BRITAIN WILLING

LET'S GO!

WE'RE up another 19 since morning, when the barometer registered fifty in its upward swing with the sky the limit. It's now at the 70 mark and getting warmer all the time.

Watch It Rise!

And the canvassers who are driving to have at least 100 representative business men of St. John accompany the monster all-Canadian delegation to Ottawa on Feb. 26 are still going strong. They are meeting with a splendid response to their invitations.

Every member of the canvassing squad under the leadership of W. S. Allison is confident that the hundred mark will be reached in a day or so. And then they are going after more.

Here is the list up to date of firms which have been interviewed and promised to send representatives:

- Pacific Dairies, Ltd., 1; Oliver W. Wood, 1; Paterson Printing Co., 1; Frank R. Fairweather & Co., 1; J. Charlton Berrie, 1; J. M. Humphrey & Co. Ltd., 1; Furness, Withy & Co. Ltd., 1; Geo. M. McKean & Co. Ltd., 1; Ferguson & Page, 1; Royal Hotel, 1; Waterbury & Rising, Ltd., 1; Kaufman Rubber Co. Ltd., 1; Goodwin Co. Ltd., 1; A. Chipman Smith & Co. Ltd., 1; E. F. Powers Construction Co., 1; J. Marcus Ltd., 1; Chas. H. McDonald, 1; A. R. Williams Machinery Co. Ltd., 1; R. F. Wright, 1.

ALL together, St. John! This barometer has to rise above the hundred mark. Can we do it? Well, just watch it rise daily and you will see what St. John can do in getting together a delegation for the good of the Maritimes.

Warm Feeling in Upper Canada For Unity, Say Hon. Dr. Foster

HON. DR. W. E. FOSTER returned this afternoon from Ottawa, and he said that the other members of the delegation, Mayor Potts and Commissioner Bullock, had stopped off at Montreal and will arrive tomorrow. Referring to their mission, Dr. Foster said that they were much encouraged and declared that there was a warm feeling in Upper Canada, particularly in Ottawa, that it was time that greater stress was laid on the unity of the whole of Canada and that this could only be accomplished when the Maritime Provinces secured their rights.

GERMAN REICHSTAG RAPS PROHIBITION

BERLIN, Feb. 19.—Prohibition in the United States formed the centre of a heated discussion in the Reichstag yesterday in connection with debate on the bill providing stringent regulations for saloons.

Tender Banquet To Ex-Sculling Champ.

HALIFAX, N. S., Feb. 19.—John O'Neill, ex-champion sculler of America, who has announced his retirement from aquatic, after 25 years' active participation in the sport, was tendered a complimentary banquet by his club mates of St. Mary's Young Men's T. A. and S. Society, last night, and presented with a gold watch by Rev. Monsignor Foley, on behalf of the society.

Add Vitamines To Foodstuffs By Use of Ultra-Violet Rays

SHEFFIELD, Eng., Feb. 19.—Great discoveries with regard to the effect of ultra-violet rays, on foodstuffs, are reported to have been made by Dr. Malarby, of the faculty of Pharmacy, Sheffield University, who has been conducting secret experiments in a laboratory on the outskirts of the town.

PARLIAMENT IS ASKED TO VOTE HUGE ESTIMATE

Total Expenditure of £21,319,000 Is Planned

MORE SQUADRONS

Air Secretary Also Urges Increase in Enlisted Personnel Of Force

LONDON, Feb. 19.—Parliament will be asked to sanction an expenditure of £21,319,000 for the maintenance and expansion of the air force during the financial year 1925-26, the Air Secretary, Sir Samuel Hoare, announced in making public the estimates today.

While the service itself only asks £15,513,000, the secretary explained the Colonial Office asks £3,116,700 for air use in Palestine, Transjordan and Iraq, the Admiralty wants £1,920,000 for the fleet arm, and other amounts, including repayments and other ordinary appropriations, bringing the total to the gross estimate given.

Is Big Increase. This amount represents a net increase of £1,927,300 over last year's estimates, which totalled £19,392,000. One of the features of the estimate is an appropriation for air ships, which were not included for several years, and were only made last year through a small supplementary appropriation.

Have Gigantic Programme. The air secretary plans an increase in the enlisted personnel from 35,000 to 38,000 and the addition of seven more completely equipped home defence squadrons, making a total of twenty-five. The strength of the fleet arm will be increased toward the end of this year by four additional flights to meet naval requirements.

8 Squadrons in Iraq. With reference to Iraq, Sir Samuel says it is expected that it will be necessary to maintain eight squadrons there until the northern frontier is sufficiently stabilized, but the government intends to reduce the imperial garrison there, as soon as circumstances allow. While certain economies are being made in Egypt and Palestine, the equivalent of four squadrons will remain there for the time being. The estimates include £54,000 for the development of reserve and auxiliary forces.

HEAVY LANDSLIDE

MOSCOW, Feb. 19.—A tremendous landslide occurred yesterday on the Black Sea coast, near Sebastopol, about 130,000 tons of earth slipping into the sea. A peninsula, 150 metres long, and several islands, were formed by the slide.

The Weather

SYNOPSIS—Pressure is high over the northwestern portion of the continent and on the Atlantic coast, while a shallow depression is moving across the Lake region. Light snow has fallen in some sections of Northern Ontario; elsewhere the weather has been fair. Fairly low temperatures continue in the western provinces.

FORECASTS: Snow or Rain. MARITIME—Fair today, followed by fresh winds and more unsettled tonight and Friday. Probably local falls of snow or rain.

NEW ENGLAND—Cloudy tonight. Friday fair and colder; fresh to strong southwest shifting to west and northwest winds.

Temperatures. TORONTO, Feb. 19.— Lowest Highest during 8 a.m. Yesterday night

Table with weather forecasts for Victoria, Calgary, Edmonton, Winnipeg, Toronto, Montreal, St. John, Halifax, and New York.

Member Says Law Has Brought About More Drinking Than Ever in U. S.

BERLIN, Feb. 19.—Prohibition in the United States formed the centre of a heated discussion in the Reichstag yesterday in connection with debate on the bill providing stringent regulations for saloons.

RUMANIA WILL QUIT BUSINESS WITH GERMANY

Takes Drastic Step of Reprial in Reparations Dispute

THINK COMMUNISM IS BEHIND TROUBLE

Believe Political Differences to be Parly Responsible for Controversy.

BERLIN, Feb. 19.—The Rumanian government has ordered its officials to discontinue all negotiations and business relations with German citizens and officers as the latest drastic step of reprisal in the Rumanian-German reparations dispute, according to reports from Budapest. This report, apparently authoritative, following close on the heels of one stating that Germans were being brutally ejected from Rumania, has caused an even more tense situation here. Germans were dragged from their beds without warning in the middle of the night, and, half clothed across the border, reports from Hungary stated.

Political Disputes.

While the reparations dispute is thought to be the principal cause for the expulsion of Germans, reports stated that much of the trouble was due to political differences. Communism was reported as being partly responsible for the controversy.

FEARED HOLD-UP, WALKED INTO ONE

Jeweler Ordered to Throw up Hands and Loses \$5,000 Stock.

NEW YORK, Feb. 19.—When Louis Reich bought a jewelry store in the Bronx, a year ago, from Mrs. Bernard B. Brown he knew that Mrs. Brown was a widow and that the shop was purchasable only because her husband just a month before had ignored a command by robbers to open his safe and had fought them. Reich decided then that if ever he were in a similar position he would not resist. So when he found a man covering him with a pistol as he came from a rear room into the store, he threw up his hands at once and turned to the wall when told to do so. Two other men then entered the store and took \$5,000 worth of jewelry from the safe. When leaving one of the robbers told Reich not to move, and he obeyed. Only when he heard the door opened again and his name called did he turn around. It was his wife. In the hold-up in which Brown was killed nothing was stolen, the bandits running away after one of them had shot the jeweler.

GETS \$1,200 GOODS IN STORE BREAK

Man Arrested in Edmundston Robbery Later Allowed to go.

EDMUNDSTON, N. B., Feb. 18.—A burglary was committed last night in the jewelry store of E. J. Albert, the thief getting between \$1,000 and \$1,200 worth of jewelry. An out of town man was arrested and searched this morning but nothing of an incriminating nature was found on him and he was let go. The robbery was discovered about 7 o'clock this morning when people were going to work.

Says Prospects For Business Are Good

Thomas M. Malby, manager of the Newcastle branch of Baird & Peters, is in the city for a few days. Mr. Malby, when asked about business conditions and prospects for 1925, said he was glad to be able to say that prospects for this year were very good.

On the Miramichi the lumbering operations were on a satisfactory scale and it was expected the mills would be fairly busy this coming summer. The smelt fishing this winter had been a failure but this had not killed the optimistic spirit of the people and they looked forward with confidence to the future.

