REPORT

OF THE

AUDITOR-GENERAL

ON

APPROPRIATION ACCOUNTS

FOR THE

YEAR ENDED 30th JUNE,

1890.

PRINTED BY ORDER OF PARLIAMENT.

OTTAWA:

PRINTED BY BROWN CHAMBRLIN, PRINTER TO THE QUEEN'S MOST
EXCELLENT MAJESTY.

1891.

AUDITOR GENERAL'S REPORT, 1889-90.

I have the honour to submit the Appropriation Accounts and the Details of Expenditure for the Fiscal Year 1889-90, and the Revenue Accounts for the same period.

Early Completion of Report.

Since permission was given by Parliament to distribute reports as soon as they are completed, it has been the constant aim of this office to have its report in the hands of Members of Parliament at least two weeks before the meeting of the House, so as to give them an opportunity of referring to its contents before the interruptions of the Session. Hitherto this object has not been attained. For this purpose much benefit would be derived from the shortening of the three months' limit, in the beginning of each fiscal year, allowed for paying the claims which have accrued in the previous fiscal year. In connection with this, I quote part of a letter which was addressed to the Treasury Board, and which appears at page A-5. The letter was sent to the Board for another purpose, which was accomplished. The quotation, however, bears on this question. "While on this subject, I may draw the attention of the Board to the advisability of shortening the time during which payments of accounts which accrued in the previous year may be made. Fifteen years ago it was thought necessary to have until Sept. 30 for such payments. Since that time the C.P.R. and other railways have brought the most distant parts of the settled portion of the Dominion within the possibility of receiving a reply to a communication in less than a month. It appears to me that the three months might be reduced to two months, or less, without causing any inconvenience."

It seems quite clear that, with the present easy, and constantly increasing, means of communication between all parts of the Dominion, no serious inconvenience would result to any department by decreasing the three months to one month, and thus stopping all payments for the previous year on the 31st of July. Indeed the departments would no doubt be in a similar position to that of this office, and would find it an advantage to be relieved of that part of the old year's work when preparing a report to Parliament of the past year's transactions, and at the same time carrying on the work of the current year.

Correspondence with Departments.

The correspondence attached to the accounts of each department is generally introduced to indicate that, in the view of this office, there was something in the payments, or in the mode of making them, which should be changed. In several instances, however, the correspondence has been retained to show to others who have the disbursement of public money the readiness to make needed changes which intelligence and business capacity induce. The most of the communications from the Marine department have been introduced for the latter purpose.

As in previous years, I have to acknowledge the courtesy of the departments in replying to enquiries from this office. The only instances in which answers have

not been received in matters of moment are at pages A—8 and A—9, B—404, and E—64.

Voting of Specific Broken Amounts.

On pages C—107 and C—108 will be found references to an example of a system which appears objectionable to this office, and to which attention has been called in previous reports, namely: the voting of specific broken sums for special purposes. This office must accept such a vote as showing that Parliament has taken into its own hands the responsibility of determining the amount payable, and has freed this office from the duty of making the calculations. It does not follow that there was an intention, in framing the estimate, to have the account go through without audit; but, in my view, I cannot claim that the account is subject to examination here. If the next higher round amount were provided, with the qualifying words, "to enable the Government to pay the amount which may be found due," this office would, as in other cases, be required to call for vouchers.

Systematizing the Estimates.

It is hoped that it may be possible, during the Parliamentary term on which we are about to enter, for members to systematize the Estimates; to determine the amount of detail that should be given in them, and apply the principle uniformly to the Departments; and to define each subhead of appropriation so that there may be no doubt as to the one against which each item of expenditure is to be charged. This would tend greatly to clearness in the accounts of the expenditure.

Railway Subsidies: Ten-mile Limit.

On page B—345, there is a correspondence on the paying of the ten-mile subsidy before the completion of the section, but after the track is in a state to permit the running of trains. It will be understood that enough of the subsidy has in all cases been retained to complete the section according to contract. I have felt justified in passing the application in such cases, because the uncompleted work on the section could only be done at increased cost, unless it were postponed until the rails were laid on a greater length. However, this is a point with which Parliament should deal, if any modification of the strict letter of the law, as it now exists, is to be made in the future.

Contingency Certificates.

There has been discussion in the Public Account Committee during the last two sessions, on the certificates on contingency vouchers. On page B—84 will be found certificates recommended by this office to the Treasury Board. No reply has been received from the Board.

Provincial Accounts.

It is to be hoped that the Accounts with the Provinces of Ontario and Quebec will be settled during the current fiscal year. Every year that settlement is delayed, memory is of less service.

J. L. McDOUGALL,

Auditor General.

TREASURY BOARD CORRESPONDENCE

1890-91.

Date of Closing Appropriation Accounts.

AUDIT OFFICE, OTTAWA, Oct 17, 1890.

SIR,—I am in receipt of the letter of the 13th inst. from you, as Deputy Minister of Finance, concerning the time of closing last year's accounts.

I think it well that there should be a date fixed, up to which transfer and adjusting entries may be made, after the time for making payments has elapsed, so that this office and the Departments may make calculations about their work.

Owing to the regulations under which accounts which matured before June 30 last were chargeable to appropriations of last year, if they were paid before Sept. 30, it has become impossible to close the accounts until after the receipt in this office of the September Departmental Statements of cheques drawn under credits. Many of the monthly statements of cheques drawn do not reach this office until the 10th of the following month, and some not even then.

Connected with the expenditure in the several Departments, even with the greatest vigilance, there are often slips and oversights which may be righted if time be given. Charges are made to one appropriation which examination shows should be made against another. Refunding of advances is neglected until the attention of the persons, in whose hands they are, is called to the matter. A charge which should be in the accounts of one year is entered in the accounts of the other.

It is manifestly desirable in the interest of the Departments that all these accidental errors should be removed, and it is natural that this office should desire to have its Report contain remarks on only such points as are worthy the consideration of Parliament.

I would suggest that the Board sanction the keeping open of the accounts of each fiscal year to Oct. 31 following, for the purpose of bringing refunds to account and making adjusting entries.

While on this subject I may draw the attention of the Board to the advisability of shortening the time during which payments of accounts which accrued in the previous year may be made. Fifteen years ago it was thought necessary to have until Sept. 30 for such payments. Since that time the C. P. R. and many other Railways have brought the most distant parts of the settled portion of the Dominion within the possibility of receiving a reply to a communication in less than a month. It appears to me that the three months might be reduced to two months, or less, without causing any inconvenience.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

Treasury Minute, Oct. 28, 1890.—On a memorandum from the Auditor General the Board sanctions the keeping open of the accounts of each fiscal year to the 31st of October following, for the purpose of bringing refunds to account and making adjusting entries, and generally closing the Appropriation Accounts.

J. M. COURTNEY, Sec.

Security to be given by Public Officers.

AUDIT OFFICE, OTTAWA, May 21, 1890.

DEAR SIR,—Let me call the attention of the Treasury Board to the Order in Council of Aug. 1869, concerning security to be given by public officers.

Several sections of this Order contain expressions which have since become obsolete, such as "accountable warrants;" and there are now some paymasters who have given no security.

Allow me to suggest that the Order in Council be re-enacted to accord with current systems of receipt and payment, and that lists be made of the classes of officers who do or do not come under it.

The most effective method of preventing wrong-doing would be to exact the security of a Guarantee Company, who are known to experience the minimum both of hesitation and of difficulty, in making collection after forfeiture.

I am, Sir, your obedient servant.

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

Position of Extra Clerks paid from Outside Votes.

AUDIT OFFICE, OTTAWA, June 3, 1890.

SIR,—Last year I understood that the Treasury Board had under consideration the question of over-ruling my decision that extra clerks who had not been paid from the Vote for Civil Government Contingencies were neither subject to the restrictions of the Civil Service Act nor entitled to any of the benefits of that Act. Would it not be well to inform the Departments that the question is under consideration, that those who may feel disposed to take the November qualifying examinations may make the required preparation?

I am, Sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

Form of Pay-list for Labour.

AUDIT OFFICE, OTTAWA, June 11, 1890.

DEAR SIR,—I enclose herewith a copy of the blank form on which the Department of Railways and Canals makes out the accounts for wages of temporary Laborers on the Canals. This form has been found convenient, in the exhibition of full details of the work actually performed by each Labourer.

Under Section 24 of the Audit Act, and subject to the approval of the Treasury Board, I beg to "prescribe for the guidance of other Departments," in making up similar pay-lists, a form containing (like the one enclosed) a separate column for each day of the month.

I am, Sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

Travel of Civil Government Officers.

AUDIT OFFICE, OTTAWA, Oct. 3, 1889.

DEAR SIR,—Let me acknowledge receipt to-day of your Application No. 131 to repay the Bank of Montreal \$94,041.49, for September expenditure on Railways and Canals.

The item of \$60 advanced to Mr. Bronskill for travel (cheque 104) is properly a charge against the Contingencies of the Department of State. Please arrange with the Accountant of Contingencies for a transfer of the sum, and ask that officer to audit Mr. Bronskill's account.

I am, Sir, your obedient servant,

The Secretary Railways and Canals.

J. L. McDOUGALL, A.G.

PRINTING AND STATIONERY DEPT., OTTAWA, April 5, 1890.

SIR,—I have the honour to inform you that the question of the proposed transfer of the charges for Mr. Bronskill's journey to Moncton, at the request of the Department of Railways and Canals, has been referred, by order of the Honorable the Secretary of State, to the Treasury Board for its consideration and decision.

I am, Sir, your obedient servant,

B. CHAMBERLIN, *Q.P. & C.S.*

The Auditor General.

Treasury Minute, May 23, 1890.—The Board had under consideration a reference from the Department of Printing and Stationery submitting a letter from the Auditor General objecting to the charging of the expenses of a journey to Moncton by Mr. Bronskill, Superintendent of Stationery, which was made in the interests of the Railway Department, against the Contingencies of the Department of Railways and Canals.

It appears from the explanations of the Queen's Printer that Mr. Bronskill was granted leave of absence to proceed to Moncton, with an official of the Department of Railways and Canals, to examine into the stationery supplies and accounts at the head office of the Intercolonial Railway, with a view, if possible, of effecting economy in its expenditure for stationery at that place.

Such leave was granted upon that understanding and upon the express promise that the cost would be defrayed by the Department to be benefited. The expenses of its own official and of Mr. Bronskill were accordingly paid as agreed by the Department of Railways and Canals.

The Auditor General holds that the travelling expenses of an officer of a Department should be charged to the Contingencies of that Department, no matter what is the nature of the business on which he travels.

The Board, after due consideration, decide that when an officer of one Department incurs expense for the benefit and at the request of another Department, such expense shall be borne by the Department in whose interest it is contracted.

J. M. COURTNEY, *Secy.*

AUDIT OFFICE, OTTAWA, July 3, 1890.

SIR,—I have the honour to enclose herewith a copy of a letter received from the Deputy Superintendent General of Indian Affairs in reply to my letters dated June 3 and 20 asking to have the amount of \$825.55, being for his travelling expenses in British Columbia in the summer of 1889, transferred from the vote for Indians of British Columbia to the vote for Civil Government Contingencies.

I herewith, under section 47 of the Audit Act respectfully ask the Board to determine the appropriation to which these expenses should be charged.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Treasury Board.

AUDIT OFFICE, OTTAWA, June 20, 1890.

SIR,—I beg to acknowledge receipt of your letter of the 11th instant with deposit receipt for \$60, being a refund on account of travelling expenses. You have not taken up however the fourth point in my letter of the 3rd inst., viz:—that these expenses should be charged to Civil Government Contingencies instead of to the vote for the Indians of British Columbia. Please make the requisite application for the transfer of the amount in question.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Supt. General Indian Affairs.

INDIAN AFFAIRS, OTTAWA, June 24, 1890.

SIR,—Referring to your letter of the 20th and your previous communication of the 3rd inst., stating that my travelling expenses to and from British Columbia in 1889-90 should be charged to Civil Government Contingencies, instead of to the vote for the Indians of British Columbia, and that application for a transfer of the amount should be made, I beg to state that the vote for Civil Government Contingencies was not calculated to bear these expenses, which have always hitherto been charged against the vote for general purposes for the Province or Territories in which the travelling took place; and in a previous correspondence which took place on the subject of the propriety of debiting the latter account with similar expenses, as I remember, you expressed an intention of submitting the question to the Honourable the Treasury Board for decision.

I beg to inform you that I am not aware of any decision thereon having been arrived at by the Treasury Board, and consequently no provision was made in the vote for Civil Government Contingencies for 1889-90, to meet such expenses; it being supposed that, until a decision to the contrary had been come to, the appropriation for general purposes for the province travelled in was to continue to bear the charges.

I am, Sir, your obedient servant,

The Auditor General.

L. VANKOUGHNET, *D.S.G.*

Treasury Minute, Oct. 22, 1890.—The Treasury Board had under consideration a communication from the Auditor General enclosing correspondence with the Department of Indian Affairs in reference to the transfer of the sum of \$825.55, said sum being the amount of travelling expenses of the Deputy Superintendent of Indian Affairs in British Columbia during the summer of 1889, from the vote for Indians of British Columbia to the vote for Civil Government Contingencies. The Auditor General, under the provisions of section 47 of the Audit Act, desires the Treasury Board to determine the appropriation to which these expenses should be charged.

The Board direct that the above amount, viz.:—\$825.55 be charged against the appropriation for Civil Government Contingencies.

The Auditor General.

J. M. COURTNEY, *Secretary.*

Payment of Money during Session without the Authority of Parliament.

AUDIT OFFICE, OTTAWA, May 21, 1890.

SIR,—I have the honour to enclose, under the provisions of sec. 31 of the Audit Act, for the information of the Hon. the Treasury Board, a copy of correspondence between the Department of Agriculture and this Office with reference to the payment for Seed Barley before there was legislative authority for the expenditure.

I am, Sir, your obedient servant.

The Secy., Treasury Board.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 11, 1890.

SIR,—I observe in the London return of cheques issued for the week ended March 26 that there is one for the sum of \$18,250 in favour of Jas. Carter & Co. for seed barley.

As there is no legislative authority for this expenditure, it becomes my duty under section 31 of the Audit Act, to report the case to the Treasury Board.

I am, Sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, *A.G.*

AGRICULTURE DEPT., OTTAWA, April 11, 1890.

SIR.—I have to acknowledge your letter of this day's date, on the subject of an item of \$18,250, which you notice in the London return of cheques, in favour of Messrs. James Carter & Co. for seed barley.

I have to explain that when it had been fully determined by the Government, on the recommendation of the Minister of Agriculture, to submit an item of \$25,000 to Parliament, to enable an importation to be made of two-rowed seed barley, for distribution among farmers by the Central Experimental Farm, it became, in the public interest, urgent (the conditions of the purchase in London being cash), to authorize the High Commissioner to issue a cheque for the amount stated. It was, therefore, decided to take the responsibility of such authorization, before the item above referred to, in the Supplementary Estimates, was actually passed, in order to enable the purchase to be made and the barley sent forward in time for this season's operations.

If such responsibility had not been taken, the barley could not have arrived in time to be of any use in Canada during this year. Therefore, in order to save the loss of a year and not to defeat the intention of the vote, the action, as above stated, was taken.

I may add that it is the intention to furnish the barley at actual cost to farmers who apply for it, and that as large an amount as \$8,000, at this date, has already been received and deposited to the credit of the Receiver-General on this account, while receipts from farmers are rapidly coming in at the rate of about \$250 per day.

I am, Sir, your obedient servant,

J. LOWE, *D.M.A.*

The Auditor General.

AUDIT OFFICE, OTTAWA, May 17, 1890.

SIR.—In reply to your letter of the 11th ultimo, regarding the cheque of \$18,250, drawn by the High Commissioner, on instructions from your Department, for the purchase of seed barley, I beg to point out that my duties are defined by the Audit Act. I am not given discretion to pass expenditure not authorized by Parliament, because the expenditure promises the advancement of the public interest.

If there is no appropriation for an expenditure, a Governor General's warrant may be obtained if Parliament is not in Session, and if there is sufficient urgency to justify the warrant; and a special Bill may be introduced if Parliament is in Session. There is no other means of which I am aware to justify expenditure under similar circumstances.

I may remind you that, during the Session of 1885, I was unable to pass applications for payments on account of the North-West rebellion until after the close of the Session, because there was no money available until the Supply Bill was passed. Sir S. L. Tilley, Mr. Blake and Mr. Bourinot agreed that nothing, even for that important purpose, could be paid legally until Parliament sanctioned the amount to be used.

I beg to draw you attention to the requirements of Section 31 of the Audit Act, and to state that I am reporting the matter to the Treasury Board as directed by that section.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Dy. Minister of Agriculture.

British Mail Clerks, Living and Mileage Allowance.

Treasury Minute, Nov. 22, 1890.—The Board had under consideration a communication from the Auditor General enclosing under the provisions of Sec. 31 of the Audit Act, for such action as the Treasury Board may deem proper, a copy of the

correspondence between the Post Office Department and the Auditor General with reference to the payment of living allowance and mileage allowance at the same time to the British mail clerks, A. Walmsley and D. Fairman.

The Board, after consideration, are of opinion and direct that the living allowance referred to should not be paid during the time that these clerks are receiving mileage allowance, but that it should be granted them only for such time as they are actually detained at Rimouski or Halifax awaiting the arrival of mails.

The Auditor General.

Change of System of Repaying Savings Bank Deposits.

AUDIT OFFICE, OTTAWA, Jan. 22, 1890.

SIR,—I enclose herewith a copy of my letter to you of June 20, 1888, on Savings Bank repayments.

As you are aware, my suggestions have not been dealt with by the Board. I wish that you would now bring the matter up.

It is my duty to represent to the Board that under the present system, an efficient examination in this office of the Post Office Savings Bank account cannot be made without a considerable addition to the staff, and that by the change proposed in my letter the labour of examination would be much lessened.

I am, Sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 20, 1888.

SIR.—I have the honour to draw your attention to the defects in the system of repaying deposits in the Post Office Savings Bank, and to suggest a method of getting rid of these defects.

You recollect that all the Money Order and Post Office Saving Bank revenues are put to the credit of Money Order revenue, and all repayments are charged to the same account: adjusting entries being made at the end of each month, to close the accounts of the month.

When application is made for the repayment of a Savings Bank deposit, the amount is not determined by the outlying postmaster with whom the deposit was made, or by the one through whom the application is made, but, as might reasonably be expected, by the Post Office Department.

The Post Office Inspector within whose district the applicant for repayment resides, is then instructed to send to the Postmaster through whom the application was made a cheque for the amount. The Postmaster gets this cheque cashed, if he has not enough of funds in his own post office collections to pay the withdrawal. If he has sufficient funds, he is to use them to pay the withdrawal, and the cheque is to be returned to the Inspector, by whom it is cancelled, and a reversal entry made in the Inspector's letter of Credit Book.

It will be noticed that the 350 Post Office Savings Bank agents are also Money Order agents, and that there are 1,100 Money Order agents who are not Savings Bank agents.

I suggest that the Saving Bank Agents, when making deposits, separate, by entries on the back of the deposit receipts, the Money Order from the Savings Bank deposits, as is done by the Customs and other Departments when a deposit belongs to more than one account. The persons who are only Money Order Agents will not require to make any change in their present practice. The Money Order and Savings Bank receipts will thus be returned in a way to enable the Finance Department and Audit Office to keep the accounts distinct.

With reference to Money Order repayments, I have no criticism to offer. It seems to me that it would be difficult to improve upon the existing system, although there are three channels through which repayments are made.

On the other hand, with regard to Savings Bank repayments, it is difficult to account for the continuance of such a complicated method when a manifest, simple means exists.

Take the matter at the point where the amount has been determined by the Post Office Department. Here let a cheque issue to the order of the man who is to receive the money. The cheque should be drawn on the Bank of Montreal, Ottawa, against a Letter of Credit in favour of the Post Office Department. This cheque might be sent to the Postmaster through whom the application for repayment was made. If the Postmaster happened to have Savings Bank, Money Order, or private funds to pay the cheque, he might cash it. In the first two cases, he could endorse the cheque, and sent it to the Bank for deposit on Receiver General's account; in the third case he could consult his own convenience. The cheque should never be cancelled except in case of error.

If my suggestions were carried out, the whole receipts would go at once to their proper accounts, and the Finance Department would know each day, or each week, through the usual repayment applications, the exact amount for which funds would be required in the Bank of Montreal. Then I would be in a position to audit the receipts and expenditure, which it is impossible for me to do now.

The objections against this system which have been urged in my hearing are:—

(1). That as many depositors desire secrecy, it would be improper to have recourse to a mode of repayment which might have the effect of making the transactions known.

(2). That this would not always be as ready a manner as the existing one, to enable the depositor to get cash.

(3). That there would be greater opportunity for irregularity on the part of the Savings Bank Postmasters in depositing their revenue.

With reference to (1), I would remind you that under the proposed change the cheques would be cashed by the Postmaster, if he has the money; and the depositor has his choice of persons to whom he may go for aid, failing the Postmaster.

(2). Departmental cheques go all over the Dominion, and to all classes. The difficulty of obtaining cash, where cash is desired, has scarcely ever been dwelt upon, and I am sure that it has not even been mentioned to me for several years. Moreover, the Government Savings Bank repayments are now made by cheque, without objection.

(3). It seems to me that, instead of loss being likely to occur in this way, greater security would be obtained by removing from the Postmaster the excuse which might under the present system be urged, that money was kept to meet expected payments.

I am, Sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

Rhodes, Curry & Co's. Contract for Station Buildings, Oxford and New Glasgow Ry.

AUDIT OFFICE, OTTAWA, Jan. 21, 1891.

DEAR SIR,—Let me acknowledge receipt of your application No. 325 for \$3,883.97 in favour of Rhodes, Curry & Co., on account of their contract for station buildings on the Oxford and New Glasgow Railway.

Their tender by items amounted to \$43,445, and 10 per cent. was to be thrown off if all the works were executed. The schedule, however, contains three pairs of items for tanks on masonry or on piles, of which only one of each pair was intended to be built. Subtracting \$5,220 for the three tanks on piles, the full schedule amounted to \$38,225; and 10 per cent. from this would leave \$34,402.50.

AUDITOR GENERAL'S REPORT, 1889-90.

A—11

It appears to me that this is the maximum payment possible on the tendered items. The list for items actually built, amounting to \$35,415 when completed, should, I think, be reduced to this figure: a difference of \$1,012.50.

Please let me have any further information on this subject at your early convenience.

I am, Sir, your obedient servant,

The Secretary Railways and Canals.

J. L. McDOUGALL, A.G.

JUSTICE DEPT., OTTAWA, Jan. 20., 1891.

SIR,—I have the honor to acknowledge the receipt of your letter of the 22nd November, enclosing a contract between the Government and Messrs. Rhodes, Curry & Co., in connection with certain work upon the Oxford and New Glasgow Railway.

I have now, by direction, to state as follows:—In consequence of the mistake on the part of probably both the contractors and those having charge of the drafting of the contract in permitting the ambiguity under the contract to which you refer, there may necessarily be some doubt as to the construction which a court would put upon the instrument as it at present stands.

I am, however, to call your attention to clause 23 of the contract: "Her Majesty covenants that the contractors will be paid for and in respect of the works hereby contracted for, and in the manner set out in the next clause thereof the several prices or sums following," namely,—(The schedule of prices. The price for which each specific work is to be done being set opposite in figures).

The column of prices is added and amounts to \$43,445, and the schedule closes as follows:—

For all the above works.....	\$43,445 00
Deduct 10 per cent.....	4,344 50
Net lump sum.....	<u>\$39,100 50</u>

It is, I think, upon the construction of the whole of this clause that the result depends. It will be observed that the contract is not to pay a lump sum for all the work, but to pay for each specific work a specific sum. The deduction of 10 per cent. would seem to be a deduction to be made only in the event of a contractor being required to perform all the works specified in the schedule. They have not been required to perform all of those works. The deduction of 10 per cent., I think, therefore, does not take effect, and in my view the conditions of the contract on the part of the Government will be fully complied with, if the contractors are paid for the works done at the prices specified. The result will be that the Government will not be able to have the advantage of the 10 per cent. deduction, while the contractors will not be able to be paid for the sums placed in the schedule opposite the works which were not executed.

I am, Sir, your obedient servant,

The Secretary Railways and Canals.

ROBERT SEDGEWICK, D.M.J.

AUDIT OFFICE, OTTAWA, Jan. 27, 1891.

SIR,—Since writing to you Jan. 21, I have received the copy of Mr. Sedgewick's letter, concerning the claim of Rhodes, Curry & Co.

After further reflection I am unable to certify any payment in excess of the following calculation:—

1st. Deduct the "tanks on piles" from the lump tender, since at no time could they have been considered otherwise than alternative with the "tanks on masonry." This reduces the \$39,100.50 to \$34,402.50.

2nd. On the \$2,810 for three pumps and a windmill not built, calculate the actual cost to the contractors themselves if these works had been built. Subtract this estimated cost from the \$34,402.50 and allow the remainder, making probably something between \$32,000 and \$33,000.

By this method the contractors receive their profits on the works expected but not ordered; and nothing for the three alternative tanks not expected.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary Railways and Canals.

Treasury Minute, Feb. 5, 1891.—The Board had under consideration a memorandum from the Right Honourable the Minister of Railways and Canals representing as follows:—

On the 13th of November, 1888, a contract was made with Messrs. Rhodes, Curry & Co., for certain works on the Oxford and New Glasgow Railway, respecting the erection of stations, freight house, engine houses, tanks and apparatus for water supply.

The tender sent in on the departmental printed form covered all the required works at the several points on the line mentioned in it, a price being given for each item separately. In the case of two items,—tanks and apparatus for raising the water to them,—the printed form called for two sets of prices, namely, (1) in the case of tanks for masonry and for pile foundations, respectively, and (2) in the case of the raising apparatus for wind mill with tower, and for steam pump with boiler, respectively; it not being decided which system would be adopted.

The aggregate of the several items of their tender, as added up by the contractors was \$43,455, and they stated in their tender, "should all the above works be awarded to them they agree to deduct 10 per cent. from the total amount—making net lump sum of \$39,100.50." This addition of items was purely gratuitous on the part of the contractors.

In adding up the items, however, they included their prices for both the two alternative schemes above mentioned, that is, for tanks with masonry and also with pile foundations, for wind mill pumps and for steam pumps, and the actual value of their contract is not \$43,445 but \$35,415, or with the 10 per cent. deduction, \$31,874.

It must be observed that there has been placed in the hands of the firm the whole of the works specified in the tender, except, of course, the alternative works above indicated, of which only one set of works in each case has been required or called for.

That the contractors have claimed that their offer to deduct 10 per cent. from their prices, if awarded all the works mentioned in their tender, is of no effect because of the exception above stated.

That the Department, in view of the wording of the specification which did not clearly show that the items in question represented alternative schemes, submitted the case for the opinion of the Department of Justice, and such opinion has been given to the effect that, according to the terms and conditions of the contract, the contractors should be paid at their contract prices, without the 10 per cent. deduction for the works executed by them: they not having had, strictly speaking, all the works mentioned in the tender.

That a certificate has been prepared by the Chief Engineer of Government Railways in accordance with the above opinion.

The Auditor General, however, declines to sanction the issue of a cheque in payment on this basis, holding that the 10 per cent. should be deducted.

The Board, after due consideration, direct that a cheque issue for the payment to Messrs. Rhodes, Curry & Co. of their contract prices, without the 10 per cent. deduction, for the works executed by them.

The Auditor General.

J. M. COURTNEY, Secy.

Power of Promotion in the Audit Office.

AUDIT OFFICE, OTTAWA, Jan. 14, 1891.

DEAR MR. FOSTER,—In July last you asked me to delay putting promotions to the vacant chief clerkships of this Office into effect until there might be an opportunity of laying before a full meeting of Council the opinion of the Deputy Minister of Justice on the right of the Auditor General to promote in the Audit Office. I have not been informed of the result.

May I make the following observations for the consideration of His Excellency in Council, and suggest the early disposal of the matter?

The Audit Office was inaugurated under 41 Vic., cap. 7; section 15, of that Act, following the English Act and giving the Auditor General the right to promote the clerks in the Office. (See the observations of Messrs. Cartwright, Tupper and Blake in the enclosed copy of the discussion in Committee of the Whole, as reported at page 1701 of that year's Hansard.)

The staff of the Office was brought under the Civil Service regulations by the Civil Service Act of 1882, the power to promote being continued to the Auditor General by that Act and by the Civil Service Act of 1885. (See the opinion of the Deputy Minister of Justice, approved by the Minister of Justice, and the observations of Sir H. L. Langevin, at page 1127 of the Hansard of 1882.)

The Commissioners, in reporting to Parliament their Consolidation of 41 Vic., cap. 7, gave no intimation in the analysis at the end of the chapter that any part of section 15 (the one which gave to the Auditor General the promoting power), was being left out of the Consolidation. In the body of the Act itself (section 24) they use words which indicate that the whole of Section 15 is being introduced, "part" referring, one would suppose, to 45 Vic., cap. 4, sec. 35. I mention this as an evidence that the Commissioners did not intend to recommend a material change in the law, a duty which besides they were not expected to undertake. Taking from the Auditor General the power to promote, if it was taken, was evidently then an inadvertence on the part of the Commissioners, the Government and Parliament, which justifies me in calling the attention of the Government to the circumstances, and in suggesting that the law be amended to make it clearly what it was in this respect before the revision.

The object in making the tenure of office of the Auditor General unusual among public servants was not to make one man comfortable, but to secure honest criticism in the Audit Office. A small portion of the Audit Office duties is performed by the Auditor General, the twenty assistants having to do the larger part. It is as necessary that their part of the work should be well done as that his should be. The Auditor General knows the nature and the quantity of the work done by each of the staff, and no other person does. He has appointed none of them, and has no personal interest in any of them. His official life would be unbearable if he allowed himself in making promotions to be moved by anything but the relative merits of the eligible persons.

The power to promote does not extend to giving high salaries to any number of those who are associated with the Auditor General in his daily work. It is confined to putting forward one man instead of another; the number in the different classes being fixed for the Audit Office, as for all other Departments, by the Governor in Council under Sec. 6 of the Civil Service Act, after the money has been voted by Parliament.

Yours respectfully,

The Hon. Minister of Finance.

J. L. McDougall, A.G.
AUDITOR GENERAL'S REPORT, 1889-90.

Deductions to correct previous Overpayments.

AUDIT OFFICE, OTTAWA, Dec 6, 1890.

SIR,—I have received both your letters and note their contents. Any modification of my request about having the overpayments for years previous to 1888-89 refunded must be made on the application of the Department. The subsequent charges have been already arranged for, by with-holding the money on account of your salary.

If I were to allow the overpayments to remain uncollected from you merely because this office had passed the applications covering them, as the Department also did, I do not see how I could possibly justify myself.

In the large expenditure made by the Government, all of which passes through this office, it would be out of the question to look for absolute accuracy in determining what should have been charged and what should not.

If I make the admission, as I shall be compelled to do, that I passed these payments in error, the Public Accounts Committee and Parliament will surely consider that such mistakes must be made not in this case alone but in other cases.

The only thing to do when one has made a mistake is to endeavor to get it rectified as promptly as possible.

I think I can make these remarks and yet sympathize with you under the circumstances.

I shall be glad to consult with the Department as to the means, if any can be taken, to justify the modifying of my request by giving time for repayment should the Department wish to consider the matter with me.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

This account has been examined under my directions and is correct.

J. L. McDOUGALL,
Auditor General.

Examined,
A. B. HUDSON.

Explanations by the Deputy Minister of Finance:—
a. Owing to the purchase of 3½ per cent. and 4 per cent. bonds the expenditure under this head was greater than was anticipated. b. Differences arose owing to the discount on the bonds bought and to the change in the period to which investments were made. c. \$73,000 New Brunswick 6 per cent. bonds payable in November, 1891, instead of June, 1890. d. Not estimated for.

This account has been examined under my directions and is correct.

J. L. McDOUGALL,
Auditor General.

Examined,
A. B. HUDSON.

Explanations by the Deputy Minister of Finance:—

a. Estimates as close as could be made. *b.* Reorganization of staff. *c.* Reduction in number of officers. *d.* Redemption of part of British Columbia 6 per cent. Loan. *e.* More stock bought than estimated for. *f.* Less stock bought than estimated. *g.* Overestimated. *h.* Underestimated. *i.* There is no data on which to make an estimate of the stamp duty on inscribed stock, and this formed about three-fifths of this expenditure.

* The expenditure for this service is included in the contingencies of the various departments, see details.

These accounts have been examined under my directions and are correct.

J. L. McDOUGALL,
Auditor General.

Examined,

J. B. SIMPSON (Salaries).
J. S. STEVENSON (Contingencies).

Explanations by Departments *re* Contingencies :—

a. Strict economy in service; expenditure for cables less than expected. *b.* Supplementary note (\$2,000) not all used, as expenditure of last half of year was less than for first half. *c.* About \$4,000 expended for extra help, not estimated for. Travel more than anticipated. Unexpected outlay for advertising. *d.* Expenditure normal, while estimate was made to cover any unforeseen necessities. *e.* Telegraphing and other services less than anticipated. *f.* Messenger estimated under salaries, paid from Contingencies. Cost of Herring Report charged to Contingencies—not estimated for.

* Covered by Governor General's warrant.

Explanations *re* Justice under Supply Bills:—

a. Expenditure depends on so many unpredictable possibilities that a closer estimate cannot be made.

b. Unusual number of reports issued. c. Printing catalogue and extra pay to messenger were unforeseen.

