S.R.C., UNIVERSITY DISAGREE

BARBER BOYCOTT LIFTED

At the SRC meeting Wednesday night Vernon Copp reported that the proposals for prices and seating in the gym which he and Grant Clennie had been authorized to set had been presented to the university authorities, but the committee had received no response to their proposals.

After considerable discussion, during which varying opinions were aired, it was moved that the committee's proposals should go into effect for the next basketball game to be held in the gymnasium. However this motion was tabled until the next SRC meeting. The new admission prices that have been proposed are 35¢ for all children under 12 years of age and all High School students. 75¢ will be charged for reserved seats. The standing price for all non-students at present is 50¢.

Barber Boycott Lifted.

George Robinson stated that he thought that the boycott had been successful and should be terminated. The council, agreeing that the boycott had seemingly served its purpose, voted that it should be brought to an end and also that the SRC should take steps for setting up a campus barbershop. The U-Y sent a letter to the SRC seeking permission to try to establish a barbershop at UNB. The result of their findings will be conveyed to the SRC.

Nifcus Conference.

A report on the Nifcus Conference held in Winnipeg during the holidays was presented by Ed Bastedo. The abolishment of unemployment insurance paid by students working during the summer months was approved by Nifcus and a petition concerning this was sent to Ottawa.

Year Book Photos In Demand

All students who have photos suitable for use in the Hooge Fodge pages of the 1948 Year Book are asked to place them in the box provided in the Library.

Good clear prints or negatives are desirable. Please name individuals in photos and give their year and faculty at University. Contributors should enclose their own name also, as Year Books will be given free to those contributing the most photos. All negatives will be returned to owners.

Will the Executive of all Campus Organizations please see notice boards in the Arts, Forestry or Electrical Buildings for times of their Year Book photos during the week of Jan. 19th to 23rd inclusive.

NEWS IN BRIEF

Freshman Class Nominations.

Nominations for officers and SRC representatives for the Freshman Class have now closed. Those nominated are:

President, Dick Armstrong, George Buchan, Arthur Elliott, James Hornor. Vice-President: Mary Goan, Norma McLean, Joan Schousboe. Secretary: Hill Haines. SRC Representatives: Faith Baxter, Virginia Bliss, Dick Armstrong, Aulder Genow, Dick Snow, Fred Stoner, Peter Van Der Meyden, Larimer Wright. It is expected that Dick Armstrong will withdraw his nomination for Presidency while Bill Haines will become secretary by acclamation. Elections are to be held next Tuesday afternoon. (Vote—but vote wisely).

Appointment System.

The UNB Flying Club has a new flying appointment system. Any member wishing to fly or to take instruction in the Club's aircraft, need only phone Mr. Ken Best at 1950-11 to arrange the day and the hour.

U-Y Proposes Barbershop.

The U-Y Club has presented a letter to the SRC. This letter concerns the barbershop which the U-Y Club wishes to investigate and if found practical shall recommend to the SRC to set such a business up on the campus.

Dr. Trueman Honorary President.

Dr. A. W. Trueman was recently elected honorary President of NFCUS at the conference held in Winnipeg. Other officers included Bob Harwood, President, from UBC and Al Lomas, Maritime Regional Vice-President, of Dalhousie.

Inter-Faith Council Re-establishment.

An Inter-Faith Council has been re-established this year with representatives of the SCM, Newman Club, and Faculty.

SCM Conference

January 11—John Hildebrand, John Peck, and Claire Wallace presented to the SCM a report on the Kansas Conference held during the Christmas holidays. Each delegate spoke in turn and did a thorough job in covering the business that was carried out at the conference. This included addresses concerning secularism, sectarianism, personal living, and problems of Christianity and political life. The main points of the conference as a whole were delivered by Claire Wallace.

Monday Deadline for Revue Script

Script plans for the coming colossal Red and Black Revue are being crystallized. Script directors MacMillan and Robinson will have the script ready by this week-end.

This gala revue is the undertaking of the Senior Class. This pageant will be one of the most spectacular ever seen in Fredericton. To produce the show the Senior Class has gone to a great deal of trouble and plans to spend a huge sum of money.

If you can act, play a musical instrument, sing or do anything that's pertinent to show business, don't see the show from the audience—see it from the stage.

