Mr. F. J. Porter, Wolfville, called at our office recently in a new 1917 Ford. This car is much improved in appearance, the brass trimmings being entirely eliminated, and replaced by a small amount of nickel, this with the stream lines, and a much larger and new radiator which gives a greater cooling capacity, places this car in the class of up-to-date classy turn-outs. Mr. Porter has had much success the past year having placed eighty-seven cars. The prospects are bright for the coming year. A carload of 1917 Fords arrived at Wolfville Saturday last.

THE ONLY WAY TO
CURE RHEUMATISM
Must Be Treated Through the
Blood and the Poisonous
Acid Driven Out

The twinges and tortures of rheumatism are not due to cold, damp weather as so many people suppose. Rheumatism comes from poisonous acid in the blood. This is a medical truth that every rheumatic sufferer should realize. There is only one way to cure rheumatism — it must be treated through the blood. All the liniments and treatment in the world will not cure rheumatism, and the sufferer who tries them is not only wasting money, but is allowing the trouble to become more firmly rooted in the system and harder to cure when the proper remedy is tried. Dr. Williams' Pink Pills have had remarkable success in curing rheumatism because they go right to the root of the trouble in the blood, driving out the poisonous acid, releasing the stiffened joints, clearing away the torturing pains, and giving the victim renewed health and ease. Mr. Vincent Brow, Havre Boucher, N.S., says: "For two years I was an almost constant sufferer from rheumatism, the trouble being so bad at times that I could scarcely get around. The trouble seemed to bring with it anaemia, and altogether I was in a very bad condition. I used doctor's medicine for almost a year without relief. Then on the advice of a friend I decided to try Dr. Williams' Pink Pills. I think I took altogether about a dozen boxes, with the result that I am again enjoying perfect health."

You can get these pills through any medicine dealer or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Wanted—At once a book-keeper. Apply Boylan & Gaul, Kentville.

GUARD THE CHILDREN
FROM AUTUMN COLDS

The fall is the most severe season of the year for colds — one day is warm the next is wet and cold and unless the mother is on her guard the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mothers best friend in preventing or banishing colds. They act as a gentle laxative keeping the bowels and stomach free and sweet. An occasional dose will prevent colds or if it does come on suddenly the prompt use of the Tablets will quickly cure it. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Mrs. W. H. Conrod of Middleton, Annapolis Co., spent a few days in Dartmouth this week, visiting Mrs. W. H. She will return to Middleton today. Morning Chronicle.

CANADIAN SYSTEM NOW
BETTER THAN BRITISH

Some of the readers have asked whether we were justified in our suggestions that there was more graft, more family and political influence and interference in England than in Canada. The other day a British judge sentenced Lucien Asselting (an inspector in the army clothing department, to five years penal servitude for accepting bribes and obtaining £1,400 under false pretences by instigating another man to make a tender for a supply of razors and knives, less than half of which were delivered.

Charges are pending against other official departments and the Judge who sentenced Asselting suggested that the Government should overhaul the whole system of purchasing departments and place business men at their heads.

In Canada, we believe, as the result of the constant agitation kept up by the Financial Post, Sir Robert Borden long ago overhauled our purchasing departments and put business men in charge. They are not by any means perfect, but our system is much better than the British. Our Government is weak in prosecuting those guilty of

fraud! It is weak in inspection. It is weak in accepting goods that are not up to standard or for which they are wanted. Hundreds of thousands of dollars of Canadian-made supplies have been scrapped in England and France. This is not the fault of our manufacturers, but of our Government departments in not giving manufacturers proper specifications. —Financial Post of Canada.

SIX STEAMERS TORPEDED
BY SUBMARINE OFF THE
AMERICAN COAST

Boston, Oct. 8.—The submarine arm of the German navy ravaged shipping off the eastern coast of the United States today. Four British, one Dutch and one Norwegian steamer were sent to the bottom or left crippled off Nantucket Shoals. Tonight, under light of the hunter's moon, the destroyer flotilla of the United States Atlantic fleet was picking up passengers and crews of the destroyed vessels and bringing them into Newport, R. I. So far as known there was no loss of life, though at a late hour the crew of the British steamer Kingston had not been accounted for.

