The Reliable Store.

The Reliable Store.

OUR FORE-THOUGHT

Our forethought saves you money on blankets for the winter. The price of wools and the consequent prices of blankets have advanced at least 15 per cent. since we placed our order for blankets for this winter.

We have saved this for you by buying early.

You can save this by buying now. The repeat lots will be higher in price.

White Wool Blankets	White Union Blankets
Size in inches	Size in inches
60x78 per pair.....\$4.00	60x80 per pair.....\$2.75
64x82 " 5.00	60x80 " 3.35
66x82 " 6.00	64x84 " 3.50
76x86 " 7.00	50x78 " 3.50

You are absolutely safe in buying your blankets here. The prices are as low as can be quoted anywhere. The qualities are the very best obtainable in Canada, when any cotton is in them we tell you so.

We would be pleased to show you our blankets.

Thos. Stone & Son,
Carpets and Wall Papers.

WESTMAN BROS.

Have Ranges to Burn
Coal or Wood from
\$15.00 to \$60.00....

See our Coal Heat-
ers from \$4.00 to
\$50. The very best
value in Canada.

O. L. LEWIS IS ENGAGED

Citizens Of Blenheim Present The
Bousalls With Gifts And
Addresses

From Our Own Correspondent.

Blenheim, Oct. 12.—A very enjoy-
able surprise party was held at the
residence of Mrs. Geo. Bousall on
Wednesday evening, when about 30
ladies met and presented Mrs. Bous-
all with a handsome Morris rock-
ing chair upholstered in black and
green velvet. They also gave Miss
P. S. Bousall a very pretty gold
brooch. A very enjoyable evening
was spent. About 10.30 p. m. the
company dispersed after singing and
Laurie Syre, washing Mrs. Bousall and
family every success in their new
home. They will leave for Hamilton
on Monday or Tuesday of next week.
The first snowstorm of the season
came yesterday.

John Bousall, of Toronto, who has
been living at Edmonton, Alberta, for
some time, is visiting relatives in
town and vicinity.

Harold Hall has been at his home
for a few days prior to leaving for
the Winnipeg to take a position in Wm.
Gray & Sons branch office. He has
been employed in the Chatham office
for some time.

Commencing on Tuesday and Thurs-
day of next week the stores will close
at eight p. m. and on Monday, Wed-
nesday and Friday at six p. m. and
this by-law will be in force until
April 16, 1907.

Mrs. J. S. Laird is visiting her sister,
Mrs. L. M. Bentley, Detroit.

Mr. T. Nixon and Miss Flora and
Lloyd Nixon are visiting at Mr. T.
B. Shillington.

The district meeting of the R. T.
of T. of Kent was held here on Tues-
day.

Miss Florence Craig, of Springfield,
Ont., has taken a position in Mr. E.
G. Thompson's general store.

Rev. John F. D. D. L. D.,
Secretary of Education, will preach
in the Methodist church (D. V.) both
morning and evening next Sunday.

Invitations have been issued by the
Mull club for the first of their
assemblies for the seasons 1906 and
1907, which will be held in the Mull
hall on Tuesday evening, Oct. 16.

BOY GETS HAZED

Judge Houston had a class of boys
before him yesterday morning. They
were all school boys, attending the
Public school. They had heard of
the hazing which is generally given
to new-comers at the universities,
and they decided to practice it in
their own school. The result was
that a young boy enters the school
and the hazing commences. Not
satisfied with the first test, they
looked for more pupils to hazing. Not
finding any, they hazed the first
boy again. Since that time the boy
has been the subject of several haz-
ings. Whenever things get slow a
hazing is held, always with the same
subject. The boys were given a se-
vere lecture from His Honor, and it
is quite likely that they will choose
some other sort of amusement in
the future.

THE TUG-OF-WAR

The latest entry in the Tug-of-
War competition to be put on at the
Firemen's Benefit Concert, which
will be held in the Brisco Opera
House on Tuesday, Oct. 23, has been
received from the employees of Park
Bros' foundry, who claim that they
have a giant over there who can
pull five or six ordinary men him-
self.

The Tug-of-War will undoubtedly
prove a great drawing card for the
event, as the rivalry between the
various factories competing is be-
coming quite intense. Besides there
will be many other interesting fea-
tures provided on the program.
The concert is being held for the
purpose of raising funds to pay off
the firemen's accident policies.

In time of sickness the soul col-
lects itself anew.

There is a sure reward for faith-
ful silence.

25 Per Cent. Off

All Dinner, Tea and Chamber Sets,

AN IMMENSE FIELD

Oil Notes From The Field Of Action
Great Gas Wells Are
Struck

During the month of September
there were shipped from Merlin sta-
tion just an even hundred car tanks
of oil, ten cars ahead of August's
output. This means 12,500 barrels.
Roth, Argus, Mearl Bros. well on
the M. Geeson farm north of Fletch-
er was drilled in last week and shot
on Saturday. She showed a little oil
but to all intents and purposes ap-
pears to be a dry hole.

Shallow oil is reported to have
been struck on the Harvey farm in
Raleigh near the old Gard gusher.
This has been shut off and the drill-
ers going deeper.

The Maple City Oil Co.'s well on
the J. J. Irwin farm was drilled in
and shot on Tuesday. Before being
shot she flowed rapidly about two
barrels of oil in the tank. She is con-
sidered to be good for 50 barrels a
day.

Two wells on the James Campbell
farm are in to-day—one on the home-
place and one by Alex. Ayers is down
about 1,375 feet and will be in to-
day barring accidents. These both
are showing good prospects.

The Burgess well at a depth of
slightly less than 1,400 feet is giving
a fair gas yield. Chatham and other
papers last week reported it to be
a producer of 8,000,000 cubic feet
capacity, but it proves by actual mea-
surement to yield about 600,000 cubic
feet of gas and the remainder of the
8,000,000 cubic feet is simply "hot air."
The Burgess well is owned by the
Burgess family. It is a franchise from
the city. Expert oil men state that
if this hole is drilled deeper she will
prove a good oil well.

The Wm. James Well, M. R. S., is
expected in this week.

Work has commenced on the Alex.
Farquharson farm.

The Volcano Oil & Gas Co.'s well
on the Christina Stevenson farm is
being rigged up for pumping, as is
also the Charles Campbell No. 1 and
No. 2.—Merlin Mirror.

THE ELECTRIC

LIGHT PROBLEM

Ald. Potter Explains Why
More Lights Cannot Be
Added To The Plant

MUST SATISFY MILITIA

Ald. Potter, chairman of the Pro-
perty and Electric Light Commit-
tee, was a visitor at The Planet
Editorial Rooms this morning to
explain for the benefit of the citi-
zens, the reason for the lights being
out last night. There was an
accident last night at the power
station, and the lights were out of
necessity. It has been repaired and
there will be no trouble to-night.

"It might be well for the citizens
to know just how they stand in the
matter of electric lights," said Ald.
Potter. "As far as the committee
on electric light is concerned,
we are providing the very best
lights that any one could wish the
same material to deal with. We
have lots of dynamo power—enough
to supply the needs of the city for
some time to come—but we are sad-
ly lacking on steam power. Our
boilers and engine are too small,
and the result is that we cannot put
on as many lights as the dynamo
power would allow.

"The other night I received word
from the militia that they would
want lights on Roundshank Park. The
city is forced to provide this light,
and so I had to put in six extra
lights on the Park, and this meant
that I had to cut out four from one
of the street circuits. We are taxed
to our utmost capacity every night
as far as steam power is concerned.
I would strongly recommend that
next year the Council should make
arrangements for a new boiler and
engine at the station, and then
there would be no trouble from any
source for some time to come. Un-
til this is done, however, the citizens
must understand no more lights
can be added to the city plant, and
when the regiment drills on the
Park there will be a few lights al-
ready in the city which will have to
be cut off for the evening."

NEVER TRIED

You are such a funny girl, said
Dick. I never did know how to take
you.
You never tried, said she coyly.

It's no use casting a mouldy crust
on the waters in the hope of get-
ting back a nice hot biscuit.

To Compel All Loads To Be Weighed On Civic Scales

"Wanderer" Writes The Planet And Offers A Suggestion
To The Council Arising Out Of The Trouble Caused
Over The Market Weight Scales

Editor Planet:

I have been considerably interested
in the discussion regarding the weight
scales that has lately taken place in
the Council. I hold very strongly to
the position that every city, town
and village should have a municipal
weigh scale owned and controlled by
the municipality. In fact I would
go further and say that I believe
every municipality should have two
weigh scales—one near the centre of
the town as is possible for the weigh-
ing of grain, hay etc., and the other
at some point near a railway for
the weighing of live stock. By this
means the one scale is kept clean
and is not an eye-sore or a spot
where everyone tries to avoid on ac-
count of the odor. Clinton, Huron
County, and Bothwell, in our own
County, have two municipal scales.
I am aware that the expense of run-
ning these scales is no small item,
but surely the satisfaction to the
citizens of having what they buy
weighed by one responsible to the
Council should be worth something.
If the question of expense enters into
the matter, why not try Windsor's
plan and compel everything to be
weighed over the municipal scales.
When a load of coal is delivered in
Windsor the buyer is handed the slip

stating the weight of the coal, and
this slip is signed by the market
clerk, thus guaranteeing the pur-
chaser that the coal has been weighed
by one who has no interest but to
serve and to see that justice is done
to both seller and buyer. The same
rule is applied to other commodities.
How would this suit the coal dealers
of Chatham?

In Sarina there is another plan
adopted. The scales are sold for the
year—or if my memory serves me
right for three years. The present
scale pays, I think, \$250 per year
to the town and makes what he can.
No one is compelled to weigh on the
market scales as in Windsor, yet if
a man can pay \$250 per year for
the scales he must do a good deal
of weighing to make a fair year's
work. He can during his spare time
work at something else, but said work
must be near the scales. I have
simply thrown out these two ideas
as a possible solution of the diffi-
culty. What does Ald. Potter think
of these plans? As I said in the
beginning of this letter, I believe in
municipal control, and in both mun-
icipalities I have named the control
of the scales is where it should be—
with the Council.

WANDERER.
Chatham, Oct. 11, 1906.

TOADSTOOLS KILL

An Anderson, Ind., despatch says:
While the funeral services over the
body of Myrtle Earl, seven years
old, who died from eating toad-
stools which were mistaken for
mushrooms, were being held, her
brother, Gordon Earl, aged 11,
died.

The mother of the children, Mrs.
Robert Earl, is unconscious, and is
not expected to survive. The
three members of the Earl fam-
ily ate of the poisonous plant at
supper. Shortly afterward all three
were taken suddenly ill.