Explanations by the Accountant, Agriculture Department:—

a. Vote not sufficient for expenditure of service undertaken. b. Number of returns paid at a price fixed by Statute did not call for a larger expenditure. c. Stock purchased for which no provision was made in the estimates. A Governor General's Warrant obtained for \$9,118.36. d. Lesser number of societies asked aid under the definitions advertised. e. Service less than estimated. f. Outstanding claims settled on more advantageous terms than anticipated. g. Necessary service cost more than anticipated. h. Amount of claims not so much as anticipated. i. Sales of seed barley, amounting to \$13,054.24, were placed to the credit of the appropriation; and freight charges were lighter than expected. j. Salaries of messengers, caretaker, &c., charged in previous years to the "bulk vote," were, in the accounts of 1889-90, charged to contingencies, though not estimated for under that head. k. Vacancy not filled. l. Caused by additions to the service necessitated by amended regulations. m. Amount estimated to be necessary for contingencies not fully used. n. Caused by increased activity in the service in consequence of the presence of leprosy in the Island of Cape Breton. o. Requirements of the service necessitated the over-expenditure. p. Requirements less than estimated for. q. Expenditure cannot be accurately estimated. It depends on the number of patients for which the Department pays under the provisions of a general Order in Council.

These accounts have been examined under my directions and are correct.

Explanations by the Deputy Minister of Militia :—

a. Estimate was for 6 Deputy Adjutants-General; 5 only employed. Also, pay of the A. D. C. to the General Officer issued only up to January 31, 1890. *b.* (Three items treated as one by the Militia Dept.) Under-expenditure (on the total of the three) represented by claims not received in time to be included in year's accounts. *c.* Grant not sufficient to meet requirements of the services. *d.* Excess on two items together is owing to the number of men drilled being larger than anticipated. It is not possible to estimate the number of men who will be entitled to pay. *e.* Revenue from Royal Military College, \$21,115.48.

This account has been examined under my directions and is correct.

Explanations by the Chief Engineer of Government Railways:—

a. Arbitrators sat longer than was calculated for. b. Work not completed at close of the year. c. Claims not all settled. d. Work not proceeded with. e. Contractor refused to accept final certificate; land claimants refused to accept amounts awarded them. f. Contractor for cars had not delivered any of them at the end of the year. g. Work did not progress as rapidly as anticipated. h. Caused by judgments in Exchequer Court and attendant costs, together with the fact of \$60,000 of the appropriation of 1888-89 for St. Charles Branch having been unexpended in that year.

Note by Auditor General.—Mr. Gobeil states, in his letter on page B—394, concerning extra clerks at Ottawa, that “it has always been the practice to charge the pay lists of these officers, month about, to any of the various works upon which they were engaged, as warranted by the state of the appropriation balances.”

I am therefore obliged to exclude the extra clerks' wages from my certificate of examination and correctness, as not having been charged, item by item, to the different votes corresponding to their actual services.

J. L. McDOUGALL,
Auditor General.

Examined,
JOHN GRAHAM.

Note by Auditor General:—Mr. Gobeil states in his letter on page B—394, concerning extra clerks at Ottawa, that "it has always been the practice to charge the pay-lists of these offices, month about, to any of the various works upon which they were engaged, as warranted by the state of the appropriation balances."

I am, therefore, obliged to exclude the extra clerk's wages from my certificate of examination and corrections, as not having been charged, item by item, to the different votes corresponding to their actual services.

Explanations by the Deputy Supt.-Gen. of Indian Affairs :—

a. About as near as can be estimated. *b.* Very few Indians emigrated to Gibson during the year. *c.* Over-expenditure caused chiefly by large medical accounts, owing to the prevalence of "La Grippe" amongst the Indians. For the same reason larger supplies of clothing and provisions had to be purchased. *d.* About 300 miles of sub-division was done more than was anticipated. *e.* Over-expenditure in part due to there being \$3,000 more expended for medical attendance than was estimated, owing chiefly to the prevalence of "La Grippe." The balance of the over-expenditure, when sub-divided between the 22 agencies in Manitoba and the North-West Territories, is an over-expenditure of only about \$500 for each, which is about as close an estimate as can be made.

These accounts have been examined under my directions and are correct.

Explanations by Departments:—

- a.* Quantity of matter in the "Gazette" varies so much that it is impossible to make a closer estimate. *b.* Expenses in connection with sailing boat "Keewatin," and clerical assistance not estimated for. *c.* Fewer elections held than anticipated. *d.* Due to cost of printing. *f.* Estimate to a considerable extent an approximate one, expenditure being largely dependent on the exigencies of the service.

These accounts have been examined under my directions and are correct.

Explanations by the Commissioner of Customs :—

a. Local expenditure, being contingent upon conditions wholly beyond the control of the Department, and largely dependent upon the length of the season of open navigation and the inducements held out to importers by various competing freight routes, whereby trade may be diverted from one route to another, and must be met by Customs Officers whenever for the time being existing, thus necessitating unexpected changes in staff and in expenditure, and rendering the estimating of expenditure under the so-called sub-heads impossible beyond an approximation, though as a whole sufficiently exact. In looking over the items of the year in question I find nothing of an unusual nature, or that is not easily accounted for as above, the total expenditure of the year being within the appropriation. b. Service is subject to variations which cannot be foreseen; increase is general and caused by the necessity for the employment of special officers for special duty.

Explanations by the Commissioner of Inland Revenue:—

a. Item of \$2,000 for increases on result of promotion examinations not used,—vacancies filled at lower salaries. b. Estimate necessarily approximate. c. Increase due to opening of two new offices. d. Saving due to strict economy in administration of the service. e. Saving principally due to there having been no analyst for the London district during a considerable part of the year. f. Some of the claims for which the vote was taken were found untenable and others have not yet been substantiated.

Explanations by Interior Department:—

a. Grant exceeded owing to two items of salary which were estimated under contingencies. b. Over-estimated. c. Caused by advances of \$8,000 being made to surveyors out of appropriation for this year for work to be done in 1890-91.

EXECUTIVE REGULATIONS.

I have thought it advisable to collect for reference several Orders in Council and letters relating to economy in public expenditure, which are frequently quoted in the following pages.

J. L. McDOUGALL, A.G.

Powers of Attorney.

Rules prescribed by the Treasury Board, under sanction of the Governor General in Council, in reference to the mode of Acquittal of Warrants for the payment of money by the Government of Canada.

1. No officer of the Civil Service shall, under any circumstances, be permitted to act as attorney for the receipt of public moneys.
2. No power of attorney will be recognized, received or acted upon by the Receiver General which is not printed, and of the form to be obtained from the office of the Receiver General, under which only payment can be made, and such power will operate as to any sum of money due only by the Government at the date of the power of attorney.
3. No powers of attorney will be received by the Government for the payments of moneys on warrants which partake of the character of an assignment of the moneys to another party, or purport to be irrevocable, or are in "*any respects qualified.*"
4. General powers of attorney, authorizing the receipt of money due, or which may become due after its date, by which any chartered bank or agent of a chartered bank, or any private individual, is constituted the attorney, will be received and acted upon if printed and of the special form to be obtained from the office of the Receiver General; and in the event of the power being to the agent of a chartered bank, the bank must declare itself, by a proper instrument in writing, responsible for the acts of such agent, in respect to the receipts of moneys thereunder.

It is, however, optional with the party executing any power of attorney to a bank or agent of a bank, or any private individual, prior to the execution, to erase the words "or may hereafter become due."

5. All powers of attorney must be signed in the presence of a witness.
6. In case of the death of the person in whose behalf payment is claimed, the probate of will or other proof that the applicant is entitled to receive the money must be furnished on application for such payments.

Blank forms of powers of attorney may be obtained from the office of the Receiver General and at all the branches of the Bank of Montreal.

By order of the Board.

TREASURY, OTTAWA, February 1, 1870.

Duplicate Cheques.

Treasury Minute, June 18, 1888.—The Board had under consideration a communication from the Auditor General suggesting that uniform regulations be prescribed by the Board with reference to the requirements which are to warrant the duplication of lost cheques.

The Board, on the advice of the Department of Justice, direct that if a Government cheque, whether on Letter of Credit or Receiver General's account, does not reach the person in whose favour it is drawn, or is lost or destroyed by such person, the bank on which it is drawn be notified first by such person.

2. That a duplicate cheque be issued, on a bond of indemnity of the form annexed being furnished, securing the Government against loss; such bond to be examined by the Department of Justice after execution.

3. That a declaration showing whether the original cheque was endorsed or not, and how it was lost or destroyed, should accompany the bond, in case it is claimed that the cheque was lost or destroyed.

4. That each duplicate cheque should have the word "Duplicate" written in red ink across the face of it.

Accounts for Advertising.

Order in Council, December 17, 1875.—On a memorandum from the Hon. Mr. Mackenzie, on the subject of Departmental advertising, proposing a scheme for adoption as absolutely necessary to prevent the recurrence of abuses which seem inseparable from isolated action, and an inefficient audit by those Departmental officers who may not have the means of ascertaining facts necessary to an accurate correction of advertising accounts.

Mr. Mackenzie states that if this scheme is adopted, he recommends that the Secretary of State shall at once communicate to each Department information of the mode of proceeding for the future.

The Committee advise that the scheme and recommendation submitted be adopted.

W. A. HIMSWORTH, *C.P.C.*

Memorandum referred to above.—With a view to similarity of action by the various Departments in respect of orders and accounts for advertising, it is recommended that all such orders as are issued at the Seat of Government be given through the Queen's Printer, and that the Queen's Printer certify to the accounts before payment.

The copy to be sent to the Queen's Printer, accompanied by Ministerial directions, naming the papers in which the advertisement is to be published, specifying whether in the daily or weekly issue, and the number of insertions in each paper respectively.

On receipt of these instructions the Queen's Printer to procure the printing by the contractors of a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These to be forwarded by him to the publishers, accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for purposes of display; and accompanied also by an instruction to the publishers to render the accounts to him, with a copy of the order attached, and with marked copies of the papers in which advertisements are printed.

The Queen's Printer to ascertain the established tariffs for advertising of the several papers on the list; and on receipt of the accounts, certify to the same in accordance with these rates, and to transmit the accounts for payment to the Departments from which the orders issued, having first satisfied himself that publication has been had as directed.

Accounts for advertising required by the outside services to be also rendered with the orders, and marked copies of the publications, to the Queen's Printer, and

the advertisements to be by him measured, certified to, and transmitted for payment in accordance with the rules which obtain for advertisements issued at the Seat of Government.

The Queen's Printer to keep, with each paper, accounts of the advertisements directed to be published in it, under the different Departmental headings, so as at all times to show the state of each account.

A. MACKENZIE.

Order in Council, March 22, 1888.—On a report dated March 21, 1888, from the Secretary of State, submitting that the Act respecting the Department of Public Printing and Stationery prescribes that all charges for advertising in the *Canada Gazette* shall be paid in advance, and that the Queen's Printer reports that in some cases, after such payment, the parties advertising discontinue their notices before all the insertions asked for have been given, and apply for a refund of moneys paid for insertions ordered but not given.

The Minister recommends that the Queen's Printer be instructed that no such return of moneys can be made, as the Government is ready at all times to fulfil the contract entered into with the advertisers in the *Gazette*, and is in no wise responsible for their discontinuance. The Committee submit the above recommendation for your Excellency's approval.

Letter-of-Credit Cheques.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General with regard to the signing of letter-of-credit cheques, and submitting a list of the names of persons who sign such cheques for the different departments; and they recommend to Council:

(1.) That, for each department, substitutes be authorized by Order in Council to sign for those in whose favour the letter-of-credit is drawn, and that a copy of the Order in Council be sent to the Bank of Montreal, or other bank on which the credit may be drawn.

(2.) That the departments be instructed not to permit any person to sign except those authorized by Order in Council.

(3.) That no cheques be signed in blank, either in the inside or outside service.

(4.) That all cheques be drawn in the form: "Pay to the order of ———;" and not in either of the forms: "Pay to ——— or bearer," or "Pay to ——— or order."

(5.) That authority be given for the signing of letter-of-credit cheques in the different departments by the following substitutes: (List not printed).

Stationery Office.

Order in Council, June 26, 1889, as amended by O. C., July 11, 1889.—His Excellency in pursuance of the powers vested in him by the Revised Statutes, Chap. 27, Sec. 7, and by and with the advice of the Queen's Privy Council for Canada, is pleased to direct and order:—

1. In every Department the Deputy Head shall sign all requisitions in accordance with Sec. 7, Chap. 27, of the Revised Statutes, and a clerk, to be named by the Head of the Department shall, under the direction of the Deputy, have charge of all stationery and printing, and shall receive from the Government Stationery and Printing Offices all printing work and articles of stationery ordered and supplied, and grant receipts for the same, superintending also their distribution to the clerks or employees for whose use they have been ordered.

2. The Secretary of State is authorized to prepare a list of all articles to be kept in stock and furnished to the Departments upon ordinary requisitions, such list to be subject to the final revision and approval of the Governor in Council.

(*Note.*—This list was approved by O.C., Nov. 29, 1889.)

3. As soon as such list has been so settled and approved, and printed and distributed to the several Departments, all ordinary requisitions upon the Stationery Office shall be issued for those articles only that are therein enumerated.

4. No articles shall be added to such list thereafter except upon the report of the Secretary of State, approved by the Governor in Council.

5. No plain paper or envelopes, such as are used for ordinary correspondence, shall be asked for by any ordinary requisition or issued upon the same for private use of the employees in any Department, except in the case of Deputy Heads.

6. No paper or envelopes for correspondence bearing relief stamp, cameo, or embossed work or devices, either lithographed or engraved, shall be kept in stock or supplied, except for the use of Ministers or Deputy Ministers, the Governor General's Secretary, the Speakers and Members of the two Houses of Parliament, and the Judges of the Supreme and Exchequer Courts, the Clerk and Law Clerk of the Senate, the Clerk and Law Clerk of the House of Commons, and the Librarians of Parliament.

7. No pocket-knives or pocket-books shall be kept in stock or supplied to any Department except upon special requisitions, stating the names and employment of the persons for whose use they are to be procured.

8. No despatch-boxes or brief-bags shall be issued for the use of members of any Government Commission.

9. All requisitions issued under Rules 6 and 7, or for articles not on the general list (and, therefore, not procurable upon ordinary requisitions) shall be signed by the Deputy Minister and approved and initialed by the Minister of the Department, or the Clerk and Speaker of each House of Parliament.

10. A return of all articles furnished to each Department upon requisition, with the total cost of the supply to such Department, shall be made up by the Superintendent of Stationery each six months, as soon as possible after the 30th June and the 31st of December in each year, in order that it may be submitted to the Governor in Council by the Secretary of State.

11. All former Orders in Council in reference hereto are cancelled.

JOHN J. MCGEE, *C.P.C.*

Pamphlets and Books.

Order in Council, April 16, 1880.—The Committee of Council have had under consideration the subject of advertising in pamphlets, and the question of the subscription by Departments to books, and they recommend:—

(1.) That no advertisements be authorized in connection with the publication of any pamphlet or book whatever, save only that, where any department of the Government causes to be published a pamphlet or book, the Head of such department may cause to be inserted therein such advertisements connected with his own Department as he thinks expedient in the public service.

(2.) That as regards subscription to books, no Department be allowed to subscribe for or purchase any book whatever unless such book be deemed by the Head of the Department one which will be useful for reference in the administration of the Department, and that not more than four copies shall be taken in any such case.

The Committee further recommend that the foregoing Minute be published in the *Canada Gazette* for the information of the public.

Certified. J. O. COTÉ, *C.P.C.*

Order in Council, November 1, 1881.—Ordered that the Immigration Branch of the Department of Agriculture be excepted from the provisions of O. C, April 16, 1880, relative to the purchase of pamphlets, books or other publications, and that the same rule of exception be applied to advertisements.

J. O. COTÉ, *C.P.C.*

Order in Council, July 1, 1889.—The Committee, on the recommendation of the Secretary of State, advise that the Order in Council of April 16, 1880, be interpreted so as not to apply to, or to limit, the number for distribution among Departments of publications purchased by the Government for their use under authority of an Order in Council.

JOHN J. MCGEE, *C.P.C.*

Order in Council, December 22, 1888.—The Secretary of State desires to draw the attention of Council to the practice in the past, of the granting of authority by Council for the purchase of books for Library exchanges, and for distribution among the Departments, and he recommends that in the future no such authority be granted; but that all books for Library exchanges be procured under the authority of the Joint Library Committee of Parliament, and paid for out of the sums placed at its disposal, and that all purchases of books for the use of any Department of the Government be made on the authority of the Minister charged with its administration, as already provided by Order in Council, through a regular Stationery Office requisition, as required by the Act respecting Public Printing and Stationery. The Committee recommend that this Minute, if approved, be communicated to the Library Committee, and to each Department of the Public Service.

JOHN J. MCGEE, *C.P.C.*

Legal Services.

Order in Council, April 12, 1879.—On a report dated April 2, 1879, from the Hon. Minister of Justice, stating that it has been represented by the Auditor General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the Departments of the Government should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the Departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, that it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the Departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the Order be transmitted to each of the Departments of the Government.

Certified. W. A. HIMSWORTH, *C.P.C.*

Order in Council, Oct. 9, 1888.—On a memorandum dated 1st October, 1888, from the Minister of Justice, recommending that authority be given for the payment of the Official Reporters of the Debates of the House of Commons, and of other Reporters who may be designated as occasion may require by the Minister of Justice, to be employed to report Exchequer Court cases, or proceedings under Commissions of Inquiry, or upon arbitrations in which the Government is interested, or upon any other matter requiring a short-hand reporter, at the rate of fifteen cents per folio of one hundred words, the Reporter for such remuneration to supply to the Government four copies of the proceedings and evidence in each case.

The Minister further recommends that the sum of \$3.50 per diem over and above actual moving expenses be allowed to such Reporters on account of travelling expenses while so employed and when absent from their places of residence, the days of leaving and arriving to be counted as full days. Also, that the provisions of this Order shall relate back to the time from which the services of such reporters were first engaged in the capacity mentioned, viz., from November 1, 1887.

The Committee advise that the requisite authority be granted.

JOHN J. MCGEE, *C.P.C.*

Order in Council, July 3, 1890.—That the rate to be paid to Unofficial Reporters for reporting during the Sitting of Parliament, when the Official Staff is not available, be 25 cents per folio of 100 words, the Reporter for such remuneration to supply the Government with four copies of the proceedings and evidence in each case.

That the sum of \$3.00 per diem, in addition to actual moving expenses, be allowed to such Reporters on account of travelling expenses while so employed and when absent from their place of residence, the days of leaving and arriving to be counted as full days.

That the amount hereby fixed for remuneration shall apply to the accounts for reporting done by such Reporters during the last Session of Parliament.

That in all cases when a Reporter (not official) is duly in attendance for reporting for a day, and does not, or is not required to report to such an extent as to make the actual amount of his remuneration reach the amount of \$5 per day, he shall be entitled to receive \$5 a day for each day he has been required to attend and has been properly in attendance ready to work.

That it be declared that whenever hereafter any Reporter, whether official or otherwise, applies for and performs reporter's work during the Recess of Parliament, he shall be considered as having been employed under, and shall be paid according to, the rates fixed by the Order in Council above referred to, of October 9, 1888.

JOHN J. MCGEE, *C.P.C.*

Gratuities.

Order in Council, Feb. 1, 1868.—As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list, a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the date of his decease.

Order in Council, Dec. 26, 1887.—The Board having had under consideration the matter of the payment of gratuities to the widows or other representatives of

officials of the Government not on the permanent list, are of opinion, and recommend to Council, that the terms of the Order in Council of Feb. 1, 1868, be adhered to.

The Board are further of opinion that should Council, in special cases, deem it necessary that the provisions of the above mentioned Order in Council be extended to include payment of gratuities to the widows or other representatives of officials not on the permanent list, the consent of Parliament should be asked for the payment thereof.

JOHN J. MCGEE, *C.P.C.*

Salaries.

Order in Council, Feb. 9, 1875.—On a memorandum dated Feb. 9, 1875, from the Hon. the Minister of Finance, reporting that there appears to be a want of uniformity in the manner of paying the salaries of deceased officers—that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He, therefore, recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval.

Order in Council, July 29, 1871.—On a report, dated July 29, 1871, from the Minister of Finance, stating that considerable inconvenience has arisen from Orders in Council making promotions and other changes in the Civil Service, and granting superannuation allowances, not naming the time from which they shall count, and that it is desirable that, excepting for special reasons, such changes shall always count from the first day of some month, and recommending that it be established as a general rule that unless some other date is specially named in the Order in Council, all such changes shall be held to count from the first day of the month next succeeding the date of the said Order. The Committee submit the above recommendation for Your Excellency's approval.

Order in Council, June 29, 1889.—That hereafter officers shall be eligible to receive their statutory increase upon the first day of the official quarter following the expiration of one year from the day on which they reported for service, regardless of the date of appointment; provided always that the time is not computed from a date prior to the Order in Council making the appointment.

JOHN J. MCGEE, *C.P.C.*

Order in Council, Jan. 13, 1887.—The Committee of the Privy Council have had a memorial from the members of the Civil Service laid before them by the Right Honourable the Prime Minister, praying for relief of their financial embarrassment in reclaiming the advance of salary.

The Committee recommend, with a view to relieving the financial embarrassment, that the pay-list for each month be authorized on the 15th day of the month, provided that when the day for passing any pay-list under the provisions hereof shall be a Sunday, or a bank or departmental holiday, the pay-list be issued on the previous day. The salaries of the Ministers to be paid at the end of each month.

JOHN J. MCGEE, *C.P.C.*

Order in Council, March 22, 1887.—The Committee, on the recommendation of the President of the Privy Council, advise that the Order in Council of the 13th January last, authorizing the issue of the pay lists on the 15th day of each month, be amended so as to include the temporary clerks of the inside service who are continuously employed.

JOHN J. MCGEE, *C.P.C.*

AUDIT OFFICE, April 1, 1887.

SIR,—Please define the meaning which is to be attached to the word “continuous” in the O.C. of March 22, with reference to the time of paying certain extra clerks.

Yours truly,

The Clerk of the Council.

J. L. McDOUGALL, *A.G.*

PRIVY COUNCIL, April 2, 1887.

SIR,—In answer to yours of the 1st inst., respecting the O.C. of March 22, authorizing payment on the 15th of each month to temporary clerks who are continuously employed, I have the honour to state that it is only applicable to those employed by Order in Council.

Yours truly,

The Auditor General.

JOHN J. MCGEE, *C.P.C.*

Order in Council, Feb. 18, 1889.—That the payment of salaries of temporary employees in the several departments who are not employed under the authority of an Order in Council, be made on the following days: Feb. 18, Mar. 21, April 24, May 27 and June 28, 1889; and thereafter on the last day of the month.

JOHN J. MCGEE, *C.P.C.*

Order in Council, November 14, 1885.—The attention of the Board was called by the Deputy Minister of Finance to the statements of the balances of the several Government accounts with the Bank of Montreal, on the 31st October, 1885, by which it appeared that some of the Departments had issued pay-cheques in advance of the due date.

The Board recommend that the attention of the several Departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

JOHN J. MCGEE, *C.P.C.*

Order in Council, March 5, 1888.—The Treasury Board have had their attention called to the fact that the terms of the Order in Council of Jan. 13, 1887, governing the issue of the Civil Service monthly pay-cheques have not been strictly adhered to, and that cheques are sometimes issued in advance of the days authorized by the said Order for the issue of the pay-lists. The Board recommend to Council that the several Departments be notified that in future the monthly pay-cheques must not be

issued in advance of the days authorized by the said Order for the issue of the pay-lists, and that the provisions of the said Order must be strictly adhered to.

JOHN J. MCGEE, *C.P.C.*

Order in Council, July 1, 1886.—The Board had under consideration the matter of payments for extra services, under various headings, paid to permanent officers of the Public Departments, as shown in the statements submitted to Parliament in the Report of the Auditor General.

Taking these statements into consideration, the Board are of opinion, and recommend to Council, that, with the following exception, from and after the 1st July, 1886, no payment be made for any extra service of any kind whatever.

The exception referred to in the above, is the amount yearly allowed by Parliament for the computation of interest and balancing the accounts of the depositors in the several Post Office and Government Savings Banks, which has to be performed immediately after the close of the fiscal year, whereby no inconvenience should arise to depositors, and it may be added that an analogous vote for the same service is granted by the English House of Commons.

JOHN J. MCGEE, *C.P.C.*

Order in Council, October 16, 1886.—That the Order in Council of July 1, 1886, founded on a Minute of the Board dated June 24, 1886, providing that no payment be made for any Extra Service of any kind whatever, be amended by excluding from the operation thereof "payments for services performed by persons in the Customs and Fisheries Departments in connection with the distribution of the Fishing Bounty, and collection of statistics," for which a vote of Parliament is taken.

JOHN J. MCGEE, *C.P.C.*

Civil Service Act of 1888, 51 Vic., cap. 12, sec. 12.—Sub-sections 1 and 2 of section 51, of the Civil Service Act (R.S.C., cap. 17), are hereby repealed, and the following substituted therefor:—

"51. No extra salary or additional remuneration of any kind whatsoever shall be paid to any Deputy Head, officer or employe in the Civil Service of Canada, or to any other person permanently employed in the public service."

Superannuation.

Order in Council, Jan. 7, 1884.—The Board had under consideration the fact that several recommendations to place temporary officers on the permanent list have been referred to them for report.

The Board, in compliance with the law, have recommended favourably on the cases submitted to them, but at the same time the Board have to direct the notice of Council to the fact that placing these officers on the permanent list has the effect of bringing them under the operation of the Superannuation Act, and that hitherto no provision has been made for payment of abatements on the pay of these officers while temporarily employed, although their temporary service counts on retirement.

The Board now recommend to Council that from and after the 1st inst. it shall be optional with temporary officers, on receiving permanent appointments, to place themselves, as far as regards their temporary services, under the operations of the Superannuation Act; but that in the cases where officers desire to avail themselves

of this privilege, the Board are of opinion that abatements should be paid on their past temporary salaries since the Superannuation Act came into force, when the officers have served for so long back; otherwise, from the commencement of their temporary services.

The Board further recommend that, as the immediate payment of abatements on past salaries would, in many cases, involve considerable hardship, a period of six months be allowed for paying the same, the deduction to be made in six equal parts, to be taken from each monthly pay for the first six months of the permanent appointments.

Order in Council, May 3, 1886.—That the 34th paragraph of the Treasury Minute of the 11th November, 1870, which paragraph is as follows:—“(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall only count on the salary on which he has paid abatement;”—be repealed, except in the case of those who now pay superannuation abatement on such allowance or perquisite in addition to the abatement from their salaries.

TREASURY BOARD, OTTAWA, Dec. 7, 1883.

SIR,—I am directed by the Treasury Board to call your attention to your letter of October 9, 1882, on the subject of the reconsideration of cases of superannuations of Public Servants, as published in the Book of the Rules of the Civil Service, page 52, and to state that many references are now made to the Board from the several Departments recommending the postponement of the dates of superannuations as established by Council on the report of the Treasury Board, and to ask whether, under any circumstances; superannuations, once established by Council may be reopened—always presuming that no clerical errors have been made.

Your obedient servant,

J. M. COURTNEY, *Sec. Treasury Board.*

The Deputy Minister of Justice.

DEPT. OF JUSTICE. OTTAWA, Dec. 12, 1883.

SIR,—I have the honour to acknowledge your letter of the 7th, asking whether, under any circumstances, superannuation once established by Council may be reopened—always presuming that no clerical error has been made.

The Superannuation Act provides that under the circumstances mentioned therein the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the latter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or misnomer, or wrong description of a material fact. (*See 38 Vic., Cap. 13.*) As the grant in the case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the

same rule, and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (38 *Vic.*, *Cap.* 13).

Your obedient servant,

GEO. W. BURBIDGE, *D.M.J.*

The Secretary, Treasury Board.

Special Qualifications.

TREASURY BOARD, OTTAWA, Nov. 13, 1883.

SIR,—I have been directed by the Hon. the Treasury Board to call your attention to the 5th sub-section of section 7 of 46 Victoria, chap. 7 (C.S. Act), wherein it is stated that "In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the Deputy Head, concurred in by the Head of the Department, that it is not necessary;" and in connection therewith I have to call your attention to the *Hansard* of last Session, page 1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the Service in the practice of their professions, and therefore an examination would not be required, as they had already passed technical examinations before their admission into the ranks of their professions.

I have now to ask whether, in case any of these professional gentlemen are employed in a Department where their professional attainments are not required, as, for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waived?

Your obedient servant,

J. M. COURTNEY, *Sec. Treasury Board.*

The Deputy Minister of Justice.

DEPT. OF JUSTICE, OTTAWA, Nov. 15, 1883.

SIR,—I have the honour to acknowledge the receipt of your communication of the 13th instant, in which you call attention to sub-section 5 of section 7 of 46 Victoria, chapter 7, wherein it is stated that, "In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with, on a report from the Deputy Head, concurred in by the Head of the Department, that it is not necessary."

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a Department where their professional attainments are not required, as, for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with.

I am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Your obedient servant,

GEO. W. BURBIDGE, *D.M.J.*

The Deputy Minister of Finance.

Travelling Expenses.

Order in Council, Sept. 8, 1871.—The Committee of Council have had under consideration an extract from the minutes of a meeting of the Treasury Board held Sept. 7, recommending that the following rules be adopted for the payment of removal allowances to Government employees, and they respectfully advise that the recommendations therein submitted be approved and adopted:—

“*Removal Allowances.*—No removal allowance can be granted except on report of the Treasury Board. No removal allowance is to be granted if the salary is increased, except in special cases, and on a report of the Head of the Department. A removal allowance is not to exceed the actual cost on account rendered.”

Order in Council, Nov. 29, 1882 (as amended by O. C. June 28, 1886).—Ordered, that the Order in Council of May 6, 1876, governing travelling expenses, be modified, and that from July 1, 1882, with the exception of the Major General commanding the Militia, and the judges who are otherwise provided for, there be paid to all officers travelling on public service in the Dominion, except in those parts hereafter specified, over and above the actual moving expenses, a uniform rate of \$3.50 per diem—the days of leaving and arriving to be counted as full days—and to those officers who may be called upon to travel in British Columbia, or out of Canada, the rate of \$5 per diem.

Certified. JOHN J. MCGEE, *C.P.C.*

NOTE.—The Lieutenant Governor of the N.W.T. is allowed \$5 a day by O.C. Jan. 12, 1888; and the Registrar of the Exchequer Court \$4.50 a day, by O. C. July 5, 1888.

Order in Council, Nov. 10, 1886.—The Board having had their attention called by the Auditor General to the subject of the payment of expenses incurred by officers in the employ of the Government while travelling on Government business, and also advances made to such officers on account of such expenses, after full consideration of the subject, recommend to Council as follows:—

1. The per diem allowance for maintenance shall not hereafter be paid to such officers for days spent on board steamers or steamships or other modes of conveyance, if the passage money includes meals and all other accommodation.

2. All advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip, and the officer shall render to the Auditor General a detailed statement of such travelling expenses.

JOHN J. MCGEE, *C.P.C.*

Order in Council, Dec. 17, 1889.—The Board, having had their attention called by the Auditor-General to the subject of the payment of expenses incurred by officers in the employ of the Government, while travelling on Government business, recommend to Council that a certificate be attached to accounts for travelling expenses as follows:—“The whole of the expenditure was incurred on Government business;” said certificate to be signed by the officer who has incurred the expense.

Insurance.

Order in Council, July 5, 1881.—The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, the general question of insurance against fire of Government property; and they are of opinion and humbly advise Your Excellency, that in view of the large amount, varied character and widely separated position of the property in the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every Department of the Government.

“ Copying.”

Order in Council, April 1, 1886.—That the rate to be paid for all copying done for the several Departments of the Government and in the preparation of returns for the Senate and House of Commons, be fixed at five cents (5c.) per folio of 100 words, to commence on the 1st April instant.

Appropriation Balances.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General respecting the interpretation of section 37 of the Audit Act, which provides for the extension of time for closing the Appropriation Accounts.

The Auditor General states that he understands the section to mean: “That an Appropriation Account can be kept open for any time fixed by Council, up to three months, for the purpose of charging against a vote all services or supplies for which the vote was taken, that is, those rendered before June 30.”

As the present practice of bringing down the balances of appropriations for three months, and thereby lengthening the financial year to fifteen months, has been productive of delay in the preparation of the accounts for Parliament, and with the view of definitely deciding what course should be followed, the matter was referred to the Department of Justice for opinion.

The Deputy Minister of Justice reports: “The question is, whether, upon an Order in Council having been passed as specified in the section, a Department may make additional expenditure and incur increased liabilities upon the strength of the original estimate; or whether the extension referred to in the section is only for the purpose of enabling a Department to pay after June 30 liabilities that have been incurred previously to that date. It would appear that the latter interpretation is the correct one. The section, without the proviso, categorically provides that any balance unexpended on June 30 shall lapse and be written off. The proviso does not either expressly or by implication give a Department power to make a new expenditure, and if that power is not contained in the proviso it is nowhere: it does not exist. The only meaning to be drawn from the proviso is that the extension is made for the purpose of paying after June 30, out of the original appropriation, such accounts as had at that date been incurred.”

The Board, after careful consideration of the matter, recommend to Council that for the current fiscal year the present practice be retained, so that no inconvenience may be experienced by the Departments, the Auditor General having intimated

that he is willing that for the present year such course be adopted; but as the law is clearly in accordance with the contention of the Auditor General, the Board are of opinion that under existing circumstances the practice now followed cannot be continued.

Contracts.

Order in Council, May 23, 1880.—On a joint memorandum dated 20 March, 1880, from the Honourable the Minister of Public Works and the Minister of Railways and Canals, recommending that hereafter all public works involving an expenditure of over \$5,000 shall be let by public tender and contract, unless owing to urgency or other cause it be deemed advisable to take different action, and that in all such cases authority be obtained by an Order in Council. That with all tenders submitted, a money guarantee, or approved accepted cheque shall be given, to be open to forfeiture in the event of the tenderer failing to make the necessary five per cent. deposit, hereinafter referred to, within eight days after receiving notice of the acceptance of the tender, or of his declining to enter into contract when requested, the amount of such guarantee to be fixed at a sum not less than \$1,000, nor more than \$5,000. That upon acceptance of a tender, and notification by the Department concerned, the intending contractor shall, within eight days, deposit with the Government a sum of money equal to five per cent. of the amount of his contract. That in all cases where tenders have been called for, the lowest received shall be accepted, unless good and sufficient reasons appear for passing over such tender. The Committee submit the above recommendations for Your Excellency's approval.

