THOUSANDS WILL BE LOST BY WHOLESALERS

Twenty Thousand Men Are Idle Chicago and Shipping is at a Standstill.

Chicago, July 14.—The second week of the treight handiers' strike began to-day with 20,000 men idle and shipping at a standstill. At a distance from each warehouse were pickets to keep freight from entering or leaving the sheds. Nearer the depots were police to protect the men in warehouses or to quell any possible disturbances. Gangs of nonunion men brought into the city to take places of the strikers lounged about the warehouses or in their cars with scarcely anything to do.

President Curran of the freight handlers' union appointed committees to visit the various railroads, but this proposition was further than ever from the idea of the railroad managers and no hope Chicago, July 14.—The second week

of the railroad managers and no hope was expressed that a settlement would be arranged to-day or even this week.

The wholesale houses made practically no attempt to send out freight or to receive it. These big establishments were all but closed down. The strike has cost them hundreds of thousands of dollars nem hundreds of thousands of dollars lready, and they will lose millions hould the conditions which prevailed this morning continue.

The loss in wages to the strikers, and

the car with one simple movement of his one lever stops it or reverses the movement instead. The great saving which the inventor claims is in the amount of electricity required. He says 75 amperes will suffice for forty cars, while with the present trolley system 75 amperes are required for one car. It is also claimed that the cars can be run faster than under systems row, oversted.

SIR JOSEPH LITTLE DEAD.

remains of Lord Pauncefote, late ambas-sador at Washington, arrived here this morning. The body was landed soon after 11 o'clock. Southampton, July 14.—Full naval honors were paid to the remains of Lord Pauncefote. His widow followed the coffin from the warship to the train, which started for Newark-on-Trent, near Nottingham where the fungral will take which started for Newark-on-Trent, near Nottingham, where the funeral will take place to-morrow.

Southampton, July 14.—The ceremony of the transfer of the remains was impressive. One hundred and twenty-four pressive. One nundred and twenty-four bluejackets composed the bearer party. The coffin was taken between lines of seamen with arms reversed to a special-ly draped railroad carriage. During the removal of the body the American and British bands played Chopin's funeral march.

their sympathizers the teamsters, to the railways, and other lines of business is roughly estimated at considerably over \$1,000,000 a day. The situation is ad-Chamberlain desires to exchange the office of colonial secretary for the chancellorship of the exchequer. If that he so, it cannot be doubted that Mr. Chamberlain will carry his point. Sir Michael Hicks-Beach's decision to retire from office, but not from the House of Com-

day in colonial circles. Sir Wilfrid Laurier, when seen, seemed greatly surprised. He admitted that it was well known that differences existed between Hon. Joseph Chamberlain and Sir Michael Hicks-Beach, but he found it difficult to believe that they would not work together under Hon. A. J. Balfour's premiership. Asked as to the effect of the resignation on the colonial conference, he replied: "Oh, I could not possibly say." He refused to add another word.

Cabinet Re-Construction.

A Plethora of Vacancies on the Supreme Court Bench.

St. Johns, Nfid., July 14.—Sir Joseph Ignatius Little, chief justice and deputy governor of Newfoundland, died this morning. He was 67 years of accounting the was only surviving member of the Supreme Court bench. The situation is unique and calls for the early filling of the vacancies, two judges being necessary to constitute the court. The attorney-general and premier, Sir Wm. Whiteway, are commended as probable successors to Sir Joseph Little.

PLANS FOR CHALLENGER.

Sir Thomas Lipton Has His Model at the Fernie Yard.

London, July 14.—Sir Thomas Lipton's arrangements for challenging again for the America cup will be practically completed in a couple of months. The plans for a working model of the Challenger are finished and safe at the Fernie Yard.

Draughtsmen are now preparing the working drawings, and the officers of Shammock III. are already engaged. LORD DUNDONALD.

London, July 15.—Memorial services for Lord Pauncefote, the late ambassa-dor of Great Britain, at Washington, were heldsto-day in the chapel Royal, St. were held to-day in the chapel Royal, St. James palace. King Edward was represented by Lord Churchill, the acting lord chamberlain. The Prince of Wales and the Duke of Connaught attended, as did Joseph H. Choute, the United States ambassador; Whitelaw Reid, special United States ambassador to the coronation; Capt. Lloyd and four blue-jackets from the United States cruiser Brooklyn, and many members of the government, and a number of diplomats, peers and members of the House of Commons.

mons.

London, July 15.—Simultaneously with the service in London, the body of Lord Pauncefote was buried in the churchyerd of East Stoke, Newark on Trent. The service was most simple. The principal mourners were the widow and her darebters and other resplayers of the

A BIG EARNER.

Newark, N. J., July 15.—The answer of the U. S. Steel Co. to the suit designed to prevent the \$200,000,000 bond conversion was filed to-day.

The suit is based on the contention that the corporation's assets do not equal the amount of its preferred stock, and that therefore it cannot be proceeded with as indicated under the act of 1902.

The answer, which is supported by the affidaylt of Charles Schwab, states that the assets will amount to more than the entire stock, common and preferred, and bords, or more than \$1,400,000,000. Mr. Schwab in his affidavit maintains that his position is such as to give him knowledge of actual worth of the properties and lists his estimates of their value. He says among other things that the earnings of the corporation in the fifteen months of its existence have been an excess of ten per cent, of the entire capital stock.

THE HOUNDS STAMPEDE ON A FALSE SCENT

The Outlaw Follows Old Roads and Trails - Merrill's Body Has Been Found.

Auburn, Wash., July 15.—Tracey, the escaped Oregon convict, has repeated his tricks and doubled on his tracks. He was seen on the road near the Muckleshoot reservation by an Indian boy. He was also seen by Henry O'Neill, a rancher, at the same time.

While Tracey was stealing by old roads and trails back from Enumenclaw, the bloodhounds were on a stampede to Palmer Junction.

The outlaw had an open field before him. The few, guards who were left in the vicinity of Auburn could not cover all the intricate approaches from Enumenclaw. The territory that Tracey covered was phenomenal, and when he reached the ridge of Muckleshoot he was undoubtedly too fatigued to continue farther. Otherwise nothing lay in his way towards Seattle.

Merrill's Body Found.

Merrill's Body Found. Seattle, Wash., July 15.—A special from Chehans, Wash., says: "The body of David Merrill, who escaped from the cregon pententrary with Harry Tracey on June 9th, has been found. A

United States to use its good offices with the six powers in reference to the with-drawal of the foreign troops from Tient-sin. Lord Cranborne, under secretary for foreign affairs, replied that the government was not aware that China had made such an appeal to the United States government, nor had the latter addressed any communication to His Majesty's government on the subject.

FRENCH AGENT HONORED.

His Government Significantly Decorated Him for Services in Newfoundland.

St. Johns, Nfld., July 15.—Riballier des lles, who for 17 years has acted as French agent at St. Johns, ranking in the French service as consul-general, out who was refused official recognition but who was refused official recognition by the British and Newfoundland gov-ernments because i rance refused to per-mit a British consul at St. Pierre, has been promoted to the rank of minister plenipotentiary, and recalled to France with a decoration for conspicuous ser-yices while here. This action, it is pre-sumed here, indicates a new development in the French shore question.

COLLAPSE OF CORN.

Through Abundant Offerings.

Chicago, July 15 .- Corn fell with a

thud at the opening of trade to-day. Fair weather, lower cables and immense receipts broke the market jagged, and incidentally it is thought broke John W. Gates's corner in July options. The GOES ON BOARD opening was weak, 1 to 2 cents down from yesterday's close at 80c to 79c. In the first hour of business 10½ cents was knocked off the price of July, 69½ cents being the price, or a loss of 20½ cents since the fancy price of 90 cents, which this option brought during the recent rainy weather. Receipts were very large, 827 cars, 298 of contract grade, private elevators marketing 116 cars and 50,000 bushels, making a total of 414 cars and elevaters marketing 116 cars and 50,000 bushels, making a total of 414 cars and 50,000 bushels of contract on the market for to-day. This, with that of 550,000 bushels in yesterday and prospects of half a million bushels a day for some time yet and delivery closing day two weeks off, stampeded the crowd. All hands argued that no corner could withstand such abundant offerings.

Chicago, July 15.—General Manager Scotten, of the Harris Tales Co., made a statement to the Evening Post that shortly before the closing hour to-day a settlement was made with Shorts in July corn, and that his firm had no further interest in supporting prices. This virtually ends the July corner.

Now a Complete Mass of

tude to Canada.

Toronto, July 15 .- The Toronto Tele ram's London cable says: Lloyds reg gram's London cable says: Lloyds registrar yesterday gave a lunch at their offices in honor of the colonial visitors and leading ship owners.

Sir William Mulock, replying to the toast to the prosperity of the colonies, said that marine insurers in Britain do a great injustice in making a discrimination against Canadian waterways. Canada was determined that her products should find markets through British ports. He wanted a committee of ish ports. He wanted a committee of Lloyds to meet the Canadian ministers. It was also suggested by Sir William that there should be expenditures to improve ocean approaches to Canada by the St. Lawrence so that the trade may not be handicapped as at present.

KING BORE UP WELL.

His Majesty Was on the Deck of His Yacht for Two Hours Yesterday. Afternoon.

Cowes, Isle of Wight, July 16.—A bulletin issued at 11 o'clock this morning says: "His Majesty bore the journey from London to Cowes extremely well, and suffered no inconvenience in the process of moving. The King had a good night. His general condition is excellent. He is very gratified at the change of air and scenes. His Majesty had his couch wheeled out upon the open deck two hours vesterday after. open deck two hours yesterday after-

SUCCESS OF MARCONIGRAMS. Were Transmitted Fourteen Hundred Miles, Partly Overland.

