SIMMONS BEDS Built for Sleep

No matter how simple or how elaborately furnished the bedrooms of your home
may be—there is a Simmons Bed of a design and finish that will harmonize
exactly with the beauty, refinement, design and elegance of finish characterize
every number. Simmons steel beds, in either "twin" or "double" widths, are
masterpieces of beauty, and unlike beds of wood, they cannot warp, become loose
jointed or noisy. They are strong, correctly proportioned, serviceable, thoroughly
sanitary and 100% comfortable. Let us show you these new designs.

With the above beds you need an
OSTERMOORE MATTRESS
and comfortable refreshing sleep is
assured. They last a life time.

HARTLAND KNOWN AS HEART OF CARLETON

A Town Rich in Historic Association
Having Varied Industries and
With a Jovial and Hospitable
Social Life.

The following interesting article
from the pen of G. W. Montgomery,
attorney-at-law, appeared in the recent
N. B. edition of the Halifax Sunday
Leader:

Historical Outline

Hartland is one of the early pioneer
marks on the Upper St. John and is
situated at the junction of the Be-
caguinec and St. John river. The latter
has become known throughout the
north American Continent for its
beauty and grandeur and although the
former is a very much smaller stream
it has its ways and traditions of the
Indian Devils' prowling grounds to say
nothing of the scores of other wild
and ferocious animals that had to be
driven back by the early settlers.

The first persons to receive a grant
of the land, which is now covered by
the thriving town of Hartland, were
William Orser and William Orser, Jr.,
the elder Orser came from New York
time later he married Miss Mary
Blake, who is recorded in history,
was the first female white English
child born on the St. John river. She,
however died leaving a family of six
children, then he married a widow,
who contributed half a dozen more, so
it was this group of fourteen persons
that landed at the mouth of the Be-
caguinec in the year of 1802 and for
several days lived and found shelter
under their up-turned canoes.

Homes from Wilderness

They immediately went to work,
carved homes out of the wilderness
and laid the corner stone, so to speak,
for the present town as it appears to-
day. Six more children were added
to the family, the descendants of whom
are numerous throughout the Province
of New Brunswick and the State of
Maine. Tradition says "that the
names Orser and Orser are derived
from a common Dutch Progenitor."

One son, George W. Orser, a pre-
sident of influence within and beyond the
community, for he founded and formed
suits that have been attained by
Baptists, commonly known as the Or-
serites, with a membership at the
time of his death of about two thou-
sand, and which has grown and ex-
tended over the Maritime Provinces
and Eastern States.

This family was soon followed by
several other settlers and a settle-
ment was started, finally a village
took shape. In 1880 the present high-
way was opened up and in 1870 the
railway was built, this latter road put
Hartland on the map and since has
gradually grown until in 1918 it was
incorporated.

From which or where the name
"Hartland" was derived, there does
not seem to be any definite infor-
mation, but in Mr. T. C. L. Ketchum's
History of Carleton County, he says:
"Many claim that with propriety the
name was so called as the heart of the
County, and that this theory seems
to have at least present day support-
ers, as a heart appears in the centre
of the Town Seal." In passing we
would like to call the attention of any
one interested in Carleton County,
Tourists and all those of Loyalist de-
scendant, wherever located, to this
short "History of Carleton County."

Its growth is due chiefly to its situ-
ation, which is the centre of one of
the finest lumbering and agricultural
districts in the Province, the soil being
specially adapted for the raising of
potatoes, which take first place as
seed stock throughout the southern
states. This industry has developed
rapidly, until Hartland has become
headquarters for one of the largest
shipping concerns in the Maritime
Provinces.

Industries

The first grist mill established in
the County was at the mouth of the
Be-caguinec shortly after 1812 and set-
tlers of the surrounding districts far
and near brought their grain there to
be ground.

Also at a very early date a saw-
mill was built there and among the
districts in the Province, was Isaac Ste-
phenson, a native of Sunbury County,
who later went to Michigan, and be-
came a Senator and a millionaire.
Since that time there has always been
a mill operating on the same site, the
present one being owned by F. E.
Sayer of St. John, he also operates a
lath and lumber mill at the southern
limits of the town and in recent years
the Hatfield Lumber Co. have oper-
ated a large lath mill within the town
besides from there and surrounding
districts hundreds of cords of pulp,
and many cars of poles, etc., are ship-
ped every season.

We could not, in justice to the lum-

ber industry close without mention of
the hundreds of acres of beautiful
hardwoods, which are waiting for the
market and which in the past has
been wasted to a large extent and
used as fuel.

In this vicinity are very valuable
sand and gravel banks, these are uti-
lized by the Hartland Cement Block
Co., for the making of all kinds of
concrete materials, such as blocks,
culverts, piping, etc., which find a
ready market at home and abroad.

Again although Hartland is a small
town yet it has one of the largest
weekly newspapers published in the
Province an d the snappiest local pa-
per on the river, it is published by
the Observers Ltd., of which Fred H.
Stevens is the Editor.

But that is not all, Hartland being
situated on the chief trunk highway
between St. John, N. B. to Quebec,
Montreal and the other large cities, a

SUCCESS OF CARLETON BOY

Rev. P. R. Hayward Goes to Im-
portant Post in Chicago

Rev. P. R. Hayward, a native of
Ashland, a son of Orin P. Hayward
and a brother of M. L. Hayward, LL.B.,
who before going to Toronto a few
years ago distinguished himself as a
minister in the Baptist church in his
native province, has been advanced
to an important position in Chicago.

A notice given by the Toronto
Globe is as follows:

Much sincere regret is being ex-
pressed at the resignation of Rev.
Percy R. Hayward, Ph. D., General
Secretary of the Religious Education
Council of Canada, who leaves To-
ronto May 1 for the United States,
where he will assume new duties as
Superintendent of the Young People's
Department of the International Council
of Religious Education. Dr. Hay-
wood will succeed John L. Alexander,
well known in international religious
educational circles, and will be lo-
cated in Chicago, the headquarters of
the Council. The Young People's De-
partment, involving the ages from 12
to 24 years, represents 35 denomina-
tions co-operating with one aim. The
International Council of Religious Edu-
cation which superseded the Inter-
national Sunday School association,
includes in its organization territory
Canada, United States and Mexico.