(Circular.)

FINANCE DEPARTMENT, OTTAWA, July 4, 1888.

SIR,—I have the honour to enclose herewith a copy of an Order in Council, passed on the 16th June, 1888, respecting the mode of treatment of securities deposited by public contractors, from which you will observe that hereafter the proceeds of all cheques and all deposits on account of contractors' securities are to be deposited in the Government Savings Bank.

I have the honour, therefore, to request that you will be good enough, immediately a contract is entered into, to send me all the securities for the performance thereof, in order that I may deposit the proceeds of the said securities in the manner prescribed by the Order in Council above referred to.

Yours truly,

J. M. COURTNEY, *D.M.F.*

Order in Council, June 16, 1888.—The Board submit for the favourable consideration of Council the annexed memorandum from the Deputy Minister of Finance respecting the mode of treatment of securities deposited by public contractors, to the effect that the proceeds of all cheques and all deposits on account of contractors' securities be deposited in the Government Savings Bank.

Small Balances Due to Estates.

AUDIT OFFICE, June 12, 1888.

SIR,—It frequently happens that there is a small sum due to the estate of a deceased person who has left no will, generally for superannuation or salary, when the whole assets of the estate are so small that the cost of obtaining letters of administration would be a large part of them.

I suppose that in strictness the amounts due by the Government cannot be legally paid to any one but the administrator of the estate. However, the amounts are frequently paid, either on receiving a renunciation from all the other known heirs in favour of one, or on a bond approved by the Department of Justice, indemnifying against loss, should a person who has obtained the legal right to claim the payment make a demand for it.

I would suggest that payment, under the circumstances above set forth, should be made to a person who is not legally empowered to demand it, only when the assets of the estate are under one hundred dollars, and after the execution of a bond as above described, approved by the Department of Justice, with any additional safeguards which, in the opinion of the Department of Justice, the special circumstances of the case call for.

Yours truly,

J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

TREASURY BOARD, JUNE 19, 1888.

SIR,—With reference to your letter of the 12th instant, respecting the payment of small sums to the estate of persons who have died intestate, and the whole assets of whose estate are so small that the cost of obtaining letters of administration would swallow up the greater portion of them, I have the honour to state that the Treasury Board have considered the matter, and they direct that each case be referred to them for decision as to the action to be taken.

Yours truly,

J. M. COURTNEY, *Sec. T. B.*

The Auditor General.

Franking Privilege at Ottawa.

Order in Council, Oct. 10, 1870.—That with a view of introducing uniformity of practice in franking letters, and of preventing any improper use of the privilege, the following be adopted:—

Letters may be franked in writing or by a stamp. If by a stamp, it should be kept in possession of and only used by the deputy head, or by a confidential officer intrusted with it.

A printed frank on an envelope can only be used where the direction itself is also printed.

A stamp should be a *fac-simile* of the signature of the franking officer.

The right of franking should be confined to the deputy head of the department, besides the political head.

All letters should be initialed by the sender. No franking of blank envelopes.

All letters received should pass through the hands of the deputy head, or the person he may intrust with the duty.

A pass-book with each department should be kept by the post office, in which postage charged on unofficial letters received, and prepaid on foreign letters sent, shall be entered.

Certified extract.

DETAILS OF EXPENDITURE.

B—15

Order in Council, Oct. 26, 1875.—1st. That in view of the difficulties which arise in exacting from the general public conformity to particular forms of official address upon letters intended for the public departments, and of the inconvenience to the public service which might ensue if any want of such conformity were suffered to remain a reason for not forwarding directly to destination any part of said correspondence, postmasters in Canada be directed to forward to Ottawa, free of Canada postage, as correspondence intended for the public departments, all mail matter addressed to the respective Ministers and deputy heads, as well as all mail matter on which the name or designation of one of the said departments, or of its branches at Ottawa, forms part of the address.

2nd. The mail matter sent from the several public departments in Ottawa shall be sent under the regulations approved by the Order in Council of Oct. 10, 1870.

Certificates on Vouchers.

Revised Statutes of Canada, Cap. 29, Sec. 33—No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.

Note.—The proper officers to make these certificates are those who have personal knowledge of the facts, in each case.—J. L. McD.

AUDIT OFFICE OTTAWA, May 21, 1890.

DEAR SIR,—You will recollect that members of the Public Accounts Committee drew attention during the last and the previous sessions to the inappropriateness of the certificates made by the Departments in connection with the Civil Government contingency expenditure. I have gone over the leading kinds of expenditure made from the contingency appropriation and have made out a form of certificate for each kind. These forms are enclosed, as they may be of some assistance to the Board in determining the proper certificate for each class. I would suggest that a copy of the newspaper, so as to show the advertised rates, be ordered to be sent to the Accountant of Contingencies with each account for subscription.

I am, Sir, your obedient servant,

The Secy., Treasury Board.

J. L. McDOUGALL, A.G.

Certificate Objected to by the Public Accounts Committee.

All Contingencies.—"I hereby certify that each item of this account has been incurred upon the requisite authority, and that the expenditure was necessary for the public service. I further certify that the articles and services charged for have been received and performed, and that the prices charged are in my opinion severally fair and just." (Deputy Minister).

Certificates Suggested by Auditor General.

Travelling Expenses.—"I hereby certify that the whole of this expenditure was incurred on public business, and that each item of disbursement is correctly given." (To be signed by the person who incurs the expense). "I certify that this expenditure was necessary for the public service, and I hereby authorize it." (Deputy Minister).

Newspapers.—"I hereby certify that each item of this account has been incurred upon the requisite authority, and that the expenditure was necessary for the public service. I further certify that the newspaper charged for is received, and that the price charged is the advertised rate for payment in advance." (Deputy Minister).

Extra Clerks and Messengers.—"I certify that the applicant has been in attendance at this Department every day, except Sundays and statutory holidays, since the last payment, and that this expenditure was necessary for the public service." (Deputy Minister). Add certificate for special qualifications when required.

Postage.—"I hereby certify that each item of this account has been incurred upon the requisite authority." (Deputy Minister).

Telegrams and Express.—"I hereby certify that each item of this account has been incurred upon the requisite authority, that the expenditure was necessary for the public service, that the details are correctly given, and that the prices are according to the tariff." (Deputy Minister).

Petty Cash and Goods.—"I hereby certify that each item of this account has been incurred upon the requisite authority, and that the expenditure was necessary for the public service. I further certify that the articles charged have been received, that the services have been performed, and that the prices charged are, in my opinion, fair and just." (Deputy Minister).

AUDIT OFFICE, OTTAWA, April 9, 1890.

SIR,—Let me call your attention to the following observations on the vouchers in support of charges against the contingent expenditure of the Departments for the three months ended 30th September, 1889 :

In W. J. Gerald's account for travelling expenses the following items for railway fares appear :—

July 8—Fare Ottawa to Prescott.....	\$2 10
do 10— do Prescott to Ottawa.....	2 10
do 15— do Ottawa to Toronto.....	7 80

I am, Sir, your obedient servant,

The Accountant of Contingencies.

J. L. McDOUGALL, A.G.

INLAND REVENUE DEPT., OTTAWA, April 21, 1890.

SIR,—In replying to your inquiry why I do not purchase return tickets when travelling, I would state that the nature of my duties is such that I am not always in a position, when starting on an official investigation, to determine what points I may be called upon to visit, or by what route it may be most convenient for me to return to Ottawa. Another reason is, that return tickets do not permit me to stop off at intermediate stations.

I am, Sir, your obedient servant,

The Accountant of Contingencies.

W. J. GERALD, *Asst. Comr.*

AGRICULTURE DEPT., OTTAWA, April 11, 1890.

In reply to question, "Why did Mr. Jarvis not procure return tickets when travelling?" I beg to say, that not knowing by what road the Minister may return, I have always deemed it wiser not to do so, but simply to procure a ticket from one station to another, as required.—A. L. JARVIS.

PUBLIC WORKS DEPT., OTTAWA, May 8, 1890.

DEAR SIR,—*Re* accounts for travelling expenses in July, August and September, 1889, I may say that I do not procure return tickets when travelling, for the reason that my movements are dependent upon those of the Minister.

Yours very truly,

The Accountant of Contingencies.

ELZEBERT F. E. ROY, *Priv. Secy.*

AUDIT OFFICE, OTTAWA, May 19, 1890.

SIR,—Let me call your attention to the following observations on the petty cash expenditure of the Departments for the six months ended March 31st:—

Privy Council Office.

October 22.—J. B. Samson, to carry the writ for the County of Richelieu to Sorel, three days at \$2, \$6. This kind of expenditure is not authorized by the Contingencies Act.

During the six months the sum of \$31.50 was expended on street car tickets, for which no vouchers are furnished. It would be well if the street railway's receipt for payment of tickets supplied were furnished as a voucher in future, as is the custom of other Departments.

President's cab-hire:—One voucher reads as follows: "Feby. 6, 1890. This is to indemnify R. W. Baldwin \$16 for cab tickets required for the President. (Sgd.) J. J. McGee." Please furnish the tickets in support of this voucher.

Kavanagh Bros., goods for lunches, \$44.45. Please furnish a certificate that these goods were for the use of the Privy Council.

Miscellaneous.

I observe the following payments to telegraph messengers as gratuities: Interior Department, \$5.75; Inland Revenue Department, \$2.25; Railways and Canals Department, \$5.

If you do not agree with the view of this office that these payments are illegal, you should have obtained a ruling of the Treasury Board on the subject. I shall refer the matter to the Board.

I am, Sir, your obedient servant,

The Accountant of Contingencies.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 19, 1890.

SIR,—Let me call your attention to the following remarks on items contained in your contingent expenditure for the three months ended December 31, 1889.

Cheques 1575 for \$67.50, 1883 for \$58.50 and 2195 for \$65.00, are in favour of R. W. Baldwin, to pay "Mrs. Patterson and two other charwomen" for October, November and December. The receipts of the charwomen should be supplied.

Cheque 1656 is for \$53.75, in favour of W. D. Le Sueur, secretary, Post Office Department, being balance of his travelling expenses to Victoria B.C. Items and dates should be given for all fares, cab-hire, and sleeping-car charges, and the days for which living allowance is charged should be specified.

The payment of \$50 to the Ottawa "Citizen" for advertising "Sale of Statutes" in the Christmas "Citizen" is contrary to the Order in Council of April 16, 1888, referring to advertising in pamphlets. This objection also applies to cheque 2258 charged to Customs Contingencies.

Cheque 1913 is in favour of Mr. R. W. Baldwin, of the Privy Council Office, for \$30 for "confidential and special work." This payment is illegal and should be refunded, inasmuch as Mr. Baldwin is a Civil Servant.—See section 51, sub-section 1, Civil Service Act.

I am, Sir, your obedient servant,

The Accountant of Contingencies.

J. L. McDOUGALL, A.G.

POST OFFICE DEPT., OTTAWA, May 31, 1890.

SIR,—I have the honour to acknowledge your letter of the 23rd inst., calling my attention to an extract from a letter addressed to you by the Auditor General, in which, in reference to my account for balance of my travelling expenses to Victoria, B.C., it is stated that the items and dates should be given for all fares, cab-hire and sleeping-car charges, and that the days for which living allowance is claimed should be specified.

In reply I beg to say that when I sent in my account for travelling expenses I was not aware that it was necessary to specify each item of expenditure for fares, cab hire and sleeping car charges; otherwise I could have done it without difficulty.

At this date I cannot recall the separate items and have not preserved any record of them. I may state, however, for the satisfaction of the Auditor General, that my trip covered cab-hire expenses in connection with one visit to Winnipeg, one to Calgary, three (at different dates) to Vancouver and two to Victoria, to which have to be added expenses of departure from and arrival at Ottawa, my residence being at the time two miles out of the city.

There were no charges for railway fares (proper) in my account, except for travel over the Northern Pacific line from Tacoma to Portland, Oregon. On the Canadian Pacific Railway I made use of an official pass. The sleeping-car charges were for sleeping accommodation between Ottawa and Vancouver, Tacoma and Portland, Portland and Tacoma, Vancouver and Calgary, Calgary and Winnipeg and Winnipeg and Ottawa.

Trusting the information now furnished may be satisfactory.

I am, Sir, your obedient servant,

The Accountant of Contingencies.

W. D. LE SUEUR, *Secy.*

FINANCE DEPT., OTTAWA, May 26, 1890.

SIR,—When making the payment to the Ottawa "Citizen," referred to in your letter of the 19th inst., for advertisements in the Christmas "Citizen," it did not appear to me that said advertisements came within the meaning of the Order in Council of April 16, 1880, relating to advertising in pamphlets, and being duly certified by the Queen's Printer, they were paid for as newspaper advertisements.

I am, Sir, your obedient servant,

The Auditor General.

R. W. BAXTER, *Accountant of Contingencies.*

AUDIT OFFICE, June 7, 1890.

SIR,—Let me call your attention to the following observations on your contingent expenditure for the four months ended April 30:—

Cheques 2715, 3161 and 3648 are in favour of R. W. Baldwin, of the Privy Council Office, for \$20 each, to pay two extra messengers, J. Stack and Owen Connell, for the months of January, February and March. It will be necessary to furnish their receipts. Please state why cheques were not drawn in their own names.

Extra work by extra clerks, Privy Council:—

Cheque 2719,	D. Burke,	62 hours in Jany.	at 50c....	\$31 00
do 3088	do	56 do	Feb. do	28 00

do 2718	do	62 do	Jan. do	31 00
do 3087	do	56 do	Feb. do	28 00
do 3534	do	62 do	Mar. do	31 00
do 2263	J.P. McCarthy	27 do	Dec. do	13 50
do 3554	do	129 do	(not stated) at 33½c.	43 00

Please furnish a detailed statement specifying the hours of each day which go to make up the extra time charged for above. The payments are contrary to sec. 12 of the Civil Service Act as amended in 1888.

Cheque 2318 is in favour of Mr. J. Mullin, of the Post Office Department, for confidential copying done for the Privy Council Office. The Privy Council desires to have this and similar payments charged to the vote of \$100 for translation. This vote is not available for making extra payments to Civil Servants, since it does not contain an explicit proviso to that effect.

Cheque 3322, Geo. D. Pope, special confidential work (Privy Council Office), \$12.50. Please furnish the rate at which Mr. Pope was paid, showing how the amount is made up.

I do not find that Miss A. Simpson and Mr. J. G. Poston, employed as extra clerks in the Post Office Department, have passed the required Civil Service examination. Please inform me of the circumstances which render their employment legal.

I am, Sir, your obedient servant,

The Accountant of Contingencies.

J. L. McDOUGALL, *A. G.*

POST OFFICE DEPT., OTTAWA, June 16, 1890.

SIR,—Referring to your communication of the 13th inst., enclosing an extract from a letter addressed to you by the Auditor General, calling attention to the fact that Miss A. Simpson and Mr. J. G. Poston, employed as extra clerks in this Department, have not passed the Civil Service examination, and asking to be informed of the circumstances which render their employment legal, I am directed to say that both the persons mentioned were employed prior to the 1st July, 1882.

I am, Sir, your obedient servant,

The Accountant of Contingencies.

W. D. LESUEUR, *Secy.*

AUDIT OFFICE, OTTAWA, July 28, 1890.

SIR,—Let me call your attention to the following observations on your contingent expenditure to May 31 last :

Justice Department.

December 20, 1889.—Petty contingencies by order of Minister. \$10 00
do 26, 1889 do do . 15 00

Please give the details of this expenditure with the vouchers.

Privy Council.

The following accounts are herewith returned for the certificate of the Deputy Head that the goods were received, and are for the use of the Privy Council :

S. Ashfield & Co., china tea set, 36 glasses, 2 decanters. \$23 00
A. & A. F. McMillan, 1 doz. dessert spoons, 1 doz. knives... 9 50
Ryan & Phelan, 5 doz. towels, 3½ doz. table linen..... 22 25
S. Cassidy, lunches, April and May..... 5; 50

Extra work by extra clerks during May: W. Loux, \$30; D. Burke, \$30; M. E. Boland, \$36. Please furnish a detailed statement, showing the hours of each day which go to make up the extra time. I have not yet received the detailed statement of extra work by clerks in this Department asked for in my letter of the 9th ultimo. Let me repeat that these payments for extra services are contrary to the Civil Service Act, as amended in 1888.

Cheque 4030, R. W. Baldwin, \$20.40, to pay two extra messengers for April, at 40c. a day. Please furnish their receipts and state why cheques were not drawn in their own names. See my letter of the 9th ultimo.

Cheque 4366, R. W. Baldwin, \$67.50, to pay Mrs. M. Patterson, and two others (charwomen), for month of May. In my letter of the 19th May last I drew your attention to the fact that the receipts of the charwomen for each month should be obtained. I have not received any to date.

Cheques 4244 and 4037 are in favour of P. Buckley for \$53 and \$100 respectively for cab-hire for Privy Council Office. The accounts are certified by Mr. Joseph Pope. Please state if it was his cab-hire. If so, it will be necessary to furnish the account in detail.

I am, Sir, your obedient servant,

The Accountant of Contingencies.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, Oct. 6, 1890.

SIR,—Referring to your letter of the 2nd instant, calling attention to the following payments charged to the petty contingencies of this Department for the last fiscal year, namely:—

Dec. 20, 1889—Petty Contgs. by order of Min. of Justice... \$10 00
do 26, 1889 do do do . . . 15 00

I beg to state that the first item is a payment of 25 cts. each to the telegraph messenger boys, and the second item, \$15, is a payment of \$5 each to three messen-

gers of this Department. I find that these payments have been made by this Department for many years past. I have, however, looked into the matter, and am of opinion that they are irregular and cannot legally be paid. They will, therefore, be discontinued for the future.

I am, Sir, your obedient servant,

The Accountant of Contingencies.

R. SEDGEWICK, *D.M.J.*

AUDIT OFFICE, OTTAWA, July 26, 1890.

SIR,—Let me call your attention to the Order in Council of the 25th ultimo recommending that authority be granted for continuing the employment of Mr. S. E. Gregory, Mr. Geo. Bourret and Mrs. Morency as extra clerks in the Department of Agriculture, at \$2, \$1.50, and \$1.25 respectively. I do not find that Mr. Gregory has passed the Civil Service examination, and no reason has been furnished why he should be exempt. Mr. Bourret and Mrs. Morency appear to have passed the preliminary examination only, which would warrant them in being employed simply as copyists, at a rate not exceeding \$400 per annum.

I am, Sir, your obedient servant,

The Accountant of Contingencies.

J. L. McDOUGALL, *A.G.*

DEPT OF AGRICULTURE, OTTAWA, Oct. 3, 1890.

SIR,—I have to acknowledge your letter of the 29th ult., with an enclosure of a copy of a letter to you from the Auditor-General in reference to the salaries of the following named supernumerary clerks in this Department:—Mr. S. E. Gregory, Mr. Geo. Bourret and Mrs. Morency, at \$2, \$1.50 and \$1.25 per day respectively.

The Auditor states that he does not find that Mr. Gregory has passed the Civil Service examination, and that no reason has been furnished why he should be exempt. In relation to this, I have to state that reasons were furnished in an Order in Council dated 25th July, 1888, in which the following paragraph occurs:—

“With respect to Messrs. Gregory, Bourret and Gleason, their services in the Patent Office, in virtue of its particular requirements, have become special, in such way as to bring them within the meaning of section 47 of the Civil Service Act as regards pay.”

Mrs. Morency's name was subsequently added to the list by Order in Council, in virtue of the same general order, and for the same reasons. Sub-section 2 of section 47, above referred to, reads as follows:—

“The rate of remuneration to be paid for temporary service shall not exceed the minimum salary of a third class clerk, unless the service to be performed is technical and requires special qualifications; and such temporary employment shall not be considered as giving any claim to permanent employment.”

In virtue of this provision, the salaries of the extra clerks above named, on the recommendation of the Minister of Agriculture, were fixed at the rates above stated.

As respects the position of Mr. S. E. Gregory in relation to the Civil Service Examination, I understand that the definition in the extract of Order in Council above recited, of 25th July last, brings him within the provisions of section 37 of the Civil Service Act, and that those provisions apply to any vacancy in the Civil Service, and therefore include extra clerks. Mr. Gregory had for some months been paid from a vote before he was appointed an extra clerk paid from contingencies.

I cannot see that there is any reason furnished by the Auditor-General, in the copy of letter which you have communicated to me, of a nature to over-ride the authority of an Order in Council under the clear definitions of the Civil Service Act, which I have cited.

I am, Sir, your obedient servant,

The Accountant of Contingencies.

J. LOWE, *D.M.A.*

AUDIT OFFICE, OTTAWA, Oct. 6, 1890.

SIR,—With reference to the letter of the Deputy Minister of Agriculture, dated the 3rd inst., which deals with the positions of S. E. Gregory, Geo. Bourret and Mrs. Morency, extra clerks, I beg to point out that in my opinion extra clerks, whether with special qualifications for their employment or not, are, under the Civil Service Act, obliged to go up to the first qualifying examination after entering upon service, if their employment continues beyond the time of an examination.

Section 37, to which reference is made by the Deputy Minister, does not, in my view, apply to extra clerks.

I think that no payment should be made to any of the three persons named, unless on application to the Treasury Board my decision be overruled.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Accountant of Contingencies.

Order in Council, August 2, 1889.—That Mr. Sedgewick, Q.C., Deputy Minister of Justice, who at the instance of the Minister of Justice proceeded to England in November, 1888, to assist in the argument before the Privy Council of the case of the Attorney-General of British Columbia *vs.* the Attorney-General of Canada, be paid for travelling expenses in connection with such visit at the rate of \$10 per day while absent from Canada, and his actual moving expenses.

JOHN J. MCGEE, C.P.C.

AUDIT OFFICE, OTTAWA, 17th Sept., 1889.

SIR,—I observe that Mr. Sedgewick, Q.C., Deputy Minister of Justice, in the details of his travelling expenses during his visit to England in November last, makes a charge of \$10 per day for living allowance while absent from Canada, including sixteen days on board steamer. This charge is contrary to the Order in Council of 10th November, 1886. Please ask Mr. Sedgewick for a refund.

The same account contains a charge of \$24.33 for a clerk and shorthand writer. For this amount there should be a voucher.

I am, Sir, your obedient servant,

The Accountant of Contingencies.

J. L. McDOUGALL, A. G.

DEPT. OF JUSTICE, OTTAWA, Oct. 10, 1889.

SIR,—Referring to your letter of the 18th ultimo, enclosing one from the Auditor General to yourself, respecting two items appearing in my account for travelling expenses in connection with my visit to England last November, I beg to say that the charge of \$10 per day made in that account is allowed by the Order in Council dealing with the matter, which must be considered in that particular instance as repealing *pro tanto* the Order in Council of the 10th November, 1886.

In reference to the charge of \$24.33 for a clerk, I regret to say that I lost a voucher which I took, with the pocket-book in which it was contained.

I trust that this explanation will be satisfactory to the Auditor-General.

I am Sir, your obedient servant,

The Accountant of Contingencies.

ROBERT SEDGEWICK, D.M.J.

AUDIT OFFICE, OTTAWA, Oct. 15, 1889.

SIR,—I am in receipt of your letter of the 14th inst., enclosing a copy of one from Mr. Sedgewick regarding his travelling expenses during his visit to England in November last, to which I took exception in my letter of the 17th ultimo.

In reply, I beg to say that it appears to me, inasmuch as the living allowance to those who have occasion to cross the Atlantic on public business has, under Order in Council, been withheld for the time of passage to Europe and back, because there is no outlay during that period, board being included in the passage money, it seems necessary that the Order in Council in Mr. Sedgewick's case should explicitly repeal the general order before there would be ground for concluding that it was intended by Council to make an exception in this case.

To prevent future misunderstanding, it appears proper to say that the payment would, in my view, be illegal under any circumstances.

I am Sir, your obedient servant,

The Accountant of Contingencies.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, Oct. 18, 1889.

SIR,—I have your letter of the 15th instant, enclosing a copy of one from the Auditor General on the subject of my travelling expenses during my visit to England in November last.

I pointed out in my letter of the 10th instant that the charge of \$10 per day while absent from Canada, and moving expenses, was authorized by a special Order in Council, and that such special order must be taken in that particular instance to repeal the general order. I note that the Auditor General considers that without an explicit repeal of the general order there would be no ground for concluding that it was intended by Council to make an exception in my case. Such a conclusion is, nevertheless, warranted by the terms of the Special Order, from which, I think, the intention of Council clearly appears.

With reference to the Auditor General's opinion that the payment would be illegal under any circumstances, I beg leave to say that, while such a remark would be correct in respect to any payment calculated to increase the salary or remuneration of any Deputy Head, officer or employé in the Civil Service, it cannot apply to a payment designed to reimburse a public servant for necessary and proper expenditure incurred while travelling on the public service.

In the present case, the allowance of \$10 per day for every day absent from Canada was intended to cover all necessary expense during the whole period of my absence. I may say that, as a matter of fact, it did not cover my actual necessary expenditure.

I am, Sir, your obedient servant,

The Accountant of Contingencies.

ROBERT SEDGEWICK, D.M.J.

AUDIT OFFICE, OTTAWA, July 26, 1890.

SIR,—I have the honour to inform you that I purpose submitting to the Treasury Board the correspondence we had in September and October last regarding your travelling expenses to Europe in November, 1888.

I am, Sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A. G.

DEPT. OF JUSTICE, OTTAWA, July 30, 1890.

SIR,—I have the honour to acknowledge receipt of your letter of the 26th inst., in which you state that you purpose submitting to the Treasury Board the correspondence we had in September and October last regarding my travelling expenses to Europe in November, 1888, and in reply I beg to state that, while I cannot conceive of any possible advantage there may be in the proposed reference, I have not the slightest objection to it.

I desire to repeat that the money received by me for my travelling expenses under the Order in Council in question did not meet my actual disbursements, incurred necessarily, I think, in connection with the public business in which I was engaged.

The Governor in Council having in clear and explicit terms stated the basis upon which my disbursements were to be recouped, I conceive it to be your duty only to see that they are calculated upon that basis and upon no other.

I am, Sir, your obedient servant,

ROBT. SEDGEWICK, *D. M. J.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Sept. 30, 1890.

SIR,—I beg to enclose for the action of the Treasury Board copy of correspondence in connection with a payment of \$835.42 for travelling expenses of Mr. R. Sedgewick, Deputy Minister of Justice, in England.

The principal point in difference between Mr. Sedgewick and this office is whether the general Order in Council, which excludes the days spent on the steamer from the count for living allowance, has been repealed by special order in this case, and if it has whether it would then be legal to pass the allowance for those days.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

The Secretary, Treasury Board.

AUDIT OFFICE, OTTAWA, Oct. 7, 1890.

DEAR SIR,—In the Civil Government Contingencies of your Department for 1889-90, I notice \$156.50 paid to Mrs. P. Batterton for carrying mails to and from the Post Office for 313 days at 50c. Similar payments were made in 1888-89, and are continuing in 1890-91. Please let me know why this service is not performed by the messengers, as it is done in the other Departments.

I am, Sir, your obedient servant,

J. L. McDOUGALL,

Auditor General.

The Deputy Minister of Agriculture.

AUDIT OFFICE, OTTAWA, Feb. 5, 1890.

SIR,—On examination of the penitentiary pay-lists of the current year, I find that statutory increases have been given to the following officers from July 1 last, contrary to sub-sections 3 and 4 of section 33, Penitentiary Act, as amended in 1887, which provide that no yearly increase shall be paid until the expiry of a year, at least, from the date of appointment or from the last increase, and that such increase shall be paid from July 1.

St. Vincent de Paul Penitentiary.—O. Segouin appointed to present position May 1, 1889, and B. A. Brissette appointed August 1, 1888. These officers were not entitled to the statutory increase on July 1, 1889.

British Columbia.—C. N. Derrah appointed Nov. 1, 1888; D. C. McGillivray appointed Jan. 1, 1888; and R. J. Robertson appointed Oct. 1, 1887. McGillivray and Robertson have received two increases each since appointment, the former having been paid last year at the rate of \$530 per annum from Jan. 1, 1889, and the latter at the same rate from Oct. 1, 1888. The proper yearly salary in these two cases was \$500 until July 1, 1889, when they were entitled for the year then commencing to \$530. Derrah should not have received any increase.

Please inform the respective Wardens of these overpayments, that the proper salaries may be paid in future and the necessary steps taken to obtain a refund of the amount overpaid.

I am, Sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, May 29, 1890.

SIR,—I wrote you Feb. 5 last relative to the statutory increases which had been made to the salaries of certain penitentiary officers during the current year, pointing out that such increases were contrary to sub-sections 3 and 4 of section 33 of the Penitentiary Act as amended in 1887. I find by the monthly pay-lists sent me since the date of my letter of February last that the officers in question are still paid at the increased rate. Please inform me if any action has been taken in the matter with the object of having the proper salaries paid and the overpayments refunded. As the financial year is now drawing to a close I should be obliged if this matter received your early attention.

I am, Sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, Feb. 18, 1890.

SIR,—I notice by voucher No. 17, of the Kingston Penitentiary, that you have paid for ink purchased for that institution from Thomas McAulay. With reference to this payment I have the honour to direct your attention to the Act of Parliament respecting the Department of Public Printing and Stationery, Chapter 27, Revised Statutes. According to the provisions of sub-section 2 of section 6 of this Act, all stationery for use in the several departments of the Government of Canada should be obtained through the Stationery Office. I should like also to bring to your notice an amendment to this Act passed in the Session of 1888, respecting the purchase of printed books for the libraries, chaplains or schools of the several penitentiaries. It is enacted by the amendment that books required for the purposes stated may be procured as before June 2, 1886. Prior to that date they were obtained through the Stationery Office in accordance with an Order of the Governor in Council, dated Nov. 17, 1877, and it appears to me that the legislation of 1888 in this respect gives Parliamentary sanction to the Order of the Governor in Council.

I bring this matter to your notice, as it appears that the Penitentiary officers, on the authority of the amendment in question, are purchasing books outside of the Department of Printing and Stationery.

The Deputy Minister of Justice.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, March 12, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th February, in which you direct my attention to chapter 27, R.S.C., respecting public printing and stationery and to the amendment to that Act of last session respecting printed books for the libraries, chaplains and schools of the several penitentiaries.

You state that prior to the 2nd June, 1886, such books were obtained through the Stationery Office in accordance with the order of the Governor in Council, dated November 17, 1877, and that it appeared to you that the legislation of 1888 in this respect gives parliamentary sanction to that order. You further state that you bring this matter to my notice, as it appears that the penitentiary officers on the authority of the amendment in question are purchasing books outside of the Department of Printing and Stationery.

In reply, I have now to state that, in my view the printed books required for the libraries, chaplains and school libraries of the several penitentiaries are not now to be ordered through the Stationery Office.

As a matter of fact before 1886 the library books for the penitentiaries were not purchased through that office, but in the same way as other goods required for penitentiary use, and the intention of the Act was to give to the authorities of the penitentiaries absolute control of the matter, independently of the Stationery Department.

I am, Sir, your obedient servant,

The Auditor General.

ROBT. SEDGEWICK, D.M.J.

AUDIT OFFICE, OTTAWA, June 10, 1890.

SIR,—I beg to bring to your notice an expenditure made by the Warden of Manitoba Penitentiary for the purpose of lunching the Governor General and party on the occasion of His Excellency's visit to that institution. The total of the vouchers furnished in connection with this expenditure is \$103.77, and is included in the amounts of vouchers 40 and 56, of September and October last.

It appears to me that an outlay of this character is an improper charge against the vote for the maintenance of the Manitoba Penitentiary.

I am, Sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

PENITENTIARY BRANCH, OTTAWA, June 12, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 10th instant, having reference to the expenditure at the Manitoba Penitentiary in entertaining His Excellency the Governor General. In reply, I beg to state that, as His Excellency announced his intention of visiting the Penitentiary, the Warden asked authority to provide a lunch. Under the circumstances the Minister allowed this, and, in my opinion, the amount, \$103.77, is a proper charge against the appropriation of the Manitoba Penitentiary.

I am, Sir, your obedient servant,

The Auditor General.

ROBT. SEDGEWICK, D.M.J.

AUDIT OFFICE, OTTAWA, June 12, 1890.

SIR,—Please send me a statement showing the names of the convicts discharged from the Manitoba Penitentiary during the current financial year up to April 30 last, the destination in each case to which expenses were paid, and the full amount, including travelling expenses, paid to each.

I find that, up to the date mentioned, of the twenty-two convicts discharged, eleven were paid \$25 each in addition, apparently, to travelling expenses. Under sub-section 4 of section 63 of the Penitentiary Act, the maximum amount of cash authorized to be paid to a discharged convict is \$20, in addition to his travelling expenses. The receipts sent to me in connection with the payments in the cases in question are not sufficient to show that this section of the Act has been complied with.

I am, Sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

PENITENTIARY BRANCH, OTTAWA, June 30, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th instant, respecting the amounts paid to convicts upon their discharge from the Manitoba Penitentiary. In reply, I send you, herewith, a letter received from Warden Bedson, in explanation, as well as a list showing the amounts paid to discharged convicts to April 30, 1890.

I am, Sir, your obedient servant,

The Auditor General.

ROBERT SEDGEWICK, D.M.J.

MANITOBA PENITENTIARY, June 20, 1890.