BLACK DIPHTHERIA

Leamington, Oct. 11.—That dread
disease, black diphtheria, caused the
death at an early hour this morn-
ing of the young son of Mr. and Mrs.
B. G. Westcott. Great precautions
are being taken to prevent any
spread of the disease, and it is
thought there is no danger of an
epidemic.

A few timid people are keeping
their children out of school. The
remains were interred in Lakeview
Cemetery about three hours after
death, and no funeral services were
held.

THOROUGHLY ENJOYED

John Griffith, the eminent tra-
gedian, appeared at the local play
house last evening, in one of his
successful plays, "King Richard the
Third." There was a good attend-
ance, and the production was very
much enjoyed by those who have a
liking for the beautiful in Shake-
speare. Mr. Griffith was at his best
and was quite equal to the require-
ments of the title role. His support
was good, the acting of Wm. Lloyd,
as Richmond, and Buckingham, was
above the average. The applause
throughout the play showed that the
audience was interested and appre-
ciative.

Griffith's visits to Chatham are al-
ways welcomed, and this was no
exception. As long as this ac-
tor continues in such excellent form
as that displayed last evening, he
will always be assured of good houses
in Chatham.

The next attraction at the Brisco
Opera House will be "On the Bridge
at Midnight," which plays here next
Saturday afternoon and evening.

You can't take money apart to see
how it is made.

FRIDAY, OCTOBER 12, 1906.
FISH IN CANADA.

Many Canadians are sympathizing with poor Newfoundland, whose fishery protection laws have been ignored by Great Britain, in the preparation of a modus vivendi for the benefit of the Gloucester fishermen, comments the Hamilton Spectator. Newfoundland will suffer serious loss through this interference by the mother country.

Of course this is bad for Newfoundland. But is the big island any worse off in respect of her fisheries than Canada is? It is true that Canada—the Canadian Government—has done voluntarily something very like that which Newfoundland has been compelled to do by Great Britain; but the result is about the same. The people of both countries suffer from the fact that the fishery regulations are in favor of the United States and against the people of Canada and Newfoundland.

The following despatch will show how the Americans put it:

Erie, Pa., Oct. 9.—The United States cruiser Morrill, and the Canadian cruiser Vigilant have begun the work of acting buoys to mark the boundary between the American and Canadian waters in Lake Erie. The placing of the buoys at intervals of five miles will, it is hoped, eliminate all further cause of annoyance between the fishermen of the two countries.

That is all very well; but it doesn't state the fact. There is no trouble between the fishermen of the two countries. The trouble is all between fishermen and fish dealers of the United States. Certain American sharks residing in Erie Lake parts have been in the habit of crossing the boundary line to steal fish destined for the same American market by another route. The fisheries are maintained by American dealers, and the output is marketed in the United States. It is these people who have been making the row about "stealing Canadian fish." It is these people for whose convenience and profit the Canadian Government has been maintaining gunboats on Lake Erie and running serious risk of international complications. It is for these people that the boundary is being buoyed.

The people of Canada go without fish or pay enormous prices for it, while Canadian fish is plentiful and cheap in the American market.

The Council has, after some consideration, granted the natural gas franchise. Their work is not yet completed, however, and now is the time to exercise a careful watchfulness over the interests of the citizens. Too much care cannot be taken in the drawing up of the working agreement between the city and the company to whom the franchise is granted.

Mr. Clements' views on the San Jose scale question, as reported yesterday, have a ring of common sense, which will appeal to the farmers who are anxious to rid their trees of this pest, and still retain their orchards. Mr. McColl's expressed idea is to cut down all the affected trees. This, as everyone knows, would mean that the majority of the trees in the county would be destroyed with the axe, and it would surely be a childlike proceeding when it has been proven that the trees can be saved through spraying. If Mr. McColl only keeps out of it for a short time, the San Jose scale will be exterminated to the satisfaction of all concerned.

Essex County jurors want an increase of pay when serving. The grand jurors in their presentment asked that they be allowed three dollars a day, and Chancellor Boyd agreed that in view of the prosperous condition of the county the advance would be justified. The statute provides that jurors shall receive a minimum pay of two dollars per day, but the county council have it in their power to increase the allowance to three dollars. The Ottawa Citizen draws attention to the fact that the pay would appear to be a matter purely of county politics and the jurors of Essex or any other county will receive the larger sum just as soon as the council orders it.

Sir Wilfrid Laurier is becoming more and more a disappointment as a public speaker. He recently divulged the interesting information to the electors of the County of Quebec that the crops came from "the men with the brains at Ottawa," and not from Providence. This is news indeed. We have known for some time that he was responsible for the "reign" of corruption, which he boldly passes over with his "sunny" manners, but this is the first intimation that such conditions are productive of good crops.

Editor Bowyer, of the Ridgetown Dominion is himself a pronounced party man and ably represents his party in the legislature, but he is losing confidence in the utility of the mere party organ, whose influence, he says, is fast waning. Mr. Bowyer is an accurate observer of the times. There is little thanks or credit, and certainly no profit, in organizing. There are few left of the old stock of newspaper that gave a thick and thin support to party, and this growing independence cannot fail to have a distinctly beneficial effect on politics, which in all conscience needs cleansing all round. — Windsor Record.

The sentiment of this is good, and is certainly commendable. Coming from the Record, one would naturally be led to suppose that that journal is not entitled to be classed with the hide-bound party papers it mentions. How they reconcile this with the unprincipled manner in which they have tried to destroy Mr. Foster's political reputation, through comments on the Insurance Commission, and have at the same time been discreetly silent on the London Election Scandal, is something which only the Record editor can explain.

JUST A LITTLE BIT OFF THE TOP

Now that the city will be topped with gas,

To burn in stoves and cook the natives food,
How will the coal man take to such a pass!

Will he not think such conduct's rather rude!

When gas cooked dainties grace our tables fine,
And we with gas will warm our august bones,
All this looks rich—may let us say divine—
All will be lovely till the gas bill comes.

For gas and coal bills much alike appear,
And both with dollars must be surely paid;
The paths' collectors usually steer
Are kept until the payment's fully made.

MORAL.

There is no answer to this senseless verse—

We wrote it while the "ed" for "good" reared,
We have no use for coal or gas, much worse,
We keep no house, but pay for room and board.

The first blizzard has been recorded. Soon be time for Medicine Hat to reap its annual crop of hard luck weather notoriety.

The San Jose scale is unlike other scales in that it won't go away.

The Banner hasn't mentioned Archie McColl's smile for some moons now. What's the matter? Does Archie put his collection smiles in hiding when he sees the Banner man coming, or is it that the worthy scribe's glasses need fixing?

The Newfoundlanders are greatly enraged at Britain over the modus vivendi. The name sounds to us more like something the Czar would throw out his back window to keep the bomb-throwers quiet.

Newfoundland shouldn't get angry over little things. Now if some other country tried to imitate their output of big, black, curly-haired women, we would be glad to be willing to sympathize with them.

PILES CURED IN 6 TO 14 DAYS.
Pain Ointment is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days, or money refunded, 50 cents.

He Drew the Line.

Mr. Cribbs—Mrs. Cribbs, I have borne with resignation—nay, even cheerfulness—antique chairs that wobbled, antique clocks that were always thirteen hours behind time, antique rugs that some prehistoric Turk wove,

antique china, antique bowls, pans and kettles. All this I have mused at; but when you give me antique eggs for breakfast, I draw the line, madam—I draw the line.

YOUR PAINFUL CORN.

What it wants is the soothing attention of Putnam's Corn Extractor, which lifts out the very root and branch in short order. No pain and no after effect, just clean, wholesome cure—that's "Putnam's."

Food for thought doesn't satisfy an empty stomach.

When you are wearied from overwork, feel listless or languid, or when you cannot sleep or eat, take Hollister's Rocky Mountain Tea. One of the greatest tonics known. 35 cents. Tea or Tablets.

A. I. McColl & Co.

MR. WILSON GIVES EVIDENCE BEFORE THE COMMISSION

Mr. Shepley Intimates That A Bench Warrant May Be Issued For Mr. Fowler Who Is Still Absent—Mr. Foster Concludes his Evidence With Explanatory Statements

Toronto, Oct. 11.—Mr. George W. Fowler, M. P., was still absent when the insurance investigation was resumed yesterday morning, but Mr. Shepley stated to the Commission that he had received a telegram purporting to come from Mr. Fowler at Winnipeg, saying that he would be in Toronto next Friday morning. Mr. Shepley did not think that Mr. Fowler's tardy attendance should be condoned by the Commission, and he was considering the propriety of issuing a bench warrant. The Commission's quiet concurred in this.

Union Trust Investments.
Mr. Foster again took the stand and gave a statement of the Union Trust Investments for the year 1905. United States securities held by the company amounted to \$449,109.68, and there were also Kamloops Lumber Co., \$115,000; Alexandra Palace, \$150,000; Alexandra Palace bonds, \$130,000; Improved Realty Co. (preference), \$50,000; Union Bank of Canada shares, \$168,000; Northern Bank of Canada shares, \$50,000; Nanaimo shares, \$25,000; Crow's Nest, \$12,500; a total of \$1,380,614.68.

Taking up the Mortgage syndicate again, Mr. Shepley examined the witness in detail about some of the transactions. Mr. Foster thought that the syndicate had transferred to the I.O.F. all the lands they purchased of certain to the original purchase of 44,000 acres, which would have been sufficient to cover Dr. Montague's equity and let him out. The syndicate did not go out of business when these transfers were made.

A \$5,000 Division.

Mr. Shepley referred to \$5,000, which, he stated, the Foster had given for bringing lands under their mortgage and asked Mr. Foster: "Why did you divide \$5,000 to other purposes?"

"You may say that we diverted \$5,000 of it for some other purposes or you may say that we paid that out of the credit which we had to \$10,000 which had come to us and which we placed to our account."

Rights of Counsel.

A sharp passage-at-arms arose while Mr. Shepley was pressing Mr. Foster for a definite reply to his question on this point. Mr. Nesbitt interposed a suggestion which elicited from Mr. Shepley the sharp retort: "You know you have no rights here at all, Mr. Nesbitt." Mr. Foster immediately spoke up: "Am I to understand my counsel has no rights here at all? If that is so I will throw a very lurid light on the matter, and the phase it is assuming at the present time."

Mr. Shepley's reply was a quiet request to Mr. Foster to answer the question put to him. Witness complied with the request.

Mr. Wilson, K. C., on the Stand.

Mr. Matthew Wilson, K. C., was the next witness, and said his first introduction to the matter was in investigation was as representative of certain members of the Board of Directors of the Provincial Trust Co., of which he was a member, who were desirous of getting control of the company. In this desire they were anxious to protect themselves from liability, and benefit the shareholders. In the transaction he was acting as solicitor or agent, and not as a director. Mr. Wilson described the various preliminary steps which led up to the agreement with Mr. William Laidlaw, K. C., under which he agreed to turn over a client stock to give Mr. Laidlaw control of the company. In domestic discussions with the executive, the conclusion was arrived at that the assets of the company, if carefully realized, would produce \$60 per cent. on the dollar. Mr. Laidlaw first offered 59 cents, and afterwards increased his offer to 65 cents.

