DEBATE REGARDING MARKHAM BRIDGE

Township Wants County and Roads Commission to Pay Larger Share.

ASSESSMENT DISPARITY

Reeve of Scarborough Would Amend Clause Relating to Exemptions.

The question of whether the York County commissioners should reconsider their decision in the matter of their grant towards the construction of the Locust Hill bridge was a much discussed one at the meeting of the county council yesterday.

The commissioners recommended a sum of \$2000 and the Markham representatives asked that it be increased to \$5000.

Reeve Nigh of Markham said that he had been legally advised in the matter and he found that even if the bridge had been assumed by the township, the county could be held liable for repairs. The fact that the county after viewing the situation had inserted a clause in their recommendation that it should not be held responsible in the future was to him an indication that the council fully appreciated their position in the matter.

The fact was that the bridge had to be built and he did not want to have to proceed against the county to pay their part if he could avoid it. He thought that if the highway commissioners should contribute \$6000 and the municipality of Markham \$4000, it was a fair amount and the rest should be assumed by the county.

Wanted Larger Grants.

R. A. Fleming said the Markham representatives were not asking too much from the county as that township had received very little in the past. The best plan would be for the good roads commission, county commissioners and Markham representatives to confer together and find the easiest way out. By that means perhaps the highway commission would increase their grant to \$7500, the township \$7500 and the county might contribute \$5000 and make up the cost of the bridge.

The warden stated that the county commissioners had decided that the grant of \$2000 was final.

H. D. Ramsden said he could not see that the county were liable for the repair of the bridge and as the good roads had assumed it, in his opinion, it was up to them to build it.

The matter was left to the warden, county commissioners and a special committee.

A deputation appeared before the council to appeal against the award of the arbitrators in regard to the dissolving the union between S. S. No. 3, Etobicoke and S. S. No. 24 York.

After Union S. S.

School inspectors decided that the arbitrators decided it was best to alter the union and not dissolve it. A petition signed by 77 residents north of the C.P.R. tracks, asked that they remain in the union. Etobicoke was a small section with an assessment of \$24,465, and its school was not up-to-date. Had he been strict in his inspection he would have condemned it long ago.

Reeve Syme said he would rather the arbitrators had decided to dissolve the union altogether, as candidly, he believed that the section protesting should not have been allowed.

On his motion it was decided to appoint another arbitration board.

Jersey Creek Bridge.

The clerk read the decision of Judge Morgan in the case of North Gwillimbury against the county in regard to the Jersey Creek bridge. The case was tried 5 years ago before the judge, but his decision was not announced until March 9. His honor found the structure in a very dilapidated condition, both in its approaches and abutments. It would have to be repaired as it was connected with a number of leading roads. North Gwillimbury will pay one-fifth the cost and the county four-fifths.