Contributions of stage lore are solicited. Have you, or you, and yes you too fresh, seen any good stage productions lately? Then why not let a senior know about it. If there's something striking about the show you saw, a skit, or a joke, or a song, don't keep it back. Write it down, or if studies press you too much, at least tell some senior about it so that he can pass it on to the script directors.

This is the last appeal for material. Monday, January 19, is the deadline for any contributions. Come people, help make the Red and Black Revue the most exciting and entertaining event in these parts since the founding of St. Anne. Any fellow or gal interested in the "event of the year" is asked to contact Cam MacMillan (phone 1592-31) Dramatic Club president, or George Robinson (phone 1407) or drop in at the Lady Beaverbrook Residence for an audition.

Ed McKinney has been elected as vice-president of the SCM. Flying Club

You may win a half-hour trip in the University plane. Submit a design for a Flying Club crest to Miss Carol Hopkins, Room 3, Arts Building. Entries will be judged by the Club executive and the flying instructors on January 31. The winner of this competition will be given a free plane ride. Come, all you designers, drawing experts, and generally talented people, give the Flying Club your support.

Last Monday evening at a meeting of the Society of the Lady Beaverbrook Residence a motion was passed to buy a combination radio-phonograph for the lounge. Its most specific use however, will be for Saturday evening socials.

The Social Committee was voted in as the committee to look after preparations of the Residence dance which will be held in late winter or early spring.

New President Interviewed - CALL OF N. B. STRONG

Dr. A. W. Trueman

(Correction—Due to circumstances beyond our control the Brunswickan published a picture with the caption "Dr. A. W. Trueman." This was in error.)

ROBINSON'S MESSAGE

The boycott of certain city barbershops is officially over.

There are some who have attempted to belittle our actions but perusal of the facts as seen in our Brunswickan prove that action was required and that the boycott was decisively effective.

GEORGE ROBINSON, President, SRC.

U.N.T.D. AT BRUNSWICKER

Wednesday evening, the UNB division of the UNTD, was shown through the parts and divisions of H.M.C.S. Brunswicker at Saint John. In the shipwright's department they were shown a 27 foot whaler with instruction on how it was used with sails or oars and how it was launched. In the armament section they were shown a 4-inch twin gun, 4-inch single gun single 20mm. Oerlikon, twin 20mm. Oerlikon, 40mm Bofors, Hedgehog and Depth charge thrower with instruction on the use of each, and their relation to the rest of the ship. Radar was included with a demonstration and explanation of the "guts" of the instrument. An exact replica of the "ASDIC" (anti-submarine) apparatus of a ship and its job was also shown. Then after a trip to the "wets" they proceeded home.

(Courtesy the Manitoban)

In an interview with Dr. Trueman Manitoban reporters brought to light further information concerning Trueman's appointment as President of the University. Apparently two months ago Dr. Trueman was offered the post at UNB. Thursday morning last Premier McNair called long distance to hear the decision. The decision "yes."

Since his arrival in Winnipeg in 1945 Dr. Trueman has acted as lecturer of English, in addition to his administrative duties. When asked if he would continue these duties at UNB, he expressed the hope that such a situation would be feasible, as it enabled an administrative officer to establish closer relationships with both staff and students and to exercise his own interest in his particular field of study.

In a message to the students Dr. Trueman had this to say: "I have many regrets about leaving the University of Manitoba. I regret nothing more than the breaking off of these pleasant relations with the undergraduates. However, the call of New Brunswick has been too strong for me.

"New Brunswick is the province in which I went to college, at Mount Allison, and in which I began my university career as a teacher. You will understand that hosts of old friends and many of my family connections are living there. My nephew is on the same farm which the Trueman family settled in the 1770's after they came to Canada from Yorkshire.

"I see at the University of New Brunswick, an opportunity to perform a service for the province and for the people who have done so much for me. I know these people well, and feel that I understand them and their educational problems better than I do those of any other part of Canada."

In tribute to Dr. Trueman, a note entitled "Thanks Doc" Peyton V. Lyon, student president had this to say: "Thanks for everything, sir. Dr. Trueman's inspiring leadership and friendly understanding of our problems has won the respect, admiration and affection of all. We sincerely regret your departure. Good luck to you and your family."

ORGAN RECITAL

The University Women's Club of Fredericton announces an Organ Recital by Dr. George Brough to be held at St. Paul's United Church on the evening of January 26th. All money raised is to be devoted to the Foster-Parent Plan of the Unitarian Services Committee of Canada. Tickets are on sale at Herby's and Hall's.