FOREST GAME IN MARITIME PROVINCE

In the summer season the Province of New Brunswick is a happy land, where the sunny hours speed away on the feet of delightful dreams. In the fall she is lovely in her rich dress of brown; and in the winter, when she is arrayed in her robe of virgin whiteness, she is fair and charming; and if she is then cold, her admirers do not feel that her chillness is a chillness of heart. This favorite Canadian haunt is preeminently a land of the holiday-maker and sportsman. St. Andrews, where is situated the popular Canadian Pacific Algonquin Hotel, and many other seaside places are loved haunts of the bather and outdoor game player during the holiday season of June, July, August and September. No sooner have the summer holiday folks and fishermen left the province than the hunters of the big game take their places, for at the opening of the big game season large numbers of hunters of both sexes appear with their guns amidst the thick forests of the land. New Brunswick is one of the most popular of the Canadian provinces for big game hunting. Moose, caribou and deer are plentiful in this region. A magnificent specimen of big game is the moose. When fully grown he weighs over 1,000 lbs. His massive antlers are long and generally average six feet in width. He may be found in twelve of the fifteen counties of the province. It is only the hunting folks and the wary guides who know how to hunt the moose. There is the "calling" done early in the season, and the "still hunting" done later on—in the cold weather. In September and October the moose is often surprised and shot wading in the lakes and rivers, feasting on the roots of water plants. While pursuing the moose, the hunter can distinguish between the tracks of the male and the female, for the male leaves round tracks and those of the female are somewhat pointed. Fredericton, Havelock, New-castle, Bathurst, Campbellton and Perth are good starting points. A graceful antlered monarch of New Brunswick is the caribou. He weighs about 600 lbs. on an average. It is a delightful sight to watch him stride at a walking rate, or trot, or gallop over the country. A full grown caribou stands from four and a half to five feet in height. Of this animal there are two varieties, the woodland and the barren ground species. The woodland is somewhat taller than the other and its color is darker about the body, but the horns are lighter. It is generally found in herds of about half a dozen. The barren ground caribou travels in large herds, and its coat is light. This kind is noted for its migratory habits. In New Brunswick the places where the hunters are likely to achieve the best results are North West Miramichi, Restigouche, Upsal-quish, Nepisiguit, and Tobique Rivers. The starting points for these areas are—Newcastle, Campbellton, Bathurst, Chatham and Perth, all of which are reached by the Edmunds-ton Branch of the Canadian Pacific. There are few localities in New Brunswick where a deer may not be located. Like the moose and the caribou he gives those who follow him an interesting and pleasant sport.

Sportsmen desirous of hunting the big game of New Brunswick may secure good accommodation at the homes of their guides. Good hotels and boarding houses are also available. The season for the hunting of the moose, caribou, and deer opens on September 15th and continues to November 30th. Shooting on Sunday is prohibited by law. Non-resident hunters must be accompanied by a licensed guide. The license to kill one bull moose, one bull caribou, and two deer costs a bona fide resident of the province \$3 and a non-resident \$50. Hunting with hounds is forbidden. This year the opening of the big game season was marked by the exhibition for sale on the St. John market of moose and deer meat. In recent times there has been a considerable reduction in the number of moose amongst the larger New Brunswick game, and the people are becoming alive to the necessity of being more careful. Indiscriminate shooting is being checked to some extent at all events, and it has been suggested that the sale of the meat of big game on the markets should be stopped to discourage the hunter who hunts for the purpose of making money.

SUPREME COURT

The October session of the Supreme Court opened at Kentville on Tuesday last His Honor Chief Justice Sir Wallace Graham presiding. Besides the members of the local bar there were present Mr. Mellish, K. C., of Halifax and H. W. Sangster of Windsor.

The Grand Jury answered to their names were sworn and addressed and entered upon their duty with Stephen Steadman foreman. The causes presented to the Grand Jury were:

The King vs. Fullerton.
The King vs. Charles Elderkin.

The King vs. Daisy Smith.
The King vs. Edward Buckley and Arthur Eye.

Various motions were made by different members of the bar. Mr. F. A. Masters made application for the naturalization of Hary Solomon, merchant, a Russian Jew, also of Halifax, laborer.

On motion of W. E. Roscoe, K. C., the case of Woodworth and Harris was referred to Barclay Webster, K. C.

By consent the case of Meek vs Sheffield was left over to next term.

The case of Parker vs. Bligh was referred to a referee.

The Grand Jury found true bills in the first three cases referred to them, no bill in the case of King vs. Buckley and Eye.