Dr. Hayward's task upon entering
the position as Superintendent of the
Young People's Department will be to
prepare a program, which, under the
auspices and leadership of the Church
will touch the four-fold life of the
young people—spiritual, physical, in-
tellectual and social. This program
will endeavor to achieve among the
churches of the United States the re-
sults as has been attained by
groups in Canada, following the Can-
adian Standard Efficiency Test and
Canadian Girls in Training programs.

Dr. Hayward who is a native of New
Brunswick, is a graduate of the Uni-
versity of New Brunswick, and has
been allied with religious educational
work in Canada for some years. Mr.
Hayward, who has identified himself
actively with the C. G. I. T. move-
ment, and who has seen service as
Chairman of the Toronto Girl Board,
will also be greatly missed as a valued
worker.

WANTS N. B. POTATOES

Newfoundland is looking to New
Brunswick to supply potato seed for
at least a portion of this season's
potato crop, says the Fredericton
Gleaner. Formerly Prince Edward
Island supplied the greater bulk of
Newfoundland's imported seed stock,
but conditions this year have appar-
ently forced the potato growers of the
island dominion to go further afield.

Recently a communication was re-
ceived by the Soils and Crops division
of the Provincial Department of Agri-
culture seeking to arrange for the pur-
chase of at least one carload of New
Brunswick's best seed stock for im-
mediate shipment. Arrangements
are being made to meet the request.

MORE OFF TO DETROIT

Huntley DeGrass left on Wednesday
for Detroit, Mich., and Mrs. DeGrass
and children for Bristol for a few
weeks, when they expect to join him.

On Saturday night before leaving
about thirty-five of their friends and
neighbors of Waterville gave them a
surprise party and presented them
with a purse of money. Refreshments
were served and a very enjoyable eve-
ning was spent when the party broke
up at a late hour. All wished Mr. and
Mrs. DeGrass the best of luck on
their new adventure.

CINDERELLA

2,600 years ago the substance
of this immortal story of child-
hood was familiar to the people
of Greece. As they knew it,
Rhodope was bathing when an
eagle pounced on one of her slip-
pers and carried it to Memphis
where King Psammetichus was
holding a court of justice. Struck
with the exquisite beauty of the
shoe, he offered a reward for the

discovery of the owner. When
she was revealed he married her.

A new biscuit just perfected by
Marr is named in honor of the
lovely maiden of the fairy tale,
Cinderella. This biscuit is of
dainty shortbread, made from the
best butter, eggs, and sugar.

It will add interest to the bis-
cuit to tell the story of Cinderella
to them while they eat it.

BATH BASE BALL TEAM IS READY

Preparations for Good Games Are
Made—First Matched Game
on May 24

On Wednesday evening at 8 p.m.
there was a meeting of the members
of the Bath Baseball Club players, of-
ficers and public spirited citizens.
The secretary-treasurer, Leo Kearney,
was called upon and presented an in-
teresting account of all monies received
and the purposes for which same were
expended, and reported that after
such a busy and a most successful
season, there still remained in the
treasury the sum of \$29.12, a nice egg
on which to commence this season's
activities. All present were unani-
mous in their approval of placing an-
other team in the field this year and
to do all in their power to make this
year a bumper one in the history of
baseball as far as this town was con-
cerned. The team last year had made
a most creditable showing, one that is
 seldom duplicated, a record at which
any club might well be proud. The
officers to whom much of the credit
is due were heartily commended for
their untiring efforts in directing the
affairs of the team last year and as
a work of appreciation were again re-
instated by an unanimous vote. The
question of finance, always a most im-
portant question, was brought up. It
was the voice of the meeting that \$100
should be raised immediately in or-
der that the diamond should be put in
first class condition and furthermore
to meet the expenses, which the club
must necessarily incur, in order to
start the season's activities. The
grand opening of the season was
planned for Monday, May 21, on
the local diamond. There shall be
practically no change in this year's
line-up, and on account of this fact, a
most successful season is anticipated.
Messrs. Brennan and Gorman, pre-
sidents of the Bath Baseball Club, of-
fered to allow the club to conduct the
pictures on Monday, May 12, the pro-
ceeds to go toward settling the funds
of the club. This most generous offer
on the part of the theatre man-
agement, was gratefully appreciated and
needless to say much appreciated. It
is also the intention to hold a basket
social after the pictures have been
concluded.

"Citizens" one and all, hear this
date, Monday, May 12, and do not
fail to be present with only your
moral support. Your financial sup-
port is also necessary. The boys are
determined to give you one and all
your money's worth on this exciting
and good interest in your investment
on the various base ball diamonds of
the country during the coming sum-
mer. The members of this year's
team are all good, clean sports, so
back them to the limit.

The officers re-elected for the ensu-
ing year are: C. M. Shaw, captain;
S. W. Thompson, manager; Leo Kear-
ney, Sec. Treas.

IT PAYS TO ADVERTISE

Recently a man at Lakewood want-
ed to be inserted for a period of three
weeks in The Observer. After the
first week he wrote as follows:
"Please stop that advertisement at
once as I have more women on my
hands than I know what to do with."

Another man wanted to buy a team
of horses and ordered an ad to run
the usual three weeks for one dollar.
At eleven o'clock on the night after
the paper was issued The Observer
office was called on the telephone and
the advertiser stated: "Don't run that
ad again for your life as this is the
third time I have been called out of
bed to tell people that I do not want
to buy any more horses as I bought
what I wanted this afternoon."

A man had a second-hand wagon to
sell. He tried to get rid of it through
The Observer route. He succeeded
finely and came to the office to say
that he only regretted that he didn't
have thirty such wagons as he could
have sold fully as fast.

If you want to buy or sell, rent or
hire; if you want to enter into any
kind of a business dicker with any-
body the quickest and cheapest way
to get results is by advertising in the
Carleton Observer.

