**The Cause of the Disaster is a Mystery, and a Thorough Investigation into All the Circumstances is Demanded.**  
Feeling the completion of the work for domestic purposes, but these who must do so should boil it thoroughly.

Yesterday witnessed a repetition of the disaster of Christmas Day, 1922. The calamity was not due purely to the feeding of the completion of the work for domestic purposes, but these who must do so should boil it thoroughly.

**Discovery of the Disaster.**  
The first indications of anything amiss were noticed at the waterworks pumping house at about 7.45 yesterday morning. The Rosehill reservoir contained a good supply of water and the pump station was working normally.

**Acting Mayor Shaw** was on the scene shortly after 9 o'clock and immediately all his attention was directed to the disaster. He immediately ordered that the water supply be stopped.

**Medical Health Officer Sheard** thought the matter of great seriousness to the citizens. During the two months the city was supplied with water, the mortality rate increased, and Dr. Sheard's fears are that the present disaster will cause a high typhoid rate.

ABE LINCOLN'S CHAIR.

An interesting relic which is presently at the Dominion Express Office. Among the unclaimed freight at the office of the Dominion Express Company is an old high chair, in which Abraham Lincoln is supposed to have sat as a baby. It is an old fashioned hickory affair, very rudimentary in its construction, and so worn that it looks as if generations of future Presidents might have been raised in it.

One day a stranger came into the office at Toronto and inquired for such an article, and it was procured for him. He said that months ago he was tracing it to Toronto, and then told the story of the high chair. It was an American War it had been carried by relatives of Lincoln into Minnesota, where it was kept as a precious possession. It had been lost in transit, in being shipped from one place to another in the far West, and finally was traced to Toronto.

The stranger mailed a card on it, addressing it to "P. Crozier, Baker City, Oregon," and enquired as to the charges for sending it there. These were \$475, and there were customs papers to be attended to. There was a dispute as to sending the parcel "collect" and the stranger finally arranged to come back next day and ship the chair. He never came back, and has never been heard of since.

The chair was left in the warehouse with the other goods for shipment, and finally shipped into the limbo of unclaimed goods, and was forgotten altogether. The other day it was discovered during the ceremony of cataloguing unclaimed goods for the purpose of selling them by auction, and the legend attached to it was recalled.

Whether the stranger spoke the truth cannot be known, but the appearance of the chair bears out all theories as to its age and nativity.

IMPROVEMENT IN TRADE. E. G. Dun & Co. Report a Satisfactory Week in Merchandise.

The millinery openings in Montreal have been the business feature of the week, and general satisfaction is expressed with the attendance of buyers and the amount of business done.

The improvement in trade which was anticipated has been partly realized. Toronto merchants report business as fairly satisfactory this week.

Travelers generally have been kept at home to help in the warehouses, which are pretty well patronized. The millinery openings have attracted quite a large number of country merchants, and the Industrial Exhibition is also a drawing card.

Stocks of general merchandise are said to be smaller than usual at country points, and prices are likely to be maintained in consequence. The advance in raw cotton tends to tone up the market for cotton goods.

Small manufacturers are doing well as a rule, and the firmness of iron acts as a stimulus to the metal trade. There is a better feeling with regard to city property, with a large number of transfers.

A Bomb for the Reichstag. London, Sept. 5.—A Paris despatch says that a bold attempt was made to-day to explode a bomb in the Reichstag building in the Rue Lafayette. While the business of the day was at its height a man walked into the bank with a bomb under his arm, to which he attached a lighted fuse.

One of the detectives employed in the bank was standing near and sprang upon the man, seized the bomb and extinguished the fuse in time to prevent an explosion. The would-be bomb-thrower was arrested. Baron De Rothschild's secretary was recently injured by an infernal machine.

Hurricane Near London. London, Sept. 5.—A hurricane, accompanied by heavy rain, visited this city and the surrounding country last night. A large tract of territory is flooded by the heavy rains overflowing streams and doing great damage to property.

Whilst Visiting the TORONTO EXHIBITION. Do not forget to examine our Two New Styles of pianos.

THE EMPIRE STYLE. We show an extremely chaste and quiet-looking upright Cabinet Grand, with panels ornamented with pressed woodwork in Empire style. The instrument being of large size it possesses a volume of tone almost equal to that of a Concert Grand piano. Quality considered its price is moderate.

