RUSSIANS CAPTURE VILLAGES IN DISTRICT SOUTH OF DVINSK

French Repulse Violent German Attack Near Malancourt, West of Meuse Provinces and Local Option Areas Can Exclude Liquor

SMALL FRENCH FORCE DELAYED Foe's Advance

Covering Troops Fought First Stage of Battle of Verdun.

STAFF HAD TO BE WARY

Reinforcements Sent Up When Seen Where Main Blow Was Falling.

PARIS, March 20, 6 p.m.—Relative numerical superiority from which an assailant always profits at the beginning of an action, was given semi-officially to the Associated Press today as the explanation for the initial gains of the Germans in the battle of Verdun.

"At the moment the Germans took the offensive we could not engage more than the forces we had provided for holding the line," says the memorandum, "because the Germans might merely have feinted before Verdun and attacked Nancy en masse, or they might have made their principal assault in the direction of Amiens or Calais."

"The greatest difficulty of the general staff in such emergencies is to master its nerves to a reasonable appreciation of the shock that probably is coming and the counter blow it is necessary to deliver. The French staff was not surprised at Verdun. What it could not know was whether this was to be the principal attack—whether ten corps were not ready to strike elsewhere, while seven corps assailed the eastern stronghold."

Reinforcements Arranged. The reinforcing of the troops on the right bank of the Meuse before Verdun with new contingents numbering 250,000 and the bringing up of all needed supplies and ammunition had been provided for in every detail early in February and it worked out to perfection as the battle developed; but at the moment the German guns massed in unprecedented numbers opened fire on the morning of Feb. 21, the French lines there were held only by the covering troops stationed there for

HEROIC FRENCH EXPLOITS WIN BRITISH ADMIRATION

Gen. Joffre, in Reply to Message of Sir Douglas Haig, Thanks British Army for Offering Speediest Aid.

PARIS, March 20, 8 p.m.—Replying to a telegram from Gen. Sir Douglas Haig, the British commander-in-chief, regretting the French losses in "the great battle which is still raging," and expressing the British army's admiration for the heroic exploits of the "unconquerable soldiers of France," Gen. Joffre, the French commander-in-chief, says:

"In the fierce struggle it is carrying on, the French army knows that it will obtain results advantageous to all the allies, and knows also that when recently it made an appeal to the comradeship of the British army, the latter responded by offering its most complete and speediest aid."

RUSSIANS SEIZE VILLAGES IN LIVELY ENGAGEMENTS

Sharp Fighting in Lake District Near Dvinsk Ends in German Discomfiture—Important Dnieper Bridgehead Taken by Gen. Ivanoff.

LONDON, March 20.—The fighting which the Germans referred to in their official communiqués as a new Russian offensive in the lake district to the south of Dvinsk is reported by Petrograd as having lively artillery and infantry engagements in several sections to the south of the Dvinsk district. In these combats the Russians had the advantage, storming and capturing Velikoieselo, east of the town of Tveretch, and occupying Zanapesev village and a section of the German trenches near Ostrovilany.

U.S. TROOPS SOON TO CLASH WITH VILLA

First Battle May Be Fought Within Day or Two.

BEATEN BY FEDERALS?

Villa Reported to Have Met Defeat in Fight Near Cruces.

SAN ANTONIO, Tex., March 20.—Francisco Villa may be forced into the fight with American troops within the next 36 hours if reports coming to Gen. Pershing's headquarters, both from Gen. Pershing and from Mexican sources, are correct.

Gen. Pershing reported today that Villa had been reported defeated by Mexican Government troops near Cruces and that he was marching northward in retreat. Gen. Pershing report, however, was followed by the unofficial report that Villa was still fighting at Namiquipa, south of Cruces.

If the Carranza force wins in the fighting that was said to be continuing late today, Villa will have to move northward along a road over which a detachment of American troops is riding southward or leave the road for the mountains on either side. Retreat according to the report is impracticable because of the presence in the rear of Mexican troops, who forced him to turn northward from Cruces.

FUNDS OF SAO PAULO RETAINED BY GERMANY

Brazilian Government Asked to Help in Restoration of Big Sum.

RIO JANEIRO, March 20.—The secretary of finance of the State of Sao Paulo, in conference with the President of Brazil, Dr. Wenceslau Braz, and the minister of foreign affairs, Dr. Lauro Muller, has requested the federal government to reach an agreement with the German Government for the protection of the interests of Sao Paulo in the matter of \$2,000,000 sterling deposited in a bank in Berlin to the account of Sao Paulo. This money, the German Government has refused to release before the end of the war.

FOE ATTACK ON ANOTHER FRONT THROWN BACK

Villa and Wilhelm

These two men are in the eyes of the people of America today; the murder bandit of Mexico, the murder bandit of Europe.

The Mexican is a saint compared to the Prussian; the first has slain his hundreds; the other his millions.

The Mexican admits he is of the Devil; the Prussian claims that he is of God. One a rude American Indian; the other a cultured German Emperor.

President Wilson has sent an army against Villa, who slaughtered a score of Americans; he sent a dozen state papers made up of hand-picked vandals to Wilhelm, who murdered hundreds of innocent Americans, including a Vanderbilt and a Dr. Pearson.

The Americans remembered the sailors on the Maine; they may forget the children and women on the Lusitania. Villa, dead or alive; Wilhelm, a censor swung before him as a great king.

And yet a Mexican war arising out of a hunt after Villa may cost much more than to have declared war on Prussia. We do not say that the United States should have made war on Prussia; we do say they may be making war on the deeply-planned attack on the liberties of the world by Germany.

Previous to the attack the French noticed the assembling of groups of Germans to the north of this Avocourt.

DID HOLLAND DESPATCH SEVERE NOTE TO HUNS?

Netherlands Foreign Office Denies Knowledge of Such a Communication.

LONDON, March 20, 6:18 p.m.—The Netherlands foreign office declares that nothing is known there concerning the severe note from Holland to Germany in connection with the Tubantia, announced in the newspaper Nieuwe West-Indische Gids, says a Reuters despatch from The Hague.

The foreign minister is conferring with representatives of the navigation companies, the correspondent adds.

