THE NE TEMERE DECREE

The Catholic Truth Society Defines the Position of the Catholic Church on the Marriage Question.

As there has been much misunderstanding and not a little misrepresentation of the position of the Catholic Church on the Marriage Question, the Catholic Truth Society of the Archdiocese of Halifax authorizes the following statement:

1 The Catholic Church does not, as has been falsely stated, regard as invalid the marriage of two Protestants by a Protestant minister. On the contrary, she has always upheld the validity of such marriages as being contracted in good faith. The best proof of this is the fact, when married Protestants decide to enter the Catholic Church, they do not have to be re-married.

2 The Catholic Church does regard as invalid the marriage of two Catholics, or of a Catholic and a Protestant, by a Protestant minister or by any civil authority, which has been contracted since the promulgation of the Ne Temere decrees. The main object of that decree is to prevent hasty and ill-considered marriages and the many evils admittedly resulting therefrom. Matrimony being a Sacrament of the Catholic Church, she has the right to lay down the conditions for its valid reception by her own children.

3 The Catholic Church does not and cannot interfere with the civil law. Consequently, a mixed marriage contracted before a Protestant minister, though invalid in the eyes of the Catholic Church, is not illegal, except in the Province of Quebec for the reasons stated below. Outside of that province, if one of the parties were to desert the other or attempt to marry again, he or she would be liable to the penalties prescribed by the civil law.

4 It is not true that, when the Catholic party to a mixed marriage desires reconciliation with the Church, he or she is required or advised to abandon the partner to the union and the children that may have been born of it. In such cases the parties are urged to have the union validated in accordance with the laws of the Church.

5 As regards the Hebert case, about which so much has been said, the Catholic Church did not, as has been falsely stated, appeal to the civil law to annul the marriage. That appeal was made by one of the parties to the union who desired to desert the other. When French Canada, now the province of Quebec, was ceded to Great Britain, the Catholic Church was guaranteed the free exercise of her laws, and subsequent Acts of Parliament enacted that the marriage regulations of any religious body in the province should be the civil law as affecting members of that body. Consequently, the marriage of these two persons, who, be it remembered, were both Catholics, by a Protestant minister, being null and void in the eyes of the Church, was decided by the courts to be also null and void under the civil law. The case is unfortunate, but the Catholic Church is in no way to blame, the parties themselves and the clergyman who aided and abetted them in performing an illegal act being altogether responsible for the sad results.

It is worse than useless to take any medicines internally for muscular or heronic rheumatism. All that is needed is a free application of Chamberlain's Liniment. For sale by all dealers.

HARKIN'S HIGH SCHOOL CONCERT

Was a Decided Success, Reflecting Great Credit Upon the Youthful Actors.

The pupils of Newcastle High School presented the play, "Mrs. Briggs of the Poultry Yard," to a packed audience in the Opera House, Friday night, giving a fine example of budding theatrical talent and reflecting great credit upon Miss Sadie B. Hogan who superintended the training of the boys and girls who took part.

The duets and solos by Misses Quinn, Sullivan and Bertie Ferguson and Master James Sullivan, all well known to Newcastle audiences, and the excellent reading by Mr. F. S. Henderson displayed the superior ability which their hearers have come to expect as a matter of course.

The synopsis of the play was as follows:

Act I—Living room in Mrs. Briggs' cottage.

Act II—Same place. Xmas day.

Act III—Same place. "Mrs. Briggs' Poultry Yard." Chickens bought and sold and made to order.

The cast of characters were:

Mrs. Briggs, a woman of business, Muriel Bate
Ralph, Jimmy, Alvira, Melissa—her family—Joe Lawlor, Mike McCabe, Ruth Benson, Marion Rundle.
Silas Green, "a near relation"

Jimmie Sullivan

Mr. Lee, a wealthy neighbor,

Herbert Morrell

Virginia Lee, his daughter,

Lyle McCormick

Dorothy Nicholson

Mrs. O'Connor, "with no liking for goats,"

Ethel Allison

Mandy Bates, whose tongue will stumple,

Mildred Reid

The proceeds go towards Harkin's Academy, and all who took part are to be congratulated upon the great success of the evening's entertainment.

SAFETY FOR CHILDREN DURING HOT WEATHER

Every mother knows, or should know, the danger her baby runs during the hot summer months. Summer complaints come quickly and develop so rapidly that often before the mother realizes her baby is ill he is beyond all help. Every mother of small children should keep a box of Baby's Own Tablets in the house. A Tablet now and then will keep baby's bowels working regularly and his little stomach sweet—this is the secret of keeping baby healthy and of warding off cholera infantum, diarrhoea, dysentery and all other dreaded summer complaints. The Tablets are guaranteed free from all injurious drugs and may be given to the newborn babe with perfect safety. They are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

TO ELEG U. S. SENATORS BY POPULAR VOTE

Washington, June 12—The senate tonight by 64 to 24 passed the resolution amending the constitution to provide for election of senators by direct popular vote. The Bristow amendment giving to the federal government supervision of such elections was adopted 44 to 44, the vice-president casting the deciding ballot. The house has already passed the resolution.