THE COLONIAL STYLE. We show one piano only in this style, and we consider it one of the finest specimens of the piano maker's art ever exhibited at Toronto. It is musically almost equal to a Concert Grand, and the case has been carved in the highest style of art.

MARQUETERIE PANELS. We also exhibit one large upright piano with beautifully inlaid panels, which we secured direct from France. The design is floral and every petal, leaf and stem is delicately outlined with separate pieces of wood of various colors.

A WORD OF ADVICE TO PURCHASERS. Always remember that it is cheaper to buy from the manufacturer direct than from a dealer who has to make a middle profit. In cities where there are no manufacturers our goods are handled by the most eminent dealers there, but in our own city we sell direct and Toronto purchasers have the benefit of the profit which would otherwise go to a third party.

SPECIAL NOTICE. We have on hand about 25 nearly new upright pianos which have been taken by us in exchange for new uprights of our own make. These will dispose of at remarkably low figures on easy terms.

P. S.—Good Pianos For Hire. THE MASON & RISCH PIANO CO'Y, LTD. 32 KING-STREET WEST.

SAMSON, KENNEDY & CO. THE GREAT FANCY DRYGOODS HOUSE OF CANADA AND DEALERS IN DOMESTIC MANUFACTURES.

Our Stock is Complete in Every Department AND IS LARGER AND MORE EXTENSIVE THAN ON ANY PREVIOUS SEASON.

We will be pleased to see all our friends who visit the city during the Exhibition. Merchants who have not done business with us will find it to their benefit to see what we are doing.

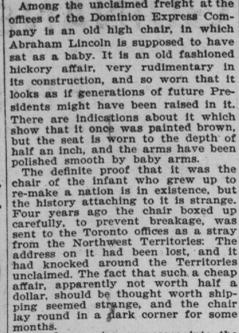

WE MAKE THINGS INTERESTING FOR EVERY BUYER.

A Free Exhibit. One Thousand Dollars is not much compared with what many a man leaves behind him, but if that is all you can leave—leave it!—it would be a fortune to many a woman left next thing to destitute by the death of her and her children's breadwinner—it may be to yours.

The Offer of the Gods. Life Insurance. When it can be had from the Manufacturers' Life at such a low rate as from 3 1/2 cents a day per \$1000, is surely within the reach of most people in this country, or else the N. P. has made them all Grigs.

For 3 1/2 Cents a Day. (Less than the price of a drink) a man may secure to his family at his death in solid cash ONE THOUSAND DOLLARS, a sum which would be at least better than nothing; it would prevent the household loaf from being buried with the household head, and the cry of the children on account of the sorrows inseparable from poverty. We pray you leave not your children the legacy of poverty.

MANUFACTURERS LIFE INSURANCE COMPANY. YONGE AND COLBORNE-STREETS, TORONTO, CANADA.

A Little Goes A Long Way. Therefore That Beautiful Golden Pekoe Tip TBA Which we sell for \$1.00 lb. Is not so expensive in use as many that cost less—and it is a luxury.

MICHIE & CO. NORTH TORONTO NEWS.

A horse belonging to Mr. J. McMahon, city, while standing in front of the Infant Food Company's mill on Cottingham-street, yesterday afternoon, took fright from some unknown cause and breaking the strap it was tied to, ran to Yonge-street and then turned northwards at a furious rate, dragging the buggy behind him.

The runaway was driven into collision with a pile of stones at the C.P.R. crossing, but recovering from the shock proceeded on as far as the Rosebald Hotel, where Mr. O. J. Most, butcher, ran across the street and made a clever and plucky capture. To-day being Children's Day at the Toronto Exhibition, the schools of North Toronto and Deer Park will have a holiday. In past years the trustees have provided vans to carry the school children to the Fair, but this year, owing to the hard times, this will not be done.

Another session of the case of York Township vs. S. T. Humberstone, ex-reeve of the township, was held on Wednesday afternoon. The claims of Mr. Humberstone for work done on the road were under consideration. The matter comes up again on Wednesday next.