He said the new building of J. D. Creighton & Co. had been completed and they were now occupying it. This was one of the finest mercantile buildings in the province and a credit to the town of Newcastle.

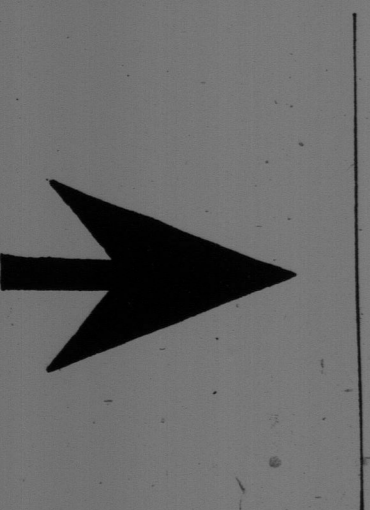

Mr. Malby expects to leave for home the latter part of the week.

So Much Grippe Schools Are Closed

MONTREAL, Feb. 18.—Owing to the many cases of grippe being daily reported, several local schools have been temporarily closed. The disease is regarded as constituting a serious situation, but it has not yet reached the stage of an epidemic, physicians declare.

LADIES' AID MEETS.

The Red Head Ladies' Aid United met at the home of Mrs. William P. McAfee last night, with Mrs. Oliver Gibson presiding. Following the sewing session refreshments were served by Mrs. James Turnbull, assisted by the Misses Maude and Bessie McAfee. It was planned to have the next meeting take the form of a gift social.

"My Fee is 25c"

If you were examined physically, your trouble diagnosed as Grippy Cold, Bronchial Cold, Sore Throat, Croup or Chills, a prescription written and the announcement made "my fee is 25 cents," you would wonder if you had heard aright.

Yet you are buying a doctor's prescription when you buy a 25 or 50 cent bottle of Johnson's Anodyne Liniment for the treatment of any of the ills above mentioned—and in addition this wonderful old preparation has a record of over 100 years of success.

Johnson's Anodyne Liniment is for internal and external use and its leadership as the most valuable of all family remedies has been established and maintained since the year 1816.

Rev. Dr. J. G. Sheares Speaks in Sussex

SUSSEX, Feb. 18.—Dr. J. G. Sheares, general secretary of the Social Service Council of Canada, addressed a largely attended public meeting in the Trinity Church Memorial Hall this evening. Alderman J. C. Mills presided. Dr. Sheares' talk was principally on the charge to the state from lack of care of defective children and he stressed the great need of keeping this class under control. His interesting and instructive address on behalf of social service work was brought into close touch with his audience by illustrated lantern slides.

HEART WAS WEAK NERVE ALL GONE

Mrs. J. H. Hallenbeck, 117-1-2 Weland Avenue, St. Catharines, Ont., writes:—"I was in a gas explosion; it left me with a weak heart, and my nerves were all gone. I suffered everything; couldn't sleep, or endure any excitement, and when left alone I felt as if I could scream. I took dizzy spells, often falling and bruising myself. My mother read about your Milburn's Heart and Nerve Pills, and bought me a box, but having taken so many different kinds of medicine it just seemed that I did not have any confidence in any of them. I took one box of H. & N. Pills, and felt so much better I continued with them until I had used five boxes, and after I had taken them I found I did not need any more. I cannot praise, or recommend, Milburn's Heart and Nerve Pills too highly after all they have done for me."

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

CAILLAUX COMING BACK.

PARIS, Feb. 19.—Joseph Caillaux, former Premier, who was exiled for five years and deprived of his civic rights for ten years for manoeuvres regarded as menacing the safety of the state, will tomorrow make a sort of triumphant re-entry into France.

Children Cry for Fletcher's CASTORIA

MOTHER:—Fletcher's Castoria is a pleasant, harmless substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups, especially prepared for Infants in arms and Children all ages.

To avoid imitations, always look for the signature of Dr. J. C. Fletcher. Proven directions on each package. Physicians everywhere recommend it.

We want you to make this test

WE want every weak, puny, fagged-out man and woman in America to make this test: buy one bottle of Tanlac at your druggist's, take it according to directions for one week and see how quickly you get started back to full strength and vigor.

We know what we are talking about. Tanlac has helped millions. In our files are more than 100,000 letters of praise from grateful users.

Don't confuse Tanlac with ordinary patent nostrums. It is Nature's own tonic and builder, compounded from roots, barks and herbs that we gather at great expense from the four corners of the earth.

Tanlac goes straight to the seat of your trouble; cleanses and purifies the blood stream; puts your digestion in proper shape. First thing you know you have an appetite like a starved child. You rest at night and your whole body begins to feel the stir of strength and energy.

Don't you be discouraged. Don't put off testing Tanlac another day.

Doucet Asks About Importation of U. S. Potatoes Into Canada.

OTTAWA, Feb. 18.—Questions of interest to the Maritime Provinces were answered in the House of Commons this afternoon. In reply to A. J. Doucet, Conservative, Kent, it was stated that in the calendar year of 1924, 66,874,178 pounds of potatoes were imported from the United States for consumption in Canada, and in 1925, up to Feb. 10, the quantity was 3,015,742 pounds.

Since the beginning of the fiscal year 1921-22, a total of \$1,163,845 has been paid by the Federal Government to the Province of New Brunswick under the Canada Highway Act, of which \$488,893.74 was paid in the fiscal year 1921-22; \$371,973.01 in the year 1922-23; \$207,202.60 in 1923-24, and \$305,855.65 so far in the fiscal year 1924-25.

In reply to a question by E. W. Robinson, Hon. W. R. Motherwell, Minister of Agriculture, stated that the introduction of a bill providing for the control of the composition, manufacture and sale of insecticides and fungicides is now under consideration by the Federal Government.

WEDDING ANNIVERSARY.

Mr. and Mrs. David M. Lawson, who were present at the dance at the Plaza in East St. John last night were made the recipients of a handsome bouquet when it was learned by those assembled that it was the 22nd anniversary of the marriage. The presentation was made by H. B. Peck and his hearty congratulations were endorsed by all present. Among the guests were Mr. and Mrs. O. A. Patriquin who acted as bridesmaid and best man at Mr. and Mrs. Lawson's wedding.

ST. JOHN, N. B., FEBRUARY 19, 1925

A FINE SPIRIT.

There is a fine spirit of national vigilance and determination, and admirable evidence of awakened national co-operation behind the movement originated in the Maritime Provinces which has now enlisted such general and enthusiastic support throughout Canada.

The great port of Montreal, which is already compelled to consider an extension of its own facilities because of the growth of the traffic its port management forces, joined in the movement yesterday through its Board of Trade and the local branch of the Canadian Manufacturers' Association, and the Chamber of Commerce is likewise to fall into line. The Maritime ports are to Canada in the winter what Montreal and Quebec are during the open St. Lawrence season, and the policy of routing our exports through our own channels, and bringing our imports into the country through its own harbors is immensely strengthened by the enlistment of the Montreal interests which went on record yesterday.

Meanwhile the Pacific Coast ports are in line, and the formation of the great delegation from the Maritime Provinces, which is to join with the representatives from other parts of Canada, goes forward daily with impressive success.

This fine spirit, evincing a determination to give the Dominion the benefit of a really national transportation policy, now animating the whole country, gives all parties in Parliament a striking opportunity to agree upon prompt and bold action after the delegation has presented its case next week.

YOUNG HORNETS AND THE GROWN-UP KIND.

It would be easy to attach altogether too much importance to the flag incident in Drumheller, Alberta, yet there is a lesson in it, particularly with respect to future immigration.

By making the right sort of investigation, and by following that with the right sort of action in selecting immigrants, the Drumheller case might be turned to good account.

Recently in the Alberta town some pupils at the public school declined to sing the National Anthem, to salute the flag, or to acknowledge school discipline. The children said that they were acting on instructions given them by their parents. There was a school board election in Drumheller on Monday, and the question raised by the conduct of the children, whose parents are Communists, was the principal issue. Two of the candidates in this election were Communists, and they boldly supported the action of the children to flaunt their contempt for our patriotism and for British institutions.

These Communist candidates were defeated, their combined votes being 1,013 as compared with 2,223 votes cast for "the peoples' candidates," who denounced Communist action and Communist propaganda. All children attending the school in future will be compelled to abide by the laws of the school board. Obviously, no election should have been required to establish that.

Drumheller, which is a coal mining town, has a large foreign population, and it is worth noting that among those qualified to vote in a school election there were more than a thousand who voted directly in support of doctors, which, if they could be carried into practice, would destroy our most cherished institutions.

Evidently there is a nest of "Reds" in Drumheller, and there are a few similar hornets' nests scattered over the Dominion, unimportant as yet, but worth watching, because they should not be allowed to grow through defects in our immigration law and weaknesses in the inspection and selection of immigrants, any more than they should receive encouragement by failure on the part of the good British subjects who surround them to vindicate our laws and our institutions whenever they are directly challenged.