THE U. B. CONVENTION AND NE TEMERE DECREE

A STATEMENT

The Editor of the Union Advocate: Sir,

Had the gentlemen convened in annual session at the United Baptist church followed the advice recently given the Anglicans by that redoubtable champion of Evangelical Anglicanism, Samuel H. Blake of Toronto, they would not in the eyes of educated men occupy the ludicrous position which they now do.

When Archdeacon Warren proposed the regular Resolution of the Conferences and Synods against the Ne Temere decree, Mr. Blake rose and remarked that it might be well to read the Decree before condemning it. The advice then tendered is golden in its way, and could have been followed to advantage all through the country by gentlemen who appear to be as deficient in learning as they are in good judgement and in the proprieties. We are told that "after Dr. Cousins had moved a resolution, seconded by Hiram Whitney, condemning the Ne Temere marriage law, the meeting adjourned." Were Mr. Hiram Whitney questioned as to the nature of these marriage laws, what would be his answer? His answer would be:—"I know nothing of them." Were the Incumbent of the Baptist church questioned, his answer could not be, I rather think, much more satisfactory. He would have read, no doubt, garbled extracts and much declamatory denunciation concerning the Decree; but that he has any correct notion with regard to its contents and bearing on people in general, very few will admit.

There is a feeling among some non-Catholics that the Decree in question is an attack on Protestants, and, as was said at the Baptist District Session, "an encroachment on the part of the Catholic church."

There is no foundation for such feeling.

The Catholic church has at all times regarded the marriage of Christians contracted in due form as a sacrament. She bases her belief in that doctrine on Scripture, on the constant tradition of the church from the earliest ages, on the testimony of the Fathers, and on the clear and explicit teaching of the church in the East as well as the West. There have been objections raised to it; but they have been answered and refuted where ever they have been met. Marriage has never been considered as a purely civil contract. The first marriage was a natural contract; and such it continued to be until the advent of Christ on earth. Christ raised it and consecrated it by making it one of the seven sacraments. As a natural contract, marriage was indissoluble. "Wherefore a man shall leave father and mother," said the inspired Adam, "and shall cleave to his wife, and they shall be two in one flesh." The same truth is inculcated in the New Law. "And there came to him the Pharisees tempting him and saying: Is it lawful for a man to put away his wife for every cause? Who answering said to them: Have ye not read that he who made man from the beginning, made them male and female? And he said: For this cause shall a man leave father and mother and shall cleave to his wife, and they shall be two in one flesh. Therefore, now they are not two, but one flesh. What therefore God hath joined together, let no man put asunder. Matthew XIX. If divorce was granted for

a while during the Mosaic dispensation, it was granted, as Christ said "because of the hardness of your heart; but from the beginning it was not so."

Because of this divine decree, the Catholic church has thrown around it safeguards, and has used her great power all along the ages in seeing that the marriage tie was held inviolate, condemning prince and peasant alike who in obedience to the lusts of the flesh or their beastly passions, dared to prove recreant to the vows they had made before God's altar. The church lost England to the faith because Henry VIII was not permitted to repudiate Catharine of Arragon in favor of a new and unlawful passion. She enforced the same laws in Germany, in France, in a word all the world over, regardless of the personality of him who would fain rid himself of the yoke that bound him. In this way the church saved woman and made her the equal of man, his companion, instead of being a slave and one of a harem of countless women. Woman does not always recognize, is not, it may be, aware of, this her indebtedness to the Catholic church. She does not, as did Martin Luther when he permitted the Landgrave of Hesse to take to himself two wives, although the good Martin feared it would give some scandal. But he was forced to do it; otherwise, the punishment would be condign, for Luther was a weakling; but the Catholic church must see to it that the divine ordinance be enforced. What then does the Ne Temere decree? Is it an encroachment upon the rights and liberties of our people? as the Baptist convention puts it. It is merely a modification of a law already existing, made by the council of Trent in the early days of the Protestant Reformation. That Decree known as the Decree Tametsi was issued because of the strange, loose and erroneous doctrines that were being then preached. That decree forbade clandestine marriages not contracted in presence of the parish priest (or his deputy) of one of the contracting parties and two or three witnesses. That decree was only to come in force, however, in places where it was promulgated. Speaking generally, Protestants were not regarded as bound by this law, nor were clandestine marriages annulled by it in those places where the decree was not promulgated. The object of the council and of the Popes who saw to the application of the decree, was in the main, to safeguard the moral and religious life of Catholics. A good deal of uncertainty arose from the fact that at times it was difficult to determine who the parish priest of the party was, whether the Decree was ever published, as it must have been in accordance with the legislation of Trent, and to do away with this uncertainty and to simplify legislation, as the Ne Temere tells us, Bishops and theologians have been asking for a modification of the Tridentine Decree. After much consultation and the expenditure of much Canon Law lore, the Decree Ne Temere was published, thus modifying the Tridentine Decree known as "Tametsi." The Decree Ne Temere does not deal with Protestants, "encroaches upon no rights or liberties" of theirs. It is expressly declared that this law has nothing to do with those who are not Catholics. Referring to Bethrothals, the De-

WEAK STOMACHS MADE STRONG

Through Tonic Treatment With Dr. Williams' Pink Pills.

