# WHY I INSURED IN THE NEW YORK LIFE INSURANCE COMPANY

## BECAUSE

It is the Oldest International Life Insurance Company in the World, and is supervised by 82 Governments.

It is the strongest life company in the world.

ASSETS, (January 1, 1898).....	\$200,694,440
LIABILITIES (4 per cent standard) .....	167,322,409
SURPLUS RESERVED FUND, (which with liabilities by the 4 per cent stan- dard, is equal to all liabilities by a 3 per cent standard .....	16,195,926
NET SURPLUS .....	17,176,105

It is a purely mutual Company. There are no stockholders. All its assets, surplus and earnings belong exclusively to policy-holders, who incur no personal liability.

It has an honorable record of 53 years, during all of which time it has steadily increased in strength and prosperity.

Its policies as now issued contain no restriction as to residence, travel or occupation, habits of life, or manner of death.

The **sole** condition is that if premiums are paid the Company will certainly pay the policy immediately in the event it becomes a claim by death, and thus leave a widow or an estate a legacy and not a law-suit.

Its policies cannot be forfeited after three years, and if allowed to lapse, the insured will receive either a paid-up policy, or extended insurance as he may elect.

It gives grace of one month in payment of premiums.

Its policies will be reinstated at any time during the five months following the month of grace if the insured passes a medical examination and pays the back premium with interest.

You can borrow money from the Company at 5 per cent per annum, after your policy has been three years in force.

You do not have to **die to win**. If you live 10, 15 or 20 years you can settle your policy in any way that best suits your circumstances at the time—for cash, paid-up insurance, annuity, or other options.

If you live to the end of the term you will have made a substantial provision for yourself in old age, and if you die before the end of the term you will have made a substantial provision for your family or your estate.

It is the most valuable estate you will leave behind you, more certain in its results than lands, houses, stocks or bonds, as its value does not rise and fall with the market.

The New York Life Insurance Company is the **only** company in which you can get ALL these benefits.

You want the very best—the most privileges and the fewest restrictions, whether small or great—and the New York Life's Accumulation Policy furnishes it.

When steamers leave New York before 8 a.m., passengers should leave Winnipeg the day previous to that given above.

Passengers should leave Winnipeg Wednesday at 8.50 o'clock to make close connection with steamers leaving Montreal on Saturday.

All Steamship and Railway Ticket Agents sell tickets at the lowest rates obtainable, and engage berths or staterooms for intending passengers, without extra charge.

Money is saved by purchasing tickets at starting point, as the through fares, in connection with ocean passages, are generally less than the ordinary rate to the seaboard.

The cheapest saloon fares provide for single berths in rooms (usually inside) containing three or more berths. The next higher fares provide for berths in rooms better located, containing two berths inside room, or three berths outside room. The highest fares are for outside rooms containing two berths in best location. The Saloon privileges, table, etc., are precisely the same for all saloon passengers, regardless of the price paid for stateroom accommodations.