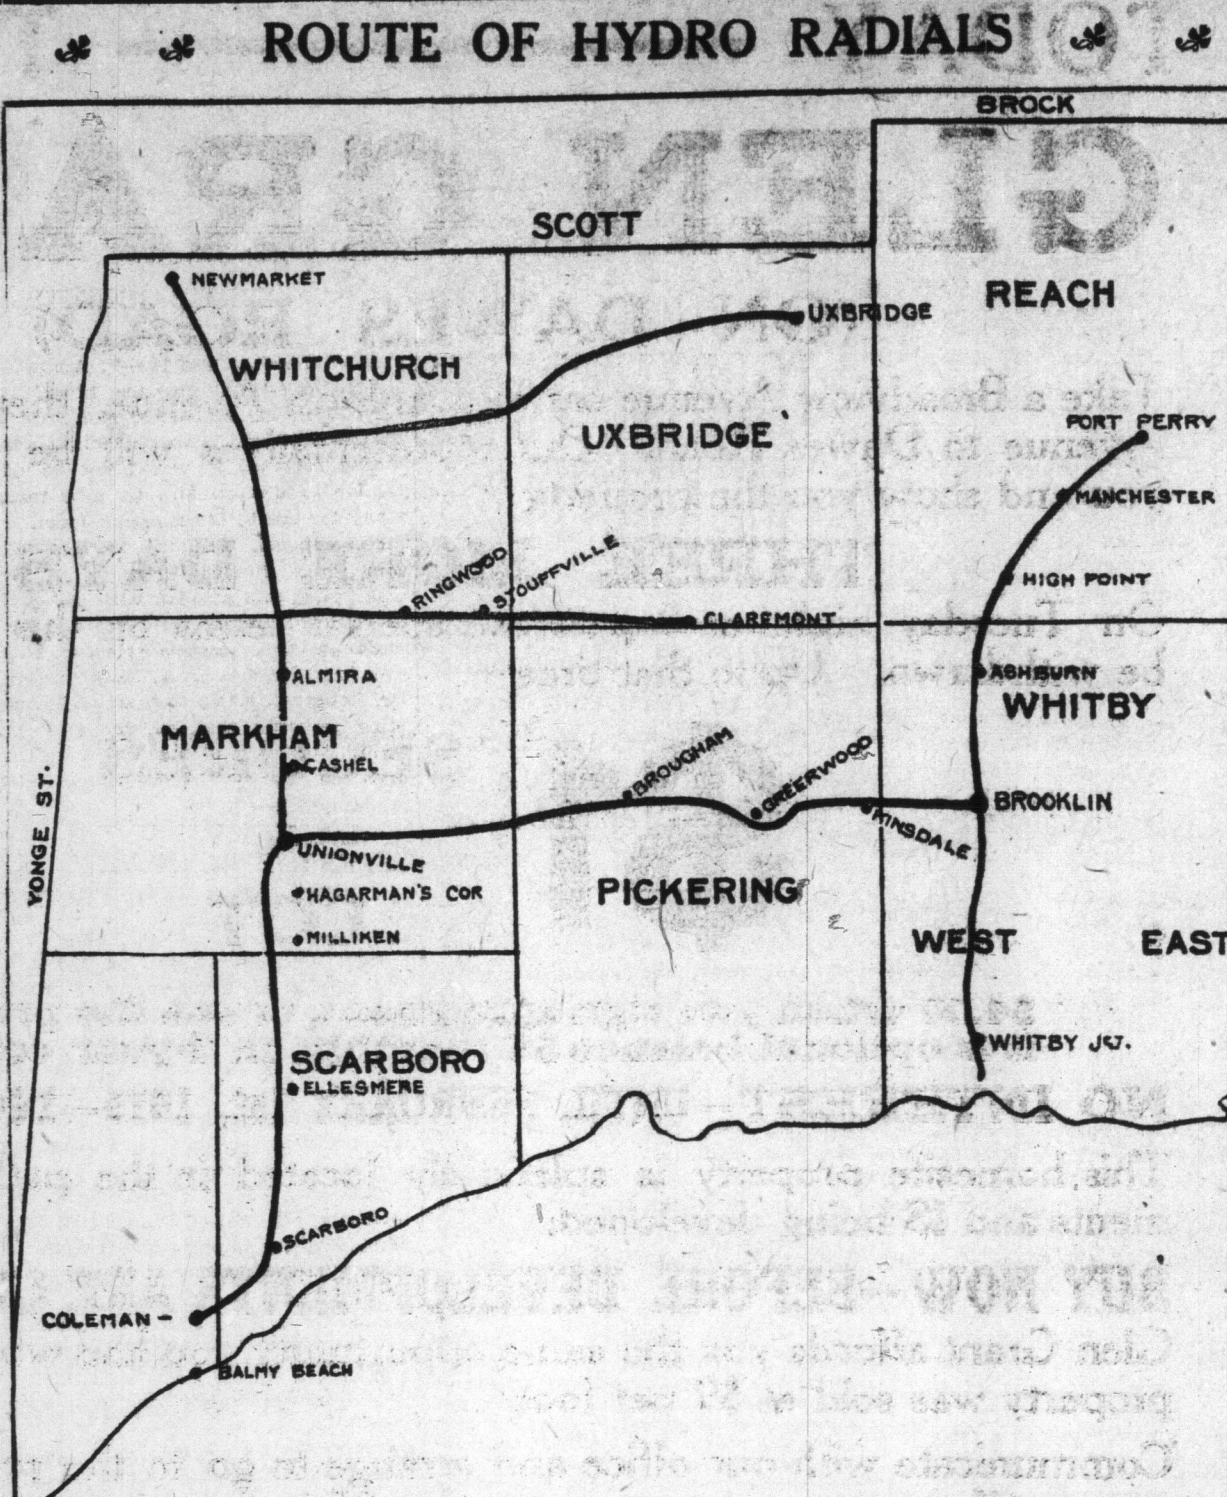

The warden announced that the county commissioners had been advised to appeal from the decision. Reeve Ramsden said the award seemed very clear and thought an appeal unnecessary.

The matter was left to the county commissioners and the solicitor.

Assessment Amendment.