The "Reds" do not understand good treatment. They, like their brothers in Moscow, believe that tolerance toward them, or hesitancy to check promptly their vicious activities, arises from fear rather than from good nature or from a desire to live in peace with one's neighbors.

No civilized and law-respecting nation can deal effectively with its hornets' nests by merely advising the worms, or by ignoring it, or by punning perfume at it through a long hose.

A host of people in this city, in New Brunswick, and indeed throughout Canada, will be glad to read that Hon. Dr. Pugsley's condition continues to improve.

Notice of the resumption of full time in the local cotton mills this week is in our news.

MONEY FOR HEALTH.

The people of some New Brunswick communities, clearly, do not like to pay money to support any extension of the public health service. But, while nobody likes taxation, such people will change to a great extent their attitude toward health appropriations and health activities if they are steadily shown what they get for their money.

We quote here a rather striking comparison between the results secured in Toronto and Montreal, as set out by the Toronto Star. We in New Brunswick are not at all interested in exalting Toronto as compared with Montreal, or Montreal as compared with Toronto, wishing these two prosperous and admirable cities good health and good luck; but we feel that, as a contribution to health education here, to quote the following:

"Pure water, pure milk, public health nursing and the educational campaigns of Toronto's public health department are directly responsible for lower death rates, fewer epidemics and the better control of epidemics when they do eventuate.

"Toronto has a population of 843,000. Montreal, 635,000. Montreal is less particular about her water supply, does not insist upon clean and pasteurized milk, has not been as active as Toronto in educating her people in the simple health precautions which mean the difference between life and death. Hence, in 1924—

"Fifty-one died from typhoid in Montreal and only five in Toronto, four of Toronto's cases being directly traceable to outside sources.

"In Montreal 911 died from tuberculosis. The Toronto figure is only 340, including Toronto people who died in outside sanitariums.

"In Montreal, 3,181 infants under a year old were buried in 1924, in Toronto, only 912.

"In Montreal, 1,172 infants died of diarrhoea and enteritis, chiefly milk-borne in their nature. In Toronto, only 76.

"These things either count or they don't count. If they do count, Toronto's expenditure upon a modern health department has not been in vain."

Public health service is still new in New Brunswick. At first it was extended more rapidly than the understanding and the appreciation of the people, particularly in the rural districts, justified, for their consent, their good-will and their active support are all vitally necessary in order that co-operation may be general and the service maintained at a high point of efficiency.

This is a day in which we talk about conservation of all kinds of assets. There are two assets beyond compare. They are life and health. As necessary, and full co-operation in fighting a physical enemy preparation, organization and full co-operation are necessary, are these indispensable in fighting disease. The logic of the facts is inexorable.

The Maritime Provinces have given the country at large a striking and inspiring lead with respect to national unity, all Canadian transportation, and the adoption of policies conferring equal benefits upon all part of the Dominion. The response from the other provinces has been both spirited and unanimous. When the great delegation reaches Ottawa it will represent a body of sentiment such as has not been in evidence in this country for a great many years.

other offerings which were worse than the one quoted. Having sampled it, what do you suppose the others were like?

In reply to a question asked in the House by Dr. Murray MacLaren, it is shown that 233 carloads of automobiles, and fifteen carloads of other freight, originating in Canada, were routed overseas through New London, Conn., during 1924, and carried from that port by vessels of the Canadian Government Merchant Marine. Thanks to the Maritime campaign, the flow of Canadian freight through New London will be discontinued. The example of the Ford Motor Company of Canada in routing its outgoing freight through Canadian ports will doubtless be followed by most Canadian shippers, and it will be expected that the C. N. R. authorities hereafter will instruct their agents to make every endeavor to convince shippers that Canadian ports can be used to better advantage than those of another country. Canadian freight for Canadian ports is the only sound policy.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

Where's the Waist?

Paris of Troy was not more seriously put to it than the Parisian dressmaker, says the New York Times. A national and indeed a racial problem is involved. Each successive style they promulgate must be worn by all French women and also by all Americans. The Anglo-Saxon Nordics are slim and rangy; but the French, being of Mediterranean stock, are rather short from the waist downward. Under such circumstances, can the waist be still further lowered? The long-legged Nordics might stand it, but the Mediterraneans would more nearly than ever resemble dachshunds. Compared to this, how easy the problem of Paris, son of Priam! That most troublesome of all questions, clothes was decided. He merely said which goddess was fairest, and she was so. But Paquin, Poiret, George, et al., have not only to drape their rival fair ones, but to convince each when he has done it that she bears the palm of beauty.

To all appearances, the Nordic has once more conquered. The back line is to be "straight as last year" and skirts shorter than erstwhile. One wonders what men will be made of it by Rath Draper's class in "Greek Point"—glorious Venus arrayed like Diana the Huntress. But this is not the worst. At least one exponent of the judgment of Paris, Paquin by name, has decided that "the waist shall be lower than ever."

Public health service is still new in New Brunswick. At first it was extended more rapidly than the understanding and the appreciation of the people, particularly in the rural districts, justified, for their consent, their good-will and their active support are all vitally necessary in order that co-operation may be general and the service maintained at a high point of efficiency.

This is a day in which we talk about conservation of all kinds of assets. There are two assets beyond compare. They are life and health. As necessary, and full co-operation in fighting a physical enemy preparation, organization and full co-operation are necessary, are these indispensable in fighting disease. The logic of the facts is inexorable.

The Maritime Provinces have given the country at large a striking and inspiring lead with respect to national unity, all Canadian transportation, and the adoption of policies conferring equal benefits upon all part of the Dominion. The response from the other provinces has been both spirited and unanimous. When the great delegation reaches Ottawa it will represent a body of sentiment such as has not been in evidence in this country for a great many years.

His First Bond.

A man's purchase of his first bond has often been the turning point in his financial career. He begins to take a pride in his financial sagacity. Money commences to mean something more to him than a means to entertainment.

FOLEY'S PREPARED FIRECLAY FOR LINING YOUR OWN STOVE.

Sold by Hardware Dealers.

If you his temper would unbine And his most sacred rights infringe Or, excommunicated, singe Where fiends forever wage and cringe Exploring that a drop of ginge— It is as sure as their tongues impinge, Address him then as Doctor Inje; But if you prize the proper thing Be sure you call him Doctor Inje. Unless, your ignorance to screen, You temporize with Mister Dean, But be advised by me, and cling To the example of the king. And fearlessly pronounce him Inje. Then rush to hear him have his singe In Paul's and places where they singe.

"Hot Afternoons Have Been in Montana" is the title of a poem—a poem is the word—which has just been awarded first prize by the editors of the New York Nation as the best of 4,000 manuscripts submitted. The title should in some measure prepare the reader for what follows it, which is even more distressing. However, here is an extract from the prize collection of words:
In 1755, Braddock was ambushed and died, and then, in Paris men and women, wrote of philosophy, who were elegant, witty, and thought spirit was of matter; said Diderot, Helvetius, and Madame du Deffand; Samuel Johnson was in London then; Pitt was in England; men lived in Montana, Honolulu, Argentina, and near the Cape of Good Hope; O, Life of Man, O, Earth; Earth, again and again!
And there have been hot afternoons, all through time, history as men say;
Hot afternoons have been in Montana.
Remember that there were 3,999

Early Days.

(David Morton, in Scribner's Magazine) There comes a day between the snow and flowers, When the frank earth, returning brown and bare, Lies drenched with dream through mystical white hours, Before the thickest leaf or spear is there;

It were as though the listening lag had heard Incredible tales the roving wind would tell. Or skies that opened for a singing bird, And fields that were a flowery miracle.

These early days, when changing light and bloom Are on her virgin mustings, I have found The earth more lovely than her wonted bloom; And this hushed, eager waiting for the sound Of far-off bugles and the hidden drum, More beautiful than flowers when they come.

IN LIGHTER VEIN.

Worth Knowing.
"Know the Smiths? No? I'm sure you'd like them."
"How is that?"
"Well, they are the kind you can tell to drop in any time and you feel sure they never will."—Life.

That Proofreader Again!

"What do you mean by implying that I have dishonestly covered myself with the people's money?" demanded the city treasurer, as he rushed into the office of the local paper.
"What's the trouble?" casually queried the city editor.
"Here it is," indignantly continued the public official, pointing to a news item. The item began: "William Blinn, who is encrusted with the public funds . . ."

"Speak It Not In Gath—"
"Publish it not in the streets of Asoalon."
That the manager of the Power Co. has his cosy home lighted by Hydro—
AND—
That the director of the Power Co.'s attacks on Electric Ranges, which advise you instead to get a gas stove—
—fails to practise what he preaches and prefers an Electric Range in HIS home.
Now don't anybody be so punishing as to cry "hypocrite." It's uncomplimentary.
After all, who can help enjoying Hydro and who can resist the smarter cooking of an Electric Range?
See all models and examine the records that prove Hydro Electric Ranges cook cheapest of all and save their purchase price many times over. Ten months to pay after delivery.
"GAS" GAGS
Why need the Power Co. spend \$25 in an ad. telling how many gas ranges were here?
No one needed to know. We can smell them. Why not speak of the FUTURE? London, Ontario, a city the size of St. John, where gas is cheaper than here, and Hydro cooking about the same, enjoys 2,000 Hydro Ranges. When St. John has that many Hydro ranges will go still lower.
YOUR HYDRO
Canterbury street.

