### DROWNING ACCIDENT AT RIVER CHARLO

#### Five Year Old Boy is Drowned in Pond Near His Home Last Friday

At River Charlo, on Wednesday the 28th day of April, a great sorrow fell upon the home of Mr. and Mrs. Angus Miller, when their bright, lovable little boy, Kenneth Lloyd, of five summers, was accidentally drowned in a pond some distance from the home. Having accompanied his sister to the next house, and having as the expected, returned home, no anxiety was felt in his absence, until the father, who was not well, inquired where their boy was. Search was immediately made and the little one was found by his brother Alonzo, in the pond. As he had been gone but a short time, it was thought life might not be extinct, and persistent efforts were made to resuscitate the manly little fellow, but "the spark of life had fled"; and he was safe in his Saviour's arms. Much sympathy is felt for the sorely bereaved family, and the large funeral testified to the esteem in which the young child was held.

A little one from us is gone,  
A voice we loved is stilled;  
A place is vacant in the home  
Which never can be filled.

### DEAD AT DOUGLASTOWN

Word has been received here of the death of Mr. F. X. Kennedy of Douglastown last Sunday. He was one of the most prominent men on the Gaspe coast and had been at one time a member of the Federal house for Gaspe Co. He carried on a big business, and always took a deep interest in all affairs pertaining to the county and was very popular among all classes. The funeral was held on Tuesday and his loss is keenly felt all along the Gaspe coast.

### COUNTY COURT

At a sitting of the County Court held at Dalhousie before Judge MacLachlan yesterday, the case of Thomas Dobbin charged with indecent assault was heard. At the close of the trial the court found the accused "Not Guilty".

### SOCIAL CLUB TO BE ORGANIZED HERE

#### Will be Formed in Connection With Campbellton Curling and Skating Club

At a meeting of the directors of the Campbellton Curling and Skating Club held last Thursday evening it was decided to organize a Social Club to be formed in connection with the curling club. The banquet rooms in the rink will be fitted up for this purpose and the members of the Social Club will have the sole right to the use of the rooms between April 1st and December 26th of each year.

The committee request that any of the members of the Curling Club, who wish to join might hand in their names on or before May 15th to Mr. Thomas Wran.

To cover the expense of repairing and furnishing the rooms each member joining will require to pay \$5.00 as the first years dues, and it will facilitate matters greatly if this amount accompanies the application for membership.

Any member of the Curling Club wishing to join, but who neglects to hand in his name prior to the date mentioned, will have to be balloted for in the regular way.

### REPORTED WOUNDED

Word was received here last night the Driver James William Cantwell, No. 41479, 2nd Brigade Artillery had been officially reported wounded. No details were received by his family.

### MILLS GOING

Messrs. Shives mill at Athol will start sawing today and it is expected the town mill will start up on Monday.

### IMPORTANT BRIDGE OPENED SATURDAY

#### Structure Between St. Leonards and Van Buren Provides Rail Communication

Van Buren, Me., May 1.—The new international bridge, spanning the St. John river between St. Leonards and Van Buren, was officially opened today when a special train bearing President Todd, of the Bangor & Aroostook Railway Company, who is the head of the Van Buren bridge Company, accompanied by Senator Charles F. Johnson, Congressmen Peters and Gurnsey, of Maine, a large group of Maine, Massachusetts and New York bankers, and state and railroad officials, crossed over from Maine into New Brunswick where the party was joined by a delegation of Canadian officials.

The opening of the bridge is of great importance to the residents of New Brunswick and a portion of Quebec, on one side of the border, and of the New England States, on the other, as it forms the connecting link between the International branch of the I. C. R., the Canada and the Bangor & Aroostook railway in Maine, thus giving direct connection between these districts for the first time.

The chief advantages which the new bridge offers is the opening of the American markets to products of the northern part of New Brunswick and the eastern portion of Quebec by a short route but it will also give Maine a new competing route from the west.

Fresh fish from the North Shore, which has in the past brought the fisherman only from two to four cents a pound, will increase in value as the direct route will give a ready market without big loss from spoilage when shipped by roundabout routes.

The lumber mills in the north will be given a short rail haul for their products which find a ready market in the states and pulp wood from the private lands in the northern part of the province will also be given the opportunity to reach a profitable market. There is, also, room for a big development in the dairy and farm produce business for the same reasons.

Not only will the existing industries and farming communities benefit but the new route will tend to develop much unsettled territory in northern New Brunswick.

### REPARATION WILL BE FIRMLY EXACTED

#### Suitable Punishment Will be Meted Out to Violators of Civilized Rules

(Special to the Graphic)  
London, May 6.—When the proper time comes due, reparation will be exacted on those whatever their positions or their antecedents, if it can be shown that they have violated all rules and usages of civilized warfare said Premier Asquith in House of Commons Wednesday evening. During the course of the debate on the treatment of British prisoners by Germany, he added that careful record of events was being kept and of evidence which could be obtained in order that when the proper hour came suitable punishment might be meted out.

