The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

H. B. WARREN & CO., SCALE MANUFACTURERS

NO. 763 CRAIG STREET,

West of Victoria Square.

Manufacturers of the following Scales:—

HAY, COAL, RAILROAD DEPOT, PORTABLE PLATFORM, UNION,
GROCERS, BEAM AND STAND, EVEN BALANCE,
AND BUTCHERS. ALSO MANUFACTUR-
ERS OF WARREN'S PATENT
ICE CUTTER OR PICK.

There is not an article of manufacture that should be purchased with more care than a scale. Many persons are not aware of the delicate construction of a scale, and think to save money by purchasing where they can get the cheapest article. The idea is a delusion. You save in first cost and lose continually, through inaccurate weighing, more than the price of a first-class article. There is another class of persons who appreciate a good article, but are under the erroneous impression that all Canadian-made scales are of the cheap and worthless class. We are aware that there are a great many worthless scales being sold, but this is no reason for condemning all Canadian makes. There are exceptions, and we wish it distinctly understood that we make no pretence of making cheap scales, nor do we solicit the trade of those wanting cheap work. It has been our aim to make the best work and sell at prices that will authorize our employing the most skilled labor, use the best material and use the most approved machinery in their construction. We have, at great expense, constructed tools and machinery especially adapted to the work, and can supply the public with an article equal to the best American makes, at from 20 to 25 per cent. less in price. We are enabled to do so, not through any cheapening of work, but through the duty which they have to pay to enter their scales. We guarantee our work as represented or no sale. Price lists supplied on application.

Warren's Patent Ice Cutter

Is an article which no family can afford to be without. It has been said by many who have used them that they would not be without one for five dollars. With it you can cut just what you want without the waste usual in other ice picks. The trade supplied.

We solicit all persons intending to secure protection on their lives for those dependent on them, or to provide against sickness, infirmities, &c., in old age, either to call and examine the plans of our new classes, or write for our circular. After receiving all necessary information (which we shall always be most happy to give) they will not fail to find them so equitable, safe, cheap, and on such easy terms, as to convince them of the wisdom of joining greatly to their advantage to join as members.

The best possible proofs of the popularity of the features of our new classes are, first, the number of members increases at such a rate that within a few months more we shall be the largest Mutual Association in Canada; secondly, the large majority of our members are composed of the leading and most intelligent class of citizens in the Cities and Towns of Quebec and Ontario.

We especially solicit an examination of "Our Provident Class" which provides for old age. This form of protection on the mutual system is new on this continent, and its features are so well adapted to the ideas of the present age that no plan ever proved so popular.

P R E F A C E .

WITH the design of maintaining the utility and efficiency of the MONTREAL DIRECTORY, and of adapting its size and bulk to the convenience of those consulting it, the Publishers have this year re-set the Alphabetical part and printed it in a small but clear type, giving greater prominence than hitherto, by the use of a bold Gothic letter, to the names of Advertisers.

In presenting to the public the new issue of the Directory, the publishers trust that the feature above referred to, will meet with general approval, as it enables them more satisfactorily to adapt the book to the demands of our ever-increasing population.

It need hardly be said, that the same labor and effort to secure accuracy which the publishers have put forth in previous years have not been withheld in the preparation of the present volume. Errors, nevertheless, may have stealthily crept into its pages, to thwart the publishers' design to make the book, as far as human agency can effect this, absolutely perfect. For these the publishers would ask every consideration.

As usual the book will be found divided into three parts, viz. : (1) The Street Directory; (2) The Alphabetical Directory; (3) Miscellaneous Information.

Notwithstanding the additional cost in getting out the book the publishers have decided not to advance its price. Once more they have the pleasure of dedicating the volume to the public.
