STREET RAILWAY SALE WILL BE COMPLETED BY JULY FIFTEENTH

The following letter sent out by E. B. Stockdale to the Bondholders of the Grand Valley Railway, is self-explanatory: Toronto, July 3, 1914. "The sale of the assets of the Grand Valley Railway Company and the Brantford Street Railway to the city of Brantford, has not yet been completed, the purchasers not having completed their searches of the titles of the right-of-way and other property. It is, therefore, evident that the sale cannot be completed before the 15th instant, the date to which the last meeting of the bondholders was adjourned. "In view of the above we have been requested by the chairman of the bondholders' committee to advise you that immediately upon the opening of the said meeting holders to be held at this office on Wednesday, July 15th, 1914, at the hour of 12 o'clock noon a motion will be made to adjourn the said meeting until Wednesday, Sept. 16th, 1914, to be held then at the hour of twelve o'clock noon."

Wasp Skirt is Here-- Wonder of Everyone On the Board Walk

ATLANTIC CITY, July 6.—It's here—the wasp skirt—exactly four gowns made in this style, which Paris last week declared to be the very latest, appeared to-day. Everybody looked and wondered, and women in particular cogitated among themselves whether this fashion of the 80's will become generally popular. It is doubtful. Curving in at the normal waist line in most pronounced hour-glass fashion, this mode of 30 years ago to-day was revived and exploited with a skirt of the present era, which seems to be neither one thing nor the other, but seems indicative of a gigantic effort to revive the hoop skirt modes. It is true that some of the smart shops along the boardwalk have been brave enough to offer hooped petticoats for sale, but these are merely cousins once removed from the original idea. The hoops or extenders are placed no lower than the knee, with the dangling fulness beneath—carefully concealed at the ankle with a most efficient elastic band.

BOTH PARTIES ARE CONFIDENT

Political Fight in Manitoba is of Really Warm Nature.

[By Special Wire to The Courier] WINNIPEG, July 6.—The last week of the political battle has been entered upon with expression of confidence on both sides. T. C. Norris, Opposition leader, after touring the Province last week, declared on his return here, "There's going to be a change on July 10," and issued a manifesto to the electors, emphasizing the certainty of victory if the polls are protected election day. "The machine," he says, "is desperate. I feel it will stop at nothing." Many meetings have been arranged for this week, including one here to-night addressed by Mrs. Nellie McClung. Conservatives are leaving nothing to chance, and the cabinet ministers are assisted by Hon. Messrs. Rogers and Roche of the Federal Cabinet. Many meetings are being planned for the closing days in the city and province. The Telegram, Conservative, asserts that the Government will win by an overwhelming majority. The Telegram this morning accuses Dr. D. G. Shortreed, the Liberal candidate in Gilbert Plains, of having taken away eight ballots from the printing offices in Gilbert Plains, and says constables have been sent after him to demand their return.

FREE OF ALL THREE DISEASES

"Fruit-a-tives" Brought Him Perfect Health

AVON, ONT., May 14th, 1913.

"I am younger since I have been taking 'Fruit-a-tives'. I was troubled very badly with Piles, Constipation and Stomach Disorder, but I found 'Fruit-a-tives' was the panacea for the whole three.

Now I am free of all these diseases and enjoying perfect health, and able to work whenever I like. Five years ago, I started taking 'Fruit-a-tives'. I took two every night and they worked wonders for me.

No other medicine I could get was so good and I took lots of different remedies before I found out how good 'Fruit-a-tives' were.

I keep 'Fruit-a-tives' on hand all the time, and am never without them. I even take them with me when I go motoring, so I can have them handy. 'Fruit-a-tives' are worthy of every good word I can say about them. The fact that they cured me of Piles, was something to be everlastingly thankful for."

NEW PASTOR AT WESLEY CHURCH

Rev. D. E. Martin Preached First Sermons on Sunday.

Sunday morning and evening Rev. D. E. Martin occupied the pulpit of Wesley Methodist church for the first time in his new term here. Good congregations were present at both morning and evening services, and the music by the choir was excellent. Rev. Martin took his text from Psalm 48: verses 12-14.

"Walk about Zion, go round about her, tell the towers thereof. Mark ye well her bulwarks, consider her palaces, that ye may tell it to the generations following. For this God is our God, for ever and ever. He will be our guide even unto death."

Rev. Mr. Martin said in part: "For long centuries Mecca has been central for religion of the Koran; so Jerusalem has been central for the religion of the Bible. It was central for the Hebrew nation and also in the life of our Lord. What wonder then that David should make Jerusalem the type of the church. The church was chosen as the morning theme because about it the activities of pastor and people will circulate during the term. The Psalmist here bids us consider the strength of the church. Her strength does not consist in her wealth, in her social prestige or in her numbers, but in her bulwarks of doctrine. The seven great doctrines of the Bible were mentioned namely, God, Man, Sin, Redemption, Justification, Regeneration and Sanctification. These doctrines are making their appeal to the masses of men to-day and are finding a response. The church is strong also in her bulwarks of life. You ask what is the strongest church to-day, and we answer, all other things being equal, that in which there is most of the Divine life. The civilization of the world, ancient and modern have been and are the embodiment of certain types of life. It is vitality that gives strength.

The church, too, is strong in her bulwarks of faith, that bend her both to the divine and the human. The Word of God itself has come to us through the experience of rugged men of faith. The church has behind it the right arm of an Omnipotent God. The text also sets forth the beauty of the church, 'Consider her palaces.' God, Himself, is the source of all beauty; earth, sea, and sky are incarnations of His thought.

Mrs. Hemmen says: "There is beauty all around our path, if but our watchful eyes can see it in familiar things and through their lowly guise."

The church represents the highest form of beauty. The palaces of satisfaction have been suggested of the intellect hungers for truth. The heart seeks hungered to love; conscience wants to know what is right. The will seeks after power and the Spirit yearns for peace. All that really makes for human satisfaction can be found in and through the church. The fact is that the beauty of the church is the beauty of holy living.

