Contracts for Excavation in Connection With
City Mains Recommended Today; Likely
Postpone King Street Job Till After Prince
Leaves

The award of contracts for excavation and back-fill in connection with the laying of new water and sewerage mains, tenders for which were opened on Monday, will be recommended to the common council this afternoon by Commissioner Jones and the city engineer as follows:

Brussels street, water main, Moses, Tobias & Ferris, rock \$830, earth \$7, earth \$2.
King street, water main, Moses, Tobias & Ferris, rock \$830, earth \$11.0.
Duke street, water main, N. B. Contracting & Building Co., rock \$6, earth \$2.
City road, water main, N. B. Contracting & Building Co., rock \$7, earth \$2.
Douglas avenue, sewer main, N. B. Contracting & Building Co., rock \$7, earth \$2.
Douglas avenue, water main, Louis and Thomas Stevens, rock \$875, earth \$2.

The Brussels street sewer renewal will be laid by the department by day's work.

The time limits fixed for the various contracts are: King street, September 15; Duke street, September 30; Brussels street, October 20; Douglas avenue, water, October 30; Douglas avenue, sewer, November 1; City road, November 15.

The recommendation already passed for the acceptance of Vroom & Arnold's tender for the cast iron pipe required will be confirmed by the council this afternoon and special efforts will be made to get the pipe here as promptly as possible.

It is probable that the work on the streets will be postponed until after the dual election.

In view of the fact that the Prince of Wales will be here and the dual election will be held in St. John, it is possible that the King street work and that it will be postponed until after the dual election.

The firm of Moses, Tobias & Ferris, who received the contract for the East St. John water main extension, started work this morning on the excavation. A stretch of about 400 feet of sixteen-inch pipe which could not be laid as part of last year's contract on account of the lateness of the season and which still is on hand will be laid from the point where the main now ends in front of the cemetery hospital. From its conclusion a twelve-inch pipe will be laid for a distance of 1,100 feet.

Instructions will be given to the contractors that returned soldiers must be given the preference in giving employment and the dominion employment bureau has been asked to furnish as many as possible. The 160 to 200 men will afford work for from 160 to 200 men.

"Hard Boiled" Smith, convicted by a court-martial in France of brutality to American soldiers prisoners at Chelles detention camp, arrived here this week aboard the army transport Santa Elisa, from Brest, and immediately was taken to Fort Jay, the disciplinary barracks on Governor's Island.

Neither the identity of "Smith," whose name is said to be assumed, nor his place of residence, were disclosed.

The officer was transferred from the fifty prisoners on the ship, it was said, because of fear that they would do Smith injury.

TEN ARE SHOT AT
BERLIN MEETING
Wild Scenes as Communists and
Spartanists Break up Majority
Socialist Assembly

Berlin, July 23.—(By the Associated Press)—Ten persons were shot during disorders which attended the breaking up of a Majority Socialist meeting by Communist and Spartanist here on Monday.

Those attending the meeting were held in the Trades Union building, attempted to lynch the man who fired the shots, but he was saved by hospital helpers.

Several Majority Socialist meetings on Monday did not develop as smoothly and quietly as they began. Communist and Spartanist by a pre-arranged plan smuggled fellow radicals into the hall where the Majority Socialists were congregated and there broke up the meetings by catcalls and other noises, and even by violence.

At countless meetings the Majority Socialist speakers gave up attempting to speak after half an hour of shouting, and in the Trades Union building, where the biggest meeting was held, chairs, bottles, glasses and even tables were flung about in an unsuccessful attempt to break up the gathering.

Government troops had to quell wordy riots in other halls. The Berlin press is indignant at the uproar.

As Hiram Sees It
"I'm glad," said Mr. Hiram Hornbloom to the Times reporter this morning, "that hay's going to be a light crop this year. It's been three months when I got what there is on my place."

"Why don't you hire a man to help you?" he asked the reporter.

"Hire a man?" said Hiram. "That's harder than cuttin' hay. See here! I sat a feller yesterday if he'd go out and help me. That's the best I can get."

"Didn't he say anything about wages?" asked the reporter.

"No," said Hiram. "He said if he made up his mind to come—ah! things suited him—he'd take the farm when the time was up. Yes, sir—that's what I want. I set him if he can't do the old woman could stay in the barn till I got some place to go, but he said he couldn't think of it—ah! that I ought to be thankful if I had a good rooster."