Paris, May 6.—On Tuesday a despatch from Mytilen said that a regiment of Turkish troops was annihilated during fighting at Dardanelles Tuesday night, and that allies transported 100 more prisoners to Tenedos and Mouderas. Despatch also says that squadron of allies warships again bombarded forts at Dardanelles and Turkish encampments on coast.

London, May 6th.—Norwegian steamer landed Wednesday evening crew of trawler Sceptre, which was torpedoed forty miles off Peterhead.

The total number of trawler victims of Germany underwater boats since Sunday is fifteen. Submarines seem to be making determined effort to prevent England from procuring fish in North Sea.

British official "Eye-Witness" in long account of engagement of last few days in Ypres region records that Germans have continued use of asphyxiating gases, but with less success than on first occasion.

London, May 6.—British schooner Earl of Lathom sunk by German submarine eight miles off Kinsale Head, Ireland, Wednesday, crew saved. Trawler Stratton of Grimsby sunk in North Sea yesterday by gun fire of German submarine. Crew taken aboard of submarine.

London, May 6.—Steamer Cathay from Copenhagen for Chinese ports either mined or torpedoed last night in North Sea, went down in twenty minutes, passengers and crew of 43 landed safely at Ramsgate today.

### 55TH MEN GOING TO ENGLAND SOON

#### Five Officers and 250 Rank and File Will go as Reinforcements to First Contingent

Orders were received by Major Wetmore, adjutant of the 55th Battalion, to draft 250 men and five officers from the ranks of the 55th to go over seas in a short while as reinforcements to some of the battalions of the First Contingent, whose ranks have been sadly depleted in the struggle at Ypres. The men and officers will be selected within the next few days, and will probably be conveyed to England for a short course of training, preparatory to taking their places in the first line of reserves. Permission to mobilize at Sussex was also received this morning and it is likely that the men will be placed under canvas as soon as the rain shows signs of letting up. Lieut.-Colonel J. R. Fitzpatrick arrived in the city at noon to-day from a visit to Woodstock and other organization centres up the river.

### CHANCELLOR INTRODUCES NEW LIQUOR LAW

**Drinking Interferes, He Says, With the Nations Safety**  
London, April 29—The new liquor bill introduced by Lloyd George in the House of Commons today doubles the tax on all spirits. The Chancellor said this was necessary and emphasizing the situation he said, "when the time comes to drive the enemy out of Flanders and France the expenditure of ammunition and other war materials must be on a scale unprecedented in any war, facts have shown that the drink evil is so serious that nothing but strong action could enable the Government to cope with it." In addition the bill imposes a very heavy surtax upon all beers which contain more than seven per cent. proof spirits.

**LETTER TO THE EDITOR**  
May 6, 1915.  
To the Editor of the Campbellton Graphic,  
Campbellton, N. B.

Dear Sir:  
There is great need to establish more flour mills in the County of Bonaventure. A plant of this kind would take the place of the stone mills in the home industry and would only need to consist of the following machinery: two sets double rolls, one small planifter, one Eureka smutter and scourer with separator combined. This plant would take ten horse-power to drive and have a capacity of one barrel per hour. Each farmer could then get flour made from his own wheat which would be an encouragement for farmers to go more into wheat raising. Wheat straw is just as nutritious as other kinds of straw and the bran could be mixed in and chopped fine. It would help the butter industry in this part of the County and save an enormous amount of money which goes out from the County of Bonaventure to Ontario and the West every year for flour. Wheat grows well in this part of the County and if there were more mills established the farmers would go more into wheat raising.

Yours truly,

### TORTURED BY CONSTIPATION

**"Fruit-a-tives" Cured Paralyzed Bowels and Digestion**  
ST. BONIFACE DE SHAWINIGAN, QUEB., Feb. 3rd. 1914.

"It is a pleasure to me to inform you that after suffering from Chronic Constipation for 2 1/2 years, I have been cured by 'Fruit-a-tives'. While I was a student at Berthier College, I became so ill I was forced to leave the college. Severe pains across the intestines continually tortured me and it came to a point when I could not stoop down at all, and my Digestion became paralyzed. Some one advised me to take 'Fruit-a-tives' and at once I felt a great improvement. After I had taken four of the boxes, I realized that I was completely cured and what made me glad, also, was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take 'Fruit-a-tives' for they are the medicine that cures!"

**MAGLOIRE PAQUIN**  
"Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 5c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

**LOGGIE—BRANCH**  
(From the Gloucester Northern Light)

A very quiet but pretty wedding was solemnized at the home of Mr. and Mrs. Samuel Branch on Wednesday, April 28th, when their daughter Mildred was united in marriage to Mr. J. W. Loggie of Loggieville by Rev. W. McN. Matthews. Only the immediate relatives of the bride were present.

The bride looked very pretty in a dress of white crepe-de-chine and satin, with bridal veil, and carried a shower bouquet of pink and white carnations. The presents were numerous and valuable, including—a beautiful diamond ring from the groom, cut glass bowl from the choir of St. Luke's church for a number of years. A handsome leather rocker from W. J. Kent & Co., Ltd., large reed couch from the staff of W. J. Kent & Co., a silver tea service from Miss May Branch, Boston, sister of the bride.