SIR,—In reply to yours of 13th instant, covering a letter from Auditor General of same date, *re* gratuity and travelling expenses of discharged convicts in this institution since beginning of current fiscal year, I have the honour to state as follows:—

That the amount of cash furnished to each convict, and for which he gives a receipt, represents cash for travelling expenses and gratuity. In cases of the eleven convicts who received \$25 cash, they were convicts whose conduct merited the maximum gratuity of \$20; the remaining \$5 was for their travelling expenses.

Referring to the Auditor General's concluding statement in his letter, viz., that the receipts sent him did not give him sufficient information, I beg to state that the receipts bear upon their faces the marks "T. and G.," signifying "Travelling Expenses and Gratuity."

I enclose herewith a statement showing names of convicts discharged up to April 30, with their destinations and cash payments made to each.

I am, Sir, your obedient servant,

The Deputy Minister of Justice.

S. L. BEDSON, Warden.

AUDIT OFFICE, OTTAWA, July 2, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 30th ult., enclosing a statement prepared by the Warden of the Manitoba Penitentiary in accordance with the particulars asked for in my letter of the 12th ult., respecting the amounts paid to discharged convicts at that institution up to the 30th April last.

I beg to point out with reference to this statement that of the whole amount paid to the date mentioned—\$604.55—Mr. Bedson has accounted for \$473.50 only, leaving a balance of \$131.05 unaccounted for. Please obtain for me the Warden's account of this amount.

B—122

AUDITOR GENERAL'S REPORT, 1889-90.

I should like also to call your attention to the amount paid to the different discharged convicts for travelling expenses. In every case, whether the destination of the individual was Regina or Winnipeg, a sum of \$5 was paid. The section of the Act of Parliament which authorizes the payment of these expenses plainly stated that each convict on his discharge shall be furnished, in addition to other allowances, with such a sum of money as is sufficient to pay his travelling expenses to the place at which he received his sentence. It seems to me, in view of this provision, that the payment of a uniform amount, irrespective of the destinations to which the different convicts were sent, is contrary to the Act.

I am, Sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, August 18, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 2nd ult., having further reference to the amounts paid to the discharged convicts at Manitoba Penitentiary in 1889-90. In reply, I beg to transfer to you, herewith, an explanatory letter from Warden Bedson in regard to the payments made during the last financial year.

I have intimated to the Warden that the payments in question were irregular—that unless a convict actually has credit for earnings for overwork, no amount can be paid to him on account of any work which he may do in the Penitentiary, upon his discharge.

I have further explained to him that the Act does not authorize the payment of money in lieu of clothing, even although it might be as much in the interests of the convict, and without detriment to the revenue, if the cost of the clothing were given to him instead of the clothing itself, and I have directed him that for the future the provisions stated in Cap. 182, Revised Statutes of Canada, 63-4 must be strictly complied with.

I am, Sir, your obedient servant,

The Auditor General.

ROBT. SEDGEWICK, D. M. J.

MANITOBA PENITENTIARY, August 12, 1890.

SIR,—Referring to your letter of July 24 *re* the Auditor General's enquiries on the expenses of discharged convicts, I have the honour to answer the questions proposed as follows:—

1st. By reference to the accounts under head of "Convict Discharge," since the existence of the institution, it will be seen that it has been the custom here to give certain convicts a sum of \$5 over and above the maximum amount of \$20. This item of \$5 I have always been of the opinion is within the meaning of the Act where it is laid down that a sum shall be given to convicts for "overwork." This I construed to mean that a convict whose services, during his imprisonment, had been of practical use to the Institution should be additionally rewarded. Having always viewed the meaning in this light a sum of \$5 was awarded by me to such convicts as I deemed worthy.

2nd. *Farrell*.—This convict was most exemplary in his conduct and his work was of a responsible nature, being in charge of the stores under the Storekeeper, and on his discharge, his friends having supplied him with clothes, he was permitted to take the cash value—\$23.50 as computed by the Storekeeper—of the outfit that he was entitled to receive from the Penitentiary. This amount included boots and cap—in fact every article he would otherwise have been provided with—therefore as a matter of expense it made no difference to the Penitentiary whether he took the discharge outfit or the value in cash.

I am, Sir, your obedient servant,

The Deputy Minister of Justice.

S. L. BEDSON, Warden.

AUDIT OFFICE, OTTAWA, July 11, 1890.

SIR,—I have the honour to bring to your notice an expenditure of \$1,722, made during the months of April and May last, for erection of stables and boundary wall at St. Vincent de Paul, and charged against the appropriation under your control for the maintenance of the penitentiary at that place. With reference to this expenditure I beg to direct your attention to section 10 of the Penitentiary Act, wherein it is provided that the construction and repairs of buildings and other works at the penitentiaries shall be under the control of the Minister of Public Works.

I am, Sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

PENITENTIARY BRANCH, OTTAWA, July 14, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 11th instant, having reference to the \$1,722 paid during the months of April and May last, for erection of stables and a boundary wall at St. Vincent de Paul Penitentiary. In reply, I beg to state, that upon the return of the Minister of Justice from England, I will again write you as to the legality of the expenditure above referred to.

I am, Sir, your obedient servant,

The Auditor General.

ROBT. SEDGEWICK, *D.M.J.*

AUDIT OFFICE, July 14, 1890.

SIR,—I notice by the vouchers sent me in support of the expenditure during last year at the Dorchester Penitentiary that \$417.25 was paid for the erection of a stockade from the appropriation for that institution under your control.

With reference to this payment I beg to refer you to my letter of the 11th instant, respecting a similar expenditure at St. Vincent de Paul. I should be glad to have your opinion as to the legality of these payments.

I am, Sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

PENITENTIARY BRANCH, OTTAWA, July 18, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 14th instant, respecting the expenditure of \$417.25 during the financial year ended June 30, 1890, for the erection of a stockade at Dorchester Penitentiary. In reply I beg to state that this matter will have to await the return of the Minister.

I am, Sir, your obedient servant,

The Auditor General.

ROBT. SEDGEWICK, *D.M.J.*

AUDIT OFFICE, OTTAWA Sept. 2, 1890.

SIR,—I beg to bring to your notice an expenditure of \$8,355.18 during the financial year ended June 30 last at the Kingston Penitentiary for the construction of penal cells. I beg to point out that this expenditure is open to the same objections as the expenditure at St. Vincent de Paul and Dorchester to which I called your attention on the 11th and 14th July last.

Included in the expenditure for maintenance of the British Columbia Penitentiary there is a charge of \$1,418.85 for furniture for the Warden's quarters. It appears to me that the articles furnished under this head, carpets, curtains, clocks, and the like, are perquisites not allowed to the Warden or other Penitentiary officers by section 8 of the amendment to the Penitentiary Act, passed in the session of Parliament of 1887.

I am, Sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A. G.*

JUSTICE DEPT., OTTAWA, Nov. 15, 1890.

SIR,—Referring to your letters of the 11th and 14th July, and the 2nd September, calling attention to certain expenditures made by this Department at the Kingston, St. Vincent de Paul and Dorchester Penitentiaries, and questioning the legality of such expenditures, I have now to state that this Department has no doubt but that the payments in question are legal. The expenditures referred to were incurred under the authority of the Minister, and the persons to whom the liabilities were incurred had a right to be paid whether the liabilities were incurred in accordance with the Public Works Act or not.

The Public Works Act is considered, as regards this question, as directory merely. If its provisions have not been literally followed the Minister of Justice believes that the following explanation will be sufficient.

The works to which you refer are done by the officers of the Penitentiary to utilize convict labour as much as possible and the services of the trade instructors of our staff.

Full explanation was given to Parliament, and when the funds were voted for these works they were voted at the request of the Minister of Justice and as part of the funds to be expended by the Department of Justice.

The mode in which they were expended was deemed to be decidedly the best in the public interest.

I am, Sir, your obedient servant,

The Auditor General.

ROBT. SEDGEWICK, *D. M. J.*

AUDIT OFFICE, OTTAWA, March 6, 1890.

SIR,—In examining the expenditure of the House of Commons for the six months ended December 31, 1889, I notice that the enclosed accounts for printing, binding and books do not carry evidence that the articles and work charged for were ordered through the Department of Printing and Stationery, as required by 51 Vic., cap. 17, Sec. 2.

Please have these accounts certified by the proper officer of the Department of Printing and Stationery, and in future kindly see that the requirements of the Act referred to are complied with.

J. G. BOURINOT, Esq.,
Clerk of the Commons.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, March 31, 1890.

DEAR SIR,—In answer to your memo. of the 20th instant, with reference to the Clerk's signature, I should be glad to have the signature to each account of the House of Commons, whether such account should also be certified by the Sergeant-at-Arms or any other official.

I am, Sir, your obedient servant,

The Accountant, House of Commons.

J. L. McDOUGALL, A.G.

HOUSE OF COMMONS, OTTAWA, April 1, 1890.

SIR,—I have the honour to acknowledge the receipt of your communication of the 6th ultimo, asking for some explanation why certain accounts you enclosed at the same time had not been certified by the officers of the Printing and Stationery Department.

The facts relating to this matter are briefly as follows:—

That the House of Commons, as you are aware, had for the past twenty-two years always paid for all books and pamphlets out of the grant for miscellaneous, and not out of the stationery grant.

That this practice continued without question until the beginning of the present financial year, when this Department was duly notified that the new Printing and Stationery Bureau was at last in a position to purchase all books for the House. Accordingly since then all new orders have been made in due form through the proper office.

It happened, however, there were a number of old accounts unsettled, and that a number of orders for legal and some other expensive books, chiefly new editions, had been ordered previous to the commencement of the new arrangements. These accounts have been naturally paid out of miscellaneous, and were not closed until a short time since. As these books were not ordered, for the reason stated, through the Stationery Bureau, they could not, of course, be certified by its officer as we would have wished. All the accounts of this character, which were due to our agents in Montreal, London, Toronto, and New York, were not finally settled until February last.

It may be added that through a misunderstanding of the time when the Stationery Department was ready to assume these duties, the stationery grant for the present year was not increased in order to meet these necessary expenditures. Under such circumstances the old accounts would have had to be paid out of the miscellaneous grant, even if certified in the form now requested.

As respects the accounts for binding, &c., it is right I should mention that this department had no notification that the new Printing and Stationery Department was in a position to undertake work for us until some time in October, and even after that we were given to understand that it would be desirable that the old arrangement should continue until the end of December, which was done. Of course,

now, with the closing of all old accounts, the new system is in complete operation in the Department and is working satisfactorily.

All accounts that properly fall within its purview will be duly certified as you require; and if they have not been in the few cases to which you direct attention, you will see that it arose from circumstances which were exceptional in their nature and could not well be guarded against.

I am, Sir, your obedient servant,

The Auditor General.

JNO. GEO. BOURINOT.

AGRICULTURE DEPT., OTTAWA, Dec. 5, 1889.

SIR.—I have to inform you, in reply to your letter of the 2nd instant, on the several points therein referred to, that:—

(1.) Mr. Shepard's employment is not based on the authority of an Order in Council. It is purely temporary, directed and authorized by the Minister of Agriculture.

(2.) As respects Mr. Gerald's employment, in virtue of the Order in Council to which I referred in my letter of the 28th ult., I beg to point out that Mr. Gerald has been employed in the same manner as at present for a period of sixteen years, and during the whole of which time no question of clashing of duties has ever arisen. Further, permit me to add that the question of proper performance of his duties is one for which the respective Departments are responsible.

(3.) With reference to the account of Mr. Metcalfe for travelling expenses: It is correct, as you state, that my initials were fixed to that account, which was rendered on a slip of paper before it was pasted on the Departmental form of certificate. It is correct, as you surmise, that my initials in this case were intended, and did carry with them a recognition of the fact that all the requirements of the Audit Act, in respect to this account, had been complied with. I was personally aware of everything in connection with the account. I had, personally, previously obtained the Ministerial authorization for the service, and I was also personally aware that the charges in the account were correct.

In reference to the last remark in your letter, I think it well to add, and this I believe is also perfectly known to you, that, perhaps with the exception of this particular account, all expenditure of this nature is certified to on the printed Departmental forms to which I have previously referred, and that this account forms scarcely an exception, for the reason that it was attached to one of those forms when initialed; my contention in support of this being, in reply to your remarks, that the Audit Act does not bind me to any particular form.

I am, Sir, your obedient servant,

J. LOWE, *D.M.A.*

The Auditor General.

NOTE BY AUDITOR GENERAL.—This letter is a reply to mine of Dec. 2, 1889, shown on page D-53 of my Report for 1888-89.

AUDIT OFFICE, OTTAWA, Oct. 28, 1890.

SIR,—In the vouchers of Mr. Jas. W. Robertson on account of seed barley there is an item of \$7.75 paid to the Queen Fire Insurance Co. through their agent at Montreal, Jas. J. Riley, for premium on Insurance amounting to \$5,000 on grain in warehouse, from 5 April to 15 April. There is also a payment of \$29.36 to Mr. Riley, which includes an item of \$7.75 for \$5,000 insurance on grain in warehouse for 10 days. Please inform me if these payments are for different risks, or a double payment on one and the same risk.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 29, 1890.

SIR,—In the expenditure in January by R. Macpherson, Immigration Agent at Kingston, there is a payment, Jan. 1, of \$1.50 to M. Hughes and two lads delivering papers during 1889. Kindly inform me if this payment is for actual work performed, or is of the nature of a gratuity. Does not the subscription to the papers include delivery?

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture.

J. L. McDOUGALL, A.G.

AGRICULTURE DEPT., OTTAWA, Nov. 7, 1890.

SIR,—In your letter of the 29th ultimo referring to the Kingston Immigration Agency, you asked to be informed whether a payment of \$1.50 to M. Hughes and two lads delivering papers in 1889 was for actual work performed or for a gratuity.

I referred the question in your letter to Mr. D. Macpherson, the agent; and he has replied me as follows: "With reference to the item of \$1.50 in contingencies for January, it is made up of \$1 paid to Mary Hughes, a young girl who daily dusts and sweeps my office, also makes the fire in winter, and who is in the employ of Mrs. Hitchen. One each New Year's morning, for some years past, I have handed her one dollar on reaching my office, where I spend all of each New Year's Day in preparing my annual reports. The fifty cents I paid to newspaper delivery boys for their upwards of 300 visits each during the year. Both of these items have appeared in contingencies for years, as can be seen by examining previous December or January accounts."

You will see from this explanation that the payment of \$1 to Mary Hughes was for the service stated; and that the 50 cents to the news-boys was a payment in the form of an accustomed gratuity.

I am, Sir, your obedient servant,

The Auditor General.

JOHN LOWE, D.M.A

AUDIT OFFICE, OTTAWA, Dec. 9, 1890.

SIR,—Referring to your letter of the 7th ultimo, relative to certain payments by the Immigration Agent at Kingston, it appears to me that the payment of \$1 to Mary Hughes is of the nature of a gratuity, she being in the employ of Mrs. Hitchen, who is paid \$10 a month for cleaning the office. All payments of this nature are illegal, no services having been rendered which were not covered by the regular wages. The payment to the boys who deliver papers is also a gratuity.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 27, 1890.

SIR,—I notice that in October, 1889, Mr. Wm. Blair, of the Nappan Experimental Farm, received a cheque of \$750 from Mr. Saunders for the purpose of purchasing cattle. Cattle to the value of \$924.73 were purchased in the same month,

DETAILS OF EXPENDITURE.

and in December a pair of oxen was sold for \$210. Of this amount \$174.73 was retained to balance the cattle account, while only the remainder, viz., \$35.27, was deposited to the credit of the Receiver General and credited to Farm Revenue. This procedure is in contravention of the Treasury Minute of January 14, 1889, which directs that all the proceeds arising from the sale of any cattle or farm produce be deposited to the credit of the Receiver General, and that no part be used to supplement the year's grant. I have therefore to ask that you apply for a transfer, debiting Experimental Farm Expenditure and crediting Farm Revenue with the amount of \$174.73.

I am, Sir, your obedient servant,
The Dy. Minister of Agriculture. J. L. McDOUGALL, A.G.

CENTRAL EXPERIMENTAL FARM, OTTAWA, Nov. 11, 1890.

SIR,—Referring to the letter of the Auditor General under date of October 27, I would say that instructions were given by me in the autumn of 1889 to Wm. M. Blair, Superintendent of the Experimental Farm, Nappan, N.S., to purchase cattle for the purpose of consuming the food produced on the farm and for making manure, such purchases not to exceed \$750. These instructions were exceeded by an over-expenditure of \$174.73. On ascertaining this I advised the Superintendent that there were no funds available to meet this excess of expenditure, but that as the Auditor General had given me to understand that there was no objection to our effecting exchanges of cattle on the Experimental Farms, his only course to meet this liability, was to turn in as an exchange a pair of steers which he had for sale from a purchase made in 1888. It seems that he did not fully understand my meaning in the instructions given; and instead of handing these steers to the parties to whom the amount was owing and thus making a direct exchange with them, he—finding he could dispose of them to better advantage to another party—adopted that course, paid the money owing from the amount received, and sent the balance forward to be paid to the Receiver General, thus conforming to the spirit of the instructions but not to the letter.

I am, Sir, yours very truly,
The Dy. Minister of Agriculture. WM. SAUNDERS, *Director*.

AUDIT OFFICE, Oct. 31, 1890.

SIR,—With further reference to the payment of \$50 to R. J. Wicksteed for a collection of maps for the Archives, I now beg to ask if the maps were mounted when purchased, or if the mounting was done after their purchase. Please give me also a detailed list of the maps in question, showing by whom they were issued.

I am, Sir, your obedient servant,
The Dy. Minister of Agriculture. J. L. McDOUGALL, A.G.

AGRICULTURAL DEPT., OTTAWA, Nov. 25, 1890.

SIR,—With reference to the enquiry in your letter of the 21st ult., asking for further details in relation to the payment of \$50 to Mr. R. J. Wicksteed for a collection of maps for the Archives service; also, whether such maps were mounted when purchased, or whether the mounting was done after their purchase; also, asking for a detailed list: I send you herewith a detailed list of the maps in question, and I have to inform you that they were mounted before they were purchased. Mr. Brymner informs me that the cloth which would have been necessary for the mounting would have cost \$60—that is, more than the whole purchase. Mr. Wicksteed having been willing to furnish this collection of maps for the Archives Records for a nominal consideration.

While furnishing you with the above information, I think it well to add that I find that the question of price in this case is a question of the responsibility of the

The Auditor General.

AUDIT OFFICE, OTTAWA, July 28, 1890.

SIR,—The following items are taken from Dr. Montizambert's "Contingencies" account in connection with the expenditure at Gross Isle Quarantine:—

Season's allowance for horse and conveyance.....	\$200.00
Cab and ferries.....	12.00

(Please mention the Order in Council which authorizes this allowance, and explain why any extra charge for cabs or ferry should be made.)

Allowance in lieu of rations, June 1889, 30 days at \$1.00...	\$30.00
Living allowance " " 4 "	3.50... 14.00
Allowance in lieu of rations, July " 31 "	1.00... 31.00
Living allowance " " 5 "	3.50... 17.50
Allowance in lieu of rations, Aug. " 31 "	1.00... 31.00
Living allowance " " 8 "	3.50... 28.00
Allowance in lieu of rations, Sept. " 30 "	1.00... 30.00
Living allowance " " 1 "	3.50... 3.50
Allowance in lieu of rations, Oct. " 31 "	1.00... 31.00
Living allowance " " 3 "	3.50... 10.50
Living allowance " " 7 "	5.00... 35.00
Allowance in lieu of rations, Nov. " 30 "	1.00... 30.00
Living allowance " " 5 "	3.50... 17.50
Allowance in lieu of rations, April 1890 30 "	1.00... 30.00
Living allowance " " 6 "	3.50... 21.00
Cash accounted for, "expenses"	17.50

Please furnish details for the item designated "expenses."

Be good enough to explain why Dr. Montizambert is entitled to a per diem living allowance of \$3.50 for periods which are clearly covered by the "Allowance in lieu of Rations" of \$1.00. Dr. Montizambert should refund the over-payment.

In connection with the charges against your vote for Public Health I find a sum of \$600 paid to Dr. Montizambert for four months' allowance for services and expenses from 1st December, 1888, to 31st March, 1889, while travelling at his own expense and studying in Europe steam disinfection and quarantine methods, at \$150 per month.

As Dr. Montizambert is a permanent officer of the Civil Service, with an annual salary of \$2,400, upon which he pays superannuation, any extra remuneration is illegal.

It appears probable, from the dates of Dr. Montizambert's absence, that he made the trip without Departmental instructions, and that he is consequently not entitled either to payment for his services or his travelling expenses. If he had Departmental instructions he is entitled to such portion of his travelling expenses as it was arranged he should receive.

The following charges for "expenses of crew" are to be found in the Contingencies Account:

Anderson, A.....	\$10 50	Lapointe, A.....	\$ 8 25
Daucause, G.....	13 58	Lacroix, W.....	41 75
Doherty, J.....	48 25	Masson, E.....	3 00
Filteau, E.....	41 75	Roe, J. P.....	1 00
Langlois, C.....	78 78	Turcotte, F. X.....	25 63
Lapointe, M.....	8 75	Turcotte, J. B.....	15 23

Would you please ask Dr. Montizambert to obtain hereafter a separate detailed account of any outlay or claim each member of the crew may have?

I am, Sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Dy. Minister of Agriculture.

AGRICULTURE DEPT., OTTAWA, Nov. 7, 1890.

SIR,—I have to inform you, in reply to your letter of 28th July last, in which you ask explanation in relation to Dr. Montizambert's contingencies in connection with the quarantine expenditure at Grosse Isle, that I referred your letter to him for his remarks. He has replied by a letter dated 3rd of August last, a copy of which I send to you herewith. It contains a categorical answer to your questions.

You further ask me to mention the Order in Council which authorizes the allowance referred to. In reply, I also send you herewith a copy of an Order in Council passed on 27th March, 1867.

You will see from this Order that it authorizes the quarantine station at Grosse Isle to be put on the same footing and under the same regulations as in the year 1864. You will gather from these Orders that the practice which has been followed has been uniform for more than a quarter of a century.

You will further notice from the Order in Council sent to you that the Minister was authorized to make such changes in the regulations as he deemed necessary from time to time, and that he was also authorized, by such Order, to make any change which he might consider advisable in the regulations established by the Order in Council of 29th April, 1864. In other words, the Minister of Agriculture was practically authorized to administer the vote for the Grosse Isle service in such way as he considered advisable.

In virtue of such plenary power I find that the Minister of Agriculture authorized, by Departmental letter, dated the 27th October, 1869, the allowance of \$200, to which you refer, for a horse on Grosse Isle, and further, that by a Departmental telegram, dated on 14th October, 1870, he authorized that "lodging and fuel for themselves and their families should be afforded to the wintering parties on Grosse Isle."

The practice as respects allowances, to which you refer, moved by the reasons stated in the letter of Dr. Montizambert, has been uniform since the dates mentioned. But I may add that the administration and practice, authorized by the Minister of Agriculture in virtue of the plenary power above referred to, has been strict within the limits prescribed; and the expenditure, each year, has been carefully looked into.

I am, Sir, your obedient servant,

J. LOWE, D. M. A.

The Auditor General.

QUARANTINE STATION, GROSSE ISLE, Aug. 3, 1890.

DEAR MR. LOWE.—I beg to acknowledge the receipt of your letter dated the 27th ult., enclosing copy of a letter from the Auditor General on the subject of my accounts, and asking me to furnish you with specified notes referring to each item.

Our Quarantine Regulations are in force for "the eight months next following the first of April in each and every year." During those eight months only in each and every year are the members of your Grosse Isle staff employed and paid as quarantine officers; and all our salaries are accordingly at so much a month for the eight (or in some cases seven and a-half) months. A few of the staff are also separately employed as caretakers at the station during the winter months; for this they receive separate winter salaries. But the rest of us scatter to our homes in different parts of Canada on the closing of the station at the end of each November, and only re-unite at the re-opening of the next spring. During December, January, February and March our time is at our own disposal, and we receive no

pay. This has been the usage ever since the station became a station in 1832. A reference to our pay-lists will show how our total salaries are made up—so many months, at so much per month—eight for the Medical Superintendent and for the engine-room staff of the steamers, as we have to begin preparations by 1st April, and seven and a-half months for the others who come on duty from 15th April, the day fixed, approximatively, for the annual re-opening of the station. In my own case I receive the same \$300 a month during the quarantine season, for work all round the twenty-four hours, that my predecessor, Dr. Douglas, received for work from 8 a.m. to 6 p.m. In the four winter months I am unpaid, and that time, although worthless to me professionally, is my own.

Horse Allowance.—The allowance for horse and conveyance is for use at this station. The detention and hospital divisions are a mile and a-half apart. The Medical Superintendent has to pass on duty constantly between them. This allowance is to help him to keep the horse necessary for this. As the horse has to be maintained all the year around, or else I have annually to buy a horse in spring when horses are dear, and force his sale in autumn when horses are cheap, and as a man has to be kept to attend to him, the allowance of \$200 will be seen to be a moderate one. This allowance was always given to my predecessors, and was confirmed to me when I became Medical Superintendent in 1869. The charges for cabs are for an occasional necessary transfer whilst away on duty. The ferry charges are for crossing from Quebec to Lévis in winter and spring, to superintend (gratuitously) repairs, etc., to the quarantine steamers wintering at Lévis. Neither of these items can be obviated by my having a horse at Grosse Isle during the season.

Ration Allowance.—The so-called "allowance in lieu of rations" has come down under that name from the earliest years of the station. It is to cover the extra expense of living here, in the way of the higher rates we have to pay for marketing it by order, instead of personally. The insurance on furniture here (my official residence here, and even my office being furnished at my own expense), the expense of a caretaker for town house vacant during the summer, the frequent loss of meat and other perishable articles brought down on the steamer during the hot weather, the higher wages we have to pay servants to come to a quarantine station, etc.,—in fine, to cover the extra expense of residence here, and have my salary as undiminished by the causes peculiar to this service, as are those of other civil servants living elsewhere. When I leave this for a few days to go to Quebec, Rimouski, Ottawa, or elsewhere on duty, I have the usual hotel bills, etc., to meet, and must therefore draw the usual allowance of \$3.50 a day in Canada, or \$5 a day in the United States, the peculiar expenses for which the so-called "allowance in lieu of rations" is given being in no degree lessened by such occasional absences.

Travel in Europe.—The answer to this will be found in my introductory explanations. The services for which this payment was made to me were rendered during the period, 1st December to 31st March, during which I am annually unemployed and unpaid.

Expenses of Crew.—When convalescent immigrants or seamen are sent up from here to Quebec the precaution has always been taken of sending up an interpreter or orderly to see that they do not fall into bad hands, but to make them over to the Quebec immigration agent, or to the shipping master as the case may be. As none of our staff are fed by Government, \$1 per diem has always been allowed to pay the living expenses of such officer whilst absent on such duty. As regards the crew: when the Minister of Agriculture visited this station, soon after the inauguration of our own steamboat service to Quebec in place of a contract with a market steamboat, the crew submitted to him that they were put to expense for living whilst absent. The Minister thereupon authorized me to charge for this in my contingencies at the rate of \$1 per diem when absent on the two days trip, and at the rate of 25 cents for their dinners when they go up and return the same day. The charges at these rates, with the dates of the trips for each man, I have fully detailed in each month's account.

Believe me, yours very truly,

The Dy. Minister of Agriculture.

F. MONTIZAMBERT, M. D.

Order in Council, March 22, 1867.—On a memorandum dated 21st March, 1867, from the Honorable the Acting Minister of Agriculture and Emigration, representing that in view of the approaching opening of navigation it is necessary to organize the quarantine station at Grosse Isle; that the intelligence received from the United Kingdom and the European continent speaks favourably of the sanitary condition of those countries: He therefore recommends that the quarantine station be put on the same footing and under the same rules and regulations as in the year 1864, copy of which he submits, and that he be also authorized to make such changes in those rules and regulations as may be deemed necessary from time to time. The Committee advise that an Order in Council be passed enacting regulations similar to those adopted by an Order in Council of 29th April, 1864, and that the Minister of Agriculture be authorized to make such changes therein from time to time as he may deem necessary. AUDIT OFFICE, OTTAWA, Oct. 7, 1890.

SIR,—I notice in the vouchers for Care of Archives that payments were made to W. Pennington for 31 weeks to May 31st, at \$12 a week, "for personal services." Please describe the nature of the services performed.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture.

J. L. McDOUGALL, A.G.

AGRICULTURE DEPT., OTTAWA, Nov. 14, 1890.

SIR,—In reply to the enquiry in your letter of the 7th ultimo, in reference to payments for services on account of Archives to Mr. W. Pennington. I have to inform you that he is a bookbinder employed in a room of the Department in binding Archives, which, by the terms of a general Order in Council, cannot be removed from the office. The work is done under an arrangement agreed with the Queen's Printer's Department.

I am, Sir, your obedient servant,

The Auditor General.

J. LOWE, D.M.A.

AUDIT OFFICE, OTTAWA, March 14, 1890.

SIR,—Let me call your attention to some remarks upon the vouchers in support of charges made against the following votes under your charge, up to 31st January, 1890:—

Health Statistics.

Washing Towels.—Mrs. Taylor, 8 months to Jan. 31, 1890, at \$2, \$16.00. This usually appears as a charge against the Departmental vote for contingencies. Please let me know your reasons for including it in your charges against this vote.

Census and Statistics.

Extra Services.—J. Thomson, superintending removal of models, \$44.24. In view of section 12 of the "Civil Service Act," as amended in 1888, there is no authority for this payment, and I must ask you to obtain a refund of the amount.

Cheque 4575—C. Charlebois, copying from 13th July to 20th August, 38 days at \$1—\$38. This account is not certified. The account appears to include payment for copying on Sundays.

Cheque 4963—Automatic Refrigerator Co., ash case for fyles, \$3. The Department of Public Works has charge of the furnishing of the public buildings, to which vote this charge belongs.

Cheque 4574—F. C. Chittick, on account travel, \$40. This should be made a charge against your vote for Departmental contingencies. Please furnish details.

Accounts for travel should bear the following certificate: "The whole of the expenditure was incurred on Government business," signed by the officer incurring the expense. See Order in Council of Dec. 17, 1889.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 28, 1890.

SIR,—Let me ask your attention to some observations on the vouchers in support of charges against your vote for Immigration contingencies for the seven months ended Jan. 31, 1890.

Hamilton Agency.

R. Rissman, services, July 14, to Dec. 31, at \$1.25 per day.	\$230
do do January, at \$50 per month.....	50
do Sunday night-watching, June to Nov. 30.....	32 50
	<u>312 50</u>

Please state the nature of the service for which this payment is made, and point out the necessity for extra pay for services designated "Sunday night-watching."

Kingston Agency.

R. Macpherson, cheque 12403 for \$21 covers a payment of \$2 to Mrs. Muckleston's Orphan's Home. Is this not a personal subscription?

Ottawa Agency.

C. A. T. Akerlindh, services July to Jan. at \$1.75.....	\$ 376 25
do extra night services attending immigrants, 23 at \$1.....	23 00
	<u>400 25</u>

Does the ordinary salary not cover the services for attending immigrants? If not, please state what the payment for services does cover. The accounts for extra services are not certified by the agent.

Ottawa City, Corporation taxes for year 1889..... \$63 70

Please inform me if this payment covers the taxes on any portion of the building other than that used for the immigrant office.

Toronto Agency.

A Gaunt, services, July 1 to Nov. 30, at \$1.....	\$153
do do Dec. and Jan., at \$50.....	100
do do as clerk, and during absence of agent, to Nov. 30, 158 days, at 50 cts.....	78
do meeting night trains to Nov. 30, 77 nights, at \$1.....	77
	<u>408</u>

If the nature of the services which the ordinary pay covers were shown to be such as not to interfere with the performance of his extra service as clerk in the office during Mr. Donaldson's absence, for which extra pay is allowed, it might be evident that "meeting night trains" was not also covered by his regular pay, and that the extra allowance is thereby necessary. From Mr. Donaldson's accounts for travel it appears that he was absent 54 days in all.

J. A. Donaldson, expenses of office from July 1 to Jan. 31, 1890, \$125.87; cleaning sheds, &c., at various times, \$13.90; cab-hire, \$53; street car fares, \$32.15; expenses covered by vouchers, \$26.82. If Mr. Donaldson would give the names of the persons to whom he paid \$13.90 for "cleaning sheds at various times," with the dates, as well as the calculation of the amount (\$53) paid for cab-hire, showing it to be in accordance with the city tariff and to places not to be reached by street cars, together with the dates and amounts of the expenditure on street cars each day, it would relieve his accounts of that vagueness which marks them as they stand.

J. A. Donaldson, travel, \$375; fares, \$298; hotel, \$77. The hotel expenses should be detailed showing the expenditure at each place on the particular date of visit.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture.

DETAILS OF EXPENDITURE.

B—209

AUDIT OFFICE, OTTAWA, April 29, 1890.

SIR,—Let me call your attention to some remarks I have to make upon the vouchers in connection with the vote for "Care of Archives."

Travelling.—D. Brymner, from 10th to 26th July, \$42.35. This account does not bear the dates on which each item of expenditure was made. The Order in Council of December 17, 1889, requires all officers travelling on Government business to sign the certificate: "The whole of the expenditure was incurred on Government business." A charge for single fare each way was made, while return tickets are good for thirty days. Travel of Civil Servants should be charged to Civil Government Contingencies.

Purchase of Books.—51 Vic. chap. 17, sec. 2, as amended in 1888, directs that all books shall be purchased through the Stationery Office.

R. J. Wicksteed.—Collection of 1,356 maps, \$50.00. Please give more minute details of this sum, showing by what calculation the amount was arrived at.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 1, 1890.

SIR,—Cheque 5222 covers a payment of \$40.32 to T. H. Morgan for extra services superintending removal of models from Western Block to Langevin Block from 16th July, 1889, to 27th August, 1889, at the rate of 28 cents per hour.

