VOL. XV.

CHATHAM, ONT. THURSDAY SEPTEMBER 6, 1906.

NO 215

NEW DRESS GOODS

Plain Colored Dress Goods hold first place this season. Small plaids and broken checks are correct for tailored suits for street wear. Shadow plaids and plaids of subdued tones are in vogue for tailored skirts and suits.

They are this season's decidedly new tones of navy blues, brown, wines, crimsons, greens, etc., and a choice of any of them gives you a stylish color of autumn wear.

Possibly the most popular cloth this season is a fine bright finish Chiffon Venetian. It does not spot, does not crease, has a rich appearance and wears well.

Chiffon Venetians at a yard 60c, 75c, \$1, \$1.25 and \$1.50.

Broken Checks at a yard 75c. and 85c.

Shadow Plaids at 75c, 85c, 60c.

We ask your inspection of our new dressgoods, feeling sure that we can interest you.

Please remember that we do not consider it any trouble to show our New Dress Goods, and whether you are prepared to buy or not, come in and see.

THE EPISCOPALEAN RITUAL UNDERMINING PRESBYTERIANISM

Rev. Dr. J. R. Battisby Says That Religion Is At A Low Ebb In Scotland—Methodists Also Going Back—A Few Impressions

"Bicycles, motor-cycles and automobiles are fast becoming a great curse in Scotland. They furnish an attractive means for the desecration of the Lord's Day. . . . The Sabbath is not now as strictly observed in the mother country as it was in my boyhood days. . . . Religious strife and squabbling, and a tendency among the younger ministers to adopt many sections of the Episcopalian ritual is undermining the work of the Scottish Presbyterian churches: prayers and readings from the scriptures form a portion of the services—all of which has a tendency to drive people away from the churches, instead of bringing them to them."

Such are some of the impressions gathered by Rev. Dr. Battisby during his recent tour in Scotland.

At the conclusion of the prayer service in St. Andrew's Presbyterian church last evening, Rev. Dr. Battisby treated the members of his congregation present to a short discourse on his impressions of old country life gathered during his recent tour to Scotland.

Looking at matters from a political standpoint in England, he remarked, there are some things of a casual nature which one would not realize from reading the old country papers. They have more parties in the House of Commons than we have, and it is in many ways a detriment to the progress of the country. There are some six or seven of these parties, and one party which is ultimately going to create trouble is the labor faction, which is growing stronger all the time. The labor party is at present about forty strong—quite a large increase over what it has been in the past, and should its members be joined by the Irish party there is sure to be trouble. The Small Holdings Bill, the Education Bill are now holding the attention of the British public, and they will later be the cause of great strife, though I have no doubt their intent will be wrecked when they reach the House of Lords.

I ascertained while in Scotland that farming is not now paying in that country like it did when I was a boy, all on account of the fact that goods and grain are now dumped into Britain free from other countries. It is now also very difficult for the farmers to get help with their work on account of the great influx of young men and women to the large cities, where I discovered there are thousands out of employment, and as for drunkenness, I never saw the like of what I witnessed in the city of Glasgow alone. I paid a visit to some of the slum streets, where I saw some of the most degraded scenes.

It will be difficult for the English party now in power to hold the position. The premier is a man who lacks backbone, and the two bills I mentioned are surely going to cause great trouble. The Episcopalian church and the Roman Catholic church are fighting to gain religious instruction in the schools. We have not such a system in this country, and I think that no parliament is justified in legislating in favor of any one church or against another. The bill will be wrecked in the House of Lords. The Government will soon begin to realize that they have gone wrong.

THE RELIGIOUS ASPECT.

I can look back and remember how strictly the Sabbath Day was observed in Scotland in my day, but I may say that this strict observance is now a thing of the past. Bicycles and motor-cars are proving a great curse in Scotland, where they are used for all day pleasure trips every Sabbath by hundreds.

The evening services in the Scottish churches are now a comparative if not an absolute failure. Ministers in this country often regret the smallness of their congregations on a Sabbath evening, but I tell you they have no idea how much better off we are here in this respect to what they are in Scotland. The attendance is so small at the evening services that they have found it unnecessary to engage ushers. Indeed there is no need for them. I don't see why this should be, as the twilight there is three hours long and people should have plenty of time for a stroll after

the service is over. I found these conditions to prevail all over Scotland.

I lay the responsibility for this state of affairs principally to the ministers. It is their own fault. I visited churches where a full hour was given over during the service to reading the scripture, prayers and the singing of hymns. They never give an exposition of the scriptures there, and at the conclusion of the hour, the minister in charge gives fifteen minutes to the reading of an essay, followed by fifteen minutes of closing exercises. This has a chilling effect, and the result is, that as far as one can judge, religion is at a low ebb in Scotland.

In many of the Established churches and in some of the Free churches there is a growing tendency among the younger members of the cloth to copy the ritual of the Episcopalian church. I visited one church in Glasgow, and had I not known before, I would have never become aware from the service that it was a Presbyterian church. The cause of this is that the ministers think thus to hold the wealthier members of their congregations, who think that the good old Presbyterian service is too bald and dry. They chant their hymns, and the minister never thinks of saying "amen"—this is left for the choir to finish in artistic style. There is a great need for a John Knox to go through Scotland to bring the people back to the Presbyterian church.

METHODISTS IN SAME BOAT.

I was talking to a Methodist minister on the way home. He had been to England, where he found conditions much the same in the Methodist churches. He said that the English ritual was being used in the Methodist churches all over England. The longer I live the more I think that there is no need for fancy vagaries to rightly worship God, and I was exceedingly sorry to note this state of affairs. The Established Church of Scotland stands alone and has nothing to do with the bitter squabbles going on between the "Wee Free" and the U. P. churches. This feud died out some time ago, but has been once again resurrected, and is being waged with great earnestness; in some cases being carried outside the church and into the business transactions of the members of the congregation. Members of the two churches at variance refuse to be in each other. The "Wee Free" do not sing hymns during the service, nor will they have an organ in the church. The fighting spirit which dominates the people is the cause of the tenacity with which the "Wee Free" are holding on, and nothing delights one of these congregations more than to have a visiting minister denounce and wallop their rival church. If he will do this in bitter style, they will hail him as a genius—the more bitterly, the more clever they concede him to be.

TOO MANY CHURCHES.

On account of the prevalence of this strife, there is a great waste of money in keeping up the churches in the Highlands. I was in a dozen villages where each had a parish church and a U. P. church. In some places the U. P.'s have lost their church and the "Wee Free" have taken possession. The "Wee Free" have been given possession of the churches, but it is conceded that some of these will be returned to the ownership of the U. P.'s. A Royal Commission is at present considering the matter. The U. P.'s are for the most part a clerical union—they are not of the people, and many of their adherents have returned to the "Wee Free" churches.

Mr. Simon, of the House of Commons, who was present, was called on by Dr. Battisby to make a few remarks in conclusion.

Mr. Simon, who formerly lived in Scotland, said that though he did not look upon matters in the pessimistic light in which the reverend gentleman appeared to be, he was familiar with the strife which was going on among the Scottish churches, and he said that the English church ritual was being adopted by many of the Presbyterian churches. This latter he considered to be a good move from many points of view. It was an attractive ritual and brightened the services, and anything which attracted people to the services should be welcomed. He was sorry that Rev. Dr. Battisby was so unfavorably impressed with old country worship.

EMPTYIES

Brisco Bros. shipped to the Queen City Oil Company, of Toronto, yesterday, two hundred and sixty-three empty gasoline barrels. More gasoline is being used every day. Mr. Roy Brisco stated to a Planet reporter this morning that their business has grown so rapidly in gasoline and oils that they would have to enlarge all their oil tanks immediately to meet the growing demand.

