensions were required each could be added to at pleasure. At present many which are being put down will be totally valueless in the near future, and even now their use is a menace to the public health.

In the third place, a proper system would really be an advantage on the grounds of economy, as it would do away with the necessity of cesspits. It would cost less to grade and keep up our streets, and to those who use water closets it would prevent the annual outlay of cleaning out cesspits and closets.
And lastly, it would be an inducement to many to build better residences, and so the assessment would be increased.

How would I have this main system paid for? Why, by those receiving benefit from it. Let us divide the work into three parts. First, that portion below the city and the sewage farm, and other necessary works (if built) would have to be borne by the city; also a third of all other sewers, as at present. The second part would include the southern out-off sewers as well as that for ward 6, and would have to be apportioned to that part of the city draining into these out-off sewers. The third would be the northern branch, and could be paid for in two ways; first, an average sewer rate along the streets traversed by this main, the remainder by a special tax over the whole area drained by this sewer.

This might be reduced by a grant from the Dominion Government, which is now using Carling's Creek for the Military School sewage. Having the cost thus divided, I do not think the burden would be very heavy; and as I believe the work is needed now, and will soon be a stern necessity, plans should be carefully considered, both by the Board of Health and the City Council, and the necessary legislation secured for the carrying them out in the near future. Neither route nor plan should be chosen without thorough criticism by the best talent we can obtain.

J. H. GARDINER, M.D.
Oh, life is a season of dire discontent. Of sorrowful watching and waiting. In winter we sigh for the Spring of July. And in summer we're eager for skating.

DOG AND SHARK BATTLE.

Both Combatants Were Badly Winded When Capt. McNeill Settled It With an Axe.

BRIDGEPORT, Conn., Aug. 15.—A fight between a shark and a dog is something very unusual. Such a contest took place yesterday on a sand bar near the Bridgeport Light, off Seaside Park, this city. Capt. McNeill, the keeper of the light, has a large Newfoundland dog named Prince. He is very fond of fish, and yesterday, while perched upon the end of the breakwater looking out for a chance to get a choice morsel for his dinner, he espied a large black object floundering in a sort of cove made by the fall of the tide on the sand bar a short distance away.

Prince started for the spot. The object proved to be a shark left by the outgoing tide in the cove, with only about a foot of water in which to flounder. Prince swam to the place where the imprisoned shark was, and proceeded to help himself to the biggest dinner of sea food he had had in some time. From the way he tackled the shark it was evidently his intention to shake the life out of him; but six feet of shark was too much for Prince. The shark was angry, and showed it by flinging Prince about twenty feet. The dog renewed the attack, this time in the rear. He fastened his teeth in the tail of the shark and dragged the flesh about 50 feet before letting go. This was Prince's favorite mode of attack after that, but the next time he tried it it proved very disastrous for him. The shark waited until Prince was near enough and then made a hit. It was no foul tip, but one that sent the dog many feet and doubled him up so that he stayed in that position for some time.

Prince renewed the attack, and again succeeded in getting his teeth in the tail of the shark. He held on for some time, but at last the tail proved too lively for him, and again he was sent flying many feet into the water. The battle had been going on for some time when Capt. McNeill saw that the dog was getting the worst of it, and armed with an axe he rowed to the scene. One round was fought while he was on the way, and it is described by the captain as follows:

"A swing of the tail and Prince picks himself up several feet away. Prince rushes. An upper cut by the shark lands Prince again. Prince feints and the shark's tail fans the wind. Prince clinches his teeth in the shark's tail, and when they break loose Prince is in the air. Several lively passes follow, in which the shark loses much skin and Prince makes several tours in the air. The round ended with both combatants bleeding and badly winded."

As soon as Capt. McNeill reached the spot he dispatched the shark with the axe. The water was stained with blood from the effects of the struggle.

Steamship Arrivals.

Oh, life is a season of dire discontent. Of sorrowful watching and waiting. In winter we sigh for the Spring of July. And in summer we're eager for skating.

Uneffectual Fire.