Every Citizen Must Help
If Soldiers' Day Is To
Be Worthy of the Men

Comment Heard Today After Meeting Yesterday to Arrange Joint Celebration

There was considerable criticism this morning regarding the action of some of the citizens who took part in yesterday's public meeting in connection with the visit of the Prince of Wales and the reception to the returning soldiers. It was thought that the preparation for the prince's reception overshadowed the arrangements for the public salute to the men who have returned from overseas.

It was explained that nothing by one of the citizens who took part in yesterday's meeting was intended to detract from the celebration in honor of the returning soldiers. The plan for the celebration in honor of the returning soldiers was to be held on the 28th of July, which would be in the city from outside and in the evening, which could be made to bring them here. Already a committee had been appointed to ascertain if the municipal government will assist in paying the fares of those men who desire to come to St. John and seeing that the railway companies are to be asked to consider the granting of free transportation.

Lieut. Foley is the son of Mrs. James Foley, of Loch Lomond Road, and it is expected that when he and his wife return to Canada they will take up their residence in this city.

Norris-Sutton.
At the home of the bridegroom, Loch Lomond, on Monday July 22, Jennie May Sutton, of Hibernia, Queens county, and this city, was united in marriage to Rufus Frederick Norris, Loch Lomond. The ceremony was performed by Rev. W. H. Johnson of Hampton, in the presence of a few relatives. The bride, who was dressed in white and wore a bouquet of roses, was attended by Miss Helena Norris as given away by Albert Norris. The bridegroom was attended by his brother, Harry Norris, of Loch Lomond.

Both young people are well known in St. John, and the groom has only lately returned from the front, where he was nearly three years service and suffered from wounds and poison gas.
Mr. and Mrs. Norris intend to make their home at Loch Lomond.

Miss Gladys McEman, daughter of Mr. and Mrs. James McEman, was married yesterday to Herbert Dickson by Rev. Dr. J. A. Morrison. Mr. and Mrs. Dickson left on an automobile tour through the province.

RECENT DEATHS

Mrs. Agnes M. Law
Yarmouth, July 22—Mrs. Agnes M. Law, widow of Bowman Brown Law, former M. P. for Yarmouth, died at her home here this afternoon at the age of sixty-two years. It will be remembered that the late Mr. Law lost his life in the fire which destroyed the parliament buildings at Ottawa, three years ago. His death was a severe shock to Mrs. Law who mourned her loss deeply and for the last few months she had been in failing health.

LOCAL NEWS

John Paris was taken to Sydney last night on the 11.30 train by Detective Edwards.

The No. 2 Salvage Corps truck, when responding to call from box 16, skidded when rounding the corner of Mill and Pond streets and struck the curb, smashing the rear wheel last evening.

Employees of the New Brunswick Power Company who are union men, at a recent meeting decided not to accept the company's offer to elect one of their number as a member of the board of directors of the company at present. A regular meeting of the union is to be held in six months when the matter will be talked over again.

The W. C. T. U. met yesterday afternoon with Mrs. David Hipwell presiding. Mrs. Seymour and Mrs. N. H. Lawson led in prayer. Mrs. J. O'Brien, who has just returned from New York, said there was a great improvement in the morals of the people of New York and Boston since the closing of the saloons.

R. G. McAfee and his wife, who was Miss Morrison of this city, arrived here last evening from the South Sea Islands, after twelve years' residence in a missionary work. Their two children were born in the islands and up to the time of their journey home had seen very few white people. Mr. McAfee said that the natives were similar in many ways to the aborigines of Australia, being of the very lowest type. Mr. McAfee has no plans for the future, but he says that he will not return to Australia. Mr. and Mrs. McAfee are visiting Mrs. McAfee's relatives in 327 Princess street.

A meeting of the Electrical Workers' Union was held last evening in the Oddfellows' Hall, Union street, and the following officers were elected for the ensuing year: H. C. Lawton, president; A. P. Sanders, vice-president; H. L. Hyson, recording secretary and H. Downing, financial secretary. The following members were also elected delegates to the Building Trades Council: A. P. Sanders, F. Meurling, H. Lawton, V. Vaughan and H. Downing.

WATCHMEN AND BONUS.