After all has been said about indigestion and stomach trouble, there is only one way to get a real cure. The stomach must be made strong enough to do its own work. Indigestion disappears when the stomach has been made strong enough to digest ordinary plain food. This strength can only be given the stomach through the tonic treatment supplied by Dr. Williams' Pink Pills, which enrich the blood, strengthen the nerves and thus enable the stomach to perform the duties which nature intended it should. In every neighborhood you can find people who have been cured of indigestion or other stomach troubles after a fair use of Dr. Williams' Pink Pills, and this is the best proof that they are the one remedy to successfully do this. Mr. D. B. McLean, Sterling, N. S., says:—"For a couple of years I suffered very much from indigestion with most of the accompanying painful symptoms. As a result I became very much run down, and as the medicines I tried did not give me any relief I grew melancholy and unhappy, and felt as though my constitution was breaking down. Quite accidentally my attention was called to Dr. Williams' Pink Pills, and I decided to try them, and I am happy to say that they effected a complete cure, and made my stomach as strong as ever it had been. I am glad to say a few words in praise of the medicine that cured me, and I hope my experience will benefit some other sufferer."

Enrich the blood and you banish most of the every day ailments of humanity, and you can enrich it quickest and best by the use of Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

CORNATION DAY SERVICE

All the Churches of the Town Appropriately Observed the Day.

On the 22nd, the united service of the Presbyterians, Methodists and Baptists was held in the St. James' Presbyterian church, opening at 10.30 o'clock and was well attended. Rev. S. J. MacArthur conducted the service and Rev. W. J. Dean also took part. The sermon of the day was delivered by the Rev. Dr. Cousins, who reviewed the life of King George V, expressed the hope that his reign would be a long and happy one and he would ever have the best wishes and prayers of his loyal subjects.

In St. Mary's Church, the pastor, Rev. P. W. Dixon, sang high mass at 9 p. m., and presented an eloquent sermon, appropriate to the occasion.

There were two services in St. Andrew's church, conducted by Rev. W. J. Bate. The first at 8 a. m. was the offering of the Holy Eucharist with a special intercession for the King and Queen, and the second at 10 o'clock, was largely attended when a Form of Prayer with Thanksgiving to Almighty God commended by the Archbishops of Canterbury and York for general use on the 22nd day of June was used, concluding with Te Deum and National Anthem.

OPERATIONS AVOIDED

By Lydia E. Pinkham's Vegetable Compound

Without Lydia E. Pinkham's Vegetable Compound I would have died. For five months I was in bed... I suffered like a martyr and thought often of death. I consulted two doctors who could do nothing for me. I went to a hospital, and the best doctors said I must submit to an operation. I had a tumor. I went back home much discouraged. One of my cousins... I did so and soon commenced to feel better, and the tumor came back with the first period. Now I feel no pain and am cured. Your remedy is deserving of praise. EMMA CHAPPEL, Valleyfield, Bellefleur, Quebec.

Another Operation Avoided. Poughkeepsie, N.Y.—I run a sewing machine and large factory and got all run down. I had to give up work for I could not stand the pains in my back. The doctor said I needed an operation for my trouble but Lydia E. Pinkham's Vegetable Compound did more for me than the doctors did. I have gained five pounds. I hope that everyone who is suffering from female troubles, nervousness and backache will take the Compound. I owe my thanks to Mrs. Pinkham. She is the working girl's friend for health, and all women who suffer should write to her and she will advise. MISS TILLIE PLENGON, 345 St. Poughkeepsie, N.Y. Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases.