Lunch was served at 10 o'clock and the happy couple left on the Maritime for St. John, Chatham and Loggieville.

**PETIT ROCHER**

Mr. Matthew Frenette, formerly of Petit Rocher, but for the last thirty years residing at Jacquet River, died last week at the advanced age of 83. Funeral took place at Jacquet River.

Messrs. Frank Frenette, Jas. P. Doucet and Edw. P. Doucet attended the funeral of the late Mr. Frenette at Jacquet River last week.

Mr. Kenneth Corbett, I. C. R. freight agent at Campbellton visited his old home Sunday. Mr. Corbett has enlisted in the 55th for overseas service. We wish Kenneth God speed and a happy return.

The lobster fishing is being delayed by bad weather. Herring was very scarce last week.

### MOTOR AMBULANCE FOR THE FRONT

Help the Empire by Taking Care of Her Wounded Soldiers

We cannot all fight in the trenches, but we can all assist in some way in the great struggle.

One of the greatest needs at the front just at present is motor ambulances of the four stretcher type which will stand the great strains and test to which they are subject. The ambulance in question will carry four wounded soldiers in a horizontal position and the interior construction is such that it can be instantly converted so as to carry ten or twelve soldiers if wounded so they can sit up, or it can be arranged so that two seriously injured patients can be carried horizontally and four or five sitting up.

The Militia Y. M. C. A. is doing a big work among the soldiers and want to do more and have therefore resolved with the help of those interested to put one of these ambulances on the field.

While in conversation with a sergeant major who has been at the front since the war and who is in charge of 75 ambulances, I was informed that the need was urgent. As a secretary in the work I will, with your help, equip one of these first aid ambulances and arrange to have it shipped to the front at once.

The people of Canada have done a great deal for the soldiers and I know are willing to do a great deal more. If we are willing to equip the soldiers with all the comforts possible when sending them out, why not do all we possibly can to relieve their suffering and bring them back to us in as good health as possible? The ambulance fully equipped will cost in the neighborhood of \$2,500 and I will therefore ask that all readers of this article contribute at least \$1.00 to this worthy cause, more if you feel you can afford it. Who can tell but what this same ambulance will be the means of saving the life of a brother, father, son or husband, or it may be a very dear friend, and if perchance none of these, yet it will be many of those who have been wounded in defence of their country.

It is earnestly requested that all remittances be sent in promptly so the order can be placed at once and the ambulance sent to the field of need. The ambulance will be one of the made in Canada type and speaks well for what we are doing on this side. Do your part and help those who have been rendered unable to help themselves. They have gone to the front to protect you and you should now protect them in their suffering.

Mail all donations to Herbert R. Hill, Secretary Militia Y. M. C. A., Box 170, St. John, N. B.  
All amounts with the name of the contributors will be published each day.

### PERCE

An old friend was removed from our midst, when Mr. A. LeFesty died Tuesday morning, April 27th, after an illness of ten weeks. He was highly esteemed by all both young and old. Everyone shall miss his kind and hearty manner. Our deepest sympathy goes out to his family in their sad bereavement.

We are pleased to hear that Mrs. A. Bisson, who went to the Royal Victoria Hospital for an operation, is improving.

We are glad Miss Valpy recovered so quickly, and hope soon to see her back again.

Mr. E. Tuzo accompanied his brother, Mr. Harry Tuzo to the hospital in Quebec on the 1st.  
Mrs. LeBreton's friends are pleased to hear that she is feeling somewhat better.  
Mr. Fred Manger of R. J. & W. Grand River has replaced Mr. Bert Amy as bookkeeper here.

### KILDARE

IN THE CANADIAN MAGAZINE for May Mr. Herbert B. Ames, M. P., honorary secretary of the Canadian Patriotic Fund, gives a most interesting description of how the fund has been organized and is being distributed. One noteworthy feature is the announcement that the large organization costs the fund nothing, because all expenses so far have been met by the current interest on the money deposited in the bank. "Our National Benefaction" is the title of the article, and Mr. Ames is careful to point out that the assistance given to dependents of soldiers is not charity, but the rightful reward of those who lose for the benefit of the whole country.

DEAD AT JACQUET RIVER

It is with deep regret that we have to record the death of Mathew Frenette, which occurred at his home in Jacquet River on April 27th, after a few days illness at the age of 83 years. He was a kind and loving father, and was noted for his frank and upright dealings with everybody. He leaves five children: Mrs. Edward Doncott, Mrs. Jos. Devereaux, James, Albert and Jerry. His wife predeceased him six years ago. The funeral took place on Thursday morning and was largely attended. The pall-bearers were Messrs. Andrew Donnelly, Paul Fortotte, Paul Doyle, John Lawlor, Fred Perlotie, and Marcel Lejeune. We extend sympathy to the bereaved family.