The case of The King vs. Elderkin for assault was taken up with the following jury: Eldred Fancy, Hibbert Deal, William Jacques, Johnstone Tupper, Burpee F. Sanford, Guy P. Full-Alex E. Kennedy, E. H. Saunders, George J. Morey, Charles Jodrie, John H. Lawrence, E. G. Hilton. This case was tried and several witnesses examined and the jury returned a verdict of guilty. The Grand Jury also indicted Charles Elderkin for theft of blacksmith's tools and theft of an anvil, etc. These causes were not tried as the defendant broke jail on Wednesday night and has not been found.

The case of The King vs. Daisy Smith was called but defendant did not answer and efforts to find her had failed.

The case of the King vs. Fullerton was adjourned by His Lordship until the next sitting of the court.

Twelve of the Petit Jurors were added to the jury list and were excused until called for.

Court opened on Wednesday morning. Counsel reported that Daisly West was still at large. Mr. Roscoe, K. C., stated he was not prepared to go on with civil list and court adjourned at 3 o'clock to meet Thursday morning.

Thursday—Court opened at 10 o'clock.

The case of S. S. Selfridge vs Armstrong and Ryan was called H. H. Wickwire for the plaintiff and W. E. Roscoe for defendants. This was an action on the sale of a horse, and the evidence of the witnesses was interesting. Witnesses sworn Thursday morning were the defendants, Armstrong and Ryan, Dr. George Chipman and Dr. Gill of Truro both veterinaries who gave expert evidence.

Mr. and Mrs. S. W. Kidston, Port Williams, received word October 4th, that their son A. Vere Kidston who has been at the Front since August, 1915, has been wounded. The following telegram was received:

"Sincerely regret to inform you that No. 432467 L. Corpl A Vere Kidston officially reported admitted to St. George's Hospital, London, on September 26th, 1916, wounded in right foot and face. Will send further particulars later when recorded.

"Officer in Charge."

APPRECIATION OF HIGHLAND BRIGADE

The following has been presented to the different Battalions of the Highland Brigade: To the Officers and Men of the Highland Brigade:

Soldier: We, the undersigned, on behalf of the citizens of Kentville, desire herewith, on the eve of your departure overseas, to express our appreciation of the sacrifices which you have already made, and are further prepared to make on behalf of the Empire.

Since your coming to us our esteem has grown as we have observed the manly and courteous manner in which you have conducted yourselves in our midst, and we are confident that you will quit yourself like men in the days of conflict that await you.

That our regard for you may have tangible expression, we have ordered a carload of apples for your use during the voyage.

We regret the necessity that will separate us, and interrupt the friendships formed, and our heartfelt wish is that you may reach your desired haven in safety, and be permitted to engage with our foes. We shall ever pray that the God of battles may be with you to give strength to your arm, victory to your cause, and protection to your life. May it be well with you whether you return to us, or enter upon a journey into that country from whose bourne no traveller has ever returned.

Dear Sir,

I deeply regret to announce that your son Harold was killed in the recent fighting of the 14th instant in which our unit took part. For a long time he was a sergeant in the company which I had the honor to command and was regarded as one of our most efficient N. C. O's. After the fighting of the 2nd of June last in which he took part and during which he rendered marked service he was promoted to be sergeant major in the Company and the good opinion which he had already merited still further confirmed.

I realize there is nothing which I can write which will compensate for his loss to you but I assure you of my deepest sympathy.

Under separate cover I am enclosing some personal effects which I trust will reach you. I have the honor to be Sir, safely.

Your obedient servant,
B. W. ROSCOE

WARD 13 IN LINE FOR MUNICIPAL ELECTIONS

Considerable interest is being shown in the approaching municipal elections. At a meeting held in Ward 13 last week the following resolution was unanimously passed. "Resolved that this meeting place on record, its entire confidence in, and approval of the able and energetic manner in which Councillor Nichols has performed the duties of his office during the past three years and that he will again accede to wishes of his friends and allow his name to be placed in nomination for the office of Councillor for Ward 13 for the ensuing term Councillor Nichols has been very faithful in the discharge of his duties and the rare tact and judgment used showed, merit his return by acclamation.

LEAVING FOR ALBERTA

Guthrie B. Sanford, who has been visiting since July at his home, Coldbrook, returned to Alberta on Monday. He is accompanied by his sister, Angie, the D. A. R. agent at Coldbrook, also his mother, who expects to spend the winter and return in the spring. They will travel via Montreal and Chicago visiting Niagara Falls and other points of interest en route. A stop will be made at Sarcee Camp, Calgary here her son Kenneth has been in training in the 187th since spring and will be leaving shortly for overseas. It may be noted that this makes two from this family who have left good positions to answer the call of their country. Philip of the 56th O.S. Battery is now in England.