The obligation of the church, "that we may tell it to the generation following." The generation following needs a message. The young people around us need it. The toiling crowds of men and women need it. The lapsed masses in our cities need it. They need it in the heathen lands. But the church has the message. The message that the generation needs. This is why the Sunday school teacher, the preacher, the missionary and Christian workers in general are busy. We must as church

people feel the Divine imperative upon us, to give this great message of hope to a world that needs it so much.

The text also refers to the untiring guide of the church. "He will be our Guide, even unto death. The church abides because she is Divine. She is Divine in her foundations, in her mission, in her message and in her ideals. Her Head and Guide are Divine.

With these thoughts in mind the pastor urged his people to go forward for Christ and the church.

In the evening, Rev. Mr. Martin preached from Isaiah 30: 21. "And thine ears shall hear a word behind thee saying: 'This is the way, walk ye in it; when ye turn to the right hand and to the left.'"

The theme was the "Voices of God." Reference was made to the voice of conscience, the voice of human history, the voice of revelation and the voice of the Holy Spirit.

The Riverdale Baptist Sunday School held their annual outing on Saturday on the O. I. B. grounds. At 5.30 a dainty lunch was served by the ladies of the church.

SIR JAMES HAS ANOTHER REPLY

Clergymen Warranted in Taking Part in Election Nine Years Ago.

TORONTO, July 6.—Sir James Whitney is evidently reluctant to allow his pulpits critics to have the last word in the controversy. He has made the following statement to the press: "The 'demagogic' clerics and their friends are not satisfied, it seems. Very well, this is a free country—no thanks to them—and it is to be hoped that satisfaction will come sooner or later. To-day I will deal with one point in their defence, and perhaps I will take the matter up again later."

"It seems that my manners are bad—at least that is the opinion of Rev. J. A. Macdonald, who has written in the last few days blossomed out as an arbiter elegantiarum. However, let that pass for the moment. Now the contrast, however, between this man's language and the tone and language of Rev. Dr. Carman, whose sincerity and honesty of purpose no one can question.

"As I have already said, there is no stone to be cast at the great majority of the clergymen of the province on account of anything they did or said—the offenders are not many in number, relatively speaking.

1905 and 1914.

"It is suggested that previous to 1905 I called for the help of the clergy, and that it is inconsistent of me to object to their action now. Let us see. Ballots had been switched, burned and otherwise destroyed. Government maladministration of the liquor law had been undisguised, and general demerit had been abroad with reference to the conduct of elections. There was no question of opinion: the facts were known and had been proved in open day.

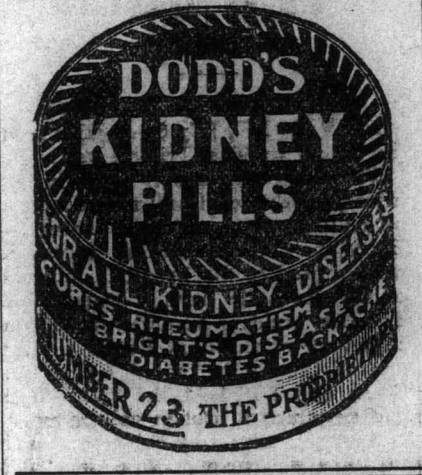

"What was the situation the other day? The evils of the liquor traffic and habits were undisputed, but men offered as to the methods to be used in dealing with it. Every person, clerical and lay, in the province had an undoubted right to express his opinion on the subject, but our contention, and the opinion of the vast majority of the people, was and is that no clergyman was justified in going into his pulpits and denouncing in violent immoderate and abusive language all voters who did not see eye to eye with Mr. Rowell as to the remedy which should be applied.

"It goes without saying that there

is no analogy whatever between the situation when I asked that crimes proved to have been committed should be denounced, and the situation when it was a question of the judgment of the individual voter as to which method should be adopted in dealing with an admitted evil and as to the practical value of which the ordinary man in a congregation is to put it mildly—quite as good a judge as the clergyman who denounced him.

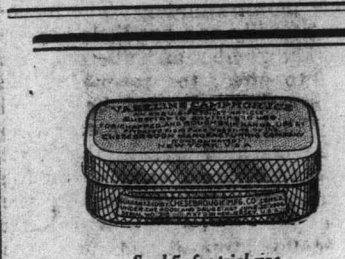

"I shall not quote to-day any of the utterances I have objected to, and so far I have touched but the fringe of the subject. The people have shown unmistakably that they will not be dragged down by men who not only manifested their utter unwisdom but have struck a blow at the influence of the churches, the consequences of which very likely they do not realize."

Sir Denys Anson, a young English Baronet, was drowned while entertaining a launch-party.

With the City Police

The list at the police court was fairly light this morning and it was quickly dealt with by Magistrate Livingston.

Geo. Pearson, the boy who stole a diamond ring valued at \$150 and other jewellery to the extent of \$250 from the house of James Williamson was this morning remanded until to-morrow.

The case was, however, practically settled as the boy's parents, who reside in Toronto, have defrayed the costs of the case and as it was his first offense he will probably be allowed to go upon being censured. The remand was made for to allow the mother to arrive in the city.

More speeders were up this morning and two of them, A. Sims and Oscar Downs paid fines of \$8.10 and \$13.10 for travelling too fast for safety.

William Gajevski and Mitropan Russajack, who hail from the land of the czar were disorderly on Market Street on Saturday night and this morning they paid the penalty when they were fined three dollars each.

The same fate befell George Krichleher and William Tapley, both of whom had similarly offended against the laws of the land.

Josephine McKenzie was ordered to leave the city by the magistrate last

OTHER SERVICES HELD

LONDON, July 6.—Simultaneously with the burial in Birmingham memorial services for the late Joseph Chamberlain were held in St. Margaret's Church, Westminster, Premier Asquith, the members of his cabinet, many of the late Mr. Chamberlain's colleagues in the House of Commons, members of the House of Lords and of the foreign diplomatic corps, together with a large number of persons prominent in the official and social life of the capital attended. A service also was held in the church of St. Lawrence Jewery, which adjoins the Guild Hall of the city of London and in which parish the late statesman's ancestors lived for many years.