London, July 15.—Marconi, who is on board the Italian flagship Carlo Alberto at Kronstadt, Russia, has cabled to his London office that he has received wireless signals from the Cornwall station, about 1.400 miles distant, partly overland. Comnlete messages were received as far as Skagen, Denmark, about 850 miles from Cornwall les from Cornwall.

VOLCANIC DISTURBANCE.

Fall of the Campanile Gave Him Grief -Supports a Propect to Rebuild.

Venice, Italy, July 15.—The Mayor of Venice has received fhousands of telegrams from all parts of the world condoling with him on the collapse yesterday of the campanile of St. Marks, The Pope has telegraphed Cardinal Guiseppe Sarto, the patriarch of Venice, expressing his grief, and instructing him to give moral and financial support to any project for rebuilding the bell tower.

THE BULGARIAN WHEAT CROP.

Bucharest, July 15.—The recent fav-rable weather has quite changed the rospects of the wheat harvest. Cutting has commenced and the harvest promises to surpass that of 1884, which was the record crop for Roumania. The pros-

ANOTHER AWFUL MINE DISASTER

OVER A HUNDRED MEN

The 1,200-foot level of the Daly-West corresponds to and is connected by tunnel with the 600-foot level of the Ontario. In the Daly-West mine, between 100 and 150 men were at work. In the Ontario nearly 100, it is believed. It is not known how many of these are dead, but the disaster extends to the Ontario, as the noxious gases that have been freed are known to be the cause of several of the deaths. The presence of these gases leads many miners to believe that the powder was burned, and that the explosion was not the chief cause of the disaster.

There are two powder magazines at the 1,200 level of the, Daly-West, one at each side of the shaft, with a capacity of from 1 to 2 cars each. A car of powder was added to the supply within the past few days.

TO AID SUGAR MEN.

Crisis in the Industry in Jamaica—Mr.

Kingston, St. Vincent, July 12.—At an important public meeting held at Port of Spain, Island of Trinidad, on Friday, July 11th, largely attended by sugar planters and others, there was an interesting discussion of the sugar crisis in the British West Indies and the indequacy of the means offered by the Imperial government for its amelioration, Edgar Trip, of the chamber of commerce, said the loyalty of the West Indies gooint.

Kingston, St. Vincent, July 12.—At an important public meeting held at Port of Spain, Island of Trinidad, on Friday, July 11th, largely attended by sugar planters and others, there was an interesting discussion of the sugar crisis in the Endustry in Jamaica—Mr.

powder was added to the supply within the past few days.

Fears For Relief Party.

Three dead men have been taken out of the Ontario shaft. It is believed all were suffocated. The explosion was so tremendous that it is said that two horses in the ore tunnel one and half miles away were killed by it. Women and children are thronging to the Ontario shaft house, which is midway between Park City and the Daly-West. Nearly all of them have husbands or fathers in the mines, and their grief is saidlably. Members of a relief party, who went into the Ontario bine shortly after the explosion ocurred, have rot yet returned, and fears are entertained for their safety.

Death By Fumes.

To Aid Jamaica.

Kingston, July 16.—The acting governoment that the minimation that the union ranks, and the taking of the vote.

Men Report For Work.

The Association of Railway General Managers, embracing every road which enters Chicago, have issued the following signed statement: "All of our old men, not before on hand for work, reported at the freight houses at noon to-day, and were put to work. No conference was had equate rate of wages. The offer is hampered with conditions which, it government that it place at the disposal of the government that it place at the sugar estates may not go out of cultivation, and, secondly, to insure the maintenance of an adequate rate of wages.

The Railroads' Triumph.

Chicago, July 16.—After ten days of strike, the Chicago Freight Handlers' strike terminated to-day in a victory for the railroads. A meeting of the strikers, presided over by President Curran, resulted in an almost unanimous vote to return to work, leaving the wage and other questions for settlement between the men and their respective roads. At the conclusion of the meeting the strikers went by hundreds to the warehouses to apply for their old positions, and the teamsters who have remained out in sympathy again took up their reins. By noon immense quantities of freight, which had been held back for days, was going rapidly to the railroads. Chicago merchants expressed relief at the termination of the strike, but they were scarcely less happy than the men themselves. The strike is estimated to have cost the merchants \$10,000,000, to say nothing of the trade they have permanently lost.

Treachery Charged.

Treachery Charged. The meeting of the strikers was brief, only long enough for an angry speech by President Curran, who complained of treachery in the union ranks, and the taking of the vote.

AMICABLY SETTLED.

For China.

with agreements reached between

handlers called for to-morrow morning.
Upon the action taken at this meeting wall depend the attitude of the striking teamsters. Their national president, Al Yeong, ordered them back to work to-morrow; but if the freight handlers refuse to declare the strike officially off, some of the teamsters may refuse work.

It is conceded that their officers expresses

It is conceded that their officers exercise little or no absolute authority.

NO LONGER "KILL AND BURN."

Washington, D. C., July 16.-Gen.

CECIL RHODES'S WILL.

Lord Strathcona Thinks Provision Will

Be Made For a Number of

Montreal July 16 .- In a letter to the

Unnamed Scholarships.

Its Effects Will Be Heavily Felt in the

Red River Valley.

With agreements reached between four railroads and the employees, the strike of the freight handlers and teamsters that has paralyzed the industries of Chacago for a week is apparently broken. A majority of strikers are expected to return to work to-morrow. By Thursday, according to the present condook, there will be few evidences of the strike. It is possible that the Radicals may prevent the strike from being called off at a meeting of the freight handlers called for to-morrow morning. Upon the action taken at this meeting

RAVAGES OF CHOLERA

Deaths Are Frequent in Both Pekin and Manila.

Pekin, July 16 .- Several deaths fro Pekin, July 16.—Several deaths from cholera have occurred in the Forbidden City. The Dowager Empress is alarmed, and has kept the court physicians busy preparing remedies. The disease is increasing, especially among the Chinese soldiers here and at Pao Ting Fu. Reports from various parts of the Empireshow that the epidemic is spreading intand from the coast.

Manila, July 16.—Cholera is still increasing in the provinces. The provincial totals are 14,567 cases and 10,937 death. Manila averages 40 cases daily.

MILLION TONS OUTPUT.

This Will Be the Production of the Nova Scotia Steel & Coal Co.

Washington, D. C., July 16.—Gen. Jacob Smith, who was tried by court marital at Manila on account of orders issued to Major Waller, and found guilty of the charges by the court, and was sentenced to be admonished by the reviewing authority, has been so admonished by President Roosevelt, and retired under the law which provides that officers having reached the age of 62 years may be retired at will by the President. Secretary Root supplements the reprimand of President Roosevelt with a long circular, in which he explains the condition which resulted in the court martial of General Smith, and shows that although Smith issued the "kill and burn" order, as a matter of fact very few persons were killed as a result of that order, the casualties being confined almost wholly to the eleven natives killed under Major Waller's direction. Montreal, July 16.—A meeting of the directors of the Nova Scotia Steel and Coal companies was held here to-day. According to a statement given out after the meeting, there was a very favorable report from the managing director concerning the progress of the works. The most interesting point was that the company's coal production will be a million tons inside of a year.

BETTER TRANSPORTATION.

Premier Ross Says That Will Be On Result of Colonial Conference. Toronto, July 16.—In a letter to Hon. Richard Harcoart, Hon. G. W. Ross, premier of Ontario, who is attending the colonial conference in London, says one result of the deliberations of the conference will be a better transportation service between the Motherland and Canada.

British Government Will Buy Horse

Made, Although Not at Once Com-municated to Britain.

Washington, D. C.; July 16.—It is said at the state department that the statement made by Lord Cranborne in the House of Commons yesterday in regard to the evacuation of Tien Tsin to the effect that the British government was not aware that the Chinese government had asked the good offices of the government of the United States in the matter, and that no proposition had been made to Britain in that regard, is entirely accurate.

been made to Britain in that regard, is entirely accurate.

There is, however, in this no conflict with the statement previously made, for though the Chinese government did so appeal to the United States government, the only reason why Great Britain was not immediately addressed on the subject when the other powers were being approached, was that the department previously had satisfactory assurances approached, was that the department previously had satisfactory assurances from London on the point.

The facts are that the Chinese authorities on July 1st requested that Minister Wu would kindly ask the government of the United States, which had pursued a just course from the beginning to the end, and maintained an attitude of great fairness, to consult at once the other powers with a view of cause

tude of great fairness, to consult at once the other powers, with a view of causing instructions to be sent to their representatives in China, for a speedy transfer of authority without any more delay. This request was repeated on July 5th. The action taken by the United States in pursuance of the request resulted in the ascertainment of the fact that all of the principal powers concerned were in regard to the question of evacuation under terms less rigorous than those suggested by the military authorities in Tien Tsin. As it was known beforehand to the government of the United States that the British government shared United States views in the matter, no representations and no inquiries were sent sentations and no inquiries we to London on the subject.

RICE MUST HANG.

Vain Appeals of His Relatives to Both Chief Justice and Cabinet.

Ottawa, Ont., July 16.-Murderer Rice's mother and sister before returning to Toronto saw even Sir Henry Strong, the administrator, and made strong plea before him for mercy. The grim old chief justice told them he could no nothing for them, as the case was in the hands of the cabinet.

Mrs. Rice's appeal so touched the heart of the cabinet that the matter was again before the ministers to-day. This was the third time Rice's fate hung in the balance before the council. A review of the evidence, however, satisfied the ministers that nothing could be done.

BURGLAR'S BIG HAUL. He Gathered in the Green Crown

Tur(key and Other Valuables.

San Francisco, July 16.—A porch climber entered the residence of French Consul-General Dallemagne last night and stole diamonds and jewelery worth \$3,600. Altagether 33 pieces of jewelery were taken, many of them heirlooms and gifts from rulers of nations to whom Mr. Dallemagne had been sent on diplomatic missions. The robber stole the green crown of Turkey, a gold and enameled emblem with which Mr. Dallemagne had been decorated. This decoration was merely loaned and upon the death of the recipient it was to be returned to the Sultan. This was a heavy piece, worth as gold \$400.

