### HOME FROM FRANCE

Lieut. E. M. Arnold arrived home from France Tuesday morning, on leave of absence, recovering from shell shock, received in the trenches at Ypres salient. Lieut. Arnold went to France with the 13th Highlanders from Montreal, later he was attached to the 4th C. M. R., Toronto, this regiment being among the first Canadians that went to Ypres salient. Lieutenant Arnold brings word that the boys are all in the best spirits and doing their duty nobly. He also speaks in the highest terms of the splendid work being accomplished by the Y. M. C. A. at the front, Captain Carey in charge of the Y. M. C. A. where he was stationed is simply a marvel. The care and attention given the men of all regiments is worthy the highest commendation.

Lieut. Arnold is being cordially welcomed home by his many friends.

**Kitchener A Great Admirer of Canadians**

Ottawa, June 8—"Kitchener was a Britisher through and through. He could always see black or white; he never saw grey."

The speaker was General Hughes. He was this afternoon asked about his last meeting with the great soldier and Sir Sam consented to tell some of the things about "K of K" upon his mind.

"I saw Kitchener several times at the War Office; also at luncheon on the occasion of my last visit to the Old Country. It had been my privilege to know him for several years past and he gave me a hearty soldierly welcome. One of the things that struck me was the wonderful manner in which he seemed to be bearing up under the tremendous strain of the war."

"He had grown slightly more grey than when I saw him a year before but his great frame stood as erect and his mind seemed as clear and powerful as when I met him fifteen years before in Africa."

"He never tired of talking about Canada and Canadians. He had learned to admire their fighting qualities in Africa and the gallantry of our boys at St. Julien and Festubert was no surprise to him. Naturally most of my conversation with Kitchener at the War Office was of an official and confidential character. We did not always see eye to eye but I respected his opinion and I think he respected mine."

**MAJOR GENERAL SIR SAM HUGHES AT ALDERSHOT Reviewed and Inspected Our Gallant Troops Under Canvas**

Major General Sir Sam Hughes is on an inspection tour of all the military camps in the Maritime Provinces. He spent Tuesday at St. John leaving there in the evening for Aldershot arriving here on a special train.

Sir Sam is a most busy man and always takes time by the forelock. He was compelled by party-mad politicians on a flimsy pretence of charges of graft, from remaining in England or the continent where his presence for a time was required but came home to meet face to face his traducers. He has been shut up at Ottawa five or six weeks being obliged to be at hand for the Commission appointed to hear the Kyte-Carvell charges and now that the work is ended and he has been entirely exonerated of any complicity in wrong-doing, he has taken up the military work which so sadly has needed his wise and guiding head and hand. He now is being welcomed and complimented by all fair minded, patriotic and loyal citizens, irrespective of party for the work he is doing for the country.

Immediately on his arrival at 6 a. m. the troops at Aldershot were astir. The whole of the Highland Brigade were on review, including the four units, 85th, 185th, 193rd and 219th Battalions. With Sir Sam Hughes was his military secretary and orderly officer, Captain Plummer. On the Aldershot staff was Brigadier General A. H. Borden, Brigadier Major Captain Gillis, Staff Capt. Holland, Gen. Benson and staff officer Lieut. Col. N. H. Parsons of the 85th, Lieut. Col. John Stanfield, 193rd, Lieut. Col. Muirhead, 219th, Lieut. Col. Day of the 185th.

The Hon. Minister of Militia inspected the Brigade and all its Battalions, in the march past and the usual ceremonies attending such occasions. Three cheers were given with all the zest the noble band of soldiers could command. The General went around the camp and saw all the workings of same, such as signalling, bayonet practising, machine gun drill and other manoeuvres and the hospital work. His eagle eye caught the details and he conversed with the men and asked many questions.

The Honorable Minister gave a long address to the officers and men and offered words of commendation which the Brigade was proud to hear and certainly deserved. He had inspected many Brigades and Battalions but considered this one of the finest he had ever beheld. The physique of the men was magnificent their work showed most careful training and he complimented the men most highly on the reports he had received of their exemplary and orderly character in camp and when off duty in the town and country. The Brigade he said would continue in training at Aldershot as a complete Brigade, it would go to England as a Brigade and would reach the trenches as a brigade, and their time of departure from the camp here might not be very long hence.

The Honorable Major General visited the American Legion in camp and spoke words of commendation to them for their continued efficiency and atten-

tion to duty. They were not regularly inspected as he had performed that duty before the Battalion left Toronto.