Repeated Tests Prove Gas Cooking to be the Peoples' Way
While an Electric Range is Heating Up, the Gas Range is Busy Doing the Family Cooking or Water Heating.
The two most important objections to the Electric Range, as compared with the Gas Range, are the high costs of the Electric Range and its slowness in heating.
The installation cost of an Electric Range is, approximately, four times as great as that of a Gas Range of the same type.
LADIES, HERE'S A SIMPLE TEST
To bring a pint of water to the boiling point, after turning on the electricity or the gas, requires 1½ minutes on an Electric Range and but 4½ minutes on a Gas Range.
We shall be pleased to demonstrate this, at any time, to anyone interested.
AGAIN, LADIES, COMPARE THE COSTS
The following is a detailed comparison of the cost of an Electric Range and a Gas Range, installed. It is based on the cheapest Electric Range (\$72) and the cheapest Gas Range (\$38) and, in each case, allows for a typical run of thirty feet of special electric wiring or gas pipe:

All Parts of Canada Join in Fight for Restriction of Preference to Home Ports

CITIES IN EAST AND WEST TO SEND DELEGATES TO OTTAWA

Montreal, Vancouver, Woodstock, Hartland, Digby, Chatham and Newcastle Name Delegates to Impress Demands on Parliament

FROM East, West, North and South Canadians are flocking to the banner of those who are battling for the capacity use of Canadian ports for Canadian trade and the restriction of the British preference to goods entering the Dominion through our own harbors.

HAS ASSUMED NATIONAL ASPECT

This movement, born in the Maritimes, has already assumed a national aspect and Canadians in all quarters, recognizing that what is good for the ports in the seaboard provinces is good for the rest of Canada, are heartily endorsing the scheme.

MORE TOWNS ENLIST IN MOVEMENT

The support of Bathurst and Moncton already has been recorded and today it can be announced that Vancouver, Montreal, Woodstock, N. B., Hartland, Digby and Chatham and Newcastle will send representatives with the deputation to Ottawa.

A week remains before the interview with the Government and other towns and other individuals are sure to enlist in this thoroughly patriotic campaign to secure for Canada and Canadians their full share of the benefits that accrue from Canadian commerce, much of which now goes to alien harbors and railways.

Canadian Press Despatch.

WOODSTOCK, N. B., Feb. 18.—At a very representative meeting of citizens tonight the question of Maritime rights was discussed and the matter ably presented by E. A. Schofield and G. L. Warwick of St. John.

Decision to Send Representatives

to the conference was taken at the request of A. M. Belding, representing the Telegraph-Journal and Times-Star, of St. John, N. B.

Mr. Belding, who left for the East this morning, will urge similar action with Calgary, Moosejaw, Regina, Winnipeg and Fort William.

Gives History of Movement.

WOODSTOCK, N. B., Feb. 18.—At a very representative meeting of citizens tonight the question of Maritime rights was discussed and the matter ably presented by E. A. Schofield and G. L. Warwick of St. John.

National Movement.

It was an opportune time to get together and form a joint delegation to proceed to Ottawa, he declared. An enthusiastic meeting had been held at Halifax and a really national movement started. The movement was non-political in every sense.

A special train had been arranged to carry the Maritime delegation to Ottawa. It would leave St. John Feb. 25, arriving at Ottawa the next day at 11 a.m. The delegation would meet the cabinet in the afternoon, returning at midnight on the 26th, but delegates could remain until March 4.

E. A. Schofield.

E. A. Schofield made an eloquent appeal for unity in this Maritime movement. Mr. Schofield said that the movement appeals to everyone in the Maritime Provinces, and it is a chance to do something as a unit.

It was time the Maritime Provinces rose in a body and let the rest of Canada know we are an important part of Canada, and entitled to some recognition.

The Telegraph-Journal had at its own expense sent a man to coast and had done a wonderful work. In this particular question we could reasonably drop our politics in so far as our rights were concerned, he said.

Thanked For Address.

Hartland had already said that they would be prepared to send delegates. Mr. Schofield said.

Dr. W. D. Rankine said the present movement was in accordance with what should be done. It was an opportunity and a bold attempt should be made to go after it.

Mayor Boyer, Councillor White, of Hartland; W. S. Sutton, and Town Manager Rutledge spoke briefly. Mayor Boyer presided at the meeting and on motion conveyed a vote of thanks to Messrs. Schofield and Warwick, to which they gratefully replied.

On motion of Dr. Rankine, the resolution urging upon Parliament to adopt the all-Canadian transportation policy was adopted.

North Shore Enlists.

CHATHAM, Feb. 18.—The Chatham Board of Trade and Town Council at a joint meeting today and later the Newcastle Board of Trade and Town Council at a joint meeting, heartily endorsed and then adopted the resolution endorsing the proposals respecting Canadian ports made in the Speech from the Throne, urging upon Parliament the adoption of measures for immediately confining the benefits of the British preferential duties to goods im-

Took Freight From U. S.

OTTAWA, Feb. 18.—Answering a question by Dr. Murray MacLaren, C. M. G., M. P., of St. John, it was stated in the House of Commons today that the following vessels of the Canadian Government Merchant Marine were employed in carrying freight from New London, Conn., overseas in 1924: Canadian Pioneer, Canadian Spinner, Canadian Challenger and Canadian Explorer, one voyage each.

The record of shipments, in carload quantities of freight so carried originating in Canada is as follows: Automobiles, 233 carloads; iron and steel, 4 carloads; paper, 5 carloads; lumber, 1 carload; rubber goods, 2 carloads; machinery, 1 carload, and miscellaneous, 2 carloads.

MONTREAL JOINS MARITIMES IN PORT CAMPAIGN

Chambre de Commerce and C. M. A. Will Support Appeal to Ottawa

Canadian Press Despatch.

MONTREAL, Feb. 18.—The Maritime Provinces "national ports" delegation added the Board of Trade of Montreal and the local branch of the Canadian Manufacturers' Association to their strength and were promised the sympathetic consideration of the council of the Chambre de Commerce when that body meets, when they presented their case for "Canadian goods through Canadian Ports" to the two first-named bodies today, and conferred with President Paul Joubert, of the Cham-

bre. For All-Canadian Policy. G. LaFollet, second vice-president of the Board of Trade, was named to be a member of what it is hoped will be a Dominion-wide delegation which will meet the federal Government on Feb. 26 and urge that Canadian tariff preference be limited to goods imported through Canadian ports and to expedite the use of Canadian channels for the country's export trade.

Pass Resolutions. Like the council of the City of Quebec Board yesterday, the Montreal body and the local Canadian manufacturers' organization came to the support of the principle by resolutions. The Montreal board also endorsed the intention of the Federal Parliament to equip Canadian ports so as to enable them to meet the requirements of modern navigation, but added the proviso that in event of the existing facilities at any Canadian port being found inadequate provision be made "of immediately necessary facilities only for the most careful consideration."

Assured of Consideration. The visit to the Chambre de Commerce did not coincide with the meeting of that body but a conference was held with President Joubert, who assured the delegation of sympathetic consideration of their claims by the council after due consideration.

George S. Campbell, Halifax, president of the Bank of Nova Scotia, was added to the strength of the Maritime delegation today and appeared with Mayor Murphy, Halifax, and J. D. McKenna and W. S. Fisher, former Canadian Manufacturers' Association president, of St. John.

Those Present. The following members of the Montreal council were present: A. O. Dawson, president; Robert Starke, first vice-president; G. LaFollet, second vice-president; George Henderson, treasurer; H. T. Diplock, R. L. Ewing, Paul Gilbert, W. C. Hodgson, George Hogg, George C. McDonald, James W. Nicoll, Guy Tombs, and R. C. Vaughan.

Today's council meeting was held in private and was devoted entirely to the hearing of the Maritime delegation.

issues Summary. The following summary was given out by J. Stanley Cook, secretary of the Montreal board: "While emphasizing the fact that their proposals were intended to benefit all Canadian ports, the members of the delegation stressed the necessity of something being done to encourage the routing of winter traffic through Maritime ports. The state of unrest and dissatisfaction prevalent in the Maritime Provinces could only be removed by the immediate exercise of a practical sympathy by fellow-Canadians in the rest of Canada.

Preference Restriction. "As one method whereby Canadian ports generally, and more especially Maritime ports, might be helped, the delegation advocated the immediate passage of legislation by the Federal Government to confine the benefits of the British preferential tariff to goods imported through Canadian ports. This, it was pointed out, was only the logical (Continued on page 11).