FOR THE FRONT

Mr. Kenneth Corbett, the I. C. R. freight agent here has enlisted in the 55th Battalion for overseas service.

SUPPLYING PULPIT

Rev. John Hardwick of Montreal is supplying the pulpit in St. Andrew's Presbyterian church, New Richmond, during the month of May. He preached in New Richmond on Sunday morning and Black Caps in the afternoon. Next Sunday he will preach in New Richmond in the morning and Grand Caspédia in the afternoon. Mr. Hardwick is an eloquent speaker.

MAPLE SUGAR GIFT

A large quantity of maple sugar has been shipped to England via Halifax by the Dominion of the Empire (Fort Cumberland Chapter, Moncton), for the Canadian soldiers at the front. Doubtless the boys, especially those from the sugar making districts, will appreciate the kindness.

DEATH AT LOGGEBVILLE

The death occurred at Loggerville on Monday of Mrs. John Sullivan an aged and respected resident of that community at the ripe old age of 94 years. Mrs. Sullivan is survived by her husband. The funeral was held on Wednesday morning. Mrs. Sullivan was born in Ireland and came to the Miramichi in 1826, the year after the great fire. Her maiden name was Ann Graham and the greater part of her life was lived in Lower Newcastle. Rev. Fr. Wallace of Campbellton and Dr. Wallace of Tabusintac are cousins.

I. C. R. COAL CONTRACTS

Springhill Record:—There are those who think it doubtful if the I. C. R. will call for tender for coal this spring. It is believed that awards may be given without the formality of calling for tenders. The several coal companies are anxious to know when the contracts of the I. C. R. for coal will be awarded. The outputs of more than one company are dependent upon the disposition of the contracts. It is not expected that the I. C. R. will require as much coal this year as last. In February and March, 1914, the I. C. R. would take all the coal it could be given. This year there is no such demand. It is said that in its various yards the I. C. R. has in stock, at the present time, the large quantity of 370,000 tons of coal. Of this quantity 60,000 tons are at Campbellton.

PRESENTATION TO SOLDIERS

(From the Gloucester Northern Light) The congregation of St. Luke's Presbyterian Church held a very pleasant social last week in honor of Messrs. Alex. R. F. Young, Harris S. Chalmers and Robert Grahams, three of their young men, who will shortly leave for the front as members of the 26th Battalion. During the evening Rev. W. McN. Matthews presented \$5.00 gold pieces to the two first named soldiers, who were present, as a slight token of the congregation's appreciation of their devotion to King and country. The same remembrance was given to Robt. Grahams, who was detained in St. John, through his associates, who will present it to him on their return to their regiment. Patriotic songs and games were indulged in by the large number of members of the congregation who attended the social, and all extended to the departing soldiers their heartfelt wishes for their safe and triumphant return.

SEED OATS

A carload of White Seed Oats is expected to arrive very shortly. Farmers requiring seed please notify Mr. Thos. J. McDevitt, Campbellton as to quantity required. W. D. DUNCAN, Pres. Ag. Socy. No. 1

MISS ANNE EGAN

(From the Gloucester Northern Light) After a short illness of paralysis, Miss Anne Egan passed away at the J. H. Dunn Hospital on Sunday at the age of 76. Miss Egan was a school teacher for a number of years, and has resided in Bathurst for a long time where she conducted a small store. She was always very highly thought of by all who knew her, and will be long remembered for her many acts of kindness and charity. She leaves one brother, Edward Egan, Light-keeper at Bellany's Point.

WHAT THEY ARE SAYING

The Toronto Daily Star, which is one of the most enterprising evening newspapers in Ontario, sent out a telegram to the mayors and municipal bodies all over the country, asking the following question: "Should Federal elections be put off as long as possible during progress of war?"

According to the report in the columns of The Toronto Star, the following answer was received from the Mayor of Campbellton:
Campbellton, N. B., April 28, Toronto Daily Star.
Federal elections should be deferred as long as possible during the progress of the war. Party politics should not be allowed to interfere with the more serious matters now engaging the attention of our representatives.

A. A. ANDREW, Mayor.
It must be admitted that the Mayor's telegram voices the sentiments of all who have the best interests of their country at heart. In this connection the Moncton Transcript says:—

Although this journal believes it would be to the Liberal party's advantage to have a general election at the present time, because of the country's manifestly hostile sentiment towards the administration on the ground of its generally inadequate policy, its failure to help the business interests of the country, to minimize the effects of commercial and industrial stagnation, or to safeguard the treasury from the inroads of grafters, yet it must with candor be admitted that the Mayor's telegram voices a sentiment, which is in the best and permanent interests of the Dominion.

A general election at the present moment would be little less than a national disaster. It would not be an ordinary election, in which only party feeling would be aroused. It would be an election, in which, judging by cartoons already published, the great aim of the Conservative party in the midst of an international war would be to hurl charges of disloyalty against the leaders of the Liberal party and their supporters, but unfortunately while in ordinary party political strife, Liberals might accept as a part of the game, such charges, they will not submit or permit such insinuations or charges to be made to-day without forcible resentment.