Mr. Foster's Statement.

In the afternoon Hon. Mr. Foster made a long statement, summarizing the various subjects dealt with in his evidence and presenting his conclusions in concise form.

Mr. Wilson Again.

Mr. Wilson was recalled immediately after Mr. Foster had finished. The purchase of the capital stock of the Provincial Loan Co. through Mr. Laidlaw was explained by the witness.

Under the first arrangement Mr. Wilson was to receive \$40 per day and expenses, to get in the stock subscription to get control of the company. Mr. Laidlaw or his nominees were to work out the balance. This idea was changed so that Wilson received \$25 per day from his clients and his expenses and \$1,000 from Mr. Laidlaw, not to get control of the company, but on the understanding that he was to use his utmost endeavor to get hold of the outstanding stock, so that when the arrangements were completed to transfer the stock no trouble would be raised from any quarter.

Mr. Shepley then took up the \$50,000 that was given to Mr. Wilson by Mr. Laidlaw to get the options on the stock. Considerable correspondence, covering the purchase of the options, which were paid for by Mr. Wilson's own cheque, out of the above money, put up by the Foresters, was read by Mr. Shepley, who asked the witness to produce these cheques.

Will Get the Vouchers.

Witness said that these vouchers were in Chatham, but he would get them. He received, through Mr. Laidlaw, from the Foresters, \$75,000.50, to buy this stock, less \$1,000, his fee. He paid 65 cents for the stock.

Mr. Wilson got in nearly all of the \$113,000 worth of stock, except two blocks of stock held by clerymen, which were, he claimed, afterwards fully adjusted.

Mr. Wilson did not know the first

Minard's Liment Cures Garget in Cows.

thing about the understanding between the I. O. F. and the Union Trust Co. and Laidlaw about the terms of acquiring the Provincial Loan Co. He had paid \$2,500 for the expense.

Mr. Shepley went briefly into the inception of the Great West Land Co. The subject will be continued at today's session.

When the tip of a dog's nose is cold and moist, that dog is not sick. A feverish, dry nose means sickness with a dog. And so with the human lips. Dry, cracked and colorless lips mean feverishness, and are as well ill appearing. No, have beautiful, pink, velvet-like lips, apply at bed-time a coating of Dr. Shoop's Green Salve. It will soften and heal any skin ailment. Get a free, trial box, at our store, and be convinced. Large, nickel capped glass jars, 25 Sold by C. H. Gunn & Co.

Clap an extinguisher upon your irony if you are unhappily blessed with a vein of it.

It is much less for a man's honor to distrust his friends than be deceived by them.

Bennett, General Agent, 2 East King St., Toronto, Ont.

A DELIGHTFUL WINTER RESORT.

It is announced that this year the Canadian Pacific Railway Company's fine hotel at Caledonia Springs, Ont., will be kept open for accommodation of visitors all winter. The company has great faith in Caledonia Springs as an all-year-round resort, something better than a mere summering place, and this action will, without doubt, be appreciated by many people to whom the Springs have been hitherto closed more than half the year owing to lack of accommodation. Call on E. Franklin, Opera House Block, for booklet entitled "Caledonia Springs."

Minard's Liment Cures Garget in Cows.

Destiny is but the future tense of duty.

MORTGAGE SALE

Under and by virtue of the powers contained in a certain registered mortgage, made by Charles B. Moore to the vendor, which will be produced at the time and place of sale, there will be offered for sale by public auction, by C. J. Moore, Esq., auctioneer, the Bankin House, in the city of Chatham, on

SATURDAY, OCT. 20th, 1906

at the hour of 12 o'clock noon, the following property:

All and singular those certain parcels or tracts of land, more or less situate in the city of Chatham, in the County of Kent, and Province of Ontario, and being composed of parts of Lots numbers One and Two on the northerly side of Harvey street in the city of Chatham, and is limited and bounded as follows: To wit: Commencing at a point on the easterly boundary of John street (now known as Lacroix street) distant eighty-nine feet and two inches, more or less, from the intersection of the northerly boundary of Harvey street with Lacroix street, which distance is measured in a northward direction along Lacroix street, thence north easterly parallel to Harvey street a distance of one hundred feet, more or less, thence north west parallel to Lacroix street thirty-five feet, more or less, to the place of beginning. And also all and singular that certain parcel or tract of land and premises situate lying and being in the Township of Harwich in the said County of Kent and being composed of lots number Seventy-two and Eighty-five in Crawford Survey of part of lot "D" in the Third concession of the said Township of Harwich, plan 814.

On the property in the city of Chatham is a frame house and store combined.

The Harwich property, which is situate at Round Bay, there is a frame house and store combined. The land will be sold subject to a certain prior registered mortgage thereon for \$835.00 and interest and subject to taxes for the year 1906. Terms of sale—Ten per cent. of the purchase price shall be paid at the time and place of sale and the balance in ten days from the date thereof. For further particulars and conditions of sale, apply to

W. F. SMITH, Vendor's Solicitor, Chatham, Ont.

C. J. MOORE, ESQ., Auctioneer

Dated at Chatham this 27th day of September, 1906.

...THE... HELPLESSNESS ..OF.. THIS STORE

Helpfulness means success; it means more, the public's confidence, and in turn the public's trade. That's our aim, through helpfulness we accomplish it. Just now, perhaps more so than ever, this store is especially helpful and attractive, both for good appareling and economy.

Fall and winter have numerous and exacting requirements, many, many more than any other season, we have met each by a most capable preparation.

We account our low prices to our perfect organization and careful, watchful, intelligent expert buying. Never have our efforts shown better results than now. For proof, we hold up our great assemblages of new and seasonable merchandise and and proudly point to the price tags. That's what tells.

Plain Cloth Suitings—42in pure wool Venetians, fall weight, in full range latest shades, at a yard 50c.

The Northway Co., L'td.

HUNTERS EXCURSIONS VIA CANADIAN PACIFIC RAILWAY.

The fact that the C. P. R. line runs for so many miles through the hunting lands, where moose and deer and smaller game galore wax fat, and await the advent of fall, and the accompanying guns and dogs, is of course, the principal reason why about this time of year the enthusiastic sportsman turns to the well known yellow-covered folder, and studies time-tables and maps so industriously. Hunters' excursions are round again, and single fare will soon be the order of the day. The C. P. R. announces that from Oct. 9th to Nov. 8th return tickets to all stations on their main line, Mattawa to Port Arthur, and Mattawa to Timiskaming and Kipawa, will be on sale at single fare, and from Oct. 25th to Nov. 8th tickets at the same low rate to stations on the Lindsay Branch, stations between Sudbury and the Soo and Havelock and Sherbrook Lake. All tickets will be good to return until Dec. 8th with stop-overs allowed anywhere. Special steamship rates to the Soo and Port Arthur will also be in effect. Intending hunters should make a point of calling at the nearest C. P. R. ticket office for further information and for copies of "Fishing and Shooting," "Sportsman's Map," and "Open Seasons and Game Laws," all of which are of particular interest and use to sportsmen, and are free for the asking. See E. Franklin, C. P. R. Opera House Block, Chatham, or C. B. Foster, District Passenger Agent C. P. R., Toronto, who will gladly mail them to any address, if difficulty is experienced getting copies.

The most healthful, upbuilding medicine known to science; gently soothes the liver and nerves, makes digestion easy, brings to all the sweet sleep of youth. Hollister's Rocky Mountain Tea. 35 cents. A. I. McColl & Co.

The only way to stay on is to go on.

VETERINARY SURGEON.

DR. DECOU is prepared, as usual, to furnish first-class orchestra for concert and other entertainments at reasonable rates, any number of pieces furnished, also violin and cornet soloists. Pianos taken on violin, and all orchestral and band instruments. Studio: Centre St.

Dr. John N. Pringle, M. B. C. V. S., et. B. P. E. V. M. A., Veterinary Surgeon—Surgery—"Castration of Originals" a specialty. All domestic animals skillfully treated. Experienced in diseases of dogs. Business solicited. Best attention given. Moderate charges. Office King St., Opp. Power House, Chatham, Phone 330.

MUSICAL

SAMUEL I. SLADE—Basso, of Detroit, has resumed his class here, and will be pleased to receive pupils for vocal training, every Monday at his studio, McCall Block, Mr. Slade will come to Chatham every Monday during the winter months.

Misses Louise and Florence Hillman, Teachers of Piano and Theory, including Harmony and Counterpoint, for further information and for copies of "Fishing and Shooting," "Sportsman's Map," and "Open Seasons and Game Laws," all of which are of particular interest and use to sportsmen, and are free for the asking. See E. Franklin, C. P. R. Opera House Block, Chatham, or C. B. Foster, District Passenger Agent C. P. R., Toronto, who will gladly mail them to any address, if difficulty is experienced getting copies.

LEIGH VALLEY REDUCES PASSENGER FARES.

To take effect November 1st, or as soon thereafter as possible, the maximum rate per mile on the Leigh Valley Railroad will be on the basis of 2 1-2c.

This will not change passenger rates now based on charge of less than 2 1-2c per mile.

Interchangeable mileage books, which are now sold at \$30.00, will be sold at \$25.00 with a rebate of \$5.00 on each \$1,000 mile book instead of \$10.00, as at present.

ARCHITECT.

EDWARD WRIGHT, Scene Block, Chatham, Ont. Tel. 510, Box 273 of London, Eng.

The Busy Housewives of Chatham and Vicinity.

FALL STYLES.

One outcome of summer styles has been the creating of a new little waist, neither so severe as to relegate it to shirtwaist ranks, nor a typical blouse—which is inevitably made of figured material—any one of the sheer, pretty batistes or lins of the novelty stuffs made of silk and linen combined in odd, interesting ways.

First of all, the new waists come out to wear with linen suits, but they proved so satisfactory a solution of the problem of getting something different that they promise to be even more successful with cloth suits this fall.

The figure, or scribe, or flower with which the material is decorated is the same shade or color as the suit itself, some of the pretty brown suits which have been so popular all summer, boasting attractive shirts of white, with odd stripes and prim little flowers of the same brown and other lighter shades.

Most of them are untrimmed except for tucks, although a few have a little embroidery or lace insert on the front, in some simple fashion. The prettiest of them all, though, are those made with a narrow frill of the material set on each side of the front, which, by the way, may be a plain box pleat, such as we've finished the fronts of shirtwaists with ever since shirtwaists have existed, or bands of tucks, or of tucks and insertion, as different from the old-time frilled waists as anything could be, but as interesting in its difference.