KINGSPORT BOY FIRST TO ENTER COURCELLETTE

London, Oct. 11—Lieutenant Hiltz, of Kingsport, N. S., who was recently seen in hospital here by the Gazette representative, mentioned then that he was one of the first British soldiers to enter the main street of Courcellette. Since then the Gazette correspondent has learned from another officer that Lieutenant Hiltz headed a small party sent in advance,

when they suddenly found themselves surrounded by a battalion of the enemy. They at once made a charge, and succeeded in dispersing or capturing the Germans. The latter, thinking that the main Canadian forces must be close at hand, were completely bluffed and expressed bitter chagrin when they realized that their whole battalion had been put to flight by a mere handful of Canadians.

**FAMOUS 169TH BATTALION
AT ALDERSHOT**

The 169th Battalion of Tor-
onto said to be the best Battal-
ion raised in Ontario is now at
Aldershot and are continuing
their training for a short period
before proceeding overseas.
They are fully one thousand
strong and besides being Ontar-
io's crack battalion they have
with them the best equipped and
prize band of Ontario. The
whole were raised in Toronto
and is said to have been the
quickest battalion ever recruit-
ed in Canada. The men are of
the highest type practically all
being mechanics and business
men, men of standing in the
Queen City, and they are large-
ly of British or Old Country
birth. The average height of the
Battalion is 5 foot 7 inches
showing them to be men of un-
usual stature. Wherever they
have been seen they have won
the admiration of onlookers.
They arrived at Aldershot Oct.
6th.

The officers are men most ef-
fectively trained and are as fol-
lows:

- Lieut. Colonel J. G. Wright.
 - Sr. Major M. S. Boehm.
 - Jr. Major T. A. Gass.
 - Major A. N. Worthington
 - Major A. H. A. Arbuthnot.
 - Major H. J. Dingman
 - Capt. A. R. Robertson.
 - Capt. D. W. Booth
 - Capt. G. H. Code.
 - Capt. H. A. W. Brown.
 - Capt. E. B. Wright.
- And the regular number of
other officers.

WHO IS RESPONSIBLE

for the health of the family? The mother, of course! She is naturally particular to give her children only the purest of internal medicines, but she may not always know that a remedy applied to the skin enters the child's system, by absorption, just as surely as a medicine that is swallowed. This is a fact, and the mother should, therefore, use only the purest ointment obtainable.

Scientific analysis has proved Zam-Buk to be absolutely pure. The great English Chemist, Mr. W. Laefferle Scott, says: "I have made an exhaustive analysis of Zam-Buk and have no hesitation in certifying its purity and its inestimable value for skin ailments and injuries."

Although the healing powers of Zam-Buk are beyond those of other ointments, it is at the same time so refined that it agrees with the most sensitive skin—even the skin of a baby. Mothers who have once used it say they cannot do without Zam-Buk.

It is best for eczema and all skin diseases, ringworm, blood-poison, scaly sores, ulcers, boils, pimples, piles, burrs, scalds, cuts, etc. All druggists or Zam-Buk Co., Toronto, 50c. box, 3 for \$1.25.

Obnoxious to pan-Germans Hungarian Leader Slain

Milan, Sept. 25.—There are indications that the Hungarian opposition leader, Bela Rakowsky, was deliberately murdered. Threats two weeks ago against certain Opposition leaders, and as Rakowsky was one of the most violent speakers last week in the Hungarian Parliament, his words are believed to have sealed his fate. His sudden "illness" and death resembled those of Von Der Goltz, the Bulgarian chief of staff, Jostoff. Rakowsky was obnoxious to the pan-Germans in Budapest and Vienna. Other Opposition leaders in the Hungarian Parliament are working sincerely for Germany. Rakowsky, however, was inclined to obtain a further pro-German policy. Ten days ago he was a strong, healthy and able man. A few days later he was dead.

Dr. T. H. McDonald, of Meteghan, is building a four masted schooner of 550 tons at Metegham, work on which is progressing very favorably. She will be ready for her masts in about three weeks time. The doctor reports that he has had no trouble in getting skilled labor and with very small exceptions all of the timber has been obtained quite near Meteghan. It is quite probable that he will lay another keel this autumn.