It is just as well for the Conservative leaders and the Conservative press to understand that if, as is contemplated, the bill-boards are to be placarded with cartoons, hurling disloyalty against the Liberal party, these bill-boards will either be destroyed by being pulled down or burned. It is a time of war and any men, who question the loyalty of Liberals simply for party and political purposes are enemies of the empire. The members of the Liberal party will not submit to this kind of political strife. It is beyond doubt that somewhere in Canada someone will turn the campaign into a treacherous by forceful resentment of attacks made upon the loyalty of the Liberal leaders and the Liberal party.

The following are some of the replies to the Star's question from the municipalities in the Maritime Provinces.
Moncton, N. B., April 28, Toronto Daily Star.
I very strongly deprecate the political strife during the progress of the war which would necessarily accompany a Federal election. In the interests of the Empire the two parties should be a unit, and should not exhaust their energies in a contest.
L. W. McANN, Mayor.
Yarmouth, N. S., April 28, Toronto Daily Star.

Federal election should in my opinion be put off if possible till after the present war, and no party would bring on a general election during the present distressing times except for partisan purposes.
A. J. FULLER, Mayor.
Sydney, N. S., April 29, Toronto Daily Star.

Under existing conditions elections should be out off as long as possible, or till the war is over. Certainly this is no time for strife among Canadians.
W. A. RICHARDSON, Mayor.
Antigonish, N. S., April 28, Toronto Daily Star.

I coincide thoroughly with the resolutions passed at the Toronto meeting a few days ago respecting a Federal election during the progress of the war.
MAYOR MACDONALD.
Fredericton, N. B., April 28, Toronto Daily Star.

Federal election should be put off as long as possible during progress of war that Canada may continue to give her full support to the Empire.
MOSES MITCHELL, Mayor.
any many others of the same tenor.

THE TOWN BOOK

The statement has frequently been made of late that the Town Officials deliberately held back the issuing of the Town blue book until after the election. This statement is not correct. The manuscript for the report was handed to the printers by the Town Officials, and the work rushed with all speed, but there was hardly sufficient time allowed to complete the work. Nevertheless a portion of the books were completed Monday evening previous to nomination day and were delivered to the Town Clerk early Tuesday morning, (nomination day) and handed out to those calling. We understand that even Mr. C. S. O. Crockett himself procured a copy at or about this time, and there were sufficient books for all who called for them until the balance were completed and mailed to the ratepayers.

A good home is not purchased with money nor can it be maintained by hirelings. In the most magnificent mansions are sometimes found the most desolate and unhappy hearts. The children of today are to be the founders of the homes of tomorrow. Are they being trained in lines that promise perpetuation of the joys of this most sacred place? Are the scenes and surroundings of their lives such as to make it easy and natural to travel those paths that lead to long and continued peace? Are not some of the so-called best parents thoughtlessly teaching their wee ones dishonesty and falsehood, and by their examples establishing idleness and frivolity as the summum bonum of life? The parent who makes a threat he does not intend to fulfill, is planting seeds of untruthfulness in the youth's mind, that if it does not yield a crop of falsehood, will one of disrespect for the unwise parents.

OAK HALL

LETTERS TO EDITOR

Campbellton, N. B., May 4th, 1915.
The Editor,
The Graphic,
Campbellton, N. B.

Dear Sir:—
Noticing my name among those in the unpaid Tax list of the Town of Campbellton, I feel that I should give the citizens of the Town a fair explanation why my name appears therein, as it is the first time in thirty years having always taken the opportunity of the discount in connection with Massey-Harris Company Ltd., the man in my employ and myself.

I have no sympathy for a citizen who wont pay his tax if he is able, and I find that those who do not pay and are in the habit of not paying are the hardest parties to please, and they have altogether too much to say about the Council and their management.

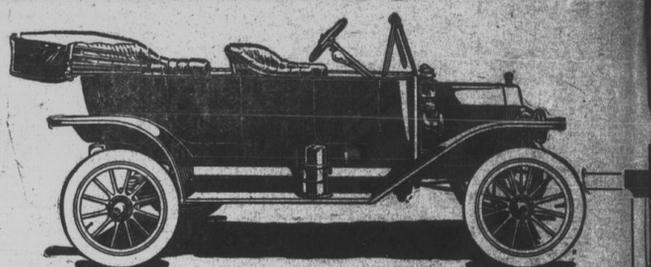

Having been a member of the Town Council for two years or so, I have a very fair idea of their troubles; a spade is a spade always with me and as my grievance would take up too much valuable space here and too long to make plain, I do not mean to show my trump card just yet in this matter. I am waiting for Mr. Lingley to be a man of his word and sue me, as threatened, and make me pay just what he and the assessors please. We are paying our Town Treasurer to be truthful and not lie to taxpayers; so if he is truthful he will get right to work and sue me.