JOSEPH A. GRANT

On April 27 Joseph A. Grant, of
Peel, died after six years illness of
pernicious anaemia. Mr. Grant was
63 years of age and was a native of
Wilmet. Besides his wife, who was a
Miss Turner of Connell, he is sur-
vived by two brothers, John B. Lake-
ville and James in the west; and
there are three sisters, Mrs. Eliza-
beth Brown, Denver, Mrs. Frank Cur-
rier, Lowell, Mass., and Mrs. William
Andrew, Lawrence, Mass. Miss Elva
Turner of Hartland is a niece.

Mr. Grant was all his lifetime a
very highly respected citizen. For
twelve years he kept store at Stickney
when a few years ago his failing
health compelled him to give up the
business and he has since made his
home at Peel. In early life he was
baptized by Rev. J. S. Young and
lived thereafter a consistent Christian
life.

The funeral service, held at Peel
Baptist church, was conducted by Rev.
H. V. Bragdon. There were numerous
floral offerings from friends of the de-
ceased and the remains were taken
to Connell for interment.

CARD OF THANKS

We wish to take this opportunity of
thanking all those who sent flowers,
the singers, and any and all who by
loving deeds and kind words helped
to lighten our sad bereavement.

George H. London,
Gladys S. London,
Upper Woodstock.

HARTLAND KNOWN AS THE "HEART" OF CARLETON COUNTY

(Continued from page 1)

road that motorists enjoy driving on account of the smooth solid foundation and passing through beautiful scenery and over which thousands do pass during their holiday trips, and they speak very highly of the hotel and garage accommodation.

As they enter this vicinity they will observe large and prosperous farms, with potato fields ranging from five to fifty acres and many beautiful residences, then as they approach the town itself they will be greeted by its beautiful clean, healthy residential sections and will be surprised by its activities, which vary according to the season. In autumn or even winter and spring, and sometimes during the summer, you may see the farmers with loads of fertilizer, as the head office of the Home Mixed Fertilizers Ltd., who handle thousands of tons every season, is here, you may see from five to twenty cars of potatoes on the trucks waiting for the next night, these have been loaded by the Hatfield & Co. secured from the surrounding districts or you may see the stock yards full of cattle and sheep waiting to be handled for the Montreal market.

Sports and Scenery

As Hartland is situated on the main trunk highway and its headquarters for the fishing and the shooting grounds of the Miramichi and also for the hunting grounds of the Nashwaak and Chaudiere, tourists will find first class hotel accommodation, prompt and reliable garage service, either at Central or Red Bull stations, road railway and taxi service for reaching the above destination, an up-to-date hydro electric lighting system, receiving its current from Apusook Falls in Victoria county, N. B., and last but not least is a fine new brick and concrete school, which will be completed during the summer and which will cost in the vicinity of \$200,000.00. It is situated on the so-called Burt's flat, in the centre of the residential section and about two hundred feet higher than the business part of the town.

While in Hartland, take a short trip to the old military site, near the mouth of the Big Presque Isle, about four miles up the river, which may be reached by canoe or by crossing the covered bridge and taking the Simonds road, going north until you come to the said stream and on the bluff will be seen the ruins of the old fortress, which was established in the early days of boundary disputes and at which there are yet traces of certain places, where old soldiers sleep their last sleep within the sound of the gurgling waters, as they rush down its narrow gorge to empty into the old St. John. But if one wishes to spend the day in town, he may enjoy the fascinating pleasure of floundering a salmon on the shore anywhere between the bridge and mouth of the Chaudiere, where often is the scene of sports playing for up and down the valley with an eight or ten pound salmon heading. This is an interesting job and affords much pleasure and excitement for the onlooker.

Social Life

During the evening your party may enjoy watching a ballgame on the diamond on the river flat or attend an up-to-date movie show in the New Bedford Theatre.

On the other hand if your party is anxious to reach the Miramichi for a real live healthy and profitable fishing excursion, you can do so within two hours motor ride over a good road and pass some scenery that you cannot afford to miss, such as Rockbank, a small village situated in a valley at the junction of Goldstream and Chaudiere waters but otherwise surrounded by picturesque hills, then leaving the valley, you come to Windsor an old but excellent farming district, passing through most of the best of the country, another rural village, At these the motorist will find provisions and necessities for his excursion.

Beyond that the rest of the drive will be chiefly through the Scotch settlements, which road is shaded by beautiful maples, and one cannot be but struck by the spirit of these early pioneers, who settled there at a very early date when the roads were only trails through the wilderness of hardy hardwood, some twenty or thirty miles from their landing place. Nor can you but picture to yourself the experiences and hardships of those colonists and though at times their hill of fare must have been limited, they present today a picture of prosperity and healthy living.

PAPER READ ON LORD SHEFFIELD

By Timothy O'Brien at Meeting of New Brunswick Historical Society

James S. Flavel, President, was in the chair at the monthly meeting of the New Brunswick Historical Society in the Natural History rooms, St. John, held recently.

The paper of the evening was read by the Librarian, Timothy O'Brien, having for his subject Lord Sheffield, the noble Lord was one of the first gentlemen, if not the very first, to have the honor of the freedom of the City conferred on him by the Common Council of St. John. This memorable event took place March 15, 1805, and the Council had his portrait painted and placed in the City Hall. Two years later the House of Assembly voted £150 for the portrait of Lord Sheffield to be placed in the Provincial Building. The action of the Provincial Council and the House of Assembly was taken in recognition of the able support that Lord Sheffield had given to the British Navigation Laws.

Lord Sheffield, in his day was a recognized authority on commerce and agriculture. He was a great friend of Gibbon, and edited his posthumous works. As the head of a detachment of the Northumberland Militia, he was active in suppressing the riots that sprang from the conduct of Lord George Gordon in 1870. Lord Sheffield had for his credit the appointment of Edward Winslow to the Supreme Court of New Brunswick, and his Lordship's name appears frequent-

ly in the Winslow Papers, published by the late Rev. Dr. W. O. Raymond, under the auspices of the N. B. Historical Society, 1901. Lord Sheffield died in 1821, aged 86 years.