TO HANDLE WHEAT CROP. The Ogilvie Mills Co. Will Build Four

teen Elevators, Making Their Total Eighty Three. Winnipeg Man, July 16.—The Ogilvile Flour Mills Co., has built new elevators since the season opened at Arnaud. Oakville, Basswood, Sinclair, Arcola, Grenfell and Balgonie. The averuge capacity of these elevators is 32.000 bushels. The company has three gaugs of men at work under its superintendent, H. W. Chafan. They will continue building at points they have selected all the season. In addition to seven already completed, they intend to build fourteen more, bringing the total number of their elevators up to 83, with a total capacity of 3,000,000 bushels.

Divers Doing So Temporarily Prepara-tory to Her Departure For THE HERO COMES.

Christiania, Norway, July 16.—The United States battleship Illinois, flagship of Rear-Admiral A. S. Crowinshields, was towed into the inner harbor by tugs to-day. Divers are now trying temporarily to respire the democra Sandon, B. C., July 15.—William Mc-Adams, editor of the Sandon Paystreak, was arrested last night by Sheriff Tuck on a bench warrant issued by the Full court. They left this morning for Victoria. McAdams was given a send off by the citizens. the citizens.

stories have been written of magic mirrors in which the future was revealed. I such a thing were possible many a bright-faced would shrink from the revelation of herself, stripped of all her loveliness. If there is one thing which would make a woman shrink from marriage it is to see the rapid physical deterioration which comes to so many wives. The cause is generally due to womanly diseases. Lost health and lost comeliness are restored by the use of Dr. Pierce's Favorite Prescription. It cures irregular ity and dries weakening drains. It heals inflammation and ulceration, and

He Wants to Build Ships For the Austrian Trade, and Will Work
Them When Completed. cures female weakness. "It is with the greatest pleasure that I tell you what Dr. Pierce's Fayorite Prescription and Golden Medical Discovery' have done for me," writes Mrs. Emma L. Bankes, of 1952 North 7th Street, Harrisburg, Pa. "They have done me a world of good. I had female weakness for six years; sometimes would feel so badly I did not know what to do, but I found rehef at last, thanks to Dr. Pierce for his kind advice. I have this medicine still in my house and will always keep it."

If you are led to the purchase of "Fayorite Prescription" because of its Vienna, July 16.—The Neu Frie Presse states that the shipping combine, of which J. Pierpont Morgan is the head, has written to the Austrian council of industry, offering to build ships for the Austrian trade, and to work the ships when they are completed.

INTERNATIONAL AMENITIES. "Favorite Prescription" because of its remarkable cures of other women, do not accept a substitute which has none Christiana, Norway, July 15.—The United States warships Illinois, Chicago and Albany were decorated to-day and joined with the other ships in firing a salute on the arrival here of King Christian. His Majesty invited Rear Admiral Crowninshield and his staff and the commanders of the Chicago and Albany to dine at the palace on Thursday July of these cures to its credit. Free. Dr. Pierce's Medical Adviser, paper covers, is sent free on receipt of 31 one-cent stamps to pay expense of cus-toms and mailing only. Or for cloth-bound volume send 50 stamps. Address

THE GOLF TOURNEY. MATTER OF TERMS

Glenview Gold Course, Ills., July 17.

E. M. Byers, of the Allegheny Club, playing the prettiest golf in the nine last holes that has ever been seen in an amateur championship tournament, amateur championship tournament, added an "Ex" to-day to Champion W.

J. Travis's title, defeating him by one

J. Travis's title, defeating him by one hole.

Byers's medal score of 35 for the last holes has only been beaten by one or two professionals. His game was simply unbeatable. Travis played par golf or better in faet, but this was not enough to defeat the Pittsburg golfer. The totals were: Byers, 77: Travis, 76. Glen Golf Course, Ill., July 17.—Most ideal weather conditions prevailed to-day when match play for the amateur golf championship was resumed. The chief interest centred in the match between Walter Egan and George A. Ormiston, whose score of 70 in the qualifying round was one of the biggest surprises of the tournament. Large gatherings followed both games. To-day's play will bring the tournament down to the semi-finals.

A FINAL MESSAGE.

cona and Mount Royal, Lord High Comcona and Mount Koyai, Lord High Commissioner in London, presided. The Right Hon. Sir Edmund Barton, prime minister of Australia, in the course of an address, made the first public reference to the plan for a confederation of Newfoundland and Canada, mentioned in these dispatches. The Australian premier said he hoped that all obstacles in the way of Newfoundland joining the Dominion would be removed.

Sir Robt. Bond, prime minister of Newfoundland, prime minister of Newfoundland, replying, dwelt upon the great strategic value of Newfoundland, which he said stood as a sentinel at the gateway to the internal waters of Canada. He traced the phenomenal recuperative powers of the island, and referred to its present prosperity, declaring the question of coufederation to be one of terms. "It," said Sir Robts "the terms are advantageous to the people of Newfoundland I should feel it my duty to lay the proposal before my people, and if necessary, exert myself to bring the confederation about. We are not jealous of Canada."

The Associated Press, however, is in a position to state that there is little likelihood of Canada's offering terms which Rome, July 16.—At noon to-day Major Porter, of the judge advocate's department of the army at Washington, personally demissioner in London, presided. The Right livered to Cardinal Rampolli, the Papal secretary of state, the latest note of Judge secretary of state, the latest note of Judge Taft, governor of the Philippines, on the subject of the withdrawal of the friers from the islands, which will probably end the government's negotiations here, be-cause Major Porter simultaneously subject the government's negotiations here, be-cause Major Porter simultaneously publish-ed a letter from Judge Taft asking for a farewell audience with the Pope.

BOUNTIFUL HARVEST IN CANADIAN WEST

Grain Crop Will Be Better Even Than Last Year-Crop Destroyed in Minnesota.

The Associated Press, however, is in a position to state that there is little likelihood of Canada's offering terms which Prime Minister Bond should present to the Newfoundland legislature. The curious feature of the affair is that neither Sir Wilfrid Laurier, the Canadian premier, the Canadian government nor the Imperial government has as yet mentioned the matter to Sir Robert Bond or to his ministers, and that the ball should have been started rolling by Premier Barton. Winnipeg, Man., July 17.—Reports received from all parts of Manitoba yesterday indicate exceptionally good crop conditions. Though the season is several days later this year than last, the grain looks much better than it did during the corresponding state of growth last year. This statement does not refer to districts, but is true of the whole province. Hay will be an exceptional crop, and the warm sun and wind are permitting the farmers to get it in in good condition. Grain will not be ready for harvesting before the first week in August, and unless most unexpected de-Tragic Termination of a Baseball Game
-Wounded Man Fatally Injured. —Wounded Man Fatally Injured.

Cannelton, Ind., July 16.—During a ball game here Arthur Derett, umpire, shot and fatally wounded Wm. Whallen, the pitcher. The game was played between the Owensboro and Cannelton teams. In the last innings Whallen was at the bat, and took exception to a ruling made by Derrett. After several words had passed, the quarrel ceased. Whallen hit a fly and started to first base, when it is alleged Derrett pulled a pistol and shot him twice in the back. The wounded man fell and the crowd gathered about Derrett and there were cries, "Lynch him." Derrett was placed under arrest. He is about 26 years old. There is a strong feeling against Derrett, but the sheriff says he does not fear any mob violence. August, and unless most unexpected de-velopments occur an even larger number of men will be needed to harvest it than

last year. St. Paul, Minn., July 17.—While it St. Paul, Minn., July 17.—While it now seems practically certain that no lives were lost in the terrific storms that devastated a portion of the Red River valley, near Grand Forks, N. D., Tuesday night, the loss to farmers will be heavy. Hardly a farm in the pathway of the storm—and it was almost a hundred miles long by ten wide—but had some building entirely demolished or battered. The loss to the wheat crop is reported to have been very heavy. Thousands of acres of wheat are literally reported to have been very heavy. Thousands of acres of wheat are literally beaten into the ground by the hail that accompanied the wind and rain. In some places every vestige of the crop was wiped out. It is as yet impossible to make anything like a correct estimate of the damage done, but it will doubtless be in the neighborhood of hundreds of thousands of dollars.

PROGRESS OF PUBLIC WORKS.

Chicago, July 16.—The British transport service, which for so many months conducted an active trade at Port Chalmette, is to reopen its camp there for the shipment of horses, mules and cattle to South Africa, says the Chronicle's New Orlean's correspondent. It is found that the American animals are the hardlest for the veldt work, and the British government will need a great Supt. Henderson Back From the Interio -Rule Interesting to Smokers. Wm. Henderson, superintendent of He opposed further publications which, be declared, could not relieve General Buller of the responsibility of such misgovernment buildings in course of con- at Colenso, and the proposals to sur-

British government will need a great number under its agreement for restor-ing the farms of the burghers who suf-fored during the fered during the recent war. The offi-cers are now on the way, and the camp will be reopened immediately upon their

other is ready for the roof. Both should be occupied by the first of January. They will certainly be palatial structures, and imposing additions to the architecture of imposing additions to the architecture of the two cities in which they are situated. The first story of the Rossland building is of granite, and the second of brick trimmed with Calgary stone. The first story of the Nelson post office is of white mottled marble, and the second of white brick trimmed with white mottled marble. When finished and furnished each building will cost about \$60,000. trying temporarily to repair the damage which she sustained on Monday, when she struck an obstruction while in the cuter harbor, so that she can proceed uter harbor, so that she can proceed o Chatham, England, and go into dry marble. When finished and furnished each building will cost about \$60,000.