To the Editor of the Times:
Sir,—I noticed in an evening paper published here that all government employees do not benefit in receiving a share of the bonus which has been allotted by the Dominion government. This bonus I am given to understand was awarded so as to meet the increase in living expenses owing to the increased cost of commodities. Why, then, is not the intention of the authorities to omit these men, whose wages are considerably less than \$1,200 a year. Ten million dollars is not sum to be appropriated again, so surely some one will see to it that these watchmen be included so as to make the remuneration they receive something near a living wage.
No man should get less than \$4 a day in these times but the watchmen are getting only \$2.75 a day and a married man cannot exist on that amount. It is said that a dollar is worth 100 cents but not when you buy bread, milk and boots, etc., as it buys only about thirty cents worth of these things.
Considering that this port has come through the whole period of the war without mishap when the sheds have had all kinds of explosives in them, is it too much to ask that watchmen receive a living wage—or at least receive the bonus which the government has set aside for only some of its employees?

Higher Phone Rates

Halifax, July 22—The board of public utilities has ordered a new scale of rates to be charged by the Maritime Telephone and Telephone Company amounting to about twenty per cent. increase. It will yield about \$180,000 additional revenue, of which \$155,000 is to be paid in increased wages and the balance is consumed in taxes that have been levied since the war began in 1914.

THE CITY STREETS.

To the Editor of the Times:—The disagreeable condition of our city streets is the subject of more talk than ever as the time before the arrival of the Prince of Wales grows short. The mayor and commissioners have at last realized that the money the people pay in taxes for the upkeep of the streets must be spent on the streets and they are at last going to make a few repairs to the main street of the city, Prince William.

They are paving one of the back streets, but cannot do anything with the most important part of St. John, the Inlet and outlet—Douglas avenue, which is not only a disgrace, but dangerous for automobiles. You would not see a street like this in the smallest country town, and it is the best residential part of the city.

Surely the mayor and commissioners will wake up and realize the great importance of fixing the main thoroughfare. After the people get their tax bills next month and find out that they are paying for streets that are not passable there will be some queer howling.

OBSERVER.

All races will be decided on the three heat system, with the exception of the coll event, which will be two in three. The track is fast.

WOMAN WILKS NINE COWS A DAY

Farmer's Wife is Also Able to do Other Work Since Gaining Nine Pounds by Taking Tanlac.

"I have not only gained nineteen pounds since I commenced taking Tanlac, but for the first time in several years I am able to sit down and eat a hearty meal without suffering miseries afterwards," said Mrs. W. Mallett, whose husband is a well known and prosperous farmer and lives at Evergreen, Alberta, while in Liggett and Findlay's drug store in Calgary, the other day.

"Before commencing taking Tanlac," continued Mrs. Mallett, "I was in such a weak run-down condition that I wasn't able to do the very lightest piece of work around the house, and just had to mope around all the time. I had suffered so much from stomach trouble that I had just about lost all my energy and strength. Everything I ate disagreed with me, and caused me so much pain and agony afterwards, that I finally reached the point where I actually dreaded to see meal time come. I would often get so sick that I couldn't eat it was a hard matter for me to retain my food. I also suffered from shortness of breath, and was so nervous all the time that I never got a good night's sleep. I often had bad headaches, too, and when these spells came on I suffered more than anybody will ever believe. I finally got so weak and run-down that the least exertion would exhaust me completely.

"I began taking Tanlac finally, and the way I have improved since then is the most wonderful thing I ever heard of. I actually milk nine cows every day besides doing all my household work, and that fact alone makes me say that Tanlac is the best medicine in the world. All my strength and energy has come back to me, and I have gained a great deal in weight. My stomach troubles are gone, and so are the awful headaches I used to have. All the nervousness has left me, too, and I sleep just fine every night. I never had such an appetite, in fact, I just can't get enough to eat, it seems, and everything I eat agrees with me perfectly. I believe I can truthfully say that I am in better health in every way than I ever was in my life. Now that is what Tanlac has done for me, and I feel so happy over it all that I just want to let everybody know about it, and what a wonderful medicine Tanlac really is."

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro, under the personal direction of a special Tanlac representative. (Adv.)

Good Fabric Alone Is Not Enough

Good tailoring of good fabrics gets only half way. Style, accomplishing the precisely right line to the lapel of a coat, for instance, is an art that makes a masterpiece of good fabric and good tailoring.

New suits, opened yesterday, embody these essentials.

FINANCING DEBTORS

(New York Times.)
The United States is not the only country that is suffering from the problem of maintaining her foreign trade by keeping her best customers in funds with which to continue buying. The same problem which confronts the United States also confronts Canada, and in addition the Canadian situation is further complicated because of the fact that she must keep on doing a huge business with her best customers in order to be able to maintain her development and necessary purchases from the chief source of her importations, which is the United States.