Mr. Morgan is a Civil Servant, being employed and paid under the authority of an Order in Council out of your vote for Civil Government Contingencies. I must therefore point out that the payment for such extra services was illegally made. (See section 12, Civil Service Act, as amended in 1888).

A similar payment was made by cheque 4671 to J. Thomson, amounting to \$44.24, to which I called your attention in my letter of 14th March, 1890.

Please obtain a refund of the above amounts. Charges such as the above do not seem to be covered by the vote for "Census and Statistics," nor does there seem to be any connection between them.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture.

Voucher 775—C. A. Cooper, in "Emigrant," 4 months...	12 17

Please explain why the certificate of the Queen's Printer does not support these payments. A specimen copy of the advertisement should be attached to each account.

Voucher 721—R. Berns, storage of exhibits "as arranged by Sir Chas. Tupper's letter to me of Oct. 1, 1888.".. \$146 00

Please send me a copy of the letter referred to in the above account.

Voucher 727—H. J. Burton & Son, "Mounting moose head on oak shield."..... \$ 17 03

This is described in the account as the "property of J. G. Colmer, Esq., and delivered to J. H. Hubbard at Colonial and Indian Exhibition." It is not clear why this service was made a charge against the Government. In your explanation please state what disposition was made of the head after exhibition.

J. L. McDOUGALL, A.G.

AGRICULTURE DEPT., OTTAWA, Aug. 6, 1890.

SIR,—I have the honour to make the following statements in reply to the enquiries in your several letters respecting the expenditure by this Department for the year 1889-90 under the heads of the several votes administered under the responsibility of the Minister of Agriculture. An answer was not earlier furnished for the reason, first, that it was desired to make the statement as a whole, and, second, because some of your inquiries involved correspondence with the London office and distant agencies of the Department.

Washing Towels.—This item has been apportioned between the ordinary Civil Government Contingencies and the services under the votes for Census and Statistics, and Health Statistics, in consequence of a large number of temporary clerks being paid from the votes under the heads named. The apportionment is made as accurately as possible.

Extra Service, J. Thomson and T. H. Morgan.—The payments to each of these extra clerks, for assisting in removing the records and other property of the Department from the West to the Langevin Block, were \$44.24 to Mr. Thomson and \$40.32 to Mr. Morgan, each at the rate of 28 cents per hour. You call my attention to section 12 of the amended Civil Service Act of 1888, and you tell me that these payments, being made to Civil Servants, are illegal, the parties being appointed by Order in Council and paid from Civil Government Contingencies. In reply I have to state: it is true Messrs. Thomson and Morgan were appointed by Order in Council, but only to the position of "supernumerary and temporary" clerks, in virtue of section 47 of the amended Civil Service Act. I do not find that section 12, Civil Service Act, to which you refer me, sustains your contention. It states explicitly that no extra pay shall be given to any Civil Servant, or employee, "or to any person permanently employed in the public service." Messrs. Thomson and Morgan are not "permanently employed." On the contrary, sub-section 2 of section 47, above referred to, in virtue of which they are appointed, states in terms that "such temporary employment shall not be considered as giving any claim to permanent employment." (51 Vic., chap. 12, sec. 11). You will see, therefore, that by statutory definition these gentlemen cannot, under their present respective appointments, be other than "supernumerary and temporary" clerks; and thus by the terms of section 12, to which you refer, they are excluded from the provisions of the enactment.

I have to say, in relation to your further remarks on this head, that the extra services which were paid for were necessary in the interest of the public service, and even urgent for the Department at the time of its removal, in order not to prolong unduly the agony of that operation. It was desirable that the Department's own employees should look after its own documentary property. You remark that "models" do not seem to have any connection with "census and statistics." The inference is undoubted. But it is yet a fact that the models, and census and statistics documents, were removed together; and I think you will admit that the Department is the most competent judge of the apportionment of its own services.

C. Charlebois, copying, 38 days at \$1 a day, \$38.—You remark that this account is not certified, and appears to include payment for copying on Sundays. The absence of the certificate is simply an error in sending to you the account without it. It will be furnished. The work was done outside of the Department under my personal direction. The copying covers 170 large pages of tabular matter of 18½ by 12½ inches each page; and many pages would include three or four ordinary folios. I consider, therefore, that there is a large amount of work for 38 days, including the ruling of the folios in columns.

Automatic Refrigerator Co.—Ash case for fyles, \$3.—It was represented by the officer in charge that this was wanted immediately at the time. It was therefore purchased and paid for from the Census vote, as a petty item of Census contingencies, not to be a precedent for any considerable expenditure, but as a short cut in a particular and exceptional case for securing efficiency. The routine of a requisition is sometimes more than a month.

F. C. Chittick.—Travelling expenses, \$40.—The details of this item have been furnished. As respects your remark that it should be charged to Civil Government Contingencies, I adhere to the explanation given to you in previous correspondence on this subject. The enumeration of services in the Civil Government Contingencies Act, which may be paid from contingencies, is simply permissive. It establishes only that travelling expenses of Civil Servants may be charged to contingencies. But I am not aware it is anywhere stated, when a Department is charged to give effect to a particular vote of Parliament, that such Department may not authorize any necessary expenses to do so to be charged to that vote. Travelling in the service of this Department is frequently necessary to give effect to votes for public health, quarantine, immigration, census and statistics, archives, international exhibitions, &c.; and its Civil Government Contingencies are not estimated to cover such expenditure. But, as I explained to you before, when travelling is ordered by the Minister for any general service of the Department the expense is always charged to Civil Government Contingencies, in accordance with the permission of the Contingencies Act.

Certificate to be attached to accounts for travelling expenses.—There is no objection to use, and the Department will in future use, the form of certificate to which you refer, it being prescribed by Order in Council. But I may be permitted to point out that the carefully considered printed form of certificate which has been in use by the Department is precisely to the same effect, and, in my opinion, quite as searching. Such certificate is in the following words: "I certify that the above account (the particular service and vote being part of the statement by the printed form), is correct and just in all respects; that the distances as charged have been actually and necessarily travelled; and that the expenses above charged have been actually incurred and paid at the rates therein specified."

Hamilton Agency.—Mr. Rissman's services.—Mr. Rissman is caretaker, messenger and interpreter. He speaks several languages. In addition to his ordinary duties, he attends the Sunday night trains, and was allowed \$1.25 extra a day for this service. The item of \$50 for January is a re-adjustment, including the extra service.

Kingston Agency.—\$2 paid to Mrs. Muckleston's Orphan Home.—You ask if this charge is a personal subscription. It is not such. It is a charge for services; and as a condition of its payment, Mrs. Muckleston allows the immigration agent to send the children of destitute immigrants to the Home, until the parents themselves have work for them.

Ottawa Agency.—Mr. Akerlindh, \$23 for extra services.—You ask if Mr. Akerlindh's ordinary pay does not cover this. The answer is, it does not. His ordinary pay, \$1.75 per day, covers his ordinary day's service, such payment being very moderate for the efficient services he renders and his special attainments, he being skilled in the Scandinavian and German languages. The extra night services for which \$23 were paid, from July to January, cover a charge for meeting special immigrant trains arriving very late at night.

Ottawa City Corporation.—Taxes, \$63, for the Immigration Agency.—You ask if this payment covers the taxes on any portion of the building other than that used for the immigration office? The answer is, that it covers the whole building, including the portion used for the dwelling of Mr. W. J. Wills. Both dwelling and taxes have for many years been allowed to Mr. Wills, for the reason that his living at the office ensures his constant attendance, both for night and day services, the night service being of constant recurrence. This form of remuneration for Mr. Wills' night services, not covered by his ordinary salary, is thought to be extremely moderate.

Toronto Agency.—Services of Arthur Gaunt.—The services of Arthur Gaunt have been charged at \$1 per day as caretaker; but he is at the same time an interpreter, a telegraph operator, and a clerk assistant in the office. It has been considered better, in order to avoid the extra charges to which you refer, and which have been paid for many years, to make him one payment of \$50 per month, to cover all services. This has been done.

Expenses of Toronto Immigration Office.—I communicated to Mr. Donaldson your request to be furnished with details in the particulars stated; and for an answer to your question I think it better to give you his letter in reply. It is hereto annexed.

Mr. J. A. Donaldson's hotel expenses.—You say the details of these should be given. The Department has not asked for details of hotel expenses of agents travelling when it was seen that they were less than the usual living expenses allowed to agents when travelling. All Mr. Donaldson's charges have been checked by this rule.

Mr. Brymner's travelling expenses.—Archives Service.—The remarks in a preceding paragraph of this letter, relating to Mr. Chittick's travelling expenses, are substantially the answer to your question under this head. As respects the single fare ticket to which you refer, Mr. Brymner writes to me to explain as follows: "The reason single tickets were taken in the journey of July, 1889, was that by taking returns no stop-over is allowed. I was, therefore, obliged to take single tickets, or to go to one of the places, come home, and return to the other, a waste of time and money."

Purchase of books for Archives.—You call my attention to the Act 51 Vic., cap. 17, section 2, of 1888, which you say "directs that all books should be purchased through the Stationery Office." I cannot see that your reference applies to the case in question, in that the law simply refers to books purchased for the use of the Department. The books purchased by Mr. Brymner for Archives are not ordinary books, which might be purchased by the Comptroller of Stationery in the open market. They are, on the contrary, for the most part, special books, probably out of print, in the hands of private parties, bearing on the history of Canada, and for the purpose of being classified and kept under the special provisions of the Order in Council referring to Archives documents. You will see, therefore, that the section to which you refer has no relation whatever to documents of this nature.

R. J. Wicksteed, Collection of maps for Archives, \$50.—You ask for more details, showing by what calculation the amount was arrived at. I have obtained from Mr. Brymner the following report on this head: "With respect to the maps bought from Mr. Wicksteed, I may state that the mounting alone of this large collection amounted to \$130, exclusive of the value of the maps unmounted. The maps were wanted, and having due regard for economy, I offered Mr. Wicksteed \$50, which sum was accepted."

Cutting machine, \$13.85.—The cutting machine referred to was necessary for the binding of the Archives in the Department. This binding has to be done in the Department, in accordance with the provisions of an Order in Council forbidding any documents whatever to be taken out of the Archives branch, for any reason.

London Office accounts.—Advertising in "Royal Agriculture," "The Canadian Gazette," &c.—You ask why the certificate of the Queen's Printer does not support the payments for advertising in England, specified by you. The general Order in Council having relation to this matter refers to such advertisements as are published in Canada. The conditions that prevail in England are quite different, and the practice is, that the Minister authorizes the High Commissioner to advertise to a certain specific extent, he acting under his responsibility as to making the best terms under the regulations relating to advertising in England. The checking of accounts for English advertisements could not well be done with efficiency in Canada. As respects copies of advertisements with the accounts, a request will be made of the High Commissioner to furnish such as desired by you.

R. Berns, storage of exhibits.—The following is the statement in Sir Charles Tupper's letter to Mr. Berns, of 1st October, 1888, referring to this matter, and with which you desired to be furnished. "Mr. Colmer, on his return to London, informed me of his conversation with you on the subject of the goods from the Antwerp Exhibition, now in your warehouse. I confirm the arrangement discussed between you and Mr. Colmer, and which is mentioned below; but before doing so, I wish it to be perfectly clear that my action is without prejudice to the position the

"Government have all along taken in the matter. On this understanding I agree to make you a payment of \$146 for your services, and for the supervision you have exercised in connection with the goods, which amount, I believe, you accept in settlement of all your charges upon the goods up to the present time. On the other hand, you undertake to carry out my direction on behalf of the various exhibitors with regard to the goods, and I now enclose you a list of the exhibits in your possession, with my instructions written against each case."

Such was the settlement agreed to by Sir Charles Tupper for long claims by Mr. Berns for services extending over the period of the Antwerp Exhibition, and for the storage of exhibits during that period.

Mounting a moosehead on oak shield, \$17.03.—I have to state that the explanation furnished to the Department was, that this was a head lent by Mr. Colmer for a characteristic ornamentation of the Canadian Department of the Colonial and Indian Exhibition. The expense incurred had for its object to place this ornament in position, to be made available for the use of the exhibition; and such was the service for which the money was paid. After the exhibition the head was returned to its owner.

I have replied *seriatim* to all the questions you have put respecting the expenditure of the appropriations of this Department for the last fiscal year.

The Auditor General.

I am Sir, your obedient servant,

J. LOWE, D.M.A.

IMMIGRATION OFFICE, TORONTO, May 5, 1890.

DEAR SIR,—In reply to yours of 2nd containing complaints from the Audit Office respecting office expenses at that agency, I beg to reply as follows:—

Cleaning sheds, \$13.90.—This was disbursed in small sums of 50 cents and upwards. I have generally given the job to any needy immigrant who may be about and willing to earn a trifle in cleaning up after the people have left. As this sometimes occurred three or four times in a week I did not keep names and dates, nor get receipts. Will, however, do so in future, if you think it necessary.

Cab hire, \$53.—From the accounts sent in monthly you will see that all dates are given and places to which cabs are taken. Out of this total, the sum of \$21.25 was expended in taking Messrs. Colmer, Dyke and Just about the city at various times when they were here. The tariff for cab hire in the city is \$1 per hour, and there are few times when an hour and a-half has been exceeded, which is as small an amount of time as can be taken to do business between this place and the city.

Street car expenses.—The distance of the office from the business centre of the city necessitates my using the street cars often, the expenses of which may amount to a little over a dollar a week, and this includes a number of tickets I give to immigrants. Trusting these explanations will be satisfactory,

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture.

J. A. DONALDSON.

AUDIT OFFICE, OTTAWA, Dec. 10, 1890.

SIR,—Referring to paragraph 17 of your letter of 6th August last regarding the taxes on Mr. Wills' house and office, I beg to ask for the authority under which the allowance was first made.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 9, 1889.

SIR,—With further reference to the payments for moving models during the last fiscal year from the vote for "Census and Statistics" to Messrs. Morgan and Thomson, two extra employes, charged to Civil Government Contingencies, I under-

stand your view to be that these extra employés do not come under the words of the amended sec. 51 of the Civil Service Act: "Any employé in the Civil Service of Canada or any other person permanently employed."

The extra employés charged to Civil Government Contingencies belong to the Inside Service. This is understood and acted upon by the other Departments. My reading of the section is that "permanently employed" refer only to persons who are not, technically speaking, in the Civil Service. If my reading is correct every person in the Civil Service, whether permanently or temporarily employed, is prevented from legally receiving extra pay.

Please make the refund at your early convenience, or take the other course prescribed by sec. 47 of the Audit Act: an appeal to the Treasury Board against my ruling "that extra clerks charged to Civil Government Contingencies are employees in the Civil Service, and as such are unable to receive extra pay."

I admit your proposition that the Department is the best judge of the distribution of its expenditure; but sec. 44 of the Audit Act, "The Auditor General shall ascertain whether the money expended has been applied to the purposes for which the grant was intended to provide," prevents me from accepting a payment for removing models as a charge against "Census and Statistics." However, this question will lose its immediate importance if the amounts are refunded.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 30, 1890.

SIR,—Referring to that part of your letter of August 6 in explanation of the direct purchase of an ash case for fyles for the Census Branch, I beg to say that the alleged urgency of the requirement is not a valid excuse for the infringement of an Act of Parliament.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture.

J. L. McDOUGALL, A.G.

AGRICULTURE DEPT., Nov. 7, 1890.

SIR,—Referring to your letter of the 30th ult. in relation to the direct purchase of an ash case for fyles for the Census Branch, you state that the alleged urgency of the requirement is not a valid excuse for an infringement of an Act of Parliament.

I should feel much obliged if you would kindly indicate the section of the Act to which you refer as authority for this statement.

I am, Sir, your obedient servant,

The Auditor General.

J. LOWÉ, D.M.A.

AUDIT OFFICE, OTTAWA, Nov. 17, 1890.

SIR,—I beg to acknowledge receipt of your letter of the 7th inst., asking me to indicate the section of the Act which would prevent your purchase of an ash case for the Census Branch.

In reply I beg to refer you to Consolidated Statutes, chap. 36, sec. 5, sub-sec. 2, which reads as follows: "The Minister (of Public Works) shall have the management, charge and direction of the heating, maintenance and keeping in repair of the Government buildings at the seat of Government, and any alterations, from time to time requisite therein, and the supplying of furniture and fittings, or repairs to the same."

I understand this to mean that the Minister of Public Works alone has the supplying of furniture and fittings for the Government buildings at Ottawa.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture.

J. L. McDOUGALL, A.G.

AGRICULTURE DEPT., OTTAWA, Nov. 20, 1890.

SIR,—I am obliged for your letter of the 17th inst., in reply to mine of the 7th, indicating the section of the Act on which you rely for the statement in your letter of the 30th ult., to the effect that the alleged urgency of a departmental requirement is not a valid excuse for an infringement of an Act of Parliament.

The question has relation to an item for a purchase from the Automatic Refrigerator Company of an ash case for fyles for the Census service, of the value of \$3.

I was fully aware of the section of the Act to which you refer (sub-sec. 2, sec. 5, chap. 36, Con. Stat.) I had, previously, carefully considered its provisions. The reason of my question to you was to ascertain if there were any further statutory provisions on which you relied for authority in telling me that my explanation to you relative to an item to which you took exception had only for its basis an "infringement" of law.

I cannot agree with your conclusion, for the following reasons:—

The item in question is a contingency, by every sign by which a contingency is known, and comes under the definition of sub-section (*h*) of section 2 of "The Contingencies Act," which contains a definition in the following words: "Petty expenses, not exceeding, in any Department, a sum apportioned by Order in Council"—that is to say, not exceeding our contingency vote.

The items of "petty expenses" are undefined, and therefore may apply to any petty service for which there is immediate need—such being, by the Act last referred to, a departmental contingency.

While I allege, however, the fact of the item in question being a contingency, as a general answer to the statement in your letter, I think it well to say to you that it was a special provision of law, relating to the Census, on which I relied for my action, and respecting which it appears from this correspondence that you have been unaware.

I beg to call your attention to the provisions of the Census Act, this item of expenditure having been incurred for the service of the Census. Section 26 of chapter 58 of the Consolidated Statutes of Canada contains the following provision:

"All expenses incurred in carrying this Act into effect shall be paid out of such moneys as are provided by Parliament for that purpose."

The administration "of such moneys" and "carrying into effect this Act," under this provision of law, are responsibilities which belong to the Minister of Agriculture. I have only to add that this item of petty contingencies was one considered to be necessary for carrying this Act into effect, and, therefore, has been properly paid.

I am, Sir, your obedient servant,

The Auditor General.

J. LOWE, *D.M.A.*

AUDIT OFFICE, OTTAWA, Dec. 9, 1890.

SIR,—In reply to your letter of the 20th ult., regarding the purchase of an ash case without the sanction of the Public Works Department, I may say that the small sum involved might justify the cessation of the correspondence, but that it seems necessary to obtain a clear appreciation of the principles which should govern this class of expenditure.

The appropriation from which such articles should be paid is one thing: the restrictions on the purchase are a separate and distinct thing.

I do not think that the clause in the Census Act which you quote justifies the charge of the cost of articles of furniture for use in the Department to the Census appropriation; but whatever doubt there may be with reference to this point, there is nothing in the section to warrant the purchase, except through the Public Works Department.

You do not contend that you can procure stationery or get printing done except through the Department of Printing and Stationery, or that you can incur obligations for legal services except through the Department of Justice, although the

payments are charges against appropriations assigned to the Department of Agriculture. Is the Public Works Act less clear in this case than the Printing and Stationery Act, or the Order in Council with reference to legal services?

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture.

J. L. McDOUGALL, A.G.

AGRICULTURE DEPT., OTTAWA, Nov. 8, 1890.

SIR,—I have carefully considered the several statements in your letter of the 9th ultimo in reply to mine to you of the 6th of August last, on the subject of a payment for services after office hours from the Census and Statistics vote to Messrs. Morgan and Thomson, two supernumerary and temporary clerks in this Department, their salaries being paid from Civil Government Contingencies, and I do not find the reasons stated in your letter at all conclusive of the questions in issue.

I find the discussion would have been very much clearer if you had used in your letter the exact words of the statute, in place of substitutions which you furnish as equivalents.

For instance, you state that "extra employés" charged to Civil Government Contingencies belong to the Inside Service, by which term I take it that you mean the regular Civil Service. There is no such word in the Civil Service Act as "extra employé." The 47th section, in virtue of which "supernumerary and temporary clerks" are employed defines them throughout in the words "supernumerary and temporary clerks."

You state to me: "I understand your view to be that these extra employés do not come under the words of the amended section 51 of the Civil Service Act, "and any employé in the Civil Service of Canada, or any other person employed "permanently."

The word "employé" appears in section 51, but not in the terms of your quotation. You have separated it from its context and altered its shade of meaning, in order to give it that which you wish to enforce. The section reads:—

"No extra salary or additional remuneration of any kind whatsoever shall be paid to any Deputy Head, officer or employé in the Civil Service of Canada, or any other person permanently employed in the public service."

I find that there is an ambiguity of definition in these words, but I can only understand the meaning of "employé," in the category of "any Deputy Head, officer or employé," "employé" being used as a generic word to include all the kinds of persons employed in the regular service, as distinguished from "supernumerary and temporary" clerks, afterwards distinctly specified in the Act; and the subsequent clause of the section quoted "or any other person permanently employed in the public service" seems clearly to fix the intention of permanency in this provision.

You say to me that your reading of the section is that "permanently employed" refers only to "persons who are not, technically speaking, in the Civil Service."

I should like to ask how any clerk can be permanently employed in any of the Departments in the Inside Service and not, at the same time, be a Civil Service clerk? And you add:—

"If my reading is correct, every person in the Civil Service that is permanently or temporarily employed is prevented from legally receiving extra pay."

Much as I generally respect your opinions, I should have considered the value of this one to have been very much greater if it had been supported by any authority from the words of the Act.

Sub-section 2 of section 47 of the Act states in express terms, in reference to the employment of "supernumerary and temporary" clerks, that such temporary employment shall not be "considered as giving any claim to permanent employment." But if, on the other hand, these temporary supernumeraries could be held to belong to the "Inside Service," a term which can only mean the Civil Service, which is perma-

ment, what becomes of the meaning of the express term of the Act, that such "supernumerary and temporary employment as theirs, shall not 'be considered as giving any claim to permanent employment.'"

If, therefore, the disabilities in section 51 refer to the permanent staff of the Service, and I do not see that it can be held to have any other meaning, I cannot at all understand your objections to the payment to Messrs. Morgan and Thomson, referred to in this correspondence.

You further tell me in your letter above referred to that while you admit the proposition that the Department is the best judge of the distribution of its own expenditure, you still hold that the provisions of the Audit Act prevent you from accepting a payment for removing models as a charge against Census and Statistics.

In reply to this I have to say that I stated to you in express terms of my letter of 6th August last that the two supernumerary and temporary clerks referred to were engaged, with other permanent clerks of the Department, to whom no extra pay could be given, out of office hours, in removing the models and records of the Patent Office, and also, at the same time, the very voluminous records connected with Census and Statistics. It was, therefore, an error in making out the accounts to apportion the services referred to to the models. The apportionment ought to have been to Census and Statistics. I therefore ask that the form of the accounts be amended, as an error. I state positively that in the joint services the payment to Messrs. Morgan and Thomson can properly be apportioned to the removal of the heavy records connected with Census and Statistics.

Of course, if you still adhere to the conclusion in your letter of the 9th inst., it will only remain to ask for an appeal from such decision to the Hon. the Treasury Board, in virtue of section 47 of the Audit Act.

The Auditor General.

I am, Sir, your obedient servant,
J. LOWE, D.M.A.

AUDIT OFFICE, OTTAWA, Dec. 10, 1890.

SIR,—Referring to the correspondence regarding the payment of Messrs. Morgan and Thomson for extra services, I beg to suggest that the question be referred by you to the Treasury Board.

The Dy. Minister of Agriculture.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 30, 1890.

SIR,—Referring to that part of your letter of August 6 (paragraph 25), relating to the purchase of books for Archives, I beg to say that I cannot agree with you in your interpretation of the section of the Printing and Stationery Act already referred to by me. You state that "the law simply refers to books purchased for the use of the Department," and that the section in question "has no relation whatever to documents of this nature." A careful reading of this section will show that the purchase of *all* books must be made through the Stationery Office. This refers to books required both directly and indirectly for the use of the Department, as will appear from the exceptions made in the latter part of the section. These exceptions are books required for the Library of Parliament and books required for the chaplains, libraries or schools in the penitentiaries, none of which can be said to be directly for the use of the Departments.

As regards your reference to the Order in Council referring to Archive documents, I beg to remind you that no Order in Council can modify the application of an Act of Parliament. Probably it is inexpedient to buy books for the Archives through the Stationery Office. If so, the Act should be amended.

The Dy. Minister of Agriculture.

I am, Sir, your obedient servant,
J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Feb. 13, 1890.

SIR,—Let me call your attention to some irregularities in the details of your cheques issued in payment of Colonial compensation pensions.

1. All cheques should be made out, "pay to the order of _____," and not "pay to _____ or bearer," or "pay to _____ or order."

2. The person who signs as witness to pensioners' marks should not be the maker of the cheque (see cheque 19 to C. Cavanagh.)

3. Cheques should be made out in the name of the pensioner, and his signature is necessary as endorser (see cheque 28 to Francis Hughes.)

I am, Sir, your obedient servant,

Capt. JOHN ROBERTS, Hamilton.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 15, 1890.

SIR,—The certificate attached to the accounts of the Government Cartridge Factory, Quebec, is written as follows:—"I certify that the above account is correct as regards the quantities received, the prices of the articles, and the amounts therein mentioned, and that none of the above items have been previously certified for payment." This certificate does not include the necessary declaration that the "prices are fair and just, or according to contract."

No certificate was attached to Voucher 5 of December in favour of Chinic Hardware Co., for 16 casks of iron strips, 13,527 lbs., at 4½ cents, \$608.72. The account forwarded to this office appears to be a copy only. Please send me the original.

In Voucher 9 of November, in favour of Chinic Hardware Co., for 19 casks of iron strips, 14,893 lbs., at \$4.87—\$725.29—that portion of the certificate which reads "the prices of the articles" was scored out. Please explain the different rates of 4½ cts. and 4.87 cts. per lb. paid for iron strips in the above accounts.

Payments amounting to \$3,394.36 from July to December for *piece work* at the Cartridge Factory are unsupported by the receipts of the persons who received the money. Please obtain a paylist comprising the six months ended 31st December, B—276

1889, with the signatures of the claimants, and I would ask that in future the signatures of the employés, as well as the calculations by which the amounts are made up, be included in the paylist for piece work.

The Deputy Minister of Militia.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.C.

MILITIA DEPT., OTTAWA, May 14, 1890.

SIR,—In reply to your letter of April 15, on the subject of expenditure for Government Cartridge Factory, Quebec, 1889-90, I have the honour to state as follows:—

1. The original voucher, No. 5, December account, 1889, Chinic Hardware Co., for 16 casks of iron strips, 13,527 lbs., at $4\frac{1}{2}$ cents, \$608.72, asked for by you (copy fyled with the account) was forwarded to the Customs Department at Ottawa for refund of duty, \$87.92, to that firm, and the duty, it appears, was refunded to the firm on February 14, 1890. The Superintendent of the Cartridge Factory states that he did not certify the prices of the articles, as the claim contained the charge for Customs duty, and an item of \$4.20 for cartage which he did not consider the Department of Militia should pay. Both of these items were deducted by the Militia Department on payment of the account.

2. "Voucher No. 9, November account, 1889, Chinic Hardware Co., 19 casks of iron strips, 14,893 lbs., at \$4.87 cents, \$725.29 "certificate relative to prices scored out." The Superintendent explains that he scored out that part of the certificate, because he thought the prices appeared a little too high, but there was, however, extra packing, &c., in this case, to secure strips from rust, a previous lot having suffered in this respect, and, he adds, "that may account for advanced prices."

3. Payments for piece work.—I forward herewith the Superintendent's letter of the 28th ultimo., in explanation, in which he points out the impracticability of obtaining receipts, and that most of the piece work operatives are uneducated children, whose receipts would have no practical value; also that the system followed at the Government Cartridge Factory, Quebec, for paying piece work operatives is exactly that of the Royal Arsenal at Woolwich, England, and he adds that the interests of all concerned are protected by his constant personal control.

I am, Sir, your obedient servant.

The Auditor General.

C. EUG. PANET, D.M.M.

GOVT. CARTRIDGE FACTORY, QUEBEC, April 28, 1890.

SIR,—With reference to your letter *re* expenditure for Cartridge Factory, I beg to reply as follows:—

1. I shall take necessary steps to have a stamp made and use it as my certificate on claims for stores received.

2. I enclose copy of correspondence *a*, dated Nov. 5, 1889, explaining why I withheld my certificate on account of Chinic Hardware Co., dated June 12, 1889; subsequently I received a telegram from the Secretary of Hon. Minister of Militia and Defence to send account not certified (copy of telegram herewith I enclose). Also copy of my correspondence dated Dec. 12, 1889, *b* explaining what had become of the account as far as I knew, which may help to explain why a copy was fyled for payment instead of the original and duplicate, and why I was obliged in answer to your telegram of Dec. 16, 1889, (copy herewith), to send a certificate as to articles being for Militia purposes, on a separate document.

3. I scored out my certificate as to price being correct on the account of Chinic Hardware Co. dated Nov. 4, 1889, \$725.29, because the price appeared to me a little high. However, there was extra packing in this case to secure strips from rust, a previous lot having suffered in this respect. That may account for the advance

charged. I would renew my suggestions on the advisability of obtaining from the Chicnic Hardware Co. quotations before ordering material. I refer on this subject to my letter of Nov. 5, 1889, copy marked *a* herewith.

4. I answer on this subject by a separate letter reproducing, in the main reasons given on the subject in my letter dated Feb. 3, 1885.

I am, Sir, your obedient servant,
The Deputy Minister of Militia. O. C. PREVOST, *Supt.*

CARTRIDGE FACTORY, QUEBEC, Nov. 5, 1889.

SIR,—With reference to correspondence dated Nov. 2, 1889, on the subject of a claim from Chicnic Hardware Co. of Quebec, being an account for \$701.46 for quantities of iron strips supplied to the Government Cartridge Factory, and dated June 12, 1889, I beg to state: (1.) This account was presented to me and I refused to certify it as it contained a charge for cartage, \$4.20, which it is unusual to allow; (2.) Because there was an amount of \$87.93 charged for duty on the iron strips which it was also unusual to pay, as the Department had already refused to pay such duties. If it is thought proper by the Department that these amounts should be allowed on the bill I am quite ready to certify it, as otherwise the account is correct in so far as the quantities are concerned. As regards the price there is an advance of $12\frac{1}{2}$ per cent. over the importation of 1887. I think this cannot be explained by any reasonable fluctuations of the market, and I would again insist upon quotations being obtained from the Chicnic Hardware Co. before giving orders for material. I shall await instructions.

I am, Sir, your obedient servant,
The Deputy Minister of Militia. O. C. PREVOST, *Supt.*

CARTRIDGE FACTORY, QUEBEC, Dec. 16, 1889.

SIR,—With reference to the account of the Chicnic Hardware Co. dated June 12, 1889, the amount of which is \$697.26, including duties, but no cartage, for iron strips supplied to the Government Cartridge Factory, I sent this account to the Department duly certified in duplicate, Nov. 14 last. The duplicate only was subsequently returned to the Chicnic Hardware Co. through me, to get back the amount of Customs duties refunded and deducted from the amount of the account. I further communicated with the Chicnic Hardware Co. on the subject, and they had in possession the duplicate account until the 14th inst., when, I am informed by them, they sent it to Ottawa. I am therefore unable to certify on the account itself as your telegram of to-day directs me to do, that the articles were received and required and used for the manufacture at the factory of small arm ammunition for the Militia of the Dominion. I therefore send a certificate to the above effect as a separate document, which you will please find enclosed.

I am, Sir, your obedient servant,
The Deputy Minister of Militia. O. C. PREVOST, *Supt.*

CARTRIDGE FACTORY, QUEBEC, April 28, 1890.

SIR,—With reference to memorandum dated 24th instant, inquiring if the request of the Auditor General can conveniently be met, as regards obtaining receipts from the piece-work operatives employed at Government Cartridge Factory, for sums paid to them, I beg to state that such course is not practicable in an establishment of this kind. The operatives (who are not permanent) must be paid weekly, as this is the custom of the general trade, and we must be governed by it here, when going into this labour market for our employees.

There is a constant changing of hands going on—some leaving after a week or even a few days. There is not a manufacturing establishment anywhere, I believe,

where the signing of receipts of the kind asked for is in force for piece-work operatives. Signing pay sheets would mean several hours waste of time diverted from manufacture every week, which cannot be afforded. As to detaining operatives after hours for this purpose it cannot be done. I may add that most of the piece work operatives are children, uneducated, and their receipts would have no practicable value.

The system followed at this establishment for paying piece work operatives is exactly that of Woolwich Arsenal.

The interests of all concerned are I trust fully protected in this matter by my constant personal control, and I hope the system followed at present may be allowed to be continued as the most conducive to fair returns for expenditure incurred.

I am, Sir, your obedient servant,
 The Deputy Minister of Militia. O. C. PREVOST, *Supt.*

 AUDIT OFFICE, OTTAWA, April 16, 1890.

SIR,—Payments were made to R. Watson for “work done during month inspecting military clothing,” &c., as follows:—

June,	13½	days work at \$10 per diem.....		\$135 00
July,	7½	do do		75 00
August,	6½	do do		65 00
Sept.,	7½	do do		75 00
Oct.,	8	do do		80 00
Nov.,	9½	do do		95 00

The above accounts are not made out in sufficient detail, inasmuch as they do not show the dates on which the inspections were made. The description of the services is rendered too indefinite by the use of the symbols “&c., &c.”