IN MEMORIAM

In memory of Clifton son of Mr. and Mrs. E. R. Hiltz of Kingsport, and grandson of Mr. and Mrs. Benjamin Burgoyne of Aldersville, and great grand son of the late Peter Aalders, a hero of the Battle of Waterloo. Killed in action June 3rd 1916.

Beneath the clouds and the sun and stars
That gleam in a foreign sky,
He sleeps unweary by the future wars,
While the tides of time roll by:
Asleep so deep that the dews which weep
On the turf which covers him o'er,
And the winds which over his dwelling sweep
Can never awaken more:
His race is run and his fights are done,
And the hearts that in sorrow burn
Will long in vain turn their grief and pain

For the boy that will never return.
He was young and strong and his heart
was light
As he cheerily marched away;
Perhaps he recked not a fearful night
Would follow so bright a day.
He dreamed of mother and love and home;

He dreamed of new glories won;
But a leaden fate, that was winged by
hate,
Sped on, and his dreams were done,
Fond hearts made heavy and sore that
day.

Their lesson of grief must learn,
As they think of the boy that is far away,
The boy that will never return.

He gave his ALL to his Country's call,
With the dear flag waving above,
That gave him a nation's love.
The voice was kindly that from afar
Gave the message which bade him cease
As he anchored out by the soundless bar
Of the warless Island of Peace.

Bread Famine in Vienna

Zurich, Sept. 25, via London—Press despatches from Vienna says there has been a bread famine there for several days, owing to transportation difficulties. An official decree has been published forbidding hotels and restaurants of Vienna and lower Austria to supply bread to guests, who must bring their own. Railway service has been greatly dislocated since Romania entered the war.

MARRIED

Shaw—Landry.
A quiet wedding took place at Kentville on Sept. 23rd when Roy, eldest son of Mr. and Mrs. G. H. Shaw Windsor, was united to Miss Bessie Landry, daughter of Mr. and Mrs. John Landry of Kentville. Following the ceremony the happy couple went to Windsor en route to Truro, and from there would proceed to Western Canada where the groom had a situation awaiting him. Both bride and groom have a number of friends here who will wish for them happiness and success.

On Sunday, Sept. 24th, a big religious revival campaign was started in New Glasgow under the direction of the Stephens party. The meetings, which will continue for five weeks, are under the auspices of the various evangelical churches of the town and will be conducted in a large wooden tabernacle, with a seating capacity of 2,500 constructed especially for the occasion. The tabernacle is the first one of its kind to have been erected in this province.

A Frenchman was waiting at a railroad station in Ireland when a couple of natives sat down beside him. Said one:

Sure, Pat, it's down to Kilmory I've been and I'm on my back to Killpatrick.

Ye don't say, said the other. It's meself that's just after being down Kilkenny and I stop here a bit before I go to Kilmory.

What assassins! exclaimed the shocked Frenchman. Would that I were safely back in France.

—The Mail and Advocate of St. John's Nfld., says: We learn with surprise and not little consternation to day that the two fine Red Cross line boats the steam ships Stephan and Florzel—have been commandeered by the British Government acting for the Imperial Government of Russia, to be used by the naval authorities of that country as ice-breakers, presumably with a view of aiding the other ships purchased here to keep the White Sea port of Archangel open during the winter.

One hundred German officers from Halifax Fortress have just been transferred to Amherst Detention Camp. Some of them are from German men-of-war and others from the merchant marine service.

He Shall Not Inherit the Earth

A Highland Recruit, No 283479, 219th Bat.

Of greed for gain and unequalled sway,
None in past History has recorded the day
When a man like the Kaiser, of such Royal birth,
Has called his Empire to inherit the earth.

Could not Serbia settle with Austria fair?
The Kaiser nor his army, she needed not there;
But Serbia's knee was in supppliance bent,
She had to protest to the ultimatum sent.

To that the Austrians were quick in array,
As the Germans would back them in any
fool play;
But as soon as on Serbia she made an attack,
France and Russia bound by treaties must act.

Germany planned to beat France and
Russia to,
Then Great Britain she could soon subdue.
(You remember Lord Roberts has told us all
Of Germany's preparation for Britain's fall.)

Our laws are different from the Kaiser's a bit,
All men are trained there that are physically fit.
He must have studied right up from his birth
Of mind's and great shells, to blow up the earth.