BATES WINS DEBATE 79-78 BY AUDIENCE DECISION LAST NIGHT

ACCORDING TO AN UNOFFICIAL REPORT DR. A. F. BAIRD HAS BEEN APPOINTED ACTING PRESIDENT

Vol. 67 Fredericton, N. B., January 16, 1948 No. 12

This week the Brunswickan has appeared on Tuesday and Friday in two four-page issues instead of the usual eight page issue. For three weeks we are attempting to put out a semi-weekly paper. If our attempts are fairly successful we will continue the two issues per week. We feel that in this way we can get more prompt and interesting coverage of the news.

Another attempt we are making is to open our editorial page to every student who wishes to write an article on any subject of current interest, particularly a controversial one. To make room for such articles we are condensing our news, eliminating some unimportant material, and cutting down on waste space. Everybody has some opinion concerning politics, race, or religion. Write about it, keep your article short (less than 500 words) and we will print it with or without your name as you wish, but the editor must know the author.

Henceforth we will publish letters to the editor of 200 words or less only, unless the subject of the letter is of such importance that it cannot be cut down. Please don't be surprised at any of our changes. We are experimenting to try to improve our paper.

**ARE YOUR BIASES PREJUDICED?**

"An idiot, it is said, makes a good conservative, a lunatic a sincere socialist, and a compromise a sound liberal." (1) Consider the probable re-actions of our politically-minded friends who would read this statement in the preface to a book.

A conservative would sneer, snap the book shut, and denounce the author as a Communist, Fascist, and Socialist. He would be unaware of the difference between these terms. This same conservative with a book on the life of Sir Robert Borden in hand would then snuggle more deeply into his easy-chair, gloating over his two brand new Buicks.

A socialist might label the book "Big Business," "Imperial," or "Laissez-faire Liberal" propaganda. So he decided to take a pen and write THE TRUTH about the evils of capitalism. More propaganda! Sidney and Beatrice Webb would probably be surprised or even mortified with the material this fellow manufactures.

A liberal, on the other hand, would like this story and say to himself: "This man's views are interesting. He has a wonderful philosophy." He then reads the book in two hours flat or stop at the chapter where the author explains the liberals adopted a socialistic measure during the war (price control).

This individual probably did not recognize the meaning implied in the quotation or he would never have read beyond the last word of the statement either. (The meaning implied—a liberal is a compromise between an idiot and a lunatic).

The independent might never have opened the book in the first place. If he had, and read the statement he would think himself fully justified in exclaiming: "Politics are not for me." Then he would close it again and place it on the shelf with other unread literature. This is the fellow who is usually hood-winked on election day or obtains the usual fee of five dollars for "services rendered."

These four types of readers have one basic characteristic in common. They are prejudiced. They follow an eleventh commandment: "Thou shalt not read anything detrimental to the cause." Life would be very dull without a variety of opinions. Did you ever see an opinion that wasn't biased?—But need it be prejudiced?

No, let us all remain biased but not prejudiced. Let us know the basis of our bias. Let us resolve to be STUDENTS throughout our lives. Let us not accept any theory at face value. Let us examine the facts and then draw our conclusions. We must get away from this idea of accepting a theory and then attempting to justify it.

A student's duty is to solve a problem when it arises. He does not expect to solve it by a flash of inspiration. It is to be studied, simply and methodically. As soon as a student has reached logical conclusions then it is time to believe in that theory he has proven to his satisfaction to be sound. It is also his duty to society to place or attempt to place that theory into practise. Furthermore, he should be ready to review and revise his theory at any time.

Are YOUR biases reasoned or prejudiced?  
RALPH G. HAY.

**Letters To The Editor**

275 McLeod Street,  
Ottawa, Ontario,  
January 7, 1948.

Vernon W. Mullen, Esq.,  
Editor,  
"Brunswickan,"  
University of New Brunswick,  
Dear Mr. Mullen:

We have asked the Students' Representative Council for its approval to submit this letter to you for publication in your valuable journal, if you should find it possible to do so.

Just before Christmas we received a very handsome silver tray with the inscription "PRESENTED TO DR. AND MRS. GREGG FROM THE STUDENTS OF THE UNIVERSITY OF NEW BRUNSWICK - NOVEMBER 1947."