On motion of D. H. Waterbury, seconded by Judge Henderson, a vote of thanks was passed to the speaker of the evening.

A PLEA FOR TRUTH

(Edmundston Observer)

Readers of news papers often read about a young man, even boy, being arrested by the police on a charge of thieving or scandalous conduct, and hundreds of other charges. How this humiliates the parents who are honest and upright people! Many knowing the prisoner's parents, wonder how he could be capable of such conduct, belonging to parents who would never be guilty of such thoughts, let alone such deeds committed by them. For such a mother, do you often talk to your boy or girl? Do you give them good advice, now and then, do you ask this boy where he was the night before? What did he do? Who was he with? Would this boy or girl answer truthfully if asked? Does your child regard you on the same level as a friend, or does he think he is looked upon as a stranger or a domestic animal? Parents read the following verses and see what you think of them.

A PLEA FOR TRUTH

O lad o'mine, O lad o'mine, be never coldly dumb to me,
What ever care is on your heart, be quick to come to me,
Come with the truth upon your tongue and have no fear or doubt of me,
I have such love for you, my lad, no hurt can drive it out of me.

O lad o'mine, O lad o'mine, your father, God has made of me,
And shamed I'll be, to go to him, if ever you're afraid of me,
I'll grieve to learn you've done a wrong, but 'twill be worse distress to me.

To find you've hid behind a lie, and would not all confess to me,
O lad o'mine, O lad o'mine, you are the living part of me—
To find a stranger in my place, would surely break the heart of me,
Keep faith in me, who'er betrays, I'll stand and share the worst with you,
No friend shall be so true as I, but oh, I must be first with you.

Yours truly,
A Correspondent.

Just What YOUR SKIN Needs In SPRING

FOR soothing and clearing the skin at this time of the year, Zam-Buk is proved invaluable. This rare herbal balm exerts its wonderful medicinal activity deep in the inner tissues, quickly freeing the sluggish overburdened skin of all blemish and impurity.

Worth Its Price

"We have cheaper teas, madam, but I think you'll find 'KING COLE' is worth its price." So said a wise grocer recently to a questioning customer. He was there not merely to serve her, but to serve her well.

He might please her purse with the cheaper article but her final judgment of his service would be on the quality of the tea supplied. He wanted a satisfied customer.

This was one of the many merchants using "KING COLE TEA" in their own homes, and so he could say with sincerity: "It is worth the price."

Don't be in dread of a daily headache.

Why?
In seven out of ten headaches the cause is eye strain. Some authorities say nine out of ten!

Often with vision apparently normal, eyes may still greatly need the help of lenses.

The remedy is clear: An eye examination, and properly fitted glasses, if needed.

LOCAL AND PERSONAL ITEMS

Our first seasonal lightning storm came on Sunday and was most satisfying in its role of a new beginner. One mighty bolt gave people an awful scare and sent them scurrying to the windows to see where it struck. It had grounded on a tall fence post on the exhibition ground and set fire immediately, entirely consuming the post in short order. Rarely fortunate it was that nature chose this route to the ground, rather than some building.

The crew of structural steel men, who have been engaged at work on the railroad bridge below town, left on Saturday for Woodstock, where they will complete the bridge over the Meduxnekeag.

Arch Ritchie and John Gallagher left for Detroit on Thursday.

A number of people attended the auction sale at Walter Burke's, Knox food, last week.

Another dance was staged by the married folk in the Opera House on Friday evening.

F. Joe Estabrooks of St. John was visiting his parents, Mr. and Mrs. Horace W. Estabrooks, last week.

Mrs. Roy Huggard returned to her home in St. John on Saturday after a pleasant visit with her parents, Mr. and Mrs. Jas. Crone.

David Irvine, Sr., is ill at his home on Mill Street.

Miss Dora Lee gave a party and dance to some of her young friends at her home on Friday evening.

G. W. Bishop and E. L. West were in Hartland on Saturday.

55th birthday on May 3. We are glad to report the doctor's health is much improved.

WEST GLASSVILLE

Mr. and Mrs. Clifford Lamont and family have recently moved from Coldstream and taken up their residence here. We give them a hearty welcome to our community.

Miss Julia Derrah, Bath, is spending a few weeks visiting with relatives in the community.

Misses Marjorie and Marion Lamont, Glassville, spent Sunday last as the guests of their sister, Mrs. R. J. Daniels.

John Lyon left recently for Greenfield and is now attending the Middle Greenfield school.

G. Wilfred Fletcher was visiting in East Glassville last week.

Russell Lyon left on Saturday morning last for Woodstock.

Norman Perry and Miss Alice Perry spent the week-end at their home here.

Miss Alice Laing returned home on Saturday last.

Miss Isabelle Wilce took rest on Sunday afternoon with the Misses Perry.

Hardy Logue leaves this week for Perth where he will enter upon his new work as representative for the J. R. Watkins Co. in that section of Victoria county.

We were gratified to see so many of the little folks and young people out to Sunday school on Sunday last, but were sorry there were not more grown-ups there. We trust the latter will turn out better this coming Sunday.

ANDOVER NOTES

Mrs. S. P. Waite entertained a few at dinner on Tuesday.

Mrs. Fanjoy and daughter of Boston are visiting the former's parents, Mr. and Mrs. L. L. Clark.

Rev. H. R. Bell will preach on Sunday at Centreville at 11 a.m. and 7.30 p.m.; Carvell at 3 p.m.

Fred Cronkite of Woodstock visited his mother over the week-end.

At the home of the bride's parents, Mr. and Mrs. H. W. Smith, on Wednesday, April 20, their oldest daughter Florence, was united in marriage to Norman Bassett of Centreville.

A wedding supper was served. The happy couple will reside in Centreville.

Pictures last week were of a diversified nature. On Wednesday evening Booth Tarkington's irrepressible characters were screened in the photo film "Penrod and Sam".