FATAL ACCIDENT

William Gaze, who moved from Ridgeway to a farm near Mull last spring, met with a fatal accident on Tuesday forenoon. He was engaged, alone, drawing in beans, and just how his death came about is not known. When found he was between the wagon and the horses, and while some believe he fell from the load, others are of the opinion that he received a kick from one of the horses.

If courage is gone, all is gone.

MAPLE CITY GAMBLING DEN ROUNDED UP BY POLICE

Whiskey, Beer And A Large Gaming Table Were Found In A Room Above An Up-town Store—Owner Is Arrested

It has been quite generally known for some time that poker playing is by no means a rare thing in Chatham. "Round the Table" clubs are not at all scarce, and any person coming in the city who desires a little social amusement, and is willing to treat to look whether he pays for it or whether some one else pays for him, can almost always find accommodation. A quiet game of poker, for the sport that is in it, is countenanced by a great many people, and so long as there was no complaint, and the players were not noisy, and kept the peace, the authorities took no action.

When it was whispered around that a certain man occupying an up town store kept a gaming house, the authorities took notice, and going to man in question, told him of the rumors and warned him that if he was guilty, and continued the business, he would be promptly "pulled." It is said that several warnings were given, but the man paid no heed. Complaints came in to the police authorities that the gaming went on all day Sunday. Some of these complaints reached the ears of Crown Attorney Smith, and he immediately started out for a prosecution.

The result was that the man found himself in the Police Court dock this morning answering to a charge of keeping a gaming house. He will come up again at three o'clock to plead guilty or not guilty. The charge dates back to last Sunday, and it is alleged that on that date, in the evening, seven young

men of this city—some of them not so young—were in a room above the rear of the accused man's shop gambling and drinking. The seven men were doing the poker playing and the man himself was attending to the refreshment stand. It was a warm night and it would not be right to see his guests suffer from want of liquid refreshments. Some of the men included in the information came from the city's very best families, but they are all included in the same information.

The police searched the room this morning and found evidences of several nights' carousing. Whiskey, beer and innumerable cigar stubs and a large, round gaming table were among the chief articles found. The table, beer and whiskey were taken to the Police Station. The names of the men are withheld out of respect for their families.

The man, if found guilty of the charge, is laid open to a sentence of one year in the Central prison. It is understood that the police are now out on a campaign against these gambling dens, and they do not intend to stop until they are all closed up. In many cases this action is caused by the innumerable complaints of ruined young men, and neglected families, the direct result of men spending their nights in these places.

The case comes up this afternoon at three o'clock.

Another charge of selling liquor without a license may be laid against him. He was allowed out on \$300 bail.

KINDERGARTEN EXPENSE AROUSSES THE SCHOOL BOARD

Chatham Engages More Teachers And Pays Higher Salaries Than Any Other City In The Province—Important Matters Before The Board

The luxury that this city is sustaining in the kindergartens was plainly brought out at the meeting of the Public School Board last evening by a number of the members of the Board. It was shown that this city is paying more for its kindergartens than any other city in the province. Judging from the tone of the remarks, a number of the trustees are by no means in sympathy with this extravagant expense.

The matter was brought up by Chairman McArthur of the Kindergarten committee, in reference to the application of three young ladies for positions as students in training in the local schools.

At the last meeting of the Board it was understood that three young ladies wished to study the work under the Central school directors. The application was not made to the Board, but the matter was left with the Kindergarten committee and the Inspector to decide what was advisable to be done.

"The application was very irregular," said Mr. McArthur. "It should have been made to the Board, and not to the Kindergarten committee. Although this matter was referred to the committee, we found the three young ladies in attendance at the school and accepted there."

"A short time ago there was a resolution at this Board to increase the salary of the director at the Central school kindergarten. Two months ago the salary question was settled at this Board by-law, and as far as I am concerned it is settled. We are treating our kindergarten teachers better than any other city in the province. Only the other day I was called to task for paying such large salaries. I think that Chatham has struck the limit in this respect, and if these young ladies now coming in are to receive salaries, then I am not in favor of engaging them."

The Chairman—Is there not one teacher short in the Central kindergarten?

Mr. McArthur—Miss Farquharson was engaged for a short time, and it was found after she was engaged that the attendance did not warrant an extra teacher.

Dr. McKough—Peterboro has 1,000 more population than Chatham and they get along with half the kindergarten teachers that we do. Hamilton, the birthplace of the kindergarten, has less teachers, and pay less salaries than we do. I think the thing is absurd.

Mr. McArthur—There are five teachers under salary in the Central school, and three in the McKough. The Inspector—These young ladies should apply to the Board and then the committee should have the say as to where they should go.

The Chairman—We can take no action and wait until they apply to the Board.

Mr. Park said that Chatham pays more for assistants than other places pay for directors. It was decided that if they make application, that the matter be left to the Kindergarten committee and

THURSDAY, SEPTEMBER 6, 1906.

CIVIC GOVERNMENT.

The resignation of Mr. Charles Hadley from the civic Board of Health has placed that body of men in a very awkward light before the citizens of Chatham. For some time the actions of this Board have come in for considerable criticism from the City Council, and while much has been said on both sides, Mr. Hadley's latest step has gone to show that the members of the Board themselves are not a unit in their ideas of how a Board of Health should be managed.

That such an unfortunate mix-up should occur at any time, in any civic body of men, is indeed regrettable, especially so in the case of the Board of Health this year, when they have launched the city out into considerable expenditure in this department. A new man coming on the Board will not be thoroughly acquainted with these circumstances, and the Board will be seriously handicapped in their work.

A few years ago the Board of Health was generally looked upon as a secondary body with not much important business to transact. Possibly this accounts for it being made an appointive board, not directly responsible to the people. In those days it was considered to a large extent, an honorary body, and men received compliments from their friends of other civic institutions by being appointed to a position on this Board.

Conditions have changed somewhat in the past few years, and during the present year the expenses of the Board of Health will form one of the most important expenditures the city has to face. A short time ago The Planet called the attention of the public to the fact that the expenditures for this year, incurred by this Board, will be about \$3,500, and if proposed improvements are made to the Isolation Hospital the sum will run up to about \$6,000.

This is accounted for in several ways, and this journal at present has no intention of accusing the Health Board of being unnecessarily extravagant. They have had serious problems to face in connection with contagious diseases—problems which it is not fair to thrust upon a Board not directly responsible to the people for their actions.

The Planet is of the opinion that all bodies of men, in civic service, spending the people's money, should be elected by the people, and with the heavy expenditures of the Health Board this year, they undoubtedly come under this head. In this we have no quarrel with any member of the Board. It is the principle of electing these gentlemen that is wrong. A Health Commission, such as the Water Commission, was not necessary years ago, but the system of civic government should keep pace with the changing conditions.

The time will shortly come when more thorough, business-like methods will be introduced in every department of civic government. The day for the old-fashioned system of electing mayors and aldermen is fast slipping by. The business of the city should be run with as much regularity as a private undertaking, and any scheme whereby a Board of Aldermen would be changed to a Board of Commissioners—with salary attached—would be heartily endorsed by this journal. In this way the Board would be less cumbersome, better men would be brought into service, and the citizens would be in a better position to demand careful attention to the city's business from the men they engage. It is a scheme which every successful business man will support.

Galveston, Texas, has proven a shining example in this respect according to recent issues of Detroit papers.

Governed by a Board of Commissioners, instead of by a mayor and aldermen, Galveston now has paid off the entire floating indebtedness, in addition to building a new city hall, restoring the water works and fire-fighting service, paying the

streets and providing drainage, and it has under way a great sea wall and the elevation of the city's grade.