ADVOCATES EMBARGO ON CANADIAN WHEAT

Vancouver Sun Urges Measure in Retaliation For U. S. Fordney Tariff—Says It Would Benefit Canada Directly or Indirectly

BY A. M. BELDING

Special Representative of The Telegraph-Journal and Times-Star now touring Western Canada in the interests of the Maritime Provinces.

VANCOUVER, Feb. 18.—The Vancouver Sun, under the title, "No More Wheat for the United States," says: "With Washington angling for even heavier import duties on Canadian wheat, it is up to the Canadian Government to enact sufficient embargo legislation to prevent one single bushel from crossing the American line in or out of bond.

Senator Robinson Favors Delegation

Senator C. W. Robinson, of Moncton, who was in the city yesterday of private business, said last night that he believed that the monster delegation planned for next week to Ottawa to urge the Government to make the British preferential duties effective on goods only when shipped through Canadian ports, would help a lot.

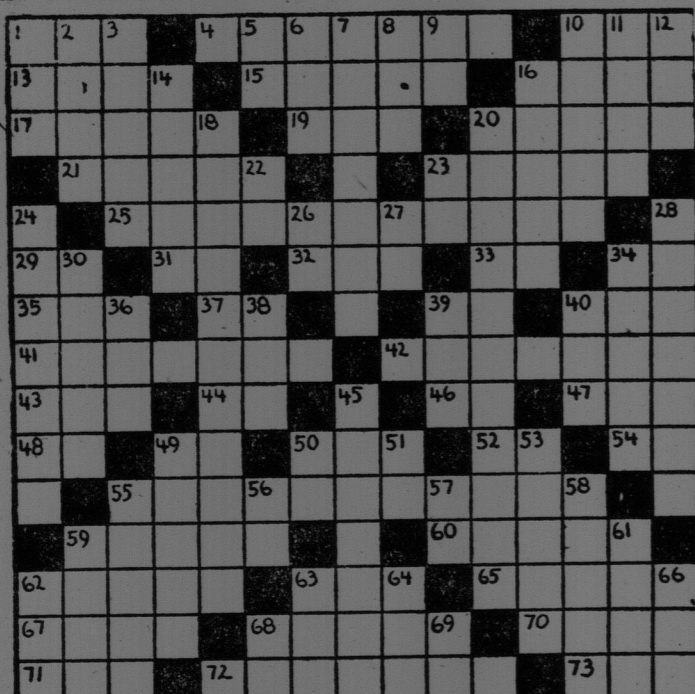

85 TABLES USED.

The first bridge and forty-fives party held under the auspices of a committee from Stella Maris church, East St. John, last night was a distinct success. There were 85 tables playing both games but the majority preferred the old-fashioned forty-fives. The first ladies' prize for forty-fives was won by Miss M. Culley; the second by Miss Elizabeth McInerney. The gentlemen's prizes were won by Charles O'Brien and Walter Cosman. The Frank prizes were won by Mrs. Frank Fitzgerald and Justin O'Pray. Refreshments were served.

Manchester Robertson Allison Limited. KING STREET GERMAIN STREET MARKET SQUARE. Stores open 9 a.m.; Close 6 p.m., daily. Announcing Spring Arrivals In Society Brand Clothes. Men are already selecting Spring Clothes from among our fine collection of New Models. There's everything new about them. The English influence continues to hold sway and is noticeable in these fine suits from the well known "Society Brand" makers. Long after the novelty of the fabric is gone, the inimitable Society Brand cut will give satisfaction every day you wear it. The effect of the correct cut improves as the suit conforms to the lines of the body. And it's always in good style—a good looking suit. That's why a man who has once worn Society Brand Suits will hardly ever wear any other kind. It's all in the cut. The showing of authentic spring styles now in progress here should be of interest to every man. Give it a few minutes of your time tomorrow. (Men's shop—2nd floor.) PYTHIAN KNIGHTS HOLD CELEBRATION

Sixty-first Anniversary Observed With Special Lodge Work.

The 61st annual celebration of the Knights of Pythias in St. John in which the four city lodges participated was begun last evening in the Pythian Castle with about 800 Pythians present and was a highly successful event. Two candidates were initiated into the rank of knight and all ceremonies were carried out impressively. The four city lodges and their chancellor commanders are as follows: St. John, No. 30, R. H. Gale; New Brunswick, No. 1, W. H. Vall; Carleton Tower, No. 37, J. S. Allan; and Union, No. 2, C. A. Noble. The Knights of Pythias orchestra, composed of Knights Brittain, Thomas, Brookins and Stevenson, furnished excellent music.

Past Chancellors.

The rank work was conducted by the following officers from the city lodges, all members of the Past Chancellors' Association: C. C. F. M. Hamm; Y. C. J. A. MacKay; P. John Thornton; M.

of W. J. Kelly; M. at A. F. Dolig; I. G. Walter Peters; O. G. R. W. Graham; K. A. G. Brown; and attendants, A. E. Prince and R. P. Seeley. The guard of Adia Temple, No. 157, D. O. K. K., performed the floor work in connection with the conferring of the rank and was also seen in fancy and difficult drills which were very much appreciated by all present. The guard was under command of Capt. F. J. Newcomb and consisted of the following: Knights Heans, Henderson, Smith, Keyes, Garrick, Chase, Young, Reed, Lammon, Colwell, Campbell, Boyer, Wood, Perry, Bell and MacKay. Others taking part in the degree work were G. Currie, L. Marshall, W. J. McAlary, Frank Greason, E. G. Watters, E. A. Young, C. T. Jones, L. D. Munro, B. Stilwell and A. Patterson.

The anniversary celebrations of the order will be continued this evening, when an entertainment programme will be given in the Pythian Castle by some of the best local talent and an informal dance will be enjoyed.

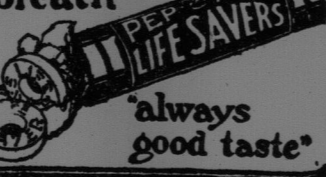

PARLIAMENT OPENS.

ST. JOHN'S, Nfld., Feb. 18.—Second session of present administration opened yesterday, under most auspicious circumstances, that has marked assembling of parliament for many years. Many changes in statutes forecast with marked reduction in taxes.

Starts New Branch Of Bible Society

Miss C. Maude Haslam, of Springfield, P. E. I., who has been in charge of the memory work department for Sunday schools of the Canadian Bible Society, is now in St. John in connection with the organizing of a similar branch of the society's work in this province.

CUBS' STUDY CLASS.

The first study class for Cub leaders to be held in Canada opened last night in the Health Centre with L. L. Johnson, assistant district commissioner for Wolf Cubs, in charge. There was a large attendance last evening and the A. K. E. L. A. correspondence course, which is the Cub leaders' Gilwell course, was taken up. Discussion of various matters connected with scout work was carried on. Each member was given a subject to speak on, after which the others discussed that subject.

Social Notes of Interest

Mrs. A. E. MacAlary entertained at an enjoyable bridge of five tables yesterday afternoon at her residence, Princess street. The prizes were won by Mrs. Parker Hamm and Mrs. John H. Vaughan. WORLD'S FEATHERWEIGHT CHAMPION BADLY INJURES HIS HANDS

KID KAPLAN'S
FORCED TO REST
FOR 3 WEEKS

Sammy Mandell And
Ricky Kansas Also
On Crippled List

LOS ANGELES, Calif., Feb. 19.—Kid Kaplan, world's featherweight champion, bruised his hands so badly in his recent fight here with Bud Ridley of Seattle that he will be unfit for action for another three weeks.

Mandell Pulls Tendon.
CHICAGO, Feb. 19.—Sammy Mandell, Rockford, Ill., lightweight title claimant, will be out of the boxing ring a month, according to Eddie Kane, his manager. Mandell pulled a muscle in his left shoulder while boxing in California.

No Bones Broken.
NEW YORK, Feb. 19.—The X-ray has shown no broken bones in the hands of Rocky Kansas, Buffalo lightweight fighter. Sprains are expected to delay Kansas' entry in the lightweight elimination tournament here next week but probably will not prevent it.

Having Hard Luck.
The New York Boxing Commission are having hard luck in their efforts to stage a tournament to decide the successor to Benny Leonard, who relinquished his crown some time ago. First, four of the leading contenders decide they will not participate, and now Rocky Kansas is crippled. Even if his hand is better he will not be able to train properly for the big test.

BRITISH FOOTBALL

LONDON, Feb. 18.—(Canadian Press Cable)—Results of football games played in the Old Country today were as follows:
Soccer—First Division—Scottish, Falkirk 1, Rangers 1.
Raith 2, St. Mirren 2.
Second Division.
St. Bernard's 2, Stenhouse Muir 0.
Boness 1, Arbroath 1.