ZAM-BUK SAVED THIS BABY Mrs. M. Barrett, 656 Moran St., Montreal, says: "A horrid rash came out all over my baby's face and spread until it had totally covered his scalp. It was irritating and painful, and caused the little one hours of suffering. We tried soaps and powders and salves, but he got no better. He refused his food, got quite thin and worn, and was reduced to a very serious condition. I was advised to try Zam-Buk, and did so. It was wonderful how it seemed to cool and ease the child's burning, painful skin. Zam-Buk from the very commencement seemed to go right to the spot, and the pimples and sores and the irritation grew less and less. Within a few weeks my baby's skin was healed completely. He has now not a trace of rash, or eruption, or eczema, or burning sore. Not only so, but cured of the tormenting skin trouble, he has improved in general health." Zam-Buk is sold at all stores and medicine vendors, grocers, or post free from Zam-Buk Co., Toronto, for price, 6 boxes for \$3.50. \$3,600
in Cash Prizes for Farmers
Your Photograph May Win a Prize

AMONG the prizes we are offering in our big Prize Contest is one of \$100.00 (Prize "C") for the farmer in each Province who furnishes us with a photograph showing the best of any particular kind of work done on his farm during 1911 with "CANADA" Cement. For this prize, work of every description is included.

Now just as soon as you finish that new silo, barn, feeding floor or dairy, that you've been thinking of building, why not photograph it and send the picture to us? The photograph doesn't necessarily have to be taken by a professional or an expert. In fact, your son's or your daughter's camera will do nicely. Or, falling this, you might use the kodak of your neighbor's son nearby. In any event, don't let the idea of having a photograph made deter you from entering the competition. Particularly as we have requested your local dealer to help in cases where it is not convenient for the farmer to procure a camera in the neighborhood. By this means you are placed on an equal footing with every other contestant. Get the circular, which gives you full particulars of the conditions and of the other three prizes. Every dealer who sells "CANADA" Cement will have on hand a supply of these circulars—and he'll give you one if you just ask for it. Or if you prefer, you can use the attached coupon—or a postcard will do—send it to us and you'll receive the complete details of the contest by return mail.

If you haven't received your copy of "What the Farmer Can Do With Concrete," write for that, too. It's a finely illustrated book of 160 pages full of useful and practical information of the uses of concrete.

Write us to-night, and you'll receive the book and the circular promptly. Do not delay—sit right down—take your pen or pencil, and fill out the coupon NOW.

Please send Contest Circular and book.

NATION IN HIS DEBT

DR. WILLIAM SAUNDERS HAS DONE MUCH FOR CANADA.

Director of Experimental Farms Has Spent the Last Twenty-Three Years Laboring Untiringly For the Prosperity of the Farmers of the Dominion—Many Fruits and Grains Have Been Imported.

Canada's system of experimental farms is one of the most interesting and perhaps the most original feature of the Dominion Government. To the experimental farm, without doubt, more than to any other factor, is due the splendid development of the northwest Dominion to-day. Through 23 years, Dr. William Saunders, the head of the system, has worked untiringly and the results have been great. His first connection with the service was in 1885, when he was a business man making a hobby of horticulture. At that time he was sent abroad to study agricul-

tural work in other nations, and upon his return he was made director of five experimental farms about to be organized. Since then, under his guidance, the work has progressed by leaps and bounds. The potential yield of every acre of Canadian farm land has been increased; fruit has been successfully raised on the north plains, and besides this, there has been established a great educational extension service for the training of the young Canadian farmer.

The keystone of this experimental farm system in Canada is the so-called central farm, near Ottawa. The first branch farm was established between New Brunswick and Nova Scotia, and this was followed by a farm at Brandon, for Manitoba. Then came a branch for the Northwest Territories, which was placed at Indian Head, and others have been established since.

These experimental farms have been of great value to Canada, enabling her to take an inventory of her agricultural resources and to know the possibilities of her land. She has demonstrated that many grains and fruits not indigenous to her broad prairies can be grown upon them, and in this way has distributed an immense amount of useful information among her agriculturists which has added immeasurably to the wealth of the country.

Temperance in Ireland.

Remarkable figures regarding the strength of the temperance movement in Ireland, were given in the report of the Temperance Committee recently submitted to the General Assembly of the Presbyterian Church of Ireland, in Belfast. There are 60,433 members of Bands of Hope and temperance societies connected with this denomination, an increase of 11,300 during the year. The progress of the Total Abstinence Union, better known as "Catch-my-pay" movement, was so rapid that there was scarcely a town of any importance in six of the counties of Ulster which had not been revolutionized in its relation to the drink traffic.

The movement was also at work in the South and West of Ireland, in Scotland, and in certain parts of England. As the result of one year's work 120,000 members had thus far been enrolled.

The report also referred to the work among the Roman Catholic community, showing that the Young Crusaders numbered 100,000 and the Pioneers, an adult society, 150,000. In some localities in the West 90 per cent. of the people had taken the pledge.

Bother the Laws.

Dr. Pigon, the dean of Bristol, England, has for long had the reputation of being one of the brightest humorists in the church.

One of his stories turns upon the deceased wife's sister. It appears that a year of Dr. Pigon's acquaintance had, in ignorance, solemnized such a marriage, and he interviewed the old verger whose business it was to look after such things.

"Yes, yes," exclaimed the old man, "I knowed the parties. I knowed them."