Partly in consideration of her entreaties—she did not lay commands, public opinion would have pronounced them too unreasonable—partly from an indifference to the pleasure itself, Trena went out on the water very little, so that the fact that her mother's mind was usually at rest about her, made the present anxiety harder. For that she was anxious about her was undeniable, though it was the future, represented anxiety of one who has borne such a burden long, feeling that its expression is unreasonable and perhaps unwelcome.

One late August evening the girl rose listlessly from where she had been sitting watching her mother sew, and stepped out of the open door.

"I wonder what it is that has gone wrong," sighed her mother, looking after her. She had just finished the patching and took place on the evening of the day, two weeks ago, when Trena had returned late for supper and gone out again immediately after with Ben, she might have guessed.

The charm had been still as she went on by Ben's side, careless of the direction in which he led, careless of the words that he might say. It seemed oracularly commonplace tonight, this wandering across the fields in the twilight, the moonlight, the edged fashion—utterly destitute of all the charm that clung to the half-said and the tacitly understood. Ben felt the coolness of her mood at once. He had come to know Trena's mood, and he knew it was not to him, poor fellow, this evening, instead of being of the commonplace, was touched with a halo of realized happiness and of possibilities. Why should he not be now, and surely, in the thought of this nearer relation, her late tantalizing capriciousness and wounding indifference would yield to something sweeter—so he had hoped before they met.

The very existence of his anticipation rendered him peculiarly susceptible to the combined coldness of her manner; he was the more hurt by the way in which she passed over his attempts to lead her to personal considerations. It was as if she thrust back upon him all that he felt, and part of which, with unusual demonstrativeness, he might have said. The news was untold when they finally reached the end of their walk, the only mass of rock of any considerable height on this bit of the coast. The darkness, that hurrying to reclaim the tender twilight, sweeps into the last days of summer with encroaching suddenness, had cast itself over sea and land. Ships lanterns, near and far, were twinkling over the water. A revolving light sent its interrupted message of deliverance across the dimness.

"Trena," said Ben, "I'm going away."

Trena's first impulse was one of pleasure. It was better than she had fancied possible. Here was a parting made ready to her hand. Her lover, too, had come to say farewell. Why should she not be now, and surely, in the thought of this nearer relation, her late tantalizing capriciousness and wounding indifference would yield to something sweeter—so he had hoped before they met.

The very existence of his anticipation rendered him peculiarly susceptible to the combined coldness of her manner; he was the more hurt by the way in which she passed over his attempts to lead her to personal considerations. It was as if she thrust back upon him all that he felt, and part of which, with unusual demonstrativeness, he might have said. The news was untold when they finally reached the end of their walk, the only mass of rock of any considerable height on this bit of the coast. The very existence of his anticipation rendered him peculiarly susceptible to the combined coldness of her manner; he was the more hurt by the way in which she passed over his attempts to lead her to personal considerations. It was as if she thrust back upon him all that he felt, and part of which, with unusual demonstrativeness, he might have said. The news was untold when they finally reached the end of their walk, the only mass of rock of any considerable height on this bit of the coast. The darkness, that hurrying to reclaim the tender twilight, sweeps into the last days of summer with encroaching suddenness, had cast itself over sea and land. Ships lanterns, near and far, were twinkling over the water. A revolving light sent its interrupted message of deliverance across the dimness.

"Trena," said Ben, "I'm going away."

Trena's first impulse was one of pleasure. It was better than she had fancied possible. Here was a parting made ready to her hand. Her lover, too, had come to say farewell. Why should she not be now, and surely, in the thought of this nearer relation, her late tantalizing capriciousness and wounding indifference would yield to something sweeter—so he had hoped before they met.

long, quick strides over the uneven grass. The whole moon had risen now, and the trembling light grew assured, though the surface it shone upon still wavered. The world had come from darkness into light, but suddenly Trena felt herself within a cold shadow. This was not what she had looked for. It was not thus that the scene was to end. Her soul was filled with dismay.

"Ben," she called, and her voice sounded frightened. "Ben, come back, don't leave me here alone."

He paused and then swiftly retraced his steps. They saw each other's faces distinctly in the white radiance.

"Come," he said, briefly. She held out her hands to him to help her rise. He bent over her and lifted her to her feet. How strong he was! She clung to him, but he put her down.