Reeve Cornell of Scarborough asked leave to petition the legislature to amend the Assessment Act to determine and limit the amount of land that can be held by educational and charitable institutions free of county and township taxes. The motion was allowed. The license for pedlars and hawkers was fixed at \$50.

A bylaw promoted by the Township at York extended the time of assessment from May 1 to June 1, and the closing of the revision, six weeks from June 1, and the time for final return

THORNHILL

Mr. E. Goulding is erecting an extensive summer cottage on Jackson avenue, which he hopes to occupy in a few weeks. J. J. Davidson is building a brick house on Centre street having disposed of his former residence. Excavations are completed for two houses on Johns street, and one or two more are in prospect.

Arrangements are being completed for a union picnic of the Methodist and Presbyterian Sunday Schools to be held at Bond Lake about the third of July.

The continued dry weather is having an unfavorable effect on the crops. Hay is quite light and other crops are suffering. The corn is coming up nicely, of which considerable has been seen in this vicinity.

CHANGE IN LOCATION OF FAIRBANK BOOTH

The matter of a convenient polling booth for North Barcourt and Fairbank section, number 28, has been satisfactorily adjusted. Instead of voting poll at Oakwood, as previously announced, they will go to the poll at Wick's grocery store on Ennesdale road. The section boundaries are North, Bilton, south, the line fence south of Eversfield road; east, Dufferin street and west, northern tracks.

ABATE SMELL NUISANCE BY DIVERTING STREAM

Residents in the neighborhood of Woodville avenue and Conduit street and Keele and Bloor streets will not be annoyed by the odors which have bothered them lately, within a few days," stated Ald. Sam Ryding to The World last night. The place in question is the ravine between the four streets into which sewage has been emptying from the service sewers in the neighborhood for many weeks past. Many and bitter have been the complaints regarding the offensive odors which have poisoned the air in the vicinity of the ravine and many indignant citizens have told stories of having to keep doors and windows tightly closed day and night.

Ald. Ryding took the matter up over a week ago and implored the M. C. H. and commissioner of works until they promised to give some relief.

Visit of Inspection.

On Wednesday afternoon, accompanied by the alderman, the entire board of control with the exception of Councilman Church visited the district and relief has been promised immediately.

To Divert Stream.

The flow to be diverted from the ravine to the completed Bloor street sewer and a gang of men are now at work on it. The run will be disinfected and cleaned and as far as possible deodorized.

Preparations for the annual installation of officers on July 3rd were made at the meeting in St. James' hall last night of Toronto Junction Council, R. T. of T. The evening which followed the business session was a social one and an excellent program was arranged by the convenors Mrs. Henley and Miss Stella Switzer.

New Freight Sheds.

A large addition is being built to the Grand Trunk freight sheds on York road north, which will, when completed, cost in the neighborhood of \$6000. The freight offices will occupy the south end of the new building which will be frame.

The death occurred last night of Henry, the infant son of Mr. and Mrs. W. W. Colquhoun of 122 Uxbridge avenue. Internment takes place this afternoon in Prospect Cemetery.

ISLINGTON-ST. GEORGE'S CHURCH ANNIVERSARY

The seventieth anniversary of St. George's Anglican Church, Parish of Islington, will be marked by special services tomorrow. At 8 a.m. the rector, Rev. Frank Vipond, will officiate. Moore, M.A., Rector of St. George's Church, Toronto, will conduct the services.

Garden Party.

The anniversary will be further celebrated by the holding of a garden party on Wednesday next, 24th inst., from 3 to 10 p.m., in the orchard of J. Tischo, Dundas street, immediately east of the churchyard. A band will be in attendance and games, sports and girls' musical drill, will form features of the program. There will also be a display of fireworks at 9.30 p.m.

KIDNEYS CURED AND VITALITY REGAINED

Prominent Ontario Merchant Says He is Enjoying "The Best Health I Ever Had" Thanks to "Fruit-a-tives."

B. A. KELLY, ESQ.
HAGERSVILLE, ONT., Aug. 26th, 1913

"About two years ago I found my health in a very bad state. My kidneys were not doing their work, and I was all run down in condition. I felt the need of some good remedy, and having seen 'Fruit-a-tives' advertised, I decided to try them. Their effect I found more than satisfactory. Their action was mild and the result all that could be expected.

"My kidneys resumed their normal action after I had taken upwards of a dozen boxes and I regained my old-time vitality. Today I am as well as ever, the best health I ever had, and I unhesitatingly give you this letter and my photo for publication if you wish."