This gift has given us more pleasure than we can here express. It will be treasured as a token of the happy relations with the student body when we were on The Hill. Please accept our sincere thanks.

We wish to convey our warmest wishes, with the hope that this may be a very happy and productive

year for all of you.

Yours sincerely,

MILTON and DOROTHY GREGG.  
Editor's Note: This gift was donated by the SRC on behalf of the students and was intended to be presented personally.

It was impossible to meet Dr. and Mrs. Gregg during November so the gift was mailed instead.

**THOUGHTS FOR the NE**

As we enter both a new term and a new year, it might be well to look over what has happened on campus during the past year. We have seen many controversies arise over such things as student passes for the library, the ban on dancing in the gymnasium, split of gate receipts between the university which is charged with the confusion over the new policy in the gymnasium, sports functions and also the ever present argument over sports equipment that should be met by the SRC. The setting up of the Restraint Fund is a somewhat simple requirement on the part of the university and the municipal government. It is out to be a very complex situation resulting in almost open warfare between the SRC on the part of the student body.

These are by no means the only problems which were handled by the SRC but are some of the most and certainly the most important. We have not been completely satisfied with the way we enter the new year.

## THOUGHTS FOR THE NEW YEAR

As we enter both a new year and a new term it might be well to look over what has happened on the campus during the past year and the past term. We have seen many controversies arise over such problems as student passes for the faculty, the ban on dancing in the gymnasium, split of gate receipts with the university which is closely linked with the confusion over the seating policy in the gymnasium at sports functions and also with the ever present argument over what sports equipment the university should pay for and what expenses should be met by the SRC. The setting up of the Restraint Committee, a somewhat simple request on the part of the university authorities and the municipal police, turned out to be a very complex matter resulting in almost open defiance of the SRC on the part of the committee.

These are by no means all the problems which were handled by the SRC but are some of the major ones and certainly the problems which have not been completely solved as we enter the new year. There is no

doubt that the first obstacle we must overcome is the lack of liaison and co-operation between the university and the student body. Both are to blame, but we are only concerned with how the student body may help in achieving a better degree of co-operation. At present we appear to be hindering the cause in that we are continually at odds with the authorities—sometimes over trivial points and at other times over more complex issues. The fact that we have had no President for a period of over three months naturally has some bearing on this problem. Sure the student body could be an aid to the university administration as well as the Senate.

Let us now look at our own government. In past weeks at SRC meetings personal animosity has been allowed to creep into our debating and thus cloud over the issues and influence the decisions. Needless argument and bickering lengthen the meetings. Representatives lose sight of their duties and the only end in view is to get the business over as quickly as possible in order to get home. This is inevitable in a large council and open discussion of existing problems is in

complete accordance with our democratic principles. However in almost every government there is a cabinet or executive which gets on with the job of governing. This body of men is guided and kept in touch with public opinion by the larger council. Our SRC meetings are poorly attended by not only the student body but also very often by the representatives themselves. Class meetings which are supposed to inform the class representatives of campus opinion and ideas are almost non-existent. Thus our SRC meetings are not guided by genuine campus opinion nor are they small and compact enough to allow business to be handled and policies laid down with a minimum amount of delay and maximum efficiency.

We then might be wise to consider remedies to our problems in this new year recapitulation of student affairs. Should we not try to set up a new type of student government along the lines of an executive council consisting of a representative from each faculty and chairmanship by the President of the SRC. Society and Association meetings could be held monthly to inform the executives of student opinion. This is a big job and would require much work from a student body such as ours should facilitate the change-over.

It would appear it is time that the university with its enlarged physical training staff should take over the main responsibility of organizing, financing and supervising all sports, aided by the students both as participants and managers. At present the SRC holds some purse strings and the university others with the result that the physical department and the managers can never be sure of where they stand. This confusion results in a higher student levy than is necessary and creates problems over student passes and seating arrangements, etc.