ITALY IS SHREWD IN ATTITUDE TOWARD HUNS

Declaration of War Withheld for Strategic and Other Reasons.

DIPLOMACY INVOLVED

Dr. Roselli of Brooklyn Replies to Rather Persistent Query.

MONTREAL, March 20.—"Why is not Italy officially at war with Germany?" This question was answered by Dr. Bruno Roselli of Adelphi College, Brooklyn, in an address before the Canadian Club of Montreal today on the subject: "Italy's Peculiar Position in the World War."

He gave three reasons: First, strategic; because a force of half a million men, hurled with great vigor from the southernmost part of the indentation made by the Adriatic sea towards the heart of the Po Valley would have before reaching the Adriatic and cutting off three-quarters of the Italian army.

EACH PROVINCE MUST DECIDE POLICY OF LIQUOR EXCLUSION

POINTS IN ANTI-LIQUOR LAW

Provinces which vote for prohibition can, by legislation, prevent importation of liquor. The shipper, carrier and receiver of such liquor would be liable to criminal prosecution. "Wet" provinces can prevent importation of liquor into districts under local option by legislation to that effect. No offence will be committed by shipping liquor into a province which does not forbid the sale or consumption of liquor. Enforcement of the law, which will take effect immediately on its passage, is left to provincial authorities. The constitutionality of the act can be challenged in the courts, but the government is confident of its position.

AMERICAN SECURITIES ARE STILL MOBILIZED

Britain's Program Has Not Been Modified, Despite Current Rumors.

LONDON, March 20.—There is no indication of any discontinuance of the mobilization of American securities, the usual list of treasury quotations on which appeared today. Rumors have been current for some days that common shares would shortly be removed from the list, but no action on this has yet been taken.

DIRECT CHARGES MADE ON OATH BY LIQUOR MEN

Testimony Against McNab, Sheppard and Cawthorpe at Regina Inquiry.

MONEY AND PARTY AID

Definite Allegations Made of Stifling of Prosecution Under Agreements.

REGINA, Sask., March 20.—Four of the twenty charges into which opposition counsel have subdivided the general charges referred to the Brown-Elwood royal commission were opened before it today and the evidence taken. The four opened were two against Hon. A. P. McNab, minister of public works, of stifling prosecutions for political support; one against Hon. J. A. Sheppard, Speaker of the assembly, of accepting money for obtaining a liquor license, and one against C. H. Cawthorpe, M.L.A. for Biggar, of accepting money for stifling prosecutions against a liquor licensee.

The charges read as follows: "That in 1913 J. A. Sheppard received \$700 from H. H. Meade of Moose Jaw on behalf of applicants for a liquor license for an hotel in Limerick, Sask."

"That in 1914, C. H. Cawthorpe received \$100 from John Marking, a liquor licensee of Biggar, in consideration of stifling an alleged complaint against him, or, in the alternative, that said Cawthorpe obtained from the said Marking the \$100 under circumstances amounting to obtaining money under false pretences."

Doherty Introduces Enabling Legislation While Two Other Prohibition Resolutions Are Before the House—Provinces Charged With Duty of Enforcing Federal Law.

By a Staff Reporter. OTTAWA, March 20.—Three propositions dealing with the question of prohibition are now before the House. One is the resolution offered by Mr. Stevens (Vancouver), calling for nation-wide prohibition, which was debated somewhat at length a fortnight ago. A second is the government measure introduced in the House today by the minister of justice, making it a criminal offence to import liquor into a dry province or into municipalities under local option. The third is a resolution offered by Mr. Hughes (Kings, P.E.I.), asking for an amendment to the B.N.A. Act, which will empower the provinces to prohibit the manufacture and importation of intoxicating liquors.

The Hughes resolution was briefly debated this evening. The balance of the sitting of the House was occupied with a discussion on the St. John Valley railway situation, and the annual effort of Mr. Bickerdike of Montreal to abolish capital punishment.

Mr. Bickerdike spoke earnestly in favor of his measure asking for a special committee to investigate the subject. When he sat down a viva voce vote was taken, but the Montreal member demanded a division. His bill was then defeated: Yeas, 4; nays, 19.

Doherty's Measure. Hon. C. J. Doherty, minister of justice, introduced a bill in the House of Commons this afternoon entitled "An Act in Aid of Provincial Legislation Prohibiting or Restricting the Sale or Use of Intoxicating Liquors."

Reading of the bill the minister said that (Continued on Page 7, Column 5.)

Rome Regards Greek Action as Violating Pact Respecting Albania.

ROME, March 20.—(Via Paris.)—Advices received here from Athens, that a royal decree has been issued proclaiming the annexation of northern Epirus, Albania, has caused some concern. The annexation being regarded in official circles as a violation of the decision of the London conference concerning Albania.

A despatch from Athens March 8 said Greece had decided to proceed to the complete financial and administrative assimilation of the provinces of northern Epirus, deputies from which had already been seated in the Greek chamber.

# CARRANZA ASKS UNITED STATES TO ENTER PACT

Protocol Will Provide for Co-operation in Rounding Up Villa's Band.

WILL DEFINE RIGHTS Two Governments Are in Agreement on General Principles Involved.

WASHINGTON, March 20.—The de facto government of Mexico today proposed to the United States the signing of a protocol under which American and Mexican troops may co-operate in rounding up earth Francisco Villa and his bandits without danger of misunderstanding or conflict.

The terms of such a formal convention would be designed to meet all questions which may arise in the future, setting forth the rights of the American expeditionary forces now in pursuit of the bandit chieftain and the nature of the co-operation expected from the troops of the Carranza government.

Meanwhile, however, the troops of the de facto government actually are co-operating with the American forces, and according to information received by the war department, are planning to render even greater assistance.

Artillery activity has greatly increased all along the Italian front.

# WAR SUMMARY

THE DAY'S EVENTS REVIEWED

(Continued from Page 1.)

of the allies, the German high command, for political reasons, may be tempted, if it has it in its power, to make a final bid of unprecedented violence for ultimate success.

On the British front yesterday the only event reported outside of the ordinary routine of bombardments, this time at Loos, the Hohenzollern Boesinghe by the Germans after heavy bombardment and the prompt retaining of this post by the British in a counter-attack.