A CHALLENGE.
The Stone Church All-Stars wish to challenge the German Street Church Trail Rangers to a game of basketball on the German street floor on Tuesday at 7:30 o'clock. If accepted, an answer through the Times-Star today is requested. The Stars would also like a game with Exmouth Street Trail Rangers on Stone church floor this evening.

WRESTLER WINS AGAIN.
CHICAGO, Feb. 18.—Wagon "Big" Munn, champion of the world's heavyweight wrestling championship, tonight slammed Mike Romano, Italian heavyweight, to the floor twice in less than ten minutes and won a match, best two of three falls, with the same hold that gave him recent victories over Ed "Strangler" Lewis and Stanislaus Zbyszko.

Don't Shirk
Your Meals

If Food Distresses Due to Indigestion
Stuart's Dyspepsia Tablets Will
Give You a New Stomach
It is really astonishing the way one or two Stuart's Dyspepsia Tablets sweeten your sour stomach, soothe your inflamed heartburn, take off the flat, make you feel easy, contented and ready for the next meal with a hearty appetite.
It is because these tablets give your stomach an alkaline effect. They also aid digestion. You eat meat, beans, pie, hot bread, seasonal dishes, and you get no relief. You prevent distress of indigestion by using Stuart's Dyspepsia Tablets. They serve to stimulate stomach and intestinal secretions that enable you to get the full nutritive value of your food.
They are the standard for dyspeptic conditions and are sold in drug stores everywhere. Buy a box and try them today. They won't fail you.

February and
March Most
Dangerous
to Health

Father John's Medicine Gives
Fighting Strength to
Resist Disease

According to the latest figures issued by the Dominion Bureau of Statistics, there are more deaths per day during February and March than in any other months of the year. This shows the weakening effects of the winter and the danger of allowing coughs, colds and a run-down condition of the system to continue.
When people begin to look pale and peaked; when they are always tired and have no appetite; especially if they are troubled with a cough, especially if they are all winter; they are in daily danger of the diseases which are so prevalent during the most dangerous months of the year.
What these people need is fighting strength to protect them against disease, and Father John's Medicine was originated to combat such conditions.
It is the prescription given by a doctor to Reverend Father John O'Brien, of St. Patrick's Church, Lowell, Mass., in 1855, and has been used continuously ever since by thousands of people who needed a flesh building, nourishing rich food elements to nourish nerves and tissues and pure rich blood. If you have a cough, which has failed to improve with ordinary treatment—or if you are run down—build up your strength and vitality. Father John's Medicine contains no alcohol or dangerous drugs and is safe for every member of the family.

St. Johns Badly Beaten In Final League Game of Western Section

Along the Sport Trail

By RAY HANSEN

SPORT WRITERS in England are still paying tributes to the memory of Jim Driscoll. They consider he was a wonderful exponent and one of the handsomest and staunchest featherweight pugilists that ever stepped inside a ring. Upon his retirement he developed galloping consumption and the end was only a matter of time. He was an idol among English followers of the sport, who favored his style and marked gameness. A story is told about him during the bout in which Georges Carpentier gave Bombardier Wells a sleep producing wallop after 70 seconds of fighting. Jim, a dapper figure in evening dress, was present and when he saw the Frenchman drop the Britisher tears of rage began running down his cheeks and he started pulling off his coat, apparently bent on going into the ring himself, regardless of size and weight, in a desperate effort to restore British prestige. It can readily be understood why a man of this type was a popular favorite.

IN VIEW of the fact that steps are now being taken to convert the present National Hockey League into an international organization with teams from New York, Boston, Cleveland and probably Buffalo in addition to the Canadian clubs an opportunity should be afforded some of the leading Maritime players to get into the big circuit. One of the most outstanding players in these parts is Lamb of Sussex, whose brilliant work against the St. Johns won the admiration of fans in general. He is a husky youth, an exceptionally fast skater and a clever stick handler. If an opportunity ever comes his way he should take advantage of it for he has the earmarks of a big leaguer.

"BABE" RUTH will undoubtedly be delighted to learn that the St. Louis Browns have released Pruettt to the Oakland Club. He is a southpaw pitcher and became quite famous because of his ability to strike out Ruth, the "mighty king of swat." It seemed that the southpaw was a regular jinx for the Babe, although he did not seem to be nearly as effective against other members of the club. The St. Louis management is evidently out to make or break the club for Pruettt is the sixth member of the pitching staff to be let go since the close of the 1924 campaign. The others were Shocker, Kolp, Bayne, Lyons and Volght.

"CANNONBALL" EDDIE MARTIN, who recently won the bantamweight title from Abe Goldstein, is the youngest professional boxing champion of the world. He is just 21 years of age and ordinarily should have a long career ahead of him in the ring. However, critics feel he will follow in the footsteps of "Battling" Nelson and Ad Walgate because of his rushing style, which necessitates absorbing much punishment in order to win. Mike McTigue, according to records, is the oldest champion, 32 years; Harry Greb is 30, Jack Dempsey and Benny Leonard 28 and Mickey Walker and Pancho Villa 28.

"PA" STRIBLING, father and manager of "Young" Stribling, has refused an offer to match his charge against Jack Delaney of Bridgeport. In a bout of this kind "Young" Stribling has practically everything to lose and nothing to gain. Delaney is a dangerous opponent for any of the light heavyweights and Stribling is too young to be sent against a boxer of his ability. There is time enough for him to meet the leading contenders for the title when he becomes of age. His father is apparently showing judgment in his choice of opponents. Many a promising boxer has been ruined by a poor matchmaker.

Shots Off the King Pin

Argentine Boxers
En Route To States

BUENOS AIRES, Feb. 19.—Two Argentine boxers, Alfredo Porzio, a heavyweight, and Pedro Quartucci, a lightweight, are en route to New York on board the steamship Vauban. They are ambitious to defeat all the men in their respective classes. Both boxers are entering the professional ranks for the first time. They were members of the Argentine Olympic team at Paris. Porzio's only defeat was at the hands of Von Porat of Norway, who won the Olympic heavyweight championship. Quartucci won four bouts in Paris.

LOGAN BROTHERS
WILL NOT PERFORM

Decide Not to Compete in
Policemen's Sports—Will
Enter Championships.

There have been conflicting reports in circulation throughout the city regarding the entry of the Logan brothers in the policemen's sports this evening. Fred Logan, their father, announced this morning that they would not be entered. He explained that both have been through a hard campaign on the big circuit and he was not anxious to have them compete again until the New Brunswick and maritime championships, although he would have considered allowing Willie to skate if a suitable prize was put up for competition. He pointed out that he has not been skating on the circular rink and will need practice to get used to it. As he has only been home two days he has had little opportunity to practice and as a result he is taking a chance of falling and injuring himself and he did not consider it wise. He regrets that he will have to disappoint the fans, but says they will have an opportunity to see him perform in the championship meets.

Valuable Dog Dies
Following Injuries

Dog fanciers will regret to learn that W. A. Carvell's valuable cocker spaniel "Si" Moke Namsig" died as a result of injuries sustained when he was run over by an automobile in Union street yesterday. He had won seven points in his championship and was on his way to the championship points at Halifax and New Glasgow and in the former was awarded a silver cup for the best cocker spaniel in the show.

Kings County League
Game Won By Sussex

SUSSEX, Feb. 18.—At the Royal Arena rink tonight in a game in the Kings County School League, Sussex defeated Rostay Commodore School by the score of 9 to 5. The game, which was fast and clean, was refereed in a satisfactory manner by Cecil Brooks.

HOCKEY GAME TONIGHT.

Three games will be played in the Intermediate Hockey League tonight, one in the Arena and the other two on Belyea's rink in West St. John. The Arena will have the Canucks and School teams will play at 6:15 o'clock and on Belyea's rink the Martellos game and the Trojans and Nationals in the second.

MUST HAVE CERTIFICATES.

All skaters taking part in races in Victoria rink tonight must have their certificates with them. As it is said some boys have entered races which they were ineligible to participate in.

ST. F. X. TEAM WINS.

HALIFAX, Feb. 19.—St. Francis Xavier defeated St. Technical College 4 to 1, in the intercollegiate hockey fixture played here last night.

Dies From Heart
Failure At Game

TORONTO, Ont., Feb. 19.—William E. O'Neil, 38, died at the Royal Victoria hospital here last night, during the professional hockey game, between St. Pats and Ottawa, dying almost immediately of heart failure.

TO LINK EIGHTEEN
CITIES BY RADIO

Plan Hook-up to Allow of Simultaneous Broadcast Through WEAF.
Canadian Press Despatch.
NEW YORK, Feb. 18.—An eventual linking into a permanent hook-up, by means of telephone wires, of stations in eighteen cities, for simultaneous broadcasting of programmes furnished by station WEAF, New York, is contained in a plan for a super-system of radio broadcasting announced by the American Telephone and Telegraph Company. The new project provides that a plan for a super-system of radio lines will be used for the transmission of the programme.
It was estimated that a speaker's voice, carried over the broadcast system, would become audible to 12,500,000 people.

