**MINNESOTA,**

**CHEYENNE,**

**MANITOBA,**

**ALPHA,**

The Minnesota will run as a regular passenger packet between Winnipeg and St. Vincent, making tri-weekly trips, stopping at all way landings. Returning leave St. Vincent each Monday, Wednesday and Friday on the arrival of train.

A tow boat with barges will also be run on this route for freight exclusively, landing all freight at Company's warehouse at Winnipeg at the foot of Post Office street, avoiding transfer across the river at St. Boniface or from depot located at a remote part of the city.

Will also navigate the Assiniboine to Fort Ellice, landing freight and passengers at all way places, making at least two departures each week from Winnipeg.

Parties shipping goods west should order their freight by river from St. Vincent, which will be landed in Company's warehouse and transferred to Assiniboine steamers without cartage.

## PREFACE.

The publishers in presenting this edition of the City of Winnipeg Directory beg to state that every effort has been made to render it complete and reliable, and as the compilation was conducted under our immediate supervision we flatter ourselves that the work will compare favorably with any other of a similar character.

The great difficulty of compiling the Directory of a City in which but few of the houses are numbered will be obvious to every person, and the compilers hope that next year's edition will find this very necessary and much desired improvement provided.

To say that it does not contain errors would be presumptuous, for with experience we find it is impossible to be infallible, even in the publication of a City Directory, still we have spared no pains either in expense or labor to make it as correct as possible, and we trust a discerning public will duly appreciate our efforts.

We would also call the attention of patrons and persons interested, to our Street Directory, which shows at a glance the commencement, direction and ending of any street and also all the intersecting streets with the residences thereon.

We also desire to acknowledge the kindness granted us by all connected with both the public and private institutions and societies of the City with the cheerfulness with which they assisted us in our endeavors to present you with a complete City Register.

The publishers tender their thanks to their friends and patrons for their liberal support and assistance.

## Confederation Life Association.

HEAD OFFICE: TORONTO, ONT.,

A HOME COMPANY.

PRESIDENT:

HON. W. P. HOWLAND, C. B., Late Lieut.-Governor of Ont.

VICE-PRESIDENTS:

HON. WM. McMASTER, WM. ELLIOTT, Esq., J. K. MACDONALD, Man. Dir.

EXAMPLES OF PROFITS.

Policy No. 1, for \$10,000, Ordinary Life; Premium, \$238.20. Profits for 1876—Cash, \$74.40, or bonus \$217; Profits for 1887—Cash, \$90.60, or bonus, \$285; Policy No. 7, for \$5,000, 10-payment Life, Premium, \$259.40. Profits for 1876—Cash, \$112.40, or bonus \$297. Profits for 1877—Cash, \$130, or bonus, \$333.00.

The above illustrates the immense advantage we give Policy-holders over the ordinary percentage plan, and it places the CONFEDERATION LIFE ASSOCIATION in the van of life companies in Canada. This position has been attained as follows:—By giving, NINETY PER CENT. of the profits to policy holders; By not paying more for business than it is worth; By adopting a high standard of valuation from the outset; By the exercise of care and economy in all branches of the business, and by employing a mode of division just in its results.

## THE CANADIAN NORTH-WEST!

A monthly journal devoted to the  
**Settlement and Development of Man-  
itoba and the North-West,**

Published by

**JAMES WEIDMAN,**  
Selkirk, Manitoba, Canada.

As its name indicates, the object of the above publication is simply the diffusion of knowledge of a practical nature concerning the great Canadian North-West. For this purpose large sums of money are annually expended by the Government, as well as by corporations and private individuals, on "immigration pamphlets;" but in a short time these books become useless, because they cannot keep pace with the rapid development and constant changes going on in the country. It is to take the place of such pamphlets that the Canadian North-West will be published from month to month. The progress and development of the country will be regularly recorded, and valuable information given in a concise and readable form. The intending immigrant, or the capitalist looking out for an investment, will thus be able to ascertain the state of affairs as they are here, and not as they used to be; and as it is the intention of the publisher to circulate this journal extensively in the other Provinces of the Dominion, and also in Great Britain, the advantages to be gained by encouraging and assisting us in our work can easily be calculated.