The Russians, after all, have been more active than usual in the lake region which lies to the south of Dvinsk, their troops participating in lively artillery and infantry engagements, storming and capturing Veikokelo, east of Tselo, occupying Zanpser, and capturing a section of German trenches near Ostrovskaya after an engagement between Lakes Narocz and Wichnevskie. A German detachment which attempted to penetrate the Russian lines in the Lake Kanger region was dispersed by fire and two machine guns were captured by the Russians while repulsing German attacks to the south of Tveretch. In Galicia, the Russians won an important strategic success in the capture of a bridgehead east of Mikhaltsche Village and they also took some trenches from the enemy in the fighting here. So the only falsehoods about the German official statements concerning the Russian offensive was the claiming that all the Russian attacks were repulsed and the statement about the large number of Russian dead left on their ground in front of the German positions when the Germans were driven too far away to count them.

The Italians reported yesterday that the Austrian troops in the Sugana valley and the Middle Isonzo had been heavily reinforced with men and many points along the entire front. Heavy Austrian attacks against Monte Collo, in the Sugana valley were promptly repulsed. More violent engagements developed on the Isonzo Saturday night and Sunday. The Italians retook from the Austrians some trenches they had taken on Santa Cigioni and towards Selo. Then finding that their positions were about to be entailed by fresh Austrian batteries, the Italians withdrew their lines 500 yards to avoid this mishap.

It would not be surprising if the Austrians and Germans, in the belief that the main Russian effort is to be directed against Turkey, have moved the bulk of their armies to the west in the hope of gaining some held by few men and much machinery. The Russians therefore may be active very active in the improving of their positions in the eastern theatre of war and in the harassing of the enemy as much as possible before spring arrives. If this supposition is true, some sharp fighting may develop in the east before this month is out.

Word received from the Russian front on the coastline of the Black Sea records that the Turks tried to advance at several places, but they were prevented from carrying out their intentions by the fire of Russian naval and land guns. Continuing the pursuit of the Turks, Russian columns took a number of Turkish officers and 150 Askaris prisoners. It is probable that the Russian right wing, which is about to descend on Trebizond, is awaiting the arrival of reinforcements which will be sent from Odessa by sea before taking decisive action.

VARIETY IS FEATURE OF PROGRAM AT SHEA'S

Melville Ellis and Miss Bordon Clever Artists, and Other Numbers Are Entertaining.

Variety is a strong feature in a bright bill at Shea's this week, where the act of the clever pianist, Melville Ellis, and his companion, Miss Irene Bordon, the charming chanteuse, proves a really artistic and highly musical offering.

A clever parody on grand opera is the chief card in the amusing comedy singing act of Moore, Gardner and Rose, who introduce a running story, saying into their musical trio.

"The Highest Bidder" is a domestic sketch in which the quiet of a home is disturbed by the entrance of too many and altogether impossible relatives.

Harry Tate's company of English comedians receives the recognition of old friends in their side-splitting offering, "The Order of the Star."

Roy Harrah and company have a graceful and clever skating melange, and Ruby Norton and Sammy Lee were favorites in their songs and variety dances.

Other features are: Jack Kraft and Bessie Gros, the originators of the country dance, and an amusing story, involving a mix-up of babies, told by the cinematograph.

FAVORITE COMEDIANS ARE SEEN AT GAYETY

G. H. Hayes and Abe Reynolds, Mirth Provoking Leaders, Head Clever Company.

"This is the Life," a two-act burlesque, in ten beautiful scenes, is the heading under which the large company of clever burlesque principals of the Merry Rounders, is appearing at Gayety Theatre this week.

No funnier comedians could have been obtained to drive the "burlesque" away than the favorites, Geo. P. Hayes and Abe Reynolds. Hayes placed himself on record with the rising crowd that attended the matinee yesterday as being inimical in his line of a hazy-eyed mirth-provoker.

Brady interests have assembled, with Albert Brown in the leading role, in a house last night. The play is not merely clever, but it is original, and of course the alien enemy interest which pervades it gives it a perennial life while the war is on.

TREAT FOR PATRONS OF STAR THIS WEEK

H. Fields Provides Some Funny Moments, and Hazel Ford and May Cameron Make Hit.

Burlesque shows come and burlesque shows go, but Manager Dan Pierce of the Star Theatre certainly provides a treat for his patrons when he booked the "Big Craze," with Hazel Ford and Harry Fields.

The "Big Craze" is a burlesque craze, brimful with the latest burlesque and clever burlesque production. Pretty leading women, neat costumes and a large chorus of clever people send the show along with plenty of pep and ginger.

Fields provides all the laughs that a burlesque comedian can provide, and sings popular melodies. Hazel Ford, "the gem of the stage," desires in one of her many numbers wearing a costly rhinestone costume.

JUDGMENT RESERVED IN APPEAL OF BAUGH

Arguments Presented on Legal Points Arising From Trial Held Last December.

Judgment was reserved in the E. L. Baugh case before the first division appeal court yesterday afternoon, after arguments had been presented on the legal points arising from the trial in the sessions court last December, before Judge Winchester when Baugh was found guilty of conspiracy to prosecute G. A. Stinson.

F. P. Helmuth, appearing for Baugh, said that he objected to the comment written by Mr. Justice Middleton in his judgment after the trial, which occupied eleven days. His lordship had written: "It entirely disabuses Baugh's account of his ignorance of what has been done."

There is no more in Baugh's evidence, when carefully analyzed, to indicate his utter unreliability.

That matter was utterly inadmissible in this case," declared Mr. Helmuth. "It is no more admissible than if someone had written a book about Baugh."

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered untold agony for years doctoring for nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood—How to tell.

New York, N. Y.—In a recent discourse Dr. E. Sauer, specialist of the city said: "You have to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron."

The moment iron is taken the symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you any good. Your food merely passes through your system like corn through a mill with iron particles wide apart that will cut and grind. As a result of this continuous blood and nerve starvation, which will kill you, you are weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin, another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they are dying; some, kidney or liver trouble; some can't sleep at night, others are sleepy and tired all day.