This picture, though fundamentally a boy's drama, featuring all the boyish pranks portrayed in the author's stories, could well be enjoyed by one who had been a boy himself, no matter how long ago.

On Saturday evening Cullen Landis and Mildred Harris were at their best in "The Fox" a story of a real boy, who, though handicapped by a forbidding father and brought up in the atmosphere of a home where he heard not much but

side the nagging and quarrelling of his father and mother, always came up smiling. The way he chopped the town bully up was worth seeing.

Comedies were also shown on both evenings. Read this week's advertising on page 7.

entertained by Mrs. Benjamin Beyer, age last Monday evening.

Mrs. J. W. P. Dickinson entertained the Methodist Sewing Circle on Wednesday.

Mr. Grevin formerly of the Bank of Montreal here, now of New Glasgow, N. S., was the guest of Mrs. Wm. Spike last week.

Mr. Wallace McLeod was in Woodstock Tuesday and brought home a new Dodge on his return.

Mr. and Mrs. Roy Wetmore left on Tuesday for Lockport where they will live in the future.

Mr. and Mrs. Stanley Waugh have sold their property in Perth and have moved to Woodstock.

Miss McLennan of Fredericton has been the guest of Rev. E. E. and Miss Wilmot of Centreville the past week.

Mrs. Ida Spike has been attending the Anglican Diocese W. A. convention in St. John. While there she was the guest of Mrs. George Marry.

Before returning she will visit in Fredericton.

Mr. and Mrs. Henry Baird returned on Saturday from Digby, N. S., where they have been the guests of their daughter, Mrs. Archie Dickinson.

Mr. and Mrs. Neil Tarr, who took were visitors in town, returned to their home in St. John.

Mr. Basford of St. John, the grand piano tuner, has been in town this week doing his usual good yearly work.

NEW BRUNSWICK'S RAILWAY PROBLEM

In order that it might have an abundance of material to draw upon for intelligent discussion of New Brunswick's Railway problem The Observer many weeks ago sought information through parliament. But to get information from the government when the government does not want to give it out is a real difficulty and the only satisfaction in the attempt is to witness the adroit manner in which the politicians avoid answers.

The Observer had hoped that in this, its fifth editorial on the problem of New Brunswick's Railways, it would be able to give some thing really enlightening and some truly worthwhile suggestions as to a solution of the question. The number of questions which T. W. Caldwell, M. P., placed upon the order paper on behalf of The Observer were brief, but the answers are still more brief and left the paper with a paucity of facts whereupon to build constructive ideas. The questions asked by Mr. Caldwell are here set forth and immediately following are the answers given by Hon. Mr. Graham:

1. What is the cost of construction of the N. B. R. Transcontinental railway from Quebec to Montreal?
2. Does the operation of that portion of the N. B. R. Transcontinental railway between Quebec and Montreal show a profit, after paying interest on cost of construction, cost of maintenance and operating costs?
3. If so, what is the amount? If not, what is the amount of such deficit?
4. What did the International railway from St. Leonards Junction to Campbellton cost the government?
5. Does the said International railway show a profit, after paying maintenance, and operation cost, and paying interest on the capital investment?
6. If so, what is the amount? If not, what is the amount of such deficit?
7. How much revenue does the N. B. R. Transcontinental railway from Quebec to Montreal, after paying interest on cost of construction, cost of maintenance and operating costs, show a profit, after paying maintenance, and operation cost, and paying interest on the capital investment?
8. See reply to question No. 2.

18. See reply to question No. 2.
19. See reply to question No. 2.
20. See reply to question No. 2.

Is it actually true that the great Canadian National Railway System has such a loose method of operating or of book-keeping that it cannot determine what is the operating expenses of the National Transcontinental between Quebec and Montreal? "No division of operating revenues and expenses." What an absurd idea! If one should go into the general office of the C. P. R. at Montreal and ask what was the operating expenses of the Woodstock Sub-Division he would surely be astounded to be told that there was no division of operating revenues and expenses covering the C. P. R. lines.

The questions that Mr. Caldwell asked were pertinent and might properly be answered by the people's servants, the custodians of the people's railway, in order that the situation might be intelligently discussed before the people.

It is safe to assume that the operating cost of the N. B. R. between Quebec and Montreal is millions greater than the revenue and that the operation of the International is likewise carried on at a loss, but surely not in the same proportion.

It is interesting to note that on April 10 in answer to a question by Sir Henry Drayton it was stated that the operating revenue of the Atlantic Region of the C. N. R. last year was \$22,489,035.13 and the operating expense was \$27,702,180.78, showing a net deficit of the enormous sum of \$5,222,145.65.

How strangely unbusinesslike it is that the government should be endeavoring to operate two parallel railways, the old I. C. R. and the N. T. R., with such a huge deficit and when such deficit would not be much less if there were but one road to maintain. There are some facts which The Observer hopes eventually to place before the people of New Brunswick and among these are the correct answers to questions two, three, five and six asked by Mr. Caldwell, and also the gross earnings of the Valley Railroad are: what the operating costs are, and what is the net operating loss. Sooner or later these facts will be forthcoming and when they do there will be set forth a definite proposition for at least the partial relief of the Province of New Brunswick's share of the People's Burden.

MOTHER'S DAY AT HARTLAND. UNITED BAPTIST CHURCH.

Sunday, May 11, is "Mother's Day." This day is almost universally observed by the Christian church in honor of the motherhood of the world.

Sunday schools and churches everywhere will observe this day with inspiring services and helpful programs.

Those who are absent from home are expected to write to mother, or in some way give her recognition. The white carnation for "Mother's Day," which stands for purity, beauty, fragrance and love, a true mother's virtue.

"Wear a white flower for mother." The morning service of the Hartland Baptist church on Sunday will be a Mothers' Day Service. All the mothers of the community are cordially invited to attend this service.

A part of the main body of the auditorium will be reserved for the mothers, and arrangements are being made to present each mother with a flower. Special music will be provided by the choir and the pastor, Rev. G. F. Bolster will preach on the subject, Love's Extravagance. At the evening service the pastor will again preach.