**Swimming Fine at Aldershot. Real Good Time.**

"We are not ducks, but soon expect to be if the rain continues," was the resume of a letter received from Pte. Garnet White of the 85th Nova Scotia Highlanders who is with the rest of the Brigade at Aldershot camp. "Just here about 8 days and it has rained blue murder for about fifty per cent of that time."

"Believe me, Bo!" stated the writer, the 85th is putting some baseball team in the field, and if the battalion could secure some good man that could hold 'Beef' Brownell there would be nothing to it. The 219th slipped a defeat, across on us the other day just on this account alone. Talk about speed. He has it to burn."

It is surely lucky that most of the Amherst boys knew how to swim. Nevertheless we are enjoying ourselves and fine life under canvas O. K.

A few of the Busy Amherst fellows are away on farming furlough with chums in the valley. "Dump" Ormond is turning the sod "somewhere in Digby."

Some of us may possibly get a few days in the near future, and if so you depend upon it that the bunch will be home to look over the church league in action.

Furthermore Pte. White adds that the mails from Amherst have been very light of late. This hint should be plain to all delinquent correspondents.—Amherst News.

### AUSTRIANS STILL RETREATING.

Enormous Quantity of Munitions and War supplies Captured.

Petrograd, June 13—The war office announcement of today says that the retreat of the Austrian and German troops along the Galician and Volhynian fronts is proceeding so rapidly that only a small number of prisoners has been captured, in addition to those previously reported. The total is given at about 115,700, as compared with approximately 114,700 announced

yesterday. The statement says:

"On account of the fact that in many places the Austro-Hungarian and Austro-German troops withdrew rapidly before the blows of our southern army, the number of prisoners increased only very little. The total now amounts to about 1,700 officers and 114,000 men."

"The enemy left enormous quantities of military booty everywhere in the territory evacuated."

## CANADIAN ZOO

(1) Specimens of Banff Buffalo. (2) Three Good Fellows. (3) A Banff Polar Bear.

In the Canadian Zoo at Banff, Alberta, within the Rocky Mountains Park and along the C.P.R., both at the zoo adjoining the museum and out at the animal paddock about two miles east of the town, there are fine specimens of buffalo, moose, elk, deer, Persian sheep, Angora goats, bear, wolves, coyotes, lynx, badgers, marmots, and a number of the smaller animals.

One yak, originally presented to the Dominion Government by the Duke of Bedford, were tendered by the former to the Rocky Mountains Park. They were brought to Banff from the experimental farm at Brandon, and are now in a healthy and flourishing condition. Their quaint appearance, causing them to be objects of much interest. The park commissioner suggests that it would be an interesting experiment to attempt to cross one of the buffalo bulls with one of the yak cows.

In the Zoo, adjacent to the museum, may be seen the following animals of the Rocky Mountains:  
 Black bears, Chinaman bears, grizzly bears, red foxes, kit foxes, timber wolves, coyotes, lynx, American panther (or mountain lion), badgers, pine martens, porcupines, mountain gopher, albino gophers, marmots, fox squirrels, black squirrels, Canada geese, hawks, golden eagles, black-headed eagles, owls, pelican.

The following animals, from distant parts of the world, may be seen in the Zoo:  
 Kingtail monkey, rhesus monkey, polar bear, raccoons, orange squirrel, silver pheasants, golden pheasants, Amherst pheasants, Reeves pheasants, common pheasants, pea fowls.

KENTVILLE, JUNE 16, 1916.

**RUM SEIZURE AT CANNING AND CAMBRIDGE**

On Thursday morning early, Provincial Constable Buchanan and Constable Bond made a very important seizure of liquor at Canning in the cellar of Mr. L. E. Baxter. It consisted of four boxes and when conveyed to Kentville was found to contain 600 flasks of forty overproof rum and other liquor. This liquor it is claimed was brought to Canning in a motor boat and landed there the night previous. One of the boxes was labelled David Brewster, Spencer's Island, and was evidently to go forward to that place. The liquor cases showed it had come from St. John.

On Thursday another shipment was seized at Cambridge consisting of three jugs.

These seizures show how faithfully our inspectors and constables are doing their work in the County and encourage them in their splendid work of freeing the County from rum especially at this time when our soldiers are in camp and the profits from liquor selling seems large, and also while the election contest is on.