THEY ALL STRUCK
WOOLWICH, Eng., July 6.—The entire working staff of 12,000 men of the government arsenal here which supplies most of the guns and ammunition for the British army, struck work this morning. The action of the men was a protest against the dismissal of an engineer who had refused to erect machinery on a foundation constructed by non-union laborers.

SIR JAMES AND THE PREACHERS.

The saying that all the world loves a lover, might with equal truth be paraphrased into the assertion that all the world loves a fighter, if he is a fair one.

Ontario's Premier is just that, in fact it forms one of the basic principles of the widespread esteem in which he is held, and it was in the very nature of things that he should pay his respects to those clerical gentlemen who, in the recent Ontario fight, allowed their pulpits to be used.

"Demagogic clergy" is what he termed them in some published comments, and in further reply he tells the Rev. J. A. Macdonald that he has blossomed out into an "arbitrator elegantiarum."

That sounds pretty fierce, but reduced to the vulgar tongue, simply means in effect an umpire in matters of taste.

The term is advisedly used, not only with regard to Macdonald, but also with reference to those other gentlemen of the cloth who hold that what they think is absolutely right and that others equally sincere cannot differ with regard to the best means to an end.

Rev. Dr. Hincks, a leading Methodist, Toronto, took up the subject in a sermon on Sunday. Although he did not agree with Sir James in his attitude towards ministers specified, he said in part: "The ministers had preached in an atmosphere of suspicion with regard to attempting to put one party in power behind the 'abolish the bar.'"

That the churches should put all their efforts behind the movement when both parties would scramble to support the same, for religion was the dynamite which shattered all rocks in the way of human progress.

"It was the religious sentiment that made Cromwell's army invincible. In it lay the strength of the Covenant of Scotland. Religious sentiment is making the men of Ulster at this very hour a power to be reckoned with, a power which no parliamentarian dare ignore."

The rev. gentleman frankly announced as his text "Why the churches failed to abolish the bar."

The full text of the Premier's latest deliverance will be found elsewhere in this issue. It is one more evidence that he is back to his old time fighting vigor, and that Rowell will find his alleged "sick man" very much on the job.

A TENSE SITUATION

There can be no doubt that the position of affairs in Ireland is still of a most grave nature. The assembling of war vessels off the coast of Ulster, and the resignation of army officers, because of instructions afterwards said to have been misunderstood, looked like the bringing of the crisis to a head, but that danger was successfully passed. Since then, both factions have exhibited exemplary restraint, all the more notable when it is remembered that the Emerald Isle is largely an armed camp and that feeling runs very high. However, the proverbial impetuosity of the Irish has been kept well in check pending the final outcome.

This now rests with the House of Lords. With their at present much restricted powers, it does not seem likely that they can do much. What then?

Sir Edward Carson, leader of the Ulster men, most emphatically declares that for their part, no time limit will be accepted with regard to exclusion, and on Sunday eight hundred of their armed volunteers paraded Belfast streets. The whole thing at this writing possesses a very bad look, one such as John Bull has not had to face within his borders for many generations.

WILSON'S MANLY ATTITUDE. The course of President Wilson whereby he insisted that the discriminatory clause in connection with the Panama Canal tolls must be abandoned, has subjected him to more praise and criticism than any other one act.

The better class of men on both sides across the border and the better class of papers, have unreservedly endorsed his action. Unfortunately, however, demagogues and British lion tail twisters are still quite numerous over there and a yellow press flour-

ishes to an extent not paralleled, thank Heaven, in any other land.

The leading publications in the latter class consist of the chain of Hearst papers whose inflammable appeals are credited by many with having led to the assassination of McKinley. Their taunts with regard to Wilson have been that he is on his knees to Great Britain, that his canal course was dictated from London and that in order to abjectly please John Bull he is ready at all times to sacrifice the national honor and dignity. In reality the very reverse has been the case. It was the determination to see that Uncle Sam kept his treaty word at all costs, which constituted the mainspring of his action and it is pleasurable to note that Sir Edward Grey, British Foreign Secretary and Viscount Bryce, Ex. U. S. Ambassador have declared in explicit terms that the whole matter was left without any pressure whatsoever to the judgment of the President.

Speaking at Philadelphia on Saturday the last named during the course of a notable speech declared that "Americans to-day must manage their affairs in a way to do honor to the founders of the nation," and in referring to the Canal matter, remarked:—"The treaty with Great Britain might be a mistake, but its meaning cannot be mistaken, and he believed in keeping the nations obligations—be believed in keeping the name of the United States unquestioned and unsullied."

"Fine words and sentiments these; all honor to the man who gave them utterance."

NOTES AND COMMENTS.

As far as Henley is concerned this year, British golden hopes are not out but o'er.

The June bride crop has flowed over to July, and so it will to all the months of all the years.

It is announced that very little interest is taken in the election now in progress in Mexico. It's bullets that count there, not ballots.

The Toronto Globe speaks of Mr. Rowell as a man with a "lion's hide." And it might very well have added that his following is practically hidden.

An effort has been started to revive hoop skirts. As women's fashions go to extremes, in all likelihood, ere long there won't be anything visible anywhere.

It is stated that one-third of the women teachers in the Calgary schools marry every year. Manifestly that's the kind of cupid who animates many of them when they go west for higher pay.

Joseph Martin, for some time an M. P. at Westminster, announces that he will return to Canada to live. He has had a row with the Liberal party there, just as he has all his political life, had with others. "Fighting Joe" loves to have his coat off, and it doesn't seem to matter to him whether he lambastes friends or foes so long as there is a ruckion.