NOTE—The manufacturers of Nuxated Iron have so abundant confidence in its potency that they authorize the announcement that they will refund \$100.00 to any man or woman under sixty who takes Nuxated Iron and whose strength is 200 per cent. or over in four weeks' time, provided they have no serious organic disease, and your strength in ten days' time. It is dispensed in this city by Liggett's Store, 6, Tamblin Ltd. and all other druggists.

**SPLENDID RECRUITING AT DEPOTS YESTERDAY**

Two Hundred and Thirty Men Were Accepted for Overseas Service.

**COL. PRICE'S UNIT LED**

Companies of Thirty-Fifth and Thirty-Seventh Drafted to Front.

Every one of the battalions seeking better service men had a goodly number of recruits attested and accepted at the armories depot yesterday. Three hundred and forty-three Toronto men came forward for enlistment, making it one of the biggest and busiest days at the depot since its establishment last August. Of the 343 volunteers for overseas service with the colors, 289 were accepted, being a figure only 54 below the record of 249 made a few weeks ago. The number of recruits accepted was a gain of 39 as compared with Monday of last week.

Lieut.-Col. W. H. Price's battalion, the "204th," led in the infantry recruiting yesterday, having 28 men attested for active service. The fact that the 204th Battalion led the others would indicate that its policy of not making personal appeals to the young men attending the meetings held on Sunday under its auspices had favorably appealed to the men contemplating enlisting.

The 19th Buffs Battalion came next, 26 of its recruits being accepted. The Irish Fusiliers, 21st, 18th, 10th, 16th, 10th, 20th, 15th, 16th, 10th, the Canadian Engineers, 31, and the Army Ammunition and Supply, 22.

Battalion strengths had last night reached these totals: O.R., 1637; Mississauga, 530; Sportsmen's, 1117; Buffs, 410; 204th Battalion, 190; Toronto Light Infantry, 197; and Battalion, 340.

Capt. W. Ford Howland of the headquarters staff, Exhibition camp, has been promoted to the rank of major and appointed to the staff of Brigadier-General Cruikshank.

The 19th Buffs Battalion is now in full swing in the recruiting drive, with a reserve brass band, led by W. B. Douglas. On Thursday night the regiment will march to the old Y.M.C.A. building, to thru physical drill and wind up the evening with a moving picture concert.

A very efficient cadet corps is attached to the 204th Battalion. Two troops of the cadets attended drill at the armories last night, under command of Lieut. R. H. Yale. Major W. Moore, who organized the cadets, is the general supervisor. Twenty-five of the cadets are on active service, and will be sent to James A. Yates, having been killed in action.

The 19th Mississauga Battalion has added proof to its policy of preparedness by establishing its officers' mess on the top floor of the factory products building in the camp. The mess is not in barracks to have its officers' mess in barracks. Capt. Chaloner has been appointed secretary of this department.

Some soldiers arrested by the civic police have claimed that they were not answerable except to military authority. In regard to this matter, Provost Marshal Lieut. Jas. Widgery states that: "The military police, except when martial law has been proclaimed, soldiers committing an offence which calls for civil police intervention are quite wrong in thinking that they can only be dealt with by military police."

General Logie has requested the battalions officers to explain to the soldiers that the civic police have the right to arrest them if their demeanor warrants it.

Situations for Returned Men. In order to attract recruits, the Cyrenaic Corps from Exhibition camp yesterday the downtown streets yesterday. Thirty recruits are wanted at once in this unit. It is said to be "under order."

of arts will be granted to them at the convocation in May of this year. Lieut. Ronald K. Brydon, 115 Bedford road, the only son of James Brydon, manager of the Bank of Commerce at Bloor and Yonge streets, has been slightly wounded. He went overseas with the 21st Battery as a gunner, but when he has obtained a commission in the Royal Field Artillery.

Instructor-Sergeant F. W. Pattison, who formerly resided at 190 Manning avenue and went to France with the 2nd Pioneer Battalion, is reported as seriously wounded, the wound being caused by a gun shot in the knee joint. His wife lives in Toronto.

Officers' Promotions. Another list of officers' promotions and appointments has been issued at military headquarters.

Major Thos. Walter Anderson, O.C., has been promoted from the 75th Battalion, Toronto, to be senior major of the 20th Tiger Battalion, Hamilton.

Lieut. C. S. Walters, 21st Regiment (major of Hamilton), has been appointed quartermaster of the 205th Battalion, with honorary rank of captain.

E. B. Butler has been appointed temporary paymaster of the 47th, 48th, 49th and 50th Batteries, C.E.F., but not to be considered a brigade appointment.

Appointments in the Depot Regiment, C.M.R., Hamilton: To be in command, Major G. Smith, 25th Trench Dragoons; to be major, Capt. G. G. Patterson, 2nd Dragoons; to be lieutenants, Lieuts. E. H. "There has been considerable artillery activity on both sides today about Loos. The Hohenzollern redoubt, and north of Ypres," says the British official statement issued last night.

**German**  
The following is the German official communique issued yesterday: "The artillery and aviators are increasingly active on both sides, especially in the Meuse sector and the Woivre region. The French fruitlessly attacked to prevent us from extending our lines at Douaumont and Vaux."

**French**  
The French midnight official communique says: "In the Argonne, our artillery destroyed German trenches to the northeast of Four de Paris and Haute Chevauchée. The shells of German works were followed by the emission of considerable sulphurous vapors, indicating that reserves were destroyed by our shells."

**Austrian**  
Yesterday's Austrian official statement says: "Austro-Hungarian naval aeroplanes dropped bombs repeatedly on the Italian batteries at the mouth of the Goriola. Goriola was again shelled by heavy artillery."

**Italian**  
The Italian official statement issued yesterday says: "Along the entire front artillery activity has been increasing. Our artillery intensifies in the Sugana Valley and on the middle Isonzo. In both these sectors the attacking army captured several hundred prisoners."

**Russian**  
The Russian official statement from the headquarters issued today reads: "The Russian front: A German detachment attempted to penetrate our lines in the region of Lake Kanger, but was repulsed by our troops. There have been lively artillery and infantry engagements in several sections to the south of the Dniepr district."