Canadian finance, as affects her foreign trade, has two pronounced angles. First, the Dominion imports are vastly more from the United States than she exports to that country. Her trade with the United States is just reverse; she exports much more to the British Isles than she imports from them. And she exports more to her foreign trade, than London to settle her indebtedness at New York. On the whole, Canada makes money in this trade, for her exports, at least during the war period, have exceeded her debts, which is to say, her balance at London has been greater than her debts at New York.

Canada's trade with Great Britain and the United States, which constitute the great bulk of all her foreign trade, has resulted in a net profit in the last three years of \$804,086,842. In these years she has exported goods valued at \$741,622,730 to the United States, and a net credit of \$1,049,228,166, and a net credit with Great Britain of \$1,853,313,008.

TRADE PAPERS MERGE

A deal of some importance in local publishing circles was completed yesterday when The Maritime Retailer, a trade paper in its fifth year, was purchased outright by W. F. B. Paterson and S. K. Smith, publishers of The Business Review. Beginning with the August edition the two papers are to be merged into one under the name of The Business Review and Maritime Retailer and continue under the management of Mr. Smith. It is understood a considerable sum changed hands in the transaction and the new paper will be published and subscription list surpassed by few such publications.

HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented, and the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done for her."

Mrs. W. D. WELLS, 226 North Adams Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, sickness, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

Stomach So Bad

THOUGHT HE WOULD DIE CAN EAT ANYTHING NOW

But for indigestion and dyspepsia, many a life might be a pleasant one. The misery which stomach troubles cause the sufferer knows only too well, and says one who has suffered knows what joy it would give to be able to eat three good meals a day and not be punished for it after.

Nearly everything that enters a weak stomach acts as an irritant, and even the little that is eaten causes such torture and is digested so imperfectly that it does little good.

Before you can eat heartily, and not pick and choose your food, you must put your stomach right so that it can manufacture its own digestive ferments. For forty years now Burdock Blood Bitters has been making weak stomachs strong, and permanently curing severe cases of indigestion and dyspepsia, and other remedies were powerless to reach.

Mr. H. L. Fairweather, Cumberland Bay, N. B., writes:—"I was troubled with my stomach for two years, and sometimes was so bad I thought I would die. I tried everything I ever heard of, and had medicine from three doctors, but continued to grow worse. One day I read of some wonderful cures made with Burdock Blood Bitters. After taking two bottles, I could eat any kind of food without any bad effects, and by the time I had taken four I was in perfect health."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain. How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in each case and may do real harm. Try lying aside all digestive aids and instead get from any druggist a few ounces of Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

DISCRIMINATION CHARGE IS MADE

Allegation That Winnipeg Strikers Are Not Getting Proper Reinstatement

Winnipeg, July 23.—That by means of alleged discrimination being shown in the reinstatement of the men who have been on strike a serious blow is being struck at trades unionism was the principal feature of evidence given yesterday at sessions of the Robson commission of inquiry into the causes and effects of the Winnipeg strike.

Ernest Robinson, secretary of the Winnipeg Trades and Labor Council, offered to produce a list of names of strikers who had been discriminated against. He said an attempt was being made by employers and the city of Winnipeg to stamp out trades unionism.

A. E. Lundy of Ottawa, organizer of the Canadian Brotherhood of Railway Employees, made a statement of reasons for the strike. He said that the working class could not get sufficient wages for the necessities of life; the government refused action; the employers refused to allow the employes to bargain with them collectively and a general strike was the only alternative left.

A ballot form, such as was used in taking the strike vote and was produced and was shown by C. P. Wilson, representing the attorney-general of Manitoba, to contain a notice entirely at variance with the constitution of the Winnipeg Trades and Labor Council. This was a notice stating that the votes of all the unions would be pooled and the total majority for and against the declaring of a strike would be the authority for the council. If the vote was in favor of a strike, it followed that they would pull all the unions out irrespective of whether a particular union had voted against the strike or not. The constitution of the council stated that in the matter of declaring a strike each individual had to decide the question for itself.