In 1913 the assessors were James Wall, Howe Taylor, and Numa Bernatchez. These gentlemen called at my office during my absence and after looking things over did their best to be fair; when I had received my statement I found other rates levied and that I was taxed too high. I then went to the assessors and stated the facts; Mr. Taylor was an old assessor and Mr. Bernatchez had done a lot of building, both these gentlemen stated that I was right and that I was rated too high. Mr. Wall, a man who knows nothing about building or anything else with the exception of how to temper a piece of steel, knew it all, and was bound he would bulldoze the other two gentlemen to eat me up. I arranged to pay \$160.00 although it was \$10.00 too much, and paid it.

The next year Mr. Wall is appointed again with two new men and with the old list and bound to carry his part, he walks Sullivan down again. Mr. Wall being an old hand at the game, the new men let this transaction entirely in his hands.

Now when the statement arrived I went as usual to the Treasurer. My taxes were \$175.00, 5% off same as 1913; I even carried a smaller stock this year than last, 1913, still I agreed to pay what I had promised but Mr. Lingley would not touch it and things moved around till we both got a bit hot, Lingley simply seemed to be waiting for something and told me he would not take a dime less and that he would sue me at once. I thought he had better go slow and take a try at "Robert" and a few others who were years behind. I, then, offered the amount \$163.00 again with the same results: Once more in February I offered him the same amount but he refused to talk taxes, business, or anything else. In the meantime I shall be waiting for Mr. Lingley to carry out his threat and promise while the amount vis. \$160.00 is obtainable at any time if called for. Thanking you Mr. Editor for your valuable space, I beg to remain,

Yours truly,
(Signed) E. SULLIVAN.

CANADIAN BANK ADOPTS NEW PLAN

Small Monthly Charge on Un-renewable Accounts to Cover Cost of Book Keeping

(St. John Times)

Notice has been issued to those holding check accounts in the Bank of Nova Scotia that hereafter a charge of twenty-five cents a month will be made against each customer whose account does not show an average balance of at least \$200 per month.

In conversation with one of the managers The Times was informed that this is to be carried out in all branches of the bank, but as far as is known no other bank has yet adopted the scheme of checking leakage. He said that it was not the intention of making the charge in every case where a balance of less than \$200 was shown but only in cases where...

RIVER CHARLO

The sympathy of the whole community goes out to Mr. and Mrs. Angus Miller on the sad death by drowning of their second youngest son, Kenneth, aged five and a half years. The little lad while playing alone in the yard, ran to a small pond in a field near by, to sail on a raft which was there. About half an hour later he was missed, his brother Almon, found his dead body floating in the pond. Every effort was made to revive him but the spark of life had fled. He was a bright, active little fellow, beloved by all. The funeral took place on Friday and was largely attended. Interment at New Mills.

Mrs. Peter Hamilton is, we are glad to say recovering from her recent illness.

Congratulations to Mr. and Mrs. D. Miller on the arrival of a son May second.

The Continental Lumber has gun sawing here, a large number men are being employed.

Miss Marion L. Winton of the teaching staff of Campbellton spent Saturday here with her aunt, Mrs. F. Hamilton.

Mrs. Hickson and Mrs. Dempsey Stonehaven were here attending the funeral of their little nephew, Kenneth Miller.

The rain of the past few days was of great benefit to the lumbermen as the drives are coming along well. Instead of rain they had about six inches of snow in the woods.

### REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public... I had falling, inflammation and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind, I had cold, nervous, weak spells, hot flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fevers and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all is pleasure and happiness in my home."—Mrs. JOHN HAM, R. Mr. John Dorion left for New York on Monday, after having spent a short holiday in this town.  
Mr. David Birchall is spending his vacation in Montreal.  
The government steamship "Montcalm" entered the bay early Saturday morning, and completely broke up the ice extending between Peninsula and Lobster Cove. She left the quay on Sunday, at 12 o'clock a. m. on her way to Quebec via Fame Point. Her arrival was greatly appreciated by all business men, and the bay is now open for all navigation.

Thomas E. Roberts, captain of the Schr. Beatrice S. Mack, will leave for Montreal on Wednesday. The other schooners which are still in the harbour, will also be leaving at an early date.

Capt. James Cruickshank of Sydney, has purchased the Schr. Moravia, she formerly belonged to Mr. Clem Roberts, Fontenelle, Gaspé.  
Business is now a little brisker, and it will steadily increase, immediately the mills commence their usual summer work.

### NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of vigour.  
For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood, it changes weakness to strength; it makes them sturdy and strong and active.

### GASCON.

The spring has come, with all prospects of a prosperous year to this district. Mr. Lestle Acteson has a new disc harrow, and intends making some improvements in farming.  
About a dozen fishermen have ordered gasoline engines, and have them installed in their boats. They are looking forward for higher prices for their fish this summer. Also Ramier and Blasson are doing good business sinking wells, almost at every house, where one was not there before.  
Miss Brion made a flying visit to Port Daniel on Saturday.  
Mr. George Acteson spent the week end at his home here, returning on Monday to his work in the Bank of N. S., Port Daniel.