"Come," he said again, and she followed him along the narrow, trodden footpath. Just beyond they met an older man who was going their way. Ben dropped into the road beside him, and they went together to Trena's door. She clung to him, and he helped her up the steps. She clung to him, and he helped her up the steps. She clung to him, and he helped her up the steps.

The charm had been still as she went on by Ben's side, careless of the direction in which he led, careless of the words that he might say. It seemed oracularly commonplace tonight, this wandering across the fields in the twilight, the moonlight, the edged fashion—utterly destitute of all the charm that clung to the half-said and the tacitly understood. Ben felt the coolness of her mood at once. He had come to know Trena's mood, and he knew it was not to him, poor fellow, this evening, instead of being of the commonplace, was touched with a halo of realized happiness and of possibilities.

The very existence of his anticipation rendered him peculiarly susceptible to the combined coldness of her manner; he was the more hurt by the way in which she passed over his attempts to lead her to personal considerations. It was as if she thrust back upon him all that he felt, and part of which, with unusual demonstrativeness, he might have said. CHASE'S CHAPTER

1. Dr. Chase's Kidney-Liver Pills are a combination of valuable medicines in concentrated form as prepared by the eminent Physician and Author, Dr. A. W. Chase, with a view to not only be an unfailing remedy for Kidney and Liver troubles, but also to tone the Stomach and purify the Blood, at a cost that is within the reach of all. The superior merit of these pills is established by user question—by the praise of thousands who use them—one pill a dose, one box 25 cents.

2. When there is a Pain or Ache in the Back the Kidneys are speaking of trouble that will never increase unless relieved. We have the reliable statement of L. B. Johnson, Holland Landing, who says: "I had a constant Back-Ache, my back felt cold all the time, appetite poor, stomach sour and belching, urine scalding, had to get up 3 or 4 times during night to urinate, commenced taking one Kidney-Liver Pill a day; Back-Ache stopped in 48 hours, appetite returned, and able to enjoy a good meal and a good night's sleep; they cured me."

3. Constipation often exists with Kidney Trouble, in such a case there is no medicine that will effect a permanent cure except Chase's combined Kidney-Liver Pill, one 25 cent box will do more good than dollars and dollars worth of any other preparation, this is endorsed by D. Thompson, Holland Landing, Ont.

LATEST OLD WORLD GOSSIP

Maxim's semi-flying machine, or aeroplane, traveled a distance of 500 feet clear of the track provided for it, and then, lifting the car off the track, landed it and smashed it in a field.

The Queen has been pleased to approve that a militia cavalry battalion, of which the Duke of York is honorary colonel, shall be in future designated as the "Duke of York's Own Light Dragoon Hussars Yeomanry Cavalry."

The masts of Nelson's old ship, the Victory, having rotted at the base, are to be taken out and replaced with iron ones. The use of this metal for the Victory's masts has called out criticism from all sides, which, as the ship is kept in commission avowedly as a matter of sentiment, seems natural.

For the famous charge of the Light Brigade at Balaclava only one Victoria cross was awarded to an officer. It was given to Lieut. A. R. Dunn, who saved the life of a non-commissioned officer by cutting down three Russian lanceurs, and later in the battle he saved the life of a private. The decoration was recently sold at public auction in London.

The Army Temperance Society of the British army in India has grown from 13,000 members in 1890 to over 22,000 members today. Out of 1,100 regimental courts martial for 1893, only 39 sat to try members of the Temperance Association, and of 2,680 courts martial of all classes for that year, only 73 concerned temperance men.

French journalists are not now allowed to say anything about Anarchists which may displease the authorities, and are put to stringent tests. Henri Rochfort lately expressed his ideas on the subject in his journal in the deaf and dumb language. His leading article consisted of a column of miniature hands with the fingers arranged to represent the letters, with his name printed at the bottom.

The vice-chairman of the Scarborough Board of Guardians, in opposing an increase in the number of nurses in their infirmary, informed his colleagues that "people in a workhouse infirmary didn't require so much nursing as is given in a hospital; they came—and he was sorry to say it—to die and to rest, not to be nursed." But his colleagues thought that even dying paupers should receive proper care, and voted to hire another nurse.