As soon as this seizure was made known one of the Liberal candidates paraded the streets with the story that a ton of Spidell's Tory rum had been seized and the Western Chronicle in a half page article with glaring headlines gloated enormously over the fact that it had been seized on the premises of a Conservative and, therefore, without any other evidence or argument was for assisting in the election of Spidell and Kinsman.

Such brazen effrontery on the part of the Liberal candidate and his party organ will have no effect on the unbiased people of Kings. Kinsman and Spidell stand for Prohibition and for its strict enforcement by the government, while their opponents would vote for prohibition and discourage its enforcement. The Conservative candidates desire to see every drop of liquor that comes into Kings County promptly seized and confiscated and they have by themselves and other leaders instructed the inspectors to enforce the law irrespective of where it should strike even against irresponsible men in their own party.

The temperance workers will welcome for the first time, such active support from The Western Chronicle and its directing head, the senior Liberal candidate, and it is hoped their enthusiasm in the cause will continue.

The Chronicle, in its article desired the public to infer N. W. Eaton for the first time was inactive in enforcing the law in Canning. Such an innuendo against Mr Eaton will be surely resented by every fair minded man. Mr. Eaton and Mr. Spidell are men who have talked and labored incessantly to bring about the enforcement of temperance laws such as we now have and no men are more pleased with the seizure made at Canning than they, not even the Liberal leaders whose only pleasure is to gloat over it to make party capital.

A meeting addressed by the Conservative candidates, Kinsman and Spidell, was held at Wolfville Opera House on Wednesday evening. Dr. DeWitt was chairman and the meeting was a large one in marked contrast to the Liberal meeting held before. The speeches by the candidates were excellent and well received and at the close W. H. Emmett of East Simcoe gave an able address telling what Ontario would do with such men as Murray and Daniels with all their deals. Hearty cheers were given for leader Tanner and the candidates.

**Nomination Day at Kentville**

Tuesday last saw a great concourse of people in town to hear the nomination day speeches. The heavy rain of the morning prevented the work of spraying and other farm labor and so the yeomanry of Kings took a holiday. So great was the crowd that the meeting was held out of doors and fully 2000 people listened to the candidates.

**H. H. Wickwire**

Warden Morse was Chairman and announced the arrangement as to the addresses. Mr. Wickwire spoke first and for over an hour he declaimed on the "untarnished" record of the Murray Government. He stated there was no issue before the electors and they certainly believed before he had concluded that at this election they had no more to offer than they had in previous years. He passed without a reference to the most notorious Hervey deal by which Premier Murray stands convicted in the public minds of paying out nearly \$50,000 of the public funds against the law of the land and an injunction of the courts. Nor did he refer to the Daniels episode—a piece of political blackmail which has no equal in the public life of any other politician in Canada. His reference to the coal legislation awakened no response from the people who knew they were being bled by the coal monopoly because on account of contribution to party funds the Government had sold out our control of coal royalty for a century to exploiting capitalists. He claimed that the glory of the Murray Government was that it had developed our mines when on every hand mines are being closed, gold mining is stagnant because the present laws are against the interests of mine owners and employees. He complained that the Opposition had no road policy but in all his addresses failed to show any constructive policy which the Murray Government had ever carried out. He made a poor plea for Murray and himself in trying to show they had done something in the interest of temperance and said if they had been compelled in passing prohibitory legislation they could be compelled in all other lines of policy. Mr. Wickwire's address was a good argument of a very poor cause

and his remarks were well received.

**Mr. J. Everett Kinsman**

Mr. Kinsman showed how Mr. Wickwire did not believe in his own arguments. He told how Tanner had voted in favor of all the spending legislation of the Murray Government and therefore should not criticize the amount of the debt and in the same breath said Tanner was a kicker and a balker and hindered everything. He showed that Murray had done comparatively nothing to assist the great agricultural industry. The debt had been increased half a million dollars a year or \$57.00 for every hour the Murray Government had been in power during its twenty years. For all this debt we had nothing to show. What the Government had done was to dissipate our great resources, release our Crown Lands so that Attorney General Daniels might pocket a \$75,000 note and pay out \$48,000 to Hervey, wrongfully. He dealt in a trenchant way with their bad agricultural policy their costly coal legislation and the miserable roads of the County after all the borrowed money had been missapplied on them. If elected he assured the people that he and Spidell would seek in every way to advance their interests.

