Not for the lakes of glancing blue
I love this land of mine,
Not for the dark Laurentian streams
Berimmed with spruce and pine,
Not for the blushing winter peaks
Where snows forever shine!

Still here would I abide.

SPECIAL PRAYERS FOR ALLIED ARMS

Day of Intercession is Observed in All the Toronto Churches.

Canada's day of national prayer was impressively observed in the churches of all denominations throughout the city yesterday. One of the most beautiful services was delivered by Rev. Trevor H. Davies at the Metropolitan Methodist Church yesterday morning. The preacher eloquently protested against the erroneous idea that any cause for national humiliation or reason for divine forgiveness was implied with respect to the entrance of the British Empire into the European war. There was no cause for shame, but of pride, in the response Great Britain made when hostilities were begun and with a full knowledge of all the consequences now before them, the British people would, if forced by a similar crisis, make the same response. King Solomon in a period of national crisis voiced a patriotic prayer as related in the eighth chapter of the first book of Kings. He recognized that in times of national as of individual trouble, or perplexity, inspiration, enlightenment and solace were most readily to be found in supplication for divine help. It was generally recognized that prayer was the letting loose of a mysterious dynamic force which, like electricity in telegraphy, gave motive power. In this respect prayer might become a conquering militant agency. King Solomon set an example in his prayer by first asking for forgiveness, which in the shortcomings of his own nation, then for seeking for the cause of righteousness, and finally that the hearts of the enemy might be changed.

No Time for Peace. With the German war lords in control, it would be folly to consider the prospect of a peace by negotiators. That would merely lead to another twenty years' spreading throughout Europe of the miasma of distrust and the slaughter of the boyhood of today in another world war. With a full recognition of this condition, prayer

that the German people might be enabled to realize the enormity of the hideous militarism now dominating it was appropriate. American entry into the war was declared by Hon. Dr. Cody at St. Paul's Anglican Church yesterday morning, a real decisive event in history which would be an important factor in the whole future of the Anglo-Saxon people. It was a day of national intercession. Its observance called for elements of faith in God, personal repentance, thanksgiving and a fresh dedication to patriotic service. There was unbounded cause for thankfulness in the heroism of the men who had fallen in the gallantry of the allies who had beaten back four offensives of the saltors who had blocked in the submarines and for the coming into the conflict of the invincible forces of the United States. Dr. Cody spoke at night upon the importance of each Canadian at home emulating the unselfish patriotism of the sons of the Dominion, who were upholding all the principles which Canada holds dear overseas.

Greater Moral Strength. At St. James' Cathedral Rev. Canon Plumptre spoke on the importance of every Canadian seeking for moral strength and influence in these times of crisis. At the conclusion of a brief address before leaving the pulpit he led the congregation in a series of special prayers for the Dominion and the British Empire in connection with the war.

In the Presbyterian churches the sermons dealt with various aspects of national intercession. Rev. Dr. Wm. Patterson, preaching at Conie's Church in the morning and at Duns Presbyterian Church at night, emphasized the importance of a prayerful spirit in all spiritual warfare, which included the battles for moral principles. At Dale Church Lieut. Stronger, a returned R. A. F. officer, rendered appropriate vocal solos.

At St. Michael's Cathedral yesterday, the announcement was made from the pulpit that Archbishop McNeil had written a letter to the priests of the archdiocese, calling upon the people to attend church and offer prayers for the repose of the souls of the allies who

had fallen in battle. All Catholics in a state of grace who had attended confession and taken the holy communion would be granted one plenary indulgence which could be devoted to the benefit of some friend who had fallen in the war. This benefit would be granted to each worshipper who attended the special prayer service yesterday. At St. Michael's Cathedral, the prayer for the souls of the fallen allies was held from four to six o'clock during the afternoon, during which "the holy sacrament was exposed." By arrangement with the order, members of the Knights of Columbus were present and maintained continuous prayer during the two hours allotted.

