PREFACE.

AUG - 9 1928

The Publishers in presenting their *Third Edition* of the CITY OF HAMILTON DIRECTORY, beg to state that every exertion has been made to render the work complete and reliable, and as the compilation was conducted under their own immediate supervision, flatter themselves that it will compare favorably with any other of a similar character.

The thanks of the Publishers are respectfully tendered to the Publishers of the City Papers and all who kindly aided them in their efforts to compile a work worthy of the patronage so liberally bestowed.

It is the intention of the Publishers to make this publication an annual one, and having had several years experience in compiling Directories, hope their work will meet with the continued approbation of their patrons.

ANCASTER.

A flourishing village, pleasantly situated in a healthy position, in the township of Ancaster, county of Wentworth. In proportion to its size a good many manufactures are carried on here, among which may be enumerated the factory of the Ancaster Knitting Co., the foundry and machine shop of A. Egleston, an extensive card clothing factory, with establishments for the making of wagons, carriages and agricultural implements, a flour and grist mill and a tannery. There has been recently erected a town hall with fair grounds attached. On account of the salubrity of its situation and the celebrity of its sulphur springs, Ancaster is much frequented by invalids and convalescents in search of health. Stage twice each day between here and Hamilton. Distance from Dundas 3 miles, and from Hamilton 7 miles, fare 25 cents. Mail daily. Population about 600.