SAYS FRASER PLANT WILL BE EXTENSIVE

Will Finish Softwoods as Well as Hardwoods, is Report

Plans of the Fraser Companies, Limited for establishment of a hard wood plant at St. Leonard are said to be much more extensive and elaborate than have so far been revealed, says the Fredericton Gleaner.

The intention, it is learned, is to erect a plant of sufficient hardwood supplies from all their various timberland holdings in New Brunswick as well as in Quebec and that facilities will also be provided for finishing soft wood as well.

Huge planing equipment will be installed, it is said, and it is understood that preparations are being made to enter extensively into the manufacture of hardwood products such as sheathing and other finished products. It is also expected that the plant will be equipped for finishing soft woods.

The new plant will not be for the purpose of handling hardwood from the Randolph & Baker limits on the upper St. John river which they recently purchased, but it is proposed to ship hardwood, after it has been

The supper given by the Eastern Stars in the K. of P. hall on Saturday evening was a most enjoyable affair. A great many people took advantage to test the splendid cookery of the Stars and a very nice sum of money was raised which will be devoted to a good purpose.

Last week Mrs. W. P. H. attended the annual meeting of the A. A. at St. John and reports great enthusiasm among the workers of that important Church Aid Society. Through her plea for Holy Trinity church at Hartland she was able to secure a substantial grant of money to go towards the completion of the building.

If any subscriber is getting two Observers weekly when they should only get one the manager will be obliged if he will promptly notify him; likewise if he is getting none when he should get one, please send the correct address as well as the former address. Subscribers who wish their papers stopped should drop us a card to that effect, giving the exact address to which the paper has been going. Returning the paper is worse than useless.

C. G. Richardson, a well remembered Hartland boy and son of the late R. W. Richardson, has been for some time manager of Patten (Maine) Hardware Co. Recently, as has become the annual custom of his company, he entertained about three hundred of the business men of the town and the farmers of the surrounding districts at a grand banquet at which there were many helpful speeches and many expressions of good fellowship furnished by the choir of that church.

Presque Isle, Me., April 29—Ephraim Crawford of Mapleton was brought to the hospital here with one arm sawed off at the shoulder when he fell on a circular saw. It is believed that he has a good chance of recovery. He has a wife and five young children.

Miss Bertie DeLong, daughter of Mr. and Mrs. Harry DeLong of Avondale, died on Sunday after three months illness. She was but eighteen years of age and besides her parents is survived by three sisters and one brother. The funeral service was held yesterday, conducted by Evangelist Lee Good and the remains were laid to rest at Wilmet.

J. S. Donovan, chiropractor, is getting a good practise here the days he is in Hartland, which are Thursday and Friday of each week.

His office is over Hartland Hartland Clothing Co. A few of the diseases chiropractic will help are constipation, headache, indigestion, asthma, nervousness, rheumatism and a number of other ills.

Mrs. Mary Ann Nelson, widow of the late Elisha Nelson, died yesterday at the home of her niece, Mrs. William Gimson at Upper Brighton. For a number of years she has made her home with her daughter, Mrs. Henry Rideout. Had she lived until August she would have been ninety-three years old. The funeral is held this afternoon at Upper Brighton, Rev. E. W. Lester preaching the sermon.

The Carleton Electric Company, in this week's issue of the Press, is offering a reward of \$100 for knowledge that will lead to the conviction of any person interfering with the wires on its line. Such interference is not only a danger to the public, but is liable to lead to a fatal accident to innocent people, as well as a great inconvenience to all who use power of the company.

Mr. Tracey of Carleton, who is one of the most intelligent and thoughtful of the Farmer members of the Legislature spoke on the budget yesterday. While he did not praise the government his criticism was in the main of a constructive nature and was given an attentive hearing. He spoke appreciatively of the proposal now before Parliament to provide for the construction of a branch railway to connect the Valley Road with the New England systems.—Fredericton Mail.

The ratepayers of District No. 3 in the Parish of Brighton, in the County of Carleton, are hereby notified that a special school meeting, as authorized by law, will be held on the 9th day of May, 1924, at 7.30 p.m., for the purpose of granting authority to the Trustees to sell the old school building and lands; also to consider the undertaking of Vocational work, Hartland, N. B., May 2, 1924. By order of the Trustees, J. Stirling King, Secretary. Mr. Fletcher Peacock, Vocational Secretary and Director, will be on hand to address the meeting.

WORK OF TOURIST ASSOCIATION

60,000 to 70,000 Visitors With 9,000 to 10,000 Cars Expected to Come to Province in 1924.

(Telegraph-Journal)

The New Brunswick Tourist and Resources Association has recently launched an extensive advertising campaign. In addition to their regular advertising, in various journals and periodicals of Canada and the United States. This campaign is meant to serve a double purpose, that of increasing the membership of the association and also to advertise the beauty of and the sport to be obtained in our province.

C. C. Aard, of Sackville, president of the New Brunswick Association, has recently returned from P. E. I. where he has made arrangements with the Tourist Association of that province to advertise in conjunction with that of N. B.

These two tourist associations intend to advertise their attractive features in the newspapers of Montreal, Ottawa, Toronto, Boston, Detroit, Brooklyn and Chicago, and in 12 or 15 Canadian and United States magazines.

These advertisements will consist of special articles written by C. B. Allan, secretary-treasurer of the N. B. Tourist Association, and will deal with various phases of the work of our association and its object in advertising.

Special campaigns are being conducted in Moncton, Chatham, New-castle, St. Stephen, Milltown, Campbellton and Edmundston. In all these towns letters, containing "baby

MRS. BUDGE SO WEAK COULD HARDLY STAND

Tells How Lydia E. Pinkham's
Vegetable Compound
Restored Her Health

River Desert, Que.—"I used to have a severe pain in my side. I would be unable to walk fast and could not stand for any length of time to do my ironing or washing, but I would have to lie down to get relief from the pain. I had this for about two years, then a friend told me to try Lydia E. Pinkham's Vegetable Compound as she had had good results. I certainly got good results from it, too, as the last time I had a sore side was last May and I have not had it since. I am also glad of having good nursing for my baby, and I think it is your medicine that helped me in this way."—Mrs. L. V. BUDGE, River Desert, Quebec.