THE HARRISON CASE.

More Serious Than Was at First Suspected—At Times He Was Prostrated by His Sufferings—Now He Is Cured.

PETERBOROUGH, Aug. 13.—The case of Richard Harrison, mentioned in these columns last week, was a more serious one than appeared at first sight. He was afflicted for some years with backache, the direct result of kidney disease. His damp weather especially his sufferings were intense, and frequently prevented his doing any work. To an active, energetic man, such an affliction was most grievous, and he tried many alleged remedies without relief. J. D. Tully, the well-known druggist here, recommended Dodd's Kidney Pills, which Mr. Harrison used and is now thoroughly cured. He only regrets that he did not use Dodd's Kidney Pills before, for he knows that if he had he would have been well long ago.

The railroads of the United States carry in a year 600,000,000 passengers and transport 800,000,000 tons of freight.

Children Cry for Pitcher's Castoria.

CHASE'S

KIDNEY-LIVER PILLS

WOMAN'S NEED

Women suffer unspeakable tortures from muscular weakness, caused by impaired nerves and poor blood. Uric Kidney acid poison, unsuspected, weakens the nerves and poisons the blood. By and by, if the kidneys do not properly purify the blood, then comes pruritus, retroversion, etc. Blood 75 per cent. pure is not a nourisher—it is a death breeder. Delicate women need not be told how much they would give to get and stay well. If their blood is free from the poisonous ferments of the Kidneys and Liver, they will never know what "weakness" is. The blood is the source and sustainer of health. It cannot be kept pure except the Kidneys and Liver do their work naturally. Something is needed to insure free and natural action of these organs, one 25 cent box of Kidney-Liver Pills will prove to any sufferer they are a boon to women, can be used with perfect confidence by those of delicate constitution.

One Kidney-Liver Pill taken weekly will effectually neutralize the formation of Uric Acid in the blood and prevent any tendency to Bright's Disease or Diabetes.

For purifying the blood and renovating the system, especially in the Spring, one 25 cent box is equal to \$10 worth of any Sarsaparilla or Bitters known. Sold by all dealers, or by mail on receipt of price, EDMANSON, BATES & CO., 45 Lombard Street, Toronto.

Killed by Electric Contact.
CHICAGO, Aug. 15.—Edward Land was
turning on an arc light last night and
placed one hand on a radiator. The current
passed through his body, killing him in-
stantly.

Fire in Berlin, Ont.
BERLIN, Aug. 15.—A fire occurred here
this morning, which completely gutted the
Avin livery stable and the carriage works
of Ephraim & Aaron Bricker on Queen
street. Fortunately a heavy rain was fall-
ing at the time, which helped the energetic
firemen. Loss from \$7,000 to \$10,000.

To Cleanse the System
Effectually yet gently, when constive or
bilious, or when the blood is impure or
sluggish, to permanently cure habitual
constipation, to awaken the kidneys and
liver to a healthy activity, without irritat-
ing or weakening them, to dispel headache,
colds or fever, use Syrup of Figs.

MAUD MULLER—UP TO DATE.

Maud Muller, on a summer day,
Calmly fanned the flies away.

The judge came riding down the road,
And checked his horse near Maud's abode.

"How is it, Maud," he slowly spake,
That you are without a rake?

"Why don't you do 'as in the lay,
And rake the meadows sweet with hay?"

"The meadow, hay and even the rake,"
She sighed, "are but a poet's fake."

"We find de siècle maids, I wot,
Rake nothing but our Psyche knot."

The judge with idol mused in twain,
Proceeded on the road again.

LONDON AND ENVIRONS

—Mr. Alf. Hannah is recovering from a
severe illness.

—The race for the Ward rowing cup has
been postponed till Wednesday next.

—Work was begun yesterday on the
Beaconsfield avenue (South London) drain.

—The Lambeth Foresters and the Brick
street Sunday school children will picnic
at Springham next Wednesday.

—Miss Kate Beach, of Wyton, a gradu-
ate of Coo's academy, has accepted a situa-
tion with Edward Adams & Co.

—Mr. Samuel Anglin, of this city, has
about completed the sawing of 600 cords
of wood for the G. T. R. at Newbury.