U. S. LIQUOR LAW PASSES HOUSE

Drastic Provisions Retained and Bill Goes Through by Large Majority—Now up to Senate

Washington, July 22.—By a vote of nearly three to one, the House, weary of talk on prohibition, today passed a bill for its enforcement, with provisions and penalties so drastic as to bring from the men who framed it the prediction that it would forever suppress the liquor traffic on American soil.

the general view was that it would be signed as passed. The bill as it passed the House provides that after January 26, 1920, every person permitted under the law to have liquor in his possession shall report the quantity and kind to the commissioner of internal revenue. This applies to chemists, physicians, etc.

Illustration of a person and text: Bugs, Fleas, Flies, Roaches, Mosquitoes, etc. all killed by KEATING'S

by the law, shall be prima facie evidence that it is being kept for sale or otherwise in violation of the law. It will be required, however, to report and it will not be illegal to have in one's home the same is occupied and used by the possessor as his private dwelling, and the liquor is used for personal consumption by the owners, his family or his guests. The possessor of such liquors, however, bears the burden of proof that the liquor was acquired and is possessed lawfully.

LIBERALS MEET IN NEWCASTLE

Northumberland Convention Marked by Reunion of Divided Elements—Delegates Elected

Newcastle, N. B., July 22.—The Northumberland Liberal convention held this afternoon, was presided over by D. J. Buckley. He cordially welcomed all the delegates. The death of Sir Wilfrid Laurier was the subject of a strong resolution. The convention expressed its joy that the war was over and welcomed back the brave boys from France and Flanders, besides asking God to bless those who remained.

All men who supported the Unionist cause at the last election were again welcomed to the convention. The convention decided to agree on one policy—that of reconstruction.

Mr. Buckley resigned as president of the Liberal Association on account of his health, but John Morrissey suggested that he carry on the business of the meeting.

On motion of Anthony Adams and R. Gill that the president solicit a committee of five to nominate delegates to the national Liberal convention at Ottawa, the following were selected: Hon. John Morrissey, W. B. Snowball, Anthony Adams, Dr. Ryan of Boiestown, and A. M. Arsenault.

Hon. Robert Murray spoke of the great war and the success of our armies. He thought that now a leader should be selected who would look after our country's interests. He said there are differences of opinion both in the East, the West and the Middle, but he hoped these differences would be settled and a policy brought about that would benefit all Canada.

The following delegates were chosen to go to the Liberal convention at Ottawa: D. V. Allain, James Robinson, D. P. Sullivan; alternates, W. B. Snowball, Dr. Ryan, and Andre Arsenault.

The president regretted that no Unionist Liberals had been selected to attend the convention. The officers elected are: President, J. W. Vanderbeek; secretary, W. A. Skidds. The executive were authorized to prepare to organize the county.

THE EPSOM RIOT TRIAL IS BEGUN

Charge Manslaughter in Causing Death of Police Sergeant Green

Canadian Officers Give Evidence and Good Army Records of the Eight Accused Men are Presented to Court

London, July 22.—(Reuter's)—Privates F. H. Wilson, 102nd Canadian Battalion; J. Connors, 18th Canadian Highlanders; A. MacKester, 3rd Canadian Reserve; A. MacKester, R. A. McAllan, both of Camp D, forestry corps, who were committed for trial at Bow street on manslaughter charge in connection with the death of Sergeant Green of the Epsom police; and also Bugler Robert Todd of the Canadians, who was committed on a count of manslaughter, were brought up yesterday in the Surrey assizes. Justice Darling presided. They were indicted for unlawful and riotously assembling to disturb the peace and causing damage to property. All were defended and pleaded not guilty.

Inspector Rawley, who was in charge of the police station at Epsom, was asked if the soldiers had run amuck. He replied: "They had murder in their hearts."

Major J. P. Bird, C. A. M. C., adjutant at Woodcote Camp, said there was no armed force there to deal with these three or four hundred men.

Replying to Mr. Abinger, Major Bird agreed that if the men heard the bugle sound "fall in" or "general assembly," which was the fire call, it was their duty to tumble out of bed, get dressed and fall in. Mr. Abinger suggested that if somebody said "quick march" the men would then march off without having any idea where they were going.

Major Bird replied: "Yes, if the order was given by an officer."

Major Ross, fourth battalion Canadian infantry, who was orderly officer, told the court how he had discovered the men assembling in camp and tried to prevent them going to Epsom.

Evidence was given as to the good army conduct of the accused and also that some of the accused on returning to the camp bore marks of recent wounds. The hearing was adjourned.

He was fined \$100 and costs or three months in jail.