HOT WEATHER

(By Walt Mason) The weather's hot and sizzling, and most obnoxious, now; the moisture keeps a-drizzling adown my bulging brow; it filters through my gawleys, in manner most absurd, yet I am cheerful always, and chipper as a bird. To snowy wastes unending I've trained myself to look all day I'm pretending that I am Dr. Cook. Attired in linen, thinly, I make myself believe that up old Mount McKinley I'm climbing, by your leave. My Thomas cat is dozing upon the easy chair, and I'll keep on supposing that his polar bear. "The Igloo" I have christened the house wherein I dwell, and often there I've listened to arctic tempests yell, when other men were sweating, and froaning in their woe, and wringing hands, forgetting that there's such a thing as snow. The days will seem less dreary, if you by hook or crook, can play that you are Peary, or failing Peary, Cook. Imagine you're exploring in snow up to your neck, and soon you will be roaring, "We need a fire, by heck!"

TOWNSHIP COUNCIL MET THIS MORNING

Roads Are to be Overhauled According to Advice From Toronto.

The Township Council assembled at the office of the Clerk in the county court house this morning to conduct the affairs of the township for the current month.

Accounts occupied the attention of the council during the major portion of the morning, and when these had been dealt with the communications were read. They will be attended to during the afternoon. Among them were the following:

The Department of Public Works having been notified that market roads in the Province are in bad shape, and are making inquiries for them into the matter, and Brantford Township is included in the districts that are to be overhauled. To this effect a form was sent to the clerk asking full particulars as to the township roads, and these will be forwarded to the department.

The Echo Place Improvement Association complained of the Grand Valley Railway men dumping winter ashes at the entrance to Mohawk Park lane. This they object to on account of its unsightliness and asked the council to see to its removal.

Lloyd E. Almas, while driving along the Hamilton road, just outside the city limits, encountered an obstruction which badly damaged his car, and repairs cost \$86.95. He asked that the council pay the amount, as he claims they are responsible.

Mr. A. E. Watts notified the council that under a by-law passed June 5th, 1914, the Township is requested to raise \$7,704.13, and that arrangements should be made for the collection of this sum by taxes.

Geo. Pilgrim asks for a payment of a horse which was injured in the township by putting its foot into a hole. It was subsequently destroyed. Pilgrim was using the horse to pull an auto out of a hole into which it had slipped, when the accident occurred. \$50 is the price he wants for the horse which was an old one.

The Township Engineer, Alan Mair Jackson, submitted a report upon the grading required in the township upon Chatham, Sheridan, Wellington Gray and Marlborough streets, the cost which he estimated at about \$5,088.

These communications will be gone into during the afternoon.

and had hurled part of one man over the roof of a room. Evangelical church on door and on to the pavement of 103rd street, half a block north.

Among the wreckage of the room where portions of bodies were found, Inspector Cahalano and detectives dug out of the debris a printing press piles of books and pamphlets in various languages on Anarchistic subjects, a loaded magazine pistol, a black jack, large calibre rifle, cartridges and the tops of two storage batteries.

One leaflet, evidently printed on the hand press in the Anarchists' rooms, was headed, "Bulletin No. 2," and read: "Why wait longer for these money tyrants to come to our terms? We must employ force. Force is our remedy."

The Dead Anarchists

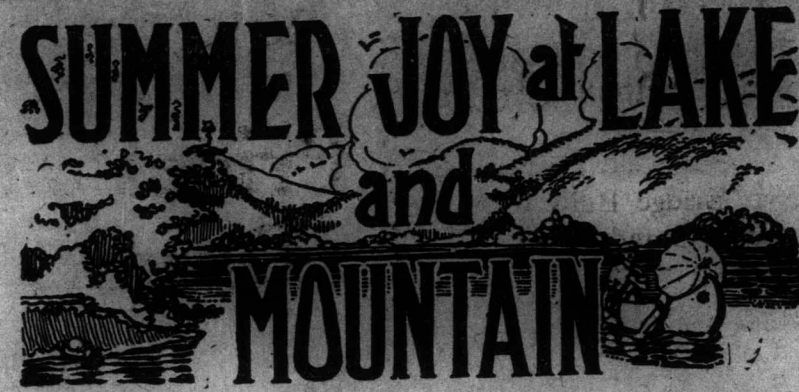

When the dust of the explosion had settled slightly, the crowds of panic stricken people in the streets could see the body of the man thought to be the bomb maker, Arthur Caron, an agitator who was arrested during the Union Square riots of the unemployed, and who was to have been arraigned with the I.W.W. prisoners at Tarrytown Monday.

BODY RECOVERED. ST. CATHARINES, Ont., July 6.—The body of William Burt, who was drowned in the sinking of a big dredge off Port Dalhousie several days ago has been recovered. In the accident almost eleven other men lost their lives.

Liberals in West Kent will ask for a recount in the recent elections.

KEEPING THE CAMP DRY. DELIGHTS OF CANOEING.

Useful Hint For One Night Camps in the Rain.

In selecting a camp site choose, if choice be granted you, ground that will have a slight slope away from the tent on all sides. Never pitch in a hollow or on flat ground, which catches the drainings from a watershed, however small. If your camp is to be permanent dig a trench around the tent.

To obviate the necessity of this in one night camps and still insure a dry camp in wet weather have a four inch flap of heavy canvas added to the bottom of your shelter tent. This folds under and lies flat on the ground inside the tent. The rubber blankets are then spread so as to come well over the edges of the flap, making it impossible for any water to get inside by running under.

CANOE SPORTS ON MOUNTAIN LAKE.

HOW TO BUILD CAMPFIRES.

The Cook Fire Hardest For Most to Manage Right.

Most campers do not know how to build a cook fire right. The lower picture in the accompanying cut shows the correct way.

Locate your fire to leeward of your tent in cool weather and to the windward when mosquitoes or other pests are about. Cut two logs about six inches in diameter and four feet long from a green or live tree. Lay them parallel to each other, about twelve inches apart at one end and six inches apart at the other, the wider end toward the wind. Bed these logs into the ground a bit or pack sand or earth next the logs on the inside and against them on the outside to prevent the fire getting under them.