B. A. KELLY.

"The greatest kidney remedy in the world," is what thousands of people say about "Fruit-a-tives" and it is true. "Fruit-a-tives" builds the kidneys, strengthens the kidneys, cures the kidneys, as nothing else will. All over Canada today, hundreds of people who were sick and suffering are curing themselves of kidney and bladder troubles, Rheumatism and Lumbago by taking "Fruit-a-tives," the famous medicine made from fruit juices.

"Fruit-a-tives" is sold by dealers everywhere at 50c a box, 6 for \$2.50, trial size 25c, or will be sent on receipt of price by Fruit-a-tives Limited, Ottawa.

MOUNT DENNIS—ANOTHER BRICK PLANT STARTED

The new brickmaking firm on the fifth concession, the J. S. Marshall Brick Co., have arranged to start delivery of bricks on Monday next, when 250,000 will be on hand. The result of the operation has proved so successful as had been hoped, and it is claimed that the bricks, which are burnt in open hearth kilns, are as good as the best produced in the neighborhood.

The brickmakers of the district are arranging a picnic to Berlin on Aug. 8.

Has Recovered.

Little Violet Burton, six or seven years old, daughter of a carpenter residing on Hollis street, Mount Dennis, who was run over by an automobile on Wednesday and taken to Grace Hospital, has been returned to her home with every prospect of being strong and well again in a very short time.

Garbage Collection.

The permanent garbage collection for the Mount Dennis district started yesterday. Notices have been posted by the sanitary authorities that garbage will be collected on Thursday and Friday of the first and second weeks of the month.

The Weston road to the confines of the Village of Weston having been repaired and rolled by the good roads commission, the work was completed yesterday afternoon by an ample sprinkling of oil, to the great relief of the residents from the intolerable dust nuisance.

Sunday Cars.

The hoped-for Sunday car service has not materialized. It is the opinion of E. Lemon, the secretary of the Ratepayers' Association, that were a vote taken on the question, it would be unanimous in favor. "The least they could do," said Mr. Lemon, "would be to run cars to Bayview and Avenue, familiarly known as Hospital road."

The Rev. Gore M. Barron, priest in charge of the Anglican Church of the Good Shepherd, being now on vacation, the services next Sunday will be taken by the Rev. Christopher Land of Peterboro.

Cookies by Hundreds

"AND mother always had a jartful of cookies on hand." Haven't you heard that remark and when you hear it don't you always wonder how "mother" managed to perform such a wonderful feat?

Four cream cookies: Three-fourths of a cup of butter creamed with one cup of soft-white sugar, two unbeaten eggs, one teaspoon of lemon or vanilla, one-half cup thick sour cream. Mix this part in a bowl and sift two cups of flour, a half a teaspoon of salt, one level teaspoon of soda and a half a teaspoon of baking powder into another bowl.

A woman who sells cookies to school children daily, and adds many dollars to her weekly income by the pleasant duty, tells me that the following amounts make a fifteen-cent batch of cookies.

Columbines.

I think I have never seen the Columbines so beautiful as they are this year. Whatever harm was wrought to other perennials, by the terrible severity of the past winter, most of these gorgeous plants have escaped without the least sign of having received the slightest check in their development.

Every botanist knows that the mass of flowers have sepals and petals making up the flower-head. Generally the sepals are those small green leaf-like structures which are so closely connected with the head.

So with the Columbines, the sepals proper are those star-forming lancelets that encircle the flower-head, between the points of which star are the petals.

Hats That Find Hot Weather Favor

THE WOMEN WINNING OUT.

One need not be in sympathy with the methods or even with the aims of the militant suffragettes to appreciate the value of the concession they have wrung from Prime Minister Asquith. They have obtained a hearing. The first great principle for which those who seek justice must always struggle is the right to petition for redress of grievances.

It is a weakness of the lawyer in politics to be unduly influenced by precedent, and to shrink from anything like a change in the social order. He deals with principles as factors in the game, but takes too little account of the human element which makes the whole world kin.

NO POLITICS IN SELF-HELP. One point in the co-operative movement in Great Britain that is commonly overlooked is its separation from local and sectional differences. It strove to cultivate the sentiment that each for all and all for each represented the highest practical field for human activity.

truely generally that private monopolies look for more support from the British Conservative party than from the Liberal. It is also undeniable that co-operation and public ownership are as much sustained in Conservative as in Liberal communities.

Why not, indeed, when these have fundamentally nothing to do with party politics in their wider field? As The London Morning Post recently remarked editorially, "The co-operative movement has no politics; it is open to men and women of all parties who meet on the basis of mutual help."