Thirdly we must face the problem of the use of the gymnasium and make representation to the Senate if need be for a change in the present policy. Two points I think will be agreed on by the majority of the student body, first, that up until this summer the gymnasium was abused and mismanaged, and secondly that we now have a beautiful gymnasium. However what we must decide is whether it is worthwhile foregoing all the other uses to which the gym might be put in order to preserve this beauty. Is it a monument or a useful building which should be operated to give maximum enjoyment to the student body and service to the university, taking into consideration operating and maintenance costs? Should we allow the Senate ruling to stand unchallenged, or should we advocate the use of the gym in moderation for

activities other than sports? There is no doubt that the present ban has caused disappointment and hard feelings amongst many students. We are no longer able to accommodate as many spectators for basketball games. Our formal dances can no longer be held on our own campus and it looks as if graduating exercises will be held on a very reduced scale at a time when the graduating classes are becoming larger. The new rink was to have been the remedy to all these problems but present negotiations would indicate that we are no longer to have a UNB Rink. Now we must decide on this problem which was brought up last term but allowed to lie dormant in view of the facilities which would be available in our new rink which was promised to us at that time.

It is not suggested that we present an ultimatum to the Senate because as has already been pointed out by the Chairman of Deans we have no right to change any decision which that governing body hands down. However it is hoped that should any decision be reached by the student body and recommendations presented to the Senate that these ladies and gentlemen would consider the opinion of the 1,200 students they govern and either point out the error of our ways or take to counsel our views and thoughts.

Let us therefore in 1948 think about our problems, discuss them and if after this some action is merited take the necessary steps. This we might do in an endeavour to become more concerned with the world around us because as we go forth into life as graduates many of us are bound to find that it shall be necessary not only to care for the material part of life but also to take an active part in the leadership of the community in which we work and live. UNB is our present community!

## NEW SCORE BOARD FOR GYMNASIUM

During the Christmas vacation the new basketball scoreboard and time clock was installed in the Gymnasium.

Doug Cooke has been appointed official operator of this apparatus, which will be a speedier and more accurate method of scoring and particularly valuable to spectators who will be able to follow the amount of playing time on the electric clocks, which are the official time. An automatic siren will signal the end of each half.

### Journalism Lecture.

There will be a Journalism Lecture with emphasis on good news reporting given by Professor Gordon Wood of the English Department in the Philosophy Lecture Room (Arts Bldg, Second Floor) Friday night, January 16, at 7:30 P. M. All members of the Brunswickan staff are requested to attend, and any other students interested.

## PLAY SAINT JOHNS AGAIN TOMORROW

### THREE GAMES SCHEDULED

The Hillmen tackle the Saint Johns at the gym Saturday night, still in quest of a win over the power-packed quintet from the Foggy city.

Last week-end, Saint John's lost a 74-73 verdict to Woodland with Seely making 37 points. Saint John, in addition will present such stars as Ritchie and Jimmy Fox.

Dave Stohart, last year's captain for UNB, is not expected to play against his old team-mates nor is Bill McDonald another former UNB man now in Saint John.

Saint Johns this year with the addition of Stohart, plan to be one of the top teams ever collected in the Maritimes.

The Hillmen should be up to full strength again by Saturday, and with more of the spirit shown Tuesday, may turn the tide of defeat.

Junior Varsity will play St. Peter's C. Y. O. of Saint John, a strong junior team there as a preliminary to the Feature game on Saturday.

The Co-eds play their return game with Saint John Y. W. C. A. Saturday night here. The last game resulted in a tie at Saint John.

### Sports Scribes Scribbles . . .

—By The Chief.

The Mount Allison Basketball team which threatened to be so good has found that other teams are getting good too. Woodstock Senators have beaten them in a two game series and Woodland also has proved it to them. If Saint Johns can effectively use Dave Stohart in their style of play Mount Allison's Senior title may elude them. They still look good for the intercollegiate title though.

UNB, on the bottom of the heap so far this season, showed some interest in winning Tuesday with flashes of the old form and speed, but had better get a move on.

Captain 'Cec' Garland has been sitting gloomily on the bench so far this year because of an ear ailment, and is currently arguing with the Docs over playing Saturday.

We haven't seen or heard much of the hockey team, but are expecting to see them burst into action any day. St. Andrews is said to be the projected first victim. Certainly the boys have been getting a

## Maine Men Take Fast Exhibition

It was the now familiar story at the Beaverbrook Gym Tuesday as Varsity went down to a 52-42 defeat at the hands of Washington State Normal from Machias. The visitors giving the Hillmen a few inches in height were the fastest and shootingest to show their wares in Fredericton this season.

After the first 10 minutes of play the American boys stopped a 6-2 lead, took command and finished the half with a 33-16 lead. UNB was breaking better and found the drive and fight necessary to win games, but couldn't see the hook.