Arranged in this way the wind blows the fire along between the logs. You can have a good fire and yet you

HOW TO BUILD CAMPFIRES.

can get right up to the sides of it, having no smoke or heat to bother you.

Before you begin to cook gather a big supply of dry wood. For this fire use small pieces from the size of a lead pencil to an inch in thickness—rarely anything larger. Cut it all into short lengths, say six to ten inches long. Begin "laying" your fire from the small end of the range, being careful to cross the sticks so as to let in the air. Light it from the wide end, and the wind will do the rest.

The only thing to use in the way of a device about a cook fire, besides the cooking utensils, is what is called a "grate." It is simply three pieces of steel eighteen inches long, one inch wide and three-sixteenths of an inch thick, loosely riveted together at two places. It folds up, can be extended as desired and is a very practical thing.

The heating fire illustrated in the upper portion of the cut is intended for cold weather to reflect heat into the open tent, which should be set eight to twelve feet away.

Tilting and Upset Race Interesting Features of Lake Sports.

In the way of small water craft there is nothing quite so alive as the canoe. It has the spring of a bird over the water, the silence of a water sprite stealing through mysteries of shadow and the swiftness of a fish darting on its prey.

The canoe seems to form part of the being who propels it and lends itself to a diversity of sports not surpassed by any other craft.

One of these is tilting. At a given signal pairs of canoes dart out upon a lake into deep water, and the tournament begins. In each canoe are a skilled oarsman and a man with a lance. The lances are long and wedged at the end.

WILDING BEATEN IN THE TENNIS SINGLE BY ANOTHER ANTIPODEAN. WIMBLEDON, Eng., July 6.—Norman E. Brookes, of Australia, won the All-Comers' lawn tennis singles championship Saturday, wrestling the title from Anthony F. Wilding of New Zealand the holder, in three straight sets, 6-4, 6-4, 7-5.

GEORGE LYON WINS GOLF CHAMPIONSHIP. OTTAWA, July 6.—George S. Lyon won the amateur golf championship of Canada here Saturday, defeating Bryce Evans of Boston 8 up and 7 to play. Lyons played remarkable golf and Evans never had a chance to win. The game ended when they halved the 29th in three.

Tower Work Progressing

The work on the construction of Grace Church tower is now well under way. The foundations are completed and the bottom base work is now ready for the cut stone which is expected here every day. The work is in charge of J. J. Crowe and the men are now busy cutting the stone for the tower proper. Mr. Crowe stated this morning that he expects to have the tower practically completed before the winter set in, at least all but the finishing touches. The present front entrance of the church will all have to come out including the big front window. The tower will be so constructed that a new church can be added at any time. There will be no entrance to the church through the tower, the only door in the tower being one leading to the special stairway within. Two new side entrances, however, will be put in the church.

Robert John Renison, D.D., delivered the annual sermon to the order, in which he admonished the brethren to live up to the significance of the order's ritual and to see that Protestantism stood for all things that were noble and for the relinquishment of everything that had caused defamations in the past. Dundas, Ancaster, Oakville, Burlington, Beamsville, Grimsby, Stoney Creek, Seneca and other lodges were represented, and the parade was led by the band of the East Hamilton Conservative Club. The Cadets Returned, All Happy, Safe and Sound

Brantford Schoolboys Proved to be Real Men at Niagara-on-the-Lake—Details of Camp Life.

The Brantford Public School Cadets, in charge of Lieut. Bingle, returned on Saturday from a splendid five days outing at Niagara-on-the-Lake.

The entire camp consisted of 3000 cadets of public and high schools. This was an increase of 1000 cadets over last year and the year before.

The camp was pitched in front of the oak grove, but much nearer the village than last year. The cadets were organized in two brigades, the first one being made up chiefly of the Toronto, Brantford and Hamilton public school boys, while the second brigade was made up mostly of high school boys. The Brantford public school boys formed the seventh battalion of the first brigade, and made up a full battalion of themselves.

The staff of the Brantford Public School boys battalion was as follows, Lieut. T. Bingle, commanding officer 38th Regt., and instructors, Lieut. W. Joyce, 38th Regt., J. S. Rowe, 38th Regt., F. Dickson, 38th Regt.; G. C. White, C. S. C. I., W. E. Foster, C.S.C.I., C. L. Gamble, C.S.C.I., and cadet company leaders Ferguson, Wollams, Colquhoun, Gordanier, Ash, Feely.

The local public school boys with their instructors, numbered 200. No great discomfort was experienced, although the boys had to sleep six or seven in a tent.

No serious illness occurred, though three boys were treated at the hospital for colds, one for a bumped head and one for a slightly sprained ankle. The hospital arrangements were as good as ever in previous years, this phase of the camp seeming to be one which the camp authorities pay great attention to.

The dining provision this year was an improvement over last year, and the food was good and substantial nourishment, though served out in camp fashion.

The daily work of the Brantford boys was as follows:

Monday, June 29—Arrival of advance party and pitching of tents for main body. This consisted of Lieut. Bingle and fifteen cadets, arriving about 2 p.m. during a shower of rain.

Tuesday, June 30—Arrival of main body at noon. Taping of tents and muster parade, issuing of camp equipment, assignment of mess tents, etc.

Wednesday, July 1—A.M.—Company drill and skirmishing. P.M.—Bathing parade at Fort Missisauqua.

Thursday, July 2—A.M.—Battalion drill and ceremonial. P.M.—Bathing parade as before. Those who wished paraded at the ranges for shooting instead.

Friday, July 3—A.M.—Sham battle at Three Mile Creek. P.M.—Bathing and shooting as before.

Saturday, July 4—A.M.—General salute and march past. This included

every cadet. Immediately after tents were struck, etc. At 11.00 the cadets had lunch and then entrained for home, arriving here at 4.30 p.m.

All Cadets paraded for prayers each morning before breakfast.