Long sleeves are upon all of them—the style demands it, in some subtle, but determined way, but never a one of them has the stiff cuff that goes so well with shirtwaist styles. Instead, cuffs simply tucked, and left without linings, are worn, some of them on those waists which have the frills running down the front—made into turnback cuffs, and edged with a narrow frill.

Those frills, by the way, are at their quaintest if a goffering iron is used for their laundering. Then the ruffles take on a prim little crimping which expresses them better than anything else could.

Plenty of yoke-styles are used to make them by—yokes that run directly across the shoulders and are left plain, except for a very narrow insertion, or an effective heading, which

joins yoke to the rest of the waist. Linen coats for driving and auto-mobiling are one of the most effective styles Paris has given us for some time, and the variety of the styles is endless.

One of the best driving coats Paris has sent is cut on the plainest of overcoat lines, and is finished with the simplest brown velvet collar and tortoise-shell buttons.

String-on—the color of twine, and not that shade that comes between biscuit and cream—is what you want if you desire that irresistible charm that Paris gets out of rough colors and fine tailoring.

When the weave is coarse and looks homely, still, another degree of style is added that makes the face of Paris shine with approval.

Little hats, much tilted over the brow, are rapidly disappearing from the fair heads of gay Parisiennes, and shady legions, with high crowns, are taking their place.

There is a positive mania just now for the mingling of flowers on hats. Wreaths of field flowers—immense ox-eyed daisies, poppies, wheat, oats, barley—are carefully arranged and pinned on the exquisite leghorns that are so universally worn.

For motorizing colored collars and cuffs are often added to a plain linen-colored coat. One of the most striking of the season was of natural linen, of heavy weight, with bright Irish green collar and lining.

Besides thin or string color, Paris makes these serviceable coats of pink linen.

Needless to say, this is a mere vagary of Paris, and is not likely to cross the sea this season at least.

Scotch plaid silks are sometimes used for the trimming of driving and motorizing coats—the gayer the better.

Batistes are still made with tiny shells and gathered ruffles of lace left in, which is ever so much prettier than the bands of lace that were so much too much used earlier.

Uncurled ostrich feathers and crane plumes are fast taking the place of more fanciful trimmings on leghorn hats.

More fancy weaves and few plain colors will be used by exclusive tailors.

Plain linens will be the rule in tailor-made suits.

The holers will again be used by first tailors, but it will likely be still shorter than during the spring, and always looser.

YANKEES TO WORK ONCE

Newfoundland Is To Withdraw Every Concession To U. S.
Buckingham Non-Union Workmen Protected By The Militia

ENFORCE LAW TO LETTER A LAWYER IS INDICTED

Halifax, N. S., Oct. 11.—A St. John's, Nfld., despatch says: The Colonial Government has resolved to combat the fishing modus vivendi entered into between England and the United States, by dragging forth every known colonial law and enforcing it to the letter against American fishermen.

Every concession hitherto granted the Americans will be withdrawn. Local fishermen will be encouraged to occupy the waters and drive other nets before the Americans arrive, thereby preventing the latter from enjoying the expected benefits of this arrangement.

For the slightest offence American vessels will be confiscated instead of fined as formerly.

Should Federate With Canada.

London, Oct. 11.—The publication of the text of the Newfoundland modus vivendi evoked strong editorial attacks yesterday.

The Opposition newspapers condemn the Government for overriding the wishes of the Colony in order to conciliate the United States, and declare that the terms of the arrangements fully justify the intense indignation which is expressed.

The Morning Post is of the opinion that this should convince Newfoundland that the time has arrived to federate with Canada.

For Transitory Popularity.

The Manchester Guardian says the explanation of the excitement in Newfoundland ought perhaps to be sought in the amiable desire of the Colonial politicians not well learned in constitutional law, to gain a little transitory popularity at the expense of the Imperial authorities.

The London Globe, on Newfoundland fisheries, says if the contemptuous approval of a few Newfoundland newspapers is to outweigh the sentiment of the whole Empire, then we might as well delegate our functions, gracefully before our impatient children snatch them from us.

"Higher Interest" Rules.

The Pall Mall Gazette says the Colony's interests have been subordinated to the supposed higher interest of keeping things all right with Washington. It is obvious enough to say Newfoundland has partially herself to blame for the weakness that has helped to persuade her "protector" to desert her, since she has refused to enter the Dominion of Canada, but it cannot be assumed that even if Newfoundland had stood with the Dominion at her back, she would have found the Imperial Government staunch.

She herself has been subordinated to a "higher interest" before now.

Should Join Canada.

The Mail says Newfoundland's wisest course is to join Canada.

The Telegraph advises Newfoundland and Canada to have patience on the fishery question, because no Government will be permitted to sacrifice the vital interest of any colony to carry favor with any power.

The Natal Mercury comments on the Newfoundland crisis that the conclusion of the modus vivendi is a blow to the entire system of colonial autonomy.

FUNSTON RETURNING.

Cuban Affairs to Be Left to Gov. Maugon and Gen. Bell.

Havana, Oct. 11.—Gen. Frederick Funston will return home on Saturday on the battleship Louisiana, with Governor Taft and Assistant Secretary of State Bacon.

The affairs of Cuba will then be left in the hands of Governor Maugon and Gen. J. Franklin Bell.

Students Before the Caput.

Toronto, Oct. 11.—Thirty-five students walked the carpet yesterday afternoon before the university caput, which then met for the first time officially.

These constitute those of the second-year "meds" who were identified as participating in the "bustle" on Monday morning. President Hutton, at the close of the meeting, informed the press that another meeting would be held this afternoon.

Adrift on Plank Five Days.

Copenhagen, Oct. 11.—The Danish steamer Texas, New Orleans for Copenhagen, arrived here yesterday, having on board a sailor said to be the sole survivor of the American schooner Oliver S. Barrett, from Port Royal, Sept. 9, for New York, which was captured in a small boat.

The rescued man had been adrift on a plank for 101 hours when taken on board the Texas.

Cuban Bankers Assign.

New York, Oct. 11.—J. M. Ceballos & Co., bankers and merchants, having large Cuban interests, yesterday made an assignment. The liabilities are said to amount to between \$5,000,000 and \$4,000,000.

Acquitted.

Hamilton, Oct. 11.—Alex. McDonald, a youth of 16 years of age, was yesterday afternoon acquitted by a jury of the charge of manslaughter. He was charged with the death of Alex. McGarvey.

Kovinsky Not Guilty.

Chatham, Oct. 11.—An echo of the celebrated fur stealing case was heard yesterday, when Sam Kovinsky of this city was acquitted by Judge McMahon of receiving stolen goods.

Two Cases of Cholera.

Paris, Oct. 11.—A despatch to The Bazar, from Rotterdam yesterday, announces that two fatal cases of cholera have occurred at Biesteband and Oranjestad, near there.

Buckingham, Que., Oct. 11.—For the first time since the strike began, on Aug. 14, logs were yesterday floated down the dam by employees of the MacLaren Co.

Surrounded by soldiers, non-union men started work at 1 o'clock and continued for three hours. The strikers watched the work from a near-by road, but did not interfere. Everything ran smoothly.

Both sides have agreed to make no further arrests for the time being. The provincial police are now in charge, and all the officials and strikers arrested Tuesday have been released on parole pending the inquest which are to be continued to-day.

The town has become quiet again, and fifty of the Ottawa soldiers have returned to their homes, leaving the regular cavalrymen to guard the mill.

Flaw in Warrants.

Messrs. Alex. and Albert MacLaren, proprietors of the Buckingham saw mill and pulp mill, Mayor Vallee, superintendent of the works, Chief of Police Kiernan; Bailiff J. C. Cummings; Jas. Kiernan, brother of the chief; James Cameron and Philomen Fournier, non-union employees, arrested at Buckingham on charges of murder and attempted murder, sworn out by J. Magdon, a cousin of Therault, the dead striker, appeared before Magistrate St. Julien in Hull yesterday morning and were free men in less than five minutes.

When court opened Mr. Henry Aylen for the defence drew attention to the fact that the warrants were decidedly imperfect, there being even no date on them, a fatal omission in itself.

The magistrate could not proceed on such warrants and the proceedings ended.

Lawyer Indicted.

The new feature in the strike situation is the indictment of E. Lamontagne, legal adviser of the local union, for murder and attempted murder.

The inquest on the two dead was called yesterday, but postponed without taking any evidence.

It is now said that the Federal and Provincial Labor Departments both made efforts to effect a reconciliation, and that while the men were willing the good offices of the Departments were declined by the MacLarens.

Denounce the Shooting.

Montreal, Oct. 11.—At a meeting of the Boot and Shoe Workers' Union last night, in the interests of Joseph Ancy, the Labor candidate in St. Mary's division, the shooting down of citizens at Buckingham was denounced by the speakers.

It was claimed that the detectives collected at that point from different sources, with authority either from the people of Buckingham or the Government to shoot people, and the matter ought to be investigated at once and the guilty punished.

DOWN ON RELIGIOUS ORDERS.

New Law of Spain Is of Very Draconic Character.

Madrid, Oct. 11.—The new law of associations, according to The Herald, will contain the following provisions:

No religious orders shall be established without the authorization of Parliament.

The state shall accord support to any member of a religious order desiring to renounce the vows taken.

The Minister of Justice is empowered to withdraw the authorization of any religious order found to be inimical to morality or public tranquility.

The Cabinet shall forthwith examine the authorizations previously granted to religious orders and cancel those which are illegal.

Religious orders whose members are foreigners or whose directors reside abroad shall be dissolved.

The authorities are empowered to enter monasteries without ecclesiastical sanction.

Religious orders shall not be allowed to hold property in excess of the objects for which they were instituted.

All legacies for religious orders or donations to orders by living persons or by testaments through intermediaries are formally prohibited.

The law of 1887 concerning the registering of religious orders remains in force.

Prince Albert Election Case.

Regina, Sask., Oct. 11.—The famous Prince Albert election trial came up before Judge Maclellan yesterday, and the decision was withheld until the end of the week.

From arguments and comments of judges, it would seem that Saskatchewan is face to face with a situation which promises to bring the province into chaos and from which a general election will be the only relief.

North Renfrew Returns.