Report of Police Chief for Nineteen-Fifteen Shows Decrease in Crime.

**ALLEGATIONS UNTRUE**

No Abatement of Immorality While Garrison is in the City, Says Report.

According to the annual report of Chief of Police Grasset for 1915, the war has had beneficial influence upon Toronto, there being 3527 fewer offences in 1915 than in 1914. The criminal record for 1914 showed 4 convictions for murder, 28 for burglary, \$31 for house and shop-breaking, 40 for robbery with violence, 108 for picking pockets and 457 for theft; as against 1915 showing 1 for murder, 19 for burglary, 272 for theft; and shop-breaking, 23 for robbery with violence, 99 for picking pockets and 4471 for theft.

Total number of persons arrested or summoned last year was 36,489, 53,913 being 1915, 2571 females. Charges to the number of 14,655 were either dismissed or withdrawn. Decreases appeared under the following headings: Common assault 113, burglary 22, breach of Gaming Act 43, breach of Liquor Act 268, breach of Liquor Act 41, breach of city bylaws 462, drunk and disorderly 320, house and shop-breaking 14, theft 145, vagrancy 290, wounding 19, increases were as follows: Breach of Motor Vehicles Act 1593, cruelty to animals 76, keepers of houses of ill-fame 100, inmates and frequenters 290, malicious injury 17, picking pockets 12, receiving stolen goods 20.

**Allegations Untrue**  
The allegations in some quarters that the police were inclined to tolerate houses of ill-fame were ridiculous and untrue. "While Toronto is a Garrison town, immorality is not likely to decrease," says Chief Grasset.

Property to the value of \$291,524 was reported lost or stolen, the police being able to recover \$192,120. Domestic troubles to the number of 2303 were discreetly and carefully handled. The above properties and securities will be offered at public auction, subject to the reserve bid, at the auction rooms of Mr. Charles M. Henderson, 128 East King Street, Toronto, on Saturday, the 1st day of April, 1916, at 12 o'clock noon.

He told the police that he had recently come from Buffalo. He is held pending investigation.

**Citizens of Toronto are told that they ought to support the Hydro because the Hydro is their own property. It is their own in the sense that an overdraft at a bank or any other liability might be a man's property. On that account, however, it is not necessarily of value, not a thing to be carefully increased and fostered in every way. The greater the increase in Hydro business, the more streets it lights, the greater a liability will it become. The point is that the liability is not exclusively or even chiefly upon the users of Hydro service. It is upon the great masses of the taxpayers who do not use electric light at all, or who use the service of Telco. They are "soaked" in the street lighting bills, which give the Hydro a profit of nearly one quarter of a million dollars, in order that the Hydro may better compete with Telco's low rates for private residential business.**

# NEWS FROM THE CITY HALL

## THOMAS BRADSHAW IS APPOINTED TREASURER

Only Two Members of Council Opposed Board of Control's Recommendation.

### WELL WORTH HIS SALARY

Many Aldermen Converted by Strong Arguments Advanced for Nominee.

Thomas Bradshaw was yesterday afternoon elected city treasurer of Toronto, almost unanimously, there being only two members of the city council who opposed the recommendation of the board of control when the vote was taken. It had been hoped to avoid a lengthy discussion in council by holding a private caucus in advance of the regular meeting. At this private meeting all were agreed that Mr. Bradshaw was the man the city needed, but there was a difference of opinion as to the salary that should be paid, some of the aldermen holding that \$12,000 was sufficient. This prevented the matter being settled in private, and as a result about three hours of council time was occupied in a discussion of the recommendation.

Early in the debate it appeared that there would only be a small majority in favor of the appointment of Mr. Bradshaw that at the finish all but two of the aldermen favored the appointment, the remainder objecting to the salary. Mr. Bradshaw was elected by a vote of 12 to 2.

Mr. Bradshaw's salary was fixed at \$12,000 per year, which is a considerable increase over the salary of the present treasurer, Mr. Hiltz, who receives \$10,000 per year.

## WHAT CITY COUNCIL DID

Appointed Thomas Bradshaw city treasurer, at a salary of \$15,000 per year.

Carried a bylaw authorizing the building of a foot subway under the Grand Trunk tracks at Ashdale avenue, despite the request of a deputation that the subway be made large enough to accommodate vehicular traffic.

Refused to adopt Ald. McBrien's motion that this year's taxes be collected in four instalments.

Refused to accept the recommendation of the board of control in regard to the purchase of land for boulevard and drive purposes.

Authorized the renumbering of the buildings on both sides of Alvin avenue.

Accepted Ald. Ryding's motion that council be furnished with the names of all civic employees of military age.

He thought that if Mr. Bradshaw was dear at \$15,000, he would be dear at \$12,000, and would be dear at any price, as the proper man could not be had too much within reason.

"Don't let the expenditure of a few thousand dollars influence in appointing a man to this office," concluded the controller.

Strong for Retrenchment. Ald. MacGregor expressed himself as being strong for retrenchment, but he believed that the appointment would prove economical, as a good man could save his salary over and over again.

He had not found a man but what he believed that the city would be well advised in securing Mr. Bradshaw. The alderman was not backward in commending the mayor and board of control for their action in bringing on the recommendation.

At this juncture, Ald. Ramsden moved that the vote be taken, but the other members wanted to be heard, and the motion was lost.

The alderman then congratulated the mayor and controllers for bringing on the recommendation, and referring to the mayor's remarks that Mr. Coody and Mr. Patterson were both good men, thought it was a poor time to eulogize them, as there was not much likelihood of their getting an increase in salary now.

He thought that of late many things in the department had been improved, but failed to express himself one way or the other as to the recommendation.

Credit Late Alderman. Ald. Hiltz was amused at the bouquets being handed to the board of control, and declared that the city could get any man if they paid enough money. He believed that if credit was due anybody it should go to the late Ald. S. Morley Wickett, as it was he who mentioned Mr. Bradshaw's name more than two years ago.