SOVIETS BUILD SHIPS.

MOSCOW, Feb. 19.—The Soviet government has approved a scheme to build 120 merchant ships, all in Soviet dockyards, during the years 1926 to 1929. Fifty-six of the vessels are destined for the Black Sea trade.

Doing a Bobby Hearn Stunt

Clara Lamy, one of the celebrated Lamy brothers of Saranac Lake, N. Y., is shown taking a little appetizer before lunch. Skate show, he is leaning over eight barrels, placed belly to belly.

VETERAN DRIVER
RETIREES FROM TURF

Dick McMahon Quits Light
Harness Game After Service
of 40 Years.

After forty years of campaigning on the light harness turf, Dick McMahon has retired to take over the management of the Calumet Farm at Lexington, Ky. In his many years of activity the limit of speed has been cut from 2:10 to 1:52 3/4, and at each remove McMahon has been on the firing line with either a trotter or pacer. From now on his skill will be directed to the production and development of the Belwin colts at Calumet Farm. His first move was made at the close of 1924, when he cut the world to 2:04 3/4 with Silver Bell.

McMahon is a Kansas product and left Fredonia when 15 years old to make his way in the world, starting his career with a quarter horse at Parsons. After a year he transferred his allegiance to the light harness in horse. In eight years was with the Stevens at Kansas City.

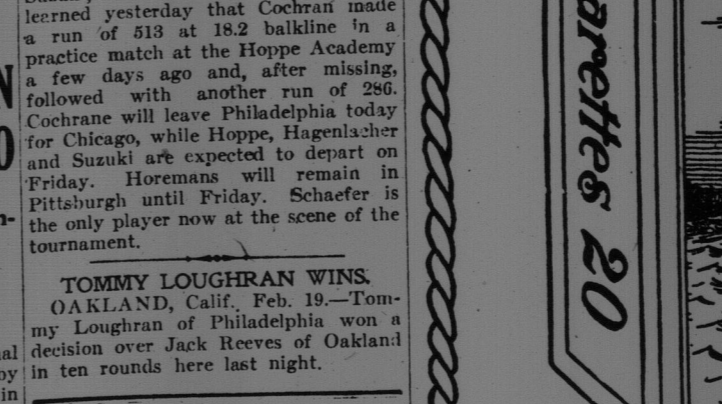

For three years McMahon raced the state of Boston, winning everywhere. His next pupil was Citation, which carried a record of 2:09 3/4, but had never been able to win. McMahon gained 14 victories without a defeat. Five more were added in the following year before she was beaten. McMahon also coached Lady Maud C. and Hedgewood Boy for Crabtree. One year he leased the park at Lexington and worked with them in a two-day meeting. Lottis Crabtree later sent him the Sonoma Girl and he rounded out her brilliant career by giving her a record of 2:04 3/4 at Kalamazoo when she was eleven years old. One of his late years Dick McMahon has speed a small stable and taken an occasional mount for a horse. In 1921 he marked Grayworthy in 2:02 1/2. He coached in the Matron and Champion Stallion Stakes with Guardsman Trust and the Rainy Day Sweepstakes with Bunter and Trux.

ONLY SIX PLAYERS
TO ENTER TOURNEY

Grange is Out of Balkline Title
Meet—Cochrane Makes
High Run.

NEW YORK, Feb. 19.—Felix Grange, runner-up for the European 182 ball-line championship, will not compete in the international tournament which opens in Chicago next Monday night. It was announced officially here yesterday by Thomas A. Dwyer of the Grange. Grange informed the officials by cable that he would be unable to make the trip at this time. Only six players, Willie Hoppe, Young Jake Schaefer, Edouard Horemans, Welker Cochrane, Erich Hagelbacher and K. Suzuki, will take part. It also was learned yesterday that Cochrane made a run of 513 at 182 ball-line in a practice match at the Hoppe Academy a few days ago and, after missing a follow-up with another run of 296, Cochrane will leave Philadelphia today for Chicago, while Hoppe, Hagelbacher and Suzuki are expected to depart on Friday. Horemans will remain in Pittsburgh until Friday. Schaefer is the only player now at the scene of the tournament.

TOMMY LOUGHAN WINS.
OAKLAND, Calif., Feb. 19.—Tommy Loughan of Philadelphia won a decision over Jack Reeves of Oakland in ten rounds here last night.

A little higher in price, but—
what a wonderful difference
a few cents make

LOCALS PUT UP
HARD FIGHT BUT
LOSE TO SUSSEX

Sussex, playing whirlwind hockey from the start until the finish, outclassed the St. Johns in the Arena last evening in the final game of the Western section of the M. P. H. A. by a score of 10 to 2. The locals played brilliantly at times and repeatedly threatened to score, but their shooting was away off, undoubtedly due to lack of practice. The Sussex boys took advantage of an opportunity to get in some real competition prior to their series for the Maritime championship and kept working at top speed throughout the entire game. They also used their substitutes frequently as soon as they had secured a commanding lead.

Goalie Has Off Night
And Let Many Easy
Shots Go By

Easy Shots Get By.
The St. Johns should never have been beaten by such a large score, but many easy shots got by Nicholson, which usually he would have no trouble in turning aside. A couple of times Johnny LeClair scored when he had no license to have the puck. This resulted from one of the other St. John players neglecting to chase the puck after the Sussex boys had attempted to score.

Played Good Game.

For the St. John team Boudreau and Brad Gilbert were the individual stars. The former stayed on the ice throughout the entire game and put up a great exhibition. The latter broke up many of the Sussex boys' rushes and also shot one of the two goals secured by his team.

Some Sensational Stops.

For Sussex the LeClair brothers were in a class by themselves, while Lamb also turned in a stellar performance. George LeClair, in goal, was right on well merited applause from St. John fans as well as from the friends of the champions. The game was an interesting one to watch despite the one-sided score.
Bill Hay, of Sussex, handled the game in a satisfactory manner, both teams playing clean hockey. Reid drawing the only penalty of the game, for tripping.

N. H. L. RESULTS

Canadiens Win From Montreal
and St. Pats Defeat Ottawa
Senators.
MONTREAL, Feb. 19.—After two unsuccessful attempts to win from Montreal at the Forum here Canadiens finally broke the jinx and won their important N. H. L. event, 1 to 0, last night.
TORONTO, Feb. 19.—St. Patrick's practically clinched a place in N. H. L. playoff when they defeated Ottawa, 4 to 2, here last night.

Dartmouth Meets
Crescents Tonight

HALIFAX, Feb. 19.—Dartmouth defeated the Wanderers, 6-5, last night and will play Crescents tonight to decide which will represent Halifax in the provincial play-off for the M. P. H. A. championships.

POWER BOAT CLUB.

The St. John Power Boat Club will hold a smoker and social on Friday evening with a bumper programme which will include a minstrel show and other entertainment and the serving of refreshments.

MONTREAL JOINS MARITIMES IN PORT CAMPAIGN

(Continued from page 9.) extension of the principle accepted by Parliament last session when a special reduction of 10 per cent of the duty was granted to goods entitled to the British preference when imported through Canadian ports.

Railway Rates. "The delegation pointed out that rail rates from Montreal and points west are the same to Halifax, St. John and West St. John as those to Portland and Boston, and that with the growth of the trade of the Canadian maritime ports, due to the increases in the last few years, the steamship services from them had considerably improved, so that shippers routing their traffic through Halifax or St. John are assured of an economical and satisfactory service as via the American Atlantic ports. All that is now required is a "position on the part of the Canadian shippers to use the Canadian ports if sible when routing their shipments."

Has Grown Rapidly. Acting as spokesman for the delegation, J. D. McKenna, St. John, following the meeting, said that the "National Ports" movement of newspaper origin had developed into a general movement headed by the Maritime Boards of Trade and Municipal authorities.

"So rapidly has the movement grown," said Mr. McKenna, "that we have sent agents or letters to the Boards of Trade throughout the central and western provinces, as well as to Vancouver and Victoria, asking for active support. As a result, we have received such encouragement that we hope within a short time to send a deputation of several hundred from all over Canada to place the matter before the Government."

Mayor John Murphy, in presenting the delegation's case, said in part: "Only on a rare occasion is a proposal advanced which strictly on its merits should command undivided support. "We are here today to ask the support of your board and council to a clean-cut and definite proposal, namely, that Canadian business be handled through Canadian channels. The effects of such a policy—resulting, as it would, in confining to Canada some millions of dollars now expended in other ports,

Here's the Way To Heal Rupture

A Marvellous Self-Home-Treatment That Anyone Can Use on Any Rupture, Large or Small.

COSTS NOTHING TO TRY.