**C. A. Campbell**

Mr. Campbell entered upon an explanation of the public debt and what had caused it and the security held, such as the South Western Railway (which could not pay interest on its bonds). The coal legislation he claimed was right because it had been approved by the people in six elections. The Technical College he said was a good thing because Senator Dennis contributed scholarship. Although Mr. Spidell on former years had worked almost incessantly for Mr. Campbell, the latter saw fit to give him a thrust under the rib and accused Mr. Spidell of catering to the whiskey element in an address he made. This created quite a disturbance for a while and Mr. Campbell passed on without any further reference to temperance or his position now on the question, except to make light of the Doherty Bill

He referred to evidence of electoral corruption in New Brunswick, Manitoba and British Columbia. (Voice—What about the Liberals in Alberta and Saskatchewan who are now in jail.)

**Lieut. J. D. Spidell**

Mr. Spidell spent a few moments, as he had been asked by his supporters to answer some of the statements made publicly against him. As to the statement made by Mr. Campbell a few moments before if Mr. Campbell had the proof he challenged him to produce it and he would give him the opportunity out the time allotted to him to speak. (Mr. Campbell sat dumb and made no attempt at explanation.) At this juncture Mr. Wickwire to bolster up his own statements dragged the name of a lady into the discussion as being his authority and he was greeted with loud calls of shame. Mr. Spidell absolutely denied Mr. Wickwire's statements.

What had Kings Co. to hope for from Mr. Murray continued Mr. Spidell. He had given us such a record of inefficiency squandering of the public assets and the people's franchise, committed corrupt and unlawful acts and kept in his cabinet a man whom public opinion had condemned as unfit for any public position. He dealt with the bad policy of the Government on its roads, bridges, education, public debt, etc. In fact no person however inefficient could run the affairs in any concluded his eloquent ftwppp worse manner. He was greeted with great applause as he concluded his eloquent address. Mr Wickwire replied in a few words endeavoring to show that there was no need of any answer. The people were certainly astonished at the fine addresses of Kinsman and Spidell as compared with the speeches of the 22-year-old campaigner, and his colleague now in his third local contest.

**Dr. A. S. Burns has returned from Halifax.**

Every indication points to a regular sweep for Tanner and his candidates on Tuesday next. Murray and his Joker have played a sad part in our public life. Let your vote for Kinsman and Spidell help toward good government.

CLIFTON HILTZ.

**Another Kings County Hero Gives Life For The Empire**

It will be sad news to many to learn that Clifton Hiltz of Kingsport, son of Mr. and Mrs. E. R. Hiltz, has been killed in the recent terrible fighting in which the Canadians engaged. Cliff was a boy of noble purpose, a true and manly person in sport or duty and one who nobly responded to the call of duty. He has played his part, has shown nobility and heroism in the cause of the Empire and we will have reason to mourn his untimely death and revere his memory. Kings Co. in some tangible way should keep fresh in the minds of the people for future generations those who have given their life for us.

Mr. Hiltz will be remembered by our readers as the correspondent for several years from Kingsport. He was a most interesting writer and ever kept his native village before the public.

Early in the war he saw his duty to the country and enlisted in the 25th Battalion. He saw much fighting in the trenches and recently we had to report his being wounded. With undaunted courage and true instinct of a soldier he returned to the firing line. After two short weeks his valient work made him a target for German bullets and he fell like a true hero.

Gone but not forgotten.

**Red Cross Dance.**

The Red Cross Bridge-Dance given at Pastime Hall, Friday evening, June 9, in aid of the Convalescent Home for officers and men now at Camp Aldershot was a great success and one of the most enjoyable affairs of the season. The Hall was most artistically decorated with flags and bunting the stage being banked with apple blossoms. The fair ladies in their beautiful costumes, and the gentlemen in uniform and evening dress made a charming picture. The floor under the capable management of Mr. A. A. Thompson was in fine condition. Delightful music was rendered by the popular 85th Band, N. S. H., which added much to the enjoyment of the evening. A pleasing feature was the moonlight dances arranged by Miss B. Nixon and Mr. Harold Pelton. Refreshments were in charge of Mrs. A. A. Thomson and Mrs. F. W. Wickwire. # Gin Pills

FOR THE KIDNEYS  
How They Help

St. KATHARINE, Ont.  
Four years ago I had such pains in my back that I could not work. The pains extended to my arms, sides and shoulders. I used many kinds of medicine for over a year, none of which did me very much good. I read about Gin Pills and sent for a sample and used them, and found the pains were leaving me and that I was feeling better. So I bought one box and before I used them all, the pains were almost gone and I could keep at work. After I had taken six other boxes of Gin Pills, I felt as well and strong as I did at the age of 30. I am a farmer, now 61 years old.