I am, Sir, your obedient servant,
 The Deputy Minister of Militia. J. L. McDOUGALL, *A. G.*

 MILITIA DEPT., OTTAWA, April 30, 1890.

SIR,—In reply to your letter of the 16th instant, I have the honour to state that the Inspector of Military Clothing has been directed to give the details, as required by you, in future claims rendered by him for services as inspector, in connection with this Department.

I am, Sir, your obedient servant,
 The Auditor General. C. EUG. PANET, *D. M. M.*

—————
 AUDIT OFFICE, OTTAWA, April 18, 1890.

SIR,—Cheque 327 covers a payment of \$85.56, for which the following account has been received:—

Estate late Lt.-Col. Lamontagne to C. A. Dumaine, Undertaker, June, 13, 1889.

B. W. casket extra trimmed and lined with zinc.....	\$50 00
Dressing and shaving, corbillard, decorating room.....	15 00
Body cooler and ice, 3 days	5 00
12 candles.....	3 00
52 yards crape at 18 cts.....	9 36
9 yds. ribbon at 10 cts.	0 90
2 pairs kid gloves.....	2 30
	85 56

The above account is “forwarded and recommended for payment” by Lt.-Col. d’Orsennens, D.A.G., and “forwarded” by Major General Sir Fred. Middleton. Please explain why this was made a charge against the Government? The usual gratuity

of two months' salary, \$283.32, was paid to the widow of the late Lt.-Col. Lamontagne, and I understand is intended to cover such charges as the above. It would seem that the item was inadvertently included in the Paymaster's accounts. If so, the amount should be refunded.

I am, Sir, your obedient servant,
The Deputy Minister of Militia. J. L. McDOUGALL, A.G.

MILITIA DEPT., OTTAWA, April 23, 1890.

SIR,—The account to which my attention is called by your letter of the 18th instant, was not inadvertently included in the Paymaster's accounts. The claim was made by the widow of the late Lieut.-Col. Lamontagne. This officer commanded the district in which he died and was buried with military honours. This account was duly examined and recommended to be paid as a fair and reasonable charge against the public. It was paid upon the order of the Minister.

I am, Sir, your obedient servant,
The Auditor General. C. EUG. PANET, D. M. M.

AUDIT OFFICE, OTTAWA, April 26, 1890.

SIR,—In answer to your letter of the 23rd instant, I may ask your attention to the Order in Council of Feb. 1, 1868, which provides that a gratuity of two months' salary be paid to the widow of a deceased permanent officer. The wording of the Order shows that the gratuity is intended "to defray the expenses of illness and funeral." The sum of \$283.32, being two months' salary, was paid to the widow of Lieut.-Col. Lamontagne, and in view of this fact I cannot see that the Government is in any way responsible for a second charge for funeral expenses. I would therefore ask that the amount, \$85.56, be refunded, having been covered by the gratuity of \$283.32. I cannot certify this as a correct charge against any vote of Parliament.

I am, Sir, your obedient servant,
The Deputy Minister of Militia. J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 21, 1890.

SIR,—With reference to previous correspondence regarding the payment of the undertaker's bill in connection with the funeral of the late Lieut.-Col. Lamontagne, I beg to inform you that I shall have to refer the matter to the Treasury Board as required by the Audit Act, Section 31, unless I hear from you soon that the amount has been refunded.

I am, Sir, your obedient servant,
The Deputy Minister of Militia. J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 18, 1890.

SIR,—I have the honour to enclose herewith, under Sec. 31 of the Audit Act, for the information of the Treasury Board, a copy of correspondence with the Militia Department with reference to the payment of the funeral expenses of the late Lieut.-Col. Lamontagne.

I am, Sir, your obedient servant,
The Secretary, Treasury Board. J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 10, 1890.

SIR,—Among the vouchers in support of expenditure for "Drill Sheds and Rifle Ranges, Care and Maintenance" are two covering one year's rent of the Cataragui B—280

Bridge, Kingston. These vouchers lack certification. I enclose them herewith, and wish that you would request the Commandant of the Royal Military College, or some other competent person, to state that the price charged is fair and just.

The amount of each voucher is \$701.91. Please let me have details of the calculation.

I am, Sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

MILITA DEPT., OTTAWA, Dec. 23, 1890.

SIR,—In returning to you the vouchers in support of expenditure for “drill sheds and rifle ranges, care and maintenance,” which accompanied your letter of the 10th instant, I have the honour to state, that the payment therein mentioned is for six month rent due to the Cataraqui Bridge Co., of 300 pounds sterling per annum, \$1,403.82. This bridge is used for the troops, and the obligation to pay the above rental was transferred from Her Majesty’s military authorities in Canada, in 1870, to the Government of Canada, the latter receiving as a compensation the revenue of the Queen’s wharf, Quebec.

I am, Sir, your obedient servant,

The Auditor General.

C. E. PANET, D. M. M.

AUDIT OFFICE, OTTAWA, April 21, 1890.

SIR,—Rev. J. A. K. Laflamme, Quebec, was paid by cheque 384 the sum of \$100 for “geological information afforded to Major General Cameron and Major Mayne, and a detailed examination of the land slide in Champlain street.”

I presume you are not aware that Abbé J. A. K. Laflamme is allowed \$400 per annum by the Geological Survey Branch of the Interior Department, for reporting on the geological features of that district. It would seem that any information in this respect should be at the command of the Government without extra charge.

The account, which is only a copy, does not bear the certificate of Major General Cameron, “that the services were performed and the information afforded.”

J. E. Livernois by cheque 305, was paid \$40 for photographs of the disaster and views of Quebec. This account is not certified as being “necessary and in the interest of the public service.”

Babcock & Sons, Montreal, book and job printers, cheque 291, \$8. All printing should be done by the Queen’s Printer.

Major W. M. Drennan, K. F. B., claim for injury while at camp—pay of rank, 31 days at \$3.90, \$120.90; allowance, 31 days at \$1.00, \$31.

The certificate of the two medical practitioners is not furnished to this office (par. 907, R. & O. 1887). Why is this outlay not charged to “Annual Drill?”

I am, Sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 27, 1889.

SIR,—I notice in the accounts supporting your application for a Bill of Exchange on London, England, in favor of Wm. F. Stanley, for instruments for the Royal Military College, Kingston, that there are some articles in the account which appear similar to those usually obtained through the Stationery Office. I point this out now, that in future all articles which can be had through the Stationery Office may be obtained through it.

I am, Sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Feb. 24, 1890.

SIR,—Your application of the 21st instant, for Bills of Exchange on London, England, includes one in favor of Wm. Clowes & Son, for the sum of \$170.13, to cover an account for books not purchased through the Stationery Office. Let me call your attention to my letter of Dec. 27, 1889, in which I pointed out the necessity of procuring all stationery and books through the Stationery Office direct. (Sec 51 Vic., Chap. 17, Sec. 2). As I am unable to pass the item referred to, I return the application in order that you may make the necessary change.

I am, Sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A. G.

MILITIA DEPT., OTTAWA, March 13, 1890,

SIR,—Adverting to your letter of the 24th ultimo, respecting the account of Messrs. Clowes & Son for \$170.13, for books not purchased through the Stationery Office, I have the honor to state that I apprehend the meaning of the clause of the Act referred to (51 Vic., Chap. 17, Sec. 2) to be that, when it specifies "Books and other articles of Stationery," blank books for office use are referred to, which are in effect articles of Stationery; whereas the classification of literary works as "articles of stationery" is, I consider, not a proper interpretation of the Act as it stands.

The books in question at the present moment having been purchased from the firm in England in good faith, for the use of the Government, I would again ask for payment therefor.

I am, Sir, your obedient servant,

The Auditor General.

C. E. PANET, D.M.M.

AUDIT OFFICE, OTTAWA, March 14, 1890.

SIR,—The interpretation you give to 51 Vic., cap. 17, sec. 2, as amended in 1888, respecting the purchase of "Literary Books" otherwise than through the Stationery Office, does not, I regret to say, agree with my understanding of the intention of that clause of the Act.

The section says that "Books and all other articles of stationery of whatsoever kind" shall be purchased through the Department of Printing and Stationery, "except that books which are procured for addition to the Library of Parliament, and printed books required for the use of chaplains, libraries and schools in the penitentiaries" may be procured as before June 2, 1886.

This "exception" clause appears to leave no doubt as to the meaning of the general enactment.

I regret my inability to pass the item of \$170.13 in payment of the account of Wm. Clowes & Son for books for the use of the Military College.

Sec. 32, Sub-sec. 1 [c] of the Audit Act, provides for an appeal from my decision to the Treasury Board.

I am, Sir, your obedient servant,

The Dy. Minister of Militia.

J. L. McDOUGALL, A.G.

AUDIT OFFICE OTTAWA, April 12, 1890.

SIR,—The following certificate is attached to the Departmental form for Hotel Expenses of officers travelling on the Public Service, and signed by the claimant: "I certify upon my honor that I was actually and necessarily detained at the above named places on the Public Service; for the periods charged for; that the amount claimed was actually and necessarily expended and paid by me on the Public Service; and that I returned to my fixed residence with the least possible delay consistent with the due performance of the duties on which I was employed."

The amount to which this certificate is attached is made out at the rate of \$3.50 per day, indicating that the claim was for the allowance for subsistence, and not for

actual outlay. If so, it seems to me that the portion of the certificate which reads "that the amount claimed was actually and necessarily expended and paid out by me on the Public Service" should be scored out by the claimant before his signature is attached. This was properly done by Brigade Major J. K. McShane only. The following Brigade Majors signed the above certificate without alteration for the sums opposite their respective names :—

Lt. Col. Aylmer.....	39	days at \$3.50.....	\$136 50
do Gray.....	43	do do	150 50
do Lewis.....	47	do do	164 50
do Mather.....	18	do do	63 00
do Pope.....	4	do do	14 00
do Roy.....	13	do do	45 50
do Hughes.....	12	do do	42 00
do Taschereau.....	48½	do do	169 75
do Irving.....	15	do do	52 50

I call your attention to this in order to bring out the necessity of having certificates properly understood before they are signed by any officer in the Public Service.

Cheque 297 covers a payment to G. A. Hughes for travel during the month of October, 1886, amounting to \$61.50. Please explain why this was not met at the time the expense was incurred.

The following payments for transport of Brigade Majors were made charges against this vote :—

Grand Trunk Railway.....	Cheque 392	\$30 87
Michigan Central Railway..	do 359	80
Richelieu & Ontario Navigation Company.	do 377	4 00
Grand Trunk Railway.....	do 223	16 93
do	do 288	33 27
Central Vermont Railway	do 56	1 75
Grand Trunk Railway	do 73	18 71
Intercolonial Railway.....	do 3 N.B.	8 60

Without the requisition for such transport it is impossible to tell from the accounts of the railway company which Brigade Major incurred the charge.

Let me point out that vouchers in support of livery-hire should be furnished, and that the Order in Council of December 17th, 1889, requires that a certificate be attached to accounts for travelling expenses as follows: "The whole of the expenditure was incurred on Government business," to be signed by the officer who incurred the expense.

I am, Sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

MILITIA DEPT, OTTAWA, April, 23rd 1890.

SIR,—In reply to your communication of the 12th inst., I have the honour to state that a new form of certificate for transport and personal allowances of militia staff officers travelling on Militia Government Service will be adopted to suit the circumstances referred to in your letter.

The claim of Brigade Major Lieut. Col. Hughes for travelling expenses in October, 1886, \$61.50, was received in that month, and returned to the Brigade Major for explanation. The claim was retained by that officer, and only received back in October, 1889, with the explanations, when the claim, being considered satisfactory, was paid.

The transport vouchers for all the services paid on the railway claims as per official cheques, alluded to by you are herewith forwarded.

I am, Sir, your obedient servant,

The Auditor General.

C. EUG. PANET, D.M.M.

FINANCE DEPT, OTTAWA, May, 12th 1890.

SIR,—In November last a deposit of \$5,737.95 reached this Department from the Department of Militia and Defence; on looking at the receipt I was led to enquire into the matter and in answer to a communication to that Department I received a reply of which the enclosed is a copy. From this it appears that the sum of \$11,300 was handed over in the year 1880, and that only \$4,000 was paid in that year, and \$500 in the year 1886, leaving \$7,000 unexpended and remaining unused in the paymaster's hands for nearly ten years. Under the circumstances, I think it desirable that you should be made aware of these facts, in order that if any sums are now in the hands of other paymasters, you may be led to enquire into the reasons for their being held.

Yours truly,

J. M. COURTNEY, *D.M.F.*

The Auditor General.

MILITIA DEPT., OTTAWA, Nov. 19, 1889.

SIR,—In returning to you herewith the receipt and draft which accompanied your letter of the 12th instant, respecting a sum of \$5,737.95 deposited by me on account of Lt.-Col. de Bellefeuille, I have the honour to state that the amount thus refunded to the credit of the Receiver General is the balance of an account for the conversion of smooth-bore guns, which has been kept open since September, 1880.

The balance at credit of the account should be \$7,000.00, the amount refunded is \$5,737.95; balance being, deficiency of the late paymaster's account, is \$1,262.05.

The account was kept open by instructions from the Minister of Militia and Defence, in connection with legal proceedings in "the Queen vs. Gilbert & Son," for failure of contract for conversion of smooth-bore guns into rifled ordnance, Palliser system. The Dept. of Justice has been instructed to collect from the sureties of the late Paymaster the balance of \$1,262.05 the deficiency of the late Paymaster's account.

A statement of the account for "Conversion of smooth-bore guns" is herewith attached.

I am, Sir, your obedient servant,

C. EUG. PANET, *D.M.M.*

The Deputy Minister of Finance.

AUDIT OFFICE, OTTAWA, May 16, 1890.

SIR,—From the information I have received through the Deputy Minister of Finance respecting a balance of some \$7,500 which was left in the hands of Lt.-Col. de Bellefeuille, late Paymaster of District No. 5, from Sept., 1880, I am led to enquire if any other case is known to you where, so far as accounts have reached you, there remains a balance in the hands of any paymaster. Please send me a statement of such cases, as early as possible.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Militia.

MILITIA DEPT, OTTAWA, May 19, 1890.

SIR,—In reply to your letter of the 16th instant, I have the honour to inform you that there are no balances remaining in the hands of the paymasters of Militia, excepting the balances of the present year's accounts which will be closed on the 30th June next.

I am, Sir, your obedient servant,

C. EUG. PANET, *D.M.M.*

Trent Canal: Award to George Goodwin.

To all to whom these presents shall come: I, JOHN PAGE, of the City of Ottawa, in the County of Carleton and Province of Ontario, the Chief Engineer of Canals of the Dominion of Canada, send greeting:

Whereas by an instrument in writing under the hand of the Hon. John Henry Pope, the Minister of Railways and Canals for the Dominion of Canada, acting on behalf of Her Majesty Queen Victoria, as such Minister, and under the seal of the Department of Railways and Canals, bearing date March 14, 1887: "Whereas George Goodwin, of Grenville, in the County of Argenteuil, contractor, had entered into a contract with Her Majesty Queen Victoria, represented by the Hon. John Henry Pope, then Acting Minister of Railways and Canals, Sept. 27, 1882, for the construction of three lift-locks, dams, bridge abutments and other works embraced in the Burleigh Falls section of the Trent Valley Canal, in the Province of Ontario, such contract to be fulfilled by July 1, 1885." And after reciting that "Whereas the said George Goodwin had, Feb. 10, 1887, preferred certain claims in connection with his said above mentioned contract, and by his letter of Feb. 8, 1887, had expressed his desire that these claims be referred to the Chief Engineer of Canals for arbitration." And further, after reciting that "Whereas an Order of His Excellency the Governor General in Council, bearing date March 2, 1887, authorized the reference of the said claims to Mr. John Page, the Chief Engineer of Canals of Canada, as sole arbitrator."

It is witnessed that "The Hon. John Henry Pope, Minister of Railways and Canals, acting on behalf of Her Majesty Queen Victoria, as such Minister, thereby referred to the sole valuation, arbitrament and award of me, the said John Page, all claims made, stated and alleged by the said George Goodwin against Her said Majesty the Queen, for matters arising out of the above-mentioned contract and all matters arising thereunder and in respect of such claims, whether made on the part of the claimant or of Her said Majesty; and the said Minister of Railways and Canals, under the authority aforesaid, did thereby appoint me, the said John Page, to be the said sole arbitrator, and did thereby agree that the valuation, arbitrament and award of me, the said John Page, should be accepted as final, conclusive and without appeal." And whereas the said George Goodwin, the contractor and claimant on the preceding pages named, assented to "the reference of his claims arising out of his contract with Her Majesty the Queen for the works connected with the construction of the Burleigh Falls section of the Trent Valley Canal, or embraced therein as on the preceding pages stated, to the sole valuation, arbitrament and award of me, John Page, Chief Engineer of Canals of Canada, and accepted the appointment of me as sole arbitrator on the part of Her said Majesty the Queen, and did also thereby appoint me, the said John Page, as sole arbitrator on his part, and did further promise and bind himself to accept the decision, valuation, arbitrament and award of me, the said sole arbitrator, as final, conclusive and without appeal, and to abide by the same."

And whereas by another instrument bearing date Feb. 11, 1889, after alluding to the above recited instrument of March 14, 1887, and after reciting that: "Whereas, on Jan. 18, 1889, the said George Goodwin, after having stated that the work on the contract above mentioned was not completed until December, 1887, and that his claim submitted as hereinbefore mentioned was approximate, and that there

was a large quantity of work performed subsequent to the date of the said claim, did prefer certain additional claims for iron, &c., used in connection with the lock gates, and for certain rock excavation (for which he alleges no allowance was made) to improve the upper entrance to the Burleigh locks, the two items he claims aggregating a total sum of \$11,950, and did request that the Honourable the said Minister be pleased to give the necessary authority so that the above additional claims may be considered in conjunction with the claims already referred." It is witnessed that the said Minister thereby referred to the sole valuation, arbitrament and award of me, the said John Page, the aforementioned additional claims made, stated and alleged by the said Mr. George Goodwin against Her said Majesty the Queen in conjunction with the claims already referred as aforesaid, March 14, 1887, and did appoint me, the said John Page, to be the said sole arbitrator, and did agree that the valuation, arbitrament and award of me, said Mr. Page, in respect of such additional claims, be also accepted as final, conclusive and without appeal. And whereas, the said George Goodwin, "did assent to the reference of his additional claims made Jan. 18, 1889, in conjunction with his former claims arising out of his said contract, as on the preceding pages stated to the sole valuation, arbitrament and award of me, said John Page, Chief Engineer of Canals of Canada, and did accept the appointment of me as sole arbitrator on the part of Her said Majesty, and did also appoint me as sole arbitrator on his part in respect of such additional claims, and did bind himself to accept the decision and award of the said sole arbitrator as final, conclusive and without appeal, in respect of such additional claims, and to abide by the same."

Now know ye that I, the said John Page, having taken upon myself the burden of the said arbitration, and having heard and duly considered all the allegations and evidence of the respective parties of and concerning the said original and additional claims and matters in question so referred to me as aforesaid, and duly examined the papers, accounts and documents connected with the same, do make and publish this, my award in writing, of and concerning the said original claims, additional claims and matters in question so referred as aforesaid; and I do hereby award, order and determine that there is due from Her said Majesty the Queen to the said George Goodwin, in respect of the matters so referred to me as aforesaid for all work done by him under his said contract and remaining unpaid, consisting of rock and other excavation, clearing, masonry, timber-work, plank in dams, stone filling in cribs, timber, iron and other works in lock gates at Buckhorn and Burleigh Canals, &c., included in the claims of the said George Goodwin, and in full satisfaction of all claims made, stated or alleged by the said George Goodwin against Her Majesty the Queen for matters arising out of the above mentioned contract and all matters arising thereunder, and in respect of such former claims and additional claims, the sum of \$31,332.00.

In witness whereof I, the said John Page, have hereunto set my hand and seal, in duplicate, this Jan. 29, 1890.

JOHN PAGE.

NOTE.—This award is composed of \$8,325.92 included in the calculations shown on page B—302, and \$23,006.08 for which no calculations were furnished by Mr. Page.—J. L. McD.

Welland Canal: Award to H. J. Beemer.

To all to whom these presents shall come: I, JOHN PAGE, of the City of Ottawa, in the County of Carleton and Province of Ontario the Chief Engineer of Canals of the Dominion of Canada, send greeting:

Whereas by an instrument in writing under the hand of the Honourable John Henry Pope, the Minister of Railways and Canals for the Dominion of Canada, acting on behalf of Her Majesty Queen Victoria, as such Minister, and under the seal of the Department of Railways and Canals, bearing date Jan. 13, 1888, after reciting: "Whereas Horace Janson Beemer, of the City of Montreal, contractor, had entered into a contract with Her Majesty Queen Victoria, represented by Sir Charles Tupper, then Minister of Railways and Canals of Canada, Nov. 3, 1881, for all the work then remaining to be done on Section No. 27 of the enlargement of the Welland Canal, in the Province of Ontario, known as the "Aqueduct," such contract to be fulfilled by May 20, 1884;" and after reciting that "Whereas the said Horace Janson Beemer, by letters under dates Oct. 26, Nov. 29 and Dec. 8, 1887, had preferred certain claims for extra work in connection with his said above-mentioned contract, and had requested that his claims be referred to the sole arbitrament of Mr. John Page, Chief Engineer of Canals, by whose decision in the matter he undertook to be bound. And further, after reciting that "Whereas an Order of His Excellency the Governor General in Council, bearing date Dec. 17, 1887, authorized the submission of the said claims to Mr. Page, as sole Arbitrator."

It is witnessed that "The Honourable John Henry Pope, Minister of Railways and Canals, acting on behalf of Her Majesty Queen Victoria, as such Minister, thereby referred to the sole valuation, arbitrament and award of me, the said John Page, all claims made, stated and alleged by the said H. J. Beemer against Her said Majesty the Queen, for matters arising out of the above mentioned contract and all matters arising thereunder and in respect of such claims, whether made on the part of the claimant or of Her said Majesty;" and that "The said Minister of Railways and Canals, under the authority aforesaid, did thereby appoint me, the said John Page, to be the said sole arbitrator, and did thereby agree that the valuation, arbitrament and award of me, the said Mr. Page, should be accepted as final, conclusive and without appeal." And whereas, the said H. J. Beemer, the contractor and claimant on the preceding pages named, did thereby "assent to the reference of his claims arising out of his contract with Her Majesty the Queen for the works on Section Number 27 of the Welland Canal Enlargement, known as the Aqueduct, or connected therewith, as on the preceding pages stated, to the sole valuation, arbitrament and award of me, John Page, Chief Engineer of Canals of Canada, and did accept the appointment of me as sole arbitrator on the part of Her Majesty the Queen, and did also thereby appoint me, the said John Page, as sole arbitrator on his part, and did further promise and bind himself to accept the decision, valuation, arbitrament and award of me, the said sole arbitrator, as final, conclusive and without appeal, and to abide by the same."

Now know ye that I, the said John Page, having taken upon myself the burden of the said arbitration, and having heard and duly considered all the allegations and evidence of the respective parties of and concerning the said claims and matters in question so referred to me as aforesaid, and duly examined the

papers, accounts and documents connected with the same, do make and publish this my award in writing, of and concerning the said claims and matters in question so referred as aforesaid, and I do hereby award, order and determine that there is due from Her said Majesty the Queen to the said Horace Janson Beemer in respect of the matter so referred to me as aforesaid, for all work done by him under his said contract and remaining unpaid, corrected estimates, recutting stone left by former contractors, additional puddling and concrete, cutting additional sheet and bearing piles, pumping, royalty on stone, additional dams and bulkhead, and in full satisfaction of all claims made, stated or alleged by the said H. J. Beemer against Her Majesty the Queen, for matters arising out of the above mentioned contract, and all matters arising thereunder and in respect of such claims, the sum of \$62,726.00.

In witness whereof I, the said John Page, have hereunto set my hand and seal, in duplicate, this May 13, 1890.

JOHN PAGE.

NOTE.—This award is composed of \$5,102.25 contained in the details shown on page D-17 of my report for 1887-8, and \$57,623.75 for which no calculations were furnished by Mr. Page.—J. L. McD.

Welland Canal : Award to C. F. & W. T. Dunbar.

To all to whom these presents shall come; I, JOHN PAGE, of the City of Ottawa, in the County of Carleton and Province of Ontario, the Chief Engineer of Canals of the Dominion of Canada; send greeting:

Whereas, by an instrument in writing under the hand of the Right Honourable Sir John A. Macdonald, the Minister of Railways and Canals for the Dominion of Canada, acting on behalf of Her Majesty Queen Victoria, as such Minister, and under the seal of the Department of Railways and Canals, bearing date Dec. 2, 1889, after reciting: "Whereas, Charles French Dunbar, of Buffalo, in the State of New York, contractor, and William Thomas Dunbar, of Gordon, in the County of Essex, in the Province of Ontario and Dominion of Canada, contractor, carrying on together the business of contractors as partners, under the name, style and firm of 'C. F. & W. T. Dunbar,' had entered into a contract with Her Majesty Queen Victoria, represented by the Honourable John Henry Pope, then Acting Minister of Railways and Canals of Canada, Sept. 27, A.D. 1882, for all the work then remaining to be done on Section No. 34 of the enlargement of the Welland Canal, in the Township of Humberstone, such contract to be fulfilled by August 1, 1884." And after reciting that "Whereas, the said contract contains the following provision: 33. It is hereby agreed that all matters of difference arising between the parties hereto upon any matter connected with or arising out of this contract, the decision whereof is not hereby specially given to the engineer, shall be referred to the award and arbitration of the Chief Engineer for the time being having control over the works, and the award of such engineer shall be final and conclusive; and it is hereby declared that such award shall be a condition precedent to the right of the contractors to receive or be paid any sum or sums on account, or by reason of such matters in difference." And after reciting that "Whereas, the said 'C. F. & W. T. Dunbar,' Dec. 3, 1888, preferred certain claims in connection with their said above mentioned contract, and by their letter of Dec. 4, 1888, had requested that Mr. John Page, the Chief Engineer of Canals, be appointed sole arbitrator to inquire into all the questions in dispute, and had expressed their willingness to accept his decision as final." And further, after reciting that "Whereas, an Order of His Excellency the Governor General in Council, bearing date Oct. 29, 1889, authorized the Minister of Railways and Canals to place these matters in the hands of the Chief Engineer of Canals for final award and arbitration."

It is witnessed that "The Right Honourable Sir John A. Macdonald, Minister of Railways and Canals, acting on behalf of Her Majesty Queen Victoria, as such Minister, thereby referred to the sole valuation, arbitration and award of me, the said John Page, all claims made, stated and alleged by the said Messrs. 'C. F. & W. T. Dunbar' against Her said Majesty the Queen, for matters arising out of the above mentioned contract, and all matters arising thereunder and in respect of such claims, whether made on the part of the claimants or of Her said Majesty;" and that "the said Minister of Railways and Canals, under the authority aforesaid, did thereby appoint me, the said John Page, to be the said sole arbitrator, and did thereby agree that the valuation, arbitration and award of me, the said Mr. Page, should be accepted as final, conclusive and without appeal." And whereas the said C. F. Dunbar, the surviving partner of the late firm of 'C. F. & W. T. Dunbar,' the contractors and claimants on the preceding pages named (acting as well in his own name as such surviving partner, as in his capacity of sole representative of the late W. T. Dunbar, as having acquired all his interest in the contract above mentioned from C. H. French, the executor of the last will of said W. T. Dunbar, and under the letters testamentary issued May 16, 1884, by the Surrogate's Court, Erie County, State of New York, as appears from the said executor's settlement of account filed in said court March 5, 1887) did thereby "assent to the reference of their claims arising out of their contract with Her Majesty the Queen for the works embraced in Section No. 34, Welland Canal Enlargement, or connected therewith, as on the preceding pages stated, to the sole valuation, arbitration and award of me, John Page, Chief Engineer of Canals of Canada, and did accept the appointment of me as sole arbitrator on the part of Her Majesty the Queen, and did also thereby appoint me, the said John Page, as sole arbitrator on his part; and did further promise and bind himself to accept the decision, valuation, arbitration and award of me, the said sole arbitrator, as final, conclusive and without appeal, and to abide by the same."

Now know ye that I, the said John Page, having taken upon myself the burden of the said arbitration, and having heard and duly considered all the allegations and evidence of the respective parties of and concerning the said claims and matters in question so referred to me as aforesaid, and duly examined the papers, accounts and documents connected with the same, do make and publish this my award in writing of and concerning the said claims and matters in question so referred as aforesaid, and I do hereby award, order, and determine that there is due from Her said Majesty the Queen to the said "C. F. & W. T. Dunbar" or to the lawful representative or representatives of their said firm, in respect of the matter so referred to me as aforesaid for all work done by them under their said contract, corrected estimates, alteration of cribwork, rebuilding side walls injured by blasting, necessary excavation of rock below grade line

in the channel way, &c., and in full satisfaction of all claims made, stated or alleged by the said "C. F. & W. T. Dunbar" against Her Majesty the Queen for matters arising out of the above mentioned contract, and all matters arising thereunder and in respect of such claims, the sum of \$20,237.00.

In witness whereof I, the said John Page, have hereunto set my hand and seal, in duplicate, this March 31, 1890.

JOHN PAGE.

NOTE.—This award is composed of \$21,936.41 (page B—303), for which no calculations were furnished by Mr. Page: less a deduction of \$1,699.41, the sum previously paid in excess of the calculated items.—J. L. McD.

Welland Canal : Award to C. F. & H. T. Dunbar.

To all to whom these presents shall come : I, JOHN PAGE, of the City of Ottawa, in the County of Carleton, and Province of Ontario, the Chief Engineer of Canals of the Dominion of Canada, send greeting :

Whereas by an instrument in writing under the hand of the Right Honourable Sir John A. Macdonald, the Minister of Railways and Canals for the Dominion of Canada, acting on behalf of her Majesty Queen Victoria, as such Minister, and under the seal of the Department of Railways and Canals, bearing date Dec. 2, 1889, after reciting : "Whereas, Charles French Dunbar, of Buffalo, in the State of New York, America, contractor, and Harris Thomas Dunbar, of Humberstone, in the County of Welland, contractor, carrying on together the business of contractors as partners under the name, style and firm of 'C. F. & H. T. Dunbar,' had entered into a contract with Her Majesty Queen Victoria, represented by the Honourable John Henry Pope, then Minister of Railways and Canals of Canada, April 3, 1886, for all the works connected with the deepening of that certain part of the Welland Canal embraced in the sections designated as Sections Q, R, S, T, situated between what is known as the Junction and Ramey's Bend, such contract to be fulfilled as follows, that is to say : The eastern half of the channel on the said respective Sections Q, R, S, T, by Nov. 1, 1886, and the whole of the works embraced in the said contract by Nov. 1, 1887;" And after reciting that "Whereas the said contract contains the following provision : 33. It is hereby agreed that all matters of difference arising between the parties hereto upon any matter connected with or arising out of this contract, the decision whereof is not hereby specially given to the engineer, shall be referred to the award and arbitration of the Chief Engineer for the time being having control over the works, and the award of such engineer shall be final and conclusive; and it is hereby declared that such award shall be a condition precedent to the right of the contractors to receive or to be paid any sum or sums on account, or by reason of such matters in difference;" and after reciting that "Whereas the said 'C. F. & H. T. Dunbar,' Dec. 3, 1888, preferred certain claims in connection with their above mentioned contract, and by their letter of Dec. 4, 1888, had requested that Mr. John Page, the Chief Engineer of Canals, be appointed sole arbitrator to inquire into all the questions in dispute, and had expressed their willingness to accept his decision as final;" and further, after reciting that "Whereas an order of His Excellency the Governor General in Council bearing date Oct. 29, A.D. 1889, authorized the Minister of Railways and Canals to place these matters in the hands of the Chief Engineer of Canals for final award and arbitration."

It is witnessed that "The Right Honourable Sir John A. Macdonald, Minister of Railways and Canals, acting on behalf of Her Majesty Queen Victoria, as such Minister, thereby referred to the sole valuation, arbitrament and award of me, the said John Page, all claims made, stated and alleged by the said Messrs. 'C. F. & H. T. Dunbar' against Her said Majesty the Queen, for matters arising out of the above mentioned contract and all matters arising thereunder and in respect of such claims, whether made on the part of the claimants or of Her said Majesty." And that "the said Minister of Railways and Canals, under the authority aforesaid, did thereby appoint me, the said John Page, to be the said sole arbitrator, and did thereby agree that the valuation, arbitrament and award of me, the said Mr. Page, should be accepted as final, conclusive and without appeal." And whereas the said C. F. Dunbar and H. T. Dunbar, the contractors and claimants on the preceding pages named, did thereby "assent to the reference of their claims arising out of their contract with Her Majesty the Queen for the works embraced in the deepening of Sections Q, R, S, T, Welland Canal, or connected therewith, as on the preceding pages stated, to the sole valuation, arbitrament and award of me, John Page, Chief Engineer of Canals, Canada, and did accept the appointment of me as sole arbitrator on the part of Her Majesty the Queen, and did also thereby jointly and severally appoint me, the said John Page, as sole arbitrator on their part, and did further promise and bind themselves to accept the decision, valuation, arbitrament and award of me, the said sole arbitrator, as final, conclusive and without appeal, and to abide by the same."

Now know ye that I, the said John Page, having taken upon myself the burden of the said arbitration, and having heard and duly considered all the allegations and evidence of the respective parties of and concerning the said claims and matters in question so referred to me as aforesaid, and duly examined the papers, accounts and documents connected with the same, do make and publish this my award, in writing, of and concerning the said claims and matters in question so referred as aforesaid, and I do hereby award, order and determine that there is due from Her said Majesty the Queen to the said "C. F. & H. T. Dunbar" in respect of the matter so referred to me as aforesaid, for all work done by them under their said contract and remaining unpaid, corrected estimates, removing piles, stumps, necessary excavation of rock below grade line in the channel way, and in full satisfaction of all claims made, stated or alleged by the said "C. F. & H. T. Dunbar" against Her Majesty the Queen for matters arising out of the above mentioned contract and all matters arising thereunder and in respect of such claims, the sum of \$8,310.