We have no political object in view in publishing this magazine, and while we will be found supporting and aiding the Federal and local authorities in the prosecution of public works, and the development of the country, we will at the same time hold ourselves free to discuss matters on their merits without being hampered by party distinctions. In the preparation of articles every attention will be paid to accuracy so that our character as an authority on North-West matters may be established and sustained.

Each number of the Canadian North-West will contain thirty-two pages of very desirable matter, and will be issued at the low subscription price of **One Dollar** a year in advance.

Sample copies will be sent on receipt of fifteen cents in stamps.

The above out-posts are under the survey of the collector of customs, Port of Winnipeg. The old Assiniboine tariff of 4 per cent. *ad valorem*, and 25 cents per gallon on ale, wine and spirits, was continued in force till the 30th June, 1874, subsequent to that date the Dominion tariff of 17½ per cent. *ad valorem*, on general goods and on spirits of \$1 20 per Imperial gallon, etc., has been in force. All goods imported from Great Britain, pay the same rate of duty as from any foreign country. The customs returns during the period from 1872 to last year, and estimating what they might reasonably be expected to be in 1880, show that our trade has increased from \$1,332,092 to \$5,450,000. The following table shows the amount of foreign goods imported each year, the duty paid, the amount of Canadian goods imported, the exports and the total trade, will give an excellent idea

of the manner in which we have prospered :—

\*Estimated.

These figures demonstrate other things than the growth of the volume of trade. They demonstrate that while the imports of foreign goods have increased only some \$350,000 in nine years, the inter-Provincial trade has assumed relatively much larger proportions. Beginning with \$150,000 in 1872, it has steadily increased till last year it reached over two millions and a quarter, and this year it is not too much to assert, will reach three millions. Nine years ago the foreign imports were seven times as much as Canadian. Now Canadian goods out-value the foreign by two-and-a-quarter times!

Navigation is still kept up by the Hudson's Bay Co. in Hudson's Bay (Arctic Ocean), some five vessels per year coming in there, but as the outlet of York Factory, at the mouth of Nelson River (the outlet of Lake Winnipeg), is the only port there, in the Winnipeg Customs District, I can only give the figures from there. Its exports, furs mostly, are about \$90,000 to \$100,000, and imports, of course, much less.

### CHURCH OF ENGLAND.

#### PROVINCE OF RUPERT'S LAND.

In 1820 the Rev. J. West came out from England as Chaplain to the Hudson's Bay Co. One of his first works was the erection of a rude school house at St. Johns, where he commenced to educate a few children. This building served also for a church. Mr. West only remained in the country three years. He was succeeded in 1823 by the Rev. P. Jones, as chaplain of the Company. The Ven. Archdeacon Cochrane came in 1825, and commenced his long ministerial service of 40 years in the country, in the chapel erected by Rev. Mr. West. After a time the wood building was replaced by a stone building, which was known as the Upper Church, and in 1862 this in turn, was replaced by the present St. John's Cathedral.

### ST. JOHN'S COLLEGE.

#### ST. JOHNS.

School established in 1820, and incorporated as a college in 1871.

A school was established at St. John by the Rev. John West, when he came to the country in 1820. This was continued and extended by the Rev. Mr. James. At last the Rev. J. McCallum, M.A., became head of it. It now consisted both of a higher school for boys and for young ladies. Mr. McCallum died just as the first Bishop of Rupert's Land arrived in the Province. He carried on the boys' school under the name of St. John's College for seven years, and for some years he also had a ladies school. On the arrival of the present Bishop of Rupert's Land he endeavored to revive the college. He found left behind by his predecessor a small, but well-chosen library and some buildings. The college classes were resumed on Nov. 1st 1866, the Bishop of Saskatchewan being the Warden. St. John's College has since then been gradually extended. It is now incorporated, and closely connected with another incorporated body, the Dean and Canons of St. John's Cathedral. Certain endowments have been obtained, and statutes given which can only be changed by the joint action of the Diocesan Synod of Rupert's Land and the Bishop.