At Jewish Synagogue. One of the most solemn services of intercession was held at the Holy Blossom Synagogue. Rabbi Jacobs, whose only son left for the front on Friday, offered the following prayer: O Lord God, who judgest the world in righteousness, and the people in equity, judge our cause and justify us. Thou knowest that not in lust of power nor in the spirit of aggression has our country unheathed the sword, but to fulfil her solemn pledges, to defend the right and protect the weak. We pray Thee to bless the efforts of our brave hearted troops who are jeopardizing their lives on the battle field. Give them courage. Preserve them and help them in the hour of danger. Do Thou break, as in the olden days, the rod of the oppressor, and grant victory to our country and to our allies. Withdraw not Thy grace from our fatherland. Bless our King and country and grant unto the British Empire peace, plenty and prosperity throughout its borders. Hasten unto us the day foretold by the prophet, when nation shall not lift up sword against nation nor learn war any more, when men shall not do evil nor act corruptly, when truth and righteousness and justice shall flourish throughout the earth, and when the spirit of oppression and the spectre of war shall forever be banished from off the face of the earth.

May such be Thy gracious will, O God, and let us say amen.

S. A. MEETINGS. The day of prayer was observed by the Salvation Army throughout the Dominion yesterday. Special meetings were conducted at West Toronto by Col. John McMillan, chief secretary; Albert Street Temple, by Lieut.-Col.

LIEUT. GERALD LEARN IS REPORTED MISSING

No Particulars Have Been Received by His Parents as to His Whereabouts.

George Learn of 93 Galley avenue received a cable yesterday that his son, Lieut. Gerald Learn, of the R.A.F., was reported missing on June 24. Lieut. Learn has been in France since 1916, except for a short time, when he acted as instructor in England. The brief statement contained in the cable simply stated "missing," so it is not known whether he was shot down in the enemy's territory or was forced to land through engine trouble. Gerald Learn is 22 years of age, was born in Toronto and attended Wellesley Public School, later going thru Upper Canada College. Before enlisting in the R.A.F. he worked for the R. L. Long Company. There is much sympathy for his mother, Mrs. Learn, who is in delicate health.

PRaises CONGREGATION FOR WORK IN DISTRICT

Trinity Church, East King street, seventy-fifth anniversary services concluded with special sermons and an open session of the Sunday school. At the morning service, Archdeacon Warren preached upon the words of Isaiah: "Harken unto me ye that follow after righteousness." He congratulated the congregation upon having so faithful a rector as his friend Major H. C. Dixon, who was a faithful preacher of righteousness. The congregation of Little Trinity could be assured of divine strength to meet all the changes and difficulties they had to face so long as they continued to follow after righteousness. H. C. Hoeken, M.P., addressed the Sunday school in the afternoon. He spoke of his early years in that portion of the city as full of pleasant memories and paid tribute to the noble work which had been done for the public welfare of the residents by the ministers and members of Holy Trinity.

FUNERAL OF CADET.

The remains of Cadet Albert E. Harvey, who was killed in an airplane accident at Camp Borden on Wednesday, were buried in Prospect Cemetery on Saturday. The funeral was held from the residence of his parents, Mr. and Mrs. Joseph Harvey, 163 Niagara street.

The coffin was carried on a tender, in charge of the mechanical transport section, and it was escorted by a party of soldiers from the recruits depot and the R. A. F. The remains arrived in Toronto on Friday, and this necessitated rapid arrangements of the funeral, but a number of deceased's friends were able to attend the funeral.

Big War Revenues.

Great Britain has very little to learn from other nations on the subject of procuring revenue. The report of the net increase in revenue for the quarter ending June 30 as compared with the corresponding quarter last year, indicates a surprising ability to levy and collect from those who are able to contribute.

The Tarrington Case.

Perhaps in order to temper our too great pride and joy in the glorious Dominion to which we belong, the board of pensions commissioners have handed out their decision in the Tarrington case and have refused any pension to the widow and children of the man who volunteered shortly after the war broke out, went overseas in May, 1915, and has died as a result of being gassed at the front.

charge of the hospital had intimated that Tarrington's working abilities were not impaired as a result of his service in France. Gas poisoning at the front, according to this medical authority, is of no consequence.

KERENSKY TO HAVE BACKING IN RUSSIA

British Papers Doubt Wisdom of Unasked-for Allied Intervention.

IS RUSSIA'S BUSINESS.

Overthrow of Bolsheviki, While Desirable, is Not Up to Allies.

London, June 30.—The question of what the attitude of the allies toward Russia should be, especially with reference to former Premier Kerensky's appearance upon the scene, is discussed in The Daily News, in an editorial under the signature of its editor. The article contends that, if the cause of freedom is the cause of the allies, they should have helped the revolution when it was given birth, but it declares that they neither welcomed nor aided it.