It was very evident from the proceedings in the board of education on Thursday evening that the attempt to restate the principal of the Jarvis Street Collegiate Institute was ill-judged. So far as the public is concerned, with the exception of those immediately involved and their intimates, the matter is settled and should be allowed to stay settled.

A NON-PARTISAN TRIBUTE. Sir James Whitney has recognized the immense "strength" which Hon. Adam Beck has lent the Ontario Government by his capable leadership in the hydro-electric policy development.

Another activity which is to be noted is the determination to attribute the detestable reputation of Owen Sound, Markdale, Durham, Flessleton, Chatsworth, Meaford, Thornbury, Walkerton, Hanover, Chesley and Mount Forest. The ultimate development will reach eight thousand horsepower, and the conditions are of such an economical character that the cost of power will be notably low.

Golf P. Barrett, 152 : : Toronto Champion

BARRETT CAPTURES T. AND D. P. G. TITLE

Lambton Pro Was in Form—Cumming, Toronto, Second—Bell, Scarborough, Third.

Percy Barrett captured the Toronto and district professional golf championship yesterday afternoon at Rosedale, when he turned in the lowest score of 152, a day, namely 152. The Lambton pro. was in the form and beat his old rival, George Cumming of Toronto, by five strokes. Willie Bell of Scarborough was well up, and only let his old teacher get away with one stroke. It was soggy weather for the pros, as a hard downpour of rain attempted to break up the match early in the morning, and a heavy, northwest wind in the afternoon played havoc with the long shots. Neither of the above assisted in the making of the field, but under the circumstances Barrett's play was very consistent, a 74 coming to him in the morning, and a 78 in the afternoon. The feature of the day's play was the match between Barrett and Cumming, who were paired together. Barrett opened up with a 35 out, which was grand going, and gained three strokes on his rival. This was the lowest outgoing score of the day, and Percy added a box of balls to his prize money for this accomplishment. Coming in both men felt the rain and floundered badly at times, with the result that a 39 and a 40 fell to their lot, giving the Lambton pro. a margin of four strokes on the round, or four holes up. The afternoon saw them at it again, and Barrett was only one to the lead on his morning score going out, with Cumming two behind him. Coming home, Barrett began to waver, and Cumming gained a stroke and a hole, making him one up on the second round, or three down on the match.

Willie Bell had a good chance for second place on his great come-back on the home-made journey on the second round, but a misjudged shot on the last hole cost him two strokes and the place. As that he had the lowest score of the inward journey of the day, with a 36, securing the box of balls offered. This morning at nine o'clock the amateurs will combat for the local title, and the team matches should also arouse a lot of interest. The cards of the first three read:—Percy Barrett, Lambton G.C.

Correct Clothes for Discerning Men

It should be the aim of every man to dress correctly and in good taste. These imply cloths of the right character, keeping in mind each man's individual needs, as well as perfect fit and good workmanship.

Being well dressed doesn't imply extravagance—if you wear Score's Clothes—not by any means. For as little as \$25.00 we can build you a suit of clothes that you'll pronounce par-excellence. And of course we've better ones if you want to pay more. But, regardless of the price, you can depend upon it that nowhere else can you find such values.

Just now we are showing an especially inviting variety of clothes in new color tones and patterns which should appeal to men who are on the alert for fashion's latest decrees. You owe it to yourself to at least see what we have to offer before ordering your next suit.

Tennis Finals Today Also the Semi-Finals

Owing to the intervention of Jupiter Pluvius, progress in the city tournament was retarded yesterday afternoon. This meant, together with an unkind wind, the rain had the effect of putting the courts in tip-top shape. A special force of workmen has been engaged, so that everything will be in readiness for today's events, the issues of which mean so much to the contestants. Today is the consummation of the tournament, as most of the championships will be decided. The city tournament is a most important fixture, as the camera are developed, and the season's form is generally shown. The committee have no apologies to make for today's program, as all the best players in town are in the final, and the championships will be in doubt until the last stroke is played. S. O. E. ATHLETICS FOR MEMBERS ONLY