All this has been accomplished without an issue of bonds or a dollar increase in taxation.

Under the old system the city disbursements exceeded the income, producing regularly an annual deficit of \$100,000; no effort was made to collect taxes; public franchises were given away; the city had become practically bankrupt.

The centralization of responsibility and power is given credit for having wrought the change.

So successful has this form of municipal government proved that Houston, a neighboring city, has adopted it; Dallas will probably do so soon, and San Antonio and Fort Worth are considering it.

Chatham should not hesitate to fall in line with this improvement in civic government. Until this is done there will never be universal satisfaction with the government of any city.

WORST FORM OF TORMENT

Indigestion Makes Life Miserable. How to Cure It.

There is no need of telling a person with stomach trouble that indigestion makes life miserable. The burning and gnawing feeling in the stomach, the sick and nervous headaches, the sleeplessness, general debility, aching back, spots before the eyes, and the nervousness, irritability and despondency that come from indigestion, make life a torment. Happily a physician's prescription for stomach troubles called Mi-on-a stomach tablets is now for sale by our druggists, who recommend it as an absolute and complete cure for indigestion and all stomach ills. Mi-on-a is not a temporary relief or a mere digestive. Take one of the little tablets before meals for a few days and the digestive organs will be so toned and strengthened that you will be able to eat anything intended for food without fear of indigestion and distress.

Mi-on-a is so universally successful in curing all forms of stomach weaknesses that your money will be refunded unless the remedy gives you satisfaction. This certainly shows strong faith in the medicine. Many have used it with the greatest success and praise it highly as the only cure they have ever found for stomach troubles. The price is but 50¢ per box.

For sale by all dealers. The R. T. Booth Co., Buffalo, N. Y.

REV. DR. BEATTIE DEAD.

Canadian, Who Attained High Place in U. S., Expires Suddenly.

Louisville, Ky., Sept. 5.—Dr. Francis R. Beattie, one of the widely-known ministers in the Presbyterian Church, and president of the Presbyterian Theological Seminary, died suddenly yesterday at his residence here of heart failure.

He was born in Guelph in 1848. After passing through the Guelph public and high schools he entered the Toronto University and graduated in 1875. He graduated from Knox College in 1878, and gained his B.D. degree. He was the recipient of many other degrees. He was ordained in 1878 and filled with great success different pulpits in Canada, mainly that of the Park street Presbyterian Church, Brantford, until 1888, when he became a professor in the Presbyterian Seminary at Columbia, S. C. From 1893 he had been professor of apologetics and systematic theology in the Presbyterian Theological Seminary of Kentucky.

He was associate editor of The Christian Observer and associate editor of The Presbyterian Quarterly. He was a member of the executive committee of the Alliance of Reformed Churches. Dr. Beattie was a voluminous author and was also the editor of the memorial volume of the Westminster Assembly celebration at Charlotte, N. C. Dr. Beattie was twice married.

MAKE PRISONERS WORK.

Police Chiefs in Convention Pass Resolution to That Effect.

Toronto, Sept. 5.—At the opening session of the Chief Constables' Association of Canada in the City Hall yesterday papers on the police systems of Quebec, Ontario, Nova Scotia, New Brunswick and Manitoba were read by Chiefs Campeau of Montreal, Smith of Hamilton, Inspector McLellan in place of the absence of Chief Power of Halifax, Clark of St. John, and McRae of Winnipeg. Discussion, at the suggestion of Secretary Stark, was deferred until all have been read.

After the reading of these papers, this resolution was passed: "That in the opinion of this organization work should be provided for all persons undergoing sentence no matter how short, and that the attention of the proper authority be called to the facts where this does not exist, urging the necessity of inaugurating some system of useful work for those prisoners under their control not heretofore provided for the material benefit of the individual, and with a view, as far as possible, of making him self-sustaining."

Chief Detective Carpenter read a paper on "The Habitual Criminal." Chief Slemin of Brantford read a short paper on the "Enlargement of the Criminal Code."

The secretary-treasurer, Deputy-Chief Stark, presented his report. The total income was \$148.15, and the balance on hand \$56.

When you want BLACK silk, you don't say "a spool of silk."

When you want Windsor Table Silk, say so—"WINDSOR."

Carrying weight for age is what makes life a burden.

FASHION HINTS

LADIES' PLEATED COAT.

No. 4175.

Three Sizes, 32, 36, 40 inches. Bust. The pretty coat pictured on this page is suitable for evening or street wear, according to the material, trimming and color selected. The large cut shows a coat of broad cloth in long three-quarter length, closed in double-breasted fashion with buttons and loops, the collar an elaborate trim with embroidered velvet. The pleats, stitched to yoke depth, are allowed to fall free-

ly to the bottom of the garment. Perforations show where the model may be cut off for medium, three-quarter or long length, and the sleeves are in three-quarter puff length; the fronts of the wrap may be turned back in reverse fashion. The top cut gives the mode that is suitable for evening wear. Vesting, cheviot, velvet, clover, and heavy silk are recommended. Velvet or contrasting materials may be used for the cuffs and collar. For evening wear partial shades are appropriate. The pattern is cut in three sizes, 32, 36 and 40 inches, bust measure. The medium size requires 2 1/2 yards of velvet for fancy collar and cuffs, and 9 1/2 yards of 27-inch material.

DISTRICT

THAMESVILLE.

Sept. 5.—Miss Laura Duval has returned to Aurora, Ill., after spending the summer with her parents here.

Miss Ethel Evans spent yesterday in Glencoe.

John Stewart is spending a few days in Detroit and Wallaceton.

Born, Tuesday, Sept. 4th, to Mr. and Mrs. Frank Syer, a son, J. N. Harmer, is in Toronto.

Miss Hogan, of St. Joseph's Hospital, Chatham, is attending Mrs. Laurie.

Born, on Friday, Aug. 31st, to Mr. and Mrs. Chas. Obeay, a son.

Mr. and Mrs. Wm. Anderson have returned from spending a week with relatives in Owen Sound.

Miss Mary Martin, of Ireland, is the guest of J. W. Henderson.

Sept. 5.—Miss Vera Edmonds leaves to-day to visit friends in Detroit.

Misses Daisy Macdonald, of Chatham, and Jessie Macdonald, of Marine City, Mich., spent Sunday and Monday with Miss Gertrude Stevenson.

Mr. and Mrs. Frank Sawyer left last night to spend a week at "Ride-a-Wee" cottage, Tilbury-on-the-Lake.

Miss Maude Munro, of Buffalo, is the guest of Mrs. Tans. Richardson.

Miss Marie Sheridan, of Detroit, is the guest of Mrs. I. Wallace.

Miss Anne Campbell left yesterday to resume her studies at Chatham Convent.

Misses Rena Scriven and Flossie Bartley left yesterday to attend Chatham Model school.

HELPS MEN TO WORK HARD.

That's what Ferrozone does; it supplies the additional strength that enables a man to maintain health under difficulties. "Last spring I was so completely fatigued that I could not work," writes J. W. Mc-Nicol, of Turnbull, Man. "In the morning I was tired—limbs ached all over. Had no appetite, was sleepless, nervous and unhappy. Ferrozone put new life into me. Now I eat heartily, nerves are strong, I sleep well. I know the joy of real health." It's by supplying nourishment and good blood that Ferrozone builds up, try it—50¢ per box at all dealers.

COULDN'T TELL.

Oh! exclaimed the minister, fishing on the Sabbath.

What will your father say?

Can't tell yet, replied the big boy. If I don't catch nothing at all I'll catch it; if I do, I won't.

Minard's Liniment used by Physicians.

Supplements to the Decalogue.