The Kaiser encouraged the build of Krupp
guns,
Also ordered his armies to be supplied
with dum-dums.
The Kiel Canal he wanted complete
To make a safe anchorage for his murder-
ous fleet.

Count Zeppelin was a friend he was glad to
know,
For much about airships the Count could
show.
He encouraged the making of liquid fire and
gas.
For he thought thro these, no being could
pass.

He built large battleships and cruisers too,
Of submarines also he built not a few.
He said, "in Canada there is little opposition,
British India is seething with open
sedition.

The Germans in Africa can do their part,"
So of the other colonies he gave little
thought.
Home Rule for Ireland took England's
attention,
Of the Suffragettes too, to his advisers
made mention.

So in the pleasant days of quiet August
In his treacherous strength he rose to flog us,
He waved to his Gen's, the words of advance,
"By the way of Belgium, we'll first take
France."

Now patriots remember, we hold treaties dear,
And we shook not off the mantle that
bound us so near
To poor stricken Belgium, so harmless and
pure
But shouldered our task. Ah, since, what
endured.

From now the scholars of our dear lands,
Must not draw their knowledge from the
grasping hand
Of professors of science so learned, but raw
Who so freely taught theology, doctoring
and law.

But look to lands more civil and free
Where less guns and more true science
will be.
The study of German laws chill one to the
bone,
They have inflamed us and we must leave
home.

A more learned sinner, just name one please!
There's surely not a pirate, Indian or thief,
Who has committed such outrages, and
many the one
Not all accomplished with sabre or pistol
or gun.

They kill the women, children, old men,
Once a Sergt. they crucified. Ah, this pen
Cannot write half the sin of the Kaiser's hand,
Edith Cavell died bravely at his command.

My sturdy fellows, give up your plans,
And think of your brothers on Flanders
sands.
Enlist and train, and fight the foe,
'Tis a manly deed, we're proud to go.

We may not have been born to wound or kill,
But in Heaven's name and God's good will
We'll win this war, 'tis a Christian war,
And God will his blessings upon us pour.

Ah peace on earth and our Father's smile
Is worth all we give in this little while.
So we'll draw our swords to show our worth,
And the Kaiser shall never inherit the earth.

The potato crop in New Brunswick
this year is 10 to 15 per cent
short of last year. The estimate is
7,300,000 bushels from 40,000 acres.
The quality of the crop is excellent and
no sign of rot visible. At \$2.40 per barrel
the returns will be \$6,000,000.

GOOD ROADS.

Sir—The farmer of Nova Scotia desires good roads as well as anybody else, but is he willing to submit to direct taxation to get them? That is the question he will have to decide if I read the signs of the times aright in the report of the proceedings as printed in the Halifax papers of the good roads association meeting held there during the first week of the exhibition.

When I read the headlines in the papers I thought I had discovered something really good. Good roads are needed and needed badly and when I saw that the farmers and the townspeople had met together to talk the question over I began to feel as there was some hope of getting good roads after all, but when I read the report without the headlines I soon found that I had been uncooled, for the whole thing savored of keen political manouevring too apparent to be misunderstood.

First, I found that the idea was to abolish labor. Then I discovered that direct taxation was the next thing to be done, this however, not till after the municipal elections, so that the farmer would have no opportunity to register his kick and make things unpleasant for the Liberal candidates who might be in the running.

Abolish statute labor. What do you think of that? Build the roads by direct taxation. Who is to pay the tax? We know it will not be the city man living in the town, except the very small towns. It will be the dear old farmer, who was present "in large numbers" at the meeting and who so very enthusiastic.

Somebody moved that the resolution demanding the abolition of statute labor be adopted immediately. He was in a hurry. He was also a city man, or rather a man from Dartmouth where they have no statute labor to abolish. Then Mr. Pearson, who seems to be the head and tail of the association, jumped to his feet and got the resolution staved off until after the municipal elections. See the beauty of the scheme? The Dartmouth man was a little rash. His motion, had it been adopted, would have spilled the gravy. It would have set the farmer thinking. Get the municipal elections over and then ask the Government to abolish statute labor. That is part of the great scheme. The Government would be most obliging in this respect. Why it would jump at the chane of obliging the farmer and it would also adopt direct taxation and the farmer would be told that he asked for it. Then the Government would take the matter "out of politics" That would be done by placing the entire business of taxing the farmer and spending the money on an "independent" commission and if the farmer complained he would be told that the Government had nothing to do with it, that the "independent" commission was running the show. Great scheme don't you think?