"Then, why in the world didn't you tell me?" exclaimed the vicar.

"Well, vicar, it was this way, you see. I knowed the old fellow. One of 'em parties was 83 and 'other was 86. Says I to meself, 'It can't last long; bother the laws and let 'em two wed.'"

Would You Provide For the Care of Consumptives?

THEN SEND YOUR CONTRIBUTIONS TO THE

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES. MAIN BUILDING FOR PATIENTS.

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily—

John D. McNaughton, New Lis-leard, Ont.: A young man not belonging here, and suffering from, it is believed, consumption, is being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The condition where he is offer him no chance. Could he be admitted to your Free Hospital for Consumptives? If not, could you inform me where he can be sent, and what steps are necessary to secure prompt admittance?

NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL BECAUSE OF HIS OR HER INABILITY TO PAY.

Since the hospital was opened in April, 1902, one thousand five hundred and twenty-four patients have been treated in this institution, representing people from every province in the Dominion.

For the week ending November 20th, 1909, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a copper for their maintenance—absolutely free. The other twenty-nine paid from \$2.00 to \$4.00 a week. No one pays more than \$4.00.

Suitable cases are admitted promptly on completion of application papers.

A GRATEFUL PATIENT

Norah P. Canham: Enclosed you will find receipt for my ticket from Gravenhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium ten months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say that I spent the time of my life while I was there.

The Muskoka Free Hospital for Consumptives is dependent on the good-will and gifts of the Canadian public. Money is urgently needed at the present time to make it possible to care for the large and increasing number of patients that are entering the institution.

Will you help?
Where greater urgency?
Truly, Canada's greatest charity.

Contributions may be sent to W. J. Gage, Esq., 84 Spadina Ave., or J. S. Robertson, Secy-Treas., National Sanatorium Association, 447 King St. W., Toronto, Canada.

Sealed Tenders addressed to the undersigned, enclosed "Tender for Extension to Pier Head at Negoua, N. B.," will be received until 100 P. M., on Wednesday, July 5, 1911, for the construction of an Extension to the Pier Head of the Wharf at Negoua, Northumberland County, N. B.

Plans and specifications to be seen on application to E. T. P. Shewen, Esq., District Engineer, St. John, N. B.; G. Stead, Esq., District Engineer, Chatham, N. B., and the Postmaster at Negoua, N. B.

Tenders will not be considered unless they are accompanied by a check for the amount of the deposit of \$100.00, payable to the order of the Minister of Public Works and the amount of the deposit of \$100.00, payable to the order of the Minister of Public Works.

Each tender must be accompanied by an accepted cheque in a charter of the Muskoka Free Hospital for Consumptives, payable to the order of the Minister of Public Works and the amount of the deposit of \$100.00, payable to the order of the Minister of Public Works.

Horse Posters at The Advocate Office

There's a Buckley for every type of countenance—and in every Buckley Hat there is a guarantee.

On the score of style alone, the Buckley might well claim your choice in hats—not another hat made includes so wide a range of becoming styles in men's headgear.

Produced from American blocks, in a modern English factory, and made by Union workmen, the Buckley has a style and distinction all its own.

As for quality—wear-resistance—well, can you remain in doubt after reading the wide-open Buckley guarantee? Read it again—do you think a manufacturer would dare issue such a sweeping guarantee if he didn't thoroughly believe in his product—if he didn't know his hats would stand the most careless use and the roughest weather?

And, by way of proving that there's to be no quibbling or red tape about the exchange—to convince you that the guarantee ensures a new hat without embarrassing question-asking from the hat merchant—there's that "accident clause" which says:

"We agree to exchange this hat, if same is damaged by accident during the said four months."

The Buckley is on sale at the best hat shops. Price, \$2.50.

PREACHING

Under the nice taste of the present day, some of the ancient preachers would stand condemned. When the modern preacher would be loving his time to the Neolithic drama and the Elegiac poetry of the Chaldeans, the Hebrew prophets would be scoring the anti-social aspect of sin. There were both sensational and demagogic in their methods, in their clamor against those who make the epah small and the shekel great, falsify the balances and tread upon the poor. They make an continual outcry against those who turn aside the stranger in his right, sell the needy for silver and the poor for the price of a pair of sandals. They were extreme in their denunciation of those who turn aside the stranger in his sight, oppress the hireling in his wages, with hold the pledge, take a bribe, and judge not the fatherless. They scourge the traffickers in the temple, and declare that the melody of viols will not profit nor will burnt offerings be acceptable until judgment run down as waters, and righteousness as an overflowing stream. These prophets would not meet the conventional tests we apply today. We lay a little finger where they would apply a fist with the mighty dynamic of arm and body behind it. The difference is that between the feminine and masculine conscience. Many preachers today interpret Christianity as a putting off of the old man and putting on the old woman. There was a virility and lack of taste about the old prophets that is quite shocking.—Ex.