Owing to Lack of Public Patronage, Open Events Are Cut Out This Year. The S.O.E. press agent writes: A question has been raised as to how it is the Sons of England are having an athletic meeting this year on July 1. In reply, I would state that last year, although we had the best athletes in Ontario, we expended a great amount of money in prizes, and therefore, this year we did not feel justified in spending a great amount of money on prizes for the small attendance we would get. However, the matter is receiving very careful consideration, and it is hoped to run a pure and simple athletic meet in the near future. We are having the usual program of sports this year, which includes twenty-nine races, for members, their wives and sons and daughters, and we are also having two open races for boys 14 to 18 years and girls 14 to 18 years of age. The amount of money to be spent in prizes will be well over the \$200 mark. Brother Marshall, the chairman of the July 1 committee, has kindly consented to donate a silver cup, to be competed for by the juvenile leagues. The cup will be won outright after three years in succession. The race will be for boys 10 to 14 years of age. The winner of the cup receives a silver medal, while the cup goes to the lodge room of which the winner is a member. There will also be a baby show for babies ranging from three months to two years in age, and also a prize for the best dressed baby. Competent judges have been obtained for this item. The 10th Royal Grenadier Band and Sons of England Choral Society will render selections at intervals.

Hockey Next Winter In Riverdale Rink

Owens Smith has made all arrangements to turn his roller rink into a hockey rink for next winter. This will place covered rinks in the east and west ends, the Riverdale is much closer to the centre than Ravina. The ice space in Riverdale avenue will be 150 x 60 feet, just within the O. E. A. regulation.

NORWAY ALWAYS WINS.

Three rinks from Balmly Beach paid a visit to Norway and lost by 22 points. Score: Balmly Beach.....13 J. W. Atherton.....15 E. Browning.....11 J. Thompson.....20 C. W. Hurnall.....10 Total.....66 Total.....54

All Overseas players, senior and junior, are specially requested to be on hand at the dressing room, Little York, this afternoon at three o'clock. Any first-class players who are at present unattached would also be welcomed and given a trial, if desired.

Billy Hay says:

"I went up to the circus on Tuesday night, stood in line for about twenty minutes, got up to within two feet of the 'box office,' then the 'ballyhoos' shouted: 'No more tickets' and closed up shop.

"Then, to add insult to injury, somebody must have told the laughing hyena and he giggled right out loud.

"Now, this is Saturday, and I know you want to get in on this Week-End Special of Socks and Underwear, but try to make it before midnight, as we are compelled every Saturday night to shut some fellows out in order to avoid the Sunday Closing Law."

Rain Stopped Both Toronto Teams—Two Games at Newark Today

DOUBLE WORK FOR KELLEY'S BRIGADE

Double-Headers Today and Sunday at Newark—No Game Yesterday.

NEWARK, N.J., June 19.—(Special.)—Four games in two successive days will be played by the Leafs and the Indians as a result of postponement of today's contest on account of bad weather. A doubleheader is on the card for tomorrow and another for Sunday. The games tomorrow will mark the debut of two Toronto's new pitchers, Bill Wagner, obtained from Brooklyn, and Emilio Palmiero, the Cuban, who was turned over to the Leafs by the Grand Swaggers related to work during the first game and Palmiero will appear in the second. Newark's three to two defeat here yesterday by the Leafs was the sixteenth game the Warriors have lost by one run, and the persistency with which one game in nine following the team is worrying Charley Ebbets, Jr. almost wild.

President James J. McCaffrey of the Toronto Club, who was in town yesterday, declared to "The World" correspondent that the National Commission had no business to award Clarence Kraft, Newark's first baseman, 16 Nashville of the Southern Association. "Why Toronto has not waived on that player yet, and I guess several other clubs on the class A. circuit would be glad to get him. I don't blame Kraft for refusing to report."

The rain stopped the Beavers and London yesterday. They play at the Motor-drome today.

AT THE 'DROME TODAY.

London and the Beavers will clash in the closing game of the series this afternoon at the Motor-drome at 2 o'clock, and a great pitching duel is promised between Southern of the Southern and the visitors, and Auld, the local boy. Heck, who led the Canadian League last year, has only lost one game in nine this season, while Auld of the Beavers has won his last four starts.

THIS WAS A POOR ONE WENT TO CHICAGO

PHILADELPHIA, June 19.—A poorly played game here today was won by Chicago in the tenth inning by 8 to 7. In the tenth inning led off with a home run into the bleachers and the locals took on his single and steal of second and Ireland's fumble of Zimmerman's ground-er. Three pitchers were used by each team. Becker made another home run, his third in three successive games.

BABY WAS MURDERED.

The post mortem examination of the unknown infant whose body was found on the banks of the Don River last week, showed that the child's death had been caused by strangulation. At the inquest, held under coroner Singer at the morgue last night, it was decided to make an adjournment for a week to allow the authorities to follow up certain clues which it is believed will lead to the identity of the child's murderer.