For those who are acquainted with the lay out of the land at Niagara the details of the sham battle may be interesting. The first brigade formed the defensive and on the day previous to the battle were supposed to have taken up a position at point 261 at four mile creek. The second brigade formed the attacking forces and on the morning of the battle advanced against the defenders and were met at the above place. They, the second brigade were driven back by the first brigade and forced to retreat back to the three mile creek. The Brantford battalion was kept in reserve but was ordered later to come up in the firing line and attack the enemy on the right flank, which soon ended the battle.

The bathing parades were very popular, thousands of boys swimming in the lake at once. It was a good place for bathing the lake being shallow over a large area and the host of swimmers and the timid ones paddling along the shore formed a fine sight.

The boys were not allowed to leave the camp grounds and go to the village earlier than 3.00 p.m. and then only with permission of those in charge. Under no condition were the boys permitted to go near the wharf, lake, river and railway station unless accompanied by their instructor. This prevented the boys from straying and getting into danger, and at the same time gave them a chance to see the town, etc.

All the instructors were very pleased with the way each boy behaved himself and did his work at camp. The Brantford Public school boys have been men; they have played the game; they have placed Brantford in the front and have received the commendation of all at the camp. It

would do the boys good to hear the praise uttered of them. The instructors are unanimous in stating that the behaviour of the boys, their politeness to their teachers, and the good fellowship among themselves in their tents and camp had not an equal on the grounds. The parents of Brantford are to be congratulated upon the behaviour of their sons in camp. Where are the people who say that the boys of this generation are not what boys should be?

The instructors were surprised with the smartness of the boys in their drill and pleased to know that although it was doubted if they would compare with the other cities, it is now known that they will very soon be the leaders!

Hamilton Club Grabbed Another Close Game

Score Was 3-2 on Saturday Against the Red Sox.

HAMILTON, July 6.—The Athletics manager to pull out winners in the second and last game of the series with Rube Deneau's Brantford aggregation Saturday afternoon when they duplicated Friday's score of 3 to 2. While the local club was returned victorious they had to fight every inch of the way. The Brants only scored twice but they threatened on several other occasions, and only by hard and consistent fielding on the part of the players and the sterling holding of Dolan were they able to hold the dykeville aggregation down. There were only two periods in which the Brantford crew did not occupy some of the bases and the persistent fighting of Jack White's men prevented a win, for the Brants who were also making their hardest efforts to come out on top.

The splendid twirling of Cosy Dolan was the feature of the contest. He had perfect control at all times, and kept the eight hits well scattered. He was at his best when the bases were occupied and much credit is due him for the admirable manner in which he got himself out of holes. The score:

Brantford	A.R.H.O.A.
Long, L.	4 0 1 3 0
Burns, m.	3 0 0 0 0

Notes of Game

Gero will pitch against London tomorrow.

Gabby Ivers got in a tremendous smash; so did Roth.

Eddie Taylor played a grand game at the keystone sack.

Umpires like Bedford will soon ruin the Canadian league.

Brantford has three double headers to stage here with Toronto.

London put Ottawa away decisively The Kockneys are due for a slump.

The last of the Red Sox batting order seems to be doing the damage.

Out of 50 games played, Umpire Bedford has been with Brantford 35.

Deneau failed to hunt in the first inning Saturday and a run was tossed away.

One consolation about the league race is that the last four teams are lunched closely.

Hamilton sport writers are tickled to death over the tying of the tin can to Doc Yates.

If Deneau makes good this week in taking five games out of six, confidence in the Red Sox will be restored.

The St. Thomas team just grabbed two straight from Ottawa. The Saints will give London a lot of trouble yet.

It is not very often that President Nelson is seen on the playing field. But he simply had to go after the umpire Saturday.

Jack White, the new manager of the Hamilton team, got a great haul from the crowd Saturday. Yates sat in the stand and was a spectator.

On Friday last when Hamilton beat Brantford 3-2 Umpire Bedford was just as bad as on Saturday. Brantford players claim the umpire and not Hamilton took both games.

Stratford Beats Coose.

WOODSTOCK, July 6.—Woodstock Wobblies were defeated here on Saturday afternoon by the Stratford G. T. B. team, the final count being 9 to 5. The visitors were given four runs, which they did not earn, owing to the wretched work of Umpire Fitzmaurice in the second when he called a runner safe at first, when in the opinion of nearly all those who saw the play it should have been the third and last out of the innings.

LYONS ROAD RACE ON

LPONS, France, July 6.—Thirty-seven racing automobiles, representing England, France, Germany, Italy and Belgium, started Saturday in the race for the grand prize of the automobile club of France over a course 467 and 6-10 mile in length.

Sporting Comment

Those Brantford fans who watched the game at Hamilton on Saturday, when the Red Sox were defeated 3-2, came away from the park thoroughly disgusted with the justice of things in the Canadian League. The umpiring, such as given by one Bedford, while it pleased Hamilton fans, was such as to entirely blast any team, no matter how good, which was endeavoring to climb in a stiff race such as the Canadian is providing at present. Bedford called a Hamilton runner safe in the third inning on a perfect throw by Burns to Lamond, and the decision was so glaringly wrong that President Nelson jumped from his seat and walked out in the field to address the umpire for the occasion. While this decision practically gave Hamilton the game, the work of Bedford at the plate on balls and strikes seemed deliberately against the Brantford team. The charge seems a strong one, but there seems to be occasion for it. In the early part of the game Chase walked several batters, but several times the umpire refused to call perfectly fair strikes. On the other hand, every close one was given against Brantford batters. Rube Deneau, who struck out four times, was twice called out on third strikes which were wide of the plate.

It was the intention to immediately report Bedford to President Fitzgerald, but this intention was abandoned. It was thought possible that he might be sent to Brantford this week, and in that case Brantford should not lose a game against London or Ottawa. Bedford's wretched work is accountable, the players claim, to his being a "home" umpire. Of course, the home crowd has a splendid majority in the stands, and the "home" umpire looks kindly and fearfully on this majority. We have yet to witness, however, more crude stuff by an umpire in the Canadian League than that pulled off by Bedford Saturday. Some "home" umpires have sufficient instinctive cunning to cover up their fear of the stands, but Bedford, apparently, is not that sort. He certainly gave Hamilton the decisions just as they were needed on Saturday.