THE LANDLESS MEN

The Toronto World has this striking paragraph on the conditions of land-holding in Great Britain: "Feudalism and its traditions are chiefly responsible for the fact that out of England's acreage of 32,500,000 no less than 15,000,000 are held by 18,000 proprietors. In Scotland, 330 proprietors own two-thirds of the land, and 1,700 over nine-tenths of the whole country. While admittedly there are waste lands given over to game and unfitted for profitable use otherwise, it is equally true that much of the land reserved for sport is of the highest agricultural quality and could easily be a support to a large resident population. Meantime the small farmers and the farm laborers have been and are being driven away, either across the seas or to the slums of the big cities. Any remedies yet provided in England and Scotland do not grapple really with the problem. As compared with France and its 5,500,000 proprietors, having an average of fifteen acres each, Britain lags far behind in this respect and must do something to restore the land to the people."

GOVERNMENT NOTICE

CROWN LAND OFFICE, June 21, A. D. 1911. Whereas, by an order of the Executive Council passed on the 1st day of June, A. D. 1911, Section 28 of the present Timber Regulations, which provided for the cutting of undersized lumber on barren land and in thicket growth, was rescinded. Licensees of Crown Lands are, therefore, hereby notified that such Section has been rescinded, and in the future no permits will be issued to cut under-sized lumber on the lands and in the growth above mentioned.

WOMEN SUFFER

More than Men.

Women have more than their share of the aches and pains that afflict humanity. They must "keep up," in spite of constantly aching backs, or headaches, dizzy spells, etc. Mrs. Edward Calwood of 123 S. Harold Street, Fort William, Ont., says: "I suffered with dull, miserable pains, soreness across my back and in my sides for months. They would catch me so badly at times that I could scarcely move around. I would have dizzy spells and although, felt generally run down. After using a number of remedies without finding relief, I learned of Booth's Kidney Pills and found them an excellent remedy. They not only relieved me of the miserable pains and soreness in my back but cured me of my kidney trouble."

BOOTH'S KIDNEY PILLS CURE BACKACHE, DULL SHOOTING PAINS, THICK AND CLOUDY URINE, GRAVEL OR STONE, RHEUMATISM and all diseases of the kidneys and bladder. UNION HOTEL BARN BURNT

About 12.20 Thursday night, just as the Maritime had brought back the excursionists from Moncton, and while the Fremmen and their lady friends were tripping the light fantastic in the Town Hall, fire was discovered in the barn of the Union Hotel, and soon spread to the barn in the rear of Ex-Ald. Thos. Russell's store. The firemen were soon on the scene, and prevented the fire spreading to the main part of the hotel. The cow and several horses were rescued, but a hog and calf perished in the flames. Three sets of harness, a ton of hay and several bushels of oats also went up in smoke. Mr. John D. McAuley, proprietor, is loud in his praise of the Newcastle fire brigade, who by their prompt and careful handling of the fire in his barn saved him much loss. A traveller who witnessed the fire said he had never in all Canada seen a fire better managed by firemen. The citizens also rendered great assistance. At great personal risk Mr. George Johnston rescued Mr. McAuley's valuable cow. The total loss will be about \$800. The building was insured.

INVOKES NE TEMERE DEGREE

Montreal, June 20.—Mr. Charlemagne Rodder has taken charge of the case of George Howden, who seeks the annulment of his marriage, solemnized 30 years ago. He claims that his marriage is not valid, according to the Roman Catholic Church, to which his wife belongs. While Mrs. Howden, formerly Elmina Poitras, was born a Catholic, her husband was never baptized, and for that reason he claims the marriage cannot be recognized by the Church; the second reason is that the two contracting parties were married by a Protestant minister, and the third that the woman when she married was under the age of 21, and she had not the consent of her parents.

JUNE! THE MONTH OF BRIDES AND ROSES

MULLINS—McKENDY

A brilliant wedding took place in St. Samuel's church, Douglstown, at 10 o'clock Wednesday morning, when Miss Margaret Gertrude McKendy, of Douglstown, and Benedict C. Hilton Mullins, of Bathurst, manager of the Caraque & Gulf Shore Railway, and one of the leading men in the County of Gloucester, were united in matrimony. The church had been beautifully and tastefully trimmed with white lilies, potted plants, palms and ferns, the color scheme being in green and white. A carpet was stretched from the church steps to the chancel, the design matching the floral decorations in color.

Rev. Fr. Dixon celebrated nuptial mass, the music, both instrumental and vocal, being particularly beautiful. Miss Quinn of Newcastle presided at the organ, while the Ave Maria and other hymns were very sweetly rendered by Miss Morrison.

The bride, who was given away by her brother, Howard McKendy, was most charmingly gowned in a dress of white marquisette and Irish point lace, white picture hat with black willow plumes. Her bouquet was of bridal roses, lilies of the valley and maiden hair fern.