The College has received the assent of the Synod of Rupert's Land for taking advantage of the provision of the Act of Parliament, founding the University of Manitoba. Arrangements have been made for granting the degrees of B. D. and D. D.

The following are the present Council and Officers of the College:

*Chancellor and Warden.*—The Most Reverend R. Machray, D. D., LL. D., chancellor of the University of Manitoba, fellow of Sidney College, Cambridge, Bishop of Rupert's Land and Metropolitan of Rupert's Land.

*The Council.*—The Right Reverend J. McLean, D. D., D. C. L., Bishop of Saskatchewan; the Right Rev. J. Horden, D. D., Bishop of Moosonee; the Right Rev. W. C. Bompas, D. D., Bishop of Athabasca; the Ven. A. Cowley, B. D., Archdeacon of Cumberland; the Hon. the Chief Justice of Manitoba; C. Inskter, high-sheriff of the Province; the Rev. Canon Grisdale, B. D.; the Rev. Canon O'Meara, M. A.; the Rev. W. C. Pinkham; the Rev. O. Fortin, B. A.; the Hon. John Norquay, M. P. P.; the Rev. R. Young, B. A.; the Rev. S. P. Matheson.

### PRESBYTERY OF MANITOBA.

In October, 1870, the Presbytery of Manitoba was formed under the authority of the General Assembly of the Canada Presbyterian Church. It consisted of four ministerial members—Messrs. Black, Nisbet, Fletcher and McNab. There were at the time less than two hundred Presbyterian families in the North-West. The Presbytery has in 1880, twenty-five ministerial members, besides five missionaries not on the roll of Presbytery—thirty regular laborers in all. There was paid salaries to the four members mentioned, in the year 1870, \$2,860 of which \$600 was raised by the people supplied. In the Presbytery, in 1880, there is paid in salaries the sum of \$24,350. Of this \$11,500 is raised by the people themselves, while the remainder of \$12,850 is paid by the Home Mission Committee, Foreign Mission Committee and the French Evangelization Committee, of the Presbyterian Church in Canada, with other small amounts from other sources. In the year 1880 as compared with '70 there has thus been an increase of about 800 per cent. in the expenditure, and an increase of over 1,800 per cent. in the amounts raised by the people supplied. It is estimated that there are now between 1,500 and 2,000 Presbyterian families in the Canadian North-West. In 1870 there were eight preaching places supplied with ordinances; in 1880 there are about one hundred and twenty. Statistics show that the advance in the people's contributions (except in Winnipeg and

Kildonan) has been chiefly during the last four years of the period, or in other words, since the disappearance of the grasshoppers. In church building, in which, progress must necessarily be slower than in contributions to the support of ordinances, the recuperative energy of the people has shown itself in this direction chiefly during the last two years of the period. In the year 1879, just closed, there were opened within the bounds of the Presbytery, ten new churches, costing in the aggregate, some \$33,000. Of this amount not more than \$550 was received from abroad. There is, however on these churches some \$18,000 of debt. In a new country this cannot be avoided if progress is to be made, and where people build their own churches. The people are compelled to divide the cost of the building, which is a severe strain upon their energies, over several years. Unceasing efforts should be put forth to clear off these burdens, for all other theories to the contrary, debt is a millstone about the neck. In the case of eight of the ten churches erected in 1879, they were the first churches erected by the congregation; in five they are the only churches in the several localities. The figures given while acting as an encouragement, should, especially in the matter of contributions, act as a stimulus to greater exertion, that the central committees may be relieved of supporting ordinances in existing organizations to be free to extend their help to the newer settlements forming here and there on the prairies.

The names and post offices addresses of the Presbyterian Ministers who are resident in the North West are appended.