The superintendent, under direction from Ottawa, has inaugurated a new rule which will interest smokers and probably please non-devotees of the pipe or weed. It is that there must be no smoking in any of the Dominion public huildings throughout the province. Vancouver, July 16.—The Austrian fishermen of Canoe Pass refused to go to work last night, being dissatisfied with the terms of settlement made by the grand lodge. The Japs met the canners this morning, and are asking for 15 cents straight.

The funeral of the late W. A. Gilmour took pleas late this affernance. or weed. It is that there must be no smoking in any of the Dominion public buildings throughout the province. Notices to this effect will be posted in a day or two, and from then on lighted ends must be extinguished, and the festive pipe removed from its natural crifice when their owners enter the precincts of any of the premises controlled by the public works department. Smokers entering the local post office will be abruptly halted by the mandate at the entrance, which will have to be unusually conspicuous, as smokers are often absent minded, and some of them not very easily impressed. The new rule will not work a hardship on even the inveterates. The post office is not a lounging retreat, and the ordinary mail seeker rarely remains there more than a minute or so. Of course the order will hit the smoking employees a little harder, but they will get used to the change after a while and deeply appreciate the relaxation. mour took place late this afternoon, and was one of the largest ever held in the Glenview, Golf Course, Ill., July 16.— Steady rain prevailed over the Glenview links when the match for the amateur championship was called this morning. The course in consequence was much slower than yesterday, making par golf almost out of the question. Small crowds were attracted by Champion Travis, Mr. Ormiston, of Pittsburg, who tied Travis's medal score in yesterday's qualifying round, and one or two of the younger Western golfers. get used to the change after a while and deeply appreciate the relaxation.

A similar order was issued by the provincial government some years ago, applying to the court houses, and caused quite a panic among the retinue of Lady Nicotine who hold billets there.

WILL FLOAT MONTEAGLE.

Fame Point, Que, July 15.—The stranded steamship Monteagle remains in the same position. The tug Strathcona with divers, is alongside, and the steamship Hilda is taking part of her cargo. Nine hundred tons of her cargo has been taken out, and shipped to Montreal by the steamship Gaspian and two schooners. The weather continues fine, and the prospects of floating the steamer are excellent.

WHEELMENS' MEET.

Atlantic City, N. Y., July 16.—The annual meeting of the League of American Wheelmen began here to-day. It will last until Saturday. The first of the daily runs from Philadelphia, which will be a feature of the convention, left that city this morning with about 125 starters.

and it takes me a long time to prepare to go out in consequence."

Continuing, she said she had seen very little of the city attractions, as she only arrived yesterday. Her stay here would be short, as she had to resume her engagement with Florodora in New York by August 4th. "I'm here on business—important business," she added significantly, and a decided intonation, accompanied by a flash of the eyes, and tightening of the lips indicated that Miss Edna Wallace Hopper meant business, and would put up a hard fight.

"Is not this carrying war into the enemy's country somewhat audacious?" she was asked.

Her succes was so immediate and gnal, that a well known English mander made her a liberal offer to succeed the great Miss Ada Reeve. She hasn't come tired of Florodora. She likes the usic, the clever dialogue and the stire creates wherever it goes.

dusic, the clever dialogue and the stirt creates wherever it goes.

"Havn't you heard it?" she inquired the scribe. The latter mournfully consessed that he had not.

"Oh, that's a pity," she replied symathetically. If she had only warbled a lew bars, she would have had one of the lost appreciative audiences ever enanced by that captivating musical carrice of Leslie Stuart.

FOUR HUNDRED MILLIONS.

Canada's Trade Has Passed That Mark
—It Is Increasing Rapidly. Ottawa, July 17.—Canada's aggregate foreign trade has passed the four hundred million mark. For the year ending June 30th it amounted to unprecedented sum of \$414,516,763, a gain of nearly \$37,000,000, as compared with the previous year.

The imports for the month of June amounted to \$22,027,763, and the exports to \$25,547,000.

Last year the imports for the four weeks totalled \$19,022,855, and exports were \$25,183,942. (Special to the Times.)

Cheltenham Carries Off the Palm of Boys' Day-Kitchener Will Visit Camp.

Stockholm, Sweden, July 17.—A great sensation has been caused in military circles here by the conduct of Captain Arvid Wester, who, after challenging an American, William Casper, to fight a duel, failed to appear at the spot selected for the encounter.

The trouble arose at a performance last night in the Grand Arena palace. Wester, who was in the full uniform of a captain of the general staff, and wearing his decorations, disturbed the seance of a mind reader named Ninoff. Casper, who is the manager of the establishment, remonstrated with the captain and demanded an apology. This Wester refused. Casper said the officer's conduct was ungentlemanly and disgraceful. The captain challenged Casper, who accepted. Casper repaired to the meeting place at 5 o'clock this morning with his seconds, including the secretary of the United States legation. Wester failed to appear, and as a consequence will undoubtedly be forced to retire from the army.

Capt. A. Wester, of the Swedish army.

Lowbardy is the one place where pell that point for which many building material are required to say, that we very seldom have to do it.

GENERICAE CA.

Hundreds of Animals Being Killed for Their Hides by Indians.

Many complaints have recently been made concerning the wholesale destruction of deer on the Island by Indians and others, and Br. Marshall has a grussome story which he has brought down from Sidney linet.

A few days ago he went up to the river at the head of Sidney Inlet and noticed two fawns which were apparently dying of starvation. He went up to the little animals, which did not try to get away from him, and looking round he found the body of the mother, which had been shot. A dead buck lay close by.

Up at Nootka Dr. Marshall saw hundreds of carcases of deer lying on the beach stripped of their hides. The animals are he says, generally killed by the iniquitous practice of "pit lighting."

The Indians fasten miners' lamps in their hats with a tin refector behind the light and then go after the deer. The fight shilnes in the eyes of the deer which seem to be fascinated and can be killed standing still without any difficulty.

Last winter the steamer Clacquot landed a crew of Swedes who shot no less than 40 deer by means of this trick.

Dr. Marshall is quite indignant about this wholesale slaughter. "What I have seen."

Dr. Marshall is quite indignant about this wholesale slaughter goes on along the rest of this lonely coast. Unless only knows what slaughter goes on along the rest of this lonely coast. Unless only knows what slaughter goes on along the rest of this lonely coast. Unless only knows what slaughter goes on along the rest of the deer on the Island being annihiliated.

VISITORS ENTERTAINED.

Japanese residents of the town entertained the party of Japanese students who just came over here by S. S. Iyo Mars to a tea party at the Japanese Methodist Mission on Broughton street on Tuesday. The rooms were decorated very nicely with Japanese and English flags and some Chinese lanterns. There were speeches by A. Wanibe and other residents, and also by S. Katahira, the principal of the school. The principal said it was the first time Japanese students of the High schools in Japan have spent their summer vacation on this side of the Pacific ocean, although they had been at Corea and China several times. The party will go up to Vancouver, Seattle, Tacoma, Portland and Sau Francisco, and thence to Honolulu, and expect to go back to Japan on the 1st of September. He also expects that some students, of not only his school, but of many other schools, will come this way next year. Yesterday the party visited the parliament buildings, the museum and points about town. They were very pleased with what they saw.

The trial of Dockings vs. B. C. Electric Bailway Company, was not completed by esterdary. The evidence had all been put in when the court adjourned. Another of the grand, heroic figures who played a notable part in the majestic drama of the Victorian era has found the cares of state to press too heavily upon his aged shoulders and has retired from the stage upon which he has long been a leading actor. Lord Salisbury has achieved destinction not only in the brilliancy of his career, but in the length of time he has been called upon to serve the Empire. Since the time of Lord Liverpool no man had so long held the post of Prime Minister. Only two men in the history of the chief part of the Empire were at the head of its government for so long a period. There is no possibility of instituting a comparison between his work and that of Mr. Gladstone, his contemporary and political opponent. The ideals of the men were different. The one was a reformer and the other an Imperialist. The one was the complement of the other; both were raised up, it may be said, to preserve the national balance and maintain the national prestige. Probably in a certain sense the one was an idealist and the other a practical man of affairs. When the work of the one seemed in danger of carrying the country to extremes the other was called upon to succeed him. Salisbury was of the school at d'Israeli; Berlin conference, which resulted in the the colonies were removed. The price of bread has been slightly increased, it treaty which guaranteed the peace of Europe and brought great honor to British statesmen. "Peace with honor," was the announcement they made when they arrived home. But it has been Lord Salisbury's lot to in one respect surpass the record of Mr. Gladstone and time. If the revision of the whole tax to fix his name in the natural esteem as the record Premier of Great Britain. If the lit- among the prophets wherever he goes." eral meaning of the word contempor-Secretary and the Premier. Mr. Cham- aneous be that the men were born in the same year, entered public life at the same time and retired simultaneously, then these two great men were not contemporaries. But we find that the Century dictionary does not take such a narrow view. It says men who exist at the same time are contemporaries. The life of Gladstone was for a large number of years contemporaneous with that of Salisbury, although the former was prominent in the public affairs of the United Kingdom and had left the Conservative ranks and become a Liberal before the latter had made any stir outside of the nursery. Sir John Maedonald was born in 1815, Mr. Blake in 1833. The one entered public life in 1844, the other in 1867. The disparity in the years of the two Canadians was nearly the same as in the years of the two Britons. Yet we believe Sir John and Mr. Blake are regarded as contemporaries. Hon Alexander Mackenzie it was contemporated in complaint is made that the rates are not fixed, and that thereby there is a genarous fits the Tories worthy of succeeding this Saul, although he will be trying presently to persuade us that there are not fixed among the Tories worthy of succeeding this Saul, although he will be trying presently to persuade us that there are not fixed among the Tories worthy of succeeding this Saul, although he will be trying presently to persuade us that there are not fixed among the Tories worthy of succeeding this Saul, although he will be trying presently to persuade us that there are not fixed many the Dollore lotter and his men were welcomed in London, and of the great reception and hospitality to make a reduction in its freight rates, are deciment to make a reduction in its freight rates, as id, between 40 and 45 per cent, it was expected that about the last grievance of the Yukon merchants would be removed. The Yukon Some goods, it is said, are scheduled at a rate which costs over \$400 per ton for freight. This seems incredible. The contains are grateful for the hospitality to device on all hands." Let me explain the situation briefly:

The arrangements in to be well known. He is given credit same time and retired simultaneously, tration dues idea. It has been concluded temporaries. But we find that the Cen- are. and Mr. Blake are regarded as contemporaries. Hon Alexander Mackenzie, i is true, was also a contemporary, and probably the chief political opponent of Sir John, but Mr. Blake is remembered by more people of the present generation as the great contemporary of the Conservative chieftain. Arguing along the lines laid down by our dogmatic contemporary (we suppose the Colonist will ac mit the Times to the honor of being its contemporary, although the one is in the sear and yellow leaf" of life and the other has not yet reached its majority) it might be contended that Mr. Borden is not a contemporary of Sir Wilfrid Laurier, although one was a minister of the Crown when the other was in the lower forms at school.