—A Quebec dispatch says: The Toronto
and London R. C. I. companies have ar-
rived, and are in attendance here at camp.

—Rev. Ralph W. Trotter, of the First
Baptist Church, Lindsay, was in the city
yesterday to attend the funeral of Mr. F. C.
Broddick.

—The First Hussars' Band will furnish
a concert in Victoria Park tonight. The
same programme as intended for Tuesday
will be given.

—Dr. McCallum, who has been confined
to his room by illness for a few days, is,
his many friends will be glad to learn, able
to be in his office again.

—W. H. Ives, the alleged blackmailer of
Gus May, has shown no signs of improve-
ment. Some people are of the opinion that
his actions are put on.

—Miss Annie Salmon, of Thorndale, a
graduate of Coo's academy, has accepted a
situation as stenographer for Rev. E. N.
English, Helmuth Ladies' College.

—Miss Annie Munson, of South London,
a graduate of the Forest City Business
College, has accepted a position in the office
of J. S. Pearce & Co., wholesale seed mer-
chants, Dundas street.

—Miss Gertrude, the youngest daughter
of Rev. W. F. Clarke, of Guelph, formerly
pastor of the Congregational Church in this
city, was married on Monday to Mr. Wm.
Burke Brower, a Guelph merchant.

—The city authorities were notified yes-
terday by the Chief of Police that the Street
Railway Company would begin relaying
their tracks on Dundas street, west of
Richmond, this morning. It is the portion
which was torn up by the city last year
and created a big law suit.

—Tickets are now on sale for the ex-
cursion to Detroit via the Grand Trunk Rail-
way. The energetic committee who have
popularized these excursions have this
one equal or surpass any yet. Tickets are
good going on Sunday or by the special
flyer on Monday morning.

—The trainmen's excursion to Goderich
tomorrow (Friday) promises to be liberally
patronized by citizens, and those who do
go will doubtless have an enjoyable time.
Goderich is a pleasant place to visit in
summer, and with excellent company and
the trainmen's excursion, a first
rate time can be guaranteed. The rate is
low, only \$1, and tickets are good for two
days.

—All the Liberals interested in the
progress of the cause in No. 6 ward should
attend the meeting this evening at the
rooms, next Knox Church, to complete the
organization of No. 6 Ward Liberal Club
and elect officers. All matters of disci-
pline connected with the new club will be
finally dealt with, and some interesting dis-
cussion will take place.

—The Berlin Record, in speaking of the
trip of the town band to the Bay City,
Mich., Saengerfest, has this to say of a
Londoner: "Mr. C. W. Graves, ticket
passenger agent of the Grand Trunk Rail-
way, London, joined the party here and
trunk to London, where the proverbial
brother, doing his utmost to promote the
comfort and enjoyment of all passengers.
This gentleman made the whole trip with
them, and was voted an indispensable friend
for a long trip."

—A well-dressed young man paraded the
north end of the city yesterday afternoon,
selling flypaper. He paid a visit to Mr.
Walter Pinnell's residence on Queen street,
and knocked at the front door. No answer,
and he repaired to the rear of the house.
Finding the back door open and no one
about, he walked into the dining room,
and from a table in the center of the room,
took three of Mrs. Pinnell's rings. A hasty
exit was then made, and no more was seen
of the man or the rings. The robbery was
reported to the police.

—Londoners in general, but more espe-
cially those engaged in the banking insti-
tutions, will regret to learn of the death
of Mr. John Hollingsworth, messenger of the
Canadian Bank of Commerce, Guelph, and
formerly of this city. Mr. Hollingsworth
obtained leave of absence from the bank
and took a trip to the old country, in hopes
that a sea voyage would recruit his failing
strength. For a time after he returned he
felt improved, but slowly and surely the
disease of which he was the victim in-
creased its hold upon his system, and re-
duced him to an abject state of helples-
ness. His illness lasted two years, Mr.
Hollingsworth was a member of St.
John's Lodge, A. F. and A. M., No. 20, of
this city; Court Grove, Canadian Order of
Foresters, and Royal Lodge, A. O. U. W.,
Guelph, brethren of which societies have
been unremitting in their attentions to him

BIG BOODLE! BIG BOODLE!