Brantford's loss at Hamilton Saturday was the toughest kind of luck. Outside of the bad umpiring, which militated against the Red Sox, there were many chances to score which were passed up. Extra base hits by Ivers and Roth came with two out. Deneau was struck out four times and had he come across on one occasion out of the four there might have been a different story to tell. The hit by Roth gave him three bases easily, but he was nipped at the plate by inches in trying to stretch it into a homer. Johnny Nelson was cut off at home by an eyelash. On the other hand, in the field the Sox played brilliant ball, a miss by Burns which went for a hit being the only play like an error. At that it allowed a run: Double plays by Taylor, Roth and Lamond were features.

The Brantford lacrosse team went down to defeat in London Saturday afternoon, before a large-sized crowd, by the very one-sided score of 16-0. The aggregation representing Brantford can hardly be termed the Brantford lacrosse team, as nearly all the regular men were laid up with injuries resulting from the game in St. Mary's last Wednesday. Every effort was made by the local management to postpone Saturday's game after they returned from St. Mary's, but without avail, as the London club had made all arrangements for the game, and were out to win with the best team representing them this season, as they are aware that the Brants will be strong contenders for the district honors. However, the locals will now have to win all their remaining home games to win before the district, and they now have two weeks to rest up before another game, which is at home. The teams lined up with eight men a side, and the aggregation representing Brantford were: Goal, Shannon; point, Slattery; cover-point, Ryan; defence field, Phillips; centre, J. Martin; home field, Reg. Martin; outside home, Danby; inside home, Cook.

A GREAT WEEK FOR THE BRANTFORD FANS

Rube Deneau has signed a new shortstop for the Brantford club. His name is Lobert, of Pittsburg, and he has been playing with the Pittsburg Federals. He is a brother of Hans Lobert, famous major league slugger. The new shortstop will arrive here Wednesday. In the meantime the wires are busy in every direction, as it is the intention to strengthen up for the last-minute race to the wire. London arrived here this morning for three days. The Kockneys were in fine fettle, having just taken three out of four from Ottawa. This afternoon Deneau will send Nicholls against Heck, and a great battle is looked for.

Ottawa comes here Thursday for three games, their first appearance in Brantford this year. It should be a great week for Brantford fandom.

Post Mortem

Here is an honest post mortem from the Hamilton Spectator on Friday's game:

For instance, a bad break of luck came in the seventh inning, when Gil Forgue, the Brantford shortstop, broke a bone in his ankle sliding into home plate with a run. This accident resulted in a switch to the Brantford line-up. Deneau going to second, while Roth took Forgue's place at short. Deneau is a pretty good sort of a leade, but he is not a second baseman, and with two down in the last half of the seventh, Haeffner slammed a hard grounder at the Rube, which took him on the 'shins and bounded to right field, Haeffner being safe at first. Donohue then drew a base on balls, while Dudley came through with a timely bingle to center field which scored a run. In reality this run was pretty much of a gift, as it is hardly probably that Haeffner's grounder would have got away from Roth, had the latter been on the job. It was in this same inning that a decision by Umpire Bedford helped the Hams considerably. Bedford called the fourth ball on Donohue when Bill had two and three on him, although the ball in question was a strike. Thus on two occasions the side should have been retired before Dudley got his chance to bust into things with a wallop.

AFTER JOE LALLY

VANCOUVER, July 6.—Vancouver Amateur Lacrosse Club officials announced Saturday that they will immediately take steps to have Joe Lally, deposed as a Mann cup trustee, Al Western Lacrosse organizations are indignant at Lally's action.

Wanderers 1, S. O. E. 0
 The above teams met on the Recreation Park in the John Hill Charity Cup before a moderate crowd. The Wanderers winning the toss, took advantage of the wind and sun from the kick off, the Wanderers took a strong hold of the game but were not able to do much owing to the Sons being one man short and playing the one back game offside, spoiling many chances which fell to the Wanderers. After 15 minutes play the Wanderers were awarded a penalty kick. Bonner took the kick and the Sons goal keep managed to tip it over the bar, giving a corner, but nothing came of it. Bonner made amends for this shortly after, for from a nice pass from Mears he scored an easy goal. After this the Sons' eleventh man came upon the field, but the Wanderers still held the whip hand and missed some very good chances. Half time arrived and the teams crossed over with the Wanderers leading by the only goal scored. The game started off at a fast pace, both goal tenders being tested in turns. After about 20 minutes play another penalty was awarded to the Wanderers. J. Little taking the kick but nothing came of it, as the ball was lifted high over the cross bar. The Sons now started pressing the game to get on level terms and a few corners fell their way, but Dudden was playing a fine game in goal for

the Wanderers who managed to hold their own until the whistle blew, and after a very fast and hard game the Wanderers entered the next round by winning one to nil.

The Wanderers football club will hold a meeting in the Borden rooms at 7.45 p.m. Tuesday. There will be a practice on Wednesday at 7 p. m. at the Recreation park, all members are requested to attend.

Duffs vs. Paris.
 It was with somewhat mixed feelings, judging by remarks overheard, that spectators assembled at Agricultural Park last Saturday when the Duffs and Paris teams met in the second round for the John Hill Cup. Both teams were at full strength. The ground was in excellent condition, thanks to the energetic park-keeper, Mr. Abbott. There were about 600 spectators present when Paris won the toss and decided to play towards the town goal. Joe Holland started the ball rolling for the Duffs who immediately attacked the Paris citadel, but the Paris defence was in great form and held the Duffs forwards well. The visitors took matters in hand and showed glimpses of pretty passing among their forwards, but Harbour and Bill Holland checked their advance time after time. The Duffs made a determined attack on the visitors' goal and after splendid combination among the players, Humphries placed the ball nicely to Usher who scored with a swift low drive. Paris seemed to live up after this reverse and equalized with a long shot which the "home custodian" stopped but fumbled.