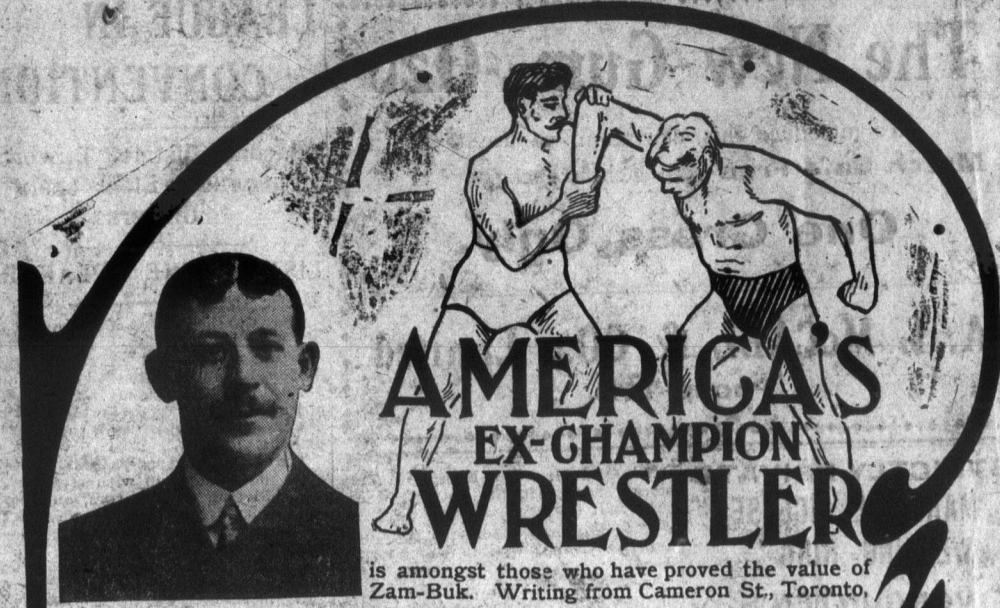

Pembroke, Oct. 11.—Complete returns of the by-election in North Renfrew Tuesday are:

Gerald White, Conservative ... 2,168
Thos. Murray, Liberal ... 1,142
Dr. McKay, Liberal ... 1,026

White's majority over Murray ... 1,026
Majority over both Liberals ... 823
McKay loses his deposit.

Service To Be Simple.

Montreal, Oct. 11.—According to the expressed wishes of the late Archbishop Bond the service in connection with the funeral on Friday afternoon, at 2.30 o'clock, will be marked by simplicity. Immediately after the service the remains will be taken to Mount Royal Cemetery and interred in the family vault.

is amongst those who have proved the value of Zam-Buk. Writing from Cameron St., Toronto.

Gentlemen,—After my great wrestling match with J. Mellor of Staleybridge, at the Crystal Palace, England, for the International Championship, I was covered with cuts and bruises. I applied my favorite balm, Zam-Buk, and in a marvelously short time the abrasions and cuts were healed and I was fit and well again. At another time I had a piece of flesh almost torn completely off my arm above the elbow. I anticipated being unable to do anything with the arm for a long time, to my delight, however, Zam-Buk closed up the wound in two days. In three days it was covered with new skin, and a few days after there was no trace of the injury.

Zam-Buk was introduced to me a few years ago when touring in England by a celebrated trainer, who said he had known it to do more good for bruises, cuts and abrasions than any known balm.

Neither I nor my friends ever thought of going on the mat without Zam-Buk being handy. It is a splendid healer, and I can give it a good name wherever I am. I recommend it for cuts, bruises or skin injuries of any kind, and have no objection to your using this statement if you think proper. Yours truly,

High Lannon

WHAT YOU SHOULD USE ZAM-BUK FOR.

Zam-Buk is a pure, refined balm of extraordinary power. Unlike most embrocations and ointments hitherto obtainable, it is purely herbal in nature, and contains no animal fat or mineral coloring matter. It expels disease from the system and virtually creates new healthy skin. It is especially valuable for cuts, bruises, burns, running sores, ringworm, scalp irritation, eczema, scalded skin, insect bites, abrasions, boils, pimples, cracks, chafes, frost-bites, insect stings, scalds, sunburn, stiffness, swollen joints, sore throat, itching feet, sprains, rheumatism, and all nerve pains. Obtainable from all druggists at fifty cents a box, or post free from the Zam-Buk Co., Colborne St., Toronto, upon receipt of price, 6 boxes for \$2.50. For Free Sample Box send in attached coupon.

Chatham Planet, October 12, '06

ARRESTED FOR CONSPIRACY.

T. W. Hollwey Must Answer Criminal Charge in University Matter.

Toronto, Oct. 11.—T. W. Hollwey, the real estate agent, was arrested yesterday in connection with the sales of university real estate. The charge is conspiracy. The only other conspirator named, W. L. Leonard, Foulds, was not arrested. He will be a witness for the crown.

Arraigned in police court, Hollwey reserved the right to either plead or elect, and the case was enlarged till the 17th. He was liberated on bail in the sum of \$1,000 furnished by himself, and \$500 each furnished by J. J. Walsh and C. R. S. Dimble, T. Ludwig is his counsel.

The charge is that "T. W. Hollwey, in the years 1903, 1904 and 1905, did combine, conspire and agree with Leonard, Foulds and others unknown, to defraud the University of Toronto and University College by deceit and falsehood."

Bulgaria's Successful Bluff.

Constantinople, Oct. 11.—Bulgaria's threat to order the troops to re-occupy the post of Buluk, unless the Turkish commissioners sign by Oct. 14 the report resulting from the enquiry into the dispute regarding the delimitation of a portion of the frontier of the rayet of Adrianople, has had the desired effect.

68,000 Horse Power Wanted.

Toronto, Oct. 11.—At a meeting of the Ontario Hydro-Electric Power Commission yesterday it was announced that applications have been received from municipalities aggregating 68,000 horsepower. It had been estimated that the initial demand would reach 62,000 horsepower.

Three Years For Burglar.

Peterboro, Oct. 11.—At the fall assizes yesterday, Justice Britton sentenced John Thorpe of Ottawa to three years in the Kingston Penitentiary for burglary. Thorpe was arrested on July 27 last for breaking into the fancy goods store of C. Elliott and removing goods.

A Canadian Cardinal.

Quebec, Oct. 11.—A despatch received in this city yesterday from Rome, announced that His Grace Archbishop Bogin, Quebec, will be named a cardinal at the next consistory.

Negroes Lynch an Offender.

Texark, Oct. 11.—Anthony Davis, a negro driver, was found dead under a roundhouse half a mile from the business centre of this town. It is believed he was lynched by members of his own race. A week ago Davis was arrested on a charge of trying to assault a colored girl.

Lightning Strikes Barns.

Stratford, Oct. 11.—During a heavy electric storm the barn of Leonard Lennan, Logan Township, was completely destroyed by fire, with the exception of the crops. No insurance.

Stewart McDonald, aged 52, charged with indecent assault upon Mrs. Stewart, Ellice, was found guilty, and sentenced last night to two years, less one day, in the Central Prison.

David Thompson, Shakespeare, guilty of indecent assault on a 16-year-old girl, got three months.

PROVINCES MUST GIVE UP

Control of the Fisheries and Commercial Travelers' Tax In Return For Increased Subsidy.

Ottawa, Oct. 11.—The resolutions of the Provincial Premiers have been laid before the Federal authorities, and an answer to their request for an increase of subsidy is expected to-day.

It is understood that the provinces will have to give up their claims to a control of the fisheries in order to obtain an increased allowance, and that the Premiers of all the provinces have practically agreed to this. The commercial travelers' tax will be abolished by British Columbia, Quebec and Prince Edward Island.

The provincial delegates expect to be able to leave the capital on Friday, with the assurance that their application for an increased subsidy has been granted.

Do You Want to Know

What You Swallow?

There is a growing sentiment in this country in favor of stimulants or known composition. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only aid in the proper selection of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has taken time by the forelock, as it were, and is publishing broadsheet a little book, and is publishing broadsheet a little book, and is publishing broadsheet a little book.

Dr. R. V. Pierce's Pleasant Pellets are his leading medicine, the "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and laxative, sold under his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all sharpening critics who have heretofore unjustly attacked them. A little pamphlet has been compiled from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets are his leading medicine, the "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and laxative, sold under his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all sharpening critics who have heretofore unjustly attacked them. A little pamphlet has been compiled from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

\$50,000 GIVEN AWAY. In copies of the book "The Pleasant Pellets" to the extent of 50,000 copies a few years ago at the rate of one copy for every \$100 worth of these valuable medicines sold. This year we shall give away \$50,000 worth of them. Will you share the bounty? If so, send only one-cent stamps to cover cost of mailing only one copy to you. Write on plain paper covers, or 50 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

LEAGUE IN CONVENTION

Chatham District Epworth Leaguers Elect their Officers

LIST OF THE SPEAKERS

The Chatham District convention of Epworth Leaguers and Sunday schools was opened in Park street Methodist church last evening, and is in full swing to-day. There is a good attendance of delegates from all the towns and villages in the district present.

The major part of yesterday afternoon was taken up with registering and billeting the visitors, and business was first opened last night with an interesting program, over which Lindsay Perrott presided.

Devotional exercises, over which Rev. W. S. Rutledge presided, were first in order. During the evening, a number of anthems were given by the choir, and a solo was rendered by Miss Hollinrake.

A very interesting address was delivered by Rev. A. J. Thomas, M. A., of London. His subject was "The Message of God: The Church, the Epworth League to the Young People."

A nominating committee was appointed at last night's meeting for the selection of officers for the ensuing year. They reported this morning as having selected the following officers:

Hon. President—Rev. J. W. Holmes, of Blenheim.

President—A. J. Langford, of Dresden.

First Vice-Pres.—Dr. A. A. Hicks, of Blenheim.

Second Vice-Pres.—Miss Mac Bell, of Blenheim.

Third Vice-Pres.—Mr. Nickerson, of Wallaceburg.

Fourth Vice-Pres.—Lindsay Perrott.

Fifth Vice-Pres.—Mrs. Linden, of Wallaceburg.

Sec. Treas.—Mr. Allen, of Dresden.

District Representative to Conference—Rev. S. Salton, Charing Cross.

Papers were read at this morning's session by Rev. Mr. Peters, of Northwood, and Mr. A. G. Shillington, while addresses were delivered by Rev. C. J. Moorehouse, Miss E. Tompkins and Rev. A. J. Thomas.

At 6.30 sunrise prayer meeting was conducted by Rev. Mr. Kennedy, and Dr. A. A. Hicks conducted devotional exercises at nine. Music was supplied by the choir.

The following speakers are to address the Leaguers this afternoon: Rev. Dr. Hannon, Chatham; Rev. J. Elford, Hutterford; Mr. F. Collins, Chatham; Rev. J. W. Baird, B. A., Sarnia; Rev. T. V. Cosens, Wallaceburg; and Mr. Wilson Taylor, B. A., Chatham.

At this evening's session the speaker will be Rev. F. E. Malott, B. A., Chatham, and Rev. J. W. Baird, Sarnia.

A CURIOUS EGG

Foreman Louis Staniewitz, of The Planet Bookbinding department, is the possessor of quite a curio in the shape of a freak egg, which was recently laid by a Plymouth Rock hen owned by him.