Of course this discussion is not likely be profitable to the readers of either paper. By the students of the public events of these latter days Lord Salisbury has long been regarded as the chief opponent of Mr. Gladstone. In other mes possibly greater men than the reelection, however. The new government tiring Premier have been found in opposition to the man of matchless eloquence. That is a matter for historians of members who never forget to place to settle. In the meantime it remains the interests of the country above the true that Lord Salisbury was a political contemporary and one of the chief an made from precedent there will be ample tagonists of Mr. Gladstone.

NO COMPARISON POSSIBLE.

IN SOUTH AFRICA.

ing Themselves and Somewhat Delaying Annexation Proceedings.

Pretoria, Transvaat, July 15 .- The settlement of the annexed territory is not being accomplished without considerable friction. This is especially noticeable in the bitter hatred and persecution on the part of the Boers who stayed in the field to the end of the war to Boers who served as British scouts. It is expected some of these native scouts have been shot or beaten en shot or beaten. So intense is the feeling that many of So intense is the feeling that many of the burghers who fought to the end dis-tinguished themselves from those who surrendered during the war by wearing a green badge. The Transvaal and Free State colors are also freely worn and this custom is encouraged by the Dutch. who did not take an active part in the war. Many of the burghers declare they were induced to agree to surrender by the nduced to agree to surrender by the induced to agree to surrender by the false representations of their leaders, who painted the terms too rosily.

Discordant elements are numerous and any attempt to place the burghers who surrendered during the war in authority over those who fought throughout, will conceivably result in a renewal of hostilities. The majority of the Boers have any property in the property in the property of the surrendered to surrendered the surrendered the surrendered to surrendered the surrendered have apparently in no way abandoned their nationality; and some of them preach the advisability of opening Dutch schools so as to keep alive their nation-

schools so as to keep and ality.

The whole situation so bristles with difficulties that there are not lacking those who doubt if the document signed May 31st was really the final settlement of the South African trouble.

DETECTIVE KILLED.

Shot Down in Long Island City by Mer Whom He Sought to Arrest,

New York, July 16.—Detective John Sheridan, of the 75th precinct, Long Island City, was shot and killed early this morning by men whom he was trying to arrest. Three men are in custody on sunpicion of having been concerned in the shooting. Sheridan saw several men acting in a suspicious manner, and approached them with the intention of putting them under arrest. They fired at him, one bullet entering his head, and another his heart.

COMMUNICATIONS.

COLONIAL TROOPS IN LONDON.

To the Editor:-I desire to draw attention to the statements and insinuations pended in the matter of these present allegations until they are proved or are found to be drops of discontent in an We hope the editor will cherish these ocean of kindness. I had some reason to

> in its coldness and wetness: the sudd upsetting of elaborate plans, among the greatest of their character in our history. If a few minor reasons of complaint were found by some of the guests of the greatest of th eccasion, is it a matter for surprise? Certainly it should not be reason for condemnation. Alexandra Palace, I am condemnation. Alexandra Falace, I am credibly informed, is a capital place for troops, and even if it had not been so, the crowded state of London would have been cause enough for its selection. The war office was not responsible for the extraordinary weather, and as a matter of fact the arrangements at the palace were not in the hands of the war office but not in the hands of the war office, but had been transferred to the municipal authorities, who should be blamed, if any blame there was. Moreover, Canadians were not alone at the palace; Australians, New Zealanders and other colonial troops were there, under exactly the same conditions, and there could not, therefore, have been any special slight of the former, as some of the statements eferred to have alleged. The treatment referred to have alleged. The treatment accorded was, in fact, the very reverse. The reception at Liverpool fo our troops coming and going was generous and enthusiastic to a degree. The Duke of Connaught visited them on June the 18th, and again four days later. The inspection by H. R. H. the Prince of Wales and the presentation of all the officers was another feature. Nothing was too good for them in the way of general hospitality, and we are told that as soon as it was found that sight-seeing was considered expensive, owing to the distance from London, the war office issued free passes to and from the city. Criticism has been rampant here as to the alleged intended change in the command of the Canadian contingent. So far as I can learn the procedure to be adopted at the command procession was

adopted at the coronation procession was arranged and known here before the contingent left Canada. Cavalry were to ride in the procession and infantry were to line the streets. Of course, at the column of the control were streets. onial procession, to take place the next day, all were to march. No other course day, all were to march. No other course was possible, and the rule which applied to Imperial, Australian, South African and Indian troops was surely not too much for the Canadian guests of the King to accept. As to the command—Lt.Col, Turner, V. C., D. S. O., a Canadian militia officer, was appointed to the command of the cavalry and other mounted units of the contingent from the time it left Ouebec, and there was nothtime it left Quebec, and there was nothing more natural or proper than that he should retain this command in both processions. Lt.-Col. Pellatt would, uncessions. Lt.-Col. Pellatt would, undoubtedly, appear in both processions;

on the general staff, probably, at the first, and as commanding officer of the whole Canadians at the other.

Another statement made is that the authorities were making a circus attraction of the Canadians (why not also the Australians, etc.), and charging latterly on fee to see them. On June 22nd, a cable dispatch stated that the "Tattoo at the Alexandra Palace was an utter failure, owing to the vast crowd of visitors, which became wholly unmanageable and swarmed over the parade grounds," Therefore, it would seem that in self-defence the authorities in charge decided to place a fee for admission to the grounds. It would, under these circumstances, be as fair to say that the military authorities in Toronto were making a "circus attraction" of the royal visitors last autumn, when they charged a fee to the grand stand during the review, as to apply the statement to our troops at the palace. Another charge made is that contained in a Toronto journal, to the effect that a British officer was to supersede Lt.-Col. Pellatt. There seems to be absolutely no grounds for this statement. Major-General Cook was commanding officer of the colonials at Alexandra Park camp, and, as already stated, Lt.-Col. Turner remained in command of the Canadian cavalry, while Lt.-Col. Pellat commanded the whole Canadian contingent, of which the cavalry only formed a part. There was no change whatever from the arrangements which had been first known at Quebec.

It might also be said that it is no compliment to Canadian soldiers and to the Canadian Premier to say that they and he would refuse to turn out to do honor to their King, and host in a sense. ageable and swarmed over the parade grounds." Therefore, it would seem and he would refuse to turn out to do honor to their King, and host in a sense, because arrangements for the disposition of the troops, absolutely necessary for the success of the coronation procession, did not please them. I refuse to believe

on the general staff, probably

this statement. In conclusion, let me point out that heavy and extraordinary rains made usually good quarters muddy and disagreeable, and that this seems to be the only actual ground for complaint. In any case, judgment should be suspended until the facts are obtained, and the improve heavitalities of a great period not dense hospitalities of a great period not poiled in their effect and intention by unimportant and unavoidable accidents.

WEALTH OF ISLAND MINES. U. S. Consul Smith Makes an Interesting Report on Progress Made.

OF TRADE COUNCIL U. S. Consul Abraham E. Smith has reported to the state department at Washington in some detail on the mining and transportation projects of this Island, and incidentally refers to the good field here for the steel industry. The report was published in yesterday's United States, papers, and says: "The iron mines on Barclay Sound controlled by the Pacific Coast Steel Company (composed almost entirely of Americane) THE YUKON TERRITORY by the Pacific Coast Steel Company (composed almost entirely of Americans) centain immense bodies of ore. The Sareta mine is especially valuable, and only needs to be developed to yield large results. The Copper island Secroft mines also show great value, and active steps are being taken to push work in them. A small steamer has been purchased, and short railroad lines to convey the ore to the shore have been surveyed. As soon as the necessary financial airrangements have been made, active operations will be commenced.

"Work has been suspended on the copper mines of the Nahmint Mining Company, on Alberni canal; also on the Monitor mine in the same locality. It is and erstood that the copper veins in each of these mines have become nearly exhausted. Reply From Deputy Minister of Marine

Passed Ship Spartan.

About noon yesterday the R.M.S. Empress of India arrived from the Orient, and after a brief stay at the ocean dock, where several of her passengers debarked, proceeded to Vancouver. Captain Marshall reports an uneventful voyage. Three hundred and fitty miles off shore he passed the American ship Spartan, beating in from a voyage from Boston. The India has brought from the Far East a full general cargo consisting of 1,774 tons, of which 690 packages were silk. There were over one hundred in her saloon, which number included many distinguished people. The complete list is as follows: M. Adachi, Mrs. A. G. 'Andrews, E. G. Atwater, Capt. Barff, J. M. Beattie, H. E. Bell, Dr. A. A. Blackman, Mrs. C. Du Bose, Master Du Bose, H. D. Bowles, J. Boutard, C. E. Braster, Mrs. C. E. Braster, Capt. Bunbury, C. R. Burkhill, Lieut. S. T. Cargill, R. E. OF ESQUIMALT

San Francisco, July 12.—During the week there have been the following coal arrivals: Four from British Columbia, 19.618 tons; two from Oregon, 600 tons; total, 20.218 tons. It is rather a singular coincidence that during the week there has not been a single arrival of coal from Washington, and yet the amount delivered here from British Columbia will amply supply all requirements. Business generally, in the fuel line, is very quiet. Prices remain unchanged, in fact, values have declined so much lately that it would naturally be inferred that bed rock quotations had been reached.

much lately that it would naturally be inferred that bed rock quotations had been reached.