You know Mr. Pearson is the head man of the Halifax Chronicle and you also know how much the Chronicle has done for good roads. Mr. Pearson is the confidant of Premier Murray and now you have the whole thing. Will you "fall" for it?

Resignations in King's Hands.

Athens, October 3—The resignations of all the cabinet ministers, except the premier, Nikolas Kalogeropoulos, and the minister of foreign affairs, Alexandre Carapanos, are now in the hands of the king. The cabinet will be arranged probably so that several supporters of M. Venizelos, the former premier, will hold portfolios, thus giving the new ministry a national character. Orders have been issued to the Royalist newspapers cease attacking M. Venizelos, in view of the co-operation of his adherents with the new government.

GREAT PREDICTIONS.

The great Saxby gale and high tide took place on October 4, 1869-47 years ago.

This tide arrived on time, according to the predictions of Lieut. Saxby a British naval officer. The correctness of his forecast surprised the world. Since his day astronomer Hicks of St. Louis, U.S.A., has made "weather forecasts" again and again, as exact and as true to the letter as this Saxby tidal wave.—Ex.

OBITUARY

William Farnham

Another aged resident of Canard has passed to the Beyond. On Thursday morning the death took place at Upper Canard of William Farnham at the advanced age of 88 years. He had been in very feeble health ever since he returned to Canard from St. John over a year ago. Mr. Farnham was formerly a ship's blacksmith and worked at different places. He resided many years at Canard Corner then moved to St. John for a few years. He leaves a wife, a native of Canard, and four children: Mrs. Hattie Gafney of Massachusetts; Emily of St. John; Mrs. D. R. Munroe of Wolfville and John of West Roxbury, Mass. Also two sisters Mrs. Richard Thorne, Digby, and Fraser Dakin of Windsor. The remains were taken to St. John on Saturday for burial by the widow and Mr. and Mrs. John Farnham.

Frank C. Simson

Frank C. Simson, a well known citizen of Halifax, the last remaining member of the once prominent wholesale drug firm of Simson Brothers, died at his residence, 14 Fawcett St., Friday. The funeral will be held Sunday afternoon. The deceased is survived by wife and five children. The latter include George, of Kamloops, B.C., Harold, a cyclist at the front, and the Misses Ida, Laura and Marjorie at home. There are a number of Mr. Simson's sisters surviving, one of whom, Mrs. F. G. Curry of Horton, is at present in Halifax.

Mr. Simson was born at Horton sixty two years ago, but spent the most of his life in Halifax. For many years the firm of Simson Brothers was one of the largest concerns of its kind in Eastern Canada. A few years ago the concern was absorbed in the formation of the National Drug and Chemical Company of Canada. Mr. Simson remain with the new concern for about a year, then retiring from active business.—Ex

Getting Out of the Rut.

The merchant who conducts his business according to the method of the last century is not giving his customers the service they are entitled to. The spirit of the new century is to do more than to merely turn goods over at a profit. It is to really earn that profit by giving real service, accommodation and reliable advice. The modern merchant must know his goods thoroughly and what is best adapted to every household requirement. That class of merchant invariably advertises. That is the one sure test of his being abreast of the times.

Mr. and Mrs. George Balsor of Welsford visited friends here Sunday.

Mr. James Frail of this place starts today on a moose hunting trip.

Mr. G. Balsor of Waterville visited friends here over Sunday.

W. S. Radway was here Friday installing new instruments on the Farmers Telephone line.

Mr. and Mrs. F. R. Lyons Mrs. H. Radwing and Miss P. Dickey of Waterville were the guests at Mrs. H. Dickey's over Sunday.

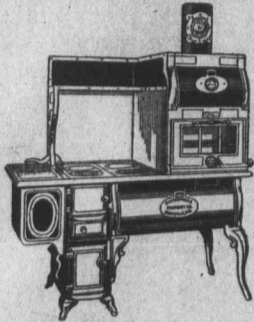

Charley Schnare had his eye very badly hooked by an ox. Last week Mr. McPhail is in attendance.

Mr. and Mrs. Waldo Lovelace of Grafton were the guests of T. F. White over Sunday.

A letter from C. R. Baltzer of the 64th M. G. S. states that he is well and getting along very good. Charley was wounded some time ago in the arm but is able to be at his post again. Oct 9th.