He thought that the board should have found out what salaries were being paid in other cities, and stated that because a big salary was to be paid it didn't follow that the city was getting a big man. The reason that the city had lost money in the past was because the men weren't on the job. The alderman, however, favored getting the best possible man, and believed that the salary should be a secondary consideration.

Present Opportunity. Ald. Macquire thought that now was the time to get a big man for the department. He enlarged upon the management of the sinking fund, and the fact that the city had to get ready financially to take over the Toronto Railway Company. Now was the time to get ready to consolidate the city's financial affairs.

The alderman referred to the fact that it had cost the city \$12,000 to send a well-known broker to New York last year to take advantage of a certain situation in the exchange market, an expenditure which could have been avoided had a man like Mr. Bradshaw been at the head of the department. "We might get a \$500,000 man," continued the alderman, "but we have a big department with about \$50,000,000 passing thru it this year, and besides this there is the \$17,000,000 sinking fund to take care of." He would have the 1915 council go down on record as getting the biggest man in the city possible. "We are all agreed that Mr. Bradshaw is the man, and it is only a question of salary, but in this case I think we should give the benefit of the doubt to the board of control and to the citizens of Toronto. I believe I am practicing economy in voting for this man."

Ald. Risk Converted. During the debate Ald. Risk declared that he didn't know enough about Mr. Bradshaw to vote for the recommendation, and thought that if it would still be lost, as there was no man who was always right, and if there was, his salary would be of little importance. The chief man possible for the city should be worth more than the works commissioner, who had to say what it would be well for the city to invest its money in the way of improvements. Later on, however, having heard the arguments, the alderman decided to vote for the recommendation.

Ald. Singer also opposed the recommendation. He thought that if the city lost money in its financing it was because the man was not on the job. "In most cases we make money by taking advantage of an opportunity, but in most cases we don't know until the time arrives. This is the first time the board has indicated they lost money. They told us they made money, and this is the first time I have heard the board smothered with

## EVIDENCE FOR THE CITY IN BRIDGE ARBITRATION

R. Home Smith and F. B. Poucher Gave Values of Sunnyside Properties.

Further evidence in connection with the Sunnyside bridge arbitration was taken by Official Arbitrator Drayton yesterday. R. Home Smith, as an expert for the city, gave the present values of the properties affected by the building of the bridge, as follows:

Per Foot, McCausland property, corner lot, \$100  
Orphanage property, inside, 75  
Brett property, corner lot, 90  
Brett property, inside, 75  
Parrell property, 70  
Reinhardt property, 70  
Malone property, 60  
F. B. Poucher of the National Trust Company gave evidence for the city. He thought that the properties would range in value from \$100 to \$60 per foot, and that there was no difference in the values now as compared with the values when the order for the bridge was given. The opening of the bridge street thru to High Park had changed the district from a residential to a retail section. He put no percentage on because the land had been used for entertainment purposes, and leaving out the effects of the war thought it was worth as much now for business purposes as before the bridge was built.

TOO MUCH VAUDEVILLE AT SUNDAY MEETINGS

Mayor Church Voices Protest and Dr. Allen Says Only Few More Coming.

Mayor Church said yesterday that there was too much vaudeville and "Yankee" used for pictures in the Sunday recruiting meetings, and they would have to be stopped. Dr. Norman Allen, the president of the Citizens' Recruiting League, said the meetings would stop on April 16.

The bill was referred to the municipal committee.

HON. I. B. LUCAS REPLIES TO AUDITOR'S CHARGES

Says That Claim of Money Owed by Hydro to Province is Wrong.

Speaking in connection with the charges laid against the hydro the Hon. I. B. Lucas, the attorney-general, stated that Provincial Auditor Clancy's claim that the debt of \$118,663.89 is still a debt to the province by the commission, was wrong. He said that the money was spent at a time when such expenditures were not intended to be charged to the municipalities or the commission. The money was a provincial expenditure in surveys for the whole province.

From a technical point of view the auditor was right in some of his allegations, but Mr. Lucas pointed out that the hydro is a growing concern and needed additional authority. He said that it was a difficult thing to remodel the Hydro Act to meet the needs of the big corporation that the hydro had now become, but he had the necessary amendments prepared and it was the intention of the government to pass them at the present session of the legislature.

Works Commissioner Harris and City Solicitor Johnston went to Ottawa yesterday afternoon to oppose the Toronto, Niagara and Western Railway bill before the parliamentary railway committee.

## OUTLOOK OPTIMISTIC FOR THE SPORTSMEN

Association's Financial Condition Satisfactory and Thousand Dollars Given to Battalion.

A meeting of the Sportsmen's Patriotic Association was held last night in the Soldiers' Club, West Richmond street. Lieut.-Col. Greer occupying the chair. Accounts amounting to \$15,000 were presented by the secretary, and included \$1000 to the 123rd Battalion and \$2000 for the upkeep of the Soldiers' Club. The chairman of the house committee of the club, reported that the next monthly statement of the club would show a balance on the right side, the first since the club's inception.

It was decided to donate \$1000 to the Sportsmen's Battalion.

QUEEN'S DOES HONOR TO FALLEN HEROES

Late Capt. Richards and Sapper "Len" McQuay Remembered by Alma Mater Society.

KINGSTON, Ont., March 20.—At a meeting of the Alma Mater Society of Queen's University, John Dawson, secretary of the athletic committee, presented his report for the year. After a year has had a telling effect on the university sports, the Alma Mater Society was very much gratified with the report. Mr. Dawson was elected an honorary member of the society.

The secretary of the athletic committee paid a tribute to the late Capt. Geo. T. Richardson and Sapper Len McQuay, who have given up their lives on the field of battle. He also moved a vote of appreciation for the gift of \$1000 in the will of the late Capt. G. T. Richardson for advancement of sport at the university.

# LARNED'S HISTORY OF THE WORLD

Without an unusual run on this office there will be barely enough sets of this Master Work to supply our readers. We have therefore concluded to close the distribution on Saturday next. ONLY ONE COUPON NEEDED.

Just a Few More Days

After this distribution ends, your chance to own this great History, almost free, is gone forever!