Screening are to-day selling higher than at any time within the past 12 months. This is attributable to the small amount now on hand. Coal freights from Australia and Great Britain have slightly improved. This is mainly caused by the low outward rates on grain, now ruling. The loading list of coal carriers from Australia does not seem to decrease in number. For every vessel arriving here from there, another siew name is added on the other side. Fuel oil is being generally used. Consumers are buying same under most favorable conditions, Jobbers and retailers are complaining of their light sales for household purposes, but at this season of the year such sales will naturally decrease. Consumers of domestic coals are pretty well assured of prices being considerably lower next year than they were last fall.

INDIGESTION CAN'T STAY where Dr. INDIGESTION CAN'T STAY where Dr. Yon Stan's Pineapple Tablets are arrayed against it. Thomas Smith, of Dover, Ont., says: "I am delighted with them—from almost the first using I have been entirely relieved of the palms of Indigestion—I have the greatest confidence in the Tablets and heartly recommend them to any and every sufferer from stomach troubles." 35 cts. AN IMPORTANT MEETING.

Trades and Labor Council in Regular Session-Bullen Lockout.

The following standing committees were appointed at last night's regular meeting of the Trades and Labor Council: Finance-McEachern, Woods and Oredentials—Sevirts, Kelly and Brock.

Dunsmur vs. Noble Five—A. P. Luxton, for plaintiff, moved for a final decree of foreclosure, which was granted.

Worthington vs. Kenworthy et al—The application by plaintiff for directions as to distribution of the estate of the late Arthur Porter was further adjourned until Friday.

Jackson vs. Williams—An application by plaintiff for the appointment of a receiver of the shares of A. Williams—A co., Ltd., was adjourned until Saturday to permit of cross-exandination of defendant on his affidavit filed, defendant's solicitor understaking that the shares would not be dealt with in the meantime. G. H. Barnard for plaintiff, J. M. Bradburn contra.

Re estate of W. J. Reaven, deceased—A. D. Crease obtained probate of will.

HARRISON'S COAL REPORT.

San Francisco, July 12.—During the week there have been the following coal arrivals: wife is the Queen of Italy's sister, gave wife is the Queen of Italy's sister, gave a dinner to the royal guests.

CAUSED BY EXPLOSION. Yesterday's Accident at Johnstown Was

Due to a Dynamite Accident, Johnstown, Pa., July 15.—John Savach, a Slav. aged 36, was instantly killed, Rover Harvey, sr., aged 55, seriously wounded, and John Yellis, slightly injured by an explosion of dynamite in No. 34 mine of the Berwin White Coal Mining Company at Winber, to-day. Savach was preparing a stick of dynamite for use when it exploded, together with 16 sticks, which were lying near by. Savach was blown to pieces.

ABOUT THE WEIGHT OF ANGELS.

New York Sun.

The kind of angel I like to see weighs not less than 130 pounds.—The Rev. John L. Scudder, of Jersey City.

Tis a convenient size, and we shall quarrel with no man's specifications in the matter of angels. Everybody to his taste; and as the wings are not needed here, considerations of gravity and avoirdupois may be dismissed. The kind of human angel a man likes is the kind he likes, be she alry, featherweight, middleweight, heavy-weight. The Female Living Skeleton is the model of becoming plumpness to her rapt adorer, and doubtless the Bearded Lady gets sonnets by the ream in celebration of her Parlan smoothness and niabaster charm. Angels come in assorted weights and measures. Pick out one to your liking and take her—if you can.

The work will give employment to a large number of men at Revelstoke. The

G. R. Nagel, of the Puget Sound Navigation Co., of Seattle, arrived in the city this menning. He is at the Vernon.

Mrs. E. J. Haughton and child returned from Vancouver last night, after spending a three weeks' holiday.

Anthony Anderson, a life insurance agent of Nanaimo, is spending a few days here. He is at the Dominion hotel.

Wm. Blackwood and wife arrived from Winnipeg this morning. They are staying at the Driard.

Miss Irene Ryder, of Tacoma, is visiting Miss Blanche, Richards, of Johnson street.

H. McLean, of Vancouver, is among those staying at the Dominion hotel.

WOULD RATHER BE A BOY. Atlanta Constitution.

Don't want to be no angel,
With wings an' other trimmin';
Ruther have a 'holiday
Fishin', or a-swimmin'!

Ruther be off yonder, Singin' in the sun-Den't want to be an angel Till I can't help bein' one!

CHIEF WATSON HAS

FIRE ON FORT STREET WHOLLY UNAUTHORIZED

Robert Ward & Company Submit Claim for Damages-Cemetery Matters.

The most startling feature in conne tion with the proceedings of the regular meeting of the city council last evening was the letter from the Mayor reporting on the fire on Fort street during the afternoon. This is self explanatory. It read as follows:

I have to report that the chief of the fire department, by an arrangement, I un-derstand, with the owner of the building, Mr. D. R. Ker, set fire to a shack on Fort street, formerly occupied as a stable, for the purpose of destroying it. The fire caused a considerable blaze, and at one time endangered the surrounding buildings, and had the conditions been a little more favorable, would have threatened to destroy favorable, would have threatened to destroy a very large amount of valuable property. As this act on the part of the chief of the fire department was wholly unauthorized, either by the fire wardens or myself or this council, I have deemed it my duty to suspend Mr. Watson from his duties as thief of the fire deaprtment, under the provisions of sub-section (d) of section 11 of the Municipal Clauses Act, and under further provisions of the said section, I take the earliest opportunity of reporting such suspension to the council for such section as they may deem necessary.

Board of Aldermen:
Gentlemen:—We understand that the old stable on Fort street, hurnt down this afternoon, was destroyed with the consent of the Mayor. As chairman and secretary of the Fire Underwriters, we beg to enter our most solemn protest against any such exhibitions in the future within the fire limits, at least. Not only is the southwest our prevailing wind, but to start a fire next door to a building with a shingle roof in the middle of July, and the building stored with whiskey, tar and oil, is, in our opinion, a menace to the city at large. Further, we would call your attention to the inadequate supply of water from the Langley street main.

B. S. HEISTERMAN.

B. S. HEISTERMAN, J. G. ELLIOTT, Secretary.

. His Worship—These gentlemen have gone off at half cock. I had no knowledge of the fire until my attention was directed to it while walking down the street in company with the other than the contract of the company with the contract of the company with the com directed to it while walking down the street in company with the city solicitor, Robert Ward & Co. also strongly condemned the burning of the building under the circumstances in a letter bearing on the same subject as follows:

on the same subject as follows:

We beg to inform you that at the burning down of an old stable building in Fort street to-day by the city fire brigade the stock in our warehouse in Langley street has sustained very serious damage by fire and water. We are unable at present to state the extent of the damage, but the goods will be immediately overhauled, and an account sent in to you. Meanwhile the place is open for your inspection at any time. As citizens we cannot too strongly express our coademation of the burning down of the premises in question on a hot day with a fairly strong wind blowing on the town. Who may be the official responsible for this we do not know, but he is certainly unit for his position. The fire at one time was certainly out of all control, and might have resulted in an extent of damage uiterly unable to be estimated.

ROBERT WARD & CO., LTD.

Regarding this the Mayor stated that

Regarding this the Mayor stated that the had already conferred with the city

were endorsed.

Messrs, Fell & Gregory, on behalf of their client, Mr. Humphries, 95 Mears street, applied for an adequate supply of the public of a surplus of water so as to effect the sewerage con-nection ordered by the council. The con-nection proposed is with Belcher street, which, under present conditions, was im-

which, under present conditions, was impracticable.

City Engineer Topp reported that there was no foundation for the statement that there is not sufficient water supply. There is ample water, the engineer explained, a new main having recently been laid to the house. The trouble now lay with the fact that the pipes were rotten, which

Approved.

The city engineer recommended that the application of C. Marshall for sewer extension on Pandora to Harrison street be laid over until the sewer extensions already ordered have been carried out, were adopted. The report of the engineer regarding a box drain on Ontario street, north side, with the recommended renewal of the sidewalk on Douglas street, west side, from Humboldt to Courtney streets, at a cost of \$110; renewal of the sidewalk on Douglas street, west side, from Humboldt to Courtney streets, at a cost of \$110; Courtney street, nort side, between Gordon and Douglas, at a cost of \$112; on the south side of the same street, at a cost of \$90; Oswego street, east side, between Simcoe and Niagara, at a cost of \$88; Oswego street, between Dallas road and Niagara street, at a cost of \$77; Dallas road, between Montreal north, at a cost of \$68; St. Lawrence street, west side, between Niagara and Dallas road, at a cost of \$74; Second street, between Hillside avenue and King's road, at a cost of \$151, and Langford street, west of Russell, at a cost of \$7. Referred to the streets, sewers and bridges committee.

tee.

Miss Edith L. Neveu applied for a sewerage connection with her house on Superior street. The writer keeps a boarding house and unless connection is at once made with her premises she cannot avail herself of the plumbing already done under city inspection. Her boarders

follows:

1. That in the matter of granting permission to the Chinese Benevolent Society to purchase a piece of land situated eastward of the present Ross Bay grounds consider that it would be inexpedient in the public interest, especially under the present cemetery by-laws, to agree to the proposal made by the Chinese merchants.