In witness whereof I, the said John Page, have hereunto set my hand and seal, in duplicate, this March 31, 1890.

JOHN PAGE.

NOTE.—This award is composed of \$1,432.76, included in the calculations shown on page B—304, and \$6,877.24, for which no calculations were furnished by Mr. Page.—J. L. McD.

Railways and Canals Dept. : Salaries at Ottawa.

AUDIT OFFICE, OTTAWA, June 10, 1890.

DEAR SIR,—Enclosed please find a list of the payments made by your Department between July 1, 1889, and May 31, 1890, for services at Ottawa, charged to Outside Votes, with a statement of the sums charged to each Vote.

Let me call your attention to Section 44 of the Consolidated Revenue and Audit Act, in which I am instructed to ascertain "whether the money expended has been applied to the purposes for which the grant was intended to provide."

I would like to be informed whether you claim that the division made by you of these wages, among the different Votes, corresponds accurately, and item by item, with the actual work performed.

To illustrate by an example: Is the whole of the work of Mr. F. J. Lynch properly chargeable against the Vote for "Cape Breton Railway," as marked on the vouchers?

I am, Sir, your obedient servant,

The Secy. Dept. of Railways and Canals.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Jan. 29, 1891.

DEAR SIR,—I send herewith for your consideration a list of the employees in your Department for 1889-90, whose salaries are charged to other Votes than Civil Government, amounting to \$40,941.52, and showing the particular Vote charged in each case.

Let me call your attention to Sec. 44, of the Audit Act: "The Auditor General shall ascertain whether the money expended has been applied to the purposes for which the grant was intended to provide."

Unless the Department is able to make an explicit certificate that the salaries charged to each Vote correspond accurately, and item by item, with the services actually rendered, I shall be obliged to append to the Appropriation Account a statement modifying my own certificate of examination and correctness.

This subject was taken up in my letter of June 10, 1890, to which I do not seem to have received any reply.

Would it not be an improvement on the present system, to take a specific vote to cover all these salaries, and to charge none of them on Construction?

I am, Sir, your obedient servant,

The Secy. Dept. Railways and Canals.

J. L. McDOUGALL, A.G.

Gray, McManus, Trites & Co.: Cleaning out Culverts.

AUDIT OFFICE, OTTAWA, Feb. 5 1890.

DEAR SIR,—Let me acknowledge receipt of your application No. 352, for \$3,004.49, in favour of Gray, McManus, Trites & Co., on their final estimate for Contract 7, Oxford and New Glasgow Railway.

In the vouchers for \$11,347.56, for wages on items outside of the contract, I notice \$10,667.63 for "Cleaning out cuttings, ditches and culverts."

Under Sections 1, 35 and 75 of the specification, I would understand that the contractors are to maintain all parts of the work until final acceptance of the whole.

Please explain why this Section in the contract does not make it a part of the duty of the contractor to do, at his own expense, the work covered by the \$10,667.63.

I am, Sir, your obedient servant,

The Secy., Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Feb. 6, 1890.

SIR,—I am instructed to inform you that your letter of the 5th instant requesting explanations with reference to items amounting to \$10,667.63 for cleaning out cuttings, ditches and culverts in connection with Messrs. Gray, McManus and Trites' Contract No. 7, Oxford and New Glasgow Railway, has been referred to the Chief Engineer of Government Railways, who reports as follows:—

"When this work was done by day labour, the construction had been completed, and the material, owing to the extraordinarily wet season, slid from the slopes into the cuttings in such shape that it could not be measured, but under clause 9 of the specification it is returned in the Estimates."

I am, Sir, your obedient servant,

The Auditor General.

A. P. BRADLEY, Secy.

AUDIT OFFICE, OTTAWA, Feb. 25, 1890.

DEAR SIR,—I beg to inform you that your application No. 352 for \$3,004.49, in favour of Gray, McManus, Trites & Co., for work on contract 7, Oxford and New Glasgow Railway, was paid at \$2,347.08. The deduction of \$657.41, as arranged verbally with the Chief Engineer, is made of sub-vouchers 9 and 10, which are described as "Cleaning out cuttings and culverts."

The wording of Section 9 of the contract, "a slide in a cutting after it is formed," while admitting the payment for cleaning out ditches and cuttings will not cover the work of cleaning out culverts.

Several of the other vouchers read "cleaning out cuttings, &c." Please get a calculation made of the part accruing for cleaning out culverts, out of the whole bill for labour of \$11,347.56.

I am, Sir, your obedient servant,

The Secy., Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS DEPT., OTTAWA, March 12, 1890.

SIR,—Departmental No. 55135 having been referred to me, I have the honour to report that on looking further into the matter I find that out of the \$657.41 of which payment was withheld from the estimate in favour of Messrs. Gray, McManus, Trites & Co., that \$579.58 is without question within the terms of the contract. Of the balance of \$77.83, I require further to examine into the matter before disposing of it.

I am, Sir, your obedient servant,

The Secy. Rys. and Canals.

COLLINGWOOD SCHRIEBER, *Chief Engr.*

RAILWAYS DEPT., OTTAWA, March 27, 1890.

SIR,—Referring to the objections raised by the Auditor General to certain days, labour accounts Nos. 8, 11, 12, 15, 17, and 19 on Contract 7, on the Oxford and New Glasgow Railway, and to the words, &c., placed in the headings of these accounts, I may say that I have referred all these accounts so headed to the engineer in charge, who repeats that the work done is for cleaning out slides from cuttings, that no work cleaning out culverts is included therein, and that the &c. has no meaning, unless it was intended by the contractors to cover the hauling of the material and depositing it over the embankments where required.

I am, Sir, your obedient servant.

The Secy. Rys. and Canals.

Murray Canal—T. P. Keeler.

NOTE by A. G.: *This follows the correspondence on page D—169 of my report for 1888–89.*

RAILWAYS AND CANALS DEPT., OTTAWA, June 25, 1890.

SIR,—In reply to your letters of the 19th of August and 10th of September last, with reference to certain payments of salary to Mr. Thomas P. Keeler, as inspector of the Murray Canal, I have the honour by direction to say that Mr. Keeler was appointed Assistant Superintendent of the Canal by an Order in Council dated the 12th of January, 1888. The work, I am to say, is one covering a considerable distance, about 9½ miles, and involves not only the cut through the isthmus, and certain structural works, but also extensive formation of channels through the waters at either end, and it being considered advisable that the Superintendent (the position for which Mr. Keeler was destined and to which he was appointed by an Order in Council of the 11th of July, 1889) should be conversant with the various details of

his prospective charge, the Department has seen fit to place him in a position to acquire this knowledge by inspection of the works during their construction. Mr. Keeler you will see, therefore, does not come under the category of persons as to whom the certificate of the engineer in charge as to the performance of certain specific work could be given, Mr. Keeler having acted under direct orders from head quarters, and the superintending engineer having no control over or cognizance of his action.

I am, Sir, your obedient servant,

The Auditor General.

A. P. BRADLEY, *Secy.*

AUDIT OFFICE, OTTAWA, Sept. 29, 1890.

DEAR SIR,—Let me acknowledge receipt of your letter stating that the Superintending Engineer had no control over Mr. Keeler, and was not cognizant of his actions.

In asking for the Local Engineer's certificate that the work was done, I was guided by your letter of Aug. 30, 1889, shown on page D-168 of my last report, which, described Mr. Keeler's duties as inspector to be the carrying out of the orders of the Chief Engineer and the Local Engineer.

There is apparently a discrepancy between the two letters, of which I should like to have an explanation.

I am, Sir, your obedient servant,

The Secy., Dept. Railways and Canals.

J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Oct. 17, 1890.

SIR,—In reply to your letter of the 29th ultimo with reference to Mr. Keeler, I have the honour by direction to say that on reconsideration you will probably perceive that it would be quite possible that the orders of the Chief Engineer, which, you were informed by my letter of the 30th of August last, it was his duty to see carried out, might be of such nature as to render any control over him or cognizance of his actions on the part of the Superintending Engineer unnecessary. By my two several letters you have been informed to the effect: 1st. That Mr. Keeler did receive his orders direct; and 2nd. That the Superintending Engineer was not concerned in his movements. The discrepancy which you appear to have considered to attach to the two statements made by the letters referred to, will it is hoped be found, by the light of the foregoing results, to disappear and that any objection you may have felt to passing the account for Mr. Keeler's salary will thus be removed.

I am, Sir, your obedient servant,

The Auditor General.

A. P. BRADLEY, *Sec'y.*

AUDIT OFFICE, OTTAWA, Oct. 21, 1890.

DEAR SIR,—Concerning the discussion about Mr. Keeler's salary, I accept your recent statement that he was in nowise under the direction of the Local Engineer, and accordingly I withdraw my request for the Local Engineer's certificate that the work was performed.

I am, Sir, your obedient servant.

The Sec'y, Dept. Railways and Canals.

I am, Sir, your obedient servant,
 The Sec'y, Dept. Railways and Canals. J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Mar. 5, 1890.

SIR,—In reply to your letter of the 25th ultimo, drawing attention to certain payments made to Mr. E. Marceau, Ottawa River Canals Office, for translations for the House of Commons and Queen's Printer, I am by direction to say that the Superintending Engineer, Mr. Stark, reports that this work was done by Mr. Marceau at home, and did not interfere with his regular office duties.

I am, Sir, your obedient servant,
 The Auditor General. A. P. BRADLEY, Sec'y.

AUDIT OFFICE, OTTAWA, Feb. 4, 1891.

DEAR SIR,—In my letter of Feb. 25, 1890, I drew your attention to payments made to Mr. Ernest Marceau of the Ottawa Canals Office, for translation, amounting to \$756.

Your 127845 of March 5, 1890, reads : “ The Superintending Engineer, Mr. Stark, reports that this work was done by Mr. Marceau at home, and did not interfere with his regular office duties.”

Mr. Marceau's translation as made up to June 30, 1890, amounts to \$1,556, as follows (each payment representing work done before its date) :—

Aug. 1, 1889 : Translating Interior Report.....	\$146
Aug. 9, 1889 : do Geological Survey Report.....	210
Sept. 27, 1889 : do do do	400
Oct. 29, 1889 : do do do	300
Dec. 23, 1889 : do do do	500

Mr. Marceau's salary as Assistant Engineer in the Ottawa River Canals Office is \$1,440 a year.

Let me refer you to page 354 of my report for 1884, where, in a similar discussion with the Interior Department, these remarks occur : “ The controlling principle of all past legislation on the subject of extra pay has been that continuous work after regular hours impairs the efficiency of an officer at the work for which he is paid in the first instance. . . . My right to make these comments rests on the fact that up to a certain point, I have to accept, as reliable, the technical examination of accounts as made in your Department.”

The Carillon and Grenville Canal Accounts were always certified by Mr. Stark, after examination by Mr. Marceau. The irregularities in the pay-lists were first noticed after my report for 1888-89 was published in January, 1890. It seems reasonable to suppose that Mr. Marceau would have been more likely to have found the irregularities at an earlier date in the course of his own examination, if his acumen had not been diverted to extra work for other Departments.

I am, Sir, your obedient servant,
 The Sec'y., Dept. Railways and Canals. J. L. McDOUGALL, A.G.
 B—336 AUDITOR GENERAL'S REPORT, 1889—90.

Welland Canal—Sodding Banks.

AUDIT OFFICE, OTTAWA, April 21, 1890.

DEAR SIR,—Let me call your attention to the following payments to Chas. Johnson for sodding banks on the Welland Canal:—

1887-88, (D— 26):	205,361 sq. yds. at 6 cts.....	\$12,321 66
1888-89, (D—141):	153,828½ do	9,229 71
1889-90,	144,899 do	8,693 94
Making up and trimming	144,899 sq. yds. at 1c.	1,448 99
		\$31,694 30

Since the total expenditure is over \$5,000, I infer that this work was let by public tender and contract, under the Order in Council of March 23, 1880; and I would like to be supplied with a copy of the contract, and of the arrangement for payment of the additional cent per yard in 1889-90.

Voucher No. 1979 of 1889-90 for \$5,700.73, being 81,439 yards at 7 cents, is not certified "work performed" and "prices fair and just." I return it herewith for completion.

I am, Sir, your obedient servant,
The Sec'y, Dept. Railways and Canals. J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, May 12, 1890.

SIR,—Replying to your letter of the 21st ultimo with respect to the work of sodding the banks of the Welland Canal executed by Mr. Charles Johnson, I have the honour by direction to say that this work was not let by public tender, nor was there any written contract. It was commenced on a small scale, and from time to time continued in view of the successful issue. It was not a case of a work deliberately planned in full from the outset, such as would be tendered for.

Mr. Johnson is the patentee of a special machine for cutting sods, and is provided with other appliances for handling and laying them. As an experiment he was allowed to do some sodding on the bank, and the result was so satisfactory, and his price, 6 cents per square yard, so low (being less than half the rate heretofore paid in Canada for such work) that in the public interest he was permitted to continue. The additional cost per yard to which you refer was allowed for making up the banks that had been damaged by the high water and storm of January, 1889, preparatory to the work of sodding them.

As this work would, if let in the usual way by public tender and contract, have probably cost double the amount actually involved, the Department feels that the course taken by it is greatly to the public advantage, resulting in the satisfactory execution, at a cost low out of all proportion to the ordinary estimate, of a beneficial work which could not, under other circumstances, in view of the expense to be incurred, have been contemplated.

I return herewith duly certified, in accordance with your request, the voucher sent back by you for that purpose.

I am, Sir, your obedient servant,
The Auditor General. A. P. BRADLEY, Sec'y.

Welland Canal—Investigation into Management.

AUDIT OFFICE, OTTAWA, April 23, 1890.

DEAR SIR,—Continuing the remarks in my letter of March 15, 1890, on the Welland Canal Investigation:—

I find in your Voucher No. 3432, dated March 14, (for a balance of \$415), the details of the \$1,225 advanced to Holland Bros. for reporting.

DETAILS OF EXPENDITURE.

B—337

Please let me have a copy of the Order of the Minister of Justice designating the Holland Bros. as reporters for this Commission under Order in Council, October 9, 1888. To cover the travelling expenses, the two reporters should be stated by the Minister of Justice to have been required.

There is an item of \$1,200 for 5 copies of the evidence, at $3\frac{3}{4}$ cents per folio for each copy. This rate cannot be calculated from the 15 cents for four copies, prescribed by the Order in Council; since the latter rate covers the work of note-taking, which does not vary with the number of copies. Any payment in excess of 15 cents should be covered by another Order in Council.

The entries of \$25 for travel should be detailed; the names of the persons travelling should be given; they should certify that the expenses were actually incurred; and there should be a certificate from some Government officer that the five copies have been received. I return Voucher 3432 herewith, for completion.

I am, Sir, your obedient servant,

The Sec'y., Dept. Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, May 1, 1890.

SIR,—With reference to your letter of the 23rd ultimo, enclosing the account rendered by Messrs Holland Bros., for \$1,640.00, in connection with their reporting the evidence before the Welland Canal Investigation, and requesting further information, I am instructed, in returning to you the account in question, to enclose a copy of a letter dated the 28th instant received from the Messrs. Holland Bros., giving details of travelling expenses, and of one of the 30th January last from Mr. A. F. Wood, commissioner, giving explanations in regard to the necessity of having five copies of the evidence. An Order in Council of 1st April, 1886, authorizes 5 cents per folio for copying.

I am, Sir, your obedient servant,

The Auditor General.

A. P. BRADLEY, Sec'y.

MADOC, Jan. 30, 1890.

DEAR SIR—*Re* Welland Canal Investigation and Holland Bros' account for stenographic work. I reply to yours of January 28th, No. 80462, I beg to state 5 copies were required to be used as follows: 1 copy for Senator McCallum, supplied from day to day; 1 copy for Mr. Ellis, supplied from day to day; 1 copy for C. J. Rykert, Counsel for Mr. Ellis, supplied from day to day; 1 copy sent to the Department with my report; 1 copy retained by myself. The copies for Senator McCallum, Mr. Ellis and Mr. Rykert were positively required by them as the investigation went on, and it was desirable I should have a copy, and, of course, one copy at least should go to the Department.

I stated to you that if the Government required my copy I would send it; but it seems essential that I should at least have one.

I am, Sir, your obedient servant,

The Sec'y. Dept. Railways and Canals.

A. F. WOOD, Commissioner.

OTTAWA, April 28, 1890.

DEAR SIR,—In reply to your request for details of railway, Pullman and cab fares, Ottawa to St. Catharines and return, in our bill for reporting the Welland Canal Investigation, we beg to say that we paid the following rates:—

Cab fare, Ottawa, 50c.; Railway fare, \$9.95; Pullman, \$2.00; Cab at St. Catharines, 15c.; total, \$12.60. Of course it cost as much to return as to go, and the same details apply to each of the trips. You are aware of the circumstances under which it became necessary to employ two reporters, and of the fact that the employment

of two was authorized by Sir John Macdonald. Of course, we make no mention of the fact that we had to take, at our own expense, two expert typewriter operators, paying their travelling and other expenses, without any allowance for it from the Government. On the other point, the "designation" of Holland Bros., for such service, we would refer you to the Department of Justice, from which we received an intimation that we were so designated.

The fifth copy of our report was ordered by the Commissioner and paid for at the same rate as the other copies, $3\frac{3}{4}$ cents per folio. We would have refused to supply it for less had the question of value been disputed. We presume the Auditor General does not question the correctness of the charges, but merely wants details. If he has any idea that the rates are excessive in any particular, we can assure him that the Government of Canada have never had a like service performed for so little money.

Yours truly,

HOLLAND BROS.

The Sec'y. Dept. Railways and Canals.

AUDIT OFFICE, OTTAWA, June 14, 1890.

DEAR SIR,—Let me acknowledge receipt of your 81,174 of May 1, covering letters from Mr. A. F. Wood, the Welland Canal Commissioner, and from Holland Bros., the reporters.

I am still obliged to maintain my ruling, that there is no authority for paying $3\frac{3}{4}$ cents a folio for the 5th copy of the evidence. The General Order in Council mentions 15 cents for 4 copies, as payment for reporting and transcription. The work of reporting is the same for 5 as for 4 copies, and the typewriting-work is not as 5 to 4. An Order in Council will be necessary for the extra copy.

I am, Sir, your obedient servant,

The Sec'y, Dept. Railways and Canals.

J. L. McDOUGALL, A. G.

RAILWAYS AND CANALS DEPT., OTTAWA, July 17, 1890.

SIR,—With reference to the matter of the account of Messrs. Holland Brothers of $3\frac{3}{4}$ cents a folio for a fifth copy of the evidence taken down by them in the case of the recent investigation conducted by Mr. A. F. Wood as to the management of the Welland Canal, I have the honour, by direction, to state that an opinion has been obtained from the Department of Justice to the following effect: That the charge of $3\frac{3}{4}$ cents a folio is a reasonable charge and less than the market price, and that the remuneration to be paid for this extra copy not having been fixed by the Order in Council, the Department is justified in paying the rate named.

Under the present circumstances, and in view of this opinion of the Department of Justice it is hoped that you may see your way to passing the item in question.

I am, Sir, your obedient servant,

The Auditor General.

A. P. BRADLEY, Sec'y.

AUDIT OFFICE, OTTAWA, Aug. 7, 1890.

DEAR SIR,—Let me acknowledge receipt of your 129567 concerning the payment of $3\frac{3}{4}$ cents a folio to Holland Bros. for the fifth copy of the evidence taken at the Welland Canal Investigation.

Please inform me whether the fifth copy was struck off on the typewriter at the same time as the other four; and whether the requisite stationery was supplied by the Holland Bros. or by the Government.

I am, Sir, your obedient servant,

The Sec'y., Dept. Railways and Canals.

J. L. McDOUGALL, A. G.

RAILWAYS AND CANALS DEPT., OTTAWA, Aug. 12, 1890.

SIR,—In reply to your letter of the 7th instant *re* account of the Messrs. Holland Bros., asking whether the fifth copy of evidence at Welland Canal Investigation was struck off at the same time as the other four, and also who supplied the stationery, I am instructed to say that Messrs. Holland Bros. were furnished with typewriting and carbon paper for the work they were engaged in as above.

I am, Sir, your obedient servant,

The Auditor General.

A. P. BRADLEY, *Sec'y.*

AUDIT OFFICE, OTTAWA, Sept. 26, 1890.

SIR,—I beg to draw your attention to your letter 129567 concerning the payment of 3 $\frac{3}{4}$ cts. per folio for a fifth copy of the evidence taken at the Welland Canal Commission, and the letter of the Deputy Minister of Justice on the same subject which was enclosed in your letter.

In my opinion the reasonableness of a charge is not a question with which the Department of Justice is expected to deal. If I had contended that no payment could be made legally for the fifth copy, your Department would very properly have sought the advice of the Department of Justice. This being the assessing of a claim which is admitted to be legal, so far as I can see, comes in no way under that Department.

I must again remind you of my ground of objection to the amount of the claim. It is that while the Government has determined that 15 cts. a folio is the remuneration which is to be given for taking short-hand notes, transcribing the notes and making 4 copies on a typewriter, your Department has given 3 $\frac{3}{4}$ cts. a folio for a fifth copy, there being no reporting, no stationery and, as I am informed, no typewriting in connection with this additional copy, except that the keys have to be struck more strongly than when only 4 copies are required.

If the charge is a reasonable one, not on the basis that a copy of evidence was ordered, but that five copies were ordered when the investigation began,—the price for reporting and supplying 4 copies being fixed at 15 cts.—be good enough to furnish me with the proof of the reasonableness of the charges. It may be that the rate of 15 cts. for reporting and furnishing 4 copies is not very remunerative, but with that we have nothing to do. We must consider the charge for the additional copy alone, and that under the circumstances which I have named.

I am, Sir, your obedient servant,

The Sec'y., Dept. Railways and Canals.

Welland Canal—Filling Pond at St. Catharines.

AUDIT OFFICE, OTTAWA, Oct. 10, 1890.

DEAR SIR,—Let me call your attention to Application No. 310 of Jan. 9, 1890, for \$3,000 in favor of Jas. Murray, charged to "Filling a pond at St. Catharines."

The progress estimate for \$3,336.75 reads, "Deepening Shoal Bay above Old Lock No. 2." Please let me have a fuller description of the work done, to show that it was the service for which the grant was intended to provide.

The estimate is dated Dec. 31, 1889, and there has been no payment since. It would be well to have the account closed if possible.

I am, Sir, your obedient servant,

The Sec'y., Dept. of Railways and Canals.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 3, 1890.

SIR,—I am passing your application in favour of Jas. Murray for \$1,849.75, being the balance of his contract for "Deepening Shoal Bay above Old Lock No. 2," charged against a Governor General's Warrant for the same service.

Let me call your attention to my letter of Oct. 10, 1890, asking for an explanation of the connection between this work and the vote for "Filling a pond at St. Catharines."

I am, Sir, your obedient servant,

The Sec'y. Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Dec. 22, 1890.

SIR,—In reply to your letter of the 3rd instant, asking for an explanation of the connection between J. Murray's contract for deepening the Shoal Bay above old Lock No. 2, Welland Canal, and filling pond at St. Catharines, I am by direction to say that the matter was referred to Mr. W. G. Thompson, C.E., who reports as follows:—

"The material for filling a portion of the pond, for which the money was voted, was taken by dredging from other portions of the pond.

"In the specification under which the money was expended, the work was described by the late Chief Engineer of Canals, as 'Deepening and raising parts of Shoal Bay above Lock No. 2, old Canal,' that wording being more explicit.

"The money has been expended at the place and for the purpose intended; and should the more recent description of the locality be objectionable, it might be abandoned and the original wording resumed."

I am, Sir, your obedient servant,

The Auditor General.

Chain-Tug "Iroquois" at Cardinal—Charged to "Galops."

AUDIT OFFICE, OTTAWA, July 24, 1890.

DEAR SIR,—Let me call your attention to the payment of \$75 a month to John Stitt, as caretaker of the Chain-Tug "Iroquois," at Cardinal.

I would like to have further information concerning this service, to enable me to show in my report that it is a proper charge on the Vote for "Improvement of the works at the head of the Galops Canal."

Please certify the vouchers in the manner prescribed by Section 33 of the Audit Act, namely: "Work performed," and "price fair and just."

I am, Sir, your obedient servant,

The Sec'y. Dept. Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Aug. 19, 1890.

SIR,—With reference to your letter of July 24 last, I am by direction to enclose to you J. Stitt's accounts—as caretaker of the Chain Vessel "Iroquois"—which were sent to Mr. S. H. Haycock, the Resident Engineer at Cardinal, and duly certified by him as you requested in your communication above quoted.

I am, Sir, your obedient servant,

The Auditor General.

Brantford, Waterloo and Lake Erie Railway.

AUDIT OFFICE, OTTAWA, March 12, 1890.

DEAR SIR,—I beg to acknowledge the receipt of your application No. 412 for \$11,620, in favour of the Brantford, Waterloo and Lake Erie Railway. This account stands as follows :—

Subsidy on 16½ miles.....\$53,600
Work not completed..... 41,980

Payment applied for.....\$11,620

The amount of \$11,620, certified by the Chief Engineer, is less than 22 per cent. of the subsidy applicable.

Let me call your attention to my letter of January 27, 1890, concerning the Drummond County Railway, in which I suggested that a limit be fixed for the proportion of work to be done before part of a subsidy is paid.

Please inform me of any steps which may have been taken in this direction.

I am, Sir, your obedient servant,

The Secretary Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS DEPT, OTTAWA, March 31, 1890.

SIR,—Replying to your letter of the 12th instant, with reference to a Departmental application for the payment of the sum of \$11,620 to the Brantford, Waterloo and Lake Erie Railway, as the amount of their subsidy earned, and to your suggestion that a limit be fixed for the proportion of work to be done before part of a subsidy is paid, I have the honour, by direction, to say that the Minister does not see how such a limit can be laid down, and, further, that he is of opinion that the amount covered by the present application should be paid.

I am, Sir, your obedient servant,

The Auditor General.
B-344

A. P. BRADLEY, Secy.

Drummond County Railway.

AUDIT OFFICE, OTTAWA, Jan. 27, 1890.

DEAR SIR,—Let me acknowledge the receipt of your application No. 334 for \$6,928, in favour of the Drummond County Railway, based on Mr. Ridout's inspection of 35·8 miles.

Referring to Mr. Schreiber's certificate of July 15, 1889, and assuming that the \$5,500 there deducted from 12·46 miles is still withheld, the figures may be divided as follows, between the portions of the 34½ miles subsidized:—

	12·46 Miles.	22·04 Miles.
Subsidy, \$3,200 a mile.....	\$39,872	\$70,528
Withheld for completion.....	5,500	63,600
Previously paid.....	34,372
Certified for payment.....	6,928

It was not anticipated that the practice of making partial payment before completion would be carried so far as to recognize \$6,928 on \$70,528, or less than 10 per cent.

I beg leave to suggest that the present application be cancelled, and that there be established a general regulation as to the proportion of work to be done before any part of a subsidy is paid.

I am, Sir, your obedient servant.

The Secretary Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS DEPT., OTTAWA, March 31, 1890.

SIR,—With reference to your letter of January 27 last, suggesting that the Departmental application for \$6,928 in favour of the Drummond County Railway Company, being the amount of the subsidy earned under the last inspection of that road, be cancelled, and that there be established a general regulation as to the proportion of work to be done before any part of a subsidy is paid, I have the honour, by direction, to say that your suggestion has been laid before the Minister of this Department, who is unable to see how any such regulation can be made, and who is of the opinion that the present application should be granted.

I am, Sir, your obedient servant,

The Auditor General.

A. P. BRADLEY, Secy.

Joggins Railway.

AUDIT OFFICE, OTTAWA, Sept. 16, 1890.

DEAR SIR,—Let me acknowledge the receipt of your application, No. 88, in favour of the Joggins Railway Company for \$1,600, the balance of their subsidy for 12 miles, under 49 Vic., chap. 10.

The engineer's certificate describes the whole 12 miles as made up thus: 11 miles from Maccan to the Prospect Mine, and one mile for the Association Pit Branch.

I do not remember any previous instance of payment for anything but a continuous line, under wording like that for the present subsidy: "12 miles from Maccan to the Joggins." Would it not be well to have the branch explicitly described to Parliament before paying this balance?

Is any part of the subsidy of 1887 (\$4,000 for extension to wharf) included in this application?

I am, Sir, your obedient servant,

The Secretary Railways and Canals.

J. L. McDOUGALL, A.G.

DETAILS OF EXPENDITURE.

B—345

RAILWAYS DEPT., OTTAWA, Nov. 12, 1890.

SIR,—Your letter of Sept. 16, acknowledging the receipt of our application No. 88, in favour of the Joggins Railway for the sum of \$1,600, as authorized by Order in Council of Sept. 9, and your remarks thereon, has been received, and has lately been placed before the Minister, who writes as follows: "The subsidy is for 12 miles to the Joggins; now the Joggins is a well-known district, and both mines are in the Joggins district. The subsidy is not to a point in the district, and so it seems to me that under the Act the one mile to the Pit mine can be added to the other 11 miles." No part of the subsidy of 1887—\$4,000—is included in the application.

I have therefore to request that a cheque for the \$1,600 be issued.

I am, Sir, your obedient servant,

The Auditor General.

A. P. BRADLEY, *Sec.*

Montreal and Champlain Junction Railway.

AUDIT OFFICE, OTTAWA, Dec. 13, 1889.

DEAR SIR,—Let me acknowledge the receipt of your application No. 280 for \$5,400, in favour of the Montreal and Champlain Junction Railway Company, on account of subsidy for 21·38 miles.

The votes and payments to this company are as follows:—

1887—A subsidy of.....	\$64,000	
1888—For 3 miles of their railway from the end of the present subsidized section, at \$3,200.	9,600	
Previous payments.....		\$53,100
Application in hand.....		5,400
Improvements to be made on line.....		15,100
		<hr/>
		\$73,600
		<hr/>
		\$73,600

There is no mention made in the Subsidy Act, in the Order in Council, or in the Chief Engineer's letter, dated Oct. 30, 1889, of the distance covered by the subsidy of 1887.

In the Chief Engineer's letter of Jan. 26, 1888, certifying a payment of \$16,400 on 17 miles, under the Act of 1887 (and before the Act of 1888 was passed) the portion of \$64,000 applicable to 17 miles is taken as \$50,000. This apparently assumes 21 $\frac{3}{4}$ miles as the length of the original section subsidized at \$64,000.

Please let me know the distance covered by the subsidy of 1887.

I am, Sir, your obedient servant,

The Secretary Railways and Canals.

J. L. McDOUGALL, *A.G.*

RAILWAYS DEPT., OTTAWA, Dec. 19, 1889.

SIR,—I am directed to inform you that your letter of the 13th inst., acknowledging the receipt of my application No. 280 for \$5,400, in favour of the Montreal and Champlain Junction Railway Company, on account of subsidy for 21·38 miles has been referred to the Chief Engineer, who reports as follows, viz.:—

"It appears that when the subsidy was granted by 50-51 Vic., chap. 25, the distance was supposed to be about 17 or 18 miles from Massena Springs to Fort Covington, but before the contract was entered into, the survey was made, and it proved to be 20 $\frac{3}{4}$ miles, and the contract was so drawn, and upon this, I, at the outset, prepared my reports. Subsequently by 51 Vic., chap. 3, the 3 miles shortage of distance was covered, and I have since prepared my reports covering the last subsidy."

I am, Sir, your obedient servant,

The Auditor General.

A. P. BRADLEY, *Secy.*

AUDIT OFFICE, OTTAWA, Dec. 27, 1889.

DEAR SIR,—I am unable to pass your application for \$5,400 in favour of the Montreal and Champlain Junction Railway, on the ground that the sums of \$64,000 and \$9,600 would provide for 23 miles, unless a shorter distance were mentioned in the Act.

A reference to "Hansard" seems to indicate that 23 miles was to be covered by \$64,000, and no mention was made then of the distance of 18.38 miles on which the company now proposes to have that subsidy calculated.

There is another irregularity (which does not enter into my objection) in the fact that the whole 21.38 miles is outside of Canada, whereas it was stated that the vote for \$9,600 was not intended for a railway in the United States.

Since, therefore, the terms of the present subsidy are not clearly defined, it would be well to ask for a new vote to cover any payments which you propose to make.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS DEPT., OTTAWA, Dec. 30, 1889.

SIR,—Referring to my report of Oct. 30 last, upon the section of the Montreal and Champlain Junction Railway, covered by the two following subsidies, viz. :—

50 and 51 Vic., chap. 24—To the Montreal and Champlain Junction Railway Company, a subsidy of.....	\$ 64,000
51 Vic., chap. 3—To the Montreal and Champlain Junction Railway Company, for 3 miles of their railway from the end of the present subsidized section, a subsidy not exceeding \$3,200 per mile, nor exceeding in the whole.....	9,600
Total.....	<u>\$ 73,600</u>

I find I have not fully covered the section of line embraced by these two subsidies.

It appears that these subsidies covered the section of road from the end of the old Montreal and Champlain Junction Railway, *via* Fort Covington to Massena Springs, distance 23 miles.

Total subsidy applicable.....	\$ 73,600
Less estimated value of work remaining to be done.....	15,100
Subsidy represented by work done.....	<u>\$ 58,500</u>

I am, Sir, your obedient servant,

The Secretary Railways and Canals.

The Audit Office needs Original Vouchers.

AUDIT OFFICE, OTTAWA, May 21, 1890.

DEAR SIR,—I notice that many of the vouchers which you forward to this Office are duplicates made in your own Department.

Let me remind you that the Audit Office, as examining for the House of Commons, needs the original vouchers made out by the creditors themselves, since they are the best evidence of liability.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Dept. Public Works.