- NEARLY 2000 PAGES
- OVER 150 BEAUTIFUL ILLUSTRATIONS.
- 5000 MARGINAL NOTES
- 10,000 SEPARATE PAGE REFERENCES IN INDEX
- THE ACCOMPANYING ILLUSTRATION IS GREATLY REDUCED IN SIZE.

The superiority of history as a means of culture is everywhere conceded. A knowledge of what man has been and what he has accomplished in the past ages is indispensable to an understanding of the world today. The solution of many of the problems of the 20th century is made easier by a familiarity with the problems of our ancestors. Some they settled for themselves, and some they have passed on to us. Larned's "Seventy Centuries" unfolds the life of mankind for seventy centuries. By its remarkable brevity, its wonderful clearness of narrative, and its altogether unique method of treatment, it presents a work that has no equal. Its distribution by the thousand among our readers will undoubtedly contribute to the uplift of the entire community.

Bound in a beautiful de luxe binding; gold lettering, fleur-de-lis and tracery design, rich half-calf effect; marbled sides with gold and colors; full size of volumes, 5 1/2 x 8 inches.

## Gas in the Stomach Is Dangerous

Physicians Recommend the Use of Magnesia.

Sufferers from indigestion or dyspepsia should remember that the presence of gas or wind in the stomach invariably indicates that the stomach is troubled by excessive acidity. This acid causes the food to ferment and the fermenting food gives rise to noxious gases which distend the stomach, hamper the normal functions of the internal organs, cause acute headaches, interfere with the action of the heart, and charge the blood stream with deadly poisons, which in time must ruin the health. Physicians say that to quickly dispel a dangerous accumulation of wind in the stomach and to stop the food fermentation which creates the gas, the acid in the stomach must be neutralized and that for this purpose there is nothing quite so good as a teaspoonful of pure bisulphate of magnesia taken in a little water immediately after meals. This instantly neutralizes the acid, thus stopping fermentation and the formation of gas, and enables the inflamed, distended stomach to proceed with its work under natural conditions. Bisulphate of magnesia is obtainable in powder or tablet form from any druggist; but as there are many different forms of magnesia it is important that the bisulphate which the physician prescribes should be distinctly bisulphate.

## How I Cured My Eyes

This Free Prescription Did It.

"My eyes were in a terrible state; I could hardly stand it. They were red and inflamed; felt as though they had sand in them. They would ache and burn dreadfully and caused incessant headaches. I could hardly read at all. After several weeks my eyes felt strained and overworked. By chance I met a man whose eyes had bothered him the same way. He gave me the following prescription, which he said had cured him and had enabled him to discard his glasses: 'Five grains of Bor-Aceto in two ounces of water. Use as an eye bath by means of an eye cup three or four times daily, after each use, wash the eyes with clean, cool, soothing lotion. Do not use hot water, and do not use eye drops. This is a simple and absolutely harmless. Your druggist can fill this prescription for you. Write to the Drug Co. of Toronto can fill it for you. If you try it I am sure you will be just as enthusiastic over it as I am. Get this out, so you will always have the prescription.'"

TUESDAY MORNING, MARCH 21.

A Splendid Choice

Practically a unanimous vote in yesterday's council gave the appointment of city treasurer and commissioner of finance to Mr. Thomas Bradshaw, a gentleman who is by common consent the best fitted for the position that the board of control could have chosen.

It means an advance along every line of city business, for no one can expect a general shake-up in finance methods without a general co-ordination of policy in all other departments of the city affairs.

Already a transportation commission has been made up from the heads of the departments in the city hall and in association with it. The result should be excellent.

This question of transportation has become of considerable importance in view of the deficits on the city railway. We are not alarmed at these deficits, but we are alarmed at the wrong impression that may go abroad concerning them.

This question has been threshed out at great length already, and contrary to our judgment and desire the city refused to take over the franchise of the street railway and its allied activities, when an opportunity existed for doing so.

The present city hall administration is responsible for the situation and will doubtless try to do something to mend matters. We believe there is only one way to mend them, and that is not by raising fares on the civic car lines. The new transportation commission will have to take the matter under advisement, and we are glad to know that it will be reinforced by the addition of such a financial authority as Mr. Bradshaw.

More Need Than Ever for Recruits

While the war is on and until peace has been signed there should be no slackening in the efforts towards recruiting. The army must be maintained at the greatest possible strength. With an enemy so unreliable as the Germans it is idle to suppose that anything but utter defeat will bring them to the world alone as acceptable to the allies.

Whenever good news comes, and an

optimistic spirit grows, the tendency is for recruiting to fall off. The opposite effect should be expected. If the war is coming to an end then there will be the less reason for anyone to hesitate about joining the ranks.

Great Britain has braced for long about her loyalty as an empire, and her colonies have joined in. If the young men who sing that they never, never, never will be slaves only act up to their professions they will enlist without coaxing and without compulsion.

"Raus Mit Ihm"

In the early days of the war the statement was made that Herr Liebknecht, the leading Socialist member of the reichstag, had been executed. Fortunately this proved to be untrue, and the most democratic man in Germany still lives to justify the faith that is in him.

Last week Herr Liebknecht has been as radical as ever in his speeches. He is perhaps the only public man left in Germany with the courage to make a direct attack upon the government, and to say what he thinks of the war. He holds the kaiser and his war party accountable for all the horrors that have been perpetrated by German armies.

He told them the uncomfortable, the ghastly and horrid truth about themselves. The president called him to order, but he spoke on, and when he was shouted down he still clamored for a hearing.

It is significant that the government has not taken more effective means of silencing him. It means that there must be a large element in the German nation who are willing to face the facts. Perhaps they have only lately awakened to these facts; perhaps they have kept them in mind from the first, but feared at first to say what they thought, until the frightfulness of the whole situation compels them to speak, or at least to line themselves up behind an honest man who will speak.

The great moral force of humanity have their part to play in the war as well as the great physical efforts that are being made to hold back the tide of destruction which has threatened the civilization, the morality, the humanity, and the religion of Europe for these twenty months past.

"Everybody yells 'Findings keepin'—losing weepin', as they pick up the loot. The poor unfortunate victim must, of course, be a good fellow, and then to be considered his legitimate prey—grain, if he can hold them. More business!"