2. That the lands that are in the market adjoining the cemetery be purchased or arranged for if funds will permit.

3. As far as the question of the city undertaking the work in connection with the keeping of all plots in the cemetery in order, that it is in the best interest of the ratepayers to undertake the work under the supervision of the caretaker, which cannot be done under present circumstances if private gardeners are allowed to do the work that should be undertaken by the corporation.

work that should be undertaken by the corporation.

4. That the Quadra street cemetery grounds be placed in better condition as soon as funds will permit, and the fence be painted at once.

The report was adopted.

Ald Barnard and Ald, McCandless and others of the board being of the opinion that arrangements might be easily carried out with the government, owners of the cemetery, for the taking of the cemetery grounds, and with the friends of those there interred for the removal of the dead and tomb stones, the first three clauses were adopted, and the fourth was referred to the committee to ascertain the position of the title.

Messrs. Lee & Fraser wrote offering a lease of a plot of ground for five years at a cost of \$2,500, with the privilege that all payments be applied to purchase with interest if the board saw fit to secure it at any time during the lease. Referred to the cemetery committee.

The special committee reported on sprinkling as follows:

That the city be divided into three districts. No. 1 to consist of all that part of

this council, I have deemed it my duty to suspend Mr. Watson from his duties as the of the fire deapriment, under the provisions of sub-section (d) of section 11 off the Municipal Clauses Act, and under further provisions of the said section, I take the earliest opportunity of reporting such suspension to the council for such action as they may deem necessary.

CHAS. HAYWARD,

Mayor.

Ald. Graham asked if some date could not be fixed for the helding of the inquiry.

Ald. Barnard suggested that it would be wise also to extend the scope of the inquiry so as to ascertain the adequacy of the water supply.

In connection with the same subject, the president and secretary of the board of fire underwriters wrote as follows:

To His Worship Mayor Hayward and the Board of Aldermen:

Gentlemen:—We understand that the old stable on Fort street, hurnt down this afternoon, was destroyed with the consent of the Mayor. As chairman and secretary of the Bire Underwriters, we begt to enter

Ald, Cameron presumed it was because the council thought insurance on a building well protected with men and apparatus was unnecessary. The Mayor, however, explained that as no one seemed to know the exact reason the alderman would have to make his inquiry in a formal way.

a formal way.

Ald. Cameron's motion respecting the Ald. Cameron's motion respecting the reduction on the rates imposed on improvements and a corresponding increase on unimproved property met with a chorus of protest. The provisions of the motion have already been published in the Times. It was supported by Ald. McCandless, but Ald, Grahame contended it was unfair to those people living in the outer part of the city who were compelled against their wishes to come into the limits. He quoted figures to show where the scheme would prove a loss to the city. It would mean, he contended, an increase of four per cent. in taxation. an increase of four per cent. in taxation. The Mayor, too, stated that he had been informed by the city treasurer that the loss to the revenue would be \$31.681.

Regarding this the Mayor stated that he had already conferred with the city solicitor as to the proper course to pursued, and that official had replied to the latter denying all authorization of the fire. In dealing with the communications the council decided to reply to the fire underwriters, euclosing the report of the Mayor, the recommendations of which were endorsed.

ever, that the public would soon discover that there would be no surplus, and the meeting then adjourned.

THE HAYES CASE.

Hearing of the Third Charge Adjourned For a Week.

accused was remanded until Tuesday next.

Col. Hayes's bail was yesterday fixed by Judge Walkem at \$20,000, and he had to spend the night at the lockup, where he received the best treatment possible.

Efforts are being made to-day to raise the necessary security, which altogther amounts to \$24,000. The question of further bail on the charge remanded was brought up in court to-day, but Mr. Hall was of the opinion that the bail already required was sufficient security.

WALKER-ASKEW.

Wedding Performed at Christ Church Cathedral This Morning by Rev.

A very pretty wedding took place in Christ Church cathedral early this morn-

Christ Church cathedral early this morning, when Miss Ada Askew, of this city, was married to Pascal de Noe Walker, a young Englishman, who has resided on Salt Spring Island.

The ceremony was performed by Rev. W. Baugh Allan, in the presence of a number of friends of the young couple. The bride, who looked very charming in a handsome tailor-made travelling gown, was given away by Dr. James Helmcken. Mr. Tom Patton acted as best man, and Miss Earle as bridesmaid.

Mr. and Mrs. Walker left on the Rosalie for the Sound immediately after the service, plentifully besprinkled with rice. They will reside, after the honeymoon, at Vancouver.

AMBITIOUS MOVEMENT JUST STARTED HERE

Idea Is to Establish Institution to Be Known as Alexanira Royal College of Music and Art.

There is a movement on foot to establish in this city an institution to be known as the "Alexandra Royal College of Music and Art." The object of the institution will be to provide high class education in vocal and instrumental music, modern languages and dramatic

art so that it will no longer be necessary for persons seeking instruction in these studies ot go abroad for that purpose. The principal of the Alexandra Royal College of Music and Art will be Herr Peje Storck, whose attainments in music admirably fit him for the position.

Violin teacher, Mr. Herbert Ritchie, pupil of the world-renowned Thomson and Wilhelmy.

Herr Storck will immediately upon the successful organization of the college engage able instructors. Instruction will be given in the following branches:
Violin, violoncello, piano, organ, mandolin, guitar, orchestral playing, singing, harmony and theory, modern languages, dramatic art and physical culture. Instruction will be given either individually or in small classes. It is proposed that there shall be yearly competitions, with prizes.

orizes.

It is intended to inaugurate in connec It is intended to inaugurate in connection with the college a great musical festival, to be held every two years, on the same basis as the Leeds musical festival in England, and to be open to all singers and musicians on the Pacific coast of Canada and the United States. The classes will be supervised by the head teacher of each branch, who will at least once in each month ascertain what progress pupils are making. The revenue of the college will be derived from the fees of pupils and from concerts.

erts.
It is intended at the outset to furnish It is intended at the outset to furnish suitable rooms for only the work of the college, but it is in contemplation also to enlarge the institution so as to provide for the accommodation of pupils coming from places outside of the city.

It is estimated that the cost of the furniture necessary to open the college will be \$1,000, and as soon as this amount is raised, together with \$500 for advertising and incidental expenses, Herr Storck will at once proceed to engage the head teachers for the several

and hon, members).

3. Subscriptions.

The minimum amount of each subscription is put at \$5, for which the subscriber will be entitled to one season ticket for the first year's concerts. Contributors to a greater amount than \$20 will be regarded as life members, and will be entitled to receive four season tickets for all the concerts.

Lists of prospective pupils will be onesed at once and the members of each class will be limited at present.

The following will be asked to become patrons of the college:

H. M. Queen Alexandra, who will be usked to be graciously pleased to give an annual scholarship; their R. H. the Prince and Princess of Wales, the Earl and Countess of Aberdeen, Sir Henri Joly de Lothiniere, Sir Thomas Lipton, the Lord Bishop of Columbia, Mrs. Carnegie, the Premier of British Columbia, the Mayor of Victoria.

IMPORTANT JUDGEMENT

Decides That Municipalitles Can't Close Places Not in Category of Saloons on Sunday.

Chief Justice Hunter yesterday handed down an important judgment on the appeal by Hayes from a conviction under section 5 of the "Sunday Observance Bylaw, 1895," Nanaimo, of being found in the bar-room of Crescent hotel, Nanaimo, between the hours of 10 and 12 p.m., contrary to the provisions of the by-law.

The Chief Justice held that there was

a new main having recently been lad to the house. The trouble now lay with the fact that the pipes were rotten, which difficulty is being remedied. The report was received and filed.

Messrs, Hooper & Watkins, architects, on behalf of Lee Mong Kow & Ling Long Shee, asked for sidewalks and stone crossing on Fisquard street, these firms agreeing to pay the cost of the same.

On motion of Ald. Cameron the sidewalk requisition will be granted, and the subject of a crossing will be referred to the city engineer for report.

The residents of King's road asked for the removal of a telephone post on the south side of that thoroughfare. Referred to the city engineer with power to act.

The purchasing agent reported, recommending the tender of J. Pierson for the tupply of sand at a cost of \$1 cubic yard. Approved.

For a Week.

The Police Court this morning Mr. Griffin, on behalf of Col. G. H. Hayes, and other places not within the category of "saloons." There were, he pointed out, obviously good reasons for keeping saloens closed on Sundays and late hours of the absence of Messrs. Peters and Duff, counsel for Col. Hayes, in Vancouver.

Mr. Taylor, for the prosecution, offered no objection to the adjournment, and the accused was remanded until Tuesday now the places not within the category of "saloons." There were, he pointed out, obviously good reasons for keeping saloens closed on Sundays and late hours of might but these did not apply to a lotel, as the latter was the house of no objection to the adjournment, and the accused was remanded until Tuesday now the places not within the category of "saloons." There were, he pointed out, obviously good reasons for kee

SHIP BUILDING IN VANCOUVER. Contract Let for Construction of Four-Masted Brigantine,

The World reports the formation of a company, under the name of William Erichsen & Son, to build ocean-going ships at Vancouver. The project is to construct merchantmen, which will carry lumber. In the office of William Erichsen & Son, 809 Granville street, is the model of the first vessel, which will soon be under construction. It will be a fourmasted brigantine, with a 200-foot keel, beam 44 feet, depth of hold 16 feet, and capable of carrying 1,200,000 feet of lumber. It will be constructed on the Norwegian and American style, and will be specially adapted to the trade. The contract to construct the boat has already been signed with Messrs. A. M. Sharp and George E. Gates. It will be in Cates's yards on False creek that the keel will be laid. The new ship is to be completed within a year The cost is placed at \$57,000. The B. C. M. T. & T. Company, known as the Hastings Mills. Gompany and others have taken shares. The total amount of shares is 64, of the value of \$1,000 each.