The egg is about an inch and a half long, and is almost the exact shape of a man's little finger, with the upper joint slightly crooked. The only thing the freak egg lacks is a finger nail. If such were added, the imitation would be complete. The egg is covered with a firm shell.

If you are determined to pick a quarrel, don't pick it before it is ripe.

WE WANT YOUR COAL ORDER

And WILL SAVE YOU MONEY. We carry only the highest grade of coal and sell it at the same price others get for inferior coal. Our coal goes further, hence the saving.

—IF YOU WANT THE BEST COAL MINED
—THE KIND THAT BURNS TO ASHES
—THE KIND THAT WILL HEAT YOUR HOUSE
—THE KIND THAT IS BRIGHT AND CLEAN

Phone or bring your order to us, we will do the rest.

N. H. STEVENS TALKS DELAY

He Thinks The Council Is Making a Mistake In Granting Franchise

POSSIBILITIES ARE GREAT

N. H. Stevens, one of Chatham's prominent ratepayers, thinks the Council is going too fast in the matter of granting a natural gas franchise to any company.

Mr. Stevens thinks there are more possibilities in this county in the matter of natural gas than any one has any idea of, as yet. He thinks it would be a mistake for the Council to tie up their hands so early in the game. In conversation with a Planet reporter this morning, he said:

"The Council are passing a by-law to give the exclusive right to Symmes & Co. for piping natural gas into the city at the enormous price of 20c. a thousand for citizens to pay for heating purposes. This, I think, is a serious mistake—to tie up here for a number of years, when gas may be struck even in the corporation limits, where it could be produced for 5c. or 10c. a thousand, but through the action of the Council we would be prevented from piping it through our streets."

"I doubt very much if we can afford to pay 20c. a thousand for gas as compared with coal for heating. If my memory serves me right, Detroit sold gas at 20c. a thousand after piping it all the way from Leamington, and the consumer found the heating very expensive."

"We are very fortunate in being so closely situated to the Tillery gas fields, and the citizens should be entitled to gas at the very lowest prices possible, instead of paying heavy profits to any gas Co."

SPRAINED ANKLE

School Trustee Carscallen Of Dresden Meets With Painful Accident—Reports On Illness

(From Our Own Correspondent.)

Dresden, Oct. 11.—Trustee Carscallen sprained his ankle quite severely on Tuesday.

Miss Eva Aikin will give a dinner Sunday on Monday in honor of Miss Minnie Jeffs.

Charles Tassie, Chairman of the School Board, is seriously ill with fever.

Mrs. (Capt.) John McDonald and Mrs. James Kimbly returned on Saturday from a seven weeks' visit in Fort Erie.

James Anderson, who has been ill with typhoid fever, has had a relapse.

Miss Eva McVein spent Wednesday in Chatham.

Mrs. J. McMurray gave a most enjoyable At Home on Thursday afternoon from four to six. She was assisted by Miss Eva Aikin, Miss Eva McVein and Miss Alice McVein.

One Dead Ten Hurt.

St. Louis, Mo., Oct. 12.—The Iron Mountain fast mail train, which was late in leaving the Union Station yesterday, jumped the track while making up its time at the city limits, killing one and injuring ten other persons.

Bigamist Gets Eight Months.

St. Catharines, Oct. 12.—George William Gough, who was convicted by Judge Carman on Wednesday on the charge of bigamy, was yesterday sentenced to eight months in the Central prison.

THE STAGE

ANNOUNCEMENTS.

(Supplied to The Planet by Press Agents.)

At the Brisco Opera House—

On the Bridge at Midnight — Oct. 13.

"ON THE BRIDGE AT MIDNIGHT."

Extraordinary excellence in story, plot and scenery are seldom found in the plays of a melodramatic tinge, but the management has succeeded in achieving this rare union and the many thousands who have seen "On the Bridge at Midnight" are well aware.

On the one hand the sensational trash of some melodramas is avoided and on the other hand a wholesome play is brightened with real comedy, genuine heart interest and an altogether exceptional embellishment of scenery that includes one of the masterpieces of the modern stage, the production of the engineering triumph of Chicago, its great jack-knife or lift draw bridge.

At the Brisco Theatre on Saturday for matinee and night. Prices—lower floor, 35c, 50c and a few at 75c; second floor, 25c and 35c; gallery, 15c.

WANTED

WANTED—Girl in a family of three. Must give references. Mrs. J. W. Wilson, King street west.

WANTED—A good girl for general housework. Apply to Mrs. Manson Campbell, Park street.

WANTED—Girls to learn weaving at the Woolen Mills. Proficient weavers make from five to seven dollars per week.

THANKSGIVING LINENS

A well cooked Turkey will taste all the better if you have your table supplied with choice linen cover, and the small pieces that enhance the general setting.

SEE KING STREET WINDOW FOR A FEW SAMPLES

Special showing of Fancy Linens for the balance of this week. Every piece at close out prices.

Men's Underwear.

The eager air of autumn brings us to the subject of underwear—the kind that keeps you warm without impressing you with the fact that you are bundled up. Underwear that drags, binds, pulls and bunches up is the cheap kind that's sold in most stores.

We Don't Handle It.

Every suit of underwear we sell is from the best and most reliable makers. No matter what you want you will find it here. Elastic ribbed, natural wools, merinos, fine fleece lined etc. etc.

Underwear from 50c or 75c up to \$1, \$1.50 and \$2.50 a garment.

Medium Weights

If You Prefer it.

The variety of our stock is as great as the variety in the tastes and figures of mankind. Every good "patent" Hygienic kind is here; also the good old popular kinds that we all wear.

Very Special Note.

Our fine natural in all sizes 34 to 44 at \$1.00.

C. AUSTIN & CO.

A Great Deal

Is said in advertising about quality in goods, and we believe firmly in that. We go one step further, however, and say that anytime you get anything that does not suit you, we will exchange it, and give you full value for it.

NEW PRUNES, 10c. a pound

NEW PRUNES 2 pounds for 25c

EXTRACTED HONEY 12c, 20c, 25c. a jar.

CANNED SOUPS, 10c. a can.

PORK SAUSAGE, 12½c. a pound.

FRANKFURTS, 12½c. a pound

TENDERLOIN 20c. a pound.

Our Mocha and Java Coffee will make your breakfast just right—40c a pound.

H. Malcomson

A COAL AND WOOD COOK STOVE FOR \$15.00...

Rather small price you will sav. Well, the stove is not a real large one, but it is really very satisfactory and will give good service. We have put it in stock for those who require something for coal at a small price.

However, we would very much rather sell you a better one and we know that we can please you no matter how much you want to pay. Come in and see our stock. The best stoves in stovedom are here.

FALSE ALARM

The firemen were called out by telephone last evening to a point behind the King St. terraces on the river bank. It was reported that there was a man in the river calling for help.

A couple of firemen drove down immediately on the ladder truck, and on their arrival Fireman Steve Anquillet made an investigation with the aid of one of the torches from the side of the wagon. He was unable to find anyone in distress, with the exception of a very frightened man who was standing on the river bank, and who explained that he had been yelling to a friend at the other side of the water. He said that he wanted his friend to bring a boat over so that he could cross the river.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & Co., Toledo, Ohio.
Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

It requires as much reflection and wisdom to know what is not to be put into a sermon as what is.

Minard's Liniment Cures Garget in Cows.

A Grand Medicine for the Kidneys.

Don't suffer—don't experiment—don't waste money on unknown, untried remedies. There is one quick cure—one certain cure—one cure that everybody knows does cure Kidney Trouble. That's Gin Pills.

"I have been a sufferer with Kidney Trouble for years. Have tried medicines and doctors' prescriptions, but could get no permanent relief, my test being pronounced chronic. As it is generally known that the properties of gin without the alcohol is good for the kidneys, I decided to try Gin Pills, but must admit with very little faith. From the very first pill I got relief, and have since taken nearly four boxes and am COMPLETELY CURED, but am going to continue them a while longer. No dull, sickening pains in the back—no low spirits—am increasing in weight—and more vim and vigor than I have had for years—is what Gin Pills have done for me."

"H. P. HERBERT, Ottawa."

Be well and strong. Be free of pain. Be able to enjoy all the good things of life, with all your old-time vigor and enthusiasm. Gin Pills will cure those sick kidneys. Start now—today—and see how much better you feel to-morrow. 50c box—6 boxes for \$2.50—and your money back if they don't cure.

Special offer: If you send us your name and address and tell us the name of the paper in which you read this we will send you a trial box absolutely free and post prepaid. Write today and get the medicine that cures.

The Bole Drug Co., Winnipeg, Man.

Trade of Some Great Ports.

Some figures have been prepared recently showing the value of the trade of the great ports of the world, from which it appears that the trade of London is worth £285,000,000 a year, while that of Liverpool stands at £277,500,000 a year. These figures for the other great ports are as follows: New York, £221,000,000; Hamburg (including the coasting trade), £220,000,000; Marseilles, £210,000,000; Antwerp (inclusive of river and canal traffic), £150,000,000; Calcutta, £59,000,000; Bombay, £51,000,000; Singapore, £43,000,000; and Sydney, £38,000,000. It should be noted that the figures for the two great British ports do not include the value of the coasting trade. The probability of London being able to maintain its position as the greatest port of the world is becoming somewhat doubtful—London Times.

Pressure On the Son.

While Archbishop Tranch was dean of Westminster, he delegated Canon Cureton to preach at the abbey on a certain saint's day. On such days the boys of Westminster school attended service and afterward had the rest of the day as a holiday. While Mr. Cureton, on the morning of the day he was to officiate, was looking over his sermon at the breakfast table, his son asked, in a tone vibrating with anxiety: "Father, is yours a long sermon to-day?"

"No, Jimmy, not very."

"But how long? Please tell me."

"Well, about twenty minutes, I should say. But why are you so anxious to know?"

"Because, father, the boys say they will thrash me awfully if you are more than half an hour." London Telegraph.

Scarcity of Hickory Wood.

Hickory, one of the most valuable of our native woods, has become so scarce that many substitutes have of necessity been found for it. The wonderful increase in the demand for buggies and carriages of the finer class had much to do with the virtual exhaustion of the great American hickory forests. England, Germany, China, Australia, South Africa and the South American countries made strong requisitions on the American supply. Years ago the supply of this fine wood north of the Ohio river had been exhausted. Despite substitutes and changed conditions, hickory remains one of the most valuable of American woods.—Baltimore Herald.

Training a Donkey.

The donkey Caruso had on the London opera stage one time recently in the "Jongleur de Notre Dame" was lent by a nobleman for the occasion. The owner fitted up in the donkey's stable a phonograph with a Caruso record in order that the donkey might become accustomed to the music before making the debut.

FRIBBLES OF FASHION.

Embroidered Linen Belts Worn With "V" Neck Effects.