## PORTLAND'S SPEED SMOTHERED CANADIENS IN CUP FIXTURE

### Coast Team Had No Trouble in Winning the First Stanley Cup Game Two Goals to Nil.

MONTREAL, March 20.—Smothering the N.H.A. champions with speed and outplaying them in all departments, Portland, Pacific Coast Hockey League champions, easily mastered the Canadiens tonight in the first game of the 1915-16 series for the Stanley Cup and the hockey championship of the world, winning 2 to 0. Their easy victory was a surprise, for they had had little rest-up after the railroad journey from the coast, and were playing the game under rules with which most of the visiting players had little experience. Canadiens played their hardest, but could not keep Portland checked, nor could they manage to get the puck past Murray, Portland's goaltender, on the few occasions they did succeed in breaking thru the net.

Eleven minutes after the game started Harris, Portland's fast left wing, scored the first goal. Nine minutes after the second period began Ukhla, substituting for Irvine, failed to score. There was no scoring in the third period. Teams: Canadiens (9)—Goal, Veina; defence, McNamara and Corbett; centre, Lavelle; wings, Pire, Lavolette. Portland (5)—Goal, Murray; defence, Johnson and Irvine; centre, Oatman; wings, Tobin and Harris.

## BARROW'S CIRCUIT ADOPTS THE SCHEDULE

### Leafs at Newark—Can Employ Former Federal Leaguers—Sale Ratified.

NEW YORK, March 20.—Club owners of the International League today here today and ratified the 1916 playing schedule without change. The season will open April 29, with Buffalo playing at Richmond and Montreal at Baltimore. On April 27, Montreal will play at Newark and Rochester at Providence. The sale of the Jersey City franchise to James R. Price and Fred Toney and its transfer to Newark were ratified.

President Edward G. Barrow stated that the question of the employment of former Federal League players by International clubs was not discussed at the meeting. He said, however, that the club owners had the right to employ Federal League players if they desired.

The league adopted a resolution of condolence on the death of Irving, last Saturday, of Tony Burger, vice-president of the Toronto club.

## IN THE DARK DAYS

## NEW YORK FANS EXPECT MUCH FROM THE BAT OF HOME RUN BAKER

make him look equally foolish, yet the very next time he tries it Baker is liable to lose the ball.

Baker's work in the third game of the 1911 series had been a masterpiece for eight innings. He practically ruled the batting side of the Athletics. He had worked Baker to the limit every time he stepped to the plate, and the young slugger had been no use at the bat. Then came the explosion. Through the game Matty had been pitching low and on the outside to Baker, using a half-speed ball. Always noted for his great cut, Mathewson slipped up on the next one, the ball did not follow the curve his brain had outlined. It was just to Baker's liking. He hit it squarely on the nose, the ball sailed on the ground. Mathewson slipped up on the next one, the ball sailed on the ground. Mathewson slipped up on the next one, the ball sailed on the ground.

## SOME FACTS OF CELEBRATED SWATTER WHILE A MEMBER OF THE PHILADELPHIA ATHLETICS—BASEBALL NEWS AND GOSSIP.

NEW YORK, March 20.—A busy season is before Frank Baker, "Home Run King" of the American League. For years Baker has delighted Philadelphia fans with his mighty swats. This season he must continue the swatting that made him famous in order to win the approval of the New Yorkers, for a recent deal shifted Baker from the Athletics to the Athletics. If he can't pull the ball into the short right field stands at the Polo grounds at a time when a home run is so much to blight the world, then he is sure to be a popular star. His year of retirement has dimmed his batting eye and he is unable to hit them high up and away well, that is an entirely different story.

## OLDING'S HOMER WAS WASTED

Those two home run drives of Baker's that were a most opportune time. His name was a headline on the sports page of every paper that boasted such a feat. The Athletics were leading the Philadelphia club by a margin of one run in the third inning, and the Athletics were leading the Philadelphia club by a margin of one run in the third inning.

## BAKER HITS IN PINCHES

Baker's "pinch" home run hitter, a "pinch" whose batting feats have been the talk of fanland all over the United States, has been brought about in a rather unusual way. Other players have made as many home runs on average as has Baker, during their big league career. Other players have made home runs in the world's series, yet none have acquired the fame that clings to the name of Baker. The answer is easy. Baker made his hits in the big series in the crisis. His home runs invariably came at a time when his club appeared beaten. His drives proved the turning point in the game, changing apparent defeat into glorious victory. By way of explanation, I will cite just a few cases.

## MONARCHS FINISHED LIKE REAL CHAMPIONS

### Scored Five Goals in Last Period to Double Score on Aura Lee.

Opening up a great burst of speed in the third period last night the Winnipeg Monarchs came from behind and downed Aura Lee 6 to 3.

The Junior champions checked nicely, combined well and bored in for two periods and the score at the end of 40 minutes play was: Aura Lee 3, Monarchs 3.

Aura Lee skated their man off for two rounds and this disorganized the Winnipeg attack. Wright was the bright shining light at going in close and he scored two goals in the first period. The Monarchs were content to take it easy for awhile, but the earnest game kept up by the kid champions woke them up, and they tried with all they might in the second period. Winnipeg caught Aura Lee fading in the closing session and skated rings around them. Hog Hay went like a mad man in the last twenty minutes and it was three and four in thru the defence every time. Aura Lee scored 2 to Monarchs' 1 in the opening round. The second period was scoreless and Monarchs ran in five goals in the last 20 minutes.

### THE SUMMARY

## SAYS CANADA WILL BE UNIFIED BY THE WAR

### Brave Deeds of Her Sons Made Name Immortal, Declared Dr. A. Thompson, M.P.

Ward Four Conservative Association gave a smoker at Broadway Hall last night for the 20th Battalion, of which Col. W. H. Price, M.L.A., is the commanding officer.

Dr. Alfred Thompson, M.P., for the Yukon, gave a very interesting description of the causes of the war and events that have transpired since war was declared. In speaking of Canada's part in the war he said, "Canada has been a great destroyer yet Canada will be unified by it, for our men who have gone to the front have made Canada immortal by their brave deeds at Fesubert, Ypres, and in other great battles."