"With the exception of the United States," the writer asserts, "they have for more than a year looked on with cold distrust. They have thought of interests when they should have thought of principles."

Remarking that the allies did not help Kerensky when he might have delivered his position, with their aid, the article expresses distrust of Kerensky's present position, which it interprets as an invitation to the allies to enter Russia and repress the Bolsheviki as a preliminary to raising an army to fight the Germans.

Loss Russian Goodwill.

"The overthrow of the Bolsheviki is an affair of the Russians, not of the allies," the writer contends, "if the Russians effect a counter-revolution well and good. We shall have another government to deal with, and if that government is Kerensky's it is hoped it will have better treatment than his last. But if the allies go to Russia to work a counter-revolution, to set up this party or that, they will add to their difficulties, and lose the goodwill of the Russians for generations."

After discussing at length the practicability of military intervention thru Siberia, apart from the question of expediency, the article dismisses the project as impracticable, and reaches the conclusion that Kerensky's method is not the way to regain the confidence of the Russian people and bring them to the side of the allies. "If the soviet regime is to fall from within, or if it is to survive," adds the writer, "let us accept the fact as an expression of the will of the Russian people, to respect it and adopt a new policy, sympathetic, generous and helpful."

RUSSIAN SAILORS FIGHT EACH OTHER

Amsterdam, June 29.—A Russian dreadnaught named by the Bolsheviki Government Svobodnaya, Russia, formerly Empress Ekaterina II, was sunk by a destroyer and also several destroyers were sunk in an engagement among Russian ships in the Black Sea, according to semi-official Berlin reports. In the course of the fighting the sailors of the fleet changed their state of allegiance several times.

BRITAIN'S REVENUE SHOWS AN INCREASE

London, June 30.—The total revenue of the United Kingdom for the quarter ending June 30 shows a net increase of £29,794,084 as compared with the corresponding quarter of last year. Of this amount £21,869,000 was from excess profits and duties.

GERMAN PLANE CAPTURED

Paris, June 30.—One of the German airplanes that took part in Thursday night's air raid on Paris was compelled to land in the wooded area between Paris and the German line. One of the aviators was killed. Two companions were taken prisoner.

SENATE REJECTS AGE EXTENSION

Long Discussion Held Over Draft Ages in American Army.

Washington, June 29.—Rejection of the Fall amendment proposing extension of the draft age to 20 and 40 years paved the way for passage by the senate yesterday of the \$12,000,000,000 army appropriation bill.

The long discussion over the extension of the draft age, which was considered unnecessary by Secretary of War Baker and General March, chief of staff, in statements made before the senate military committee, was concluded by an adverse vote of 49 to 25. The debate on the Fall amendment, as well as on similar amendments indicated that the majority of members prefer to postpone all efforts to extend the draft ages until the new army program, promised by Secretary Baker, is submitted.

The appropriation bill as it stood for passage yesterday contains several important senate amendments. The organization of the same lines as the emergency fleet corporation of \$100,000,000 aircraft production corporation for the purpose of co-ordinating the authorized basing of draft quotas on the number of men in class one instead of upon state populations also is authorized. Men who claim exemption from the draft shall not be eligible for United States citizenship, according to the provisions of another amendment.

FEDERAL CHANCELLOR WARNS SWISS PAPER

Paris, June 30.—The Gazette of Lausanne, Switzerland, has again been warned by the Swiss Federal chancellery in connection with its savage criticism of the Germans incorporated in its review of former United States Ambassador Gerard's book, "My Four Years in Germany." The newspaper has been notified that another article of the sort, characterized as threatening to compromise Swiss relations with Germany, will be more severely punished. The warning cites the following passages in the introduction to the review as objectionable:

"One sees in the author the memoirs of an absolutely honest man required to live four years among knaves and other malefactors."

"But Germany has always violated divine right and human laws. Its lies, its inexcusable savagery and the relentless with which it has destroyed the most beautiful monuments of the earth, and with which it has burned precious libraries and museums have dishonored it for ever. The world must destroy it, or the world is lost."

The Gazette received a similar warning on June 7, 1915.

The Journal of this city reproduces the warning without comment.