Embroidered belts of heavy linen will be worn with wools tailored suits. They usually match the suit in color and are embroidered in exactly the same tone as the linen. It is possible nowadays to get linen in all the fashionable tailored shades.

In Paris V neck effects are contrived in all sorts of unexpected ways. Some of the simplest are nothing more than a modified form of the surplised styles. In the majority of cases these V necks are unusually becoming.

There are echoes of a dozen different famous periods and nationalities in the wraps one sees. Mantles of the old fashioned type are struggling hard for supremacy this fall. One interesting mantle is shirred into curious folds,

GIRL'S EMPIRE GOWN.

and if M. Worth was not the designer it would be thought an impossible style.

It is the color of a woman's gown that makes her look young or old; for instance, navy blue is a young color, but black plays havoc with most faces past their first youth.

The gown illustrated is a charming empire affair for a young girl carried out in yellow crepe. The skirt is simply trimmed with ruffles of the material. Lace adorns the round neck and forms the tabbed ends that hang over the bodice. The girl is of brown velvet drawn through a dull gold buckle.

JUDIC CHOLLET.

MODES OF THE MOMENT.

Smart Linen Run With Black Ribbon—Hint For Foulard Gown.

The latest idea in lingerie is to run black ribbon through the heading. To avoid the possibility of a hint of mourning being conveyed by the somber hue a touch of color is introduced in the costume when a peekaboo waist is worn.

A stunning princess gown is of black foulard spotted with white coin dots. The skirt is trimmed with three rows of inch wide black velvet ribbon. The bodice, cut V shape back and front almost to the waist line, is finished with a tiny line of parrot green velvet under a line of black. Jet cabochons trim the opening at intervals. The sleeves are small elbow puffs slit up

the center and filled in with the finest kind of all over embroidery in a sprigged design. The tight cuffs are of lace adorned embroidery, which also makes the chemise filling in the V opening. The hat worn with the gown is a picture affair in black neapolitan trimmed with black ostrich plumes. Gloves and shoes are of tan suede.

The cutaway lines which marked some of last winter's suits is noticeable in the fall importations. These cutaway effects are usually attempted only with cloth suitings, broadcloths and cloths of firm texture being chosen for this style.

The blouse pictured is an effective design for silk. A deep plait supplies the fullness at the shoulders, and the front is blocked out to display a vest of broderie anglaise, which in turn is edged and inset with entire dex of elung.

TRADE MARK REGISTERED.

Constant quick cures itching Piles, Eczema, and other skin troubles.

Leo Corrigan, 475 Ferguson Ave., N. Hamilton, had Eczema since childhood. He consulted specialists—by weeks and weeks in hospital—and despaired of ever getting better.

"I thought Mira would be like other remedies I had tried," he writes, "but, to my delight, a few hours after the first application I felt great relief. It has worked wonders for me."

Don't put it off—get a box of Mira Ointment at once and be relieved. Price 50c—6 for \$2.50. At drugists—or from The Chemist Co. of Canada, Limited, Hamilton—Toronto.

TIDAL FLUX AND REFLEX.

Complicated Movements of the Billows of the Ocean.

Those who see the rise and fall of the tides in our Atlantic harbors seldom think of the wonderful course of the ocean waves which cause the tidal flux and reflex. Such billows not only cross the sea, but flow from ocean to ocean, and in this way complicated movements are set going.

Thus, for instance, once in every twelve hours the moon raises a tide billow in the southern Indian ocean. When this billow passes the Cape of Good Hope at noon its successor is already born, and by the time the first billow has reached the Azores islands at midnight the second is rounding the cape, and a third has come into existence in the southern ocean. By 4 o'clock in the morning following its passage of the cape the tide billow reaches the English channel, and there the shallow waters delay it so much that it does not arrive at the strait of Dover until 10 a. m. Here the narrowing channel causes the tide to rise very high and almost puts an end to the wave.

In the meantime another branch of the billow runs around the western side of the British islands, rounds the north point of Scotland and moves slowly down the eastern coast of England until it finally flows up the Thames and laps the wharfs of London.

The new Pure Food and Drug Law will mark it on the label of every Cough Cure containing Opium, Chloroform, or any other stupefying or poisonous drug. But it passes D. S. Shoop's Cough Cure as made for 20 years, entirely free. Dr. Shoop all along has bitterly opposed the use of all opiates or narcotics. Dr. Shoop's Cough Cure is absolutely safe even for the youngest babe—and it cures, it does not simply suppress. Get a safe and reliable Cough Cure, by simply insisting on having Dr. Shoop's. Let the law be your protection. We cheerfully recommend and sell it.

G. H. Gunn & Co., Chatham.

Stained Glass By New Process.

Cloisene glass is a pet of modern glassmakers. It is not a wall decoration, but a kind of substitute for stained glass, different in effect and in quality from any of the paper imitations. It is genuine glass. A sheet of plain glass is put over the drawing to be executed, and on this the outlines of the design are traced in wire, black, silver or gilt, as the case may be. These wire outlines, which are semicircular in section, are fixed firmly to the background sheet, and into the cells formed by the filigree are shoveled countless little glass beads, which are cemented on the ground, and the entire panel is then covered with a second sheet of glass. The great point of the invention is that, along with a pleasant variety of surface, it is possible and easy to get an almost limitless variety of color as well as the most delicate and gradual shading, in which one color melts almost imperceptibly into another.

Pure salt is just as important as pure water or pure milk.

WINDSOR TABLE SALT

is absolutely pure and never cakes.

The Result of Short Sleeves.

A Peterboro' medical man is an authority for the statement that the style this season of wearing short sleeves is one of the worst for the followers of the custom ever adopted. He said: "There's nothing that will cause the hair on the arms, or, for that matter on any part of the body, to grow as quickly as will exposure to the sun and wind. In hot climates savages wear no hats, and their hair is most luxuriant. The girls that are now wearing short sleeves are likely to be in fashion will regret it in a couple of years when they see long hair growing on their arms."

To Neutralize Nicotine.

Professor Gerold of Yale has discovered how to neutralize the action of nicotine in cigars. During the process of manufacture the tobacco leaves are steeped in a decoction, the principal element of which is wild marjoram. The deleterious effects of the tobacco are thereby avoided and yet the quality and aroma are not altered.

Baltimore, Md., Nov. 11, 1903.

Minard's Liniment Co., Limited.

Sirs—I came across a bottle of your MINARD'S LINIMENT in the hands of one of the students at the University of Maryland, and he being so kind as to let me use it for a very bad sprain, which I obtained in training for foot races, and to say that it helped me would be putting it very mildly, and I therefore ask if you would let me know of one of your agents that is closest to Baltimore so that I may obtain some of it. Thanking you in advance I remain,

Yours truly,

W. C. McCURRAN.

14 St. Paul street.

P. S.—Kindly answer at once.

AN ODD BIRD SPECIES.

She Does the Courting and He Most of the Nursery Work.

Wilson's phalarope is very common in nearly all parts of the northwestern prairies wherever there are grassy pools or sloughs. It is a quiet, beautiful little bird, with no immodest outcries, feeding prettily along the moist margins of the sloughs and not distressing itself over our presence. From nearly every standpoint this phalarope, like all other species of its class, is an anomaly among the birds.

Apparently a land bird, it has partially webbed or scalloped feet and is a good and graceful swimmer. The female is the larger and handsomer of the pair. She does the courting and he most of the subsequent incubation and nursery work. He is duly meek and obedient, as becomes the husband of an amazon, for so worthy and strenuous a young female as she will not tolerate a buck hanging around idle when there is plenty of useful work to be done.

For her part, to lay eggs so big that the chicks are clothed and able to run at birth is all that should reasonably be expected of her. Their marital relations are otherwise scandalous from our point of view. Two or three idle, vainglorious females are often seen devoting themselves to one little male at the height of the nesting season, and no one seems to be sure whether or not he is the husband of any one or all of them. Anyhow, they are all head over ears in love with him—Herbert K. Job in Outing Magazine.

INDIAN REMEDIES.

Peculiar Medical Methods Used in the Far East.

Great virtues are ascribed to the claws and horns of certain animals. Tigers' claws are in great demand with the common people. One or two claws may be worn near the loins, but should one possess a larger number the fortunate owner makes a garland of them and wears them around his neck. Deer's horn ground into the paste is an excellent balm for pain and swellings.

A more curious use is found for the same substance: It is sometimes made into a powder which is supposed to aid the growth of stunted women. The joints taken from the long and slender tail of the black scorpion are supposed to keep illness at arm's distance when children wear them on their waist thread.

A red or swollen eye is cured by having it touched with the bolt or chain of a door. A remedy which I have seen applied with considerable effect in more than one epileptic fit is to place a bunch of keys in the palm of the sufferer. I have heard it said that the fit passes away as readily if the keys are placed on the head. A rather quaint remedy in the case of a sprained neck is to use an iron measure for a pillow.

Sore throat is cured by spitting on rhyolite iron, quite the simplest and least expensive cure known to the native doctor. Peacock's flesh and pig's ghee are the best medicines for acute rheumatism.

The First Steam Power.

The power of steam was known to Hero of Alexandria, who exhibited what seems from the description to have been a small steam engine to Ptolemy Philadelphus and his court about 150 B. C. Pliney describes a small boat built by a "magician" of Rome which moved by means of a wheel "driven by a pot of hot water." Watt's invention of a rotary steam engine was patented in 1769. The first railway locomotive was built by Trevithick in 1804. The first practical locomotive was perfected by Stephenson in 1825. As early as 1707 Denis Papin built a model of a steamboat, which was destroyed by a mob of boatmen. The first practical steamboat was built by William Symington in 1802. In 1803 Robert Fulton in connection with Chancellor Livingston built a steamboat, which was tried on the Seine. In 1807 the Clermont began trips from New York to Albany.

No Influence With Him.

During a municipal election in a town in the west of Scotland a young lady who was canvassing on behalf of one of the candidates called at a house, the door of which was opened by the goodwife. "I have called to solicit your vote on behalf of Mr. —," said the young lady.

"But it's not me that's got the vote. It's me man," replied the woman.

"Yes," said the young lady, "but I thought you might perhaps use your influence with him."

"Me influence him?" said the goodwife. "I hiv nae influence wi' him. Only this morning I asked him to wash the floor afore he went out, and he wadna do it."

No Hurry.

The minister was shocked when the young woman declined an introduction to some of his parishioners. "Why, my dear young woman, did you ever think that perhaps you will have to mingle with these good people when you get to heaven?"

"Well," she exclaimed, "that will be soon enough."

Another Way to Put It.

"After all," said the moralist, "the almighty dollar is man's greatest enemy. It is."

"If that's so," interrupted old Rorley, "I guess that young wife of mine merely loves me for the enemies I've made."

Not Intended.