The groom's gift to the bride was a diamond and sapphire ring. After the ceremony the wedding party repaired to the home of the bride, where a dainty luncheon was served, only near relatives of the contracting parties being present. Afterwards a reception was held.

The floral decorations at the house were very pretty and consisted of white and crimson roses. Mr. and Mrs. Mullins left on the ocean liner, and their wedding trip will include Montreal, Niagara, the Thousand Islands and American cities and St. John.

The bride's travelling dress was a tailored suit of navy blue, and corn colored hat. On their return they will reside in Bathurst. The bride was the recipient of many gifts in silver and cut glass. Hon. Samuel Adams and Thos. A. Ams of New York, each remembered her with very substantial checks, and from the staff of the Caraque & Gulf Shore Railway was received a very handsome cabinet of sterling silver. The bride and groom have the best wishes of a large circle of friends.

MANN—WHITNEY

A very pretty but quiet wedding took place at the Baptist Parsonage on Monday evening, when M. Gertrude Whitney daughter of Mr and Mrs Neville P Whitney of Strathadam, became the wife of Mr John W D Mann son of Allan Mann proprietor of the Albert House Chatham. Rev Dr Cousins tied the nuptial knot in the presence of only the immediate friends of the contracting parties. Mr and Mrs Mann left on the maritime Express that evening for Seattle Washington where they will reside. Miss Whitney has been for some time head clerk at Clark & Co's store and her many friends wish her every happiness. Jack also had numerous Newcastle friends whose best wishes shall go with them.

WOODS—THIBIDEAU

The marriage of Edward Woods, son of late Wm. Woods, of Douglstown, and Miss Katie Thibideau

BOAT ON FIRE
Mr. O. W. Nordin of the Swedish Canadian Lumber Company, arrived at Richibucto on the 20th, in his yacht after a thrilling experience which he will not care to go through again, says the Richibucto Review. In some unknown way the little boat caught fire and before the flames were extinguished a hole had been burned through the side. Kerosene is used as fuel and the lives of all on board would have been lost if the fire had reached the tank in which the kerosene was stored. The flames were subdued after much hard, and tearing away some parts of the machinery put the craft out of commission. Fortunately Burns tug was in the vicinity and the Capt. saw the danger and came to the assistance of the disabled boat and towed her into New Gully. Pilot Albert Long was put on board and assisted in getting her up the river to O'Leary's wharf. Repairs will be made at Rexton.

When you buy Paint, get the real thing

It is extravagant and foolish to buy and pay for paint, and instead of paint, get a mixture containing cheap adulterants.

Pure paint—the real thing—spreads easier, covers more surface (and covers it better) and wears longer than adulterated paint. Pure paint is far more economical to use. Pure paint gives the handsomest finish.

Pure paint insures you against paint "troubles", the cracking, the peeling, scaling, etc. that comes from the use of impurities.

Best "English" Paint is pure paint—made from 70% pure white lead (Brandram's B. B. Genuine) 30% pure zinc white, pure linseed oil, pure turpentine and dryer. It will give you the greatest satisfaction and save you money on your paint bill.

CANADIAN HOME JOURNAL

Two new serial novels start in June number of Canadian Home Journal, "The House of Windows" by Mrs. Isable Ecclestone MacKay and "A Honeymoon in Hiding" the joyous adventure of two new weds who discover after starting on the honeymoon that all their money has been stolen. "The House of Windows" is the first novel written by Mrs. MacKay one of the most brilliant of Canada's short writers, whose work is noted for the originality of plot and expression. The scene of the first installment is laid in a big department store at the time of the annual ribbon sale. A most surprised man is Mr. Flynn, the floor walker and Miss Twiss, head sales woman, when a deserted go-cart containing a baby is found hidden by the broad counters. These first chapters lay the foundation for a most interesting and thrilling story. The serials with several fine short stories make it an excellent fiction number.

Wedding features have a prominent place in June. Suggestions for the bride's bouquet, flower baskets for flower girls, bouquet for the matron of honor, are written by an experienced florist and are most attractively illustrated. What to get and what not to get for wedding presents will make many a reader's selection a more suitable one. With the society reporter when on the hunt for wedding news is one of those sketches that all of us enjoy we all want to get "behind the curtain".

An attractive new feature started in the Journal is the luncheon page with excellent menus and recipes for all of the dishes. The way of serving the different courses and arrangement of the table are splendidly illustrated, pictured they are most dainty and appetizing dishes, this promises to be a most helpful and attractive series.

Every month seems to find the Journal with better material, better illustrated, more attractive and it deserves a welcome in every Canadian household.