SAY, POTTY, YOU'LL HAVE TO LEARN THE NEW DANCES. THE GIRLS WON'T STAND FOR THAT OLD TIME STUFF YOU WERE PULLING OFF LAST NIGHT. WE'RE TO ATTEND A TANGO TEA TOMORROW AFTERNOON, SO LET'S GET BUSY AND I'LL TEACH YOU THE NEW STEPS.

THIS IS THE GRAPEVINE. LOOSEN UP THERE ON YOUR KNEES POTTY. 1-2-3 AND 4.

NIX! I'M ALL IN!

AW—GET UP! YOU'VE GOT TO LEARN THE FASCINATION, TOO.

THIS IS THE LAME DUCK VARIATION #1. 1-2-3-4—NOW CHANGE TO THE OTHER SIDE. DON'T DRAG YOUR FOOT AND SHOVE WITH THE RIGHT.

NEXT A.M.

THE STIFF'S ALL IN! NOW WHAT'LL WE DO?

OW—WOW! I—OUCH—CAN'T MOVE! PUT ME BACK INTO BED! OW—OUCH!

COME ON, POTTY—BE A SPORT! YOU'VE GOT TO PUT IN AN APPEARANCE.

AND WE WERE LOOKING FORWARD WITH SUCH ANTICIPATION TO MEETING THE COUNT. DOES HE DANCE?

OH YES, HE'S A VERY GRACEFUL DANCER, TOO. BUT HE COULDN'T COME, BUT HE SPRAINED HIS FOOT YESTERDAY PLAYING GOLF.

WHEN ROWELL WINS

NOT A BAR OR CLUB LICENSE WILL REMAIN IN ONTARIO

UNDER THE ROWELL POLICY

Liquor Cannot Be Sold in Bar Rooms, Dining Rooms, or Anywhere Else in Any Hotel or Club--Which Also Effectually Kills the "Treating System."

Mr. Rowell presents the clear-cut policy that must meet with the approval and support of all who recognize in the abolition of the bar the greatest reform ever inaugurated for the conservation of our young manhood. There will be no quibbling. Put Rowell in and bars and club licenses GO. There will be strict enforcement of the law by officials in sympathy with the movement. Treating will be automatically abolished and bar licenses WILL NOT BE replaced by shop licenses.

LOCAL OPTION

Under Rowell

The Liberal party proposes to grant local option on a majority vote instead of the present three-fifths vote, which undoubtedly means the complete wiping out of shop licenses. It is the policy of the Liberal party, too, to make local option county wide, that is, to cover a municipality, as at present, and also a whole county.

In nine-tenths of the municipalities of the Province the Rowell policy means the immediate, entire abolition of the retail sale of liquor. There is no mistaking the issue. Vote as your conscience dictates.

PRESENT GOVERNMENT STEADFASTLY REFUSES TO CO-OPERATE IN THE ABOLITION OF THE BAR

In three successive sessions—1912, 1913, 1914—the present Government has voted down the resolution to "Abolish the Bar." On April 14th of this year Mr. Rowell said: "Let both political parties unite to wipe out the licensed bar room in this Province." There remains but one remedy for the present glaring evil.

Fewer Shop Licenses

Further restrictions will be placed on shops. Shops can be wiped out by local option on a majority vote, instead of the three-fifths vote, and such election may cover a county as well as a municipality. Of the 842 municipalities in Ontario, only 82 have shop licenses.

"LITTLE MOTHERS" PUT REAL ONES TO SHAME

Mothers who thought themselves "experienced" blushed at their ignorance when at the York Street School this week the young girls there gave their "Little Mothers" Exhibition. It was not a showing of fancy and fad but of those and scientific knowledge of how babies should be nursed and protected. The school children were all in light, white dresses, with quaint caps, and did their work with enthusiasm, and certainly that comes only of knowledge.

A table labeled "baby killers" was a centre of interest. On it were dirty comforters, colored candies, toys that cannot be washed, wooly dogs, colored

AUTOMATIC COOKER FOR CANNED FRUITS

A machine for cooking fruits and vegetables, employed in canneries, is of ingenious construction and design. The cooking is done after the cans are sealed and the cans are fed into the cooker and discharged from it automatically. A timing device is attached by which the cans are kept in the cooking bath, either of steam or hot water, for the required length of time, and the machine will handle one or more lots requiring different cooking periods, at the same time. The cans are constantly agitated while in the cooker, bringing every part of the can into direct contact with the heat.