John Letche, late of the staff of the Leader and Recorder, is about to start a German paper, probably weekly, in Toronto, in two weeks' time. The German population in and about Toronto Mr. Letche computes at 20,000.

The remains of the late Mrs. Gannon were taken to the Union Station yesterday afternoon for Uxbridge, where they will be interred. Mr. Gannon, husband of the deceased, is an employee of the Bryce Dairy Farm and there are three small children.

Mr. David Hall of Sydney, Ont., was married on Wednesday to Miss Adeline Sparkhall, daughter of Mr. William Sparkhall, North Toronto.

HAYCOCK'S STUMPING TOUR. He Will Do a Great Deal of Talking in a Short Time.

L. Haycock, leader of the Patrons of Industry, has his work mapped out for the next few weeks. He has already addressed 72 meetings. On Friday and Saturday he will speak in Leeds County, next week he is to preside at a Patron meeting in Toronto to discuss a future plan. The following week Mr. Haycock will visit North Bruce in the interests of Mr. B. Potts, who is proposing Mr. McLean, the counties of North Lambton, East Elgin, Leamington and Addington will also receive attention.

THE ROYAL INFANT. Rumors about Her Majesty's Great Grandson are set at Rest by The Lancet.

London, Sept. 5.—The Lancet, the leading medical journal of Great Britain, in an article talking notice of rumors which have been circulated throughout the American papers that the young son and heir of the Duke of York is deaf and dumb, says: "He is a fine child, notably intelligent for his age, and already repeats a number of words. Do our go-ahead American cousins," it asks, "expect a child nowadays to speak as soon as it is born?"

A Salt Display. Near the eastern entrance to the Main Building, in the north aisle, the Toronto Salt Works have made an exceptionally neat display of Windsor table salt. They show the various packages in which it is put up for the market, cotton bags, square and round cardboard packages and wooden boxes. The latter are just being introduced in Toronto, and careful housekeepers already know how they keep the salt clean and dry, being much preferable to cotton bags. The Windsor salt differs from the common salt in the fact that it is perfectly granulated and does not get hard when in use on the table. The Windsor salt works is the only one in Canada making salt under a modern system, and the various processes in use represents all the latest and best ideas in salt manufacture. The exhibit is well worth a visit.

City Voters' List. Judge McDougall revised the city municipal voters' lists at the Court House yesterday, but very little interest was taken in the revision. Mr. Summerhayes had 340 appeals in Ward 1; Ald. Gowenlock, 117 in Ward 6; Mr. Beale 16 in Ward 2; the Assessment Commissioner 30, and there were 81 individual claimants. Mr. Sanderson acted as clerk of the court. Besides the City Clerk and Assessment Commissioner, there were present Mr. Summerhayes, Ald. Gowenlock, Mr. Beale and some others. The revision was finished before 12 o'clock.

The Interview a Fake. London, Sept. 5.—Rustem Pasha, Turkish Ambassador to Great Britain, authorizes an absolute denial of The Post's Paris despatch, embodying a letter purporting to have been written by Rustem Pasha to the Foreign Minister in Constantinople, an account of an interview he had with Lord Salisbury. The Turkish Ambassador says that the whole despatch is a baseless invention.

Independent Foresters. The Supreme Chief Ranger arrived home in Toronto on Tuesday afternoon. At New York he instituted an encampment of Royal Foresters. He also went to Philadelphia and perfected the organization of the High Court of Pennsylvania. Yesterday he visited Durham and was presented with a civic address and addressed 30 courts of Foresters who were represented.

Cannot Be Beat.—Mr. D. Steinbach, Zurich, writes: "I used Dr. Thomas' Electric Oil in my family for a number of years, and I can safely say that it cannot be beat for what it cures. My little boy has had attacks of croup several times, and a dose of Dr. Thomas' Electric Oil was sufficient for a permanent cure. I have been recommending it as a family medicine, and I would not be without a bottle in my house."

Guests of Debs in Jail. Chicago, Sept. 5.—Kier-Hardie, the British Socialist, with his traveling companions, Private Secretary Smith, Oscar Nebee, and Thomas Morgan, were guests of Eugene Y. Debs for a few hours at the county jail yesterday.

When all other corn preparations fail, try Holloway's Corn Cure. No pain whatever, and no inconvenience in using it.