An accident was narrowly averted here on Monday by the presence of mind of the engineer on the 4 o'clock train, when Mr. Jas. Chedore, who has become almost deaf from "La Grippe", was trying to make his two horses cross the track into another field without hearing the trains approach. The horses took fright, one a colt which Mr. Chedore thought would never clear the onrush of the train. A neighbor coming up the track at the moment flung open a gate half a mile below, where the horses plunged through none the worse for their fright. Mr. Chedore had a great shock, and Mr. Duguay was thanked for his timely aid.

Experienced lumbermen say the river drive will be long and tedious one this year, from the lack of high water. Mrs. Duncan Carmichael paid a flying visit to Jacquet River last week.  
Miss Hilda Bernard has returned to Black Lants to resume her duties in the home of Mrs. R. J. Miller.  
Mr. David McLean passed through Archibald Settlement last Wednesday. Friends of Mr. and Mrs. Joseph Mazrall will be glad to learn that their little daughter Drucilla, has recovered from a very severe illness.

Miss Rose Caldwell visited her sister, Mrs. LeBretton, of Bonaventure, for a few days last week.

Her, and Mrs. Kelly, returned on Friday, after a short trip to Montreal and Quebec.

Sergeant Dawson of the 26th Battalion, St. John, spent a few days here last week.

Two more young men of our town have volunteered, and left last week for St. John, namely: Tom Hall and Harry Main. We believe some little time ago two more of our boys enlisted in Campbellton, namely: James Flowers and Richard Flowers. It might be well to mention here that this little place has now about eighteen volunteers. A splendid showing for the size of the place.

Edgar Caldwell of the 26th Battalion, St. John, is in town visiting his relatives and friends. He is looking well and is in good cheer.

Rev. J. M. Sutherland is away at present on school work. The usual spring trip.

**BOTH SIDES OF LIVE QUESTIONS**

is Prohibition the Remedy for the Liquor Evil? When and Where Prohibition Has Succeeded

By Samuel Dickie, M. S., L.L.D.

"Never," "Nowhere," answer the brewer and the bartender to the two questions implied in the caption of this article. "Always and everywhere," says the temperance enthusiast; meaning, of course, whenever and wherever it has been tried.

Neither answer is found to be true to the facts when the case is examined broadly and with the spirit of an investigator and not of an advocate.

"Prohibition will not prohibit" is the oft-repeated assertion of the license advocate and the sworn defender, and it is a statement hardly worth considering and certainly not worth denying. A gun will not shoot, an axe will not chop, a sewing machine will not sew, and a scythe will not cut grass, are all propositions that nobody cares to dispute, and are all out of the same fountain of wisdom as the assertion that prohibition will not prohibit. To be sure, a soldier can shoot with a gun, a housewife can sew with a machine, and a farmer can cut grass with a scythe—the soldier, the woman and the farmer being quite indispensable to the several operations.

It need scarcely be said that a prohibitory law placed on the statute books of a State will not destroy the liquor traffic, but it does provide a weapon whereby public officials are able, if they are so disposed, to reduce the traffic to a minimum, and to suppress the open and public sale altogether.

The disposition of officials of party leaders, the political influence of liquor men, the state of the public conscience, the activity of temperance organizations and the presence or absence of other issues of absorbing interest all enter into the problem we are considering. Nobody who is honest will contend that prohibition is always a failure, and nobody with courage enough to admit the truth will insist that it is always successful.

Illustrations of success and of failure are neither few nor difficult to find. Michigan, the State in which the writer resides, furnishes a conspicuous example of a prohibitory law which, in many parts of the State, was permitted to be a dead letter during most of the twenty years it was upon our statute books. From 1855 to 1875 the law forbade the traffic, and yet saloons abounded, with only now and then a spasmodic effort to enforce the law. But what a period for the experiment! What was going on from 1855 to 1875? It was a time when other matters absorbed public attention. It was the time of "Bully" Brooks, and John Brown, and Harper's Ferry, and Bull Run, and Gettysburg, and Appomattox, and assassination, and carpet-baggers, and reconstruction. Nobody, save the liquor men themselves, was giving much attention to the liquor traffic. Patriotic citizens were absorbed with other and tremendous anxieties.

"Prohibition is a Demonstrated Success"

But this paper is to deal with success and not with failures, and the writer is willing to assert, as susceptible of proof, that prohibition throughout the entire country, whether State-wide or by county option, is at the present time a demonstrated success, feared, and hated, and misrepresented by the men engaged in the liquor traffic, and efficient in reducing the evils of a ruinous trade far beyond the restraining power of any license system.

The reader's attention is directed to two curious and important facts, as connected with the oft-repeated statement that prohibition is not successful. The first of these is that it is the friend of the saloon and not its foe who insists that prohibition is a failure, while the active opponents of the traffic are ready to testify that prohibition, though not a perfect remedy, is, fairly successful and constitutes the most efficient means yet devised for curtailing the evils of the traffic.