PROFITEERS BUSY IN OIL AND COAL

American Commission Finds Manufacturers and Miners Take Advantage of War.

PACKERS INCLUDED

Five Big Companies Charged With Having Monopolistic Control.

Washington, June 30.—Investigations carefully conducted have led to the conclusion that profiteering exists among American industries, due in part to advantage being taken of "war pressure for heavy production," and in part to "inordinate greed and bare-faced fraud," the federal trade commission announced yesterday in a report sent to the senate. The report was submitted in response to a resolution asking the commission to furnish the senate with all figures and information relative to profiteering in order that steps might be taken to remedy the present conditions.

Pray Upon the People.

Price fixing by the government, the report says, has tended to prevent the market from running away, but at the same time it strengthens industries in their position and enriches them by profits "which are without precedent."

The report declares that unprejudiced profits are shown in a survey of the packing industry. In this connection it is said: "Five meat packers, Armour, Swift, Morris, Wilson and Cudahy and their subsidiary and affiliated companies, have monopolistic control of the meat industry, and are looking for like domination in other products. Their reward, expressed in terms of profits, reveals that four of these concerns have pocketed in 1915, 1916, 1917, \$140,000,000. How much of this domination is framed for 'profiteering,' these packers have preyed upon the people unscrupulously."

U. S. GOVERNMENT'S YEARLY STATEMENT

12,600,000,000 Is Outlay for War Expenses Since July, 1917.

NEW ANNUAL RECORD

Period of Expense Undreamed of in Country's History.

Washington, June 29.—The United States Government yesterday closed its books for the fiscal year just ending—the first full fiscal year in the war—and Monday will open new annual records. In government financial history the year just closed is the first in which the government has spent more than \$12,000,000,000 annually.

With the addition of the \$1,200,000,000 which the government spent in the three months of war preceding this fiscal year, the war's cost in money, to date, has been \$13,800,000,000.

War activities are now draining about \$2,500,000 a day from the nation's public treasury, and in June the running expenses were greater than ever before. Including estimates for the last two days of the month not yet recorded, expenditures for June were about \$1,620,000,000.

Owing to the big inflow of income and excess profits since this month's receipts for June have eclipsed all former records. From taxation and other minor sources of revenue, receipts are expected to amount to more than \$2,250,000,000. Payments on Liberty bonds and certificates of indebtedness have yielded nearly \$1,400,000,000.

POPE CELEBRATES MIDNIGHT MASS

Special Service Held at the Commencement of St. Peter's Day.

PRAYS FOR PEACE

Hopes for Re-establishment of Justice, Charity and Fraternity Thruout World.

Rome, June 29.—At a midnight mass for the peace and the re-establishment of justice, charity and fraternity thruout the world, Pope Benedict raised his voice in prayer in St. Peter's Cathedral yesterday. The pontiff, accompanied only by Archbishop Bagnasco, secretary of the congregation for extraordinary ecclesiastical affairs, went to the cathedral at ten o'clock last night to participate in the ceremonies. There were about 1,000 present, including a large part of the Roman aristocracy, Prince Colonna, mayor of Rome; Prince Orsini, senior assistant to the pope; Prince G. B. Rospigliosi and Prince Massini.

The Pope, dressed entirely in white and wearing a white cap, knelt in the Gregorian chapel, where the blessed sacrament was exposed. He continued prayer for two hours, the prayer being repeated by the kneeling faithful. At a quarter past twelve Pope Benedict celebrated mass, according to his special message addressed to the entire world, issued on May 3, calling for special services on St. Peter's day (today). The prayer was a supplication for the cessation of the evils tormenting humanity. It was the first mass ever celebrated for this purpose on St. Peter's day by the whole Catholic clergy thruout the world.

The ceremony ended with the apostolic benediction from the Pope in his own apartment at 2 o'clock this morning.

NAVAL ENGAGEMENT ENDS IN A DRAW

British and German Destroyers Come Together, Parting Without Decision.

London, June 30.—Four British torpedo boat destroyers fought a long-range engagement with a German destroyer force off the Belgian coast on Thursday evening. The action was broken off before any decisive results were obtained.