BARK-WELL'S

Beef, Iron and Wine,

Manufactured originally by late G. W. Bark-
well, from Liebig's Extract of Beef,
Citrate of Iron and Pure
Sherry Wine.

The impaired system and impoverished
blood, whether caused by nervous debility or
any other disease whatever, needs something
in the shape of a nutritive tonic to help nature
to recuperate. Such a preparation is BARK-
WELL'S BEEF, IRON AND WINE. Gently
stimulating, nutritive and tonic, it speedily
overcomes exhaustion, fatigue and general
weakness and debility. All the ingredients
are simple and good, and in combination form
a valuable restorative for convalescents, espe-
cially for the hot season. Prepared specially
by W. H. BRYERS BARKWELL, Manufac-
turing Chemist, 208 Dundas street.

and deeply deplores his death. He leaves a
widow, one son and one daughter.

A Preacher Much Sought After.

Rev. Donald Guthrie, B.A., a graduate
of McGill and of the Presbyterian College,
Montreal, has received a call to Walkerton,
Ont. The congregation offers \$1,200 per
annum, a manse and holidays. The con-
gregation of London South, recently vac-
ated by the Rev. Mr. Ballantyne, now of
Knox Church, Ottawa, has also offered to
extend him a call. Mr. Guthrie, since his
graduation last spring, when he was the
valedictorian of his class, has been lectur-
ing as colleague of the Rev. Dr. Macdonald,
of Seaford, Ont. His many Montreal
friends, who enjoyed his social qualities
and his talent for public entertainment as
the reciter of the McGill Glee Club, will be
glad to hear of his success. Mr. Guthrie
is the son of Mr. Donald Guthrie, Q.C., of
Guelph, Ont., late M.P.P. for South Wel-
lington, and at one time a prominent
Liberal member of the Dominion House.
He is also the nephew of the Rev. Dr. Mc-
Vicar.—(Montreal Witness.

The Model Excursion.

Final arrangements for the Young Lib-
eral Fleet excursion to Detroit by the
Michigan Central, on Civil Holiday, are
now complete. The railroad will furnish
sufficient coaches to give every one of the
large number who will go a comfortable
seat. The officials have promised a train
of six best coaches, which is sufficient
guarantee that the Fleet will have the
handsomest and best excursion train that
ever left London. A fast run to Detroit is
promised, and the train is certain to arrive
in Detroit "sharp on time." The vested
special will leave the M. C. R. sta-
tion at 7:15 sharp Monday morning, and to
aid the rush to the station, the city
office, 395 Richmond street, will be open
until 10 o'clock Saturday evening, for the
convenience of those desiring to purchase
tickets. The only stop the special will
make will be at St. Thomas, five minutes,
where it is expected a number will join the
excursion. No pains will be spared by the
officers of the Michigan Central, to make
the Fleet to make every passenger com-
fortable, and to make this the best
excursion ever run from this city. The
well-known energy of the Young Liberals
will be shown in this, as in all other
matters they undertake, which is of itself
a sufficient guarantee that it will be a
success.

Death of Mrs. J. B. Morford.

The death, though not unexpected, of
Mrs. Charlotte S. Morford, wife of Mr. J.
B. Morford, division superintendent, M.
C. R., which took place this (Wednesday)
morning at the family residence, 100 Wel-
lington street, will be heard with regret
by many friends. Deceased had been ill
for about two years with a complication of
diseases, her last severe illness, continuing
since November, and the immediate
cause of death being aneurism in the
left shoulder. Her maiden name was
Dunley, and she was born in New
Jersey in 1838, being consequently
56 years of age. She was married about
37 years ago. She had resided in the city
for nearly twelve years, and by her amia-
bility of disposition, kindness of heart and
virtues won the high regard of
all who knew her. Besides her husband
she leaves an adopted daughter, Miss
Bessie. Two brothers and two sisters also
survive her. The former are Messrs J.
B. Dunley, of New York, and Richard
Dunley, of Mattamoras, Penn. The latter
are Mrs. Davidson, of Sparta, Wisconsin,
and Miss Dunley, of New York, who was
with her at the time of death.—(St. Thomas
Times.