Our social organization has developed to a stage where the old rigidity is not enough. We need an annual supplement to the Decalogue. The growth of credit institutions, the spread of fiduciary relations, the encroachment of industry in law, the intermingling of government and business, the multiplication of boards and inspectors, beneficent as they all are, they invite to sin. What gateways they open to greed! What fresh parasites they let in on us! How idle in our new situation to intone the old litany! The reality of this close knit life is not to be seen and touched; it must be thought. The sins it opens the door to are to be discerned by knitting the medical diploma, lying advertisement and fake testimonial are death dealing instruments. It takes imagination to see that savings bank wrecker, loan shark and investment swindler in taking livelihoods take lives. It takes imagination to see that the business of debauching voters, fixing juries, seducing lawmakers and corrupting public servants is like sawing through the props of a crowded grand stand.—E. A. Ross in Atlantic.

Living in Coral Houses.

The church built of coral is one of the curiosities of the Isle of Mahe, one of the Seychelles Islands, in the Indian ocean. The Seychelles Islands, which are supposed by many to be the site of the Eden of the Old Testament, form an archipelago of 114 islands and are situated about 1,400 miles east of Aden and 1,000 miles of Zanzibar. They rise steeply out of the sea, culminating in the Isle of Mahe, which is about 3,000 feet above the level of the ocean and is nearly the center of the group. All these islands are of coral growth. The houses are built of a species of massive coral hewed into square blocks, which glisten like white marble and show themselves to the utmost advantage in the various tinted green of the thick tropical palms, whose immense fernlike leaves give pleasant and much needed shade. These palms grow as high as 100 feet or more, overtopping both the houses and the coral built church. They line the seashore and cover the mountains, forming in many places extensive forests.

The Boring of Glass.

Strong glass plates are bored through by means of rotating brass tubes of the necessary diameter, which are filled with water during boring. To the water there is added finely pulverized emery. It is said that thinner glass can be perforated with holes in a easier manner by pressing a disk of wet clay upon the glass and making a hole through the clay of the widths desired, so that at that spot the glass is laid bare. Then molten lead is poured into the hole, and lead and glass drop down at once. This method is based upon the quick local heating of the glass, whereby it obtains a circular crack, the outline of which corresponds to the outline of the hole made in the clay. The cutting of glass tubes, cylinders, etc., in factories is based upon the same principle.

A River of Death.

Before the English occupation of India it was estimated that the Ganges carried to the sea every year 1,000,000 dead bodies. It was then considered by the Hindoos that the happiest death was one found in its waves, and all pious Hindoos who could do so were carried to its banks and placed in its waters to die. The decaying carcasses along its banks were probably responsible in no small degree for the pestilences which formerly desolated the peninsula.

Hard Work.

Mrs. A.—I'm surprised that your husband earns so little if he works as hard as you say. What does he do?

Mrs. B.—The last thing he did was to calculate how many times a clock ticked in the course of 1,000 years.—London Tit-Bits.

The Hero.

"It must be nice to be a hero," remarked the quiet man.

"It is for a minute," replied Senator Badger. "After that the hero wonders at the world's bad memory."—Milwaukee Sentinel.

New Dress Goods!

Our new dress goods showing is creating comment and custom. Only the advance guard of the season's importations has arrived, the main army isn't very far behind. We have planned for a very big season in dress goods, planned to not only to do more business than heretofore, but do it very much better. Stocks vastly large, direct to and through the manufacturing districts of France and Saxony our skilled buyers went. Great stocks were bought, choice goods were bought. Our invincible mercantile power will be demonstrated in the prices.

New Fall Jackets

An immense stock. Every garment made by experts, fashionable materials, newest shapes, most effective trimmings, choicest workmanship.

High Class Furs

Carpets and Rugs

Charming designs, luxurious qualities, gratifying assortments, unrivalled prices.

The Northway Co., Limited.

SOME FIRST OCCASIONS.

The first canal was made in England when Henry I. joined the Trent to the Witham, in 1134.

Quill pens came into use in 553; the first steel ones in 1820, when the first gross of them sold for \$38.

The first pocket handkerchiefs, utilized in the manner they are today, were manufactured at Paisley in 1743.

From the press of the celebrated Wynden de Worde the first book containing musical characters was issued in 1495.

The first cologne was struck in brass about 1184 B. C. and in gold and silver by Phidias, tyrant of Argos, about 862 B. C.

About 70 A. D. the first glass bottle was made by the Romans, although the manufacture was not taken up in England until 1558.

Movable scenery was first used in theaters in 1508. It was invented by Baldassare Peruzzi and displayed in Rome before Leo X.

Pliny's "Natural History" may be regarded as the first encyclopedia, since it contained 30,000 facts compiled from 2,000 books by 100 authors.

Declined Her Own Medicine.

There is always more or less talk current about abolishing position and dispersing pelf. The trouble is to know just where to begin the destructive reconstruction and to find reformers who are willing themselves to be reformed. An English great lady was once entertaining the labor member of parliament, Henry Broadhurst, the Duke of Argyll and others at her country seat. She was a strong Liberal, and one evening inveighed against the house of lords. It would be swept away if it did not reform, she said with fervor.

"Yes," agreed Broadhurst, "and how will you like that, Mrs. P.?"

"Lady P., if you please, sir," instantly corrected Broadhurst's hostess, drawing herself up haughtily.

A River of Death.

Before the English occupation of India it was estimated that the Ganges carried to the sea every year 1,000,000 dead bodies. It was then considered by the Hindoos that the happiest death was one found in its waves, and all pious Hindoos who could do so were carried to its banks and placed in its waters to die. The decaying carcasses along its banks were probably responsible in no small degree for the pestilences which formerly desolated the peninsula.

Hard Work.

Mrs. A.—I'm surprised that your husband earns so little if he works as hard as you say. What does he do?

Mrs. B.—The last thing he did was to calculate how many times a clock ticked in the course of 1,000 years.—London Tit-Bits.

The Hero.

"It must be nice to be a hero," remarked the quiet man.

"It is for a minute," replied Senator Badger. "After that the hero wonders at the world's bad memory."—Milwaukee Sentinel.

WRECK ON THE P. M. RY.

Five Cars Derailed And Completely Demolished On Monday

THE ANNUAL BIG PICNIC

From Our Own Correspondent.

Wallaceburg, Sept. 5.—Quite a serious wreck occurred on the P. M. R. between Courtright and Mooretown on Monday afternoon, when a long freight train was in some way badly derailed. It is not known whether the rails spread or whether a brake beam fell, thereby derailing the cars. Five of the cars are so badly damaged that they are entirely useless. The passengers of the evening train were forced to cross the river at Courtright and go to Port Huron on the electric car. On Tuesday morning the track was still uncleared and the passengers had to be transferred from one train to another.

T. Kelly and Geo. Mitchell, of the Bank of Toronto, Toronto, and Gerald Clubb, of the Bank of Montreal, Toronto, spent Sunday and Monday at their homes here.

Messrs. Cassidy and Duschene and Messrs. McDermott and Le Fevre, of Tilbury, attended the picnic here on Monday.

George Sadler spent the holiday with friends in London.

Quite a large number from Chatham visited town on Labor Day.

W. F. Wilson and Miss Belle Wilson, of Tilbury, spent last Sunday with their mother, Bert.

Messrs. Grace Collins and Maude MacDonald spent Sunday and Monday in Detroit.

Messrs. Dennis, O'Brien and F. Mount, and Messrs. Gerrie Tighe and Mattie Mount visited friends here on Monday.

Mr. S. Farrell, of Forest, was in town on Monday on business.

Mrs. Nellie Sanigan, of Sarnia, is visiting friends in town for a few days.