An official statement issued yesterday by the British admiralty recounting the affair says:

"On Thursday evening four of our destroyers while patrolling off the Belgian coast sighted eight enemy torpedo boat destroyers. Our destroyers proceeded on an easterly course at full speed, engaging the enemy at long range. The action was broken off after an engagement of a quarter of an hour. The enemy was joined by three more torpedo boat destroyers, whereupon our force fell back on their supports. The enemy did not follow and the action was then broken off. No damage was sustained by any of our vessels."

Berlin's Claims.

Berlin, June 30.—The admiralty yesterday announced that German torpedo craft of the Flinders flotilla engaged British destroyers on the evening of June 27 off Ostend. The clash took place while the Germans were out on patrol. Hits, it is stated, were observed on two of the enemy destroyers. The British destroyers, it is added, withdrew after an engagement of a half hour, steaming out of sight at high speed thru an artificial fog. The Germans sustained no casualties nor damage to their craft. The text of the admiralty statement reads:

"On the evening of the 27th, portions of our Flinders torpedo force were patrolling off Ostend. They were engaged with British destroyers. After a half hour's fight the enemy destroyers withdrew, escaping out of sight, by developing fog."

"Hits were observed on two of the enemy destroyers. Our boats returned to their bases without loss or damage."

Nearly One Hundred Ships To Be Launched on July Fourth

Washington, June 30.—"Your employees will douse the Kaiser," said Chairman Hurley of the shipping board, in a final message yesterday encouraging all shipyards to exert every effort to carry out without fail the July 4 launching program. Mr. Hurley's message said:

"Nearly one hundred ships launched in one day will be a new declaration of independence. It is great, yet it is only America's stride. The big splash will go around the world. Your employees are behind Pershing's men, behind the faith of France, the dogged courage of England, the vim of Italy. They will douse the Kaiser. After that these ships mean service to our neighbors in Latin America. Thanks and hearty good wishes from Mr. Schwab."

CARGO STEAMER LAUNCHED.

Montreal, June 30.—A 7000-ton cargo steamer, the War Duchess, a sister ship to the War Earl, was launched yesterday at the shipyard of the Canadian Vickers, Limited. There was no public function. Col. W. I. Gear released the new vessel at 12:15 promptly and without a hitch.

AMERICAN SOLDIERS TO POLICE PANAMA

Enter Central American Republic to Preserve Order During Election.

Washington, June 30.—The first American troops landed in Italy on Friday, General March, chief of staff, announced yesterday. The action was taken under the treaty of 1904 authorizing the United States to assume this police duty whenever it was necessary to maintain order. The Panama Government has protested to Washington against the measure.

Because the former administration had refused to correct conditions in the two cities, soldiers in the canal zone were forbidden to enter them and the civilian employes boycotted the military authorities was carried out by the Panama Government. The new administration under President Uribeola began to clean up the cities, but, in connection with this work, announced that the elections fixed for June 30 and July 7 would be postponed for six months, because of the fear that serious disorders might occur if held on the dates set by law.

Objections Raised.

The opposition party protested to Washington against the deferment of the elections, claiming that such a move would serve no purpose except to favor the candidates supported by the new administration. The American state department advised President Uribeola to hold the elections, but he replied that a fair election could not be held now and suggested that the American commissioners supervise the making up of poll books and assume charge of an election to be held late in July or early in August, which, the president said, could be held in an open and fair manner. No disorders have been reported since it was announced that the decree forbidding the elections would be enforced by the police.

The opposition party again protested to Washington and yesterday morning the American state department notified President Uribeola that because of disorders, American troops would police the cities until further notice. No time limit being set, there is no one in Panama who knows how long the occupation will continue.

All England to Celebrate National American Holiday

In the city there will be special observations of the day.

The losses reported during the past eight days, rounding out the weekly reports for the month, were as follows: Killed or died of wounds, officers, 142; men, 477. Wounded or missing, officers, 552; men, 32,244.

Negotiations for Extension Of German-Austrian Alliance

Copenhagen, June 29.—The negotiations for the extension of the German-Austrian alliance will be continued on July 3 in Salzburg, according to The Salzburger Volksblatt. Plans are also taking shape for the drawing up of a military agreement and for the discussion of commercial relations. Sixty German and Austrian statesmen will participate in the Salzburg conference.