Masonic Appointments.

The grand secretary, R. W. Bro. J. J.
Mason, has been notified by the M. W. the
grand master of the Grand Lodge of
Canada, A. F. and A. M., W. R. White,
Q.C., of Pembroke, that he has appointed
the following as office-bearers for the cur-
rent Masonic year: V. W. Bro. Max Den-
niston, Peterboro, grand senior deacon;
V. W. Bro. H. J. Charles, Aurora, grand
junior deacon; V. W. Bro. L. A. W. Shan-
non, Kingston, grand superintendent of
works; V. W. Bro. H. McC. Wright, Al-
liston, grand director of ceremonies; V.
W. Bro. F. M. Carpenter, Steeles Creek,
grand assistant secretary; V. W. Bro. W.
P. Gundy, Toronto, grand assistant
director of ceremonies; V. W. Bro.
E. J. Briston, Plattville, grand sword
bearer; V. W. Bro. W. A. Karm,
Woodstock, grand organist; V. W. Bro.
G. M. Aylesworth, Collingwood, grand
assistant organist; V. W. Bro. A. Hudson,
Ottawa, grand purveyor; V. W. Bro. S.
Cornell, Theford, grand steward; V. W.
Bro. T. McDougall, Nilesford, grand stew-
ard; V. W. Bro. W. Buchanan, Hensall,
grand steward; V. W. Bro. A. Macdonald,
Tara, grand steward; V. W. Bro. Hugh
Hamlin, Fergus, grand steward; V. W.
Bro. James Old, Caledonia, grand steward;
V. W. Bro. John Green, Port Dalhousie,
grand steward; V. W. Bro. W. McKeown,
Belleville, grand steward; V. W. Bro. G.
H. Weatherhead, Brockville, grand steward;
V. W. Bro. R. McGregor, Port William, grand
steward; V. W. Bro. J. W. Richardson,
Tilbury Center, grand steward; V. W. Bro.
W. H. McNea, Kingston, grand standard-
bearer; V. W. Bro. L. K. Murton, Oshawa,
grand standard-bearer.

A Popular G. T. R. Official.

A pleasant surprise party took place at
the G. T. R. station, Longwood, on the eve
of the departure of A. R. Huston, G. T. R.
agent, who has been promoted to the
charge at Beamsville. The popularity of
Mr. and Mrs. Huston was fully demon-
strated by the presence of a large num-
ber of their friends who gathered to bid them
farewell and wish them godspeed in their
new sphere. A very interesting feature
of the evening was the ushering of the high-
esteemed persons into a crowded parlor,
where upon the concert-table, was found a
beautiful and costly silver tea service con-
sisting of six pieces and a large silver tray
upon which was engraved the following:
"Presented by the friends of Mr. and Mrs.
A. R. Huston on leaving Longwood, Aug.
15, 1894." A very enjoyable time was
spent by the jolly crowd, and a programme
consisting of speeches, songs, solos and
violin music enlivened the proceedings,
which continued until the small hours of
the morning, when the gathering dis-
persed, having spent a very pleasant time
together.

MARA'S

FOUR

THINGS

That give this house its prominence
as a Department and Dry
Goods Store:

Quality,

Price,

Variety and

Reliability.

The fact that our goods
are always the very best in
value, colorings and designs.

All goods are marked at
lowest prices, and square
dealing is a factor with old
customers, and is constantly
adding new ones.

It is a pleasure to buy
where you can find every-
thing you want. Our stock
is always well assorted in
every department.

A strong point is, we are
always careful to do exactly
what we advertise to do.

Here are a few of the many lines we are
slaughtering.

LOT NO. 1.

Plain and Figured China Silks, worth 35c, for 20c per yard.

Pongore Silks, in all shades, worth 50c, for 23c per yard.

Navy Figured Surah Silk, for Blouses, 27 inches wide, and only
37½c per yard.

Special line of Broadcloths, for Suits and Capes, all wool and 52
inches wide, in black, navy, fawn, brown, myrtle and drab, now going
at 75c per yard.

Estemine Serge, in navy and black, 44 inches wide, only 50c per
yard.