## GALLANT CANADIAN TROOPS SUCCESSFUL

London, June 14.—Canadian troops, in what the British official statement describes as "a gallant and successful assault," southeast of Zillebeke, recaptured a former British position over a front of more than 1,500 yards. Notwithstanding a severe shelling, the Canadians retained the ground gained, which is being consolidated. The text of the statement reads:

"At 1.30 in the morning the Canadian troops made a gallant and successful assault southeast of Zillebeke. Their objective was our old position in that neighborhood all of which was captured on the front attacked, extending from the southern portion of Sanctuary wood to a point about 1,000 yards north of Hill 60, a total front of over 1,500 yards.

"In the course of the assault heavy losses were inflicted on the enemy and three officers and 123 men were taken prisoners.

"Our troops were subjected to a severe shelling for several hours after gaining the position but were well supported by our artillery and retain the ground gained. Heavy bombardments by the enemy have continued during the day to which our artillery replied effectively.

"Attempts of the hostile infantry to counter-attack were frustrated by our artillery fire.

"Last night our troops carried out successful raids north-east of Ypres and south of the Bois Grenier. At the latter place a party of Australian troops entered the enemy's trenches, causing him a known loss of twelve killed, and probably others, and capturing six prisoners. Two trench-mortars were destroyed. The raiding party returned safely, the only casualties being one officer and one man, both slightly wounded.

"On the remainder of the front there is nothing of importance to report.

"The enemy put 300 shells into Maricourt during the day. Our artillery bombarded hostile positions about La Boisselle.

"There was less shelling than usual around Souchez and the Loos salient."

## The Frontispiece Conservative Leader and The Farmers of Nova Scotia.

I PLEDGE MYSELF TO ENCOURAGE AND STIMULATE AGRICULTURE, to make more effective the object and use of the Provincial farm and college, and to promote forward educational work in agriculture. While it is not mentioned or published by supporters of the Government, the forward educational work on agricultural lines in this Province has only been made possible by the increased money grants of the Federal Government at Ottawa for agricultural progress in Nova Scotia. In 1910-11 the federal grant was \$23,617.30. In 1913-14 the Borden Government grant had risen to \$165,978.29. In every manner, I shall work in co-operation with Sir Robert Borden to promote the encouragement and greater efficiency of the agricultural work of the Province.

CHARLES E. TANNER.

**SHOULD A MINISTER GO INTO POLITICS**

Since the nomination of Lieut. J. D. Spidell by the Liberal-Conservative party I have heard from several persons a twinge of regret that he should have left his high calling. I venture to ask whether these people have thought soberly through this question? Who shall say that it is not the will of God for ministers to change their form of activity in serving the world? Civilized life, especially in a free community, is a partnership, and no man or party of men, has a right to take all the advantages of a partnership and evade all its labors and obligations. "Owe no man anything." We are bound to labor as well as pray, that God's will may be done on earth as it is in Heaven. The result of abstention on the part of Christian men from political life is the domination of bad men, and the employment of the resources of the community and of the State for evil purposes. If we need examples in this matter of ministers entering the political arena, we have them of the prophets, who were much more than preachers of a reclusive gospel. They were active politicians. Witness the prophets Nehemiah and Daniel, each of them a secretary of state, builders of cities, framers of law, governors of the people. Witness Paul driven to his trade of tentmaking to further his greater mission, Carey in his printing project, Henry van Dyke in literature and statecraft, Russell H. Cornwall, one of the leading pulpits men in the United States, spending five nights on the lecture platform and one in the pastorate. I hold the call of God to his ministry to be the highest challenge to man's supremest self but I hold that the minister who may take up some other line of service may be equally in the path of the will of God as in the active gospel ministry. A man moved by the same lofty idealism sees that the Kingdom of God cometh not with observation and has no limitations of type of work or cast of calling. We must recognize that the real Ruler of the world is God, who governs it according to a plan of truth and righteousness; and every human "policy" which is not consistent therewith, though it may win for its authors a short-lived triumph, will inevitably plunge those who accept it into disaster where these facts are in wrought into the understandings and consciences of men and have become influential in their public and political life, much will have been done to lift the appalling war cloud hanging over the world and to usher in the millennium for which the hearts of men are daily praying. To the electors of Kings Co. I appeal to give Lieut. Spidell a fair-minded consideration when you mark your ballot. In his years of public service in his County he has proven himself worthy of our sympathy and support. —Com.