WILL PURSUE GERMANS WHO FLY OVER PARIS

Paris, June 30.—In an effort to organize the defence of Paris against German raiding airplanes, the aviation committee of the chamber of deputies will confer with Premier Clemenceau and recommend the pursuit of German machines which bombard the capital and the creation of three distinct defence zones. The first of these zones will be exclusively for cannon and airplanes, the next will be defended by small balloons and the third will be brilliant to give American units their final polishing. It would not have been possible otherwise, he indicated, to have secured so large a trained force for General Pershing in so short a time.

NEW BOARD WILL ADVISE SOLDIERS TO DEAL WITH ALL MATTERS PERTAINING TO LOAN ADMINISTRATION.

Ottawa, June 30.—The soldier settlement board announces that a loan advisory board has been named for the Province of Ontario. The personnel of the advisory board is as follows: Chairman, Mr. H. C. Schofield; vice-president, Page-Hersey Iron and Tube Co.; members—Mr. R. S. Hudson, general manager, Canada Farm Mortgage Company; Mr. J. E. O'Brien, K.C., chairman, Civic Guild; Mr. Douglas Ponton, agent and valuator; Mr. Fred Dane, Ontario loan commissioner.

In this work, it will of course, be governed entirely by the provisions of the Soldier Settlement Act. All applications for loans will be dealt with by them. A number of returned soldier farmers who had land before enlisting, have already applied for the loan privilege. Others have applied who are able to take advantage of the privilege to enable them to acquire farms. The best methods will be studied of how the loan privilege may be used according to the special circumstances of the Province of Ontario to assist returned soldiers in accordance with the terms and conditions of the act.

CANADA HAS REACHED MANHOOD IN THE WAR. London, June 30.—Sir George Perley, Canadian high commissioner, in a Dominion Day message published in the Sunday Observer, recalls Canada's war record, alludes to its present efforts and dwells on the noble response of Canadians to Sir Robert Borden's appeal when he stated his political existence on the policy of compulsory military service, as shown conclusively that Canada, though the made up of various races and religions, is determined to do its utmost to assist in destroying the German menace.

Sir George thus concludes his message: "Canada has come to manhood in this great war, and to believe history will so record. We are lovers of freedom and popular government, and we are prepared to fight for those rights and privileges until the enemy is beaten. Remembering what has been accomplished we look forward, on this our anniversary, with certainty to final victory in this world war, and with confidence in the ability of our people to maintain our Dominion a strong and flourishing nation."

BERLIN MAKES CLAIM ALLIES THROW BACK. Berlin, via London, June 30.—The German war office statement yesterday says: "North of the Lys infantry attacks were launched by the British after violent artillery fire. Three assaults against Meris broke down with heavy losses.

"In the middle battlefield the enemy penetrated into Vieux Berquin, a counter-attack brought him to a standstill there, and threw him back beyond the western border of the village. North of Merisville the enemy's attacks broke down under our fire. Southwest of Bucquoy strong attacks by several reconnoitering detachments were repulsed.

"South of the Aisne the French attacked after strong artillery preparation. They were repulsed near Amplemy after stubborn fighting. Pious gained ground at Cutry, but our counter-attacks threw them back on the heights on both sides of the river. An attempt by the enemy to carry the infantry attack further by bringing armored cars into action broke down.

"At the Villers-Cotterets Forest we pursued the retreating enemy as far as his position of departure and captured prisoners. The enemy suffered a heavy defeat.

"In the air nineteen enemy airplanes were shot down. Twenty Italian prisoners were captured in a minor operation south of Rheims."

WAR NOT CAUSED BY LUXURIOUS LIVING. Montreal, June 30.—The governor-general attended Christ Church Cathedral in this city today, where the Rev. Dr. Symonds, the vicar, took the royal proclamation as his topic. The Symonds claimed that the war was not caused by luxurious ways of living, love of money or frivolity. Nor could the preacher regard it as a punishment to France for her atheism or hostility of some of her governments to the Roman Catholic Church.

"God wanted to punish an unbelonging France who strangle that He should allow Catholic and believing Belgium to be crushed and ravaged first.

The call to observe the day of national prayer and intercession was well responded to today in all the churches of the city and congregations were large for the most part, despite the time of year and the heat.

AMERICAN CASUALTIES. Washington, June 30.—To date 9121 casualties have been sustained by the American expeditionary forces, according to a recapitulation made public here today by the war department.