The second half was UNB's as the Fredericton boys displayed at times the scrappiness which has characterized UNB teams in the past. The guard line of Campbell and Carner played their usual outstanding game and Buchan and Roberts were especially aggressive.

Buchan led the scorers with 12 points, followed by Smith, with 10, who played a steady game throughout. Gagnon, during the brief time he was on the floor scored two nice baskets. Alley and Reynolds each made 9 for visitors.

The game was one of the cleanest this year with the Red and Black garnering all their points on field goals.

UNB line-up: Buchan 12, Smith 10, Hanson 4, Roberts 4, Moore 4, Gagnon 4, Carner 2, Campbell 2, Atkinson, Jardine.

Ralston and Lockhart handled the game.

### NOTICE

The basketball team will be playing in Machias, Maine, the week-end of Jan. 31. Students who own, or can obtain a car, and are interested in driving the team to the States please contact the manager, John Anglin, before Jan. 20. The team will be leaving Saturday, Jan. 31 and will return Sunday Feb. 1. Operating and living costs will be assumed by the management.

thorough pre-game training. When last heard from, Mount A. was expecting to spend the winter on open air ice.

## COEDS WIN HECTIC BATTLE

Co-eds Varsity Basketball team defeated a hard fighting Fredericton High School team Tuesday night in the Beaverbrook Gym, 29-19.

UNB established a small lead in the first quarter and ran it up to 17 at the half. In the second half, High School pressed the home team hard, bringing it close until the Co-eds moved away at the last to make it decisive.

Elanor Wylie was in good form for 15 points. Baxter, with 12, Bearisto, 3 and Graham, 1, made the other UNB scores. Forbes led the losers with 8. Bernie Ralston was

## SWIM MEET

The first of the year takes place at the Residence pool the night of Jan. 30. The Interclass Swim meet is your chance to win the championship for your class.

Every one interested is urged to contact the Physical Education Department or their class representatives who are listed below.

Freshmen: A. Neill, Jackie Haynes; Sophomores: George Noble, Ross Reid, Pat McGibbon; Juniors: Lorne Pelton, Nini Gibson; Seniors: Don Vogel, Bob Moodie, Ann Gibson.

The events for the meet will be the same as for the Intercollegiate Swim meet.

## VETERANS

NCSV Conference Prepares Brief.

Don Long, Dave Munn, and Kelly represented UNB veterans at the third National Conference Student Veterans held this year at Hart House, University of Toronto. The main brief drawn up by conference and presented to Federal Government follows:

### MAIN BRIEF.

WHEREAS the success of present programme of veteran rehabilitation under sections 7, 8, 9 of the Veterans' Rehabilitation Act is in jeopardy as clearly demonstrated by surveys conducted in nadian Universities.

AND WHEREAS the Government has shown its awareness of consequences of this rise in costs by increasing the income Civil Servants, members of Armed Forces and pensioners whose financial situation is analogous to that of student veterans that they are required to live on fixed income;

AND WHEREAS all student veterans merit consideration and dependent veterans with dependents special consideration;

BE IT THEREFORE RESOLVED that the National Council Student Veterans earnestly request that a cost of living bonus be granted to all student veterans, the basis of this adjustment be the difference in the cost of living as published by the Dominion Bureau of Statistics between the time the present level of grants was established and the present day that periodic adjustments be made in future;

BE IT FURTHER RESOLVED that the NCSV recommends a commensurate adjustment would be five per cent for every six per cent change in the DBS... Cost of Living Index.

Presentation Motion: Whereas the preceding motion appears to have emerged as the most important, in that its successful prosecution would relegate all financial resolutions to a position of secondary significance.

AND WHEREAS the presentation of this important motion to the Government will be more likely to succeed if unclouded by a multiplicity of side issues.

BE IT THEREFORE RESOLVED that the resolution asking for a cost of living bonus be presented to the Government for consideration as a distinct financial relief, and other financial resolutions as a result of NCSV policy on education grants be not presented until the Government's reply on this brief is received.

### Mining Asbestos

"Mining Asbestos" will be the topic of an address by Professor Riordan to the Scientific Society on Wednesday, January 21st at 4 P. M. in the Physics Lecture Hall. Professor Riordan will discuss methods used in mining asbestos with particular reference to underground methods.