**A REMARKABLE STATEMENT**

Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill. — "While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital." — Mrs. E. Sheldon, 5687 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, but with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

years, her loss will be severely felt by whole community. She retained her faculties in full till her death.

**CORRESPONDENCE**

Mr. Editor: Mr. Editor—I noticed in Mr. Wickwire's paper, The Western Chronicle, of the date of Dec. 16th last, his picture labeled "Honorable H. H. Wickwire."

Will you tell me if that very distinguished title still clings to him. I had it in my mind that Mr. Campbell in the Election of 1906 run on the question of Moral Reform rescued that title from its unworthy connection. T. J.

In answer to the above inquiry we reproduce the following letter and answer from the Halifax Herald:

Sir:—Would you be good enough to make it known through the columns of your paper whether Mr. Wickwire, who is now a candidate in the County of Kings in the Liberal interests for legislative honors, is entitled to be designated as "The Honorable H. H. Wickwire." You will remember that he was previously in 1906 a member of the Provincial Government without portfolio, which gave him the title of "honorable." He was defeated and ceased to be a member of the Government. Does the embellishment still stick to him?

**INQUIRER.**

(Note—Mr. Wickwire is no more entitled to the prefix "Hon." than are his political bosom friends, those famous—or IN-famous horse sellers—"Hon. Spurgeon Selfridge" and "Hon. Ducks and Drakes" Harvey, associates of Mr. Wickwire as Kings County "Liberal leaders."—News Editor, The Herald

## "Corona" Dry Arsenate of Lead

for  
Spraying Orchards and Potato Plants.

"CORONA" dry is not an experiment, it has been used by many of our leading farmers for years.

One pound of "CORONA" will do the work of from two to three pounds of Arsenate Paste, and be more effective because:—

It is a perfect, dry, fine white powder, and does not contain 50 per cent water.

It is pure, and contains nothing but Lead Oxide and Arsenate Oxide, the only two chemicals essential of an Arsenate of Lead. It gives an even application, covers more thoroughly, and sticks to foliage longer.

It mixes easily and readily in water, no working up to prepare for the spray tank. No straining. It is only necessary to shake the proportional amount into the spray tank.

By using the same weight each time you spray, your mixture is always the same strength.

No sediment, no lumps, no water, never clogs spray nozzles.

### G. W. PARKER, SECRETARY OF THE LIBERAL-CONSERVATIVE CLUB OF WARD ONE SPEAKS.

To Editor of The Advertiser:  
Dear Sir:—It is most certainly a matter of deep regret to every right thinking man or woman in Kings County, be they Conservative or Liberal, that any man would attempt to bring in or use liquor at any time but at this particular time above all others. As Secretary of the Liberal-Conservative Club of Ward 1, I must deny the charge that the Western Chronicle publishes in large type, as far as it relates to, or bears upon the Club or any of its committees. And no member can be found who had the least suspicion of the dastardly business reported.

The story of the seizure came alike to all—as a clap of thunder from a clear sky. To all our people this statement would seem unnecessary as every one should believe that in this County above all others the majority of its people are sober living people who look forward to a day that this great curse of the rum traffic will be banished, and that the Conservative Party are no more responsible for the liquor carried by the motor boat that is used for towing and freight carrying than the Liberal Party is for the jugs seized at the Railway Station last week from one of its party workers, or of other seizures that have been made in this County within ten days.

G. W. PARKER...

### INDIANAPOLIS MOTOR RACE MAY 31st.

(From Boston American, June 11th, 1916, Page 5)

By winning the 300-mile Indianapolis speedway race on Tuesday last Resta clearly established his right to the title of premier driver of America. He led his nearest competitor over two minutes and proved himself one of the most consistent winners of long distance races in this country.

He drove a heady, clever race throughout at Indianapolis and never once was even induced to attain high bursts of speed, not even in the first twenty miles, when Rickenbacker, his Maxwell, was doing phenomenal work, clocking the distance at an average of over ninety-one miles an hour, which, by the way, was the highest rate of speed attained throughout the contest.

Two accidents occurred to Jack LeCain and Tom Rooney—and although being put out of the running early in the game, Rickenbacker and his Maxwell might be considered as the stars of the race. He showed the greater speed of the day, and after his own car was down and out, Rickenbacker came back as a relief driver and forced the second Maxwell across the finish line in the prize money.

The Maxwell Cars are sold in Kings and Hants by G. W. Parker at Kentville and Canaling. Write or Phone for particulars.