Business Will Be Slow Regarding Grain Freights Until New Crop Is
Available.

Rithet & Co. in their monthly freight and shipping report for June says: The market for grain freight and shipping report for June says: The market for grain freight and shipping report for June says: The market for grain freight and shipping report for June says: The market for grain freight and shipping report for June says: The market for grain freight and shipping report for June says: The market for grain freight and shipping report for June says: The market for grain freight and shipping report for June says: The market for grain freight and shipping report for June says: The market for grain freight and shipping report for June says: The market for grain freight and shipping report for June says: The market for grain freight and shipping report for June says: The market for grain freight and shipping report for June says: The market for grain freight and shipping report for June says: The market for grain freight and shipping report for June says:

Messrs. Martin and Perry Arrange For

B. J. Perry and Joseph Martin of the Noble Five Company came in from Victoria Sunday, and made arrangements for recommencing operations at the Noble Five. A contract will be let to run 140 feet of tunnel on the Maude E. to tap the big showing exposed on that claim last fall. New buildings will be built on the Maude E. ground, and if the showing justifies it when the ledge is teached the train will be extended so that the upper terminal will be nearer the workings.

The apex case between the Noble Five and the Last Chance makes it impossible to work on the World's Fair grounds, but a force will be put on in the No. A tunnel, which is not affected by this case. B. J. Perry will manage the property for a couple of months, during George B. MacDonald's absence on the coast.

during George B. MacDonald's absence on the coast.

At the time the Noble Five was closed down last fall Dunsmuir took action to foreclose his mortgage and stock in the old company consequently became worthless. This foreclosure has never been completed, and it is now stated that Dunsmuir will permit the property to pay itself out and the old stockholders will be allowed to retain their interests.—Sandon Paystreak.

THE SUPREME LODGE WILL MEET AT 'FRISCO

Large Number From Victoria Will Attend K. of P. Session Next Month - Elaborate Preparations.

The elaborate preparations being made at San Francisco for the reception of the delegates to the Supreme Convention of Knights of Pythias, which takes place Knights of Pythias, which takes place at that city on the 11th of next month, are attracting considerable attention. The representatives from the Grand Lodge of British Columbia are H. J. Amstie and J. E. Evans, both of Vancouver. The cheap rates which are being arranged to enable those who wish to be present on that occasion to do so without inconvenience will undoubtedly have the effect of taking large numbers away from this city. Vancouver and other Brit from this city, Vancouver and other British Columbia cities. Already many of the local members of Knights of Pythias have announced their intention of going while many outsiders age likely to follow

their example.

Referring to the event a San Francisco Referring to the event a San Francisco exchange says:
"Preparations for the reception of the Knights of Pythias on Monday, August 11th, are well under way.
"At 5 o'clock in the evening of the 11th day the barracks in the Mechanics' Pavilian is to be turned over by the local executive committee and the citizens of San Francisco to Supreme Chancellor and Commander-in-Chief Ogden 14. Fethers, and by him to the major-general commanding.

commanding.
"This ceremony will be not only interesting, but imposing, for the entire command will be assembled in its bright uniform. "At the assembling of the Knights at this function addresses will be delivered by state officers, the Mayor, Charles L. Patten, chairman of the executive com-mittee, the supreme chancellor and major-general.
"The same evening at 8 o'clock in-

structions will be given the commanders for the parade, general inspection and for the parade, general haspers review.

"The following afternoon, at 9 o'clock precisely, the regiments will form on the parade grounds of the several brigades, and will move out to form the column of the parade through the city. The column will move at 3.30, and pass in review before the supreme chancellor and the major-general.

the major-general, "On Wednesday morning brigades, sen-

of Minto, the Earl and Aberdeen, Sir Henri Joly, Sir Thomas Lipton, the of Columbia, Mrs. Carnenier of British Columbia, Victoria.

T JUDGEMENT

BY CHIEF JUSTICE

"On Wednesday morning brigades, separate regiments and companies will form in the same order for the inspection and review, and will move promptly at 10 o'clock.

"An exceptionally interesting section of the exercises will be the competitive drill, in which the cavalry and artillery companies will take part, at 2.30 p. m. the same day on the Presidio drill grounds.

"The competitive drills of classes A, B and C will begin Thursday, August 14th, at 9 a. m.

and C will begin Thursday, August 14th, at 9 a. m.

"The battalion drills are to take place on the same day, but the hour will be determined after the arrival of the Knights in the city."

It was the intention of the local orders of the Knights of Pythias to endeavor to provide sufficient attraction at this city to persuade the large majority of Knights who attend the convention to return to their respective homes by way city to persuade the large majority of Knights who attend the convention to return to their respective homes by way of British Columbia spending a few days here. Big prizes for competitions between the different drill teams were to be offered and the visitors treated in a right royal manner. Committees were appointed to carry this proposition to a successful issue, but on account of the lukewarm reception tendered the scheme by the general public it was found that the necessary funds would not be forthcoming, and therefore the arrangements were dropped. Had the plan met with success there can be no doubt of its fully repaying merchants for any little subscription they might have made. However, when the scheme did not meet with the success it is believed to have deserved the members of the local Knights of Fythias whose intention it is to attend the convention decided to do their best to get as many as possible to take the northern route on their return East, touching at Victoria for a fey days. The matter was brought up at the session of the Grand Lodge not so long ago and it was decided to instruct their representatives to do all in their power in this direction. Under these circumstances quite a number of Knights may be expected here towards the end of next month.

MARKET IS QUIET.

Mr. and Mrs. Walker left on the Rosalie for the Sound immediately after the service, pleutifully besprinkled with rice. They will reside, after the honeymoon, at Vancouver.

WIDEAWAKE MINISTER IS AFTER BUSINESS

Hon, J. Israel Tarte Is Personally Investigating the Whole Question of Lake Transportation.

Buffalo, N. Y., July 15.—Hon, J. Israel Tarte, minister of public works for the Dominion of Canada, arrived in Buffalo shortly after noon to-day on the govern-ment yacht Lord Stanley. J. W. Web-ster, of Buffalo, president of the Steel Storage Company, which is building a big grain elevator for the government in Montreal, was a guest on board.

The purpose of Mr. Tarte's visit to Buffalo was outlined by a member of the party. "The great question in Canada at present," said he, "is that of transportation, both lake and rail. The minister is making a tour of the St. Lawrence and the upper lakes, not with a view of getting all the transportation away from Buffalo," he said laughing, "but to get a little larger share of the lake transportation business than we have had in the past. oig grain elevator for the government in

past.
"It is our purpose to visit Buffalo, Cleveland, Detroit, Chicago, Milwaukee, pass the Soo and go to Duluth, the primary object being to inspect the American ports, although Canadian ports are also to be visited on the trip. We wish to see what the Americans have in the way of harbors, dockage and railway terminal facilities at the water front." It is expected that Minister Tarte and his party will leave Buffalo for Cleveland

A NOTED SOLDIER HERE. Major-General Sir Arthur Dorward Arrives on His Way Home From China.

The trans-Pacific liner Empress o Japan, which arrived yesterday, carried a very distinguished passenger in the person of Major General Sir Arthur Robert Ford Dorward, K. C. B., D. S. O., R. E., who served with distinction in the vecent unbowned in China. recent upheaval in China. He was in command of the troops at Wei-hai-Wei when the disturbances occurred in North China, and pending the arrival of the Indian forces had charge of the British croops dispatched from Hongkong. As senior officer also he commanded the senior officer also he commanded the mixed international force which took part in several engagements with the Boxers, among them the battle of Tien Tsin. Wei-hai-Wei having been abandoned as a military station, Major-General Dorward has consequently vacated his com

Returning home with the general are Major J. H. Cowan, R. E., until recently commanding Royal Engineer at Wei-hai-Wei, and Captain E. C. Jennings, Royal 'usiliers. Major-General Dorward's record is as

He was born 13th of July, 1848, and received his commission as lieutenant from the Royal Military Academy, Woolwich, on the 15th May, 1868.

Promotions—Captain, 1st May, 1881; brevet major, 1st July, 1887; regimental major, 1st June, 1894; colonel, 21st June, 1894; colonel, 21st June, 1898; major, 22nd September or-general (China), 22nd September,

raior-general (China), 22nd September, 1906.

War service, Afghan war, 1879-80—
Action of Kam Dakka and operations in the Kama district. Mentioned in dispatches. Medal. Burmese expedition, 1885-8. Commanded Queen's Own Sappers and Miners and commanding Royal Engineer. Thanked by the government of India. Dispatches, London Gazette, 22nd June, 1886, and 2nd September, 1887. Awarded the distinguished service order and brevet of major.

Chica expedition, 1900; on staff—Dispatches, London Gazette, 14th May, 1901, and made a Knight Commander of the Bath.

Major Cowan served in the South

Major Cowan served in the South African war and was mentioned in dis-patches. The three officers were guests at the Dallas hotel, but have gone to Duncans for a few days' fishing.

NOW FOR SEATTLE.

Excursions This Week From Victoria t Sound Points-Three This Week.

The popularity of excursions to Victoria from cities of the Sound having been amply demonstrated last week, when 2,016 people were brought in by them, the management of the two steamers in regular service on the route—the Rosalie and Majestic—now purpose ex-ploiting business in another way. Last week the company arranged for three week the company arranged for three excursions from Seattle, when the fare for the round trip was reduced to \$1. The result was very encouraging. Large numbers took advantage of each excursion, while on Sunday the very modest number of 2,016 arrived on the Garonne. Now the company propose to extend the same courtesy to Victorians as they have to the residents of the Sound cities, and will give the advantages of a series of three similar excursions. One dollar tickets for the round fare will be offered for sale on Saturday, Sunday and Monday, and will be good until Monday evening. These excursions will probably be ing. These excursions will probably be followed by three more the following week, while the people of Seattle will be given another series between now and the date of the carnival.