AUDIT OFFICE, OTTAWA, July 8, 1890.

DEAR SIR,—I am passing to-day several of your applications for slides and booms expenditure, supported by copies of vouchers made out in Mr. Brophy's office. These copies appear to be abstracts of the originals, rather than literal transcripts.

Let me remind you, however, of my letter of May 21, 1890, asking to be supplied in all cases with the original vouchers made out by the creditors themselves, as the best evidence of liability.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Dept. Public Works.

PUBLIC WORKS DEPT., OTTAWA, July 16, 1890.

SIR,—Having reference to your letter of the 8th instant, stating that you require the original vouchers in connection with payments on account of slides and booms expenditure, I beg leave to say that your wishes in the matter have been communicated to Mr. Brophy.

I am, Sir, your obedient servant,

A. GOBEIL, *Secy.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Sept. 9, 1890.

DEAR SIR,—I beg to acknowledge receipt of your application No. 197, covering an item of \$6,879, for coal supplied for the St. Lawrence ship channel by Messrs Kingman, Brown & Co., of Montreal.

The voucher attached is not an original account made out by Kingman, Brown, & Co., but a copy written by an officer of your Department at Sorel.

As mentioned in my letters of May 21 and July 8, I am unable to certify payment on anything but original vouchers made out by the creditors themselves.

I return herewith the copy of Kingman, Brown & Co.'s account, and would like to be supplied with the original voucher from which the copy was made.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Dept. Public Works.

Methods of Paying Wages and Accounts:

AUDIT OFFICE, OTTAWA, April 18, 1890.

DEAR SIR,—I notice that the cheques drawn against Public Works Letters-of-Credit in Ottawa and St. John are made out in the form "Pay to..... or order."

Let me call your attention to the Order in Council of June 27, 1888, shown on page C-15 of my Report for 1889, which prescribes the form "Pay to the order of"

I am, Sir, your obedient servant,

The Secretary, Dept. Public Works.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, May 7, 1890.

SIR,—In reply to your letter of the 18th ultimo, I beg leave to inform you that the accountant explains that the reason for his not using the form of cheque prescribed by the Order in Council of 27th June, 1888, was that his new supply was not ready, and he wished to use up his old stock, which is now about exhausted.

I am, Sir, your obedient servant,

The Auditor General.

A. GOBEIL, *Secy.*

AUDIT OFFICE, OTTAWA, April 30, 1890.

DEAR SIR,—I notice in your receipted pay-lists many cases where the workmen sign by marks, and the paymaster attests the marks by his initials.

Each mark should be witnessed by some third person, who should certify that the cash was paid by the paymaster and the mark made in the presence of the witness, and that the creditor expressed his inability to sign his name in writing.

I am, Sir, your obedient servant.

The Secretary, Dept. Public Works.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, June 20, 1890.

SIR,—Having reference to your letter of the 30th ulto., I beg to inform you that instructions have been given to have a third witness to payments made to workmen who are unable to sign their names to receipts.

I am, Sir, your obedient servant,
The Auditor General. A. GOBEIL, *Secy.*

AUDIT OFFICE, OTTAWA, Oct. 23, 1890.

DEAR SIR,—I find that the pay-list vouchers supplied by your Department for wages of labourers mention only the number of days' work during the period covered by the pay-list.

The pay-lists, in all cases, should give the date of each day on which each man worked. Please see that this change is made as soon as practicable.

I am, Sir, your obedient servant,
The Secretary, Dept. Public Works. J. L. McDUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 21, 1890.

DEAR SIR,—Please let me know whether the different officers of your Department who act as paymasters have given security, as required by the Order in Council of August, 1869.

I am, Sir, your obedient servant,
The Secy., Dept. Public Works. J. L. McDUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 28, 1890.

DEAR SIR,—I notice that large sums of money to pay monthly accounts for wages and supplies of harbours, rivers and dredges are advanced to employees of your Department: Messrs. Coté, Arnoldi, Dionne, Kingston, St. Laurent and others.

It is a generally recognized principle that no account should be paid in cash if a cheque would answer the purpose as well; and a paymaster should not be asked to carry more cash than is absolutely required.

I am unwilling to continue to share in any way the responsibility for a system involving unnecessary risk. Please draw separate cheques to cover each account for which there is no urgent reason for cash payment. The reasons for exceptions should be given specifically in each case.

The cheque for the wages and the excepted accounts will be in favour of the paymaster as usual, and he can carry or mail the other cheques to the creditors.

I am, Sir, your obedient servant,
The Secy., Dept. Public Works. J. L. McDUGALL, *A.G.*

Certificates under Sec. 33 of Audit Act.

AUDIT OFFICE, OTTAWA, Oct. 9, 1889.

SIR,—I notice that many of your accounts are not certified in the manner required by Section 33 of the Audit Act.

All accounts for materials supplied should be certified as "received" by the officer who handles the goods. They should also be certified "prices fair and just" by some officer who has examined the supplies, and who is familiar with their value.

All accounts for labour should be certified "work performed," by the local foreman who has personal knowledge of the work.

I am, Sir, your obedient servant,
The Secretary, Public Works Department. J. L. McDUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 11, 1890.

DEAR SIR,—I return herewith your application No. 770, in favour of J. D. Potter of London, Eng., for \$27.38, to pay for charts of the Fiji Group, Samoa, Sandwich Islands, New Zealand, Fanning Island, and Coast and Harbours of Queensland.

Please certify that the prices are fair and just, and that the expenditure is necessary for the public service.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Department.

PUBLIC WORKS DEPT., OTTAWA, April 15, 1890.

SIR.—I beg leave to send you again application No. 770, in favour of J. D. Potter, for \$27.38, to pay for charts of Pacific Islands, &c., also the account which is certified by the Superintendent of Telegraph Service, that the prices are fair and the expenditure necessary.

I am, Sir, your obedient servant.

A. GOBEIL, *Secretary.*

The Auditor General.

NOTE by Auditor General:—Mr. Gisborne's certificate reads: "The prices charged are fair and reasonable, and the same as usual for such charts. The above have been procured for the use and information of this Department."

AUDIT OFFICE, OTTAWA, Sept. 10, 1890.

DEAR SIR,—Your application No. 181 covers a bill from the Alberta Railway and Coal Co., reading "For 15 tons of coal delivered to Winnipeg Post Office, at \$7.50." The certificate by Mr. Smith is "Correct, price as per contract."

The Accountant of your Department, in conversation, held that the certificate "Correct" to the Company's description of their claim, fixes Mr. Smith's responsibility for each point of the description, including therefore the delivery.

This view may be legally correct, and I have no doubt, of course, that the coal has been delivered; but I do not think that the requirements of Section 33 of the Audit Act have been filled: "Unless the officer certifies that such materials have been supplied." The spirit of this section is that the officer's certificate shall be evidence that he had in mind the particular question, "Were the materials supplied or not?"

I return the voucher herewith, and would like to have it marked by Mr. Smith, "Materials supplied."

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secy. Dept. Public Works.

AUDIT OFFICE, OTTAWA, Jan. 3, 1891.

SIR,—Let me acknowledge receipt of your Application No. 537 for \$780.90 in favour of Messrs. Logan & Rankin, of 36 Toronto Street, Toronto, for working-drawings of pumping-plant for Kingston Dry Dock.

I would like to call your attention to the fact that Mr. Strong, the Resident Engineer, has signed his name under the word "certified," instead of under the words "work performed, prices fair and just." It is not therefore explicitly apparent that he had in mind the necessity of satisfying himself on these two separate requisites, before approving the account for payment.

I return the application and voucher herewith for amendment.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, Jan. 14, 1891.

SIR,—Having reference to your letter of the 3rd inst., I have the honour to return you the vouchers in favour of Logan & Rankin, amended, as requested, by the Resident Engineer, and to state that the Chief Engineer in returning those vouchers remarks that he cannot see that any importance attaches to where the Resident Engineer's name appears on an account. That, in this case, it happened that the signature of that officer was at some little distance from the printed statement that the "prices were fair and just," and that he considers it only a quibble to return the account, and in keeping with the manner in which accounts from his branch have been treated in your office.

I am, Sir, your obedient servant,
The Auditor General. E. F. E. ROY, *Secy.*

Specifications needed with Timber Accounts.

AUDIT OFFICE, OTTAWA, Oct. 23, 1890.

DEAR SIR,—Let me acknowledge receipt of your Application No. 325 for \$1,662.84 in favour of Poupore & Co., for 9,238 feet of squared W. P. timber delivered in Calumet Basin at 18c.

For this, and other timber accounts, I would like to be supplied with the specifications of measurements, in order to be able to check the calculations.

I am, Sir, your obedient servant,
The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT, OTTAWA, Nov. 5, 1890.

SIR,—Having reference to your letter of the 23rd ultimo, acknowledging application No. 325 for \$1,662.84 in favour of Messrs. Poupore & Co., for square timber, and requesting that for this and other timber accounts you would like to be supplied with specifications of measurements, I beg leave to inform you that detailed specifications of measurements would take four or five sheets of foolscap, and that the total measurement as given in the bill has been checked by Mr. Brophy and certified to by him, to amount to 9,238 feet, for which, by agreement, 18c. per foot was to be paid, making a sum total of \$1,662.84, and the Chief Engineer has duly certified the account referred to.

I am, Sir, your obedient servant,
The Auditor General. A. GOBEL, *Secy.*

AUDIT OFFICE, OTTAWA, Nov. 5, 1890.

SIR,—In reply to your communication of the 5th instant, regarding application No. 325 in favour of Messrs. Poupore & Co., for \$1,662.84, I beg to say that I regret having to delay passing the certificate until the specification is forwarded, it appearing to me that the specification of timber is exactly similar to the bill of any other supplies, and as such is an essential voucher.

I am, Sir, your obedient servant,
The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Accounts for Stationery and Printing.

AUDIT OFFICE, OTTAWA, May 1, 1890.

DEAR SIR,—I notice that, among the vouchers forwarded by some of your officers outside of Ottawa, several bills for stationery and printing have been presented and paid. As an instance, I may mention the accounts for the St. Lawrence Ship Channel and Port Arthur Breakwater.

Under 51 Vic., Cap. 17, Sec. 2, all printing and stationery, whether for the inside or outside service, should be ordered from and paid by the Queen's Printer and Controller of Stationery.

Please explain to your officers the law on this subject, and withhold payment on any similar vouchers which may be presented to you in future.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secy., Public Works Dept.

Extra Payments to Permanent Officers.

AUDIT OFFICE, OTTAWA, April 28, 1890.

DEAR SIR,—Let me call your attention to cheque 48707 in favour of Thos. Anderson, of Edmonton, for \$20, for plans and information concerning the site for a bridge over the Saskatchewan River.

Mr. Anderson is employed under Order in Council by the Interior Department as timber agent at Edmonton, and is therefore prevented from receiving any additional pay, under 51 Vic., Cap. 12, Sec. 12.

Please obtain a refund of the amount from Mr. Anderson.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secy., Public Works Dept.

AUDIT OFFICE, OTTAWA, May 12, 1890.

DEAR SIR,—In your expenditure for St. Timothy Pier, I notice \$250 paid to the foreman, G. B. Denault, for 100 days at \$2.50, in August, September, October and November, 1889.

Mr. Denault is the wharfinger at Valleyfield, on the Beauharnois Canal, and holds his position under Order in Council. See my report for 1889, page F-1.

Being a permanent officer he comes under the provisions of 51 Vic., Cap. 12, Sec. 12. Any payment to him, beyond his salary as wharfinger, should be sanctioned by Order in Council, or refunded.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secy., Public Works Dept.

Extra Clerks Charged to Outside Votes.

AUDIT OFFICE, OTTAWA, Dec. 4, 1890.

SIR,—I beg to acknowledge the receipt of your letter of the 3rd instant *re* transfer of \$1,550.65, pay-list Chief Architect's staff for October, from the appropriation "Public Buildings Generally," to appropriation "Ottawa Buildings, Capital."

Also for the month of November, you ask that appropriation "Public Buildings Generally" be credited with \$1,414.17, pay-list Chief Architect's staff, and that "Almonte Post Office" appropriation be debited.

Might I ask you to be good enough to explain upon what grounds the pay lists for one month should be charged to one appropriation and the pay-list of the following month to a different appropriation?

I am, Sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, Dec. 31, 1890.

SIR,—In reply to your letter of the 4th instant, asking upon what grounds the pay-list of one month, for the Chief Architect's Staff, should be charged to one approp-

priation and the pay-lists of the following month to a different appropriation, I have the honour to explain that there is not any appropriation specially intended to cover the salaries of the Chief Architect's Staff and other non-permanent employees of this Department. It has always been the practice to charge the pay-lists of these officers, month about, to any of the various works upon which they were engaged, as warranted by the state of the appropriation balance.

The Auditor General.

I am, Sir, your obedient servant,

A. GOBEIL, *Secy.*

AUDIT OFFICE, OTTAWA, Jan. 3, 1891.

SIR,—In reply to your letter of the 31st ultimo, No. 67494, *re* salaries of non-permanent employees of your Department, I beg to say that an appropriation ought not to be charged with any amount which does not cover a service directly connected with the object for which the appropriation was granted.

I would suggest that in future a separate sum be placed in the Estimates, for the officials at headquarters who have hitherto been charged to votes for works.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 14, 1890.

DEAR SIR,—Let me acknowledge receipt of your application for the transfer of \$2,505.60 from "Telegraph Service Generally" to "Telegraph Lines, N. W. T.",—being amounts paid to Extra Clerks in Sept. and Oct., 1889. Please let me have your reasons for asking for the transfer.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, May 20, 1890.

SIR,—In reply to your letter of the 14th inst. asking why the transfer of \$2,505.60 from "Telegraph Service Generally" to "Telegraph Lines, N. W. T." was made—being amounts paid to Extra Clerks in Sept. and Oct. 1889, I am directed to inform you that the appropriation "Telegraph Service," being a general one, it is found a more suitable fund from which to pay the salaries of Extra Clerks at Ottawa than the appropriation "Telegraph Lines, N. W. T.," which is intended for expenditure in the North-West Territories.

I am, Sir, your obedient servant,

The Auditor General.

Payments to E. F. G. Cowen as an Extra Clerk.

AUDIT OFFICE, OTTAWA, April 30, 1890.

DEAR SIR,—Let me call your attention to the salary cheques issued to Mr. E. F. G. Cowen, formerly an extra clerk in the Public Works Dept. at \$1.75 a day.

The latest document which I find dated at Ottawa by Mr. Cowen is a Power of Attorney of March 14, 1889, in favour of the Manager of the Canadian Bank of Commerce here.

Cheque 43203, for March pay, is dated March 21, 1889, and was cashed at the Merchant's Bank in Chatham, Ont., reaching the Bank of Montreal at Ottawa, March 29.

Cheques 43840, 44419, and 45008 for April, May and June respectively, were drawn in favour of the Bank of Commerce at Ottawa under the Power of Attorney of March 14.

Cheque 46395 of Sept. 3, is marked as August pay; and cheque 46547 of Sept. 13, is marked as July pay. These were both cashed at the Bank of Montreal in Chatham, reaching Ottawa Sept. 26, 1889.

Please let me have the date at which Mr. Cowen ceased working in the Department at Ottawa, and the authority for any payments which were made since that date. There should also be an explanation of the fact that his July pay was ten days later than his August pay.

The different months' pay-cheques were charged to the following votes :

March : Land and Cable Telegraph Lines, Maintenance.

April : North-West Mounted Police Buildings.

May : Telegraph Service Generally, Maintenance.

June : Kingston Dry Dock.

July : River St. Lawrence, Deepening.

August : River St. Lawrence, Deepening.

I am at a loss to understand how you discriminated the proper vote against which to charge Mr. Cowen's pay after he left the Department at Ottawa.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

Ottawa Buildings.

AUDIT OFFICE, OTTAWA, July 8, 1890.

DEAR SIR,—Let me acknowledge receipt to-day of your application in favour of Mr. A. Charlebois for \$25,000 in further payment on the Langevin Block, as by the Chief Architect's certificate.

In view of the fact that the building has been occupied for some time, I would like to know how soon we may expect the Final Estimate to be completed.

I am, Sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, July 25, 1890.

SIR,—In reply to your letter of the 8th instant enquiring when you may expect the final Estimate in favor of A. Charlebois, contractor for the "Langevin" Block, I beg leave to inform you that it is impossible to say at present, but we hope for a final settlement within a reasonable time.

I am, Sir, your obedient servant,

A. GOBEIL, Secy.

The Auditor General.

AUDIT OFFICE, OTTAWA, July 26, 1890.

SIR,—In reply to your communication No. 64291 of the 25th instant *in re* final Estimate in favour of Mr. A. Charlebois, contractor for the "Langevin" Block, allow me to say that the object I had in view has been gained. Mr. Charlebois having said that he would apply for no other payment until the settlement of the claim.

DEAR SIR,—Let me acknowledge receipt of your application No. 794 for \$225 in favour of Mr. W. Horace Lee, for "Three months' rent of building on Wellington street, Ottawa, occupied by the Indian Department to April 30, 1890.

Please mention the date at which the Department of Indian Affairs moved out of Mr. Lee's building, and the uses to which it has been put by the Government since that time. I return the voucher herewith, for any necessary alteration in the description.

CHIEF ARCHITECT'S OFFICE, OTTAWA, May 9, 1890

Memorandum :—Mr. Horace Lee's building was occupied by the Department of Indian Affairs under lease which expired on the 1st May, 1889. Owing to uncertainty as to the time the Indian Affairs could move into their new quarters in 1889, the 6 months notice required by law, to be given previous to the 1st May, 1889, could not be given in time, and the Government therefore continued as tenants for another year. The Indian Affairs moved out in May, 1889, and the building has since been occupied for various public purposes. The Canadian Pacific Railway Commission has held its sittings there, and the translators of the debates have occupied some of the rooms since the opening of the Session, and, by arrangements with Mr. Lee, will continue occupation until prorogation, at same rental as paid under lease, without incurring further responsibility.

PUBLIC WORKS DEPT., OTTAWA, Jan. 23, 1890.

SIR,—I beg leave to enclose herewith accounts from G. T. Thompson, amounting to \$290, for coal delivered at the Experimental Farm, Ottawa. A charge for cartage, amounting to \$24.79, is also made and allowed by the Chief Architect as per his explanation on accompanying copy of his memorandum on the matter.

Memorandum.

Re charge for cartage of coal to the Central Experimental Farm, the Auditor General objected to the rate per ton 75cts., charged for the cartage of coal from the Ottawa Sheds to the Central Experimental Farm. This matter has been discussed with Professor Saunders who certified the account as correct; he states that the price paid by the various officers connected with the farm for the cartage of their coal is 50cts. per ton, i.e. the rate charged when the roads are good. When the coal charged in the accounts attached was delivered the roads were bad, and the rate charged, 75cts., is a reasonable price.

Final Estimate for London Military Buildings.

AUDIT OFFICE, OTTAWA, April 18, 1890.

DEAR SIR,—In Hook & Toll's final estimate for the London Military Buildings, I notice that 20 per cent. is allowed to them on vouchers for extra work performed by other persons.

Please let me know why this charge is made, in view of the fact that this was apparently work over which Messrs. Hook & Toll exercised no supervision.

Over-Expenditure on Battleford Bridge.

AUDIT OFFICE, OTTAWA, July 31, 1890.

SIR,—Allow me to draw your attention to application No. 935, in favour of the Bank of Montreal for \$6,881.45, to cover cheques drawn by Mr. W. F. Gouin during month of June at Winnipeg.

The appropriation "Battle River Bridge" has been over-expended by \$5,906.70, and no explanation is offered why Mr. Gouin has been instructed to over-expend this appropriation.

CHIEF ENGINEER'S OFFICE, Aug. 8, 1890.

SIR,—With reference to the letter from the Auditor General, file 110,437, and the question endorsed thereon by you relative to the over-expenditure of \$5,906.70 on the Battle River Bridge at Battleford, I have to state as follows:—

On May 2, 1888, Messrs. Kennedy & Heney entered into a contract with the Department for the construction of a highway bridge at Battleford, N. W. T., and agreed therein to complete the same within twelve months from the date of the contract.

The contractors made but little progress with regard to the delivery of materials, the first delivery being a quantity of iron which was shipped from Ottawa, and lay at Swift Current for many months.

The attention of the contractors was called to this delay and negligence on their part to prosecute the work, and at last in February, 1890, so little work had been done that the Department felt itself obliged to take the work out of their hands and do it by day's labour.

The causes, therefore, for this over-expenditure may be briefly summed up as follows:—

The teamsters had to be paid for freighting the iron across the prairies from Swift Current to Battleford. Timber which had been delivered and had not been paid for by the contractors, had to be paid for by the Department. Stone also for

the piers had to be paid for; and the work done by the contractors prior to the Department assuming it was in such a state, that had it not been pushed forward as rapidly as possible, what had been done would have been carried away by the ice in the spring. Further, had the Department not pushed the work the bridge could not have been finished for another year, and the public would thereby have been greatly inconvenienced.

Meals for Employees on Survey-Steamer "Joe."

AUDIT OFFICE, OTTAWA, July 25, 1890.

DEAR SIR,—Let me acknowledge receipt of your Application No. 85 for \$121.35 in favour of Mr. J. R. Arnoldi, on account of travelling expenses.

There is an item of \$29.25 for 117 meals for the Engineer, Assistants and Pilots on the Survey-Steamer between June 28 and July 17, 1890.

Please let me have the name of these persons, and the amount chargeable for each.

Shed for Storing Dredging Plant in Ottawa.

AUDIT OFFICE, OTTAWA, Jan. 16, 1891.

DEAR SIR,—Under "Repairs to Dredge Vessels" in 1889-90, I find two vouchers for \$40 each (Nos. 47787 and 51418), representing payment of \$80 to F. Merrett, of Ottawa, for 12 months' "Rent of Shed for storage of Dredging Plant."

Thos. Fitzgerald's Account: Kaministiquia Dredging.

AUDIT OFFICE, OTTAWA, April 30, 1890.

DEAR SIR,—Let me call your attention to Voucher 47344 for \$329, in favour of Thos. Fitzgerald, the Inspector of Dredging on the Kaministiquia River.

There should be details of the 588 hours extra work at 35c., and of the item of \$44 for travel from Port Arthur to Ottawa in October.

Mr. Fitzgerald's personal account stands thus:

	Cheque.	Voucher.
June 13, 1889: Advance for travel.....	\$150 00	
June 30, 1889: Details of travel.....		\$ 50 80
do do Services in June.....		63 00
June 28, 1889: Cheque for last two items	113 80	
July, 1889: 31 days at \$3.50	108 50	108 50
Aug., 1889: do	108 50	108 50
Oct. 31, 1889: Closing account for season		479 00
Oct. 22, 1889: Cheque for balance.....	329	

The voucher for \$113.80 should have been charged against the previous advance for travel, instead of being paid by a new cheque; and the advance of \$150, made June 13, 1889, should not have been left out of account until October.

Further, since the closing account was settled at Ottawa by a cheque of Oct. 22, which was cashed the same day, the date "Oct. 31" on the voucher is an error. Was Mr. Fitzgerald engaged on work connected with Kaministiquia Dredging from Oct. 22 to Oct. 31, during which interval he was paid for his time in Ottawa?

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

Timber for New Dredging Plant.

AUDIT OFFICE, OTTAWA, Sept. 20, 1890.

DEAR SIR,—Let me acknowledge receipt of your Application No. 219 for \$5,999.91 in favour of A. Hurteau & Bro., of Montreal, for pine and oak timber supplied for New Dredging Plant:—

	Over 30 ft.	30 ft. and less.
Pine, 1,182½ cub. feet at \$0.78	\$296 79	\$ 625 56
Oak, 4,978 do 1.02	649 06	4,428 50
Total.....	<u>\$945 85</u>	<u>\$5,054 06</u>

It appears to me that the unusually high prices call for some further explanation. I am holding the certificate in the meantime.

I am, Sir, your obedient servant,

The Secy. Dept. Public Works.

J. L. McDOUGALL, A.G.

MECHANICAL ENGINEER'S OFFICE, Sept. 20, 1890.

SIR,—In reply to the Auditor General's letter of to-day regarding the prices charged for oak and pine timber in account of A. Hurteau et Frère, I may explain that all the timber in this bill is of exceptional clear quality, seasoned, and all cut to dimensions, of which there are seventy-six different sizes.

This quality of oak cannot be obtained here, and the pine, unless ordered a season ahead, cannot be obtained either. Two years ago tenders were asked from the various lumber merchants of Ottawa and Montreal and the only tender received was from Messrs. Hurteau.

The present order was only found to be required last May for use this year, therefore the delay of waiting till 1891 for delivery could not be considered.

Messrs. Hurteau have brought all our special timber for some time past from a distance, and the price includes freight, &c., cartage, and piling in shipyard in Ottawa; therefore, although the prices charged appear high, I consider them only liberal without being excessive, taking into account the quality of the stuff, the labour and the expense attending the execution and delivery of such a detailed dimension order.

Good quality 1½-inch flooring, ordinary short lengths, costs \$40 per M. in Ottawa.

I am, Sir, your obedient servant,

The Secy. Public Works Dept.

Levis Graving Dock.

AUDIT OFFICE, OTTAWA, April 15, 1890.

DEAR SIR,—Let me acknowledge receipt of your application No. 773 for \$9,002.93 in favour of the Quebec Harbour Commissioners, for expenses of the Lévis Graving Dock in 1889.

The vouchers should be certified in the words prescribed by Sec. 33 of the Audit Act, namely: "Work performed" or "Materials received," and "Prices fair and just." Each certificate should be made only by an officer having personal knowledge of the fact which he certifies.

There are charges for advertising amounting to \$62.96, which should be taxed by the Queen's Printer. Mr. Coté's bill of \$8.50 for printing, and Mr. Miller's bill of \$5.22 for Stationery, should be settled by the Queen's Printer, in accordance with the Act of 1888.

The four items for insurance, amounting to \$238.50 are shut out by the Order in Council of July 5, 1881, shown on page C—13 of my Report for 1889.

Please let me have the authority fixing the salaries of officers, as given in Voucher No. 69, for \$2,674.

There should be items given for Capt. Bernier's travel and postage, \$37.88, and for the Harbour Commission's account for cartage, \$14.69.

I return the vouchers herewith, to have the necessary certificates attached.

PUBLIC WORKS DEPT., OTTAWA, Sept. 27, 1890.

SIR,—In reply to your letter of the 15th April last, having reference to the accounts for the management of the Graving Dock at Lévis, Que., I have the honour to state that upon the transfer of that important work to this Department it was deemed advisable to leave such management for a time in the hands of the Quebec Harbour Commissioners, as agents for the Department, a fact which will at once explain any apparent irregularity in the accounts submitted, the Commissioners having continued to observe the rules followed by them prior to the transfer.

I may add, however, that the attention of the Commissioners will be called to the manner in which you desire the accounts to be certified for their guidance in the future, and that the same will be done as regards travelling and other petty expenses in connection with that work. The Commissioners will also be asked to get any advertising or printing required in the future to be done through this Department.

As regards the question of insurance, the matter will be submitted to the Minister on his return to the city, and his decision in the matter will be duly communicated to you.

With reference to the salaries of the officers employed in connection with the dock, it may be stated that, upon the transfer to this Department, the same staff

which had been appointed by the Harbour Commissioners, and had managed the dock until such transfer, was continued in employment with the same salaries which they had formerly received.

Removal of Chesterville Dam.

AUDIT OFFICE, OTTAWA, Oct. 23, 1890.

DEAR SIR,—Let me acknowledge receipt of your application No 328 for \$5,500 in favour of the Treasurer of Stormont, Dundas and Glengarry, described as "Subsidy for removal of Chesterville Dam."

The wording of the vote is "Little Nation River, \$5,500; the local authorities providing \$5,000."

I construe this as meaning that expenditure may be incurred up to \$10,500, to meet which the local contribution must first be used; and that only the excess over \$5,000 can be charged against the vote of \$5,500.

I return the application for \$5,500, to await detailed vouchers for the whole work.

SIR,—In reply to your communication of the 5th instant with reference to application No. 328 in favour of the treasurer of the United Counties of Stormont, Dundas and Glengarry, for \$5,500, I beg to say that the wording of the appropriation, "Little Nation River, the local authorities providing \$5,000," does not seem to me to imply that the \$5,500 is a contribution.

SIR,—In reply to your letter of the 7th ultimo, respecting the application in favour of the Treasurer of the United Counties of Stormont, Dundas and Glengarry for \$5,500 for improvements on the Little Nation River, and stating that the vote of Parliament does not seem to imply that the above mentioned sum is a contribution, I have the honour to inform you that payments to the counties for this work com-

menced in the year 1886-87, and have been from time to time made on the certificate of the Chief Engineer of this Department, and the work for which this application of \$5,500 is made is the continuation of the work begun in the year mentioned.

The Auditor General.

I am, Sir, your obedient servant,

A. GOBEIL, *Secy.*

AUDIT OFFICE, OTTAWA, Dec. 15, 1890.

SIR,—In reply to your letter of yesterday regarding the application for payment to the United Counties of Stormont, Dundas and Glengarry for improvements on the Little Nation River, I can only repeat what has been already stated in a former letter, that the words of the appropriation do not seem to indicate that any portion of the amount voted can be paid out for work performed before the appropriation came into effect.

I shall be much pleased to pass the application for \$5,500 when a certificate is obtained from the Chief Engineer that \$10,500 has been spent since the 1st of July last.

It appears to me that paying corporations or private individuals, in fact any person outside the Government itself, for work done before the existence of the appropriation would be illegal, while it might be perfectly justifiable to devote any portion of an appropriation to paying for work which had been undertaken by the Government itself before the appropriation came into existence.

Replies wanted to Seventeen Letters.

AUDIT OFFICE, OTTAWA, May 31, 1890.

DEAR SIR,—Let me call your attention to the enclosed statement of correspondence, showing that out of 25 letters written by me to your Department since April, 11, only 8 have received any answer beyond formal acknowledgment.

Please let me have replies to the other 17 letters at your earliest convenience, describing any action you may be going to take thereon.

Also, my letter of Jan. 17, 1889, concerning the accounts of 1887-88 (of which I reminded you July 11, 1889) has not yet been discussed by you, although it raised several questions of importance.

This inaction is, I need scarcely say, a great hindrance to the proper auditing of your Appropriation Accounts.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 3, 1891.

DEAR SIR,—Let me call your attention to my letter of May 31, 1890, giving a list of seventeen letters written to your Department between April 11 and May 21, to which no answers had been received by me.

Three of the letters have since been answered, and four have been explained in the course of other discussions. There remain ten, concerning which I would like to be informed, as follows :

"107989: *The payment to Thos. Anderson was irregular.*"—Mr. Anderson is the Timber Agent at Edmonton, appointed by Order in Council, and contributing to the Superannuation Fund. He is therefore a permanent officer; and, as such, is prohibited from receiving any addition to his regular salary as Timber Agent. The \$20 paid to him by you, for plans for a bridge over the Saskatchewan, should be refunded.

"107990: *Accounts should be paid by cheques instead of by cash.*"—The unnecessary handling of cash by Government officers should be reduced to the lowest figure. All accounts should be paid by cheques.

"108021: *Information needed re Thos. Fitzgerald's account.*"—The details are unsatisfactory; an advance was held too long; and it has not been proved that "Kaministiquia Dredging" received services from Oct. 22 to Oct. 31.

"108022: *Information needed re the late E. F. G. Cowen.*"—Mr. Cowen was paid as an extra clerk in the Public Works Department up to Aug. 31, 1889: but his cheques for March, July and August, 1889, were cashed at Chatham, Ont.; and those for April, May and June were drawn in favour of the Bank of Commerce at Ottawa, under a Power of Attorney executed at Ottawa March 14, 1889.

"108025: *Explain delay in paying ground rent for beacons.*"—There should always be an explanation attached to payments for services rendered at a much earlier date. It is usual to have Orders in Council for such payments.

"108377: *The payments to G. B. Denault were irregular.*"—Mr. Denault is the Wharfinger at Valleyfield on the Beauharnois Canal, appointed by Order in Council, and contributing to the Superannuation Fund. He is, therefore, a permanent officer; and, as such, is prevented by 51 Vic., Cap. 12, Sec. 12, from receiving any addition to his regular salary. You paid him \$250 between August and November, 1889, for services as foreman on the construction of the St. Timothy Pier. I called your attention to this irregularity May 12, 1890. I now find three more payments to him for the same service, namely: \$42.50 in July, 1890, \$65 in August, and \$55 in September. The Civil Service Act is so clear against these payments that I do not see how you can assume responsibility for them. I would also like to have a statement, for the information of Parliament, that Mr. Denault's two duties—those of foreman at St. Timothy and Wharfinger at Valleyfield—have not interfered with each other.

"108350: *To whom were the 24 photographs of the Chaudière Bridge supplied?*"—This question is in the line of Section 44 of the Audit Act: "The Auditor General shall ascertain whether the money expended has been applied to the purposes for which the grant was intended to provide."

"108365: *How did you determine, in the Langevin Block accounts, which furniture to charge to Capital, and which to Repairs.*"—I have not been able to gather this information from any accounts subsequently rendered.

"108511: *Re Security from Paymasters.*"—Have your paymasters complied with the Order in Council on this subject?

"108517: *All vouchers supplied to the Audit Office should be originals.*"—Experience only strengthens my belief in the necessity of this rule. A voucher should never be made out, for a creditor of the Government, by the officer whose duty it is to examine and certify it. I can recognize only a bill made out by the creditor himself.

I must also call your attention for the third time to my letter of Jan. 17, 1889, shown on page E-296 of my Report for 1887-88. There are several questions asked in that letter to which replies are necessary.

I shall be able to publish in my report for 1889-90, now approaching completion, any correspondence with which you may favour me during the current week; and I hope that you may thus free me from the necessity of referring these letters to the Treasury Board.

I am, Sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A. G.