The annual picnic given by the R. C. church on Sept. 3rd was a grand success. About 8800 was realized.

Over \$300 was obtained by the young ladies in the contest for the beautiful gold watch, which was donated by the Knights of Columbus. Large sums were made by selling chances on different articles, particularly on a seventeen story cake presented by Mr. Lathbury, of Chatham. Banquet and supper were served in the agricultural building. The ladies were kept busy for nearly three hours at each meal. After supper speeches were made by Messrs. Farrell and D. A. Gordon. Mr. Farrell acted as chairman during the evening and he filled the position well.

DEPARTURE REGRETTED

The Public Library Board Are Sorry to Lose Mr. J. U. Thibodeau

THE MONTHLY MEETING

In view of the impending departure of Mr. J. U. Thibodeau from the city and his consequent resignation as a member of the Library Board, Dr. Charteris, at last night's meeting of the Board, for himself and the other members of the Board, in very appropriate terms expressed the Board's sincere regret that Mr. Thibodeau was forced to sever the tie which for seventeen years had bound him to the Public Library. It was the sincere wish of his associates on the Board that health and prosperity might be Mr. Thibodeau's portion in the years to come. In conclusion, Dr. Charteris, seconded by Mr. Twohey, moved a hearty vote of thanks to Mr. Thibodeau for his zealous and untiring efforts in the interests of the Board. Unanimously Carried.

Mr. Anderson also spoke a few words relating to the esteem in which the departing member was held.

Mr. Thibodeau feelingly acknowledged the kind words and the vote of thanks.

Those present at the meeting were, Wm. Anderson, chairman pro tem., Dr. Charteris, J. U. Thibodeau, and Mr. W. Twohey.

The following accounts were ordered paid:—
Gas Co., \$6.08.
J. D. Soutar, 75c.
Phoenix Insurance Co., \$6.50.
Waterworks, \$4.28.

The accounts from the News, the Ark and Geo. Stephens & Co. were referred.

The Librarian's report, which was read and adopted, showed that during the month of August 19 new borrowers had been added, and the number of books given out to be 1,707. The receipts during the month from fines, etc., amounted to \$6.25.

It was moved by Dr. Charteris, seconded by Mr. Twohey, that the order for \$139.42 be drawn on the City Treasurer in favor of the Library Board.—Carried.

DEATH'S CALL

The death occurred this morning of Mrs. Emma Joyce, wife of Sam Joyce, at the family residence on Baxter street. The deceased had been confined to her room for the past 12 weeks through illness.

The late Mrs. Joyce's first husband, Thomas Cartier, has been deceased since 1880. She was united in marriage to Samuel Joyce in 1883, and besides her husband she leaves to mourn her loss a family of five children, who are Mrs. H. Knott, Baxter street, Mrs. Wm. Plummer, city, Henry J. Cartier, of the light-house, W. C. Cartier, of Detroit, and Arthur J. Cartier, of this city. She was a daughter of Thomas Russell, and she was born on the Middle Road, Raleigh.

The funeral will take place Saturday at two o'clock from Baxter street to Maple Leaf Cemetery, Rev. Mr. Rutledge, pastor of Park street Methodist church, officiating.

WOMEN'S FOOTWEAR

This coming fall will see quite a change in women's footwear—so The Planet has been informed by Shoe-Cowan, who has just received a large consignment of the new shoes. The shoe which will be fashionable for lovely woman to wear this autumn is made much like the style of men's shoes. It has a heavy sole, and besides being substantial has a very natty appearance.

The new shoe does away with the need of wearing rubbers, and will prove a great boon to womankind.

PEACHES

I shall be prepared about September the 15th, to furnish all parties desiring that finest of all peaches, the Crosby, either personally or through agents, C. D. Williamson and Thomas French, with what they may want. Peaches fresh from the trees delivered twice daily in all parts of the city. All peaches put up graded No. 1, 2, 3, and fancy, and each basket guaranteed to be honestly packed. Phone 46A. Milton Backus.

Truth has many robes, but only one face.

No one gets more out of life than he puts into it.

THE DOMINION BANK

Capital \$3,000,000. Reserve Fund and Undivided Profits \$3,839,000. Total Assets \$43,000,000.

E. B. OSLER, M.P., President. G. A. ROGERT, General Manager
A Branch of this Bank is now open in the Beane Block
Accounts of Merchants, Manufacturers, Farmers, Corporations, Municipalities and individuals received on the most favorable terms consistent with conservative banking.
Advances made to farmers. Special attention given to this class of business. **SALE NOTES COLLECTED.**
SAVINGS DEPARTMENT.—Deposits of \$1 and upwards received and interest at highest current rates paid half-yearly.
H. RANSFORD, Manager

INFORMANT IS WANTED

Authorities May Have Great Trouble Convicting Wire Tappers

A PINKERTON MAN HERE

It now appears that the Canadian authorities are going to have great difficulty in bringing the wire tappers recently captured at Windsor, to justice.

No one can be found who will lay an information against them, though the authorities have cleverly stalked their quarry and are sure of their men. A Pinkerton detective has been in Chatham and vicinity for the past couple of days trying to secure evidence in connection with the recent daring case of wire tapping which occurred near here, but he has been unable to make any headway, as no one can be found who is willing to lay an information.

The people of this city are familiar with the details in connection with the wire tapping near Chatham, when fake dispatches were sent to the Windsor races. On this occasion a large amount of money changed hands on the strength of the fake reports sent in by the tappers.

It seems that the tappers knew what they were about, and were taking no chances when they boldly sent the fake reports away. One of the men told a detective that they had nothing to fear; the telegraph company would not take any step to have them punished. From the assurance of this man and his pal it would appear that the tappers have been "in on" some deals with certain of the telegraph companies, and that they have through this secured a pull in high places.

The tappers came up at Windsor and will be tried at Windsor at the fall assizes.

Child Burned to Death.
Ingersoll, Sept. 6.—The 4-year-old daughter of Mr. and Mrs. W. G. Christie died at 2 o'clock yesterday morning from the effects of burns received Tuesday evening by having her clothes ignited by matches with which she was playing.

Boy Drowned in Lock.
Lindsay, Sept. 6.—The body of Garfield Barajas, 7-year-old son of Frank Barajas, was found in the lock yesterday morning. He disappeared Saturday evening.

Bicyclist Loses Arm.
Winnipeg, Sept. 6.—While riding to work on his wheel yesterday morning, Howard Griffith, a 15-year-old boy, ran into a street car, losing an arm. He will recover.

Body Found in River.
Port Robinson, Sept. 6.—The body of Mrs. George Ellis of Niagara Falls, Ont., was found yesterday morning floating in the Chippewa River here. She had been of unsound mind for several months.

Arm Mangled in Thresher.
Kingston, Sept. 6.—While feeding a thresher Joseph McRory of Pittsburg Township got his hand caught in the cylinder and the lower part of the arm was badly mangled. It was amputated at the hospital.

Farmer Killed by Horse.
St. Thomas, Sept. 6.—William Gage, 60 years of age, a farmer, and former resident of Ridgeway, was found lying dead beside his wagon while drawing beans yesterday morning. Examination showed several ribs crushed, supposed to have been caused either by a kick from one of his horses or a blow from the doubletrees.

He that can take rest is greater than he that can take cities.

The man who sighs always enjoys sorrow.

Mrs. John Ritchie, of Pain Court, has been taken to St. Joseph's Hospital quite ill.

Mrs. Thomas Groves returned from London Tuesday evening after a visit to friends in the Forest City.

Edwin Craft, VanAllen Ave., left yesterday morning for Morpeth, where he will spend a few days.

Mr. and Mrs. J. E. Gray have returned from Stouffville, where they spent a week with Mr. Gray's parents.