TWO MORE DEATHS IN WASHINGTON RIOT
Washington, July 22.—Despite all precautions taken by civilian and military authorities, rioting between white and negroes broke out again tonight in Washington and a report reached the police at 10 o'clock that a white man, a home defense guard, had been shot and instantly killed in the northwest section. Soon after the killing of the home defense guard, the police received another report that another guard also had been shot by a negro. He was reported as fatally wounded.

Many a person carries around in their system a cesspool composed of half-digested, putrid, decaying food that the overloaded stomach cannot get rid of because of constipation. An Important Discovery Swollen Veins Relieved
That Absorbine, Jr., would relieve varicose veins was discovered by an old gentleman who had suffered with swollen veins for nearly fifty years. He had made many unsuccessful efforts to get relief and finally tried Absorbine, Jr., knowing its value in reducing swellings, aches, pains and soreness. Absorbine, Jr., relieved him and after he had applied it regularly for a few weeks he told us that his legs were as smooth as when he was a boy and all the pain and soreness had ceased. Thousands have since used this simple ointment for this purpose with remarkably good results.

Absorbine, Jr., is made of oils and extracts from pure herbs and when rubbed upon the skin is quickly taken up by the pores; the blood circulation in surrounding parts is thereby stimulated and healing helped.

MAY HAVE 8,000 SOLDIERS HERE
Further Details of Reception For Prince of Wales and N. B. Veterans Considered at Meeting Yesterday

Plans for the reception to the Prince of Wales and for the organization of the welcome to New Brunswick's returned men were discussed at a meeting held yesterday. Mayor Hayes presided and R. S. Ritchie was chosen secretary.

Major N. P. McLeod, president of the G. W. V. A., made known that there would be between 5,000 and 8,000 soldiers in St. John for August 14 and 15. August 14 is to be definitely known as Soldiers' Day and a programme will be arranged by a committee for the entertainment of the returned men while here.

A committee consisting of Mrs. G. A. Kuhnig, Mrs. H. A. Powell and Mrs. J. A. Mulcahy were appointed to look after the housing of the visiting soldiers. It is understood in this connection that a definite appeal for the opening of the private homes of the city will be made so that the soldiers will be accommodated in this way. C. B. Allan was named chairman of a committee which will look after the accommodation of the civilian visitors who will be here during the two days.

Mayor Hayes, S. H. Hayes and Major McLeod will form a committee which will interview the transportation companies for the purpose of seeing what can be done in the way of bringing the soldiers from points throughout the province into the city. The question of securing free transportation will also be looked into.

A hospitality committee consisting of the chairman of the different sport organizations of the city was also formed and will meet in the mayor's office Thursday afternoon at 2:30 o'clock to perfect plans.

W. H. Golding was appointed chairman of the publicity committee and to see that printed programmes of the events for the two days be published. Just what form the reception should take when the prince steps on the dock at the Eastern Steamship Company's wharf occupied considerable attention.

It is also planned to have the same arrangements on either end of the south side of King square so that when the prince comes along flowers can be shown upon him and strewn along the march by the children. Patriotic airs by the children here is also planned. The suggestion that cheer leaders, probably to be found among the commercial travellers, be selected for the purpose of enlivening the general public, also found much favor, although it was said "they had some contract."

Reports from some of the committees appointed yesterday will be made on Friday afternoon when another meeting of the general committee will be held again.

On the arrival of H. R. H. Prince of Wales on Friday, August 15, at 10 a.m. a royal salute by two gun crews will be fired in Queen square. The gun crews will be composed of veterans and will be furnished by the G. W. V. A. of this city. A captain's guard of honor will also be drawn up at the place of landing.

Sidelights On Sport

George Elliott, a St. Peter's boy, who located in Halifax and who pitched evening game for St. Peter's nine last Saturday, has been signed to play with the Socials. The Halifaxers say he has speed, but lacks control. The fact is that George had not chucked a game this season, but when rounds into shape he will soon get into the ball.

which was scheduled to be played last evening between the Y. M. C. I. and Fairville had to be postponed owing to inclement weather. A rather good one is told about a man who was present at a recent game in the St. John League. He had been using abusive language to players who made a few errors, much to the chagrin of a lady fan standing alongside. When the collection plate was passed around the latter noticed that he dropped a cent into the proceeds. A few minutes later when he roared out "bone-head" to one of the players who missed a line drive, the female fan turned and quietly asked him if he had not got his cent's worth. It is said he suddenly disappeared.