He (after introduction)—Allow me to inform you that I am the last of the great family of the Van Siltens. She (thoughtfully)—Delighted to hear it, I'm sure.—Le Rire.

Coughs

Ask your doctor his experience with Ayer's Cherry Pectoral in hard colds, hard coughs, bronchitis, weak throats, weak lungs. Then profit by it. If he has anything better, use that. If he says Ayer's Cherry Pectoral is all right, then use that. Get the best there is, always, for the best is none too good. Keep in mind this—"Sold for over 60 years!"

We have no secrets! We publish 200 Ayer's Coughs in the formulas of all our medicines! Lowell, Mass.

Mr. Charles Childs attended Peterborough Fair.

Very successful anniversary services were held in Rutherford Methodist Church last Sunday.

Mr. and Mrs. Howey have moved to Chatham.

Geo. Brown held a very successful sale at John Bloom's.

D. M. Healey was a Sarnia visitor last week.

A large number from here attended the Fair at Thamesville.

John Blom and family intend moving to Thamesville the last of the month.

Rutherford people are all smiles—the new telephone.

SURPRISE A PURE HARD SOAP

ONE OF THE THINGS it is hard to make folks understand is the fact that, with "SURPRISE" Soap, it is not necessary to boil or scald the clothes.

A tea-kettle of hot water is enough—and you don't rub hard. The soap does the work—loosens the dirt and it drops out.

You can use "SURPRISE" Soap any way you wish, but this tea-kettle-of-hot-water way is the best because it's the quickest and easiest.

"SURPRISE" is a pure, hard soap of the highest grade. The first cost is n't any more than common soap.

WABASH.

DANTE.

Miss Pearl Liberty is home again after visiting at Triconnel.

Mrs. Truesdale entertained her Sunday school class on Saturday evening.

Stanley Hannon is home from the Northwest.

John Hawk's is still on the sick list.

Mr. and Mrs. Samuel Kelley will celebrate their golden wedding on Tuesday.

The Wabash band is invited to play.

John Liberty spent Sunday in this vicinity.

Mr. Irwin was in our vicinity last week buying cattle and hogs.

David Randle returned last week after a year's visit in England.

On Friday last there passed away one of our oldest residents, in the person of John Walker. Deceased was in his 83rd year and was one of the first settlers in this district. He leaves five sons to mourn his loss.

Hattie Stocking is visiting her aunt at Longwood.

Fred Hilton arrived Sunday from the harvest fields of the west.

George Groulx has a new wind mill, which adds very much to the appearance of his place.

WM. FOREMAN & CO.

OVERCOATS!

The Overcoat is the distinguishing feature of a Man's attire. It proclaims him careful or careless of his dress and it is always the thermometer of his wardrobe.

If there is one thing in which we excel, it is Overcoats.

Nothing but the Best Makers' best productions are good enough for us and, even then, the coats must be made to conform to our ideas.

It seems almost useless to quote a price on an Overcoat without showing the Coat at the price.

The price means nothing, while the Coat means everything.

We've good Overcoats for as moderate a price as \$5.00 or \$7.50. Fabric and tailoring, of course, improve at \$10.00 or \$12.00, and after leaving these prices we come to Overcoat elegance and luxury at \$15.00 or \$20.00.

There's nothing wanting here to fill any man's fondest expectations in an Overcoat.

THE BALLOTS SWITCHED

Amazing Revelation By J.
G. Pritchard, Ballot
Switcher

THE MACHINE EXPOSED

Toronto, Oct. 12.—It was a quarter to twelve yesterday before the London bribery case was resumed in the Police Court.

The defendants, George Hardy, John O'Gorman, W. J. Mulloy, Tom Wiley, and George Ardy, were on hand an hour earlier.

Widespread Conspiracy?
The first man in the box was J. G. Pritchard, a London contractor. He is secretary of the Plasterers' Section of the Builders' Exchange. He knew all the defendants except Mr. Wiley. "Have you taken any part in elections matters with any of the defendants?"

Witness protested in vain over the scope of the question, and then proceeded to give Magistrate Denison an amazing story of campaign debauchery, covering West Elgin, North Hastings, Brockville, South Ontario and West Huron. The five defendants gave almost breathless attention to Pritchard's recital, John O'Gorman, who, with his brother, was declared to have been one of the chief actors in the story, was the least moved. George Reid, whose brother's name came into the narrative, grew red and purple as detail after detail was added to the chain.

Ballots Were Switched.
Pritchard swore that when an election would be coming on he and O'Gorman, Organizer Smith and Tom Lewis would confer at the Walker House or at O'Gorman's office, and as a result of arrangements then made, the ridings would be visited. It was Lewis' part to bribe and Pritchard's to switch ballots.

The witness swore that he got money from O'Gorman for his work and, in South Ontario he was paid fifty dollars by W. T. R. Preston. He said that returning officers' deputies would be introduced to him and he would pick out the likely ones and train them. They would get usually five dollars for every ballot switched, but in West Huron the rates were wholesale. The switching was sometimes done simply by calling out the wrong name as the ballots were being counted. In other cases the deputy returning officer would have ballots ready, marked and initialed for the favored candidate.

Tricks of the Trade.
These would be substituted for ballots marked by Conservative voters. The real ballots would be then brought to O'Gorman as vouchers and the deputy returning officers paid accordingly. The witness always found a bundle of ballots in a convenient place.

Pritchard told of such tricks as kissing the thumb in taking the oath and having a piece of pencil lead under the finger nail for marking ballots. He told of operations in West Elgin, South Ontario, Brockville, North Hastings and West Huron. He had Vance as his superior in Hastings. These things, he said, were done years ago. Four or five years ago he stopped electioneering.

One of the statements made by Pritchard was that the moneys paid in his operations were always in new Dominion notes.

Work of the Deputies.
Witness, during his evidence, said he had himself switched ballots as J. D. Johnson, D.R.O., West Elgin, and that the trained deputies switched from three to 23 ballots each.

Recalled at the close of the afternoon session, Pritchard made the flat statement that Lewis, after the West Elgin election, sought to get him to sign a false affidavit that he had not been at Brockville.

"I've had enough of politics for a thousand years," he said near the close of his examination.

\$10 Envelopes Again.

A number of London voters told the familiar story of envelopes containing money being delivered through the agency of Jerry Collins or Serviss. In practically every case, the assurance was made by the witness that he would have voted Grit anyway. Several witnesses showed the effects of "bracers." These men were Joe Rusten, A. E. Pich, Hugh Clark, Wm. McCausland, James Quimby, Charles Evans, James Smith, Frank Prior (who also received \$5 for his vote at the provincial election), Wm. McAdam, A. McMurphy, James Ewen, and latter had held envelopes for two brothers named Grey.

H. J. Lamoth, Clerk of the Chancery Court at Ottawa, testified that the bye-election ballots were destroyed in July, following the election month in conformity with the usual regulations.

Premier Scott Called.

Premier Scott of Saskatchewan, then called, explained that he had been in London for two weeks, leaving the day after the election. His examination yielded little beyond persistent denials that he knew of any campaign work having been used in the election, and his equally firm refutation of the suggestion that he had been in the habit of holding conversation with O'Gorman and others. He did so in the face of DuVernet's intimation that he would produce witnesses who would testify otherwise. Premier Scott's manner was equable almost throughout. Only once or twice did he show slight asperity, when persistently queried on certain points.

Pritchard Again.

It was stated by the counsel for the examiners that the witnesses to be offered to-day had not been decided upon. It is probable, however, that Pritchard will again adorn the stand. The understanding is that Premier Scott will again appear on Monday to hear the evidence of the witnesses alluded to by Mr. DuVernet. Hon. Mr. Hyman is also expected to give evidence on Monday.

E. F. R. Johnston has been retained for the defence in the conspiracy case, and will be on hand to-day.

CHILDREN'S FANCY SUITS

Our range of little boys' fancy suits is most complete this season, all the latest novelties in—Sailors, Russians, Busters, etc., are here, and in such quantities as you would expect to see in a city ten times this size. Our prices are in keeping with all our stocks, the lowest possible for bright new goods. Come in and look them

\$2.00 to \$7.00

The Sovereign Bank Opens Up A Branch At Fletcher As A Sub-Branch To The Tilbury One

(From Our Own Correspondent.)

Tilbury, Oct. 12.—The Sovereign Bank of Canada has opened a branch at Fletcher as a sub-branch to Tilbury, which will be open two or three days each week.

Mrs. Forrest, of Leamington, is visiting Mrs. James Stewart.

Sam Labonte and family, of Tilbury North, leave next week for the Eastern States.

Foreman Duigneau and a gang of 20 men, including several Tilburyites, left this week for the lumber woods at North Bay.

Invitations are out for the wedding of Miss Ethel Johnston and Mr. Robt. Wands, Merlin, on Oct. 17th.

Thos. Horneck, of Quinn, returned yesterday from Chatham General Hospital, much improved in health.

The Bekardt family, musical artists, will appear in the Methodist Church next Monday evening.

Alex. Cassidy, harnessmaker, has made an assignment.

Miss Katie Gray, of Toronto, visited friends in town this week.

IF HE WISHED.

Will you scream if I kiss you, Miss Petty?

Why, I will if you wish me to, Mr. Nisefellow, but I don't see the sense in it.

Virtue is often more bitter by contrast with sugar-coated vice.

Brisco Opera House

Saturday, October 13.

The Sensational Melo-Dramatic Success

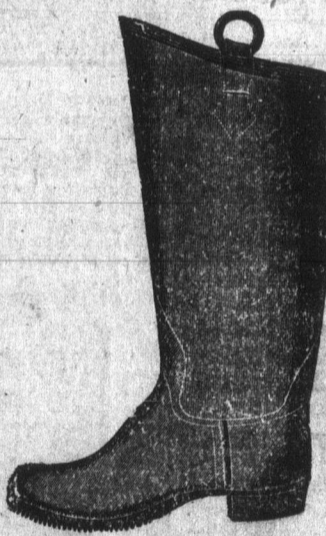

On the Bridge at Midnight..

An elaborate production of this famous and successful drama which not only excels in stage pictures but in its absorbing story of life in a great city, with its pathos, humor, plots of villainy and strange characters.

The Sad and the Comic Clearly Intermingled.

The Great Jack Kiffe Bridge scene with all its complete details, including the steamer through the open draw and a fitting climax to a powerful play.

—PRICES—
Lower Floor—50c, 50c and a few at 75c
Second Floor—25c and 50c
Gallery—5c.

We always keep our Rubber Boot stock full of the

BEST RUBBER BOOTS

ON THE MARKET.

We Have Them for Men, Misses and Boys

Short Boots for Misses

Storm Boots for Boys.

Short Boots, Storm Boots and Sporting Boots for Men.

Don't think you can ask us for any good kind of a Rubber Boot that we cannot show you.