Clarence Higley and Sep. Poole returned Tuesday from a vacation trip to Detroit, Buffalo and Niagara Falls.

All design work gotten up in the most artistic manner at one-third off usual prices, at Victoria Avenue Green Houses. Phone 181.

Dr. C. A. Dutton, of Detroit, was in the city attending the meeting of the board of directors of the A. I. McCall Co.

Miss Nellie M. Richards, teacher of piano, will resume lessons on Wednesday, Sept. 5th, studio, Heintzman & Co., Garner House Block.

Wm. Sheldon has purchased a new automobile from the Ford Co. of Detroit. Mr. Sheldon and Mr. and Mrs. John McDoug made the trip from Walkerville in the new machine on Monday.

Gerald Wilson, the two-year-old son of Dr. Kelly, of Florence, passed away in this city at two o'clock on Tuesday afternoon. The remains were conveyed to Florence, where interment took place today.

W. E. Rispin, City Ticket Agent Grand Trunk Railway, will issue special excursion tickets to Toronto for Canada's Great Fair, Aug. 27th to Sept. 8th, at \$5.30 each, and on Aug. 28th and Sept. 3rd, return tickets at \$3.80 each, all good to return up to Sept. 11th; programs of the Fair can be obtained at Mr. Rispin's office, 115 King street.

Daniel H. McLaren, son of Mrs. J. C. McLaren, passed away Tuesday at the family residence. The deceased was 20 years of age. He was born in Chatham and was a general favorite with all who knew him. The funeral took place this morning at ten o'clock to St. Joseph's church and thence to St. Anthony's cemetery.

Charles Edwin Barnier, of Pain Court, died September 2nd at that place at the age of 63 years. The deceased was taken ill on the Chatham market on Saturday last. He was born in Dover, where he was very highly respected. A wife and seven children survive him. The funeral took place in Pain Court on Wednesday morning.

"It was very rough on the lake Monday," said Clarence Barfoot, of the firm of Barfoot and Braddon, electricians, this morning. "Bob Clark and I went over to Detroit in a launch Monday, returning the same evening, and I tell you we had a pretty tough time of it navigating. We thought we were going to be swamped a couple of times, and we had to put in at St. Clair flats on the way over. On the return trip it was just about as bad but owing to the fine condition of our engine nothing untoward occurred and we got back safely."

The Bell Telephone Co. seem to be very slow in even making a start to build the local line proposed and for which contracts have been signed for some months. When the contracts were signed the line was likely to be in working order in six weeks. What is the cause of the delay?

The Pandora Thermometer

The thermometer on the Pandora range oven means precisely in accuracy to the cook what the square and compass mean to the draftsman. Without the square and compass the draftsman would have to work entirely by guess, just as you do without an accurate and reliable thermometer on your oven.

The Pandora thermometer reduces cooking to an exact science. You know precisely how much heat you have and what it will do in a given time. It is one of the small things which makes the Pandora so much different and better than common ranges.

METHODS OF PROMOTER

How Mr. Ostrom Floated Monarch Life Insurance Co.

For His Policy Copyrights Witness Received \$49,000 in Stock and \$1,000 Cash—He Also Admitted Receiving \$30,303.87 of the \$50,000 It Had Cost to Get \$162,114.35 Cash Receipts for Company Till May 31 Last.

Toronto, Sept. 5.—The Monarch Life Insurance Co. and its managing director, T. Marshall Ostrom, were before the Royal Insurance Commission all yesterday. The examination of Mr. Ostrom will be continued to-day, and it is probable that the president, D. A. Gordon, M. P., will also be called.

To the commissioners yesterday Mr. Ostrom stated he was the promoter (since 1904) of the company, which was licensed on July 19 last. Associates in the incorporation were Hon. James Cochran, W. Scott, Dr. Gordon, M. P., Dr. Livingston and J. H. Graham.

For his copyrights, witness was to receive \$49,000 worth of stock and \$1,000 cash from the new company. This was made up of 1,400 shares of stock fully paid up to date, \$14,000 10 per cent. call on \$140,000 of capital stock, and \$35,000 at the 25 per cent. premium.

Later on, there was an understanding that the provincial directors should divide \$25,000 worth of stock. Subscriptions had been obtained by Mr. Ostrom previous to the plans of incorporation on the 28th July, 1904, for which he received commissions later.

Took Two Years to Sell Stock.

Mr. Tilley wanted to know the value of these copyrights and witness explained that value could not be put on them. The first month the business of the Monarch Life amounted to \$180,000, at a cost of 50 per cent.

The issue of the \$140,000 of stock referred to in the morning was put back on the books about April 12.

Some of the stock certificates were produced by witness and examined. Witness said that he had left many certificates in the vault at the C. P. R. Hotel in Winnipeg.

Mr. Tilley asked if they were signed by President Gordon. Witness answered in the negative.

Directors Were Ignorant.

Counsel spent over an hour reading the reports of directors' meetings, revealing the fact that the shareholders and directors were ignorant of the way witness had obtained the transfers.

At a meeting of the directors in Winnipeg President Gordon stated that not a share of stock had been given to witness, who admitted that he had not through the meeting and did not contradict that fact although the transfers, one signed by President Gordon for 50 shares (presumably for a man named Denham) and several signed by Vice-President Graham, and four which the president had signed and cancelled, were in his pocket.

Witness had nothing to say about these transactions. He would not say that Mr. Gordon's statements were incorrect. More evidence will be taken to-morrow on the transfer stunt.

Mr. Tilley took up briefly the journal and notebook. Pages were stripped for no reason whatever, which led Commissioner Kent to remark that bookkeeping was in terrible shape, and that he wished the auditors to be placed on the stand.

Before adjournment the fact that directors and witness had given notes to the company and when the interest came due it was cancelled. Witness could not explain why this was done, the examination will be continued to-morrow.

HAD ONLY ONE REGRET.

Great Reception at Whittby to Canadian British M. P.

Whittby, Sept. 5.—Hamar Greenwood, M. P. for York, England, a native of this town, was greeted here to-day by a lettered steamer which caught his eye first as he left the Toronto train: "The town is yours."

The whole town was at the station to meet him, and hundreds of friends of his own and the family had driven in from miles around.

A procession through gaily-decorated streets, a crowded opera house, a representative gathering of the friends of his boyhood and early manhood, and a warm address of congratulation and welcome followed.

Mr. Greenwood's speech in reply was such as flows only from so grateful a heart that his ordinary vocabulary proves inadequate to express his feelings. The past and the present, the ten years absence from his birth town and the progress he made towards realizing his ideals, was a most interesting chapter, but no paragraph in it touched so responsive a chord as this one:

"My only regret is that my beloved father and mother were not spared to see their boy Tom come back an English M. P." (Applause.)

After speeches from Warden Henry, W. F. Maclean, M. P., Col. Henderson, Col. Farewell, and others, the gathering broke up with the singing of "God Save the King."

For half an hour afterwards Mr. Greenwood was kept busy shaking hands. It was a proud day for his four sisters and his brother, W. H. Greenwood of The Toronto World.

Makes Northwest Passage.

New York, Sept. 5.—A Christiania, Norway, despatch says that the Norwegian Polar expedition on the ship Gjoga has reached Behring Strait, having thus accomplished the northwest passage.

Capt. Roland Amundson, who commanded the Polar expedition on the Gjoga, left Norway in June, 1903, to try the northwest passage. In the summer of 1905 he established a base on King William's Island, where he later reported that he had located the true magnetic pole.

Inquiring Into Auto Fatality.