A Vancouver exchange says:—"The feast of Pentecost was celebrated in St. Patrick's church, Mount Pleasant. Father Campbell sang the High Mass and preached an appropriate sermon on the Epistle of the Feast—the descent of the Holy Ghost on the Apostles. The choir rendered special music for the occasion under the leadership of Mrs. Mooney. The altar at the morning and evening services was most beautifully decorated. Much credit is due to the new officers of the Altar Society, whom Father Campbell appointed the Sunday previous. At the evening service, Father Campbell again preached an able sermon on the Gospel of the day.

The resolutions on social purity endorsed the work of the N. B. Temperance Federation; recommended that the most strenuous efforts be made for the suppression of the tobacco and cigarette evil in the case of minors, by a more vigorous enforcement of the law; advocated more attention to pledge signing in Sunday schools; regretted that laws against the white slave traffic, gambling and sale of cigarettes are largely a dead letter; urged greater care to secure good sanitary and social surroundings for school children; and noted with great satisfaction the abolishment of the canteens from the military camps. "Sift Your Flour."**

No lumps, you see. *Aerates* the flour, making it lighter. Put **FIVE ROSES** in your sifter. Never soft and sticky—never lumpy, musty, woolly. Never coarse. Milled superfine from *Manitoba's* wheat. Fine, granular, very dry. Nothing remains in the sifter—**FIVE ROSES** is free, heavy. And your bread is more porous, more yielding, more appetizing. And more Digestible. Because the particles are finer, easier to get at by the stomach juices. Use this very fine flour—superfine. **FIVE ROSES.**

THE WAY IN CHATHAM

The editor of the World, who by the way is a bachelor, tells of the reasons why people get married as follows: Some people marry because it is contagious. Others because they can't work in single harness. But the most of them, says a Chatham girl, marry because they fall in love and can't fall out. I wonder if the Commodore can tell us, now, why some who would like to, don't get married?

OPERATIONS AVOIDED

By Lydia E. Pinkham's Vegetable Compound

Bellefleur, Que.—"Without Lydia E. Pinkham's Vegetable Compound I would not be alive. For five months I had painful and irregular periods and inflammation of the uterus. I suffered like a martyr and thought often of death. I consulted two doctors who could do nothing for me. I went to a hospital, and the best doctors said I must submit to an operation, because I had a tumor. I went back home much discouraged. One of my cousins advised me to take your Compound, as it had cured her. I did so and soon commenced to feel better, and my appetite came back with the first bottle. Now I feel no pain and am cured. Your remedy is deserving of praise."—Mrs. EMMA CHATEL, Valleyfield, Bellefleur, Quebec.

Another Operation Avoided. Poughkeepsie, N. Y.—I run a sewing machine in a large factory and got all run down. I had to give up work for I could not stand the pains in my back. The doctor said I needed an operation for womb trouble but Lydia E. Pinkham's Vegetable Compound did more for me than the doctor did. I have gained five pounds. I hope that every one who is suffering from female trouble, nervousness and backache will take the Compound. I owe my thanks to Mrs. Pinkham. She is the working girl's friend for health, and all women who suffer should write to her and take her advice.—MISS TILLIE PLEZIG, 33 ay St., Poughkeepsie, N. Y. Thirty years of unrelieved suffering confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases.

SARNIA, ONT., Feb. 5th, 1910. "I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of the Stomach. Do farmers eat the proper sort of food?

The farmer of today buys a much larger proportion of the food that goes on the table than he did ten years ago. It's a good thing that this is so because he has a great variety to select from. He should, however, use great care in selecting for the best results in health and strength. The widespread tendency in the city to increase the amount of Quaker Oats eaten is due very largely to the recent demonstrations by scientific men that the Quaker Oats fed man is the man with greatest physical endurance and greatest mental vigor. Farmers should give this subject careful thought and should increase the quantity of Quaker Oats eaten by themselves, their children and the farm hands.

Would You Provide for the Care of Canada's Needy Consumptives?

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily:—

John D. McNaughton, New Liskeard, Ont.: A young man not belonging here, and suffering from, it is believed, consumption, is being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The conditions where he is offer him no chance. Could he be admitted to your Free Hospital for Consumptives? If not, could you inform me where he can be sent, and what steps are necessary to secure prompt admission? NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL BECAUSE OF HIS INABILITY TO PAY.

Since the hospital was opened in April, 1902, one thousand five hundred and twenty-four patients have been treated in this one institution, representing people from every province in the Dominion. For the week ending November 20th, 1909, one hundred and twenty-five patients were in residence. Ninety-six of these are now paying a copper for their maintenance—absolutely free. The other twenty-nine paid from \$2.00 to \$4.00 a week. No one pays more than \$4.00. Suitable cases are admitted promptly on completion of application papers.

A GRATEFUL PATIENT

Norah P. Canham: Enclosed you will find receipt for my ticket from Gravenhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium ten months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say that I spent the time of my life while I was there.