If you are suffering from the tortures of a displacement, irregularities, backache, headaches, nervousness, or a pain in the side, you should lose no time in trying Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write for it to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario. "This book contains valuable information that every woman should know."

LARGE LUMBER CUT IN THE PROVINCE

Estimates From Four Counties—Fraser
Have 150,000,000 Feet

The Fredericton Gleaner, in a review of correspondence from different centres of the lumber industry in the province, says:

In Restigouche county a total cut of between 130 and 147 million feet will be brought out this season. In Gloucester the drives are expected to amount to between 70 and 100 million feet, dependent upon conditions which will prevail. Northumberland county will run slightly over 100 million, while in Charlotte the season's cut has been 21 million feet.

The Bathurst Lumber Company has a total of some 1,500 men employed at present on their various drives. In the province in addition to the above, there are employed in the province of Quebec.

The total cut of the season of the Fraser Companies, Ltd., will be in the vicinity of 150,000,000 feet, of which 15,000,000 will be for the Mill at Restigouche, 12,000,000 for the mill at Miramichi, Northumberland county, and the pulp mill at Chatham, 14,000,000 for the Victoria Mills at Fredericton, 4,250,000 for Magalloway, and 1,000,000 for the Master Rock, Edmundston, Cabano, etc.

The cut of the River Valley Company of Ontario, Ltd., in the vicinity of Hamilton and Ewart Johnson has operated to the extent of about 2,500,000 feet.

The cut above Grand Falls, exclusive of the cut of Fraser's Companies, is as follows:
St. John Lumber Co. 36,000,000
Bathurst Lumber Co. 8,000,000
Bathurst Lumber Co. 8,000,000
Bathurst Lumber Co. 6,000,000
Bathurst & Sons 5,000,000
"Streamline" divisions along the St. John are excellent at present."

AN UNENVIABLE REPUTATION

(Edmundston Observer)

Edmundston is known far and wide for having the most up-to-date school in the province. It is known as the headquarters of one of the greatest companies in the lumber and pulp industries. It is known as one of the largest towns settled by the Acadian-French, whose long and romantic history is a valuable part of the record of the province. But it is known far and wide as the most open town to sell booze in the province. No place east of Montreal in Canada has such a reputation. You can buy the intoxicating liquid anywhere, and the provincial or local authorities do very little to stop it. The vast majority of the people of the town are against the free sale of liquor. It is useless for the English people to say that the French people are to blame, it is useless for the French people to say that the English people could stop it. The task of stopping the sale of liquor is in the hands of the provincial authorities. It is in the hands of the inspectors. It is up to the local member; a minister of the Cabinet; to do his part. The sale of beer, whiskey, wine, whether by bootleggers, or by those who make it, and who we are told, bring it to town, or by licensed vendors, if contrary to law, should be stopped. A licensed vendor who does not observe the law, becomes "ipso facto," a bootlegger. We do not say that this law is right, we do not say that it can be absolutely enforced. BUT WE DO SAY THAT THE AUTHORITIES CAN TRY TO ENFORCE IT.

We do say that beer is still being sold in restaurants, and in out of the way corners. We still maintain that drunkards are being made out of our growing boys. It is as easy to get brandy and wine and beer in Edmundston, if you have the price, as it is to get a drink of water.

Dr. Roberts, Minister of Health, said in his address in the local legislature that he really believed that the Government was trying to enforce the law. If he stayed up here for a day or two he would, I think, think differently.

The law is not enforced, and no one is trying seriously to enforce it. "And we say this not because as the Irishman said 'we are a'gin the Government,' we are for the present Government outside of this issue. If the Government went to the country to-morrow on the Grand Falls issue, we would be ready to go out on the stump that it might be returned. We are not sure but what a change will have to be made in the existing law, there are too many people voting dry, and the same people acting wet. We rather think that the law will be changed in the interests of temperance. But in the meantime there is a law on the statute books and whilst it is there a serious effort should be made to have it enforced. And every day that the

present state of affairs is allowed to exist the Government's chances of having a member from Madawaska county is jeopardized. We know of what we speak, and we repeat that Premier Veniot's hold on Madawaska county is being jeopardized by the way the Government is handling the liquor question in this county."

JOHN HARDWICK.

DALTON CECIL LONDON

On the morning of April 25 the death angel visited the home of Mr. and Mrs. George London of Upper Woodstock and removed from the circle, the youngest son, Dalton Cecil, aged three years and two months. The bright little fellow had had

measles in February and was thought to have recovered but just one week previous to his death he developed double pneumonia which along with a weak heart was more than he could withstand. He suffered from two strokes of paralysis. He leaves to mourn their loss, his father, mother, one brother and three sisters, to whom much sympathy is extended. The funeral services were held at the home Saturday afternoon. Rev. E. B. McLatchie officiating, assisted by Rev. L. J. Alley. Interment was made in the Upper Woodstock cemetery.

The floral offerings consisted of several sprays from relatives and friends, also one from the Sunday school and one from the W. M. S. of Upper Woodstock.

PIGS FOR SALE

For Sale—Purebred Yorkshire Pigs. There is no better stock in the province than the dams of these pigs; their sire was imported from Ontario last fall. His sire took first place at the great Toronto Fair last fall. The sire of his dam took first prize at the Toronto Fair in 1922.

These pigs are the correct bacon type, and are stock that I am proud to recommend, of very prolific strain. Considering the small extra first cost you cannot afford to use inferior stock as breeders. Plans are now on foot to ship hogs this fall to be sold on the graded basis, with premium for selects. Get the best, we have them.

MRS. S. N. LONG

From a B. C. paper we reprint: At Francois Lake where she was well known and greatly admired in a residence of eight years, at Terrace where she spent a year as a means for recovering lost health, and in Smithers, the deep sense of personal loss is expressed by a host of friends in the death of Mrs. S. N. Long, who passed away on Friday after an illness of one month.