Toronto, Sept. 5.—Coroner Young opened an inquest into the death of Jane Porter, nurse at the asylum, who was killed by an auto on College street Monday night, and after taking evidence from several witnesses adjourned until Thursday night at the City Hall. The body was identified yesterday.

The dead woman was 56 years of age and was a night nurse at the asylum. She had been ailing for some time, and her eyesight also was defective.

Yankee Sailors Desert.

Ogdensburg, N. Y., Sept. 5.—Numerous desertions have occurred among the crew of the United States revenue cutter Dallas, whose cruising ground is the St. Lawrence River and Lake Ontario. Seven sailors deserted last week and crossed the river into Canada. One and tried by court-martial aboard the cutter and sentenced to one year imprisonment.

Three Brothers Suicide.

Toronto, Sept. 5.—Three brothers in the Kenney family have committed suicide. This fact was brought out in evidence at the police court last night when Coroner McCallum conducted an enquiry into the death of Mauston Kenney, the 20-year-old youth, who took a few minutes to reach their verdict of suicide while insane.

Lime Dust For Tuberculosis.

At a recent meeting of the Paris Academy of Medicine Dr. Brouardel held forth on the benefits to be derived by consumptives from living in an atmosphere charged with lime dust.

He quoted a report by Dr. Bordenave, who says that within the thirty years that he has practiced he has not seen a single case of tuberculosis among the workmen at the kilns and that people affected with tuberculosis are soon cured after they live some time in the lime dust.

FARMERS' ASSOCIATION

Not Much Discussion as Delegates Were of One Opinion.

Resolutions Passed Unanimously Touch Many Topics of Public Interest and Impartially Compend and Condemn Acts of Both the Federal and Provincial Parliaments—Will Furnish Food For Political Heartburning.

Toronto, Sept. 5.—The Farmers' Association of Ontario met in Victoria Hall here yesterday. J. Lockie Wilson presided and delivered his annual presidential address. There was little discussion on the resolutions passed, as there was apparently little difference of opinion in the meeting.

Resolutions Passed.

That we ask the railway commission to equalize and regulate express rates upon an equitable basis without waiting for any formal complaints.

That we endorse the federal ownership of long-distance telephone and telegraph lines, and regard the transmission of messages by these means as logically belonging to the federal postal system.

That we favor the enforcement by federal legislation of a two-cent-a-mile passenger rate whenever the passenger earnings shall exceed \$2,000 a mile.

That we commend the Federal Government for putting express rates under the control of the railway commission, and the Provincial Government for its power act, its municipal telephone act, and its reservation of the Gillies land in the interests of the general public.

That, recognizing the right of ownership in the mineral wealth of this province, we ask the Provincial Government to levy a progressive royalty upon all mineral output for the benefit of the general public.

That no Cabinet Minister should be connected with any corporations seeking or likely to seek legislative favors.

That we are opposed absolutely to the policy of granting bonuses and bounties, either in money or in public lands, to private corporations, and that the public domain should be reserved for the actual settlers.

That we affirm our belief in the justice of the main principle of the Petty piece bill, and regard the recent railway taxation act to the Provincial Government as both unjust to the average taxpayer and as discriminating unfairly between the railways themselves.

We demand that the assessment and taxation of corporate property be similar to those of farm and other private property. We shall be satisfied with nothing less than the equalization of taxation.

That we are emphatically opposed to the increase of expenditure for military purposes as being both unnecessary and demoralizing, as diverting our national resources into unprofitable channels, and as tending to lower those ideals which should inspire the rising generation.

The association will meet again at 9 this morning, Prof. Goldwin Smith will speak at 10.30 a. m.

A STOREHOUSE FOR POISONS.

You may not think so, but that's what you become when the kidneys are affected. These organs cleanse the body; they are the filters that remove from the blood the waste matter that acts like deadly poison on the vitality and health of the system. Dr. Hamilton's Pills stimulate the kidneys, expel fermenting matter from the bowels, restore the liver and stimulate all excretory and secretory organs. This enables the blood to quickly replenish itself and establishes perfect health. No medicine does such lasting good as Dr. Hamilton's Mandrake and Butternut Pills, 25c. at all dealers.

A tip to a talkative barber seldom acts as hush money.

NO. 10. MASTER MINDS ON MUSIC

Being the 10th of a series of ten talks introducing sayings of great men, applicable to the Nordheimer Piano, the symbol to perfect music.

The man that has no music in himself, Nor is not moved with concord of sweet sounds, Is fit for treasons, stratagems and spoils. —Shakespeare

In this last of our series of what the master writers have said about music we have quoted the familiar words of the greatest English poet. Many times Shakespeare has credited music with being the greatest of arts, and in his day music had not reached the summit of its magnificence that it has today with such instruments as

THE NORDHEIMER PIANO

The "concord of sweet sounds" is but another name for the NORDHEIMER TONE, only the concord is more perfect than can be realized in any other instrument, for the Nordheimer is now accepted by the Canadian people almost as a whole as the leader. Certainly it is the favorite among the most refined music lovers. If you are a music lover we would like to have you visit our ware-room and see the magnificent display.

Catalogues and prices mailed on request.

THE STAGE

ANNOUNCEMENTS

(Supplied to The Planet by Press Agents.)

At the Brisco Opera House—
Dixie in Old Virginia—Sept. 8.

Dixie in Old Virginia, which holds the boards of the Brisco Opera House on the evening of Sept. 8, is endorsed by both press and public as being one of the best singing and dancing organizations travelling today, for it abounds with catchy lines and tuneful music of the latest and most up-to-date style.

During the performance many late minstrel stars will appear, such as Bryant Johnson, Bert Sampson and many others; also a large and well-drilled chorus of ladies and gentlemen. As an extra attraction the management has secured Mr. Len Francis for this engagement, and to miss him in his latest and most up-to-date comedy creation entitled "Is Everybody Happy?" would be a disappointment never to be forgotten. Remember the name—Dixie in Old Virginia.

St. Isadore, P. O., Aug. 18, 1906.

Minard's Liniment Co., Limited:
Gentlemen,—I have frequently used MINARD'S LINIMENT and also prescribe it for my patients, always with the most gratifying results, and I consider it the best all-round Liniment extant.

Yours truly,
DR. JOS. AUG. STROIS.

Our passions were not given a sto be destroyed, but to be controlled.

It is a mistake to suppose that all women are peacemakers who make up.

Another Big Purchase Made By The ..2.. T's

While visiting the Toronto Fair, our buyer had his eye open for business. He purchased from one of the wholesale houses, their samples which includes two lots of

Men's Fine Suits

These suits will be placed on sale in two different prices. Suits that were made to sell originally for \$15.00, \$17.50 and \$18.00 will be sold for \$12.50, mostly all English and Scotch Tweeds—few Worsteds are among them.

The suits of the other lot were made to sell at from \$8.50 to \$12.50. These Suits will be sold at \$7.49. These are all good quality, and a bargain at that price. The sizes run from 34 to 44. You cannot very well go by them if you get a glimpse of them.

YOU WILL SEE THEM IN OUR WINDOW.....

About 200 Pair of **PANTS** to be cleared at **\$1.99**. Pants usually sold for \$3.00 and \$3.50.

We have 50 **ODD VESTS**, sizes 34, 35, 36, 37 and a few 39, 40 and 42, which we will sell for a **DOLLAR EACH**. Former prices \$1.50 to \$3.00. These are good Tweed Vests.

The balance of our **BOYS' SWEATERS** will still go while they last for **75c**. Now is the time to buy your boys a sweater for school. Regular prices were \$1.00 to \$1.75.

...MEN'S SHOES...

We have 75 pairs left after our sale. We do not want to put them back into stock so will continue to sell them for **\$2.99** while they last.