Imports Decrease Exports Increase

Exports of Products of Forest and Mine Have Grown.

OTTAWA, June 19.—Canadian trade for the two months ending May 31 last was \$136,868,000, compared with \$164,300,000 for the corresponding two months in 1913. While the Canadians have maintained their volume, the imports have fallen off considerably, the importation of dutiable and free goods for the first two months of the fiscal year being \$2,014,000, compared with \$109,002,000 for the corresponding two months of 1913.

The feature of the trade statement issued today by Hon. Dr. Reid, minister of customs, is the increase in the volume of manufactured articles exported to Britain during the first two months, April and May, of the present fiscal year.

These were \$10,292,000, compared with \$7,481,000 for the corresponding two months of the previous fiscal year. April and May also showed an increase in the volume of the products of the mine, the exports being \$6,988,000, compared with \$4,973,000 for the two corresponding months of 1913.

The exports of the products of the forest also show an upward tendency being \$5,171,000, as against \$4,902,000 for the corresponding period last year. The exports of animals and their products were \$5,157,000, as against \$3,970,000 for April and May, 1913. There is a falling off in the exports of agriculture products, the volume for the two months being \$18,735,000, as against \$24,632,000.

PARIS, June 19.—Prices were heavy on the bourse today. Three per cent. rents, 84 francs 60 centimes for the account. Exchange on London 25 francs 13 centimes for cheque. Private rate of discount 2-4 per cent.

POPULATION OF CALGARY HAS BEEN GREATLY INCREASED

Speculators From Many Points Have Gathered in Large Numbers - Money Seems Plentiful for Oil Promotions - American Firm Would Refine in Canada.

CALGARY, June 19.—Oil indications thus far in the history of the Alberta fields have drawn thousands of people to Calgary from all portions of the world. The oil has been a money-making machine. One outside capitalist has purchased over \$50,000 worth of stock in one of the wells with the brightest prospects, and he has \$2,000,000 more on deposit in a local bank, just waiting for things to "turn up."

WHAT THE TAPE SAYS

American in London steady, 1-3 to 1-4 up. Treasury officials favor adoption of 32-cent coin. Average price of 12 industries up 32, twenty falls up 13. McAdoo asks congress for wider power over income tax lodgers. United States insistent on Constitutional provision for head of Mexico. Thomas Dolan estate of \$3,000,000 in trust for his family as long as a perpetuity law will allow. President Walker of American Thermos Bottle Company to organize \$4,000,000 corporation, taking over twenty European manufacturers of thermos bottles. The Natural Gas and Oil Record of Calgary, from the York Derrick Company, Washington, Pa., manufacturer of the York Portable Steel Derrick. The most important item in the letter is this paragraph: "We are thinking seriously of trying to make some arrangement at Hamilton, Ont., or some other desirable point in the Dominion, for having our product manufactured and shipped thus getting around the prohibitory freight duty."

THE DOMINION BANK

NEW YORK, June 19.—Except for the Rock Island securities, which were unusually active and covered a wide range, the stock market today was quiet and flat. The undertone was firm and there was a slight upward tendency. Speculators were as reluctant as before to take a decided position pending the much-discussed decision in the freight rates case, and there was barely enough business to give the market a semblance of life.

NEW WHEAT TO FILL EMPTY BINS

Big Export Business and Higher Liverpool Prices Kept Market Up.

CHICAGO, June 19.—Big export business here and higher prices at Liverpool kept the wheat market today on the advance.

Export sales of wheat here amounted to 500,000 bushels, mainly old hard winter, and there were lake charters for 600,000 bushels to go to Buffalo.

Offerings increased. Although country acceptances were light on overnight bids for wheat to arrive in Liverpool, the market was steady.

Wheat, firm, 1/4d to 3/4d higher; corn, easy, unchanged, 1/4d off.

ARGENTINE VISIBLE. Wheat, firm, 1/4d to 3/4d higher; corn, easy, unchanged, 1/4d off.

What the Grain Brokers Say

Finley Barrell & Co.—On all rallies from these prices we advise sales of July and September wheat.

Thomson & McKinnon—Look for the present rally in wheat to go somewhat further and advise waiting for hard spots in which to sell.

Logan & Ryan—While the cash corn demand is a little slack the trade may be influenced by the dips in wheat prices, but the buying side on depressions is suggested because of light supplies to run the country the next four months.

Harris Winthrop & Co.—With foreign markets commencing to decline a little more freely we still doubt the wheat market's ability to maintain advances from the level without a change for the worse in the weather, which is highly satisfactory now.