Ruptured people all over the country are amazed at the almost miraculous results of a simple Method for rupture that is being sent free to all who write for it. This remarkable Rupture System is one of the greatest blessings ever offered to ruptured men, women and children. It is the most pronounced and successful Method ever discovered, and makes the further use of trusses, appliances or supports unnecessary.

No matter how long the rupture, how long you have had it, or how hard to hold; no matter how many kinds of trusses you have worn, let nothing prevent you from getting this FREE TEST TREATMENT. Whether you think you are past help or have a rupture as large as your fist, this marvelous System will so control it and keep it up inside as to surprise you with its magic influence. It will so help to restore the parts where the rupture comes through that soon you will be as free to work at any occupation as though you had never been ruptured.

Thousands of persons who formerly suffered the tortures of old fashioned steel and spring trusses, are now rejoicing in their freedom from the danger and discomfort of rupture. You can have a free trial of this wonderful strengthening preparation by merely sending your name and address to W. A. COLLINGS, Inc., 513, Collings Building, Watertown, N. Y. Send no money. The test is free. Write now—today. It may save the wearing of a truss the rest of your life.

TO EXPECTANT MOTHERS

Letter From Mrs. Ayars Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

"Spring Valley, Sask.—"I took the Vegetable Compound before my last confinement, when I got to feeling so badly that I could not sleep nights my back ached so across my hips, and I could hardly do my work during the day. I never had such an easy confinement and this is my sixth baby. I read about Lydia E. Pinkham's Vegetable Compound in the "Farmer's Telegram" and wrote you for one of your books. We have no druggist in our town, but I saw your medicine in T. Eaton's catalogue. I am a farmer's wife, so have all kinds of work to do inside and outside the house. My baby is a nice healthy girl, who weighed nine pounds at birth. I am feeling fine after putting in a large garden since baby came. (She is as good as she can be.) Yours is the best medicine for women, and I have told about it and even written to my friends about it.—Mrs. ANNIE E. AYARS, Spring Valley, Sask.

and distributing same, not alone to our rail and steamship lines, but through the many other classes of employees—longshoremen and others affected, which in turn would put this money into circulation through all lines of business—should impress itself on all.

Much Encouraged. "It would not seem out of place to say frankly to your board that conditions which have grown up around the Maritime Provinces cannot be endured indefinitely, and that unless our problems receive deserving and sympathetic study and consideration, there must inevitably come a showdown."

W. S. Fisher, St. John, expressed himself as much pleased with the reception

Relieves Promptly: Coughs, Colds, Bronchitis, Grippe, Whooping-Cough, &c. Colds when neglected or wrongly treated give rise to consequences of such a grave character that you should not risk using inferior preparations.

Mathieu's SYRUP OF TAR & CODLIVER EXTRACT STOPS COUGHS. If your cold is feverish and your head, back and limbs ache, Mathieu's Syrup will relieve the pains, soothe the fever and help a natural, refreshing sleep.

Look for the Gold Seal. Remember the Gold Seal, shown below, is pasted on all guaranteed Gold-Seal Congoleum Art-Rugs and Gold-Seal Congoleum By-the-Yard. If you want "Congoleum" ask for it by name and look for the Gold Seal.

Why be a slave to housework and wear yourself out with the drudgery of beating and sweeping that old-fashioned, dust-collecting floor-coverings require? Why not follow the lead of thousands of other women who are putting easily cleaned Gold-Seal Congoleum Art-Rugs in every room?

With these beautiful, labor-saving rugs in your home you will have added time for leisure, for recreation!

Sanitary—Cleaned With a Mop. No matter how much dust and dirt may collect on the smooth, waterproof surface, a few moments with a damp mop will make it clean as new. The rich, fadeless colors withstand any amount of hard service. Without any fastening whatever, the corners of Congoleum Rugs never curl up to interfere with doors or trip unwary feet.

Gold-Seal Congoleum Art-Rugs are made in a range of handsome designs. There are appropriate patterns for every room.

which the delegation had received in Montreal. Everybody seemed in hearty accord with their mission, he said. "It was a case of Canada for Canadians," said Mr. Fisher, "and our whole future is dependent upon how we stand together on the various national problems which confront us."

G. S. Campbell, Mr. McKenna and Mayor Murphy left for their homes tonight, but Mr. Fisher will not leave until tomorrow morning.

Loosen Up That Cold With Musterole

"Have Musterole handy when a cold starts. It has all of the advantages of grandmothers' mustard, plaster WITHOUT the blister. You just apply it with the fingers. First you feel a warm tingle as the healing ointment penetrates the pores, then comes a soothing, cooling sensation and quick relief.

Made of pure oil of mustard and other simple ingredients, Musterole is recommended by many nurses and doctors. Try Musterole for bronchitis, sore throat, stiff neck, pleurisy, rheumatism, lumbago, croup, asthma, neuralgia, congestion, pains and aches of the back or joints, sore muscles, sprains, bruises, chilblains, frost-bite, colds of the chest. It may prevent pneumonia and "flu." 40c and 75c, at all druggists.

The Musterole Co. of Canada, Ltd., Montreal.

Yesterday In Parliament

IN THE HOUSE—A notice of motion proposing to amend the British North American Act by an address to the King, by giving Canada the power to amend the act, without affecting the guaranteed rights of minorities, was introduced by W. F. Maclean, Conservative, South York. The proposed law for the alteration of the act would have to be passed by an absolute majority of each House, according to the motion. Mr. Maclean spoke in favor of the motion, criticizing the condition that made necessary overseas judgments on Canadian internal affairs.

Mr. Oscar Seaholm, the only woman to become a first-grade detective on the New York police force, was required after serving 28 years.

MOVEMENT TO OUST McDONALD GROWING

Thomas and Wheatley Suggested as Probable Labor Leaders.

BY H. BAILEY. British United Press. LONDON, Feb. 18.—A battle for leadership in the ranks of Labor is rapidly developing here. Latest developments show that the position of Ramsay MacDonald as chief of the Labor movement is precarious. Attacks on the former Premier are raining down from all quarters, based mainly on charges of weak leadership during his term of office. Labor is, however, divided as to who should be his successor.

BAIL REFUSED. MONTREAL, Feb. 18.—Brother Umar, charged with manslaughter in case of death of Hector Galanec at Huberdeau Orphanage, where he was scalded in bath tub, was refused further bail when grand jury returned true bills on several counts yesterday.

Look for the Gold Seal. Remember the Gold Seal, shown below, is pasted on all guaranteed Gold-Seal Congoleum Art-Rugs and Gold-Seal Congoleum By-the-Yard. If you want "Congoleum" ask for it by name and look for the Gold Seal.

COTTON MILLS GO BACK TO FULL TIME OPERATION

Cornwall and York Now Working 6 Days a Week Instead of 4

BETTER MARKET AND NEW CONTRACTS HELP

Increased Employment Hailed With Pleasure by 400 Workers.

"Back again to full time" was the cheering news that about 400 employes of the Cornwall and York cotton mills received early this week after 18 months of curtailed operations.

An improvement in the cotton market and the securing of some additional contracts by the local mills, it was learned on good authority this morning, have brought about the resumption of full time.

The congestion of the market more than a year and a half ago hit all the cotton mills throughout the country hard and in many cases they shut down altogether for a time.

Improves Conditions. Employes of the mills and their families greeted the return to full time with the corresponding increase in the size of their pay envelopes, with relief.

CHURCHES TO UNITE FOR SPECIAL PLAN

German Street and Central Baptist Adopt New Scheme For Evangelistic Work.

An important movement is on foot under the direction of Rev. Dr. S. S. Poole of German street Baptist church and Rev. James Dunlop of the Central Baptist congregation.

This special season of spiritual work will begin in the middle of March and, if thought advisable, will be extended.

It has been many years since these two leading churches of the Baptist faith have collaborated in a concerted movement of this kind.

GERMAN BUILT SHIP REGISTERED HERE

Philip T. Dodge Was Turned Over to Britain to Replace Destroyed Vessel.

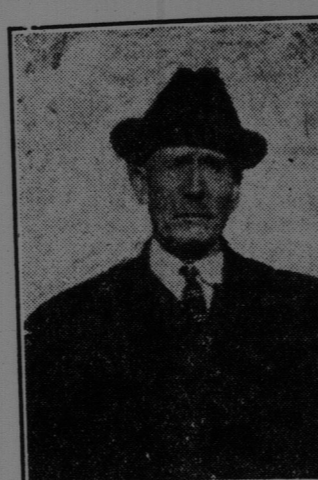

The steamer Philip T. Dodge, now in port loading a full cargo of grain for Italy and Sicily, has a rather interesting history and is probably the only large steamer that is at the present time registered from the Port of St. John.

The vessel was built in Germany and named for the German mercantile prince, Hugo Stinnes. After the war she was turned over to England to which had been destroyed by submarines.

Captain's Father a Lawyer. She is commanded by Captain S. A. Hutchinson of Richibucto and has been under his command for several years.