The remainder of this half saw both goals visited in turn, play being very even. After a pretty movement started by Joe Holland, Usher again scored a dandy goal.

Half time score: Duffs 2, Paris 1. Notwithstanding the Duffs lead, Paris resumed in determined fashion, and splendid efforts were made by their forwards to equalize. Knowles being called upon to save several times. Gradually the Duff took matters in hand. Poynter, Holland, Humphries having very hard lines in scoring a magnificent game and was ably assisted by the two backs. Usher accepted a pass and put in terrific drive which the Paris custodian stopped but did not hold. Poynter made the goal more certain by placing the ball in the corner of the net. Humphries put in a centre, Holland gathered the ball and put in a shot which struck under the cross bar. Paris played gamely until the whistle blew for time.

Result: Duffs 3, Paris one. Both teams played good, clean football and the game was interesting from start to finish.

Paris have a good team—full of football. So well did the Duffs play as a whole that it would be invidious to specially praise any one or two members of the team.

Biggs was off the field fifteen minutes through injury. The jovial trainer, Blues, as usual, proved very useful to both teams. The Duffs football team will practice as usual on Tuesday and Thursday nights at Agricultural park at 7 p.m.

 London 3 1 38 10
 Brantford 1 2 16 66
 St. Marys 1 2 30 32

LONDON, July 6—Six man teams in professional hockey may have made the game faster, the word of those in the know has to be taken for that assertion but after the demonstration of eight man lacrosse furnished by Brantford and London at the fair grounds oval on Saturday, those in attendance will be a unit in declaring that the innovation is far from a success. Although London won by an overwhelming array of goals, 16 to 0, coming somewhere near 75 actual count, the game played with eight men aside owing to the inability of Brantford to bring a full team looked more at times like a trans-Atlantic chess game than an exhibition of the national pastime.

Visitors' Third Game.
 Brantford made a silent protest to the O. A. L. A. executive for making them play three games within a week by playing a listless, disinterested game. Slatery, usually with enough pepper for a whole team himself, was badly used up and except for one or two spurts made no effort to stem the tide of London goals. Shannon, another of the regular team, was the one bright spot in the game. He had a lot of fun all by himself, in an effort to keep out of the s-dry drizzle, which would have been a downpour otherwise. London, on the other hand had a splendid workout. The defence were spectators most of the time and the home roped around in an effort to see how long they could keep the ball before having to shoot. Allan Kinder of Preston, referred.

Parade on Brant's Nets.
 In the first quarter, London was under a delusion as to how easy it was to score and only scored two goals, these going to Hawkins and McKinnon. In the second period they became more alive to the situation and ran in four more tallies, McKinnon taking two of these and Hawkins and Holly accounting for the other pair. Then came the last half. The third quarter was enlivened by a set between McKinnon and Martin, one of the Indians of the Brantford team, which became general for a minute. After that quieted down the steady movement towards the Brantford goal resulted, the result of which was five more goals to the already large total. The last quarter was a repetition, five more tallies going up. These were scored by Fetterly, McKinnon and Hawkins, latter beating Shannon for three of them. The line ups were: Brantford—London. Shannon Goal Reuter Ryan Point Stuart Phillips Third Defence Hawkins Danby Second Defence Fetterly J. Martin First Defence Holly R. Martin Centre Aitchison Slatery Outside Home McKinnon Cook Inside Home Hawkins Referee, Allan Kinder, Preston.

Family of Four Wiped Out By Act of Maniac

[By Special Wire to The Courier] (CHICAGO, July 6.—A family of four was wiped out by blows from an axe in their home in the German settlement of Blue Island, a suburb, last night.

The victims were Jacob Neslesla, a German laborer aged 52, his wife, their daughter, aged 25 years, and the latter's infant child. The stiffened bodies and the blood stained axe alone remained to outline the story which the crime was discovered by the neighbors.

Whether the butchery was the work of a maniac or of a person seeking revenge, was not disclosed in the first cursory investigation. It was learned that the young mother of the infant had been living away from her husband, a man named Hamilton and efforts to find him were being made.

The murderer, according to Benjamin Nirsch, chief of police of Blue Island, proceeded with great deliberation. Each swing of the axe apparently carried death with it—death without even a groan or arouse others sleeping in the house. Each of the slain was struck in the head.

J. W. NESBITT PASSES AWAY

Was Member of Wellknown Firm and Prominently Connected.

[By Special Wire to The Courier] HAMILTON, July 6.—J. Wallace Nesbitt of the firm of Nesbitt, Gault, Langs and Crosswaite, died at his home here early this morning after a long illness. The deceased was a brother of Wallace Nesbitt, K. C., of Toronto and E. W. Nesbitt, M. P., of Woodstock.

He was one of the most distinguished barristers in Canada and in his early days a noted criminal lawyer. One of his big cases was the murder of County Treasurer Hyslop of Norwich, Ont., in 1850, and practised law for a time with the firm of Fletcher and Finkle, coming to Hamilton in 1892 where he formed the firm of Nesbitt, James, Bicknell, K. C., who later retired and removed to Toronto, and John G. Gault. Although he was a brilliant pleader his delicate health for many years prevented him from doing much work in the courts, but his advice was sought in big financial transactions up to the time illness forced his retirement. He is survived by his wife.

Daring Youth Shot Policeman [By Special Wire to the Courier] ST. JOHN, N. B., July 6.—Special Policeman Frank O'Leary was shot in the side today by a young man, aged 18, who had just been arrested on suspicion of breaking into H. J. Mowatt's drug store.

The shooting took place near Brennan's house. Brennan admitted the breaking, but told O'Leary he would shoot him if arrested, and he carried out the threat.

O'Leary made disposition to this effect just before going under an operation in the hospital this afternoon. His condition is doubtful. Despite his injury O'Leary clung to his prison till help came. Brennan said there were two men in the burglary. They got about 200.