At the funeral held on Sunday afternoon the respect in which she was held in the various places with which she had been associated was shown in a very large attendance, including many from outside points, and by flowers. Included in the flowers were tokens from Mr. and Mrs. G. B. Robb, Burns Lake; Mr. and Mrs. Long, Francois Lake; Mr. and Mrs. D. D. Munro, Smithers; Mr. and Mrs. Wm. Mitchell, Smithers; St. Paul's Union Church, Burns Lake.

The late Mrs. Long, whose maiden name was Viola Dawson McCain, lived with her mother at Florenceville, New Brunswick, before coming west to Vancouver, where in 1914 she married S. N. Long, and after a short honeymoon they came north to take up farming at Francois Lake. For several years she has been in poor health until her lowered vitality was not sufficient to withstand the recent severe illness.

Mrs. Long was forty-four years of age, and in addition to her husband she leaves a son of nine years and a daughter four years old to mourn her loss.

The funeral services on Sunday afternoon were conducted by Rev. M. W. Lees, there being a large number at the service in Union Church. The pallbearers were—W. J. O'Neill, George McBean, George Wall, Wm. Mitchell, D. D. Munro, G. B. Robb.

Health Restored by The Fruit Treatment

Fourteen years ago, Mr. James S. Delgaty, of Gilbert Plains, Man., was a nervous wreck. His system was shattered by Nervous Prostration, and he was reduced in weight from 170 to 115 pounds.

He wrote on May 15th, 1917, "Every medicine I tried proved useless until a friend induced me to take 'Fruit-atives.' I began to mend at once. After using this fruit medicine for three months, I was back to normal. I have never had such good health as I have enjoyed the past six years. We are never without a box of 'Fruit-atives' in the house."

Writing again on September 27th, 1923, Mr. Delgaty says: "I stand by my letter to you in 1917—I still recommend 'Fruit-atives.' 'Fruit-atives' is a complete fruit treatment—being made of the juices of fresh ripe fruits and tonics. 25c. and 50c. a box—6 for \$2.50—at druggists or sent postpaid by Fruit-atives Limited, Ottawa.

Protection and Preservation with B-H PRODUCTS

PROTECTION and preservation are as necessary to the tree that is moulded into new form, for building purposes, as it was when it stood in the virgin forest. Paint is that protection. Paint will preserve but, just as Nature protects with ever-renewing bark, so must paint be renewed.

Brandram-Henderson's products — and there is only one — bring real protection and preservation, no matter for what purpose they are used. To this protection, is added the economy of long wear and the beauty that comes from quality.

We are glad to report that the sidewalk on Canada Road which was lost some time last winter has been found. It appears that this concrete article which is over a quarter of a mile long, was not kidnapped as at first feared, but has been in hiding. It appears that this sidewalk was ashamed of itself, for the condition it found itself in last fall. It became aware of its dirty and unwashed condition late in the year, and being on the wrong side of the street, and hearing the remarks of pedestrians every day, it became so chagrined that it hid its face in the snow, ice and dirt. During the warm days of the past week, however, it slowly emerged from its hiding place, and has decided—so we understand, to remain with us for the summer. We understand that the police is keeping a watchful eye on it to see that it does not make its escape during the rest

One Flies to the North

"Contact!" "Contact!" The last audible words between pilot and mechanic are spoken, and with stentorian roar of engine and propeller the giant, human and baggage freighted plane, glides swiftly over the surface of the Quinze. One feels the churning waters tumbling at the bottom of the boat until momentum has increased to such extent that a touch of the "stick" causes the Vickers Viking to slowly rise.

Two turns in as many minutes and the passenger, having adjusted his goggles and seated himself more comfortably, peers, at first cautiously, over the side of the pit, and far below him lies the little town of Angliers, the head of the Canadian Pacific steel which twists and turns in and out of the forest to the south like a living thing. The earth is as a map below, lakes and rivers shining in the distance and beneath, and ragged patches of bush and arable land smudged here and there like a child's attempt to depict relief. Turning east the plane heads down Lake Quinze, following the water course to Lake Expance, — one sees from the air how appropriate is its name, — thence north for some fifteen miles up the Ottawa River and further north over one of its tributaries to Lake Fortune and Rouyn, upon nearing which the plane leaves the glorious rolling clouds and gradually sinks until once more the water tumps the bottom of the hull, checking it with sudden jerks which tend to slow the boat until it stops within a few feet of tie-up. One wonders how the pilot could, at such a speed, have judged his distance so well. But then he does the same thing more than once each day bringing to the new Gold Fields of Quebec, in fifty minutes, passengers and supplies which, before the air service was started took two days at the least to arrive.

Commencing May 18th the Air Service to the Gold Fields will be regular on Monday, Wednesday and Friday, large flying boats capable of carrying five people being scheduled to meet all Canadian Pacific trains at Angliers. This service, which will eliminate the hardships of the past and enable prospectors and tourists to travel to the Rouyn Mining District in less than an hour will include regular stops where they are required and accommodation is available.

I wish to thank my many friends who have helped me in such a time of need in erecting my new Factory.

After I see so many willing and ready to do anything in reason, to help me rebuild, I have given up all ideas of starting business elsewhere. And will be ready to book your order by May 15. Anyone building or repairing their homes this summer can save money by placing their orders with me as I am willing to make sales with as small a profit as ever before.

I would not feel satisfied in closing without thanking all of my old customers that have dealt with me during my eight years of public trading that has helped to make my business a success.

Yours very truly,

A man came in the store one day looking rather sad. He said he'd like to see the chap that writes the selling ad. I looked at him a moment in wonder and surprise. Which increased when he asked me if it paid to advertise!

"Why, yes! my friend," I said "If you have anything to sell There is no investment that will pay you quite or half so well." "I'm glad I called. I've yet a little hope." So when he rose to go he bought a bar of Gold Bond soap.