Be early and get the best of them. \$3.50, \$4.00 and \$5.00 Shoes for **\$2.99**.

Sizes 5, 5½, 6, 6½, 7, 7½, 8 and a few pairs of 8½, 9, 9½ and 10.

We have 8 dozen **COLORED FEDORA HATS** left—\$2.50 and \$3.00 Hats. These hats we do not want to carry over and will still sell them this week for **\$1.99 EACH**. Sizes to fit any head.

We have something interesting for you Saturday in the Shirt Department.....

A SPLENDID DEGREE TEAM

Court McGregor's Mystics Capture The People Of St. Thomas

THE PRESS LAUDS THEM

The St. Thomas Times makes the following complimentary reference to the work of Court McGregor's crack degree team at the recent convention of the High Court of the Independent Foresters in the Railroad City:

"A degree team belonging to a court of the I. O. F. in Chatham was then introduced to illustrate the work of the subordinate lodge. The proceedings were extremely interesting and watched throughout most carefully by the delegates present. About twelve participated in the work of illustration, all suitably dressed for the occasion. Their marching and counter-marching was most accurate throughout, and their formation of the letters I. O. F. elicited a full measure of applause, as indeed it abundantly merited. There was not a hitch made in any part of the ritualistic work, which was extremely difficult and complicated, particularly as it had to be performed in a rather confined space.

"The candidate to be initiated was Bro. Charles Merryfield, a Past Chief Ranger, and one of the best known members of the order. The different parts of the degree were beautifully worked out, and the lowering of the lights and the exhibition of the red cross may be said to have been a climax and to have produced a most impressive effect, particularly when the whole body of delegates joined in the singing of 'Nearer My God to Thee.' At the conclusion of the degree work there was loud applause from all parts of the hall, every one having been delighted with the work in all its parts."

This writup speaks for itself, and the members of the team are to be congratulated on their success, which has been the result of much training and earnest work. The members of the degree team who went to St. Thomas are as follows: Thomas Stanton, Alphonse Gurney, Geo. W. Wands, John Vanstone, Harry Johnston, Wesley McChabbin, Alfred Keeler, A. I. Martin, W. G. Purrows, D. H. Diamond, W. T. Simpson, Robert Turner, James Glover, Harry Primeau, John Sora.

MANY VISITORS IN BLENHEIM

People Come And Go And The Place Is Kept Lively

SPORTS DUCK-SHOOTING

From Our Own Correspondent.

Blenheim, Sept. 5.—Mrs. A. R. Hanks is in Seattle, Washington. Mrs. Ousterhout, Northwood, spent the holiday at Mr. R. Maynard's. Dr. W. B. Gerow, Cleveland, Ohio, spent a few days with his parents here. Mr. and Mrs. J. E. Titus and son Harold, Inlay City, Mich., are visiting Mr. and Mrs. W. H. Stephenson this week.

A good number of enthusiasts took in the duck shooting at the Eau on Saturday and Sunday. Mrs. Peter Haggart arrived home on Monday from an extended visit in the Northwest. She was accompanied from Brandon by Miss Lizzie Russell.

On Sept. 3rd, the wife of Joseph Rumble of a son. Miss V. Forbes has given up her situation at E. G. Thompson's store and expects to leave shortly for the West.

Bert Eford, Ingersoll, spent Labor Day with his parents here. Mrs. Baby Holland is spending her vacation with Miss Gertrude Johnson, Tilbury. Mrs. Mann, Grand Rapids, and Mrs. Powers and Miss Sadie Morris, Washington, D. C., were here attending the funeral of the late R. K. Morris.

ENJOYABLE TRIP

Rev. and Mrs. F. E. Malott have returned from their trip to Georgian Bay. They stayed at the Sans Souci summer resort on Copperhead Island, and at the "Kipling" Hotel, Parry Sound. Mr. Malott reports that the fishing is good in this district. During his stay at Copperhead Island he hooked a number of fine black bass. The most charming feature of the trip was the ride from Penetang to Parry Sound by steamer through the "Inner Channels." The steamer threads an intricate maze through the many islands of the north shore, often passing through channels so narrow that one could almost jump ashore on either side. The latitude of this region is as high as that of Huntsville and the Lake of Bays, and the air is delightfully cool and bracing. Both Mr. and Mrs. Malott were benefitted by their outing and are enthusiastic in their praise of this charming summer resort. Mr. Malott will give an account of his trip at the reception for students to be given at the Victoria Avenue League on Friday night.

Tob always wanting what we haven't got is to be continually poor. Small affronts have been known to produce great humiliation.

TO MAKE CLOTHES

Is one thing, to make them correctly is another. We claim to do both. That we make the clothing we sell most every body knows, but that we make our clothes correctly is known only to those who wear them, and while thousands of men and boys in Ontario now wear **T. & D. CLOTHES**, there will be thousands more than ever before wearing them in a year or two. Watch our store, wear our clothes, and you will soon understand how this will come about.

Boys' Suits \$2.50 to \$7.00
Men's Suits \$5.00 to \$20.00.

THORNTON & DOUGLAS,

THE HARVEST HOME SERVICE

English Church of Tilbury Will Hold Celebration On Sept. 16

GRACE CHURCH PICNIC

From Our Own Correspondent.

Tilbury, Sept. 4.—Miss Maud Shaw returned yesterday from a visit in Essex with Mrs. (Dr.) Doyle. Rev. T. Dobson exchanged pulpits on Sunday with Rev. Mr. Softley, of Morpeth.

A number of people from here spent Labor Day in Detroit.

Miss Aiken, of Leamington, arrives this week to take charge of the millinery department of J. S. Richardson.

The annual harvest home services will be held in the English church on Sept. 16th, when the Rev. Mr. Edmonds, of Leamington, will officiate.

Mrs. Belle Wilson and W. Wilson spent Labor Day in Wallaceburg.

Mrs. Alex. Campbell returned yesterday from a short visit in Mt. Clemens.

A number of the people are moving in from the beach today. School re-opens to-day with a new staff of teachers.

The annual picnic for the Gray church will be held in Tilbury West on Wednesday next.

HAD SKIN DISEASE FOR 28 YEARS

From Our Own Correspondent.

WAS CONFINED TO HIS BED BUT ZAM-BUK HAS CURED HIM. ON TARIO MAN'S INTERESTING TESTIMONY.

The "Brantford Expositor" recently reported an incident which reflects great credit on the well-known balm Zam-Buk. Mr. Chas. Hill, a moulder, living on Main St., Brantford, was the subject of an interview, and he said:

"For nearly two years I had been suffering with a skin disease on my legs which became so irritable at times that I was confined to my bed and unable to apply bandages of any kind or even to let anything touch my legs. I had tried nearly every ointment that was advertised and had taken many medicines internally, but without any good result. Recently in response to an advertisement, I sent for a sample box of Zam-Buk and with the first application I got immediate relief of the irritation. I have used not quite two boxes, and my cure has been complete, the sores having entirely disappeared from my limbs. Since then I have been able to go about my work with perfect comfort, something I have not done for nearly two years. Zam-Buk has certainly worked wonders for me." Zam-Buk is made from vegetable essences and contains no trace of any animal fat or any mineral coloring matter. It cures cuts, burns, bruises, eczema, pimples, running sores, spreading scabs, scalp diseases, poison wounds, fastening sores, piles, ulcers, bad legs, sore feet, abscesses, boils, ringworms, erysipelas, scrofula, barber's rash, insect stings, stiffness, rheumatism, and all injured, diseased or inflamed conditions of the skin. Of all druggists at 50c a box, or direct from the Zam-Buk Co., Colborne Street, Toronto, upon receipt of price (6 boxes for \$2.50).