Has anybody heard of a Methodist Conference, or a Presbyterian Synod, or a Baptist Convocation, or a Congregational Assembly, or a W. C. T. U. Convention, or an Anti-Saloon League that has gone on record against prohibition because it is a failure? Does anybody know of a temperance organization that is opposed to prohibition and in favor of the license policy? Is it not a curious fact that those who want prohibition to prohibit, who generously give time, and money, and effort to secure its adoption, who have no selfish end to serve in obtaining it, are unanimous in saying that it yields satisfactory results, while those at whose business it is aimed rise up, and, with one voice, pronounce it a dismal failure?

Practically every Protestant denomination in America is on record for prohibition, and every liquor organization has declared it a failure. All our religious papers are asking for it as a wholesome and practical cure for a national evil, and all the trade journals of the liquor traffic denounce it as a failure. Whenever a prohibition contest is on, be it in State or county, the ministers, the white-ribbon women, the Christian workers and the best people are found solidly arrayed in behalf of the reform, because they believe it both right and workable; while the worst people, both male and female,

**BRANDRAM-HENDERSON LIMITED**

unite in opposing it and denounce it as a failure. Those who are trying to ruin the liquor business are all in favor of prohibition, and those who defend and protect the traffic are all against it. And all this looks much like furnishing two groups of witnesses to testify that prohibition does prohibit.

The second peculiar thing about this charge of failure is that anti-prohibitionists insist upon testing a prohibitory law by standards that nobody thinks of applying to any other statute. Are prohibitory laws successful in preventing altogether the evils at which they are aimed? Do they go before, in a sort of John-the-Baptist fashion, anticipate criminal intent, and stop crime before it occurs? They certainly do nothing of the kind—but what law does? We prohibit murder, but kill one another at the rate of ten thousand per annum; we pass laws to prohibit larceny, and forgery, and fraud, and house our thieves and swindlers in penitentiaries that are crowded to suffocation; we forbid petty crimes and misdemeanors, and our police courts are clogged by considering the cases of those who break the laws. Why shall this particular legislation be required to do what no other law is expected to accomplish?

Our contention is that prohibition succeeds because it is effective in reducing to a minimum the evil at which it is aimed. To prevent crime is something no law can accomplish. To reduce an evil, to limit its power, to drive it into the dark, to compel its perpetrators to operate in secret, doing the least amount of harm, with a fear of detection and punishment; that is what prohibition can do, and does do wherever it has had a fair trial.

The conclusion of the whole matter is:

That prohibitory laws are not more difficult of enforcement than other laws; that they are likely to be enforced wherever officials find a strong public sentiment in their favor; that such sentiment is on the increase and is likely to continue; and that, taking the country as a whole, prohibition is prohibiting as never before in all our history.

**OBITUARY**

**MRS. THOS. H. MYSHRALL**

The sudden death occurred on Thursday evening, 22nd April last at Dover, Maine, U. S. A. of Mrs. Thomas Myshrall, of acute indigestion, after an illness of only two hours. Mrs. Myshrall was formerly Miss Dora Carey of Black Cape, P. Q., daughter of the late Abraham Carey of that place, she also lived in Campbellton for a time before she was married. The surviving relatives are her husband and two daughters, Margaret and Ruth. Her mother, Mrs. Abraham Carey of Black Cape, P. Q. There are also four brothers, Felix and Fred of Black Cape, P. Q., Philip of Island Pond, Vermont, U. S. A., and James of Sydney, C. B. Mrs. Frank F. Frenet of Petit Rocher is the only surviving sister, and as Mrs. Frenet has been very unwell for the greater part of the past winter, and has only lately sufficiently recovered to get out of bed and move around a little, the death of her only sister came as a great shock. The body was taken to Bangor, Maine, for interment in the family plot in Mount Pleasant Cemetery. Mrs. Myshrall formerly resided in Bangor, before moving to Dover, and while in Bangor was a member of St. Mary's Church there. After moving to Dover she took an active part in the Roman Catholic Church there, and was a teacher in the Sunday school in Dover. Much sympathy is extended to the bereaved in this their hour of trial. And while we are commended to weep with those that weep, we weep not as those that have no hope, for we read in Rev. 14. & 13. "And I heard a voice from heaven saying unto me, Write, Blessed are the dead which die in the Lord from henceforth: Yea, saith the spirit, that they may rest from their labors, and their works do follow them."

**Buy Dress Goods Now**

In spite of the war, we have been successful in obtaining a complete assortment of the beautiful new shades and fabrics in

**Priestley's DRESS GOODS**

The dress goods centres of Continental Europe are either destroyed or in the enemies' hands. Priestley's famous looms, at Bradford, England, are now working overtime making cloth for the Allied Armies.

The beautiful Spring goods that we are now showing may be the last we will be able to obtain for some time to come.

**WE STRONGLY ADVISE OUR CUSTOMERS TO BUY NOW, AS THE PRICES ARE LIKELY TO ADVANCE.**

This Spring's Priestley's showing includes many novel and very beautiful fabrics, in the latest and most fashionable shades, as well as the more staple lines that are always popular. See them in our Dress Goods Department.
